

Wonder Doctor

Chapter 1171

“Boss!”

Li Ba was also busy running over, and when he saw Lin Ran’s gloomy face, he already understood in his heart that he feared that things were not simple.

“Where’s my wife and child?”

Li Biao saw the two of them walking over, knowing that the matter could not be concealed any longer, he immediately asked.

“Sleeping in the house!”

Lin Ran said indifferently.

Li Biao nodded at his words and didn’t ask any more questions, with Lin Ran’s skills wanting to kill himself, it was like crushing an ant, so naturally he didn’t need to doubt the truth of the other party’s words.

“What do you want to know?”

Li Biao asked as he sat paralyzed on the ground.

“Tell me everything you know!”

Lin Ran said indifferently.

Li Biao took a deep breath and spoke.

“Got a cigarette?”

Lin Ran was stunned, and immediately fished out a half pack of cigarettes from his arms and threw them over.

Seeing the soft pack of cigarettes in his hand, Li Biao instantly revealed a bitter smile.

“Cigarettes from rich people are good!”

Said Li Biao, lighting one and dreamily inhaling a mouthful before speaking.

“Actually, I know very little!”

“I came to them because of money in the first place!”

With that, Li Biao opened his mouth and recounted his experience.

It turned out that at the beginning, Li Biao and his daughter-in-law were living in Lijiawan.

But once again, Li Biao failed to start a business and spent all his family’s savings, which led to a huge debt.

He had no choice but to take out loan sharks.

Li Biao also knew that loan sharks could not be touched, but he had no choice. After finally comparing several companies, he chose a company called Skywolf Finance.

This company did not want any commission or interest, but only made Li Biao promise to do something for them if he could not repay the principal in the future.

Li Biao thought it was a good idea, at least he didn't have to pay back the interest, as long as he did a good job and paid back the principal, or at the very least, he could do one thing for them.

So he took out a loan from a loan shark.

But Li Biao is not a businessman, and his second business failed. At first, not to mention the interest, there was not even a few money left in the principal, so he had no choice but to take his daughter-in-law and children and run back to Meihua Town.

He thought he could escape the search of Skywolf Finance, but who knew that they would still find this place in the end.

"What kind of things did they ask you to do in the first place?"

Lin Ran asked, this was what he was most concerned about.

"They only said it once, I didn't think it was reliable, so I didn't agree!"

Li Biao said as he fished out a bottle from his pocket and handed it to Lin Ran.

"This is it!"

"What's this!"

Lin Ran took the bottle and frowned slightly.

Although this bottle was a glass bottle, the contents were not clear at all, foggy and hazy.

And it was sealed so well that not a single smell could be detected.

Just by the feel of it, Lin Ran could tell that there should be liquid inside.

"I don't know!"

Li Biao looked like he was crying.

"They said it was holy liquid and told me to put it into the spring on Plum Blossom Mountain, but how would I know where the spring was! So I asked them! They said the spring was in a mountain stream in the back of the mountain!"

"So did you do it?"

Lin Ran asked.

Li Biao smiled with a bitter look on his face.

“No! The back of this Plum Blossom Mountain is said to be haunted, so who dares to go there! Once again, I was only half way up when I ran into a ghostly wall, and almost didn’t die of fright, so I didn’t dare to go back in the end!”

Lin Ran frowned slightly at his words, then wrapped the bottle with a strand of true qi and then crushed it at a distance.

A fishy smell immediately filled the air, while a puddle of dark red substance dripped onto the ground.

“How could it be this!”

Lin Ran’s heart trembled as he looked at it, this was something he was all too familiar with.

Back then, in the underground of the Ten Thousand Treasures Spell Formation, as well as the first mission that Elder Feng had sent him on, there was this kind of stuff inside that Blood Demon’s stronghold.

“What the hell is this?”

Lin Ran’s heart grew more and more curious about the object.

This kind of thing contained severe poison, yet it had appeared in many places, and it was vaguely held by a force, which made Lin Ran’s heart amazed.

What kind of force would have to be in control of using this kind of thing.

“Boss!”

Li Ba was also very uneasy as he watched from the side.

“It’s alright!”

Lin Ran smiled and shook his head, then looked at Li Biao.

“What about Plum Blossom Mountain?”

“Huh? What Plum Blossom Mountain?”

Li Biao’s gaze flashed at his words.

“Cousin uncle, you still have to hide from us at this time?”

Li Biao looked at Li Biao, a little angry.

“Hey! It’s my fault! I’ll say!”

Li Biao sighed and said.

“That’s right, I lied to you guys and you all know it, I ran black cars in the town to pay back the money, and seeing that you guys had money I wanted to make some, and there were cars in the town that went to Plum Blossom Mountain!”

“You!”

Li Ba was simply furious.

Lin Ran also sighed helplessly and said.

“Send us back to the town, then you can leave here! I’m afraid that the people from the Fey Demon Heavenly Wolf Sect will come again!”

“Fine!”

Li Biao was busy nodding his head, seeing that Lin Ran wasn’t pursuing him this heart dropped.

An hour later, Lin Ran and the two of them reappeared in the town, while Li Biao was busy rushing back home to take his daughter-in-law and children away.

As for whether or not the Fey Demon Wolf Sect could find them in the future, that was beyond Lin Ran’s control.

There was only so much he could do.

After all, he himself didn’t even know anything about this mysterious Sky Wolf Sect, let alone help Li Biao.

.....

It was but seven o’clock in the morning when they reached the town’s station.

The trains didn’t start running until eight o’clock, so Lin Ran and the two of them had no choice but to sit down in the waiting hall to rest.

The two of them can’t help but smell great, and the key is that their clothes are simply as sloppy as they can be, and Yan Ran is just like two smelly beggars.

Sitting in the waiting room, even the people who came to beg were reluctant to look for them, apparently thinking that they were not as rich as they were.

They waited until eight in the morning for the bus to Plum Blossom Mountain.

As the two came early, they naturally shot to the front of the queue to get on the bus.

“Hey, hey! Look guys, those two people at the front are here to ask for food!”

“Holy shit! But isn’t it!”

“You guys guessed wrong, I’m afraid they’re not here to ask for food, but are preparing to go to Plum Blossom Mountain to ask for food!”

“That’s right, Plum Blossom Mountain is a tourist attraction, going there to ask for food? That’s really brainy!”

A sudden burst of chatter came from behind.

Lin Ran and Li Ba listened and couldn’t help but frown slightly as they turned their heads to look over.

Between them was a group of five people, three women and two men, who seemed to be colleagues who had come out for a trip in a group, each dressed in a very fine manner.

“What are you looking at? Never seen a pretty girl before!”

One of the sweet-looking women spoke up, but her voice did not match her appearance.

While she was sweet-looking, her voice was unusually harsh and shrill.

“Aiya! White Dove, people haven’t seen enough beautiful women and you still say it, how humiliating it is for them!”

A girl in a white T-shirt next to her said, she had the best body among the three girls.

Lin Ran took a look.

Chapter 1172

“Little Demon, you’re right, after all, I’m afraid they’ll never see a beautiful woman like us in their lifetime!”

White Dove, who had spoken earlier, sneered.

“Alright you guys stop, the car door is about to open!”

Next to her, the quietly dressed third woman spoke up and persuaded, while making an apologetic face at Lin Ran, as if hoping that the two of them would not take it personally.

“Damn it! If the car door hadn’t opened? I would have gone up and had a good argument with that little demon!”

Li Bajie was furious.

“Why don’t you have a theory with White Dove?”

Lin Ran laughed as he got into the car.

“Boss! The little demon is a D. That white pigeon is only an A- at best, in my opinion.”

Li Ba laughed.

“All right,? We’ll sit in the back later, after all, it does smell bad!”

Lin Ran laughed helplessly.

As they spoke, the two of them had already gotten on the bus and made their way down in the second row at the back.

The bus was unreasonably designed, with three rows of seats on either side of the corridor.

Li Ba sat by the window, while Lin Ran sat in the middle, with just one seat left outside.

Obviously many people did not want to sit with Lin Ran and the two of them.

So most of the people who got on the bus behind them sat at the front.

By the time the five Bai Doves got in, there were only two seats at the back of the car and three seats in front.

And one of them was next to Lin Ran.

“The one with the luggage sits at the end!”

The driver spoke at this point.

There was no choice, the two men with the luggage had to run to the very back.

And of the three remaining women, Little Demon sat in one of the middle seats.

The woman who opened her mouth at the end also found a seat, leaving Bai Dove alone.

Looking at Lin Ran and Li Ba, Bai Dove instantly quit.

“I’m not going to sit with them! It stinks to high heaven!”

White Dove complained.

“Hold on tight and drive!”

The driver didn’t care about that, the people were all on board, and he was about to start the car and go at once.

“Hey! Can’t you hear me? I don’t want to sit with those two!”

White Dove scolded at this.

“Why don’t you drive? There’s a lot going on!”

The driver said.

As a driver of a tourist bus, he had seen what kind of rich girls.

He had even seen before that a woman had actually brought her own disinfectant and actually had to disinfect the seat before sitting.

It left him speechless.

“You!”

Bai Dove was so angry that she stomped her foot, but at that moment, the car had already started.

She was unsteady on her feet and fell over at Lin Ran.

“Holy shit!”

Lin Ran was startled at the sight of this, and was busy dodging it with a side-step.

But Li Ba inside wasn’t so lucky.

If not for Li Baba covering his mouth with his hand at the critical moment, I’m afraid he would have lost his first kiss.

“Ah!”

Bai Dove was so scared that she screamed out directly.

Li Ba was also speechless.

“Shit! What are you screaming for, damn it I almost lost my first kiss!”

“Boss, you tell me even if you’re hiding from someone!”

Li Ba said helplessly.

“Haha, I was in too much of a hurry to tell you!”

Lin Ran laughed awkwardly.

“You guys! You two bastards! You’re disgusting old mother!”

Bai Dove was furious.

Seeing this, Little Demon on the side took out five hundred dollars from her bag and rushed at Lin Ran and the two of them.

“Take the money, sit on the ground, and give her the spot!”

“Holy shit! What the hell are you!”

Li Ba smiled and was instantly enraged, immediately taking out a thousand yuan from his own pocket and said to the little demon.

“Here’s a thousand dollars for you, come over here and be next to Laozi!”

“You!”

The little demon was so angry that her pretty face turned red.

Li Ba, however, licked his lips and laughed.

“Why is it too little? I’m adding a thousand!”

Lin Ran had looked on indifferently from the beginning, not opening his mouth to stop.

Little Demon and White Dove were two people who had gone too far, and Lin Ran had the intention to teach them a lesson.

“Coming or not, pretty girl?”

Li Bajie laughed while puffing out his chest, as if to say, Laozi is very interested in you.

Looking at Li Ba’s sloppy appearance and lewd expression, the little demon was so scared that he didn’t dare to be in charge of this either.

“You two shameless things!”

Bai Dove was so angry that she was about to make a move at once.

Fortunately, another girl stood up at that moment.

“Forget it Bai Dove, you sit here with me, I’ll go sit there!”

The woman said and had given up her seat to Bai Dove.

“Lan Lan you are so kind! Don’t worry, if those two dare to do anything to you, just call out and we will definitely help you out!”

Bai Ge said.

“Don’t worry!”

Lan Lan smiled and whirled around and took her place next to Lin Ran.

But as soon as she sat down, one of her two male companions inside the back rushed over.

“Kid I’m warning you, you better behave yourselves or I definitely won’t let you go!”

“If you don’t move your fingers, I won’t let you go now!”

Lin Ran looked at his opponent, his figure bland.

What he disliked the most was being pointed at by someone else’s nose.

“Ah Yong is fine, go back!”

Lan Lan frowned and said.

“Mm! Lan Lan shout at me if you need anything!”

Yong said, before returning to his seat again.

“Sister, that boy likes you!”

As soon as Yong went, Li Ba couldn’t help but laugh.

Lan Lan smiled her pretty face and said.

“We’re just ordinary friends!”

“Ai! It’s a pity that the Xiang King has a dream and the Goddess has no heart!”

Li Ba lamented.

“Come on, you’re the only one who knows more!”

Lin Ran spoke helplessly, and only then did Li Ba stop talking.

“That sorry ah, I apologise for my friends, their words were indeed a little too hard to hear!”

Lan Lan rushed at the two Lin Ran.

“Alright, for the sake of being so sincere, I accept!”

Li Ba laughed at the side.

Lan Lan then looked at Lin Ran.

Lin Ran, however, smiled blandly and said.

“Your friend? Wasn’t that a fart just now? Who would remember when it stinks like that!”

“Pfft!”

Hearing Lin Ran’s words, Lan Lan couldn’t help but laugh out loud.

When Bai Dove and Little Demon in front of them saw this, they were filled with confusion, why were Lan Lan and these two poor bastards still chatting? And it looked like the conversation seemed to be going quite well.

“Yong, hold back! When we get off the bus later? We’ll clean up after them both!”

At the end, a sidekick advised.

Only then did Yong loosen his clenched fist, he liked Lan Lan, which his companions knew.

But now watching Lan Lan chatting and laughing with other strange men made him upset.

“I advise you better not be making me laugh or you might be in trouble later!”

Lan Lan straightened her smile and said at Lin Ran.

“Is that so? I’m not afraid of trouble, but I don’t want to tease you either! We’ll part when we reach the station!”

Lin Ran said indifferently, this was what he had in mind.

Lan Lan heard it but her pretty face flushed and said.

“You don’t want to tease me and still say it, besides, dressed like you and still so confident in yourself, you’re really quite humorous!”

“Is there?”

Lin Ran was suddenly helpless, he was saying what was in his heart, he really didn’t want to be flirting with other girls, how come this Lan Lan still seemed to have misunderstood what he meant.

In order to ease the embarrassment, Lin Ran stopped talking for the next few moments.

The carriage was quiet for a while.

But soon, this silence was broken by a cry of alarm.

Only to see Bai Dove in front of him suddenly stand up and exclaim at the driver.

“Master stop, my wallet has been stolen!”

Chapter 1173

“What? The wallet was stolen?”

The driver sniffed and immediately pulled the car aside, while locking the door.

“You’re having a good look, did you drop it somewhere!”

The driver asked busily.

“No!”

White Dove searched the seat again and still couldn't find it.

When the driver saw this, his face turned ugly and he scolded.

“Whoever stole the wallet took the initiative to take it out, otherwise this car will drive straight to the Public Security Bureau!”

“What? To the Public Security Bureau? We're going on a trip to Plum Blossom Mountain!”

“That's right, we have to go somewhere else tomorrow, you've delayed our trip all morning!”

“That's right! Whoever stole the wallet should come forward!”

“That's right, you have to wait until we find out, before you lose face!”

The people in the car were talking.

And at that moment Lan Lan and Little Demon, and two male companions also ran over.

“White Dove you are looking properly, did you leave it somewhere?”

Lan Lan was busy speaking up and persuading.

“Yes!”

Yong also spoke up and agreed.

“How can that be? I looked in the mirror when I got in the car, I must have lost my wallet in the car!”

Bai Dove affirmed.

“Then Lan Lan, who have you been in contact with since you got in the car?”

Little Demon was busy reminding.

“Who have you been in contact with?”

White Dove was stunned and hurried to think back.

“Not with anyone either, they were all sleeping when I made it over!”

White Dove pointed to a middle-aged couple close to her.

“We didn't take it, ours are here for the tour, not as bad as yours!”

The man just said busily.

“Don't believe me, look!”

The woman even opened her bag, which did not contain Bai Dove's wallet at all.

“That's strange!”

Little Demon frowned slightly.

And Yong at the back suddenly thought of something and pointed at Lin Ran and the two men.

“That must be them, you almost fell down just now, not on top of them, they must have taken the opportunity to steal your wallet!”

“What?”

Bai Dove also turned her head to look at the two Lin Ran when she heard that.

Little Demon was even more enlightened, pointing at Li Ba.

“It must be him, just now he was pretending to be so generous, taking out a thousand dollars, far from stealing your money Bai Dove! I say how those money look so familiar!”

“Whose money don’t you look familiar with?”

Lin Ran saw this and laughed.

“That’s right! I’m afraid if it was a beggar giving you money, you’d look familiar too!”

Li Ba also couldn’t help but laugh.

“You guys have no shame, stealing other people’s money and still dragging it around here like it’s nothing!”

Little Demon said angrily.

“Tell me clearly, who stole her money!”

Li Ba was instantly enraged.

“It’s you! You’re annoyed, aren’t you!”

Little Demon said angrily.

“I pooh! Just your money, grandpa I can look at it too!”

Li Ba said disdainfully.

It was really true when he said that, how could he be short of money when he was also a cultivator.

It was just that at this moment, the two of them did look a bit shabby in their dress.

“What are you pretending to be! Have you stolen it? Dare to open your bag and take a look!”

Yong chided.

“That’s right! Open it up and take a look!”

Little Demon and echoed.

“I say! If you’ve stolen the money, take it out, it’s in my car, and no one has gotten out of the car all this way!”

The driver in front spoke up too.

“That’s right! If you stole it, take it out, what’s the point of holding up everyone’s time!”

“What a shame to make so many people wait here for you!”

“Hey! What quality!”

The other passengers on the bus were getting upset too.

“Boss!”

Li Ba looked at Lin Ran, not knowing what to do.

Lin Ran, on the other hand, waved his hand and said blandly.

“It’s fine if you want to see his bag, if you don’t have your wallets later, you must apologise to him in public!”

Lin Ran looked at Ah Yong Bai Dove and the others.

“Just you?”

Little Demon was full of disdain, but Yong, who was on the side, stopped Little Demon and looked at Lin Ran.

“Take it out!”

Lin Ran looked at Li Ba, the latter would understand and Ming Dang took his bag out.

“Humph! Better not let me find it!”

Yong said, already going through Li Ba’s bag.

He rummaged around and couldn’t find Bai Dove’s wallet, so he became a bit annoyed.

Then he actually dumped all the things in Li Ba’s bag on the ground.

“What are you doing!”

Li Ba saw this and was instantly enraged.

“Huh! Also this you didn’t!”

Ah Yong, however, made a surprised look.

“We really misunderstood people!”

Lan Lan was busy saying, she had felt from the start that it wasn’t the two Lin Ran who had stolen it, only that she hadn’t almost said it just now.

“Misunderstanding, Lan Lan don’t let them fool you, just the two of them are such losers, who else could it be if they didn’t steal it!”

Yong insisted.

“But you checked all the bags!”

Lan Lan said busily.

“Lan Lan, he checked his bag, but what about the other guy!”

Yong said and pointed at Lin Ran.

“It can’t be theirs, I sat with them just now and nothing was missing! And think about it, if they really stole the bag, why didn’t they just get out of the car and wait here for you to catch it!”

Lan Lan said.

Yong smiled at that but laughed.

“Lan Lan, don’t you think about it, this trip is full of tourists, since they are going to commit the crime, they must be prepared to make a few more attempts! I’m sure the wallet is definitely on this kid!”

Yong pointed at Lin Ran and affirmed.

“Kid! Give me my bag!”

Bai Dove looked at Lin Ran, his voice icy.

“Just take it out, what a bitch! How dare you steal someone else’s bag too!”

Little Demon chimed in.

“Boss!”

At this moment, Li Ba was so angry that he could not wait to give these people a violent beating, his own bag had been turned over, and now he ended up suspecting Lin Ran.

Lin Ran waved his hand at Li Ba and then looked at Ah Yong and the others.

“You guys turned over his bag too, now it’s your turn to keep your promise and apologise!”

“Huh! Kid, who the fuck are you to ask us to apologise? If you don’t want to die, bring your bag over here too!”

Yong scolded.

“Just take it out!”

Bai Dove was also busy saying.

“I advise you better hand it over or don’t blame us for being rude!”

Little Demon also puffed out his chest and said.

“Apologise!”

Lin Ran’s expression was bland as he looked at the crowd and continued.

“I think you’re just trying to stall for time, damn it!”

Yong became furious at the sight of this and reached Lin Ran with an arrow step, actually preparing to grab it directly.

"I advise you better not do it!"

Lin Ran looked at Ah Yong, his eyes micron, with an icy coldness.

"I'll even do it myself today,? Let's see how I poke holes in your true colours!"

Ah Yong said and went to grab Lin Ran's bag.

However, the next moment, a black shadow flashed, followed by Ah Yong's whole person actually directly flew backwards, fell heavily on the body of his male companion behind, his nose instantly flowed blood.

"Going through my bag, are you worthy of it?"

"You!"

Yong covered his nose with a pained expression.

"You want to hit someone after stealing something?"

Bai Dove shouted at once.

"That's right! Do you have any more king's law!"

Little Demon was also busy scolding.

"King's law? You're talking to me about the king's law?"

Lin Ran said and actually stood up, his gaze ice-cold without the slightest temperature.

"Fine! You want the King's Law, right!"

Lin Ran pointed at Li Ba's bag, which was still thrown on the ground, and rushed at Ah Yong.

"Pick up his things one by one for me, or I'll tell you how to write the word king's law?"

Lin Ran's eyes had an icy coldness to them, and for a moment, he actually scared the entire car full of people who didn't dare to speak.

Yong also couldn't help but gag, feeling his heart tremble.

Chapter 1174

"I don't want to repeat myself for the third time, pick up his stuff!"

Lin Ran scolded at Yong.

This rebuke scared Yong's body so much that he almost sat on the ground.

"What are you shouting for! You're still so arrogant after stealing something!"

Bai Dove said angrily.

“Slap.”

A slap sounded in the carriage at once.

“I understand that you’re anxious about losing your stuff, but I won’t be polite to you if you’re accusing us wrongfully!”

Lin Ran looked at Bai Dove, his voice still icy cold.

He didn’t usually hit women, but he had to differentiate between situations, and someone who was so unreasonable would be just as well to hit.

“You!”

Bai Dove covered her face, her eyes red and already on the verge of dripping out tears.

“Pick it up!”

Lin Ran said angrily.

“You! Even if I pick it up and apologise, so what, don’t you still dare let me go through your bag!”

Yong said in a welcoming voice.

“Pick it up, you can go through my bag at your leisure, and when you’re done and don’t find it, apologise to me all the same!”

Lin Ran’s voice was bland.

“Fine! You remember what you said!”

Yong really didn’t believe that a good wallet could disappear, so he immediately bent down and picked up Li Ba’s things, and at the same time, he bent down and said “I’m sorry!”

“Okay! Where’s your bag!”

After saying that, Yong looked at Lin Ran, with anger in his eyes.

“Remember to apologise!”

After saying that, Lin Ran also threw his own bag over.

“When I find my wallet, let’s see what you have to say!”

Yong’s old face turned red as he held his breath, if he couldn’t find his wallet this time, then he would have completely lost this face.

But he believed that he could definitely find it, after all, the wallet would not really vanish into thin air, right?

Faced with Yong’s rummaging through the bag, Lin Ran’s face was indifferent, unable to see any change in expression.

“Or else let’s forget it!”

Lan Lan was busy persuading, she always felt that the bag was not taken by Lin Ran.

But at this point, it was already too late to open her mouth to persuade.

Ah Yong did as he was told and directly threw all the contents of Lin Ran's bag onto the ground, and immediately a thick pile of things wrapped in paper appeared in front of the crowd.

"What's this? How dare you say you didn't steal it!"

Yong picked the thing up and opened the paper on the outside, and what appeared in front of the crowd was a thick pile of money.

It had to be at least a hundred thousand dollars when you eyeballed it over!

"Now what else do you have to say!"

Ah Yong took the money and looked at Lin Ran with a smug expression.

"It was really you who stole it!"

Little Demon also looked at Lin Ran, with contempt in his eyes.

"It's really you!"

Bai Dove also looked at Lin Ran with an unpleasant expression on her face.

"That can't be! It can't be him!"

On the side, Xiao Lan covered her mouth in surprise, she had been sitting with Lin Ran the whole time just now, Lin Ran didn't have time to commit the crime at all.

And even if it was really him, then she was sitting next to him just now, how come none of her things were lost?

"Xiaolan, people's hearts are different, we don't know him well and you can't know him completely, maybe this guy is a repeat offender!"

Yong sneered from behind.

"Yes Xiaolan!"

Little Demon and White Dove were also busy echoing the words.

And at this moment, the other tourists around them saw this and also pointed at Lin Ran.

"It's really unexpected that a young one could do such a thing!"

"No, it's not good to sit on something, you have hands and feet, you have to come out and steal!"

"The point is that stealing is not good enough, this kind of intelligence also dares to come out, just now I knew the thief must be him!"

"Driver! Don't stand still, just call the police!"

"Yes! Call the police!"

As soon as he heard the police, Li Ba was instantly anxious, and Xiaolan, who was at the side, was also busy looking at Lin Ran.

“Boss they’re calling the police!”

Li Bajie was busy saying.

“Report it! I didn’t steal it, what am I afraid of!”

Lin Ran said indifferently.

His words combined with a carefree expression immediately made Yong and the others feel insulted.

“Kid! You’re still fucking tough, aren’t you? The money is here, how dare you say you didn’t steal it?”

Ah Yong gestured at Lin Ran with the 100,000 yuan.

“That’s right! You’re not going to cry until you see the coffin!”

Little Demon also chimed in.

“I think he’s just cheap, he had to wait until the Public Security Bureau before he was honest!”

Bai Dove sneered.

Lin Ran saw this but laughed.

“You guys keep saying that I stole the money, so I’m curious to know, how much cash did you put in your wallet before? Was it also one hundred thousand?”

“Yes! What’s the problem?”

Bai Dove said with a disdainful face.

She was a rich girl, so it was normal to carry a hundred thousand dollars with her when she went out.

However, in response to her reaction, the people around her were stunned, and then they couldn’t help but stretch out their hands and gesture.

Then, Bai Dove herself was also stunned, seemed to think of something and felt a shock in her heart.

“You’re so awesome, your wallet is a sack I’m afraid, it can hold a hundred thousand dollars in cash!”

Lin Ran laughed.

“Holy shit! That’s right! What kind of wallet can hold a hundred thousand dollars!”

Li Ba sniffed and also reacted.

The wallet that Bai Dove described, at first glance, was a hand-held style that would be stuffed with twenty to thirty thousand, let alone being said a hundred thousand dollars in cash, that was absolutely impossible to fit in!

“Then you say, where is my wallet?”

White Dove's face turned red and heckled.

"Fuck your wallet, why ask us!"

Li Ba said without good grace.

Lin Ran, however, waved his hand and pointed with his palm.

A strong wind swept out, and the crowd only heard two "poof" sounds.

At the same time, a red purse fell off his body with a "pop".

This scene, looking at the crowd immediately froze.

"White Dove I ..... I forgot! I brought it to use in the morning!"

Little Demon's entire body was dumbfounded.

Especially in the face of Bai Dove's frown, as well as the strange gazes of the people around her, she could not wait to find a crack in the ground at this moment, it was simply too humiliating.

"Now do you still suspect that I brought your wallets?"

Lin Ran's face was bland as he looked at Bai Dove's crowd.

"I'm sorry! I apologise for them!"

Xiao Lan said busily.

"Fine! But you can't replace everyone!"

Lin Ran smiled lightly, then looked at Yong, who was still holding his hundred thousand dollars at the side, and said in a cold voice.

"Load the stuff up and apologise to me, or else you know the consequences!"

"You!"

Ah Yong's face turned red with reluctance in his heart.

Are you kidding me? If he did that in front of Lan Lan, wouldn't he be disgraced!

"What if I say no?"

Yong's face sank and he said in a cold voice.

"You say that again?"

Lin Ran looked at Yong, his expression still bland.

"I said ...."

Ah Yong just wanted to speak, but Lin Ran had already turned around and shouted at Li Ba.

"Fight until he's willing!"

“Okay!”

Li Ba had been holding his anger for a long time, and at the sound of his words, he rushed up with a single arrow step.

“Slap, slap, slap!”

For the next whole minute, apart from the sound of slapping one after another, the rest of the carriage was dead silence.

Once again, Li Bajie’s body shot shocked everyone.

At the same time, it also made these people understand one thing.

It wasn’t that he didn’t want to fight, but once he did, they wouldn’t be able to handle it.

After a violent beating, Yong’s face was already swollen into a pig’s head.

Only then did Lin Ran tell Li Ba to stop and turned his head to look at Ah Yong’s group and said indifferently.

“Don’t mess with me if you have nothing to do, or next time it won’t just be your head that’s swollen!”

Chapter 1175

Lin Ran’s words made Ah Geng’s chest heave, but in the end he didn’t dare to say anything else.

After all, he had personally experienced Li Ba’s skills.

Those moves were simply not something he could dodge.

He also knew that Li Ba hadn’t exerted any force just now, otherwise he would have been swollen to the point of not even recognising his own mother.

After a farce, the carriage was finally quiet.

Many people were pretending to sleep.

It couldn’t be helped that many people had just been pointing at Lin Ran for half a day.

And after it was revealed, those of them who didn’t take advantage of the situation naturally felt guilty one by one and could only pretend to sleep to avoid embarrassment.

The car soon drove to its destination, the Plum Blossom Mountain Scenic Area.

And when the two of them got down from the car, they realised that there were really quite a lot of people in the entire scenic spot.

“This Li Biao is really unreliable, if he hadn’t lied to us, I’m afraid we would have arrived long ago!”

Looking at the Plum Blossom Mountain in front of him, Li Biao couldn’t help but say.

“Forget it, it’s all in the past, let’s hurry up and catch up!”

Lin Ran greeted.

Although the two of them had arrived at Plum Blossom Mountain, the distance from it was not really small.

According to the address provided by the Grand Elder, this Plum Blossom Sect should be located deep in the back of Plum Blossom Mountain, and the proper entrance was not at all in Plum Blossom Mountain.

But the entrance to a sect was difficult for others to find unless they were internal children, so Lin Ran could only find a way to get closer to the Plum Blossom Sect first, before he would enter it in a hurry to look for Ling Sa.

The reason why Lin Ran was so sure that Ling Sa was in the Plum Blossom Sect was that the nine fish had sensed that Ling Sa was in the area of Plum Blossom Mountain and had not moved.

The Plum Blossom Mountain scenic area is divided into two places, namely the front mountain and the back mountain.

The front mountain scenic area required tickets at the entrance, and the two of them walked in without delay after buying the tickets directly.

And since they got off the bus, Lin Ran and the two of them had not seen Bai Dove and the others.

It seems to be feeling righteous, so they have been avoiding Lin Ran two people.

Lin Ran did not care about this, and the two of them bought tickets for the front mountain and entered the scenic spot directly.

If they wanted to go to the back of the mountain, they could only go through the scenic area of the front mountain and then buy tickets again at the entrance of the back of the mountain so that they could enter the back of the mountain.

Ju said that this was done because the development of the front and back hills belonged to two groups, so the rules were set in this way for the sake of differentiation of interests.

“Boss! You really don’t say, the scenery of this Plum Blossom Mountain is really good!”

The two of them were walking in the scenic area of the front mountain, and Li Ba couldn’t help but sigh with emotion.

“Mmm!”

Lin Ran nodded his head in agreement.

It was only July and August now, when the weather was just hot, but in this Plum Blossom Mountain, there was not a single trace of heat to be felt.

There was even a cool mountain breeze blowing through from time to time, making people very comfortable.

What’s more, the whole Plum Blossom Mountain is planted with various varieties of plum blossoms, which bloom all year round, making the scenery here very romantic and beautiful.

“No wonder most of the people who come here are female tourists, this place is simply the perfect place to fall in love!”

Li Ba said enviously.

“What? Getting lovesick?”

Lin Ran laughed at his words, while he couldn't help but think of Wang Yifeng.

He wondered how this guy was doing now, and whether he had developed further with Xiao Cui.

But it was just a thought, after all, he was going to Xingwu Mountain in just a few days, so he wasn't in a hurry.

“I hope this trip to Plum Blossom Mountain doesn't take too long, otherwise I'm afraid that the time to Xingwu Mountain will be delayed.”

Lin Ran thought to himself.

As they spoke, the two had already passed through the front mountain scenic area and arrived at the entrance to the back mountain.

What was puzzling, however, was that the back mountain scenic area, which should have been equally busy, was empty of people queuing at the ticketing entrance at this time.

And the business entrance, which was supposed to have several windows open at the same time, had only one window open at this time, with only a young woman inside playing with her mobile phone.

“What's going on here?”

Li Ba also looked stunned, not knowing what was going on.

“Walk over and take a look!”

Lin Ran greeted, and promptly led Li Ba to walk over.

“Beauty! Have two tickets for the back of the mountain!”

Li Baba said directly as he stepped forward.

However, the female staff member raised her head without saying a word.

“What does that mean?”

Li Ba looked stunned, not knowing what the other party meant.

“Well!”

The female staff member raised her head again, seemingly telling Li Baba to look at something.

Lin Ran frowned slightly and followed the female staff member's gaze, only to find that on the side of the ticket window, there was actually a notice posted.

“Holy shit! Such a small notice, who could see it, I thought she was going to tease me just now!”

Li Ba patted his chest with a pang of fear.

“Don’t you dare, if she wants to flirt with you, that’s your good fortune!”

Lin Ran said in a good-natured manner, while going to read the content of the notice.

Only when he looked at it did he realise that the back mountain had actually been closed.

“Holy shit! What about this, boss?”

Looking at the mountain closure notice, Li Ba was in a bit of a quandary.

“It’s not that simple, he’ll seal his mountain, we’ll go our way!”

Lin Ran smiled lightly as he whirled towards the entrance of the back mountain.

With his strength, not to mention sealing the mountain, even if the staff were guarding the entrance, he would be able to blend in unnoticed.

This was the absolute strength gap.

The two turned the corner and soon arrived at the entrance to the back mountain.

Here, there was a huge iron gate dividing the front and back hills.

On weekdays this iron gate was open, and all one needed to do to enter the back mountain was to present a ticket,? But now this iron gate had been locked.

“Hey! Holy shit boss! Look!”

Suddenly, Li Ba’s voice rang out.

Only then did Lin Ran notice that on the side of the large iron door, a small door had actually opened at some point, and at that moment, there were several figures passing through the small iron door.

“Shit isn’t the mountain closed! How come there are still tourists going in!”

Li Ba saw this and immediately ran over, shouting at the same time.

“Hey! Isn’t the back mountain closed, how come there are still people ....”

Before he could finish his words, Li Ba froze.

Lin Ran, who followed after him, saw those who had entered the small door and immediately froze as well.

“How come it’s you guys!”

“Lin Ran?”

Seeing Lin Ran and Li Ba, Xiao Lan was also stunned, as was Yong, the white dove demon next to him, and his other male companion.

“The back mountain is closed, how can you guys still go in!”

Li Ba looked at these people, his face ugly.

Damn he was at least a cultivator, which was not a person of distinguished status in the earthly world.

But what about now? He himself was not even qualified to enter the back mountain, but these few rich kids actually managed to enter openly.

“What? Envious?”

Little Demon looked at the two Lin Ran, with disdain in his eyes.

“It’s Ah Yong, his family has shares in this Plum Blossom Mountain, so he can go in directly!”

Xiao Lan explained.

Hearing this, Yong on the side laughed in triumph.

“Haha! It’s nothing, it’s just a bigger background!”

Saying that, Yong also pointed to the wall to the side, on which was pasted a brand of such shareholder sponsors, one of which Yong pointed to was sponsored by his family.

“Hey! Yong, I’ve found a truth!”

Suddenly, Bai Dove next to him laughed.

“What truth?”

Yong asked with interest.

Bai Dove hemmed and hawed? looked at Lin Ran and Li Ba and smiled smugly.

“This fist is useless even if it’s hard! It doesn’t matter if you have no money or power, you’ll always be a poor loser! Still want to enter the back mountain, I think you two should just look around here and get lost!”

Chapter 1176

“What the fuck are you tugging for, I can get in later too!”

Looking at the back of Bai Dove and the others leaving, Li Ba was so angry that he stomped his feet.

“What should we do, boss? Charge straight in?”

Li Ba turned his head and asked.

At this moment, Lin Ran did not have the heart to pay attention to him.

It was because he had discovered that within that crowd of signs, there was actually a sign called Luo Ran Finance.

“Holy shit! Boss isn’t this the company that your daughter-in-law has?”

Li Ba quickly noticed the logo as well and busily went forward to ask.

“Don’t talk nonsense!”

Lin Ran said with a slight frown, thinking for a moment.

“Go! Find the manager here!”

“Looking for our manager? I say, you two, what have you had enough of? Do you think that our manager can be seen by anyone, and don’t even think about it, do you know where our manager is?”

Suddenly the security guard who opened the door aside burst out laughing.

“Holy shit! How are you talking to him, he’s also your shareholder!”

Li Ba saw how arrogant even a security guard was, and suddenly the atmosphere said.

“Shareholder? Is it shareholder Zhang or shareholder Li, just the way you two are dressed, I wonder if you stole the tickets to enter the Qianshan!”

The security guard said with a look of disdain.

Lin Ran and Li Ba glanced at each other, speechless, the two of them had gotten into this state because of Li Biao’s living disaster.

But did dressing like this mean that they must be poor bastards?

Lin Ran laughed.

“Brother! How about coming out for a smoke?”

“I’m telling you, don’t try to bribe me, one cigarette won’t get you into this back mountain!”

The guard said with a disdainful face.

“Not to mention the back mountain, I wanted to thank you for reminding us!”

Lin Ran smiled as he had already taken out a packet of cigarettes.

The guard was about to refuse, but once he saw that the cigarettes Lin Ran took out were actually of a good brand, he couldn’t help himself and immediately opened the mountain door and walked out.

However, this guy was also very chicken and locked the big iron door again as soon as he came over, afraid that Lin Ran and the two of them would take advantage of the opportunity to run over.

“Thank me for what!”

The guard took a sharp puff of his cigarette and exhaled clouds of satisfaction before he asked with a smile.

“Thank you for reminding us!”

Lin Ran laughed.

“For reminding you of what? I didn’t say anything!”

The guard said warily.

And Li Ba, who was on the side, was also confused, not knowing what medicine Lin Ran was selling in his gourd.

“Did you forget that? You reminded us that we can’t find where the manager is at all!”

Lin Ran laughed.

“So what?”

The guard looked at Lin Ran with a wary face.

“I’m not going to tell you where the manager is!”

“Sorry, that’s not up to you!”

Lin Ran suddenly smiled, following which his palm directly rested on the security guard’s shoulder.

“What? You still want to be strong ..... Strong ..... pain!”

The guard’s face instantly changed.

“Don’t worry, we’re all good citizens and won’t blackmail you into forcing our way into the back of the mountain, you just need to take us to the manager!”

Lin Ran laughed.

If he wanted to break into the back mountain forcefully, he had plenty of ways to do so, but he didn’t want to plant hidden dangers.

After all, if he did break in, he was afraid that someone would still chase him in when the time came.

And after all, he didn’t know how to enter the Mei Hua Sect yet, and it would take time to find it in the back mountains, so naturally it was safest to be able to find the manager and then enter the back mountains.

“You kid, die of it, I won’t take you to the manager!”

The security guard came on strong.

Lin Ran is not in a hurry, the palm of his hand gently force, immediately pain the security guard face brush bar.

.....

Ten minutes later.

“The manager is inside, you mustn’t say it was me who said that!”

The security guard had a bitter face, in the end he still couldn’t resist Lin Ran’s terrifying strength.

“Boss there you are!”

Li Ba also couldn’t help but give Lin Ran a thumbs up.

“Keep an eye on him here, and if the manager isn’t inside, clean him up for me!”

Lin Ran said, while handing the security guard over to Li Ba, before advancing to walk inside.

.....

This was a place for leisure and fitness, which should be open to tourists on weekdays, but with the closure of the back of the mountain, so there wasn't much coming here.

Lin Ran walked in along the corridor, followed by seeing that in front of him there was actually a natural underground hot spring swimming pool.

At that moment, two figures, a man and a woman, were playing with each other in the pool.

In the depths of love, they were unconsciously acting out a scene, making Lin Ran's face flush.

"Ahem! Slow down, those who don't know think they're gnawing on pork!"

Lin Ran opened his mouth? said.

The sound was not loud, but it startled the two people in the pool, and they immediately swam from the pool to the shore.

"What are you?"

The middle-aged man stood on the shore and pointed at Lin Ran and asked.

"Is that how you intend to speak to me?"

Lin Ran asked blandly as he looked at the other man.

"Or else what! Get out! This place is not open to the public, who let you in!"

The middle-aged man said angrily.

And at that moment the woman had also passed the bath towel and was busy walking over.

"Li, don't be angry!"

"Humph! The security guards are really getting unreliable nowadays, they put everyone in there!"

The middle-aged man named Mr. Li scolded.

"Unreliable? You'd better change your clothes and come to the office to see me!"

Lin Ran dropped a sentence indifferently, and then turned around and walked towards the office.

"Mr. Li, this kid looks like he's got some history!"

The woman at the side said busily.

"Hmph! This place is so remote, those big shareholders won't come here, if they don't come here, I'm the emperor of the land!"

The middle-aged man said and unconsciously pulled the woman into his arms.

"Change your clothes and go! I'd like to see what this kid is from, daring to spoil my good deeds!"

“Mr. Li is nasty!”

The woman said shyly,? At the same time picked up the clothes aside before walking into the dressing room.

Ten minutes later, inside the office.

“Coffee, Mr. Li!”

The woman changed into her professional clothes and handed a cup of coffee to the middle-aged man sitting at his desk.

“I didn’t see it coming, a secret art on weekdays, and a mistress at critical moments!”

Looking at the woman and Chief Li, Lin Ran couldn’t help but laugh.

No wonder so many big bosses liked female secretaries, this was really close to the water, busy relaxing after work!

“Work and life at the same time, good life for Manager Li!”

Lin Ran laughed.

“Cut the fucking crap! Say who let you in! What do you want from me!”

Manager Li looked at Lin Ran and scolded him with a frown.

“It doesn’t matter who let me in, I’m only looking for you for one thing, I want to go to the back of the mountain!”

Lin Ran said indifferently.

“To the back mountain?”

Chief Li smiled and said disdainfully.

“Just because you want to go to the back mountain too, I’m telling you, the back mountain is now closed, no one can fucking go there!”

“O? Then why did someone just go in! And there was a party of five!”

Lin Ran questioned.

“A group of five people?”

Chief Li was first stunned at his words, but then he laughed.

“Kid! Do you know who people are? He’s the son of a Jiangnan investment tycoon, the second largest shareholder here! Know what?”

“The second largest shareholder? Then I’d love to know who the first major shareholder is!”

Lin Ran still had a bland look on his face.

“The first major shareholder, that’s naturally Luo Ran Finance! Have you kid heard of it? Poor bastard!”

Looking at Lin Ran's outfit, Chief Li said disdainfully.

"Oh interesting!"

However, Lin Ran laughed, while he put his palm into his pocket, followed by feeling out a card and tossed it directly onto the table.

"This card, it should explain who I am! I hope you're not too surprised!"

"Hm?"

Chief Li was stunned, followed by looking at the card, and when he read the content on it clearly, he immediately froze his entire body.

"Luo ..... Luo Ran Financial ..... Chairman!"

Chapter 1177

"You .... You're the chairman of Roran Finance?"

Mr. Li's entire body was confused at once.

"Or what?"

Lin Ran looked at Chief Li with a bemused expression.

"This .... This!"

Chief Li was so shocked that he was incoherent for a moment.

On the contrary, it was the female secretary at the side, who at this moment looked at Lin Ran suspiciously, before pulling Chief Li aside and whispering.

"Chief Li, calm down first, something isn't right about this!"

"What's wrong?"

Chief Li asked busily, he was stunned by this card from Lin Ran and hadn't thought about it that much for a while.

"Think about it, how could the chairman of Luo Ran Finance come here, and even if he did come how could we not be notified!"

Said the female secretary and even took out a small book, which was her usual work record of important people's information.

"And I've just looked at it, the chairman of this Luo Ran Finance, seems to be a woman named Luo Qiqi! How can it be this kid in front of you!"

"Right!"

Only then did Chief Li react when he heard that.

He himself was also stunned.

But with the way this kid in front of him was dressed, how could he be at the level of chairman, at most he was a beggar's gang leader who was still able to get by.

"Kid! You're playing a pretty fancy game, taking a fake card to fool old me!"

Mr. Li said in a cold voice as he lit a cigarette for himself.

"A fake card?"

Lin Ran also laughed at his words.

"The card is right in front of you, it's up to you whether you believe it or not, I've already told you my identity, and I've also made my intention very clear, just say whether to do it or not!"

Lin Ran said indifferently, he didn't bother to break it up with the other party.

"Who the hell are you trying to scare? If I do it for you, won't anyone be able to scare me with this shitty card in the future!"

Chief Li was full of disdain.

"I'll give you one minute now to disappear from my office immediately, or I'll make you go down Plum Blossom Mountain lying down!"

"You've thought about it?"

Lin Ran looked at Chief Li with a bland expression.

"Think about you, now get the hell out of my office!"

Chief Li scolded.

Seeing this, Lin Ran didn't say anything, turned around and left the office, while taking out his mobile phone and calling.

"Haha! Just like a dog,? It's not just a matter of a word from old me!"

Looking at Lin Ran Lin Ran leaving, General Manager Li was full of smugness.

"Still, Chief Li is great!"

The female secretary at the side smiled and said.

"That's not as powerful as you are!"

General Li's interest was shot, and he directly pulled the female secretary into his arms with a tug and a kiss.

"Oops, Mr. Li, that boy hasn't gone far!"

The secretary said shyly.

However, Mr. Li could not resist the desire in his heart and pulled up the secretary's clothes.

“Damn just now at the pool I can’t help it, if this kid didn’t suddenly appear, today I must stay with you at the pool all day!”

“Aiya Mr. Li, what are you talking about! It’s not like she’s going to run away, sooner or later she’ll be yours!”

The female secretary laughed.

But just as the two of them were getting hot and heavy, suddenly the phone rang.

And it was a very harsh landline phone.

“Fuck, who’s so ungrateful to call now!”

Mr. Li was so angry that he lifted his trousers. That’s what got him on the phone.

“Li He what the fuck are you doing! It took half a day to pick up the phone!”

An angry voice of a middle-aged man came over the phone.

“Huang .... Mr. Huang, why are you calling in person!”

Hearing the voice, Li He was so frightened that he was busy respectfully saying.

Chief Huang was none other than his top boss, an existence that could make him roll up and get out with a single word.

“Why do you think I came to the phone, what did you idiot do to offend the chairman of Luo Ran Finance!”

On the phone, Mr. Huang scolded angrily.

“I .... I haven’t offended her, I haven’t even met her!”

Li He looked bewildered.

“Bullshit, the chairman just came out of your office, and you say you haven’t met her!”

Chief Huang scolded angrily.

“I’m telling you, if you don’t sort this out for me soon, I’ll have you rolled up and out of here! If Luo Ran Finance is angry and won’t take the money, why should I keep you? Even a dog is better than you!”

“Yes! It’s Mr. Huang!”

Li He was as scared as death, where was his interest in pampering his female secretary at this moment, he ripped her to a gang, pulled up his trousers and ran towards the door.

“Mr. Li!”

“Li you daddy, people are really the chairman of Luo Ran Finance!”

Li He cursed, while already running out of the office.

In the hall outside the office, Lin Ran was sitting on the sofa playing with his phone, naturally the call he had just made was from him.

Originally, he didn't want to bother Luo Qiqi, but things had come to this point, there was no need for him to hide it, time waited for no one, he had to settle it early, and he still had to go to the Plum Blossom Faction.

"Dong ..... Chairman, just now it was the little one I ....."

Seeing Lin Ran, Li He was busy saying respectfully.

However, Lin Ran waved his hand and said.

"Cut the crap, can I go to this back mountain?"

"Yes! Can!"

Li He busily said.

"Then why are you still standing there!"

Lin Ran said in a cold voice.

Scared, Li He almost didn't sit on his butt on the floor.

"Chairman, I'll personally take you there!"

With that, Li He pushed the door open first and welcomed Lin Ran out.

The security guards at the side were still under Li Ba's control.

When he saw Lin Ran and a middle-aged man walk out, Li Ba knew that things were done.

"General Li! Why are you personally ....."

The security guard just didn't want to greet Li He when he saw him.

Instead, Li He glared at him and scolded.

"What are you still staring at! Open the door at the back of the hill! Can't you see that the chairman is going to the back of the mountain?"

"Dong ..... Chairman!"

The security guard was confused at this point.

"What are you waiting for! Go!"

Li He was busy scolding.

Only then did the guard come back to his senses and hurriedly led the way in front.

The group of people soon returned to the big iron gate again.

This time, the security guard didn't dare to be the least bit slow, and directly opened the big iron gate.

“Chairman, do you see anything else you want to order? The little one will definitely do it, including that secret art is on standby at all times!”

Li He said with a smile.

Lin Ran, however, gave Li He a disgusted look, feeling disgusted by him.

“There’s no need! Don’t let anyone in to disturb me until I get out!”

Lin Ran said indifferently, following which he led Li He towards the back of the mountain.

“Don’t worry, Chairman, the back mountain won’t be open to the public until you come out!”

Li He busily assured.

“Hear that! Before the chairman comes out, the back mountain is not even open to the public, not even a fly is allowed to be let in!”

“Yes, Mr. Li!”

The security guard said respectfully.

“Hey Mr. Li, why are your trousers wet?”

The guard said suddenly noticing that Li He’s trouser legs were actually wet, just as he wanted to touch them suddenly he smelled a pungent smell of urine!

“Mr. Li, you ..... Why are you pissing your trousers in fear!”

The security guard exclaimed.

However this time Li He was not angry, but instead a calm face said.

“What’s wrong with pissing your trousers in fear, do you know which shareholder’s chairman he is?”

“Which one?”

The security guard was at a loss.

“Luo Ran Finance! Luo Ran Finance! Hey really to the cow! Or else it would say that the levels are different!”

Li He shook his head in exasperation and instantly turned around and walked towards the office.

“The chairman is not interested in you, but I am! The chairman has gone into the back of the mountain, now no one will bother me, little secretary brother Li here I come!”

Thinking in his mind Li He couldn’t help but have an expectant smile on his face.

Chapter 1178

The two of them, however, were attracted by the scenery in front of them once Lin Ran entered the back of the mountain.

If the front mountain was a romantic place, then the back mountain of Plum Blossom Mountain definitely counted as a surprise.

The countless varieties of plum blossoms competing with each other and the treacherous terrain here make it seem as if you are in a fairyland for a while, but on closer inspection it is as if you are deep on a cliff.

It can be said that the first taste is already intoxicating, in the taste the heart is cold.

“One warm, one cold! Echoing each other, it is truly a heaven on earth!”

Lin Ran was overwhelmed with emotion in his heart, and at the same time, he understood why Luo Qiqi had been able to develop Luo Ran Finance to its current scale.

There was certainly the support of his own capital, but more than that, I’m afraid it was due to Luo Qiqi’s unique vision.

“Let’s go! We still have a long way to go!”

Lin Ran greeted, and immediately led Li Ba on his way.

.....

In a flower hall in the back of the mountain.

“Little Lan gives it to you!”

Ah Yong handed the gift box he had prepared for days to Xiao Lan, with anticipation in his eyes.

“Yong no need, I can’t accept it!”

Xiaolan said with a frown.

It was true that Yong’s family had money, but she just wasn’t half interested in Yong, and who could tell about such things as feelings.

“Xiaolan, just give me a chance okay, I’ll definitely treat you well!”

Yong said and opened the gift box, and there was a diamond ring lying inside.

The diamond ring had a very large face, and at a rough glance it must be worth at least a million.

“This is the latest model that I asked someone to bring back from Saudi Arabia, it’s the only one in the world!”

Yong said.

Hearing this, Bai Dove and Little Demon on the side were incomparably envious.

“I’ve heard that this ring cost Yong fifty million dollars!”

Yong’s wingman on the side was busy saying.

“What? Fifty million!”

Hearing this price, Little Demon and White Dove both had a blush in their eyes.

Although their families were also rich, fifty million was nothing.

But this gift meant something different.

Especially if it was a gift from a man to a woman, I was afraid that if this fifty million was placed on any woman, it would make a wave.

But Xiaolan was the only one who did not have any change in expression, just shook her head blandly.

“Ah Yong, thank you for your kindness, but I really don’t have any feelings for you!”

“No feelings? You’re lying to me, you don’t feel anything for anyone, I still have a chance don’t I!”

Yong said busily.

“Yong you really shouldn’t be like that, I really don’t have feelings for you, and I prefer a mature man!”

Xiao Lan said.

Yong was stunned at his words.

“Mature men, you’re talking about that bastard!”

Yong’s face was ugly.

“What are you babbling about, what that bastard!”

Xiao Lan, however, had a blush on her pretty face and couldn’t help but think of Lin Ran.

Although she had only been in contact with Lin Ran for a short time, the latter’s bland expression, the titanic nature of his chest, all made her memory particularly deep.

Women were like that, some liked money, while others liked feelings.

Xiaolan was clearly one of those who liked to feel.

If she had no feelings for someone, she could be unmoved even if she was given a mountain.

But if it was someone she had feelings for, even if she had only met them once, she would be able to remember them firmly.

“I knew it! The look on your face says it all!”

Yong said angrily.

“Lan, I really don’t know, what’s so good about that guy, he’s just a poor bastard, you saw it all just now, and he still wants to come to the back of the mountain, do you think he’s the only one who can do it?”

“If it wasn’t for me today, if you had come with him, not to mention the back mountain, I’m afraid he could have spent all your money before you even got to Plum Blossom Mountain!”

“Yong, that’s enough! I said I don’t have feelings for you, this is between the two of us, why involve others!”

Xiaolan chided.

“You still don’t admit it, and even now you’re still defending him!”

Yong’s fists were clenched and there was anger in his eyes.

“Hey hey! Stop arguing for a moment, you guys, there! How did they get in?”

Suddenly Bai Dove exclaimed at one side.

The crowd looked at them and saw two figures, if it wasn’t Lin Ran and Li Ba or someone else.

“How did they get in?”

Little Demon also wondered.

Xiao Lan couldn’t help but see a hint of joy swept through her eyes when she saw the two Lin Ran.

This scene was seen by Yong, and the anger in his heart increased.

“You still don’t admit it, you obviously like him! Since you like him, I’ll show you clearly what kind of face he has!”

Yong was so furious in his heart that he actually rushed towards the two of them with an arrow step towards Lin Ran.

“Holy shit what the hell!”

Li Ba was startled by the sudden black shadow and reflexively kicked him.

With a “bang”, Yong flew out of the room.

“Holy shit, boss! I’m scared to death, was that a wild boar?”

Li Ba covered his chest and said in shock.

“What wild boar, that was a human!”

Lin Ran said speechlessly.

“A man?”

Li Ba turned his head to look, and only then did he notice White Dove and the others who had already rushed over.

“Yoo-hoo! What an ingrate, what the hell! Brothers! Still want to fight? Where’s the wild boar that attacked me just now? Tell him to come out!”

Li Ba rebuked.

“You’re the fucking boar!”

Yong covered his chest and cursed angrily.

“Holy shit that’s you! Grow some eyes, will you? I’m walking and you’re fucking running into me, looking for death!”

Li Ba couldn’t help but curse.

“You!”

Ah Courage’s chest rose and fell as he turned to point at Lin Ran, who was scolding him.

“How did you guys get in? Did you sneak in?”

“What are you talking about? I came in openly and honestly!”

Li Ba retorted at his words.

“You came in openly and honestly? Just the two of you? You don’t even have to take a look at yourselves, you still want to come in!”

Yong said disdainfully.

“That’s right! Yong has only been here for half a day with his connections, and you can still come in and lie to the devil!”

White Dove was busy chiming in.

“I think they must have found somewhere to sneak in, let’s just call security and find out!”

Little Demon chimed in.

“Lin Ran! It’s not too late to get the hell out of here,? Don’t wait for me to call security, it’ll be a disgrace then!”

Yong sneered, while already taking out his phone.

“If you like to call, you can do it! I don’t have time to waste with you here!”

Lin Ran said indifferently, and then turned around and left.

“Want to leave? You think you can walk away, the security guards will be here soon!”

Yong said and ignored Lin Ran, turning around to make a phone call.

“Go!”

Lin Ran didn’t bother to pay any attention to him, so he turned around with Li Ba and left.

“Well?”

At this moment, Bai Dove and the others all looked at Ah Yong, waiting for his call.

And as if to show that he was too much better than Lin Ran, Ah Yong had actually tuned the phone to outgoing.

“Hello! Mr Li’s? Why did two smelly beggars enter the back mountain just now! Isn’t the back mountain closed to the public? I want you to get someone to blast them out as soon as possible!”

Yong rushed to the phone and said angrily.

And on the other end of the phone, Chief Li was having a good time at a crucial time and was angry at being interrupted, plus he was the one who had personally sent Lin Ran and his two men in earlier, so as soon as he heard this, he knew who Yong had offended.

At once, he sneered and said.

“Kid! Don’t blame me for not reminding you, if you’re sensible, get out and don’t mess with those two, or your father won’t even be able to save you!”

“You!”

Yong was stunned at his words, followed by an angry voice.

“What are you talking about, Mr Li? They’re just a couple of hooligans!”

“Barkers?”

Chief Li laughed at his words.

“If they were callow children, I’m afraid your Jiangnan Tycoon’s family wouldn’t even count as a piece of shit, I’ll tell you that!”

“One of the two of them is the chairman of Luo Ran Finance, can your family be compared to Luo Ran Finance?”

Chapter 1179

“What? Chairman of Luo Ran Finance!”

Hearing this title, Yong’s entire body was instantly baffled.

“How can that be! How can he be the chairman of Luo Ran Finance!”

“Who the hell is this Chairman of Luo Ran Finance, Yong!”

To the side, Bai Dove and Little Demon both asked in disbelief.

But Yong was already frozen in place, not saying a word.

Next to him, his wingman, however, opened his mouth and said.

“This Luo Ran Finance is the same business that spared Yong’s family in the first place!”

“What?”

White Dove and Little Demon were also dumbfounded at his words.

When Luo Ran Finance had started investing in Jiangnan, the Ah Yong family had obstructed everything, and eventually angered Luo Qiqi, who was ready to buy out the Ah Yong family.

But at the last minute, a local family stepped in and eventually defused the conflict.

And that incident also taught Yong’s family how scary Luo Ran Finance really was.

At that time, Yong's family went bankrupt almost just overnight.

"Impossible! There's no way he's the chairman of Roran Finance, he's just a poor bastard, and I'll expose him! I'll expose him too!"

Ah Yong looked like a madman, his heart was so upset that he immediately chased after Lin Ran in the direction they had left.

"Ah Yong, don't do anything rash!"

The White Dove crowd panicked at the sight of this, and instantly they were also busy following them.

Although it was still uncertain whether the other party was the chairman of Luo Ran Finance or not, as things stood, it was obviously a fool's errand to mess with them.

But now Yong didn't care so much, his proposal to Xiao Lan was ignored, and the latter was obviously interested in Lin Ran, so how could he stand it?

At this moment, he learnt that Lin Ran was the chairman of Luo Ran Finance, which simply triggered his resentment towards the former, and he could not wait to kill Lin Ran.

At this moment, Yong could not listen to other people's advice, so he took three steps and quickly caught up with Lin Ran.

"Stop!"

Ah Yong rushed directly in front of the two, stopping them.

"Something wrong?"

Lin Ran looked at the other man with a slight frown.

"How did you guys get in here!"

Yong questioned.

"You're sick, aren't you! Don't you know how we got in? Didn't we already call earlier!"

Li Ba was also a little impatient.

"You must have come in secretly, follow me out!"

Yong scolded.

The back mountain was closed and it was clear that only he could bring people in, but now Lin Ran and Li Ba were standing in front of him.

This made his sense of superiority disappear, and there was not the slightest thing he could say in front of Xiao Lan, so how could he put up with this?

"Get out of the way!"

Lin Ran didn't bother to pay attention to him, he had this time to catch up more how good it was, why bother to arm wrestle with him here.

“You guys come back with me to see the manager here, then we’ll know if you’ve sneaked in or not!”

Yong was still not dead.

“Yong, stop it, you’ve already called,? How come you don’t even believe in Manager Li’s words!”

At this moment, Xiaolan and the others also ran over.

Xiaolan was busy speaking up and persuading.

“Don’t you say anything! I know you like him, I won’t name white, what’s so good about this kid! Do you really think he’s so rich? If he was really rich, would he dress like this? Don’t let him fool you, Lan!”

Yong spoke up and scolded.

“It’s not your business whether you’re being cheated or not!”

Xiaolan said angrily.

“You!”

Ah Yong’s face turned blue as he looked at the two Lin Ran with an increasingly fierce gaze.

“Go!”

Lin Ran hooted at Li Baba and turned to let Yong edge away.

“Who told you to go!”

Ah Yong saw this and blocked in front of the two again.

“I advise you to leave immediately, or I won’t be polite to you again!”

Lin Ran’s voice was icy cold.

“Won’t be polite to me? What can you do to me? I’m the son of a Jiangnan tycoon, don’t you dare touch me!”

Yong said angrily.

Lin Ran frowned slightly at his words, while sweeping a glance backwards, seeing that White Dove Little Demon as well as the male companion didn’t even have the slightest intention of stopping him, he couldn’t help but laugh.

“Like to play, do you! Take your time to play!”

After saying that, Lin Ran winked at Li Ba and followed before walking towards the front once again.

“Laozi let you go .....

“Shut up!”

Before Yong could finish his words, he was interrupted by Li Bajie.

“You!”

Yong looked at Li Ba angrily, his fists clenched!

“Don’t know how to lift a finger, do you, you have to follow us!”

Li Ba looked at Yong and moved his palms.

“Now you have two ways to go, either get lost immediately! Or I’ll just waste you!”

“Who are you scaring! I’m a big Jiangnan .....

“I’m big for you!”

Before Yong had finished reporting his family’s name, Li Ba immediately moved his hand.

He smashed a hook directly onto Yong’s cheek, and the latter flew backwards in response, and a mouthful of blood spurted out directly.

“Ah Yong!”

Several of his companions ran over.

After seeing that Yong’s mouth full of teeth had all been shattered, a chill went straight to each one’s heart.

“You .... How can you hit so hard!”

Bai Dove pointed at Li Ba and scolded.

“Ruthless? This is less than one percent of my strength... Last warning, don’t follow us again, or else! This volcano is full of cracks, I don’t mind letting a few people fill them in!”

Li Ba said coldly, with a cold smile in the corner of his eyes.

“You!”

Bai Dove and the others heard a chill in their hearts, before they had just thought that the two Lin Ran were a bit strange.

Later on, although Yong had been beaten up by Lin Ran, that was at most because Lin Ran was more capable of fighting.

However, now that Li Baba had shown his skills to be even stronger than Lin Ran’s before, this had already made their hearts understand.

Lin Ran and Li Ba were definitely not ordinary people.

It was not something they could mess with.

“Go go go! Hurry up and take him!”

Bai Dove busily advised, and several people set up Ah Yong to leave.

However, Xiao Lan gritted her teeth and whirled around and ran towards where Lin Ran and the two had left.

“Xiaolan, you’re crazy!”

Seeing Xiao Lan’s action, Bai Dove and the others all pinched a sweat in their hearts.

“Don’t worry about me!”

Xiaolan casually said back, following which she had already rushed out.

It was just that after running for two to three minutes, she hadn’t seen any sign of Lin Ran or Li Ba.

She had seen them clearly just now, and Li Ba had only left half a second before her, but now she couldn’t find them at all.

“Who the hell are you guys?”

Looking at the empty mountain area, Xiaolan’s heart became even more puzzled.

She had some good feelings for Lin Ran, but this good feeling was short-lived, and now the other party had even disappeared.

.....

But the two of them, after successfully losing Xiao Lan and the others, had arrived at a canyon.

The canyons at the back of Plum Blossom Mountain were very numerous and there were no roads between them.

If the two Lin Ran hadn’t been so strong that they had forced their way out, I’m afraid that they wouldn’t have been able to advance a single bit deeper in the back mountain.

“Boss! What now?”

Looking at the empty canyon, Li Ba couldn’t help but scratch his head.

“Don’t worry, I can feel the induction getting closer and closer, let’s go in this direction! Surely we can find the entrance!”

Lin Ran said.

The only thing he could rely on now was the Nine Fish Spitting Pearl on his chest, this Nine Fish Spitting Pearl was connected to Lin Ran, as long as he followed his senses he would never make a mistake.

#### Chapter 1180

Following their senses, the two men rushed for nearly half an hour more before they crossed the gorge in front of them and? came to the exit of the canyon.

“Holy shit, there’s actually a plain up ahead!”

Li Ba suddenly said, pointing ahead.

Lin Ran looked up and saw that there was indeed a large plain in front of him.

Both sides of the plain were all mountain peaks, which were exceptionally precipitous, while behind it was a very long canyon.

“This terrain is indeed very suitable for a mountain gate!”

Lin Ran muttered to himself, while at that moment his senses for Ling Sa were getting closer and closer.

“Go! Go over and take a look!”

Lin Ran greeted, and immediately walked towards the plain.

The plain was very large and endless at a glance, but ever since Lin Ran and Li Ba had entered the plain, it was as if something was not right there.

When they stood on the plain and looked back, the canyon should be very clear, but when they really stood on the plain and looked back, the canyon they saw was pitifully small.

The entrance to the canyon looked as if it was a small crack, and if you didn't get close enough to see it, you wouldn't really be able to tell that it was a huge crack.

“Boss! This plain is a bit odd!”

Li Ba couldn't help but say.

“Hmm! Be careful!”

Lin Ran warned.

He too sensed something strange, he just hadn't found the root of the problem for a while.

“Whoosh!”

Suddenly, a white shadow violently flew past Lin Ran's back.

Lin Ran frowned slightly, yet Li Ba, who was standing opposite him, suddenly turned pale.

“Boss!”

“Behind you ..... There was a ghostly shadow just now!”

Li Baba shouted busily, while already taking out his magic weapon.

“A ghostly shadow?”

Lin Ran frowned and turned his head to look, but there was nothing behind himself.

“Hmm?”

Suddenly, Lin Ran noticed that a small flower petal had floated down from the sky.

“It's a plum blossom!”

Catching the petal, Lin Ran couldn't help but frown slightly.

There were no plum trees on this plain at all, the nearest plum trees were miles away, so how could this plum flower appear here out of nowhere.

“Bang!”

Just as Lin Ran was thinking in his mind, suddenly the plum blossom in his hand actually burst open violently.

Following a puff of smoke and dust around it, a figure soon actually appeared in front of the two.

“Who are you? Why are you trespassing on my Plum Blossom Sect!”

“Senior is from the Plum Blossom Sect?”

Lin Ran asked with a busy arch of his hand, while looking at the other party, only then did he realise that it was actually an old man who had appeared, and a woman at that.

“The old woman is naturally from the Plum Blossom School!”

The old woman looked at the two Lin Ran with disdain in her eyes.

“Hehehe! It’s really from the Plum Blossom Sect, Boss we’ve finally arrived!”

Li Ba was excited at the words.

Lin Ran, however, had a calm face and asked.

“Senior, we’ve come to the Plum Blossom Sect to look for someone, please let us in!”

“The Plum Blossom Sect looking for someone? Who are you people!”

The old woman looked at Lin Ran, her eyes darting over the latter’s body.

“Junior Lin Ran!”

“Junior Li Ba!”

The two Lin Ran said respectfully.

“Lin Ran! Li Ba? It’s really you!”

The old woman was stunned and laughed.

“Seniors know me?”

Lin Ran was delighted and asked busily.

“I don’t know you, but I’ve heard of you, our Granny Plum Blossom told me to wait for you here!”

The old woman said and took out a token with a flip of her palm.

The token was four square and could not be seen to have any peculiarities, but when the old woman flipped it over, Lin Ran was frozen.

He saw that on the front of the token, there was actually a concave slap mark, as if he needed to put his palm on it.

“Come on! Press it!”

The old woman said.

“What does senior mean?”

Lin Ran asked in confusion, how could he just enter the face and ask himself to press it?

It was hard not to press it and meet Granny Plum Blossom.

That’s a bit of a dodgy way to come out, isn’t it!

“If you’re told to press, you press!”

The old woman said impatiently.

Seeing this, Lin Ran had no choice but to probe his palm and press on it.

“Weng!”

Just as Lin Ran’s palm was placed on it, the token actually flew up directly out of thin air.

And then it only slowly rotated in mid-air, a red and a white light flowing into each other in a very pretty manner.

“Senior this?”

Lin Ran asked, puzzled.

“It’s a karma measuring stone! Granny Plum Blossom’s meaning!”

The old woman said.

“In fact, Granny Meihua knew you were coming a long time ago, which is why she ordered me to wait for you here!”

The old woman said, pointing to the Fate Measuring Stone in mid-air.

“Granny said that if you can pass the test of this Fate Testing Stone, you will be let in! If you can’t pass it, then you’ll have to go back to wherever you came from!”

“What do you mean? I’m here to find Ling Sa!”

Lin Ran said with a slight frown.

“I know you’re here to find that little girl, and so does my mother-in-law, otherwise I wouldn’t have made this Karma Test Stone for you to test!”

The old woman said and pointed to the karmic testing stone.

“If you and that little girl have a destiny, you will naturally pass the test of the Fate Testing Stone, but if you don’t have that destiny, you’d better go back to wherever you came from!”

“Don’t blame the old woman for not reminding you, that little girl Ling Sa is extremely important to the entire Mei Hua Sect! Even if you do find the mountain gate, if you don’t have a destiny, Granny will definitely not let you take Ling Sa away!”

“Then how can I be considered fated?”

Lin Ran asked as he looked at this old woman.

“It’s simple! When the stone stops, a red light will appear, and a white light will be a destiny, but no destiny!”

The old woman said, pointing to the sky at the same time.

“All right! The results are coming out!”

Lin Ran was also busy looking at it when he heard this, and Li Ba at the side was even more nervous, clenching his fists.

The two had trekked all the way here, and it would be too sad if a single Lin Ran and Ling Sa didn’t have a destiny to send the two off.

Just as the three were all looking at the sky, waiting for the result.

The karmic stone in mid-air finally came to a slow stop.

Soon after the stone came to a complete stop.

At once a light shot out from it.

A large red light directly illuminated the place where the three of them were.

“Boss! Red light, it’s red light!”

Seeing the result, Li Ba shouted excitedly.

Lin Ran also breathed a sigh of relief.

If it had been white light, I was afraid that he would really have to break into this Plum Blossom Sect today.

“Senior, can you take me to see Ling Sa now!”

Lin Ran turned his head to look at the old woman and spoke.

“No!”

The old woman shook her head.

“According to Granny’s wishes, I can only take you to her now!”

The old woman laughed, while waving her palm, and a vortex appeared in front of the two.

“Enter the vortex and you will meet Granny, it’s your decision whether you want to go or not!”

“What’s there to decide!”

Lin Ran smiled lightly, ? With a whirl, he walked towards the vortex.

Li Ba also followed.

Lin Ran had come to the Plum Blossom Sect this time to find Ling Sa, although he hadn't seen anyone yet, it was probably fine to see Granny Plum Blossom, after all, she was the steward of the Plum Blossom Sect, finding her would be the same as finding Ling Sa

.....

A courtyard, with countless plum blossoms open, and at this time thought the old woman is sitting on a chair in the courtyard.

Suddenly!

Her eyes snapped open, and a sharp aura shot out from her eyes.

"It's still here! And it has passed the Fate Measuring Stone, it seems that my Plum Blossom Sect is really saved this time!"

The old woman said in surprise.

If Lin Ran were here he would definitely be able to recognise at a glance that this person was none other than the Plum Blossom Grandmother of the Plum Blossom Sect.
