

Wonder Doctor

Chapter 1081

When he returned to his residence, Lin Ran couldn't help but be stunned that in his own small courtyard, all of Ling Sa Fire One Sword Li Mu Di and even Long Ya were there, while on the side, there was only Wu Jiao alone.

"Brother Lin Ran!"

"Lin Ran! You've come out!"

When they saw Lin Ran, all of them had smiles on their faces.

Lin Ran and Long Ya, on the other hand, still had that look of disagreement, obviously all because of themselves.

"Uh Wu Jiao you're looking for me for something?"

Lin Ran was a little embarrassed and looked at Wu Jiao.

"Right!"

Wu Jiao didn't say anything,? Immediately, he took out the scroll of parchment in his arms.

"I'm here to find you this time because I want to invite your squad to join us in hunting a beast in the back mountains!"

"A beast?"

Lin Ran was stunned at his words.

"That's right! The metallic lining I sold you earlier was obtained from a beast!"

Wu Jiao said.

"I've gotten word that there's an even more powerful fire-attribute beast hidden in the back mountain, and I'm afraid our squad won't be able to eat it on their own, so I want to invite you guys to come along!"

"What does that thing say?"

Lin Ran asked at once.

A fire attribute beast was exactly what Lin Ran needed, he already had all the Red Flame Grass Fire Spirit Root from before, and now he was just missing this fire attribute beast's inner guts.

"The inner urchin goes to you, the rest of the beast belongs to me!"

Wu Jiao said.

"Lin Ran!"

Ling Sa was busy looking at Lin Ran, with worry in her eyes.

Although she needed the fire attribute inner urchin, she wasn't stupid, this kind of beast that possessed the attribute wouldn't be that easy to kill.

Moreover, if all the other stuff's were given to Wu Jiao, wouldn't the Fire One Sword Li Mu Di and the others have contributed in vain, although we were all in a squad, but this kind of thing still felt a bit wrong to Ling Sa.

"Don't worry, this fire-attribute liner is very important to you, this invitation is for me to participate!"

Lin Ran decided at once.

"Brother Li, Brother Fire, you two don't need to force yourselves, after all, this has nothing to do with you!"

Lin Ran looked at Li Mu Di and Fire Yi Jian.

Instead, the two of them smiled and shook their heads.

"Ranzi, we're a small team, since it's something that sister Ling Sa needs, how can we stand by idly! As for the reward, do you think the two of us care about that small amount of money?"

Li Mu Di laughed.

"I also think it's time to sharpen our squad's coordination!"

Fire One Sword, on the other hand, said seriously.

"Alright! Thanks a lot!"

Seeing that both of them were surprisingly fine with it, Lin Ran couldn't help but smile as well, this was what the squad should be like.

"Good! Since there's no problem on your side, then first thing in the morning, we'll set off straight away!"

Wu Jiao said.

"Mm!"

Lin Ran nodded his head to indicate that there was no problem.

"Alright, I'll leave first then!"

Wu Jiao got up and prepared to leave.

"Right!"

Suddenly, Wu Jiao thought of something and turned his head to look at the crowd and said.

"There's something I have to remind you all, when it's snowing on Qionghua Mountain, don't wander around in the back mountains, so tomorrow's route should all follow what I've said, otherwise you'll probably be in danger if you're not careful!"

"Eh?"

Lin Ran was stunned at his words, and Fire One Sword and the others were also puzzled.

“Why is that?”

Originally, Lin Ran had felt that something was fishy, it was suddenly snowing in the summer and there was the smell of blood in the air, it was all too perverse.

“You may not believe me when I say this, the smell of blood on Qiong Hua Mountain when it snows is wafting from the back of the mountain, and I am a person who likes to lick blood from the tip of a knife!”

“I’ve bought a piece of information before, and it’s said that it snows on Qiong Hua Mountain just to cover up those bloody smells!”

Wu Jiao said seriously.

“But how could Qiong Hua Mountain have such a strong smell of blood?”

Lin Ran and the others were puzzled.

Wu Jou, however, smiled and said.

“I don’t know exactly, but the man who sold the lighter said that he had once mistakenly entered a place at the back of Mount Qionghua, and it was all filled with dead people, a sea of people! It was like hell!”

“Plus it’s traditionally rumoured that Mount Qionghua is going to the battlefield after leaving, so think about whether there’s any connection!”

With that, Wu Jiao had already left the courtyard.

Only Lin Ran and the others were left looking at each other, not knowing what to say.

“I know something about this matter!”

Suddenly, Long Ya, who was next to him, spoke up.

“It is said that in places like Qiong Hua Mountain, there is actually a battlefield nearby, where battles will erupt from time to time, and those bloody smells are left behind by the erupting battles, and as for the snow, it is naturally to cover it up!”

“A battlefield? You’ve seen it?”

Lin Ran looked at Long Ya.

Long Ya shook her head.

“How could we have seen it, we haven’t graduated from Qionghua Mountain yet, we wouldn’t be able to come into contact with it at all, but Wu Jiao is right, we still have to be careful tomorrow, if we mistakenly enter the battlefield, it’s fine if the war is over, if it’s being fought, we’ll probably die there!”

Long Ya reminded.

The crowd nodded their heads.

.....

The next morning, Feng Xi arrived early at Yue Qunshan's residence, ready to ask him to go to the martial arts arena to train together.

Although Long Ya was now separated from them, cultivation had to continue, and it was said that Yue Qunshan had already searched for a replacement.

"Qunshan? Where are you going?"

Just as she reached the door, Feng Xi was the one who saw Yue Qunshan with a bucket hat seemingly ready to go out.

"Why are you here?"

Seeing Feng Xi, Yue Qunshan was a little surprised.

"Forget it, you go back, I have something to go to the back of the mountain today!"

Yue Qunshan said.

"I'll accompany you!"

Feng Xi said at once.

"You?"

Yue Qunshan frowned slightly, and after a moment of contemplation still nodded his head and agreed.

The two of them immediately walked towards the back of the mountain.

"Qunshan, what are we going to the back mountain for now?"

On the way, Yue Qunshan didn't say a word, walking on his own, Feng Xi couldn't help but ask.

"You'll know when we get there!"

Yue Qunshan said indifferently.

Feng Xi, however, suddenly blushed and lowered her head, saying softly.

"Qunshan can't, my relatives are coming these days!"

"What are you thinking about, not doing that kind of thing this time!"

Yue Qunshan said helplessly.

"O! That's good!"

Feng Xi's pretty face blushed slightly, looking at the back of the mountain she couldn't help but think of the scene where she and Yue Qunshan used to make love here.

"Qunshan I really like you, I hope that after Long Ya leaves, we can make it right!"

Looking at Yue Qunshan, Feng Xi said to herself in her heart.

However, at this moment, Yue Qunshan was not in the mood to pay any attention to Feng Xi, his eyes were searching the ground for footprints.

“Going into the back of the mountain early in the morning, there must be something wrong!”

Yue Qunshan pondered in his mind, ? Sure enough, he soon found a messy footprint.

“Follow it!”

Yue Qunshan greeted, and immediately followed it with Feng Xi in tow.

.....

The back mountain was covered in silver, and as it was an undeveloped primitive forest, the whole back mountain was very difficult to walk on, there was no road at all.

“Wu ugly, where is our destination?”

Long Ya asked after walking for a while, unable to resist.

“In the canyon ahead!”

Wu Jou spoke.

And Wu Xiu, who was on the side, came over with a smile.

“Sister Long Ya, if you’re tired I’ll carry you, I’ll have more strength!”

How pretty Long Ya was, even Wu Xiu couldn’t help but want to be attentive.

On the side, Wang Yifeng saw this but laughed.

“Kid, toad wants to eat swan meat ah, Long Ya big sister even let people carry that is also our family Ranzi, from the tail count not even your turn ah?!”

“You!”

Wu Xiu’s face turned red and he immediately turned his head away from Wang Yifeng.

Lin Ran, on the other hand, gave Wang Yifeng a blank look, this dead fatty really didn’t mind, the palm of Ling Sa’s hand on the side had already landed on his waist, if he dared to show half the intention of carrying Long Ya.

If he dared to show any intention of carrying Long Ya, I am afraid that in the next moment, he would have to have a few more big red buns on his waist!

Chapter 1082

“Wu Jiao, how much do you know about the fire-attribute beast this time?”

Lin Ran was busy digressing from the topic.

Wu Jou, who was walking at the front, paused for a moment at his words and spoke.

“To be honest, nothing, I bought this information as well!”

“Shit! Bought it? Is it reliable?”

Wang Yifeng couldn't help but ask.

“Wu Jiao's information is usually still accurate, otherwise where did that metallic lining come from?”

Li Mu Di laughed.

Some people were like that, liking to mix with swords only, and Wu Jou was clearly such a person, although he was also from Qionghua Mountain.

But he seemed to be more keen on hunting beasts, so it was rare to see him on Qionghua Mountain, but the underground trading grounds and the back mountains were where he was most active.

“Wu Jiao, I've always wondered why you prefer to seek our cooperation, there are many powerful squads in the whole Qiong Hua Mountain, right!”

On the side, Fire One Sword, who hadn't spoken, suddenly spoke up and asked.

“This ah!”

Wu Jiao smiled awkwardly, then said.

“This matter is actually not difficult to understand, I thought about this matter carefully after I lost to Lingya back then.”

Said Wu Jiao as he looked towards Lin Ran.

“I think it was Brother Lin Ran who thought of Ling Sa's tactics back then!”

“That's right!”

Lin Ran did not deny it either.

“That shouldn't be enough for you to find us!”

Fire One Sword frowned.

“That's right, but Brother Lin Ran's strength makes me wary!”

Wu Jiao laughed bitterly.

“Actually, I was forced to find you guys this time, after all, a fire attribute inner bile is worth a lot of money!”

“Even the price I paid for hiring two random squads would be too much lower than giving the inner urchin to you guys directly!”

“But you still sought us out!”

Fire One Sword laughed.

“Yes, this first, is a gesture of goodwill on my part, I don't want to cross paths with Lin Ran or even your entire squad over the matter of Ling Sa? It just so happens that you guys have the strength to do so, so it was only right that I approached you!”

Wu Jiao laughed.

“You’re quite a smooth guy!”

Long Ya laughed at that.

“It can’t be helped, if the hobgoblin didn’t know how to behave, I’m afraid he would have died in this shitty place long ago!”

Wu Jiao laughed.

“Alright, we’re getting there, everyone be careful!”

Lin Ran suddenly spoke up and reminded.

The crowd had actually reached the bottom of the gorge as they spoke.

The back mountains of Qionghua Mountain were vast, and there were countless insignificant canyons like the one in front of them.

But when the crowd arrived at the bottom of the canyon, only then did they realise the difference in this canyon.

“There are definitely fire-attributed beasts here!”

Wu Jiao looked at the scene in front of him and became even more certain.

“Indeed!”

The others also nodded their heads, and no one expressed any objection.

It turned out that the entire bottom of the canyon was actually desolate, not to mention the snow, and in some places there were even some cracks in the earth.

At first glance, it was caused by too much heat, and in this situation, apart from the fact that there were fire-attributed beasts here, the crowd couldn’t really think of any other way.

“Can you determine the location?”

The crowd looked to Wu Jiao, after all, he was the one who provided the information!

“I can’t, intelligence is never that accurate!”

Wu Chou shook his head.

“Come with me, I can determine the location!”

Suddenly, the narrator Lin Ran spoke, in terms of control of scent, no one was sharper than the Pillow Book, and with his help, finding this fire attribute beast was simply not too easy.

“Let’s go!”

The crowd didn’t say anything, and immediately followed Lin Ran as he weaved through the bottom of the canyon.

“I really envy you!”

Long Ya and Ling Sa walked at the end of the line, chatting idly.

“Envy? You’re not so bad, you’ve also mixed with Ling Ran!”

Ling Sa said without good humour.

“Mixed up? I’m relying on my own heart!”

Long Ya laughed smugly.

Ling Sa, however, was not impressed.

“You beat me absolutely, and Ling Ran is yours?”

“What do you mean?”

Long Ya suddenly frowned slightly.

Ling Sa, however, laughed.

“I admit that you’re pretty, but do you know why Lin Ran always keeps his distance from you?”

“Why?”

Long Ya asked busily.

“Because he has too many women around him!”

Lindsay laughed.

“Apart from me, he has at least four other women with unclear relationships, and you, Long Ya, are from a large Nan Yang family, can you stand it?”

“You!”

Long Ya was surprised and couldn’t help but look at Lin Ran in front of her.

“I’m telling you this just to remind you that Lin Ran is too good, there are many women who like him, don’t always look at me with a hostile attitude, in my opinion, you are just one of the many suitors!”

Ling Sa laughed.

“And what about you?”

Long Ya suddenly looked at Ling Sa and laughed too.

“Doesn’t the fact that you’re saying this to me show that you yourself have the same lack of confidence in yourself!”

“You!”

Ling Sa’s pretty face instantly turned red.

“Don’t be angry either, the fact that you’re telling me this just shows that you’re just as unconfident about chasing after Lin Ran as I am!”

Long Ya laughed.

Ling Sa, however, shook her head.

“You’re thinking wrong, I’m different from you, you’re chasing after Lin Ran while I’m already with him, what I’m worried about now is who will be the one to stay with him for a long time in the future!”

Long Ya was completely silent at her words.

They were all together, couldn’t they still be together for a long time?

And who were the other four women? What was going on again?

Thinking about it, Long Ya couldn’t help but glance at Lin Ran, could it be that he refused to approach himself just for those legendary four women?

.....

“Stop!”

Just as Long Ya was thinking in her mind, suddenly there was a reminder from Lin Ran ahead of her.

At once, everyone stood still, motionless.

“Find somewhere to hide!”

Lin Ran said, and at the words of the crowd, they immediately scattered and separated, each finding a place to hide.

“Ranzi, where is that thing?”

Wang Yifeng was the closest to Lin Ran and couldn’t help but ask.

The others also cast puzzled glances at Lin Ran.

“I can feel it, that thing is within a ten metre radius in front of me!”

Lin Ran’s brow furrowed and his expression was serious.

“A ten metre radius? No way!”

Wang Yifeng had a impatient face, at this moment the crowd was birdless in front of them, not even a tree, only a large area of desolate ground, if there was something let alone a beast, even a milk dog could see it.

“Ranzi, you can’t be mistaken!”

Wang Yifeng wondered.

Lin Ran, however, shook his head.

“Absolutely not, I can feel it, it’s coming out, everyone stay put!”

As he spoke, suddenly the ground began to tremble in distance.

Suddenly, a cracked trail actually appeared on the ground in front of the crowd.

“Holy shit! There really is something!”

Wang Yifeng couldn't help but curse.

And the others had shielded their breath, not saying a word, staring dead ahead at the earth.

“It's coming out!”

Lin Ran warned, following which he also stopped talking.

“Rumble.”

As the earth cracked piece by piece, a wave of heat rose from the ground as if it were a hot spring.

Soon a fiery red thing was actually poking out from under the ground.

There were two huge, powerful forelimbs, each with five sharp claws, something like a reptile.

Then, a flat and very sharp-mouthed creature came up from beneath the ground.

It had a long mouth and a tail, but only two legs, which looked very strange.

“This is Fire Dragon Shi!”

To the side, Wu Jiao couldn't help but shout.

“Fire Dragon Shi?”

The crowd were all in a daze at the words, having never heard of it at all .

“This thing is a variant of the Fire Lizard, its two hind limbs evolved into two tentacles just wrapped around its tail! That's why it has also become the Fire Dragon Shield!”

Wu Jiao was busy explaining.

The crowd sniffed and looked, and sure enough, there were two thumb-thick tentacles wrapped around this guy's tail.

If not for Wu Jiao's introduction, who would have thought that this thing had actually been a hind leg before.

Chapter 1083

The Fire Dragon Shire is technically a fire lizard, except that unlike a normal fire lizard, this thing is a biological variant.

“Hey hey! You guys should stop discussing, that thing is going to run away!”

Wang Yifeng suddenly warned.

“Don't worry, this kind of thing won't get too far!”

Wu Jiao reminded, and Lin Ran nodded, immediately leading a group of people behind him to follow quietly.

As expected, just ten minutes later, this Fire Dragon Shii stopped in a shady place ahead.

“Wu Jiao, do you have a plan?”

The crowd hid behind a mound not far away and discussed.

“We don’t have one yet, but this Fire Dragon Shih is fierce in nature, we have to be careful, and he is prone to rage now!”

Wu Jiao warned.

“Rage? We’re going to fuck it, can it not be furious!”

Wang Yifeng said breathlessly.

“You think wrong, when I say rage, it’s a very serious rage!”

Wu Jiao said and pointed to the Fire Dragon Shi in the distance.

“This thing usually lives on the ground and only comes up when it molts, and each molt is when he is at his weakest, but at the same time, it is also the time when he is most likely to rage!”

“What happens once it rages?”

Lin Ran asked.

“Once it gets furious, this thing’s entire body will be filled with fire poison, and if it gets infected, it will immediately be poisoned, and in severe cases, its entire body will rot and die!”

Wu Jiao said.

“Then is there any way!”

All of them looked at Wu Jiao, after all, he was the most experienced in hunting beasts.

“The best way is to set up a formation to slowly torture him to death! Unfortunately, the formations I know are not suitable for dealing with such things!”

Wu Jiao shook his head secretly.

“This is a good thing to do, Lin Ran is an expert in formations!”

Ling Sa suddenly looked towards Lin Ran.

“Leave this to me, you say the following plan!”

Lin Ran nodded his head, not pretentious either.

“Good!”

Wu Jiao was happy to see this and said busily.

“It’s easy with the formation, set up a formation around it now so that it doesn’t get away, when the formation is set up we will strike together and beat it to a state of rage, all Ran has to do is wait, once its rage has passed, that’s when we will hunt and kill it!”

“Good!”

The crowd nodded their heads and said they had no problem with that.

“In that case, let’s move!”

Lin Ran and Wu Jiao glanced at each other, and immediately the crowd began to get busy.

Setting up a formation was generally very simple, especially now that Lin Ran was even stronger, he could set up a formation with a single thought.

However, this kind of formation was not suitable at this time.

After all, the Fire Dragon Shih was a beast with very low spiritual intelligence, so in the face of such a thing, the simplest formation needed to be set up.

That is the formation flag.

A formation built with flags is much less flexible and very easy to break as the flags are fixed.

It is obviously a bit backward for human use, but it is very practical for beasts, who don’t know anything about flags after all.

This kind of formation flag formation is relatively more stable and less likely to be broken by beasts, so this is the kind of formation flag formation that Lin Ran is going to set up.

“This time, the formation only needs to trap the Fire Dragon Shi, so that it cannot rush out, the rest is up to you all!”

Lin Ran laughed as he handed a formation flag to the crowd, and everyone began to work around the area according to the directions Lin Ran had given them.

After just half an hour, a formation that directly enveloped Fire Dragon Shi had been formed.

“After the formation opens, I will hide you all with the help of the dust around you, when the time comes, you can just attack according to the guidance!”

Lin Ran smiled.

The crowd nodded their heads, and then stood in their respective positions as they had discussed before, surrounding Fire Dragon Shi in the middle.

And up until this point, Fire Dragon Shields didn’t even know that he was already being watched by a large group of people.

For at this moment, he was in the midst of a painful molting process that had already reached its final stage, with only half of his tail remaining to come out.

“Do it!”

Suddenly, Lin Ran let out an explosive shout, and at once, a white light shot up into the sky, directly enveloping Fire Dragon Shi as well as Wang Yifeng and the others.

“Roar!”

As soon as the formation outline was activated, Fire Dragon Shih became aware of it and turned around to bolt.

But Lin Ran’s formation had even closed off the underground, so running? It was already too late.

“Strike!”

Long Ran chided, and at once, Wu Jiao and the others, who were also enveloped within the formation, struck.

Moreover, at this moment, within the formation, the sky was filled with dust and it was impossible to see anything clearly, whereas Wu Jou and the others had the help of Lin Ran, who would guide them to the location of Fire Dragon Shields.

So in this situation, in just a few breaths, the wounds had already started to appear on Fire Dragon Shields’ body, and blood was pouring out non-stop.

The creature was usually thick-skinned and not afraid of being beaten up, but once it molted, his skin was very fragile at this time, and at this point, it was unable to resist the attacks of Wu Jiao and the others, and was soon on the verge of rage.

“Everyone pay attention, Fire Dragon Shi could go berserk at any moment, everyone hide well!”

Lin Ran warned, and began to manipulate the formation, doing his best to trap Fire Dragon Shi.

At this time, everyone else was hidden in the dust within the formation, so that Fire Dragon Shi could not find his target.

At this moment, Fire Dragon Shih’s body was covered in wounds and blood was pouring out of his body, his eyes were bloodshot and he was constantly scurrying around inside the formation, looking for a target to lash out at.

But with Lin Ran controlling the whole situation from outside, this guy couldn’t even find a single person.

Off to the side, behind a hill.

“Qunshan, if you pull it out, that group of them will all be finished!”

Feng Xi crouched next to Yue Qunshan and warned in a low voice.

“What! You regret it?”

Yue Qunshan looked at Feng Xi, his face cold.

“How could I regret it, as long as I can be with you, I won’t regret doing anything!”

Feng Xi had a hot face.

“That won’t do, as long as we can kill Lin Ran and that bitch Long Ya, when we leave Qiong Hua Mountain, I will marry you when we will Yue family!”

Yue Qunshan looked at Feng Xi and laughed.

“Really Qunshan?”

Feng Xi had anticipation in her eyes.

“I’ve lied to you?”

Yue Qunshan laughed.

“No, but I’m afraid it’s not good to drag so many people into this just to kill Lin Ran and Long Ya!”

Feng Xi still had some hesitation.

“Shut up!”

Yue Qunshan suddenly chided, but following that he also felt that his attitude was a bit bad and was busy laughing.

“Feng Xi, just don’t worry, that Fire Dragon Shih is as timid as a mouse, as long as we pull this out, Fire Dragon Shih will definitely run away the first time, we’ll just wait for the opportunity to kill Lin Ran and the bitch!”

“I don’t have a problem with killing Lin Ran, but Long Ya is after all a member of the Nanyang Dragon Family, we

Feng Xi was still a little uneasy.

However, Yue Qunshan’s face sank and he scolded.

“Not so much but, no poison is not a husband, she Long Ya is my heart demon, if I can’t kill her, in the future my strength will definitely not be able to refine, besides as long as we are careful, who knows we did it, in the end there is naturally Fire Dragon Shih to take the blame!”

Feng Xi frowned tightly, but soon she was relieved, she loved Yue Qunshan too much, she had even given herself to him, at this moment for the sake of their future, she still decided to take a risk.

“Let’s do it!”

Yue Qunshan reminded.

Immediately, the two of them probed their palms and directly held on to a formation flag only.

“Arise!”

The two of them lashed out, and instantly the formation flag rose in response to the sound, following which it directly turned into ashes under the tremendous force of the formation.

“Bang!”

On the plain, the entire formation suddenly trembled, followed by a crack like a spider's web, quickly filling the entire formation only.

"Not good!"

Lin Ran's face changed greatly at this, while his gaze also looked towards the location of one of the hills.

"Why is the formation flag there suddenly out of order!"

Chapter 1084

"What's going on with Lin Ran?"

Inside the formation, the crowd was also fierce in the face of the sudden disappearance of the dust and smoke.

"I don't know! A formation flag has gone wrong, pull out!"

Lin Ran shouted busily.

"Withdraw!"

The crowd hurriedly ran towards the outside of the formation.

Just kidding, the Fire Dragon Shii, who was in a rage at the moment, was inside the formation, so if they were targeted by it, I was afraid that they would have to shed their skin without dying.

"Brother! Help me!"

Suddenly, just as Wu Jiao was about to retreat, his younger brother Wu Xiu next to him stumbled, and one of his legs was actually stuck in a crack in the ground.

"Hurry up!"

Lin Wai kept urging outside.

Seeing this, Wu Chou didn't have time to think much about it and immediately went forward to help.

But just as he was pulling Wu Xiu's leg out of the crack, a black shadow had swept up close to him.

"Brother, be careful!"

Wu Xiu shouted in haste, but it was still too late.

The huge black shadow smashed into Wu Chou's chest with a bang, and a mouthful of blood spurted out, and the sound of bones breaking was heard at least twice.

"Big brother!"

Wu Xiu's pupils were in his eyes, and he was about to go and fight for Fire Dragon Shih's life.

"Go! I can't die!"

Wu Jiao endured the severe pain and climbed up with difficulty, pulling Wu Xiu and running.

“Run quickly! This Fire Dragon Shih is frightened, it’s looking for the exit again, so if we don’t leave, we’ll all die!”

Wu Jou was busy reminding.

And at that moment, Fire One Sword Li Mu Di and the others were already the first to rip out from within the formation.

Ling Sa, on the other hand, had only just reached the edge of the formation because she was a little slow.

Long Ya, on the other hand, had only reached the edge of the formation because she had been too deep before.

At this moment, apart from the two of them, there was still a Peng Chang left in the whole formation.

But this guy had also reached the edge of the pillow, so the three of them would soon be saved.

“Fortunately!”

Only when he saw this scene did Lin Ran breathe a sigh of relief.

“Long Ya be careful!”

However, just as everyone was breathing a sigh of relief, suddenly the situation within the formation changed drastically.

Only to see that the Fire Dragon Shi, who was already rushing towards the exit, suddenly turned around and rushed towards where Ling Sa and Long Ya were, with a speed that was simply staggering.

“Ling Sa, run!”

Long Ya wanted to push Ling Sa out of the way.

But Ling Sa was a side step directly in front of Long Ya.

“You go first, it’s aiming at you!” Ling Sa was busy shouting.

She had seen it really well just now, this Fire Dragon Shi was coming for Long Ya.

“It’s me?”

Long Ya was stunned, just when she wanted to do something.

The two of them were already too late.

Even though Lin Ran had already drawn his dagger and broken the tip and flung it towards Fire Dragon Shi.

But it was still a step too late.

Only to see Fire Dragon Shi’s huge mouth spitting out towards Ling Sa, and a cloud of fire-red smoke directly enveloped Ling Sa.

“Bang!”

Ling Sa's eyes went black and her entire body directly lay on the ground.

"Ling Sa!"

Long Ya's eyes turned red as she watched, but there was no time for her to be upset.

Immediately following the next moment, two finger-thick tentacles directly tied Long Ya up, followed by Fire Dragon Shi throwing him on his back and crawling towards the exit.

"Bastard!"

Lin Ran's eyes were bloodshot as he manipulated the dagger to break the tip, and with a "poof" it entered the body of the Fire Dragon Shield, but this wound was of no use to it.

It only slowed it down a little.

"Brother Fire! Brother Li, take Ling Sa and go first please!"

Lin Ran said urgently, while he himself had already chased towards Fire Dragon Shi, his heart was burning with anxiety, Ling Sa had been hit by that poisonous mist and he didn't know how it would be, and now Long Ya had even been directly taken away by Fire Dragon Shi.

"You be careful!"

Li Mu Di reminded, and immediately saved Ling Sa, and then rejoined Wu Jiao and the others, ready to find a safe place to wait for Lin Ran.

"Bastard stop!"

Lin Ran chased after him angrily.

But this Fire Dragon Shi was so fast that even though Lin Ran used his full strength, he was only able to just keep from being thrown off by it.

"Bastard! Why is this thing coming towards us, run!"

Behind the hill, Yue Qunshan's face turned pale as he watched, and he immediately had to retreat.

But the Fire Dragon Shi was too fast, and before Yue Qunshan could take two steps, a big bloody mouth had already lunged towards him.

"Shit!"

Seeing this, Yue Qunshan subconsciously pulled Feng Xi behind himself, while he himself lunged forward to avoid this bite from Fire Dragon Shi.

"Brother Qunshan?"

Feng Xi's eyes rolled round with anticipation as she looked at Yue Qunshan on the ground in front of her, her eyes filled with disbelief.

"Don't you blame me!"

Yue Qunshan said angrily, followed by turning around and running.

Feng Xi, on the other hand, was the next moment again? It was swallowed directly into the belly by the Fire Dragon Shi.

“Yue Qunshan! It’s you!”

With this delay from Fire Dragon Shi, Lin Ran had already caught up and saw the scene at the same time.

“You bastard! How dare you let Feng Xi die for you!”

Lin Ran was filled with rage.

“So what, she did it of her own free will!”

Yue Qunshan said angrily.

“Did you pull the formation flag!”

Lin Ran looked at Yue Qunshan with killing intent in his eyes.

“That’s right! It was me who pulled it, what can you do to me! Your little mistress will soon be like Feng Xi and die!”

Yue Qunshan looked like a madman.

“Yue Qunshan is a cyber cafe egg!”

“I’ll fuck you! Yue Qunshan!”

Not far away, Fire One Sword Li Mu Di and Wu Jiao all saw Yue Qunshan, each with anger and killing intent in their eyes.

It was obvious that they all understood what had happened, that they had failed in this hunt, and even almost died here, all because of this Yue Qunshan.

“You can only blame yourselves for getting too close to him, Lin Ran!”

Yue Qunshan’s face sank as he turned around and left.

“Yue Qunshan, you wait for me,? Back at Qionghua Mountain I’ll kill you!”

Wu Jiao said angrily.

“Go back? Do you think I will go back?”

But Yue Qunshan laughed, and with a flash of his body had disappeared into the nearby forest.

As Wu Jou was injured, Ling Sa was unconscious, and Long Ya’s whereabouts were still unknown, the crowd did not dare to chase after Yue Qun Shan at all.

“You guys go back first! I’ll go and save Long Ya!”

Lin Ran could only suppress the anger in his heart, and his worry for Ling Sa, and hurriedly sent a strand of true qi into Ling Sa’s body, followed by chasing after him towards the place where Fire Dragon Shi had disappeared.

“Let’s go!”

Fire One Sword and Li Mu Di discussed for a while, but decided to listen to Lin Ran, and immediately led the group back to Qiong Hua Mountain first.

“That’s it?”

Deep in the forest, Yue Qunshan suddenly jumped out and looked at the direction where Fire One Sword and the others had left, with regret in his heart.

“It’s good to be gone, Lin Ran must die today!”

With a thought, he went after Lin Ran in the direction he had gone before.

After today’s incident, he, Yue Qunshan, was completely ruined and could not return to Qiong Hua Mountain, so it was better to kill Lin Ran first and then leave Qiong Hua Mountain himself.

As long as he was careful, he really did not believe that the Mysterious Alliance could find him.

“Humph! Once I kill Lin Ran, I’ll go to the Yue Clan’s ancestral land to retreat, and when I reach the Realm of Creation and come out again, who can still do anything to me!”

Yue Qunshan thought in his mind, and his figure disappeared into the horizon.

Chapter 1085

It was a scorching hot space, just below the ground where Fire Dragon Shih had burrowed out earlier.

It was only when Lin Ran jumped down into this underground space after Fire Dragon Shih that he truly understood the horror of this place where this terrible beast lived.

The scorching heat around him seemed to evaporate everything, and Lin Ran even suspected that there must be a river of flowing lava not far away, otherwise how could this place be so hot.

With the help of the pillow book to explore, Lin Ran chased after the Fire Dragon Shih all the way towards the direction he had fled, now he was most worried about Long Ya’s instead of his own safety.

The situation was urgent, why didn’t Fire Dragon Shih just kill her, instead of taking her captive?

Moreover, Ling Sa was still in front of Long Ya. Even if it was to capture someone, it seemed that Ling Sa was the most convenient one, but why did it want to capture Long Ya?

Lin Ran was puzzled in his heart.

“Kid! I found it, that thing is not far ahead!”

The pillow’s voice suddenly rang out.

Lin Ran’s face instantly flushed with joy as he immediately rushed towards the front.

Sure enough, two minutes later, a huge platform appeared in front of Lin Ran, seemingly a platform for rituals, but now it was being used as a lair by this Fire Dragon Shih, cooped up on it.

And at this moment, Long Ya was being suspended in mid-air by its two tentacles, not knowing what it was going to do.

“Don’t come over, beast!”

“Don’t come over!”

“Help!”

Long Ya’s whole body was on the verge of collapse, especially when she watched the ugly beast face of Fire Dragon Shih keep approaching her, she really had an impulse to commit suicide.

“Roar!”

Fire Dragon Shi hissed at Long Ya, followed by placing is on the ground and then circling around her, seemingly looking for something.

“You What the hell do you want!”

Long Ya was so scared that her whole body trembled, not daring to move.

“Roar!”

With another roar, Fire Dragon Shields seemed to be a little impatient, as if he hadn’t found what he wanted, making him a little very upset.

Suddenly, only to see Fire Dragon Shi fiercely raising his huge claw and slapping it right towards Long Ya’s body.

“Ah!”

Long Ya’s face turned pale with fear and she hurriedly went to fend it off, but how could she alone cope with such a foreign beast, and almost instantly she was slapped backwards.

“Roar!”

Seemingly unwilling to do so, the fire dragon Shio followed and chased after Long Ya in the direction she had been thrown.

Long Ya hit the wall so hard that all the bones in her body were about to break. She got up with great pain, but then she saw the ugly face of Fire Dragon Shih coming after her again.

“Ah!”

A huge claw slapped towards her face, and at this moment Long Ya was a little desperate.

“Bang!”

There was a sudden muffled sound, Long Ya actually found that the claw of Fire Dragon Shih seemed to be blocked by something.

“Don’t stand still and go!”

Lin Ran busily advised.

Long Ya was busy opening her eyes, who else was it but Lin Ran who had blocked this blow from Fire Dragon Shi in front of her.

“Lin Ran! I knew you wouldn’t leave me alone!”

Long Ya was so excited that tears appeared in her eyes.

“At this point in time, can you stop being so fleshy?”

Lin Ran was speechless as he followed and blasted a fist at Fire Dragon Shi, sending the latter reeling backwards tens of metres one after another.

“Get out of here! This thing’s skin is getting thicker and thicker, if we don’t leave, we really won’t be able to!”

Lin Ran busily warned, turning around and running with Long Ya in tow.

“Roar!”

The fire dragon Shio was already in a rage, and although he was slightly calmer at this point having returned to his lair, in this underground world, his speed was still not something Lin Ran could easily shake off alone.

Coupled with the fact that this was someone else’s territory, the two of them were soon blocked by Fire Dragon Shi.

“What to do!”

Long Ya was filled with anxiety, not knowing what to do.

“I don’t know, if you have a chance, run, it’s better than both of you dying here!”

Lin Ran said.

“No, even if I die I’ll die with you!”

Long Ya said firmly, while directly holding Lin Ran’s hand.

“How old are you and you’re still saying such childish things, hurry up and go! I’m blocking it!”

Lin Ran was filled with speechlessness as he hurriedly urged.

“But!”

Long Ya still wanted to say something.

“There’s no buts, if even you don’t get out, who will know I die there in the future? There won’t even be a corpse collector! Get going!”

Lin Ran scolded.

“I!”

Long Ya was speechless for a moment, seeing that Lin Ran was actually going to stay behind to fight Fire Dragon Shi alone for her own sake caused her entire body to tremble.

Although she was eager to stay and fight with Lin Ran, even if she ended up dying in battle, she wouldn't regret it.

But Lin Ran was also right, if both of them couldn't get out, I was afraid that in the future, there wouldn't even be a corpse collector.

"You take care of yourself!"

Long Ya reminded, turned around and ran towards the exit.

"Roar!"

The fire dragon Shio sent Lin Ran flying with a tail blow, followed by actually twisting his tentacles and slapping them directly on the rock wall of the exit.

"Rumble!" Countless debris rolled down, instantly sealing the exit.

And Long Ya was also smashed by a large rocky mess, and had to retreat back again.

"The exit is sealed!"

Long Ya said busily.

"I saw it! This thing doesn't want us to leave!"

Lin Ran's face was stony as he looked at Fire Dragon Shi with killing intent in his eyes.

"Then what should we do!"

Long Ya asked busily.

"What should we do? What else can we do? They want to kill us, what else do you think we can do!"

The killing intent in Lin Ran's eyes grew thicker and thicker, and he couldn't help but lick his lips.

"Want to kill me! Then let's see if your life is tough enough!"

Lin Ran said with a flip of his palm, and the dagger's broken tip had already appeared from his hand.

"Roar!"

However, before Lin Ran could launch his attack, suddenly Fire Dragon Shields actually lunged directly towards Long Ya.

The speed was simply staggering.

"Be careful!"

Lin Ran shouted.

Long Ya, on the other hand, hurriedly drew a white longsword and met Fire Dragon Shi's head with a sword.

This sword was at least at the ninth level of Long Ya's strength, but at this moment, when it struck Fire Dragon Shi's body, it merely made a bloodstain, not even splitting the flesh.

“Why is this guy’s skin so hard,? It wasn’t like this before!”

There was some despair in Long Ya’s heart.

It couldn’t even split the skin of Fire Dragon Shi, how else could it fight.

“Roar!”

Fire Dragon Shi was also angry, and with a swipe of his tail, he slapped directly on Long Ya’s body, instantly sending him into the wall, knocking off a large piece of debris along with him.

“Long Ya!”

Lin Ran was still a step behind in his haste and went up to find Long Ya, the ninja was already covered in wounds and had passed out.

“Bastard!”

The killing intent in Lin Ran’s eyes intensified by a few points.

From the moment he had entered this underground world, he had noticed that this Fire Dragon Shi had turned its skin from the pinkish colour it had been at the beginning after it had molted, to a dark brown colour, and it was obvious that this layer of its skin was rapidly becoming hardened after entering this underground world.

Previously, within the formation, it had just finished molting its skin and the crowd was able to easily injure it, but in this underground world? Its skin was getting harder and harder, to the point where even Long Ya was now unable to break through its defenses.

“Bastard!”

Lin Ran swung Long Ya into the small world of the pillow book, then got up and looked at the Fire Dragon Shi in front of him, a white glow faintly emerging from the broken tip of the dagger in his hand.

Lin Ran is really angry.

“Ling Sa and Long Ya were both injured by you, you even ate Feng Xi and injured Wu Jiao, and this inner bile of yours must be very good, so! You must die!”

Lin Ran looked at Fire Dragon Shi, his eyes suddenly tightening as he followed and charged towards the latter.

Chapter 1086

“Beast to death!”

Lin Ran looked like a madman and lunged towards Fire Dragon Shi.

“Roar!”

The Fire Dragon Shields seemed to have sensed Lin Ran’s anger as well, and its red pupils actually showed disdain.

It lay motionless in its spot, actually not putting Lin Ran in its eyes at all.

“Bastard!”

Lin Ran cursed, and the broken tip of the dagger in his hand stabbed towards the eyes of Fire Dragon Shi.

“Whoosh!”

A windy sound rang out violently, followed by Fire Dragon Shi’s huge tail slapping towards Lin Ran.

“Bang!”

Lin Ran couldn’t dodge quickly enough, and was directly sent flying out of the room, cracking the wall.

But at the same time, Fire Dragon Shields let out a miserable scream as cherry red blood flowed out along its tail.

Just now, Lin Ran’s dagger had actually cut a deep gash into Fire Dragon Shio’s tail.

“Roar!”

The Fire Dragon Shield was furious, and before Lin Ran could get off the wall, he charged straight towards it.

His huge claws directly scratched the deep pit that he had surprisingly smashed into before.

“How fucking vicious!”

Lin Ran appeared in mid-air at some point and looked at the spot where he had been before, which had been razed to the ground, and couldn’t help but feel a little chill in his heart.

This Fire Dragon Shields looked stupid, but when it was fierce, it was truly unstoppable.

“But that’s it! It’s over!”

Lin Ran’s eyes fiercely chilled as his body moved towards Fire Dragon Shi once more to kill him.

By the time Fire Dragon Shi sensed it, Lin Ran had already reached it, and without saying a word, he plunged a dagger directly into the back of the creature.

“Pfft.”

A stream of blood immediately spurted out.

This dagger’s broken tip was a very sharp dagger that had the effect of sharpening iron like mud, and with Lin Ran’s true qi infusion, it was easy to break this Fire Dragon Shih’s defence.

When its back was broken, the Fire Dragon Shield let out a scream and its claws danced to slap Lin Ran down.

However, Lin Ran was on its back, making it impossible for it to reach it.

“Roar!”

Finally, in a fit of rage, Fire Dragon Shields’ two tentacles stabbed towards Lin Ran.

These two tentacles were originally supposed to be Fire Dragon Shield's hind limbs, but now they had evolved into two tentacles.

"Whoosh!"

The two tentacles were extremely fast and wrapped around Lin Ran in an instant when he was completely defenseless.

"Bang Bang."

Wrapped up in the tentacles, Lin Ran instantly became a living target, being manipulated by Fire Dragon Shii to slap him on the ground time and time again.

There were even times when Lin Ran could clearly hear the sound of his bones breaking.

"This beast!"

Lin Ran's eyes were flushed red at this point, and the killing intent in his eyes had reached its extreme.

"Out!"

He only saw him roar, and the broken tip in his hand came out in response, instantly slicing one of the tentacles wrapped around his body in two under the wrap of his true qi.

Fire Dragon Shih ate the pain and threw Lin Ran out with one hand, smashing heavily against the wall.

When Lin Ran stabilised himself again and looked over, he realised that Fire Dragon Shi was no better than himself.

This guy's back was covered in blood, his two tentacles were only one at this point, and his eyes were obviously bloodshot with rage.

"Bastard,? You're really tough, it's not enough time to end it!"

Lin Ran's palm once again gripped the dagger's broken tip.

It was time to end the tangle after so long.

"Suffer death!"

Lin Ran's eyes fiercely chilled as his body moved towards Fire Dragon Shi and he killed.

"Roar!"

The Fire Dragon Shi also seemed to be prepared to fight to the death, as one of its tentacles was raised high in the air, and its two powerful front claws pounced straight at Lin Ran.

These two front claws were like two huge pincers, and if they were to grab a person, they would probably be able to tear them to pieces in an instant.

"Bang!"

The two collided, and immediately a huge gash directly split one of Fire Dragon Shield's claws into two.

Lin Ran was no better, taking a heavy blow to his chest from Fire Dragon Shi's other claw.

A mouthful of blood instantly spurting out.

“Die!”

The dagger in Lin Ran’s hand went towards Fire Dragon Shih’s eyes.

But who knew that this creature would not care, allowing Lin Ran’s dagger to blind one of its eyes, while its other claw directly grabbed Lin Ran’s neck.

The tremendous force instantly scratched Lin Ran’s neck with a clicking sound.

Lin Ran had no doubt that if this creature had hit him with more power, he would have been killed on the spot.

“How can this thing be so strong!”

Lin Ran was puzzled in his heart.

At the beginning, Wu Jiao had also hunted and killed a metallic beast, but he had only suffered some injuries.

Why was this Fire Dragon Shih that he was facing this time as terrifying as it had been at the beginning.

He himself was at the peak of the Heaven Seizing Realm, but he could only fight to the death.

“Bastard! Give me death!”

The feeling of suffocation made Lin Ran go crazy, and the silver needles on his wrist shot straight towards the Fire Dragon Shire like a pearly rain.

“Pffffff.”

A series of sounds like firecrackers exploded in quick succession.

Lin Ran’s eyes narrowed slightly as the choking sensation made his eyes begin to see the situation a little unclearly.

But he could still vaguely see.

Underneath his countless silver needles, Fire Dragon Shi’s entire body was covered in bloody slits, and the blood flowing straight down dyed the ground around him red.

“Bang!”

Suddenly, Lin Ran only felt himself hit the ground, and the feeling of restraint on his neck disappeared.

Sanity quickly returned, and only a moment later did Lin Ran see it.

It turned out to be that Fire Dragon Shi was already lying on the ground, gasping for air but not moving in any way.

Clearly his own silver needles had injured this fellow quite badly.

“Hand!”

Lin Ran put the silver needle back with a thought.

And then he took out his dagger to break the tip and walked up to remove the red inner lining located on Fire Dragon Shih's back.

"Finally, I got it!"

Only when he saw the red inner lining did Lin Ran's heart sigh with relief.

After all the hardships he had gone through, he had finally obtained it, so it was not a bad trip.

"Poof!"

Suddenly, just at this moment when Lin Ran let his guard down.

A shadow had pierced his hind, only to see something as thick as a thumb stabbing out of his chest, still stained with blood.

"Damn it!"

Lin Ran's whole body shook with a sharp pain and recognized it at a glance, it was none other than one of Fire Dragon Shi's remaining tentacles.

But who knew that he had actually fallen prey to this.

"Roar!"

With almost the last of his strength, the Fire Dragon Shields drove his tentacle through Lin Ran's body.

After that, he slumped to the ground and didn't move a muscle.

Lin Ran had already reached his limit, and now that he had been penetrated by the tentacle, his entire body was lying on the ground, his face pale and unable to speak a word.

"Rumble!"

Suddenly, the entire underground space began to tremble, and the blood of the Fire Dragon Shih soon stained the entire altar.

Following this, the entire altar actually cracked open from it, and a huge crack appeared directly underneath Fire Dragon Shi.

But this one was so big that it actually got stuck in the crack and did not fall down for a while.

"Long Ya!"

This turn of events also brought Long Ya to Lin Ran's side, but unfortunately at this moment, she was still unconscious.

"Bang!"

Suddenly, there was another explosion, and Lin Ran saw that the exit that had been sealed off was actually blown open at this moment.

"Could it be Fatty?"

Lin Ran's heart was overjoyed, and he thought it was Wang Yifeng coming to his rescue.

But following that, he froze.

This was because the person who appeared at the entrance was not Wang Yifeng, but Yue Qunshan.

"What a desperate situation!"

Lin Ran sighed helplessly, he himself was in critical condition, and Long Ya was even unconscious, so how could he deal with Yue Qunshan.

"It's just that! Let's listen to the heavens!"

Lin Ran revealed a helpless, bitter smile, followed by pulling Long Ya and turning around, directly pressing on top of Fire Dragon Shi.

As soon as the weight of both of them was pressed up, the two of them and Fire Dragon Shi immediately fell down towards the bottom of the altar together.

"How cruel!"

Watching the two of them fall down, Yue Qunshan gritted his teeth, but after thinking about it he decided to wait and see here, now that he could no longer return to Qiong Hua Mountain, he had to see Lin Ran die with his own eyes before he left.

Chapter 1087

It is a fiery red world, surrounded by a red colour, with no end in sight.

But on this fiery red river of lava is a small island of small size.

The island was desolate, except for a statue that stood quietly.

Beside the statue, the two figures were none other than Lin Ran and Long Ya, as for Fire Dragon Shi was at the other end.

"Lin Ran! You'll be fine! It will definitely be!"

It was not known how long he had been unconscious, but when Long Ya woke up and saw Lin Ran beside him, as well as the corpse of Fire Dragon Shi, his entire body was on the verge of collapse.

Especially when he saw the shocking wounds on Lin Ran's body, he was close to despair.

In fact, she did not know that although Lin Ran's injuries were very serious, after all, he cultivated the True Qi of the Healing Dao, and as long as he recuperated for two years, his injuries would definitely be able to be fully recovered automatically.

But as of now, Long Ya definitely couldn't wait any longer.

"Right! The Qi of Dragon Tattoo, I still have the Qi of Dragon Tattoo!"

Long Ya was filled with worry and placed that put her palm on Lin Ran's forehead.

Immediately, a circle of milky white ripples quickly gushed out from Long Ya's hand and entered Lin Ran's mind.

Lin Ran's mind was originally very fuzzy, but suddenly he was feeling a very comfortable sensation, as if he was soaking in a hot spring by himself on a winter night.

It was so comfortable that he didn't want to wake up.

"I'm so tired!"

A moment later, Long Ya sat down on the ground with leather rolls in his eyes.

At this time, Lin Ran's wound at the chest position had disappeared, and the wounds all over his body had also faded a lot.

This was all the effect of Long Ya's Dragon Tattoo Qi.

The Dragon Tattoo Qi was a kind of true Qi unique to their Long Family, but not everyone in the Long Family had it.

Generally, those who possessed this Dragon Tattoo Qi were those with extremely special status in the Dragon Family.

Long Ya leaned on Lin Ran's shoulder to rest.

Meanwhile, in a hidden ancestral hall in the Nanyang Dragon Family, which was ten thousand miles away.

"What did you say! Xiao Ya's true qi is leaking out?"

A middle-aged man sat cross-legged on a futon, his face unusually ugly.

"Jue-yes yes! I just saw it with my True Qi Stone, Xiao Ya's True Qi has started to leak out, it must be this nee-san who has moved it!"

Across the room, a young man said anxiously.

"Bastard! Doesn't she know the importance of this Dragon True Qi?"

The middle-aged man's face looked ugly.

"Go! Send someone to bring your sister back!"

"Yes father! But father, what if Xiao Ya has found the person of her choice? After all, Qionghua Mountain is full of geniuses!"

The youth said.

"That won't work either, the people of the Dragon Family can only intermarry internally, otherwise how will this Dragon Tattoo Qi be passed on!"

The middle-aged man scolded.

Seeing this, the youth said no more, and immediately went down to make arrangements.

.....

Time passed day by day, and when the two had spent two days in this underground world, Lin Ran finally woke up.

“Long Ya, are you alright!”

Seeing Long Ya busy at one side, Lin Ran covered his chest and asked.

“It’s fine, I’ll have something to eat soon!”

Long Ya laughed.

Lin Ran, on the other hand, didn’t think too much about it, as he realised that the injury on his chest had disappeared.

“Master Shu, my injury”

Lin Ran asked busily.

“It was that nee-san, she used a type of Dragon True Qi to save you, but I can tell that the Dragon True Qi is very special, you and her are probably inseparable!”

The pillow said blandly.

“Huh?”

Lin Ran was stunned and was busy looking at Long Ya, it seemed that there was indeed an extra hint of a hidden connection between the two.

“Long Ya, what is Dragon Man True Qi?”

Lin Ran asked after thinking about it.

After all, this matter concerned the two of them, and he still wanted to find out.

“Don’t ask, it’s good that you’re fine!”

Long Ya laughed.

At the same time, she handed a piece of roasted meat to Lin Ran.

Lin Ran didn’t think much of it and took a bite, it felt quite fragrant? He then gobbled it up.

But the doubt in his heart still nagged at him a little, and then he asked.

“Long Ya, you have to tell me, is this Dragon Pattern True Qi very important to you?”

“It’s really nothing, don’t ask!”

Long Ya’s pretty face was a little red, but there was a trace of bitterness between her eyebrows.

“You said, if you use this Dragon Tattoo True Qi, there must be trouble, you know how I am, there’s no way I can pretend that nothing happened!”

Lin Ran said solemnly.

He hadn't even heard of this Dragon Pattern True Qi, it must be extraordinary, and since Long Ya possessed and used it, he was also afraid that there would be some consequences that Long Ya wouldn't tell himself.

"Actually, it's not much!"

Long Ya spoke after a pause.

"This Dragon Pattern True Qi is a system unique to our Dragon Family, and anyone in our Dragon Family who possesses this system must intermarry within the clan and find someone who also possesses this system, so that after the offspring will inevitably have offspring with this Dragon Pattern Qi."

"And those who possess this Dragon Tattoo Qi? cultivation talent will be very good, and this is the reason why our Dragon Family has endured for so long!"

"Then you gave it to me?"

Lin Ran was stunned.

"It's alright, just a little bit!"

Long Ya laughed, but her pretty face turned even redder.

It wasn't just a little bit, this Dragon Tattoo Qi was extremely important to their Long family, especially for a girl, offering it to a man could be said to be tying their lives together.

For the Dragon Family woman, offering the Dragon Tattoo Qi for the first time was simply a choice to identify a man.

It was just that she was too embarrassed to tell Lin Ran.

"Kid, don't you understand yet, the fact that she gave you the Dragon Tattoo Qi means that she already treats you as her own man!"

The pillow laughed, in his world again, this sort of thing was common, so he immediately understood what Long Ya meant.

Lin Ran laughed helplessly.

"Long Ya, I'm not worthy of you!"

Long Ya was stunned for a moment, and then laughed as well.

"What's not worth it, all I know is that I like you!"

"But I do!"

Lin Ran's face showed bitterness.

"You don't need to say it, sister Ling Sa has told me, you are still in a relationship with four other women, I, Long Ya, don't care, you were almost killed by Fire Dragon Shi in order to save me, if you let me watch you die, it would be better to just kill me!"

Long Ya said seriously.

Lin Ran saw that if the conversation continued, something was probably going to happen, so he hurriedly changed the subject.

“This shitty place, where did you find the meat?”

“Right there, there’s plenty of it!”

Long Ya pointed to the huge fire dragon Shio next to her.

“You

Lin Ran instantly felt confused.

“Why aren’t you eating it?”

Then asked.

“I didn’t eat it because I thought it was dirty!”

Long Ya rightfully said.

“Then you still let me eat it!”

Lin Ran instantly felt like he was being punked.

“You can’t not eat it, you’re too weak!”

Long Ya said.

“I

Lin Ran was completely speechless.

He threw the meat that wasn’t much left directly aside and said that he didn’t want to eat any more.

Although wild beasts could be eaten for their meat, eating Fire Dragon Shields was something Lin Ran really didn’t have the guts to do.

“If you don’t eat, you don’t have to eat, anyway, we cultivators can’t die even if we don’t eat for ten days and half a month!”

Long Ya laughed.

“You get better here now, then we’ll go out!”

“Mm!”

Lin Ran nodded his head and immediately began to cross his legs and cultivate.

Chapter 1088

As time passed, and as Lin Ran’s strength gradually recovered, the two men’s injuries gradually got better.

Originally, Lin Ran was a doctor, and with his strength restored, treating the injuries was naturally at hand.

The eighth day of the fall into the rift.

“Long Ya, you woke up earlier than mine, how much do you know about this place?”

Lin Ran got up and asked Long Ya, who was resting beside him.

In fact, ever since they fell into this place, they both took a closer look at it while cultivating, but there was never anything to discover.

“I think this should be a very mysterious sacrificial ground!”

Long Ya said, pointing to the tall statue next to her.

“This statue is strange, it’s clearly carved in the shape of a young man, but the hair and beard on his head are replaced with white, somewhat like the face of a youth with the hair and beard of an old man.”

“Hmm!”

Lin Ran nodded his head, he had actually noticed this too.

“It’s a pity that this statue has existed for too long, it’s already a little blurry and indistinguishable!”

Lin Ran sighed.

They had seen this statue more than once.

Unfortunately, none of them could see the true appearance.

The entire statue was about five meters tall, sturdy and mysterious, but unfortunately the corrosion was so severe that the appearance could no longer be seen clearly at all.

“By the way, speaking of this statue, how are we going to leave this hellish place?”

Long Ya suddenly asked.

Lin Ran was also stunned.

“Yeah, how are we going to get out of here ourselves?”

It was scorching hot around this space and pitch black above.

According to the statue’s height of five metres, that meant that the crack that fell down above the two men’s heads had to be at least ten metres away from where they were.

Although they were both cultivators and could imperialize the air.

But what if the distance was far more than ten metres or even higher?

Once they couldn’t find the crack in the air, once their true qi ran out, all that would be waiting for them was death.

“We can’t rush, we have to be calm!”

Lin Ran reminded.

“I know this, but at the current rate of progress, we’ll be able to recover completely in another day, by then we’ll always have to find an exit to leave!”

Long Ya said.

Lin Ran didn’t answer, instead he went straight to the statue.

Leaving was a must, but since he was here, right now he still wanted to take advantage of the last minute to figure out what was wrong with the statue.

This was the back mountain of Qiong Hua Mountain, but in this place, there was actually such a large statue hidden, which was a bit unbelievable when you thought about it.

“Hmm?”

Suddenly, Lin Ran’s eyes twitched and he noticed that on the back of this statue, there seemed to be many dents.

“What is this?”

Lin Ran used his palm to gently wipe the dust off the dents, and soon a line of words appeared on top of the statue.

“The Golden Body of the Holy Lord!”

Looking at the four pale words, Lin Ran couldn’t help but frown slightly.

What was the Golden Body of the Holy Lord? And who was this Saint Lord?

“Who’s the Holy Lord?”

On the side, Long Ya also came over with a bewildered look on her face.

“I don’t know! But the Saint Lord should be referring to the owner of this statue.”

Lin Ran said.

“Are there any other words?”

Long Ya asked.

“No more!”

Lin Ran shook his head, on the entire statue, apart from these inconspicuous four words, there wasn’t even a single extra word.

“Forget about him, perhaps he is the Holy Lord on the statue, but it has nothing to do with us, let’s just get ready to leave here!”

Lin Ran said indifferently.

“Hm!”

Long Ya nodded, and the two of them whirled and packed up.

Since the task of hunting the Fire Dragon Shields was barely completed this time, the two of them were still in a good mood.

The only thing Lin Ran was worried about at the moment was Ling Sa's safety, and he didn't know how she was doing after being hit by Fire Dragon Shi's poisonous mist.

As he thought about it, Lin Ran sorted through his things, especially the Fire Dragon Tide's inner guts, which he held in his hands for a while.

After tossing and turning for such a long time, for such an inner urchin, he wondered if it was really worth it.

"Weng!"

Just as the two were sorting out their things.

Suddenly a buzzing sound broke the calmness of the underground space.

"What's going on?"

Long Ya was busy looking at Lin Ran.

Lin Ran was also filled with confusion.

"I don't know!"

Lin Ran hurriedly dumped out everything in his backpack, and soon the two of them landed their eyes on one of the short swords.

"This short sword!"

Lin Ran was stunned as he looked at it, and couldn't help but frown slightly.

This sick short sword was the same one that he had obtained from Yue Bu back then, one of which he had thrown away at the Ten Thousand Treasures Spell Formation, and this was the last one that Lin Ran had kept because it was related to the red venom under the floor of the Ten Thousand Treasures Spell Formation.

But unexpectedly, it had actually changed again in this underground space.

"What the hell is going on here?"

Long Ya looked at Lin Ran, also at a loss.

"I don't know either! Let's see what it's up to first!"

Lin Ran said.

The truth was that even he didn't know what the hair province had done.

He saw the short sword tremble on the ground for a while, then it actually flew towards the statue with a "whoosh".

Then, the short sword was stuck directly in front of the statue, as if it was worshipping, not moving at all.

“This short sword came from a disciple of the Yue family!”

Lin Ran didn’t know what to say, so he told the story of where the short sword came from.

“A short sword from the Yue family? But how could it react with this Saint Lord statue?”

Long Ya was still at a loss after hearing this.

“I don’t know either, but this short sword is getting more and more mysterious!”

A trace of confusion flashed in Lin Ran’s eyes, then he still went forward and prepared to pull the short sword out.

This thing had been linked to something unusual one after another, which made Lin Ran curious as to how this short sword had come to be, and how it had appeared in the Yue family and ended up in Yue Bu’s hands.

“Hm?”

Lin Ran put forth his strength, but he soon realised that the short sword was actually not moving at all.

“Come and help!”

Lin Ran greeted, and then he and Long Ya fired together.

“Bang!”

The short sword was violently pulled out of the ground, but the two of them also fell down towards the back with an unstable weight?

“Boom!”

Lin Ran held the short sword in his hand, but just then, the entire underground space actually changed.

In front of the original Saint Lord statue, an entrance spreading downwards had actually appeared, leading to who knows where.

“What is this again?”

Long Ya looked at the entrance in front of her and was worried.

“I don’t know! But we have to go down and take a look!”

Lin Ran said.

“Don’t put it, there’s no telling where it leads down here, and it’s too dark too!”

Long Ya was a bit reluctant to go down there.

“We have to go down, there’s no way to go up, and we don’t know how long we’ll have to fly before we find the crack, maybe this entrance in front of us is the exit!”

Lin Ran said.

He actually didn't want to take the risk either, but what was in front of him was the only way out.

"Alright then!"

Long Ya gritted her teeth and finally agreed.

The two of them rested for another day until their strength was fully restored, then they packed up their things and jumped in towards the entrance in front of them.

Chapter 1089

Underneath the entrance, there were all artificially carved passages, which reassured Lin Ran and his team.

At least it meant that this was a place where someone had come before.

The two of them walked through the passageway for two hours before a bright light finally appeared in front of them.

"An exit?"

Seeing the bright light, both of them were delighted in their hearts and immediately ran towards the exit.

"Here"

The moment they stepped out of the hole, both of them were stunned, it was exactly the southeast corner of the square they had fallen down before.

"We actually came up!"

Looking at the wrecked altar, both of them felt as if they were in a different world.

"Lin Ran, let's get out of here!"

Long Ya shouted, while pulling Lin Ran and running towards the exit.

"Wait!"

Lin Ran, however, suddenly pulled Long Ya back.

"What's wrong?"

Long Ya asked.

"Be careful there's an ambush outside!"

The two of them frowned.

"An ambush? Who is it?"

Long Ya didn't think so, the people who came in with them should all be at Qiong Hua Mountain at this time, who else could come and ambush them?

“You forgot, I told you before, if it wasn’t for Yue Qunshan blowing up the entrance, I wouldn’t have taken you to jump under the rift, Yue Qunshan didn’t follow him down, so he might be guarding the outside!”

Lin Ran reminded.

“No way, he killed Feng Xi and shaded us, he definitely can’t mix in Qionghua Mountain once he’s condensed, and he still dares to stay here?”

Long Ya, however, shook her head in disbelief.

“It’s always right to be careful!”

Lin Ran said, followed by walking in front of Long Ya, the two of them then carefully walked towards the exit.

.....

Outside the exit, it was snow-covered.

In fact, the snow above hadn’t stopped since the two of Lin Ran had entered the underground, and then with the death of Fire Dragon Shi, the temperature of the entire canyon had dropped, and it was soon covered in snowflakes.

“You see, I told you who would be ambushed here!”

After walking out, Long Ya took a deep breath, feeling the fresh air outside, making her whole body look lazy.

“Maybe!”

Lin Ran laughed, ? Not saying much.

“Hey! Lin Ran look over there, why is there a bone?”

Suddenly Long Ya pointed at the snowy surface to the side and exclaimed.

Lin Ran also looked over, and with this look his face suddenly changed.

Only to see that on the snow, there were actually bones thrown all over the place, and all of them were of birds.

“Not good! Quickly go!”

Lin Ran busily greeted.

But as soon as his words left his mouth, there was a change around him.

“Weng!”

A red light shot up into the sky, and an array instantly enveloped the two.

“There’s an ambush!”

Long Ya’s face paled in fear, she had felt fine before, but then the two were enveloped by the formation.

“Don’t argue away!”

Lin Ran was busy pulling Long Ya behind him, looking around vigilantly.

The formation wasn’t difficult, but it would take time to break it.

“Lin Ran! Could it be Yue Qunshan!”

Long Ya asked in a low voice, but there was anger on her face.

Ever since she had learned that it was Yue Qun Shan who had broken the formation that had surrounded them in the Fire Dragon Shire, she had hated Yue Qun Shan to the core.

After all, it was a matter of human lives at stake, especially when the latter had actually let Feng Xi die for him.

Feng Xi loved him so much, but he was

“I don’t know, but I’ll find out soon!”

Lin Ran said indifferently.

At least half a month had passed since the accident, but the other party was still guarding this place, other than Yue Qunshan, he couldn’t really think of anyone else who would be so persistent.

“Tsk! Look at that, what a pair of loving lovebirds!”

Suddenly, a voice rang out from within the formation, who else was there but Yue Qunshan.

“Yue Qunshan you still dare to appear!”

Hearing this voice, Long Ya was already furious.

“What? You don’t have a bit of regret for seeing me?”

Yue Qunshan, however, laughed.

“Regret? What I regret most is how I was blind to be your teammate in the first place!”

Long Ya said angrily.

“Tsk! Pissed off? It’s not too late for you to do it now, as long as you are my Yue Qunshan’s woman? Not only can I leave you unharmed, I can even take you away! How about considering a deal love?”

Yue Qunshan laughed.

“I pooh!”

Long Ya gnashed her teeth in hatred.

“I, Long Ya, will not be with you even if no man wants me in my life!”

“Is that so? Don’t you just like this kid beside you, fine! How about I fulfill you and let you be a pair of lonely ghosts here!”

Yue Qunshan laughed coldly.

“Just by you? You think I’m afraid of you just because you made a formation?”

Long Ya said disdainfully.

“Who are you afraid of, Long Ya? You are the cousin of Long Ji Tian, you can break into the whole Qionghua Mountain, but can you use your brain? This is the back mountain canyon, how long can your cousin’s hand reach here?”

Yue Qunshan laughed.

“You’ve said so much, but it’s just because of me, right?”

Lin Ran suddenly spoke.

“Oh, you’re not stupid! That’s right! It’s because of you!”

Yue Qunshan said in a cold voice.

“Then do you know about your Yue family’s foreign clan?”

Lin Ran suddenly asked.

“The affairs of the outer clan? What does it have to do with Laozi!”

Yue Qunshan’s face sank.

Long Ya also looked at Lin Ran, wondering why he had suddenly brought up the matter of the outer clan.

“Do you know Yue Shan?”

Lin Ran continued.

“Elder Yue Shan?”

Yue Qunshan’s face was stunned as he said in a cold voice.

“You are one of the elders of our Yue Clan, and although you are in charge of the outer clan, your strength is not something you can bring up!”

Yue Qunshan said in a cold voice.

“O? Well, it seems that Elder Yue Shan hasn’t told you about me!”

Lin Ran laughed.

“That’s natural, how would Elder Yue Shan know a brat like you!”

Yue Qunshan had a disdainful look on his face.

“Haha! Good, since that’s the case, then I’m relieved!”

Lin Ran, however, laughed.

“What do you mean?”

Yue Qunshan frowned slightly, not understanding what medicine Lin Ran was selling in his gourd.

“It means that I have killed many of your Yue family members, not one more than you!”

Lin Ran laughed.

“Arrogant! Where did this unknowing thing come from to spout off here!”

Yue Qunshan said in a cold voice.

“It’s still not a big talk, just try it and you’ll see!”

Lin Ran had a cold smile in his eyes.

“Humph! Since you’re in such a hurry, I’ll make it happen!”

Yue Qunshan let out a cold voice, and followed it with no more words.

“Lin Ran!”

Long Ya looked towards Lin Ran, with tension in her eyes.

Lin Ran, on the other hand, only smiled and stopped speaking.

“Give me death!”

A violent shout rang out, followed by the rapid flow of true qi within the formation, followed by a giant tiger head that was a hundred feet tall lunging at Lin Ran.

It all happened in a flash of lightning, and when Long Ya and Lin Ran noticed it, they were already a step too late.

“Lin Ran, be careful!”

Long Ya shouted almost subconsciously.

But Lin Ran raised his hand and followed his figure as it submerged within the giant tiger’s head.

“Lin Ran!”

Long Ya’s entire body shook at this scene and almost fainted on the spot.

“Bang!”

Suddenly, a muffled sound woke Long Ya up.

She saw that the giant tiger’s head had passed right through Lin Ran, and then slowly drifted away like a wisp of yellow smoke.

And the scene around him was actually rapidly becoming clearer, as if the formation was about to disappear.

“How can this be, how can you possibly break my formation!”

Soon after, Yue Qunshan's figure appeared not far away and was looking at Lin Ran with a terrified expression.

"Break the formation? Have you forgotten how you first plucked my formation flag?"

Lin Ran laughed.

"You used a formation flag, how could your formation cultivation be so high?"

Yue Qunshan didn't believe it.

Using a formation flag was generally a novice, or at least one with little attainment in formation cultivation, but at this moment.

"I'm using a formation flag just because my formation cultivation is not good? Did I tell you that? Or did someone else tell you?"

Lin Ran laughed.

Chapter 1090

"You! You!"

Yue Qunshan was so angry that his old face turned red.

"Even if you break my formation, so what, you two have already been deeply and severely injured from the previous battle with Fire Dragon Shi, do you think you are still my opponent!"

Yue Qunshan laughed coldly.

"Hehe, I'll tell you this question!"

On the side, Long Ya had already been holding his anger, and at this moment, he took the lead and charged directly towards Yue Qun Shan.

"Hmph! Bitch, looking for death!"

Yue Qunshan's face turned cold as he immediately also faced towards Long Ya.

"Miso!"

Long Ya didn't bother to pay any attention to Yue Qunshan, and with a shake of her longsword in her hand, a sword mane went straight to the latter's chest.

"Hmph! Let's see how many layers of strength you still have!"

Yue Qunshan's face turned cold as a mountain-opening axe in his hand also went up towards the sword mane as well.

"Bang!"

The two collided and there was a "poof" sound, followed by a figure being directly thrown away.

"How is this possible!"

Yue Qunshan fell to the ground with a shocked look on his face, looking at his tiger's mouth that had been torn apart, his eyes filled with horror.

It was only one face-to-face, and he actually! I can't believe that I lost.

"You How can you be so strong!"

Yue Qunshan's body trembled.

"Aren't I usually this strong?"

Long Ya laughed disdainfully as the longsword in her hand was raised once again.

"Impossible! I clearly saw before that both you and him were seriously injured, it's only been a few days, how could you have recovered your strength so quickly!"

Yue Qunshan questioned.

"I'll tell you with what Lin Ran just said!"

Long Ya laughed.

"Who told you that we couldn't recover in the past few days? Who did tell you that I was seriously injured too?"

"Lin Wai, I can also be telling you that you're worthy of going to the Yue family with you! Your Yue family is no different from a piece of shit in my eyes!"

"You!"

Yue Qunshan was blue with anger, but he was powerless to retort.

"That's enough of your nonsense, you should die next!"

Long Ya's face sank, and the long sword in her hand already flew out in response.

"You can't kill me, I am also a member of Qiong Hua Mountain!"

Yue Qunshan's face was full of horror.

"I was wondering the same thing, you have caused us so much misery, Feng Xi even died directly in the mouth of the Fire Dragon Shi, how come you are fine!"

Long Ya scolded angrily, the long sword in her hand had already reached Yue Qunshan.

"That's because you guys are stupid!"

Yue Qunshan's eyes fiercely chilled, and a large black mass in his hand was flung directly towards Long Ya.

"Be careful! It's a poison needle!"

Lin Ran busily warned, while slapping his palm out, shattering all the silver needles that were roaming the sky.

“Damn it!”

Yue Qunshan was so angry that he slapped his palm on the ground and turned around to run.

Are you kidding me? The situation at hand would be truly stupid if he were to stay.

On a normal day, he couldn't even defeat Long Ya himself, let alone having a Lin Ran on the sidelines at this moment.

“Want to run?”

Long Ya saw this and flung her longsword out in her hand, heading straight for Yue Qunshan's back.

“How can you stop me if I want to leave?”

Yue Qunshan laughed coldly, a white light sprang up under his feet, his body instantly actually increased several times.

“Escape body technique?”

Seeing this scene, Long Ya was so angry that her pretty face turned red.

“Bastard!”

“I'll do it!”

On the side, Lin Ran also saw what was really going on and couldn't help but laugh.

“Yue Qunshan didn't think that what you were best at was actually running away, why is it that you're used to being chased before?”

“Cut the fucking crap there, don't you want to kill me? Go ahead and kill me! I'm afraid you won't be able to catch up with me!”

Yue Qunshan sneered.

However, Lin Ran shook his head, followed by a fierce lift of his hands, and at once several rays of light rose up in the sky around him.

“Formation rise!”

“Formation? You didn't fucking strike just now but you were actually setting up a formation!”

Yue Qunshan was so angry that his old face turned red.

But at this moment, it was too late to say anything, he could only rely on his speed and rush out before the formation closed completely, in order to have a chance of survival.

“Hurry up! Hurry up or you won't be able to get out!”

Lin Ran urged with a smile.

“Bastard!”

Yue Qunshan's face was covered in sweat, he had already increased his speed to the limit, but the gap in the formation around him was still ahead of him.

"Can't give stay, absolutely not! To stay is to die!"

Yue Qunshan looked like a madman, and his palm squeezed his pulse.

"It's not the end of the mountain yet, we definitely can't go that far until we have to!"

Yue Qunshan kept admonishing himself.

But the exit of the formation in front of him was getting smaller and smaller, and it looked like it was about to close.

"Bastard!"

Yue Qunshan's eyes were filled with anxiety, once he was trapped by the formation, when he faced Lin Ran and Long Ya's siege and the help of the formation, it would definitely be difficult for him to escape.

"Let's fight!"

Yue Qunshan gritted his teeth and gave a squeeze to this pulse of his own.

At once, a hot stream of air flowed down his meridians all over his body.

At that moment, a layer of white light appeared outside his entire body, enveloping his entire body.

His face became a little blurred.

"What's going on?"

Seeing Yue Qunshan's speed soar, Long Ya was busy asking.

Lin Ran frowned slightly as he pondered for a moment and said.

"It's a secret technique, he's burning his life essence!"

"Burning the life essence? He's gone mad?"

Long Ya was startled.

The life essence was the root of the true qi in the body, burning the essence of one's cultivation, wouldn't one be a wastrel in the future, or perhaps one might even perish directly.

"He's not crazy, he'll die even if he's left behind by the formation, so he might as well burn his life essence and fight!"

Lin Ran said indifferently.

"So what now?"

Long Ya asked busily.

"There's no way, burning the life essence boosts his speed too much, we can't catch up!"

Lin Ran shook his head.

“Then we’ll just watch him run away?”

Long Ya was resigned, if it wasn’t for this Yue Qunshan messing up, why would their hunting plan this time be so disastrous.

“Forget it, this score will be settled sooner or later, where else could he Yue Qunshan run after offending the Mysterious Alliance, even if he ran away, the Imperial Capital Yue Family couldn’t escape either!”

Lin Ran said indifferently.

Long Ya bit her lip and wanted to say something else, but Yue Qunshan had already rushed out at the last moment of the formation closing, his figure quickly disappearing into the forest.

“It’s time for us to go too!”

Lin Ran greeted, and immediately returned to Qiong Hua Mountain with Long Ya.

.....

Qiong Hua Mountain was as quiet as ever, it seemed that this recent heavy snowfall had made everyone not want to come out, and there was not a single person to be seen on the way back to Qiong Hua Mountain.

“You should go back and rest first, I’m going to see Ling Sa!”

Standing at the door, Lin Ran said.

“I’ll go too! Ling Sa did it to save me after all!”

Long Ya said as her eyes were also red.

“Mm!”

Lin Ran nodded and without saying more, the two of them immediately arrived at the courtyard where Ling Sa was.

“Lin Ran? Long Ya?”

As soon as the two of them entered, they ran into Xu Shuang head-on.

“Where’s Ling Sa?”

Lin Ran asked busily.

“Master is inside!”

Xu Shuang’s eyes were a little red, as if he had just cried.

Lin Ran didn’t say much and immediately entered the room with Long Ya.

Only once he entered did he realise that Fire One Sword Li Mu Di and Wang Yifeng were all here.

“Ranzi!”

When they saw Lin Ran, everyone was stunned, but not quickly enough they were relieved.

“It’s good to be back alive!”

Wang Yifeng patted Lin Ran’s shoulder.

It had been almost half a month since they had left, and Wang Yifeng was really worried.

“How’s the situation with Ling Sa?”

Lin Ran asked busily.

“The injuries have completely healed and the poison has been detoxified, but the person

“The person just never woke up!”

“We thought, if you don’t come back, we’ll go find Elder Mo!”

Li Mu Di said.
