

Wonder Doctor

Chapter 1111

Ten minutes later, Lin Ran had gone through all the messages.

Most of them were missed calls from the four women of Song Nuan, basically one a day, there were many.

Then there were calls from the Eight Elders as well as the Grand Elder respectively, there were only a few, they should have been a little worried about themselves at first, but then they should have found out that they had gone to Qionghua Mountain, which was why they didn't keep calling.

Then came a lot of text messages, among which there were unpaid bills and those spent on top-ups, which should have been flushed by the four women who were afraid that their phones would be shut down.

"Hmm? This text message?"

Suddenly, Lin Ran saw an unfamiliar text message, the number that sent the letter he had not seen before, it seems that he had seen this in the missed calls okay.

Opening the text message, Lin Ran couldn't help but be stunned.

"Brother Lin Ran, I'm getting ready to get married, the time is set for May 16! No one answered my calls to you, so be sure to come when you're free!"

It was signed by Dalong.

"Dalong is getting married?"

Lin Ran was stunned, and only then did he remember that he had left Temperance City for a year.

He also didn't know what kind of development had taken place in Lin Jiawa nowadays.

"I must go to Dalong's wedding!"

Lin Ran made up his mind and immediately sent a message back to Dalong, "Will be there!"

Then he was ready to contact the four girls and go together.

But just as he was about to send a text message to the four girls, Lin Ran froze in his tracks.

"May 16 Isn't that today?"

Looking at the current time, it was already three in the morning, and Lin Ran was speechless.

According to the wedding at 12 noon, there were only nine hours left now! But he still didn't know where he was.

"Damn it! It's going to kill me!"

Lin Ran clenched his teeth helplessly and immediately called out to Li Ba, who was sleeping soundly next to him.

“Stop sleeping!”

“Huh? What’s wrong? Is someone robbing?”

Li Ba was sleeping soundly, and when he was tapped by Lin Ran, he jumped straight up in fright.

“Robbery your sister, pack up and let’s go now!”

Lin Ran had already dressed and was packing his bags!

“Ah? Boss is leaving now? It’s only three in the morning!”

Li Ba took a glance at his watch and felt his heart break.

“No need to talk nonsense, we have to get back to my house before twelve o’clock!”

Lin Ran said as he grabbed his luggage and turned around to leave.

Li Ba was also busy packing up his things and followed Lin Ran.

“No boss,? What’s so urgent!”

Li Ba asked busily.

“A hairdresser is getting married!”

Lin Ran said casually, while flipping out a booklet, the same one Mo Lao had given him earlier.

He had no idea when he would be able to get on the bus after this journey, so Lin Ran simply flipped through it as he walked.

The booklet didn’t contain more than a few pages in total, and all that was recorded was some of Elder Feng’s affairs.

Only when Lin Ran looked at it did he understand why Elder Feng had told everyone who joined the Mysterious Alliance to take the Heart Lock Pill.

It turned out that back then, Elder Feng had once accepted two disciples, a man and a woman, both of whom were extremely talented and later became Elder Feng’s right hand man, looking out of the corner of his eye in wars with his enemies.

But then an operation went awry and the male became a traitor, causing heavy casualties on Elder Feng’s side, and even Elder Feng himself failed to destroy him.

The female disciple, who was very fond of the male disciple, eventually learned of this result and chose to stay in seclusion because she could not face it, and this incident dealt a great blow to Elder Feng.

This is what led to the tradition of everyone taking the heart locking pills in the future.

Of course, although everyone takes the heart lock pill, the effects of the heart lock pill are different.

It was like the kind Lin Ran took, which could be revived after a thousand years, while the ones ordinary people took did not have this effect.

This is also a trace of reprieve left by the wind elder in front of the iron law, after all, really encounter their favorite junior, do senior how willing to lay a dead set.

Every genius has his or her own pride, and pressing too hard would only backfire.

“I didn’t expect Elder Feng to have such a history!”

Lin Ran destroyed the booklet, and the resentment he felt towards Elder Feng was much less in his heart.

He understood that if he were in this position, I am afraid he would have done the same.

As the saying goes, those who achieve great things must disregard small things, and thinking in a different position, Lin Ran had nothing to say.

.....

The two men, who had been rushing all night, finally touched down at a place with a taxi at eight in the morning.

After talking to the driver for half a day, the driver finally agreed to take the two home.

It’s not that the driver didn’t want to make money, but the two of them had walked for five hours overnight and were as filthy as two refugees from the desert.

.....

At ten o’clock in the morning, in the town near Linjiawan, Lin Ran and the two of them got off the bus.

“Many thanks, Master!”

Lin Ran smiled and thanked him.

The driver, in turn, was all smiles and said.

“Brother, are you going back? Or else I’ll wait for you here?”

“No thanks!”

Lin Ran laughed awkwardly.

Just kidding, two hours of driving and paying 10,000 yuan, damn this driver was also a black car driver.

Even if Lin Ran was rich, this wasn’t the way to play.

“Boss forget it, who let us both dress like this, I’m afraid that if Long Ya and the others saw us, they wouldn’t dare to recognize us both!”

Li Ba said helplessly from the side.

To be honest this was the first time he was this sloppy.

“Right boss,? Why don’t we go take a shower and change our clothes first? Otherwise it would be too disgraceful to go to the wedding like this!”

Li Ba said busily.

“No need! We’re all village people, we don’t care about that!”

Lin Ran laughed, while his whole body shook, shaking off all the mud and dust, although his clothes were a bit worn, they were at least clean.

“Hey! Fine!”

Li Ba had no choice but to do as he was told.

“What now?”

Li Ba followed behind Lin Ran.

“Wait I’ll make a phone call first and ask!”

Lin Ran said and went to call Song Nuan.

“You’re back?”

Song Nuan was very happy when she received Lin Ran’s call.

The two of them chatted for a while and Lin Ran realised that Song Nuan had already returned to Linjiawan yesterday, after all she was the honorary village head, so naturally she had to go back to be the witness for Dalong’s wedding!

“I’ll pick you up myself?”

Song Nuan said busily.

“No need, I’ll go by myself, you greet the wedding!”

Lin Ran laughed, and then hung up the phone.

“Boss!”

On the side, Li Ba looked at Lin Ran, a little speechless, how could the two of them go without coming to pick them up.

“Don’t worry, it’s not much further no we’ll run back!”

Lin Ran said.

“Huh?”

Li Ba almost didn’t sit on his butt on the ground.

“Drip!”

Just as the two were discussing how to get back to Lin Jiawan.

Suddenly a Mercedes-Benz pulled up next to them, followed by the back window rolling down, and immediately a familiar pretty face appeared in front of Lin Ran.

“Lin Ran?”

A woman in the car looked at Lin Ran with foxes in her eyes not daring to confirm.

“You are?”

Lin Ran looked at the other party and also felt some familiarity, but for a moment it was a little unrecognizable.

“I’m Ma Xiao!”

The woman laughed.

“I didn’t think it was really you, we haven’t seen each other for six or seven years, but I didn’t expect to meet you here, but your dress is a bit strange, if you are from Lin Jiawan!”

“Huh?”

Lin Ran was a bit confused, what did being from Linjiawan have to do with dressing up?

“That, I don’t come back often, and I only came back today because I had something to do!”

Lin Ran returned casually.

“Something? What’s the matter? Why don’t you come up and say it? We’re going to Lin’s Bay anyway!”

Ma Xiao greeted.

“Yeah! Great!”

Before Lin Ran could say anything, Li Ba, who was on the side, was already running up with a smile.

Chapter 1112

Lin Ran had no choice but to follow suit.

To be honest he didn’t have a good impression of Ma Xiao.

Ma Xiao was his junior high school classmate, the one who went to school in the town.

However, when he was at school, Ma Xiao had been very disgusted with the poor and rich, and at that time he was so poor that he had always been the target of Ma Xiao’s mockery.

I thought that I would never see her again in my life, but who knew that fate would have it that I would run into Ma Xiao here again.

“Pretty girl, sorry! I got your car dirty!”

Li Ba said having sat in the back row.

“It’s alright! Just wash it when it’s dirty!”

Ma Xiao said and had gotten out of the car and came to the passenger side.

The man driving the car was a very clean looking man with a watch of great value on his wrist, so he must be a rich man.

The car was driving very slowly and seemed to be waiting for someone.

“Lin Ran, if I remember correctly you are also from Lin Jia Wan!”

Ma Xiao asked as soon as Lin Ran got into the car.

“Right!”

Lin Ran nodded, there was nothing to deny about this, what was strange was how Ma Xiao was so interested in the fact that he was from Linjiawan.

“So, do you have a girlfriend?”

Ma Xiao asked busily.

“Yes!”

Lin Ran said indifferently.

“Hey!”

Ma Xiao was a little disappointed at his words.

“Tiny!”

The youth driving on the side shouted, his face not looking too good.

“Brother Dong, I’m asking for my bestie!”

Ma Xiao busily explained.

Only then did Xu Dong’s face look a little better.

“Brother Lin Ran, right, since you’re from Lin Jiawan, I wonder why you’re dressed like this?”

Xu Dong changed the subject and asked Lin Ran.

“Huh?”

Lin Ran was stunned, not understanding what the other party meant.

Ma Xiao was busy adding.

“Lin Ran, do you really don’t know or don’t know, when people from Lin Jiawan go out now, which one of them is not a luxurious seat, that’s called a row, why are you dressed like a stinking beggar? Are you experiencing life?”

“What experience of life?”

Lin Ran was even more confused.

“Also, what kind of people from Linjiawan go out with luxury cars, Linjiawan is very poor!”

Lin Ran was at a loss.

How long had he only been away, could it be that Lin Jia Bay was all so powerful.

“Lin Ran, do you really not know, or are you just pretending with me? We’re all old classmates, so it’s no fun!”

Ma Xiao frowned slightly and looked at Lin Ran.

“I’m really not lying to you, I’m always away, I can’t even come back twice a year!”

Lin Ran said busily.

Ma Xiao, however, listened with a frown on her face, her eyes never leaving Lin Ran since the beginning.

“Hey hey! What are you doing!”

Suddenly Lin Ran exclaimed.

Only to see that Ma Xiao had actually pulled Lin Ran’s hand and pushed his sleeve up after him.

“Why is there no watch?”

Ma Xiao then physically reached for Lin Ran’s pocket again.

“Hey hey! Don’t you touch it, I’m itching!”

Lin Ran was a bit speechless, this was summer, just wearing a light pair of trousers, you went up and touched me but I was a man.

If not for Lin Ran’s strong self-control, I’m afraid how embarrassing it would be right now.

“Why don’t you have the car keys!”

Ma Xiao looked confused and turned her head to look at Lin Ran.

“You really don’t know what’s going on in Lin Jiawan these days?”

“I really don’t know!”

Lin Ran was simply in tears.

Seeing this answer from Lin Ran, Ma Xiao’s face instantly turned ugly.

“Stop the car!”

Ma Xiao shouted and followed the car to a halt.

“Get out of the car!”

Ma Xiao shouted at the two.

“Hey! Beauty, what do you mean by that? Didn’t you say you were going to give us a ride? We haven’t even walked out a hundred meters yet!”

Li Ba had a bewildered look on his face.

“I told you to get off!”

Ma Xiao once again said in a cold voice.

And Lin Ran saw that long-lost disdain in Ma Xiao’s eyes, the look that looked down on them.

“Not you what do you mean?”

Li Ba was also a little angry.

“Forget it, let’s get off!”

Lin Ran stopped Li Bajie and whirled out of the car.

“Just them your kind of virtue is worthy of being Dong’s car, damn bad luck! The car smells all over the place!”

Ma Xiao rolled down the car window and took out the perfume and sprayed it with a disgusted face.

“I told you a long time ago,? If you are really from Linjiawan, you will dress like this? Maybe it has nothing to do with Linjiawan long ago!”

Xu Dong next to him said with a disdainful face.

“Hey, I wouldn’t be blind too, I thought the poor kid in my class had turned over a new leaf, but now I see it’s simply rotten!”

Ma Xiao had a disdainful face.

Glancing at the ugly faces next to? Lin Ran and Li Ba.

“Why are you still standing there? Get lost!”

“You!”

Li Bach was about to make a move, but was stopped by Lin Ran.

“Ma Xiao, how can we be considered junior high school classmates, are you the one who comes to trouble like this?”

“You let us on the bus, and now you’re kicking us off, what do you mean?”

Lin Ran looked at Ma Xiao and said blandly.

“That’s right, I let you guys get on the car, that was before I thought you were from Lin Jiawan, playing the rich man playing the poor man game with me here!”

Ma Xiao said disdainfully.

“But now I’m sure, you’re just a poor bastard, so do you think you’re worthy of this luxury car from Dong? And don’t take a piss to see what kind of loser you are!”

“Besides Lin Ran I’m warning you, don’t fucking say you’re my classmate out there, I can’t afford to lose this!”

“You!”

Li Ba’s face turned red when he heard that, no money? He had all the skills, if Lin Ran nodded his head, he could beat the pair of dogs in front of him to their knees and beg for mercy in an instant, but Lin Ran wouldn’t let him.

“I know, excuse me!”

Lin Ran said indifferently, for this kind of person, he really didn’t want to deal with them at all.

“Hmph! Rotten mud doesn’t fit the wall!”

Ma Xiao didn’t bother to pay any attention to Lin Ran either, dropping a sentence and directly rolling the car window up.

It was only at the end that the two heard Xu Dong’s words.

“It’s fucking bad luck, find a car wash later and give it a good wash!”

“Holy cao! What the fuck are you!”

Li Ba couldn’t hold back any longer and pointed at the car’s butt and cursed, but all that awaited him was the exhaust of the car starting up.

“Boss, you can even put up with this?”

Li Ba looked at Lin Ran with a very stifled heart.

“What else? What’s the point of beating up two ordinary people?”

Lin Ran waved his hand and walked slowly towards the front.

“But this is too much of a loser!”

Li Ba was upset.

Lin Ran, however, laughed.

“Remember, Li Ba, as a cultivator, your own temper must be under control, if you can’t even control your own temper, how can you perfectly master your strength?”

“Boss

Li Ba froze, followed by a busy nod.

“But boss what about now? It’s almost eleven o’clock, should we run back!”

Li Ba asked.

Lin Ran looked at his watch, it was indeed almost eleven o’clock, and was just about to say that he had to speed up.

Suddenly there was another “drip” sound from behind.

Then a red Bentley drove by.

“Boss, this isn’t another one of your classmates, or we should just run back!”

He really didn’t want to suffer that nuisance anymore.

“Wait!”

Lin Ran was busy waving his hand, he seemed to have seen this car before him.

The car window rolled down and soon a silhouette appeared in Lin Ran’s eyes.

“Mei Lin! It’s really you!”

Lin Ran instantly smiled.

This car belonged to none other than Mei Lin’s family, and he had seen it before when he was at school.

Mei Lin was also none other than his junior high school classmate, and Ma Xiao was in the same class as him back then.

However, this Mei Lin was a very nice person and often helped Lin Ran.

“Why are you still standing there? It’s almost eleven o’clock, get in!”

Mei Lin laughed, Lin Ran was also from Lin Jia Wan, now he appeared here, no need to guess, he was going home for the wedding!

“Good!”

Lin Ran smiled and immediately pulled a somewhat reluctant Li Ba into the car.

Chapter 1113

“Pretty girl first, you took the initiative to invite us, we don’t care if the car gets dirty, if you don’t want to we’ll get off now!”

As soon as he got in the car, Li Baba beeped out a bunch of words.

Hearing this made Mei Lin stare.

“Don’t pay any attention to him, I’m a bit scared by Ma Xiao just now!”

Lin Ran laughed.

“Ma Xiao?”

Merrill smiled at that.

“So it was Mei Lin’s car that just drove away!”

“I don’t think so, it was a guy, I think his name was Xu Dong!”

Lin Ran said.

“Xu Dong?”

Mei Lin was stunned.

“That’s Ma Xiao’s new boyfriend!”

“New boyfriend? That doesn’t sound like there’s an old boyfriend!”

Li Ba laughed.

Mei Lin, on the other hand, gave him a blank look and didn’t say much.

Lin Ran, on the other hand, understood that this person Ma Xiao loved vanity and had obviously not changed boyfriends much.

“By the way, do you know how Ma Xiao is like this?”

Lin Ran suddenly asked.

He knew that Ma Xiao loved vanity, but why did she invite herself to the car before? This made him a little confused, most of all what was going on in Lin Jiawan right now.

“It’s mainly because you’re the one who got Linjiawan!”

Mei Lin said and then told the story of Lin Jia Wan.

It turned out that in the short span of one year that Lin Ran had left, Linjiawan had undergone a radical change.

What used to be a poor village had now become a nationally famous and wealthy village, and even a model village in the country.

According to Mei Lin, the whole village now has villas for every family and luxury cars for every household, and even neighbouring villagers and city dwellers are proud to have joined Lin Jia Wan.

“Join Lin Jia Wan?”

Lin Ran was stunned, how could this be joined?

“Get married!”

Mei Lin laughed.

“The girls all want to marry into the Lin Family Bay, and the men all want to join in!”

“Join the family? That’s so spineless!”

Li Ba said with disdain.

“That’s because you don’t know the benefits of Linjiawan!”

Mei Lin gave him a blank look, then said.

“The people of Linjiawan have no problem saying that even if they don’t do anything all year round, they can eat for the rest of their lives just from the village’s dividends, and it’s even said that there’s an annual pension allowance for those over sixty, and those who reach forty and have made contributions to Linjiawan are also actively rewarded with a luxury car!”

“Holy shit! Rewarding a luxury car!”

Li Ba was a little unnerved by this.

“These are just the tip of the iceberg, anyway, only joining Lin Jia Wan can be said to be a lifetime of food and drink, who wouldn’t want to live such a life!”

Mei Lin laughed.

“Boss, is there any more beautiful women in your village, introduce me to one!”

Li Ba moved.

“Get lost!”

Lin Ran gave him a blank look without good grace.

Mei Lin, however, laughed and said.

“Not anymore, now many people want to join Linjiawan, so Linjiawan has introduced some list of wrongdoings, no matter if it’s marriage or what, only outsiders who have joined Linjiawan for five years and have contributed to the village can enjoy these benefits, as for children born in Linjiawan, there is no such restriction!”

“Lin Jia Wan is all so powerful now!”

Lin Ran couldn’t help but sigh with emotion.

Back in the flat poor village he lived in, every household didn’t even have a light bulb, but now they all actually drove luxury cars.

At the same time as his heart felt emotional, Lin Ran couldn’t help but feel happy for Dalong, after all, the fact that Lin Jiawan had achieved what it had now was inseparable from Dalong’s efforts.

And of course there was Song Nuan.

“DING RING RING!”

Suddenly, Mei Lin’s mobile phone actually rang.

But she was driving, so she didn’t answer it and just hung up.

“Beauty, it’s not nice to hang up on someone!”

Li Ba saw this and casually laughed.

Instead, Mei Lin just smiled and didn’t answer.

Lin Ran looked at Mei Lin’s leathery smile, but in his heart he had a vague feeling that something seemed to be wrong.

“Jingle bell!”

The awkward exasperation hadn’t passed when suddenly Mei Lin’s voice rang again.

Lin Ran’s sharp eyes noticed that the same person was calling twice, both times without a note of name.

“What? A nuisance?”

Lin Ran laughed.

“How do you know?”

Mei Lin not only smiled at his words.

At the same time, she was also curious, she didn't seem to have said anything, so how did Lin Ran know it was someone she hated.

“Looking at your reaction it's obvious that you know who typed it, but without even a note, who else could it be if not a nasty person!”

“Indeed, very annoying!”

Merrill laughed, but not before saying more.

“Ding!”

Suddenly, a text message was sent over, and Lin Ran could not help but frown slightly as he had already seen the content on it with just a quick scan.

Lin Ran's reaction caused Mei Lin's pretty face to blush and she said helplessly.

“It's Changping! You should know that!”

“Changping?”

Lin Ran was stunned at his words, this Changping was someone he knew, he was their senior in middle school, only one year older than them.

The family was very rich, not even comparable to the Mei Lin family.

“You guys turned out to have a connection!”

Lin Ran laughed

“No contact at all, it's only recently that we got in touch, hey!”

Mei Lin said with a sigh.

“It's my family's business, something went wrong, my parents want me to marry Changping in a marriage, you know what kind of person Changping is, how could I agree, he's been threatening me here!”

Mei Lin said helplessly.

“So what are you going to do?”

Lin Ran asked,? As a classmate he still wanted to care about Mei Lin.

“I don't know, I hope I can find a solution to my family's business problems this time in Linjiawan!”

Mei Lin muttered to himself.

Lin Ran nodded at his words and smiled.

“I’m sure it will!”

“I hope so, there are many people doing business in Linjiawan nowadays, so I hope I can find someone to work with!”

Mei Lin laughed.

As they spoke the three had arrived at the bottom of the hill where Lin’s Bay was located.

“Why don’t you drive up?”

Seeing that Mei Lin was going to stop at the bottom of the hill, Lin Ran was busy asking.

“It’s still your home, but I still have to talk to you about the rules now!”

Merrill smiled helplessly and pointed to the car park ahead.

“Lin Jia Wan built the car park here a month ago, all foreign cars cannot enter the village, otherwise the village place is too small will cause traffic congestion!”

“Alright!”

Lin Ran laughed helplessly, he didn’t expect that it had only been a year, the rules in Lin Jia Wan were so many.

The three of them got out of the car one by one, and at that moment there was another parking space just a short distance away.

“Hey hey, isn’t that Mei Lin?”

Xu Dong saw Mei Lin and immediately his eyes lit up, he still liked Mei Lin compared to Ma Xiao.

“What Mei Lin, no going over there!”

Ma Xiao said unhappily.

“No, look at what poor loser classmate of yours, Lin Ran, just now, got off her car!”

Xu Dong laughed.

Ma Xiao turned her head at his words and couldn’t help but frown.

“This Mei Lin is pretending to be a good guy, she liked to help Lin Ran when she was in school, according to me there must be an unspeakable secret between them!”

Ma Xiao spoke unkindly and at the same time actually took out her mobile phone.

“What are you doing?”

Xu Dong asked in wonder at this.

“Sending a message to Changping!”

Ma Xiao said and took a picture directly at Lin Ran and the others, and immediately sent it to Changping.

“Hmph! And let Changping know how dirty the woman he likes really is, to actually be with a poor loser like Lin Ran!”

Ma Xiao said with a wave of his hand and a sneer.

“Go! Go over and see what it’s like to sit in a car with a poor pussy!”

“Haha! Go!”

Xu Dong laughed and instantly followed him over.

Chapter 1114

“Holy shit! Why is that stupid woman still coming over!”

As soon as Lin Ran and the three of them got out of the car, Li Ba noticed Ma Xiao and Xu Dong who were walking along the side.

“Don’t mind them, go home first!”

Lin Ran said indifferently.

At this moment, his heart had already flown to his home.

He hadn’t been back for so long, he didn’t know how his grandmother was doing, and he might have to get a bad scolding when he returned, having not been back for over a year.

“I’ll go with you, since we’re here we deserve to see grandma!”

Merrill laughed at the side.

“Mmm!”

Lin Ran nodded, he knew Mei Lin’s character very well, so naturally he would not refuse.

But just as the three of them were about to go straight up the mountain, Ma Xiao was the one whose voice rang out before he arrived.

“Mei Lin! You’re here too, eh is this your boyfriend? What a strange outfit!”

Ma Xiao pretended not to know and laughed.

“Ma Xiao! What are you pretending for, it’s not like we haven’t seen each other before!”

Li Ba couldn’t help but chide.

Lin Ran, on the other hand, had a bland expression, not changing in the slightest.

“Eh? It’s you guys? What a small world!”

Ma Xiao pretended to be dumbfounded, with a cold smile in his eyes.

“It’s quite small, the Lin Jiawan that no one used to come to, now even you, Ma Xiao, are willing to come!”

Lin Ran laughed.

Ma Xiao’s face sank at his words and he said in a cold voice.

“Lin Ran! Don’t think that just because you’re from Linjiawan, what’s the matter with you when other people’s Linjiawan is developing so well, and you have the nerve to talk about others, didn’t you come back because you saw how well the village was developing?”

“Ma Xiao! We’re all classmates, is it necessary to speak so meanly?”

Mei Lin frowned slightly and spoke.

Ma Xiao, however, smiled and said.

“Mei Lin, don’t be fooled by some people, although Lin Ran is our college classmate, but don’t you know clearly what conditions his family has? You can’t think that just because he’s from Lin Jia Wan, he can help you! After all, there are some unreliable ones in Lin Jia Wan, like this one beside you!”

“Ma Xiao enough, we’re all classmates, can you stop saying three words without money!”

Mei Lin’s face was ugly and displeased.

Ma Xiao was also frowning slightly, cursing in her heart.

“What are you pretending to be with me, what kind of bird are you Mei Lin? If it weren’t for your family’s money, I wouldn’t bother with you!”

“Fine, fine! Mei Lin we have not seen for so long, let’s not mention the money, by the way did they both come in your car?”

Ma Xiao changed the subject.

“Yes!”

Mei Lin nodded.

“Then you have to hurry up and wash the car, I found lice on them earlier and it disgusted me!”

Ma Xiao said with a disgusted look on her face.

“Put your mother’s arse up, who are you saying has lice on them!”

Li Ba immediately quit, this was a fucking insult.

“Saying you’re wrong? You don’t have to take a piss and look at your own virtue, with that kind of clothing you could have maggots, not to mention lice!”

Xu Dong said in a cold voice.

“Fuck you, what are you dragging them about with me!”

Li Ba was so angry that he was about to make a move.

However, Lin Ran on the other side stopped him and shook his head at him.

Li Bajie's heart was suffocating, he was a cultivator, but now

"Damn it! I can't do it in the open, I'll do it in the dark!"

Li Bajie's gaze glanced at Ma Xiao's body for a moment, and then he smiled.

"Brother Xu Dong, what a blessing!"

"What do you mean?"

Xu Dong looked at Li Bajie, with puzzlement in his eyes.

You were cursing quite happily just now, why are you suddenly getting close to yourself again.

Li Bajie looked at Xu Dong and pointed at Ma Xiao who also looked puzzled next to him and said.

"This figure of your Ma Zi is old and beautiful!"

Ma Xiao smiled and blushed, but there was smugness in her eyes and she said disdainfully.

"What size does it matter to you? You're a poor loser, and you're drooling over my figure, you'd be lucky to find a sow in your life!"

"Exactly!"

Xu Dong also sneered.

Lin Ran looked at Li Bajie and wondered what this guy was up to, but he didn't bother to say anything, he just watched quietly.

When Li Ba saw that Lin Ran wasn't stopping him, he came up with an energetic laugh and said.

"I think so, if I could I would definitely find a sow rather than your girl, do you know why?"

Li Ba asked Xu Dong.

"Why? How do I know why, maybe you know you are not good enough for other girls too!"

Xu Dong laughed smugly.

Ma Xiao on the side was also full of smugness and said to Mei Lin.

"Mei Lin how can you drive such an idiot man, it's really laughing at me!"

"Li Baba why are you looking for a sow and not even Ma Xiao?"

Mei Lin asked directly, with a slight frown.

Li Baba stretched his hands and said with a helpless face.

"Sows at least are real, people don't know that! Look!"

Li Ba said and pointed his finger across the air, then he heard two crisp sounds of "snapping".

At once Lin Ran, Mei Lin and Xu Dong all saw clearly.

“Ma Xiao, you!”

Xu Dong’s face turned green as he watched, while Ma Xiao gritted her teeth in shame and anger, wanting to find a crack in the ground.

“Bastard! You!”

Ma Xiao gritted her teeth.

Lin Ran, on the other hand, was busy standing out to round up the situation.

“Alright, it’s getting late, Mei Lin let’s go back first, we still have to attend the wedding after seeing grandma!”

“Good!”

Mei Lin nodded at once.

“Mei Lin! You’re going to his house? Are you stupid? You’re not afraid that his grandmother will cry for money from you! You don’t know what his family was like when you were in school!”

Ma Xiao forced down the embarrassment she had just felt and spoke sarcastically.

Just now Li Ba had made herself uncomfortable, now she naturally could not let Lin Ran off the hook.

Lin Ran’s face was ugly, he was too lazy to say anything about himself, but Ma Xiao actually said something about his own grandmother, which made him angry.

But just as he was about to fight back, a voice suddenly came from the side.

“Brother Lin Ran is that you?”

Lin Ran turned his head to look and was stunned.

Standing in front of him was a well-built beauty in a small suit, the beauty had an outstanding temperament and was standing there without losing out to Song Nuan in the slightest.

“You are?”

Lin Ran didn’t even recognize who the other party was for a moment.

“I’m Yingzi!”

The woman said excitedly.

“Yingzi?”

Lin Ran was so shocked that his jaw almost dropped.

“It’s me, Brother Lin Ran!”

Yingzi was full of excitement.

And Lin Ran even more so, he no longer knew what to say.

This competent and airy woman in front of him was actually Yingzi, and Lin Ran could never have imagined that the little girl who used to be a housewife following her own ass would actually have such a side.

“Isn’t this Brother Dalong’s wedding, you have to wear formal wear,? Otherwise I wouldn’t want to wear this suit!”

Yingzi laughed helplessly.

“By the way, I just heard this lady say that your grandmother wants to borrow money? From whom? Is our grandmother short of money?”

Yingzi looked bewildered.

Ma Xiao saw this and snorted coldly.

“What’s wrong with what I said? My classmate Mei Lin’s family has plenty of money, while Lin Ran’s family is poor as hell, is it wrong for me to be afraid that Mei Lin will be blackmailed if she goes?”

“Eh? Haha!”

Yingzi burst out laughing.

“Lin Ran’s family is poor? In the whole of Linjiawan if Lin Ran said his family was poor, then no one would dare to say that his family was rich!”

Ma Xiao frowned slightly at his words, but didn’t have enough to say with a stiff upper lip.

“Is that so? If his family is really so rich, how come he dresses like a poor beggar, he’s not afraid to speak big words!”

“Ma Xiao, forget it!”

Mei Lin persuaded again.

Yingzi still wanted to say something, but was stopped by Lin Ran, laughing.

“Don’t waste time, go home and see your grandmother!”

Yingzi nodded at this, glanced at Ma Xiao and said nothing more, then walked with Lin Ran and Mei Lin towards home.

Chapter 1115

“Come on, let’s go and have a look too!”

Ma Xiao, indignant in her heart, actually followed.

“What are you guys doing following?”

Li Ba saw the situation and was not happy.

“What’s wrong with us following? Lin Ran is also my classmate, so what’s wrong with going to see grandma when we arrive at Lin Jia Wan?”

Ma Xiao sneered.

“It’s fine to see my grandmother, but I’m afraid you don’t have enough money on you.

Lin Ran laughed.

“Pfft!”

Both Mei Lin and Ying Zi on the side couldn’t help but laugh, both obviously knowing that Lin Ran was joking and deliberately trolling Ma Xiao.

“How much money can your grandmother ask for? Am I, Ma Xiao, short of money?”

Ma Xiao was full of disdain and followed, pointing at Xu Dong next to him.

“Xu Dong, you guys know each other too, my boyfriend, my family owns a company, do you think I’m short of money?”

“Ao! Not short of money, then I’ll have to ask grandma to order more later!”

Lin Ran laughed.

Yingzi was practically leaning forward and backward in laughter.

No one knew the changes in Lin Jiawan better than she did, and Grandma Lin Ran asking people for money? To say that in Linjiawan was a joke in itself.

As they spoke, they had arrived at the village.

From a great distance the crowd could see the small villa at the head of the village, which was none other than Lin Ran’s house.

“Yingzi, it is said that the modifications to your house in Linjiawan are very elaborate, can I ask a question?”

Standing at the head of the village, Mei Lin was busy asking.

“Well Mei Lin sister you tell me!”

Yingzi laughed, Mei Lin’s person through the contact just now she can be considered to have some understanding, not the kind of person who messes around, and Ma Xiao is very different.

“Raise your hand your house in Linjiawan is slightly different from this one at the head of the village, it seems to be a centimetre lower in height, is this true?”

Mei Lin asked.

Yingzi sniffed and nodded.

“It’s true!”

“Why didn’t I know that?”

Lin Ran sniffed and wondered.

“You’re not at home all the time, naturally you don’t know, this is something the villagers made spontaneously after the house was converted!”

Yingzi said and pointed to the lightning rod at the top of the villa, laughing.

“The lightning rods in the other villagers’ houses are all a centimeter lower than this one at the head of the village, it’s considered a sign of respect from the big guys to this family, as for the reason you know”!

Yingzi smiled at Lin Ran.

Lin Ran was helpless, respect, this family is not his own family.

“There’s still this talk? Whose family is this household?”

Ma Xiao felt interesting listening from the back and was busy asking.

“This household?”

Yingzi looked at Lin Ran and followed with a laugh.

“This family is the family of our village’s greatest successor. If we were to say who has the most money in Linjiawan, his family would be the first, and no one would dare to say second! Do you understand what I’m saying?”

“Then it’s the village chief’s family!”

Ma Xiao had a disdainful look on her face.

“Let’s go, it’s your Lin Jia Wan village chief’s wedding today anyway, so let’s go and have a look since we’re here!”

“Let’s go!”

Lin Ran didn’t bother to explain, and immediately led the group inside, he really wanted his grandmother.

Pushing the door in, he only saw an old lady in the courtyard sorting out herbs, if it wasn’t grandma or who else.

“Grandma, look who’s back!”

Yingzi laughed.

Grandma turned her head and saw Lin Ran and was stunned.

“Ranzi?”

“Grandma! I’m back!”

Lin Ran smiled as he went forward and hugged Grandma directly in his arms, his eyes instantly turning red.

“What’s going on here? Isn’t it the village chief’s house? Why is Grandma Lin Ran here?”

Ma Xiao was dumbfounded, especially when he looked at the classical and luxurious decoration in the courtyard, his whole body felt in a trance.

The tables, chairs and benches in the courtyard were all mahogany, the flowers in the pots were also of very rare varieties, and even the decoration outside the house was very elaborate, so to speak, showing all the taste.

“Yes! This is the village headman’s house! ”

Yingzi laughed.

“And where is your village headman?”

Ma Xiao asked with a scowl on her face.

“Which of our village chiefs are you asking?”

Yingzi laughed.

“How many village chiefs are there in your village!”

Ma Xiao looked confused.

“That’s a lot to say, there were several village chiefs before me!”

Yingzi laughed.

Ma Xiao’s face sank, and only then did he react evenly, Yingzi was teasing him.

“Don’t think I’m afraid of you just because you’re from Linjiawan, I tell you! My mother’s money is no less than yours!”

Ma Xiao said angrily.

“O? Is that so?”

Yingzi was just about to retaliate, but Lin Ran stopped her.

“Forget it, it’s getting late,? Go sit inside for a while, and we’ll leave for the wedding instead!”

“Okay!”

Yingzi listened to Lin Ran the most, so naturally she wouldn’t refute, and immediately led a group of people to accompany her grandmother into the room.

“Or else let’s go!”

Xu Dong felt a little awkward and wanted to leave.

“Leave? Why should we leave? I’d like to see, they’ve blown this one family out of proportion, and they’re still so prominent in Linjiawan, is it Lin Ran’s family or is he just pretending!”

Ma Xiao was reluctant and instantly followed him in.

It was only once he entered the room that Lin Ran was completely blown away.

The inside of the small villa was decorated in antique colours, and every detail showed the people who lived here, their love for the classics.

It was especially thoughtful that there was a classical music machine playing classical music at one side, the whole room was simply a place where taste was revealed.

“How about Brother Lin Ran, my contact person decorated it!”

Yingzi invited the credit.

“Grandma lives alone, you’re making it look like a temple!”

Lin Ran said helplessly.

“Grandma just likes the feel of such old objects, doesn’t she Grandma!”

Yingzi smiled at Grandma.

“I don’t understand it either, so I let Yingzi help with it, you’re not home, I can’t do anything about it!”

Grandma laughed.

And to the side, Li Ba had already poured tea for the crowd with Yingzi’s help.

“Boss,? This is really your home! I go too grand!”

Li Bach exclaimed, while deliberately increasing his voice, as if he was afraid that Ma Xiao on the side could not hear him.

“Lin Ran this is your home?”

Ma Xiao looked at Lin Ran with a strange expression.

Previously, he had said that Lin Ran was a poor pussy, but now I was afraid that the decoration of Lin Ran’s house could not come down without a million dollars.

Moreover, the main thing was that before Yingzi had said that the people who lived here were the most privileged in Linjiawan, but this was Lin Ran’s house.

“Sort of!”

Lin Ran nodded, and then looked at his grandmother.

“I don’t care about that, a place with grandma is home!”

“Then wouldn’t you”

Ma Xiao’s face changed before she finished a sentence, and almost said the last half of her sentence as well.

“Wouldn’t you be rich then?”

She didn’t say it, but Xu Dong, who was on the side, said it directly.

Lin Ran looked at him, then at Ma Xiao, puzzled.

“You guys are really a pair, why are you both so interested in money, besides did I say that I don’t have any money?”

“You!”

Ma Xiao’s face was ugly, Xu Dong’s old face was even redder he couldn’t help but scold.

“Your family is so rich, why did you pretend to be poor before, wearing such rags! You’re sick!”

“Shit! We still have to pay you back for what we wear, what kind of a person are you!”

Li Ba couldn’t help but curse.

Lin Ran waved his hand to stop Li Bajie and looked at Xu Dong and Ma Xiao.

“Wearing ordinary clothes is being a poor bastard, you rule? My grandmother is here today, I don’t want to get angry, stay if you want to, if not I’ll send you out now!”

“It’s a big deal if you have some money, I have plenty of money, Ma Xiao, let’s go!”

Xu Dong didn’t want to stay long ago, so he greeted and was about to leave.

However Ma Xiao was looking at Lin Ran with glowing eyes and asked.

“Lin Ran are you married?”

Chapter 1116

“Ma Xiao you!”

Xu Dong’s face instantly went up.

“Xu Dong! Lin Ran is my classmate, I’m asking for my bestie!”

Ma Xiao also came back to her senses and was busy rounding herself up.

But the people around were not stupid, where they could not see what Ma Xiao was thinking.

“I’m just asking if you’re leaving!”

Xu Dong said angrily.

“I

Ma Xiao bit her lip and eventually left with Xu Dong first.

It was true that Lin Ran might be rich, but everything was still not completely certain, after all, it was just this house that appeared to be his, but what if the house was not Lin Ran’s at all?

Ma Xiao was indeed tempted, but she didn’t want to completely fall out with Xu Dong until she was completely sure.

That was her rule of thumb as a person, the spare tire had to be more than ready to keep herself moving up the ladder.

After Ma Xiao and Xu Dong left, Lin Ran and the others spent some time at home with her grandmother talking.

Suddenly, Merrill's mobile phone was the one that rang.

"I'm going out to take a call!"

Mei Lin smiled apologetically at the group, and then walked out.

And when she came back again, her whole face was covered in smiles.

"What's so happy?"

Rinran asked as he looked at Mei Lin with a smile.

"Lin Ran what you said actually came true, my family's financial crisis has gone through!"

Mei Lin looked at Lin Ran with excitement in her eyes.

"Is that so, congratulations!"

Lin Ran laughed.

"It's a company called Luo Ran Finance that has partnered with our family, it's said to be a big company, that's great!"

Mei Lin was excited.

Lin Ran, on the other hand, smiled and didn't say much.

He was also afraid that in case he said that he had done the favour and Mei Lin was offering herself as a favour, it would be difficult.

"Well, it's getting late,? It's time for us to go to the wedding too!"

Lin Ran greeted, and promptly led the crowd towards the auditorium.

.....

The auditorium was actually the village's cultural square, but Lin Jiawan's cultural square was comparable to a three-star hotel, which was the result of the village's development.

"Let's just sit down!"

Lin Ran led his grandmother and the others to the auditorium and casually found a seat and did so.

During this time, many villagers came over to greet Lin Ran when they saw him.

These villagers were all dressed very well, often with thousands of dollars of clothes on them, but when they faced Lin Ran, who was dressed in ordinary clothes, they all had smiles on their faces and respect in their eyes, none of them had the intention of looking down on Lin Ran.

"What the hell is this kid's origin, why are all the villagers here so nice to him!"

At the table next to him, Xu Dong frowned slightly as he watched, while Ma Xiao even never took his eyes off Lin Ran.

“You say? Is he very rich or not!”

Ma Xiao muttered to herself.

“What rich or not, so what if he’s rich, that’s the village’s, he’ll have to spend it all sooner or later without his own estate!”

Xu Dong said disdainfully.

Ma Xiao was stunned at his words, what Xu Dong said was indeed so reasonable.

“What about the gift?”

Ma Xiao suddenly asked.

“It’s on me!”

Xu Dong said, the woman who was getting married to Dalong today was Ma Xiao’s classmate, so naturally he had to prepare a gift.

“Whether Lin Ran is faking or not, we’ll know if we try it later!”

Ma Xiao calculated in his mind, while taking the gift into his own hands.

After Lin Ran and the others were seated, the wedding soon began.

And today’s witness was none other than Song Nuan.

One could tell that this wedding had been carefully prepared by Da Long, and the whole process was full of sweetness.

Song Nuan even gave Lin Ran envious glances from time to time, as if to say, look at others, and then look at you!

Lin Ran was helpless and had to cast his eyes elsewhere.

After the ceremony was completed, Dalong then took the bride and started to toast one by one, while some of his friends also started to take out their meeting gifts, and soon reached the table where Xu Dong and Ma Xiao were.

“Happy New Wedding Caiyun!”

Ma Xiao stood up and handed over the gifts he and Xu Dong had prepared.

“Ma Xiao thank you!”

Caiyun smiled.

But there was envy in Ma Xiao’s eyes.

Marrying Big Dragon, Caiyun would be able to eat and drink without worry for the rest of her life, and enjoy all the glory and riches.

After all, Dalong was the hand of Lin Jia Wan.

“Hey! If only I could marry Dalong!”

Ma Xiao thought to herself.

“What is this gift from Ma Xiao!”

Caiyun asked with a smile.

Most gifts between classmates were opened on the spot.

“Take a look!”

Ma Xiao laughed.

Caiyun immediately unwrapped it, and immediately two jade pendants appeared in front of the crowd.

It was a piece of Guanyin and a piece of Buddha, the colour was very good, and the two pieces had to be at least around 300,000.

“Ma Xiao thank you!”

Caiyun smiled.

“It’s alright! Classmates should, O yes, speaking of classmates, there is someone else who is also here today, you definitely don’t think about it!”

Ma Xiao said and pointed to the table next to her, laughing.

“Look who’s there!”

Caiyun and the two of them looked and immediately Da Long’s eyes lit up, wasn’t that none other than Lin Ran.

He had received a text message from Lin Ran earlier and had been really excited for a long time knowing that he would be coming.

“Lin Ran?”

Seeing Lin Ran, Caiyun was first stunned, then smiled.

“Long time no see, Lin Ran-san!”

Caiyun laughed.

She and Lin Ran had also been tablemates back then, and were very nice people, and Lin Ran remembered her.

“Happy Newlyweds!”

Lin Ran stood up and looked at the two.

“That’s all?”

Ma Xiao, however, laughed.

“Lin Ran, how can Caiyun be our classmate, didn’t you prepare a gift?”

“A gift?”

Lin Ran was stunned,? How could he have time to prepare a gift when he was coming back from this trek.

“Er

Lin Ran scratched his head in some embarrassment.

“Ranzi, you being able to come is the greatest gift, what more gifts do you need!”

Da Long spoke and laughed.

What he said was also from the bottom of his heart.

“Yes, we’re happy that you’re here!”

Caiyun also laughed, Lin Ran’s family conditions were known to Caiyun, so naturally he would not make things difficult for Lin Ran.

“To be honest, I came back too quickly, but I still have a present!”

Lin Ran said as he took out a wooden box from his pocket and handed it to the two.

“This?”

The crowd was stunned to see the wooden box, it was too ordinary and looked just like a ground floor item.

“Shit! Master Shu are you teasing me!”

Lin Ran was speechless, he had just asked Pillow Book to prepare a gift even while he was talking, but who knew that it was actually this kind of wooden box!

“Kid, what do you know, this is fine sandalwood, illiterate fellow!”

Pillow Book said in no good humour.

Lin Ran smiled, but others didn’t know it was sandalwood, and at once Xu Dong laughed.

“Lin Ran! I’m not talking about you, we’re all classmates at least, and you’re giving this away? What can be inside this kind of box? It can’t be something you just bought at a roadside stall!”

As soon as Xu Dong said this, everyone immediately cast an unkind glance, daring to talk about Lin Ran like this in Lin Jiawan was almost like slapping their face in Lin Jiawan.

“Lin Ran, you’re really stingy to the point of being stingy, you don’t want to send it even if you don’t want to, do you need to send this to disgust Caiyun?”

Ma Xiao also laughed, from the moment Lin Ran took out this wooden box, she was already sure that Lin Ran was definitely a poor pussy, otherwise who would take out such a puffy wooden box.

“It’s okay Lin Ran, I have good intentions in mind!”

Caiyun laughed.

Big Dragon, on the other hand, had an ugly look on his face, ready to explode at any moment.

“Wait!”

Suddenly, an old man on the table next to him suddenly stood up, he was none other than Caiyun’s grandfather.

“What’s wrong with Grandpa?”

Seeing her grandfather frowning slightly, Caiyun was also a little scared.

“Give me the wooden box to look at!”

The old man’s voice was langly.

Caiyun did not dare to say more and handed it over at once.

The old man took the wooden box in his hand, and his face instantly changed.

“This This is fine sandalwood, it must be at least a hundred years old! It’s worth a thousand dollars!”

Chapter 1117

“What?”

Hearing the old man’s words, everyone froze at once.

Especially Xu Dong and Ma Xiao, they felt their faces burning hot.

The wooden box they had sneeringly looked down upon was actually worth a thousand gold, which made them feel like they had been slapped in the face.

“I came in a hurry and didn’t prepare properly, I hope you guys like it!”

Lin Ran laughed.

“Thank you Lin Ran-san!”

Caiyun laughed.

And Da Long, who was at the side, also looked at Lin Ran gratefully.

“It’s too early to say thank you, you haven’t even opened the wooden box yet!”

The old man said busily, while handing the wooden box to Caiyun again.

Everyone was stunned, yes the wooden box hadn’t been opened yet.

But once they thought about it.

The crowd was immediately unsettled again, just a wooden box is worth a thousand gold, so what’s inside,? Is it not

“How can this kid afford to give away such an expensive item!”

Xu Dong’s face was ugly, and Ma Xiao on the side even clenched his fists, with anger in his eyes.

“How could he possibly give away something like this casually, does he have money or not!”

Ma Xiao felt like he couldn’t even see through Lin Ran at this point.

“Open it and take a look!”

Big Dragon laughed, and Caiyun nodded before whirling and opening it.

As soon as the wooden box was opened, a bracelet with a turquoise body appeared in front of the crowd.

The bracelet was very thin and oval in shape, looking very delicate and beautiful, and it instantly caught Caiyun’s eyes.

“This is?”

Caiyun looked a little out of breath.

Her grandfather, on the other hand, was no longer indifferent.

“This bracelet!”

The old man said picking up the bracelet, his hands trembling.

“Little friend Lin Ran, it is because of my clumsy eyes, how can the colour of this bracelet be so pure! I have also done some research on jade, such pure jadeite is definitely not something you would normally see!”

Hearing these words from the old man, all eyes immediately looked at Lin Ran.

The villagers were definitely full of light, after all, they already knew what Lin Ran was capable of.

Xu Dong and Ma Xiao, on the other hand, were at a loss, hearing this from the old man, was this bracelet also very extraordinary?

“Senior, the stone for this bracelet is not for sale to the public, it belongs to a specific group of people, the shape is a noble concubine bracelet, it has been enlightened by a high person, it has the effect of calming the spirit and benefiting the qi, in the future it can also be used to calm the foetus and condense the spirit!”

Lin Ran laughed.

At the same time, he turned his head and smiled at the two Big Dragons.

“May you have an early child!”

“You, Ranzi!”

Big Dragon was so excited that he no longer knew what to say.

And Caiyun was even blushing with shame.

And Caiyun's grandfather, at this moment, was busy exchanging the bracelet to Caiyun.

"Hurry up and take it away! If this bracelet is broken, grandpa can't afford to pay for it!"

"Grandpa!"

Caiyun gave her grandfather a blank look.

However, the old man said in a serious manner.

"Grandpa, I'm not joking with you, if you take this bracelet out and sell it, it will cost at least hundreds of millions of dollars!"

"Huh?"

Caiyun froze and was so frightened that she was a little afraid to bring it.

A hundred million dollar bracelet staying in one's hand, wouldn't one dare not do anything.

"It's alright, bring it!"

Big Dragon laughed at this, Lin Ran's hand really gave him a long face.

"Mmm!"

Caiyun smiled and nodded, still bringing it up.

And at this point where was anyone left to remember the pendant given by the two Xu Dong, it had long since been reduced to a companion.

"Impossible! This can't be!"

Ma Xiao felt her face burning hot, and her gaze was even more radiant as she looked at Lin Ran.

It was only at this point that she realized that Lin Ran was not at all measured by the presence or absence of money, but rather that he had so much money that he didn't care about his mockery at all.

"No! I must catch up with Lin Ran!"

Ma Xiao thought to herself.

Xu Dong, who was on the side, also saw what Ma Xiao was thinking and was furious beyond belief.

"Bang!"

Suddenly, he slapped the table and stood up straight away, instantly drawing everyone's attention to him.

"Xu Dong what are you doing!"

Ma Xiao was also taken aback.

Instead, Xu Dong waved Ma Xiao's hand away and pointed at Lin Ran, scolding him.

"Lin Ran, say! Where did you steal this thing from!"

“Stole it?”

As soon as Xu Dong said this, everyone froze, especially the people on the female side whose gazes on Lin Ran changed one by one.

Previously, they had thought that Lin Ran was a rich second generation and that his family was rich, but when they heard Xu Dong’s words, everyone was immediately confused.

“What do you mean Xu Dong!”

Li Ba also stood up and pointed at Xu Dong angrily.

“What do you mean? What do you mean by me, just this loser, the clothes on him don’t even add up to a hundred dollars, how can he afford to give such an expensive item!”

“And a sandalwood box, and an emerald not for sale to the public, that could possibly be possible! How else could it have come about if it wasn’t stolen!”

Xu Dong said angrily.

And it was only then that the crowd on the female side noticed that the clothes Lin Ran was wearing were indeed very tattered.

“Little friend Lin Ran?”

Caiyun’s grandfather looked at Lin Ran in confusion as well.

However, Lin Ran was always wearing a faint smile and did not seem to have any intention of arguing.

“Xu Dong! Have you made enough noise?”

Big Dragon’s face was ugly at this point, and he scolded Xu Dong as he rushed towards him.

“Big Dragon, right, I’m helping you! Let you see the whole thing clearly!”

Xu Dong said in a cold voice.

And Da Long was completely tensed up,? rushed at Xu Dong and said angrily.

“Get lost!”

“Get lost!”

Suddenly, on the male side, all the villagers stood up and rushed at Xu Dong in a furious voice.

This shout was so shocking that even the guests on the women’s side were confused for a moment.

What was this?

Why were all the people of Lin Jia Wan speaking for Lin Ran?

Ma Xiao’s heart thumped as she watched, and vaguely she seemed to have thought of something.

“Da Long, what is going on here?”

Caiyun's grandfather looked at Dalong, his head full of confusion.

Da Long gritted his teeth and glared angrily at Da Long with veins rippling on his neck.

"This wedding, if you can stay, stay honestly, if you can't stay, get out immediately! Or don't blame me for being ungracious!"

"And us!"

A group of villagers from Lin Jia Wan all echoed.

This scene really scared the female crowd.

"Da Long, forget it! It's a big wedding day, why bother!"

Lin Ran waved his hand, signalling not to continue.

However, Big Dragon turned around and bowed at Lin Ran, saying.

"Ranzi, I'm sorry for making you suffer so much!"

Following this, Big Dragon rushed straight onto the stage and took the microphone from Song Nuan's hand, sweeping his gaze over the crowd and saying aloud.

"You're all confused, aren't you, as to why our Lin Jiawan people embrace Lin Ran so much!"

"I, Da Long, will tell you today! The package is deducted from you Xu Dong!"

"It's all because of Lin Ran that our Lin Family Bay is where it is today! The back mountain development project was wholly funded by Lin Ran, and to put it politely, our village still owes Lin Jean nearly 100 million in arrears to this day!"

"You said he stole the stuff, where did he steal it? Your family? Does your family have a hundred million in all assets?"

"Weng!"

The moment these words came out, at once the female family members as well as Xu Dong Ma Xiao froze, including a side of the Mei Lin Li eight also froze

"Holy shit boss, you're so rich!"

Li Ba couldn't help but ask.

And the way Mei Lin looked at Lin Ran also changed.

Could it be that the person who helped himself was Lin Ran?

Big Dragon looked at the crowd and finally said.

"Lin Ran in our Lin Jiawan, no one can wrongly accuse,? Still less can anyone insult! I still say, this wedding, Xu Dong, you can stay if you can, if you can't stay immediately get out!"

"!!"

Xu Dong's body was like chaff at this moment, sitting on his butt in a chair, his whole body trembling, he couldn't even say a word.

Chapter 1118

The rest of the day went much more smoothly.

Half an hour later, the wedding was completely over and the female guests were sent off.

Only then did Lin Ran accompany his grandmother and Song Nuan Mei Lin and the others around Linjiawan.

After not coming back for more than a year, the present-day Linjiawan had not changed much.

Because of the development of the back of the mountain,? The entire tourism industry in Linjiawan has also flourished.

There is a constant stream of people coming here on weekdays.

Together with the later introduction of herbal cultivation in the village, cooperative processing and so on, the income of the villagers is also getting higher and higher.

"I really didn't think there was such a history before Dalong!"

As the people walked and chatted, Caiyun also learnt about the different Dalong of the past.

"Ranzi, how long are you planning to stay this time when you return?"

Da Long asked busily.

As soon as Lin Ran came back, his heart of his settled down, so naturally he wanted Lin Ran to stay home for a few more days.

"Stay for two days, I have to go to Temperance City in two days, there are very important things behind me!"

Lin Ran said.

At the same time, he couldn't help but tighten his grip on his grandmother's hand.

Every time he came back, he didn't have much time to spend with his family, making him feel very guilty.

"It's fine, just go without worry! Grandma is fine!"

Grandma laughed.

"Yes Brother Lin Ran, don't worry, I will visit Grandma often!"

Yingzi said at the side as well.

As the crowd chatted and walked, they soon reached the mountainside behind the village and could see the statue standing a long way away.

"So that's you on that statue!"

Mei Lin looked at the statue and only then realised that the man in the statue did not look like Lin Ran.

“So that’s you, the woman!”

Mei Lin looked at Song Nuan at the side, with envy in her eyes.

And at that moment, not far behind the crowd.

“Why are we following, can’t we just go back?”

Xu Dong’s face was cold, he didn’t want to follow them at all, but he couldn’t resist Ma Xiao’s persuasion.

“Why should we go back? Haven’t you lost enough people today? Can you swallow this anger if you just leave like this?”

Ma Xiao was indignant, but her eyes never left Lin Ran’s body.

She even felt that Lin Ran was getting more and more handsome as she watched.

“What if I can’t swallow it, Lin Ran’s land in Linjiawan for you have seen it, what can we do!”

Xu Dong said helplessly.

“We can’t do anything, but there is still Changping!”

Ma Xiao laughed, while turning his head to look at Mei Lin next to Lin Ran.

“Hmph! Bitch, why should you be the one walking beside Lin Ran, surely Changping will come, I’ll see what you do!”

Ma Xiao had a cold laugh in her heart, in her opinion, the one standing next to Lin Ran at this moment clearly had to be herself, only she could be worthy of Lin Ran.

But now it was Mei Lin and Song Nuan who were standing there.

“And that Song Nuan, who said she was Lin Ran’s girlfriend, I’ll make her look good sooner or later!”

Ma Xiao thought to herself.

And at that moment, suddenly a series of horns sounded in the village, the sound was very harsh.

“Who’s driving in the village?”

Dalong’s face sank.

Nowadays, cars were not allowed in Lin Jia Wan at all, only the village villagers’ cars could come in, and all wisps of foreign vehicles had to stop at the foot of the hill!

So a series of horn blasts like this one, they hadn’t heard for a long time!

“Brother Lin Ran! Brother Dalong it’s not good, there are a dozen Mercedes coming from the village, threatening to look for a Mei Lin!”

Soon, a villager came running over.

“Looking for me?”

Mei Lin was stunned and confused.

“Go and take a look!”

Lin Ran frowned slightly.

However, just as his words fell, a sound of a horn was already coming from afar, and soon a dozen black Mercedes-Benz cars had appeared in front of the crowd.

The doors opened and a fat young man in a leather jacket stepped out of the car.

Around the youth’s neck hung a large gold chain with a gold medal on it, and on the medal was written a big word, Chang!

“He’s Chang Ping!”

Merrill warned, his heart in his throat.

“What brings you here!”

Mei Lin asked with a frown.

Changping, however, smiled icily and said.

“How did I get here? You’ll have to ask yourself that!”

“Ask yourself?”

Mei Lin was even more puzzled.

“If Ma Xiao hadn’t sent me the message, I would still be in the dark, what with coming to a classmate’s wedding, you’ve come to rendezvous with an old lover!”

Changping said in a cold voice.

“What rendezvous with an old lover, tell me clearly!”

Mei Lin was very angry and turned her head to look at Ma Xiao who was not far away.

Ma Xiao’s eyes dodged but she didn’t say anything.

“Say it clearly? What’s there to say clearly, just look at it yourself!”

Changping sneered, followed by pointing his phone at Mei Lin, on which was the picture of Lin Ran and the two of them getting out of Mei Lin’s car.

“What do you mean?”

Mei Lin looked at Chang Ping with an ice-cold face.

“What do you mean? Don’t you know yourself? I see that your family’s crisis is not wanting to get through, how dare you go behind my back and hang out with another man!”

Changping's face was icy cold.

"Changping I tell you, I have nothing to do with you, which man I want to take in the car is my business, and secondly it's embarrassing, my family's crisis has been passed, you don't have to threaten me with this!"

Mei Lin said angrily.

Changping was stunned at his words, followed by a smile.

"I said it, how so bold, actually dare to screw a man behind my back, it turns out that the crisis of my family has been lifted, which makes me even more curious, who is this poor pussy you screwed in the end!"

Said Chang Ping, turning his head and sweeping his gaze over the crowd present, he then swirled and landed on Lin Ran.

"It's you, isn't it, kid you're quite capable!"

Changping sneered, his eyes filled with disdain.

"You're mistaken, Meilin and I are classmates!"

Lin Ran looked at his opponent and said blandly.

"Classmates? Kid you're considered a man, too? How come I found out that you're a classmate? Haha laughing my ass off!"

How could Changping believe that, he waved his hand at his men and said in a cold voice.

"I don't want to see him again, tell him to get out of my face!"

"Yes!"

A large group of men in black suits behind them instantly pounced towards Lin Ran one by one, their faces glowing fiercely.

"Boss!"

Li Ba's face also sank at the sight.

And at the side, Big Dragon also took out his mobile phone, apparently ready to shout for someone as well.

"No need!"

Lin Ran waved his hand at Big Dragon, and then looked at Li Ba.

"Don't make a scene!"

"Roger that!"

Li Bajie smiled heatedly, and immediately the entire aura of his entire body changed.

"Take grandma back!"

Lin Ran turned his head and rushed towards Song Nuan.

“Mm!”

Song Nuan nodded her head and immediately took her grandmother away.

“What’s the matter? All the arrangements are done? Then let’s get started!”

Changping sneered, followed by a wave of his hand, and instantly a wave of the surrounding men lunged towards Lin Ran.

“Your opponent is me!”

Li Ba’s entire body trembled, and an aura instantly filled the air.

“You? Just you? That won’t do!”

Changping looked at Lin Ran with mockery in his eyes.

“You didn’t recruit a few more dogs to send you to your death, just this one, what if you lose it!”

“Seeking death!”

Li Ba was instantly enraged, ? How dare he call himself a dog, this is simply an insult to himself.

“Damn it, if I don’t beat you all into dogs today, this Qionghua Mountain disciple’s name will be called in vain!”

Li Ba roared angrily, and immediately lunged towards the crowd.

Chapter 1119

In the face of Li Ba’s anger, Chang Ping was full of disdain.

“? Mei Lin, this man you’ve found is no good, he doesn’t even have a henchman, how could you look at such trash!”

Changping sneered.

“Changping I’m warning you, Lin Ran is not my boyfriend, besides you’re causing trouble in Lin’s Bay, you’re crazy!”

Mei Lin chided.

“Huh! Linjiawan, what if I make a scene? What can a village do to me? You’re afraid of me but I’m not afraid of some bullshit Linjiawan!”

“Li Ba!”

Lin Ran hadn’t done anything, but when he heard Changping’s words, his face sank. Lin Jiawan’s current success was entirely the result of the villagers’ joint efforts, but Changping actually looked down on Lin Jiawan like that.

This made Lin Ran a little angry.

“Boss, understand!”

Seeing that Lin Ran’s face was not right, Li B knew that the latter was angry, so he immediately fired up and kicked over a full three of his men in one shot.

“Bang!”

“Get the hell out of here!”

Changping was in no man’s land, and with each punch and kick, several of his men would follow him to the ground.

In the blink of an eye, a large number of Chang Ping’s men had fallen, each wailing and wailing.

“How is this possible!”

Changping’s face hardened at the sight and he immediately chided.

“Haven’t they all fucking eaten? They actually let one man beat them up like this... Go and reward the old man with 100,000 for whoever scraps this kid’s leg!”

“One hundred thousand?”

“Holy shit!”

The rest of the men’s eyes turned red when they heard this, and they all picked up their weapons and ran straight to Changping.

But even if their eyes were red, it wouldn’t help, what was Li Ba’s status, he was a follower of Qiong Hua Mountain, although he was only a follower, his strength was not comparable to these men of Chang Ping.

“Bang Bang!”

In the blink of an eye, as Li Ba blasted out another fist, the last two remaining men beside Chang Ping also fell to the ground with a sound, and the situation in the field directly flipped.

The formerly majestic Changping had now become a commander with a bare rod, while on the other hand, Lin Ran’s side was not missing even a single man.

“Brother Ranzi, is it so good on Li Bajie?”

On the side, Yingzi’s heart was excited as he watched.

“It’s not bad! Sloppy!”

Lin Ran said blandly.

“This is even called sloppy? Then wouldn’t you be even better, Brother Lin Ran?”

Yingzi looked at Lin Ran in surprise.

“Am I not formidable?”

Lin Ran asked rhetorically.

“Who knows if you’ve never fought before!”

Yingzi said helplessly.

“I usually don’t make a move, and when I really need to, the other side can prepare for a funeral!”

Lin Ran laughed.

“And! Blowing smoke!”

Eiko spat out her tongue.

And at this point, Mei Lin, who was on the side, also reacted and was busy reminding Lin Ran.

“Lin Ran, you have to be careful, this Changping has some power in the town, he’s bound to not take it lying down!”

“O?”

Lin Ran smiled and looked at Changping, sure enough, at this moment this guy had already taken out his phone and was making a call.

“Damn you for wanting to call! Don’t even ask if I’ve given my consent!”

Li Ba stepped forward and snatched Changping’s phone from him, making a move to drop it.

“If you dare to drop it, I’ll make you leave Lin Jia Wan today!”

Changping said angrily, his old face was red and his eyes were full of anger.

“Kid! You can’t see the situation clearly, can you, and I can’t walk out of Lin Jia Wan, today you think you can just walk out of Lin Jia Wan?”

Changping said as he slammed his phone on the ground, his eyes filled with a cold smile.

“Good! Good! You are finished! You’re finished!”

Changping laughed when he saw this.

“What do you mean, Changping!”

Mei Lin looked a little worried in her heart and questioned.

“What do I mean? You will all know later, just wait to die!”

Changping sneered.

And at that moment Merrill suddenly remembered something,? s whole body couldn’t help but tremble.

“What’s wrong?”

Lin Ran asked when he saw this.

“It’s not good! You guys should go now, it’ll be too late if you don’t leave!”

Mei Lin suddenly turned pale and hurriedly urged.

“This is my home, where else can I go?”

Lin Ran, however, laughed, while curious as to what it was that could make Mei Lin so scared.

“But if you guys don’t leave, you really won’t be able to leave later!”

Mei Lin said busily.

“You’ll have to tell us what’s going on first!”

Lin Ran wasn’t in a hurry and looked at Mei Lin with a smile.

“Oops! How can you still laugh, this Changping family is very powerful in the town, his old man even comes from a martial arts school, the family has very many martial arts schools and even more fighters!”

Mei Lin said anxiously.

“He must have got through just now, but the phone was dumped by Li Ba, his old man will definitely bring people over, and then you won’t be able to leave if you want to!”

“Ao!”

Lin Ran smiled and answered, but his expression didn’t change, not even a wrinkle on his eyelids.

“Ao?”

Mei Lin was stunned, what kind of reaction was that?

“Mei Lin, you know quite a lot!”

In the distance, Changping had a smug look on his face, and then he swept his gaze over the crowd present, his eyes full of disdain.

“So what if you know, I’ve said it, none of you will leave today!”

Next to them, Ma Xiao and Xu Dong’s hearts sank as they listened, and Ma Xiao was busy speaking up.

“Brother Changping, this has nothing to do with me, I am like you who tipped me off!”

“Yes, Brother Changping, we are not in cahoots with them!”

Xu Dong also hastily agreed, although his family was rich, they were not willing to mess with Changping who had a martial arts school background.

“Ma Xiao you guys!”

Mei Lin gritted her teeth in anger, and even Caiyun, who was on the side, frowned.

“How did we get a classmate like you!”

Lin Ran couldn’t help but laugh.

Ma Xiao’s face turned red and her heart was suffocating as she retorted.

“Lin Ran you don’t have to be smug anywhere, so what if you’re rich, you’ll always be a loser in my eyes!”

Since she couldn’t get Lin Ran, she was like completely destroying the other party, what she couldn’t get herself no one else could get.

“Does it matter to me? In my eyes, how are you not a gold-digging girl?”

Lin Ran laughed.

“You!”

Ma Xiao’s face became even more ugly.

“Just keep pretending, when Brother Changping’s people arrive later? I’ll see what else you can pretend to be!”

“Really, then you wait and see!”

Lin Ran smiled lightly and stopped talking.

“Damn it! From the sound of it, your people will have to wait a bit longer to arrive right!”

Li Ba suddenly reacted and turned his head to look at Changping.

“You What do you want!”

Changping’s face was ugly as he looked at Li Baba warily.

“What for? Of course, I want to clean you up before your people come!”

With that, Li Ba reached Changping with an arrow step, scaring Ma Xiao and Xu Dong into hastily hiding to the side.

“Slap!”

Li Ba was not polite, and gave a slap to his face, causing Chang Ping to turn around 360 degrees in place, and then fell to the ground with a heavy thud.

“You!”

Changping covered his cheek, his eyes full of anger.

“How dare you point at me!”

Seeing this, Li Ba gave a “bang” kick, causing Chang Ping’s whole body to fly backwards and hit the Mercedes-Benz behind him heavily.

This blow directly broke several of Changping’s ribs.

“You fucking”

Changping was so furious that he was very much not going to skin Li Ba.

“And you dare to point at mum,? Looks like the hit was too light!”

Li Bajie cursed, followed by an arrow step and lunged towards Changping again.

At this time Ma Xiao Xu Dong was so frightened that she hastily covered her face, neither daring to look.

The two of them also did not dare to look any further, this Li Bajie was really black, and I don't know why, he actually listened to Lin Ran so much!

Chapter 1120

After a few minutes, Changping had been completely beaten and turned into a pig's head.

Even Ma Xiao and Xu Dong didn't recognise him for a while, and it was only through the large gold chain around Changping's neck that they finally recognised that this was Changping.

"Lin Ran, you're dead! You actually beat Changping up like this, the Chang family won't let you off!"

Ma Xiao said angrily at the sight.

"You're mistaken,? It was Li Ba who did the beating!"

Lin Ran pointed at Li Ba, who was having his nails done next to him, and said blandly.

"Isn't he one of yours!"

Ma Xiao said angrily.

Li Bach, however, threw his nail clippers on the tired and sneered.

"What's the matter Ma Xiao, do you also want a facelift? Buster I happen to be free, want to have a few punches?"

"You!"

Ma Xiao was so scared that she was busy hiding behind Xu Dong.

"Lin Lin Ran, Ma Xiao is also your classmate anyways, don't Don't do anything nonsensical!"

Xu Dong was so scared that he couldn't speak well.

"Huh! That's all you've got!"

Lin Ran gave Xu Dong a disdainful white glance, followed by turning his head to ignore the two.

Time passed, and soon the sound of a car horn came again from the village head.

But this time the noise was obviously louder than the previous one.

"Rumble!"

Soon, dozens of crisp black cars drove over, instantly surrounding all of Changping and the others' previous Mercedes.

"What kind of cars are these?"

Changping pestled his pig-headed face, looking somewhat bewildered.

“It’s a Rolls Royce! My God, there are dozens of them!”

Ma Xiao, however, was looking at it with glowing eyes, she loved this car so much that she had dreamed of having one.

“Brother Changping, your family is so rich!”

Ma Xiao turned her head to look at Changping.

Changping was also full of confusion at this time, when did his family have so many Rolls Royces, how come he didn’t know.

He still remembered when he wanted to buy one, but he was scolded severely by his own old man, but now

Oops whatever, ? Anyway, it must be someone I called, I’ll ask later on.

Changping’s heart moved and instantly smiled at Lin Ran and Li Ba.

“Stupid, see! Still fucking acting like a pussy with Laozi, I’ll see how you guys run later!”

“Boss!”

Li Baba turned his head to look at Lin Ran with some worry in his eyes.

There were dozens of Rolls-Royces coming down at once, the other party was obviously not small.

“Don’t worry!”

Lin Ran, however, waved his hand, signalling that it was fine.

“Bang, bang, bang!”

The doors of dozens of Rolls-Royces opened at the same time, and the momentary commotion could be said to have resounded throughout the village.

The people who came down were each wearing black suits, but on their chests were all embroidered with a white mark, which looked very much like a silver pin, not knowing what it meant.

The leader was an old man with sunglasses and a serious face.

The old man led the men towards Lin Ran and the others with a solemn look on his face.

This made Changping next to him look instantly delighted and say in his heart.

When did his own family produce such a powerful bodyguard, what a long face.

As he thought, the old man had already arrived next to Changping.

Changping obediently pointed at Lin Ran and followed with a chortle.

“Go! He that boy’s scrapped for me!”

Changping said and was ready to hear the old man next to him respectfully say “Yes”.

But the result was that after half a day of glaring, the old man next to him didn't even say a word, instead he stopped and looked at him.

"What are you looking at me for? How can you be a henchman if you don't understand what I'm telling you to do?"

Changping said angrily.

From afar, Lin Ran, however, couldn't help but laugh as he watched.

"Laugh! What the fuck are you laughing at, my men have arrived and you're still fucking laughing, you'll be crying later!"

Changping cursed angrily, while turning around and scolding the old man .

"Hurry up and kill him or I'll have you rolled up and out Ah!"

The old man's face was suddenly filled with astonishment.

Changping's face instantly turned purple, and was clearly on the verge of losing his breath.

"Elder!"

The young man in the suit looked at the old man, seemingly inquiring.

The old man, however, turned his head to look at Lin Ran, again seemingly inquiring.

This scene froze all those present, especially Ma Xiao and Xu Dong, who only felt as if they were dreaming again.

On the other hand, Mei Lin and Ying Zi also couldn't help but cover their mouths, and Da Long was even looking so hot that he couldn't help but tighten his grip on Caiyun's hand.

"Let it go!"

Lin Ran waved his hand and said blandly.

"Let it go?"

Ma Xiao Xu Dong and the others all looked at Lin Ran, how did he seem to be saying this to the old man.

"Lin Ran you're crazy, you said you'd let go, what do you think you are!"

Ma Xiao sneered.

Xu Dong, on the other hand, was busy pulling her corner, signalling for her to keep quiet, ? The situation seemed a bit wrong.

But Ma Xiao was unconcerned and pointed at Lin Ran to.

"You also do not take a piss and look in the mirror, what are you, and let people release it, who do you think you are!"

"Are you talking about him?"

Just as Ma Xiao's voice fell, a black shadow appeared in front of her, with a serious expression full of murderous aura.

"Yeah Right! I wasn't talking about you, you What do you want!"

Ma Xiao was so frightened that she couldn't speak beforehand.

The young man in suit didn't say anything either, followed by a hand around Ma Xiao's neck, and at once the latter's face turned purple.

"All right!"

Lin Ran waved his hand, and only then did the young man in the suit let go of his hand, and then a group of people, led by the old man, all walked towards Lin Ran.

"Pavilion Master!"

The group of people rushed towards Lin Ran and saluted respectfully, a pavilion master that shook the heavens, immediately subduing Ma Xiao and the others all together.

Even Changping, who was on the side, grew his mouth,? It felt like his heart was plucking cold.

"Lin Ran you!"

Mei Lin and Ying Zi even more so at this point, they didn't know what to say, these people turned out to be all Lin Ran's people.

"Eighth Elder, why have you even come here personally?"

Looking at the old man in front of him, Lin Ran couldn't help but ask with a smile, but it was none other than the Eighth Elder.

"The Pavilion Master has not returned for over a year, so I naturally had to come to greet him this time, and there is also something that I must inform the Pavilion Master of as soon as possible!"

The Eighth Elder said respectfully.

"Well, go home and talk!"

Lin Ran greeted and prepared to leave, as for Ma Xiao Xu Dong Changping and the others, he didn't bother to pay any attention to them at all.

"Pavilion Master! A dozen more Mercedes-Benzes have come outside the village!"

Suddenly a young man in a suit next to the Eighth Elder came forward and said.

Lin Ran was stunned at his words, clearly this was the person Changping had called.

"It's my people! My people!"

Chang Ping was instantly delighted at his words, but then he couldn't help but gag, so what if his own old man had come, this happy people in front of him were not ordinary people at first glance.

Even at this point Changping wished he hadn't shouted for someone to come over.

“You guys deal with it, besides park all the cars in the car park at the head of the village and watch the annoyance!”

Lin Ran waved his hand and said.

“Yes Pavilion Master!”

The Eighth Elder and the others saluted respectfully, and immediately got into their cars one by one and exited outside the village, and as for those cars that Changping had brought with him, they had also been arranged by the Eighth Elder to drive them all out.

As for what happened outside the village afterwards, Lin Ran naturally had no idea and didn't bother to find out, he just ended up receiving a text message from Mei Lin.

“Thank you Lin Ran, I now realize that you were a help in my family's matter, I really appreciate it! Also something happened at Changping's house,? I think you had someone do it too, I heard Changping's father questioning who exactly he had offended, I'm glad I didn't offend you, I didn't think you were even that good now! I hope we're still classmates and friends, Mei Lin!”

Lin Ran smiled at the text message and then sent one back.

“We'll always be classmates, friends! Lin Ran!”
