

Wonder Doctor

Chapter 1061

“Are you ready?”

In the field, Long Ya’s face was icy cold, her silver teeth clenched.

“Anytime!”

Lin Ran smiled lightly, not saying anything more.

“Humph!”

This attitude undoubtedly made Long Ya even more furious.

“Can’t look at me! Who are you to look down on me, since you can’t look at my looks, I’ll let you know that the difference in strength between you and me is also huge!”

Long Ya said angrily in her heart, following which her feet moved.

“So much anger? Am I that hated?”

Lin Ran was speechless when he saw this.

It seemed like it was also the first time he had met Long Ya, and this ninny was so angry, as if she had stolen her underwear.

“Go to hell!”

Long Ya coldly snorted, followed by a slap towards Lin Ran.

The entire square had very limited landing spots, and the burst of spikes under Long Ya’s arrangement wasn’t even a rule division.

In the middle of the two people’s battle, even the open space would occasionally have two or three places with bursts, which made it necessary for the two of them to deal with them carefully, or else they would likely step on them because they weren’t paying attention.

“Bang!”

Lin Ran raised his hand when Long Ya’s palm blocked it back, while paying attention to the situation under his feet.

“Want to feel out the situation first? I was afraid you wouldn’t have that chance!”

Long Ya’s eyes chilled as she followed and killed again.

She had been here for three years, and although this was also the first time she had used this type of competition, she had seen Long Ridge Sky use it many times before, so she had long memorised the places where she could land.

Lin Ran, on the other hand, was an actual first time, so he needed to familiarize himself with the environment as much as possible first, otherwise he wouldn't be able to get his feet under him to deal with the enemy.

"Chance? It's never created by yourself, you say no to it?"

Lin Ran laughed, followed by turning around and walking away.

There was still a certain amount of buffer space throughout the tournament arena.

And Lin Ran was fast, so he was still able to do so as he was intent on avoiding the battle and familiarising himself with the environment.

"Bastard! Do you just know how to run?"

Seeing that she couldn't catch up with Lin Ran at all, Long Ya was also furious and immediately swung her palm, a silver longsword was swung out and stabbed Lin Ran straight.

"Holy shit!"

Lin Ran couldn't help but curse when he saw this, he couldn't catch up himself, so he used a magic weapon, he was really spirited.

"You're really spirited!"

Lin Ran couldn't help but curse.

"You dare to call me spirited?"

Long Ya instantly became even angrier.

She had always been known for her gentleness, but now this brat was actually saying that she was spicy.

"I'm furious!"

Long Ya was so angry that she gritted her teeth, and when she saw that Lin Ran actually had the heart to familiarize himself with the terrain, she gritted her teeth and directly ducked her foot on the ground.

"I'll let you get familiar with it!"

As the voice fell, the entire competition stage trembled, following which the protruding spikes, which hadn't moved at all, actually slowly retracted, and where they hadn't been, they actually sprang up.

"Shit! How come there's still a change!"

Lin Ran was also a little helpless this time.

"You're familiar with it, I'll see how you're still familiar with it!"

Long Ya said atmospherically.

Lin Ran, however, quickly calmed down and also laughed.

"Are you stupid, I don't have the means to get familiar so you can know where there's no burst?"

Lin Ran said and no longer dodged, a hand grabbed Long Ya's stabbing longsword and followed it to the ground.

And at that moment, two protrusions happened to emerge from the ground, just in time to jam the longsword inside.

"You!"

Long Ya was furious at the sight of this, but at this moment she was also in a hurry to deal with the change in the ground's protrusions and had no desire to pay any more attention to Lin Ran.

"Holy shit they're crazy, they actually dare to use this, that burst is a gong technique, Long Ya actually used it!"

"And this sudden stab, Long Ya actually learned it!"

"Shit that's not the point, the point is that the speed of the stab will get faster and faster, the two of them won't be able to deal with it at all, they will definitely get hit in the end!"

The people around them were talking.

And Lindsay even clenched her fists, her eyes full of worry.

"Lin Ran I'm telling you, it's still too late to surrender now, later on this sudden spike will change faster and faster, by then you will definitely get hit!"

Long Ya said in a cold voice, at this point she was also a little anxious.

"O? You're not even in a hurry to surrender, so what's the hurry for me, just take your time and wait!"

Lin Ran laughed, his own speed is still faster than yours, don't even think about asking me to surrender.

"You bastard!"

Long Ya naturally saw through Lin Ran's mind and cursed angrily.

"Is that so? You invited this challenge, if you can't play, then admit defeat, no one will say anything about you anyway if you're a woman!"

Lin Ran said indifferently.

"You! You!"

Long Ya had a strong sense of pride, so she was so angry that her chest was heaving, and with her feet dodging sudden thrusts from time to time, it was as if she was dancing.

"I really hope this competition doesn't stop!"

"Yes!"

"Me too!"

The group of people around them were all full of excitement as they watched.

However, as the time got faster and faster, soon even Lin Ran was struggling a little to cope.

The opposite Long Ya's forehead was already sweating, and her feet were even stabbed several times, all of which were narrowly avoided, otherwise her paws would have been pierced for sure.

"Ah!"

Finally, after a few more minutes, Long Ya changed her position once and was just about to land on her paws when the spikes appeared under her feet.

This caused her to instantly lose her focus, and her entire body fell down towards the back.

"Huh!"

The people around her drew in a breath of cold air because behind Long Ya, a large spike had already appeared, and if she fell down, I was afraid that she would be sieved in an instant.

"Help!"

Long Ya was terrified at the sight and hurriedly called for help.

But who dared to come to her rescue at this moment? The whole competition stage had become a desperate place, and to come up here at this moment was definitely an act of seeking death.

"You still don't admit defeat!"

Lin Ran saw this and scolded.

"I won't!"

Long Ya gritted her teeth and insisted to.

"Stupid woman!"

Lin Ran couldn't help but curse and followed with a wave of his palm, the dagger's broken tip already flying out.

"Bang bang bang bang."

The broken tip slashed all the way through actually instantly cutting off a large swath of spikes behind Long Ya.

"Holy shit! This strength!"

"Awesome, brother!"

"Now you can still be a hero and save the beauty? Why not me!"

The people around looked at each other with envy in their eyes.

This also caused Long Ya's pretty face to redden a little at once.

"He's actually saving himself? Why?"

"What are you thinking! Don't surrender yet! The Sudden Thorn is out again!"

Seeing that Long Ya was still in the mood to desert now, Lin Ran couldn't help but scold him.

It was only then that Long Ya realised that the protruding thorns that had been cut off behind her had actually sprung up again, and were already no more than half a metre away from her.

One could be stabbed to death at any moment.

“If he can save me once, he can definitely save me a second time!”

Suddenly, a thought appeared in Long Ya’s mind.

In the entire three years she had been here, apart from her cousin Long Ridge Sky, she, Long Ya, had not looked at a single man, even though Liu Qi had once pursued her and he was still very strong, he still could not enter her eyes.

But now she was actually vaguely hoping that Lin Ran would come to her rescue.

“Could it be that I’m falling for him?”

Long Ya said in her heart, followed by a pretty face that turned red.

How could this be possible! How could I like him!

Long Ya hurriedly pushed the thoughts in her mind down.

But at this moment, she was already less than twenty centimeters away from the sudden thrust, and her entire life could be said to be in danger.

“Don’t surrender yet!”

Lin Ran said angrily.

“I won’t!”

Long Ya gritted her teeth, she was convinced that Lin Ran would definitely save her.

“You’re just a stupid woman!”

Lin Ran couldn’t help but curse, following an arrow step he rushed directly to the front, breaking his tip and sweeping away a large portion of the bursts that emerged, reaching out and directly stopping Long Ya’s waist, following a burst of strength and carrying her directly out of the tournament stage.

The people around her froze at this scene.

What is this? A competition or a heroic rescue?

“Damn it’s not a competition? How did it turn into a girl tease! And he’s also teasing my goddess!”

“This kid actually dares to hug my goddess, scolding me I’m fried!”

“My mind is broken too!”

The men gathered around shouted angrily one by one.

Chapter 1062

“Lin Ran!”

Looking at the scene in front of her, Lin Ran felt a little uncomfortable in her heart.

“Master! He!”

Xu Shuang also felt a little sour for Ling Sa.

However, Ling Sa quickly suppressed the sourness in her heart and laughed.

“This is him, and what I like about him is also this kind of heart, otherwise he wouldn’t be Lin Ran!”

With that, Ling Sa instantly ran over.

“You!”

Lin Ran landed on the stone platform peacefully with Long Ya in his arms, while the latter looked at Lin Ran wholeheartedly at this moment, his eyes having changed.

“You really saved me!”

Long Ya looked at Lin Ran with disbelief.

“Don’t get up yet! You’re heavy!”

Lin Ran said speechlessly, his mind already wondering how he was going to explain to Ling Ya later.

“You’re the one who’s heavy!”

Long Ya’s pretty face flushed, and only then did she feel Lin Ran’s palm still pressed against her back.

This was the first time she had been touched like this by another man.

“Shame on you!”

Long Ya couldn’t help but curse.

“Hey! I’m saving you, and I’m still shameless?”

Lin Ran was speechless, he found that as long as women seemed to be so unreasonable.

“I let you save it?”

Long Ya looked like she was being nosy.

“You think I’m willing to save you!”

Lin Ran was simply furious.

“Obviously you were willing, why else would you have saved me! Were you worried about me just now?”

Long Ya laughed smugly.

“I pooh!”

Lin Ran was speechless and said in a cold voice.

“Don’t think too much, I just don’t want to kill anyone!”

With that, Lin Ran turned around and left, and the words were heard by Ling Ya who had arrived behind him.

“Are you alright!”

Ling Sa asked busily.

“It’s fine!”

Lin Ran smiled, while rubbing Ling Sa’s hair.

“Let’s go!”

Ling Sa said softly, she was a little afraid of Lin Ran and Long Ya coming into contact, after all, the latter’s posture wasn’t inferior to her own, and it looked as if she seemed to have come on to Lin Ran.

“Mm!”

Lin Ran nodded his head and was about to leave with Ling Sa at that moment.

“Stand still!”

Long Ya, however, suddenly spoke up.

“There’s something else?”

Ling Sa looked at Long Ya and frowned slightly.

Long Ya, however, looked towards Lin Ran and asked in a loud voice.

“Your name is Lin Ran, right, let me ask you, who is pretty, me or her!”

“Weng!”

The moment Long Ya said this, the entire competition stage exploded.

What was this? Two women being jealous?

“Ah! My goddess, what’s wrong with this?”

“Why is my goddess asking such a question!”

“Stop shouting, it’s obvious that your goddess is in love!”

“And to a man who has a girlfriend!”

“Shit so what, as long as I’m not married I still have a chance!”

“So what? As long as I’m not married I still have a chance!”

“Fuck off!”

The surroundings were already in a mess.

Lindsay was also frozen at this moment, looking towards Lin Ran with anticipation in her eyes.

Lin Ran was a little speechless, just now he was fighting and killing himself, how could he turn around and ask this kind of question.

“Alright I get it! You don’t have to answer!”

Before Lin Ran could say anything, Long Ya was smiling heatedly, like I already knew the answer.

“Sick, right!”

Lin Ran couldn’t help but curse.

“Do you usually scold people like that?”

Long Ya, however, didn’t get angry, but laughed instead.

“Shit! Really sick, let’s go!”

Lin Ran was too lazy to stay any longer, and immediately pulled Ling Sa away.

However, on this journey, Ling Sa was a bit sullen.

“What’s wrong?”

Lin Ran asked only after seeing Ling Sa back to her place.

“Just now she asked you who was beautiful, me or her, and you hesitated!”

Ling Sa looked at Lin Ran with a sultry look in her eyes.

“No way, you’re jealous of this too?”

Lin Ran was truly a head full of two, he realised that he really didn’t understand women.

“The fact that you hesitated means that you think she’s prettier than me!”

Lin Ran’s eyes reddened a little.

Lin Ran was completely helpless.

“Fine, fine! I did hesitate, but does that make her prettier than you for life?”

“I admit, Long Ya is pretty, but it’s just pretty, you’re not worse than her ah besides, don’t you know what kind of person I am?”

Lin Ran said as he took the jade pendant out of Ling Sa’s neck and said.

“You have this, does she?”

“I .....

Ling Sa was silent, but quickly pouted and said.

“Then who knows if you’ll give it to her in the future!”

Seeing Ling Sa like this, Lin Ran already understood that this anger had subsided, and immediately said.

“Don’t worry, there’s no way! The whole set of ten of these things have already been given away by me, all to the people who are most important to me!”

“Ten? Who did they all go to?”

Ling Sa asked casually.

“Who else could there be, Fatty Wang, and the three brothers I just met, one for myself, and four for .....

Lin Ran paused when he said this.

“Four gave to who?”

Lin Ran saw this and frowned slightly.

“Uh ..... It’s nothing, we haven’t seen each other for so long, let’s go in first and talk about something else!”

Lin Ran was busy digressing from the topic.

However, Ling Sa’s eyes were slightly narrowed as she asked.

“Isn’t it those four beauties by your side!”

“Don’t ..... Don’t use that look, okay?”

Seeing the look in Ling Sa’s eyes, Lin Ran was instantly scared.

“You still want to lie to me, I’ve seen those four beside you a long time ago, huh! Stinky man!”

Ling Sa said and turned around and went into the room.

“Seen them a long time ago? When?”

Lin Ran was speechless, how could he not remember?

.....

Ten minutes later, the room was filled.

“So that’s what this Nine Dragons Spitting Pearl is all about!”

Lin Ran dawned on him.

“By the way, has your squad been confirmed?”

Lin Ran suddenly asked.

Ling Sa was also a golden token holder by definition, so she should have her own squad as well.

“It’s already set, but I haven’t seen it yet, it’s said that they’ve gone to the back mountains to hunt beasts, so we won’t know who they are until after they come!”

Lingsha said.

“Hmm! Since that’s the case then there’s nothing we can do!”

Lin Ran nodded, the entire Qionghua Mountain was a team of three, there had never been any precedent-setting ones, so there was nothing he could do.

“Hmm! I heard, you should be on a team with Fire One Sword Li Mu Di, the two of them are very powerful, so you should do your best too!”

Lingsha said.

“Mmm! You too!”

Lin Ran smiled and nodded his head.

Ling Sa’s qualifications were very good, but it was a pity that the previous Plum Blossom School was too poorly endowed, now that she had arrived at this Qionghua Mountain, it might be possible for her to rise quickly.

Moreover, Lin Ran had already asked the Pillow Book to secretly observe her and come up with a set of methods that would allow Ling Sa to quickly improve her strength.

“I’ll come back to you tomorrow, and help you work out a set of methods that can quickly raise your strength then!”

Lin Ran said.

“Good!”

Ling Sa nodded her head.

“That time is getting late I’ll leave first!”

Lin Ran got up and prepared to leave.

However, at this time, suddenly Xu Shuang was the one who walked in from outside with the quilt in his arms.

“Why are you holding the quilt?”

Lin Lin wondered, and Lin Ran also looked puzzled.

“Lin .... Isn’t Young Master Lin staying here tonight? So I went and bought a quilt!”

Xu Shuang said bluntly.

“Who said he was staying here?”

Lindsay’s pretty face instantly flushed.

“No, many couples on the hill live together?”

Xu Shuang wondered, there were very couples on the mountain that lived together, it was very common.

“That won’t work either, he and I haven’t ..... yet.”

Lingsha’s pretty face flushed to the base of her neck.

“It just won’t work anyway!”

“Actually, right, staying is also available ....”

“No actually, no is no!”

Before Lin Ran could finish his words, he was pushed out of the room by the pretty blushing Ling Sa.

“Ai! How come the old me didn’t know how to cherish it!”

Standing in the doorway, Lin Ran wanted to cry without tears.

He could not break his own body, so many good opportunities had been wasted, but now that he had touched it, instead, the beauties did not give it a chance, it was really a mistake, there was no way to turn back again!

The only way to go back is to go back again!” “Master, why don’t you let him stay? If we don’t take advantage of it, Long Ya might take advantage of it!”

Xu Shuang was a little worried.

“No way, if Long Ya gets him so easily, then he’s not the Lin Ran I know!”

Lindsay said stiffly, but in her heart she was a little regretful.

“Should I really keep him myself? No way! Absolutely not, one happens to be unwell these past two days!”

Chapter 1063

When he returned to his residence in the evening, Lin Ran discussed this matter with his pillow book.

“This nee-san has good qualifications, but unfortunately she’s just been delayed, and the Meihua School is so poorly endowed that she’s missed her best cultivation age! It’s indeed a bit troublesome to try to forcibly upgrade now!”

The Pillow Book said.

“How do I have to do that?”

Lin Ran asked busily.

If it was before he definitely wouldn’t have been in such a hurry.

But now that he was on Qiong Hua Mountain, a place where all the cultivators were there, poor strength meant getting beaten up,? Especially when Ling Sa was bullied today, it was a good illustration of this.

If he hadn’t happened to be there today, I’m afraid Ling Sa would have been in real trouble.

“The main thing is that the materials are not easy to find, her physique is fire attribute, even her magic weapon is also, although the cultivation also has two other attributes, but her essence is still fire attribute, if you want to improve without worries, you must find all three kinds of herbs.”

The pillow book said.

“Three kinds of herbs?”

Lin Ran frowned and busily asked.

“Which three?”

“The Red Flame Grass, the Fire Spirit Root, and a fire-attributed beast’s inner guts!”

The pillow said.

“Red hot grass, fire spirit root, and a fire attributed beast’s inner urchin?”

Lin Ran frowned slightly, the first two he had heard of in the end, although they were also considered precious, but as long as one was willing to pay the money there was still no problem, the key was this last one.

There was a world of difference between a beast with attributes and an ordinary beast, so to come across a beast with attributes was a blessing, not to mention a fire attributed beast that was suitable for Lin Ran, that was definitely something that could not be found.

Moreover, once such a thing appeared in the cultivation world, it would definitely be a case of being looted.

“I’ll think of something!”

Lin Ran thought about it, and immediately walked out of the room.

“Brother Lin Ran?”

Seeing Lin Ran come to find himself in the middle of the night, Li Mu Di was also a little surprised.

“Brother Li, is there a trading place or an auction on Qionghua Mountain, I need to buy something!”

Lin Ran opened the door.

“Of course there is, I was going to wait until you were familiar with it before I took you there, but seeing as you’re in such a hurry, tomorrow then!”

Li Mu Di laughed.

“Tomorrow would naturally be best!”

Lin Ran nodded his head.

“In fact, tomorrow is the busiest time for the trading floor, the trading floor is only open for the last ten days of each month, next year it just happens to be this month’s opening day, so I’ll take you there then!”

Li Mu Di laughed.

“Many thanks!”

Lin Ran nodded his head and then left.

“Ranzi, where did you go on a big night?”

When he returned to his room, Wang Yifeng had just returned and was busy asking.

“Went to look for Li Mu Di, but it’s you! I haven’t seen anyone all day today, how’s your cultivation at Qiong Hua House?”

Lin Ran asked.

Wang Yifei had completely fallen in love with Qiong Hua House ever since he went there once, and after arriving in the morning to just take a look at the martial arts arena, he ran off to Qiong Hua House again.

“Great progress, I’ve picked out two techniques from the first level, one for cultivation and one for swordsmanship that suits me perfectly! I’m going to go to the martial arts arena tomorrow to retreat until I learn them!”

Wang Yifeng said.

“Well! Go for it!”

Lin Ran smiled.

Wang Yiming used to have a big personality and was a three-day fisherman, but now that he had come to Qionghua Mountain, he was a different person.

This made Lin Ran very happy.

“Right, tomorrow Li Mu Di will take us to the underground auction house, why don’t you come along and see if there is anything you want to buy, and then we can start the retreat after we come!”

Lin Ran said.

“Good!”

Wang Yifeng was not pretentious and agreed at once.

Early the next morning, Lin Ran Ling Sa Wang Yifeng as well as Xu Shuang arrived at the entrance to the back mountain of Qiong Hua Mountain, led by Li Mu Di.

“The underground market is not far from the back of the mountain, and since it is a trading ground where cultivators gather spontaneously, it is not the internal system of Qiong Hua Mountain, so it cannot be located on Qiong Hua Mountain!”

Li Mu Di introduced while taking out a few masks and handing them to the crowd.

“This is?”

When the crowd saw the masks, they couldn’t help but be stunned.

“The underground trading ground is mixed with fish and dragons, and there are even some backstabbing merchants who have arrived from other places, so everything still has to be careful, and it has happened here before after blackmail!”

Li Mu Di introduced.

“So ruthless?”

Lingsha couldn't help but frown.

“Ruthless? This is the cultivation world, it can't be helped! Only when you have strength do you have the right to speak!”

Li Mu Di laughed.

“Let's go!”

Lin Ran smiled and didn't say much.

Strength was the only way to have a voice, I'm afraid no one knew it better than he did.

In the past, his own self had never been the recipient of ridicule because of his lack of money, so he understood very well just how much strength could help a person.

As the three of them spoke, they had reached the entrance of a cave in the back of the mountain.

Only to see Li Mu Di place a token at the entrance of the cave, followed by a dry palm poking out from within the cave entrance.

“Five! Five thousand!”

A hoarse voice rang out, and Li Mudi nodded slightly before swirling and placing five thousand in the other's hand.

“Fuck me, this is too dark, the entrance fee is a thousand!”

Wang Yifeng couldn't help but say.

“Black? You'll be sent down when you get in, this thousand is just a hairy sum!”

Li Mu Di laughed.

And at that moment a white light had already lit up at the entrance of the cave, Li Mu Di immediately greeted the crowd and walked in.

“Weng!”

As soon as they entered the white light, the crowd felt a change in the space around them.

Then when the white light dissipated, they saw that they were in a street, surrounded by people setting up tables and even some houses and buildings.

But what was staggering was that the ground was above the heads of the people, which meant that the market was really built underground.

“This is it, there is no special division for this trading market, we can only find it one place at a time!”

Li Mu Di said.

Lin Ran nodded, looking? That wasn't really necessary, with the pillow book around, searching for the herbs Lin Ran needed would still be quick.

“Kid, I've already looked, there's Red Flame Grass and Fire Spirit Root here, plus a metallic beast's inner lining, but there's only one without the fire attribute!”

Soon after, the pillow spoke up.

“Hey! I should have expected that!”

Lin Ran nodded helplessly.

“Let's go, let's go and buy the Red Flame Grass and Fire Spirit Root first!”

Lin Ran said, and with a swirl of his hand, he set off with the crowd.

“Hey hey! Miss look at that group of people over there, why do they look so familiar?”

At the other end of the street, two women who were very gorgeously dressed whispered.

“Something is indeed familiar! Go over and take a look!”

A smile appeared on the corner of the other woman's mouth, and she immediately followed them towards Lin Ran and the others.

Ten minutes later.

“Boss, how much are these two herbs!”

In front of a stall, Lin Ran asked directly, the two herbs were naturally the Red Flame Grass and the Fire Spirit Root.

“Ten thousand yuan!”

The boss, a tall, thin man, seemed to look down on Lin Ran a little, and said directly without even raising his eyelids.

“Fine!”

Lin Ran didn't bother with nonsense,? Immediately, he was ready to take the money, now that he had Chao Tiange, a large consortium, behind him, Lin Ran was really not short of money.

“Ten thousand? Boss are you bullying my friend who doesn't know how to do it?”

However, before Lin Ran could take out his money, a voice suddenly came from the side.

Lin Ran frowned and turned to look, and found that the other party was also wearing a mask, so he couldn't tell who it was, but from the clothes, it was a woman.

And there was a woman following beside her.

“Where’s that smelly girl from, if I say 10,000, 10,000, if you can’t afford it, get lost!”

The boss’s face was ugly and he said in a cold voice.

Chapter 1064

“Can’t afford it? Just these two herbs of yours, I have more than enough at home to make a mountain! And 10,000, a thousand is too much for me!”

The woman said irritably.

“Kid! Are you going to buy them or not!”

Seeing that the other party seemed to be from an extraordinary background, the boss didn’t bother to argue with her and immediately looked at Lin Ran.

“Naturally, I’ll buy it!”

Lin Ran smiled helplessly and still took out the money and handed it to the boss.

“Hey! Are you sick in the head, I’ve already said that this item isn’t worth this much!”

The woman was a little upset when she saw that Lin Ran had actually taken out money.

“It’s not up to you to say whether it’s worth it or not, I need it urgently now, so it’s worth it!”

Lin Ran said indifferently.

“Besides, I don’t seem to know you!”

“Are you a pig?”

The woman’s face hardened as she heard this, turned her head to look at Lin Ran and the others who were still a little bewildered, moved a few steps closer to Lin Ran and whispered!

“It’s me Long Ya!”

“You .....

Hearing that name, Lin Ran almost didn’t spurt out a mouthful of old blood, this woman was actually Long Ya, how could he come across her even here.

“What are you doing here!”

Lin Ran was speechless.

“If you can come, why can’t I come, besides it seems like I came here first, do you like me so you’re stalking me?”

Long Ya asked with a smile.

“You’re thinking too much, I’ll leave if there’s nothing else!”

Lin Ran said as he turned his side to greet the crowd and prepare to go to the next location.

Together with Long Ya, there was still Ling Sa following beside him, what would he do if they found out each other's identity?

The key was that this Long Ya was also, after just one match with himself, how come he had changed his nature and was so kind to himself.

"Lin Ran! Who's that?"

As expected, as soon as Lin Ran returned, Ling Sa asked.

"I don't know, maybe it'll be a good heart!"

Lin Ran blurted back.

But Ling Sa's face changed, and she pointed to the back.

Lin Ran was busy looking, and only then did he realise that Long Ya was actually following right behind with Yu Xuan.

"Friend, are you following us?"

Li Mu Di also noticed it and immediately turned to look at the two.

"Following? No, I want to be with you guys!"

Long Ya said with a straight face.

"Together? I don't think we know each other!"

Li Mu Di's eyes narrowed slightly.

"We don't know each other now!"

Long Ya said, and at the same time, she ran over to Lin Ran and took his arm with her body.

"You!"

Lin Ran was startled, and was busy pulling his palm out.

"Who the hell are you!"

Lin Ran's brow furrowed as he watched, and he couldn't help but think of Long Ya again.

"Who do you think I am?"

Long Ya also sensed the hostility in Ling Sa's eyes and instantly laughed.

"Don't look at me like I'm an enemy, you're not married yet, we're each according to our abilities!"

"What did you say?"

Ling Sa's face was icy cold, as a woman, being so provoked by another woman, how could she still put up with it.

"Each according to his ability? Who are you to compete with me?"

Ling Sa said, going so far as to directly hold Lin Ran's head over, and instantly gave him a kiss.

"Holy shit!"

Lin Ran cursed in his heart, following which he froze in place.

"This happiness came with some attitude Rang!"

"Cao! Rangzi, you're going to show your love even when you're fucking here ah ah!"

Wang Yifeng looked on scratching his ears.

"Hmph! Who are you trying to scare, I'll do it too!"

Long Ya was unconvinced and was about to go hug Lin Ran at once.

"Don't you dare!"

Ling Sa's eyes were icy cold as she glared at Long Ya, at this point she that powerful could not see that the other party was Long Ya.

"What's so daring! People are willing, what do you care?"

Long Ya pointed at Lin Ran and laughed.

Lin Ran, on the other hand, was looking at Lingya with a naive smile on his face at this moment, his face all red to the base of his neck.

"Is this his willingness? He's not waking up from my kiss yet!"

Ling Sa said smugly.

"Say! How did you follow me here?"

Ryza questioned, looking at Longoria.

"Follow? I need to follow you guys? I was the one who came first, okay!"

Long Ya was speechless.

"Then how did you recognise him?"

Ling Sa questioned.

They had all hidden their scent and strength, but as a result, Lin Ran was still recognized by Long Ya at a glance, otherwise he wouldn't have followed them until now.

"Want to know? It's easy!"

Long Ya laughed.

"He hugged me yesterday, so I remember the smell of his body!"

"Are you disgusting!"

Ryoga was filled with disgust.

“What the hell do you want? I have business to attend to!”

Lin Ran came back to his senses at this point and was busy digressing from the topic.

“If you’re busy with your business, why am I in your way even if I’m following?”

Long Ya said, dissatisfied.

“Fine, follow me however you want!”

Lin Ran didn’t bother with any more nonsense, and immediately turned around and dragged Ling Sa straight to the next place.

“Humph! Obviously she saved me yesterday, and now she’s still acting all lovey-dovey, her kisses are that good!”

As she watched Lin Ran turn around, Long Ya couldn’t help but feel a little disappointed in her heart.

“Miss, what exactly do you like about him?”

On the side, Yu Xuan looked speechless, her own young lady used to be very high and cold and couldn’t look at anyone.

But naturally, after she fought with Lin Ran, she was like a different person, and now she actually took the initiative to follow a group of Lin Ran, which made her very confused.

“You don’t understand, anyway, I’m happy to see him inside!”

Long Ya laughed, while following again.

According to the information provided by the pillow book, the last item left in the entire auction hall that attracted Lin Ran was the metallic beast’s inner lining.

What Lin Ran needed was the fire attribute, but there was none here, but there was a metallic one.

It just so happened that Wang Yifeng was very metallic and could just as soon use this inner urchin to enhance his cultivation.

The person beside himself, Wang Yifeng, was also very important, so naturally Lin Ran was able to help if he could.

Soon the crowd arrived at the stall.

But as soon as they arrived, the crowd was taken aback by the appearance of the owner in front of the stall.

The owner was sitting on a chair, one hand was still bleeding out, and the blood was no longer red, but rather dark red, dripping onto the ground with a horrifying sound of bared blood.

“Boss, is it still possible to do business?”

Li Mu Di asked.

“No harm, choose what you want!”

The boss gritted his teeth and said, obviously the injuries on his body, although not fatal, were painful.

“Take your pick!”

Li Mu Di turned his head to Lin Ran and said.

Lin Ran nodded and his eyes began to search through the stalls.

He soon found the metallic lining he wanted to buy.

“How much is this one?”

Lin Ran asked directly without any nonsense.

“Half a million! Not a penny less!”

The boss said firmly.

“Half a million, this is usually only four hundred thousand, boss, you’re being too shady!”

As expected, as soon as the boss’s words fell, Long Ya, who was on the side, jumped out.

“Four hundred thousand?”

The boss, however, laughed.

The smile was hideous.

“What do you know, you little twat! This liner was just brought out of the mountain by the old man this morning, and the old man’s injury was caused by carrying something on his back!”

The boss said angrily.

“What does being rich have to do with us!”

Long Ya turned his head and said.

“It has nothing to do with you, but what does the price have to do with you, half a million dollars and no less, if you don’t buy it, get lost!”

The boss was also a violent temper, and said the bottom line directly.

“I’ll take it!”

Lin Ran didn’t bother with nonsense, he immediately took his card and swiped the money.

Half a million for a metallic liner was a little expensive, but in this place where strength was paramount, there was really no way to have some money left.

“Are you stupid, having money to burn!”

Long Ya was a bit fed up, last time she had said that the Red Flame Grass and Fire Spirit Root weren’t worth it, but Lin Ran had bought them.

This time it was actually the same as last time.

Lin Ran wasn't angry either, smiling at her words she just blandly replied.

"I said it, I need it so it's worth it!"

Chapter 1065

"You!"

"Humph! I've never seen enough of you to be such a loser!"

Long Ya couldn't help but say.

"I say, big sister, Ranzi's defeat is not defeating your family, why are you so anxious?"

On the side, Wang Yifeng finally couldn't help himself.

"You!"

Long Ya's pretty face flushed.

"What? You're worried that you won't be able to support Ranzi when you have a family in the future!"

Wang Yifeng laughed.

"Damn fatty!"

"Damn fatty!"

Ling Sa and Long Ya almost spoke up and shouted at the same time.

"Got to get ..... Pretend that Fat Master I didn't say anything!"

Even Wang Yifeng was goaded by this gesture.

"Alright, the stuff is yours!"

The boss wrapped the stuff up and handed it directly to Lin Ran, then took out his phone to make a call.

"Let's go!"

Lin Ran smiled and didn't bother to say much.

But just as the group was about to leave, suddenly Lin Ran but stopped in his tracks, only to hear at that moment in the back, came the voice of the boss on the phone.

"Fuck, fighting to the death just for this 500,000, is it worth it in the end!"

"Aiya! Boss, this can't be helped, your brother's strength is really poor, our can get more money to help him improve, otherwise what about this squad!"

On the phone, a youth said helplessly.

"Qiong Hua Mountain is really excessive, actually arranging a woman for us, or some kind of plum blossom sect, if not to replace her, I wouldn't look for my own brother!"

The boss said speechlessly.

That brother of his, his strength was not good either, just that compared to the woman that Qiong Hua Mountain had arranged, it was at least a little better.

Ling Sa slowly turned her head and looked at the boss.

“Why aren’t you guys leaving yet? Still want to buy other things?”

The boss wondered.

Lin Ran, on the other hand, was looking at Ling Sa, obviously guessing something as well.

In the entire Qionghua Mountain, if one were to say that there was a component squad in the near future, apart from himself and Fire One Sword and the others, the rest would know Ling Sa.

This was because they were the only ones who had recently arrived.

“What’s your name?”

Ling Sa asked as she looked at the boss.

“What? You have to ask for a name to buy something?”

The boss’s face sank.

What was the use of carrying this mask if even the name was given.

“You’re from Qiong Hua Mountain, right, and if I’m right, your name is Wu Jiao!”

Ling Sa said in one word.

“How do you know my name!”

The boss’s face suddenly sank.

“How do I know? Because I went to check, and the squad I’m going to join has a captain named Wu Jiao!”

Lindsay blushed hard.

“It’s just that I didn’t expect that you would look down on me so much!”

“It’s you?”

Wu Jiao was suddenly dumbfounded, but followed by a smile.

“Fine! Since you know all about it, I’ll just tell you in plain sight and show my hand to you directly.

“It’s true that I can’t look at you, and to be honest I can’t look at your Meihua Sect!”

“In the past, not many disciples from your Plum Blossom Sect came to Qiong Hua Mountain, but in the end, what happened? Not a single one of them left alive, so instead of asking you to join us, I’d rather have my brother come over!”

“But this is the arrangement of Qiong Hua Mountain!”

Ling Sa said angrily.

Wu Jiao smiled at his words but laughed.

“Little girl, you are too young, do you think that if Mount Qionghua brings you here, it cares about everything?”

“Not to mention that our squad doesn’t want you, even if we’re adding two people to our team, it won’t care! Qiong Hua Mountain recommended the team, only to help you such pair of new arrivals, the rest it will not care!”

“You!”

Ling Sa’s fists were clenched, her face very ugly.

“You don’t blame me either, the importance of the squad is too great, I can’t possibly take such a soft person like you out on a mission, that would be uncomplicated for your own life!”

Wu Jiao said in a cold voice.

And at this time a lot of people had gathered around, especially since most of the people here were from Qiong Hua Mountain, and hearing this conversation,? How could they not recognize who the other party was.

“Wu ugly, or forget it, you don’t want people, you let people in Qiong Hua Mountain what to do!”

“Yes, without a squad, how can we break into the Ninth Floor Hall in the future?”

“Who says otherwise, besides, she looks so pretty, you don’t even want her, you shouldn’t be uninterested in women!”

The crowd around them murmured.

But Ling Sa was already red-eyed, she didn’t expect to be robbed of Lin Ran by Long Ya even if that was enough, now even the squad she hadn’t joined yet, had directly announced that they didn’t want her.

At this moment, Ling Sa felt that the whole world was against her.

“Boss! You’re saying she’s weak?”

Suddenly, Lin Ran, who was standing at the side, spoke up.

“Right! She is weak!”

Wu Jiao didn’t say anything,? nodded his head straight away.

“Have you ever compared yourself to her? And you say he’s weak?”

Lin Ran laughed.

“Compared? She’s an early Heaven Seizing Realm and I’m a peak Heaven Seizing Realm, is there still a need to compare?”

Wu Jiao laughed.

“Is that so?”

Lin Ran, however, also laughed.

“I’m also at the peak of the Heaven Seizing Realm, so we should both be about the same!”

“What do you mean?”

Wu Jou’s face instantly went cold.

“It’s simple, your arm is injured, I only use one arm as well, and I’m not getting any closer! If I can slap you, it means that apparent strength doesn’t mean everything, and you! must also apologise to her!”

Lin Ran said indifferently.

“What did you say, kid? Give me a slap in the face? Just by you!”

Wu Jiao was instantly furious.

He was also considered a veteran of Qionghua Mountain, and no one had really dared to act so pushy in front of him.

“Just say whether you dare or not!”

Lin Ran said in a cold voice.

“Come on!”

Wu Jiao was instantly on fire.

“Watch it!”

Lin Ran didn’t say any nonsense, and immediately raised his palm and? and rushed at Wu Jou with a slap.

“Are you stupid, are you so blatant? People won’t be on guard!”

Long Ya on the side couldn’t help but say.

But as soon as her words left her mouth, a crisp slap sounded out loud and clear.

Not only her, but also the surrounding onlookers were all frozen.

And Wu Jiao followed up by gnashing his teeth in anger, looking at Lin Ran without saying a word.

“Apologise!”

Lin Ran said in a cold voice.

“What if I don’t apologise!”

Wu Jou’s face was icy cold as he said in a cold voice.

“Then you’ll try!”

Lin Ran’s face also went icy cold.

“Lin Ran!”

Suddenly, Lin Ran, who was next to him, spoke up.

“There’s no need to force him, doesn’t he look down on me! It just so happens that I don’t want to join them yet!”

Ling Sa gritted her teeth and said.

“Fine! You join us!”

Lin Ran saw this and knew that this was Ling Sa’s last dignity, so he said no more.

“Humph! Not joining is just as well!”

Wu Jiao sneered.

Lin Ran saw this but laughed.

“You’ll regret your decision!”

“Regret? Because of her? I’m laughing my ass off!”

Wu Jiao laughed.

“You’ll regret it!”

Lindsay spoke up too.

“What the hell are you pretending to be sorry for? Do you dare to fight me yourself? Rubbish!”

Wu Jiao rushed at Ling Sa and said disdainfully.

Lin Ran’s strength scandalized him, but Ling Sa he really didn’t put in his eyes.

Ling Sa’s pretty face turned red, she was also very clear that she was no match for Wu Jou.

“Fine! I’ll take the next one for her, three days later at the Qionghua Mountain Tournament Grounds, you apologise to her in public if you lose!”

Lin Ran suddenly said.

“Fine!”

Wu Jiao also smiled at this.

“But if she loses, admit on the spot that she’s a piece of trash and get the hell back to the Plum Blossom School!”

“Lin Ran, you’re crazy!”

Long Ya was also not calm at the sight.

On the side, Ling Sa even looked at Lin Ran, she was no match for Wu Jiao, but how could Lin Ran still accept this bet.

“Do you trust me?”

Lin Ran looked at Ling Sa.

“Mm!”

Ling Sa nodded.

Lin Ran smiled and said.

“That’ll do, don’t worry he’s no match for you!”

Chapter 1066

The news of Ling Sa and Wu Jiao’s engagement went viral.

Even before the crowd had left the underground trading ground, the news was already spread back to the entire Qiong Hua Mountain.

Coupled with the fact that Lin Ran was now so famous on Qiong Hua Mountain that Long Ya even seemed to be chasing after him.

This also made the match between Lin Ran and Wu Jiao the focus of everyone’s attention.

But then the underground trading arena.

“What does Brother Li want to buy?”

Led by Li Mu Di, the crowd arrived at a stall selling all kinds of wood.

The stall was full of all kinds of wood, and many of them were very precious grasses and trees that were treasured.

“Buying wood?”

Lin Ran and the others were stunned.

“Right! My magic weapon is in need of these woods to enhance it!”

Li Mu Di laughed.

“Spellcraft needing wood to enhance?”

The crowd was stunned, but it was Long Ya who was the first to react.

“No way! Your magic weapon is that flute?”

Long Ya exclaimed in shock.

“What else do you think?”

Li Mu Di laughed.

The crowd, however, was a little clouded, and even Lin Ran was a little speechless.

It was because the flute that Long Ya was talking about had not even been seen by him.

I was afraid that Long Ya had been at Qionghua Mountain for a long time and had seen it once in a while.

“Hm? What’s that?”

Just as Li Mu Di was picking out the wood, Lin Ran’s eyes were drawn to a stall next door.

On the next stall, there were all sorts of metal products, and most of these products were some magic weapons and robes and the like.

However, Lin Ran’s gaze was drawn to a very tattered piece of iron armour.

“Boss, how much is this heel hairpin?”

Lin Ran didn’t ask directly about the iron armour, but picked up a hairpin in his hand and asked.

“This is a Wenwu hairpin, two pieces in one style, thirty thousand in total!”

The boss laughed.

“Thirty thousand is a bit expensive, isn’t it!”

Lin Ran frowned.

On the side, Long Ya, however, laughed.

“Thirty thousand is too expensive for you? Why didn’t you think it was too expensive at half a million just now!”

“You’ll have to buckle down, a gift of thirty thousand is too expensive for me!”

Long Ya thought about opening her mouth and laughed.

“I said I’d give it to you?”

Lin Ran was speechless.

“These are two hairpins, can’t you ask sister Lingya to put two on each head?”

Long Ya laughed.

“Who’s your sister!”

Ling Sa frowned, this Long Ya usually looked quite high and cold, why was she so cheeky now.

“Anyway, I don’t care, there has to be one of me!”

Long Ya said and actually had actually taken one of the white hairpins into her hand.

“My friend is so lucky, two beautiful women accompanying each other, it is quite suitable with this Wenwu hairpin!”

The boss laughed.

“This Wenwu hairpin has a Wenwu and a Wuwu, which happen to be water and fire attributes, and it fits well with these two girls!”

Lin Ran saw that the situation wasn't developing quite right, how come he was accompanied by two beautiful girls, himself and Long Ya had nothing to do with each other at all, okay?

At that moment, he hurriedly changed the subject.

“Er ..... What about this?”

Lin Ran pointed to a sword next to the broken iron armor.

“This one doesn't cost anything, if you buy the hairpin, I'll give it to you directly! It was picked up on the road anyway!”

The boss laughed.

“Good!”

Lin Ran smiled and paid the money instantly.

“You're really going to give it to her!”

Looking at Long Ya with the white hairpin, Lin Ran was a little unhappy.

“I don't want to either, but do you see that she is still willing to give it to you?”

Lin Ran was helpless.

At this moment, Long Ya had already put the hairpin on her head, full of joy.

“So happy even for a hairpin!”

Lingya said without good humour.

“That depends on who gave it to me, I like the one Lin Ran gave me!”

Long Ya laughed smugly.

“No shame!”

Ling Sa said in no good humour.

“There's nothing to be ashamed of when pursuing a man you like, it's better than those who like it and dare not pursue it and end up regretting it for life!”

Long Ya was full of care.

“Fine! Let's go, don't say such things here okay!”

Lin Ran was simply speechless, you guys are fighting for points and jealousy, and you don't know the occasion, at this moment a group of men around looked at themselves with hostile eyes.

“Let's go!”

Li Mu Di had also picked out what he wanted to buy at this time, and immediately a group of people left the place.

However, after returning to Qionghua Mountain, Long Ya was unable to follow, and had to return to her own place with great displeasure.

“Miss, Yue Qunshan is here to see you!”

Just after she returned to her residence, Yu Xuan was busy saying.

“What is he looking for me for?”

Long Ya’s face sank, but she was in the same squad with him, so although she disliked him a little, she still had to meet him.

“Long Ya, what’s been going on these two days, I heard that you’ve been getting close to a guy called Lin Ran?”

Before anyone arrived, Yue Qunshan’s voice had already come in.

“Have I? How come I don’t know?”

Long Ya laughed blandly.

“It’s better if you don’t! Otherwise, you know my Yue Qunshan’s character!”

Yue Qunshan laughed, while already appearing in front of Long Ya.

“Looking for me for something?”

Long Ya didn’t have a good face.

“It’s not much, I just came to inform you that I’m going to break into the eighth level of the Ninth Layer Hall in three days’ time, so you should come along then!”

Yue Qunshan said.

“No, find another time!”

Long Ya refused without even thinking about it.

“Why? As long as we pass the eighth layer, we are only one layer away from leaving!”

Yue Qunshan was puzzled.

“No reason, I’m not free after three days! Besides, what about that whatever Feng Qian who likes you? Is she strong enough?”

Long Ya said breathlessly.

“Feng Qian is strong enough, that’s why I came to look for you!”

Yue Qunshan was helpless.

This Feng Qian did like himself, but it was Long Ya that he, Yue Qunshan, liked.

The three of them were in a squad, so it was really a complicated relationship, and the two women were still somewhat hostile.

“Anyway, I’m not free in three days, let’s talk about it later!”

Long Ya was not saying much.

“Is it because of the competition in three days’ time! It seems that you and Lin Ran really do have some connections!”

Yue Qunshan said in a cold voice.

“What are you talking about, what competition in three days’ time!”

Long Ya pretended not to know.

“You still want to hide it from me, today Ling Sa and Wu Jiao’s bet has long since spread throughout Qiong Hua Mountain, if it wasn’t for the relationship between Inner Ling Sa and Lin Ran, would you be so interested?”

Yue Qunshan sneered.

“I don’t know what to think!”

Long Ya snorted coldly and immediately gave the order to expel him.

“Go away if you’re fine, I’m going to rest!”

“You!”

Yue Qunshan’s face looked ugly.

“Lin Ran! Who the hell is this Lin Ran to have seduced Long Ya like this!”

Yue Qunshan thought in his heart and still left Long Ya’s residence, but in his heart, he already had some hostility towards Lin Ran.

.....

But said Lin Ran.

“You go back first, from tomorrow onwards I will take care of your cultivation and try to make you able to defeat Wu Jiao within three days!”

Lin Ran said as he stood at Lin Sha’s door.

“Are you sure?”

Lin Sha was a little worried.

“Don’t worry!”

Lin Ran smiled, and then left.

In his own room, Lin Ran sat cross-legged and took out the things he had purchased today.

Among them, the Red Flame Grass and Fire Spirit Root were naturally saved for Lin Sha tomorrow, while the metallic inner lining was naturally for Wang Yi's life.

The remaining piece of iron armour was the one that interested Lin Ran the most.

Taking out the iron armour, Lin Ran then carefully stroked it, and following this his face changed.

"This is a genuine piece of iron armour, and the killing intent contained on it shows that the previous possessor was definitely a battle-hardened warrior!"

Lin Ran said secretly in his heart.

Chapter 1067

The whole piece of iron armour is very antique, and there is even a very obvious crack on the chest where a cold weapon seems to have left it.

And the edges of the iron armour were just badly torn, as if it had been abandoned for many years.

"Hmm? What a familiar scent!"

Suddenly, the silent pillow suddenly spoke up.

"What scent?"

Lin Ran was stunned and hurriedly asked.

"That carrier's scent!"

Pillow Book said.

"Carrier?"

Lin Ran was stunned.

"It's those red venom under the ground of the Ten Thousand Treasure Spell!"

The Pillow Book explained.

"How could there be that kind of scent!"

Lin Ran was instantly even more surprised.

When he had gone to meet Elder Wind on his first mission, Lin Ran had found that red liquid within the Blood Demon's territory that was being used as a carrier.

And within the Wanbao Development, there were even countless red liquids contained beneath the earth.

These things puzzled him, but now the pillow book was saying that there was actually that kind of aura on this iron armour as well.

"Do you still remember the two short swords you obtained from Yue Bu back then!"

Pillow Book asked.

“You mean this?”

Lin Ran fished out the short sword from his body, there had been two of them, but unfortunately, he had lost one within the Ten Thousand Treasures Spell Formation, and now there was only one left.

“Yes this is it, feel it!”

The pillow said.

Lin Ran did as he was told, and indeed he found a familiar aura on the short sword and the iron armour.

Only the one on the short sword was even stronger, while the one on the iron armour was a faint hint.

“That’s strange, this? How could it be on the iron frame?”

Lin Ran wondered.

The pillow book, however, seemed to have thought of something and busily said.

“If I’m right, it’s likely that those liquids, have something to do with the Mysterious Alliance and his opponents!”

“What does that mean?”

Lin Ran still didn’t understand.

“Look for yourself, the place on the iron armour where this scent is most dense is where the chest is torn!”

“If this aura represents a mysterious force, then the short sword is like the fighter of this force, and the iron armour is the corresponding party!”

“The two fought, and in the end the short sword saw through the iron armour, which is why the scent of the short sword remained on the iron frame.”

“You mean that the short sword and the iron armour are likely to be magic weapons belonging to two different camps?”

Lin Ran had an epiphany!

“Most likely, it’s just that we don’t know yet, which side is the one that possesses this red liquid?!”

Pillowbook said.

Lin Ran, on the other hand, didn’t say anything, if he followed Pillow Book’s analysis, then things were getting more and more complicated.

Who exactly was the Mysterious Alliance fighting against? And what exactly was this red liquid?

Together with the Qionghua Mountain he was on, where would he go after leaving? No one knew at all.

“Ai! Forget it, big head! Rest first, let’s settle the matter at hand first!”

Thinking without, Lin Ran was too lazy to think about it, and instantly gathered his emotions and started to sleep.

.....

The next morning, Lin Ran gave the metallic inner lining to Wang Yifeng and also told him how to use it.

Only afterwards did he bring Ling Sa to Qiong Hua House.

“Which floor of your Qiong Hua Building?”

Lin Ran asked directly once he arrived at Qiong Hua House.

“The fifth floor!”

Ling Sa returned, it was already the limit for her to reach the fifth floor with her strength, after all, it was only her second day here and her strength hadn't improved much yet.

“Hmm! Then look for the gongfu on the fifth floor!”

Lin Ran said, and at the same time searched.

“Lin Ran, what exactly do I have to do?”

Lin Ran was a little worried and asked as she followed.

“I've already thought of it for you, although that Wu Jiao is stronger than you, this is also where his weakness lies!”

Lin Ran said as he searched for gongfu? said as he did so.

“He's stronger than you, plus he's the captain and doesn't want you to join the squad, when the time comes for the match he naturally won't drag his feet and will definitely defeat you with devastating speed!”

“And this is your chance!”

“My chance?”

Ling Sa still didn't understand.

“Yes! This is your chance!”

Lin Ran said as he had taken out two gong methods and handed them to Ling Sa.

“Fire Shield Technique, Condensation Suction Duel?”

Looking at the two very ordinary gong methods in front of her, Lin Sha was a little surprised.

“Go! Go to the martial arts arena!”

Lin Ran, however, did not explain and directly led Ling Sa to the martial arts arena.

“Find a fire attribute seat on the first level, and I'll tell you the full plan for going!”

Lin Ran instructed.

Soon after, Lin Sha found a seat, and Lin Ran took out the Red Flame Fruit and the Fire Spirit Root.

Afterwards, Lin Ran flicked his fingers to lay a formation, isolating the connection with the outside world to save his next words from being heard by others.

“Wait for me!”

However, the moment the formation fell, a delicate figure jumped in after it.

“What are you doing here?”

Upon seeing Long Ya, Lin Ran was speechless.

Lingya also frowned slightly.

“I’ve come to see your plans, don’t worry I won’t tell anyone!”

Long Ya assured.

And at this point, she was already in, so there was no way to get out if she wanted to.

“Then don’t say anything!”

Lin Ran said in no good humour, then he looked at Ling Sa and spoke.

“Let’s begin, you start learning the Qi Condensation Duel first!”

“Qi Condensation Duel? Isn’t that very ....”

Long Ya was just about to say that she had to learn such a simple technique, but halfway through her sentence, she felt the gaze cast by Lin Ran and shut up at once.

“Condensing Qi Jie is ordinary, but it allows you to recover your true qi faster, and it definitely works against martial uglies!”

“There are three levels of the Qi Condensation Jutsu, you only need to learn the first two, and then use them all to learn the Fire Shield Technique!”

Lin Ran said as he placed the Red Flame Fruit and Fire Spirit Root in his hand, and immediately the two fruits melted directly into two liquids under the effect of Medical Dao True Qi, heading straight for Ling Sa’s body.

“This is the Red Flame Fruit and Fire Spirit Root, fire attribute medicinal herbs are very suitable for you, but right now there is no fire attribute inner guts, so your strength should only be raised to the middle stage of the Heaven Seizing Realm, but with the two meridians it is already enough!”

Lin Ran said as he began to explain the tactics.

“Our tactics are simple, just defend in the early stages and power up in the late stages!”

“If Wu Jiao wants a quick victory, we won’t give him the chance, you’ll defend in the early stage, so that he won’t be able to lose face after attacking for a long time, and his mentality will naturally have problems!”

“And when his true qi is half depleted, your Qi Condensation Jie can keep your true qi at least at eight or nine points, and then it’s time for you to counter-attack!”

“What a chicken!”

Long Ya couldn't help but say.

This time, Lin Ran was too lazy to look at her because the medicinal effects of the Red Flame Fruit and the Fire Spirit Root had all entered Ling Sa's body, and with the assistance of the fire attribute's location, Ling Sa was already running wild on the path to breaking through to the middle stage of the Heaven Seizing Realm.

“Yesterday you said it was urgent, it was for her!”

A moment later, seeing Lin Ran stop the movements in his hands, Long Ya only said with some envy.

“Right!”

Lin Ran nodded his head.

Long Ya, on the other hand, pouted.

“Then when will you help me improve my strength? I see that your true qi is quite special!”

Long Ya was filled with anticipation.

Lin Ran, however, was a little speechless.

“Miss, we're enemies, helping you boost your strength? Am I tired of living?”

“Who said we're enemies!”

Long Ya was busy explaining.

“What happened before was all a misunderstanding, besides do I look like an enemy now?”

“Er .....

Lin Ran was completely speechless.

“I admit that there was some unpleasantness before, and since you mind it so much, let's cut off our friendship!”

Long Ya said with a turn, and then actually turned around again.

“Hello, introduce yourself on your first meeting, my name is Long Ya! From the Nanyang Dragon Family, now that we know each other from new, there will be no grudges!”

“You!”

Lin Ran was completely speechless, but then he froze.

“What did you say? You're from the Nanyang Dragon Family?”

“Yeah! The Nanyang Dragon Family, you know?”

Long Ya looked at Lin Ran, full of expectation.

“Know? One doesn’t just know, one even killed two people from the Dragon Family’s outer clan!”

Lin Ran revealed a bitter smile.

“You go away, I’ll give you the impossible!”

“Why?”

Long Ya smiled and became anxious, the relationship between herself and Lin Ran had obviously eased up a lot in the past two days, but now this guy actually said that it was impossible with himself.

“Why?”

Lin Ran laughed.

“A few days ago, two people from your Dragon Family’s outer clan died, you know that right!”

“I know, but what does it have to do with us!”

Long Ya had a speechless look on her face.

“Don’t you care who died? And who was killed by?”

Lin Ran wondered.

“Why should I care, that’s the business of the Outsiders, and! My father isn’t from the same faction as those of the Outsiders!”

Long Ya said.

But then she followed with a slight frown, as if she remembered something.

“But speaking of which, Cousin Dragon Ridge, seems to be of the Outsiders too, I just don’t know if he’s related to those people!”

“Dragon Ridge Heaven is of an alien tribe?”

Lin Ran frowned slightly.

“Right! It’s alright don’t worry, I’ll go and ask Cousin Dragon Tattoo about it later, he’ll definitely like you if you’re so good!”

Long Ya said.

“Don’t you dare, I’m not interested in a relationship right now!”

Lin Ran said speechlessly.

How did he wind himself up with three words instead, before he had rejected Long Ya outright, but now how could he talk about it and have Long Ridge Sky like himself?

“Not interested in a relationship? Then what do you and Ling Sa count as!”

Long Ya asked with a laugh.

“We met a long time ago!”

Lin Ran said.

“O! That doesn’t matter, we met a long time ago even after ten years!”

Long Ya had a roguish look.

“Got it! You win, I can’t say no to you, I’m going to stand guard for Lingya here, do what you like!”

Said Lin Ran, sitting on his knees in place and not speaking.

“I’ll keep you company!”

Long Ya actually hemmed and hawed, following and sitting directly next to Lin Ran, and very close to him.

How big could a seat front position be, Lin Ran was unable to run away even if he wanted to, he could only be taken advantage of by Long Ya in this way.

But soon, Lin Ran changed that thought.

“Although this nee-san is a bit unreasonable, but the smell of this body, it really smells quite good!”

Lin Ran thought in his mind, and his old face couldn’t help but blush.

Men, some times when faced with a beautiful woman, were still somewhat unable to resist.

Especially a beautiful woman who was also so active.

Moreover, one should know that Lin Ran was still an old ..... The man!

.....

The time passed a little bit, Long Ya just sat next to Lin Ran, sometimes cultivating a little, sometimes leaning on Lin Ran’s shoulder, that scene is simply how intimate to be.

However, Lin Ran could not do anything about it, the space was so big, and he had to protect Lin Sha, he was also screaming in his heart.

“Damn it! Look guys, look! Isn’t that the goddess!”

“I’m really a goddess, how did she .....”

“Lin Ran that kid is called Lin Ran, ah! I’ll kill him!”

“The goddess is actually leaning on his shoulder, bastard!”

“What’s your hurry, can’t you see that Lin Ran is also inside?”

Suddenly someone said.

Only then did the crowd see that Ling Sa was actually in there too.

“Holy crap! This kid is actually still with two big beauties at once .....”

“Shit! Fucking both men, how come the gap is so big!”

“Compared to others, why not just die!”

The crowd was discussing.

But inside the formation, Long Ya Lin Ran as well as Ling Sa were not able to hear at all.

“Boom!”

Suddenly, a tremor woke Lin Ran up.

“You?”

Seeing Long Ya actually leaning on his shoulder, Lin Ran was also stunned.

“That I’m too tired!”

Long Ya smiled and spat out her tongue.

“What happened just now?”

Lingya was still in seclusion, trying to break through from the early stage of the Heaven Seizing Realm to the middle stage was not a simple matter either, according to Lin Ran’s budget, it would take at least an hour or two.

The main thing was that the medicinal effects of the Red Flame Grass and the Fire Spirit Root had to be absorbed in their entirety.

“I don’t know!”

Long Ya shook her head and the two of them stood up at once, and soon Lin Ran’s gaze fell on a figure not far away.

“Liu Qi? Did you do this?”

Lin Ran asked with a wave of his hand.

The entire formation had just trembled, so it was obvious that someone had attacked the formation from outside.

“Long Ya come out!”

Liu Qi looked at Lin Ran and Long Ya, his face was icy cold as he shouted in a stern voice.

“Liu Qi what are you doing!”

Long Ya was a little angry when she saw that it was really Liu Qi.

“I told you to come out!”

Liu Qi continued to shout.

“Who are you to order me!”

Long Ya’s face also turned ugly, but still walked out at once, while Lin Ran also followed.

“Long Ya, why are you with him?”

The two came out of the fire and Liu Qi immediately questioned.

“Does it have anything to do with you?”

Long Ya asked directly in return.

“What do you think?”

Liu Qi looked at Long Ya with disappointment in his eyes.

“I told you a long time ago that it is impossible for me and you, so who I am with is my business, no need for you to care!”

Long Ya shouted.

“I could care less, but you can’t be with him no matter who you are with!”

Liu Qi said aloud.

“On what grounds?”

Long Ya’s face was ugly.

“Not on what basis, anyway, it’s just not okay, and that’s what your cousin wants!”

Liu Qi said.

The moment these words were spoken, the entire martial arts arena immediately exploded.

“Dragon Ridge Heaven’s meaning!”

“Holy shit, Long Ridge Heaven even knows about Lin Ran!”

“This kid can mix it up!”

“Can? I think it’s okay to die, Dragon Ridge Heaven obviously doesn’t see this kid and wants to stick it to him!”

“That’s right, offending Dragon Ridge Heaven is a matter of whether or not you can keep your life, let alone pick up a girl!”

.....

The crowd was talking, but Long Ya had an ugly face and questioned.

“My cousin doesn’t agree? Why doesn’t he agree!”

“You’ll know if you go ask yourself!”

Liu Qi said and turned around to leave.

In fact, ever since Long Ya had rejected him, he understood that it was impossible for him and Long Ya, after all, the difference between their origins was too great.

So this time, coming here was entirely Long Ridge Sky's intention.

"Humph! I'll go and ask myself!"

Long Ya gritted his teeth and was instantly ready to leave as well.

"Stop right there! Did I tell you to leave?"

Suddenly, Lin Ran, who was standing behind Long Ya, spoke up.

"Lin Ran, I'll be quick ....."

Long Ya just wanted to explain, but found that Lin Ran was not looking at himself at all, but at Liu Qi who was directly in front of her.

"Something wrong?"

Liu Qi turned around and frowned slightly.

"What do you think? Attacking the formation I have laid for no reason, you must give me an explanation, or I will think you are challenging me!"

Lin Ran said in a cold voice.

"Challenging you? I just want to shout for Long Ya to come out!"

Liu Qi said blandly.

"Is that so? So you attacked the formation I set up? Is there someone inside who is in seclusion and can't see it?"

Lin Ran's face was ugly.

"What does it have to do with me!"

Liu Qi's face was also more bland.

"Good one, what's it to you!"

Lin Ran was instantly furious.

"Then why does it matter to me if I beat you up!"

Lin Ran coldly rebuked, following which he charged towards Liu Qi with an arrow step.

"You!"

Liu Qi's face turned blue with anger at this, but there was nothing he could do,? He could only meet him with a stiff upper lip.

## Chapter 1069

The situation in the field is changing rapidly.

One moment there was peace and quiet, but the next moment there was already a big fight.

“Lin Ran, stop!”

Long Ya shouted as she saw this.

“Who cares!”

Lin Ran’s face was icy cold as he scolded in a stern voice.

“He’s my cousin’s follower, he’s very powerful!”

Long Ya was busy reminding.

“Is that so? It’s just a defeat under him!”

Lin Ran was full of disdain.

“Kid, you’re too wild,? Last time I just didn’t want to fight with you, it’s still unknown who will lose and who will win when we really fight!”

Liu Qi was also on fire, how could he stand being invited to look like this by others.

“Is that so? Then why don’t you spar with me and see!”

Lin Ran was not talking nonsense, and with a flip of his palm, a slap was already slapped towards Liu Qi.

“Lin Ran look at me .....

Long Ya was busy opening her mouth to persuade, however, before she could finish her sentence, she was interrupted by Lin Ran.

“Impossible! Lingya can be in seclusion, if Liu Qi causes problems with seclusion, I, Lin Ran, will definitely kill him today!”

Lin Ran chided in a cold voice.

With a single sentence, Long Ya was completely blocked from saying anything.

“Is Ling Sa really that important to you? What about me?”

Long Ya had the desire to be envious in her heart.

But the situation in the field was not waiting for anyone.

Lin Ran’s slap had already arrived in front of Liu Qi.

Liu Qi met it with a slap as well.

But the moment their palms clashed, a figure flew straight backwards.

“Holy shit! It’s Liu Qi!”

“Liu Qi actually got hit and flew backwards!”

“Holy crap! Just how strong this kid is!”

The other cultivators around them all looked dumbfounded.

Liu Qi that was a recognized powerhouse, even though he was only a follower.

But he was a follower of Dragon Ridge Heaven, and even when facing these gold medal holders, he was definitely much stronger.

But now, Liu Qi was actually slapped to the point of flying out by a kid who had just arrived at Qiong Hua Mountain for just a week.

“Get your ass over here and apologise!”

Lin Ran pointed at Liu Qi from a distance, his face icy cold.

“What did you say?”

Liu Qi was also a little angry, actually asking himself to go over and apologize?

“I told you to come over and apologise!”

Lin Ran shouted once again.

“Liu Qi, just apologise, just apologise and it will be over!”

At the side, Long Ya was busy shouting.

She really didn't want to see the relationship between Lin Ran and Liu Qi get too strained, after all, Liu Qi was also representing his cousin to some extent.

If Lin Ran and his cousin got into a bad match, what if he was stuck in the middle ....

Originally Liu Qi had some hesitation, but when he heard Long Ya's words, he instantly refused.

“Apologize? Don't even think about it!”

“Fine! Good!”

Lin Ran smiled at his words.

Following this, he only saw him lash out, his body lunging towards Liu Qi once again, and this time at a significantly faster speed, clearly he really had no intention of staying his hand.

“Lin Ran! Is there something you can't sit down and discuss properly?”

Long Ya shouted busily.

“There are some things you can and some things you can't!”

Lin Ran's voice was icy cold, and as he spoke, he had already reached Liu Qi once again.

“Bang!”

There was another muffled sound, Liu Qi responded hastily, but the result was still no surprise as he once again flew backwards.

“This .....

“This kid’s strength is somewhat unbelievable, how can he be so strong!”

“Yes! Even Liu Qi didn’t have the strength to fight back in front of them.”

“This kid is very strong, but have you guys thought about it? What would Long Ridge Heaven think of him beating Liu Qi like that?”

There was silence all around.

Liu Qi was a follower of Dragon Ridge Heaven, and if Lin Ran was so unforgiving, if Dragon Ridge Heaven came, then he would still have good consequences?

“Lin Ran do you really want to make an enemy of my master?”

Liu Qi looked at Lin Ran, his face icy cold.

“Don’t scare me with your master, let alone you! Today, I’ll beat up Dragon Ridge Heaven if it’s the other way around!”

Lin Ran’s voice was icy cold.

Today’s matter was different from the past.

If it were any other matter, he could have considered whether it was necessary to fight so hard.

But today’s matter was about Ling Sa’s retreat.

What if he hadn’t set up the formation before? Then there would definitely be an accident with Ling Sa’s retreat.

And in such matters, Lin Ran had absolutely no room for negotiation.

“Fine! Fine! Since you want to play, then I, Liu Qi, will play with you!”

Liu Qi’s face was icy cold, and with a swirl of his palm, a golden jade sword appeared in front of him.

It was his magic weapon, the Thousand Jade Sword.

“Thousand Jade Swords, holy shit Liu Qi actually used the Thousand Jade Swords!”

“Yeah, I still remember the last time he used the Thousand Jade Sword, it was to face a challenge from a small team of three, right!”

“Yes, I was there that time, and the other three were all seriously injured by the Thousand Jade Sword!”

“This kid is finished this time, Liu Qi took out the Thousand Jade Sword and dealt with him alone, how else can he play!”

The crowd murmured, some had even started to feel sorry for Lin Ran.

Such a demonic genius, if he knew how to hold back in the future he could definitely surpass Liu Qi and Long Ji Tian, but now he was too flamboyant and was going to be seriously injured or even crippled at the hands of Liu Qi.

“Thousand Jade Sword? Liu Qi you are crazy!”

Seeing this scene, Long Ya was also not calm.

How could she have not expected that Liu Qi would actually use the Thousand Jade Sword?

Other people did not know anything about this magic weapon, but she did.

The Thousand Jade Sword was a magic weapon given to Liu Qi by Long Ji Tian, and it had started off as the former’s magic weapon, but later on, when Long Ji Tian found a better one, he gave this Thousand Jade Sword to his follower Liu Qi.

“Long Ya you stay out of this! I’m going to educate this kid today on what it means to keep a low profile!”

Liu Qi said in a cold voice.

“Come over and suffer!”

Liu Qi said as he already controlled the Thousand Jade Sword and lunged towards Lin Ran.

“Humph!”

Lin Ran’s face was icy cold as he snorted coldly and followed suit.

What Thousand Jade Sword, in his view, he could break through with a single silver needle, but to use a silver needle magic weapon in the face of such a person was obviously unnecessary.

“Bang!”

Lin Ran stepped forward and slapped his palm directly onto one of the Thousand Jade Swords at the forefront.

The milky white Thousand Jade Sword instantly crumbled into powder.

“That’s it?”

Lin Ran laughed.

“Heh, that’s it? Then you’ll see what it’s really like!”

Liu Qi also laughed, while his hands condensed his fingers and quickly formed a seal, at once one of the Thousand Jade Swords actually formed a huge white giant sword and slashed towards Lin Ran’s head.

“Bang!”

Lin Ran didn’t say anything and raised his hand towards the giant white sword and slapped it directly.

This time, however, his palm was blocked by the Thousand Jade Sword.

“Each Thousand Jade Sword spreads its force out as I slap it over, equivalent to slapping tens of millions of Thousand Jade Swords at the same time, what a great tactic!”

Lin Ran analysed this in his heart.

There was a frenzy in his eyes.

“If you can’t do it once, then let’s do it ten times!”

Lin Ran laughed loudly and followed his hands by slapping out in turn, and all that was left in the entire martial arts arena was the sound of “thump, thump, thump, thump”.

“This kid!”

Even Liu Qi couldn’t help but gag as he watched.

The Thousand Jade Sword was a magic weapon, so who could use their palm to slap it like that? I’m afraid that anyone else’s palm would have been smashed.

But what about Lin Ran? His palm was fine, and he seemed to be enjoying it.

“Bang Bang Bang!”

Suddenly, after just a dozen taps, the Thousand Jade Sword actually trembled.

Following a “click” sound, several cracks actually appeared in the originally milky white sword that was like a whole.

“How can this be!”

Liu Qi’s face instantly turned pale.

Chapter 1070

“Shatter it for me!”

Lin Ran’s face looked like madness at this point as his hands slapped down on the Thousand Jade Sword only once more.

“Bang!”

Two slaps later, the cracks on the giant milky white sword only got bigger and? It actually popped open in an instant.

“Clatter!”

Countless thousands of jade swords instantly scattered once, as if it was raining.

The crisp sound struck the crowd straight in the heart, hearing the crowd’s faces like death.

“Thousand ..... The Thousand Jade Sword actually shattered!”

“My god, the Thousand Jade Sword actually popped right into pieces!”

“Is this kid still human?”

“Liu Qi is done for now!”

“Yes, the magic weapon is shattered, how can he still play?”

The crowd all lamented.

Liu Qi, on the other hand, stood in place, his gaze dumbfounded.

His own magic weapon had actually been smashed by Lin Ran?

“This can’t be, how is this possible!”

There was despair in Liu Qi’s eyes, his own magic weapon had actually been smashed by Lin Ran so easily, so wouldn’t his hands be even harder than his own magic weapon.

“He ..... How did he do that!”

Long Ya was equally shocked in her heart, the Thousand Jade Sword used to be a magic weapon of Long Ji Tian, she had seen it more than once or twice, but now this Thousand Jade Sword had actually been destroyed by Lin Ran.

“Not good!”

Suddenly, Long Ya seemed to have thought of something and was just about to remind Lin Ran.

However, Liu Qi at the side was the one who laughed first.

“Haha! Lin Ran, you’re finished, you’re finished!”

“Eh?”

Lin Ran looked at Liu Qi, with thought in his eyes.

“You actually destroyed the Thousand Jade Sword, you’re finished!”

Liu Qi looked like a madman and laughed from ear to ear.

Sure enough, just as everyone was puzzled, the Thousand Jade Sword above the ground actually trembled rapidly.

Following this, the originally white Thousand Jade Sword, which was originally a stalk, actually turned red instantly, then floated up again, before forming a huge red longsword in mid-air.

“Cousin don’t!”

Long Ya shouted busily.

The red longsword in front of her was too familiar to her, it was exactly her cousin Long Ridge Sky’s current magic weapon.

“Hm?”

Lin Ran also looked frowning, the Thousand Jade Sword had clearly shattered, but now it had actually recovered again.

“Kid! This Thousand Jade Sword was given to me by the Director! Now that the master has managed to notice you, you’re done for!”

Liu Qi laughed madly.

“Lin Ran! Be careful! This is what the Thousand Jade Sword originally looked like! The previous white colour was Liu Qi’s preferred form, the current Thousand Jade Sword is the most terrifying!”

Long Ya was busy? reminded!

“Long Ya who are you sister!”

Suddenly, a thick voice resounded throughout the martial arts arena.

“Cousin!”

Long Ya’s entire body trembled and she couldn’t help but lower her head.

“Destroying my magic weapon, you are Lin Ran?”

The thick voice resounded again.

“That’s right! It’s me!”

Lin Ran’s face was indifferent, only his gaze was deadly fixed on the red Thousand Jade Sword that was only up in mid-air.

“Good! Very good!”

There was a bit of anger in the thick voice.

The next moment, the red Thousand Jade Sword actually came straight at Lin Ran, so fast that it even brought up a sound of breaking air.

“Hm?”

Lin Ran frowned as he watched, the Thousand Jade Sword was indeed more powerful now, but clearly there were still many flaws in this move of Long Ji Tian’s.

Firstly, he wasn’t here himself, and this attack was now inevitably issued with the help of the remaining intent within the Thousand Jade Sword.

A magic weapon was something that required a cultivator to spend their entire life to contain.

Therefore, the cultivator’s aura would remain within the magic weapon, and Long Ridge Heaven was now clearly using this aura to forcibly condense the Thousand Jade Sword and launch an attack on himself.

In this way, the power of the Thousand Jade Sword would definitely be greatly reduced.

“If you had come in person, perhaps I would have been scrupulous, but now you’re not!”

Lin Ran’s face was abnormal, and with his hands joined together towards the red Thousand Jade Sword, he met it.

“Bang!”

The two collided, and a muffled sound resounded through the sky.

At the same time, everyone noticed that Lin Ran’s hands were stuck to the tip of the Thousand Jade Sword, preventing it from advancing even a little.

But at this point, everyone understood that this was a stalemate between Lin Ran and the Thousand Jade Sword.

Once whoever couldn’t carry it first, then the consequence was bound to be heavy damage.

“Bang Bang Bang!”

As everyone held their breath and watched the scene, the clothes on Lin Ran’s arm suddenly shattered in response to the sound, turning into pieces of cloth that scattered all over the sky.

Lin Ran then spat out a mouthful of blood with a poof.

“Lin Ran!”

Long Ya’s heart was filled with worry.

“Cousin, stop!”

Long Ya shouted.

“Shut up! Don’t forget that you are a member of the Dragon family!”

Long Ridge Sky scolded.

“But I like him!”

Long Ya shouted busily.

“You and he can’t be together!”

Long Ridge Heaven said in a cold voice.

“Why!”

Long Ya shouted.

“No reason, if you want to be with him, then kill me!”

Long Ridge Heaven chided.

Long Ya froze in her tracks.

“Is that all the power you have?”

Seeing that Long Ya didn’t say anything, Long Ridge Heaven then spoke at Lin Ran again.

“I should be the one to say that!”

Lin Ran had blood at the corners of his mouth, but his eyes turned blood red and were filled with madness.

He only saw his hands fiercely unclench, followed by his hands quickly slapping directly towards the tip of the sword, left and right.

“Bang!”

“Bang!”

“Bang!”

With three slaps in a row, finally, the red longsword, which originally looked like a whole, was instantly broken off by Lin Ran’s slap on the tip.

Lin Ran then slapped his palm on the Thousand Jade Sword, which instantly broke apart and once again scattered all over the ground.

“If you were here in person,? But this is just a breath, who are you trying to scare?”

Lin Ran pointed at the sky and scolded.

“Fine! Good! Lin Ran, you’ve really impressed me!”

Dragon Ridge Heaven’s voice rang out.

“I, Dragon Ridge Heaven, am waiting for you on the ninth floor of the Ninth Floor Hall, don’t keep me waiting for too long, if you don’t come in a year then I’ll waste you before I leave!”

“Waste me? I’m afraid you don’t have the ability to do that! The ninth floor? Don’t worry, I’ll find you very soon!”

Lin Ran said in a cold voice.

“Haha! Haha, good! Interesting!”

Long Ridge Heaven laughed aloud.

It was only when the laughter finally dissipated that the surrounding crowd reacted one by one.

What had just happened was too shocking, as Dragon Ridge Heaven had actually exchanged blows with Lin Ran across the air.

“What exactly is the strength of this Dragon Ridge Heaven? It’s actually so strong!”

“Yes! How could it be so strong?”

“That Lin Ran’s strength isn’t weak either! He actually managed to completely destroy Dragon Ridge Heaven’s Thousand Jade Sword.”

“Ai! What envy!”

There was a lot of chatter from the crowd.

Lin Ran, on the other hand, looked towards Liu Qi.

“Apologize now!”

“You!”

Liu Qi’s face was ugly as he gritted his teeth.

“Apologise!”

Lin Ran scolded once again.

“Yes .... I’m sorry!”

Liu Qi’s old face turned red as he finished speaking and turned to leave.

“Wait for me!”

Long Ya, on the other hand, hurriedly followed.

“I’ll go and talk to my cousin to make it clear, he must have misunderstood you!”

Long Ya said, following Liu Qi and left.

Lin Ran, on the other hand, looked on indifferently, without saying a word.

Explain clearly? Is it necessary?

Lin Ran laughed,? Turning around, he went back into the formation and continued to protect Ling Sa.

....

Time passed day by day, and when it came to the third day.

Finally the long silent Ling Sa slowly opened her eyes.

And at this time, the light projected from her eyes was powerful in aura and full of oppression.

“A breakthrough?”

Lin Ran also slowly opened his eyes, feeling the change in Ling Sa’s aura, his heart was relieved that the three days of guardianship had finally not been in vain.

Ling Sa had broken through to the middle stage of the Heaven Seizing Realm.
