

Wonder Doctor

Chapter 1021

But Xiao Mei had waited for an hour, but she never saw Lin Ran come down.

Just when she had given up and was ready to leave, suddenly there was a commotion from upstairs.

She then heard cursing and a cacophony of voices.

At the same time, on the ground floor, there was a large number of customers surging upstairs, interspersed with some people holding cameras.

“What’s going on?”

Qi Qiang on the side looked stunned, not understanding what was happening.

“Who cares, let’s go over there and have a look too!”

Xiao Mei smiled and followed, blending into the crowd and running towards the upper floors.

The crowd headed straight for the third floor and soon stopped at the entrance of a private box.

This was a duplex box, one of the four seasons boxes that were not normally open to the public at the Elegance Hotel.

But at this moment, it was packed with people and there was no way to see what was going on inside.

“Get down quickly!”

Xiao Mei was so curious that she directly lay down on Qi Qiang’s back, and was lifted by the latter which allowed her to see clearly what was going on inside.

“Oh my god!”

At once Xiao Mei’s whole body froze.

But soon she laughed.

“Haha! You have your day too, I knew you weren’t much of a tycoon, haha I caught you this time!”

“What’s wrong?”

Qi Qiang asked in a hurry.

“It’s Lin Ran! Lin Ran is finished this time!”

Xiao Mei said excitedly, as if Lin Ran was her enemy and she was happy that something had happened to Lin Ran.

But inside the box, Lin Ran stood with an icy face at the entrance to the lounge inside the box.

In front of him stood a woman in disheveled clothes with a panicked expression on her face, this woman was Liu Feng’s girlfriend, He Lan!

“Lin Ran, I didn’t expect you to have a human face and a beastly heart? How dare you be this bastard!”

He Lan stared at Lin Ran, with anger in her eyes.

“Yes! Lin Ran wasted us so much trust in you! You actually ..... You’re worse than a beast!”

On the side, Holland’s best friend Xu Fei also said angrily.

“No! This isn’t true! Lin Ran is definitely not this kind of person!”

Su Rou stood by the side, her eyes red, she was dumbfounded at this point.

“Su Rou, you’re still speaking for him even now, this bastard is a bottomless pervert!”

Liu Feng’s fists were clenched, he wanted to go straight to Lin Ran and dismember him.

Lin Ran had been standing in the same place since the beginning, just looking on coldly, the scene in front of him had made him understand.

The scene before him had already made him understand that someone was deliberately messing with him today, and the means was very despicable, this was to make him lose his reputation.

Time went back to half an hour ago.

Lin Ran and Xiao Mei went upstairs separately, and then went inside the private box.

The atmosphere inside the box was very nice, everyone was talking and laughing there was no sign of any problems at all.

As the food was served, everyone ate and drank.

But at that time, Lin Ran was still a bit puzzled, why Liu Feng two people engaged to invite guests, but let the woman He Lan drank a lot of wine, and Liu Feng is a little bit to stop the meaning of no.

As expected, soon He Lan was a little drunk, but at this time Liu Feng was borrowed to go to the toilet and left for a while, and He Lan was also at the same time lying on the table.

When the women saw this, they were ready to send He Lan to the room inside the box to rest.

But He Lan was so drunk that the girls couldn’t hold her, plus Lin Ran’s previous performance was not bad, so they let Lin Ran carry He Lan to the compartment to rest.

But as soon as Lin Ran carried He Lan into the box, Liu Feng came back at the back.

Inside the box, Lin Ran was even more confused.

As soon as he entered the compartment, He Lan closed the door of the room with his hand.

At the same time, the whole person, where there was still any semblance of sleep, directly began to pull the clothes on herself, while screaming afterwards.

And so there was the scene before them.

“Lin Ran! You are really defensible, I didn’t expect that a good-looking person would be a human-faced beast!”

Liu Feng said angrily.

“Besides, He Lan is Liu Feng’s girlfriend, and Liu Feng is also your teacher! You actually treated your teacher’s mother .....

“What a sin!”

“Ai!”

The other people around them were also talking.

“Lin Ran!”

Su Rou looked at Lin Ran with tears in her eyes and even more self-blame.

If she hadn’t invited Lin Ran to this whatever party, Lin Ran wouldn’t have been in this mess, but now.

“I didn’t do it!”

Lin Ran looked at Su Rou and said blandly.

“You didn’t do it? Did my girlfriend rip her clothes off herself? Bastard!”

Liu Feng was so angry that he lunged towards Lin Ran and punched him straight in the head.

“I said it! I didn’t do it!”

Lin Ran’s face was icy cold as he gently waved his hand, directly deflecting Liu Feng’s punch back.

However, Liu Feng was able to use the force to fall directly onto the ground, and blood immediately flowed from his nose.

“Lin Ran! You molested me and hit someone, what the hell do you want!”

He Lan looked at Lin Ran angrily.

Xu Fei and the others at the side couldn’t look away either.

“Acting me, are you?”

Lin Ran looked at the crowd with a chill already appearing in his eyes, this was clearly about acting himself today, he had already seen through it.

“Acting you? Who’s going to play you, is He Lan going to risk her innocence to play you? Who do you think you are!”

Xu Fei said angrily.

“Lin Ran you’re a bully! I, Liu Feng, am no match for you, but don’t be complacent, this matter has its own justice today, so many people are watching, I still don’t believe that I, Liu Feng, won’t have a justice!”

Liu Feng said angrily.

Only then did Lin Ran notice that a large number of onlookers had gathered at the entrance, among them were many reporters.

“Huh!”

Lin Ran laughed.

“The preparation is really complete, even the reporters have been invited!”

“I don’t know what you’re talking about, today is the celebration of the Ya Xiang Hotel, isn’t it normal to have reporters! It’s you, if there weren’t reporters today, how would you let people know your true face!”

“Lin Ran!”

Su Rou’s face was already full of tears at this point, and she no longer knew what to say.

“Don’t cry!”

Lin Ran stepped forward and gently wiped away the tears on Su Rou’s face.

“Do you trust me?”

Lin Ran looked at Su Rou and asked in a soft voice.

“Mmm!”

Su Rou nodded, she knew very well how Lin Ran was, when Lin Ran had gone to his own house to look for himself, he hadn’t even done anything to himself like that.

Saying that he was plotting against He Lan, beating her to death, she didn’t believe it.

“Then that’s enough! Let’s go!”

Lin Ran smiled lightly and gently took Su Rou’s hand, walking towards the door.

“Stop right there! Who told you to leave!”

Liu Feng’s fists were clenched, and there was laughter deep in his eyes.

“It’s whoever told you to leave!”

He Lan and Xu Fei also stood out.

“Slap slap slap!”

Suddenly! There was another commotion at the door, followed by a voice.

“Boy, what’s going on today? How come the celebration at the Ya Xiang Hotel was stolen by someone, let me see who it is?”

As the voice fell, a young man, surrounded by a crowd of people, then walked in.

“Huh! Isn’t this Brother Lin Ran? What’s going on here? Getting drunk and disorderly?”

“It’s you!”

Seeing the visitor, Lin Ran already knew in his heart that it was this guy who was messing with him again.

“Long Fei, it seems that you are remembering what you eat but not what you fight!”

“What? You’re going to beat me up for watching the fun, is there any more king’s law!”

Long Fei smiled blandly and then said.

“I know you Lin Ran can fight, but I’d like to see if you Lin Ran dares to move this hand today!”

With that, Long Fei turned around and clapped his hands, while shouting loudly.

“Welcome Master Song!”

As soon as the words fell, soon Song Yujiang and the others appeared, surrounded by a group of people.

Upon seeing Song Yujiang, Lin Ran immediately frowned, knowing that this was going to be difficult today.

The Eighth Elder had said that Long Fei was extremely resourceful, so it seemed that all of this today had been arranged by him beforehand.

Chapter 1022

“Lin Ran!”

Seeing Lin Ran, Song Yujiang also frowned.

He had already heard about what was going on here before he came.

Since today was the celebration of the Elegant Fragrance Hotel, he was also invited to come and attend.

But unexpectedly, the biggest surprise was not the celebration itself, but actually Lin Ran.

“Uncle Song, long time no see!”

Lin Ran cried and laughed.

Judging from Song Yujiang’s reaction, at least the former still believed in himself, but he just couldn’t help explicitly due to this occasion.

“Brother Lin Ran, do you still want to make a move?”

Long Fei looked at Lin Ran with a sneer in his eyes.

“You think I wouldn’t dare?”

Lin Ran, however, laughed.

“O? Then you dare? Come on, let me see, in front of Mr. Song, let me see you move your hand!”

Long Fei smiled even wider.

“Lin Ran! Don’t be reckless!”

Song Yujiang frowned slightly.

Such an obvious way to provoke people? If Lin Ran even fell for it, there was nothing he could do to help if he wanted to.

“Uncle Song, don’t worry!”

Lin Ran, however, smiled blandly and slowly lifted his palm afterwards.

“Hm?”

Song Yujiang looked stunned, and the people around him even looked puzzled.

What was this?

“Holy shit! This kid Lin Ran is out of his mind!”

From afar, Xiao Mei couldn’t help but laugh even more as she watched.

At this moment, Lin Ran and Su Rou were standing inside the box, while Long Fei and Song Yujiang were at the entrance, with at least five or six metres between them, and they were just hitting each other like that? How could they fight?

“Hm?”

Long Fei, however, looked with a sunken face, his heart vaguely uneasy.

The Long Family was a family with an inner clan, and he had naturally seen some of the inner clan’s techniques, and he had also had the pleasure of seeing some of these spacing techniques.

But those who knew these skills were all extremely high status existences in the inner clan, but now Lin Ran was raising his palm, could it be that he knew them too?

“Impossible, how could this fellow possibly compare to someone from the Dragon Family’s inner clan!”

Long Fei quickly dismissed his thoughts.

But following the next moment, his entire body was dumbfounded.

He saw Lin Ran’s palm raised high, followed by a fierce wave, and then a “slap” sound echoed throughout the entire compartment.

The sound of this slap was simply too clear.

At the same time, everyone was surprised to see that the face of Long Fei, who was standing next to Song Yujiang, had changed.

From the initial smugness, it gradually turned ice-cold, followed by a rising red with anger.

Soon, five bright red guidelines appeared on his face, so clear that they could be seen clearly from a distance.

“Look at his face!”

“Oh my God, how did that slap just go up!”

“Yeah, who saw that!”

There was a lot of chatter all around.

“Aren’t there reporters? Quickly watch the replay!”

“Yes, yes! Look at the video!”

The crowd was busy saying.

But those who were watching the replay with the quick were also confused,? Because in the video, Lin Ran just slapped so easily,? followed by Long Fei’s face going red, nothing happened at all.

“Lin Ran! You!”

Long Fei’s face was icy cold, at this moment he was unable to say anything because this was something that the people present, simply could not understand.

“What? Beating you in front of Mr. Song? I beat him up, but do you have any proof?”

Lin Ran, however, laughed.

“Hmph! So what! I’ll take this slap as a dumb loss, but what about you, what do you say about this today?”

Long Fei laughed.

Although he was a bit aggrieved by the slap, he had already earned too much compared to making Lin Ran lose his reputation.

“Lin Ran, come back with me! I will investigate this matter clearly today!”

Song Yujiang frowned.

Lin Ran, however, smiled and shook his head.

“No need, ? I’ll look into my own affairs, I’ll look into it!”

Said Lin Ran as he looked towards Long Fei, his eyes also ice-cold for a few moments.

“Also warn certain people, I won’t always be merciful, what I’ve done myself, sooner or later I’ll pay the price!”

“Heh! By now you’re still threatening me? You still think you can get away with it?”

Long Fei laughed and clapped his hands, and immediately a group of bodyguards in black suits appeared around him, as many as a dozen of them.

“Mr. Song, for this kind of person who corrupts the bad atmosphere of the society, I can go out and help you catch them first, so that they can be twisted and sent to the Public Security Bureau!”

“.....”

Song Yujiang was silent, ? Theoretically this request from Long Fei, he couldn’t refuse because his status was too special.

“Huh! With these few stinking fish and shrimps you want to stop me too?”

Lin Ran laughed.

“Long Fei, before you go I’m sending you a message, wash your neck and wait for me at home!”

After saying that, Lin Ran pulled Su Rou and turned around and left.

“Lin Ran! Don’t do anything nonsensical!”

Song Yujiang was a little anxious.

Lin Ran, however, just paused and blandly replied.

“I’ll find out about my affairs, soon!”

After saying that, Lin Ran took Su Rou and rushed directly towards the floor-to-ceiling glass side of the box.

“Bang!”

With a crunching sound, the sturdy floor-to-ceiling glass popped to pieces, and Lin Ran jumped down with Su Rou like this.

At this moment, Su Rou was clinging to Lin Ran’s arms, not daring to look down, she was afraid!

But she also believed that Lin Ran would not harm herself.

.....

From the moment the two left, Lin Ran completely fell into difficulty.

The first thing you need to do is to get a good idea of what you are getting into.

The streets and alleys were filled with almost all the news.

But what people didn’t expect was that the news only appeared for half an hour before it was all taken down.

Obviously Song Yujiang had helped to suppress it, but it was already too late, at least with this half an hour of publicity, Lin Ran’s reputation in Tanjiang City had already been stinky.

“Lin Ran, what’s going on?”

Soon, Jiang Sansi called.

“Does Mr. Lin want to help?”

Liu Dingtian also called.

“Little friend Lin Ran, it should be the Long family that’s causing this!”

Luo Ming also called.

But almost all of the business families in Tanjiang City knew the truth of this matter, after all, everyone had seen the recent moves of the Long Family in Tanjiang City, and they just dared not speak out in anger.

But unexpectedly, even Lin Ran had now fallen into their hands.

“What now?”

Su Rou looked at Lin Ran, with guilt in her eyes.

“Don’t worry, I’m not that easy to deal with!”

Lin Ran laughed.

The two of them made their way back home, and by now, Song Nuan and the three women had already arrived early.

“Brother Lin Ran!”

Luo Qiqi looked at Lin Ran with tears in her eyes.

“Lin Ran!”

Song Nuan and Qin Bing also looked at him, only they didn’t say anything?

“I’m sorry it’s all my fault!”

Su Rou’s eyes were all red, not knowing what to say.

“You guys comfort her well, what happened today wasn’t her fault, as for the Long family and this time, I will set things right as soon as possible!”

Lin Ran squeezed out a smile and persuaded.

The three women nodded at his words, and then brought Su Rou back to her room.

Lin Ran, on the other hand, sat down on the sofa and went to the phone to the Eighth Elder.

“Send someone to keep an eye on Liu Feng and He Lan, there’s something wrong with these two!”

“Yes Pavilion Master!”

The Eighth Elder nodded respectfully, and then asked.

“Pavilion Master, do we need to send someone to investigate the hotel’s surveillance?”

“No need, the Long Family dared to do this, the surveillance must have been tampered with!”

Lin Ran said, and then hung up the phone.

Leaning back on the sofa, Lin Ran smoked a cigarette to himself, thinking of countermeasures.

Chapter 1023

At twelve o’clock in the evening, Lin Ran received a call from the Eighth Elder.

“Your Highness, the people have been checked out, but Long Fei has also sent people to follow them, I’m afraid that if it’s too late, according to the character of the Long family, these people will be done for!”

“No rush first! Don’t reveal that the Chao Heavenly Pavilion is involved in this matter!”

Lin Ran said, “The Chao Heavenly Pavilion was his last card, and he definitely did not want to expose its existence until the last resort.

Therefore, he was going to go and bring Liu Feng and the two back by himself in the morning.

But things did not go as planned, and it was not even dawn when the Eighth Elder called.

“Pavilion Master, Liu Feng and his two men have been forced to the mountain, I’m afraid the Dragon Family is already preparing to make their move!”

“I know, send me the location!”

Lin Ran extinguished the cigarette in his hand, and immediately got up and left the room.

Looking at Lin Ran’s back as he left, and looking at the dozen of cigarette butts on the table, the three women of Song Nuan were both heartbroken and helpless.

They wanted to help, but they couldn’t help at all with the current situation.

“We have to trust him, all we can do now is to not let him worry about us, that’s the biggest help to him!”

Qin Bing patted Song Nuan’s shoulder and said comfortingly.

But then Lin Ran, left the house and went straight to the car.

However, before the car started, four figures followed one after the other and also got into the car.

When he saw the people coming, Lin Ran was stunned,? followed by a burst of warmth in his heart.

“Ranzi!”

“Boss!”

The four men said in unison.

If it wasn’t Wang Yifeng and Cold Chop Old Cat Ah War or who else.

“Concealed from you overnight, the three of them have come back!”

Wang Yifei said.

“Boss, don’t worry, we will definitely make the Dragon Family pay for what happened this time!”

Leng Zhan’s face was icy cold.

It was Lin Ran who had given him a second life, and he had long since sworn to follow Lin Ran for the rest of his life.

And now that Lin Ran had been put in his place, how could he not be angry.

“Where to now?”

Wang Yifeng asked as he sat in the driver’s seat.

Lin Ran pondered for a moment and said.

“First, we’ll go to the supermarket and buy a mask!”

“Huh?”

All four of them were stunned at his words, not understanding what Lin Ran meant.

“From now on, the four of you cannot reveal your identities!”

Lin Ran frowned and said.

“The Dragon Family is not as simple as it seems, I’m afraid their inner clan is no weaker than the Li Family and the Fire Family, you must be careful!”

“Understood!”

The four nodded, if the Dragon Family was really that terrifyingly strong, once they were exposed, I’m afraid that Lin Ran would find it difficult to protect their well-being.

.....

An hour later, at the foot of a mountain in the northeast of Temperance City, Lin Ran and the others got out of the car.

“The mountain in front of us is called Broken Soul Mountain, it used to be a place where no one came, but it has recently been developed into a cemetery, and there are many graves on it!”

Leng Zhan said, as a special warfare soldier king, the homework that Leng Zhan had done in certain areas was incomparable to even Lin Ran.

“Hm! Go up the mountain!”

Lin Ran waved his hand, and immediately led the four of them up the mountain in the night.

And it was only five o’clock in the morning, at least two hours before dawn.

“Pavilion Master, the men are on top of the mountain, the Dragon Family has sent at least twenty men, be careful!”

The eighth elder son called in a second time.

“Got it,? You have someone guard the lower foot, don’t let anyone go up until we come down!”

Lin Ran said.

“Understood!”

The Eighth Elder nodded his head.

Lin Ran hung up the phone and looked at the sky that was already starting to gradually lighten, a chill swept through his eyes.

“Brothers, no mercy tonight! Make this cemetery and add a dozen new graves to it!”

“Understood!”

Wang Yifeng Leng Xuan and the others all nodded.

They could sense that Lin Ran was truly angry this time, and had moved with killing intent.

.....

At this moment on Broken Soul Mountain, next to a grave, He Lan was so scared that she turned pale, lying in the arms of the man next to her and didn't dare to move.

“Feng ..... Brother Feng, what the hell is going on! Didn't you say that if we did this time, we could go far away?”

He Lan was terrified, at this point there were graveyards all around her, she was a woman who could imagine how scary it was.

On top of that, not only were there graveyards here, but there were a dozen or so tigers looking over their shoulders searching for them!

“Don't talk!”

Liu Feng's face was grim as he hurriedly covered He Lan's mouth.

At this moment, he also regretted it to the extreme.

He had originally thought that he would take the money and leave after this job and be carefree from now on, but who knew that it would end up like this.

“Damn it! Long Fei is really something, I've been blind!”

Liu Feng cursed angrily in his heart.

“Boss there's a trail here!”

Suddenly, a voice came from the side, immediately scaring Liu Feng into pulling up He Lan and running.

“The man is here!”

I don't know who shouted, but all of a sudden the sound of footsteps rang out all around.

“Brother Feng I can't, I can't run anymore!”

In just a few minutes, He Lan had already lost her strength.

In fact, they had been fleeing all night, and by now they were already so hungry that they were sticking to their chests and backs, and they were holding on completely by virtue of an obsession.

“You have to run even if you can't. If you fall into their hands, you'll be finished!”

Liu Feng urged.

“But I really ..... Ah!”

He Lan did not finish his sentence, and suddenly his feet were empty, and at once the two of them rolled and fell down towards the bottom.

Luckily, the drop was only four or five meters, and the two quickly fell to the ground below.

But this way down, the two people’s clothes had already been cut by the shrubs to tatters and tatters, and the more miserable was He Lan, whose clothes had already been torn beyond recognition, and a girl had made such a mess, she immediately sat down on the ground and cried.

“What are you crying for! Is there any use crying now!”

Liu Feng said angrily.

“You still say that! If you hadn’t had to take the risk, I would still be at home sleeping right now!”

“You’re still blaming me? Didn’t you promise to be fierce and quick at first? You didn’t even want your reputation when you saw the money? Now blame me instead?”

Liu Feng was also furious.

“You!”

He Lan’s face was blue, and she couldn’t stop her tears from flowing down again.

“Yo! Why aren’t you running? There’s no way out?”

Just as the two were arguing, a voice suddenly came from behind, followed by dozens of figures that had appeared at the place where the two had fallen before.

“You guys ..... What the hell do you guys want!”

Liu Feng looked at the group of strangers in front of him and his heart was already in his throat.

“What do we want you don’t know?”

One of the youths in the lead laughed.

“This is Broken Soul Mountain, our young master wants to invite you two to stay here!”

“You can’t do that, I’m working for Young Master Long!”

Liu Feng said angrily.

“Right! We didn’t deny it!”

The leading youth laughed.

“Do you know the consequences of finishing the job for Young Master Long?”

The youth said and made a gesture of wiping his neck.

“You are also his men, aren’t you afraid that he will send someone to clean you up later as well?”

He Lan also got up from the ground at this moment, looking at the group with a face full of horror.

“Us?”

The youth laughed.

“Can you two compare to us? We are the Dragon Family, and you guys? Nothing more than two pawns, and now two pawns that are no longer useful!”

The youth said, already feeling a dagger with a cold glow from his pocket.

“Brothers! Move!”

The dagger flashed with a cold aura, followed by a group of youths jumping down directly from above and pouncing straight at Liu Feng and the two of them.

Chapter 1024

“Don’t you come any closer! If you guys dare to make a move, I’ll tell everyone about you!”

Liu Feng gritted his teeth, there was nothing more he could do now.

“Tell the world? Tell it to the ghosts?”

The leading youth laughed.

“There are graves all around here, not many living people but many dead people, I think when you go down, you can tell it to the lonely ghosts around here!”

“You!”

Liu Feng was completely anxious, he pulled He Lan next to him to his body, while picking up a branch on the ground next to him, and threatened He Lan’s neck.

“You ..... Don’t you come over! If you come over again, I’ll kill her first!”

“Liu Feng you bastard!”

He Lan was shedding tears of sadness at this point.

When she was willing to take this business, all she wanted was to get the money and then be able to choose to go away with Liu Feng and live a life of two.

But now what? Each could not even do their own flying at the end of a great calamity, and they even had to be used by Liu Feng to threaten others.

“Oh! I, He Lan, am really blind!”

He Lan’s expression looked incomparably bland at this moment, as if her heart was already half dead.

“He Lan you don’t blame me, people don’t do it for themselves, the sky will be destroyed, at first I also want you to have a good life, but since God won’t agree, then let’s each show our own magic!”

Liu Feng was decisive.

“Pah!”

The leading youth, however, laughed, while lining up his hands.

“Liu Feng, you’re still very brain-dead, I’m here to kill you two, and you’re threatening me with her? You’re sick in the head!”

“No! You’re thinking wrong!”

Liu Feng suddenly turned his words around and said busily.

“I’m not threatening you, I do work for Young Master Long after all, I understand his concerns, don’t worry! I’ll kill her first and then disappear to ensure that no outsiders know about this matter! How about that!”

“Holy shit! You’re really something, you’re even willing to kill your own woman in order to stay alive!”

The leader youth laughed, but followed him with a nod and a laugh.

“Do it, I’ll consider it if you kill her first!”

Consider? Think too much, how could one really let Liu Feng go, letting him do it was just to save himself the trouble, and it was better to carry as little as possible such things as human lives.

“Good! Remember your words!”

Liu Feng seemed to have seen hope, immediately his eyes were cold to make a move.

“Liu Feng you are a beast!”

He Lan’s eyes became even redder, and her tears had already broken the bank.

“He Lan, you don’t blame me either!”

Liu Feng’s eyes suddenly turned cold, and the branch in his hand stabbed at Holland’s neck.

“Poof!”

Suddenly,? In the quiet darkness, a clear sound rang out.

Then everyone was surprised to see that Liu Feng’s raised arm, at this moment, actually gently drooped down, followed by a stream of fresh blood gushing out as if it was not money.

“Ah!”

Liu Feng let out a miserable cry, and his entire body fell to the ground, holding the arm in his own hand with his other hand.

But the blood flowed so much that soon the whole ground was dyed red in a big way.

“Who did it? How dare you do it without my orders!”

The young man in the lead had a cold face.

“Boss, we didn’t do it!”

One by one, the junior brothers at the side shook their heads.

“Not you guys? It’s hard not to be a ghost!”

The leader youth’s face was ugly.

But since he had already done it, there was no need to wait any longer, and he immediately chided.

“All right do it! I’ll check this account when I get back!”

“Yes boss!”

At once, a group of people pounced towards Liu Feng and He Lan.

“Bang!”

Suddenly, there was another sound, followed by one of the men who rushed at the forefront suddenly flew backwards and smashed directly into a large area.

“What the fuck are you .... doing?”

The leading youth cursed angrily.

But just as the words reached his mouth, he swallowed the latter half of them.

Because at this moment in front of them, there was actually an additional person.

“Who are you?”

The other person was wearing a mask, and his face could not be seen at all.

“The one who sent you into the ground!”

The other party’s voice was cold, and as the words fell, his body had already moved.

“Go! Waste him for me!”

The youth said angrily, while he himself ran backwards very carefully, the other party had extraordinary skills and he didn’t want to risk them himself.

“Hey brother, what are you doing hiding back there?”

Suddenly, a palm rested on the youth’s shoulder, and immediately the youth’s face changed.

“Shit! Run!”

The youth shouted out almost subconsciously.

But it was still too late.

.....

For the next few minutes, Liu Feng and He Lan’s entire bodies froze in place, not daring to move for fear that the spilled blood would spill all over their faces.

Hell! Demons! Vampires! .....

There is no way to describe the shock they both felt at this moment.

They had witnessed the scene of a dozen people falling one by one in front of them.

A massacre! It was simply a massacre.

In just two minutes' time, the dozen or so people who had originally cornered them with no hope of survival had all fallen to the ground.

The two of them could even clearly see that the dagger in the hand of one of them still had this fresh blood dripping down continuously.

"Goo dong!"

Liu Feng couldn't help but swallow his spittle and welcomed his scalp.

"You .... Who are you guys again?"

One of the men with a mask turned his head to look at the two men.

The eyes above the mask had a hint of coldness that had no temperature.

A coldness that made the heart tremble.

And this gaze was one that the two Liu Feng would never forget, as it had been deeply burned into their hearts.

"Take it away!"

Suddenly I don't know who said this, followed by two people with masks who stepped forward and directly knocked Liu Feng and his two men unconscious.

.....

Seven hours later, inside a rented house in Tanjiang City.

Liu Feng He Lan woke up again.

"Awake! I've been waiting for you guys for a long time!"

A familiar voice rang out in the two men's ears, scaring their whole bodies.

This was a rented house without any decoration, inside there was only a sofa and an exhaust fan for ventilation.

The sunlight from outside shone in, illuminating the whole room in a bright and dark way.

"Who are you?"

Liu Feng and the two of them looked up and saw a youth sitting on the sofa, but it was backlit, so neither of them could see the youth's face clearly for a while.

"What! Don't you recognize me so soon?"

Lin Ran slowly lifted his head, and a clear face was immediately reflected in the eyes of the two.

“Lin Ran! You!”

When he saw Lin Ran, Liu Feng’s entire head gave a “weng”.

He Lan, on the other hand, was completely dumbfounded.

“You were the one who saved us last night!”

Liu Feng said in confusion.

Last night, he had been chased by Long Fei’s men, but in the end, he had been saved by four mysterious people, and now he had appeared in front of Lin Ran, so the result was already obvious.

“Also right! Nor is it right!”

Lin Ran lit a cigarette to himself.

“What do you mean!”

Liu Feng’s face was ugly, now that he had fallen into Lin Ran’s hands, he knew to himself that there would be no good ending.

“It’s true that I saved you, but equally I didn’t necessarily save you, it all depends on whether you are worthy of cooperation or not!”

“What do you want?”

Liu Feng’s face was ugly as he pondered in his mind.

While He Lan who reacted at the side was instantly on her knees and hurriedly begged.

“Lin Ran I was wrong, please spare me, I’ll do whatever you want, I know all about Liu Feng’s dealings with you, as long as you promise to let me go, I can step in and clear everything up for you!”

Chapter 1025

“He Lan you!”

Liu Feng’s face became even more ugly at his words.

“Me? What’s wrong with me?”

He Lan, however, laughed.

“Didn’t you want to kill me before and run away yourself? Oh Liu Feng, Lan and I are really blind, how could we have looked at this bastard like you before!”

“He Lan, people don’t do it for themselves, I can’t help it!”

Liu Feng still felt aggrieved.

“Shut up!”

Lin Ran suddenly spoke up.

“I didn’t bring you all back here to listen to your quarrels!”

“From now on, you each have half an hour to tell us everything you know, or else! What happened to those people last night is what will happen to you!”

“Fine! Tell me now, tell me now!”

He Lan hurriedly responded, and then recounted.

.....

But on the other hand.

Inside a luxurious box in Temperance City, Long Fei was sitting on the sofa with a glass of red wine in his hand, while beside him stood a bodyguard who was whispering something.

“Bang.”

Suddenly, the red wine glass in Long Fei’s hand burst, and the red wine inside spilled out all over the floor.

“What do you mean! None of them have come back?”

Long Fei’s face was icy cold.

“Yes Young Master, none of the people sent out last night have come back!”

The bodyguard next to him whispered.

“Damn it!”

Long Fei’s face was grim, these bodyguards looked like the people he had personally selected.

He himself was weak, so he had netted a large group of bodyguard experts around him.

But this was only one night and he had lost a dozen of them, which made him very stifled.

“Have you found out who the other party is?”

Long Fei asked with a frown.

“Not yet, but the other party should not be weak, and has a very strong anti-surveillance sense, no traces were left at the whole scene!”

“Then keep checking! We must find out for me!”

Long Fei’s face was ugly.

He wasn’t afraid of those open opponents, what he feared the most was this kind of secret enemy, because of his strength he was also most afraid of assassination.

If his opponent played openly with him, he had a hundred ways to mess up the other party, but if the other party played dirty with him, this would make him very passive.

“Young master, telephone!”

Just as the previous bodyguard left, another one came over with a mobile phone.

“It’s from the Third Young Master!”

“Little Yue? He’s out of the gate?”

Long Fei smiled with joy and immediately took the phone.

“Big brother, in a couple of days I’ll be in Temperance City! Did you miss me!”

On the phone, a young man smiled and said.

“Come to my place? Why are you suddenly?”

Long Fei was surprised.

“It’s not because of what happened last time... Father sent the two yin and yang elders over, so I came along, just as a break!”

The youth laughed.

“Take a break? Then you’ve picked the wrong place!”

Long Fei talked.

“What? From what you’re saying, there’s still trouble in Temperance City? Who still dares to find trouble with our Long Family!”

The youth said with some disbelief.

“Ai! It’s a long story, a dozen of my bodyguards were done in last night!”

Long Fei said helplessly.

“What?”

The youth was shocked at his words, he knew very well what level of bodyguards his big brother had around him, but a dozen of them were done in one night, this was a bit too exaggerated.

“Forget it, it’s not clear over the phone, I’ll talk to you slowly when you arrive!”

Long Fei said helplessly.

“Hmm! Let’s talk about it when I arrive, we two brothers join forces, with your strategy, you’re still afraid of not being able to take a small Temperance City!”

Long Yue laughed.

Long Fei also smiled and then asked.

“By the way how about the other cities?”

“The imperial capital has already gained a foothold, but you also know that there are many forces in the imperial capital, so I’m afraid that if our Long Family wants to make a comeback this time, we will still have to delay some time in the imperial capital! On the contrary, the other places have basically gained a foothold!”

Long Yue said.

“Hmm! This is the best, by the way, third brother, you have to hurry up and enter the inner clan, when the time comes, our lineage will be able to firmly grasp the initiative of the outer clan!”

Long Fei reminded.

“Big brother, don’t worry, I will definitely enter the inner clan examination this time!”

Long Yue smiled.

“Good! Then, congratulations in advance to Third Brother!”

Long Fei laughed.

The two chatted for a few more moments and soon hung up the phone.

“Young master, young master!”

As soon as the phone hung up, a fatty ran over next to him, the same fatty manager from the first time Lin Ran and Long Fei met.

“What’s wrong?”

Seeing the fat manager, Long Fei frowned slightly.

“It’s a good thing this time!”

The fat manager laughed.

“How come the Liu family has agreed?”

Long Fei asked with a smile.

“Agreed, but they made a condition!”

The fat manager laughed.

“A condition? Their Liu family is also worthy of making conditions with me?”

Long Fei’s face sank.

“Young master it’s actually a matter of face!”

The fat manager was busy explaining.

“The Liu family has agreed to sell the Panglong Mountain Manor to us, but this Panglong Mountain Manor is also considered a representative project of the Liu family, if they sell it to us directly, they are also afraid that their peers in Tanjiang City will laugh at them, so they want to sell it by auction!”

“Auction?”

Long Fei’s face sank.

The fat manager was busy explaining to.

“It’s like this, with our bid, we can definitely crush any bidder, so in the end, this Panglong Mountain Manor is still ours, only that we have to go through an auction process, which is also considered to let the Liu family save some face!”

“Hmm! That’s fine too, and we can use the auction to raise our Long Family’s status in Temperance City, so as to deter the Luo Family!”

Long Fei thought about it and then? agreed.

“The time is set for the day after tomorrow, I believe that after the publicity and momentum created by the Liu family, the day after tomorrow should have the entire Temperance City consortium bigwigs in the road!”

The fat manager smiled and said.

“Good! You go and prepare, the day after tomorrow we officially take over the Panglong Mountain Manor!”

Long Fei smiled and waved his hand.

.....

On the other hand, Lin Ran had just gotten the information he wanted when the phone call from the Eighth Elder came.

“Your Highness, we have just received news that the Third Prince of the Dragon Family, Long Yue, as well as the Two Elders of Yin and Yang will arrive in Temperance City in two days!”

“Long Yue? The Two Elders of Yin and Yang?”

Lin Ran frowned slightly at his words, he knew something about this Long Yue, but this was the first time he had heard of the Yin Yang Two Elders.

“This Yin Yang Second Elder is Long Ping Tim’s personal bodyguard, his strength is at the Heaven Seizing Realm level, not much of a threat!”

The Eighth Elder said.

“Hm! I know! Just keep an eye on them!”

Lin Ran nodded his head.

He hadn’t put it in his eyes with just two Heaven-Realm-Raptors.

Moreover, through this, he could roughly deduce that the strength of this Dragon Family’s outer clan, I’m afraid that the Heaven Seizing Realm was already at its peak, after all, it wasn’t an inner clan, it couldn’t have many strong people.

The Chao Heavenly Pavilion was different, it was an organisation in itself, and Lin Ran was now the pavilion master, so naturally the experts would be far stronger than an outer clan expert of the Dragon Clan.

Hanging up the phone, Lin Ran rubbed his temples, there had been too much going on in the last two days, making him a little tired of dealing with it as well.

“Ding Ding Ding!”

Suddenly, just as Lin Ran was about to take a good rest, Luo Qiqi was the one who called again.

“Brother Lin Ran, I just received news that the Luo family is preparing to hold an auction for the Panglong Mountain Manor the day after tomorrow, do we want to participate?”

“Panglong Mountain Manor auction?”

Lin Ran was stunned at his words, but then he snapped out of it and immediately nodded his head.

“Participate, and we must take it down!”

“Brother Lin Ran, it seems like the Dragon Family will also be there!”

Luo Qiqi frowned and said.

“The Dragon Family will also be there? Interesting, don’t go to this one, I’ll go myself the day after tomorrow!”

Lin Ran arrived at once.

“Good! Then you take care of yourself!”

Luo Qiqi didn’t say anything, now that things were eventful, she naturally wouldn’t doubt Lin Ran’s decision.

“The day after tomorrow! Panglong Mountain Manor, Long Fei! I’ll carry a big present for you!”

There was a sharpness in Lin Ran’s eyes, this matter of his own innocence was due to be concluded this time.

## Chapter 1026

The Liu family’s landmark building, the Panglong Mountain Manor, is one of the Liu family’s annual profits can bring the Liu family several hundred million.

The entire city of Tanjiang, almost all of the big businesses are eyeing the Panglong Mountain Manor, but unfortunately the Liu family has never had the intention of making a move, so others have not had the opportunity to intervene.

But who knows, all of a sudden, the Liu family is going to sell, this news is naturally quickly swept through the entire Tanjiang City business community.

Even the mouths of ordinary people began to discuss this matter.

Not because of anything else, it was thought that a villa that had just been built in the Panglong Villa Park was also about to be put up for sale.

It is said that this villa, built on the top of Panglong Mountain, is shrouded in clouds every morning and evening and offers a beautiful view of the entire city of Tamagawa, so it has attracted a lot of attention since it was built.

Some people even estimated that this villa alone would cost several hundred million dollars.

But who would have thought that the house has just been built, and now it has not been sold, but the entire Pan Long Manor is already going to change hands.

.....

The outsiders see the fun, the insiders see the doorway.

For some business bigwigs like Luo Ming Jiang Sansi, this matter is not just as simple as the Liu family selling the Panglong Mountain Manor.

They can see something deeper.

A project that earned hundreds of millions of dollars a year was said to be sold, it was obvious that the Liu family had run into problems and had to sell, in addition to the current situation in Tanjiang City, it was obvious who was forcing the Liu family to do so was already self-evident.

“Old Brother Sansi, it looks like the sky is changing in Tamagawa City too!”

Inside a tea house, Luo Ming and Jiang Sansi were sitting facing each other.

“Yes, but it’s not really easy to say whose sky will be the one in the end!”

Jiang Sansi laughed.

“Actually, don’t we both want it to be his! It’s just that this Dragon Family is not a good one!”

Luo Ming said worriedly.

“A strong dragon cannot suppress a snake on the ground, even if his Long Family is strong, I, Jiang San Si, am on my nephew’s side!”

Jiang San Si was resolute.

“Hey! You’ve said that, it’s hard for me, as a father, to let my daughter go?”

Luo Ming also laughed helplessly.

“Haha! Don’t be anxious, before things are finalised, everything? It’s all unknown!”

Jiang Sansi laughed.

Luo Ming, on the other hand, looked out the window at the sunset and couldn’t help but sigh.

“Whether it’s the Dragon Family or Luo Ran Finance, I’m afraid that our Luo Family’s leading position in Tanjiang City will be lost... Had I known that Qiqi was so talented, how good it would have been to let her inherit my Luo Family’s industry directly!”

“Think good of you!”

Jiang Sansi, however, laughed.

“Let your daughter inherit and then recruit my nephew as your son-in-law? Don’t even think about it, my nephew is an only child, he will definitely want to marry a daughter-in-law in the future!”

“You old stubborn man, what era is this, a door-to-door son-in-law’s child can’t be surnamed Lin!”

Luo Ming laughed helplessly.

.....

Two days passed in a hurry.

And under the banner of these two days, the Panglong Mountain Manor project, has become the focus of the city’s attention.

In fact, many people also understand that whoever can take this Panglong Mountain Manor project, later in Tanjiang City is completely famous, I am afraid that can also become the next moment to make people envious of the big family.

On this day, the Pan Long Hotel, located at the foot of Panglong Mountain, was filled with people, and all the dignitaries in Tanjiang City were here.

This was because today was the day when the final decision on the Panglong Mountain Manor project would be made.

“Hey hey look quick, it’s the Luo and Jiang families!”

“Yeah, that’s Luo Ming, and Jiang Sansi!”

“My god, why are the two of them together, is this a joint venture?”

The crowd chattered pinkly.

“Hey hey! Quickly look, that seems to be someone from the Dragon Family!”

“Yes that’s the Dragon Family!”

“That’s young master Long Fei, my god so handsome, it would be worth dying if I could marry him!”

“Yes, he’s so handsome, and the key is that he’s rich!”

The crowd of nymphomaniac girls were excited.

On the other hand, on the other side of the room, there was a large group of media reporters, who didn’t take pictures of anyone, but just waited quietly.

“Holy shit! These reporters must be waiting for Luo Ran Finance!”

“Any fool can see that the owner of Luo Ran Finance is in such a big mess this time, but he still dares to come, he’s really not afraid of losing face!”

“What’s there to be ashamed of? He’s so rich, what’s wrong with sleeping with someone else’s girlfriend!”

“That’s right! If I could meet such a rich guy, I’d sleep with him!”

Next to him, a woman with a child said indifferently.

“What kind of people are these?”

On the side, Xiao Mei’s teacher looked on in atmosphere.

“Xiao Mei forget it, I am going in with the company today, you must not be impulsive later!”

On the side, Qi Qiang was busy persuading.

Today, Luo Ran Finance would also come, and as a senior executive of Luo Ran Finance, Qi Qiang naturally had to come over to help.

“I know, but do you think that scumbag General Lin they are talking about is Lin Ran or not!”

Xiao Mei was a little uneasy.

“Who knows, but I have a feeling it can’t be, Lin Ran is too ordinary, he’s not boss material at first glance!”

Qi Qiang said.

“Right! I definitely can’t be him either! But I’ll be able to follow it in later, it’ll be nice to see then!”

Xiao Mei said excitedly.

To be able to come to a place like this to watch a fight that the great clans only saw was really something that one could only be proud of for the rest of one’s life.

“Well, let’s go in first!”

Qi Qiang was busy urging.

“What’s the hurry? Let’s stand here and wait and see, maybe we’ll even see your General Lin’s true face later!”

Xiao Mei laughed.

“Alright then, but you can’t talk nonsense!”

Qi Qiang admonished.

While the two were talking, a black Rolls Royce had pulled up at the entrance of the manor.

Following together the young man got out of the car with the crowd around him.

But as soon as he got out of the car, a dozen of bodyguards immediately surrounded the youth, so outsiders could not see the people inside at all.

“Hey hey Mr. Lin, you’re here too, may I ask what you think about the molestation case two days ago!”

“Yes Mr. Lin, you never came forward, is it true?”

As soon as Lin Ran appeared, a group of media swarmed up.

“Mr. Lin, may I ask if it is true that you molested your friend’s girlfriend? How does that feel? Can we talk about it?”

Suddenly a reporter asked, and as soon as the question left his mouth, there was a dumbfounded silence all around, the question was simply too nasty.

“This friend, please speak with some respect!”

Next to him, Uncle Luo, who was following, said in a cold voice.

Luo Qiqi was not at ease and had even asked Uncle Luo to follow along today.

“Uncle Luo!”

Suddenly Lin Ran spoke up.

He was standing in the midst of a crowd of bodyguards and could not see anyone, but his voice came out.

“My friend the reporter who asked the question just now, I’d like to ask you, are you married?”

“Of course I’m married!”

The journalist laughed smugly.

“Please answer my question positively!”

“Yes! I’ll answer you!”

Lin Ran smiled lightly, hiding in the corner of his hat scared mouth but revealing a cold smile.

“Two days ago, you went to a big health care and ran into your friend’s daughter-in-law, and you ordered her without a second thought!”

“What nonsense are you talking about!”

The journalist was suddenly anxious at his words, a crowd of peers here, if this was reported, how could he explain to his daughter-in-law.

“What? Anxious?”

Lin Ran, however, laughed.

“I’m answering you now, and that feels just like how you feel now!”

After saying that, Lin Ran stopped paying attention to him and turned around, surrounded by a group of people, and entered the hotel.

Chapter 1027

“This Mr. Lin speaks with such class!”

On the side, Xiao Mei said excitedly, although she couldn't see Mr. Lin's face, but in her opinion this was definitely thought to be a very cultured rich man.

“Yes, it's just a pity that we haven't seen Mr. Lin's real face!”

Qi Qiang was also sorry.

“So when can we see it?”

Xiao Mei asked busily.

“To be precise, we will only be able to see it if Mr Lin buys the Panglong Mountain estate!”

Qi Qiang pointed to a huge stage set up in front of him as he spoke.

“This is where the reception will be held later after the bidding is done!”

“Originally we would have been able to see Mr. Lin's face, but unfortunately they got bodyguards to block it, but if he buys the Panglong Mountain Manor, he will definitely have to give an interview to the media later, so we will be able to see it then!”

“So!”

Xiao Mei smiled a little lost, what if Mr Lin hadn't bought it? Wouldn't he be invisible then.

“Aiya don't think so much, how can a person of Mr. Lin's status be something we can just see!”

Qi Qiang persuaded.

Xiao Mei gradually relaxed this time, and then entered the hotel with Qi Qiang.

Qi Qiang was from Luo Ran Finance, although his status was not high, the nature of his job was somewhat special, being a hospital in the accounting department, so that was why he had the opportunity to come along.

“Well! This is the place, we are all here in the accounting department this time, if Mr. Lin participates in the auction, we will have to do the accounts when the time comes! You just wait here and don't wander off!”

Qi Qiang reminded.

“Understood!”

Xiao Mei looked east and west with a curious look on her face.

Meanwhile, Lin Ran, accompanied by Uncle Luo, had already entered.

As for Wang Yifeng Leng Zhan and the others, Lin Ran had let them go to the Imperial Capital together, this time the Dragon Family was different from previous opponents, Lin Ran had to deal with them carefully.

Time passed by minute by minute and soon, all the dignitaries from the entire Temperance City had arrived.

There was no shortage of bigwigs who had brought their families with them.

Don't look at an auction hall with only a hundred or ten people, but the people here were definitely the rich and famous.

This was because ordinary people were simply not qualified to enter.

"Little friend Lin Ran, we meet again!"

Before the auction had even started, Luo Ming was already greeting Lin Ran.

"Uncle Luo, long time no see!"

Lin Ran smiled back.

"What happened to Qiqi?"

Luo Ming asked with a smile, while also sort of reminding those present that his own Luo family and Luo Ran Finance had a great relationship.

"Kiki has other things!"

Lin Ran laughed.

"Nephew, are you interested in this Panglong Mountain Manor today?"

On the side, Jiang Sansi also stood out, greeted with a smile.

"Uncle, slightly interested!"

Lin Ran laughed.

Jiang Sansi stroked his beard and nodded his head with a smile.

"Good, it's good to be interested!"

This sing-song between the two attracted a lot of attention, and then there were several other clans that also approached Lin Ran to say hello.

This realm, in turn, ignored Long Fei who was doing it at the side.

However, Long Fei was not angry, after all, he was a foreign family, wanting to gain a foothold in Tanjiang City, it was normal to be antagonized by everyone.

"Well gentlemen, our auction will start soon, before that, I would like to thank you all for your support, I have prepared a little tea, please taste it!"

Liu Dingtian stood in the auction hall and said with a smile, then there was a beautiful waiter in a classical cheongsam, bringing the tea to everyone.

“By the way, I heard that Mr. Long Fei is very knowledgeable about tea, how about asking Mr. Long Fei to analyze this tea for everyone first?”

Liu Dingtian said with a smile.

This auction today was his intention, sort of to save the Liu family’s face.

But just now a group of people had obviously not given Long Fei a good face, and at this moment he also wanted to ease the atmosphere.

“Good, since Mr. Liu is so elegant, then Long Fei would be better off with the work experience!”

Long Fei said with a smile.

And as soon as he said this, some people who were still trying to drink tea stopped their hands and looked at him sideways to hear what he had to say.

Long Fei picked up the cup of tea and looked at it, then put it to his nose and smelled it before taking a sip of tea.

He closed his eyes with the intention of contemplating, and after just a few moments, he drank the water directly from the teacup, a look of pleasure on his face.

“This tea is a kind of small pot tea from Shovel South Africa, using it with pure water at ninety degrees, the tea that comes out is translucent in colour and a little astringent in fragrance!”

“At first taste it is slightly bitter, but a sip of it will leave a full mouth!”

Long Fei said in an idle manner, but it drew a group of people around him to glance sideways, with a light in their eyes.

“That’s right! I heard that Mr. Lin is also a tea lover, I wonder if he can have a different opinion?”

Long Fei suddenly led the conversation to Lin Ran.

Lin Ran saw this and smiled, saying.

“Naturally I do! But I like to be quiet when I drink tea, so since Mr Long Fei wants to hear it, I will offer my humble opinion!”

Lin Ran said as he lifted his cup of tea and swept his gaze over the crowd, laughing.

“Why don’t we all come together so that we can feel it more deeply, watch my movements!”

Lin Ran laughed.

And at this time the people around also picked up their cups of tea, the tea specially arranged by the Liu family, thought it wouldn’t be bad so some of them were eager to taste it.

“This look at the tea everyone will not compare, just now Mr. Long Fei has already explained, let’s taste the tea directly!”

Lin Ran laughed and at the same time added a reminder.

“Remember! Take a light sip never swallow it!”

After saying that, Lin Ran also took a sip, and then closed his eyes.

And at this moment, everyone around looked at him, since he was the one leading the tea tasting, everyone naturally wanted to see what he would do next, so the crowd took a sip of tea without swallowing it.

Suddenly, under the gaze of the crowd Lin Ran opened his eyes, but the action that followed made the crowd dumbfounded.

Only to see that he actually spat out the tea in his mouth, while a look of great enjoyment appeared on his face.

“Spit it out, gentlemen, this tea must be used like this!”

“Pfff!”

Sure enough, the people around his band thing really did spit out the tea.

At this moment, Long Fei’s face was unusually ugly, and even Liu Dingtian on the stage was a little worried, wondering what medicine Lin Ran was selling in this gourd.

“Brother Lin Ran, what do you mean by that? Are you looking down on the Liu family’s tea?”

Long Fei’s brows furrowed as he opened his mouth to instigate.

“No, no, no! There is no looking down on it, rather I admire the Liu family’s hospitality!”

Lin Ran laughed.

“If I am correct, this tea is indeed shovel South Africa, but it is definitely not for drinking, but for gargling, this tea tastes sweet and bitter, use it to gargle in order to just appreciate the taste of the other teas when you taste them next!”

“Technically speaking, this tea is mouthwash! Moreover, with the strength of the Liu family, Brother Long Fei wouldn’t think that people would just treat you to this tea, right? Those who know it is mouthwash, those who don’t think it’s like the Liu family can’t get a better tea!”

“You!”

Long Fei’s face was instantly gloomy, he understood that he had been set up by Lin Ran again this time, and that he had been publicly disgraced.

“Mr. Liu, is that so?”

Long Fei was unwilling and looked at Liu Dingtian with cold eyes.

“This .....

Liu Dingtian’s face was embarrassed, how could he answer this, how could he say it would offend one side, this was definitely something he did not want to see.

Originally this Coiling Dragon Mountain Manor auction was forced by Long Fei, now he had to be forced to offend a certain family, he was really a little overwhelmed.

## Chapter 1028

Just as Liu Dingtian was at a bit of a loss for words, a figure suddenly ran up next to him, it was his son Liu Xuan.

“Mr. Long, Mr. Lin, I’m really sorry, this tea for gargling was arranged by one of my cousins, he just came back from South Africa, so he specially prepared a flip for everyone, but it was without informing me, I’m sorry!”

“We’ll change the tea for everyone now!”

Liu Xuan said with a wave of his hand, and at once the beautiful waiter brought up a second cup of tea.

At this moment, Long Fei’s face turned completely ugly.

The Liu Dingtian at the side was also looking at Liu Xuan with doubt in his eyes, as if asking again, “You’re doing this our Liu family is considered to have completely broken up with the Long family.

“Father! Don’t worry, his Long family doesn’t dare to do anything!”

Liu Xuan said in a low voice.

Liu Dingtian was stunned for a moment, and then he understood.

The situation just now was clearly Lin Ran leading the entire business bigwigs of Tanjiang City to call the shots with Long Fei.

Liu Xuan was not stupid, he naturally knew how to choose instead, the Long family was after all a foreign power, if they chose to offend Lin Ran at this time, which would offend the entire strength of Tanjiang City, could their Liu family still have good in the future?

On the contrary, they should comply with Lin Ran’s wishes in order to integrate into this side of Tanjiang City, so that they can all twist together into one rope.

Moreover, in the end, this Panglong Mountain Manor of their own Liu Family was forced by your Long Family to be put up for auction, what else do you want from the Liu Family?

“Hmm! Right? The tea really tastes stronger together this time!”

“Right, right! It seems that brother Lin Ran’s tea ceremony is above Long Fei’s!”

“Well, Mr. Lin is really a high achiever!”

A kind of people around them bragged.

Long Fei’s face was icy cold, looking at the tea in front of him with killing intent in his eyes.

“Mr. Liu, we didn’t come here to drink tea, when will the auction start?”

Long Fei suddenly said in a cold voice.

He had already lost this round, so he just wanted to hurry up and reveal it and proceed with the auction session.

In this session, he was very confident that his bid could definitely suppress the entire Temperance City businesses and make them all shut up!

“Don’t be in a hurry, Mr. Long, the auction will start soon!”

Liu Dingtian said with a busy smile.

He then walked off the auction stage together with Liu Xuan, and then a man dressed in formal wear walked up.

“Alright gentlemen, I am the host of today’s auction, you can call me the Auction King! Because the highest value of something that has been auctioned off through my hands has reached three hundred million!”

“Let’s cut the chatter and move on to the official auction session!”

The host began to explain the rules.

“Our rules are very simple, this auction is open to anyone who wants to bid, the only condition is to see if their pockets are bulging!”

“Haha!”

The crowd laughed at his words, everyone present was a big boss and there were not many people who were short of money.

“Don’t laugh, gentlemen, I am serious, because the Panglong Mountain Manor project everyone knows the situation, so the price will definitely not be low!”

“Okay, now I’ll announce the rules!”

“We will not set a minimum price for the Panglong Mountain auction, but a capped price, capped at one billion! Whoever gets the item first will get it! But there is one thing, the auction must be settled on the spot, either by transfer, or cheque, or cash, but all other exchanges are rejected! To put it plainly, the seller only wants money!”

“Wow!”

As soon as these words were spoken, the entire venue was immediately set ablaze.

One billion, and only money, was definitely a high threshold for the vast majority of people.

It was true that everyone in the room was rich, but it was also referring to everyone’s assets, not cash by any means.

Who has nothing to do with a billion dollars in cash at home?

It would be better to have that money and invest it.

So this alone was a deterrent for most of the people present.

“The Liu family is really ruthless!”

“Yes, it seems that only the Long Family and Luo Ran Finance can resist this auction, I’m afraid!”

“Indeed, the Liu family was forced to put up the Panglong Mountain Manor for auction this time, but they also took the opportunity to see clearly the future direction of business in Tanjiang City!”

“One mountain can hardly accommodate two tigers, the Liu family has done a good thing this time, at least it allows everyone to see clearly whether the future of Tanjiang City is the world of the Long family or the world of Luo Ran Finance!”

The crowd was discussing.

Long Fei, on the other hand, was very satisfied with the current effect.

He had absolute confidence that he could take down the Panglong Mountain Manor, so this drama of the Liu family was, in his opinion, a free publicity for the Long family, so why not.

“Alright gentlemen, our auction will now begin, you can bid now! Remember it’s a cash deal!”

The host concluded with a reminder.

As soon as the words left his mouth, someone immediately started to make an offer.

“One hundred million!”

“One hundred and fifty million!”

“Two hundred million!”

.....

The sounds of quotations were endless.

And soon the price had risen to five hundred million.

The people who opened their mouths all came with the mood of picking up the pieces, and no one at the Panglong Mountain Manor would be foolish enough to offer a few hundred or a few thousand dollars, so it was a real fight at the beginning.

“Mr. Lin, I wonder how much you are prepared to offer?”

Long Fei suddenly looked at Lin Ran and asked with a smile.

“Now that the price is stuck at five hundred million, there is no more momentum to rise.

This is inevitable, there are still a few people present who can take out five hundred million at once, but at a higher price, I’m afraid even the Luo family is frowning a little.

After all, this is cash, not waiting for you to pay after you sell your property.

“Brother Long Fei is so concerned about me?”

Lin Ran smiled, since this was the case he didn’t bother in hiding,? spoke directly.

“Luo Ran Finance seven hundred million!”

“Seven hundred million! My god this is close to capping the price!”

“Yes!”

“It’s up to the Dragon Family!”

The crowd was chattering, with more than five hundred million, this bid already basically belonged to Luo Ran Finance and the Dragon Family, and other family businesses were no longer eligible to exhibit at the auction.

“Haha! Brother Lin Ran is really a hero, seven hundred million is really a big deal!”

Long Fei laughed aloud.

“However, this Coiling Dragon Mountain Manor is something our Long Family is bound to win, so I’m sorry, I’m afraid I’ll have to make Brother Lin Ran make a trip for nothing!”

Long Fei said with a wave of his hand and shouted directly.

“Our Dragon Family will pay one billion!”

“Buzz!”

There was an uproar all around, so people froze.

The Long family had capped their offer, this was really a ruthless person.

And if this happened, wouldn’t the sky of their business world in Tamagawa City change completely.

“One billion, it’s capped at one billion, good! Our auction became .....”

The host excitedly just wanted to say Sold, but before he could spit out the last word, Lin Ran was smiling.

“Wait! Don’t be in a hurry!”

“Hm?”

Long Fei looked at Lin Ran with an icy chill in his eyes, wondering what this guy was up to now.

“Mr. Lin, it’s already the capped price, you’re a little late in bidding!”

The host said with a slight apology.

Lin Ran, however, was in no hurry and asked with a bland smile.

“It’s true that you said it was capped at one billion, but you also said it had to be a cash transaction, if the Long family can’t get that much money today, then won’t this bid level automatically fall into the hands of the second place, which is us, Luo Ran Finance? And only seven billion needs to be given?”

“This .....

The host nodded his head.

Lin Ran also nodded.

“Good! I’ve got it!”

After saying that, he only saw Lin Ran slowly get up and walk towards the outside.

The crowd all looked puzzled, not understanding what Lin Ran was doing here.

“What are you doing, Mr. Lin?”

The host was puzzled.

“Preparing money! We at Luo Ran Finance are only offering seven hundred million for this Panglong Mountain Manor!”

Lin Ran said indifferently.

Chapter 1029

“Haha! Lin Ran are you out of your mind, I’m offering a billion capped price!”

Long Fei burst out laughing at the sight of this.

“Little friend Lin Ran this is?”

Luo Ming and Jiang San Si were both puzzled, not understanding what Lin Ran meant by this.

“As I said, you can’t get it, so the host might as well wait for the seven hundred million from our Luo Ran Finance!”

Lin Ran said indifferently.

“I can’t get it out? You think that one billion our Long family in ....”

Long Fei was about to dislike him back, but suddenly the fat manager next to him changed his face.

“Brother Long Long!”

“What are you shouting for!”

Long Fei’s face turned ugly as he questioned.

“What’s wrong?”

“Brother Long, our bank’s single billion-plus assets have been frozen!”

The fat manager said.

“What do you mean? How could they be frozen?”

Long Fei’s face became even colder, how could he have expected that Lin Ran had actually fired his old bank, his own funds had actually been frozen, how could he still bid for the auction.

Just as his face was frozen, Lin Ran had already walked to the entrance of the venue and opened the doors.

As soon as the door opened, a group of people in uniform rushed in, each with a solemn expression.

“All freeze, we are from the Criminal Investigation Office, we suspect that the case of the disappearance of the Broken Soul Mountain a few days ago is related to Long Fei, please cooperate with our investigation!”

“You guys are talking nonsense, what does it have to do with me!”

Long Fei was instantly anxious.

“Go back and talk about whether there’s any connection!”

The leader waved his hand directly, and immediately a dozen people came forward and detained Long Fei, and immediately took and left.

“This .....” At once, everyone froze.

No one expected that Long Fei, who was so imposing just a moment ago, would actually be taken away the next moment.

This was too big a flip.

Only they didn’t know that this was a big gift that Lin Ran was preparing to give to Long Fei, ever since he had saved Liu Feng and He Lan, he had been thinking about when to clear his name, and apparently now was the best time to do so.

“So wouldn’t the auction now automatically go to Luo Ran Finance’s head!”

“My God seven hundred million, Mr Lin really can’t be an ordinary person, he really anticipates things like a god!”

“Yes, seven hundred million to buy the Panglong Mountain Manor, this business is too profitable.

“Hey, hey! Where is Mr. Lin?”

The crowd chattered and only then did they realise that Lin Ran had disappeared.

“Lin Ran said he went to get the money, he should be back soon!”

Luo Ming spoke up.

“Right! Very soon!”

Jiang Sansi also spoke up.

With these two titanic figures of Tanjiang City speaking up, the crowd stopped talking nonsense.

But Lin Ran, after leaving the venue, immediately went to the phone to the Eight Elders.

“Send the information to the media!”

“Yes, Your Highness!”

The Eight Elders answered, and a video tape with Liu Feng and He Lan’s recording was sent in at the entrance of every media company in Tanjiang City.

The tape was naturally recorded by Lin Ran, and it contained the whole process of how Liu Feng and He Lan had set themselves up under the coercion of the Long family.

In order to get them to record the video, Lin Ran had given them each two million dollars, and I'm afraid that these two people were already living in some unknown place.

Hanging up the phone, Lin Ran then went to the accountant's office.

"General Manager Lin!"

The person guarding the accountant's office was naturally Uncle Luo.

"Uncle Luo, arrange for seven hundred million to be allocated to the company from my personal account to purchase the Panglong Mountain Manor!"

"Mr. Lin, that's not very good, using your private property ....."

Uncle Luo had some difficulties, using private property to buy something for the company, then after the purchase it would become the company's property!

"No harm, what's mine is Kiki's!"

Lin Ran smiled lightly and had already taken out his Chao Tiange's bank card.

There were at least a few trillion on it, so there was no point in using it.

Moreover, he didn't know what he would do in the future, so if he could help Luo Qiqi, Lin Ran naturally wouldn't be stingy.

"Alright, I'll go and arrange it now!"

Uncle Luo immediately ran off to make the arrangements.

Soon after, Qi Qiang, who was sitting in the corner, was informed.

"What's wrong?"

Seeing Qi Qiang's mouth grow large, Xiao Mei, who was at the side, asked busily.

"I just received a notice that Mr. Lin wants to see me, and that he wants to transfer seven hundred million from his private account to buy the Panglong Mountain Manor!"

Qi Qiang said in shock.

"Really, then won't we be able to see Mr. Lin later!"

Xiao Mei's eyes also glowed and filled up.

"Right!"

Qi Qiang hurriedly nodded his head while getting up and said.

"I'll go over there first, and later we'll go outside to watch!"

"Good!"

Xiao Mei nodded her head, but her heart was already a little restless.

“See you later? No way! I have to go too!”

Xiao Mei was moved by a slight thought.

This was her only chance to get up close and personal with the super rich, so how could she miss it.

Even if she couldn't have anything with him, it would be good to see him!

With that in mind, Xiao Mei said she would do it and immediately ran after Qi Qiang.

“Why are you here!”

Qi Qiang's face paled at the sight, and by now Xiao Mei had followed him to the designated room.

“Nothing, just tell them I'm your stopper and just arrived! I want to meet Mr. Lin too!”

Xiao Mei said busily.

“Can't we meet later outside for an interview?”

Qi Qiang was speechless.

“But it's up close and personal!”

Xiao Mei was reluctant.

As the two were talking, the sound of footsteps had come from outside.

“Alright, alright, don't say a word later!”

Qi Qiang hastily reminded, while straightening his clothes and standing straight in the room.

Xiao Mei also hurriedly patched up her make-up and stood as beautifully as possible, the person she was going to meet later was the super rich of the entire Temperance City.

A mysterious man who would casually offer seven hundred million dollars.

Just thinking about it made her feel excited.

Soon the door to the room was pushed open, followed by Uncle Luo walking in.

Seeing Uncle Luo, Xiao Mei was stunned and a hint of disappointment swept through her eyes.

“Could it be that the super rich man who shocked the entire Temperance City is an old man?”

Xiao Mei thought in her mind.

But following the next moment, she froze.

Because then there was actually another youth who came in, and this youth was also very familiar to her, it was none other than Lin Ran.

“Teacher Xiaomei?”

Seeing Xiao Mei, Lin Ran was also startled, he hadn't expected to run into each other here.

"Lin Ran! You ..... You turned out to be!"

Xiao Mei's mouth grew in shock.

Lin Ran smiled helplessly, seeing that there was no way to hide things, he could only laugh.

"Yes, actually I am ....."

"You're actually the driver who drives for Mr. Lin, why didn't you say so earlier!"

Xiao Mei exclaimed.

"I ....."

Lin Ran was completely helpless, if this little beauty didn't have a problem with her brain, she had a problem with her eyes.

"Mr. Lin! You are Mr. Lin, right!"

Xiao Mei looked at Uncle Luo with a face of excitement.

Uncle Luo, however, had an icy cold face and said in a cold voice.

"Who are you? I don't think there's anyone like you in the accounting department!"

Saying that, Uncle Luo looked at Qi Qiang who was next to him.

"Uncle Luo forget it, he's Qi Qiang's girlfriend, my high school teacher!"

Lin Ran had no choice but to stand out and relieve the situation.

"It's Mr. Lin!"

Uncle Luo saluted respectfully.

"Lin Ran you!"

The smile on Xiao Mei's face stiffened and her entire body froze in place.

One thought that Uncle Luo was Mr. Lin, but the latter's attitude towards Lin Ran just now.

"Could it be that Mr. Lin is really ....."

At this moment, Xiao Mei felt like she had missed out on a world, a world where she had entered the life of the super rich.

"Alright! Qi Qiang start, transfer seven hundred million into the company account and pay it to the Liu family!"

Lin Ran was too lazy to be bothered with Xiao Mei at this point, after all, there was still business to be done, instructed, and then handed the bank card to Qi Qiang.

Chapter 1030

When Lin Ran came out of the room, Xiao Mei still had a shocked look on her face. On the other hand, Qi Qiang, who was at the side, had obviously accepted the fact. He patted Xiao Mei's shoulder and laughed.

"Don't look, people are gone!"

"Qi Qiang, do you think I went too far in my attitude towards him before!"

There was trepidation in Xiao Mei's eyes.

"It's good to know, it's not too late to change!"

Qi Qiang smiled and said with relief.

"Is that so?"

Xiao Mei looked at Qi Qiang with bewilderment in her eyes.

It was at this moment that she really understood how gold-worshipful her previous simple pursuit of money appeared to be.

But what about Lin Ran? He had never said anything about his mockery, but he was still so rich.

"Perhaps this is the gap!"

Xiao Mei laughed to herself.

"Alright, let's go out, later on Mr. Lin will be interviewed by the media!"

Qi Qiang reminded.

"Right, right! Let's go!"

Xiao Mei said busily.

Although the news that Mr. Lin was Lin Ran took her by surprise, Mr. Lin was Mr. Lin, even now Xiao Mei still couldn't forget Lin Ran's clear face with a bland look.

However, in the end the two were disappointed because Lin Ran did not attend the media interview at all, instead it was Uncle Luo who gave the interview in Lin Ran's place.

And one of the most important things was that at the interview, Uncle Luo talked about the molestation of Lin Ran a few days ago.

But just before the interview began, the whole of Temperance City had already been thoroughly rumoured.

That was the video of Liu Feng and He Lan's testimony.

"Bastard abomination! Damn it! I've lost all my plans!"

In the hotel, Long Fei was so angry that he was flinging everything he saw with a furious face!

He had actually just been bailed out a few minutes ago.

The Pan Long Mountain Manor had become a project of Luo Ran Finance, and he, Long Fei, had to face a series of troubles brought about by Liu Feng and the video recorded by He Lan.

“Don’t worry, Brother Long, the PR piece has been sent, and soon things will be squashed!”

Next to him, the fat manager was busy persuading.

“Don’t worry? I’ll let you go, a bunch of rice buckets, all of them!”

Long Fei said angrily.

Only now did he really realise how difficult Lin Ran was to deal with, had he known that he wouldn’t have come to Temperance City in the first place.

Looking at other places, things were going incredibly smoothly for his own Long family, but in Tanjiang City he was hitting nails everywhere, and even he almost .....

“Ding Ding Ring!”

Just when Long Fei was furious, suddenly his mobile phone was ringing.

“Who the fuck, if you can’t tell me what’s going on I’ll kill you!”

“Big brother, why are you so angry?”

A young man’s bland voice came over the phone.

“Third brother? I’m also furious, I forgot you were coming today, where have you been? Big brother is going to pick you up!”

Long Fei suppressed the anger in his heart and laughed.

“Just arrived at the train station, it’s better for us to go and find you!”

On the phone, Long Yue said with a smile.

“That’s fine too! Just at the Regal Hotel!”

Long Fei laughed.

“Good! See you later!”

Long Yue said and hung up the phone.

“Third brother is here, and so are the two yin and yang elders... I haven’t lost this time! Since you Lin Ran have to go against me, don’t blame me Long Fei for being ruthless!”

Long Fei said as he had already picked up his tablet and started flipping through all the information about Lin Ran.

Soon his eyes landed on a photo.

The photo was of a woman, very beautiful and with a natural softness in her eyes that made the mind wander.

“Sure is a beauty, huh! Lin Ran doesn’t know how much she means to you!”

The corners of Long Fei’s mouth rose and there was a hint of greed in his eyes.

.....

But Lin Ran, after the shooting of the Panglong Mountain Manor, Luo Qiqi was the first to rush over, while bringing people to handle the handover procedures.

The actual fact is that you can find a lot of people who have been in the business for a long time, and they’ve been in the business for a long time.

Although many of them had been here before, after all, the Panglong Mountain Manor had now changed owners, so this time they were in a very different mood.

“Little friend Lin Ran, the most famous thing about this Coiling Dragon Mountain is the Cloud Top Villa that has just been built, which is said to have a panoramic view of the entire Temperance City, how about what you are going to do with this villa?”

Luo Ming asked as the group walked towards the Cloud Top Villa.

“I don’t really know about this, let’s see what Kiki’s arrangements are, I’m not too good at company matters either!”

Lin Ran laughed.

All along he had only been responsible for putting up the money, everything else was taken care of by Luo Qiqi’s help.

“Father! I’ve thought about it, this Genting Villa isn’t for sale!”

Luo Qiqi laughed.

“O? Then what are you going to do? Is it hard to use it as your own wedding house?”

Luo Ming laughed.

“Father what are you talking about!”

Luo Qiqi’s pretty face flushed, a little embarrassed.

“I think it’s fine to use it as a wedding room, after all, my nephew’s wedding can’t just pick a place!”

Jiang Sansi also laughed at the side.

“Uncle, you’re also talking nonsense!”

Lin Ran was equally helpless.

“Then what exactly are you going to do with this house?”

Luo Ming asked busily.

This Genting villa was a money spinner, if it was sold well, it might be able to make back several hundred million dollars, and Luo Ming was also afraid that his daughter would be inexperienced and foolish.

“I want to leave this house to Lin Ran!”

Luo Qiqi laughed.

“Leave it to me?”

Lin Ran was stunned and surprised.

“Right! Didn’t you say earlier that you were going to buy a house? I don’t think you should buy one either, just live in the Genting Villa, and you have so many friends, you can’t live in an ordinary house!”

Luo Qiqi laughed.

Lin Ran smiled but was embarrassed for a while, he understood that Luo Qiqi was implicitly referring to Song Nuan and the others.

“This, I’m going to go to the toilet, you guys talk first!”

Lin Ran was helpless and had to find an excuse to slip away first.

“Go ahead, I’ll see you at the Genting Villa tonight, I’ve already called out to Sister Nuan and the others, we’ll hold a celebration party at the Genting Villa tonight!”

Luo Qiqi laughed.

“Er ..... Alright!”

Lin Ran was speechless, but since the four women were coming, there was no reason for him not to show up, so he spent the entire afternoon wandering around the Panglong Mountain Manor alone.

The time soon came in the evening, and the entire Panglong Mountain Manor had all been taken over by Luo Ran Finance after an afternoon of handing over.

And Jiang Sansi Luo Ming and the others had all left.

But this evening was destined to be restless, for inside the Genting Villa, it was all lit up and? a lively scene.

Not only the four Song Nuan women, but even Master Yu and some of the friends that Song Jian and the others knew were all here.

This was a great surprise to Lin Ran.

Moreover, this was the first time he had come to Genting Villa, and he was immediately captivated by the elegant decoration style as well as the beautiful scenery inside.

“No wonder rich people like to live in the villa area on the hillside, it really is a great view!”

Looking out of the window, Lin Ran couldn’t help but feel a pang of frustration as well.

“Lin Ran, have you seen Su Rou?”

Suddenly, Song Nuan walked over and asked with a frown.

“No! Didn’t she come with you guys?”

Lin Ran was stunned.

“No, I’ve asked Qiqi too, and she hasn’t seen Su Rou either!”

Song Nuan frowned.

“Where’s the phone?”

“The phone was called, it was switched off!”

Song Nuan said busily.

This time, Lin Ran was also a little worried.

“Don’t worry, I’ll go make a phone call and ask!”

With that, Lin Ran went straight to the phone to the Eighth Elder.

As soon as the call was answered, the Eighth Elder was the first to speak.

“Pavilion Master, I was just about to call you, just now I received news that Miss Su Rou had been kidnapped by someone, and the other party was none other than the Dragon Family’s Yin Yang Second Elder!”
