

Wonder Doctor

Chapter 1051

Inside the shop early the next morning.

“Ranzi, you really want to go to Qionghua Mountain!”

Wang Yifeng looked at Lin Ran with anxiety in his eyes.

Going to Qionghua Mountain, didn't it mean that Lin Ran would also be joining the Mysterious Alliance.

“It's decided! And there's still a quota, so I'm looking for you today to ask if you're going!”

Lin Ran looked at Wang Yifeng.

“Holy shit! Told you so, it made Fat Master think he was going to be separated from you, go! I must go!”

Wang Yifeng laughed as he patted his chest.

“Good! Then you pack up and leave at noon today!”

Lin Ran said.

“In such a hurry? You've discussed it with Big Sister and the girls?”

Wang Yifeng asked.

“There's no need to discuss it!”

Lin Ran said indifferently, in fact he hadn't even talked to the four women about this.

“Alright, then I'll go and get ready!”

Wang Yifeng said and ran back to his room.

At noon, Lin Ran just sent a text message to the four girls, “I'm going away for a while, don't worry about me!”

Then he and Wang Yifeng set off.

In fact, Lin Ran did not want to say goodbye to the four girls, but on second thought, he thought better of it.

Instead of being too solemn and making the four girls worry, it would be better to just let it go like this.

The actual fact is that you can find a lot of people who have been in the business for a long time, and you can find a lot of people who have been in the business for a long time.

.....

In the car, Lin Ran took out the wooden box he brought back yesterday, and after opening it a black pill was lying quietly.

“What is this?”

Wang Yifeng asked in wonder.

“The Heart Lock Pill! A poison, take it and you can never betray the Mysterious Alliance, betrayal is death!”

Lin Ran said blandly.

“Holy shit, then you’re still taking it!”

Seeing Lin Ran directly take the Heart Lock Pill without saying a word, Wang Yifeng was instantly shocked.

“There’s no choice! But this thing has one more benefit!”

Lin Ran cried and laughed.

“What benefit?”

Wang Yifeng was busy asking.

“As long as you don’t betray the Mystic Alliance and aren’t dying of old age, this item can protect your heart chakra and you can still be reborn after a thousand years!”

Lin Ran said with a bitter smile.

“Ranzi, you’re crazy, you believe in this bullshit, a thousand years of bone scraps are gone!”

Wang Yifeng said without good humour.

“Is there a way to believe it or not?”

Lin Ran said helplessly.

“Shit! What about me? Want some too?”

Wang Yifeng asked busily.

“You don’t have to, I’m the one who joined the Mystic Alliance, but rather my retainer!”

“By squire? Although it offends Master Fatty to say so, it seems to be true!”

Wang Yifeng said helplessly.

“Alright, drive well, it’s a long way! In two hours, I’ll take over for you!”

Lin Ran said, and leaned back in his chair to rest without further ado.

As for the envelope he had brought back yesterday, Lin Ran had already burned it.

Because there was nothing much on it at all, it just told Lin Ran the address of Qiong Hua Mountain and the fact that he had to take the Heart Lock Pill to find the place, that was all.

.....

After a day and a night, a whole day and a night of driving, the car finally arrived at a place that was off the beaten track.

The base of a nameless mountain peak.

“Holy shit! This Qiong Hua Mountain is remote enough!”

Looking at the roadless mountain peak in front of him, Wang Yifeng was speechless.

“It’s early, we still have to climb over these two mountains!”

Lin Ran said indifferently, while already setting off with his luggage on his back.

“Shit!”

Wang Yifeng couldn’t help but curse, but he still set off with Lin Ran carrying his things on his back.

It was another morning, and even though both of them were cultivators, they were a bit overwhelmed.

Luckily, at ten minutes past noon, the two of them finally arrived at the boundary of Qiong Hua Mountain.

“Shit, we’ve been working for two days just to find this thatched hut?”

Looking at the thatched hut built halfway up the mountain in front of him, Wang Yifeng was speechless.

“Let’s go! We’ll be there soon!”

Lin Ran didn’t bother to explain and led the way into the thatched hut.

“Who are you two looking for!”

As soon as they entered the house, an old voice came over.

Followed by a ragged old man, leaning on a walking stick, appeared in front of the two.

“Elder! We’re looking for Qiong Hua Mountain!”

Lin Ran said respectfully.

“Who is Qiong Hua Shan? Is someone called Qiong Hua Mountain?”

The old man had a bewildered look on his face and was dressed in a very unkempt manner, looking just like an ordinary old man, nothing special at all.

“Ranzi, have we got the wrong person, I’m afraid this old man is just an ordinary person!”

Wang Yifeng said in wonder.

Lin Ran, however, shook his head, then extended his palm and rolled up his sleeves.

“Senior, please look!”

Lin Ran showed his arm to the other party, only to see that a black mark on his arm was like a flame that was burning, it was the one that appeared only after taking the Heart Lock Pill, the Burning Heart divine Mark.

The Heartburn Divine Mark was a sign that appeared after taking the Heartlock Pill, and this sign was evidence of whether or not a person had taken the Heartlock Pill.

Moreover, this heart-burning divine pattern is also the key point of the Heart Lock Pill.

Once out of the Heart Lock Pill and betrayed the Mystic Alliance, the Burning Heart Divine Mark would completely burn that person to ashes, but if it was used for resurrection a thousand years later, this divine Mark would become a barrier to protect the meridians, and could be said to be a double-edged sword.

“Burning Heart Divine Pattern?”

The old man was stunned for a moment, but then he smiled.

“Hm! Now the old man knows! Follow me!”

The old man laughed heatedly and immediately led the two of them to the courtyard with Lin Ran.

“Bang bang!”

The old man knocked twice on the floor in front of him with his walking stick, and following that, two wooden boxes actually appeared out of thin air on the floor.

“What is this?”

Lin Ran asked, frowning.

“Take out what’s inside and drink it! Someone will then send you to Qiong Hua Mountain!”

The old man said blandly, while already sitting back in his position and resting.

The two of them picked up the wooden box, and after opening it, they found that it actually contained two glass bottles with some green liquid inside.

“Holy shit Ranzi, I can’t really drink this, who knows if this stuff is”

Wang Yifeng just said, but Lin Ran had already peeled off the cork of the bottle and drank it directly.

“Shit! You don’t mind being disgusting!”

Wang Yifeng was speechless and looked at the old man next to him who was actually picking his feet, so angry that he wanted to throw the bottle out of his hand.

But Lin Ran had already drunk it, so he had no choice but to hold his nose and pour it down.

“Holy shit! This tastes It really smells good!”

Wang Yifeng laughed.

But then he felt dizzy and soon he fell to the ground with a thud.

Lin Ran also lasted only two seconds longer than Wang Yifei, and then also fell to the ground.

“Hey! Why did these two youngsters only come now, causing the old man to be almost exposed!”

Only when he saw the two fall did the old man breathe a sigh of relief, and at the same time, with a wave of his palm, a crack appeared out of thin air on the ground not far away, followed by two youths dressed in robes.

“Allied Lord!”

“Allied Lord!”

“Well! Bring them in, Old Man Wind’s seedlings have arrived!”

The old man said blandly.

“Yes, Allied Lord!”

The two men saluted respectfully, and then, one by one, they carried Lin Ran and Wang Yifeng into the rift.

The crack then disappeared into thin air, and everything returned to its previous calm.

Only for the time being, no one noticed that ever since Lin Ran and Wang Yifeng had entered the crack, the two men’s mobile phones had been completely out of order.

Chapter 1052

I don’t know how long had passed, but when Lin Ran woke up, he realised that he was in a room and Wang Yifeng was lying next to him.

“Fatty! Wake up!”

Lin Ran patted Fatty, and it didn’t take long for the guy to wake up.

“What are you doing? Don’t let anyone sleep!”

Wang Yifeng seemed to be awake and was in a hysterical state.

“Sleep your sister!”

Lin Ran cursed and jumped off the bed, only then did he notice that the style of the room was actually an ancient kind of wooden loft.

“Shit! Where is this? We haven’t crossed over, have we!”

Looking at the surrounding furnishings Wang Yifeng couldn’t help but gulp.

If it wasn’t for the fact that the two of them were still wearing modern clothing, I’m afraid that they would really think that they had traveled back in time.

“Awake?”

Suddenly, a figure pushed the door and walked in, while a very familiar voice came through.

“Brother Li?”

Seeing the visitor, Lin Ran couldn't help but be stunned, as the visitor was none other than Li Mudi.

“Brother Lin Ran, it's been a long time since I've seen you, your great name is like thunder!”

Li Mu Di laughed.

“Brother Li is joking, what exactly is this place?”

Lin Ran asked busily.

“Don't worry, I'm here today to bring you to familiarise yourself with this place, but before that you have to tell me, are you really the Pavilion Master of the Chao Heavenly Pavilion?”

Li Mu Di asked busily.

Lin Ran smiled and didn't answer.

Instead, Li Mudi already had a speculation in his mind.

“Brother Lin Ran is really hiding something deep! I admire you!”

“Brother Li is joking, in fact, I only just found out!”

Lin Ran said helplessly, if he had known about the existence of the Chao Heavenly Pavilion before, he wouldn't have been entangled with the Yue family for so long.

“Brother Lin Ran don't worry, there are only just a few people who know about this news in this Qiong Hua Mountain, no one else knows about it, so you can rest assured!”

Li Mu Di said and made a gesture of invitation, bringing Lin Ran and Wang Yifeng out of the room.

Once out of the room, Lin Ran and Wang Yifeng were both frozen.

They saw a courtyard in front of them, but outside the courtyard was surrounded by mountains and green trees, with layers of fog surrounding it, as if it were a fairyland.

Not far outside the courtyard, two tall towers stood, one fat and one thin, looking like two old monks, very majestic and imposing.

“This is the real Qionghua Mountain, the two buildings you see thin are the Qionghua Tower, inside there are countless cultivation techniques as well as attack methods, a treasure trove for cultivation.”

Li Mu Di introduced with a smile.

“Countless cultivation techniques and attack methods?”

Wang Yifeng couldn't help but gulp as he listened, what he lacked most was naturally cultivation techniques and means, this was simply a great opportunity for him!

“That's right! Qiong Hua House is a collection of scriptures, there are many things in it, but to obtain them depends on one's own strength!”

Li Mu Di said as he took out two tokens, one was golden while the other was silver.

“There are nine floors in the Qiong Hua Tower, the golden token can go to each floor, while the silver can only go to the first three floors, this is the difference between being truly guided in by a mentor, and a follower!”

“Shit! Could it be that Fat Master I can only learn the first three tiers of techniques?”

Wang Yifeng was a little frustrated.

“Not really, from the fourth floor onwards, there is a guard on each floor of Qiong Hua Tower, even with a golden token you need to defeat the guard to enter, while with a silver token and being able to defeat the guard you can at most learn the first six floors, the last three floors are only accessible with a golden token!”

Li Mu Di laughed.

“Defeat the guards? Six levels? Enough is enough!”

Wang Yifei laughed in satisfaction, six floors were enough to learn for himself.

“Brother Li, what about the other one?”

Lin Ran asked instead, pointing to another one.

“That’s the Ninth Floor Hall!”

Li Mu Di said with a yearning in his eyes.

“The Qionghua Building is a place of study, while the Nine Storey Hall is a place of battle, this Qionghua Mountain is just a springboard, if you want to leave you must pass the battle in the Nine Storey Hall and pass the nine storeys before you can leave!”

Said Li Mu Di, proudly.

“Fire One Sword still remembers, right? He’s now on the sixth level of the Nine-Layered Hall. A few days ago I managed to break through to the seventh level, and this guy went in to break through without being convinced!”

“This Ninth Floor Hall is so difficult?”

Lin Ran was stunned, he had seen the strength of Li Mu Di and Fire One Sword, but the two had only reached the sixth and seventh floors, so it seemed that this Ninth Floor Hall was indeed extraordinary.

“Just how hard it is, you’ll know when you turn around and go in!”

Li Mu Di laughed.

“Go! I’ll take you to the registration office first, register your squad, and then I’ll take you to Qiong Hua House!”

“Register the squad?”

Lin Ran didn’t understand, but he still went to the registration office with Li Mudi first.

Only when they came out of the registration office did Lin Ran understand what squad meant.

It turned out that everyone at Qiong Hua Mountain had a squad, of course those who wanted to be followers like Wang Yifeng naturally didn't need one, and it was only for people like Lin Ran who had been picked up by their tutors, or some other forces who had places to send in.

Here, every three people in a squad,? It was considered a small group, and apart from dealing with their own cultivation on a regular basis, the three of them also needed to cultivate a combined attack formation, as the eighth floor of the Ninth Floor Hall required three people to join forces to break through, and this was the significance of the small group appearing.

"Lin Ran, don't underestimate this small group, I've heard from the seniors who left before, this small group has an important role to play even after leaving Qionghua Mountain at the next stop, it's like being comrades in arms!"

Li Mu Di said as he led the way.

Lin Ran nodded and didn't say much.

In fact, he was a little confused now, as the things he had been exposed to today were too complicated.

"Brother Li, why do you and Fire One Sword want to be in a small group with me?"

Lin Ran suddenly asked, having just registered for the squad, his own teammates were none other than Fire One Sword and Li Mudi.

Li Mu Di and himself were only on good terms, but Fire One Sword seemed to

And you also saved Fire Qian's old man, how could he still hold a grudge against you!"

Li Mu Di laughed.

"Eh! But your Ninth Floor Hall is already on the sixth and seventh floor, and I haven't even started yet, so won't I have to make you wait for me when I reach the eighth floor!"

Lin Ran was a little embarrassed.

"It's alright, we were all supposed to be together, but you brat came a year late, no way! Besides, there are countless techniques in this Qiong Hua Tower, so we might as well take the opportunity to learn a bit more!"

"Otherwise when we break through the ninth floor, we can't even stay and learn if we want to, we'll have to leave!"

Li Mu Di laughed.

"Leave?"

Lin Ran was stunned.

"Right! After breaking through the ninth level of the Ninth Layer Hall, all the followers of the positive squad package will have to leave, but of course there are exceptions! For example, the only Dragon Tattooed youth in the entire mountain who has broken through the ninth floor and hasn't left yet!"

Li Mu Di said.

“Speaking of this dragon tattooed youth, you better not mess with him, he’s extremely strong, when Fire One Sword went to challenge just one move and lost!”

“He is also currently the recognized number one in Qiong Hua Mountain, but it is strange to say that the other two of this guy’s team left three days ago, but he insisted on staying, I don’t know what he is planning to do!”

Li Mu Di was full of doubts.

Lin Ran, on the other hand, had a slight frown on his face.

The Dragon Tattoo Youth, the acknowledged number one, interesting.

Chapter 1053

A few moments later, under Li Mu Di’s leadership, the three of them finally arrived at Qiong Hua House.

Standing outside the pavilion, looking at the towering building in front of them, Lin Ran then felt how grand Qiong Hua House really was.

“Alright, this is Qiong Hua House, you guys go in first and stroll around, I have to go inform Fire One Sword, when he comes out, we activate the squad token to form a squad even!”

Li Mu Di said and left.

“Ranzi, what are you still standing there for, hurry up and go in!”

Wang Yifeng was busy urging, he was now already a bit eager to enter Qiong Hua House to become stronger quickly.

In the past, he had no master and no gongfu, but now that a mountain of treasure was in front of him, how could he hold back.

“Mm!”

Lin Ran nodded his head.

The two of them walked in at once.

Once they entered the Qiong Hua Building, the two were immediately drawn to the rows and rows of bookshelves in front of them.

They only saw rows and rows of bookshelves neatly placed in front of them, and the number of books on them was simply explosive.

“This is the bottom of the Mysterious Alliance?”

Lin Ran’s heart was somewhat shaken, the Mysterious Alliance was truly mysterious, I’m afraid that just taking out the first layer of tomes and starting a mountain sect could become a major force.

But here was a full nine layers, so it was clear how deep the Mysterious Alliance’s depths really were.

“Hey, hey! These two are new here, aren’t they!”

“Isn’t that right, look at these clothes, weren’t they like this when we first arrived!”

“Interesting newcomers, walk over and have a chat!”

Next to them, several young men and women dressed in classical styles came over laughing.

“Hey Ranzi, look how the clothes they are wearing are also the classical kind, making a movie!”

Wang Yifeng also noticed the other side and laughed.

“I don’t know, but we should find out later!”

Lin Ran laughed.

Sure enough, the other party soon walked over and smiled at the two of them, saying at Lin Ran.

“You two, new here! Whose followers are you?”

The one youth in the lead laughed, with smugness on his face.

“Whose followers are you?”

Lin Ran was in no hurry to reveal his identity, instead, he laughed.

“Hm! Not bad! You still know to ask senior first, so I’ll tell you, I’m a follower of Duke Yue of Yue Qunshan, my name is Li Ba!”

“What? Wang Ba? That’s a personalized name!”

Wang Yifei didn’t hear it clearly and burst into laughter.

“What did you say?”

Li Ba’s face suddenly sank, while Lin Ran was busy laughing.

“This friend of mine has a problem with his ears, so don’t pay any attention to him!”

“Hmph! Seeing that you are new here, I was going to help introduce you to this Qiong Hua House, but now it seems that I have to teach you how to respect your seniors first!”

Li Ba’s face was ugly as he looked at Lin Ran and said in a cold voice, it seemed to him that the dead fatty also listened to Lin Ran.

“Li Bajie, we don’t want to cause any trouble, if it’s alright please move aside!”

Lin Ran laughed, he really didn’t want to make a scene on his first day here.

“Don’t want to cause trouble? Fine, buy me two sets of clothes and let’s forget about it!”

Li Ba said and took out two classical outfits and raised them.

“Li Ba, you’re cheating here again, these clothes will be sent to people afterwards, why should I buy yours!”

Suddenly, a woman’s voice came from the side.

Lin Ran looked and was stunned, as the woman's aura resembled that of one of his friends, it was none other than Ling Sa.

"Girl, you are?"

Lin Ran asked with a frown.

"My name is Xu Shuang, I just came here yesterday and I was tricked by this Li Ba, you can't fall for it again!"

Xu Shuang said.

"Understood, I wonder if you know anyone from the Plum Blossom School?"

Lin Ran asked busily, he had come to the Mysterious Alliance to look for Ling Sa for something important as well, so he naturally asked more questions at this point.

"You?"

Xu Shuang glanced at Lin Ran, seeing that he was good looking, but as soon as he came up and asked about the Plum Blossom Sect, there was a hint of disgust in his eyes.

"Humph! I should have known you were like that too, I really regret helping you!"

Saying that, Xu Shuang turned around and left.

"This?"

Lin Ran was bewildered, he had said the wrong thing even when inquiring about a person?

"Kid! It seems that you still don't know the rules, the people of the Meihua Sect are all heavenly immortals here, especially this Xu Shuang's master, who is an absolute little devil, tsk! Looks like you're a Taoist too, buddy!"

Li Ba laughed.

"Master? What's the name?"

Lin Ran asked, frowning.

"I bah! You've only just fucking arrived and you want to hit on someone, I'm telling you, that chick my master already has his eye on, nothing for you!"

Li Ba disdainfully said.

"O?"

Lin Ran smiled and was speechless, he just wanted to confirm if it was Ling Sa or not.

"Forget it, fatty let's go!"

Lin Ran didn't bother to pay him any mind, so he turned around with Wang Yifei and went up to the first floor.

“Ranzi, you go about your business, I’ll be content with this first floor, I’ll look here now to see if there’s a suitable gong method for me!”

When he reached the first floor, Wang Yifeng couldn’t move his feet, the gong methods on the ground floor were fine for him, but this first floor was really attractive to him.

“Good! Then I’ll go up first and take a look!”

Lin Ran nodded, and then went up to the third level by himself.

With his current strength, the first three levels of gong methods were indeed not very attractive.

Although he had arrived a year late, he hadn’t been idle this year either, and according to the current progress, Li Mu Di and the others were generally learning the sixth layer of gong methods, so there was no need to waste time himself, and after roughly strolling around the third layer, Lin Ran was ready to go up to the fourth layer.

“Right! There’s still information on the Mysterious Alliance!”

Lin Ran suddenly remembered this.

When he was wandering around the third floor just now, he had discovered that apart from cultivation techniques here? There were also a lot of information tomes, but unfortunately, the first three that he could access were very limited, so perhaps as the layers got higher, the more obscure the information he could access would be.

“Stand still! The token!”

Lin Ran had just arrived at the entrance to the staircase when a majestic armoured warrior blocked the way.

“This?”

Lin Ran took out the golden token and waved it in front of the other party’s eyes.

“A golden token? This is your first time here, right? You need to defeat me to get up there!”

The guard’s face was expressionless as he said.

At this moment, the people on the side had already noticed the situation here and were talking about it.

Most of the people staying on the first three floors were other people’s followers, and having been here for a long time, many of them were very familiar with each other.

When they saw that Lin Ran had actually taken out a golden token, everyone froze.

“Quick! Go and inform Li Ba that the kid he tried to trick just now is actually the golden token possessor!”

“Right, right! Go and inform!”

At once, the entire third floor was buzzing with excitement.

And naturally, Lin Ran had little interest in all of this, as at this moment he had already put away his token and started his challenge.

“I am a guard on the fourth floor, you only need to cross my weapon and touch my body, then you will be considered a winner!”

The guard said in a cold voice.

“O? That simple?”

Lin Ran was a little surprised .

“Simple? Just yesterday there was a challenger who took a full two minutes to defeat me! And you, I think it will take at least ten minutes!”

The guard said icily, judging by the aura emanating from his opponent’s body as well as his magic weapon.

But Lin Ran had neither an obvious magic weapon nor much of an aura, so he was judged as someone with little strength.

“Eh! You mean like this?”

Lin Ran was helpless and slowly extended a finger, following it with a point on the guard’s chest, the whole time very blandly, even somewhat lightly.

“You!”

The guard was stunned, but followed with a respectful salute.

“You have passed! And you have set a new record, being the fastest passer of the fourth level of guards!”

Chapter 1054

“Ding! The time to clear the fourth floor of Qiong Hua House has been set, the latest record! It took zero minutes and one second!”

A crisp voice resounded throughout Qiong Hua Mountain, whether it was the Ninth Floor Hall or wherever, everyone heard it.

“It must be Ranzi!”

Wang Yifeng sat on the first floor with excitement in his heart.

“Shit does this still have to be broadcast all over the mountain?”

Lin Ran was a little speechless, he didn’t want to be too high profile, so it was good that this broadcast didn’t say who it was, but it was okay.

“Who? Who set a new record, holy shit man eh?”

Lee Baek ran over from downstairs at this point,? He had been here long enough to get to the sixth floor long ago.

“Eh? What are you kid doing standing here? Did you see the person who just challenged you?”

Li Ba asked busily.

“It seems to be me!”

Lin Ran spread his hands and said breathlessly.

“You? Even if you have a golden token and want to pass the test in a second, don’t take a piss and look at yourself!”

Li Ba said disdainfully.

“The number one person in the whole mountain, Boss Dragon Tattoo also took three seconds, you took one second? I think it’s one second in bed!”

“Believe what you like!”

Lin Ran didn’t bother to pay attention to him, turned around and went up to the fourth floor.

“Hey, hey! Why didn’t you stop him!”

Li Ba saw this and busily asked.

“As soon as he passed through, why should I stop him?”

The guard said blandly.

“What? When did he beat you?”

Li Ba was instantly shocked, could it be that the one who just set a new record was really this kid?

“What’s his name?”

Li Ba asked busily.

“To check the new list, please pay!”

The guard, however, remained bland.

“Shit! It’s just a hundred bucks for you!”

Li Ba said speechlessly, and immediately took out a hundred yuan and gave it to the other party.

That’s right, in order to check the various record lists in Qionghua Mountain, one had to pay, and the higher the price, the more expensive it was.

The fourth level of the list was one hundred yuan, while the sixth level might be five hundred yuan, and so on.

When he got the money, a light immediately opened in front of Li Ba, and everyone around him instantly saw the list details.

“First place: Lin Ran, with a time of zero minutes and one second!”

“Second place: Dragon Ridge Sky, time zero minutes and three seconds!”

“Third place: Fire One Sword, time zero minutes and five seconds

“Lin Ran? Who’s Lin Ran?”

“Yeah, who is this guy, why haven’t we heard of him before?”

The crowd was chattering.

And Li Ba had already rushed up to the fourth level with a bite.

“I don’t believe that this kid is called Lin Ran, I have to go and see for myself!”

Li Ba thought to himself.

At this time, Lin Ran had already wandered through the information section of the fourth floor, and really found no record of the Mysterious Alliance, so he had no choice but to prepare for the fifth floor.

As for the cultivation techniques, from Lin Ran’s speculation, I was afraid that only on the sixth level would there be something suitable for him.

“Kid! You!”

Seeing Lin Ran come straight to the stairway and prepare to go up to the fifth floor, Li Ba was a little dumbfounded, could this kid really be called Lin Ran?

“Something wrong?”

Lin Ran looked at the other party and said blandly.

“What’s your name?”

Li Bajie held back the excitement in his heart and busily asked.

“Lin Ran!”

Lin Ran laughed.

“Shit!”

Li Bajie couldn’t help but curse.

Lin Ran shook his head helplessly at this, since there was no way to keep a low profile, then let’s keep a high profile.

Immediately, he began to challenge the fifth layer guards.

“I am the fifth level guard, knock me down and you will be considered to have passed!”

The guard said blandly.

Lin Ran nodded, he also noticed that these guards were like puppets, with no spiritual intelligence, just carrying out their tasks in a step-by-step manner.

“It’s starting!”

Lin Ran said indifferently, swirling a finger out.

Li Ba, who was on the side, didn’t dare to breathe as he looked at Lin Ran with a deadly gaze, before if it was just his own speculation, but now he was witnessing the whole process with his own eyes.

“Bang!”

A light muffled sound, followed by the guard falling down in response to the sound.

It all happened in an instant, yes an instant.

“Ding! The clearance time for the fifth floor of Qiong Hua Tower has been refreshed, the latest record! It took zero minutes and one second!”

The voice of the announcement resounded throughout the mountain once again.

And Li Ba had already sat down on his butt, his face brushed white.

What kind of existence had he messed with here, the fifth level was also one second.

“Check the record list! Hurry up!”

Li Ba immediately took out three hundred pieces and threw them to the guards.

Soon the list appeared in mid-air.

“First place: Lin Ran, with a time of zero minutes and one second!”

“Second place: Dragon Ridge Sky, time zero minutes and five seconds!”

“Third place: Fire One Sword, time zero minutes and ten seconds

“This kid is really Lin Ran! Damn who the hell is he!”

Li Ba was so angry that he cursed in his heart.

The crowd of onlookers at the side had been completely confused and their gaze on Lin Ran had changed.

“Who the hell is this kid!”

“I don’t know, it took Fire One Sword two moves to defeat the fifth level guards back then, but this kid actually did it in one move!”

“Is Dragon Ridge Heaven’s follower around, and who knows how many moves Dragon Ridge Heaven used in the first place?”

The crowd asked.

“Brother Liu is not here!”

“Damn, this kid is too disrespectful to Boss Dragon Tattoo, if Brother Liu was here, this kid would definitely be finished!”

“Yes, Boss Dragon Tattoo’s follower Brother Liu is also very strong!”

There was a lot of discussion among the crowd.

And at this time, throughout the mountain, some of those who were originally closed, out and resting, all ran towards Qiong Hua House one after another after hearing the record of the list being refreshed twice in a row.

The list had been refreshed twice in a row, this was definitely a dark horse.

“Get up there! Hurry up, that kid might even break the sixth floor!”

The crowd chattered, and immediately some of the followers who could make it to the sixth floor ran up there.

Li Ba was no exception, and after losing four hundred pieces, he was still unwilling to follow and went up to the fifth layer.

However, when they reached the fifth level, the crowd was a little dumbfounded that this fellow Lin Ran was not in a hurry to break through the barrier, but instead wandered around the fifth level.

But in the end, everyone saw this guy running to the stairway after wandering around for a while.

There was no way, there was no information about the Mysterious Alliance on the fifth level yet, so Lin Ran no could go to the sixth level to take a look.

“It’s starting it’s starting! That kid is starting to break in!”

“Look look look, how long can he take to defeat the guards on this sixth floor?”

“Who knows, huh? Just don’t be a second, or else Dragon Ridge Heaven will be too humiliated!”

“Don’t you guys forget, Big Brother Dragon Ridge hasn’t left yet, if this kid pisses off Big Brother Dragon Ridge, I’m afraid he’ll have to be ruined too!”

“That’s right, this person is too wild!”

The crowd murmured.

And Li Ba at the side was already sweating with his hands, now he was really afraid that Lin Ran would come back for another second.

If that was the case, and Lin Ran sought revenge on himself for initially lying to him, I was afraid that Yue Qunshan wouldn’t even dare to say one more word.

Thinking of this, he couldn’t help but gulp.

As he spoke, Lin Ran had already begun his challenge.

“I am the sixth floor guard, touch my back and you will be considered a winner!”

The guard said solemnly.

Lin Ran nodded at his words, facing the guard head on and hitting his back, this was indeed a little difficult.

Only for Lin Ran, it wasn't really a problem.

"Here we go!"

Lin Ran smiled lightly and followed his body with a flash as the guard on the opposite side slashed over.

Unfortunately, the blade actually passed through Lin Ran's form.

"Void shadow! That's an imaginary shadow!"

"Holy crap!"

The crowd all cursed out.

The next moment, Lin Ran had already appeared behind the guard, and even though the guard had already reacted, he was unfortunately still a step too late.

"Ding! The guard's clearance time on the sixth floor of Qiong Hua Tower has been refreshed! The latest record time taken is zero minutes and one second!"

"Weng!"

Immediately, Li Ba's head exploded, and the entire Qiong Hua Mountain, too, fell into silence, and after several seconds of silence, there was complete madness.

The black horse! The mysterious black horse had appeared.

Chapter 1055

"He He went up!"

Li Ba any trembling in his heart, this time not even bothering to look at the list, he directly followed.

"This is already the last layer that old me can come to, you don't want to break in!"

Li Ba said to himself in his heart.

He could only come to the sixth layer, upwards he was not qualified to enter.

And at this point in time, there were only a few people who could come to the sixth floor, and there were far fewer people around.

Lin Ran didn't bother to pay any attention to them and turned around on the sixth level by himself.

He took a glance at the gong methods on this sixth level, and there were indeed some that interested him, but that was about it, but most importantly, he actually found a book about the Mysterious Alliance in the information section.

"This is it!"

Grabbing the ancient book, Lin Ran went straight to a place and sat down, flipping through it.

“What the hell is this kid up to? Running to the sixth floor in one go and actually just taking this material and reading it?”

“Yeah, even my master cares about the techniques here, but this kid actually just took a look at it!”

“Who knows, but people have refreshed three lists in a row, I’m afraid this strength is not even visible!”

“Hey, hey! It’s not right, look at where he’s sitting, isn’t that”

Suddenly someone in the crowd didn’t know who spoke up, and everyone froze.

“That’s Yu Xuan’s seat!”

“My Cao, this kid is finished, he actually dares to be Yu Xuan’s seat!”

“Li Ba, did Yu Xuan say yesterday that she would come today?”

“Mm!”

Li Ba nodded, while looking at Lin Ran with a few more hints of gloating in his gaze.

Yu Xuan, that was the highest status existence within these followers.

Not only was this ninny pretty, but more importantly, she was also one of the strongest among these followers, and she was also Long Ya’s follower.

What? Who is Long Ya?

The number one person in the whole mountain today, the cousin of the dragon tattooed youth Long Ridge Sky, was Long Ya.

“Hey hey! Yu Xuan is here!”

“Holy shit, this is going to be interesting!”

“Do you guys think this kid will just become a licking dog when he sees Yu Xuan’s appearance!”

The crowd laughed one after another.

Lin Ran, however, acted as if he hadn’t heard it, still looking on by himself.

“Master Shu, this mysterious alliance is a bit terrifying! It’s actually created by several great clans in the ancient times, and it seems to be in response to some enemy!”

Lin Ran communicated with the pillow book as he watched.

“According to you, then this Mysterious Alliance is a place where people are made, specifically for cultivating talents to fight the enemy!”

Pillow Book pondered.

“No wonder Lin Ran’s letter said that many people came and then disappeared, I’m afraid they all died in battle!”

Lin Ran had fear in his heart, fortunately he had come, otherwise wouldn't Ling Sa Leng Zhan and the others have all died at any time?

"That's not right, this information says that the Mysterious Alliance is very big,? There shouldn't be only one place, Qiong Hua Mountain!"

Lin Ran was suddenly stunned.

"Could it be that Xingwu Mountain is also one of the places? And Li Sheng Leng Xuan, the body refiners, were separate from his own Qi practitioners?"

Thinking about this, Lin Ran couldn't help but feel a little disappointed in his heart, in that case he was still separated from Leng Zhan and the others.

"Forget about it for now, I'll go find two gong methods later and check them out, then I'll go back to the seventh level to see if there's more detailed information!"

Lin Ran calculated in his mind and immediately closed the information and prepared to go look for the gong methods.

But just as he was about to get up and leave, suddenly a woman's angry voice came over.

"Who told you to sit here!"

"Hm?"

Lin Ran frowned slightly and looked up to find that a very beautiful woman had appeared in front of him at some point.

The woman was dressed in a light pink ancient costume, and had a dragon tattoo symbol painted on her forehead, looking extremely stunning.

"I see the seat is empty"

"You sit when it's empty! Don't you see the dragon tattoo mark on the seat!"

The woman chided.

This attitude caused Lin Ran to frown slightly.

"One seat, pretty girl, do you have to? Besides, I haven't heard that the seats inside this Qiong Hua Tower are contracted out!"

Lin Ran said indifferently.

"One seat naturally not so much, but you're sitting in my seat!"

The woman chided.

"I'm a clean freak, I don't like people taking my seat, especially a man, an unkempt, filthy, smelly man!"

"Now that's interesting, Yu Xuan is really angry!"

"Haha, let's see how Yu Xuan is going to spite him! "

“Haha interesting!”

The crowd laughed.

“I’ve sat down, what do you want?”

Lin Ran looked at his opponent, his face bland.

“Don’t want anything, wipe the stool you made, the chair you used, clean it for me! Wipe it with your tongue!”

The woman said and actually threw over a rag directly, meaning clearly for Lin Ran to lick it with his tongue.

“You’re going too far!”

Lin Ran spoke.

He didn’t usually hit women, but that didn’t mean he never would, especially when dealing with cultivators who were also both cultivators, Lin Ran wasn’t that prescriptive.

“That’s how excessive I am, do you lick it or not!”

Yu Xuan looked at Lin Ran with an icy cold face.

Lin Ran’s eyes also carried a cold intent, but he eventually held back his anger and turned around to leave, it was a bit unnecessary to fight with a woman seriously.

“Stop! Did I tell you to leave!”

Seeing this, Yu Xuan became furious and raised her hand towards Lin Ran’s shoulder and grabbed him.

Lin Ran spun around and directly caught the other party’s white wrist, saying in a cold voice.

“I don’t hit ordinary women, if you’re pestering me, don’t blame me for not being polite!”

“You!”

Yu Xuan was startled by the look in Lin Ran’s eyes.

At the same time, her palm was shaken off by Lin Ran.

“Why should I be afraid of him!”

Yu Xuan’s heart was stunned, feeling insulted, especially the cold indifference of the gaze Lin Ran was giving her made her very unhappy.

Although she was a follower herself, but which of those who held the golden token weren’t drooling over her, but this youth in front of her was incomparably calm when he saw her, as if he had no interest in women.

“Bastard!”

Feeling that her beauty had been insulted, Yu Xuan raised her hand and slapped towards Lin then back.

“It’s over this kid is finished!”

“With this slap from Yu Xuan, even an ordinary Qi Watching Realm powerhouse would have to vomit blood!”

“They say women and villains can’t be offended, why doesn’t this kid grow a memory!”

The crowd shook their heads in sympathy for Lin Ran.

And a cold smile appeared on Yu Xuan’s face.

“Cadres look at me squarely, then I’ll show you how powerful I am!”

With this thought in mind, Yu Xuan’s palm had already landed on Lin Ran’s back.

But the next moment, the crowd froze.

Only to see that Yu Xuan’s palm had actually passed through Lin Ran’s body and hit an empty space.

“Shit it’s a false shadow again! Who the hell is this kid, how come he’s so fast!”

“Hey hey look at the side!”

The crowd exclaimed.

At this moment, beside Yu Xuan, Lin Ran had already appeared out of thin air, and without saying a word, he had already slapped the former’s face with a “pop”.

“I told you, I don’t hit ordinary women, don’t mess with me!”

“You!”

Yu Xuan’s cheeks were red, and a red mist had appeared in her eyes.

“How dare you hit me! Do you know who my master is!”

Yu Xuan said angrily.

“I don’t know! I’m not interested either, so if you don’t want to get your master involved, you better not appear in front of me again!”

Lin Ran said in a cold voice, following which he turned around and walked towards the bookshelf.

Chapter 1056

“You wait for me!”

Yu Xuan was so angry that she clenched her silver teeth, and immediately turned around and left Qiong Hua House.

“Brother Aren’t you leaving yet?”

Li Ba actually ran over from the side at this moment and said in a low voice.

“Why should I leave?”

Lin Ran was holding a gong method and was looking at it intently.

Naturally, Lin Ran did not lack cultivation techniques, what he lacked was a technique that could increase his cultivation speed.

Just like the Earth Cold Stone in the past, and this gong method in his hand was a gong method that could make the true qi in his body run faster, so that even if he didn't deliberately cultivate it himself, he might still be able to cultivate it on his own.

"Brother, what happened before was my fault, but this Yu Xuan comes from a very big, you'd better hurry up, or else later"

Li Ba advised,? Now he just wants to make up for the mistake he made before as much as possible so that he won't be retaliated by Lin Ran in the future.

"Nothing otherwise, you go away, as long as you leave me alone, I won't find you in trouble!"

Lin Ran said indifferently.

"No brother, do you know who the owner of that Yu Xuan is?"

Li Ba smiled with gratitude in his heart and said busily.

"Who?"

Lin Ran closed the book, he had already memorized everything inside, he just needed to turn back and follow the cultivation, and now he had a hint of curiosity about this Yu Xuan's owner.

"Long Ya! Her master is Long Ya, that's Long Ridge Heaven's own cousin!"

Li Ba said excitedly.

"Long Ya? Don't know! Isn't Long Ridge Sky the dragon tattooed youth!"

Lin Ran asked.

Before he came, Li Mu Di had told himself not to mess with that dragon tattooed youth, except that he still seemed to have messed with it.

But if you messed with it, you messed with it, everything should be done according to your heart, besides, Lin Ran didn't mean to do the other party's position, instead, this Yu Xuan was too domineering.

Qiong Hua House is not opened by your Long family, spell what they can not do.

"Yeah it's big brother Dragon Tattoo, that's a ruthless person who passed the ninth layer of the ninth hall, you still don't go!"

Li Bashi was busy advising to.

"Ao! I know!"

Lin Ran nodded his head, but his face didn't change much.

“Ao?”

Li Ba was speechless, what kind of reaction was that.

“I should indeed go too, I have something to do later!”

Lin Ran looked at the sky and it was getting late, he guessed that Fire One Sword and Li Mu Di had also come out, he had to go and activate the squad token with them.

“That’s right! Brother you hurry up and go!”

Li Ba hurriedly advised.

Lin Ran, however, smiled helplessly, obviously the other party had misunderstood that he was afraid.

But it didn’t matter, he was going to be cultivating here for a long time anyway, so it was better to take his time with some things.

At that moment, Lin Ran returned to the first floor amidst the contemptuous gazes of the crowd, and called out to Wang Yifeng to leave Qiong Hua House together.

.....

At night, inside a magnificent palace somewhere, Yu Xuan was sitting with her heart in her hands, while above her sat an even more playful woman.

This woman’s face was exquisite, as if carved, and her eyebrows were a bit high and cold, as if she was a fairy who did not eat the fire and smoke of the world.

“Little Xuan, is that person you are talking about the one who broke three records in a row this afternoon?”

Suddenly, the woman opened her eyes and asked indifferently.

“In reply, master, exactly! I learned from the mouth of Yue Qunshan’s follower Li Ba that this person’s name is Lin Ran!”

Yu Xuan busily replied.

“Lin Ran!”

Hearing this name, Long Ya’s body visibly trembled as she said in a cold voice.

“I didn’t expect him to come here!”

“Master knows him?”

Yu Xuan was a little puzzled.

“Don’t know him!”

Long Ya shook her head, but then laughed.

“I also heard my cousin mention this person, he didn’t leave this time, and it should be because of this Lin Ran!”

“Young Master Long Ridge Sky? How is that possible! Lin Ran is just a newcomer, as for Young Master Long to think so highly of him?”

Yu Xuan was surprised.

“I don’t know either, but he beat you up today, so I’ll go with you to meet him tomorrow!”

Long Ya said blandly.

Then she closed her eyes again and fell into cultivation.

.....

Inside another room on Qiong Hua Mountain, a woman covered in a fiery red robe was sitting on her bed cultivating, while next to her stood a beautiful woman, none other than the one Lin Ran had seen during the day, Xu Shuang.

“Miss, why are you suddenly interested in that person who swiped the list this afternoon?”

Xu Shuang asked.

“Not interested, it just reminded me of someone all of a sudden!”

Ling Sa laughed, in the past when she and Lin Ran went to the Manifestation Selection, Lin Ran was also unattractive but most importantly, he was a great achiever.

“Right Miss, I ran into two new people this morning, do you think they could be the ones who did it?”

Xu Shuang suddenly said.

“Newcomers? There are new arrivals lately besides the two of us?”

Ling Sa frowned.

“Mmm! It was just this morning, and one of them even asked me about the Plum Blossom School... it’s really the hearts of the people, thanks to which I helped him!”

Xu Shuang said irritably.

“Inquiring about the Plum Blossom Sect, what did he look like?”

Lingsha suddenly had a tremor in her heart and was busy asking.

“It’s very ordinary, his face is quite clean, but who knows he’s also staring at our Plum Blossom School just like other stinky men!”

Xu Shuang said discontentedly.

Most of the Plum Blossom Sect were female disciples, and all of them were pretty, and although they were a bit different compared to Long Ya, their reputation was very high among people of average strength.

“Very ordinary?”

Ling Sa could not help but be a little disappointed at her words.

“It’s just that I cultivated, it seems that I thought too much!”

Ling Sa shook her head, and then also continued to fall into cultivation.

.....

And at this time, in Lin Ran’s room.

Fire One Sword and Li Mu Di had all arrived.

“Here you go!”

Li Mu Di handed the golden token to Lin Ran.

“Is this even finished?”

Lin Ran asked.

“Yes!”

Li Mudi nodded his head.

“Feel it, do you sense something!”

Li Mu Di laughed.

Lin Ran smiled and picked up the token and felt it, and he could indeed feel the location of Li Mu Di and Fire One Sword.

“Well now we are a team, the first priority is for Brother Lin Ran to break into the ninth floor hall as soon as possible, once we pass the eighth floor, we can hit the ninth floor and then leave this place!”

Li Mu Di laughed.

“Lin Ran!”

Fire Yijian, however, looked at Lin Ran with a slight frown.

“Brother Fire!”

Lin Ran nodded his head.

“I’m grateful that you helped my Fire Family, but there is something I must remind you of, although no more than five people in this Qiong Hua Mountain know about your feud with the Dragon Family, there are still people who know about it, so you better keep a low profile, Long Ya is from the Dragon Family’s inner clan!”

Fire One Sword said solemnly.

“And that Dragon Ridge Sky, we suspect is also from the Dragon Family, so you’d better not mess with them!”

“Don’t mess with them? Are they very dangling?”

On the side, Wang Yifeng said disdainfully.

Fire Yijian didn't bother to pay him any mind, so he didn't answer.

Lin Ran, however, laughed helplessly.

"I appreciate Brother Fire's kindness, but unfortunately I'm afraid it's already too late!"

"This afternoon at Qiong Hua House, I beat up a woman called Yu Xuan, who seemed to be none other than Long Ya's follower!"

"Yu Xuan?"

Both Fire One Sword and Li Mu Di were stunned at their words, followed by their brows furrowing.

"This is troublesome!"

"It's more than trouble, it's a lot of trouble, Long Ya is known to be protective of her calf, and that Long Ridge Sky is her cousin, so she'll definitely come after Lin Ran tomorrow!"

Li Mu Di said with a frown.

Lin Ran, however, had a bashful face and laughed.

"No harm done, originally! If they really are the Dragon Family, this feud is inevitable, and what I want to know now is how long we have to cultivate here! And where will we go after we leave?"

"Three years at most, after three years if we still can't break through the nine levels of the hall, we will have our kung fu powers nullified and this part of our memories erased!"

Li Mu Di said.

Fire One Sword then picked up the conversation.

"And after breaking through, where to go next, we don't actually know, except that gossip says that it should be to join the war!"

"Participate in the war?"

Lin Ran was stunned, could it really be that he was fighting the enemies of the Mysterious Alliance just like the information said?

"Alright brother Lin Ran, don't think about it so much, our priority is to break through the Ninth Floor Hall first!"

Li Mu Di laughed, while patting Lin Ran's shoulder.

"First thing tomorrow morning, I'll take you to the cultivation grounds and try to get you a better spot!"

Chapter 1057

Early the next morning.

"Why isn't Brother Li there?"

Lin Ran wondered, yesterday Li Mu Di said that he would take himself to the martial arts arena, but in the morning it was replaced by Fire One Sword.

“He had some temporary commitments, and I happened to have made some gains at the Ninth Floor Hall, so I was also going to go to the martial arts arena for some closed-door training.”

Fire One Sword said blandly.

Although the three of them were already a small team, Fire One Sword still had this cold and icy personality, which was quite in keeping with his character.

The three of them soon arrived at the martial arts arena, and immediately Lin Ran and Wang Yifeng froze.

It was called a martial arts arena, but it was actually more like a huge gladiatorial arena.

They saw that it was a huge square, and around the square there were circular divisions going upwards one at a time, as if it was a gladiatorial arena with stands all around and a square in the middle for dueling.

“Watch this!”

Fire One Sword pointed to the martial arts arena and said.

“The square in the middle is a place for bouts and dueling, no killing other at will!”

“And the surrounding high platforms are the places for cultivation and meditation, each position has a corresponding sign, corresponding to the five attributes of Feng Shui into the Dao of gold, wood, water, fire and earth!”

“Five attributes? What does this mean?”

Wang Yifeng was puzzled.

Fire One Sword was speechless, while Lin Ran was busy explaining.

“It’s determined according to each person’s cultivation attributes, for example, if you are good at the Great Sword you are in the Gold One Dao, while Su Rou is in the Water One Dao and Ling Sa is in the Fire One Dao!”

“Ao, that means it’s based on each person’s personality and the magic weapon they use!”

Wang Yifeng dawned on him.

“That’s probably what it means!”

Lin Ran nodded his head.

“Hmm! These high platforms, as such, contain more attributes upwards as well, notice that there are five levels of high platforms in total!”

“On the first level, there is only a single type of attribute, while the second level is a combination of any two attributes, and so on, the fifth level has only four positions, each of which contains a complete set of five attributes!”

Fire One Sword introduced.

“Brother Fire, I wonder how this design method will help with cultivation?”

Lin Ran asked busily.

“This is something you should experience yourself later, I guarantee that the first time you feel it will be something you will never forget!”

Fire One Sword laughed in a rare moment, actually selling out.

“Oops, I’ll go and try it first!”

Wang Yifeng smiled and instantly ran over.

“Alright! Brother Lin Ran, I’m going to close down and cultivate first, call out to me if anything happens!”

Fire Yijian greeted, and immediately jumped onto the third level high platform as well, apparently he should have three attributes.

“What about this attributeless one of mine?”

Lin Ran was a bit confused for a while, but after thinking about it, since he didn’t have any attributes, he might as well start from the first level, lest he couldn’t bear to go up to the fifth level at once.

With that in mind, Lin Ran went to the first high platform and casually found a water attribute seat and sat down.

“Weng!”

As soon as he sat down, Lin Ran felt as if he was in the middle of a huge river.

The river was sometimes violent, sometimes calm, sometimes lingering, sometimes gentle

It was such a simple cultivation position, but it allowed Lin Ran to feel the mysterious and unpredictable nature of the water-based path. If he were to sit on the fifth level, when the five powers converge, I really don’t know what it would feel like.

With this thought in mind, Lin Ran immediately went straight to the second level.

And this time, as expected, when Lin Ran sat down on a seat with two attributes, water and fire.

At once, a monstrous flame filled the water pool, and Lin Ran was as if he was deep in the middle of the water and fire, that gentle and hot, churning and burning feeling simply made him a little dazed, but then the comfort that spread throughout his body made him want to stop.

“This feels really good!”

Lin Ran stood up from his seat, his eyes full of excitement.

“Keep going up!”

With a thought, Lin Ran had appeared on the third floor.

“Hm?”

Fire Yijian, who was on the third level at the side, suddenly opened his eyes, a hint of bewilderment in his eyes.

“Reaching the third level so quickly, what attribute is this kid anyway?”

Fire Yijian had some doubts in his heart.

He only had three attributes, when he first arrived at this martial arts arena, it had taken him ten days just to experience one attribute on the first layer alone, before he could completely master it.

It had taken him a year to master the third level, but he did not dare to think about the fourth level because he only had three attributes, and it was very difficult to experience attributes he did not have.

If you are not careful, you will be hurt at the root, so many people only reach the top of the attributes they have, that is, like Fire One Sword now, with three, they reach three and do not rise.

However, Lin Ran had now reached the third level straight away.

“That kid, he’s rising a bit fast!”

On the fourth level, a youth suddenly opened his eyes and glanced at the entranced Lin Ran, with doubt in his eyes.

He was none other than Long Ji Tian’s follower, Liu Qi, an existence whose strength was one of the best among the many golden token holders.

As the saying goes, the train runs fast by the head, and Long Ridge Heaven is currently the strongest existence in the entire mountain, and as his follower, Liu Qi is naturally also a dragon and phoenix among men, an existence that stands out from the rest.

“But it’s always the third level, the master once said that it’s always impossible to become his opponent until you reach the fourth level!”

Liu Qi smiled blandly and followed, closing his eyes and not going in the direction.

But just a few minutes later, his eyes opened once again.

This was because he found that at this moment, Lin Ran had actually appeared on the fourth level.

“This kid!”

“Lin Ran him!”

At this moment, Fire One Sword was also completely confused, the fourth level, even he didn’t dare to attempt it easily, but this guy had actually sat down just like that.

“What exactly is his attribute?”

The curiosity in Fire Yijian’s heart grew even more.

“This kid must be yesterday’s dark horse! He dared to set three records of his master, how hateful!”

Liu Qi’s face was ugly as he slowly got up.

“Yes! What a blast! I’m actually starting to like this place a bit!”

Lin Ran laughed in his head.

“You kid, is this a real fragrance? I was dead set against coming in the first place!”

The pillow said helplessly.

“How was I to know that there was actually something so good here, with this I can definitely break through the Creation Realm quickly!”

Lin Ran said excitedly in his heart, the most important thing to break through the Creation Realm was the comprehension of the five attributes, even though Lin Ran had no attributes, comprehending these five attributes would be a great boost to his own medical dao.

“All right,? Don’t get cocky, someone’s got their eyes on you!”

The pillow said, and only then did Lin Ran retract his consciousness.

“Friend! Did you set the three records yesterday?”

Seeing Lin Ran open his eyes, Liu Qi immediately arched his hand and asked.

“My name is Lin Ran!”

Lin Ran replied indifferently, the implication being, aren’t you going to check it yourself?

“Then it seems to be you!”

Liu Qi smiled.

“Something wrong?”

Lin Ran also got up, this fourth layer was still not perfect, he had no attributes, naturally it was more comfortable to go directly to the fifth layer to comprehend the five attributes and avoid taking a detour.

“You’re still going up?”

Seeing Lin Ran preparing to go up to the fifth layer? Liu Qi’s eyebrows furrowed at once.

“What? Your family owns it?”

Lin Ran laughed, how was this Liu Qi of the same nature as the Yu Xuan he had met yesterday, this fifth floor was still not going up by itself.

“Naturally not, but you want to go up to this fifth floor? You have to beat me to do so!”

Liu Qi pointed at the martial arts platform below and said aloud.

The voice resounded throughout the martial arts arena.

Chapter 1058

“What are you doing, Liu Qi!”

Fire Yijian was the first to rush over, his face icy cold.

“Fire Yijian? What your friend?”

Liu Qi laughed.

Fire Yijian, however, had an ugly face, but still nodded his head.

“No wonder, you were able to rush up to the fourth level in one breath and are still preparing to go up to the fifth level!”

Liu Qi laughed.

He knew of Fire One Sword’s strength, except that this guy had only been here for a year, while he himself had been here for almost three years following Long Ridge Sky.

Moreover, as far as he was concerned, his own strength was a point stronger than that of Fire One Sword.

“Liu Qi, don’t go too far, we are late after all, but you have also stayed for three years, if you and Long Ji Tian have only been here for a year as well, it is still uncertain who will lose and who will win!”

Fire One Sword’s face was ugly.

Remembering the last time he had lost to Liu Qi, he had a fire nestled in his heart.

Lin Ran could also see the conflict between the two and laughed helplessly.

“I’ll just ask, is it true that I won’t be able to get to this fifth floor without beating you?”

“Yes!”

Liu Qi nodded his head with a bashful expression.

“Reason?”

Lin Ran didn’t bother with nonsense and asked directly.

“There are a total of four positions on the fifth floor, and so far, three of them have already been sat on, namely my master, and my master’s two companions, and the three of them are also from exactly one squad!”

“My master once said that before he left, if anyone wanted to go up to the fifth level, unless they defeated me, otherwise he felt like dropping the price!”

Liu Qi said blandly.

“How wild! But I like it, go down!”

Lin Ran smiled blandly and prepared to go below.

“Lin Ran!”

Fire Yijian shouted busily.

“You guys talk first, I’ll wait for you down there!”

Liu Qi wasn’t worried, in his opinion, Fire Yijian must have wanted to share the experience he had taught with Lin Ran, it was just that his own strength was on display, he really didn’t care to stop him.

“Lin Ran, this Liu Qi is very strong are you sure?”

Fire One Sword asked.

“How can I know if I haven’t fought?”

Lin Ran laughed helplessly.

“Alright, then watch out, his speed and strength are very strong

Fire One Sword was busy saying.

Lin Ran, however, waved his hand and laughed.

“Don’t worry, I’m confident I’ll be stronger than him!”

“You!”

Fire One Sword saw this and smiled helplessly, not bothering to say anything more.

Lin Ran had always given him the feeling of being inscrutable, the first time they met before, he was clearly stronger than him, but he just dared to fight him hard.

By the second time they met, he had already lost the upper hand, this guy’s strength was like flying in a plane, advancing by leaps and bounds.

“I hope you can still surprise me this time!”

Fire One Sword laughed in his heart.

And at this moment, Lin Ran had already arrived at the martial arts arena.

“Look, look, Liu Qi and that kid are going to have a match!”

“Really? That’s Liu Qi, Big Brother Dragon Tattoo’s follower, and he’s actually going to compete in a martial match with this kid?”

“This kid doesn’t want to die, who doesn’t know that apart from Big Brother Dragon Tattoo, the strongest person is Liu Qi, and this kid dares to come down!”

“Hey, there are always those who are not afraid of death, this kid looks very new, maybe he just came yesterday?”

“Shit, when you say that, I do remember, yesterday the three records of Qiong Hua House were set, it couldn’t be this kid too!”

“That’s interesting, the new king wants to register! The old king isn’t happy about it!”

“Hurry up and call people over to watch, this fight is absolutely fantastic!”

A group of people have informed their friends, Liu Qi's fight that is definitely beneficial, this kind of good thing naturally has to let their friends come over to see it together.

.....

Inside a luxurious room somewhere on Qiong Hua Mountain.

"Master, just got the news that ? That kid Lin Ran is in the martial arts arena and is actually going to compete with Brother Liu Qi!"

Yu Xuan ran over excitedly.

"A martial competition with Liu Qi?"

Long Ya frowned slightly and instantly got up.

"Go! Go and see!"

Somewhere within the fluttering courtyard.

"Master, Liu Qi, a follower of Dragon Ridge Heaven in the martial arts arena, is he going to have a match with that new kid from yesterday, are we going!"

Xu Shuang was also busy asking.

"Go! We're planning to go to the martial arts arena anyway! By the way, go and see how strong the followers of Dragon Ridge Heaven are!"

Ling Sa was busy saying.

In a flash, the entire Qiong Hua Mountain was converging towards the martial arts arena.

"Kid! If you don't make a move, you'll be in big disgrace later!"

Looking at the growing crowd around him, Liu Qi couldn't help but laugh.

"That's exactly what I was going to say!"

Lin Ran smiled lightly, still not meaning to make a move.

In fact, he had some considerations, he had been here on Qiong Hua Mountain for two days, and the only place he could go to was the Ninth Floor Hall.

But he had never found any sign of Ling Sa, so since he couldn't go anywhere in peace, he might as well just raise his profile, so that Ling Sa could see himself sooner.

"Wild enough!"

Liu Qi laughed.

"Although I am a follower of Brother Long, but in these three whole years on Qiong Hua Mountain, I have engaged in ten battles, do you know how many I have lost?"

"How many battles?"

Lin Ran asked cooperatively.

“Zero battles! Eight of the ten times were against you golden token holders, but I didn’t lose a single one, so if you don’t want to be too humiliated, I advise you to do it!”

Liu Qi said proudly.

Lin Ran smiled at this but was not angry, instead he laughed and said.

“That’s because you haven’t met me before!”

“Mad enough! In that case, I’ll give you face, so that no one will say that I, Liu Qi, am leaning on the old and bullying you, a newcomer!”

Liu Qi’s face sank as his body already moved, lunging straight towards Lin Ran.

Lin Ran’s face was also solemn at this time, and he took an arrow step to directly meet him.

Tough words were tough, but he wouldn’t be the least bit polite when he really fought.

“Bang!”

The two of them had already clashed once, but after this clash, Liu Qi’s face instantly turned ugly.

In the actual clash just now, his best strength had not taken the slightest advantage, and he was even vaguely at a slight disadvantage.

“This kid’s strength!”

Liu Qi’s face was ugly.

“You don’t seem to be very good either!”

Lin Ran, however, laughed, following his initiative to charge towards Liu Qi and take the lead in attacking.

“Bang Bang Bang!”

Three punches in quick succession hit the flesh, causing Liu Qi to retreat repeatedly, not even daring to fight Lin Ran hard.

“This kid’s true qi is clearly similar to mine, but why is he so rampant!”

Liu Qi’s face had turned green.

He didn’t know that his was Feng Shui True Qi, while Lin Ran’s was Medical True Qi, which was simply the essential difference between heaven and earth.

It was not that Feng Shui True Qi was not stronger, but that Medical Dao True Qi was stronger.

Medical Dao True Qi is the lifelong mastery of the Nine Heavenly Mystic Maidens, while Feng Shui True Qi? The difficulty of practising it with some talent already reveals the power they represent.

It was not at all on the same level.

“Goodbye!”

A smile appeared at the corner of Lin Ran’s mouth, followed by a fist blast that directly struck Liu Qi’s shoulder.

“Bang!”

With a muffled sound, Liu Qi flew backwards and at the same time, a mouthful of blood directly spurted out with a “poof”.

The entire martial arts arena was instantly silent.

A second kill! Absolutely killed in seconds.

The entire fight lasted less than a minute, and Liu Qi was defeated just like that.

“I can go up to the fifth level now, right!”

Lin Ran looked at Liu Qi and said indifferently.

“You can!”

Liu Qi’s face looked ugly, but there was nothing he could do.

“It seems that the sky is really changing on this Qionghua Mountain!”

Liu Qi wiped off the blood from the corner of his mouth, and with a flash of his body, he had already left the place, it was too humiliating, he had no face to stay any longer.

Chapter 1059

The entire scene was dead silent, and even some of the people who had just arrived froze in place.

At this moment, they didn’t need to know what had happened, just seeing Liu Qi being blown out of the gladiatorial arena with a single punch had completely shocked them.

“Lin Ran he!”

Fire One Sword looked dumbfounded, this scene was enough to show one thing, the current Lin Ran was stronger than even himself.

Moreover, he remembered that Lin Ran hadn’t even cultivated for a few years yet.

“My gaze is still not as good as Li Mu Di’s!”

Fire One Sword said in his heart, “It’s also fortunate that he didn’t have too deep a grudge against Lin Ran in the first place, otherwise I’m afraid he would have set himself up with a powerful enemy.

The crowd was surprised, but Lin Ran had already arrived at the fifth level without a sound.

Of the four seats on the fifth floor, three of them were already marked with dragon tattoos, which had obviously been done by the three-person Dragon Ridge Heaven squad.

Lin Ran naturally couldn’t possibly go and sit there again, and immediately went to the last unmarked place and did so.

And as soon as he sat down, Lin Ran's entire body was instantly stunned.

For a moment, the five middle attributes were like five mountains crushing him in the middle, unable to move in the slightest.

But his sanity was clear, and he could even clearly see the expressions on everyone's faces under the stage at this moment.

"Holy shit! That kid actually ran to the fifth level, he's looking for death!"

"Yeah, that's the fifth floor!"

"My god, who the hell is this guy, he's too strong too!"

"Damn strong and inhuman!"

The crowd cursed.

But Lin Ran was a bit tearless at this moment, strong? He couldn't even move at this moment, how could he get up?

Lin Ran was speechless in his heart.

While he was trapped, there were more and more people in the martial arts arena, and he even soon saw the Yu Xuan that he had met yesterday.

"The one beside her must be Long Ya!"

Lin Ran's gaze took a massive look at Long Ya, this woman was really pretty, it was just a pity that he was already immune to it.

With that in mind, Lin Ran stopped paying attention to the outside world and concentrated on his cultivation, he believed that this seat couldn't keep pressing him, as long as he found a clever spot he could definitely get rid of the control!

"Where's that kid? Where is Brother Liu Qi?"

Yu Xuan's eyes searched, but he never found Lin Ran.

It wasn't surprising, by now the martial arts arena had regained its calm, and naturally she couldn't be fine to look at the fifth level, knowing that no one had done so anywhere for a long time.

"There's nothing on the third level either, this kid couldn't have run off to the fourth level!"

Soon, Yu Xuan had carpet searched the third floor.

"Look at the fifth floor, who is that guy!"

Suddenly, Long Ya's gaze landed on Lin Ran's body on the fifth floor.

"That's him! But why is he on the fifth floor!"

Yu Xuan also covered her mouth, her face filled with surprise.

“Master this is absolutely impossible, how could he possibly have made it to the fifth floor with his strength!”

“I don’t know! But this kid might not be ordinary! And didn’t you just hear that Liu Qi lost!”

Long Ya frowned slightly.

“How is that possible, how could Brother Liu Qi lose to this kid!”

Yu Xuan shook her head even more.

“Let’s go! Let’s go to our place to cultivate first, we’ll ask about it when he comes down!”

Long Ya said.

“Mm!”

Yu Xuan had no choice but to nod her head.

The two immediately walked towards their positions.

“Master, these two positions are just right for us, or else let’s cultivate on this third level!”

Xu Shuang was happy to look at the two connected positions in front of her, having searched for a long time before finding a position that suited them both.

“That’s not very good, even though we both have three attributes, I always think it’s better to start from the first level!”

Ling Sa was a bit worried, she still felt it was better to be steady in her cultivation, which was a bit at odds with her fiery personality.

But this is not surprising, after all, her character is fiery, but she is rough and careful, otherwise she would not have made it this far.

“It’s alright master, I read a book in Qiong Hua House before, and it said that if you are not a person with all five attributes, it is best not to cultivate a single attribute, as this will restrict the comprehension of attributes that are not available later!”

“It probably means that if one starts at the first level, the attributes one originally possesses will be understood more deeply, but likewise, it will be very difficult to comprehend the attributes one doesn’t have later on!”

“And this kind of directly cultivating the three attributes one has at the same time, going hand in hand, might be able to reach out and comprehend the attributes one doesn’t have later on!”

“Ao!”

Ling Sa nodded at his words.

“Alright then, let’s sit here!”

The two followed and sat up, splitting up and starting to cultivate.

But the cultivation had only just begun when an angry voice broke the peace of the two.

“Who told you two to sit here, get down!”

Ling Sa and Xu Shuang were stunned and were busy opening their eyes, only to see the same two women standing in front of them, but with looks even more beautiful than their own.

Of course Ling Sa was pretty too, but she was a big-hearted kind of person, and when compared with Long Ya, who was as gentle as water in front of her at the moment, she seemed a bit less feminine.

“Who are you? What business is it of yours that we are sitting here!”

Xu Shuang said discontentedly.

“You two, this seat is yours?”

Lindsay was also busy asking.

“Nonsense! Can’t you see the dragon markings next to it? This is our exclusive seat, who told you to sit here! Don’t get down yet!”

Yu Xuan said angrily.

She had a cleanliness fetish and loved to get anything exclusive as.

Plus with people like Long Ya Long Ridge Tian already Liu Qi as the backstage, naturally no one dared to say anything on a regular basis.

This in turn made her feel as if everything was rightfully hers.

“You! If it’s yours, it’s yours, why do you speak so harshly!”

Xu Shuang was annoyed.

“I speak harshly? It’s not bad that I didn’t scold you! Look at the raggedy clothes you’re wearing and you dare to be my seat, don’t even think about leaving until you get clean for me today!”

Yu Xuan said angrily.

“You!”

Xu Shuang was so angry that her pretty face turned red.

“Sorry, it’s because we didn’t know before, this seat I’ll just clean it up for you!”

Ling Sa said with a slight apology.

“Master!”

Xu Shuang hurriedly looked at Ling Sa.

Ling Sa, however, shook her head, signaling her not to say more.

The Long Ya and even Yu Xuan in front of her made Ling Sa feel pressure, and it was obvious that the other party was stronger than herself.

Even though she used to have an explosive temper in the Plum Blossom School, this was not the Plum Blossom School after all, and she knew that there were times when a big temper would not solve the problem.

“Still you know how to talk, but I can say this first, it must be cleaned up spotlessly, or you will be wanted to leave today!”

Yu Xuan sneered.

“You! You are a madman, this futon is compiled, how are you going to clean it inside!”

Xu Shuang couldn't help it at once.

“You dare to call me a madman?”

Yu Xuan's face suddenly turned ugly and she raised her hand and slapped him? It hit Xu Shuang directly on the face.

Xu Shuang's face instantly turned red, and tears had appeared in her eyes.

“What right do you have to hit people!”

Ling Sa was instantly furious as well.

It was true that she kept a low profile on this Qionghua Mountain, but it didn't mean that she didn't have a temper.

“I'll hit what?”

Yu Xuan sneered, with a look of disdain.

“No matter what!”

Ling Sa's eyes were cold as she raised her hand and slapped Yu Xuan directly on the face.

Yu Xuan was stronger than Ling Sa, but she didn't expect Ling Sa to make a sudden move just now, so she received a solid slap.

At the same time, her face instantly changed.

“You bastard, how dare you hit me! I'll kill you!”

Yu Xuan cursed angrily and slapped towards Ling Sa as well.

Chapter 1060

“What are you doing!”

Seeing this, Xu Shuang became anxious and directly blocked in front of Ling Sa.

But she was too weak, and Yu Xuan pushed her straight to the ground with just one push.

The other palm was already in front of Ling Sa.

“You've gone too far!”

Ling Sa was also furious.

Although her strength was inferior to others, a scholar could be killed but not humiliated.

“Hmph! Too much? Excessive?”

Yu Xuan sneered, her palm already slapping over.

“You!”

Ling Sa was in an atmosphere of discomfort, and her palms met her at the same time.

But after all, Yu Xuan was Long Ya’s follower and had been cultivating here for a full three years.

Ling Sa was only a day ahead of Lin Ran, so how could she be a match for her.

The two of them met face to face, and Ling Sa’s palm was directly knocked back, while Yu Xuan’s hand was already raised at that moment, slapping straight at Ling Sa’s face.

“What are you doing?”

Suddenly, a rebuke came from afar, and the sound was so loud that it really resounded throughout the entire martial arts arena.

“Who?”

The crowd was stunned and hurriedly searched for the source of the voice, and when they saw Lin Ran, who was located on the fifth floor, everyone froze.

Especially Lilinha, she had never seen the fifth floor before as it was too far away for her, but now she really saw Lin Ran here.

“It’s really you!”

Looking at Lin Ran who slowly rose up on the fifth level, a mist had risen in Ling Sa’s eyes.

It had been too long, she hadn’t seen Lin Ran for too long.

“Sorry, something delayed me earlier!”

Lin Ran scratched his head, while jumping down from the fifth floor.

In fact, he had only just gotten rid of the control of the stone platform on the fifth level, otherwise he would have come down to identify with Lin Ran.

“Why is it you again?”

Seeing Yu Xuan, Lin Ran’s face instantly went cold, this woman in front of him was truly disgusting.

“I seem to have warned you yesterday, what? Take me as a joke?”

Lin Ran looked at Yu Xuan with an icy cold voice.

“You! It’s none of your business!”

Yu Xuan was so angry that she gritted her teeth.

“What do you care about me? It’s really none of my business!”

Lin Ran laughed, and with the same hand, he swept Ling Sa into his arms.

“Do you think it’s my business now?”

“You!”

Yu Xuan was instantly stunned.

Even Xu Shuang who was on the side also caused to freeze?

“Master you

“His name is Lin Ran, you know that!”

Lin Tiana’s pretty face reddened slightly, a little shy.

“What? He’s Lin Ran, then you approached me the other day to ask about the Plum Blossom Sect!”

Only then did Xu Shuang remember that on the first day they met, Lin Ran had approached him to ask about the Plum Blossom Sect.

It turned out that he had made a mistake.

“Forget it, it’s all in the past!”

Lin Ran smiled, not wanting to say more, in fact, he was quite embarrassed himself when he was misunderstood by others.

“You are Lin Ran!”

Finally, Long Ya, who was standing at the side, spoke up.

“Something wrong?”

Lin Ran looked at Long Ya, his face bland and without the slightest fluctuation.

This made Long Ya’s heart very upset, which man in the entire Qiong Hua Mountain did not have his eyes squared away when he saw himself, even she, Long Ya, was certain that if she stood up and said a word, there were definitely many men who would rather die for her.

But now this young man in front of her actually looked at herself without any reaction at all, which made her vanity and self-esteem suffer a great insult.

“Counting yesterday, you’ve already offended me twice!”

Long Ya forced down the anger in her heart and chided.

“Ao! How?”

Lin Ran still had a bland look on his face.

“You!”

Seeing that Lin Ran still had this attitude, Long Ya was instantly enraged as well.

“Do you dare to fight me!”

“I advise you to give up this idea, Liu Qi has even lost to me!”

Lin Ran blandly, he wasn't interested in fighting a woman, losing was fine, it was genteel, but once he was welcomed not only would he have to carry the reputation of not knowing how to pity a woman, I'm afraid he would also become the enemy of the entire Qiong Hua Mountain males, which was not a good thing.

“Cut the crap! You just say you dare not!”

Long Ya said angrily as the atmosphere became unbearable.

“You really want to compete?”

Lin Ran was helpless, the other party was like this, so obviously this was not going to go away without a match.

“Say it, how do you want to play!”

“It's simple, whoever falls to the ground first! Whoever wins!”

Long Ya said.

“That's fine!”

Lin Ran stretched out his hand.

“I'm still finishing!”

Long Ya, however, had a cold look in her eyes, followed by a flip of her hand, and a black stone ball immediately flew out, enveloping the entire tournament arena.

“Whoosh whoosh whoosh!”

Following this, countless black sharp metal actually appeared on top of the stone platform, and the stone platform which was originally quite wide and contoured was suddenly so small and concentrated that the place where one could put one's foot down was pitifully small.

“Whoever falls to the ground first loses later, if you accidentally fall on those sharp metals and lose your life, you can't blame others!”

Long Ya said in a cold voice.

Lin Ran, however, looked at him with a slight frown, he remembered that Fire One Sword had said that in the dueling arena it was only possible to compete and spar, not to kill!

“I'm not killing anyone, this is the default for Qiong Hua Mountain, I won't kill you with my hands, but if it's you who falls on it and dies, then no one can be wronged.”

Long Ya said blandly.

Lin Ran suddenly understood, he had heard of this kind of match, it was actually used by Qiong Hua Mountain to settle some big feuds, some people for example were worldly feuds that could not be reconciled at all, then they had to use this method to decide on a winner.

The one who wins deserves it, and the one who dies naturally deserves to die, no one can blame anyone, if you want to blame your own strength is not good enough.

“You really want to play like this?”

Lin Ran asked indifferently, his face expressionless.

“Definitely!”

Long Ya’s eyes were icy cold, while already taking the lead on the stone platform.

“Lin Ran!”

Lingya was full of worry, she had only just met Lin Ran, but now

“Don’t worry, you still don’t understand my strength, you can’t even beat me!”

Lin Ran laughed.

“You What are you talking about!”

Ling Sa’s pretty face flushed, she was still happy to see Lin Ran, especially when Lin Ran’s attitude when facing Ling Sa just now made her feel comfortable in her heart.

At least Lin Ran wasn’t like other men who couldn’t walk away when they saw a beautiful woman.

“Wait for me, be back soon! It’s been a long time since I’ve seen you, there’s so much to say to you!”

Lin Ran laughed, while taking out a jade pendant and handing it to Ling Sa, it was the last small fish jade pendant of the Nine Fish Spitting Pearl.

“This is?”

Ling Sa wondered.

Lin Ran, however, leapt and was already on the high platform.

“Holy shit! This kid is going to compete with Long Ya again, didn’t he just fight Liu Qi earlier!”

Some people who had seen Lin Ran and Liu Qi fight before exclaimed.

And at this moment, Fire One Sword also noticed the situation under the stage and immediately jumped down.

“Holy shit! That’s the kid who fought Liu Qi? Who won?”

“There’s no need to ask, Liu Qi is not here it’s definitely this kid who won!”

“That’s interesting, Liu Qi is a follower of Long Ji Tian, even he lost, I wonder if Long Ya, Long Ji Tian’s own cousin, can win!”

“I think 80% can win!”

“Why?”

“Think about it, Liu Qi is only the most along, Qiong Hua House can only mix in the first six floors, but Long Ya is a proper golden token holder, it is said that she has also reached the eighth floor of Qiong Hua House, just short of the last floor, so many powerful feats up there, she must have learnt a lot!”

“This kid has only been here for two days, how can he fight?”

“That’s right too O!”

The crowd murmured and quickly decided that Lin Ran had no chance of winning.

This made Lin Lin under the stage couldn’t help but clench her fists, very worried, after all, at this time the stage can be full of sharp protrusions, if really not careful
