

Wonder Doctor

Chapter 1031

“Where is the person?”

Lin Ran’s eyes instantly turned icy cold, he didn’t expect Long Fei to tie his hands, but he didn’t expect this guy to actually put his thoughts big on Su Rou.

Come to think of it, Song Nuan and the three girls were all protected by a strong person from the Creation Realm, and Su Rou was the only one who had been at school for a long time, so sending someone to protect her didn’t quite show.

But who knew that this time it was Su Rou who had something happen to her.

“It’s in an abandoned factory in the eastern suburbs!”

The Eighth Elder busily said.

Lin Ran heard this and hung up straight away, turning around and leaving.

“What’s wrong?”

Song Nuan saw this and knew something was wrong, so she couldn’t help but worry as well.

“Su Rou is in some trouble, you guys wait here and don’t go anywhere!”

Lin Ran gave an explanation and followed, already driving away from the Genting Villa.

He didn’t want to say anything about Su Rou being kidnapped, this kind of thing would not help other people to say, rather they would be even more worried, so why bother.

He drove all the way towards the eastern suburbs and soon Lin Ran’s mobile phone rang again.

Once he saw that it was an unfamiliar number, Lin Ran’s heart couldn’t help but sink, it seemed that the Long family was preparing to come and inform himself.

“Say it!”

Lin Ran answered the phone and said indifferently.

“It looks like you know all about it, then fine! I don’t care to talk nonsense to you, come to the abandoned factory in the eastern suburbs within half an hour, or your little beauty will have to die!”

On the phone, Long Fei laughed hideously.

“I’m also warning you, if Su Rou loses a single hair, I’ll have your Long family pay for her life!”

Lin Ran’s voice was not loud, but it was full of ice cold, causing Long Fei to be stunned as he listened.

“Threatening me? Fine! Then come quickly, or we’ll see who regrets it!”

After saying that, Long Fei directly hung up the phone.

Ten minutes later, at the abandoned factory in the eastern suburbs, Lin Ran rushed straight over.

“Good boy! I, Long Fei, seldom admire you, but you make me admire you, actually daring to come over alone!”

Looking at Lin Ran in the clearing, Long Fei couldn't help but laugh.

At this moment, Lin Ran saw that, while on the first floor of the factory, Su Rou was tied to a pillar and a large group of people were standing next to her.

The leader of the group was naturally Long Fei.

However, Lin Ran also noticed that next to Long Fei, there was also a young man, younger than him, dressed like him, who should be Long Fei's third brother, Long Yue.

Next to him stood two old men, one black and one white, who should be the two Yin Yang Elders that the Eighth Elder had mentioned.

When she saw Lin Ran, Su Rou was clearly agitated, seeing as she was tied up in five different places, and even her mouth was sealed with adhesive tape. couldn't say a word at all.

“Let the people go!”

Lin Ran held back the anger in his heart and said icily.

“Let people go? Lin Ran, what do you think you are? A single word and you want me to let people go, who do you think you are!”

Long Fei laughed.

“Big brother, what's the point of wasting words with him, since this kid is making enemies of you at every turn, in my opinion, just kill him and snatch his estate!”

On the side, Long Yue was full of disdain.

In his opinion, Lin Ran was just an ordinary person, no different from those ants he had crushed before.

“Third brother, you still don't understand big brother? When dealing with this kind of person, I must make begging for life and death impossible!”

Long Fei's eyes were icy cold.

“And, I have to remind you, this Lin Ran is not bad in strength, be careful in dealing with it!”

Long Fei said and came next to Su Rou, took a dagger from his men's hands and placed it right in front of Su Rou's neck, the threatening meaning was very strong.

“What the hell are you going to do before you let her go!”

There was anger in Lin Ran's eyes, it was a naked provocation to him.

“Let her go? It's simple, kneel down for me! Kowtow ten times!”

Long Fei said aloud.

“You!”

Lin Ran's face was icy cold, her silver teeth clenched.

"Don't!"

Su Rou's mouth was sealed, but the words Lin Ran could still hear what they meant.

"Stinking bitch!"

Long Fei slapped Su Rou directly on the face, and instantly her delicate cheeks became red and swollen.

"Stop it!"

Lin Ran's heart trembled and her whole body trembled.

"Is it true that if I kneel down, you will let her go!"

Lin Ran questioned.

"You're not qualified to negotiate with me!"

Long Fei sneered.

Lin Ran's fists clenched without speaking.

"Lin Ran don't! Don't kneel down!"

Su Rou hissed in anxiety.

She remembered that the last time Song Nuan had been kidnapped by Yue Bu, Lin Ran had suffered the humiliation of kneeling down, and that time he had directly killed Yue Bu and even beaten Yue Shan to flee in haste.

Kneeling was definitely a great grudge against a man, and this incident had always made Song Nuan feel very guilty about Lin Ran.

She, Su Rou, wouldn't let things repeat themselves, she didn't want to.

"Kneel or not!"

Long Fei looked at Lin Ran with a deadly look, the dagger in his hand already next to Su Rou's neck.

"You are not allowed to kneel even if I die!"

Su Rou shouted with almost all her strength, while her body snapped out and she actually slashed herself towards the dagger.

"Shit! Crazy woman!"

Long Fei was taken aback and hurriedly withdrew the dagger, but he was still a step too late, and a mark immediately appeared on Su Rou's neck and blood flowed.

Luckily, the wound was not deep, which did not kill her.

"Bastard!"

Lin Ran was furious at the sight of this, and with a roar of rage, his whole body's true qi suddenly filled out.

The dagger in Long Fei's hand was instantly turned into ashes as he heard the sound of metal shattering.

"Huh? Good boy still has some skills!"

Long Yue instantly became interested when he saw this.

He was a proud son of the Dragon Family's outer clan, destined to enter the inner clan, and now that he saw that Lin Ran was actually so strong, the idea of fighting Lin Ran sprang up.

"Young Lord, no! Let us two old men meet him!"

The two Yin and Yang Elders said busily.

Long Yue was Long Pingtian's most prized child, they didn't want anything to happen to him.

"No need, just a small person from Temperance City, I, Long Yue, don't even care about it!"

Long Yue was very arrogant, and directly pushed the two Yin Yang Elders away, and lunged towards Lin Ran.

"A Qi Watcher looking for death!"

Lin Ran's killing heart was in full swing at this moment, so when he saw this, he immediately met him.

He had just shattered all the daggers, so Su Rou was safe at this moment, and he was always partly focused on Su Rou, so if the latter was in danger, Lin Ran would be the first to rush over.

The two of them immediately came face to face and fought.

But after all, Long Yue was only a Qi Watching Realm, while Lin Ran was a real Heaven Seizing Realm, so there was a big difference between the two of them, not to mention that Lin Ran had always fought beyond his rank.

"Poof!"

With a single glance, Long Yue's entire body flew backwards, while a mouthful of fresh blood was spat out directly.

"You're just a piece of trash, and you're worthy of fighting me!"

Lin Ran said angrily, while turning his head and preparing to go up to the first floor to save the others.

"Third brother!"

Seeing this, Long Fei's heart was anxious and angry, and as soon as he took out a bank card from his pocket, he pressed it against Su Rou's neck.

"Lin Ran if you dare to touch my third brother one more time, I will kill her right now!"

"You!"

Lin Ran was so angry that his body trembled, he had already shattered all the daggers through the crowd,? But who knew that this Long Fei had actually taken out a bank card to threaten himself.

“Are you alright, third brother!”

Long Fei asked busily.

At this moment, Long Yue just got up from the ground and waved his hand to show that he was fine, while wiping off the blood from the corner of his mouth.

“You’re really strong beyond my expectation, but that’s all. If you dare to fight back next, I’ll immediately let big brother kill that woman!”

Long Yue sneered.

“Despicable!”

Lin Ran’s eyes were cold, he could already foresee what this Long Yue was going to do next.

“Hey, I’m despicable! If you dare to hurt me, I’ll show you what crazy revenge means next!”

After saying that, Long Yue’s eyes chilled and his body already lunged towards Lin Ran.

Chapter 1032

With a palm blade like lightning, Long Yue slapped his palm towards Lin Ran’s cheek.

Lin Ran moved his feet trying to dodge.

“Don’t you dare move!”

Long Yue roared, and beside him, Long Fei had already pressed his bank card even tighter.

“You!”

Lin Ran gritted his teeth, his whole body shaking with rage.

But he couldn’t move, if he did, then Su Rou would be .....

“Slap!”

A crisp slap sounded throughout the factory.

And Lin Ran’s cheek followed with five red marks.

With his strength being beaten like this, it was enough to see how darkly this Long Yue had struck.

“Hm? It only took five red marks to appear, boy you’re really hardy!”

Long Yue was a little surprised, he had used his full strength in this slap, even if he was facing an adult, he could have easily knocked him out.

However, Lin Ran’s cheeks were only a little red, which surprised him.

“Let her go!”

Lin Ran was not bothering to look at Long Yue, this kid was at the peak of the Qi Watching Realm, it was impossible to kill himself, at most he would suffer some flesh and blood, but Su Rou was his top priority.

“Third brother, don’t care if he’s tough or not, now he doesn’t dare to fight back, just hit as hard as you like, dammit! Take this one of mine with you!”

Long Fei laughed triumphantly.

He naturally knew that Lin Ran’s gaze was always on him, so his hand never left Su Rou half an inch, and the bank card was always pressed against Su Rou’s neck.

Although the bank card was not sharp, it was very simple to kill someone.

“Bang!”

Long Yue did not hesitate, and instantly kicked Lin Ran directly on his body again.

But Lin Ran only staggered two steps and then stood firm again.

On the contrary, Long Yue himself almost fell to the ground because of his unstable weight.

“Damn, this kid is made of stone!”

Long Yue couldn’t help but curse, and then ran to the side to find a wooden stick.

The wooden stick was as thick as an adult’s arm, and it was also a very precise texture of acacia wood, which was similar to steel when it hit a human body.

“No!”

Su Rou’s cheeks were already completely wet with tears at this point.

She looked at Lin Ran, her eyes were blurred, but it was just that she couldn’t do anything herself at this point.

“It’s alright! Don’t cry! I can still carry it!”

Lin Ran also looked heartbroken.

Was Su Rou wrong? What was wrong with her? She was only dragged down by herself.

If it wasn’t for the fact that she was in the hands of Long Fei, Lin Ran wouldn’t be in such a passive position.

Both of them were hurting for each other, but neither of them could do anything about it.

Lin Ran’s gaze always fell on Long Fei, he was waiting, waiting for a chance, a chance to save Su Rou with a single blow.

“Bang!”

Long Yue, however, was not the least bit polite, the thick acacia wood in his hand already greeting Lin Ran towards his body.

Lin Ran couldn't dodge, and the stick smashed solidly, directly slapping him on the back, immediately Lin Ran felt a blockage in his chest, his mouth sweetened, and a mouthful of fresh blood unconsciously spurted out.

Long Yue was still at the peak of the Qi Watching Realm, although he was one big realm behind Lin Ran, but to greet Lin Ran with such a thick wood, even if Lin Ran was made of iron, he couldn't stand it.

"Kid! I'll see how long you can hold out!"

The more Long Yue fought, the more energetic he became, and the acacia wood in his hand changed direction this time and swept towards the crook of Lin Ran's leg.

"Bang!"

There was another muffled sound, and one of Lin Ran's legs was directly bent to the ground by the acacia wood.

"Don't!"

Looking at the scene in front of her, Su Rou's entire body was about to faint.

She knew that last time Lin Ran was almost fighting for his life in order to get to Song Nuan, but at that time, she had only heard about it after all, but at this moment, witnessing this scene in front of her eyes made her entire person fall into despair, as well as deep self-blame.

"Don't? A woman's word for don't is yes, Sandi come a little harder!"

The more distressed Su Rou was, the more excited Long Fei became, as if he had taken out all the humiliation he had suffered in recent days.

"Okay big brother!"

Long Yue replied with a smile, while the acacia wood stick in his hand slapped directly towards Lin Ran's chest!

"Bang!"

"Ka!"

This time, the acacia wood stick hit Lin Ran and actually snapped in response, while Lin Ran even laid his entire body down directly on it, spitting out a large mouthful of blood.

He could even feel that at least three of his ribs in his chest had been broken.

"Lin Ran! You go! Go!"

Su Rou was almost frantic, she was really afraid that if this continued, Lin Ran would be beaten to death alive.

"Damn the stick is broken, but this kid only broke three ribs! How fucking hard!"

Long Yue couldn't help but curse.

“Haha! Third brother, don’t worry, there’s a proper iron stick here when the wood is broken, find an iron stick and keep on beating! Today, beat him to the point of not knowing his own mother!”

Long Fei laughed.

“Big brother, it seems that this kid hasn’t offended you much! Come on, today I’ll give you a good deal of grief, third brother!”

Long Yue laughed and immediately ran to find a steel pipe and greeted Lin Ran’s body again.

“Bang, bang, bang!”

A dull sound rang out as Su Rou finally passed out as she couldn’t take it anymore.

“Su Rou!”

When Lin Ran saw this, his eyes turned red, and there was endless anger in his eyes.

“What? Angry? I’m so scared, it’s working! Still fucking playing with Laozi, what are you!”

Long Fei laughed at this.

And at this moment, Long Yue smashed another stick directly onto Lin Ran’s head.

This time Lin Ran only felt his whole head go blank and he fell to the ground with a bang.

He looked at the ceiling with his eyes and felt that the whole world was spinning at that moment.

The head was a fundamental part of a person’s life, and it was rare for Lin Ran not to pass out immediately after being hit so hard.

“Weng!”

Suddenly, a warm current quickly surfaced in Lin Ran’s mind, quickly suppressing the groggy feeling in his head, while a voice also sounded out.

“Shit! What the hell are you doing, you almost had your head blown off!”

The one who spoke was naturally the pillow.

“Nothing!”

Lin Ran casually replied, raising his head with difficulty to look at Su Rou.

And with this look, his eyes instantly lit up.

This was because at this moment, Long Fei had already taken his palm down from in front of Su Rou’s neck, obviously because he had just been beaten and was lying on the ground, thinking that he couldn’t make it.

“The opportunity has finally come!”

The killing intent in Lin Ran’s eyes quickly filled up, and at the same time, even the pillow felt a hint of palpitations and hurriedly burrowed into his own little world, not daring to come out, knowing that in the next few moments, Lin Ran was afraid that he would go mad.

“Long Fei!”

Lin Ran suddenly spoke up and chided.

“Hm?”

Long Fei was stunned to see that Lin Ran had actually sat up, so his heart trembled and he said no. He hurriedly took his bank card and put it around Su Rou’s neck.

But this was one step too late, but Lin Ran had already moved.

“Whoosh!”

Lin Ran’s palm flipped and a cold ray of light shot out.

“What is it?”

Long Fei was stunned as his palm had already reached Su Rou’s neck.

“Eldest Young Master be careful!”

On the side, the two Yin Yang Elders noticed that something was wrong and rushed over, but it was too late.

Long Fei’s palm stopped in front of Su Rou’s neck and did not move, as if he had turned into a statue.

“Poof.”

Suddenly a cold ray of light broke out from Long Fei’s back, bringing up a trail of blood.

And Long Fei followed suit, his eyes rolled over and he fell straight towards the ground.

“Big brother!”

“Eldest Young Master!”

Long Yue and the two Yin Yang Elders were both dumbfounded, Long Fei actually ..... had actually died!

Chapter 1033

“Yin and Yang Two! Kill that stinking bitch for me!”

Long Yue almost roared as he shouted.

In the outer clan of the Dragon Family, the branch he had served seemed to hold great power, but secretly there was no telling how many side lines were eyeing him.

And his father’s three sons each had their own division of labour; he, Long Yue, was destined to enter the inner clan because of his talent and had already gained the support of the inner clan.

The second brother, on the other hand, was half cultivator, half schemer, and at the same time one who was detached from being outside the clan, a sort of retreat for their branch of the lineage.

Only the elder brother is the one who will succeed his father as the head of the outer clan in the future.

But now that Long Fei had died, their future plans were all in disarray, and even the second brother, who was hiding in the world, might be forced to transfer back.

“Lin Ran! I want you to die! Die!”

Long Yue was also furious at this point.

He grabbed the iron rod in his hand and smashed it at Lin Ran’s head.

And on the first floor, the two Yin Yang Elders also charged at Su Rou.

“It’s too late to prepare to kill me now!”

Lin Ran’s face was cold as he cupped the finger of his sword in his left hand for a moment with his bare hand.

At once, the dagger broke its tip and went straight at the two Yin and Yang Elders.

Previously, Long Fei had been able to blackmail himself because he was too close to Su Rou, and he was afraid that Su Rou would have been killed before he could make a move.

But now that Long Fei was dead, and the Yin Yang Elders were still far away from Su Rou, Lin Ran couldn’t possibly give them a chance.

“Bang!”

Lin Ran’s left hand controlled the dagger’s broken tip and tangled with the Yin Yang Er Lao, while his right hand directly caught the iron rod that Long Yue was wielding with his bare hands and directly grabbed it in his hands.

“What!”

Long Yue was startled.

“Do you think you were really your own bully for being able to beat me before?”

Lin Ran turned his head to look at Long Yue with anger in his eyes.

“Without the threat of your big brother, you are a piece of shit in my eyes!”

As Lin Ran said this, his right hand lashed out and the iron rod in his hand flew backwards, smashing directly into Long Yue’s chest with a “bang”.

“Poof!”

Long Yue instantly flew backwards and a mouthful of blood followed.

“You! What kind of strength are you!”

Long Yue was finally panicking at this point, one blow had seriously injured himself, this heavy strength was simply not something he could deal with.

“What strength? You’re worthy of knowing, and a genius of the Dragon Family! I’ll make you a wastrel of the Long Family today!”

Lin Ran was burning with rage, and with an arrow step, he had already reached Long Yue.

“Young master!”

“Stop!”

Seeing this, the two Yin and Yang Elders didn't care about Su Rou and lunged directly towards Lin Ran.

If Long Yue were to die, the two of them wouldn't have to return to the Long Family.

“Stop? Stop when you say stop!”

Lin Ran's face was icy cold.

With a wave of his palm, the dagger's broken tip had returned to his hand.

He even lifted his right hand and slapped Long Yue's dantian with a “bang” without a second thought.

“Bang!”

With this slap, Long Yue only felt that something had broken inside him, and then he felt as if his whole body's strength had been drained, and his body rapidly weakened.

The aura that he used to carry in his hands and feet, the aura that he could mobilize at will with a single movement of his mind, was all gone at this moment.

“My realm! My realm is gone, this kid has destroyed my aura!”

Long Yue's entire body was dumbfounded at this point, and tears were already flowing down his face as he spoke to himself.

He was finished, the breath he had worked so hard to cultivate since childhood had been completely broken up by Lin Ran once and for all, and he had truly become a ruined man.

“Young master!”

The two yin and yang elders' eyes were red, Long Yue was now in this condition, even if he didn't die, he was almost as good as dead, would Long Pingtian let them go after becoming a ruined man.

“Big brother! You take him away!”

The white-robed Yang Lao shouted hurriedly.

“Is there any use in taking him away now!”

The black-robed Yin Elder said angrily.

“Take the young master back, at least one of us will still be alive, if we delay any longer, we will all die!”

Elder Yang said anxiously.

“If you want to go, you should go too!”

Elder Yin said eagerly.

“Brother, you should stop struggling, I have no children or attachments, but you are different!”

Elder Yang said as he had already taken the lead and lunged towards Lin Ran.

“Ai!”

Seeing this, Old Yin didn't say anything more, as he took Long Yue in his arms, turned around and ran.

“Want to leave?”

Lin Ran was completely furious at this point, and with a wave of his palm the dagger's broken tip flew out.

“Your opponent is me!”

Elder Yang also rushed over at this moment, stopping Lin Ran.

“With just you?”

Lin Ran laughed.

“Kid don't get cocky, you're only at the Heaven Seizing Realm, what's the hubris with old me!”

Elder Yang said in a cold voice, at this point calmly he had seen through Lin Ran's strength.

“Ao? Is that so?”

Lin Ran's eyes chilled as his body flickered and he had already arrived in front of Elder Yang.

He could only see his palm rushing towards Elder Yang's neck and slashing straight through.

“Don't be rampant!”

Elder Yang roared in anger and met his palm with a slap as well.

However, their palms did not touch, and the moment Yang Lao's palm struck, Lin Ran's palm had already slashed past the front of the latter's neck.

“Both are at the Heaven Seizing Realm, but you're not really weak in general!”

Lin Ran said indifferently as he turned around and chased after Old Yin.

And it was only after he had gone that a very small wound appeared on Yang Lao's neck, blood gradually seeping out, followed by Yang Lao falling to the ground with a flop, completely cut off.

“Move! Run!”

Long Yue reacted at this moment, his whole face bristling white, it was only two copies in time from the time his elder brother was killed.

But he himself had already become a ruined man, and even Elder Yang had fallen.

“Second brother!”

Old Yin had anger in his eyes, but what could he do, even his second brother was no match for Lin Ran, let alone himself.

“Want to leave?”

Lin Ran’s eyes were cold, and the dagger’s broken tip burst out directly, heading straight for Elder Yin.

“Lin Ran! You shall not have a good death!”

Old Yin’s entire body’s aura skyrocketed, and as he frantically fled, his right hand met the dagger’s broken tip and struck it.

“Bang!”

Suddenly, Old Yin’s entire right hand exploded violently, directly sending the dagger-breaking tip flying backwards.

And Old Yin also disappeared into the darkness at the entrance of the factory with Long Yue.

“That was a quick run!”

Lin Ran put away the dagger and wiped off the blood that was gradually staining his face before he ran towards Su Rou.

Su Rou was only unconscious from the shock and was unharmed.

Lin Ran quickly put back the broken ribs in his chest before picking up Su Rou and walking out of the factory.

.....

The next afternoon, when Lin Ran woke up, there were already many people gathered inside the Cloud Top Villa.

Apart from Song Nuan and the four women, it was Luo Ming, Jiang Sansi and others.

Word had thoroughly spread about what happened to Lin Ran last night.

Of course it was naturally not something he wore, but other people, those who did not deal with the Long Family.

The Long Family had been greatly wounded this time, Long Fei had died, Long Yue had even been wasted, and even the two Yin Yang Elders were one dead and one disabled.

It was impossible to hide such a blow.

Lin Ran picked up his mobile phone and looked at it, there were many missed calls on it, it was none other than the Eight Elders who were calling.

“Lin Ran! You’ve gotten into a big trouble this time, I’m afraid the Long Family won’t let it go!”

Luo Ming stood by the side, very worried.

“Nephew, don’t be afraid! Big deal, uncle will take you far away!”

On the side, Jiang Sansi was advising, his sister only had this one son, he felt that it was impossible to let it go.

Lin Ran revealed a smile and cried, looked at the four girls, then said.

“Don’t worry, I’m fine! Allow me to make a phone call first!”

“No need! The person is already here, right on the first floor!”

Suddenly, Qin Bing next to him spoke up.

Chapter 1034

Both Luo Ming and Jiang Sansi were stunned at the words, remembering the old man of some sort they had just seen.

“Nephew, then uncle will leave you alone, remember to call uncle if you need anything!”

Jiang Sanshi spoke.

“Me too!”

Luo Ming also smiled.

“Thanks a lot uncle, uncle Luo!”

Lin Ran bowed, and I was afraid that these two were the only ones who could still stand by his side at this point in time.

As for Liu Dingtian’s generation, it was obvious that they were all close if it was beneficial, but far if it was not, not to mention that they were now in trouble with the Long Family.

In fact, Lin Ran also understood that I was afraid that the whole of Tanjiang City was already in an uproar.

He had killed the eldest son of the Long family and ruined the youngest son, and one of the two elders of the Yin and Yang family had died and one had been crippled.

After sending Luo Ming and Jiang Sansi away, Lin Ran went to the first floor of the villa alone.

Meanwhile, at Li Mu Di’s home far away in the imperial capital, it was rare that Wang Yifeng Leng Zhan as well as Liu Chen Zhang Xu and Song Jian who had just arrived in the imperial capital met up.

“Ranzi has had such a big incident in Tanjiang City, are we just going to wait here?”

Liu Chen was anxious, and as the dormitory boss, he was completely anxious in the face of today’s situation.

“What if we don’t wait? The Dragon Family is so powerful? We’re all too weak, going back won’t help at all, but rather add to the chaos!”

Wang Yifeng said in a salty manner.

“But if we don’t do anything, then who else can help Old Six?”

Song Jian said busily.

“Do? You tell me what you can do?”

Wang Yifeng looked at Jian Song.

“You!”

Song Jian was dumbfounded, yes, what could he do, he really couldn't do anything.

In terms of financial power, he was no match for the Long Family, and his manpower was even more impossible to compare with the Long Family, what else could he do.

“If I were you, I'd just stay in the empire and not go anywhere! Don't cause trouble for Ranzi is the best action!”

Wang Yifeng said blandly.

“You!”

Liu Chen was also a little anxious.

“Gentlemen, you should stop arguing! I agree with Wang's opinion!”

Leng Zhan spoke up at the side.

After all, Leng Zhan was a retired soldier king and had more say in this group than Wang Yifeng. Although Wang Yifeng had a better relationship with Lin Ran, after all, now that Lin Ran was not here, the one who was more capable all round was Leng Zhan.

“Instead of going back to help, we should wait here at ease. I think you all know what kind of person the boss is, if he didn't have a complete solution, I'm afraid he would have already run away!”

The crowd nodded their heads at his words.

After all, Lin Ran was not the poor boy of old, with his current means, if he wanted to run away so that the Long family couldn't find him, it would simply be too easy.

But he hadn't done that, so he obviously just had a way to deal with it.

“All right, all go back, go about your business, don't get caught by the Long family even if it's the best favor you can do!”

Wang Yifeng said indifferently, and then went back to his room alone.

He had a lifelong friendship with Lin Ran, how could Wang Yifei not be worried about Lin Ran, but the fact was right in front of him, he couldn't help himself, so instead of rushing back for the sake of the moment, he should wait here and not cause any trouble for Lin Ran.

“This strength of mine is still too weak!”

In the room, for the first time, Wang Yifeng had the thought of longing to become stronger.

.....

But Lin Ran that, when he arrived at the first floor of the villa he saw the Eight Elders.

“Pavilion Master! You’re awake!”

Seeing Lin Ran, the Eight Elders saluted respectfully.

“Well! How is the situation now?”

Lin Ran asked.

“The whole cultivation world has heard about last night’s incident, and although the Dragon Family is a hidden family, there are actually quite a lot of people staring at them, so it can’t be suppressed at all!”

The Eighth Elder frowned and said.

“Since it can’t be suppressed, then let’s find a way to silence the Dragon Family!”

Lin Ran frowned.

“Pavilion Master, I have made numerous arrangements since last night, the people from the Dragon Family should be here by eight o’clock tonight, do you think we should just leave?”

The Eighth Elder asked busily.

“Leave? Why should we leave, Temperance City is my home, and! We, the Chao Heavenly Pavilion, are still afraid of him, a Dragon Family?”

Lin Ran said in a cold voice.

“Your Highness, I don’t mean that, naturally our Chao Heavenly Pavilion is not afraid of him, but we are internally .....

The eighth elder was a little hesitant.

“You are trying to say the second, third and fourth elders right!”

Lin Ran said directly.

“Exactly!”

The eighth elder nodded his head while saying.

“I already informed the Eldest Elder of this matter last night, he will be able to arrive in a moment, apart from the Eldest Elder accompanying him there is also the Fifth Elder, while the Sixth and Seventh Elders are abroad and won’t be able to return for a while!”

“What about the three of them?”

Lin Ran asked with a frown.

“The Second Elder is also abroad, while the Third and Fourth Elders are in the Imperial Capital, I’ve already passed on the news, but only the Fourth Elder should be coming, I’m afraid the Third Elder will put it off!”

The Eighth Elder said helplessly.

“Put it off?”

Lin Ran laughed, his own matter this time, the eight elders sent the most serious notice for sure, but all the people near the Chao Heavenly Pavilion must be dao, but this third elder actually managed to push it off.

“This third elder let me down!”

Lin Ran didn't avoid it and said blandly.

“Pavilion Master, it can't be helped, after all, the old Pavilion Master has disappeared for too long, and with so much time having passed, it's inevitable that someone's heart has changed!”

“I know, but remember, it's just as well that I, Lin Ran, didn't become this Pavilion Master, but since I did! There are some things and some people, and it's time to settle things!”

Lin Ran said and touched the bracelet on his wrist, only now did he understand the truth that being the head of a force was really not as simple as just talking about it.

The fact that Sister Jiu You could single-handedly create the Chao Heavenly Pavilion back then was enough to show how bold she was back then.

As time passed, Lin Ran told the four women to stay on the ground floor of the villa and not to go there tonight, while he took the group straight up to the roof.

The roof was actually a small square with an open-air swimming pool and many other leisure facilities.

At 7pm, the Grand Elder and the Fifth Elder arrived on time, but the Fourth Elder was late in seeing any movement.

“Pavilion Master!”

When he saw Lin Ran, the Eldest Elder was clearly a little excited.

“Eldest Elder!”

Lin Ran said indifferently.

“Your Highness, I have sent people to investigate on this journey, this time the Long Family has come not only with Long Pingtian, the outer clan chief, but also a fellow inner clan steward, Long Pingliang!”

The Eldest Elder said busily.

“This Long Pingliang is Long Pingtian's own brother, and is also one of the more prominent people in the inner clan of the Long Family, and his strength is also at the Realm of Creation!”

“Creation realm?”

Lin Ran frowned slightly, then asked.

“Are there any others in the Realm of Creation?”

“No more!”

The Grand Elder said indifferently.

“O?”

Lin Ran smiled but was in a daze, the Dragon Family was coming to find him with a huge voice, but there was actually only one Realm of Creation, this was a bit shabby when word got out.

“Your Highness has no idea, not only the Dragon Family, even the Li Family as well as the Fire Family in the Imperial Capital, there are actually not many Creation Realm powerhouses, at most there are only around ten Creation Realms in each family at full count!”

“And each Creation Realm powerhouse is the root of a family’s might, so no one can even see them on a normal day!”

“But our Chao Heavenly Pavilion is different!”

The Grand Elder said here, his face filled with pride.

“Our Chao Heavenly Pavilion doesn’t belong to any clan, and we walk the world with healing, and after long years of accumulation, our Chao Heavenly Pavilion has over thirty Creation Realm powerhouses, and even after subtracting those of the two, three, and four elders, there are still a full twenty of them, so in reality, the Dragon Clan doesn’t dare to do anything to our Chao Heavenly Pavilion at all!”

Chapter 1035

“Since it’s so strong, why don’t you just step in and forcefully suppress it, that way you can also not reveal my identity!”

Lin Ran mused.

He didn’t want to reveal the fact that he was the Chao Heavenly Pavilion Master, after all, this was a super trump card and it wouldn’t be good for him to be exposed like that.

“You’re thinking too simply, Pavilion Master!”

The Grand Elder shook his head helplessly.

“Although we have many people in the Chao Heavenly Pavilion, I am afraid that when it comes to a crisis there are only ten Creation Realm powerhouses who are truly willing to fight for their lives, such as the Ghost Elder, this group of them are all people who once followed Master, but for long years they also used the last set of acupuncture techniques of the Pill Canon and became living dead like us!”

“Although they have managed to live until now, their strength is no longer able to be refined!”

“But they are already at the Creation Realm after all, so they can be said to be the strongest group of people as far as their current strength is concerned!”

Lin Ran frowned.

“In crude terms, you could say that, but the reality is far more complicated than one might think. But in reality it is a scattered mess!”

“This is a dereliction of duty on the part of my subordinates, as we are all Elders, and although I am the Grand Elder, I am still unable to compare with you, the Pavilion Master, in this capacity, so I am afraid that this time I will have to expose your presence!”

The Eldest Elder said helplessly.

“Alright, since it can’t be avoided, then let’s expose it!”

Lin Ran was also helpless.

Originally, he had thought that the Chao Heavenly Pavilion was so powerful that? It could just be suppressed.

But who knew that it was also full of problems, but thinking about it, how long had he only been this Pavilion Master? It is difficult to understand the Chao Heavenly Pavilion so easily and thoroughly.

The current three elders, two, three and four, alone were problems that he could not put right.

“Is there any way to restrain the second, third and fourth elders?”

Lin Ran suddenly asked, he didn’t really like this kind of time bomb around him, after all, no one knew when it would explode!

“This ..... Not at the moment!”

The Eldest Elder said helplessly.

“Right.”

Suddenly! The Grand Elder thought of something and hurriedly pulled Lin Ran aside and whispered.

“Pavilion Master, I wonder if you’ve read the last page of the Xuan Yin Pill Canon on the method of acupuncture?”

“Seen it! It’s very mysterious!”

Lin Ran nodded his head, the last sheet of the Xuan Yin Pill Canon’s method of acupuncture and moxibustion was so arcane and obscure that even he didn’t understand it very well.

But to be on the safe side, he had written down the acupuncture method on it, but he didn’t understand the main points.

“Your Highness! You haven’t used this set of acupuncture, so you don’t know, but I always feel that this set of acupuncture is something that Master has left behind on purpose!”

The Eldest Elder said and stretched out his arm, only to see that at his wrist, there was actually a black dot, much like a mole, but a closer look would reveal that it wasn’t a mole at all, it was just a black dot.

“Several of us elders have studied it before, and as soon as we use this last page of the acupuncture method, this black dot will appear on our arms!”

“No matter what methods we used, we couldn’t get rid of it!”

“At first we thought it was just a normal phenomenon, but then we found out that since we used this acupuncture technique and the black dots appeared, our minds were bound by some kind of power!”

“Thought bound?”

Lin Ran was instantly shocked, a person’s mind was subtle and unpredictable, even the mind could be bound then how powerful this set of acupuncture techniques was.

“To be exact, it is, except that up until now no one has dared to touch the forbidden area of the mind, so no one knows how serious the consequences are!” |The

The Grand Elder said.

“Then what exactly are the thoughts that are bound?”

Lin Ran was busy asking, maybe there was a way in here that could bind the second, third and fourth elders.

“It’s very simple! It is to betray the Chao Heavenly Pavilion!”

The Eldest Elder said.

“Betray the Chao Heavenly Pavilion?”

Lin Ran was stunned, and then he felt as if he had thought of something.

“Let me see!”

Lin Ran said as he directly reached out and clasped the Grand Elder’s wrist, followed by a surge of true qi entering the latter’s body.

True Qi surged, and soon Lin Ran discovered what the problem was.

The black spot on the Grand Elder’s wrist was not a black mole at all, it was something as black as a small stone!

Under the detection of his true qi, Lin Ran could see clearly that the object was clinging to the Grand Elder’s wrist, only the bulge was inside the skin, so from the outside it looked like a black egg, nothing else could be seen.

However, as Lin Ran wrapped the small black stone with his True Qi, his entire breath froze.

Under the perception of his true qi, he actually felt clearly that there were signs of activity within that small stone, since there were signs of activity within it.

“This thing! It’s not a stone, it’s actually an egg!”

“Pillow Book! Come out quickly!”

Lin Ran shouted busily in his mind.

On top of the Xuan Yang Pill Book, there were many records of compulsions, but Lin Ran had just never added this one, but what was this thing in front of him if it wasn’t a compulsion.

Even coupled with the words of the Grand Elder before, it was clear that this was a compulsion, one that was used to control them.

“I understand! I understand it all!”

Lin Ran’s heart instantly dawned on him.

I’m afraid that when her own senior sister, the Nine Spectral Maiden, had created the Chao Heavenly Pavilion, she had only wanted to create a back-up force for the cultivation world that was proficient in healing.

But back then, she was in an era where great wars were raging.

So she could not guarantee that she could always look after it.

But the Xuan Yin Pill Canon was too powerful after all, and if she could not keep managing the Chao Heavenly Pavilion, this would only allow the Chao Heavenly Pavilion with the Xuan Yin Pill Canon to expand indefinitely and eventually lead to a great disaster.

So she left this set of acupuncture techniques on the last page of the Xuan Yin Pill Canon, saying that it was acupuncture, but in fact it was the introduction of this egg into the body.

Let these people who had performed the acupuncture technique, could only stay within the Chao Heavenly Pavilion forever, following the rules of the Chao Heavenly Pavilion, but anyone who wanted to break away from the Chao Heavenly Pavilion was bound to induce these parasites to slope out of their bodies and wear that person down.

When he understood this, Lin Ran understood why the three elders had never been able to leave the Chao Heavenly Pavilion, even though they were very strong, they could not get rid of this.

“Senior sister is really looking at the long term!”

Lin Ran sighed in his heart.

Don’t look down on this tactic, but it was this tactic that had preserved the Chao Heavenly Pavilion until today.

It was only to the surprise of senior sister that only three of the eight elders she had cultivated throughout her life had eventually developed the idea of betrayal, while the other five elders were still following her rules even today.

“Even though Senior Sister is a woman, this art of attacking the heart has reached its peak!”

After all these years, she still has the five elders following her to the death, I’m afraid this charm is not something that anyone can achieve.

“What do you want from me, kid?”

Lin Ran was thinking in his mind when the pillow’s voice rang out.

“Huh! Isn’t this a worldworm? How come there’s one inside this old man?”

Pillow Book quickly noticed the black egg and immediately wondered.

“A world worm? What’s that thing?”

Lin Ran asked busily, he just didn’t know this kind of thing, which was why he wanted to ask Pillow Book.

“It’s a kind of compulsion worm, but it’s only found in that world of mine, how did it appear here?”

The Pillow Book was puzzled, but he still told them where this thing came from.

Chapter 1036

A world worm, in the world of the pillow book, is actually a very rare worm.

Born in the world chaos, this worm has no spiritual intelligence and has always lived by devouring the chaos energy.

Once it is removed from the environment of Chaos, it grows a hard outer shell and falls into a deep sleep itself, somewhat like a silkworm chrysalis.

But this thing was generally of little use in that world of his, and although it could be used as a compulsion, the cultivators in the world of the Pillow Book were so strong that the power within them could easily shake such worms to death with complete ease.

So it would just deal with ordinary people.

But to his surprise, when placed in Lin Ran’s world, even the Grand Elder was helpless.

Even Lin Ran suspected that this kind of worm, I was afraid that even a strong person of the Creation Realm could not possibly shake it to death.

“Is there a way to get this thing out?”

Lin Ran asked busily.

“Nonsense, it’s not a piece of cake to deal with it if this rushes this rotten.”

Pillow Book said as he took out a quick stone, only the size of a fingernail cap.

“This is a small piece of chaos stone that the Immortal Emperor used left over back then, you scrape some off and put it on this old man’s wrist, in less than a minute, that worldworm will be able to crawl out on its own, but once it leaves the host, when this chaos stone is finished by him, this worm will be finished!”

“What about the host?”

Lin Ran asked busily.

“Naturally there would be no more restraints, it’s all thanks to this worm that they’ve survived so far, the world worm that was born at the same time as a world, without it, they would grow old and die just like ordinary people!”

The pillow book said.

Lin Ran, however, was in a frenzy of thought, ? With this thing wouldn’t he be able to make the eight elders all look like normal people?

But there was one more thing that Lin Ran had to consider, and that was that within these eight elders, apart from the second, third and fourth elders who were explicitly the ones who had already appeared to be at odds with the Chao Heavenly Pavilion, were there any others who were hiding!

The last thing was whether these people themselves were willing to return to the realm of normal people, after all, without this worm, they would also lose their ability to live forever, so this matter had to be handled carefully.

“Pavilion Master?”

Seeing Lin Ran standing still, occasionally unable to resist a smile on his face, the Grand Elder was puzzled.

“Eldest Elder!”

Lin Ran suddenly turned back to his senses and smiled.

“I already know all about your situation, but this matter is very involved,? I’ll find time to talk to you slowly later!”

“Yes, Pavilion Master!”

The Grand Elder nodded, although he didn’t understand what Lin Ran was talking about, he had a vague feeling that what Lin Ran knew was definitely a big situation.

“Pavilion Master! Eldest Elder, the Fourth Elder is here!”

Just as the two were talking, the fifth elder at the side respectfully said.

“Let him come up!”

The Grand Elder spoke.

Just as his words fell, a figure had appeared on top of the roof, while a laughing voice came through.

“Grand Elder! Fifth Elder! Eighth Elder! It’s been a long time! What do you want to see me for this time?”

Lin Ran looked and saw that the person speaking was an old man with white hair.

This person’s face was thin, but there was a brightness between his eyebrows, so he was obviously an old man, an old oilman.

“Naturally, I have found you here for something big, have you heard about the Long Family?”

The Grand Elder said blandly.

“Naturally I have heard about it, but what does it have to do with me, if it is for the Dragon Family, does the Eighth Elder have to use the highest level of notice? I think you guys are getting more and more nonsensical!”

“You!”

The Eighth Elder was so angry that he blew out his beard and glared, and if it weren't for Lin Ran standing by, he would have scolded back.

"Huh! Who is this kid? Why is he here?"

The fourth elder looked at Lin Ran with a slight frown.

"I'm the one who did what happened to the Dragon Family, why do you think I'm here?"

Lin Ran looked at the Fourth Elder and said indifferently.

"Hehe, this kid talks quite wildly, so he can still kill one of the two Yin Yang Elders?"

The Fourth Elder laughed, in his opinion, Lin Ran was just a milquetoast brat that he didn't even put in his eyes.

"You're mistaken!"

Lin Ran said indifferently.

"It was one dead and one injured, plus I killed Long Fei and ruined Long Yue!"

"And! What does it have to do with the old man!"

The Fourth Elder was filled with disdain as he turned his head to look at the Grand Elder.

"Grand Elder, what exactly is the matter, just say it, I have a lot of things to do!"

"What's the matter?"

The Grand Elder's face sank as he said in a cold voice.

"Before I tell you, you answer me first, why did you receive notice that the Third Elder did not come? I have heard that both the Third Elder and you are in the Imperial Capital!"

"Right O! Why didn't Third Brother come?"

The Fourth Elder said in mock hesitation, and then slapped his thigh and laughed.

"Ao, Third Brother has something to do, he has recently taken in a young disciple and is busy training him!"

"Unbridled!"

The Grand Elder was instantly enraged.

"Do you still have the Chao Heavenly Pavilion in your eyes, the highest level of notice, and you actually say you won't come, what do you think this is for? A vegetable market? This is a rule set by Master himself!"

"Come on, Grand Elder, how many years has it been since the Master died? To be honest, the Chao Heavenly Pavilion has not been disbanded, we all know that, so why do you have to make a nuisance of yourself?"

The Fourth Elder said disdainfully.

“So, are you trying to make it clear to me that you three brothers have decided to quit the Chao Heavenly Pavilion from now on?”

The Great Elder’s face was icy cold.

The Fourth Elder, however, was unsalty to.

“Grand Elder, don’t bluff me either, are you unaware of what our situation is, or am I unclear?”

“I’ll even tell you, sooner or later the Chao Heavenly Pavilion will have to break up, but definitely not now, we’re not that stupid!”

“You!”

The Grand Elder’s face was icy cold as he spoke after a moment of contemplation.

“Don’t think I don’t know that the Second Elder has connections with several clans behind his back, even the Dragon Family has very close ties, don’t you just want to be released from the ideological bondage brought about by acupuncture, I tell you! But anyone who tries to betray the Chao Heavenly Pavilion will have to die!”

“Huh! With just you? You can only tug at me a little, can you beat my second brother?”

The Fourth Elder sneered, not giving any face to the Eldest Elder at all.

“Finished?”

Lin Ran looked at the Fourth Elder and said indifferently.

“Hm?”

The Fourth Elder frowned slightly as a hint of killing intent appeared in his eyes, daring to speak to himself like that, in all these years Lin Ran was the first he had seen.

“Do you want to die?”

The Fourth Elder looked at Lin Ran and said in a cold voice?

“I don’t want to die!”

Lin Ran said calmly, and then asked the Fourth Elder back.

“Do you want to die?”

“Huh? Haha! Kid is not awake!”

The Fourth Elder laughed coldly, his eyes instantly freezing cold, and with a flip of his palm, a long black whip came straight at Lin Ran, actually saying that he would do it.

“Stop it!”

The Grand Elder was instantly enraged at the sight of this.

However, Lin Ran stopped the Eldest Elder, while slowly extending his palm, and immediately a specially made bank card appeared in front of the Fourth Elder.

“The Chao Heavenly Pavilion’s identity card! How come it’s in your hand!”

The Fourth Elder’s face suddenly changed greatly, this card represented the very identity of the Chao Heavenly Pavilion Master, which used to be kept in the hands of the Grand Elder, but now how did it run into the hands of a kid.

“Because I am the new Pavilion Master of the Chao Heavenly Pavilion!”

Lin Ran said in a cold voice, and as soon as those words left his mouth, the Fourth Elder was instantly confused.

This youth in front of him, whom he had never looked at with a straight face, was actually the Pavilion Master of the Chao Heavenly Pavilion, his own leader?

“I’m asking you a question now, do you want to die?”

Lin Ran looked at the Fourth Elder, his eyes icy cold.

And only then did the Fourth Elder finally realise that the youth in front of him was not joking with him.

Chapter 1037

“Kid, do you know what the consequences are for impersonating the Chao Heavenly Pavilion Master? It won’t just be you who dies, even your family and friends will have to die!”

The Fourth Elder’s face was icy cold as his gaze burned at Lin Ran.

“Speak! How did you get this identity card? Or perhaps, Grand Elder? You actually didn’t even know that the identity card had been stolen?”

With that, the Fourth Elder looked at the Eldest Elder again, so to speak, and glared at both of them momentarily.

“Fourth Elder, pay attention to what you say, stolen? You try stealing one?”

The Eldest Elder’s face was icy cold as he flung his sleeve robe respectfully.

“Standing before you is none other than our Chao Heavenly Pavilion’s new Pavilion Master, Lin Ran!”

“Why don’t you come over and meet the Pavilion Master!”

“You!”

The Fourth Elder was finally unfazed this time.

Even the Eldest Elder had said that, plus the Fifth Elder and Eighth Elder beside him hadn’t said anything, so obviously they already knew about it as well.

“Don’t come over and meet the Pavilion Master yet!”

The Eldest Elder opened his mouth and scolded.

“No! If you say it’s the Pavilion Master, it’s the Pavilion Master, can’t it be that you, the Grand Elder, just found a puppet and gave him his identity card and all of us in the Chao Heavenly Pavilion have to follow his orders?”

The Fourth Elder’s face was icy cold as he questioned.

“What! Fourth Elder, do you even disown the new Pavilion Master now?”

The Great Elder’s face was icy cold, and the Fifth Elder and the Eighth Elder also clenched their fists, and the atmosphere was tense to the extreme for a while.

From the moment Lin Ran decided to reveal his identity card, they had actually anticipated the current situation in their hearts.

Previously, no one had been in charge of the full on years, but now that a so-called new Pavilion Master had suddenly appeared, the second, third and fourth elders would definitely rebel against disowning him, so the reaction of the fourth elder in front of him was expected by Lin Ran.

“I remember that in addition to this identity card, the Pavilion Master also has a supreme magic weapon that is not passed on to the outside world, since you are the new Pavilion Master, may I ask if you have this magic weapon?”

The Fourth Elder looked here at Lin Ran with a cold smile in his eyes.

The previous Pavilion Master had long since gone missing, and had not returned for so many years, so she had obviously died out there, and it would be difficult to find her and retrieve the magic weapon in the vast expanse of land.

“If you have it, I have nothing to say to you, but if not! Then I would like to ask, who gave you the list to dare to come and impersonate the Pavilion Master of Chao Tian Pavilion!”

The Fourth Elder was aggressive and had a fierce look on his face.

Lin Ran, however, wore a faint smile from the beginning to the end, and raised his palm directly at his words.

“Are you talking about this?”

As the words fell, a delicate bracelet instantly appeared on Lin Ran’s wrist, followed by a cold aura that shot out without saying a word, heading straight for the Fourth Elder.

“Hm?”

The Fourth Elder’s face instantly changed, the cold mane was too fast and it actually made him feel a slight threat, a feeling he hadn’t experienced in many years.

“Clang!”

The Fourth Elder hurriedly probed his palm, and a metal disc slapped directly onto the silver needle only, and a crisp metal clash what was immediately emitted.

With a wave of his hand, Lin Ran retracted the silver needle again.

But at this moment, the Fourth Elder's forehead was sweating, although everything was in a flash of lightning, he had just seen that his metal disc had been pierced by a silver needle, and this was only one.

If all of them had been shot at, he would have been a sieve by now.

"Now do you believe it?"

Lin Ran looked at the Fourth Elder with a bland voice.

"I!"

The Fourth Elder was speechless, not knowing what to say.

But he had already taken out all of the demands he had made, how else could he do it.

"Fourth Elder, you still disown the Pavilion Master, are you really going to betray the Chao Heavenly Pavilion?"

The Grand Elder's voice was icy cold, and he had the intention of making a move.

"No!"

The Fourth Elder retorted with a grimace on his face.

"Then don't even see the Pavilion Master!"

The Grand Elder scolded.

"You!"

The Fourth Elder was simply furious, but things had come to this point,? It was already too late for him to say anything else, so he could only rush at Lin Ran and salute him while shouting.

"Pavilion Master!"

"What did you say? I can't hear you!"

Lin Ran stood originating and looked at the Fourth Elder with a bland voice.

"Fourth Elder has met Pavilion Master!"

The Fourth Elder gritted his teeth and raised his voice a few notches.

But just when he thought that Lin Ran would immediately tell him not to be more than polite, Lin Ran opened his mouth and scolded.

"Kneel down for me!"

"You!"

The Fourth Elder jerked his head up and looked at Lin Ran with anger in his eyes.

"I told you to kneel down for me!"

Lin Ran said, already remotely extending his finger and pointing at the Fourth Elder.

“Do you think that since the Chao Heavenly Pavilion has been without a Pavilion Master for too long, I, the new Pavilion Master, can’t rule you? Or do you think that with your second and third brother backing you up, the three of you can disobey the rules of the Chao Heavenly Pavilion?”

As Lin Ran spoke, his finger was already pointed at the Fourth Elder in preparation.

“Pavilion Master, no.....”

“No what no! Did I tell you to stand and talk to me? Now kneel down for me!”

This time, Lin Ran had an icy coldness in his eyes, and his finger was even shaking to point at the Fourth Elder, while the Chaos Stone was also held in his hand.

“I!”

“Weng!”

The Fourth Elder still wanted to say something, but suddenly he only felt his whole body tremble, an icy cold feeling spread directly from his heart to his whole body, a feeling as if he had fallen into an ice cave and would die at any moment.

In fact, not only he was familiar with this feeling, but also his second and third brothers, because this was the very bondage of their minds. Once they had the idea of betraying the Chao Heavenly Pavilion, they would feel that there was a force in the darkness that would instantly wipe them out, so that they would not dare to take this step.

But now, this feeling was even more powerful, and it was all because of this youth in front of them.

“Cultivating the last page of the Xuan Yin Pill Canon, do you really think that all you get is longevity? Do you believe that I can take your life right now!”

Lin Ran looked at the Fourth Elder with an icy cold face and killing intent in his eyes.

“I ..... Subordinate ..... My subordinate does not dare!”

Finally, the fourth elder conceded, he had lived for so many years and was looking at leaving the Chao Heavenly Pavilion after his second brother, if he died now that would simply be too wrong.

As he spoke, the Fourth Elder was already kneeling respectfully in front of Lin Ran, his face full of pallor and not saying a word, it was obvious that the feeling he had just experienced had made his heart palpitate and he did not want to experience it a second time.

“Since you don’t dare! Then be honest with me! Call the Third Elder now and get your ass in front of me within an hour, or else you know the consequences!”

Lin Ran looked at the Fourth Elder and said in a cold voice.

“Yes, yes! Pavilion Master!”

The Fourth Elder hurriedly took out his mobile phone and called the Third Elder.

On the other hand, on the side, the First Elder, the Fifth Elder, and the Eighth Elder all looked blinded, they had no idea what was happening, but the Fourth Elder had been subdued by Lin Ran.

“Pavilion Master!”

The First Elder was puzzled and in no hurry, but Lin Ran frowned slightly and said.

“I’ll explain this matter to you later, get ready, the people from the Dragon Family have arrived!”

“Good!”

The Grand Elder also sensed an aura that was rapidly approaching at his words, and immediately gave a wink to the Fifth Elder and the Eighth Elder, and the people quickly converged.

#### Chapter 1038

As expected, within a few moments of Lin Ran’s words, a group of dozens of people had already arrived at the entrance of the villa.

The leader was none other than Long Pingtian, and beside him stood a middle-aged man who looked just like him, but with an even more bland expression, who must be the steward of the Dragon Family’s inner clan, Long Pingliang.

“Little Lin Ran, come out and suffer death!”

Long Pingtian stood at the entrance of the villa and shouted aloud.

This shout resounded throughout the villa.

“Long Pingtian, what are you shouting for, I’m not deaf!”

Lin Ran said indifferently, while standing on top of the villa and looking down.

“You’re going to stand up for your son, aren’t you!”

“Nonsense! You killed my son, today I’ll make you pay for your life!”

Long Pingtian reprimanded, and at that moment, his whole body actually leaped directly onto the roof with a power under his feet.

“Whoosh!”

At the same time, the people beside Long Pingtian also followed suit and leapt onto the roof of the house, instantly a large black mass of people appeared in front of Lin Ran.

“Huh? Isn’t this Long Yue? Why isn’t he hurrying to see the doctor, is this giving up on the treatment?”

Lin Jean suddenly saw Long Yue in the crowd and couldn’t help but laugh.

“Lin Ran! The time of your death has come, I’ll see how long you can still bounce around!”

Long Yue was so angry that he gnashed his teeth.

Seeing a sickness? What the hell kind of sickness is there to see,? His own dantian had been destroyed by Lin Ran, so many years of cultivation had been lost, how could he still see a doctor.

It was already good enough that Long Pingtian hadn’t slapped him to death.

“How long? That I really don’t know, but I know that you won’t be able to bounce around for long!”

Lin Ran laughed.

“I guess the Dragon Family doesn’t need a wasteful young master!”

“You!”

Long Yue was so angry that he gritted his teeth.

Indeed, the reason why the Long Family was so strong relied on the resources they received for their strength and weakness.

In the past, Long Yue had received a lot of resources for his high talent, so even if Long Pingtian, as the clan leader, was biased towards him, no one would say anything, after all, Long Yue was also a member of the Long Family.

But now it was different, Long Yue had become an invalid, and Long Pingtian could not even help him if he wanted to, otherwise he would definitely become a handle for the other clansmen.

Even Long Yue could already predict that his future life would be a money-making machine for the Long Family, making money for the Long Family.

“Lin Ran! My father and my uncle are here today, and I’m not afraid to tell you that my uncle is a strong person at the Realm of Creation, so today I will make it difficult for you to escape!”

Long Yue shouted.

“Escape? If I were to escape, would I still be here waiting for you guys to come over?”

Lin Ran laughed.

“You, on the other hand, remember what you’ve eaten but don’t remember how to fight, you just took a beating and still dare to come back!”

“Haha! What the fuck are you, Lin Ran, my uncle is right next to me, and you still want to make a move on me, don’t even take a piss and look in the mirror, can you get close to me?”

Long Yue laughed.

“Are you serious?”

Lin Ran also laughed along with him at this.

“Yes! I’m serious, come and hit me if you fucking dare, I’ll just stand here and not move, come on!”

Long Yue sneered.

On the other hand, both Long Pingtian and Long Pingliang at the side actually did not say anything, seemingly allowing Long Yue to fool around like this.

However, Lin Ran knew in his heart that the Long family was just looking for a name for their actions.

Lin Ran had killed Long Fei before, but in the end it was a fight between juniors, who let your son's own strength fail.

But now Long Pingtian and Long Pingliang wanted to fight, so they had to find a name, a name that would justify their fight.

"Come on Lin Ran, I was afraid that you wouldn't dare to make a move!"

Long Yue sneered in his heart.

His own uncle was standing by, giving him confidence that even if Lin Ran dared to make a move, he would definitely not be able to get close to him.

That was the Realm of Creation, and with his own uncle standing by, what did he have to fear from Long Yue.

"Do you really want me to make a move?"

Lin Ran looked at Long Yue and asked one last time.

"What a lot of nonsense, are you afraid! I'm waiting for you right here, if you're a man, come and fight! If I fight back, I'm a bastard!"

Long Yue sneered, fighting back, he didn't even need to do it himself because someone would naturally clean up this Lin Ran today.

"Fine! Since you've asked for this, what else can I say!"

Lin Ran smiled lightly, followed by a sudden icy cold look in his eyes, and in the next moment his body already rushed forward with a movement.

"Insolent little boy, you dare!"

Long Pingtian roared in anger and had already rushed to meet Lin Ran.

"Big brother, it's better to let me do it!"

Long Pingliang shouted back, and moved at the same time.

As for the other members of Long's family behind them, they held Long Yue back.

Most of these people were at the Heaven Seizing Realm, all of them were Long Pingtian's lifelong followers, and some of them were slightly weaker at the Qi Watching Realm.

However, these people were no threat to Lin Ran at all.

"Lin Ran, little boy, suffer death!"

Long Pingtian and Long Pingliang made their moves almost at the same time, what with all the let-me-come-lately nonsense, the two had decided to join forces together from the very beginning.

Lin Ran had killed his own son, how could they still be so clearly divided, once the situation was confusing in a fight, Lin Ran would be dead and so would he, who else would say anything.

“Fight with me? Long Pingliang you are really shameless!”

Lin Ran laughed, a dangling Creation Realm powerhouse actually joined forces with Long PingTian to make a move against himself, that was really shameless to the core.

“Cut the crap, next year today will be the anniversary of your death!”

Long Pingliang snorted coldly and had already reached Lin Ran, with a pair of large hands coming straight for Lin Ran’s chest.

If this hit, I was afraid that Lin Ran would vomit blood on the spot.

However, Lin Ran’s face was indifferent, he simply did not care, and continued to charge towards Long Yue on his own.

He didn’t even look at Long Pingtian at the side, as if he treated the two of them as if they were transparent.

“Go to hell for your arrogance!”

Long Pingliang roared in anger, his palm already slapping down.

But the next moment he froze, only to see a figure suddenly rushing in front of him, directly meeting his slap.

“Old ghost! How come it’s you!”

Seeing that the other party was actually Old Ghost, Long Pingliang was also startled.

Old Ghost was someone from the Chao Heavenly Pavilion’s Grand Elder, so how could he suddenly appear here.

“Eighth Elder! You!”

On the other side, Long PingTian was also stopped by the Eighth Elder.

Because of the chaotic situation, the Grand Elder did not dare to arrange for the Fourth Elder to take action, after all, if this guy turned against him, then Lin Ran would be in danger.

Long Pingtian and Long Pingliang were stopped by the Eight Elders as well as the old ghost, meanwhile Lin Ran had already reached the crowd.

“Get lost!”

Lin Ran roared, and with three punches and two kicks, he knocked the person in front of Long Yue to the ground, exposing him to himself at once.

“I’m coming, little Yue Yue!”

Lin Ran smiled, followed by a series of slaps that sounded like firecrackers.

“Pop!”

As a crisp sound fell, Lin Ran stopped and slowly walked towards the position of the Grand Elder and the others.

As he walked, Lin Ran even stretched his hands out, saying helplessly.

“You all heard it, he asked me to fight himself, this is the first time I’ve seen such a strange request!”

“You!”

Long Yue was so angry that his face turned blue, but when he saw that his father and uncle were both stopped, he could only swallow all the resentment in his mouth.

Chapter 1039

“Eight Elders! Old ghost! What do you mean by this?”

After Long Pingtian and Long Pingliang rejoined, he looked at the crowd in front of him with a cold face.

“What is the meaning? Isn’t that clear?”

The Eldest Elder said blandly.

“What does this kid have to do with your Chao Heavenly Pavilion, and why are you helping him?”

Long Pingtian asked in a cold voice.

“Grand Elder, our inner clan of the Dragon Family and your Chao Heavenly Pavilion are considered old friends, the treatment fees alone given to you every year are astronomical, is it possible that you want to fall out with our Dragon Family over a brat this time?”

Long Pingliang also spoke up.

“It is true that our Chao Heavenly Pavilion and your Dragon Family’s inner clan have a fairly good relationship, but that was before, and it might even become before, everything depends on your Dragon Family’s attitude today!”

The Grand Elder said blandly.

“What do you mean?”

Long Pingliang’s face was ugly.

Not only their Long Family, but I’m afraid that no major clan would want to offend the Chao Heavenly Pavilion.

This was because once they offended, they would face more than just a contest with the Chao Heavenly Pavilion’s power, and more often than not, they would lose the benefits brought by the Chao Heavenly Pavilion.

Super clans like the Dragon, Li, Fire and even the Qin and Yue clans are not as peaceful as they appear to be.

The outer clans are fine, as they are basically involved in disputes over interests, and the occasional scuffle is at most a superficial injury that can be treated by an ordinary member.

But what about the inner clan?

The inner clan is the foundation of a clan, and the cultivators in it are the basis of the clan's continued strength.

And the struggle between the inner clans is also very cruel.

They are all cultivators, and if they fight, they will either die or be maimed, and these injuries cannot be treated in ordinary hospitals, so they can only go to the Chao Heavenly Pavilion.

So this is where the importance of the Chao Heavenly Pavilion lies, it is not only a force, but also a hospital for the entire cultivation community. If the Chao Heavenly Pavilion is good, even if you have only one breath left, it has the means to bring you back.

But if it is not good, even if you pour your family's money into it, I am afraid that Chao Tian Pavilion will not even take care of you.

"If you, Long Pingtian, are bent on having your own way and have to move Lin Ran today, then you will face not only offending the Chao Heavenly Pavilion, but making us complete enemies!"

The Grand Elder's voice was bland, but it was full of determination.

"You!"

Long Pingtian instantly blushed with embarrassment, while looking at his own brother, Long Pingliang.

He was only an outer clan chief, and he really didn't dare to take the decision on such a matter of a complete break with the Chao Heavenly Pavilion.

"Grand Elder, is this kid hardly the disciple you have your eye on?"

Long Pingliang asked with a tight frown.

He also needed to make comparisons now to see just how important Lin Ran was to the Chao Heavenly Pavilion.

"Disciple?"

On the side, Long Yue's expression changed a little, he knew how important and terrifying the Chao Heavenly Pavilion was, and he was able to break through the Qi Watching Realm at a young age precisely because of the secret help of a certain elder within the Chao Heavenly Pavilion.

But now his own uncle actually suspected that Lin Ran was the Grand Elder's disciple, if that was really the case, then wouldn't he deserve to be mentioned on the iron plate this time.

"No!"

The Eldest Elder said blandly.

"Fine fine!"

Hearing these words from the Grand Elder, Long Yue was then busy breathing a sigh of relief.

“Since it’s not your disciple, Grand Elder, why did you break the friendship between our Long Family and Chao Heavenly Pavilion for him?”

“Yes Grand Elder, is there some kind of misunderstanding here, you must have heard it all just now, it was Lin Ran who killed my son and scrapped my youngest son!”

Long Pingtian also hurriedly said.

“Misunderstanding? There’s no misunderstanding!”

The Grand Elder remained bland.

“Grand Elder, our Long Family and your Chao Heavenly Pavilion’s Second Elder are quite close, did he ever know about this incident?”

Long Pingtian thought for a moment and suddenly spoke.

“Second Elder? So what if he knows about it? The Chao Heavenly Pavilion is still not his Chao Heavenly Pavilion!”

The Grand Elder’s face was icy cold, how could he not know about the relationship between the Grand Elder and the Long Family in secret.

And now the Long Family had directly brought out the Second Elder, this threat was too blatant.

“This kid killed my nephew and ruined my nephew’s cultivation, just because of this, the Long Family cannot spare him!”

“What is the intention of your Chao Heavenly Pavilion to stand up against our Long Family for this kid?”

“Finally, your Chao Heavenly Pavilion has not had a Pavilion Master for many years, do I need to tell you about the internal factions?”

Long Pingliang spoke word for word with great determination.

“What exactly do you want to say?”

The Grand Elder, however, had a bland face without any ups and downs at all.

“I just want to ask, how exactly will your Chao Heavenly Pavilion be willing to stay out of this matter! Or has your Chao Heavenly Pavilion decided to completely turn against our Long Family for such a brat?”

“I said .....

The Grand Elder was just about to reply,? Lin Ran on the side was the one who spoke first.

“I’ll answer this question for you, as long as I, Lin Ran, remain alive, the Chao Heavenly Pavilion will always be the Chao Heavenly Pavilion, as for what you said about those dirt pigs and dogs that want to dismantle the Chao Heavenly Pavilion, you can just let him try!”

“As for how to stay out of it! I think your Long Family will have to be disappointed, even if we go to war with your Long Family, the Chao Heavenly Pavilion will not back down!”

“Hmph! What are you, you are worthy to say such things to the old man!”

Long Pingliang was full of disdain.

“He’s not worthy? Are you, Long Pingliang, also worthy of negotiating with our Chao Heavenly Pavilion? It’s more like your Dragon Clan’s Inner Clan Chief is here!”

The Eldest Elder was nonchalant.

“You!”

Long Pingliang’s face was icy cold as he forced down the anger in his heart and questioned.

“In that case, then please tell me, Grand Elder, what exactly is this kid’s relationship with your Chao Heavenly Pavilion!”

“What relationship? He is the new head of our Chao Heavenly Pavilion!”

The Grand Elder’s tone was resounding, and the aftermath of his voice rang out.

“Is this relationship strong enough?”

“What?”

Long Pingtian and Long Pingliang and the others were instantly frozen.

The Chao Heavenly Pavilion had to be the new Pavilion Master, how was this possible, the Chao Heavenly Pavilion that was definitely a first-class power, even those super great clans, the Fire Family and the Li Family had to give it face, but now this young man, who was only in his twenties, was actually the new Pavilion Master, how was this possible.

“Grand Elder, Xiu is trying to tease us!”

Long Pingliang’s face was unsightly and his voice was low.

“A tease? I’m not interested in that, I’m interested in asking about your Dragon Family!”

“What are your intentions in striking out at our Chao Heavenly Pavilion’s new Pavilion Master? Is it because you want to challenge our Chao Heavenly Pavilion?”

“You!”

The two brothers, Long Pingtian, were instantly speechless.

And Long Yue behind them was even more directly dumbfounded.

“The new Pavilion Master?”

Long Yue was truly dumbfounded, what kind of existence had he offended, a power that even his own family didn’t want to offend, but he had actually offended the boss of someone else.

When he thought that he was still alive, Long Yue couldn’t help but feel a pang of fear. It was also fortunate that he had run away quickly, otherwise I was afraid that he and his elder brother would be reunited down there now.

“Whahahaha, what’s going on, is this Temperance City having a party? So many people have actually come, even Long Pingliang of the Long Family has arrived, where are you, Old Fourth?”

Suddenly, a cheerful laugh rang out, followed by a middle-aged man with a skirt dressed in black robes and a bald head landing on top of the roof.

Seeing this person Lin Ran could not help but frown slightly, as this person was none other than the Third Elder of the Chao Heavenly Pavilion.

Chapter 1040

“Third Elder! What a coincidence that you’ve come!”

Seeing the Third Elder, Long Pingliang smiled at once.

“O? Long Pingliang what? You’ve found old me for something?”

The Third Elder laughed, his own second brother and the Long family had a great friendship, but he was not much of a friend, at best, he just knew each other.

“Naturally I’m looking for you for nothing, but there is one thing that should interest you!”

Long Pingliang said and pointed distantly at Lin Ran while asking with a smile.

“This friend says that he is the new head of your Chao Heavenly Pavilion, I wonder if you recognize him, Third Elder?”

“What? The Pavilion Master?”

The Third Elder was visibly stunned at his words,? But when the period saw Lin Ran he instantly laughed.

“Long Pingliang, this joke is a bit too much for you, our Chao Heavenly Pavilion is not inferior to your Long Family, and whoever knows about our Chao Heavenly Pavilion doesn’t understand that there hasn’t been a Pavilion Master at all for a thousand years!”

“If you keep making this joke, I’ll get angry!”

“A joke? Third Elder I’m not joking, ask the Grand Elder if you don’t believe me, he said this himself!”

Long Pingliang laughed, and with a single word he redirected the conflict back to within the Chao Heavenly Pavilion.

“What’s going on here, Grand Elder?”

The Third Elder’s face looked ugly.

“Are you questioning me?”

The Grand Elder was also furious, the momentum had been caught in his hands and he had the initiative, but because of the Third Elder’s appearance, things were in chaos again.

“Questioning? How dare I question you, Grand Elder, but I am at least the Third Elder, but I don’t know anything about the sudden appearance of a new head of our Chao Heavenly Pavilion, don’t you think it’s funny?”

The Third Elder said looking towards surprisingly his eyes were full of disdain.

“Besides, where the hell did this kid come from, and a new Pavilion Master, believe it or not I can kick him to death!”

“Unbridled!”

The First Elder was instantly enraged and was just about to explode, but was rotten by Lin Ran.

“Third Elder isn’t it, I could have killed you from the moment you appeared until now for your disrespect towards me! Do you believe that?”

Lin Ran said indifferently.

From the moment he decided to reveal his identity, he knew that the problems within the Chao Heavenly Pavilion had to be resolved, and even if they couldn’t be resolved at least he had to suppress the anger of these three brothers, otherwise where would he have any real power in the Chao Heavenly Pavilion.

“Kid, what are you saying? Kill me? Just by you?”

The Third Elder laughed.

“Just this little body of yours, how much strength do you have? Still fucking kill me, believe it or not, I can kick you to death!”

“How dare you!”

Lin Ran’s eyes chilled as he scolded in a stern voice.

“Eh?”

The Third Elder’s face instantly turned icy cold.

“Who the hell do you think you are? The Eldest Elder said I was reckless, and you dare to fucking say that too. If I don’t let you know what the sky is like today, I’ll be a fucking persimmon!”

The Third Elder said as he jumped straight at Lin Ran.

“Pavilion Master!”

Seeing this, the First Elder looked at Lin Ran, clearly asking for help.

However, Lin Ran waved his hand and shouted behind him.

“Fourth Elder, don’t make a move yet!”

“Me!”

In the darkness, a helpless sigh came from the Fourth Elder, but he followed and still made his move.

He couldn’t forget the feeling Lin Ran had given him before, and if he didn’t make a move, he was afraid that he would be the one to die the next moment.

“Fourth brother?”

Seeing that the person who rushed out was none other than his fourth brother, the third elder was slightly baffled.

“Third Brother, admit it, this is our new Court Master!”

The fourth elder stepped forward, but instead of making a move, he persuaded.

“You’re crazy, just how can he be our new Pavilion Master!”

The Third Elder did not want to believe it.

“But it’s true, he’s the one who told me to call you!”

The Fourth Elder was helpless.

“What? Just because of this little punk, you called me and made me rush over from the Imperial Capital for an hour?”

The Third Elder was burning with anger, even if the Grand Elder had personally ordered him to come over so quickly, it was because it was the Fourth Brother who gave the call, but now it was actually because of a hairy brat.

“Third Brother, he really is the new Court Master, brought back by the Grand Elder!”

The fourth elder said helplessly.

“Bullshit! You believe such nonsense, who knows if it’s a puppet that the Grand Elder found from somewhere, he’s been wanting to be this Pavilion Master for more than a day or two, why are you still falling for it!”

The Third Elder said angrily.

“But he really is the Pavilion Master, the old Pavilion Master’s supreme magic weapons are in his hands, even the Pavilion Master’s identity card is in his hands!”

The Fourth Elder said helplessly.

“What are you saying? The Old Pavilion Master’s magic weapon!”

The Third Elder was immediately nonplussed.

While on the side, Lin Ran couldn’t help but laugh out loud as he watched.

“You two are really blood brothers, if I remember correctly, it seems that the fourth elder had said this before!”

“But what’s the result? What was it? Why did I suddenly forget!”

Lin Ran spared a thought.

“Pavilion Master! My third brother is a little grumpy, but he definitely doesn’t mean any harm, please spare him, Your Highness!”

The fourth elder was so frightened that his face turned ashen and he actually knelt down directly at Lin Ran.

“Fourth brother, what are you doing!”

The Third Elder was instantly baffled.

“He’s atoning for your sins, can’t you see that?”

Lin Ran, however, laughed.

“Who the fuck are you?”

The Third Elder looked at Lin Ran with anger in his eyes.

“Who am I? Don’t you already know!”

Lin Ran’s voice was bland as he swept his gaze across the crowd.

“Fine, I see that the rules of the Chao Heavenly Pavilion have also been broken by you all, so let me show you what the rules of the Chao Heavenly Pavilion are from now on!”

Said Lin Ran, stretching out his palm and pointing distantly, rushing towards the Third Elder and scolding him in a stern voice.

“Kneel down for me too!”

“You!”

The Third Elder’s entire body immediately trembled as a palpitating feeling shot straight through his parietal door, a feeling that made him feel as if he was going to die a violent death straight away the next moment.

“What the hell are you ....”

“Kneel down!”

Lin Ran once again scolded.

This time, the Third Elder finally couldn’t bear the trembling in his heart and fell to his knees with a “thud”.

His eyes were bloodshot as he looked at Lin Ran, his heart already shocked to the core.

“Do you know who I am now?”

Lin Ran looked at the Third Elder, his eyes cold.

“You ..... You ..... Pavilion Master!”

The Third Elder finally bowed his head.

“As soon as you arrived, you were partly red and red, first disrespecting me and having no regard for the Grand Elder, you Third Elder are really arrogant!”

Lin Ran's voice was icy cold.

"Little ..... Pavilion ..... Pavilion Master, I didn't know the situation ah, those who don't know are not guilty, please forgive me, Pavilion Master!"

The Third Elder also panicked in his heart.

Speaking of which, they hadn't really broken away from the Chao Heavenly Pavilion yet, and that palpitating feeling he had just experienced was something he really didn't want to experience a second time.

"One sentence about not knowing and it's fine? Do you think the rules of our Chao Heavenly Pavilion are just for show? The Eighth Elder's supreme order, and you still dare not come!"

"Now that you've come and disregarded the Eldest Elder and me, you're really not even excused for dying!"

Lin Ran said in a cold voice, killing intent already appearing in his eyes.

And at this moment, the Third Elder's heart trembled as he watched, that terrifying feeling of heart palpitations filling his heart, again.

He instantly panicked and hurriedly kowtowed his head to beg for a bypass.

"Your Highness! Pavilion Master I was wrong, it was all because Long Pingliang provoked it, it's all his fault!"

"O yes? Then what do you say we do instead?"

Lin Ran looked at the Third Elder, his face icy cold.

"Pavilion Master! Leave this matter to me, I will definitely get it done so that the Long Family won't dare to trouble you again!"

The Third Elder gave his word.

"Ao? Is that so?"

Lin Ran, however, smiled.
