

Wonder Doctor

Chapter 1161

The reason why there is a gap between the Qin and Yue families, and the Li and Fire families, is not that they are not as rich in money as the latter.

The most crucial thing was that there were not as many strong people as the latter.

For example, in the Dragon Family, Dragon Ridge Heaven is the Realm of Creation, and the Dragon Family has even more Realms of Creation.

The same goes for the Fire Family and the Li Family.

In the inner clans of these great families, there were many strong people of the Realm of Creation hidden away, and these strong people were the absolute core of a family.

It doesn't matter how broken and bumpy the family is, as long as these strong people are still alive, then their family can survive anywhere.

What the Qin and Yue families lacked were these Creation Realm powerhouses.

The Qin family had only had Qin Bing's brother Qin Feng's strength for decades, but he still hadn't crossed over into the Dao Sect.

According to Lin Ran's guess, Qin Feng, like Li Sheng, was a martial arts practitioner and might have gone to Xingwu Mountain.

But whether he had broken through or not, no one knew so far.

As for the Yue family, the appearance of this Yue Rushan was the straw that broke the balance.

It was said that Yue Ruyan had already crossed into the realm of creation.

In fact, the situation might be even worse, because Yue Qunshan has now also crossed the realm of creation.

But the Qin family, on the surface, was without the Realm of Creation.

Of course, it could not be ruled out that the Qin family was hiding, but at least for the time being, the Qin family had already fallen into a disadvantage.

For two families like this, once they fall into a disadvantage? What awaits them is inevitably the stormy destruction of the other side.

This is why Qin Ji had to come today to find out the truth, and there was no way around it.

The people had their own thoughts in their minds, and at this time Yue Shan was too lazy to delay, all the major clans had basically arrived, and it was time to showcase their Yue family's heritage for this birthday banquet today.

"Alright gentlemen, the birthday banquet is about to"

The host was ready to announce the start of the birthday banquet at his command.

But at this moment, another voice suddenly rang out.

“Chao Tiange has arrived!”

As soon as this voice rang out, everyone froze.

It was because the voice was not from the Yue family butler at all.

Moreover, the crowd could hear clearly that there was no gift in this voice at all!

That meant that Chao Tiange had come empty-handed.

“What the hell is Chao Tiange! How dare it come without gifts?”

“Holy shit! This is not taking our Yue family into consideration at all!”

“Yes! This is fucking arrogant!”

The people of the Yue Clan were indignant, too few people from outside the clan knew of the existence of the Chao Heavenly Pavilion.

“Senior brother, why are the people from the Chao Heavenly Pavilion here?”

Yue Shan looked to Yue hook next to him, his heart a little uneasy.

“Don’t worry, the Chao Heavenly Pavilion is a neutral force, it won’t do anything to us, instead it’s helping to raise our morale!”

Yue hook said as he had stood up and rushed towards the door and said aloud.

“Welcome Chao Heavenly Pavilion’s distinguished guests, please come in for a chat!”

“What’s going on?”

“So polite?”

Hearing Yue hook’s words, some of the people from the Yue family were immediately unsettled.

The other party didn’t even have a gift, but their elder was actually so polite?

“Elder Yue Gou, our Chao Heavenly Pavilion came in a hurry and didn’t prepare any gifts, so please don’t blame us!”

The Eldest Elder smiled as he had already led someone in.

Yue Gou was stunned at the sound of his words and was busy laughing.

“The Grand Elder is joking, the Chao Heavenly Pavilion is an honoured guest to our Yue family, it is already a great honour to be here, how dare we ask for gifts!”

Yue hooked a busy smile, while his eyes swept around the people behind the Grand Elder, and he couldn’t help but tremble in his heart.

Among those who appeared alone, there were at least a full eight Realm of Creation, this kind of strength was simply not something that the Yue Clan could resist.

“This Chao Tiange is truly terrifying!”

Yue Shan also couldn't help but gulp down his spit.

The other Yue family members, however, were unaware of this at this time, and one by one, they looked at the Chao Heavenly Pavilion with great displeasure.

“Coming to pretend without a gift, what a debt!”

Yue Shanshan whispered.

“Don't say anything!”

On the side, Yue Qunshan was however busy speaking up and stopping Yue Shanshan.

“What's wrong with Brother Qunshan?”

Yue Shanshan was puzzled.

Yue Qunshan, however, frowned tightly and spoke.

“These people are very strong and are simply not something that the Yue family can resist! Don't ever offend them!”

“Really?”

Yue Shanshan frowned in disbelief.

But at this moment, a senior young master of the Yue Family next to her stood up.

“I say! What the hell is your Chao Heavenly Pavilion, not even a gift for someone's birthday banquet, a combination of callers? What shamelessness! Where's your pavilion master, hand him over and see if he's holding a dog beating stick!”

“How dare you!”

As soon as the youth's words fell, Yue Gou chided out, and his face instantly sank to the bottom.

“Elder Yue Gou, did I say something wrong? Did”

The youth was unconvinced and wanted to say more.

Yue hook but a cold look in his eyes, scared the other party dare not in nonsense.

“Grand Elder please don't blame me, the young man doesn't know what to do!”

“Naturally not!”

The Grand Elder said with a smile, but then was cold.

“Naturally I won't mind, but is our Chao Heavenly Pavilion's Pavilion Master something that anyone can talk about?”

“No!”

At once, the crowd behind them chided in unison.

“How will you be dealt with for presumptuously discussing the Pavilion Master!”

The Grand Elder asked once again.

“Kill!”

The crowd behind them shouted once again.

This monstrous aura immediately frightened the hearts of the entire Yue family.

“Grand Elder, don’t be angry! Little children don’t understand!”

Yue Shan busily said.

However, the Grand Elder’s face was icy cold as he retorted.

“If a child doesn’t understand, doesn’t he need to be responsible? Or else Yue Shan you would be responsible?”

“I”

Yue Shan was instantly blocked from speaking.

“Don’t do anything yet!”

Great Old Zhang said in a cold voice.

At once a black shadow arrived directly in front of the youth, followed by a slap on the latter’s chest.

“Poof!”

A mouthful of blood directly spurted out, and the entire person had fainted.

“Year since today is your Yue Shan’s birthday banquet, our Chao Heavenly Pavilion will not kill anyone, if you are presuming to discuss our Pavilion Master, you will modify our ruthlessness!”

The Eldest Elder said in a cold voice.

“Yes, yes!”

Yue Shan and Yue Gou had already turned pale with fear.

And Yue Shanshan, who was on the side, even looked dumbfounded and did not say a word.

“This Chao Heavenly Pavilion is too strong, I’m afraid that the Fire Family and the Li Family are not necessarily their opponents, so you better stop talking nonsense!”

Yue Qunshan looked at Yue Shanshan and reminded her.

And Yue Shanshan was simply unable to utter a single word at this point, let alone speaking nonsense.

“Gentlemen the birthday feast continues!”

Yue Shan’s face was ugly and he was busy saying.

But in his heart, he had already cursed Chao Tiange.

If it wasn't for his fear of their strength, Yue Shan would have been furious.

"Gentlemen, our birthday banquet"

The host had just opened his mouth to speak when he was immediately interrupted again.

"Elder Yue Shan is not well, there is a disturbance at the entrance!"

"Shit! Do you have to come in to report even a brain matter? This Yue family is sick!"

The host cursed in his heart, this was the most unpleasant business he had ever taken on, let's not even let anyone host it.

"What's going on!"

Yue Shan's face instantly turned gloomy, he simply even had the heart to kill.

"Elder Yue Shan, there's a kid coming at the door, actually carrying a coffin! He said he was coming to give you to deliver A gift!"

The man stammered in fear.

"How dare you! Blast away!"

Yue Shan was so angry that he simply wanted to go crazy.

How come he didn't see so many strange things on weekdays, and today, for my birthday banquet, how come all the bullies and snakes and gods had come!

Chapter 1162

"Elder This man can't be blown away at all! He is strong"

The handlers are very difficult, if they could blast him away why would they come in to report it?

"No need,? I've already come in!"

Yue Shan had not yet spoken,? A young man's voice was already ringing out.

Then everyone present saw that an unpainted, earth-coloured coffin was carried in directly by someone.

And the person carrying the coffin was clearly none other than Lin Ran.

"Bang!"

Lin Ran placed the pipe directly on the ground vertically, and his eyes swept over everyone in the scene with icy coldness.

"Lin Ran it's you!"

Upon seeing Lin Ran, Yue Shan's face instantly turned icy cold.

The same was true for Yue Gou at the side.

He had a great relationship with Yue Shan, so naturally he had heard Yue Shan mention this person.

“How is it him!”

And at this moment, Yue Qunshan and Yue Shanshan on the side almost both froze.

“Who is this man!”

“That’s right, damn it, there was the Chao Heavenly Pavilion before, how come such a kid popped up again!”

“No, he’s Lin Ran!”

“Lin Ran? Is that the same Lin Ran who killed Yue Bu and Yue Feng?”

“That’s him!”

Soon, the entire Yue family reacted.

Back then, Yue Bu and Yue Feng were the absolute core of the Yue family’s outer clan, but they both ended up dying at the hands of Lin Ran.

This incident was a huge sensation back then.

At this moment, Lin Ran’s story was brought up by everyone, so naturally, many people recognised him.

“So what if it was him, after all these years, our Yue family doesn’t seem to be messing with him!”

“That’s right! This is too much of a bully, we’re not even messing with him, how come he’s still killing us!”

“This is outrageous!”

The crowd murmured.

“Lin Ran! What do you mean by that, I’ve never provoked you in all these years!”

Yue Shan’s face was gloomy.

In fact, after he had sent his assassin to find Lin Ran back then, he already knew that he couldn’t overpower the other party.

That’s why he hadn’t dared to provoke Lin Ran again for so many years.

But to his surprise, Lin Ran was now killing himself at his door.

“Didn’t provoke?”

Lin Ran smiled at his words, however.

“That’s right! You Yue Shan didn’t provoke me, but have you asked the people below you?”

Lin Ran said in a cold voice.

“You!”

Yue Shan was stunned,? His eyes swept over the crowd present, and he felt that hatred in his heart.

Who on earth had provoked this bogeyman again.

“Bastard!”

Yue Qunshan’s face was gloomy, and his heart was even more furious.

No one knew better than him that it was himself who had tried to kill Lin Ran in the first place, resulting in the current outcome.

“Who did you say it was! I, Yue Shan, am willing to hand him over to you for punishment!”

Yue Shan’s face was ugly.

A few years ago, he was no match for Lin Ran, and now who else in the entire Yue family could hold him down, I’m afraid it was only that Yue Rushan.

But would Yue Rushan help him? He didn’t even know in his own heart!

“Haha! Old man Yue Shan, after so many years of not seeing you, you’re really quite open-minded! Don’t be in a hurry, I’ll tell you one by one!”

Lin Ran’s face was gloomy, followed by a snap of his fingers at the back, and instantly three figures walked in, and it was none other than Long Ya Lin Hong as well as Lin Qiu!

“They!”

Seeing Lin Hong and Lin Qiu, Yue Shanshan’s face instantly changed.

Hadn’t they been taken away by Yue Qun Ce! How come they were now here intact and wearing clothes that were actually worth more than their own.

“And where’s Brother Qunze?”

Yue Shanshan immediately panicked and couldn’t help but look at the coffin to the side.

“Could it be that Brother Qunze has”

She didn’t dare to think further.

“Who are they, old man doesn’t know them!”

Looking at Long Ya’s trio, Yue Shan’s face was gloomy.

“Don’t be in a hurry, you’ll recognize them!”

Lin Ran said in a cold voice, while pointing at Long Ya.

“Make your own introductions!”

“Mm!”

Long Ya nodded her head and whirled around, taking a step out.

“The Nanyang Dragon Family! Long Ya! Elder Yue Shan, goodbye!”

Long Ya said blandly.

“The Nanyang Dragon Family!”

Yue Shan was instantly baffled.

When had he provoked the Dragon Family, it was on the same level as the Li Family and the Fire Family, and it was also a hidden family, the Yue Family was just a younger brother in front of them.

“Little Miss Long Ya, I don’t think old man and you have a problem!”

Yue Shan’s face was ugly.

“Elder is joking, naturally you don’t, but your family’s people do!”

Long Ya said in a cold voice.

“Who!”

Yue Shan asked busily.

“There’s no rush, wait for Lin Ran to tell you!”

Long Ya smiled blandly and whirled and walked back to his original position.

At this moment, Yue Qunshan had already clenched his fists, at this point where he did not understand that this was clearly the two Lin Ran looking for his door.

“Humph! If I had really run away before,? But now that I’ve broken through the Creation Realm, you guys are just sending me to my death even if you come!”

Yue Qunshan had a cold smile in his eyes, breaking through to the Realm of Creation had made him confident in his own strength.

“Tell me more about these two!”

Lin Ran suddenly pointed at Lin Hong and Lin Qiu.

“Their names are Lin Hong and Lin Qiu, and they are my Lin Ran’s disciples! Is this relationship close enough? Elder Yue Shan?”

Lin Ran looked towards Yue Shan.

“What do you mean!”

Yue Shan’s face was ugly, not wanting to play dumb with Lin Ran.

“What do you mean? Don’t be in a hurry! Before I say anything, I have to deliver the gift first!”

Lin Ran said in a cold voice.

“A gift?”

Yue Shan frowned slightly at his words and unconsciously looked at the coffin next to him.

“Lin Ran! You have a grudge, I, Yue Shan, won’t stop you, but what do you mean by sending a coffin!”

Yue Shan chided.

“What does it mean! You can see for yourself!”

Lin Ran snorted coldly and followed with a punch to the coffin.

“Bang!”

The coffin instantly ruptured, and a figure inside had fallen out, if not Yue Qunze or someone else.

“Yue Qun Ce, you’re from the Yue family aren’t you!”

Lin Ran said in a cold voice.

“You!”

Yue Shan’s face was white, how could he not know Yue Qunze, that was someone from the Yue family’s inner clan.

“How did he offend you!”

Yue Shan’s face was icy cold.

“How has he offended me! He tried to defile my apprentice, so you say he should be killed or not!”

Lin Ran said angrily.

“This

Yue Shan froze in his tracks.

“What do you want!”

Yue Shan looked at Yue Qun Ce, who was clearly not dead yet.

“What about it? This way!”

Lin Ran’s eyes were icy cold, followed by a slap directly on Yue Qun Ce’s neck, and immediately the latter gulped down a mouthful of air.

“Lin Ran you!”

Yue Shan’s face looked ugly.

Killing someone from the Yue family right in front of him was simply a slap in his face.

“Yue Qun Ce died just like that?”

“Elder Yue Shan actually didn’t even care!”

“And Elder Yue Gou!”

“My God!”

A crowd of Yue family members were dumbfounded.

At this moment, Yue Shan and Yue Gou were even more in a difficult position, as elders of the Yue Family, they hadn't wanted to provoke Lin Ran, but in the current situation, if they didn't, where would their Yue Family's face be, and what face would they have even more to be elders of the Yue Family?

“Why can't you resist?”

Lin Ran looked at Yue Shan.

“If you can't endure it Lord feel free to strike, I, Lin Ran, dare to come, you think I'm afraid of your Yue Family?”

“Lin Ran! Don't go too far!”

Yue Shan said angrily.

“You've already killed the man! I, Yue Shan, will not pursue this matter because he offended you first, so you can leave now and this matter will be over!”

“Leave now? You think it's too easy!”

Lin Ran's face was icy cold as he turned to look at Long Ya at the side.

Long Ya would instantly walk out.

“The matter of Yue Qun Ce is over, but there's still one more thing that's not over!”

“Where is Yue Qunshan! Don't get out yet!”

Long Ya said angrily.

At once all the Long family members looked in Yue Qunshan's direction, and couldn't help but gulp in their hearts.

What had these two brothers done that they had all offended Lin Ran and the others.

Chapter 1163

“Haha!”

Finally, Yue Qunshan stood up under the gaze of the crowd.

“Brother Qunshan!”

Yue Shanshan at the side was dumbfounded at this point.

She had watched Yue Qun Ce die in front of her.

Moreover, it was killed by Lin Ran's own hands, which was no less shocking than if Lin Ran had killed her directly.

Thinking about the scene where she had offended Lin Ran earlier, he was incomparably scared, fortunately he had not been impulsive enough to anger Lin Ran completely at that time, otherwise she would have been the one who died today.

“Shanshan! You can’t hide from it!”

Yue Qunshan smiled blandly, following which he turned his head to look at Lin Ran.

“I knew this day would come long ago, I just didn’t expect you to come so quickly!”

“What? Still want to live for two more days?”

Lin Ran looked at Yue Qunshan with icy cold eyes.

“Haha! Lin Ran, don’t you think you’re stupid?”

Yue Qunshan laughed.

“When you forced me away from Qionghua Mountain, and now I’m not walking here waiting for you, don’t you think about why that is?”

Yue Qunshan laughed coldly.

“Does it have anything to do with me? After today, you’ll be a wastrel too!”

Lin Ran said indifferently.

“A wastrel? Just by you?”

Yue Qunshan laughed disdainfully.

“Elder Yue Shan! As an elder of the Yue family, are you just going to watch?”

Yue Qunshan looked at Yue Shan and his words were unkind.

“How is Qunshan talking to the elders!”

Yue Gou’s face was ugly as he scolded.

“Qunshan, how on earth did you provoke Lin Ran in the first place!”

Yue Shan’s face was icy cold, this Yue Qunshan obviously wanted his help, but to help you have to say exactly what happened!

“It was just a sneak attack on him!”

Yue Qunshan said blandly.

“It’s hard for me to do this!”

Yue Shan’s face was grim.

“Then what if I tell you that I have broken through to the Creation Realm!”

Yue Qunshan laughed coldly.

“What?”

Hearing these words from Yue Qunshan, at once not only Yue Shan, but also Parcel Yue Gou were all confused.

There were only a few of them in the Yue family combined, but now Yue Qunshan was actually saying that he had reached the Realm of Creation.

“Qunshan are you serious?”

Yue Shan looked at Yue Qunshan with excitement in his heart, and Yue Gou was even more joyful, there was finally another strong person of the Creation Realm in their Yue Family.

“Do I have to lie to you guys about such things?”

Yue Qunshan sneered.

“Fine! This is a matter for us, the Yue family, to negotiate!” |Yue Qunshan

Yue Qunshan said excitedly.

But Qin Qi, who was at the side, looked pale.

Originally, he had come to find out about Yue Ruzhan, but he had not expected to see Yue Ruzhan, but he had come across such a scene.

“Could it be that the heavens have really killed my Qin family?”

Qin Qi looked at Lin Ran at the side, all his hopes were now pinned on Lin Ran.

After all, Lin Ran had a conflict with Yue Qunshan, if he could abolish him.

“Ai! I don’t know how little friend Lin Ran will handle this!”

Qin Ji had worry in his heart.

“What? It looks like you, Yue Shan, are going to step up?”

Lin Ran looked at the situation in the field and instantly smiled.

“Little friend Lin Ran, how about we take our time to talk about this matter, after all, did my Yue Family produce a strong person from the Realm of Creation, this is a very important matter for our Yue Family!”

Yue Shan said.

“What does it matter to me if your Yue Family produces a Realm of Creation!”

Lin Ran said indifferently, seemingly not surprised that Yue Qunshan had even broken through the Realm of Creation.

“Little friend Lin Ran, if you do this, you are making an enemy of my entire Yue Clan again!”

Yue Shan’s face suddenly turned ugly.

“Isn’t what I’m doing now making an enemy of your entire Yue Clan?”

Lin Ran laughed lightly.

Yue Shan's face went cold as he chided.

"Lin Ran! Don't go too far!"

"Overreaching? Am I going too far?"

Lin Ran had a bland look on his face.

"Humph! Do you really think that my Yue family is afraid of you? I'm telling you, one Creation Realm powerhouse is enough to influence the rise and fall of a family, there's no way my Yue Family will compromise on this matter!"

Yue Shan's face was as cold as frost.

"If you really persist in your obsession and make an enemy of my Yue Family, it will definitely be you who will regret it when the time comes!"

"O yes?"

Lin Ran laughed at this.

"Then what do you think your Yue Family is in front of the Chao Heavenly Pavilion!"

Lin Ran's voice was long and in one sentence, Yue Shan and the others' faces turned pale.

"Lin Ran Xiu is going too far, the benefits you gave to the Chao Heavenly Pavilion, our Yue family will naturally take them out double!"

Yue hook fiercely stood up and pointed at Lin Ran and scolded.

"Is that so? Then you'll have to ask them if they'll help you!"

Lin Ran laughed.

"Grand Elder?"

Yue hook looked at the Grand Elder.

However, the Grand Elder smiled faintly, followed by actually getting up and rushing to salute Lin Ran respectfully.

"All at your pavilion master's command!"

"All at your pavilion master's command!"

The people of the Chao Heavenly Pavilion behind them also rose and saluted.

All those present were dumbfounded by this scene.

"Pavilion Master! The Pavilion Master of the Chao Heavenly Pavilion is actually Lin Ran!"

"Lin Ran you!"

“Lin Ran!”

Yue Shan and Yue Gou’s faces instantly turned white.

They had never dreamed that this Chao Heavenly Pavilion’s Pavilion Master would actually be Lin Ran.

That was an absolute behemoth, but now Lin Ran was actually their Pavilion Master!

Such a power, not to mention the entire Yue family, even if there were ten or eight more Yue families, it wouldn’t be enough for them to stuff their teeth.

“Do you still think that the Yue Family is that much of a thing now?”

Lin Ran looked at Yue Shan with disdain in his eyes.

“Lin Ran! What the hell do you want!”

Yue Shan looked at Lin Ran with anger in his eyes.

“What about it?”

Lin Ran smiled.

“It’s simple, waste Yue Qunshan and I’ll leave! Of course! If your Yue family is unwilling, then let’s settle the score!”

Lin Ran said in a cold voice.

“Lin Ran you!”

Yue Shan sat on his butt in his chair.

How could this still be counted.

Lin Ran had the Chao Heavenly Pavilion as his backstage, and even if he destroyed their Yue family, there was nothing he could do.

What could he do!

“Elder Yue Shan!”

Yue Qunshan looked at Yue Shan, his heart was completely cold at this point.

He had thought that he could seek the Yue Clan’s help by telling that his strength had reached the Creation Realm.

But who knew that Lin Ran actually had the Chao Heavenly Pavilion as his bottom card.

“Qunshan!”

Yue Shan looked towards Yue Qunshan with helplessness in his eyes, he was truly out of options.

“I know!”

Yue Qunshan clenched his fists, he knew that he could only rely on himself for this calamity today.

“Lin Ran!”

Suddenly, Yue Qunshan raised his head to look at Lin Ran.

“What do you want!”

Lin Ran looked at Yue Qunshan, the latter was now a lamb to the slaughter for himself, instead he was in no hurry.

“If you’re a man, you’ll fight me single-handedly!”

Yue Qunshan chided.

“Heh! You’re thinking too much, I’ve never wanted to swarm Ou you!”

Lin Ran said indifferently.

“Good! I count you as a man!”

Yue Qunshan’s face was icy cold.

“Don’t worry! I won’t kill you!”

Lin Ran suddenly laughed.

“Mount Qionghua has its own rules, I won’t kill you, but I will nullify you!”

Lin Ran’s face was icy cold, following which the next moment his group of mountains shook and his body instantly disappeared from the spot.

“Come on!”

Yue Qunshan roared, followed by a wave of his hands, at once the jacket on his body shattered directly, his body also soared several inches the muscles all over his body surged in layers as if they were stimulated.

“This is the first time I have ever struck at the Realm of Creation, let me see how much strength you still have left to show!”

As Yue Qunshan roared, his body actually disappeared from the spot.

Chapter 1164

The whole hotel was quiet at this moment.

Everyone’s eyes were focused on the middle of the hall, an empty space that was originally used for lighting, but now it was a gladiatorial arena for the two Lin Ran.

“It’s really annoying, who put a thing in the middle of this open space and used a fucking cloth as a cover!”

“Exactly! It really affects the view!”

“Not what!”

The crowd cursed.

It was because there was something in the middle of the already small clearing, and they didn't know what it was.

But no one would dwell on this at this point, at most it would only partially block the view.

For experts like Lin Ran and Yue Qunshan, it would only take a fraction of a second for them to win or lose, and it wouldn't take long at all.

As expected, the sounds of the two fighting soon resounded throughout the hotel.

However, many people could not see the figures of the two because their speed was so fast that Yue Qunshan and Yue Gou could only barely see some residual shadows.

The only ones who could really see were Long Ya and those strong people from the Chao Heavenly Pavilion at the Creation Realm.

"Bang!"

A muffled sound exploded out of thin air, and immediately the two figures then appeared on either side, looking at each other.

"Not bad strength!"

Lin Ran opened his mouth and laughed.

The two of them had just exchanged no less than ten rounds, and Lin Ran also had a rough idea of Yue Qunshan's strength, which should be the early stage of the Creation Realm, and the kind of early stage that hadn't stabilised.

"You're not bad either!"

Yue Qunshan looked at Lin Ran with a cold smile at the corner of his eyes.

"Speaking of which, I have you to thank for this, if it wasn't for the pressure you put on me, I wouldn't have been able to break through the Creation Realm so quickly!"

"Is that so? But soon that will be a thing of the past, because today I will definitely ruin you!"

Lin Ran looked at Yue Qunshan with anger dancing in his eyes.

In the beginning, if it wasn't for Ling Sa's fate, I was afraid that she would have died at this guy's hands.

Not to mention Long Ya, who almost died in the mouth of Fire Dragon Shi.

With all these incidents, how could Lin Ran let him go.

If it wasn't for the fact that Qiong Hua Mountain had a rule against killing each other, I'm afraid Lin Ran would have killed Yue Qunshan a long time ago, why would he have gone through all the trouble before he could only choose to waste him.

"Waste me? Haha, Lin Ran, you're too arrogant!"

Yue Qunshan's eyes danced, ? followed by his body lunging directly towards Lin Ran.

"Bang!"

Lin Ran met him with a punch, and the two were once again entangled.

"Lin Ran, you're really stupid!"

Yue Qunshan's hands continued to flurry with moves, but the corners of his mouth were tinged with a cold smile.

"You are at the Realm of Creation and I am also at the Realm of Creation, if you choose to let Chao Tiange make a move, I'm afraid I would really have to find a way to escape, but your mistake is that you are too arrogant! I will make you regret it today!"

Yu Qunshan said with a cold look in his eyes, his hands fiercely spread out, and a black ball of light appeared out of nowhere on his palm only.

"Fiery Explosion Pearl! Be careful, Pavilion Master!"

Seeing this thing, the Grand Elder's face instantly changed.

The Fiery Explosion Pearl was a very terrifying thing, it could be seen as a collection of formations.

There were at least several formations gathered in it, and it could absorb the spiritual energy of heaven and earth on its own on a regular basis, and in a pinch it could directly detonate with a power as great as the self-detonation of a Heaven Seizing Realm powerhouse.

"Do you really think I haven't prepared anything since I returned?"

Yue Qunshan let out a cold laugh, following which he directly flung the Fiery Explosion Pearl towards Lin Ran.

"Bang!"

With a loud bang, a terrifying force swept out, instantly engulfing Lin Ran.

"Pavilion Master!"

The Grand Elder's eyes instantly turned red at the sight of this.

Behind him, the other Chao Heavenly Pavilion members also stood up with murderous intent.

"What does the Grand Elder mean by this! Lin Ran and Yue Qunshan's fight was their own choice, does the Chao Heavenly Pavilion want to interfere?"

Yue Shan also stood up busily and chided.

The Grand Elder looked towards Yue Shan at his words, anger in his eyes.

"Yue Shan I'm warning you, the Pavilion Master has chosen a Yue Qunshan to fight alone, but I'm also putting words in your mouth today!"

"If anything happens to the Pavilion Master, I, Chao Tian Pavilion, will definitely destroy your Yue Clan!"

“You!”

“You what you! Don’t doubt our Chao Tian’s strength, believe me! It won’t be hard to destroy your Yue Clan!”

The Grand Elder’s voice was icy cold, and there was even an endless killing intent in his eyes.

He had lived for so many years, and ever since the Nine Ghostly Maidens had left, the few of them elders had been like lonely boats in the ocean without any direction.

Lin Ran’s appearance was the very person to guide them on the path ahead, and having experienced so much, they all understood Lin Ran’s heart, so naturally, they couldn’t really pretend that nothing had happened.

“Haha! Lin Ran, you’re crazy! Didn’t you threaten to scrap me, come on!”

“Pretend to be your mother! I’m giving you face!”

At this moment, Yue Qunshan was in a frenzy, his whole body was immersed in the joy of a successful sneak attack.

“Sister Long Ya, Brother Lin Ran he!”

Lin Qiu asked nervously.

“Yes! Master him!”

Lin Hong’s eyes were also flushed red.

“Don’t worry! He’ll be fine!”

Long Ya, on the other hand, had a calm look on her face, her eyes staring deadly at the place where the previous explosion had occurred.

She understood that with Lin Ran’s strength he could definitely resist this explosion, the key was his physical condition after he carried it off.

“Does this Lin Ran seem to be just like that!”

“Yes! It’s just like that!”

“It’s still Brother Qunshan who is powerful, he was able to nullify this kid in one move!”

The Yue family members also chattered.

Earlier, they were worried that Lin Ran was too strong? By then, the entire Yue family was afraid that they would be reduced to a laughing stock.

But now, it seemed that Lin Ran was just like that.

“Lin Ran! I’m standing right here, come and waste me!”

“Aren’t you a bully? Come on!”

Yue Qunshan stood in place, smiling incomparably openly, as if he was the boss in the entire world at this moment.

Just as everyone was looking nervously at the explosion, a voice suddenly sounded out.

“I’ll make you whole!”

This voice was not salty, but very abrupt.

The moment it rang out, a figure had already appeared behind Yue Qunshan.

A slap came out and gently pressed on Yue Qunshan’s back only.

It was a white palm, and if one only looked at the hand, one would have thought it was a woman’s hand.

But this hand was clearly Lin Ran’s.

“Pfft!”

The palm of his hand pressed against Yue Qunshan’s back, and a cold aura flashed through, immediately missing the former’s body.

Yue Qunshan hadn’t even transformed from his excitement when he felt something inside him shatter with a bang.

At that moment, he was still smiling wildly. He still had a wild smile on his face.

But a layer of cold frost had risen in his heart.

He felt clearly that the true qi inside him was rapidly dissipating, and that flow made him desperate, trying desperately to hold on to it, but there was nothing he could do.

“No! No!”

Yue Qunshan roared in anxiety, but it was to no avail.

“Lin Ran you stop! You stop!”

Yue Qunshan was furious, but it was already too late.

“As you wish!”

Lin Ran looked at Yue Qunshan with a bland voice.

“You!”

Yue Qunshan’s old face turned red as a mouthful of blood spurted out after him.

The entire person directly fell to the ground on all fours.

At this moment, the dantian in his body had been completely destroyed by Lin Ran.

Yue Qunshan was thus rendered useless.

“Impossible, I am also at the Realm of Creation why are you”

Yue Qunshan fell to the ground and looked at Lin Ran, ? s eyes were filled with fear.

However, Lin Ran only blandly replied back.

“Both are creation realms,? But you are too weak!”

Chapter 1165

Watching Yue Qunshan reduced to a ruined man in this way.

Yue Shan and Yue Gou felt their hearts dripping with blood.

Their Yue family could have used Yue Qunshan’s breakthrough to establish a position in the imperial capital.

Although they could not compete with the Li Family and the Fire Family, at least their family’s strength could be raised a little.

But what about now?

A newly born Creation Realm had just become a wastrel, so how could he not feel pained.

“Ai!”

Yue Shan was so angry that he slapped his hand on the table.

What could he do, with the Chao Heavenly Pavilion watching over him and the Yue Family itself in jeopardy, how could he even care about Yue Qunshan.

“It’s a bad time to be born! It’s a bad time to be born!”

Yue Gou even let out a series of lamentations.

Yue Qunshan was not very old, yet he had already reached the Realm of Creation, this would have been the rise of a genius, it was just a pity.

The one who meets the narrow path is the brave one!

It was clear that the victor was not him in the end!

“Lin Ran! You’ve killed and ruined the man! Now you can leave!”

Yue Shan looked at Lin Ran with anger in his eyes.

“That’s right! Leave! You are not welcome in our Yue family!”

“Go away!”

“Get lost!”

“How shameless!”

A crowd of Yue family members chided.

Lin Ran, however, did not care, sweeping his gaze across the crowd present and laughing blandly.

“I’m not half interested in your Yue family’s birthday banquet, but having come, I naturally have to get it all done!”

“What else do you want!”

Yue Shan looked at Lin Ran, his fists clenched.

“Old man Yue Shan, don’t be in a hurry! As long as you don’t mess with me again, I naturally have no interest in dealing with your Yue family!”

Lin Ran laughed lightly.

“But we’ve prepared all the gifts, you have to let us deliver them right!”

“What the hell do you want!”

Yue Shan’s face was bruised.

Lin Ran, however, turned to look at Long Ya.

The latter understood and immediately walked out.

“Elder Yue Shan! This share of power is from me!”

Long Ya spoke.

“The person Yue Qunshan has offended is not just Lin Ran, but me as well, and although Lin Ran has now ruined him, I, Long Ya, did not make a move!”

Long Ya said with a distant finger, pointing at Yue Qunshan.

“Just because I, Long Ya, didn’t make a move, doesn’t mean that my Long Family is afraid, today I, Long Ya, will give you a gift!”

Said Long Ya, with a wave of her palm.

At once said someone could clearly see it.

The cloth that was originally covered in something unknown where Lin Ran and Yue Qunshan were fighting was instantly thrown up, followed by a jade bell that appeared in front of the crowd.

“This is my gift to your Yue family!”

Long Ya said aloud.

“This is a fucking bell!”

“A gift of a bell? Isn’t this a gift for the end!”

“Holy shit! This is a naked provocation!”

“Shit! It’s too embarrassing!”

Everyone in the Yue family felt their faces burning with shame.

“What do you mean by that!”

Yue Shan looked at Long Ya, his whole body trembling with anger.

“What do you mean? Do I need to explain?”

Long Ya laughed.

“Yue Qunshan is ruined, but that doesn’t reduce the anger in my heart!”

“I’m sending you a bell, so that your Yue family will remember that this is a warning bell that if you offend my Long family again, your Yue family knows the consequences!”

“You!”

Yue Shan was so angry that his old face turned red.

And Yue Gou on the side was similar.

But both of them had no choice.

Whether it was the Chao Heavenly Pavilion, or the Dragon Family, it was not something they could fight against.

“Ai! It’s just that! What else can you do if your strength is not as good as others!”

Yue Gou sighed, got up and left.

“Ai!”

Yue Shan was pretty much the same, he couldn’t carry on with this banquet today either.

“What a stifling experience!”

“Exactly! It’s so suffocating!”

“Damn it!”

All the Yue family members also got up and prepared to leave.

But just when everyone thought that the matter had come to an end.

At this moment, at the entrance of the hotel, a figure walked in unhurriedly.

“You’ve taken your revenge too! I don’t think we need to leave this gift behind!”

The voice boomed and resounded throughout the hotel, instantly causing everyone’s footsteps to pause.

Everyone looked towards the doorway, only to find that the speaker was actually a young man, about the same age as Lin Ran.

“Ru Shan! What are you doing here!”

Seeing the youth, Yue Shan and Yue Gou's faces both turned to one side as they hurriedly stepped forward to persuade him.

"Elder! I should count myself as half of the Yue family!"

Yue Ru Shan's eyes were icy cold as he said blandly.

"What kind of talk is that, you are a Yue family member!"

Yue Shan said busily.

"That's right!"

Yue Gou, who was at the side, was also busy echoing.

"Since I am a Yue family member, then how can I ignore the Yue family in distress!"

Yue Rushan looked at the two, his voice bland.

"But this Lin Ran is too strong, and you have just broken through the Creation Realm, don't offend him or else you will end up"

Yue Shan didn't say anything further.

"The downfall is the same as that fool Yue Qunshan?"

Yue Ruishan looked at Yue Shan and laughed.

"I am different from him, he is a frog at the bottom of the well!"

"But!"

Yue Shan still wanted to say something, but Yue Ruyan waved his hand and said in an icy voice.

"With me, Yue Rushan, here, no one can insult our Yue family!"

He said as he turned his head to look at Lin Ran at the side, his voice bland.

"Take this bell away!"

"Are you ordering me?"

Lin Ran frowned slightly, his voice equally icy cold.

"You may think so!"

Yue Ruishan said indifferently.

Lin Ran, however, laughed.

"On what basis? You think you're better than Yue Qunshan?"

"About the same as him!"

Yue Ruyan said blandly.

“So what? You want to die too?”

Lin Ran’s voice was bland, and a murderous aura was already filling his eyes.

And when Qin Qi at the side saw this, his entire body tensed up.

Sure enough, the Yue family really did have another Yue Ruishan, it was really enviable.

But at the same time, Qin Ji also had some small calculations in his heart at this time, if Lin Ran could kill this Yue Rushan as well Then their Qin family would be able to completely rest easy.

“You can’t kill me!”

Yue Rushan’s face was bland.

“O?”

Lin Ran, however, laughed.

“You really can’t kill me!”

Yue Rushan said blandly.

“You’re very confident!”

Lin Ran returned.

“Naturally!”

Yue Ruyan’s voice remained bland.

“Show your reliance, it better really work!”

Lin Ran laughed.

“Haha! Great!”

Yue Rushan said and actually reached his palm into his pocket, and soon actually fished out a piece of pitch-black coloured stuff.

“Are you still able to kill me?”

Yue Rushan raised the object high in the air.

Only then did Lin Ran and the others realise that it was a token.

A token cast in iron with a word engraved on it.

“General!”

“Lin Ran!”

Long Ya froze at the sight of the token.

At this moment, she couldn’t help but think of the handsome character token in Lin Ran’s hand.

It was the same piece that Lin Ran had obtained when he had defeated Long Ridge Heaven when he had finally left at Qiong Hua Mountain.

“What is this thing?”

Lin Ran pretended not to recognize it and asked with a smile.

Yue Ruishan smiled at that.

“You don’t even know this, you’re really a frog at the bottom of the well!”

“Then I’ll tell you! What is this thing!”

Yue Ruyan said and directly raised the token a little higher again, his voice lang.

“This is the General’s Decree of the Mysterious Alliance! Every year, the Mysterious Alliance will have this middle token, in order from top to bottom, the Order of the Word of Marshal, the Order of the Word of General, the Order of the Word of Soldier and already the unique Order of the Dead Servant!”

“And I! Yue Ruishan, is the holder of the General’s Order within the new army of the Mysterious Alliance this year, which means that I will be the captain of the army in the future! Understand?”

“You want to kill me! Mount Qionghua does not agree!”

“And if you want to humiliate our Yue family, you’ll have to think twice about whether you can handle an army of cultivators!”

“Now do you think you can still kill me?”

Yue Ruishan’s voice was lang and domineering.

Chapter 1166

“An army of cultivators!”

“My goodness, won’t our Yue family rise to power then!”

“Yes!”

“Yue Rushan is too handsome!”

The crowd of Yue family members were all excited at the words.

“What about now? Do you still think you’re great?”

Yue Ruyan looked at Lin Ran with a sneer in his eyes.

“Master!”

“Brother Lin Ran!”

Lin Qiu and Lin Hong looked towards Lin Ran with worry in their eyes.

Although they didn’t know what this General Order represented, they were clear that it obviously represented a great deal of coldness.

“Lin Ran! Someone has taken out the General’s Word Order!”

Long Ya was beside him but she laughed.

“Yes! Someone has taken out the General Order!”

Lin Ran echoed, laughing at the same time.

“Laughing? I’ll see how long you can laugh!”

Yue Ruishan sneered disdainfully.

“How long I can laugh I don’t know, but I know you won’t be able to laugh soon!”

Lin Ran said indifferently.

“O? Is that so? Then I’d like to see how you can make me laugh!”

Yue Ruishan had disdain in his eyes.

“If I remember correctly, what you were talking about before was that the Marshal’s Order, General’s Order, and Soldier’s Order were already very special Dead Servant Orders, right!”

Lin Ran looked at Yue Rushan and confirmed.

“That’s right!”

Yue Rushan nodded blandly, but there was disdain in his eyes.

He really didn’t believe that Lin Ran could come up with anything, like the Handsome Character Order?

How could that be possible, only one person could have the Handsome Character Order every year, and all of them, the General Character Order holders, were people’s men.

He didn’t believe that Lin Ran would have the Handsome Character Order.

“Alright, take a look for yourself then!”

Lin Ran smiled, and then flipped his palm, and a token appeared in his hand.

The token was golden in colour, with a large word “Shuai!” written on it in golden light.

“I can’t understand some of it, so help me see what kind of token I have here!”

Lin Ran said as he handed the token to Yue Rushan.

Yue Rushan frowned slightly, he had never seen the word “Shuai” token before.

Holding the token in his hand, Yue Rushan then saw the band on it.

“Shuai Shuai word order!”

Yue Rushan felt a “Weng” sound in his head and almost sat down on the ground.

“No! How could you possibly possess the Handsome Word Order, it’s absolutely impossible!”

Yue Ruishan said in a hurry.

However, in his heart, he already understood that this was clearly the real Shuai Zi Decree.

The ancient and domineering aura on it was the same as his own General's Word Order.

"How can that kid have the General's Character Order!"

"Yes! Stolen it!"

"I think it's probably a fake!"

"Yes it's definitely a fake!"

A crowd of Yue family members were talking, they had easily recovered some ground and were still immersed in the joy of Yue Ruyan's General's Decree, but then Lin Ran took out the Handsome Decree.

This made them upset in their hearts, unwilling to believe that this was a real token from Lin Ran.

"This guy!"

Yue Shan and Yue Gou were also looking at it with furrowed brows, but they didn't dare to jump to a conclusion.

After all, they had never even heard of this kind of token, so how could they judge its authenticity.

However, just when a group of Yue family members felt that the token must be fake.

Yue Rushan suddenly fell to his knees with a thud.

"My subordinate participates in the chief!"

Finally, Yue Ru Shan compromised, his attitude was respectful, and there was no trace of his previous arrogance.

"It's because my subordinate was ignorant of Mount Tai, please forgive me, chief!"

Yue Rushan said busily.

"What? Don't think I'm faking or stealing this?"

Lin Ran laughed.

"Chief is joking, the aura of the Handsome Character Order is the same as that of the General Character Order, so how could it be fake!"

"Moreover, is this Shuai Zi Decree a child's play? Who can steal it from ordinary people!"

Yue Ruishan was busy saying.

This was also what he had in mind.

It wasn't that he hadn't thought about the token being fake or stolen at first.

But the same of breath made him understand that this token was real.

And the strength of someone who could possess such a token naturally went without saying, who could steal it from an ordinary person? It was simply too bullshit.

“Since it’s fine for you to admit that it’s real, so now you’re absolute can I kill you?”

Lin Ran looked at Yue Ru Shan voice bland.

“Naturally, I am a subordinate of the chief, so it is naturally the chief’s word whether he wants to kill or not!”

Yue Rushan’s attitude was respectful, there was not even the slightest change.

“You’re quite composed!”

Lin Ran laughed at this.

“All right! I have no grudge against you, so I won’t do anything to you, but this bell! It was given to the Yue family by Long Ya, and no one can make it take it back!”

Lin Ran said in a cold voice, and then he looked at Yue Shan at the side and said in a cold voice.

“Yue Shan, you behave yourself! The same goes for your Yue family, the warning bell will ring long enough for you to remember, otherwise the next time I come to the Yue family, it will be as simple as just killing and scrapping people!”

“You!”

Yue Shan’s face was ugly, but his heart was incomparably bitter.

If he had chosen to be as close to Lin Ran as Qin Qi had, perhaps the situation would be completely different now.

Unfortunately, it was all too late, and things couldn’t go back to the way they were before.

“I know!”

Yue Shan nodded helplessly, the last bit of pride in his heart was completely crushed by Lin Ran at this moment.

In an instant, Yue Shan’s entire essence was gone, as if he had aged several years.

.....

Leaving the hotel, Lin Ran did not return directly to Temperance City, instead, he temporarily stayed in the Imperial City.

It had been a long time since he had met Liu Chen and the others, so naturally Lin Ran had a good two days of fun with Liu Chen and the others.

After staying in the imperial capital for three days, Lin Ran then got up and returned to Tanjiang City.

And Long Ya also went back to Nanyang. There was no other way, the internal strife within the Long family was now incessant, and as Long Xu’s popularity grew, the fight with Long Yu gradually began to become clear.

So it was really not safe for Long Ya to be out there alone.

“Don’t worry! There are still ten days to go to Xingwu Mountain, so we can still meet then!”

Before leaving Lin Ran said with a smile.

“Who wants to meet with you, shameless!”

Long Ya Qiao said shyly with a red face.

“Don’t want to meet, driving all the way from Nanyang to come here, lying to the devil!”

Lin Ran laughed blandly.

“You!”

Long Ya’s pretty face turned even redder.

.....

After sending Long Ya away, Lin Ran also stayed in Tanjiang City for three days.

During the three days, Lin Ran spent most of his time accompanying the four daughters.

After all, there was no telling when he would return from his next departure, so Lin Ran cherished the time he spent with the four girls.

During that time, Lin Ran also called Wang Yifeng and learnt that this guy had already found Xiao Cui.

The two of them had also been playing for almost a month and were very happy.

Knowing that this guy was having a good time, Lin Ran was relieved and then stared at him not to forget about Xingwu Mountain seven days later, before hanging up the phone.

The fourth day after returning to Tanjiang City.

Lin Ran called Lin Hong as well as Lin Qiu to his side and took the two to the feng shui shop.

The feng shui shop hadn’t been open for a long time, and on weekdays only Master Yu came to hang out when he had nothing to do, not taking business at all.

Lin Ran also had no good place to choose from, so he brought the two of them here, while calling for Master Yu.

“I’m calling you all here today because of one thing only! I want to take Lin Hong Lin Qiu as my disciple!”

Lin Ran looked at the three, his face solemn.

Chapter 1167

“I, Lin Ran, have only been in the cultivation field for three or four years now, and I am fortunate to have the strength I have today!”

“Before you two, I had two disciples, Master Yu and Xiao Jiu! Now I will let Xiao Jiu come out!”

Lin Ran said as he looked at Lin Hong and the two of them, and then with a wave of his hand, a figure emerged beside him, none other than Xiao Jiu.

“Master He”

Lin Hong and Lin Qiu saw a stunned, simply did not think that Lin Ran can also change the living such means.

Lin Ran, however, said with a bland smile.

“You guys can’t understand these things now, after you get in touch with cultivation, you will understand!”

Saying this Lin Ran let Little Nine stand with the crowd and spoke.

“From today onwards, Lin Hong Lin Qiu is the senior brother and sister of both of you, although there is a big difference in your ages, I hope that you can get along with each other!”

“Master, don’t worry, I will definitely take care of them!”

Master Yu spoke and smiled, he was the oldest here, so naturally he took on the responsibility of looking after the two Lin Qiu.

“Mm!”

Lin Ran nodded his head, and then spoke.

“Before, I only had you two disciples, so I didn’t set any rules for the sect, but now that I’ve added Lin Hong and Lin Qiu, some rules still need to be set!”

Lin Ran said with a wave of his hand, and immediately a golden scroll flew out.

It happened to be the scroll of sect rules that had been blackmailed from the pillow book.

“This is the scroll of the rules of the sect, it has the aura of the Heavenly Dao on it, the rules of the sect will take effect immediately, betrayers will die directly.

Lin Ran’s voice was loud and clear.

And Master Yu’s four people looked at him and nodded respectfully.

“It’s all up to Master’s discretion!”

“Good!”

Lin Ran answered, and then spoke.

“My sect, the Nai Xuan Sect! All disciples of my sect must abide by the following rules!”

“Firstly, they must not bully the weak, bully the market, rape and pillage, or do anything evil!

“Second: Do not use your true qi on ordinary people! This is a taboo!”

“Third: Do not disobey the master!”

“Fourth: Do not leave the Xuan Sect without permission, if you do so, you will be able to cancel everything you have learned in the Xuan Sect!”

After saying this, Lin Ran waved his palm, and a golden divine pattern appeared on the scroll only.

“This is a divine pattern! In the future, if someone wants to leave the Xuan Sect, the divine mark will descend on its own and will erase all memories of the Xuan Sect, including all the techniques learned!”

“I respectfully obey Master’s teachings!”

The four men bowed respectfully at the words.

“Alright! With the sect rules out of the way, next is the inheritance!”

Lin Ran said with a wave of his palm, and two books appeared directly in front of Master Yu.

“With this book, they are the Xuan Yang Pill Canon and the Xuan Yin Pill Canon, the first half can be viewed, the second half can only be opened with a seal by the Heaven Seizing Realm, remember that if there is someone suitable to study it in the future, make sure to test their heart again and again!”

“The way of medicine is not important, but the way of holding it is important! The Way of Medicine must not be passed on indiscriminately!”

“I understand!”

Master Yu respectfully put the books away.

Lin Ran then waved his palm once more, and a piece of gongfa spells all surfaced in front of the crowd.

“Afterwards, Master Yu, you find a place to put these gongfa dharma decisions into, this side is our Xuan Sect’s heritage!”

Lin Ran instructed.

Most of these gongfa dharma were from the enemies Lin Ran had killed, as well as the ones he had obtained at Qiong Hua Mountain.

Mount Qionghua had no special protection for these Dharma techniques, after all, if even followers could learn them, they were naturally not too profound.

If they were really good, people wouldn’t take them out even if they wanted to.

For example, the sword technique of the Condensing Frost Sword, that could only be learnt on the ninth floor of the Qiong Hua Tower.

And it had to be paired with the Frost Condensing Sword, not something that ordinary people could master and learn.

“The rules of the sect have been set, and the rules have been established, now it is your names!”

Lin Ran looked at the four people in front of him.

“Little Jiunai is the first disciple to open the mountain, Master Yu is the second disciple, Lin Hong Lin Qiu you are tied for third!”

Said Lin Ran with a point of his finger, and immediately two streams of refined light entered the minds of the two directly.

“According to your characteristics, I have selected suitable gong methods for you, cultivate them well! But remember that your studies must not be wasted either!”

Lin Ran said.

“Yes Master!”

The two bowed respectfully.

“Alright! One last reminder, if you need anything while studying, contact Master Yu, and if Master Yu can’t even solve it, then find Sister Qin Bing! She will contact the Chao Heavenly Pavilion!”

“Can’t Master just go to you there?”

Lin Qiu looked to Lin Ran.

“Looking for me? Soon I’ll be leaving, and I’m afraid you won’t be able to find me!”

Lin Ran said helplessly.

There were no more than a few days left before he went to Xingwu Mountain.

“Alright!”

Lin Qiu was a little regretful, she still wanted to spend more time with Lin Ran.

“Alright, you two go and rest first, I still have something to say to Master Yu!”

Lin Ran waved his hand, letting Lin Qiu and Lin Hong go down to rest, while also letting Xiao Jiu go back to the little world of pillow books.

“Master!” Master Yu looked at Lin Ran with a respectful attitude.

“Master Yu, you still remember this!”

Lin Ran flipped his palm and took out a talisman, the same fate talisman that Master Yu had made back then.

“Disciple remembers! At the beginning, I was only a disciple of record!”

Grandmaster Yu laughed.

“Well! From today onwards, you are my official disciple!”

Lin Ran said with a wave of his palm, and the same fate talisman directly burned to ashes in mid-air.

“Many thanks, Master!”

Master Yu was about to salute in excitement, but was stopped by Lin Ran.

“Although you and I want to call ourselves master and disciple, your age is indeed not suitable for such a salute, forget it!”

Lin Ran said as he stood up and looked out of the window, disappointed.

“Little Nine will leave with me, so this Xuan Sect will still need you to preside over the big picture from now on!”

“My disciple will bow and die!”

Master Yu said respectfully.

Lin Ran, however, waved his hand.

“I don’t need you to carry the Xuan Sect forward,? But he must not be disgraced, the Xuan Clan can be small in number, but yes don’t have people with evil hearts! Understand what I mean!”

“My disciple understands!”

Master Yu bowed respectfully.

“Alright, things are all arranged, Lin Hong and Lin Qiu are still at school, you take care of them, I’ll leave now!”

Lin Ran said and turned around and left the place.

.....

When he returned to his residence, it was already late at night, and the four girls had already gone to bed.

Lin Ran stood alone in front of the windowsill, looking at the night sky outside, but his heart was incomparably calm.

Nowadays, the four daughters were doing well, and their hometown had become a model village in the country.

With Chao Tiange as his backing, he could say that he had no worries at all.

“Xing Wushan, what exactly will be waiting for me? And the great battle of the Mysterious Alliance,? And who exactly is the enemy?”

Lin Ran’s heart was filled with anticipation.

“And Wang Kun! I’ve been looking for you! Even if you go to the world of pillow books, I will still find you out!”

Lin Ran’s eyes snapped cold as he muttered to himself in his heart.

“Dingling bell.”

Suddenly, just at that moment, Lin Ran’s mobile phone was the one that rang.

When he picked it up, it was actually a text message from Lin Ran.

“Lin Ran! I miss you!”

A few simple words made Lin Ran’s heart sink.

It was early in the morning, so how could Ling Sa send a text message now.

“Could it be that she is at the Plum Blossom School

Lin Ran didn't dare to think further and hurriedly texted back, but Lin Sha never replied!

Lin Ran's heart sank deeper and deeper, and eventually he went to the phone to the Grand Elder.

“Before dawn, I want the address of the Plum Blossom Sect!”

Chapter 1168

Before it was even dawn, Lin Ran had already bid farewell to the four women and led Li Ba on the road to Plum Blossom Town.

According to the confidence returned by the Grand Elder.

The Plum Blossom School was located in a place called Plum Blossom Town, which was extremely unknown throughout the country, and the Grand Elder had only obtained this address through a few people in the Chao Heavenly Pavilion who had some connections with the Plum Blossom School.

“What exactly is this Plum Blossom Town? Why does it sound a bit like the Yichun Courtyard?”

On the train, Li Ba asked with a smile.

“I don't know, I only know that this place seems to be a scenic spot, but its popularity is very average.”

Lin Ran said.

Plum Blossom Mountain in Plum Blossom Town was indeed a scenic spot, but the fame was, indeed, very average as well.

Moreover, what made Lin Ran and the two of them very speechless was that this Plum Blossom Town was so secluded that it didn't even have navigation, so the two of them could only choose to take the train and follow the route provided by the Grand Elder.

After a morning of doing the high speed train and then an afternoon of bus rides, the two of them only just made it to the next town that was close to Plum Blossom Town.

“Damn it! Still too late!”

Standing at the town's station, looking at the empty platform Li Ba couldn't help but curse.

“Boss what now?”

“Look for them!”

Lin Dye pointed to the side, outside the station, there were many people driving three wheels to pull passengers, these people were usually, to put it bluntly, black cabs, as long as the price was given high, they might really be able to go to Plum Blossom Town.

“Master how much is Plum Blossom Town?”

Li Ba stiffly accosted a dark middle-aged man.

“What? Plum Blossom Town? Older brother! It’s already late, it takes half an hour to drive from here to Plum Blossom, and my three-bouncer will take at least an hour!”

The middle-aged man didn’t seem like doing this trip and looked a bit reluctant.

“O, then I’ll ask someone else!”

Li Ba saw this and laughed outright.

He wasn’t stupid either, as he had managed to do business in Qionghua Mountain in the face of so many cultivators, so he naturally knew that this old thing was fooling him.

As expected, Li Ba was just about to turn his head and leave when the middle-aged man pulled him back.

“Don’t! It’s far away, but I didn’t say I wouldn’t go, it’s just that the price...”

The middle-aged man laughed.

“How much did you say!”

Li Ba looked at the middle-aged man.

“One hundred yuan!”

The middle-aged man held up a finger.

“No! Fifty! No more!”

Li Ba said and will get into the car,? while greeting Lin Ran over!

“You two only pay fifty? No, at least eighty!”

“Fine! Just eighty hurry up and drive away!”

Lin Ran was a little impatient.

From the time he received Ling Sa’s text message last night until now, no matter how much he called and texted, Ling Sa had not replied, which made Lin Ran’s heart very uneasy, at this moment, he only wanted to hurry up and get to the Mei Hua Sect, as for the money, he really didn’t care.

Seeing Lin Ran agree so readily, the middle-aged man instantly regretted it in his heart.

“Damn it’s going to be less again!”

But after thinking about it, the middle-aged man was just relieved.

He was already driving a black car here just down the road, he didn’t earn a few dollars a day, and eighty dollars was already considered a windfall.

As we spoke, the three-bouncer had already driven out, it was dark outside, there was not even a street light, Lin Ran the two of them could shrink in the car, waiting in silence.

“Why is this Plum Blossom School so remote, and I wonder how together Lin Ran came back?”

Li Ba shrank in a corner and said helplessly.

“Yes!”

Lin Ran also nodded his head, every time before Ling Sa came back alone, Lin Ran also did not expect that the road here was actually so difficult to travel.

“Two old folks, from out of town, right!”

The middle-aged man driving the car was bored and struck up a conversation with Lin Ran and the two of them.

“Yes! From out of town, but you don’t want to rip us off either!”

Li Ba returned.

“That’s right, brother, I, Li Biao, am known to be a great guy in this area, how could I rip you off!”

Li Biao laughed.

“Li Biao? Who gave you that name?”

Li Biao smiled and instantly became interested.

“What? Brother is interested in this name of mine?”

Li Biao asked with a smile.

“I won’t hide from you, I have a cousin also named Li Biao,? It seems to be my cousin’s uncle!”

Li Biao laughed.

“O? What’s your name, brother?”

Li Biao asked busily.

“Li Ba!”

Li Biao casually returned.

Li Biao froze at his words and was busy asking.

“Is your family from Lijiawan in Guidong District!”

“Yes! How do you know!”

Li Biao also froze at his words!

“Shit! I’m your cousin’s uncle!”

Li Biao said helplessly.

“What?”

Li Biao also froze.

“Holy cao! How come I didn’t hear that my cousin was in Plum Blossom Town!”

Li Biao couldn’t help but say.

“Wasn’t it said before that he was also in Lijiawan?”

Li Biao asked, he still had some doubts in his mind, after all, there were many people with the same name and surname, so he still had to inquire about some things.

Li Biao smiled but sighed and laughed.

“Hey! If it wasn’t for that family member who insisted on coming back, you think I would want to come back, this Plum Blossom Town is poor and remote, where is better than our Lijiawan!”

“Hey? Yes, it is!”

Li Ba also couldn’t help but agree.

“Hey! No, cousin uncle! Then you’re also from Plum Blossom Town, wouldn’t this job be a side trip!”

Only then did Li Ba react.

“Haha, right down the road!”

Li Biao said awkwardly, but then he was busy speaking.

“But let’s be clear, the trip is on the way, but the money can’t be less, although you are my cousin and nephew, but you also know, cousin uncle my family is difficult!”

“Don’t worry, I won’t hack you for this money!”

Li Ba laughed.

Li Ba was still very happy to run into his cousin uncle here.

It was just that this cousin uncle seemed to like money a little too much.

“Right cousin uncle, we want to go to Plum Blossom Mountain, do you know where to go from?”

Li Ba asked.

When we arrived at Plum Blossom Town, we naturally had to go to Plum Blossom Mountain, and Li Biao also wanted to inquire about the route in advance.

Li Biao’s eyes twinkled at his words, then he frowned slightly and mused.

“Plum Blossom Mountain! It’s not a good way to go now!”

“How?”

Li Biao smiled and asked busily.

After knowing that Li Biao was his cousin’s uncle, he hadn’t suspected the other party, after all, the other party was his relative anyway.

Lin Ran didn't say anything at the side, so naturally it would be more appropriate for Li Biao to ask at this point.

"This matter is a long story!"

Li Biao said with a sigh.

"The road up to Plum Blossom Mountain collapsed some time ago, and now the tourist route can't go up there at all! So you guys yeah came at a bad time!"

"What? The road collapsed?"

Li Ba heard this and was busy looking at Lin Ran, what could be done about this.

"Is there any other way to get up there?"

Lin Ran asked with a calm face.

"There's really no such thing!"

Li Biao shook his head and said.

However Lin Ran seemed to have seen through something and smiled.

"Any amount of money will do, I need a way up the mountain!"

"This"

Li Biao hesitated at once.

"Cousin uncle, don't sell yourself short, is there a way or not, it's very important to my boss!"

"Hey! If not for the fact that you are my cousin? I really don't want to tell you, there's actually a small path to get up there too, but the road is too winding and very dangerous, you can't get up there at all without a local as a guide!"

Li Biao said.

"Then the guide thing!"

Li Ba looked at Li Biao.

"Guides are hard to find, who wants to take the risk these days?"

Li Biao said with a frown.

Lin Ran looked but laughed.

"A thousand yuan! Go for the money! Come back! And a thousand!"

"This is good! I'll take care of it!"

Li Biao laughed at once.

Seeing this, Li Biao couldn't help but look at Lin Ran, and his mind drifted off.

Dare I say that this cousin uncle of his was sitting on his hands.

Damn it! It was a shame that he had thought he could be trusted as a relative before.

Chapter 1169

But Li Biao didn't say that he would be the guide, so Li Biao couldn't get angry.

He just wanted to wait until Li Biao's showdown and mock this guy a few times and forget about it.

In fact, he was also angry that he was at least his own cousin's uncle, but he was still screwing himself.

The three of them had already arrived at Plum Blossom Town as we spoke.

Li Biao's cousin's daughter-in-law was from Plum Blossom Town, so Li Biao was also settled in Plum Blossom Town now.

When the three entered the village, it was night.

But Lin Ran still got a good look at the town on the way to the future.

Rather than a town, it was more like a village.

The village as a whole was small, with only three or four streets, and there were probably not even a thousand people in the whole village.

The village was not even a thousand people, and it seemed to be a poor village, so it could only run a three-bouncer, but it would be impossible to travel by car.

"Cousin uncle, coming here from Lijiawan, you can really bear it too!"

Looking at the village, which was somewhat poor, Li Ba couldn't help but say.

"Hey! I can't help it, my daughter-in-law is determined to come back, so what can I do?"

Li Biao stretched out his hand.

As they were talking, the three of them had stopped in front of a residential house.

The house was actually a courtyard surrounded by a fence, and standing outside the courtyard, they could see the inside clearly.

In the courtyard, there was only one tiled house, and the rest were thatched huts, which looked a bit shabby.

Moreover, the whole village was not connected to electricity, so at night, the only light in the whole village was the wavering light of candles, and there was no bright light from the lighted lamps.

"Cousin uncle, I'm not saying you, living here is really not possible, you have to go back and persuade your aunt, you still have to go out to live!"

Li Biao said enthusiastically.

Li Biao, however, smiled awkwardly and didn't say any more.

“There’s no other room at home, so you two can stay in this thatched hut tonight!”

Li Biao said, guiding the two to the side of the thatched hut.

“Fine! Don’t worry about it, cousin uncle, this is it! We’ll deal with it for the night, and first thing in the morning you find a guide and we’ll set off!”

Li Ba said.

“Good!”

Li Biao didn’t say much and took a quilt for each of the two of them, and then swirled back to his room to rest.

“Boss, I’m sorry for your trouble!”

Li Biao hugged the quilt and immediately entered the thatched hut.

Lin Ran, on the other hand, shook his head and didn’t put too much thought into it.

In the past, when his family was poor, not to mention living in a thatched hut, he had slept in a pigsty himself, so this little hardship was really nothing to him.

“Holy shit! Why does it stink so badly!”

As soon as the two of them entered the thatched hut, a stench came over them.

The stench was unusually strong, as if something foul-smelling had been put in here before.

“Holy shit! What is this?”

Li Ba felt that he had stepped on something under his feet and moved it out to take a look, but it was actually a round round cake, oozing with darkness, not knowing what it was.

Lin Ran looked at it but frowned, then laughed and said.

“You’d better throw it away!”

“What’s wrong boss? This thing shouldn’t be poisonous, right!”

Li Ba asked busily.

Lin Ran shook his head.

“It’s not poisonous! That’s not bad, it can still be used as a pillow when you sleep later!”

Li Ba said and really laid down, using the round cake as a pillow.

Lin Ran laughed as he watched.

“Do you know what that is?”

“What?”

Li Ba asked.

“That’s a dung cake!”

Lin Ran laughed.

“What the hell? A dung cake?”

Only then did Li Bach feel that there was really a faint stench near his nose after he had lain down, and he was busy sitting up again, throwing the round cake aside with one hand.

“Boss, why didn’t you say so earlier? I’m sick to death!”

Li Ba was filled with disgust, but it was late at night and there was no light, so he couldn’t even hope to find some water to wash himself.

Lin Ran looked around and couldn’t help but laugh afterwards.

“This cousin of yours is really treating us well, if I’m not mistaken, this place should have been a place for livestock before, and that dung cake was left behind by the livestock before!”

“What?”

“Holy shit!”

Li Biao couldn’t help but curse.

“This Li Biao is too bad, how can I say that I am also his cousin, but he actually gave us such a place to live!”

Li Biao couldn’t help but curse.

Lin Ran, however, shook his head and continued.

“Besides, I always feel that something is not right, there is something wrong with this cousin of yours!”

Lin Ran said.

“What’s the problem boss?”

Li Ba had a busy face.

“When we were in town earlier, I purposely looked at the platform sign at the station, and there was clearly a bus to Plum Blossom Mountain on it, but your cousin uncle said there wasn’t one, which was very strange!”

Lin Ran said.

“No way, didn’t he say the road had collapsed, maybe the platform sign at the station hadn’t been changed and was waiting for the road to be repaired!”

Li Ba said.

Lin Ran, however, shook his head and said.

“Impossible, if the road really collapsed, there couldn’t have been so many tyre marks on the road in front of the station, judging by those marks, at least there were cars running today during the day!”

“What about the possibility that it was temporarily occupied by another car?”

Li Ba said.

Lin Ran, however, shook his head, his gaze deep.

“There’s no way of knowing this, but I have a feeling that this cousin of yours has a problem, so let’s be careful!”

“Good!”

Li Ba nodded his head.

In his heart, although he was a bit puzzled about his side of the cousin uncle, Li Bajie still trusted him more, after all, that was his relative.

However, when he thought about the fact that he had to stay in the livestock shed for one night, Li Ba couldn’t help but curse.

“You’re really my own cousin’s uncle!”

“Get some rest!”

Lin Ran smiled helplessly and found a place to start resting as well.

The smell in the thatched hut was really bad, and both of them only fell into a light sleep.

I don’t know how long it took, but suddenly a hiccupy sound came from outside their house.

They both woke up almost simultaneously, and when they looked at their watches they had only slept for five hours, it was only mid five in the morning and it was not yet light.

“There’s a commotion outside!”

Li Ba gestured at Lin Ran.

Lin Ran nodded and the two of them immediately went to a corner of the thatched hut and looked out through a gap in the wall.

At this glance, goosebumps immediately rose in their hearts.

They saw that there were four or five people standing in the courtyard, which was not very spacious.

They were wearing black night clothes and their faces were covered in black cloth, so it was impossible to see their faces clearly.

However, the aura emanating from their bodies let the two know that these people were not ordinary people at all, ? At least they were also cultivators.

“Boss!”

Li Ba was busy looking towards Lin Ran.

Lin Ran, however, made a no-sound gesture, indicating that he should not make any rash moves and take a look first.

Soon, the light of a candle lit up inside the tiled room, followed by a figure coming out, if not Li Biao or someone else.

Lin Ran clearly saw that since Li Biao came out and saw those people, his whole energy seemed to be lost, his face was ashen and he sat on his buttocks on the ground.

“Li Biao! Do you know why we came to look for you?”

Soon, one of the black-shaded men spoke up.

“Yes! I can’t afford to pay back the money! But I beg you to spare my children and daughter-in-law in the house!”

Li Biao looked at the men in front of him, his face pleading.

Chapter 1170

“Spare your family? What do you think we are? A charity?”

The black shadow man spoke up and chided.

“You were given a choice, but you didn’t believe in evil, as it is! You should have known this day would come!”

“But my daughter-in-law and children are innocent!”

Li Biao suddenly stood up, his face as if he was mad.

“Innocent? From the day you approached us, no one associated with you is innocent!”

The black shadow man’s voice was cold, as if from hell.

“Please, spare my daughter-in-law and children, I will do whatever you want me to do!”

Li Biao fell to the ground and begged.

“It’s too late now!”

The black shadow man’s voice was icy cold, followed by a wave of his palm and a scolding.

“Do it! Leave no one behind!”

“You go and save your old cousin, I’ll go to the house and save the others!”

Inside the thatched hut, Lin Ran also spoke almost simultaneously.

“Good!”

Li Ba did not dare to ask too many questions, and at that moment the two of them rushed out of the thatched hut directly.

There were four black shadow men in total, and at this moment, three of them had already rushed inside the tiled house to look for Li Biao’s wife and children, except for the leader one who was still outside, ready to finish Li Biao off.

“What man?”

The moment Li Biao rushed out, the other side spotted him.

“What man? Your grandfather!”

Li Biao roared in anger, ? whirled and lunged towards the black shadow man.

“Cousin nephew you!”

Li Biao looked stunned and felt a little guilty in his heart.

To be honest, he just wanted to make some money, but didn’t expect to actually involve Li Baba in this.

“Cut the crap and hide aside!”

Li Biao urged.

Li Biao is also not stupid, see his cousin nephew rushed out of the body and footwork, a look is not ordinary people,? Naturally, he would not be polite, and immediately rolled and crawled to the side.

He wanted to rush into the house to save the people, but Li Ba was rushing at him with a wink, indicating that his boss had already gone.

Only then did he honestly stay in the corner, not daring to move a muscle.

“Kid! Do you know who you are fighting against?”

The black shadow man looked at Li Ba, with an icy coldness in his eyes.

“Who? I don’t care who the hell you are, this is a society governed by the rule of law, you still want to kill people, don’t even ask me if I agree with you!”

Li Ba had a disdainful face.

The other party’s strength was only in the middle stage of the Heaven Seizing Realm, similar to himself.

“Is that so? Then you go to hell too!”

The black shadow man’s eyes snapped cold, followed by a curved moon disc appearing directly in his hand, heading straight for Li Ba.

“Shit! What is this thing!”

Li Ba looked stunned, he had seen not a thousand but eight hundred magic weapons, but this was really the first time he had seen such a curved moon-shaped magic weapon.

This thing looked different from the traditional disc-shaped weapon with a curved moon,? It was different from the traditional moon disc-shaped weapon, and this one looked a bit like a moon eclipse.

“Go!”

Unable to figure it out, Li Ba did not bother to think about it, and immediately, with a shake of his palm, a short sword appeared in his hand, rushing straight towards the other party’s disc spell weapon.

“Bang!”

Almost instantly, the two collided with each other.

The result also came as no surprise.

Li Ba immediately flew backwards.

The short sword in his hand even broke in half instantly.

“Holy shit! Yue Qunshan nigga!”

Li Ba saw this and couldn't help but curse.

This short sword was given to him by Yue Qunshan at the beginning, saying that it was powerful enough to defend himself, but who knew that it was so unbeatable and broke in a single blow.

“What broken brass and iron, simply looking for death!”

The black shadow man's face sank, and with a fling of the curved moon-shaped magic weapon in his hand, he had already reached Li Ba.

And the black shadow man also flashed his body at the same time, and the next moment had appeared beside Li Ba, holding the curved moon-shaped magic weapon in his hand, and pressing it against Li Ba's neck, I was afraid that with just one thought, Li Ba's neck would have to move.

“Brother! Fake, you're also at the Heaven Seizing Realm, how come you're so strong!”

Li Bajie wanted to cry, if he had known that his opponent was so fierce, he would have gone to the house to save the others and let his boss deal with him.

“Frog at the bottom of the well!”

The black shadow man didn't bother with nonsense and was about to make his move at once.

“Don't don't! Even if you want to kill me, let me die with understanding isn't it, what are your origins? I'll be reincarnated directly into your family!”

Li Ba was busy laughing, at this time can delay a moment is a moment.

“Fine! I'll tell you!”

The black shadow man had pride on his face, and with a fling of the magic weapon in his hand, he suddenly floated in mid-air.

Only then did Li Ba see clearly that the magic weapon when this was a waning moon.

“This is the waning moon?”

Li Ba frowned.

The black shadow man, however, smiled blandly and said.

“This is the Heavenly Wolf, remember! The one who killed you is the Fey Demon Sky Wolf Sect!”

“Fey Devil Sky Wolf Sect? What the hell?”

Li Ba listened to the clouds, the Heavenly Wolf Clan is the Heavenly Wolf Clan, plus a foreign devil? What the hell is it.

And just at this moment, suddenly a voice but from the tiled house came over.

“What does the foreign devil refer to?”

“Hm?”

The dark shadow man frowned slightly and was busy looking ahead, only to find a figure walking out of the room.

“Who are you?”

The black shadow man’s face instantly turned ugly, he had actually not noticed Lin Ran’s presence before.

“My man eh?”

Seeing that Lin Ran didn’t say anything, the black shadow man’s face was icy as he continued to ask.

“You mean them?”

Lin Ran waved his palm, and immediately three figures flew backwards out of thin air.

“Bang!”

The three men lay on the ground, motionless, each with a clear wound on their necks, still whole continuously dripping blood outwards.

“You killed them?”

The black shadow man’s face instantly turned ugly, a slight chill pervading out.

“I’ll ask you again, what is the foreign devil referring to, if you don’t tell me, your result will be the same as theirs!”

Lin Ran looked at the other party with a bland voice.

“Just by you?”

The black shadow man’s face sank as his body flashed and the next moment he appeared next to Li Ba, ready to grab Li Ba first.

“I gave you a chance!”

Lin Ran’s voice was bland as he followed his palm with a grab out of thin air, and instantly an invisible force lifted the black shadow man up in an instant.

“Creation Creation Realm!”

The black shadow man’s face changed dramatically.

“Say it or not!”

Lin Ran looked at him, his voice icy cold.

“You don’t want to know!”

The Black Shadow Man said as a surge of power surged through his body, going so far as to explode himself.

“In front of me, do you think you can do that?”

Lin Ran had a cold smile on the corner of his mouth, followed by a wave of true qi that instantly filled out, enveloping the black shadow man, unable to even try to explode himself.

“Hehe! You think you can get what you want with this? It’s ridiculous!”

The black shadow man laughed at once.

“Is that so?”

Lin Ran didn’t bother to talk any more nonsense, and only a golden light on his hand instantly invaded the other party’s mind.

But very openly, the other party’s whole body actually spasmed rapidly, and then an obscure aura appeared out of thin air, directly blowing the other party’s body to pieces, and even Lin Ran was unable to stop it.

“There’s a prohibition inside him! Just probe his memories and it will detonate this forbidden layer!”

The pillow spoke.

“Did you probe into anything?”

Lin Ran asked busily.

“Very, very little!”

The Pillow Book said.

“We only know that the method practiced by this Other Demon Heavenly Wolf Sect is an evil path, nothing else is known!”

Lin Ran frowned at his words, even though he only had this piece of information, he at least knew that the Heavenly Wolf Sect was an evil cultivation.

But the key, how could they have a grudge against Li Biao?

Thinking about this, Lin Ran couldn’t help but turn his head to look at Li Biao at the side.
