

Wonder Doctor

Chapter 1011

“You’re going by yourself? Why?”

Song Jian looked puzzled.

Lin Mei was even more puzzled as to why her husband was letting Lin Ran go by himself.

“As I said before, the strength of the Dragon Family is not something you can phenomenon, and since I’m going to manage this matter, it must be stopped on my head!”

Lin Ran had a serious face.

“From now on, don’t even go there, just wait here!”

“But Ranzi!”

Song Jian wanted to say something else, but the words reached his mouth, but they didn’t come out.

Lin Ran didn’t say anything, and immediately turned around and left the company.

“Song Jian, call the police!”

Lin Mei reacted and immediately shouted.

“Mom can’t call the police! Since Lin Ran said to leave it to him, we should trust him!”

Song Jian was busy persuading, he didn’t want to call the police, but if he did, the consequences would probably be the Long family simply tearing up the ticket.

“You’re really counting on him!”

Lin Mei’s eyes reddened again as she became anxious.

And this time Song Jian was incredibly determined.

“I believe in him!”

“You .....

Lin Mei suddenly went limp on the sofa, not knowing what to do.

.....

But Lin Ran, after leaving the office building, went straight there according to the location sent by the Eight Elders.

The company’s main business is to provide a wide range of products and services to the public.

But after Song Jian’s father was kidnapped this time, he realised that Chao Tiange’s strength was not as simple as it appeared.

The fact that he could easily find out who the Long family had kidnapped was a testament to how terrifying the Chao Heavenly Pavilion's eyes were.

He soon arrived at an abandoned factory in the suburbs, and Lin Ran's expression tightened, because according to the information sent by the Eighth Elder, the location where Song Changshan had been kidnapped was here.

Lin Ran arrived at a broken wall of the factory, and with a quick acceleration, he jumped over the fence and entered.

At this moment, on the first floor of the factory, in an open space where the walls were not even sealed up, a group of big men were sitting together, eating and drinking and gossiping.

"Brother Tian, do you think this Long family will let us do this old boy?"

A big, burly man next to him asked.

The young man in front of him, named Brother Tian, was gnawing away with a roast chicken.

"What do you care! Anyway, Young Master Long Fei has promised me that as soon as he takes Song Changshan's company, he will give me half of the business!"

Qi Tian laughed smugly.

That's right, it was Qi Tian, the owner behind the Jiangfu Group at this moment.

"But Brother Tian, can this news from the Long family be true? According to what you said this Dragon Family is so powerful, how could they look at this small company like Song Changshan, which is not even as big as your Jiangfu Group!"

The strong man said disdainfully.

"What do you know!"

Qi Tian laughed at once.

"What the young master of the Long family wants is not size, but a landing place understand! If you want to enter the Temperance market, regardless of the size of the company, if you get a foothold first, there's still plenty of opportunities to annex other big companies later!"

"That's true!"

The strong man nodded, but then he looked at Song Changshan, who was tied up in a big way, and smiled.

"Then this kid is unlucky enough, there are so many companies in Tanjiang City, but he was chosen, who can I talk to about this?"

"Eat your shit, a lot of fucking bullshit!"

Qi Tian gave the other party a blank look, then coldly snorted.

"You really fucking think it's this kid's bad luck, it's not me who's behind this!"

“Brother Tian is you?”

The strong man looked surprised, Qi Tian hadn't said anything about this before at all.

“Nonsense! We work for Brother Long, picking what company to start with was naturally recommended by Laozi, otherwise what do you think!”

“Brother Tian, why did you pick this old boy's company? Did he offend you before?”

The strong man was busy asking.

Qi Tian laughed at his words.

“You kid aren't stupid, but it wasn't him who offended me, it was his son's classmate!”

“That's a bit of a far relationship!”

The strong man scratched his head.

Qi Tian, however, gnawed the chicken butt off with one hand and sneered as he chewed.

“Far away? If I can't deal with that bastard, I'll mess up the people who are related to him, so that he will become a traitor to his family!”

Qi Tian said and got up and ran to Song Changshan's side, laughing.

“Song Changshan, remember, it's not me who wants to mess with you, blame your precious son's classmate, that bastard called Lin Ran, I owe it all to him for dealing with you like this!”

With that, Qi Tian spat his chicken butt directly on Song Changshan's face.

Song Changshan was taped to his mouth and could not speak, so he could only hiss a few angry words.

“Roar, you paralyzing roar!”

Qi Tian kicked him disdainfully, and was then satisfied that he was ready to go back to eating roast chicken.

But at this moment, a black shadow suddenly flew over and smashed directly on Qi Tian's head.

“What is it?”

Qi Tian was stunned and built up the object to take a look, and was instantly on fire.

“Who the hell hit Laozi with a chicken bone!”

“Huh?”

The strong man and the others were all confused, one by one they spread their hands, they didn't even eat roast chicken, where did they get the chicken bones.

“Fuck!”

Qi Tian cursed, turned around and left.

“Bang!”

Another black shadow smashed, immediately smashing Qi Tian’s head.

When he looked down, it was actually a bigger chicken bone.

“Cao! Who did this, get the hell out!”

Qi Tian was completely furious.

But there was still no one to admit it.

“Whoosh!”

Following that, another black shadow smashed in.

This time Qi Tian was prepared and raised his hand to slap it.

But when he saw the black shadow, he froze.

This time, the object was the size of a washbasin, not a stone or something.

It was too late to close his hand, only to hear a thud, and the sound of a broken bone came from Qi Tian’s palm at once.

“Fucking pull the man out for me!”

Qi Tian cursed with a red face.

“Don’t bother!”

Suddenly, a voice rang out, followed by a figure jumping down from upstairs, if not Lin Ran or someone else.

“Lin Ran!”

Seeing Lin Ran, Qi Tian was taken aback, he really did not expect Lin Ran to find this place.

But then he was relieved, in order to kidnap Song Changshan this time, he had brought some brothers with him, and each of them was big and thick, and their strength was definitely different compared to before, so naturally he had no fear of Lin Ran at this time.

“Let the man go, and I can consider leaving your body whole!”

Looking at Qi Tian, Lin Ran said indifferently.

To be honest, he was quite surprised to see Qi Tian here.

After hearing Qi Tian’s words before, he then realised that, dare I say it, the Long Family had gotten into trouble with Song Jian’s parents, or Qi Tian was in on it.

“Lin Ran, I think you’ve been kicked in the head by a donkey!”

Qi Tian laughed coldly.

“Open your eyes and see clearly, this is all my fucking people, you’re the only one who’s left me in one piece, I’ll hide your hands and feet later and feed them to the dogs!”

“You really don’t remember!”

Lin Ran saw this and didn’t bother to talk nonsense, sighed and then lunged towards Qi Tian with an arrow step.

Lin Ran had actually arrived a long time ago, but for safety’s sake, he had first poked around the entire abandoned factory and found no one else hiding behind the scenes before he showed up.

And to solve, these punks in front of him, it was just a matter of raising his hand.

“Bang!”

An arrow step, a kick directly on a strong man, the other party instantly to fly out.

Qi Tian couldn’t help but gag at this scene.

His man must have been at least two hundred and fifty pounds, but this kick from Lin Ran was like kicking a small chicken, without any pause.

“Is this kid still fucking human!”

Qi Tian couldn’t help but start to drum in his heart.

Chapter 1012

“Bang, bang, bang!”

Every time the sound rang out, one of his men would fly out backwards.

Qi Tian had only brought ten men in total, and in the blink of an eye, a large number of them had already fallen.

Looking around, there were only two or three people left standing, and they included himself.

“Goo dong!”

Qi Tian couldn’t help but swallow his spit.

However, before he could open his mouth, a strong man next to him said angrily.

“Brother Tian, this kid is too strong, let’s fight him!”

“Let’s fight! Brother Tian!”

“Fight you, I still want to live a few more years!”

Qi Tian shouted, then turned his head to look at Lin Ran, and without saying a word, he knelt down with a thud.

“Brother Ran, I’m wrong, I won’t dare again, please give me a chance, I really won’t dare again!”

Qi Tian was really scared, looking at Lin Ran's strength, beating him was like beating a child, so he had no desire to take revenge.

"Didn't I give you a chance last time?"

Lin Ran said indifferently.

He had given it a chance, and far more than once, but what had happened, this time it had not only made Song Jian's family worry not to mention.

It had even made him a direct enemy of the Long family, and if this matter was not handled properly, it would probably lead to many things becoming very troublesome.

"Brother Ran I really know I'm wrong,? Just treat me like a fart and let me go, okay!"

Qi Tian was on the verge of tears.

And the group of men next to him were also looking dumbfounded, standing in place not knowing what to do!

"Fine! But I still don't think you've grown a memory!"

Lin Ran said blandly, following which he picked up a baseball bat scattered on the ground and put it in his hand and gestured.

"Ran ..... Brother Ran, you ..... What do you mean by that, I have an old man and a young man!"

Qi Tian's forehead was already seeing sweat.

"To make sure you really up your memory, put some interest on you first!"

Lin Ran said and raised his hand and gave a bang, hitting Qi Tian's leg directly and breaking the bone with a loud bang.

"Ah!"

Qi Tian's entire body collapsed in pain, almost passing out directly.

"Come here, all of you!"

Lin Ran's face was cold as he swept his gaze across the crowd.

The burly men all rushed over like children who had done something wrong.

"Untie them!"

Lin Ran scolded.

Immediately, someone stepped forward and released Song Changshan.

By now, Qi Tian had already slowed down and looked at Lin Ran with a face full of fear, hastily begging for mercy.

"Ran ..... Brother Ran, now that your anger has subsided, just let us brothers go!"

“Kill you all with dirty hands!”

Lin Ran said in a cold voice, while taking out several silver needles.

“To be on the safe side, you should all sleep here for a day!”

Said Lin Ran with a flip of his palm, at once all the strong men all passed out, except for Qi Tian who was still sitting paralyzed on the ground.

“Ran ..... Brother Ran don't, I still have to go look at my legs!”

Qi Tian was busy saying, his leg was broken, if he didn't go to the hospital, I'm afraid he would be completely crippled.

“I said to leave you something to remember!”

Lin Ran said as he had already flung the silver needle out.

Qi Tian's entire consciousness had begun to blur at once.

Before he was about to pass out, he heard.

“If I find out in three years that you still don't know how to repent, this leg of yours will be like this for the rest of your life!”

“Of course, if you repent in three years, go to the clinic near the university town and find Li Zheng! He will cure your leg!”

After saying that, Qi Tian completely fainted.

.....

Half an hour later, Song Jian's parents' company, inside the office.

“Arrangements have been made, the police will go to the abandoned factory first thing in the morning to take those bastards away!”

Jian Song ran back with his mobile phone.

The police would be called in the morning, that was what Lin Ran had said.

“Lin Ran student, no thanks to you, otherwise our old Song .....”

Lin Mei's eyes were red and she was holding back tears.

“It's okay, it's okay, I've already come back!”

Song Changshan was busy comforting.

“But this Long family is really bold, how dare they engage in kidnapping in broad daylight!”

Song Changshan was furious.

“Uncle and aunt, as I said before, this Long family is very powerful, I'm afraid you guys can't deal with it!”

Lin Ran suddenly spoke.

Song Changshan was stunned and sighed helplessly.

“Ai! Who can always guarantee a win in business, it seems that this time our Song family is going to be completely planted!”

“Yes Ranzi, you saved my father, although Long Fei doesn’t know yet, sooner or later he will, and I’m afraid that by then our family ....”

Song Jian was also very anxious.

“Lin Ran, you must help us!”

Lin Mei calmed down at this point and also remembered Lin Ran’s identity.

I’m afraid that Lin Ran was the only one who could help his family through the difficult times now.

“Uncle and aunt, don’t worry, I, Lin Ran, will definitely not stand by with my hands on this matter!”

Lin Ran said, then after a moment of contemplation, he spoke.

“But this matter can’t be solved overnight, so to be on the safe side, if you trust me, transfer the company into my name!”

“This ....”

Lin Mei and Song Changshan hesitated at once.

Transferring it into Lin Ran’s name, wouldn’t that make it Lin Ran’s property, and what difference would that make to giving it to Long Fei outright.

“Ranzi, what you mean is that the company is transferred into your name, so that Long Fei can come to you directly?”

Song Jian naturally trusted Lin Ran and saw straight away what Lin Ran had in mind.

“That won’t work! How can we let Lin Ran carry our family’s affairs alone!”

Song Changshan reacted and hastily refused.

It was already great that Lin Ran had saved himself and was willing to help, how could he be willing to let Lin Ran face Long Fei alone.

“Uncle and aunt, this is the only way at the moment, you can only pull out so that the Long family has no reason to deal with you, otherwise this matter will be difficult to resolve quickly!”

Lin Ran said seriously.

“But this way ....”

Song Changshan still had some hesitation.

“Uncle don’t worry, I won’t want any of your company’s property at all, it’s just hanging under my name, whether it’s the operation or the funds or you’re still in control!”

Lin Ran said.

“That’s not what I meant!”

Song Changshan’s old face flushed with embarrassment.

“Ranzi, are you sure about this?”

Song Jian was full of worry.

He had never suspected that Lin Ran was trying to annex his family’s estate, instead he was worried about Lin Ran’s comfort.

After all, then the feud between the Long family’s good own family would completely turn into a feud with Lin Ran.

“Don’t worry, I naturally have a grasp on dry management!”

Lin Ran nodded and then looked towards Song Changshan and Lin Mei.

Now it was up to the two elders to decide what they thought.

Song Changshan and Lin Ran looked at each other and were silent for a moment before they said with a clench of their teeth.

“Fine! We’ll just do it, since Lin Ran you’ve helped us so much, there’s no reason for us not to trust you too!”

“In that case, let’s begin!”

Lin Ran nodded his head.

Under his arrangement, soon Song Jian’s parents’ company came under his name, while Song Jian’s family no longer had any other businesses apart from the one he had registered for his own venture.

“I’ve already contacted Liu Chen, your family is going to stay in the empire for the day for now, and I’ll come back when I’m done with things here!”

Lin Ran said.

“Then the reception tonight ....”

Song Jian asked, saying that it was naturally the reception that Long Fei had set up at the Regal Hotel tonight.

“I will go by myself! You guys no longer have anything to do with this from this moment on!”

Lin Ran said indifferently.

Chapter 1013

Then Song Jian ordered a plane ticket to the empire early the next morning.

Of course, although the person went to the imperial capital, but the company in Tanjiang City, they can still remote control, and the name is hanging under Lin Ran Ming, so Long Fei wanted to buy the company, can only find Lin Ran.

At eight o'clock in the evening, Lin Ran arrived at the Regal Hotel alone.

Because of Xiao Cui, Wang Yifeng was afraid that he was not in his right mind lately, so Lin Ran naturally did not call out to him.

On the third floor of the hotel, inside a private room.

"Brother Long, this time the matter should be stable, we just found out that Song Jian's family has already booked their plane tickets for tomorrow, they should be ready to leave Temperance City!"

An obese middle-aged man respectfully handed a cigar to the youth next to him, while smiling smugly.

"Hmm! Sending the Changshan family is still sensible, as long as they bring the contract over tonight, let Qi Tian let them go!"

Long Fei leaned back in his chair and laughed blandly.

"Killing or not killing is just a matter of words to him, as long as he can get the company, so be it! He doesn't want to do more if he can do less!"

"Brother Long is right!"

Fatty laughed.

"Little Fatty, have you found all the media you were told to look for? Also, where is the person who will be auditing the finances later?"

Long Fei asked languidly.

"Don't worry Brother Long, it's all been arranged, the media will be here soon, and as soon as we get the contract later, we can directly announce our entry into the corporate market of Temperance City!"

The fat middle-aged man smiled smugly.

"Hmm! Well done!"

Long Fei nodded in satisfaction, while lighting his cigar.

Long Fei was the eldest son of Long Pingtian of the Nanyang Dragon Family, and this man was best at strategy.

Although he was an average fighter, his mind was full of tricks.

"Bang, bang, bang!"

Suddenly, the door of the room rang.

"Brother Long, someone is here!"

The fat middle-aged man burst into laughter and busily ran to open the door of the room.

“Who are you?”

When he saw Lin Ran appear at the door, the fat middle-aged man immediately frowned slightly.

“I’m here to deliver the contract on behalf of the Song family!”

Lin Ran said indifferently.

“Delivering a contract?”

The fat middle-aged man frowned slightly as he looked Lin Ran up and down.

Seeing that he was turned out in rags and covered in ground-floor goods, he indeed looked like an errand boy, and only then did he let him in.

“What’s going on?”

Long Fei straightened up and watched as the fat middle-aged man walked in with a strange poor bastard, and couldn’t help but frown slightly.

“Brother Long, this novel says that he is here to deliver the contract on behalf of the Song family, so it should be because the Song family is afraid to come and casually pay for a poor pussy to come over!”

The fat middle-aged man laughed.

“Where’s the contract?”

Long Fei’s face was bland, and he didn’t put Lin Ran in his eyes.

“This!”

Lin Ran nodded and responded, while placing the bag of documents on the table.

Long Fei picked up the bag and took out the transfer contract inside, looking at the signature on it, which was none other than Lin Mei’s, before he smiled and nodded in satisfaction.

“Take it and do it! Also have the media film it!”

“Yes Brother Long!”

The fat middle-aged man immediately took the contract and ran off to get ready.

Long Fei, on the other hand, looked at Lin Ran with a slight frown.

“Why don’t you get lost!”

“Mr. Long, do you have to give me some money!”

Lin Ran said calmly.

“Money? You’re fucking looking for money from me?”

Long Fei was stunned, but followed by a laugh.

“Haha, that’s right! A contract of this size is something you have to pay haha, a running fee!”

Long Fei was in a good mood and didn't bother to argue with Lin Ran, he immediately took out two hundred fast and threw it on the ground in front of Lin Ran.

"Take the money and hurry up asshole!"

Lin Ran picked the money up, but had no intention of leaving.

"Isn't it a bit less?"

"Hm?"

Long Fei smiled and frowned slightly, while the two bodyguards next to him, had already moved.

"If you don't get lost, I'll make you not even have two hundred!"

Long Fei said in a cold voice.

"I'm not afraid!"

Lin Ran looked at Long Fei with a bashful face.

This was amusing to Long Fei, who waved his hand and told his bodyguard to stay put for now, while asking.

"Kid, you really make me curious, tell me, how much do I pay to not be too little?"

"When I came here, the Song family said that Mr. Long would give me thirty million!"

Lin Ran said with a straight face.

Long Fei's face was completely ice-cold at his words.

Thirty million? I'm afraid the entire Song family's company was worth that much.

"Who the fuck are you?"

Realizing that the situation was not right, Long Fei immediately questioned in a cold voice.

"Bang!"

As soon as Long Fei's words fell, the fat middle-aged man ran in from outside, his face full of panic.

"Brother Long it's not good! Something's wrong!"

"What are you panicking about! What's wrong!"

Long Fei's face was gloomy as he questioned in a cold voice.

"This contract isn't working!"

Fatty said hurriedly.

"I sent a copy of the contract to the top just now, but I couldn't handle the transfer at all, and only after checking did I find out that the company had been transferred into the name of a man named Lin Ran a few hours ago!"

“What?”

Long Fei stood up when he heard that, his face was cold and he immediately took out his mobile phone.

However, after calling for half a day, no one answered the phone at all.

“Immediately send someone to find Qi Tian, something is likely to happen there!”

“Yes!”

A bodyguard next to him immediately went to make arrangements.

In less than two minutes, the news came back.

“Young master it’s not good, Song Changshan has been rescued!”

“Sure enough!”

Long Fei was so angry that he slapped the table, and his entire face was terribly gloomy.

The silence lasted for a full minute before he suddenly noticed Lin Ran, who was still standing at a distance and hadn’t left.

“You can’t be Lin Ran instead!”

“Mr. Long has finally remembered me!”

Lin Ran instantly laughed, then took two steps forward and unceremoniously sat down on a chair.

“Luo Ran Finance is also yours, right!”

Long Fei asked with a cold face.

“That’s right!”

Lin Ran said indifferently, while pouring himself a cup of tea and drinking it.

“My Long family doesn’t seem to have any problems with you, this matter, what do you mean!”

After all, Lin Ran was the boss of Luo Ran Finance and was considered a number one in Tanjiang City, he didn’t want to get into too much trouble with Lin Ran just yet.

“Naturally your Long family has no beef with me, but you touched my friend’s family, that’s a beef!”

Lin Ran had a bland look on his face.

“Your friend’s family?”

Long Fei’s face sank, but then he laughed.

“Lin Ran, let me advise you, when our Long Family does something, we are offended, don’t think that just because you are the boss of some Tamkang Luo Ran Finance, I, Long Fei, will be afraid of you!”

“In fact, you’re no different from a stink bug in Laozi’s eyes!”

“O? Is that so? I’m right in front of you now, I wonder how Mr. Long Fei is going to crush me to death?”

Lin Ran laughed.

“Huh? Haha! Interesting interesting!”

Long Fei laughed too.

“Ah Kui! Let this Mr. Lin Ran understand what the strength of the Dragon Family is!”

With that, Long Fei got up and prepared to leave.

However, before he could even take a step forward, Lin Ran was already standing up.

“You are Ah Kui, right!”

Lin Ran looked at a motionless bodyguard next to Long Fei and said indifferently.

“That’s right!”

The bodyguard nodded his head.

“Then that’s it!”

Lin Ran smiled blandly, followed by an arrow step directly in front of the other party, followed by a kick to the other party’s chest.

The burly bodyguard instantly flew backwards.

He hit the wall so hard that his body dented into it.

Chapter 1014

“This!”

Long Fei and the others all looked dumbfounded, this bodyguard of his was a strong person at the Qi Watching Realm, but now he had actually been nullified by Lin Ran with a single kick.

Lin Ran turned around, straightened his clothes, and then smiled.

“Mr. Long Fei, I came over tonight just to inform you!”

“First! Don’t touch my friend again, I don’t care how much you want to toss around in Temperance City!”

“Second! If you touch my friend again, I’ll make sure you can’t leave Tamkang City!”

After saying that, Lin Ran sneered and turned around to leave the place.

“Young master!”

The few remaining bodyguards looked at Long Fei one by one with killing intent in their eyes.

However, Long Fei stopped them, his face cold.

“Send someone to the Song family immediately, I want their family to evaporate!”

“Yes Young Master!”

Two bodyguards immediately turned around and left next to them.

“Check the identity of this Lin Ran’s connections for me, dare to threaten me! I’ll make him lose his reputation in Temperance City!”

“Yes Young Master!”

Immediately, two more bodyguards turned around and left.

.....

Lin Ran came out of the office building and didn’t go straight home, instead, he drove towards Song Jian’s house.

It was mainly because he was not at ease.

Although he was not too sure about Long Fei’s character, the Long family was so powerful that it was impossible for them to really be obedient.

Plus, Jian Song’s family had booked a flight for early tomorrow morning, so Lin Ran still decided to come here to keep watch for the night in case something unexpected happened.

“Hey! Eight Elders!”

When they arrived at the place, Lin Ran still didn’t feel right and immediately went to call the Eighth Elder again.

“Pavilion Master!”

The Eighth Elder said respectfully.

“When my friend’s family has passed, make arrangements in the imperial capital, I don’t want the Dragon Family’s people to find them!”

“My subordinate understands!”

The Eighth Elder immediately hung up the phone and went to make arrangements.

In fact even in Temperance City, Chao Tiange definitely had the ability to arrange for Song Jian’s family to not be found by Long Fei.

But since he had to resist this matter, it was better to keep Song Jian’s family away.

After all, no one knew how this matter would eventually evolve and what exactly the Long family was going to do.

“Song Nuan and the girls are secretly protected by the three Creation Realm powerhouses brought by the Eighth Elder, so there’s no fear, now it’s mainly Song Jian!”

Lin Ran pondered in his mind.

Originally, he had thought that with the acquisition of the Chao Heavenly Pavilion, a major power, his worries could be put aside for a while.

But he had never expected that he would be in trouble with the Dragon Family, so it was really one thing after another.

“Brother! This is it!”

In the darkness, a group of people dressed in night clothes quietly gathered in front of Song Jian’s house.

And at this moment, the lights of Jian Song’s house were still on, apparently all unmotivated to sleep.

“Do it straight away! Take the man away!”

The man in black who was leading the group ordered, and immediately led the group towards the house and touched it.

“What a man!”

Suddenly, the figure of the man in black who was walking in the forefront suddenly stopped, and at once several other companions also looked ahead with vigilance.

Only to see that at this moment, in the darkness ahead, a youth was leaning against the door of the house, looking at the crowd with a bemused expression.

“Who are you? The Dragon Family is on business, if you don’t want to die, get lost!”

The leader, the man in black, chided in a cold voice.

“The Dragon Family? Oh, your Dragon Family really doesn’t have a long memory!”

The youth laughed coldly, followed by a flip of his palm, a silver needle had already appeared in his hand.

“Who the hell are you?”

The leader of the black-clad man’s face was ugly, his fists unconsciously tightened, the other party was just one person, but in the face of so many of his own people, there was no fear at all, which made his heart a little bottomless.

“Go back and ask Long Fei!”

The youth returned indifferently, following which the whole man moved.

His body weaved through the darkness, and a silver needle in his hand kept flickering, reflecting a bright light from time to time against the surrounding lights.

“Poof!”

In the blink of an eye, a slit had been drawn on the arm of the leading man in black.

Blood was instantly splashed everywhere.

“Get out of here! This man is a master!”

The man in the lead had seen the world before, and this speed of the other party was simply something he could resist.

“Go? Why should I leave when I’m here!”

The youth sneered, his body was like a ghost, and in just a few breaths, several of the black-clothed man’s companions were already on the ground, wailing one after another.

The leader of the black-clothed man could not help but gag, he found that his companions were not dead, but one by one, they had been cut off by the other side, and Yanyu had become a ruined man.

“Say, who else is here?”

Lin Ran looked at the last remaining leader, the man in black, with a bland expression.

A bright light reflected from the silver needle in his hand shone on Lin Ran’s face, instantly making the leader black-clothed man’s face change dramatically.

“You ..... You’re Lin Ran! I didn’t expect you to be so powerful!”

“There are many more things you didn’t expect!”

Lin Ran smiled lightly, and with a flash he had already reached the other party, and the silver needle in his hand was placed against the other party’s eyes.

“Say! Who else is here?”

“Do you think I’ll tell?”

The leader, the man in black, laughed.

“O? I think I will!”

Lin Ran smiled blandly and followed a stab into the other man’s arm, this was an acupuncture point, the moment the silver needles were stabbed in, the man in black’s face changed drastically and his entire body fell to the ground in pain.

“This is the trembling point, from now on you have five minutes, if you don’t tell! You will bleed from your seven orifices and die slowly in endless pain! Think about it!”

Lin Ran said and leaned against a side wall, smoking a cigarette to himself and not rushing.

As time passed, the man in black was able to grit his teeth at first, but soon the tremors in his body were too much for him to bear, and even tears of blood began to flow from the corners of his eyes.

“I say! I say!”

Finally the man in black couldn’t carry on.

“In a nearby Land Rover, there are two other people, Brother Long’s personal bodyguards!”

“Very good!”

Lin Ran threw his cigarette away and smashed his fist into the black-clothed man’s neck, and the latter instantly fainted.

And at this moment, in the darkness by the street, there was a Land Rover parked, and the two bodyguards inside the car were smoking cigarettes to themselves.

“Brother Tat, why do you think Brother Fei is taking so much trouble, just let us go and waste that Lin Ran kid and get Luo Ran’s finance over here, how nice!”

One of the bodyguards who was on the skinny side said helplessly.

“What do you know, Brother Fei’s mind is not comparable to ours, besides, the Dragon Family naturally has its own plans, don’t ask what you shouldn’t ask!”

Da reprimanded.

“I understand Brother Da, I’m not feeling bad for you, how can I say that I used to be the master’s personal bodyguard, but now that I’m with Long Fei, I’m not as well treated as his few personal bodyguards, just his few goods Brother Da, you still solve it with one punch!”

Erliau said with disdain.

“Erliau, these words can be said in private, it’s not like you don’t know the Long family, Long Fei is good at scheming, how can he trust me so quickly, take your time and wait!”

Da had a impatient look on his face.

“Hey! Who says no, the two of us with Long Fei is considered a tiger falling into the sun by ....”

“What a guy!”

Before Erliau could finish his words, Da’s face suddenly changed, but his palm had just pressed on the handle of the car door when a huge force had come.

There was a loud “click” and his wrist was fractured.

“Drive! The other guy is a master!”

Tat shouted, holding back the pain.

Erliau hurriedly started the car, but just as his foot tried to step on the accelerator, there was a click, and the former’s calf was fractured as well.

“Be honest, and you’ll live! Or I’ll send you underground to have some fun!”

A voice rang out, and Lin Ran had already appeared next to the two out of nowhere.

Chapter 1015

Half an hour later, at Jian Song’s house, Lin Ran was sitting on the sofa.

“Ranzi, thanks to you again this time!”

Song Jian’s eyes were a little red, and he already knew about what had just happened.

“Let’s just see say thank you!”

Lin Ran gave Song Jian a blank look, before getting up and saying.

“Alright, it’s almost time, you guys hurry up and leave, someone will meet you when you get to the Imperial Capital! Come back when things here are completely settled!”

“Mm!”

Song Jian didn’t know what to say, so he said no more, and immediately got up and left the house with Lin Ran.

Because of the assassination tonight, Song Jian’s family had to leave early, change their tickets for that night and go directly to the Imperial City.

After seeing off Jian Song, Lin Ran got into the car of his two bodyguards and rushed towards a hotel in Tanjiang City.

Inside the hotel, in a luxurious box, a young man was sitting on the sofa, shaking the red wine glass in his hand in a very relaxed manner.

“Young master, the news has come back!”

Next to him, a bodyguard held a tablet computer and handed it to Long Fei.

“Hmm!”

Long Fei took it over and looked at it.

But followed by a frown.

“Five females, one missing! Three are surrounded by the Realm of Creation protection, are you guys serious?”

“Young Master, it’s true, those three with Creation Realm protection, we even lost several brothers when we investigated!”

The bodyguard said busily.

“What about the last one?”

Long Fei said angrily.

“The last one seems to be a university teacher, although it’s a bit troublesome, but we should be able to use it!”

The bodyguard was busy saying.

“I see!”

Long Fei frowned and tossed the tablet aside, calculating in his mind how to arrange it instead.

Three Creation Realm powerhouses protecting, this was something even he hadn’t expected.

“What on earth is this Lin Ran’s origin, he actually has so many strong people protecting him!”

Long Fei felt a little troubled, knowing that a Creation Realm powerhouse even when placed in their Dragon Family’s inner clan? It was all an existence of supreme status.

But now, there were actually a full three people protecting his friend, which was too extravagant.

“It has to be handled carefully, otherwise I’m afraid that if I offend the forces behind that kid, I’ll be in trouble!”

Long Fei calculated in his mind, and even he, who was good at scheming, could not help but feel his hair tingling at this moment.

“Your Highness! I just got news that people from the Dragon Family seem to be investigating a few of your friends!”

The Eighth Elder called immediately.

“What about the people!”

Lin Ran asked with a tight frown.

“Your Highness, don’t worry the people are fine, the Creation Realm powerhouse I sent is not something they can deal with!”

The Eighth Elder said busily.

“Good! I know, many thanks!”

Lin Ran was grateful, if it wasn’t for the three Creation Realm powerhouses the Eighth Elder had sent this time, I’m afraid he would have been a little tired of dealing with them.

“You’re joking, Your Highness, I’ll bow and scrape for Your Highness!”

The Eighth Elder said respectfully.

Lin Ran hung up the phone, by now his face had taken on an extra killing intent.

If the previous grudge with Long Fei was still limited to Song Jian, but now this grudge had turned more serious.

To dare to put attention on Song Nuan and the others, this was something Lin Ran could not tolerate!

But inside the box, Long Fei pondered for a moment and already had a preliminary plan.

However, at that moment, he was reminded of the people sent to the Song family and how they hadn’t returned yet.

“Why haven’t Da and Erlu come back yet?”

“Brother Long, no one answered the phone after contacting them just now, they should be on an errand!”

The bodyguard next to him immediately said respectfully.

“What a fucking grind, it’s been an hour, does it take so long to deal with a few little people?”

Long Fei said impatiently.

“Brother Long, Ah Da’s car is back!”

Suddenly, the bodyguard next to him said busily.

“Tell them to come up quickly!”

Long Fei said impatiently.

“Yes! I’ll go down myself!”

The bodyguard said and already pushed the door and walked out.

“Why isn’t Da getting out of the car yet!”

The bodyguard came to the entrance of the hotel and looked at the quite car without moving and couldn’t help but chortle.

“It’s coming down!”

Ada returned, opening the car door at the same time.

But the palm that was stretched out was limp and weak, as if all the bones inside had melted away.

“Hello!”

A business suddenly rang out, followed by a palm that clasped the bodyguard’s arm.

“Who are you!”

The bodyguard’s face paled, but it was too late to pull out!

Ten minutes later, at the door of the box on the third floor of the hotel, Lin Ran knocked on the door of the box.

“Fuck! Are they all shit-eaters? They’ve been down there for so long, and they still know I’m up there!”

Long Fei cursed angrily, while a bodyguard had already run to open the door.

“You ....”

Opening the door, the bodyguard immediately exclaimed in shock, but only one word stood out, and the whole person had already gone limp on the ground.

“Hmm?”

Long Fei’s face changed and he hurriedly looked at the door, following which his entire body froze.

“Lin Ran! How come it’s you! Where’s Ada and the others?”

“Your bodyguards? They’re still in the car!”

Lin Ran said indifferently, while locking the door of the room behind him.

He swept his gaze across the entire room, only to see that inside the entire luxury box, apart from Long Fei, there were about seven other bodyguards, each with a serious expression and a powerful aura, all of whom should be about as strong as Ada.

“How dare you fucking barge into my place, I think you’re tired of living!”

Long Fei’s face was ugly, his own landing place was actually barged in by Lin Ran unhindered, this was simply an insult to him.

“So what? Even if I didn’t barge in, aren’t you still thinking of ways to deal with me?”

Lin Ran sneered, while taking out a cigarette and lighting it up.

“Cut the crap, I’m here today to settle the score with you properly!”

He dared to send someone to move Song Nuan and the others, Lin Ran was now too lazy to have any nonsense with him.

“Settlement of accounts? I think you’re fucking sick in the head, this is all my people here!”

Long Fei looked around and sneered.

“O? Not anytime soon!”

Lin Ran said, putting his cigarette in his mouth, and the next moment his entire body moved.

In the blink of an eye, he had already reached the first bodyguard, and with a “click” the bodyguard was lying on the ground, motionless.

“Bang!”

The second one.

“Click!”

The third.

.....

Wherever Lin Ran passed, it was like the autumn wind sweeping away the leaves as bodyguards fell one after another, in just a few breaths, all seven bodyguards had already fainted and died on the ground.

“Now there’s only the two of us left here!”

Lin Ran threw away the butt of his cigarette and looked at Long Fei with a teasing look on his face.

“You ..... Who the hell are you, how can you be so strong!”

Long Fei’s entire body was dumbfounded, his own personal bodyguards, that were at the peak of the Qi Watching Realm, but now .....

“Want to know! Come on I’ll tell you!”

The corners of Lin Ran’s mouth showed an evil smile, a stride had reached Long Fei, raised his hand and “slapped”,? The latter instantly turned 360 degrees and fell to the ground with a bang.

“You ..... Who the hell are you!”

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

All he wanted to do now was to find out what Lin Ran was really about.

“Want to know who I am? Don’t be in a hurry, I’ll tell you when I’ve had enough of a fight!”

Lin Ran smiled lightly, followed by a backhanded slap.

“Sending someone to move me? Brother!”

“Slap.”

“Have someone investigate my friend!”

“Slap.”

“And you’re fucking acting like a pussy to me!”

“Snap.”

.....

One slap after another, Lin Ran had slapped him for ten slaps before he stopped.

And at this point in time, looking at Long Fei, his entire head was already swollen like a pig’s head, and I’m afraid that even if his own father came, he wouldn’t necessarily be able to recognize it.

Chapter 1016

“Lin Ran I’m a member of the Dragon family! How dare you hit me!”

Long Fei’s swollen face was filled with anger in his eyes.

“Ever since he was a child, he, Long Fei, had never been so humiliated.

Even though he wasn’t very talented in cultivation, no one dared to underestimate him within the clan.

It was because his strategy was slightly inferior even to his father, Long Pingtian.

Therefore, he was always held in the palm of his hand since he was a child, and was even the obvious choice to become the next clan chief.

But it was this kind of status that was actually being taught a hard lesson by Lin Ran today, which made him exceptionally annoyed in his heart.

“You still want to talk tough?”

Lin Ran looked at Long Fei and slowly raised his palm again.

“You!”

Long Fei was truly goaded this time, even the identity of the Dragon Family couldn’t make Lin Ran stop, he really couldn’t think of any other way to make this teenager in front of him stop.

“Stop fighting, I concede defeat! I can’t even concede defeat!”

Long Fei gritted his teeth and said.

“Bullshit, I’ll believe you when you say you’ll admit defeat?”

Lin Ran laughed.

“Then what do you want!”

Long Fei gritted his teeth.

“Lin Ran I’m warning you, although I’m no match for you, our Dragon Family is not as weak as you think, if you dare to really kill me, our Dragon Family will definitely not let you go!”

“Snap!”

Without saying a word, Lin Ran instantly slapped again.

“How dare you threaten me!”

“You!”

Long Fei spat out a mouthful of spittle, all of which had seen blood.

“I warned you before, don’t be hitting on my friend, you’re the one who disobeyed, and you’re blaming me for hitting hard?”

Lin Ran looked at Long Fei, fortunately nothing had happened to Song Nuan and the others, otherwise even if Long Pingtian himself arrived today, he, Lin Ran, would not have been any softer.

“I advised you, but you didn’t listen! Then don’t blame me for being ruthless!”

Lin Ran said as he actually raised his foot and prepared to give Long Fei another kick.

“Stop!”

Long Fei was really anxious when he saw this, he was already like this, if Lin Ran kept on hitting, he would have to break his bones even if he didn’t die.

“I’ll tell you one thing, don’t you do it again!”

Long Fei said busily.

“O? That depends on whether or not your thing appeals to mine!”

Lin Ran was interested.

“Do you know Zhao Yu?”

Long Fei frowned, then said.

“What do you mean!”

Lin Ran’s face instantly turned icy cold at his words.

Zhao Yu, that was someone he would never forget, his very first love.

It was just that he hadn't had any contact with Zhao Yu for a long time, and he didn't know how Long Fei suddenly brought up her name now.

"I have a message about her, I can tell you, but you are not allowed to do it in!"

Long Fei said busily.

He was very weak himself, so it was better not to get beaten up if he could, after all, a good man doesn't take a loss in front of him.

"Speak!"

Lin Ran's eyes were icy cold.

"You haven't promised ..... yet."

"Say!"

Before Long Fei could finish his words, he was startled by Lin Ran's icy gaze.

"It's on the tablet, go and see for yourself!"

Long Fei gritted his teeth and said.

Lin Ran glanced at him, then turned to the sofa and picked up the tablet computer.

When he opened the computer, there was a lot of information about many people written on it, the most important of which were Song Nuan's four daughters, and Zhao Yu's.

Lin Ran forced down the anger in his heart and looked at Zhao Yu's information.

But then his whole body froze, because in the last line of Zhao Yu's message there were two words written.

"Missing!"

"What does missing mean!"

Lin Ran turned his head to look at Long Fei, with anger in his eyes.

"It means missing, what can it mean! My men haven't found her either!"

Long Fei said angrily.

"Did you guys kidnap her?"

Lin Ran looked at Long Fei with anger in his eyes.

Although Zhao Yu had hurt him in the past, after all, the two of them had already said goodbye, and Zhao Yu already had a new life, if he was involved because of himself, then how could he face Zhao Yu.

"I said it was a disappearance, I don't have her!"

Long Fei said angrily, if this was all on his head, he would really be depressed.

“I really want to kick you to death!”

Lin Ran looked at Long Fei with murderous intent in his eyes.

“I’m telling you nicely, and you’re still doing it to me!”

There was anger in Long Fei’s eyes.

“Cut the fucking crap!”

Lin Ran lifted his foot and stomped on Long Fei’s arm, and with an immediate “click”, Long Fei’s arm fell off, apparently broken.

“Ah! Lin Ran, you want to die!”

Long Fei’s eyes were bloodshot, if he hadn’t fallen into Lin Ran’s hands at this moment, he would have wanted to flay Lin Ran alive with a single slash.

“I warned you before not to make a move on my friend, but you obviously didn’t listen!”

Lin Ran looked at Long Fei, his face full of anger.

“This is a little reminder to you, if I catch you secretly investigating or even making a move on my friend, the next time I’ll take your life!”

Lin Ran said icily, looking at Long Fei with a gaze that was also filled with ice cold.

Looking at Long Fei, he actually felt a hint of fear.

“Bang!”

Then, Lin Ran directly dropped the tablet onto the ground, completely becoming a slate.

“Remember my words, I, Lin Ran, will not say it again!”

Lin Ran said before he turned around and left the place.

Killing Long Fei was too easy for him, but that wasn’t what he wanted, what he wanted was for the Long family to completely stop, otherwise Lin Ran didn’t dare to guarantee what the outcome would turn out to be.

“Bastard! Damn it!”

It was only when Lin Ran actually left that Long Fei spat out the anger he had suppressed in his heart.

The bodyguard next to him also got up from the ground at this moment and hurriedly helped Long Fei onto the sofa.

“A bunch of rice buckets! Stupid bastards!”

Long Fei couldn’t help but curse.

Each and every one of those bodyguards did not dare to make a sound, they had indeed woken up a long time ago, but they were afraid that Lin Ran was making a move, so they all pretended to be unconscious again and did not dare to get up.

Long Fei glared angrily at the group of bodyguards, and then took out his mobile phone and called out.

“Hey, what’s wrong with Little Fei?”

A middle-aged man’s kind voice came over the phone.

“Father! Send me someone, I want experts! I want revenge!”

Long Fei hissed angrily.

“What’s going on? Who has offended you?”

On the other end of the phone, Long Pingtian frowned slightly.

Although their Long Family was a hidden family, their name was definitely not small, he really couldn’t think of anyone who dared to make a move against someone from their Long Family.

“It’s Lin Ran!”

Long Fei angrily told the side of what had just happened, and hearing Long Pingtian also frowned.

“It’s him?”

Long Pingtian said after a moment of contemplation.

“That Lin Ran has some background, not very good to deal with, how about this? I’ll have the two Yin Yang Elders go over there!”

“Good!”

Hearing the Two Elders of Yin and Yang, Long Fei then nodded in satisfaction.

The two Yin Yang Elders were his father’s personal bodyguards, two strong people who were both at the early stage of the Heaven Seizing Realm.

This was also because Long Pingtian was the head of the outer clan, otherwise the others would not be able to have the protection of the strongest of the Heaven Seizing Realm.

One had to know that even the peak of the Qi Seizing Realm had some status in the inner clans of some of the great clans.

Not to mention having a Heaven Seizing Realm to protect someone from an outer clan.

“Father! Who’s calling?”

As soon as the phone hung up, a youth appeared beside Long Pingtian.

“Ao, Little Yue, it’s your big brother, he’s encountered some trouble in Temperance City!”

Long Pingtian’s face had obviously improved a little.

“Trouble?”

Long Yue’s face was suddenly icy cold as he followed in a cold voice.

“It just so happens that I’m also out of customs, so let me join the two Yin Yang elders this time!”

“No way!”

Long Pingtian immediately refused.

“In another month you will take the inner clan’s examination and will have to enter the inner clan by then, you absolutely cannot go out and take risks!”

“Father! A tiny Temperance City is just a small city, there is still an existence that can threaten me?”

Long Yue was full of disdain.

“Moreover, I have already reached the peak of the Qi Watching Realm this time out, so it’s only a matter of time before I enter the Inner Clan, so consider it a trip!”

Seeing his son’s insistence, Long Pingtian then nodded helplessly and admonished.

“Be careful with everything, entering the inner clan is the most important thing!”

“Don’t worry!”

Long Yue smiled blandly, he was looking forward to the trip to Temperance City.

Chapter 1017

No words were spoken overnight.

The next morning, Lin Ran drove to see the three women, Qin Bing was still busy in the hospital, beside Lin Ran also saw the creation realm strong man who was secretly protecting, but did not go up to say anything.

With Lin Ran’s financial support, Luo Ran Finance has started to spread to the surrounding cities and the business is getting bigger and bigger.

As for Song Nuan, she was still not looking for a job, but she was working for Lin Jiawan all the time.

Although she is now in Tanjiang City, with her help and Da Long’s efforts, Lin Jiawan’s development is growing faster and faster.

It has even started to become famous in the whole country, and is a model for rural development in the whole of Tamagawa City.

Lastly, there was Su Rou.

When Lin Ran arrived at the university, he realised that Su Rou’s classes were very intensive today, and he waited for an hour without seeing her.

But luckily, Lin Ran saw Su Rou from afar and saw that she was fine, so Lin Ran left with confidence and drove to a small village in the suburbs.

Zhao Village, Zhao Yu’s old home.

After Zhao Yu had come to her senses last time, she had returned to the village with her mother and was working in a small hospital nearby, living a good life.

But it was only last night that Lin Ran learned that Zhao Yu had disappeared.

Naturally, Lin Ran also asked the Eight Elders to check, but the result was not satisfactory, only finding that Zhao Yu was working a week ago, but then it was as if she had disappeared, and even her mother had disappeared too.

When he arrived at the village, Lin Ran made several enquiries before he found the location of Zhao Yu's house.

"Hmm?"

Suddenly, Lin Ran found that the gate of Zhao Yu's house was unlocked.

Pushing the door inside, the entire yard didn't look out of place.

Even Lin Ran found unfinished tea in the house, as well as some leftover food.

The entire house seemed to be kept exactly as it was when Zhao Yu was still living.

"In this case, it's obvious that when Zhao Yu left, the things in the house didn't even have time to be packed up, so he just left or was taken away!"

Lin Ran's brow furrowed, even as he then arrived at some money.

"The other party took people away and didn't want money, even the aunt took it away, what exactly is the purpose of this!"

Lin Ran's heart became even more puzzled.

It wasn't that he hadn't suspected Long Fei, but the conflict between himself and Long Fei had only started yesterday, and Zhao Yu had disappeared a week ago, which didn't match up at all.

So the murderer should be someone else.

Exiting the house, Lin Ran leaned against his car and pondered if there were any other places where he could find clues to Zhao Yu.

Although the two were completely over, Zhao Yu was now missing after all, so Lin Ran was still a little worried about her safety.

"Holy shit! This is a Porsche! My god, when did our village have such a nice car!"

Just as Lin Ran was deep in thought, a sudden exclaim came from the side.

Then a young man in his early thirties appeared on the side.

"You are?"

Lin Ran looked at the other party, who looked very familiar and did not recognise him.

"Hey hey! Brother, this is your car? Can you go up and feel it?"

The youth laughed, although he looked a few years older than himself and was well-dressed, he was obviously someone who hadn't seen much of the world.

"Sorry it's not very convenient!"

Lin Ran shook his head and followed, ready to leave.

But at that moment, a woman's startled voice suddenly came through as well.

"Lin Ran!"

Lin Ran was stunned as he turned his head to look, and his entire body was frozen as well.

"Teacher Xiao Mei?"

Teacher Xiao Mei, who was Lin Ran's high school teacher, was also very young when she applied for the job to go there, and it was estimated that this was just a graduation, so she was actually about a few years older than Lin Ran.

Lin Ran was impressed by this little beauty teacher.

He had been a top student in high school and had always sat in the first two rows.

However, since Ms. Xiao Mei became the class teacher, his status had plummeted, and instead, some people who didn't study much, but whose families were well-off, had become her immediate favourites.

It is not too much to say that this teacher is snobbish and dislikes the poor and the rich.

"Teacher Xiao Mei, long time no see!"

Lin Ran laughed, while extending his hand, politely trying to shake it.

"Yes! It's been a long time, I didn't expect that after all these years, you still haven't grown at all!"

Xiao Mei looked at Li Ran, not even extending her hand.

"How's that? Are you free to do it now that you've graduated?"

Xiao Mei asked with a smile.

"No!"

Lin Ran shook his head, he indeed did not have much work, to say work I'm afraid to find Wang Kun is his own work.

"It's not that the teacher is talking about you, don't you know what kind of family conditions you have? You can't find a job and do a good job, although you are a famous university graduate, but your status is no way to compare with others, so don't jump understand?"

Xiao Mei's face was full of hatred.

"This is my fiancé, Qi Qiang, he works at Luo Ran Finance!"

Xiao Mei pointed to the young man next to her with a smug look on her face.

Luo Ran Finance was now the most famous company in the whole of Tanjiang City, and to work here was a very dignified thing.

“My fiancé’s family has a supermarket, or else I’ll introduce you to work as a cashier there?”

Xiao Mei smiled smugly, seemingly enjoying being in front of a poor pussy like Lin Ran? Showing off.

“No need!”

Lin Ran laughed and shook his head.

On the other hand, Qi Qiang, who was looking a little puzzled, tugged at Xiao Mei and busily asked.

“Xiao Mei you guys know each other?”

“Know, this is a student from my high school, the family is very poor, you know! He eats a packet of pickles every day in high school, how poor does that have to be my God!”

“No way?”

Qi Qiang looked puzzled and was busy pointing at the Porsche parked next to him.

“Oh my god, a Porsche!”

Xiao Mei’s eyes went straight and she jumped into Qi Qiang’s arms with a kiss and a nibble.

“Honey I knew you were the best for me, this is the mystery gift you prepared for me isn’t it!”

Xiao Mei’s eyes glowed.

Qi Qiang, however, was full of embarrassment and shook the two movie tickets in his hands, a little embarrassed.

“Where are the keys? Quickly take out the keys, let me go up and feel it!”

Xiao Mei was busy urging.

“I .....

Qi Qiang was instantly embarrassed, where did he have the keys.

“biu... . biu.....”

Suddenly the car’s lights came on twice, followed by the door opening on its own.

This made Xiao Mei even more excited.

“Honey I love you so much!”

With that, Xiao Mei instantly jumped into the car, not noticing in the slightest the embarrassed face of Qi Qiang next to her.

Lin Ran, on the other hand, was watching all this indifferently.

Although Xiao Mei's teacher was a bit snobbish, she was after all her own teacher and had taught herself a lot, so it was fine to let her get into the car and take a look.

Xiao Mei was excited for more than ten minutes before she got off the car, and was just about to say something when she noticed that Lin Ran was still standing next to her and didn't leave, so she immediately laughed.

"Hey! Lin Ran why are you still here? Never seen a Porsche before? My fiancé just bought it, so don't look at it, you won't be able to afford it for the rest of your life!"

"I'm not looking!"

Lin Ran wasn't angry and laughed helplessly.

"Then why aren't you leaving?"

Xiao Mei was a little impatient, she wanted Qi Qiang to hurry up and take her for a ride, where was the time to bother with a poor punk here.

Lin Ran scratched his head awkwardly and said.

"I wanted to go too, but you haven't gotten out of the car yet!"

Chapter 1018

"Huh?"

Xiao Mei was stunned at the words, but then she laughed.

"What does it matter to you if I come down or not, just hurry up and go, I have to go for a drive with my fiancé later, I don't have time for your idle talk!"

Xiao Mei said as if she remembered something and immediately laughed.

"Oh, you care about that cashier job, right? I'll talk to my fiancé later and let you know if I have any news.

Xiao Mei had an impatient face.

Lin Ran, on the other hand, wanted to laugh as he listened.

Notify yourself of any news? You don't even want a mobile phone number, how can you notify me? With your mind?

"Fine, then I'll leave first!"

Lin Ran smiled lightly and followed, walking towards the car and reaching out to pull open the door.

"Stop!"

Xiao Mei was startled at the sight and shouted.

“What do you want! Do you know how much this car costs? You still touch it, I can understand if you haven’t seen the world, can you touch someone else’s, I’m a new car, if you touch it, you can’t even afford to pay for it!”

“.....”

Lin Ran was speechless, he had seen stupidity, but never seen such stupidity.

“Xiao Mei! You come here!”

Qi Qiang could no longer watch from the side.

“Don’t go over there! This car is much more valuable than you, hurry up and take me out of here, don’t touch the poor bastard on your back, I don’t know what condition his family is in, not to mention the car, can’t even afford to pay for a wheel!”

Xiao Mei hurriedly urged.

“Xiaomei you stop it!”

Qi Qiang was also anxious, take you away? How to take? I don’t even have the car keys.

“What am I making a fuss about? What are you still standing there for? Get in the car!”

Xiao Mei said and prepared to get in the car.

However just then, Lin Ran spoke up.

“He can’t take you!”

With that, he only saw Lin Ran take out the car keys from his pocket and pressed at the car.

“biu.... .biu!”

Two rings sounded, and at once Xiao Mei was frozen.

“Xiao Mei, this car is actually .....”

Qi Qiang saw the situation just want to explain, but Xiao Mei is a face sunk, an arrow step forward directly snatched the car keys.

“Qi Qiang you are crazy, such an expensive car how to give the car keys to just anyone, and also Lin Ran this poor bastard, break it he can not afford to pay!”

With that, Xiao Mei tossed the car keys to Qi Qiang.

“And you! It’s not your fault that you’re poor, what’s the point of taking someone else’s car keys indiscriminately? Do you know how expensive this car is? Can you afford to pay for it if you break it?”

“Holy crap!”

Lin Ran couldn’t hold back at this point, damn his own car, how did it become your fiancée’s.

“This car is top of the line, the full payment is more than one million six hundred thousand!”

Lin Ran said in a cold voice.

However, Xiao Mei did not understand Lin Ran's meaning and immediately laughed.

"Knowing that over a million and six hundred thousand still touch, are you worth that much?"

"Shameless, don't you know what your own family condition is?"

"I ....."

Lin Ran a speechless face.

"You what you, hurry up and get out! Don't delay me here to go for a ride!"

Xiao Mei said impatiently, while turning her head to look at Qi Qiang.

"What are you still standing there for? Hurry up, buy a car and still disobey!"

"Xiao Mei! This car is not mine!"

Qi Qiang finally couldn't help himself and shouted out directly, while giving the car keys back to Lin Ran.

"What did you say?"

Xiao Mei's whole body shook as she heard this, especially when she saw that Qi Qiang had actually given the car keys to Lin Ran, she felt for a moment as if she had missed something.

"Even if it's not yours, why did you give him the car keys? Whose fault is it if it gets broken?"

Xiao Mei was busy saying, and at this point she also unconsciously moved away from the car.

"If it breaks, it's on me!"

Lin Ran laughed.

"Yours? What do you think you are, can you afford to pay for it?"

Xiao Mei said disdainfully.

"No need to pay for it, because it's my car!"

Lin Ran laughed.

"Your car? Just your loser ....."

Xiao Mei was just halfway through her sentence when her entire body froze.

"Your car? How is that possible, you stole it!"

"Huh!"

Lin Ran laughed, not explaining.

"Xiao Mei, this is indeed someone else's, I just came over to take a look!"

Qi Qiang scratched his head in embarrassment.

“Then it can’t be his either!”

Xiao Mei chided, her face full of determination.

Come to think of it, who could accept that someone who had always been considered a poor bastard suddenly stood in front of you one day in a Porsche?

Not to mention that Xiao Mei was an extremely vain person.

“It doesn’t matter if it’s mine or not, I want to leave now!”

Lin Ran smiled lightly and followed before giving way to Xiao Mei and getting into the car.

“Fantastic what! I don’t even know where I borrowed the car from!”

Xiao Mei’s silver teeth were tightly drug, and her heart was very uncomfortable.

Lin Ran had wanted to leave straight away, but when he heard Xiao Mei’s words, he was also angry and immediately laughed.

“Teacher Xiao Mei, after so many years, you really haven’t changed at all, you’re still so mean!”

“What’s it to do with you, what’s the point of driving someone else’s car and pretending to be mean here!”

Xiao Mei said angrily, but as soon as the words left her mouth, she immediately thought of something and laughed afterwards.

“Lin Ran, Lin Ran, do you really think that I can’t see it? With that outfit you’re worthy of this car?”

“Xiao Mei!”

Qi Qiang tried to block it, yet Xiao Mei was laughing.

“Can’t you see that, Qiang? This outfit doesn’t add up to \$200, how can he afford to drive a Porsche! This is clearly someone else’s car!”

Said Xiao Mei and looked at Lin Ran with a disdainful expression.

“If I’m right, you’re someone else’s driver, right, and this car belongs to your boss! To be honest, you originally had the face of a driver!”

“Huh!”

Lin Ran smiled at his words, but was too lazy to explain.

It was supposed to be, so what if he took out his driving licence driving license, just to smack her in the face? Lin Ran wasn’t that naive, and there wasn’t much crossover with this kind of person in the first place, so he didn’t bother to do that.

“Whatever you think, I’m leaving!”

Lin Ran said as he stepped on the accelerator, the car had already driven off, leaving only a cloud of exhaust smoke that made Xiao Mei’s face look unusually ugly.

“Hmph! Magical what, a little driver is still dragging it up with me!”

Xiao Mei was indignant, pulling Qi Qiang over and questioning him.

“You’re not a hundred times stronger than him right!”

“Right .... Right right!”

Where did Qi Qiang dare not obey her at this point.

“Where’s the surprise you gave me? What is it?”

Xiao Mei asked busily, not wanting to admit that her fiancé would be worse than a former poor student.

“This .....”

Qi Qiang stammered or held out the movie ticket in his pocket.

“You! Another movie!”

Xiao Mei’s face suddenly turned pale.

Qi Qiang saw this and was busy saying.

“It’s not just this, I’ve booked a place at the Yaxiang Hotel for the evening, we’re going for a big meal!”

Jokingly, Xiao Mei was like this, he naturally hurried to find a way to say that it was okay to bleed out, at least he had to satisfy Xiao Mei’s vanity first.

“That’s more like it!”

Hearing the Yaxiang Hotel, Xiao Mei’s face then improved, after all, it was also a three-star hotel.

“Let’s go!”

Xiao Mei urged.

Only then did Qi Qiang hurriedly run to ride in the electric bike.

“I .....”

Xiao Mei was so angry that she was about to explode, Lin Ran was a poor man driving a Porsche, but she actually had to do the electric car.

“Humph! I put up with it, he’s just a driver, Qi Qiang is someone from Luo Ran Finance, the Porsche old lady will be able to ride in sooner or later!”

Comforting herself in her heart, she then got on the electric car and left anyway.

Chapter 1019

Leaving the village, Lin Ran’s heart was tinged with doubts.

Zhao Yu’s disappearance left him with some confusion in his mind, who could have struck at her? Was it because of himself? Or was it a coincidence?

All this left a beaten mystery in Lin Ran's mind.

However, the matter had to be handed over to the police for investigation, so Lin Ran then went to the Public Security Bureau and gave an overview of the matter.

When he came out of the Public Security Bureau, it was already afternoon. Lin Ran wanted to go and see Wang Yifeng, who had not seen him for a few days and was not sure if he had adjusted well.

However, just before he got into the car, he received a call from Su Rou at the back.

"Hey! I heard that you came to see me at school today?"

On the phone, Su Rou was very happy.

"Uh sort of, did you get out of class yet?"

Lin Ran asked rhetorically.

"What, want to ask me out?"

Su Rou said with a smile, she was still very happy that Lin Ran could come to see her.

"Yeah! To ask you out!"

Lin Ran laughed, seeing Su Rou so happy, he was relieved.

"This lady doesn't have time, but I can ask you out!"

Su Rou laughed.

"A colleague of mine is going to treat us at the Ya Xiang Hotel tonight, why don't you come along too!"

"I don't think it's appropriate, aren't all your colleagues my teachers ...."

Lin Ran was embarrassed for a while, one Su Rou was fine, but if he accompanied a group of teachers to dinner, how embarrassing would that be!

"What are you thinking, these are all new teachers, not many of them know you, besides you can come, people are in pairs, how awkward it would be to be the only one!"

Su Rou pouted, that voice sounded like Lin Ran's bones were getting crispy.

"Fine I'll go, time!"

Lin Ran said helplessly.

"Half past seven!"

Su Rou laughed.

"Holy shit!"

Lin Ran looked at his watch, it was already six o'clock and he was still some distance away from the Ya Xiang Hotel, so he immediately hung up the phone and rushed towards the hotel.

.....

At seven o'clock in the evening, Lin Ran appeared at the entrance of the hotel on time, but then he was dumbfounded.

The company's main business is to provide a wide range of products and services to the public.

Lin Ran easily arrived at the entrance of the hotel and saw Su Rou's group of people from a long distance, but at this moment, they were a bit sad, as if they had encountered something difficult.

"Lin Ran!"

Seeing Lin Ran, Su Rou hurriedly greeted.

And the other people next to her also came over with smiles.

Most of these people were teachers, and all of them were also teaching at Tamkang University, so even if they were new teachers, there were very few who didn't know Lin Ran.

Because this name was too famous in Tamkang University.

He was a poor student, a loser, who not only opened a company, but also got the heart of the then school beauty, and even had an unclear relationship with the now beautiful teacher of the dance department.

All of this signified that the youth in front of him was definitely not an ordinary person.

Even though Lin Ran was dressed in a very ordinary and even somewhat shabby outfit at this moment, the crowd at the moment did not dare to underestimate? He.

After all, Su Rou was also a notoriously beautiful teacher in the school, but the fact that she still welcomed Lin Ran with a smile and even invited him along was enough to see the status Lin Ran had in the former's heart.

"Classmate Lin Ran, it's really better to hear about it than to see it, it's really different?!"

A male teacher walked over and shook Lin Ran's hand with a smile.

"This is Teacher Liu Feng Liu!"

Su Rou introduced him with a smile.

"This is He Lan, Mr. Liu's girlfriend, this time Mr. Liu invited guests to dinner, also because the two are getting engaged!"

"Hey hey, there's me and me!"

On the side, a sweet-looking female teacher laughed.

"This is teacher Xu Fei, she's also He Lan's bestie!"

Su Rou laughed.

A group of seven or eight people were quickly all introduced to each other by Su Rou.

But at this moment, Liu Feng was a little embarrassed and said.

“Classmate Lin Ran, let you make a trip for nothing,? The Ya Xiang Hotel is holding a celebration tonight, and I didn’t book in advance, so I’m afraid I’ll have to change places tonight!”

“Ao, it’s fine! I’m all good!”

Lin Ran laughed.

This Liu Feng was quite polite in his words, and since it was the first time we had all met, the other party didn’t mock himself because of the clothes he was wearing.

At least this was something Lin Ran still appreciated about the other party.

However, there was one thing that Lin Ran was a little confused about.

Su Rou said that Liu Feng and He Lan were boyfriend and girlfriend, and that they were about to get engaged.

But Lin Ran was finding that there was no kind of delicate feelings in the exchange of eyes between the two, it was rather like a pair of old acquaintances anyway.

“Why don’t we go, just find a random place!”

He Lan also didn’t care and laughed.

It was Xu Fei who was a bit regretful.

“Hey, people haven’t been to the Yaxiang Hotel yet, they would have liked to see the world!”

“That’s right!”

Suddenly, Xu Fei thought of something and was busy looking at Lin Ran.

“Lin Ran, from what Su Rou said, you seem to be an honoured guest of the Ya Xiang Hotel, can you make an accommodation and arrange for a hall too!”

“Yes, yes, we all want to go to the Yaxiang Hotel and see what it’s like!”

Some of the other teachers next to her echoed the sentiment.

Su Rou was a little embarrassed at this.

“If it’s difficult, forget it!”

Su Rou tugged on Lin Ran’s coat, a little embarrassed.

“It’s alright!”

Lin Ran laughed and then said.

“In that case, then I’ll steal Teacher Liu Feng’s thunder, let’s all follow me!”

With that Lin Ran led a group of people into the hotel.

“Straight in? Didn’t even need a big phone call to arrange that?”

The group of teachers looked dumbfounded and had some small expectations in their hearts, wanting to see just how much energy Lin Ran had.

One had to know that even if the big call in advance could not be fixed, at least it would not be too embarrassing.

But if he brought someone in directly, if he was rejected, it would be in front of so many people, and then he would be as humiliated as he could be.

However, they did not know that Lin Ran’s respectability at the Elegant Fragrance Hotel was no less than that of Luo Ming.

The Supreme Diamond Card alone was just like the presence of Luo Ming himself.

Taking out the Supreme Diamond Card, without any surprises, the waiter had soon arranged the place and was ready to take people up.

But just then, Lin Ran’s gaze was flickering to the two people at the entrance, who also happened to see themselves.

“What a bad timing, how did I run into them here!”

Lin Ran was speechless for a moment in his heart.

“What’s wrong?”

Su Rou, who was next to him, busily asked.

“Nothing, I ran into two acquaintances, you guys want to get on, I’ll be there afterwards!”

Lin Ran laughed, while gesturing for the waiter to take Su Rou and the others up first, while he stood motionless in place, seemingly waiting for something.

As expected, just as Su Rou and the others left, the two people at the door walked over, and the woman among them was the very one who was so angry that her face turned blue and questioned as soon as she met him.

“Lin Ran! Why are you here?”

“Teacher Xiao Mei, why can’t I be here?”

Lin Ran was speechless, who else was there in front of him if not Teacher Xiao Mei and Qi Qiang, whom he had bumped into only this morning.

“Lin Ran student, Xiao Mei she didn’t mean that ....”

Qi Qiang just wanted to explain, but was directly interrupted by Xiao Mei.

“That’s what I mean, this is the elegant fragrance hotel, how can you a poor pussy appear here, you don’t mind shame I also mind shame, really pull down the class of others!”

Chapter 1020

“.....”

Lin Ran was silent, but in his heart, he had already cursed Xiao Mei a hundred times.

“Do you know how much it costs to have a meal here? And it’s the celebration of the Ya Xiang Hotel today, there’s simply no room without a reservation in advance!”

Xiao Mei laughed smugly, while raising the ticket in her hand at Lin Ran, laughing.

“See, we made a reservation in advance, and you? Rushing straight in like a fool, don’t you know what your status is?”

“What’s my status?”

Lin Ran is also a bit angry, how can I say I am also your student, even if you don’t treat yourself, you still mock at every turn,? I owe you?

“Lin Ran! Don’t think I don’t know, didn’t you just find a rich boss to drive for someone else! You’re standing here today, after all, you’re still taking advantage of someone else’s light, what are you doing here? You really think you’re a rich man!”

Xiao Mei was full of disdain.

What she was most angry about wasn’t how rich Lin Ran was, but the fact that you were clearly a poor pussy, only to find a good job and show off in front of herself, which was what made her angry.

“Whatever you think, I’m going up!”

Lin Ran smiled lightly and followed, turning around to go upstairs.

“Shit! You’re crazy!”

Xiao Mei saw this and stepped forward to yank Lin Ran back.

“I said it’s the Elegant Fragrance Hotel’s celebration for a few days, and the upstairs is closed to the public...? And you’re still going up there like a fool? Are you brain-dead?”

“I .....”

Lin Ran really even had the heart to curse.

“Where is your boss eating? I’ll send you there, what bad luck, how come I ran into you here!”

Xiao Mei had a disgusted look on her face.

Lin Ran was even more speechless, where was the boss, he himself was the boss, okay.

“There’s really no need, you guys should eat and drink, I can go by myself!”

Lin Ran said.

“You can’t do that, you’re so poor, can you get around in the hotel?”

“Don’t come running to me later if something happens, I can’t afford to lose face!”

Xiao Mei insisted to.

“Fine, fine, you win, I’m going to the third floor, you can send it!”

Lin Ran didn’t bother to explain and pointed to the stairway and said.

“Third floor?”

Xiao Mei was stunned at his words and couldn’t help but look towards the stairway.

Today was the celebration of the Elegant Fragrance Hotel, and there were security guards at the entrance of the stairs, and the upper part was even closed to the public, each security guard looked solemn and did not smile, so for a while, Xiao Mei was a bit put off.

“What? You don’t dare to go?”

Lin Ran saw the situation and laughed.

“Who .... Who doesn’t dare to go!”

Xiao Mei gritted her teeth and instantly grabbed Lin Ran and walked towards the stairway.

“Stop, the upstairs is not open to the public today!”

Just as they reached the stairway, the three were stopped by the security guard.

“This man’s boss is upstairs, I’ll send him up!”

Xiao Mei said as she grabbed Lin Ran.

The security guard took one look at Lin Ran and followed with a change of face.

There were really few people Lin Ran didn’t know in the entire Ya Xiang Hotel.

“Mr. Lin can go up, but not the two of you!”

The security guard took one look at Xiao Mei grabbing Lin Ran and immediately said.

These people had all become elite, and a quick glance at their words told them that Lin Ran and these two people should not be on good terms.

“On what grounds!”

Xiao Mei was a little unconvinced.

“Not on what basis!”

The guard’s tone was bland, but his face was smiling when he looked at Lin Ran, which made Xiao Mei very unhappy.

“If you don’t go up, you don’t go up!”

Xiao Mei rushed at Lin Ran as she let go of him.

“Go up yourself, and don’t say you know me later!”

“I’ll be burning incense if you don’t say you know me!”

Lin Ran said secretly in his heart.

At the same time, he smiled at Qi Qiang and followed and went upstairs.

As the saying goes, if you don’t see me, you won’t be bothered, so once he went upstairs, Lin Ran’s mood was much better.

“Mr. Lin, your friends have all been arranged!”

He ran into the waiter from earlier, who smiled warmly and said.

“Hmm! Give the lowest discount, it’s not my treat for a few days!”

Lin Ran laughed.

Liu Feng’s treat, he arranged the box already some strong people wind up,? This bill paying he naturally wouldn’t be out in the open.

“Understand!”

The waiter nodded with a smile and followed down the stairs.

At the entrance of the stairs Xiao Mei was angry and had not left yet, looking inside even the waiter was very respectful to Lin Ran, more than a little upset.

“Hey! Waiter, talking about you! You’re the one who came over here!

As soon as the waiter came out, Xiao Mei shouted.

“Something wrong with the two of you?”

The waiter’s face sank and he said blandly.

“What kind of attitude do you have, a cold face in the face of a customer?”

Xiao Mei scolded at this, she had just seen that this waiter had a respectful face towards Lin Ran.

“Sorry, I’m the lobby manager, not a waiter!”

The other party’s voice was a few degrees colder.

“I don’t care if you’re the manager of Datang or a waiter, why are you smiling at that kid just now and treating us with this attitude, is this how you serve your guests at Yaxiang Hotel?”

Xiao Mei said with dissatisfaction.

“Miss, excuse me! He is our valued guest here, if you are fine I will find a waiter to answer you slowly!”

The lobby manager said with some impatience.

“What’s your attitude! He’s still a valued customer!”

Xiao Mei instantly became even more angry and questioned directly.

“Today is a hotel celebration, we have said that the upstairs boxes are not open to the public, how come he can still go up there!”

“I said that? The person is an honoured guest!”

The lobby manager was also a little impatient.

“How honourable can it be!”

Xiao Mei was in a foul mood.

Seeing this, the lobby manager didn't bother to say more and said with a bland smile.

“A very distinguished kind! Do you know what people's compartments are?”

“What?”

Xiao Mei's face sank, and she had some bad feeling in her heart.

“The Four Seasons box!”

The lobby manager laughed.

Xiao Mei's face instantly changed at the words.

The Four Seasons Boxes, which were the four boxes of the highest specifications of the Ya Xiang Hotel, were not open to the public at all on weekdays and could only be entered by extremely distinguished guests when they arrived.

“Moreover, I tell you, people are here with their friends, not at all what you said boss!”

The lobby manager laughed.

“That's not possible!”

Xiao Mei's face became even more ugly.

Da Tang manager but did not bother to say more, blandly smiled and finally said.

“Believe it or not is your business, the box people find me to arrange, but the people inside is their own bill, only to give a discount for the sake of the noble guest!”

“If an outsider wants to go in that box, they have to spend at least 500,000 to start with, but the people inside today didn't even spend 10,000, do I have to make it clearer?”

After saying that, the lobby manager turned his side and walked away, not bothering to break it up with Xiao Mei and the two of them.

“This can't be, this is absolutely impossible! Lin Ran is just a poor pussy, how can he have such great privileges at the Ya Xiang Hotel!”

Xiao Mei's eyes were red and she was furious.

“Xiaomei forget it, maybe Lin Ran's family isn't what they used to be?”

Qi Qiang hurriedly persuaded at the side.

Xiao Mei, however, could not listen at all and shook her head.

“Impossible! Absolutely impossible, he must have privileges here because of the unusual status of the boss who drives!”

“Xiaomei forget it, let’s go eat!”

Qi Qiang said busily, in fact he felt that Lin Ran was indeed very unusual and didn’t want Xiao Mei to continue chasing after him.

“Right, right! Go eat and wait for him in the meantime, later on when he comes down, I have to ask!”

Xiao Mei responded, and only then did she and Qi Qiang go to a corner of the hall, but the whole meal down she kept a dead eye on the stairs, just waiting for Lin Ran to come down from above.
