

Wonder Doctor

Chapter 1041

“Bastard! Long Pingliang, you almost caused me to offend the new pagoda master, so get your men out of here right now!”

The Third Elder got up and rushed at Long Pingliang, then cursed.

“Third Elder, what do you mean by that? Even if that kid is really your Chao Heavenly Pavilion’s Pavilion Master, after all, he was the one who killed first!”

Long Pingliang’s face was ice-cold, not expecting things to end up like this.

“What’s wrong with the Pavilion Master killing someone! Even if he killed, what is your Long family, get out of my sight immediately!”

The Third Elder was also in a fit of anger, so his words were very heavy.

“Wait!”

Lin Ran, however, suddenly spoke up.

“Just because I don’t speak doesn’t mean you can twist the facts, if Long Fei hadn’t premeditatedly kidnapped my friend first, would I have killed him?”

“If your youngest son hadn’t been involved, would I have scrapped him?”

“What, are you only allowed to allow your Long family to suppress others, but others can’t fight back?”

Lin Ran said one word at a time, and Long Pingliang’s face turned cold as he said it without a glance.

“And don’t fucking get out!”

The Third Elder said angrily, but the anger was gone from his eyes, and he kept making eyes at Long Pingliang.

“Good! Good!”

Long Pingliang would understand, but he was still very angry on the bright side.

“What? You don’t want it to end?”

Where could Lin Ran not see that the Third Elder was bluffing, other than shouting loudly, where had he moved his hands.

“Third Elder I can remember you saying you wanted to set things up completely, by your mouth? People do not want to leave, what do you think should be done?”

“I

“Please don’t worry, Your Highness, I’ll blow them away!”

The Third Elder said turning around and glancing helplessly at Long Pingliang, and was about to do something at once.

“Wait! Fourth Elder you should go along too!”

Lin Ran suddenly spoke up.

The Second Elder had crossed paths with the Dragon Family, and as his brothers, Lin Ran didn't believe that the Third and Fourth Elders didn't have cross paths with the Dragon Family.

Moreover, by having the two of them strike now, they could also test out just how thick a deal this Dragon Family had with them.

“Pavilion Master, I think it's better to talk about this matter, it's not appropriate to make a move!”

The Fourth Elder was busy persuading.

“Speak away? People have already killed me,? You want me to talk it away?”

Lin Ran laughed.

“Don't want to make a move on an old friend, do you? Then you can go to”

Lin Ran's voice was icy cold.

“Pavilion Master don't, we'll go!”

The two Third Elders panicked at once,? If Lin Ran really said this, I'm afraid it would be too late for them to regret it.

As they spoke, the Third Elder and the Fourth Elder had already reached Long Pingliang.

But they were not very different in strength, and for a while they were in a stalemate, neither of them being able to beat the other.

“Pavilion Master, you're giving them the chance to exchange!”

On the side, the Grand Elder watched with a slight frown.

It looked like they were fighting, but who actually knew that this was a secret discussion of countermeasures.

In fact, it was still a show for Lin Ran.

“I know, I didn't expect the two of them to take up for me in the first place!”

Lin Ran sneered.

“Then, Pavilion Master, you”

The Grand Elder had a puzzled look on his face.

“This family suppresses!”

Lin Ran smiled lightly, then looked at the Third and Fourth Elders.

“Haven't you two eaten? Two people can't beat one? Keeping you guys Ho”

“Bastard! Brother Long is offended!”

The Third Elder cursed at his words, while slapping Long Pingliang on the chest, the latter was immediately hit and a mouthful of blood spurted out.

“You!”

Long Pingliang also did not expect that the Third Elder would just strike when he said he would, but when he thought about Lin Ran’s words earlier, it was obvious that these two were also caught by Lin Ran in some way.

“That’s more like it! Come back!”

Lin Ran laughed in satisfaction, the Third Elder and the Fourth Elder, how could he possibly trust them.

He just wanted to test how far he could threaten them with this tactic, and also test how deep the Third Elder and his family’s friendship with the Dragon Family was.

“Clan Chief Long, I’ve made you laugh, but is this matter going to continue today?”

Lin Ran turned his head to look at Long Pingtian and asked with a smile.

And Long Pingtian was all confused at this point, hurriedly looking at Long Pingliang who was at the side.

“O, I forgot, your brother is the real expert here!”

Lin Ran slapped his head to look at Long Pingliang.

“Still want to make a move?”

“You!”

Long Pingliang’s face was ugly and he didn’t say a word.

“Fine! Since you won’t say anything, then I will!”

Lin Ran smiled lightly, then said.

“I killed your Long Family’s people, but compared to my friends, their lives aren’t worth anything, so even if your Long Family doesn’t come after me in this matter, I’m not finished with your Long Family!”

“To mess with my friend’s business at first and then kidnap my friend, your Dragon Family is really good at what they do!”

“Keep this debt clearly in your minds, when the Second Elder returns, I will have him come to my door to deal with it personally!”

Lin Ran finished speaking and turned his head to look at the Third Elder and the Fourth Elder.

“Leave and inform the Second Elder for me, if I don’t see him by eight o’clock tomorrow night, let him collect the corpses for you two!”

“Yes! Yes!”

The Third Elder and Fourth Elder’s hearts trembled as they hurriedly ran to inform the Second Elder.

The two of them were completely out of it, and this matter with the Dragon Family could only wait for the Second Elder to return now and see what was said.

“You guys still don’t get out!”

Lin Ran suddenly turned his head to look at Long Pingtian and the others, his eyes icy cold.

“Fine! We’ll settle this account”

Long Pingtian was just about to put down a harsh word and leave, but at that moment, a voice came from outside.

No! Not one, but several.

Just hear the outside shouting.

“A visit from the Fire Chief of the Imperial Capital Fire Family!”

“A visit from the Imperial Capital Li Family Patriarch!”

“A visit from Qin Jie, the head of the Qin family in the Imperial Capital!”

“A visit from the head of the Situ Family of the Eastern City!”

“.....”

Hearing these voices, Long Pingtian was completely confused.

This was because all of these families had some issues with his own Long Family to a greater or lesser extent.

Especially these families in the imperial capital, because of their own frequent movements in the imperial capital, they had already attracted their attention.

“Little friend Lin Ran, the old master heard about you and specifically asked me to come and take a look, while specifically explaining that if needed, our Fire Family can send two strong Creation Realm practitioners to help!”

Fire Subterranean Station laughed aloud.

“Little friend Lin Ran, I am the father of Li Mu Di, the head of the Li family, Li Qing! My son heard of little friend Lin Ran’s ordeal and asked me to come and see you, my Li family also has two Creation Realm powerhouses ready to help!”

“Lin Ran, old man, I don’t need to say anything!”

Qin Jie laughed aloud.

“Little friend Lin Ran, the head of the Situ Family, Situ Deng, intends to visit little friend and make a good relationship!”

Situ Deng laughed aloud.

And at this moment, Long Pingliang's face changed, and as for Long Pingtian, he had already looked at his youngest son, his eyes filled with anger.

"It's all your doing!"

Long Yue's entire body sat paralyzed on the ground, his soul unconscious, who would have thought that a mere third-tier provincial city, Tanjiang City, a small Lin Ran, could actually have so many people come and put up.

From this moment on, everyone knew that Lin Ran in Tanjiang City had become completely famous among these big families.

If anyone still had any doubts, then the identity of the Chao Tian Pavilion's Pavilion Master could absolutely crush everything.

Even the patriarchs of the great clans wouldn't dare to offend easily.

"Thank you all for your appreciation, later on Lin Ran will personally receive you all, but before that Lin Ran has one more message for the Long Family!"

Lin Ran turned his head to look at the Long Family crowd and said in a cold voice.

"Get out of Temperance City within an hour, and in the future, if you set foot in several places, no one will be left behind!"

"As for the grudge between me and you, when the Second Elder returns, I believe he will take care of it!"

After saying that, Lin Ran turned around and went downstairs.

The Long family, on the other hand, left Temperance City in a hurry, one by one, in a dusty manner.

And from this moment on, Temperance City became a forbidden place for many families, no one dared to provoke Lin Ran in Temperance City, not even the Luo family and all other families that had ties with Lin Ran.

Chapter 1042

Two days later.

Inside the Genting Villa, a youthful-looking person appeared in front of Lin Ran.

"Second Elder has met the new Pavilion Master!"

The youth rushed towards Lin Ran with a slight salute.

"I didn't expect you to be so young!"

Lin Ran was a little surprised, the Third Elder and Fourth Elder were both old men, but this Second Elder was actually still a youth, apparently it should have been that he had used the last sheet of the Xuan Yin Pill Canon a long time ago, and that was why he had stayed in his youthful appearance.

At this moment, there were only two people in the villa, so Lin Ran was not polite and asked directly.

“You’ve heard all about the events of the last two days!”

“My subordinate has heard about it occasionally!”

The Second Elder said indifferently.

“Tell me how to deal with it!”

“I wonder how the Pavilion Master wants to deal with it?”

The Second Elder, however, asked rhetorically.

“I don’t like trouble, so I’ll leave this to you to deal with, you should know what the Long Family has done to me, don’t let me down!”

Lin Ran said indifferently, but his eyes were icy cold.

The Second Elder frowned slightly and looked at Lin Ran without saying a word.

“What? Got a problem?”

Lin Ran’s eyes fiercely narrowed slightly as an aura filled out.

“No!”

The Second Elder nodded his head respectfully, but deep within his eyes was a hint of harshness.

“Then go ahead! I want to see the results this evening!”

Lin Ran said in a cold voice, immediately giving the order to expel him.

“Yes!”

The Second Elder nodded his head and turned to leave.

“Pavilion Master, what about it?”

Just as the Second Elder left, the Grand Elder walked out from the side.

“This Second Elder is very deep, I suppressed him the entire time just now, but he still didn’t make many waves, hiding himself very well!”

Lin Ran frowned and said.

“Then this time, will he”

The second elder was a little worried.

“No matter, he wasn’t expected to make the Long Family pay any price, all this is just to test him!”

Lin Ran got up and looked out the window.

“Although the Dragon Family has made me angry, after all, I also killed Long Pingtian’s son, as long as the inner clan of the Dragon Family is sensible, this matter can completely end here, but if the inner clan is unwilling to give up in peace, then we will have to continue the fight!”

“Your Highness, don’t worry, as far as I can see, the inner clan of the Dragon Family should not make a move!”

The Grand Elder said.

“O? Why?”

Lin Ran asked.

“The Dragon Family is now on the verge of coming out and has offended many clans in many places, so it is not appropriate for them to be too high-profile right now, even if the clan is very powerful? But if they were to cause public outrage, it wouldn’t do them any good!”

“Cause public outrage?”

Lin Ran frowned slightly, coming out of the world was just that, could it still cause public outrage?

“Your Highness has no idea, this kind of thing has actually come from a long time ago, the reason why the Dragon Family wants to come out of the world is also about their seclusion.”

“I’m not too sure about the details, I only know that a great disaster erupted in the cultivation line a long time ago, and the Dragon Family was also a big family at that time, but they chose to go into seclusion in order to protect themselves, and now that it’s a time of peace, they want to come out, naturally someone will disagree!”

“So that’s how it is!”

Lin Ran was suddenly dumbfounded.

The meaning was like, when you ran into danger your Long family went into hiding, and now that the danger was gone and your Long family wanted to come back, there would naturally be people who would not want to.

“I didn’t expect there to be this kind of entanglement!”

Lin Ran shook his head and laughed, but the matter had already been handed over to the Second Elder, so he naturally wouldn’t bother asking questions, everything would just wait for the news tonight.

“Right Grand Elder, there’s something I need to talk to you about!”

Lin Ran suddenly said.

“Your Highness, please give the order!”

The Grand Elder saluted.

“Are you wondering why the Second Elder, Third Zhang, and the Fourth Elder are so obedient to me?”

Lin Ran asked with a smile.

“Very puzzled indeed!”

The First Elder laughed.

Lin Ran said with a faint smile.

“It’s because you all cultivated the last page of the Xuan Yin Pill Canon!”

“This last page of the Xuan Yin Pill Canon is like a compulsion technique, you have gained immortality, but you have also had a compulsion planted in your bodies, and it is this compulsion that is controlling your minds and not allowing you to betray the Chao Heavenly Pavilion!”

“What? The compulsion?”

The Grand Elder was astonished, what did they do in the Chao Heavenly Pavilion, they could say without a doubt that they were the most proficient in the way of Chinese medicine in the whole continent, but they had a compulsion planted in their bodies and they didn’t even know about it.

“It’s a compulsion, but it’s a kind of compulsion that none of you have ever seen!”

Lin Ran said indifferently.

“Pass the word down for me, I’ll give each of you half a year to consider whether you want to take out the compulsion!”

“The price is simple, if you take out the parasite, your life span will decay normally and your strength can still be refined, if you don’t take out the parasite you can still continue to live forever!”

“Ah?”

The Grand Elder was completely shocked this time.

“The compulsions can still be taken out!”

The Grand Elder thought of too many things for a moment, and froze for several seconds before he could react.

“Ai! Pavilion Master, this matter is too involved, it needs to be considered in the long run!”

“No matter, you will send a message down in the next few days, each person will have half a year, even if a decision is made immediately it must wait half a year!”

Lin Ran pondered, he had too much on his plate, and it wasn’t the time to directly remove the poisonous tumour from the Chao Heavenly Pavilion, so this time had to wait.

“Good! Since the Pavilion Master has decided, then I will do it, but I am afraid that many of my old friends here will not choose to take out the parasites, after all, after so many years have passed, everyone has many tied up newcomers behind them, if they leave like this, I am afraid that everyone will be upset!”

“But it’s the Second Elder and the others”

“I just want them to be torn!”

Lin Ran laughed.

“Isn’t this Second Elder bent on breaking away from the Chao Heavenly Pavilion, I’ll give him a chance, just to see how he chooses!”

“My subordinate understands!”

The Eldest Elder nodded slightly.

The Second Elder was bent on breaking away from the Chao Heavenly Pavilion, so he was bound to be looking for a means to break the acupuncture method behind his back, and now that Lin Ran had directly offered that he could break it, the Second Elder and the others were bound to be moved.

But there were some things that everyone knew, but they didn’t say anything, so if they could persuade Lin Ran to break it for them, it would depend on the Second Elder’s sincerity.

The next day, in a hotel somewhere in Nanyang.

“Have you been informed yet, Second Brother!”

In the room, the Second Elder, Third Elder and Fourth Elder were all gathered here, each with an ugly face.

“I didn’t expect this Lin Ran to have quite a few tricks up his sleeve, to actually be able to crack the last dynasty of the Xuan Yin Pill Canon’s art of acupuncture!”

The Second Elder sat on the sofa with an ugly face.

He had searched for no less than hundreds of years to crack this acupuncture technique, but had never made much progress, and only in the last few years had he found a ray of hope in the Dragon Family.

It was only in the last few years that he had found a ray of hope in the Long family. But to his surprise, a Lin Ran had now appeared, directly disrupting his plans.

“Second brother then what should we do, should we ask Lin Ran for help? He’s the Pavilion Master!”

The Third Elder busily said.

“This matter must be considered carefully!”

The fourth elder was also busy saying.

The three of them had been planning for a long time, so how could they not see that Lin Ran was giving them a choice.

“If we want to get the crack from Lin Ran, we must make our attitude clear, and I’m afraid the price will be eternal allegiance to him!”

The Second Elder’s face was gloomy, this was not the outcome he wanted.

“Then what should we do?”

The Third Elder asked busily.

“There’s no rush, didn’t they say six months to think about it, I’ll go to the Dragon Family later, let’s get it over with first, and in the meantime see what’s going on over at the Dragon Family!”

The Second Elder said.

Originally Lin Ran had asked him to come up with the results last night, but because of the next thing the Grand Elder informed, he had been delayed until today, and now that he arrived with such important news, it was time for him to act.

Chapter 1043

As expected, a shocking news came from the Dragon Family that night.

The Dragon Family's outer clan chief, Long Pingtian, stepped down on his own responsibility, and the new outer clan chief was taken up by a side line, while the Dragon Family even made a public statement that they would not dwell on the matter and hoped that young friend Lin Ran would be magnanimous and not pursue the matter.

This incident immediately made Lin Ran's reputation even louder, and the fact that he was able to make a Noda hidden family choose to hold back their anger made many people's hearts puzzled.

Who was this Lin Ran? What kind of divine being was it that could make even the Long Family concede.

Lin Ran was naturally not interested in any of this, what interested him most was that the Second Elder had run abroad again, making Lin Ran somewhat impervious to his mind for a while.

However, the Second Elder could settle down, which was what he wanted to see the most.

To be honest, although Lin Ran was the head of the pavilion, his strength was still a bit too weak, and he was afraid that the Second Elder would have no less than three strong people at the Creation Realm beside him, so he had to improve his own strength as soon as possible, otherwise he would be seeking the skin of a tiger and would be in great danger after all.

In the next ten days, Song Jian and the others returned to Tanjiang City under Lin Ran's arrangement, and the properties were exchanged to them.

After all this, Lin Ran had a few days of leisure, but he knew that his leisure might be completely cut off in the next day, or he might always have it.

For it all depended on the appointment in three days' time.

"The one-year appointment with Elder Feng has expired!"

Lin Ran lamented.

On this day, Lin Ran stayed alone within the clinic and took out the Nine Fish Spitting Pearl that he had obtained earlier.

This was something he had gotten from He Fei earlier, and Lin Ran had never thought of what to do with it instead before, but now he had an idea.

The Nine Fish Spitting Pearl had a total of nine small fish, plus a bead, alluding to the art of returning nine hundred and nine to one.

It was just right for refining induction stones.

Moreover, this Nine Fish Spitting Pearl was a creation of heaven and earth, and once it was refined, it could be sensed even if it was ten thousand miles apart.

“You said that Lin Ran suddenly asked us to come over, did something else happen?”

On the ground floor of the clinic, Su Rou was worried.

“I don’t think so, he’s been staying within the clinic lately and we haven’t asked, so I don’t know what he’s up to!”

“Why hasn’t he come down yet, we’ve been waiting for an hour!”

Kiki Lo pouted.

“He’s probably”

Qin Bing was just about to speak when suddenly there was a “bang” on the first floor, followed by Lin Ran’s shriek.

“What’s wrong?”

The four women were stunned and hurriedly ran towards the first floor.

But as soon as they reached the first floor, the four women froze in their tracks.

They only saw that Lin Ran’s hair had exploded and his entire body was covered in black and rotten clothes, a sign that he had been blown up.

The shutdown was that this guy’s clothes had been blown up beyond recognition, and seeing this scene, the four women were instantly worried and blushing at the same time.

“Er Sorry, there was an accident, I’ll go wash up!”

Lin Ran hurriedly got up from the ground and ran into the bathroom.

The four women, on the other hand, looked wide-eyed and then walked in towards the room Lin Ran had just drummed in.

As soon as they entered, the four women’s eyes immediately went straight.

They only saw that on a table in front of them, neatly placed on it were a full nine jade pearls with a bead outside.

“What are these things? It’s so beautiful!”

“It seems to be a small fish!”

“Hey hey I have a little fish in here too!”

“That’s not right, after I picked it up, how could I sense the location of the other eight fish and that bead!”

The four women exclaimed at once.

When Lin Ran came out of the bathroom, the stuff had already been taken outside to the living room.

“Brother Lin Ran what is this thing?”

Luo Qiqi was the first to ask, unable to resist.

“Eh, this is the gift I prepared for you guys, the Nine Fish Spitting Pearl!”

Lin Ran laughed helplessly.

“It’s really for us!”

Luo Qiqi was instantly overjoyed and immediately took out a piece of her favourite and put it around her neck, while getting up and giving Lin Ran a big fragrant kiss!

“It’s not for you guys, what about the three of you, did you show anything?”

Lin Ran looked at Song Nuan and the three women and said with a smile.

“Bah! You’re so naive!”

The three women each gave Lin Ran a white glance, and then also picked up a piece of their favorite.

“Alright, forget it if you don’t have one, this is the Nine Fish Spitting Pillar, it can sense the location of the other nine, with it you can also take care of each other in the future!”

Lin Ran laughed, while picking up his own piece of bead.

“But Brother Lin Ran, why have you prepared so many!”

Luo Qiqi wondered.

The other three also looked at Lin Ran in confusion at his words.

“More? It’s just enough!”

Lin Ran scratched his head, and then counted up.

“Look, nine fish and a bead, ten in total, one fish for each of the four of you, I’ll take the bead, one fish for Fatty Wang, there are four fish left, I’m going to give three fish to the three Leng Xuan brothers, there’s just one left!”

“One left?”

“What does this one left mean?”

“It means you still have a hidden person?”

“Is it that secret thinker of yours?”

The four women instantly looked at Lin Ran as if she was a detective.

“No What are you guys thinking about!”

Lin Ran was instantly speechless, but seriously, this last fish of his was indeed intended for Ling Sa.

“Still trying to be sophomoric!”

Song Nuan immediately stepped forward.

"I still remember when the four of us went to the hotel to catch an adulterer, but we ended up letting the woman get away, so now it seems that this person does exist!"

"Right!"

"I just remembered that too!"

The three women exclaimed at once.

"Say! Who is it!"

Qin Bing looked at Lin Ran with a provocative look in her eyes.

"No, it's not what you guys think,? It's just a friend!"

Lin Ran was busy explaining.

"A friend? Girlfriend, right!"

"Sisters, this kid is dishonest, let's go together!"

"Yes, let's do it together! We must force it out!"

At once, the four women gathered around towards Lin Ran.

"Oh my god, I'm so wronged!"

Lin Ran screamed everyday and was directly pounced on by the four women.

.....

It was only in the evening that Lin Ran came out of the clinic, looking at the four girls behind him with an aggrieved expression.

"You four are too much, I'm a man, are there any of you who torture people like that!"

"Humph! Let you not know what to do, eating from the bowl and looking at the pot!"

Qin Bing laughed.

"That's right!"

Song Nuan echoed.

"Me! Even if I'm eating from the bowl and looking at the pot, you guys can't strip me of my clothes, I haven't even married my daughter-in-law yet!"

Lin Ran was speechless.

"Just you? Afraid to look?"

"That's right, wouldn't the four of us have been looked at by you long ago!"

Luo Qiqi was indignant.

Only when these words were spoken, the four girls' faces instantly turned red.

"Er This I have something to do tonight, so I'll leave first!"

Lin Ran said and ran out of the clinic in a huff.

"Hey! Where are you going!"

Song Nuan asked busily.

"Li Sheng is coming back from the Imperial Capital tonight, I'm going to find them!"

After saying that, Lin Ran disappeared at the end of the street in a flash of smoke.

At ten o'clock at night, at a small restaurant near the university town, Lin Ran and Wang Yifeng appeared together, and just a few moments later, Li Sheng appeared with Leng Zhan and the others.

In fact, two days earlier, Lin Ran had received a call from Li Sheng that they were going to come back and had something important to discuss with him.

And Lin Ran was also prepared to take this opportunity to give them the Nine Fish Spitting Pearl.

Chapter 1044

"Brother Lin Ran!"

"Boss!"

Inside the restaurant, Lin Ran and the others finally met up.

"Sit down and talk while you eat!"

Lin Ran greeted with a smile.

Li Sheng had been in the imperial capital for over a whole year, while the three Leng Zhan had returned at least once in between.

"Brother Lin Ran, I haven't seen you for over a year, your great name is now like a thunderbolt!"

Li Sheng laughed.

"Brother Li Sheng is joking, it's you who has made significant progress in the past year or so, how about you should have touched the doorway already!"

Lin Ran laughed.

He still vaguely remembered that when he first met with Li Sheng, this guy's attitude was rather bland.

But now he was looking at himself with a little more respect.

It couldn't be helped, this society was like that, strength was always the best postcard.

"Not to be outdone, I should be considered half a foot into the path!"

Li Sheng laughed.

“What about you guys?”

Lin Ran looked at the three Leng Zhangs.

“Boss don’t cancel us out, where can we compare to Brother Li Sheng!”

Leng Xuan laughed.

“Brother Lin Ran, these three brothers of yours are also unusual, they have only been cultivating for just two years and have already felt some of the way, unlike me who has been cultivating since I was a child and is only a little stronger than them today!”

Li Sheng laughed.

“Haha, well don’t talk about that, you called two days ago and said you had something important to discuss with me, what was it?”

Lin Ran asked.

Li Sheng smiled with a much more serious face and looked around, seeing that there was no suspicious person, before he whispered.

“It’s about a mysterious alliance!”

“A mysterious alliance?”

Lin Ran frowned slightly at his words, he hadn’t heard of this Mysterious Alliance at all, was it even more mysterious than the Chao Heavenly Pavilion?

“Speaking of this, I still have to mention my cousin Li Mu Di!”

Li Sheng said.

“About a few days ago, I received a message from my cousin to go to Xingwu Mountain the day after tomorrow, saying that there would be a selection held there, and if I could pass the test, I would be able to enter an organisation called the Mysterious Alliance, and there I might be able to enter the Dao with martial arts!”

“Xingwu Mountain?”

Lin Ran frowned at his words, he had never heard of this mountain name at all and had no idea where it was.

“Yes it’s Xingwu Mountain, I don’t know the exact address, my cousin said he would give me the address before I set off!”

Li Sheng said seriously.

“I came to find brother Lin Ran, just to say a word, what about the three of you, Leng Xuan? Should I let them come with me, or”

Li Sheng didn’t say anything further and just looked at Lin Ran.

“Boss!”

The three Leng Zhan also looked at Lin Ran, with a solicitation in their eyes.

“There’s no need to ask me about this matter, it’s all up to the three of you to decide, if you want to upgrade!”

Lin Ran said indifferently.

“Boss, we do want to go, but then we won’t be able to be beside you again!”

Leng Xuan said helplessly.

“What are you guys doing beside me? Improving your strength is the key!”

Lin Ran laughed.

“But!”

Leng Xuan wanted to say something else, but Lin Ran smiled and shook his head.

“Since you’ve set foot on the cultivation path, you have to adapt to this separation, and besides! Without strength it will be hard for you guys to help me in the future!”

“Boss! We understand!”

The three Leng Zhan nodded solemnly.

In the past, they might not have understood why Lin Ran said that, but this time, the matter between Lin Ran and the Dragon Family had become so heated that they were not clear about it.

Lin Ran was now facing an opponent, and if he didn’t have strong strength, it would be good to not cause him any trouble, let alone help him.

“When are we leaving?”

Lin Ran asked with a smile.

“Tomorrow afternoon back to the Imperial Capital, and we’ll leave early the morning after!”

Li Sheng laughed and said.

“Good! Go well and learn your skills, we’ll definitely see each other again later!”

Lin Ran laughed.

“Boss!”

Leng Zhan’s three eyes were red as they lifted their glasses of wine to toast Lin Ran.

The three of them would never forget that if Lin Ran hadn’t taken them down this path, they would still be carrying large bags in the transport company.

“Brother Lin Ran, to be honest there are times when I envy you!”

Li Sheng laughed as he drank.

“There are so many brothers beside you, while I am”

“You say that, am I, Lin Ran, not your brother? Or are these brothers of mine, not treating you as a brother!”

Lin Ran laughed.

“My my! I punish myself with three cups!”

Li Sheng laughed.

After things were said, everyone started chatting and drinking, and soon Li Sheng collapsed because he was not able to drink.

Luckily, the three Leng Zhan could drink, but they drank for a long time with Lin Ran Wang Yifeng.

When the party was almost over, Li Sheng slumped down on the table to rest.

Lin Ran, on the other hand, looked at the four of them and took out the four small fishes of the Nine Dragons Spitting Pearl that he had prepared earlier.

“This is the Nine Dragons Spitting Pearl, there are ten of them in possession, now give each of you one so I can sense your location as well!”

Lin Ran said, giving the four small fishes to the three Leng Zhan and Wang Yifeng.

“As for Li Sheng, he took you to Xingwu Mountain, he should give you the sensing stones, I’m not with you, you four should look out for each other, don’t get into trouble!”

Lin Ran admonished.

“Don’t worry boss, we’ll be back as soon as possible!”

Leng Xuan’s three promised.

After chatting with Leng Zhan for a while more, the three of them left with Li Sheng on their backs.

“Rangzi, these three brothers of yours, they are almost brothers to others!”

Watching the three Leng Zhan leave, Wang Yifeng laughed helplessly.

“So what if they have become? The three Leng Zhangs are my friends, and underlings!”

Lin Ran laughed.

“You brat is just so quick!”

Wang Yifeng couldn’t help but laugh, he really saw this in Lin Ran as well.

“Right, Leng Zhan and the others have all gone to Xingwu Mountain, what about us brothers? We can’t just stay here in Temperance City and sit on our laurels forever! Besides, Master Fatty, my strength hasn’t improved for a long time!”

“You only know about Cui Dong and Cui Xi every day, it’s a wonder your strength has improved!”

Lin Ran said without good humour.

“Let’s wait a bit longer, after they leave, I have to go take care of something, we’ll decide what to do with the two of us when I return!”

Lin Ran lamented.

“Deal with what matter!”

Wang Yifei said in confusion.

Lin Ran, however, smiled and patted Wang Yifeng’s shoulder.

“I’ll tell you later when I have the chance!”

.....

The next day, Lin Ran sent Leng Zhan and the others away.

As he watched the four leave, Lin Ran could only silently pray that they would have a smooth and successful trip to Xingwu Mountain.

That afternoon, Lin Ran made another trip to the shop to meet Master Yu.

He was indeed a bit incompetent as a master, as he had not seen Master Yu since his last breakthrough.

When I met him this time, it was obvious that Master Yu had a much better aura, and even his face had the appearance of a rejuvenated man.

After chatting with Master Yu, Lin Ran left the shop in his hands.

He also instructed him not to take on a single strand unless he was sure of the order.

Afterwards, Lin Ran gave Master Yu another sum of money and left with Wang Yifeng.

Lin Ran had thought about the shop, whether he left after going to the appointment or not, the shop was no longer in his mind to take care of.

In order to find Wang Kun, he had to reach the Realm of Creation as soon as possible, and Wang Yifeng was also interested in improving his strength, so whether he left or not, he had to find a way to improve his strength in the next period of time.

And naturally, the shop was out of his hands.

And to leave a sum of money to Master Yu is also considered to be his last help as a master, Master Yu is also old, if he still has the intention to continue to refine, the money he left for himself would be enough for him.

Chapter 1045

On the third day, Lin Ran got up early, as today was the day of his appointment.

He packed his things early and sat alone on the first floor of the shop, drinking tea in the sun, as he was going to his appointment in the evening.

“Ranzi, is this phone yours, damn it’s been ringing for over an hour!”

Suddenly, Wang Yifeng ran up from the ground floor, holding the phone and throwing it to Lin Ran.

“It’s mine!”

Lin Ran laughed helplessly, his phone had run out of battery last night and he had left it downstairs to flush the battery.

But who would call himself? It had even been calling for over an hour.

Lin Ran picked up his phone and saw that it was an unfamiliar number, so he couldn’t help but be puzzled.

“Hello which one!”

Lin Ran called back.

“Are you Lin Ran?”

On the phone was a young man’s irritated voice.

“It’s me!”

Lin Ran blandly.

“You kid still know how to answer the phone, I’ve been calling for an hour, what the hell!”

The other party was irritated.

“Sorry the phone ran out of battery before and was charging, but who are you?”

Lin Ran asked indifferently.

“I’m from the courier company, I have a courier for you today, but I’ve already come back, you want to come and pick it up yourself!”

The other party said.

“Send me the address!”

Lin Ran returned casually.

Ten minutes later

A courier point near Temperance University was overcrowded.

As this was a courier point near the university town, there were many people coming here every day to pick up the courier.

“Ranzi you say who in the end will send you an express!”

Wang Yifei asked curiously.

He didn't seem to know many of Lin Ran's friends, and most of them were from Tanjiang City, so he couldn't really figure out who would send Lin Ran a courier!

"We'll find out when we get it, I don't know who it is either!"

Lin Ran laughed helplessly.

There were many people in the queue, and Lin Ran had no choice but to queue up behind them as well.

But as he was filming, suddenly he trended to see a young man with dyed yellow hair walking brightly past the side of the queue, and then standing directly in front of a girl in front.

"Why are you cutting in line!"

The girl instantly questioned.

"What's wrong with me cutting in line? You have a problem with that!"

Yellow hair was immediately annoyed and pointed at the other party and cursed.

"Why are you so unqualified, don't you know how to queue up?"

The girl was also a bit angry and questioned.

"Quality? I'm so fucking unqualified, you hang me!"

The yellow-haired young man sneered, acting like a bully.

Wang Yifei wanted to laugh, this guy only bullied the students who came here to pick up the courier, if this was in other places, I'm afraid they would have been killed.

"Fatty, go and clean up!"

Lin Ran suddenly spoke.

"Hey, Ranzi this is not your style, this kind of person you usually do not bother to deal with!"

Wang Yifeng was surprised.

"This kid stole that girl's phone!"

Lin Ran said blandly.

"Holy shit it's a thief!"

Wang Yifei was suddenly dumbfounded and walked over towards the yellow hairy side.

"You! Get in line at the back, you still want to cut in line at the old man's courier spot!"

At this moment, the courier boss stood out and pointed at Huang Mao and said in a cold voice.

"You!"

The boss was so tall and big that the yellow-haired young man wilted and resentfully went to the back of the crowd, but there was a smile tacked on his eyes.

“Kid! Stop!”

Suddenly, a voice rang out, directly stopping the yellow hair who was ready to leave.

“Come here, little girl in the first row! See if you’ve lost your phone!”

Wang Yifeng grabbed Huang Mao as soon as he could and shouted at the same time.

“Mobile phone.”

Meng Meixin was a bit dazed,? But after wiping it she really found that her mobile phone was missing.

“Is this yours!”

Wang Yifeng asked as he fished a mobile phone out of Huang Mao’s pocket.

“It’s mine, but how

“You’re a thief!”

Meng Meixin snapped out of it.

“You’re nonsense, I didn’t steal this phone!”

Yellow hair still wanted to sophistry, but Meng Meixin was a handful of dodge the phone, and immediately reported it to the police.

“How come it’s on you if you didn’t steal it!”

Meng Meixin said and raised her phone.

“I’ve already called the police, you’d better go and explain to the police later.”

“This fat brother thanks you!”

Meng Meixin then thanked from Zhongwang Yijin to.

“Thanks even if, fat master I had not intended to care, if not for Ranzi

Wang Yifeng changed his mind before he finished his sentence.

Rather than letting this kid Lin Ran make a splash every time, he might as well make a splash himself.

“Ranzi?”

Meng Meixin did sound stunned and couldn’t help but ring a bell.

She hurriedly turned her head to look at the crowd, and suddenly she saw a familiar figure, but the figure was quickly drowned out by the crowd.

Turning back to look at Wang Yifeng again, this guy had actually disappeared too.

Meng Meixin immediately took out her mobile phone and hurriedly sent a text message to Lin Ran.

“Did you help me?”

“Dingling!”

Around the corner of the street, Lin Ran’s phone rang.

“I say, Ranzi, this should not come back to your thinking again!”

Wang Yifeng was a bit speechless, just now he was wondering how Lin Ran let himself out, but he felt that this little girl also knew this kid.

“Don’t talk nonsense, it’s just a friend!”

Lin Ran said helplessly, while putting his phone back into his pocket.

“A friend? Friend why didn’t you come out and didn’t reply to the text message!”

Wang Yifeng asked.

“Don’t ask too much about grown-up matters, kids!”

“Hey! Damn you, believe it or not I’ll tell Big Sister!”

Wang Yifeng said in a bad mood.

“Get lost, hurry up and find a place to see what’s in the package!”

Lin Ran was busy changing the subject.

Only then did Wang Yifei notice that Lin Ran had already picked up the courier at some point.

“Sorry, I can’t reply to this text message!”

Lin Ran said with a bitter smile in his heart.

Where did he not know what Meng Meixin thought of himself, but he really couldn’t be wreaking havoc on others.

Even Meng Meixin’s appearance near the university town was known to him.

After all, Meng Meixin worked at Luo Ran Finance and moved to live in this neighborhood, so where would he not know.

.....

The two returned to the shop, Lin Ran took the package out directly, and once he took a look at the mailing information on it he was stunned.

The reason is that on the message there is no address to send it to, but only a name “Ling Sa!”

“Hey, hey! It must be because you didn’t go to see her and she got angry!”

Wang Yifeng laughed at the side.

“Bugger off!”

Lin Ran was also helpless, but he was still very happy to receive something from Ling Sa.

Quickly opening the parcel, following which Lin Ran saw that inside the parcel, there was actually a fiery red whip, and a letter.

“Isn’t this Ling Sa’s magic weapon? How come it was sent to you?”

Wang Yifeng was surprised when he picked up the whip.

Lin Ran also had some doubts in his mind, and immediately picked up the envelope, only to see a few words written on it.

“From Lin Ran himself!”

“Take a quick look, what the hell is it! Has sister Lin Ran run into something!”

Wang Yifeng hurriedly urged.

Lin Ran couldn’t help but worry in his heart as well and hurriedly opened the letter, but at a glance his brow furrowed.

In a soft voice, he said.

“The Mysterious Alliance again, what kind of force is this!”

Chapter 1046

“Ranzi, what’s going on?”

On the side, Wang Yifeng was full of confusion and was busy asking.

“Read it yourself!”

Lin Ran handed the envelope to Wang Yifeng, and after just a moment, Wang Yifeng froze as well.

“The Mysterious Alliance, how come she went to the Mysterious Alliance too, but it’s not Xingwu Mountain she’s missing! And where is this Qiong Hua Mountain?”

Wang Yifeng was busy asking.

“I don’t know where it is, but I know Qiong Hua Mountain!”

Lin Ran’s brow furrowed.

Qiong Hua Mountain, wasn’t it exactly the place that Elder Feng had said he would take himself to a year ago, but who would have thought that now he hadn’t gone yet, but Lin Sha had gone there first.

“It seems that this mysterious alliance is not simple!”

Lin Ran frowned, even Qiong Hua Mountain was only a part of the Mysterious Alliance, so how strong must the whole alliance be.

“What now?”

Wang Yifeng asked busily.

“I don’t know!”

Lin Ran shook his head, but at the same time, he picked up his car keys and went straight down to pull the building.

“Hey! Where are you going?”

Wang Yifeng was busy asking.

“Qinghewan!”

Lin Ran replied back, his people already getting into the car.

“Shit you wait for me!”

Wang Yifeng saw that things were not simple and hurriedly chased after him as well.

In the car, Lin Ran’s heart had already seized up as he recalled the letter from Ling Sa.

“Lin Ran, I’m leaving! Master has asked me to join the mysterious alliance!”

“I don’t know what this Mysterious Alliance is, but it’s really terrifying, there are a total of thirty brothers and sisters from the Plum Blossom School who have participated in the Mysterious Alliance over the generations, but none of them have returned alive to this day!”

“I don’t know if I can come back alive, so I’m writing this letter to you, if I don’t come back, will you still remember me?”

“You have so many beautiful women around you, maybe not, after all, you haven’t even come to me!”

“This and the magic weapon is for you, if you remember me one day, you can look at it!”

“I’m leaving, don’t come looking for me, the Mysterious Alliance is really mysterious, I hope you are safe and sound!”

“Lastly the Dragon Family, the Dragon Family is really scary, my master wouldn’t dare to mess with them, sorry I couldn’t help you!”

“Well that’s it, Master has urged me to set off, see you again sometime!”

At this point in the letter, all that was left were a few tears and this heavy exclamation point at the end.

Looking back now, Lin Ran realised how desperate Ling Sa must have felt at that time.

But why, why did Li Mu Di still recommend Li Sheng and the others to attend the selection, and what kind of existence was this mysterious alliance?

Is it good or evil, and Li Sheng and his team are no longer in contact with Lin Ran, but can only vaguely sense their location.

Would they be able to return alive?

At this moment, Lin Ran’s heart was in complete chaos.

.....

The two of them finally arrived at Qinghewan in the afternoon.

This place that he had already lost track of how many times he had come to, this time he came Lin Ran was incomparably anxious and worried.

“Hey hey! Look guys, isn’t that kid the one posted on the notice board!”

“Yeah, he’s the one who often comes to climb the statue of Laozi Qingniu, causing posters to be put up here!”

“Why is he here again, is he going to climb the statue of the green bull?”

“Holy shit, this kid is crazy in the head, what’s wrong with this statue of the Green Bull, he’s here again!”

Seeing Lin Ran and the others, a kind of tourists next to them chattered.

Because of some previous actions, it had made Lin Ran completely famous in this scenic spot.

“Ranzi, what about it? You seem to have become famous!”

Wang Yi looked around at the people who had gathered around him and couldn’t help but gulp.

“What do we do, rush!”

Lin Ran didn’t have the time to explain to the crowd here, and at once, he gritted his teeth and rushed straight towards a loophole.

“Hey hey you wait for me!”

Wang Yifeng saw this and was busy chasing after him.

“Don’t you come over!”

Lin Ran, however, was busy shouting.

But at this moment, the scene was so chaotic that Wang Yifeng didn’t hear him at all and followed him back and forth.

But the next scene left him dumbfounded.

He saw that Lin Ran had just rushed to the statue of Laozi Qingniu, followed by a flash of his body that had actually disappeared.

“Holy shit!”

Wang Yifeng cursed angrily at the sight and rushed after him as well.

“Bang!”

He did not disappear, but he actually crashed into the green bull, which loaded him up so much that his head exploded.

“Hey! Where’s that kid? How come he’s the only one left!”

“Yeah, I saw him just now!”

“These two are possessed, aren’t they? One is gone, and this one is still banging into the statue like he’s dying!”

“I think they must have escaped from the mental hospital!”

The crowd was chattering.

Wang Yifeng was also tearless, and was speechless in his heart.

“You bastard, you ran away by yourself, now I’ve become a mental patient!”

Lin Ran naturally didn’t have time to care about what happened to Wang Yifeng, because at this moment, he was already in a different dimension and had met Elder Feng.

.....

“You’re in a hurry, kid! There’s still a few hours before the one-year appointment!”

Elder Feng remained indifferent and did not have the slightest change in expression when he saw Lin Ran appear.

“What’s this Mysterious Alliance thing! Are you the one who staged this!”

Lin Ran’s face was icy cold as he questioned.

“O? You even know about the Mysterious Alliance! It’s really fast, come to think of it, it’s time for the Mysterious Alliance to recruit people again!”

Elder Feng said blandly.

“What exactly is that organisation!”

Lin Ran questioned.

“A very mysterious organisation!”

Elder Feng blandly.

“What about the people who join it, what happens to them in the end?”

Lin Ran asked busily.

“Either they achieve fame and fortune, or they die in battle!”

Elder Feng blandly said.

“What!”

Lin Ran was completely furious, what was this about Ling Sa? Being pushed out by the Plum Blossom Sect to send them to their deaths?

“Why does the Plum Blossom Sect keep sending people!”

Lin Ran couldn’t help but ask.

“The Plum Blossom Sect?”

Elder Feng smiled as if he was thinking, and then laughed a moment later.

“You’re worried about that girl Ling Sa!”

“Good that you know!”

“Haha, I can’t be blamed for this!”

Wind Elder however laughed.

“Although the Mysterious Alliance is dangerous, it is also one where great opportunities exist side by side, and there are more than ten million unranked forces like the Plum Blossom Sect above the entire land, and every year when the Mysterious Alliance recruits, many people will be sent in!”

“But don’t you guys keep a check on them? Those people going in are just cannon fodder!”

Lin Ran said angrily.

“Gatekeepers? Who told you that we don’t gatekeep!”

Elder Feng’s face also went icy cold.

“Besides, there are quite a few people who enter every year who end up surviving, and those who die, even though they dedicate their lives, the Mysterious Alliance gives them a great compensation!”

“Which is? What’s the use, the people are gone!”

Lin Ran said angrily.

Feng Lao, however, was silent, and after a moment slowly shook his head and laughed.

“You’re too simple, some things are never as simple as they seem to you, you think you can live a peaceful life just because you want to? In this world, there’s always someone who doesn’t want you to live it! Do you understand?”

“They join the Mystic Alliance, even though they are licking their blood on the tip of a knife, they are fighting for those of you who don’t want to fight!”

“And you? Returning me and making a one-year pact, do you know how many more of us have been lost in that year?”

“I don’t want to know!”

Lin Ran clenched his silver teeth.

“Then you still came to me!”

Elder Feng returned to his blandness.

“I just want to know what the Mysterious Alliance really is!”

Lin Ran said angrily.

“No comment!”

Elder Feng looked at Lin Ran, his eyes too deep to see the slightest ripple.

“If you don’t join us, you’ll never be able to come into contact with it, there’s still an hour left before your one year appointment, I can give you one last mission, when you’re done, you’ll decide whether you want to join us or not!”

“On what grounds!”

Lin Ran said angrily.

“Believe me, it’s not that I’m forcing you to join us, it’s the circumstances you’re in that leave you with no choice! Born in a chaotic world, you either have to be a lord or a fish!”

Elder Feng said blandly, then with a click of his finger, a stream of information flooded into Lin Ran’s mind.

Chapter 1047

In this land, there are many evil forces hidden, and Mount Empyrean is one of them.

There is a general here who has at least a thousand cultivators under his command, and all you have to do is simply to assassinate him and survive at the same time.

I will use the last of my power to send you directly to the general’s retreat.

After your assassination is complete, crush the token and you will be transported out again, do not fight the army inside, you will be instantly overwhelmed!

Elder Feng’s voice echoed in his mind, and when Lin Ran opened his eyes again, the scenery around him had changed.

And there was an ancient token in his hand.

“Is this the place where that general was in retreat?”

Lin Ran couldn’t help but feel his heart sink as he swept his gaze over the surroundings.

This generation was simply a barren mountain and old forest, with nothing but patches of pristine forest forest and large rocks.

“Shit! That wind didn’t come in the right way, I can feel an old demon living in the cave ahead!”

Pillow Book suddenly popped up.

“An old demon?”

Lin Ran frowned, could it still be a thousand year old demon?

“That thing should have lived for many years, the aura on him is very mixed, he should have been depriving others of their vitality for his own cultivation!”

Pillowbook said with a frown.

“Shit!”

Lin Ran couldn't help but curse.

“Then how strong is he?”

“I don't know, but that old man is trying to pull you in, so he shouldn't intentionally harm you!”

Pillowbook analyzed.

Lin Ran nodded and adjusted his mind as he immediately walked towards the cave.

The Mysterious Alliance was too mysterious, if it was placed before he could completely ignore it, whatever you say I just won't join.

But now, first it was Ling Sa, then it was Leng Xuan Li Sheng and the others, Lin Ran was indeed a bit helpless.

It was like what Elder Feng said, there are times when you don't have a choice, it is the circumstances around you that force you to make a choice.

Coming to the entrance of the cave, Lin Ran couldn't help but feel creeped out.

All this way over, although the road was close, he could feel the mountain wind blowing, but the moment he stood at the entrance of the cave, the wind around him all disappeared out of thin air.

It was as if the cave was a bottomless pit that swallowed up everything.

Lin Ran stood at the entrance of the cave and paused for a moment before finally stepping inside with a grit of his teeth.

The inside of the cave was dim, but luckily Lin Ran was not what he used to be, and his eyes could see through the darkness. This was the reason why the journey was not delayed.

After walking for about ten minutes, the mountain wall that had been cut out suddenly began to become smooth, and even a block of brickwork appeared, as if he was in an underground palace.

Soon, however, a fork in the road appeared in front of Lin Ran, leading in three separate directions, leaving Lin Ran in a bit of a quandary for a while.

“Kid, this seems to be a maze in here!”

The pillow book reminded.

Lin Ran nodded slightly, not daring to choose indiscriminately, and immediately released his True Qi into the air.

With his current strength, his true qi detection could reach at least a thousand metres in circumference, and although it was very taxing on his mind, he couldn't care less at this point.

However, as the distance of true qi detection grew larger and larger, Lin Ran's face gradually became grave.

This was because he found that no matter if he took a forked path, there would be several forks ahead, just like a tree branch, the closer to the top the more forks there would be, and it was completely unstructured.

“What can we do?”

Lin Ran’s brow furrowed, and he simply stopped walking and sat down on his knees to ponder.

“Kid, do you find it strange?”

The Pillow Book suddenly asked.

“What do you mean?”

Lin Ran was puzzled.

“That old man Wind said that this was that general’s retreat, just ask who would make their retreat look like a maze!”

“Moreover, don’t forget, old man Feng also said that there is an army of a thousand people outside here, so? brick and mortar walls, and also repairing the retreat place like a maze? Don’t you think it’s strange!”

“Indeed it’s a bit strange!”

Lin Ran pondered.

This situation did defy logic somewhat, but the other party had done it anyway, and according to the speculation that existence was both inevitable, it was obvious that the other party had a reason for having to do so.

“To make his retreat so complicated? Either this general is suspicious by nature, or there is some treasure in this place of his retreat that he takes very seriously and has a reason for having to do so!”

Lin Ran suddenly thought.

“One could also say that, but what exactly is there that is so important to even him?”

The pillow was puzzled.

“No need to think about it, I know the way to crack it!”

Lin Ran suddenly stood up and laughed.

“Whether it’s because the enemy is suspicious by nature or there’s some kind of treasure here, since he’s afraid that others will find him as soon as he enters, then inevitably he’ll be hiding in the deepest part!”

Said Lin Ran as he swept his gaze over the surroundings, before he actually gathered a strand of true Qi.

“The deepest place! And also the hardest place to find, it must be a dead end! A dead end hidden in the deepest part!”

“What do you mean!”

The pillow book also pondered, as if something had occurred to him.

“If we follow the path with no air circulation, we’re bound to find him, and with the addition of True Qi detection to determine where the deepest place is,? We’ll be able to find it!”

As Lin Ran spoke, he had already experimented in front of each of the three paths, and had indeed found that as long as one of them was near the left side, there was no air circulation.

And the other two apparently might appear to be at the other end once inside.

“Go!”

Finding the path, Lin Ran immediately took a step into the passage on the left.

Following this approach, after just half an hour, the colour of the passage around Lin Ran changed again.

The original grey walls had actually turned dark red, as if they were walking within a blood vessel.

“Kid it looks like you got it right!”

The Pillow Book laughed.

“Blindfolded? I’m relying on my own strength!”

Lin Ran didn’t have the heart to say.

But he didn’t bother to pay him any mind, and continued to walk all the way in.

And this time, after just over ten minutes, there was no longer a path in front of Lin Ran.

What appeared in front of him was a huge cave.

Inside the cave were carved beams and painted pillars, and the decoration was extraordinarily luxurious.

But what Lin Ran did not expect was that there was not a single person inside the cave, but only a tall square on which a cylindrical pillar was placed.

This pillar was stuck straight in the middle of the square, as if it was a pillar pointing to the sky.

“My god, this place is so haunted that it is really an ancient tomb?”

Lin Ran was still shocked in his heart, could it be that the so-called general that Elder Feng had asked him to find was actually a zombie?

Thinking of this possibility, Lin Ran couldn’t help but think of Wang Yifeng, as if this guy was the professional ghost hunter, right?

“Rumble.”

Suddenly, just as Lin Ran’s mind was pondering just that, the entrance that he had originally entered was actually closed in an instant, a thick wall directly blocking the entrance.

“It’s not good, it’s been discovered!”

Lin Ran’s heart was shocked and his entire body tensed up.

Sure enough, the entire space shook violently once the entrance had been closed.

At the same time, the huge stone pillar on top of the square in front of him also began to shake violently, and a crack actually appeared on it, as if something was about to come out from inside.

Chapter 1048

“Intruder, reveal your identity!”

Suddenly an old voice resounded throughout the cave for a long time.

“Lin Ran!”

Lin Ran didn't bother with nonsense and directly gave his name.

“Lin Ran? Never heard of you, but you can come here, tell me, which lord sent you here?”

The old voice rang out again.

At the same time the crack in the stone pillar had completely cracked open and an old man dressed in black robes actually walked out from within the pillar.

His face was fair, and apart from the fact that his beard and hair were all white to prove that he was an old man, his appearance was just like that of a youth.

“My lord?”

Lin Ran's mind quickly pondered, he had appeared here out of thin air, the other party must not have known about him.

Obviously one himself was with his group, otherwise the army of a thousand people outside was not something he could get suspicious of to break through.

Thinking of this, Lin Ran suddenly turned pale and chided.

“The identity of the lord is also something you can ask!”

Hearing these words, the old man in front of him was clearly stunned, and there was anger in his eyes, but he did not dare to explode.

“It is my subordinate who has offended!”

“It's good to know that you've offended, let me ask you! How is the mission here going?”

Lin Ran asked once again.

The last mission he had carried out had encountered a Blood Demon, which made Lin Ran have a vague suspicion that the enemy Wind Elder was dealing with was also a behemoth, and seemed to be carrying out some sort of premeditation.

“Back to the messenger, everything is going well, it will be ready to be transported back in another ten years!”

The old man said respectfully.

“Ten years? That’s too long! The situation has changed, it must be completed in a year at most!”

Lin Ran thoughtfully scolded.

“But my lord, a year won’t do it in any case, that thing is too much weird, even

The old man was about to explain, but Lin Ran spoke up.

“That’s why I’m here!”

“My lord!”

The old man was stunned.

“Take me there and I will help you enough for a year!”

Lin Ran was a little excited in his heart, he hadn’t expected a crooked attack, if he could use this to gain access to what the other party was plotting, he might be able to gain some insight into the Mysterious Alliance himself.

“Are you sure, my lord?”

The old man suddenly asked rhetorically.

“Hm?”

Lin Ran’s face was icy cold at his words, pretending to be moved with anger.

But in his mind he was thinking quickly, had he said something wrong? No.

“My lord, I have one thing I don’t know, why hasn’t my master, the Red Devil Son, come yet?”

“Red Devil Son?”

Lin Ran was stunned at his words and said busily.

“He has other tasks!”

“So!”

The old man was stunned, all but thinking.

“Cut the crap,? You only have a year, don’t delay! Take me there now!”

Lin Ran urged, he was afraid that if he delayed any longer he would be exposed.

“Yes my lord!”

I didn’t expect the old man to agree so readily this time.

“Your Excellency, please follow me!”

The old man saluted respectfully, and then led Lin Ran to the stone pillar that had just appeared.

“My lord, the stuff is down here, follow me in!”

After saying this, the old man entered the stone pillar directly, and then jumped down towards the bottom of it.

Lin Ran smiled and followed, ready to jump down as well.

But at this moment, the pillow book suddenly spoke up.

“Retreat quickly there’s a trick!”

“Eh?”

Lin Ran was startled, and without thinking too much about it, he quickly took a few steps back.

“Bang!”

Almost at the same time, the stone pillar that was originally standing in front of him exploded, sweeping the entire cave with debris from the sky.

“Humph! Intruder, you ran quite fast, you dare to impersonate someone from my inner circle, you are really looking for death!”

The old man’s voice rang out once again, but this time there was no respect, there was only anger.

“Subordinate, aren’t you afraid that your master will get you killed for talking to me like that?”

Lin Ran laughed, since he had already been recognized there was nothing left to pretend.

“Master? I don’t have a master, and my mission is not something I can just show people, it’s full of loopholes and you still want to pry into my secrets!”

The old man snorted coldly.

“So what? Didn’t you stop being respectful just now?”

Lin Ran laughed.

“Respectful? Haha, does anyone else know when you’re dead?”

The old man laughed.

Then, amidst the dust that filled the sky, a black shadow came straight at Lin Ran like a ghost.

“Remember, the one who killed you is code name Bajiu! You must be from the Mysterious Alliance, haha! I’ll get a big credit for killing you!”

“Code name eight or nine? What bullshit code name, you don’t even have a name, I’m afraid no one would remember you if you died!”

Lin Ran snorted coldly and immediately met him.

“Remember? I don’t need anyone to remember, the Supreme God King will naturally remember me!”

The old man sneered, and the two flying shuttles in his hands had already reached Lin Ran.

“Scram!”

Lin Ran roared angrily and smashed his fist directly onto the flying shuttles only.

“Bang!”

The flying shuttles instantly flew backwards, and with this blow Lin Ran had almost judged the strength of his opponent.

“The peak of the Heaven Seizing Realm? That’s all!”

He himself was the peak of the Heaven Seizing Realm, and as long as his opponent wasn’t at the Creation Realm, he had no fear.

“Huh! Just like that? Is that so? Then let me show you my true strength!”

The old man let out a cold laugh, following which his body actually disappeared out of nowhere.

“Hm?”

Lin Ran frowned, his strength was no weaker than his opponent’s.

However, this disappearance of the other party was truly gone, and he couldn’t even sense his breath.

“Watch out behind you!”

Suddenly the pillow’s voice rang out.

Lin Ran almost reflexively rolled forward, followed by a sound of breaking air from behind him.

“Quite a quick reaction, but can you keep dodging it?”

The old man sneered, following which his body disappeared once more into the same place.

“What kind of tactic is this, how could it be so terrifying!”

Lin Ran’s heart was greatly alarmed, this sneak attack by the other party was simply indefensible, you couldn’t sense the other party’s position, but the other party was able to sneak up on you from all sides.

“Ranzi, he has to be killed, this guy must be hiding a great secret!”

Pillow said busily, his voice was a little tense at this point.

“Good!”

Lin Ran didn’t care to think much about it, and immediately stood by in a strict position.

“Left!”

Suddenly the pillow side book’s voice rang out again.

Lin Ran’s brows furrowed, but this time it was not an option to dodge.

Instead, with a dreamy turn, the bracelet on his wrist immediately shot out two silver needles and pounced straight at his opponent.

“Pffff!”

Sure enough, as soon as the silver needles were shot out, the space to the left fluctuated, followed by the old man appearing.

And the two silver needles were also shot right in the middle, directly into the other party's body.

"What!"

The old man was so shocked that he couldn't even care about striking out, and directly disappeared once more into the same place.

"Bastard! How did you know the route of my attack!"

The old man asked angrily.

"Why should I tell you!"

Lin Ran laughed coldly, but in his heart he was a little scared, fortunately he had the pillow book inside him, otherwise he really wouldn't have been able to handle this move from the other side.

"Humph! I don't believe you can defend against it every time!"

The old man cursed angrily, and followed with another strike.

"Right side! No! Under the feet!"

The pillow said quickly.

Lin Ran, on the other hand, was a little unresponsive this time, and as he shot the silver needle towards his feet, a flying shuttle had also reached his feet.

"Bang!"

With a muffled sound, Lin Ran instantly flew backwards, while the other party wasn't much better, having been hit by two needles again.

"Pfft!"

The old man spat out a mouthful of blood directly before disappearing.

Compared to his flying shuttle, Lin Ran's silver needles were clearly more lethal.

Chapter 1049

Are you kidding, this is the Nine Spectral Maiden's supreme magic weapon, how can it be of ordinary power.

"Unfortunately, four needles have already been used...? We'll have to take the silver needles back later!"

Lin Ran was heartbroken.

His own senior sister's set of magic weapons was one less when one was used, so he would habitually retrieve all the silver needles.

"Bastard! What the hell is this!"

The old man was furious, although he himself had been in seclusion with this for a long time, he had been famous before.

No one knew about the name of Code Eight or Nine, but now he was actually injured like this by a hairy boy, which made his face very embarrassed.

“What the hell? I’ll tell you when you’re dead!”

Lin Ran sneered.

“Then you won’t have the chance to tell!”

The old man snorted coldly, followed by a quick seal with his hands, the space around him actually rippled, and then a flying shuttle actually surfaced, at first glance the entire cave was almost filled with flying shuttles.

“Ah! It’s been a long time since I’ve used this move, boy! To die under my flying shuttles is enough for you to be proud of yourself!”

The old man said in a cold voice, his face full of confidence, as if he had already killed Lin Ran at this point.

“Is that so? Then you can try!”

Lin Ran’s eyes narrowed slightly as he looked at the old man with no ripples on his face.

“Humph! You are so arrogant, suffer death!”

The old man didn’t say anything and immediately waved his palm, at once countless flying shuttles converged quickly and then shot directly towards Lin Ran one by one.

The countless flying shuttles were like bullets, if they all passed through Lin Ran’s body, I was afraid that they would instantly knock him into a sieve.

“Kid, what are you going to do!”

Pillow asked busily.

This strike from the other side was clearly not ordinary, and he was a little worried that Lin Ran wouldn’t be able to resist it.

“Don’t worry!”

Lin Ran, however, was so unfazed that he stood still.

“Humph! Don’t know what to do, die!”

The old man was full of disdain, and as he spoke, the flying shuttle was already pouncing straight at Lin Ran.

“Go!”

Lin Ran roared, and the bracelet on his wrist instantly clicked, followed by countless silver needles that ushered towards the flying shuttle as if it was a flower scattered from the sky.

“Bang Bang Bang!”

In the blink of an eye, the cave was filled with explosive sounds.

Wherever the silver needles passed by, the flying shuttles all exploded, and the entire cave became a battlefield where silver needles and flying shuttles collided.

“Poof!”

Suddenly, a slight muffled sound actually rang out from the old man’s body.

“Pfft!”

There were soon two more sounds.

“How is this possible!”

Looking at the several new to wounds that had appeared on his body, the old man was finally unfazed this time.

At this moment, the clash between the flying shuttle and the silver needles had also reached its final moment.

The countless silver needles were like a big net, shattering the shuttle.

And then a silver needle was like a big silver net, directly enveloping towards the old man.

“Flee! Run away!”

The old man was completely panicked, his strongest strike had actually been suppressed by Lin Ran, so at this moment, he had no half-hearted intention to fight only wanted to escape as soon as possible.

“Run? It’s too late!”

Lin Ran’s eyes were cold, and at that moment, a silver needle flew out backwards rapidly.

Every time a silver needle flew backwards, it brought up a bloody gash on the old man’s body, and in an instant, the old man’s body was already stained red with fresh blood.

“This can’t be! It can’t be!”

The old man was so frightened that he hurriedly cast a secret technique, and his entire body instantly disappeared from the spot.

And at that moment, in the cave, apart from the bits of silver needles and blood mist that roamed the sky, the old man’s figure had disappeared.

“Running quite fast!”

Lin Ran frowned slightly, although he had retrieved most of the silver needles at the last minute, there was still a small portion that had been taken away by this old man.

These silver needles were lost one by one, and Lin Ran couldn’t help but feel a bit distressed at this point.

“Kid, go take a look at that stone pillar!”

Suddenly, the pillow’s voice rang out.

“Stone pillar?”

Lin Ran was stunned and somewhat puzzled.

“Go find him, or else this mission of yours won’t count as completed!”

Pillow Book busily said.

Lin Ran frowned slightly at his words, indeed, the mission given by Elder Feng was an assassination, and technically one had to kill the other party in order to do so.

“Fine!”

After a brief thought, Lin Ran rushed up to the square and reached the stone pillar.

Because of the explosion just now, the stone pillar had completely shattered, and even the entrance that was originally inside the pillar had collapsed along with it.

But fortunately, Lin Ran was now very strong, so it was naturally not a difficult task to break through the passage.

He took out his dagger and broke the tip, and under Lin Ran’s control, the debris above the passage was soon smashed to pieces.

And the passage from before reappeared in front of Lin Ran.

“Go!”

Lin Ran greeted and instantly jumped into the passage.

.....

Below the passage was a very strange space.

As soon as Lin Ran landed, he realized that it was a small cave.

And in the middle of the cave, there was a huge semi-circular stone, which was uneven and had very many holes on it, looking just like a honeycomb coal.

“What is this thing?”

Lin Ran frowned, however, this time the pillow did not answer him, as if he had not heard it.

Lin Ran didn’t think much of it, and circled halfway around the large stone, before seeing the old man in the corner on the other side.

“Run! Why aren’t you running!”

Seeing the other party, Lin Ran instantly laughed.

“Kid! I’ve fallen into your hands and I admit it, but what is your relationship with the Nine Ghostly Maidens!”

The old man held a silver needle in his hand and questioned Lin Ran.

“What relationship? Do I have to tell you?”

“Haha, I’m already a dying man, what else can’t I tell you!”

The old man was looking very frank at this point.

“A man who is going to die? I wouldn’t tell you even if you were really dead!”

Lin Ran said in a cold voice, naturally, the less people knew about his relationship with the Nine Mystical Maidens, the better, he was bound not to say anything.

“Fine! Tell me or not, but since you’ve discovered the secret of this place, then you can go to hell!”

The old man suddenly had a cold look in his eyes, followed by a great glow all over his body.

“Shit! Crazy bastard!”

Lin Ran was so frightened at the sight that he turned around and ran.

At the same time, a wave of his palm directly retrieved the silver needles on the old man’s body.

And almost at the same time, a terrifying power emanated from Laozi’s entire body, which instantly swept through the entire cave.

“Bang!”

The old man actually chose to explode himself.

The feared power directly shook the entire cave, and Lin Ran even spat out a mouthful of blood directly.

When he got up, the entire cave had collapsed by a large margin, but the strange stone in the middle was not even a scratch, making Lin Ran look astonished.

“What the hell is this thing!”

Lin Ran’s heart became even more puzzled.

“Get out of here! Don’t think so much, the army outside has already killed in!”

The pillow book finally spoke up at this point.

“Shit! What did you just do!”

Lin Ran said helplessly.

“I’ll talk to you later hurry up and go, go find Elder Wind, we have to join some kind of alliance!”

Pillow Book urged.

Lin Ran listened but became even more puzzled.

“Why?”

“Now is not the time to talk about that, I’ll tell you all about it when we get out!”

Pillow Book urged.

Seeing this, Lin Ran didn’t ask any more questions, and immediately took out the token and directly crushed it to go.

“Weng!”

A white light instantly enveloped him, following which he disappeared from his spot.

A few suction later, a group of people in full armour had arrived, the leader of which was wearing black scaly armour, looking at the cave that had collapsed with icy cold eyes.

“Quickly inform the God King that Code Eight or Nine Base has been discovered by the enemy!”

Chapter 1050

In the dim space, Lin Ran appeared out of thin air, only this time he did not appear in Laozi Niu Qing’s place, but a dim space.

“Where is this?”

Lin Ran asked as he rubbed his arm, which was still a little sore.

“This is some sort of alien space, on the way to teleport back to Laozi Niuqing, I brought you here!”

The pillow spoke, while a small golden man also appeared in front of Lin Ran.

“Why did you even come out yourself?”

Looking at the pillow-side book that appeared in front of him, Lin Ran was a little surprised.

“Ranzi, there’s something I have to tell you, it concerns you and me at this point! I have to tell you!”

Pillow Book’s face was serious and did not appear to be a joke.

“You mean the reason why you must join the Mysterious Alliance?”

Lin Ran asked with a frown, he had just wondered why Pillow Book suddenly wanted him to join the Mysterious Alliance, something must have happened here.

“That’s right!”

Pillow Book said.

“Do you know what that stone in the cave just now was?”

“I don’t know!”

Lin Ran shook his head.

“That’s the Time Stone!”

Pillowbook said.

“A time and space stone?”

Lin Ran frowned, he had never heard of this Time and Space Stone at all before.

“A time stone is a very mysterious stone, it was common in my world, but since I came to your world, I’ve never seen one at all! This is the first time I’ve seen it!”

The Pillow Book said.

“What does this have to do with having to join the Mysterious Alliance!”

Lin Ran didn’t understand.

“Don’t you understand?”

The Pillow Book said helplessly.

“That old man Wind already knows about my existence and has asked you to come on this mission just so I can see this kind of stone!”

“To let you see the Time and Space Stone?”

Lin Ran was at a loss.

“That’s right! It was for me to meet this kind of stone, he must already know that I am not from this world, and if I want to leave to return to my homeland, I must use the Space-Time Stone!”

The Pillow Book sighed, and then recounted.

It turned out that in the Immortal Realm where Pillow Book was located, the territory was very vast, and apart from an Immortal Emperor kind of existence who could appear anywhere with a single thought, others who wanted to cross the vast area could only do so with the help of the Space-Time Stone.

Back then, when the Nine Heavenly Mystical Maidens wanted to return to their homeland, they? It was with the help of the great formation laid by the Space-Time Stone that she was able to open a set of passages from the Immortal World to Earth.

And if Pillow Book now wants to return to her homeland, she can only leave with the help of the Space-Time Stone and use the Space-Time is to set up an identical formation.

“It may sound selfish to say it, but it’s the only way I can get out! And it’s a way that the Mystic Alliance is clearly capable of achieving!”

“So you asked me to join the Mysterious Alliance just to help you leave?”

Lin Ran asked.

He wasn’t angry, even though the pillow was now following him, he had spiritual intelligence after all, and there was nothing wrong with him wanting to return to his homeland if people didn’t do it for themselves.

“If that was all, I wouldn’t persuade you to join!”

The Pillow, however, shook his head and said again.

“I asked you to join the Mystic League so that you could leave with me!”

“Leave together? I’m not interested in that!”

Lin Ran shook his head.

Even though you’re boasting about the Immortal World, Earth is my home and my most important people are all here, so how was Lin Ran willing to leave.

“No! You do! Do you remember Wang Kun?”

The Pillow Book suddenly said.

“What do you mean!”

Lin Ran frowned, talking about him at this point, Lin Ran had vaguely guessed what was going on.

“I didn’t tell you before so that your strength could reach the Creation Realm, not because I really didn’t want to, but before your strength for reached the Creation Realm, it was useless to say so!”

“But now, when the choice is at the head, I must tell you that Wang Kun has actually ceased to be in this world long ago, he has gone to my world!”

“What did you say!”

Lin Ran was instantly baffled, Wang Kun was no longer on Earth? How could this be possible!

“Wang Kun is only a Qi Watching Realm person, how could he have left for the Immortal World alone!”

Lin Ran shook his head.

“It’s true that he can’t under normal circumstances, but do you still remember when he took a scroll from me!”

The Pillow Book said helplessly.

“That scroll, called the Heaven Stealing Scroll, had a coordinate set on it, and it was the Immortal Emperor’s chambers at the time!”

“And that scroll was left to me by the Immortal Emperor for me to use when I encountered danger, and then I awoke, too traumatized myself, and in a daze I made a deal with Wang Kun with the scroll, and only when I woke up completely did I find that the scroll had disappeared!”

“What exactly was that scroll for!”

Lin Ran asked busily.

“It was a sacrificial scroll, as long as you have enough sacrifices, you can instantly teleport back to the Immortal Emperor’s palace no matter where you are!”

“You!”

Lin Ran instantly felt his head explode, the thing he had been wondering about for so long had actually turned out to be this.

“So, what you’re saying is that Wang Kun sacrificed the lives of my parents and a bunch of other workers in order to leave Earth?”

Lin Ran’s eyes were red.

“Most likely so!”

The pillow lowered his head, although this matter was done by Wang Kun, if he himself hadn’t given him the scroll back then, perhaps Lin Ran’s parents wouldn’t have died, and he wouldn’t have stayed on Earth and couldn’t leave.

“Haha! Haha!”

Lin Ran laughed, laughing with unparalleled despair.

In the past, he had always felt that once he reached the Realm of Creation, the pillow book would tell him where Wang Kun was, and he would be able to go and take revenge, or even save his parents.

But who knew that what he was waiting for was such a piece of news.

“Wang Kun is not on Earth! Then what the hell is one doing?”

“Lin Ran don’t be like this, I understand how you feel, but if you really want to find Wang Kun, you have to leave with me and go to my world to find him!”

The pillow insisted.

“Go to your world?”

Lin Ran revealed a bitter smile.

If he left himself, what about Song Nuan? What about Qin Bing? Wang Yifeng at least had Xiao Cui, but if he left, what about the four daughters who had waited for him for so long? And Ling Sa

“You are now thinking too much, we are also now just incomparably close to the opportunity to leave, in the end can leave at all is not a moment to determine, I let you join the Mysterious Alliance, one can investigate the matter of time and space stones, the second can also find Ling Sa Li Sheng and them, better than you alone hiding in Temperance City cultivation!”

The pillow book was bitter.

And come Lin Ran this time but did not speak.

He was silent for a full ten minutes before wiping the tears off his face.

“Let’s go! I’ll join is all, I’m not looking for Wang Kun to take revenge, I just want to find my parents, and I firmly believe that my parents are not dead!”

Lin Ran said indifferently.

He clearly remembered that the Yin Yang Soul Fish was intact, so his parents hadn't died yet, and he wanted to find his parents.

"I hope you're right!"

The pillow sighed, and said no more.

Following the spatial transformation around him, Lin Ran soon reappeared in Laozi Qingniu's otherworldly space.

"He's not there anymore!"

Looking at the empty space in front of him, Lin Ran shook his head helplessly.

"For this mission, this wisp of his distracting power was exhausted!"

The pillow said.

"Let's go too!"

Lin Ran picked up a letter on the Green Ox's back, and a brocade box, before walking out of the otherworldly space.
