

Wonder Doctor

Chapter 1091

“I’ll take a look first!”

Lin Ran said as he had already reached close and reached out to rest his hand on Ling Sa’s pulse, and at once a true qi was sent into Ling Sa’s body.

The true qi quickly traveled throughout his body, and soon Lin Ran’s brow furrowed.

“Well?”

Seeing Lin Ran suddenly let go of his hand, Wang Yifeng was busy asking.

“I don’t know!”

Lin Ran shook his head.

“The injuries in her body are all healed, there’s no sign of any problems at all, but why doesn’t she wake up?”

“Even you can’t do anything?”

Wang Yifeng looked at Lin Ran, the latter’s level of medical skills was known to him, but now ....

“This condition of hers can no longer be considered a disease, I’ll go find Elder Mo!”

Lin Ran said, already turning around and leaving the courtyard.

“Ranzi!”

Wang Yifeng shouted and also followed out.

“Have you seen Yue Qunshan? He hasn’t appeared since we returned!”

“He should have fled back to the Imperial Capital Yue family!”

Lin Ran briefly told them about Yue Qunshan.

“Damn, this Yue family really has a dark soul, I’ll write this debt down for you, Master Fatty, we’ll have to pay it back sooner or later!”

Wang Yifeng said angrily.

“Hm!”

Lin Ran nodded and whirled around before rushing towards Mo Lao’s residence.

“Kid! Lin Ran is obviously suffering from soul loss, you would not know that?”

On the road, the pillow’s voice was the one that rang out.

“I know!”

Lin Ran nodded blandly.

“Then why are you still looking for Mo Lao, is it useful?”

Pillow Book was puzzled.

“To treat soul loss, an extremely precious herb is needed, and now that we’re at Qiong Hua Mountain, if I don’t look for him, who else can I look for?”

Lin Ran helplessly stretched his hands.

If it was outside, he could have left it to Chao Tiange, but now he was at Mount Qionghua.

He didn’t even have a mobile phone, let alone contacting Chao Tiange.

“Hey! That really can’t be helped, but this kind of soul loss can’t be delayed for too long, or it will still be very damaging to the soul!”

Pillow Book reminded.

“I know, I’ll definitely wake her up in a year!”

Lin Ran said firmly.

The damage to the soul loss syndrome was minimal within a year, once it exceeded a year the consequences were not easy to tell.

And one year was also Lin Ran’s bottom line, by then if he couldn’t find the herbs for soul loss disorder in Qiong Hua Mountain, then he would have no choice but to leave.

“Kid! What do you want from me!”

In Elder Mo’s room, Lin Ran stood respectfully.

“Elder Mo, I need an herb for soul loss, I can take money in exchange or do things for you, I’ll do anything you can offer!”

Lin Ran said respectfully.

“An herb for soul loss disorder?”

Mo Lao was stunned at his words, his fingers unconsciously tapping on the table.

Soul loss was not a major illness, and it was generally very treatable for ordinary people, but the difficulty was that Ling Ran was not an ordinary person.

For a cultivator, the soul was an extremely powerful thing, and a cultivator with soul loss was like catching a cold from an immortal king.

A cold that can make even an Immortal King catch a cold, is it still an ordinary cold? I’m afraid that ordinary medicine wouldn’t be able to cure it.

“Lin Ran, you should know how precious the herb that allows a cultivator to repair his soul is!”

Mo Lao looked at Lin Ran.

“I know that? So whatever the cost, please still ask Elder Mo to be straightforward!”

Lin Ran said solemnly.

“This matter can only depend on you!”

Elder Mo said and spoke after thinking about it.

“Within the Ninth Floor Hall, there is an herb hidden that can repair the divine soul, but that herb is very precious, and to be honest it is simply a bit of a waste to use it to repair the divine soul!”

“But as Ling Sa is a member of my Mystic Alliance, the opportunity must still be given! I’ve already told you where to get the medicine, it’s up to you to get it or not!”

“How can I get the herbs from the Ninth Floor Hall?”

Lin Ran asked with anticipation on his face.

“When you pass the ninth level, you have a chance to pick your reward, generally speaking you will choose the weapon you picked on the second level, after all, you can also get a corresponding gongfu!”

“If you give up the weapon, you can still pick it once again from the beginning, but the things you can pick are random, so it depends on your luck if you can come across that pearl herb or not!”

“I know!”

Lin Ran nodded, and without further ado, he turned around and left.

“Finding a herb inside tens of millions of things, boy! Are you really sure?”

Looking at Lin Ran’s resolute back, Elder Mo couldn’t help but sigh.

Love was always the greatest difficulty on the path of cultivation.

Whether it was affection or love, or friendship.

.....

“I’m going to the Ninth Floor Hall for retreat! Lindsay is counting on you!”

At Ling Sa’s residence, Lin Ran rushed to Xu Shuang and said solemnly.

“I understand, thank you!”

Xu Shuang was also grateful.

“Ranzi! Go for it!”

Wang Yifeng said from the side.

“I’ll come to see sister Ling Sa often!”

“Lin Ran, I’m going too!”

Long Ya also stepped forward when she learned that there were herbs on the ninth floor of the Ninth Floor Hall.

“And us!”

Fire One Sword and Li Mu Di also stepped forward.

“Thank you!”

Lin Ran didn't pretend and nodded at the crowd before swirling towards the Ninth Floor Hall.

And Long Ya and the others also followed after them.

A group of them, all of them were now on the seventh floor of the Ninth Floor Hall, and once they passed the seventh floor, the eighth floor would be next, and due to the matter of Ling Sa, so only the four of them would be the ones to break through this eighth floor at that time.

The Ninth Floor Hall, the seventh floor.

It was still the same dimly lit space with a square in the middle, and the black shadow man was still standing with his hands folded.

“On the seventh layer, you will have to combine your stances, moves, senses and breath from the first six layers to defeat me!”

The black shadow man turned around and looked at Lin Ran in a bland voice.

“Let's begin!”

Lin Ran, however, merely said indifferently, following which the Frost Condensation Sword instantly surfaced with a flip of his palm.

“Take it!”

The black shadow man turned his figure towards Lin Ran and then killed him.

“Bang Bang!”

The two instantly collided with each other, and the immense force directly shook the Black Shadow Man and sent him flying.

“Great strength, but kid, you can't win with strength alone, you have to stab the nodes on my body!”

The black shadow man laughed.

Lin Ran, however, remained expressionless, slapping his sword after the black shadow man as if he was slapping a ball.

“Shit! Kid can't understand human language, I told you that you can't win against me like this!”

The black shadow man said with hatred.

Lin Ran didn't say a word, still slapping out sword after sword, and with heavier and heavier force.

“Shit! You're sick!”

The black shadow man couldn't hold back any longer and cursed.

Lin Ran was stunned, before he raised his head to look at the other party and said.

“Sorry, I just wanted to let off some steam, as for defeating you? It’s not hard!”

With that, Lin Ran took an arrow stride and when he stopped, the Frost Condensation Sword in his hand was already against the black clothed man’s chest.

“You!”

“Shit!”

The man in black shadow was incomparably suffocated, he had just hit so hard? It turned out that it was to vent, was he himself the punching bag?

“Kid! You really piss me off, I hope that on the eighth level, you’ll still be so bashful!”

The black shadow man said and with a flash of his body had disappeared from the spot.

“Ding! The seventh floor of the Ninth Floor Hall, the record has been refreshed, the latest clearance record is zero.1 seconds!”

The refreshing sound resounded throughout Qiong Hua Mountain once again, and Wang Yifeng, Long Ya Li Mu Di and the others in seclusion were all stunned.

Then the crowd laughed.

“This kid’s ruthlessness has come back!”

Wang Yifeng couldn’t help but laugh.

Chapter 1092

“Lin Ran! You have successfully broken through seven levels, the eighth level suggests your entire squad together!”

The old voice rang out.

Lin Ran, however, shook his head.

“No need, I can do it on my own!”

The three people outside Lin of his own squad, Long Ya had also been on the seventh level for so many years, while Fire One Sword and Li Mu Di had just reached the seventh level, there was no telling how long it would take to get through, he couldn’t wait, one more day for Ling Sa’s situation to become more critical.

“Are you sure you want to break through on your own?”

The old voice rang out for the second time.

“I’m sure!”

Lin Ran nodded his head.

“Good!”

A pillar of light shone down and followed Lin Ran as he disappeared into the seventh floor.

On the eighth floor, it was still the same environment, except that the bucket hat on the head of the black shadow man in front of him was gone, and a clear face was identical to Lin Ran's.

"You?"

Looking at the black shadow man in front of him, Lin Ran couldn't help but frown slightly.

"I am you! You are also me!"

The black shadow man laughed.

"If that's what it takes to defeat you!"

Lin Ran asked directly, not bothering with nonsense.

"It's simple, when you're faster than me, stronger than me, and your moves are more masterful than mine, you win!"

The black shadow man laughed.

"I'm challenging you alone, what if it's a small team coming together?"

Lin Ran suddenly asked.

"The same, if it's a small team, then come together, everyone's speed strength stances are stronger than mine, and you'll be considered the winner!"

The black shadow man laughed.

"But kid, it's actually better to be in a team, facing one person alone, and a group of people, my pressure is different, against a squad I might not be able to exert my full speed, but against you alone, my strength will not be compromised!"

"No need!"

Lin Ran smiled lightly as the Condensing Frost Sword had already surfaced in his hand.

"Hehe! You're really confident, so let's try your speed first!"

The black shadowed man laughed, following which his body disappeared from the spot.

"Eh?"

Lin Ran's face changed and he hurriedly raised his hand towards his left side, but a slap came up empty, followed by the black shadow man appearing on his left side, ? A slap lined up directly on Lin Ran's chest.

"Poof!"

A mouthful of blood suddenly spurted out, and Lin Ran's entire body to flew out.

"What speed!"

Lin Ran steadied himself and looked at the black shadow man in front of him? His eyes were filled with scorching heat.

“Worthy of being the most difficult layer in the entire Ninth Floor Hall, interesting!”

“Like I said, you’d better find a small group to come along!”

The black shadow man laughed disdainfully.

“I said no need!”

Lin Ran’s eyes chilled as his speed had increased to the extreme, and he lunged straight towards the black shadow man.

“Bang, bang, bang, bang!”

Lin Ran slapped out several palms in quick succession, but each time they were all empty, not touching the Black Shadow Man in the slightest.

“Your speed is too slow!”

The black shadow man laughed.

But Lin Ran’s fists were clenched, his speed was slow? This was already the fastest speed he could muster.

He actually said he was slow.

“Next, we’re trying out strength!”

The black shadow man guffawed, ? A punch went straight for Lin Ran’s full door.

Lin Ran’s face was ugly as he instantly took a step forward and also met the other party with a punch towards him.

“Bang!”

Another collision, and this time Lin Ran was still knocked backwards in a single glance that time.

“How is this possible, how is your strength so strong!”

Lin Ran’s eyes were filled with shock, he himself knew how strong his own strength was,? But the power of this punch against the release was something that had completely crushed himself.

“It’s you who’s too weak!”

The dark shadow man laughed.

“How about it, now there is than the last move? Or do you admit defeat yourself and will bring the little pair over?”

The black shadow man looked at Lin Ran and laughed blandly.

“No need, I said I’ll break through the eighth floor alone!”

Lin Ran said as he raised his Condensing Frost Sword and stabbed towards his opponent.

The round of moves, Lin Ran's greeting was actually quite average, the strongest was also the body technique,? After all, he hadn't learned much in the first level before.

But the stance was of very little help to the moves.

As expected.

The two of them had exchanged ten strokes, but Lin Ran's sword hadn't even touched his opponent's clothes, while on the contrary, his own side had already cracked several slits in his chest.

"Still want to fight?"

The black shadow man was leaning against a wall to the side,? looked at Lin Ran indifferently.

"Fight!"

Lin Ran gritted his teeth, suppressing the sharp pain in his body as he once again charged towards the Black Shadow Man.

"Another race for speed?"

The black shadow man laughed, and then swirled to meet him once more.

Speed, strength, and stances.

In all three areas, Lin Ran competed with the Black Shadow Man time and time again.

But without exception, all of them failed.

"Again!"

"Again!"

"Come again? Crazy!"

Time passed day by day, and even Lin Ran himself didn't know how long he had stayed on the eighth floor of the Ninth Floor Hall.

He just felt like his spirit was in a bit of a trance, and he was starting to see people with double vision.

"Kid, you've been fighting me for a full fifteen days, you're too tired and need to go rest!"

The dark shadowed man said and turned to leave.

"No! No one is allowed to leave, I'll defeat you soon!"

Lin Ran couldn't even stand still, and as he looked at the fading Black Shadow Man, he was unwilling to do so, dragging his heavy steps and rushing forward once more.

"You're too persistent!"

The black shadow man shook his head helplessly and turned around to slap Lin Ran on the chest.

But at that very moment, the Black Shadow Man's face changed, only to see his palm actually pass through Lin Ran's body.

"A residual shadow?"

The black shadow man's face suddenly changed.

His speed was so fast that the previous Lin Ran could not even escape his own strike even at full strength, let alone a residual shadow, but now this guy had actually teased himself with a residual shadow.

"Interesting!"

The black shadow man was instantly intrigued as well.

"Come again!"

Lin Ran's figure suddenly appeared on the left side again, his body swaying as he pointed at the black shadow man.

But at this moment, the latter could see clearly that there was actually a circle of ripples flowing rapidly on Lin Ran's body.

"What is this thing?"

The black shadow man frowned slightly, unable to see what this was at all.

If Long Ya were here, she would definitely be able to recognise that this was none other than their Dragon Family's Dragon Ripple Qi.

At this moment, Lin Ran's mind was still in a trance.

But he was suddenly feeling as if the speed of the black shadow man had become slower, and his delirium had still fallen for his own residual shadow.

"Come and compete with sword moves!"

As soon as the man in black's mind moved, a short sword was already facing towards Lin Ran.

"Bang Bang Bang!"

The two kept exchanging blows, and this time, Lin Ran actually dealt with all of them.

It even left a wound on the black shadow man's body.

"What?"

The Black Shadow Man's heart was also astonished beyond measure.

It had only been half a month, but this kid had actually improved so much?

"Come on! There's still power!"

The Black Shadow Man was shocked, and immediately blasted a fist towards Lin Ran.

“Power!”

Lin Ran’s body swayed as he raised his fist limply towards his opponent to meet him.

“Bang!”

There was a loud bang, and even the black shadow man himself didn’t expect that Lin Ran’s seemingly soft fist was so powerful that it instantly sent him flying backwards.

“How is this aura possible, it’s the aura of the Creation Realm, this kid!”

The black shadow man was filled with shock.

Lin Ran, however, had passed out directly after the punch was thrown.

It was only before he passed out that he vaguely heard something.

“Ding .... Ninth Floor Hall ..... Record refreshed!”

Chapter 1093

There was darkness around him, and Lin Ran himself did not know he was there.

He only vaguely felt that his body was in great pain, a pain that felt as if his dantian was about to burst open.

“Creation realm, there are three levels, Qi creation, Dan creation, and God creation!”

Suddenly a familiar voice rang out in Lin Ran’s ears.

“Master Shu? Where are you?”

Lin Ran asked busily.

However, the pillow-side book did not answer him, it just spoke to itself.

“The so-called Three Realms of Creation are worthy of these three levels, the first level, the Qi Creation Realm, requires you to create and use the spiritual energy of heaven and earth to become a part of yourself!”

“The more Qi creation realm you can absorb, the higher your future achievement will be! Therefore, at the Three Realms of Creation, you can completely judge your future achievement through the Qi Creation Realm!”

“Do you understand?”

“I understand you, dammit, where are you coming out!”

Lin Ran shouted.

But the pillow book still didn’t pay any attention to him.

The dimness around him soon engulfed Lin Ran’s consciousness, and he once again became muddled.

For a long time, he could hear these words from the pillow, and then he fell into unconsciousness again.

After this repetition, which lasted for an unknown period of time, Lin Ran only felt that his surroundings suddenly began to brighten up.

He struggled to open his eyes, and this time it was no longer darkness that caught his eyes, but a very delicate and pretty face.

“Lin Ran! You’re awake!”

The delicate pretty face had tears on it, causing Lin Ran’s heart to tighten.

“Long ..... Long Ya, where am I?”

Lin Ran slowly got up, still somewhat unresponsive.

“This is your place, you’ve been unconscious for a week!”

Long Ya took Lin Ran’s hand, her face full of worry.

“A week in a coma?”

Lin Ran tried to remember, and only then did he remember that he seemed to have broken through the eighth level in the Ninth Level Hall before!

“I don’t think I’ve broken through the eighth level yet!”

Lin Ran rubbed his head, which was still a little sore.

“What didn’t you break through? You’ve already broken through!”

Long Ya said excitedly.

“I’ve broken through?”

Lin Ran was stunned.

“That’s right! The entire Qiong Hua Mountain knew a week ago that you had broken through the eighth level all by yourself!”

Long Ya said excitedly, with even more tears in her eyes.

“Why are you so stupid, couldn’t you wait for me? You had to go and fight by yourself!”

“Lingya can’t wait for the level, you can’t delay for too long with soul loss!”

Lin Ran said.

“You’re always so nice to others, if it was me would you be so desperate?”

Long Ya looked at Lin Ran with envy in her eyes.

“What do you think?”

Lin Ran didn’t want to answer positively, he just laughed and smiled.

Long Ya gave Ling Ran a blank look and said.

“The three of us have passed the seventh level as well, so when you’re completely well, we’ll be ready to break into the eighth level!”

“Hm! Be careful!”

Lin Ran said.

“Are you concerned about me?”

Long Ya dipped her eyebrows and smiled slightly.

“Sort of!”

Lin Ran nodded.

“I knew it!”

Long Ya laughed, following which she gave Lin Ran a kiss directly on his cheek.

“You!”

Lin Ran was stunned, and instantly his face turned red.

“You’re still blushing, I’m a girl, okay!”

Long Ya was a little speechless.

“Er ..... Forget about it, I don’t have anything to do, I’ll be fine after a short rest!”

Lin Ran was busy changing the subject.

“Hmm! Are you going straight to the ninth level next?”

Long Ya suddenly asked.

“Yes!”

Lin Ran nodded his head, how could he wait when there was only one more layer to go.

“I advise you to go to Qiong Hua Tower and break through the ninth floor first!”

Long Ya reminded instead.

“How?”

Lin Ran was stunned.

“The ninth floor of this Ninth Floor Hall tests the heart demon, while on the ninth floor of the Qiong Hua Tower, there is a clear heart incantation that can strengthen the heart, so it will be safer to go and break through the Ninth Floor Hall then!”

Long Ya said.

“In that case, that’s fine!”

Lin Ran nodded, the eighth floor had already been passed anyway, and there was no rush for this moment on the final floor, the ninth.

“Mm! I’ll go first then!”

Seeing that Lin Ran had been able to get down to the ground, Long Ya left at once.

She also knew what Lin Ran was fighting so hard for, so she also wanted to pass the eighth layer as soon as possible so that she could help Lin Ran.

“Hey! Master Shu, what’s going on?”

As soon as Long Ya had left, Lin Ran shouted in his mind.

“What’s going on?”

Pillow Book was dumbfounded.

“I was dreaming earlier and waited until you were talking about the three realms of creation, what’s going on!”

Lin Ran asked busily.

“Ao, I mean you’ve crossed into the half-step creation realm, so while you’re unconscious, I’m telling you about this creation three realms thing!”

“Shit! There’s nothing to talk about!”

Lin Ran was speechless in a row, and immediately got up and walked towards Qiong Hua House.

“By the way, how is Little Nine doing these days?”

On the way, Lin Ran asked.

Xiao Jiu had been brought out by himself from the Ten Thousand Treasures Spell Formation and was originally meant to be given to Feng Lao, but the last time they met Feng Lao had no intention of asking for it, plus he liked this sister, so he kept it.

“Don’t worry, this nee-san is playing well in the small world!”

Pillow Book laughed.

“That’s fine!”

Lin He nodded his head.

.....

“Hey hey! Look it’s Lin Ran!”

“Holy shit it’s really Lin Ran!”

“Awesome!”

Just as he entered Qiong Hua House, immediately Lin Ran heard a voice talking about himself.

“Brother! Congratulations, breaking through the eighth floor of the Ninth Floor Hall alone, you’re amazing!”

Suddenly, Li Ba jumped out from the side and gave Lin Ran a straight thumbs up.

“It was just a fluke!”

Lin Ran laughed and turned around to leave.

But suddenly, he thought of something and turned his head to look at Li Baba.

“Li Ba, you’re Yue Qunshan’s follower?”

“Yes brother, but everyone knows that Yue Qunshan doesn’t see me, so I’m only nominally his follower!”

Li Ba said awkwardly.

“Then let me ask you, when you came to this Qionghua Mountain with Yue Qunshan, did he take the Heart Locking Pill?”

Lin Ran asked.

“Ate it!”

Li Ba nodded, he was present at the time and watched Yue Qunshan eat it.

“Then you should have heard about Yue Qunshan, isn’t he afraid of the revenge of the Heart Locking Pill?”

Lin Ran asked.

He was always a little puzzled by this matter.

After eating the Heart Locking Pill, how dare Yue Qunshan betray the Mysterious Alliance?

“Brother, you don’t know anything!”

Li Ba said awkwardly.

“This matter, in fact, many people were just guessing, but no one expected Yue Qunshan to really risk his life to do it!”

Saying that, Li Ba told the story once again.

It turned out that this Heart Locking Pill only said that one had to be loyal to the Mystic Alliance, and although there were rules at Mount Qionghua that one could not kill each other, there were after all no strict rules on how one could define this boundary.

For example, if Yue Qunshan killed someone from Qiong Hua Mountain directly, that would definitely not work!

But if Yue Qunshan was indirect, like Feng Xi’s death, he didn’t do it directly, Feng Xi was eaten by Fire Dragon Shi, it would be hard to define.

“Yue Qunshan just exploited this loophole, so Qiong Hua Mountain can’t say anything, after all, Feng Xi is already dead, should he kill Yue Qunshan again? Qiong Hua Mountain would definitely not do that!”

Li Ba said.

Lin Ran nodded at his words and seemed to understand.

The purpose of Qiong Hua Mountain was to cultivate talents and deal with hostile forces, Feng Xi was already dead, so it would obviously be uneconomical to kill Yue Qun Shan afterwards.

“So it seems that it’s not really impossible to kill someone at Mount Qionghua!”

Lin Ran smiled and nodded his head.

A decision had also been made in his heart, although Yue Qunshan was a member of Qiong Hua Mountain and he couldn’t kill him directly,? But as long as he waited until he reached the Imperial Capital Yue Family, there were plenty of ways to get him killed.

“Many thanks! I’m going up!”

Lin Ran smiled at Li Bajie, and then he whirled and walked up towards the upper floors.

Chapter 1094

“Lin Ran is actually talking to you!”

“Oh my god, Li Ba, you kid got lucky!”

“Yes! If you ask me, you might as well just follow Lin Ran, now that Yue Qunshan has all run away, when will you be able to leave Qionghua Mountain!”

The crowd chattered.

They, the followers, could not possibly leave Qiong Hua Mountain unless their master could leave.

“Right! I want to follow Lin Ran!”

This thought also popped up in Li Ba’s mind.

As the saying goes, a good bird chooses a good tree, not to mention that he was only a follower, so if he could follow a powerful master, it would be a chance for him too.

Lin Ran was naturally not aware of all this, at this moment he had already reached the eighth floor of Qiong Hua Tower.

The guards at Qiong Hua Tower were generally very simple, and Lin Ran naturally did not waste much effort.

After setting two new records again, he had already reached the ninth floor.

The eighth and ninth floors were already considered closer to the core of Qiong Hua Tower.

Here, Lin Ran had carefully gone through all the books and materials.

However, there was still no record of the Mysterious Alliance.

But strangely enough, on the eighth and ninth floors, Lin Ran found a large number of combined attack formations.

“These combined attack formations are all very strange, they are more inclined to be used by multiple people, starting with five people at every turn and up to a hundred people!”

Lin Ran couldn't help but frown slightly as he looked at these combined attack formations in front of him.

“Kid the facts prove to you once again that this Qiong Hua Mountain is a soldier making factory, almost certainly,? Once you leave Qiong Hua Mountain, what you will have to face in the future is war!”

The Pillow Book said.

“You mean these combined attack formations are all preparations for future wars?”

Lin Ran asked.

“Right!”

The Pillow Book nodded.

“This kind of thing, which in my world is called Dao Soldier Armour, is frankly something that allows soldiers to form joint battles!”

“What about these combined attack formations?”

Lin Ran asked.

“Pretty rubbish!”

The Pillow Book laughed.

“The best combined attack formations here are no match for the lowest level ones in my world!”

With that, an ancient book flew over.

“If you have to choose, then pick this one, this Five Elements Combination Formation is perfect for you!”

The pillow book said.

“The Five Elements Combination Formation?”

Lin Ran was stunned and instantly flipped through it to come up with it.

“The Five Elements Combined Attack Formation is based on the five elements, with five people forming a squad when combining, and each squad can also be united into a larger Five Elements Combined Attack Formation by one square!”

“Holy shit, this is a formation within a formation!”

Lin Ran quickly discovered the subtleties of this Five Elements Combined Attack Formation.

“That’s right, all changes in the monastic path are the same, this Five Elements Combined Attack Formation doesn’t have the process of anti-locking, and a flashy appearance, but the practicality is right up there with the first.”

Pillow Book said.

“Good! That’s it then!”

Lin Ran smiled as he jotted down the Five Elements Combined Strike Formation.

He then went around the ninth floor again and found many weapons of attack, including a book called the Condensing Frost Sword Sword Technique.

“It’s a pity, this Condensing Frost Sword is also a good thing, but I can’t take it away with me!”

With a regretful face, Lin Ran put the Condensing Frost Sword Sword Technique back into its original place, before getting up and walking towards the exit.

The Qiong Hua House was indeed of little use to him, the gong methods he was a medical practitioner the gong methods here were useless to him, and the entire nine floors down was only a combined attack formation method that was still okay.

“Brother!”

Just as he reached the ground floor, Li Ba greeted him again.

“Something wrong?”

Lin Ran looked at Li Ba.

“Lin Ran! Can you let me be your follower!”

Li Baba suddenly bowed respectfully.

“A follower?”

Lin Ran was stunned and busily pulled Li Baba up.

“That’s not good!”

“There’s nothing bad about it, Yue Qunshan has already left and he has never been able to look at me, Lin Ran I, Li Ba, want to follow you!”

Li Ba looked at Lin Ran, his eyes making heat.

“Don’t worry, I can make a blood oath, if there is betrayal ....”

Before Li Ba could finish his words, he was interrupted by Lin Ran.

He swept his gaze over the crowd, many of those here were followers.

“Do you all know where you are going after leaving Qiong Hua Mountain?”

The crowd all shook their heads at his words, indicating that they didn’t know.

“Then I’ll tell you all that leaving Qiong Hua Mountain will probably mean going to war, do you still want to leave?”

Lin Ran said indifferently.

At once everyone was silent.

“Now do you still want to follow me?”

Lin Ran looked at Li Ba.

“Yes!”

Li Baba, however, had a determined face.

“We’ve all heard about going to war, although we can’t be sure if it’s true! But there is one thing I do understand, Qiong Hua Mountain won’t always keep us followers!”

“Instead of being randomly assigned to others by Mount Qionghua in the future, we should decide our own future now!”

Li Ba said and looked towards Lin Ran.

“Brother Lin Ran, although I am not strong, I, Li Bajie, am willing to follow you to my death and lead the way!”

With that Li Ba actually knelt down.

“You’ve thought about it?”

Lin Ran looked at Li Ba.

“I’ve thought about it!”

Li Ba nodded his head firmly.

“Fine! Drop your blood on it, and you are my follower!”

Lin Ran took out a talisman and handed it to Li Ba, none other than the Same Life Talisman!

Li Ba did not hesitate in the slightest and directly dropped a drop of blood onto it.

“Very well!”

Lin Ran put away the Same Life Talisman and then said.

“Since you’re my follower, you can’t slack off, from today onwards the first six floors within Qiong Hua Tower? Learn by heart the combined attack formations you have access to, they will be of great use to you in the future!”

After saying that, Lin Ran turned around and left.

“Yes! Master!”

Li Ba was excited.

The other people around him also cast envious glances.

To be able to become Lin Ran's follower was definitely far higher than their own future status in cultivation.

After all, Lin Ran's popularity at Qionghua Mountain was now directly adjacent to Long Ridge Sky.

As for who of the two would end up becoming the absolute hegemon of Qionghua Mountain, it would depend on how the two would fight after Lin Ran broke through to the ninth floor of the Ninth Floor Hall.

Leaving Qionghua Tower, Lin Ran went straight to the Ninth Floor Hall.

Almost three months had passed since he first arrived at Mount Qionghua.

And for the next very long time he would stay at the Ninth Floor Hall, because Ling Sa could not afford to wait.

.....

Ninth Floor Hall, the ninth floor.

Still dimly lit, on a high platform, Lin Ran sat cross-legged, while a dark-shaded figure stood quietly beside him.

"The ninth level is going to test the heart demon, you can start at any time, if there is an accident I will wake you up!"

The black shadowed man said indifferently.

"It starts in an hour!"

Lin Ran said indifferently, while flipping out the copy of the Clear Heart Incantation from his arms, the very one he had found on the ninth floor of Qionghua Tower.

"The Bright Heart Incantation? There's not much this book can do for you!"

The black shadow man laughed at this.

Lin Ran, however, shook his head.

"It can help a little, after all, I'm likely to spend a very long time on the ninth floor!"

"A very long time?"

The black shadow man didn't understand.

Lin Ran, however, didn't bother to explain, his attention already focused on the Ming Xin incantation.

Before he began the ninth level of the Heart Demon Test, he needed to learn the Bright Heart Incantation completely.

The so-called Bright Heart Incantation was something similar to a heart sutra, which only needed to be memorised and recited by heart before losing oneself to achieve the effect of stabilising the mind.

The whole incantation was long, but to Lin Ran in an hour, it could already be easily memorised.

Chapter 1095

“Ready?”

The black shadow man’s voice rang out again.

Lin Ran nodded his head.

“Then let’s begin!”

The black shadow man said, following which an incense strain was brought out by him and then lit.

“One incense stick, one hour, let’s begin!”

A bland voice rang out, followed by Lin Ran smelling a faint fragrance, and then everything in front of him began to change.

“Where is this?”

Looking at the endless forest in front of him, Lin Ran was instantly baffled.

“Isn’t it the Heart Demon Test?”

“The pillow book?”

“Master Book!”

“Shit!”

Lin Ran tried to shout a few times, but no one responded to him.

“Ranzi?”

Suddenly, a voice rang out in Lin Ran’s ears.

“Grandma?”

Turning his head to look, Lin Ran froze in his tracks.

“Grandma, why are you here? Where is this?”

Lin Ran’s entire body was dumbfounded.

“Are you stupid, this is the back of the mountain! We’re hunting!”

Grandma laughed.

“Hunting?”

Lin Ran, however, was dumbfounded.

“Yes, to celebrate your return from revenge today!”

Grandma laughed.

“Returning with a vengeance?”

Lin Ran was even more dumbfounded.

“Yes, you look like you’ve forgotten, are you joking with Grandma, you just killed Wang Kun to avenge your parents’ death!”

Grandma laughed.

“Killed Wang Kun?”

Lin Ran was stunned, his heart vaguely game with speculation, could this be the heart demon test?

Thinking of this, Lin Ran was relieved for a while, since it was a heart demon test, then I would like to see what he could test.

“Right! Grandma, let’s go back!”

Lin Ran laughed.

“Good!”

Grandma said and pulled Lin Ran towards home.

“Honey you’re back?”

As soon as they entered the house, a familiar voice came over.

“Zhao Yu?”

Seeing the woman in the house, Lin Ran froze in his tracks.

But wasn’t it his first love, Zhao Yu.

“Honey why do you look weird, everything is ready at home, we’ll be cooking soon!”

Zhao Yu laughed.

“Ao!”

Lin Ran responded, and promptly pulled his grandmother into hiding in the kitchen.

“Grandma what’s going on, how can my daughter-in-law be Zhao Yu?”

“Have you really forgotten or is it a lie?”

Grandma looked at Lin Ran with a slight frown.

“I really forgot!”

Lin Ran said busily.

“Good, since you’ve forgotten, then simply forget about it!”

Grandma said and was about to go out.

“Grandma stop it, what’s going on!”

Lin Ran said urgently.

“Ranzi, you’ve said you don’t want to bring up these things, why are you asking again!”

Grandma looked at Lin Ran, puzzled.

“I just suddenly wanted to ask you!”

Lin Ran said.

“Go and look in the room yourself!”

Grandma guarded and left the kitchen.

Lin Ran had a vague feeling of some bad premonition in his heart and ran back to his room.

There were still red lanterns hanging in the room, and red quilt spreads, as if they had just finished tying the knot.

And in the corner of the room, there was a modest table with a tablet on it.

“Song Nuan?”

Seeing the name on the tablet, Lin Ran froze in his tracks.

“Lin Ran, it’s okay to hear Grandma say you forgot! You always forgot before too, everything is recorded on here, take a look!”

Zhao Yu said, handing a booklet to Lin Ran.

Lin Ran picked it up and took a look, the opening page was recording when he decided to go to Qiong Hua Mountain.

“In my first year, I returned from my studies at Mount Qionghua, my strength reached the Realm of Creation, and the pillow book finally agreed to tell me where Wang Kun was! I was so happy!”

“In the second year, the Mysterious Alliance and the rival forces reconciled and both sides built a teleportation array together, I went to the world of the Pillow Book as I had hoped, and as luck would have it, I found Wang Kun and killed him!”

“In my third year, I returned home, still no news from my parents, but I was happy because I was ready to live a peaceful living fire with them!”

“In the fourth year, I left the city, because I went to the other world, Song Nuan became depressed and died, Qin Bing also went back to the capital and found a rich young man to marry, the other party is always drunk and domestic violence, Qin Bing is very unhappy!”

“Kiki also married a big family in the imperial capital and became one of the world’s top entrepreneurs, but her man had problems and she never had any children!”

“As for Su Rou, for some reason she left school and went back to that family that was like a whirlpool!”

“Then Zhao Yu came back and she married me, but unfortunately ..... She died of a lung disease three years ago!”

“Died of lung disease three years ago?”

Lin Ran’s whole body shook as he read this.

He forced down the shock in his heart and continued to read further.

“Grandma, when she was high in years she became sick with longing and eventually left!”

“I wrote all this down, hoping that one day in the future I would wake up to myself, should I really have gone up to Qionghua Mountain in the first place?”

“I had so many people who loved me, but I chose to leave!”

“I .....

Lin Ran closed the booklet, and his entire cheeks were already covered in tears.

“What’s wrong with you, husband?”

Zhao Yu’s voice came from beside him.

Lin Ran turned his head to look, and that pretty face was wearing a hint of confusion.

“Zhao Yu, why did you leave me in the first place?”

Lin Ran asked.

“Because you were poor!”

“And what about now?”

Lin Ran asked.

“Now you’re an expert, a hidden expert, we’re not short of money!”

Zhao Yu laughed, smiling so brightly.

“Sorry, there’s no money after that!”

Lin Ran laughed bitterly.

“What did you say?”

Zhao Yu’s face instantly changed.

“You’re saying there’s no money in the future?”

Zhao Yu pointed at Lin Ran and immediately cursed.

“I married you because of your money, and you’re telling me there’s no money? What’s the point of marrying you if you don’t have money? Eat shit ah!”

“Get lost loser!”

Zhao Yu slapped Lin Ran on the face and turned around to leave.

But the moment she turned around, Lin Ran saw it.

His house collapsed with a “boom”, and Zhao Yu’s clothes also quickly turned into ashes, and her pretty cheeks also turned into dry bones in an instant.

“Boom!”

In an instant, all of it was gone.

But also in an instant, all of them appeared in front of Lin Ran.

“Why did you leave!”

“Why did you have to go to the other world, why couldn’t you stay for me?”

“Why are you a poor bastard, why do you deserve to eat pickles just for the day life!”

“Ranzi, your parents have been dead for many years, why can’t you just let go, why do you have to hurt us for them?”

In an instant, everyone pointed at Lin Ran’s nose and cursed.

Lin Ran only felt the sky spinning, yes, what if he hadn’t left, what if he had given up the obsession in his heart to live a good life with them, maybe the days wouldn’t be like this.

“I’m sorry!”

Lin Ran’s face was filled with tears, his heart regretted to the core.

How many people he had hurt just for the sake of the obsession in his heart! How many!

“Ranzi, it’s all in time!”

Suddenly Grandma stepped forward.

“Look who’s there?”

Grandma pointed into the distance.

Lin Ran looked and saw two shadows walking towards him, their faces were a little blurry, but Lin Ran could clearly feel that they were his parents.

“Dad!”

“Mum!”

Lin Ran looked at the two excitedly.

“Son!”

The two men directly embraced Lin Ran into their arms!

At this moment, Lin Ran was so happy.

Chapter 1096

“Ranzi, now that your parents are back, can we all live well as a family?”

Grandma looked at Lin Ran.

At this moment, Lin Ran faltered.

“Yes!”

Lin Ran nodded his head.

For more than ten years, he had looked forward to the time when he would be reunited with his parents countless times, but he never thought that it would end up being such a situation.

Lin Ran followed his family away and returned to live in Linjiawan.

Soon more than ten years had passed.

These ten years were the happiest time of his life.

Not only did he have the company of his parents, but he also had the company of his four daughters, who taught his children and his husband, and Lin Ran finally understood the value of happiness.

Happy times are always short-lived.

As Lin Ran entered his twilight years, he was surrounded by a large number of sons and grandchildren.

But Lin Ran always felt that something was missing in his life.

One day, he was sitting alone on the roof of his house, basking in the sun.

“Ranzi, there’s someone outside the door looking for you!”

Suddenly, Song Nuan walked in and said.

“Someone is looking for me?”

Lin Ran was stunned and instantly came to the door.

At the door was a teenager who was looking straight at him with both eyes.

“Kid, you’re looking for me?”

Lin Ran’s voice trembled as he said.

“Yes! I’m looking for you!”

The teenager nodded his head, but the gaze in his eyes was incomparably sharp.

“What do you want from me?”

Lin Ran wondered.

“To take you away!”

The teenager said blandly.

“Take me away? Where to? I’m so old, it’s not very convenient!”

Lin Ran laughed.

“No! You’re very convenient!”

The young man slowly stretched out his palm and directly grabbed Lin Ran’s arm.

“You!”

Lin Ran was stunned, not understanding what the teenager was trying to do.

“When are you going to be willing to come to your senses?”

The teenager looked at Lin Ran, his eyes burning hot.

“What are you talking about? I don’t understand!”

Lin Ran’s gaze dodged, not daring to meet it!

“You understand very well in your heart!”

The young man’s voice was indifferent as his palm lashed out, only to hear a “click” as a large portion of Lin Ran’s dry arm was ripped off.

“You!”

Lin Ran was instantly bewildered.

But then he saw that inside his broken arm, there was a very strong young man’s arm.

“How long do you want to hide yourself in your imagination?”

The young man said with another tug, and at once the clothes on Lin Ran’s body popped right off, revealing the plain clothes inside, the very ones he had loved to wear in his youth.

“Stop it!”

Lin Ran had panic in his eyes and was busy shouting .

“Stop? Why should I stop? You don’t want to wake up, then I’ll help you!”

The youth said as his palms opened wide directly, and in an instant the house behind Lin Ran, the people in the house, were actually all torn to pieces by the youth.

“Ranzi, who is he! What on earth is he doing?”

Suddenly, the parents ran over from afar, looking at Lin Ran with anxiety in their eyes.

“Mom and Dad!”

Lin Ran looked at the two elderly people who were already gray-haired, and his eyes were filled with heartache.

“What’s going on with Ranzi, where’s our house?”

Song Nuan and the others also ran over.

“Even Lin Ran saw his children, his grandchildren, a group of relatives all looking at themselves and pointing at themselves, with doubt and resentment in their eyes.

“You’ve seen it all, this is the obsession in your heart!”

The young man looked at Lin Ran, his voice calm.

“Why! Why do you want to ruin all this!”

Lin Ran’s eyes were red with tears!

“Destroy? You are wrong, I am really helping you to achieve all this!”

The young man said with a flick of his palm, and at once a wisp of purple flame flew out, flying directly towards the crowd behind Lin Ran.

“Ah! Help!”

“Help! Lin Ran!”

“Lin Ran save me, you save me!”

A crowd of relatives behind them cried out, tearing their hearts out.

“Lin Ran you’re so cruel, you’re just watching!”

Song Nuan also looked at Lin Ran, the desperate look in her eyes made Lin Ran’s heart drip with blood.

“Go save it, go save it and you’ll stay here forever!”

The teenager looked at Lin Ran.

“Who the hell are you?”

Lin Ran stared at the teenager, his eyes rolling round, trying to get a clear view of the youth’s features, but no matter how hard he tried, he really could never get a clear view of the youth’s true appearance.

“Who am I? You know very well yourself!”

The young man looked at Lin Ran, still with a calm face.

“No! I don’t know who you are, who you really are!”

Lin Ran almost hissed as he asked.

“You really don’t know?”

The teenager laughed.

His laughter grew clearer and harsher, and gradually Lin Ran only felt a trance before his eyes.

He then got a clear look at the youth’s features.

The youth's face was so clear, so clear that he froze instantly.

"How do you look exactly like me!"

Lin Ran exclaimed, the youth in front of him had a face just like his own, a face that was clearly his own when he was young.

"Because I am you!"

The young man laughed.

"No way, no way, you're not me, you're not!"

Lin Ran ran like crazy, but no matter where he ran, the familiar face still appeared in front of him.

"Why! Why do you have to tear it all apart so quickly, even if you have to wait another year!"

Finally, Lin Ran stopped running and sat down on the ground, his eyes filled with tears.

"So what if I give you another ten years, dreams! After all, it's only a dream, and if you don't work hard the dream will never come true!"

The young man looked at Lin Ran, and then he even slowly disappeared.

"You are so cruel!"

Lin Ran said one last time, following which the blankness in his eyes swept away and his entire aura instantly became sharp.

"As you wish!"

Lin Ran shook his head helplessly, followed by a kick to the ground, and instantly the entire earth cracked.

Countless cracks spread, and in an instant the earth cracked beneath Lin Ran's feet, and the whole man fell straight in.

The surroundings were plunged into darkness again, and Lin Ran only felt as if he was floating in outer space.

He walked aimlessly, walking.

Suddenly, a bright light appeared in front of him. The light was very faint, but he could see clearly that there was a figure sitting beside the light.

The other person's back was turned to him and his face could not be seen clearly, but Lin Ran noticed that ? A layer of dust had fallen on the other person's body, which must have been untouched for at least a month.

"I'm sorry for keeping you waiting!"

There was guilt in Lin Ran's eyes, and he whirled and took his place on the other side.

.....

“Awake?”

The seated figure slowly sat up straight and opened his eyes, with tears in his eyes.

“Mmm!”

Lin Ran nodded his head, as if he was in a different world.

“Congratulations, you’ve passed the test!”

The black shadowed figure laughed.

“Thank you!”

Lin Ran, however, had a forlorn look on his face.

“What? You regret it?”

The black shadow man asked with a smile at this, he had seen too many people who had come out of the Heart Demon Test with that kind of cheerfulness, it was the first time he had seen someone who had passed the Heart Demon Test come out with a look of lamentation.

“No, I just hate that ten years is too short a time!”

Lin Ran said with a bitter smile.

“Too short? Even if you were given a few hundred years wouldn’t the result still be the same?”

The black shadow man laughed.

“But at least I can thank you for a few more years!”

Lin Ran laughed.

“It doesn’t matter, you will eventually understand that 10,000 years of illusions are not as good as one small step in reality, as long as you don’t regret your decision, then you are right!”

The black shadow man laughed.

Lin Ran, however, shook his head.

“I don’t regret my choice now in this life, but I still hope that if there’s a next time, you’ll let me stay for a few more years! Those are things I’ve never experienced before!”

Lin Ran said as he had gotten up and looked at the dark shadow man.

“Alright! It’s time for me to pick my treasures!”

Chapter 1097

“Yes!”

The black shadow man smiled blandly, and then his palm flipped, followed by the dim sky being illuminated.

A pillar of light descended from the sky, and within it was a mass of red light, each of which was a single item.

“You have one hour to pick!”

The black shadow man said, and then stopped talking.

And Lin Ran was seriously looking at these things at this moment.

There were at least a few thousand of these light clusters in front of him, and it was undoubtedly a waste of time trying to look at them on his own.

“Master Shu, you do it!”

Lin Ran said in his mind.

“Leave it to me!”

Pillow Book was not polite, and immediately his divine sense enveloped him, and in the next second he had already given his answer.

“There is no herb for soul loss, but I did find the true body of the Frost Condensation Sword, do you want it?”

“No!”

Lin Ran shook his head.

“I give up!”

Lin Ran rushed at the black shadow man.

“Give up?”

The black shadow man was stunned, and thought that Lin Ran hadn’t found it, and immediately said.

“The Frost Condensation Sword can already be inside, did you not find it?”

“Found it!”

Lin Ran shook his head.

“Then you don’t want it?”

The black shadow man asked busily.

Everyone who came to break into the Ninth Floor Hall had almost always ended up choosing the corresponding weapon, but Lin Ran was actually saying that he didn’t want it now.

“That’s not what I want, I’ll come back to break into the ninth level!”

Lin Ran said.

“Come and break in again?”

The black shadow man was stunned.

“Right, there shouldn’t be a rule in the Ninth Floor Hall that says you can’t continue to barge through once you’ve passed the level!”

Lin Ran asked.

“No .... No, as long as you don’t pick something, you can keep barging through the ninth level!”

The black shadow man said.

“Many thanks!”

Lin Ran saluted respectfully and then spun out of the ninth floor hall.

.....

Outside the Ninth Floor Hall, it was quiet, there was actually not much of a crowd around.

Lin Ran returned to his residence alone and saw that Wang Yifeng was no longer there either, he should still be working hard on his cultivation, so he went to Ling Sa’s residence.

“Lin Ran, you’re here! Everyone is here!”

As soon as Lin Ran entered the courtyard, Xu Shuang greeted him.

“Everyone’s here?”

Lin Ran was stunned, what do you mean everyone has arrived.

“As soon as you left the gate, Long Ya knew about it, so she informed everyone to come over!”

Xu Shuang said.

“Ao, Lin Ran was stunned for a moment, then he was relieved and entered the room!”

“Lin Ran!”

“Ranzi!”

When they saw Lin Ran enter, the crowd hurriedly got up, but then everyone’s expressions changed.

“Ranzi, what’s with the aura on you ....”

Wang Yifeng was the first to speak.

“Lin Ran, did you pass the ninth level?”

Long Ya couldn’t help but ask as well.

Lin Ran nodded his head.

“Just passed!”

“Holy shit, Ranzi is a bully!”

Wang Yifeng couldn't help but exclaim, but then shut his mouth resentfully.

"So, did you find the herbs?"

Long Ya asked busily.

Lin Ran shook his head.

"Don't be anxious, the things you can pick on the ninth floor are swiped randomly, a few more tries will definitely do the trick!"

Long Ya was busy persuading.

"Yes Lin Ran, you've been closed for a month this time, we've also passed the eighth level, we'll go to the ninth level later, as long as we pass it, we might be able to brush the herbs!"

Li Mu Di said comfortingly.

Lin Ran, however, shook his head.

"No need, just pick your stuff after you guys pass, I'll definitely get the herbal medicine!"

Lin Ran's eyes were filled with determination as he spoke.

"You guys go out first, I'll see how Ling Sa is doing!"

Lin Ran said.

The crowd nodded at his words, and then they walked out.

"I'll stay with you, after all, it's easier to take care of Ling Sa or a girl!"

Long Ya stayed behind.

Lin Ran didn't say much either, in fact at this point he didn't want to be talking more nonsense.

He came to the bedside and placed his palm on Ling Sa's pulse, followed by a surge of true qi that was sent into Ling Sa's body.

"How is it?"

Long Ya asked busily.

"It's still the same as before!"

Lin Ran shook his head.

"You shouldn't be too sad! When we get the herbs, Lingya will be fine!"

Long Ya persuaded.

Lin Ran nodded and whirled around, taking out the inner lining of the fire dragon shi.

"You?"

Long Ya was stunned as she looked at Lin Ran.

“I’m going to refine this inner urchin for her to try and see if a miracle will occur!”

Lin Ran said.

“Will that work? It’s safest to refine the inner bile yourself, if you help her refine it, I’m afraid that it will be backfired!”

Long Ya reminded.

“No harm in that!”

Lin Ran shook his head, and immediately placed the inner urchin in his hand, followed by a flame that immediately rose up and wrapped the inner urchin in it.

Refining inner guts, especially this kind of inner guts with attributes, was actually very rare.

The usual way is to let the bearer swallow the inner bile directly and then rely on their own strength to refine it slowly.

However, if someone else helps to refine it, then we can only rely on the strength of that person to completely refine the inner bile before sending it into the other person’s body.

This process all had to be done carefully, and if something went wrong, not only would the other party not get the power of the inner bile, but it would also cause the refiner to be injured along with it.

“Is it really possible?”

Long Ya looked still a little worried.

Lin Ran, however, smiled.

“Do you know what I used to do?”

“What for?”

Long Ya was stunned.

“I used to be a doctor!”

Lin Ran laughed, and then stopped talking and refined it at ease.

Time passed by minute by minute, and after two hours, the inner lining of the Fire Dragon Shield had been completely refined by Lin Ran.

It then took another hour for Lin Ran to completely send the Fire Dragon Shih’s inner bile into Ling Sa’s body.

And with the integration of the Fire Dragon Shih’s inner bile, Ling Sa’s body soon emerged with a layer of red haze, and countless impurities shot out with her pores.

Long Ya was busy wiping Ling Sa’s body, after which the latter’s skin became even snowier and whiter, and even had a hint of redness in the white, which was very pretty.

“Some days are really envious of her!”

Long Ya looked a little out of breath.

“What’s there to envy!”

Lin Ran was stunned.

“Because you’re so good to her!”

Long Ya murmured.

Lin Ran was helpless for a while.

Afterwards, he took Ling Sa’s pulse again, and Lin Ran was surprised to find that under the effect of Fire Dragon Shi’s inner bile, Ling Sa’s strength had already broken through to the peak of the Heaven Seizing Realm, but this coma was not getting any better at all.

“It seems that we can still only place our hopes on the Ninth Floor Hall!”

Lin Ran sighed.

“Don’t be too anxious, you’ll definitely be able to find the herbs by taking your time!”

Long Ya worried.

“I know, don’t worry!”

Lin Ran said and got up to leave the room.

In the courtyard, Wang Yifeng and the others hadn’t left yet.

“How was it?”

When they saw Lin Ran come out, the crowd all came forward and asked.

“I used the Fire Dragon Shii inner bile, but unfortunately, Lin Ran’s strength has broken through, but the person is still not awake!”

“Another breakthrough in strength?”

Wang Yifeng was a little envious.

“Ranzi, don’t worry too much, big sister Ling Sa will definitely be fine!”

“Mm!”

Lin Ran nodded his head and then arched his hand at the crowd.

“Thank you all, next I will go to the Ninth Floor Hall to close up until I obtain the herbs!”

“Don’t worry about going, I’ll come back often!”

Wang Yifeng patted his chest and said.

Li Mu Di and the others also nodded their heads, signalling for Lin Ran to rest assured.

Seeing this, Lin Ran was no longer pretentious, and immediately dedicated himself to heading straight to the Ninth Floor Hall.

Chapter 1098

“Kid you’re really here?”

When he saw Lin Ran enter, the black shadow man was speechless.

“Do you think I’m joking?”

Lin Ran gave him a white glance without good humour.

“Kid, this is a mind demon test for me, you think it’s just plain water, you’re really going to keep brushing it off!”

The black shadow man was speechless.

“Don’t want me to brush it? That’s fine, just give me the herbs!”

Lin Ran said.

“It’s not up to me to decide this!”

The Black Shadow Man was speechless.

“Then let’s cut the crap and get started!”

Lin Ran said indifferently, and then sat cross-legged.

“Alright, since you’re so masochistic, I won’t be polite!”

With that, the black shadow man slapped out a ray of light, and immediately Lin Ran felt his surroundings plunge into darkness once again.

.....

At Qiong Hua Tower, when Li Ba walked down from the sixth floor, two months had passed since he had followed Lin Ran.

“Ah! I’ve finally learnt all of the combined attack formations!”

Looking outside at the bright sunshine, Li Baba was in a much better mood.

“Hey hey! Li Ba, where have you been for the past two months?”

“That’s right, Li Ba, have you heard, your master is going crazy!”

As soon as he came out, a large group of followers poured over.

“What my master is going crazy? Do you know how to speak, your family master is the one going crazy!”

Li Ba said without good humour.

“Damn you really don’t know or fake not knowing? Your family master has been in the ninth floor of the Ninth Layer Hall for two months!”

A youth next to him laughed.

“What? Two months?”

Li Ba was stunned at his words.

Everyone knew about the Heart Demon Test on the ninth level of the Ninth Layer Hall, and the length of this Heart Demon Test was also related to each person’s situation.

The longer it took, the stronger the person’s heart demon was, and an average person would only spend ten days and half a month at most, but Lin Ran had actually stayed for a full two months.

“Master him!”

Li Ba had some vague concern in his heart.

“No, I have to go check!”

Li Ba said.

“Hurry up, we’re all waiting!”

“That’s right! Hurry up and go check!”

The crowd murmured.

“Shit!”

Li Ba didn’t hold back a curse.

Dare I say that this group of people were waiting for themselves?

But come to think of it, the ninth level enquiry fee was estimated to be expensive, so naturally they people couldn’t possibly go and check for Lin Ran’s sake.

“No matter, I have to check for the sake of my master!”

Li Ba said and had already arrived at the ninth layer hall.

“Enquire about the ninth level clearance matter, pay a fee of two hundred thousand!”

The gatekeeper said blandly.

“Two hundred thousand? How can you not go and grab it!”

Li Ba was speechless.

“To check or not to check?”

The gatekeeper remained bland.

“Check!”

Li Ba clenched his teeth and handed over his entire savings to the gatekeeper.

“Ninth Floor Hall, ninth floor, Lin Ran! Passing times three times! The most recent one took ten days!”

As soon as the information appeared in front of the crowd, everyone froze.

“Three times through? Holy shit is that crazy!”

“Yeah, this Lin Ran has a hole in his head, right? He’s treating the Heart Demon Test like a meal!”

“I think this kid must be looking for something, otherwise he wouldn’t be able to play like this, this is just desperate!”

“I think so!”

The crowd was discussing.

Li Ba, on the other hand, was frowning and thought of a possibility.

“Could it be because of Ling Sa?”

He knew something about Ling Sa’s coma, and apart from this matter it didn’t seem reasonable for Lin Ran to have been staying on the ninth floor of the Ninth Floor Hall.

Moreover, when Long Ridge Heaven had called out to Lin Ran, he had said that he was waiting for him on the ninth floor of the Ninth Floor Hall, but there hadn’t even been any movement yet.

“Could the master really be looking for something?”

Li Ba thought to himself.

Time passed day by day.

Wang Yifeng also managed to cross into the middle stage of the Heaven Seizing Realm half a year after entering Qiong Hua Mountain.

Compared to the others, this fellow’s progress could be said to be divine, after all, he was only at the Qi Watching Realm before.

And with the help of the countless tomes here at Qiong Hua Mountain, he had also improved the most.

As for, Long Ya and the three of them, they had also completed the ninth level of the Nine Storey Hall a month ago, it was just a pity that they hadn’t found any herbs either.

Li Mu Di and Huo Yi Jian had eventually chosen their own suitable weapons, although they also wanted to help Lin Ran, but the process of the heart demon test was something they did not want to experience a second time.

As for Long Ya, this was another try and eventually gave up as well.

.....

Ninth Floor Hall, the dimly lit square.

“Kid! You’ve woken up!”

As he watched Lin Ran wake up from his heart demon test once more, the black shadow man had gone a little numb.

“How many levels did it take this time?”

Lin Ran asked with a casual sniff, his entire being ancient.

“Three days!”

The black shadow man said helplessly.

“You kid are really perverted, drinking the Heart Demon Test like water, what a lunatic!”

“There’s nothing I can do about it, let’s start choosing treasures!”

Lin Ran said indifferently.

For a full half year, he had cleared the Heart Demon Test on the ninth level for an unknown number of times, but he had never found the herb.

Even Lin Ran had a vague feeling that if he couldn’t find the herbs, I was afraid that this would have to become his heart demon.

“Hey! You kid, you’re really persistent!”

The black shadow man helplessly waved his hand, and a pillar of light once again emerged.

“Master Shu!”

Lin Ran shouted.

Without any nonsense, Pillow Book immediately explored the side with his divine sense.

“Hm?”

Suddenly, Pillow Scribe’s entire body was stunned, followed by a startled cry.

“Ranzi, it’s found!”

“Where is it?”

Lin Ran also instantly came to life and hurriedly looked towards the front.

“Third row, last one!”

The pillow said.

Lin Ran looked, only to see that in the corresponding position, a ball of light was suspended, and within the ball of light was a wooden brocade box with three words written right on it.

“God Condensing Herb!”

“God Condensing Grass! The top of the line divine soul herb!”

Lin Ran was instantly struck by lightning as if his entire body jumped straight up and took the Soul Condensing Grass into his hands.

“Kid! Congratulations!”

The black shadow man saw this and knew that Lin Ran had succeeded.

“But you’ve really thought this through, once you’ve chosen this Soul Condensing Grass, the Frost Condensing Sword can’t be taken away!”

The black shadow man asked once again.

“I know!”

Lin Ran, however, had a calm face as he took the Soul Condensing Grass and turned to leave.

“Ai! The word “lust” is a sword! Is it worth it for a woman?”

The black shadow man sighed helplessly.

Lin Ran, however, had already taken the Soul Condensing Herb and ran to Ling Sa’s residence.

At the same time, the entire Qiong Hua Mountain was ringing with a sound.

“Ding! A new record is born for the ninth level of the Ninth Floor Hall, with a cumulative time of six months and five days and a cumulative total of thirty passes!”

“Wow! In an instant, the entire Qiong Hua Mountain was set ablaze.

“Holy shit! Thirty times? Is this a mind demon test?”

“My Cao is really sick, who can break this record!”

“Yeah, I’m afraid even Dragon Ridge Heaven doesn’t see it possible!”

“Damn, who is this, so boring, is the mind demon test fun?”

“Condemnation! Must condemn, such a boring record Qiong Hua Mountain also reminds, damn I haven’t passed the seventh level yet!”

“It’s really a case of people being worse than people!”

All at once the whole Qionghua Mountain was filled with wailing.

.....

And at that moment, in Qiong Hua Mountain Mo Lao’s room.

“Ambassador Wind, why have you still come in person?”

Mo Lao stood respectfully, while on the chair opposite him sat an old man.

“It’s not really in person, it’s just a diversion, I’ve heard all about Lin Ran, so that Frost Condensation Sword should still be given to him!”

Elder Feng said.

“This is all trivial, but what about the feud between Dragon Ridge Heaven and him?”

Old Man Mo asked.

Chapter 1099

Elder Feng smiled for a moment in silence and said.

“Dragon Ridge Sky is also a talent, but it is still a bit inferior to Lin Ran, but they understand the rules of our Mysterious Alliance, it just so happens that the Alliance is recently going to issue a new marshal token, so you should take this opportunity and give them a platform!”

“My subordinate understands!”

Mo Lao nodded his head respectfully.

“Right! The situation is very complicated, and the recent opening of the Chance Pond once is a chance for me to give them both a chance, and it will depend on their own destiny as to who will eventually get the Handsome Character Token!”

Elder Feng said.

“Good!”

Mo Lao nodded respectfully at his words.

.....

An hour later, Ling Sa’s residence.

“It’s awake, it’s really awake!”

Long Ya exclaimed, and at this moment, Ling Sa, who was lying on the bed, had finally opened her eyes.

“I ..... What’s going on here?”

Ling Sa was still a bit dazed and didn’t know what had happened.

“You’ve been in a coma for half a year... It’s Lin Ran! He helped you find the herbs and saved you from waking up!”

Long Ya said from the side.

“Six months in a coma?”

Ling Sa sniffed and looked at Lin Ran with guilt in her eyes.

“It’s alright! It’s all over!”

Lin Ran said busily.

“Why has my strength increased so much!”

Ling Sa quickly noticed that her strength had actually reached the peak of the Heaven Seizing Realm.

“Did you forget that? The Fire Dragon Shield’s inner bile, you broke through on it!”

Lin Ran laughed.

Wang Yifeng and the others on the side also laughed.

After working for so long, the end result was finally good.

All of them had smiles on their faces.

Especially Long Ya.

At first, Ling Sa had been hit by Fire Dragon Shi’s poisonous mist in order to save her, and this matter had undoubtedly made her feel very remorseful in her heart.

And now that Ling Sa was attributed, the heavy burden in her heart was finally released.

“Gentlemen!”

Just when the crowd was overflowing with excitement, a voice suddenly but resounded throughout Qiong Hua Mountain.

“Elder Mo! That’s Elder Mo’s voice!”

“Is something going to happen? Elder Mo has actually come out himself!”

“Who knows, just listen and find out!”

There was a lot of chatter among the crowd.

“Gentlemen, the Pool of Chance will officially open tomorrow for its one month! In a month’s time, there will be a competition for the Handsome Order, so if you want to compete for the Handsome Order, you will have to cultivate in the Pool of Chance!”

“Each person can only enter the Pool of Chance once, once they get out they are not qualified to enter again!”

Mo Lao elevated another sentence, and then stopped talking.

“The Pool of Chance? What is that thing?”

Lin Ran was stunned.

“The Pool of Chance! It’s actually the Pool of Chance!”

On the side, Li Mu Di and Fire One Sword were completely frantic.

“You guys came late so you didn’t know!”

Long Ya laughed.

“The Pool of Chance is a very important place, it only appears every year when the old students are sent off to welcome the new students, but this year there is such a demon as you, so this Pool of Chance has also been brought forward!”

“So you’re blaming me?”

Lin Ran laughed helplessly.

“It’s not you who’s to blame, it’s everyone who’s been blessed by you!”

Long Ya laughed.

“After all this talk, what exactly is this Pool of Chance? And what’s that handsome word order!”

Lin Ran asked.

“An Opportunity Pond is a place with a dense true qi, cultivating in it can increase your speed very quickly, of course this depends on each person’s speed of absorbing true qi, as well as various conditions, but it is undeniable that cultivating in an Opportunity Pond can definitely increase your speed very much!”

“As for the Handsome Character Order, we actually don’t know what it’s for, but it’s said that it’s so precious that only one person in the graduates can get it every year, and it’s bound to be the strongest one!”

Long Ya said.

“What about your cousin? Does he have it?”

Lin Ran asked.

“Cousin doesn’t have it, in their year, cousin isn’t actually the strongest, it’s just that he’s the only one who still stays at Qiong Hua Mountain now, it seems that it’s for this Handsome Character Order that he hasn’t left!”

Long Ya said.

Lin Ran couldn’t help but frown slightly.

It was specifically for this Shuai Zi Decree that he hadn’t left, what exactly was this Shuai Zi Decree?

Lin Ran’s heart couldn’t help but be more than a little curious.

“Right, speaking of my cousin, he will definitely come to this pool of chance as well, so don’t you guys ..... tomorrow.”

Long Ya was vaguely a little worried.

“Don’t worry, as long as your cousin doesn’t actively look for trouble, I won’t do anything to him!”

Lin Ran laughed.

“What are you thinking! My cousin is very strong, I’m afraid of what he might do to you!”

Long Ya said in a bad mood.

Lin Ran, however, did not think so.

“Then you really don’t need to worry, the person who can do anything to me hasn’t been born yet!”

“You!”

Long Ya was so angry that she was speechless.

Ling Sa’s body had just recovered, even though she had broken through to the peak of the Heaven Seizing Realm.

However, it was still a period of weakness, and this Chance Pool was just the right opportunity for her to make a quick recovery.

Everyone was full of anticipation for the Pool of Chance.

Soon it was the next day.

On this day, everyone was gathered in the square in front of Qiong Hua Mountain, and even the followers had come.

This Pool of Chance was open to all status, even followers could enter.

“Master!”

Li Ba also came next to Lin Ran.

“Hm!”

Lin Ran nodded his head in greeting.

“Since when did you take him as a follower?”

Wang Yifei was beside him with a puzzled look.

“Half a year ago!”

Lin Ran laughed.

“Shit! You didn’t even tell me when you took on a follower, is this kid’s body okay?”

Wang Yifei scowled at Li Ba with disdain.

“How can you talk? Don’t you want to fight?”

Li Ba looked at Wang Yiming and said unconvincingly.

“Hey! You kid, no big and small, you should call me Master Fat!”

Wang Yifeng laughed.

“Alright, what are you two arguing about, Mo Lao is here!”

Lin Ran was busy interrupting the two.

Immediately, the crowd saw that Mo Lao was walking over with a figure shrouded in white robes.

Upon seeing this white-robed figure, the scene immediately exploded, with many female students all shouting out loud.

“Dragon Ridge Sky! Dragon Ridge Sky!”

“Wow! So handsome ah ah, Long Ji Tian you’re so handsome!”

“Dragon Ridge Sky you are my male god!”

“I want to give you a monkey .....

“Shit! What a bunch of lunatics!”

Wang Yifeng cursed speechlessly.

“Master, he is Long Ridge Sky!”

Li Ba reminded at the side.

Lin Ran, however, only shook his head blandly without saying anything, while he also noticed that Long Ya, who was at the side, had already walked towards Long Ridge Sky with her head lowered.

“He’s Long Ridge Sky?”

Lin Ran looked at the other party, his eyes slightly narrowed.

This Long Ridge Sky gave him a very familiar feeling, as if he had seen him somewhere before, but he couldn’t remember for a while.

Long Ya walked up and spoke to Long Ridge Sky, and immediately Long Ridge Sky looked at where Lin Ran was.

“You are Lin Ran?”

Long Ridge Heaven suddenly spoke.

“You are Long Ridge Heaven?”

Lin Ran’s expression was bland as he actually asked back.

“Haha, interesting, I didn’t expect you to be so young!”

Long Ridge Heaven laughed coldly.

There was an endless icy coldness in his eyes.

“It’s very interesting!”

Lin Ran also laughed, he could feel the hostility towards himself in Long Ridge Heaven’s eyes, but it seemed to be to take care of Long Ya’s feelings, so he didn’t show it.

“Lin Ran, I hope you don’t let me down at the Chance Pool later, otherwise you don’t deserve to be my opponent!”

Long Ridge Heaven said disdainfully.

Lin Ran smiled at his words but smiled.

“Me too!”

Chapter 1100

As soon as the two men met, the atmosphere in the room tightened up.

There were obviously more people on Long Ridge Heaven’s side, after all, they were strong people who had been known on Qiong Hua Mountain for a long time.

Plus there were some loyal followers such as Liu Qi next to them, so their popularity was naturally high.

On the other hand, Lin Ran’s side, although there were quite a few of them, they were obviously less powerful and their relative strength was not as strong.

Mo Lao saw that the two had to pinch each other as soon as they met, and there was nothing he could do. At once, he changed the subject and said.

“Well, let me talk about the specific rules of the Chance Pool!”

Mo Lao said with a wave of his palm, and immediately a diagram appeared above the sky.

It was a flat oval diagram that seemed to be the outline of the Chance Pool.

“The Pool of Chance is divided into three parts, the edge, the periphery, and the innermost core area!”

“Of these three places, followers can only be at the edge, and the rest can choose whether to be in the outer or core area according to their strength!”

Mo Lao said as he swept his gaze over the crowd and reminded.

“Don’t blame me for not reminding you, the closer you are to the core, the denser and more violent the true qi inside is, if you are not strong enough to enter the core without permission, you will probably die from bursting your body because you can’t withstand the dense true qi inside!”

“So don’t be greedy!”

After saying that, Elder Mo swept his gaze over the crowd once again and said aloud.

“Alright, the Pool of Chance will now begin, all of you get ready to enter the pool!”

As Elder Mo’s words fell, a change began to take place above the entire square.

Wisps of white streams of light appeared above the originally clear sky.

The streams of light quickly converged and actually formed an oval outline.

“Holy shit! Can this Pool of Chance still be in the sky?”

Wang Yifeng couldn’t help but exclaim.

“You’re really right, the Pool of Chance is in the sky!”

Li Mu Di laughed!

“My Cao, then how do I get up there!”

Wang Yifeng was instantly baffled.

“How do I get up there? There is a heavenly ladder, of course you can also fly up yourself!”

Li Mu Di laughed.

And as they spoke, the sky above the crowd was completely enveloped by a layer of white light.

Within the oval-shaped area, the white glow grew denser and denser, and eventually a white pool of water was actually formed.

But it was not precisely the Pool of Chance.

“Ascend the Heavenly Ladder!”

Elder Mo said aloud.

Immediately, a white light quickly converged and actually formed a ladder with a hundred cloud ladders, winding upwards straight to the Pool of Chance.

“Holy shit! This is too awesome!”

Wang Yifeng couldn't help but shout

Many of the people on the sidelines were seeing this scene for the first time and couldn't help but be in awe.

“And! What a bunch of people who have never seen the world!”

Liu Qi sneered from the side, his face full of disdain.

“Master, how are you going to get up there later?”

Liu Qi asked.

“The usual!”

Long Ridge Sky said blandly, not taking this to heart at all.

“Understood!”

Liu Qi smiled at his words, sweeping his gaze over the crowd, with smugness in his eyes.

“Humph! A bunch of bumpkins, I'll show you guys later how my master gets up to the Pool of Chance!”

As he spoke, soon the Heavenly Staircase had been completely stabilised, and Mo Lao's voice came through.

“Start climbing the Heavenly Staircase!”

“It has begun! It has begun!”

“Move, move!”

As Elder Mo’s voice came, a large group of people could not resist and rushed towards the Heavenly Staircase at once.

However, the width of the Heavenly Staircase was limited, and with so many people flooding in at once, the scene instantly got a little out of control.

“Humph! Look at those bumpkins, they are all struggling for the Heavenly Staircase, how can they be as dashing as Dragon Ridge Heaven!”

Some of the female cadets gathered nearby were all transformed into nymphomaniacs at this moment, looking admiringly at the motionless Long Ridge Sky in the distance.

“Right! And I heard that Big Brother Long didn’t even use the Heaven Climbing Ladder last year, he jumped straight onto the Pool of Chance!”

“Right, right! I heard that too, I wonder if Big Brother Long will jump up this year too!”

“Really? I’m so looking forward to it!”

There was a lot of chatter among the crowd.

“Master time is not even close!”

Just as the first wave of people had started to climb the ladder and were already half way up, Liu Qi finally spoke up.

“Hm!”

Long Ridge Heaven nodded, and immediately glanced at the direction where Lin Ran was.

Lin Ran also noticed the other party’s gaze and looked over indifferently.

“Go!”

Long Ridge Heaven shouted aloud, as if he was afraid that no one else would hear him.

Afterwards, he could only see his paws slamming on the ground, followed by his entire body actually leaping directly into midair in a dashing manner, and with a magnificent turn he was already standing comfortably on the edge of the Pool of Chance.

The whole process was so magnificent that countless female cultivators below looked like they were in love with him.

“Wow! So handsome!”

“Too handsome, worthy of the Dragon Ridge Sky!”

“Dragon Ridge Heaven I want to give you monkeys!”

The crowd shouted.

They heard some of the other men who were still climbing the stairs to heaven each beating their chests.

They also wanted to fly straight up, but their strength simply wouldn't allow it!

With a bemused face, Long Ridge Heaven stood on the edge of the Pool of Chance, looking at Lin Ran below with provocation in his eyes.

"Let's go up too!"

Lin Ran said with a smile.

The crowd nodded, and immediately walked towards the Heaven Ascension Staircase.

At this moment, there were not many people out on the Heaven Ascension Stairs, most of them had already reached the final section.

As soon as Lin Ran and the others arrived at the Stairway to Heaven, they immediately drew quite a few gazes.

Especially those female fans of Dragon Ridge Heaven, each one of them burst into laughter as they watched.

"Hey hey you guys, look, isn't that Lin Ran!"

"Yeah, I didn't expect him to climb the Heaven Climbing Stairs too!"

"What's so strange about that, with his strength what else can he do if he doesn't climb the Stairway to Heaven? He still thinks he can jump straight up like Young Long?"

"Jump up? Don't be ridiculous! With his little body, he would fall down and die!"

The crowd was chattering.

Even some male cultivators couldn't help but cast a sympathetic glance at Lin Ran at this point.

"Ai! If I were this kid? Might as well just run headlong to death!"

"Yeah, it's too damn humiliating to live!"

"The point is, this kid seems to have a bet with Dragon Ridge Sky! He really doesn't know the sky is the limit!"

Hearing the male cultivators' comments, one of the women who was very fond of Long Ridge Heaven couldn't help herself and shouted at Lin Ran at the top of her lungs.

"Hey! Lin Ran, why don't you go and die? You're not ashamed of yourself, you still want to be Young Long's opponent with that kind of strength? I'm not afraid that people will laugh at you!"

"Which one are you?"

Lin Ran stopped in his tracks and looked up at the other party.

"If you don't even know who I am, you're worthy of being Young Long's enemy!"

The woman laughed.

“Remember, I’m Young Long’s number one female fan!”

“Ao, does he know about you then?”

Lin Ran asked.

“You!”

The woman’s face instantly sank, jokingly, if Long Ridge Heaven knew about her, he wouldn’t be calling himself a female fan.

“It seems that you don’t know, people don’t even know you, what are you shouting about here?”

Lin Ran laughed.

“Hmph! Eloquent, that’s all you’ve got, if you’ve got the guts you can just jump up there too!”

The woman sneered.

Lin Ran, however, laughed too.

“I’m not a monkey, why should I jump up there? Besides, you’re talking so hilariously, did you jump up there? You can’t even jump up yourself and you have the face to talk about me? You’re a two-skinned face, aren’t you!” |

“You!”

The female fan was so angry that her face turned blue, but Lin Ran was too lazy to bother with her and turned around and already went up the stairs to the sky.
