

Wonder Doctor

Chapter 1221

South City Gate, the martial arts arena.

Early in the morning, Lin Ran summoned all the soldiers.

Of course there weren't many, only about sixty in total.

"Ranzi, what's the matter? It's so early in the morning!"

Wang Yifeng was the last one to come, this guy was used to being lazy and didn't really have the habit of waking up early.

Lin Ran didn't answer and swept his gaze across the crowd, many of them had a blank look on their faces, not knowing what the hell they were doing here at this early morning gathering.

Some even had the same drowsy look on their faces as Wang Yifeng, as if they hadn't woken up.

Lin Ran's face was cold as he looked at the crowd and scolded.

"From today onwards, every morning will be the same time to gather, I don't want to see anyone being late, including the bewilderment on your faces now as well as the look of not being awake!"

"Weng!"

As soon as those words left their mouths, everyone was stunned.

Especially Wang Yifeng, Lin Ran was clearly saying this to him again.

Of course a lot of people were like him, but he was definitely the one who bore the brunt of it.

"What exactly is the matter with Ranzi?"

Wang Yifeng looked at Lin Ran, somewhat puzzled.

The Lin Ran at this moment gave him a strange feeling,? It was not at all the usual Lin Ran who could joke around and be playful.

Lin Ran's gaze fell on Wang Yifeng and he said in a cold voice.

"Call me Commander Lin!"

"Me!"

Wang Yifeng was instantly dumbfounded.

"Good! Commander Lin, please ask what you want!"

Wang Yifeng was also a little angry, Lin Ran was definitely not like this on a normal day.

Lin Ran gave Wang Yifei a bland look, followed by sweeping across everyone present and said in a cold voice.

“Just before you all gathered, I went to the North City Gate! Do you all know what I saw?”

The crowd shook their heads.

“I saw that the people of Long Yang were the same as you all? All of them were sleeping!”

“Isn’t that normal?”

“Yes! What’s the point of not sleeping this early in the morning?”

“That’s right, and people aren’t even worried about the North City Gate, so why are we blindly worrying about the South City Gate!”

“That’s right!”

The crowd chattered.

“Shut up!”

Lin Ran suddenly shouted in a stern voice.

This shout scared everyone so much that they didn’t dare to speak anymore and looked at Lin Ran one by one.

“Sleeping? Did you all come to this Skywolf Domain just to sleep?”

Lin Ran swept his gaze across everyone, anger in his eyes.

“This is the Skywolf Domain, how many times do you all want me to repeat myself? This is a battlefield not your home, let alone a mountain for your cultivation!”

“In here, war will break out at any moment!”

“You will have to deal with the enemy’s attack at any time!”

“Will the enemy let you all sleep for a while before getting up to fight?”

A voice of questioning left the crowd speechless.

Although Lin Ran’s words were not pleasant to hear, they were the truth.

Before war, no one would care what you were doing,? Nor would anyone care about your status, without strength you would always be the one to be killed on the battlefield.

Lin Ran looked at the crowd, his face eased somewhat, and said.

“Yesterday, there were already thirty people who left here, now I’m asking one last time, does anyone else want to leave? I won’t stop you!”

Everyone looked at Lin Ran at his words, with doubts in their eyes.

Why were they asking this kind of question at this time.

There weren’t many people left, so if they left again, how could they call this a legion?

A legion of a few dozen people, wasn't that a joke?

"You are confused? There's no need to be doubtful, I'm serious!"

Lin Ran looked at the crowd.

"The doubt in your eyes can only mean one thing, you haven't realised what you're doing! How dire the danger you are facing is!"

Lin Ran said with a flip of his palm, and a large map appeared in front of the crowd.

The location of the enemy was clearly marked on it.

"Take a look for yourselves, there's an enemy garrison just five hundred miles away from Heavenly City! What a concept!"

"The Skywolf Domain is so big, but the enemy's garrison is actually five hundred miles outside of Sky City!"

"The enemy isn't afraid of us at all! Even if I'm right, Heavenly City is the one being suppressed, so you think staying in Heavenly City is safe?"

"If one day, the enemy's army comes, do you expect Long Yang, who sleeps at the northern city gate every day, to hold off for you?"

"Or when the time comes, use your state of sleeping every day to answer the enemy?"

As Lin Ran's words fell, everyone fell silent.

Wang Yifeng was even a little sweaty.

"I was wrong, Commander Lin!"

Wang Yifeng said as he bowed his head.

He knew that Lin Ran wouldn't be like this for no reason, and it was obvious that he was so excited today because he was angry at the state of the crowd.

Lin Ran turned his head to look at Wang Yifeng and said indifferently.

"You're not at fault, it's my fault!"

"It's me, the commander-in-chief, who didn't do a good job!"

"So, I just asked you all, who else wants to leave, I, Lin Ran, will never stop!"

"Because next, I will do a good job as commander-in-chief and I will be responsible for the lives of all of you!"

"Whether you think it's me making a fuss or nothing, you can leave anytime you want, but if you choose to stay, you must listen to my arrangements! Otherwise military justice will be meted out, no matter who it is!"

The crowd was silent, but there was burning anger in their eyes.

Lin Ran was clearly prepared to train the team properly, and although the process would be bitter, it at least gave them hope.

A completely different state of command from Long Yang's kind.

"The battlefield is only on, your lives are held in my hands, honestly! If I didn't possess the Handsome Word Order, I would prefer to come to this Sky Wolf Domain by myself!"

"At least, it's much easier to protect yourself than to protect everyone!"

"But since you have chosen me, then I must be responsible for all of you!"

Lin Ran looked at the crowd, ? Without further ado, he beckoned, and Li Ba, who was next to him, ran over.

"Commander!"

Li Ba said respectfully, while handing up three books.

Lin Ran placed the books on the bar in front of him, swept his gaze over everyone, and spoke.

"Now deploy the mission!"

"There are sixty-two of us! Apart from me, there are six holders of the General Order! That leaves fifty-five people!"

"Now divide into six squads, and the six holders of the General's Order will step forward!"

As Lin Ran's words fell.

Fire One Sword, Li Mu Di, Qin Feng, Qin Yin, Fire Three and Li Sheng all stepped forward and lined up.

"Leng Zhan, Ah Zhan, Old Cat, Wang Yifeng, Long Ya and Ling Sa! All go to Li Sheng's squad!"

Lin Ran shouted.

"Yes!"

The crowd led the order and stood behind Li Sheng.

"Your squad will act as a functional squad, responsible for intelligence spying on weekdays, and standby as an airborne support squad in times of war!"

Lin Ran said.

All three of Leng Chop were retired soldier kings,? Especially Old Cat was a scout, so he was naturally more adept at spying on requests for information.

In addition, Long Ya and Ling Sa were girls, and their careful analysis of intelligence was naturally more advantageous.

The strength of Long Ya and Ling Sa is not weak, and Li Sheng is a martial arts practitioner, so when the battle is suddenly airborne is enough to influence the trend of the battle.

Wang Yifeng, on the other hand, belonged to the category of very cunning people, and joining them might also provide a chemical reaction.

“The remaining forty-nine men, plus Li Ba! Fifty men in total, one for each general with ten men!”

Lin Ran finally looked at Fire One Sword and the others and arranged it.

“Who has objections! Bring it up immediately!”

“None! The generals will come up later to receive their assignments, from today onwards, South City will be under martial law, except for those spying, everyone is not allowed to leave South City, they all stay here for training!”

Chapter 1222

With Lin Ran’s order, the entire South City became completely busy.

There were six squads in total, and every day one squad was responsible for martial law duties while the others trained in the martial arts arena.

The content of Lin Ran’s training was actually very simple.

There were only four words, “Combined Attack Formation!” .

In the martial arts arena.

“Boss,? You originally asked me to go to Qiong Hua House to learn the Combined Attack Formation just for now!”

Li Ba stood beside Lin Ran and laughed.

Lin Ran nodded his head.

Back then, Li Ba had followed Lin Ran.

The first thing Lin Ran had asked him to do was to go to Qiong Hua House to learn various combined attack formations.

It could be said that Li Ba had learnt almost all of the Combined Attack Formations on the first six floors of the Qiong Hua Tower.

And of the three Combined Attack Formations Lin Ran took out this time, two of them were provided by Li Ba according to the meeting.

“We are small in numbers, and the only way to minimise casualties on the battlefield is to use combined attack formations.”

“And we have to practise the Combined Attack Formation to the extreme, so that we can make up for our numerical disadvantage.”

Lin Ran said.

The combined attack formations he had everyone practice this time were three in total.

They were small combined attack formations of three to four people.

Then there was the one for each squad of ten people, the intermediate level combined attack formation.

And finally, the large Combined Attack Formation, which is used by the whole army.

And as long as one mastered these three combined attack formations.

Even if Lin Ran's team was small in number, it could still be completely capable of attacking and defending.

Moreover, there was another very good point about this three-man combined attack formation.

That was to break through the enemy's defences.

Just imagine, if Lin Ran Fire One Sword and Li Mu Di were to perform this three-person combined attack formation, I'm afraid that the number of people who could stop them would really not be towards five.

This is the benefit of formations.

.....

The training on Lin Ran's side was busy and frenetic.

And on the high platform at the northern gate of the Heavenly City.

Long Yang was lying on a rocking chair, looking greedily at the beautiful woman in his arms while tasting the fruit that she put in his mouth, so comfortable.

"My lord, you are so bad!"

Feeling a wipe on her waist, the beauty could not help but pout.

"Am I bad? I have even worse ones do you want to try!"

Long Yang laughed, and his hands got even more reckless.

"My lord no, there are still people outside!"

The beautiful girl said shyly.

"There are people? Do they dare to come in without my order?"

Long Yang laughed smugly.

But at this moment, a voice suddenly came in from outside.

"Commander Long, I just got the news that South City was under martial law the day before yesterday!"

"Martial law the day before yesterday? Then why did they only come to report today!"

Long Yang frowned slightly, the strength of his hand unconsciously increased a few points, hurting the beautiful girl in his arms with a painful look on her face.

“Back to your Excellency, this was still discovered today when someone went to purchase something near the South City!”

“O?”

Long Yang smiled thoughtfully.

“Do you know what that guy Lin Ran is up to?”

“Back to you, my lord, I heard that it’s really practicing for the army!”

“Practicing? Idiot, this northern city is the hub, he is practicing in the southern city, is he ready to fight a war with himself?”

Long Yang laughed.

“Go! Pass on my order, have Shao Guang bring two men to cause some trouble!”

“Yes, my lord!”

The subordinate led the order and prepared to leave.

“Wait!”

Long Yang suddenly spoke again.

“Pass my order down, no one is allowed to disturb me all afternoon today, I want to close down!”

“Yes, my lord!”

Only then did the subordinates leave.

“You’re going into seclusion, my lord?”

The beautiful girl in his arms looked at Long Yang, a little surprised.

Long Yang, however, gave a heated smile, ? followed by picking up the beautiful girl.

“What else? I want to have a good retreat with you this afternoon!”

After saying that, Long Yang hugged the beautiful girl and went straight into the inner room.

“My lord is nasty!”

The beautiful girl pouted.

However, there was a flash of smugness in her eyes, and there was even a hint of coldness in her smugness.

.....

Time passed day by day.

When the time came to the fifth day.

Wolf City, which was ten thousand miles away, was far away.

“Lord Wolf! Good news! The stuff has all been installed, while the teleportation formation is ready for normal use!”

The masked priest next to him suddenly spoke up.

The Wolf King on top of the throne opened his eyes at the words, and there was a red fury in his eyes.

He slapped his seat and said aloud.

“Good! Order it down, the advance guard will depart in three days!”

Having said that, he asked again.

“Has there been any news from the Phantom Lady recently!”

“In reply to the Wolf King,? The Phantom Lady has successfully entered Heavenly City, and one of the new commanders has taken the bait!”

The priest laughed.

A hint of joy flashed across the Wolf King’s eyes at his words.

“Good! Inform Phantom Lady and tell her to cooperate fully, whether the attack on the city will be successful in three days, this step of hers is crucial!”

“Yes!”

The priest nodded his head, then stopped talking and stood still.

The Wolf King got up and looked at the bleak land beyond the Wolf City, excitement dancing in his eyes.

“The formation has been set up, the commander is engrossed, the heavens have given us a great opportunity! My Wolf Clan will definitely take over the Sky Wolf Domain in one fell swoop! From now on, this Heavenly Wolf Domain will be a veritable Wolf Domain!”

.....

But on Lin Ran’s side.

At this moment, Lin Ran was standing on the martial arts arena, watching the squad led by Fire One Sword and Li Mu Di sparring below.

The combined attack formation is only a tool, and the specific effect it brings to each team varies.

For example, Fire Sword is a straightforward man who is good at attacking, so when the Combined Attack Formation is used on his team, the result is a sharp attack like a sword.

Li Mu Di, on the other hand, was the opposite of him. Li Mu Di was good at finding opportunities in defence, and his Combined Attack Formation was more like a shield that could stop a thousand armies from attacking.

This was something Lin Ran had not thought of before.

And now, apart from Li Sheng, the airborne squad, the other five squads were all presenting different results one after another.

This made Lin Ran surprised and also had an additional reference in his mind on how to deploy.

“Commander Lin!”

Just as Lin Ran was thinking about how to match the squads for battle, suddenly Wang Yifeng ran over next to him.

“What’s wrong?”

Lin Ran asked.

It was supposed to be the squad Wang Yifeng was in that was in charge of the martial law mission today.

“Ran Commander Lin, I’ve just received news that Li Ba has been beaten up!”

Wang Yifeng said urgently.

“Beaten up by someone? Who?”

Lin Ran frowned slightly and got up to ask.

“Who else could it be, Shao Guang from Long Yang’s side!”

Wang Yifeng said angrily.

“Shao Guang?”

Lin Ran frowned slightly at his words.

He remembered this person, it was him who had led the thirty people on his side out in the first place.

“Where is Li Ba?”

Lin Ran asked with a frown.

“Li Ba is right behind!”

Wang Yifeng said and moved aside to reveal Li Bach behind him.

But when he saw Li Ba, Lin Ran was frozen.

At this moment, there was not a single injury on Li Bach’s entire body, how could he look like he had just been beaten?

“Old... Boss!”

Li Bajie said awkwardly.

“You weren’t beaten up? Where are the injuries?”

Lin Ran asked in surprise.

Li Baba was full of embarrassment and scratched his head.

“That boss At first I thought I would be beaten up, but who knew that that kid Shao Guang He actually didn’t beat me up!”

Chapter 1223

“Didn’t beat you?”

Lin Ran was stunned at his words.

Shao Guang was an official disciple of the Mysterious Alliance, while Li Baba was only a follower.

Li Baba actually said that Shao Guang couldn’t beat him?

“Boss That’s not even the point, the point is I broke Shao Guang’s arm, I’m afraid that Long Yang’s side

Li Ba said awkwardly.

Lin Ran smiled at his words but laughed.

“It seems that this combined attack formation has boosted you a lot, don’t worry! I’ll take care of Long Yang’s side!”

“Really? Then I’ll be relieved!”

Li Ba’s tense heart instantly relaxed.

Since Lin Ran was willing to step in and settle the matter, then it would be much easier to do so.

.....

Tiancheng North City.

As expected, the news of Shao Guang’s beating soon spread throughout North City.

Even Long Mo had heard about it.

If it were on a normal day, this kind of trivial matter, Long Mo would definitely not even bother to care.

But now was different, Lin Ran’s men had beaten Long Yang’s men, this was simply the best opportunity to clean up Lin Ran, so he would not let it go.

“Where is Long Yang?”

Long Mo sat in his chair and asked indifferently.

“In reply to General, Long Yang has already known about this and has led his men towards South City and dared to go!”

“Hmm! Inform this down, we will also go to the South City!”

Long Mo said blandly.

“I haven’t been to South City for so many years, I didn’t expect it to be because of this kid Lin Ran now, what’s the point!”

.....

South City, Lin Ran arrived early on top of the city tower, he expected that Long Mo would not let this matter go easily, so he was waiting here early.

“My lord,? Long Yang has brought someone here, and!”

“Is Long Mo coming too!”

Lin Ran lifted his head to look at the other party and said blandly.

“Yes!”

The handlers nodded respectfully.

“I got it!”

The corners of Lin Ran’s mouth tacked on a smile, indeed everything was just as he had thought.

Getting up and walking out of the commander’s residence, Lin Ran then made his way to the top of the city tower.

He met Long Yang head-on with a group of people, while Long Mo’s group was currently under the city tower, apparently making their way up.

“Young Yang! That’s him!”

Shao Guang was standing right next to Long Yang, pointing at Li Ba beside Lin Ran and scolding him.

“Him?”

Long Yang blandly glanced at Li Ba, his face cold, and then whirled to look at Lin Ran.

“Commander Lin, what do you say?”

“Say? Say what?”

Lin Ran pretended to be unaware.

“Is it interesting to pretend not to know? Can you hide from it?”

Long Yang’s face was ugly as he said in a cold voice.

“What does Commander Long mean by this, why am I a bit confused? You brought so many people here with such fanfare, is it hard to say that you are looking for trouble?”

Lin Ran said in a cold voice.

“Lin Ran, don’t pretend to be confused with me! Your men beat up my men, can you still not know that!”

Long Yang said angrily

“My men beat up your men?”

Lin Ran was stunned and turned his head to ask.

“Who is it? Stand out yourself!”

Li Ba, who was at the side, stood out in a cooperative manner.

Lin Ran saw this but was speechless and said.

“Why are you standing out! You’re a follower who can beat someone else, hurry back! He’s a golden token holder, you’re just a follower who’s fooling around!”

“Ao!”

Li Ba had an innocent face and stood back again.

But at this moment, the group of people behind Lin Ran all laughed.

They had known about this for a long time,? And Lin Ran’s actions at this moment were clearly a slap in the face to Shao Guang and Long Yang.

“Commander Lin, is it funny for you to do that? I’m telling you, he’s the one who hit people!”

Long Yang’s face was ugly.

Lin Ran was stunned at his words, but he was busy saying.

“Commander Long, you’re joking, I just said that this Li Ba is one of my followers, how could he be Shao Guang’s opponent, if I remember correctly, this Shao Guang is a genuine Mysterious Alliance’s golden token holder, right!”

“That’s right! That’s what’s wrong with me!”

Shao Guang’s face was ugly and he was holding a breath in his heart.

“A titled golden token holder being beaten up by one of my followers, do you believe this thing?”

Lin Ran looked at Long Yang.

Shao Guang was furious and pointed at Li Ba and shouted.

“He’s the one who beat me up, can I not know who beat me up?”

“Lin Ran! Then don’t beat around the bush here, don’t you just want to say that even one of your followers is stronger than Shao Guang? Fine we admit that he is strong, then what?”

Long Yang looked at Lin Ran with an icy coldness in his eyes.

“I didn’t come here to discuss with you who is stronger, but to settle things like beating people up!”

Long Yang said with a clap of his hands and shouted aloud at the bottom of the city walls.

“Greetings to the Lord Guardian, we still need to ask the Lord Guardian to do justice for us in this matter!”

As Long Yang's words fell, he was followed by Long Mo, who walked up the city wall surrounded by a group of people.

He gave Lin Ran a bland look, then looked at Li Ba and said in a cold voice.

"Come on, men! Drag this man who is looking for trouble out and behead him!"

Long Mo was unceremonious, and was about to behead Li Ba as soon as he stepped in.

"Stop!"

Lin Ran opened his mouth to stop.

"Eh?"

Long Mo looked at Lin Ran with killing intent in his eyes.

"You dare to block this general's order?"

"Li Ba is a man I brought here, even if you are the general guarding the gate here, you must at least go through my approval!"

Lin Ran looked at Long Mo, his eyes cold and unafraid in the slightest.

"Are you provoking me?"

The killing intent in Long Mo's eyes was thick.

"It's not me provoking you, it's you provoking the Mysterious Alliance!"

Lin Ran said in a cold voice.

Long Mo smiled at his words in a daze.

"The Mysterious Alliance's doesn't have rules that a gatekeeper general can just behead a general, right!"

Lin Ran said.

Long Mo smiled at his words but laughed.

"I am the general guarding the border here, so naturally I have the right to execute any existence that delays the safety of the border!"

"Yes, you have the right, but he has delayed the safety of the border pass? If all fights and brawls between ministers are to be executed, I think it is safer for you to guard the border gate yourself, General!"

Lin Ran said in a cold voice.

"How dare you! How dare you speak to me like that, you are seeking death!"

Long Mo's eyes were icy cold, killing intent rising in his eyes.

"General Long, if I don't talk to you like that, don't you ever think of letting me die?"

Lin Ran laughed.

“We all know it by heart, so why pretend!”

“In this Skywolf Domain, your hand covers the sky, who can go against your wishes!”

“But don’t you forget that even the place where your hand covers the sky? It’s also the Mysterious Alliance’s sphere of influence, aren’t you really afraid that this will reach the Mysterious Alliance’s ears?”

“You’re threatening me?”

Long Mo’s eyes micronized, and his whole body’s aura surged with fury.

“Think what you like! If you dare to behead Li Ba today, then don’t blame me, Lin Ran, for not being polite!”

Lin Ran said in a cold voice.

At this moment, even Long Mo was silent.

It was true that he only had his hands on the sky in this Skywolf Domain.

But there was also a time when he was afraid.

That was whether Lin Ran had a way to contact the Mysterious Alliance in his hand.

In this Skywolf Domain, all information about contact with the outside world was under Long Mo’s control.

But Lin Ran and Long Yang were different, especially Lin Ran, who had just arrived in the Skywolf Domain, and Long Mo had not yet fully grasped Lin Ran’s reality, so he did not dare to make any rash moves.

The initial provocation to find trouble was only tentative, after all, the crisis was not life-threatening, but if things really developed to the point of threatening Lin Ran’s life.

It was not guaranteed that the other party would come up with some means to retaliate against him.

And that was obviously not what Long Mo wanted to see.

After all, Lin Ran was able to stir up the entire Long Family and was even the Lord of the Chao Heavenly Pavilion, these two things alone were enough for Long Mo to deal with carefully.

“Good! Bravo! Commander Lin is truly worthy of being Commander Lin!”

“Since that’s the case, then I would like to ask then, what are you going to do about the matter of your subordinate Li Ba beating up Long Yang’s men?”

“This matter has caused a great deal of repercussions within the military camp, if you don’t give me a satisfactory explanation, I will have to deal with this matter personally!”

Long Mo chided in a cold voice.

Chapter 1224

“I will naturally take care of this matter!”

Lin Ran looked at Long Mo, his expression bland.

“I wonder how Commander Lin is going to handle it!”

Long Yang looked at Lin Ran with playfulness in his eyes.

No matter what Long Mo ultimately chose, at least this time Lin Ran’s grip was in his hands.

It was up to him, Long Yang, to choose how he wanted to squeeze it.

Lin Ran smiled blandly at his words and said.

“This matter is simple to deal with, it’s just that Commander Long is not happy in his heart right! ”

“I’ll give you two options, choose how you want to deal with Commander Long!”

Lin Ran said, and called out Li Ba.

And then said.

“This first, Commander Long can pick three people out of his own men, I’ll have Li Ba pick two people out as well, we’ll let them fight three against three by themselves, who can beat who, that’s all up to their own ability!”

“Of course, if you’re not sure, if you’re afraid that Li Ba is too strong, you can also ask the holder of the General Order below you, I have no objection!”

“What is he, he is also worthy of fighting the General Order Holder!”

Shao Guang, who was on the side, couldn’t help but curse.

He had been beaten up by Li Ba, which was already enough of a loss of face.

Now Lin Ran was actually asking Long Yang to find a General Order Holder to fight Li Ba, which was clearly saying that even a follower of mine could fight your General Order Holder.

This was simply an insult to Long Yang.

“It’s true that he’s nothing, just my follower, but if I remember correctly, it seems that you were the one who got beaten up before!”

Lin Ran looked at Shao Guang nonchalantly.

“You!”

Shao Guang was so angry that he was speechless, his heart was suffocating, but he couldn’t do anything about it, because what Lin Ran said was the truth.

“What about the second one!”

Long Yang looked at Lin Ran, his voice bland and his face icy cold.

“This second one is even simpler!”

Lin Ran laughed.

“Originally, I thought that this was something that Commander Long shouldn’t care too much about, after all, it was just a fight between children!”

“As the Commander, you should be busy sorting out military affairs and wouldn’t care about such things!”

“But apparently I thought wrong, since Commander Long cares so much about his subordinates being beaten up, then I, Lin Ran, will say something about it!”

Lin Ran said with a wave of his sleeve robe and sat down on the chair next to him.

“You and I are their commanders respectively, and we both have responsibilities for them fighting!”

“If you have to stand up for Shao Guang, I, Lin Ran, can take it! Also to be fair, I can let you have one hand when I fight with you!”

“How about that?”

Lin Ran looked at Long Yang and said in a bland voice.

“Arrogant!”

Long Yang’s face was ugly.

Letting himself have one hand, even if he did win, it would not be honorable.

“I don’t know if it’s arrogant or not, but I’ve already said the way, choose for you, Commander Long!”

Lin Ran said indifferently.

When these two ways were said, Long Yang was really choosing either one or the other.

Both of Lin Ran’s solutions were clearly a loss for his side and an advantage for Long Yang.

If he didn’t choose either of them, not only would Shao Guang be the one to lose face, even he, Long Yang, would have to lose face along with him.

But if he chose, Long Yang was a bit unsure of himself.

“What the hell is this kid up to!”

Long Yang mulled over in his mind.

This was obviously a favorable condition for himself, and Lin Ran would let it out so easily?

But if he didn’t choose it himself, then it would inevitably grow someone else’s prestige and destroy his own morale, which was something he didn’t want to see.

“Young Long!”

Suddenly, Shao Guang, who was next to him, spoke up.

“Speak!”

Long Yang’s face was ugly.

“Young Long, I am willing to fight! It was because I didn’t fully understand the strength of that Li Ba kid before, so I suffered a loss, if we fight again I can definitely win!”

Shao Guang said.

“Moreover, I don’t need the help of the General Word Order, I just need to be given two people of equal strength!”

“Are you sure?”

Long Yang looked at Shao Guang as his fingers kept tapping on the tabletop, obviously considering the same.

If he personally took action, he would obviously make others laugh.

He himself and Lin Ran were about the same strength, but the other party actually gave up an arm to him when they fought, and if this competition was successive, he, Long Yang, would always be a head short in front of Lin Ran in the future.

So he couldn’t take it.

But what if it was Shao Guang himself?

Not to mention whether Shao Guang could beat Li Ba, just the fact that he was transferring two strong people over to help, the chances of winning this fight would be high.

In addition, he did not need to touch the word “General” to have it, so as long as he won, his side would not be taking advantage of Lin Ran, and the matter could be justified.

Thinking of this, Long Yang immediately nodded his head.

“That’s fine! Then let the Li brothers go and help you!”

Long Yang spoke.

“Many thanks, Young Long!”

Shao Guang was instantly overjoyed.

The Li brothers, that were a pair of brothers who cultivated on the same Blazing Sun Mountain as Long Yang, were also very strong,? At least at the half-step creation realm.

“Commander, this Li brothers are about as strong as I am, Li Ba is afraid.”

To the side, Qin Yin was busy coming over and said.

“Hmm!”

Lin Ran nodded, and then said, “Explain what you know to Li Ba.”

“Yes!”

Qin Yin sniffed and busily came over to Li Ba's side.

Lin Ran, on the other hand, looked at Long Yang indifferently and smiled.

"Good! Since Commander Long has made his choice, let's leave this matter to them to sort out on their own!"

Lin Ran said as he looked at Li Ba at the side, by now Qin Yin had pretty much told Li Ba all about the Li brothers' situation.

"Boss!"

Li Baba looked at Lin Ran with worry in his eyes.

He was worried that he was not a match for the Li brothers and would discredit Lin Ran.

"Go with confidence, this whole thing was supposed to be to test the results of your training in the three-man combined attack formation, just fight out what you've been training for on a regular basis!"

"Mm!"

Li Ba nodded, with eagerness in his eyes.

Lin Ran hadn't even arranged anyone in particular for him, using the same two people who trained the Combined Strike Formation with Li Baba on a regular basis.

They were both at the peak of the Heaven Seizing Realm, half a step behind in strength compared to the Li brothers.

But the difference wasn't that far!

"Good! Since the choice has been made, let's get started!"

Lin Ran returned to his seat and sat down, while speaking.

Just as the words fell, three figures had jumped out.

It was Shao Guang as well as the Li brothers chosen by Long Yang.

"Let's go!"

Li Ba greeted, and immediately jumped out with his two partners as well.

"Begin!"

With that, Lin Ran's cry fell and the two put together immediately leveled up and fought.

Now that they belonged to different camps, this meeting could also be described as a meeting of enemies.

The moment they exchanged blows, all of them were ruthless.

"Ranzi, are they sure about Li Ba?"

Wang Yifeng came over from the side and asked.

Lin Ran, however, shook his head and said.

“I don’t know, but they should be able to! It mainly depends on how well they’ve trained their combined attack formations!”

“I see that the three people opposite are generally stronger than Li Ba and the others!”

Wang Yifeng worried.

Lin Ran, however, laughed and said.

“They’re all at the Heaven Seizing Realm and their strength won’t be too much stronger, whereas the combined attack formation is different... watch, the winner will soon be decided!”

“Hm!”

Wang Yifeng stopped talking, he also noticed.

As the battle intensified, Li Ba’s three people’s combined attack formation coordination had gradually come to the fore.

Chapter 1225

Sure enough, as time went on, after both sides had fought for almost three minutes.

The advantage of the one place where Li Bajie and the three were located gradually came to the fore.

This caused Long Yang, who was doing the side and originally had a smile tackled on his face, to quickly have his face go icy cold.

“Rubbish!”

Long Yang couldn’t help but curse.

“Young Long, something is not right with the three of them, how come they are attacking and defending in complete unison, and changing opponents from time to time, it looks clearly chaotic, how come they have the upper hand instead!”

Next to Long Yang, Zhen Shan frowned and asked.

“This is a combined attack formation!”

Li Yuan spoke up.

“Combined attack formation?”

Long Yang frowned slightly at his words and took a closer look, and it was indeed a combined attack formation.

“I knew that this Lin Ran definitely had a backhand, I didn’t expect that he had hidden such a move!”

Long Yang was so angry that he slapped his hand on the table.

“Looks like we’ve fallen for Lin Ran’s trick again this time!”

Li Yuan said with a frown.

Long Yang smiled and looked at Long Mo who was not far away, and only when he saw the anger in the latter's eyes did he feel at ease.

"It's true that I've fallen into his path, but I'm afraid he won't be able to reap any benefits either!"

Long Yang said and stopped caring about the battle ahead, instead he took out a fragrant capsule and placed it on the tip of his nose and smelled it.

The scented capsule emitted a strange fragrance, and every time he smelled it, it made Long Yang feel his bones tingle and he wanted to die.

"Young Long this fragrant capsule is?"

Zhen Shan looked stunned,? He had never seen Long Yang also have the habit of wearing incense pouches.

"It's a gift from Little Mimi!"

Long Yang said.

And at the mention of the name, Long Yang couldn't help but have greed in his eyes.

He even couldn't help but purse his lips on his mouth.

"Little Mimi?"

Zhen Shan was stunned, remembering the woman who often frequented Long Yang's residence.

"Young Long, is it hard to believe that this woman has thoughts about you when she sends you a scented bag?"

"Your name is Zhen Shan, you're really stupid, what kind of woman can't you get for Young Long, let alone just a little charm!"

Li Yuan laughed.

"Haha!"

Long Yang laughed at his words and did not answer.

In fact, he was just greedy for Little Mimi's beauty, but speaking of which, this Little Mimi really had some tricks up her sleeve.

After not seeing her for a while, he still missed her a little.

"I'll go back later, I'll make sure to vent a bit!"

Long Yang thought to himself, just thinking about this woman made the evil fire in his body rise up, and he didn't know why.

"Bang!"

"You have lost!"

Just when Long Yang was thinking about the woman in his mind, the sound of the end finally came from the area where the battle was being fought in front of him.

Long Yang looked up, and as expected, the losers were really Shao Guang and the others.

“Good!”

“Awesome!”

“Commander Lin is formidable!”

In stark contrast to Long Yang’s side, the group of people behind Lin Ran were watching with fervour.

They were all clear that Li Ba and the three of them were able to win this time solely because of the effect of the combined attack formation.

And it was only at this point that they all understood the significance of Lin Ran asking them to practise the Combined Attack Formation.

Weakness over strength, orderly attack and defence, three people just like one, this was the essence of the Combined Attack Formation.

“Humph!”

Long Yang snorted coldly, stood up, turned around and prepared to leave.

“Young Long, I don’t know! I really don’t know how their strength could be so strong!”

Shao Guang was busy running over.

After disappointing Young Long twice in a row, he also knew that he was afraid that his future position would not be preserved.

It was even questionable whether he could stay by Long Yang’s side.

“Don’t know you even dare to take the initiative, do you want me to call you stupid, or an idiot!”

Long Yang glared at Shao Guang, his eyes full of ice cold.

“Starting from a few days, you go and help out in the logistics, whatever work is heavy you do, whatever work is tiring you do, and come back to me after a year!”

Long Yang said in an angry voice.

“Young Long give me one more chance, please give me one more chance ah!”

Shao Guang was busy begging for mercy.

However, Long Yang didn’t even bother to look at him, he kicked Shao Guang away and turned around and walked towards Long Mo.

“General, my subordinates are incompetent, I will not pursue this matter any further!”

When he arrived in front of Long Mo, Long Yang said respectfully.

Long Mo's face looked ugly as he slowly stood up.

And at that moment, Lin Ran also walked over with a smile.

"Commander Long is not pursuing the matter, so that's good! But Shao Guang is also one of your men after all, and his strength is not weak, so isn't it a bit too big to send him off to do chores?"

Shao Guang's heart twitched at his words, and he was busy looking at Long Yang.

"Young Long, give me one more chance!"

"Get lost!"

Long Yang's face was icy cold as he glared at Shao Guang, scaring him so much that he didn't dare to speak again.

Turning his head to look at you Ran, Long Yang then spoke.

"Commander Lin, are you being too lenient? Shao Guang is under my cloth, not yours, Commander Lin! Does it matter to you what I do with it?"

"Naturally it doesn't matter, since Commander Long likes it then be my guest!"

Lin Ran smiled blandly.

Seeing this, Shao Guang at the side, his entire body instantly fell into an ice cave, pointing at Long Yang and shouting.

"Long Yang, you deserve to die, damn it, you told me to come and cause trouble, and now that something has happened you actually just ignore me, what kind of fucking boss are you! You're nothing but an animal!"

"Take it away!"

Long Yang's face turned blue as he scolded.

And at this moment, the crowd standing behind Long Yang, especially those who had followed Shao Guang and joined Long Yang's team, all felt their hearts trembling.

Look at Lin Ran's defence of Li Ba, and look at Long Yang, these were simply two extremes, at this time some of them were already beginning to regret a little in their hearts.

And at this moment, those who were standing in Lin Ran's camp couldn't help but feel a pang of fear.

Luckily! Fortunately, they had not left in the first place, otherwise I was afraid that Shao Guang's today would be their tomorrow.

"All right!"

Suddenly, Long Mo on the side finally spoke up.

"This matter ends here!"

“But Li Ba and Shao Guang’s matter has too vicious an impact, not punishing is not enough to right the military law!”

Said Long Mo as he looked towards Lin Ran and Long Yang and spoke up to scold them.

“The cause of the incident is still Li Ba hitting someone, so Commander Lin takes the main responsibility and Long Yang takes the secondary responsibility!”

“Pass on my order, starting today, the South City is grounded for three days, all of Commander Lin’s men are not allowed to go out except for the purchase of supplies!”

“The North City is grounded for one day, again no one is allowed to go out except for material purchases!”

“This!”

Hearing Long Mo’s punishment,? The people on Lin Ran’s side were all a little angry.

Shao Guang had already stated that the reason for what happened was that Long Yang had told him to come and look for trouble.

But now Long Mo was simply ignoring it, making the southern city grounded for three days and the northern city only for one day, this was simply naked favouritism.

“Who has an objection?”

Long Mo’s gaze swept over the crowd with a killing intent, and no one dared to speak at once.

And as for the punishment of grounding, Lin Ran didn’t care at all.

They had to train under martial law anyway, so whether they entered the foot or not had no effect on him at all.

And for Long Yang, that was simply even better.

He was already in a bad mood, but now he could spend a full day in his room with Little Mimi.

Just thinking about it made his heart soar.

“Damn it! One full day, I have to love you, this little demon!”

Thinking about Little Mimi, Long Yang felt the evil fire rising upwards, he could not wait to fly to North City right now and spend the night with Little Mimi.

Chapter 1226

Late the following night.

The whole of Tiancheng was quiet, most of the generals in the city had already gone to sleep, and only the generals on duty were patrolling the city towers.

And at this time, fifty miles away from the Heavenly City, a party of only twenty men was lurking in the grass.

“General Bashful! We are only fifty miles away from Heavenly City, surely any further will be noticed by Heavenly City?”

A scout in the crowd gasped, he had just returned from scouting.

The general named Bashar was a stout young man with two huge axes on his back, and his face was tattooed with the head of a man named Lang, who looked fierce.

He was a bully on the battlefield, so he was given the name General Bashar by the Wolf King.

“Fifty miles?”

General Bajia’s face was bland and there was disdain in his eyes.

“Pass my order down, move immediately and break through the northern city gate!”

“Yes General!”

The men next to him immediately went down to pass on the order.

Just two minutes later, a team of twenty men approached towards the Heavenly City.

At the same time, on the city tower at the northern gate of Tiancheng.

Long Yang was in his room again with the beauty in his bed.

“Baby, you are so beautiful tonight!”

Long Yang looked at Little Mimi with madness in his eyes.

He, Long Yang, had been with quite a few women before, but nothing like Xiao Mimi, who could make him addicted, had ever been added.

“My lord, can you let the people outside go, I’m shy!”

Little Mimi said shyly.

“Haha! Just keep your voice down!”

Long Yang laughed smugly.

“My lord, can’t I help it, please, please!”

Little Mimi begged.

“Haha! Fine!”

Long Yang responded, and then shouted at the door.

“Those standing guard, rest tonight!”

“Huh?”

Outside the door, the general who was on duty was stunned.

This duty of his was different from others.

It was because he was guarding the very most important early warning formation at the North City Gate.

The formation inside the Heavenly City was as solid as a golden hall, even the Wolf King wouldn't dare to come and break in easily.

However, there was only one formation outside the Heavenly City, and that was the one used for early warning.

This formation does not have the ability to trap people, as it is mainly used to detect the traces of enemies, so it can cover a full 50 miles.

However, this bell formation could only be manipulated by human beings in order to detect the traces of the enemy in the first place, if there was no one to manipulate it, it would be a decoration.

"Ai! The night is short and the day is high, from now on the king does not go to court early!"

The general on duty sighed helplessly and followed before walking down the city walls.

Ever since they came to this Heavenly Wolf Domain, these people who had followed Long Yang, almost all knew that Long Yang had recently been fighting with a woman called Xiao Miao.

In the past, they could still see Long Yang in the martial arts arena, but recently, they had not seen him in person for three days in a row.

The only time was when Long Yang led someone to trouble Lin Ran, but what happened? He was the one who lost face.

Long Yang's heart was no longer in them, and even from what happened to Shao Guang, it could be seen that Long Yang did not care about them at all.

The recent events have made these people terrified, fearing that one day they will be like Shao Guang, unable to be even the most basic of generals.

But what could they do?

Go to Lin Ran now? Lin Ran wouldn't even want them.

Run away? Where to run? The entire Skywolf Domain was Long Mo's place, and if they left Sky City, all that awaited them was death.

Moreover, many of them still had their own attachments, so they had no choice but to endure it.

The ruler is addicted to women and the generals have no fighting spirit, this is the current situation at the South City Gate.

.....

"My lord, the other side doesn't seem to have found us!"

On the desolate plain, the group of twenty people kept increasing their speed, and at this moment they were just less than twenty miles away from the Heavenly City.

"Looks like the Phantom Lady has got it!"

Bashful laughed.

“The whole of Heavenly City, the west side is by the mountains, the east side is by the sea, and there are few of us wolves who know how to use the water, so the most important things for Long Mo are the North City and the South City!”

“And the South City is easy to defend and hard to attack, so most of his troops are deployed and guarded at the North City Gate, as long as the defensive formation at the North City Gate is not manned, the other three directions, are simply null and void!”

“Wear my order down, when we reach the North Gate? Break the gate directly! Take the Phantom Lady away!”

“Yes, my lord!”

As the order was passed down, the team of twenty people sped up significantly more.

.....

And at this moment, on top of the South City Gate, Lin Ran stood with his arms folded, looking at the quiet night sky outside the city walls.

Today was the third day of his grounding, but it was not yet light, and he would have to wait at least another ten hours before his grounding could be lifted.

“It’s windy at night, why are you out without your coat!”

Long Ya walked out of the room and gave Lin Ran an armoured coat to put on.

Lin Ran smiled at Long Ya, his gaze then looking back towards the distant sky.

“Thunder clouds are rolling in this sky, but it never rains, do you know why?”

Lin Ran suddenly asked.

“This should be a place enveloped by a great formation!”

Long Ya said.

This kind of place, with its innate visions and desolate ground, was simply vastly different from the rivers and rivers outside, so one would think that it should be within a formation.

Lin Ran nodded, and then said.

“This is indeed a formation, but it’s one that has reached a qualitative level!”

“A qualitative formation?”

Long Ya was stunned, not quite understanding.

“The so-called texturised formation is that this formation is already comparable to matter, a traditional formation you can pass through it, but a texturised formation is like a thin barrier, you can’t pass through it at all, similar to an egg membrane kind of thing!”

Lin Ran explained.

“There are still such formations?”

Long Ya frowned slightly.

She had never heard of this kind of formation before, and it was basically not available in the Long Family either.

“This kind of formation is already the best thing the cultivation world can come up with!”

Lin Ran sighed, this information had naturally been told to him by the Pillow Book.

At the same time, the pillow book also told him that on this kind of formation only, was the kind of existence similar to the small world inside him.

When the massing evolved completely, what was formed was a small world that was completely isolated from the world.

“Bang!”

Suddenly, just at that moment, at the corner of the South City Gate, Li Mu Di swayed and rushed down from the duty platform, his face panicked.

“What’s wrong?”

Lin Ran asked busily with a slight frown.

“It’s not good, there are enemies!”

Li Mu Di said busily.

“I detected the North City Gate through the early warning formation earlier and found a group of twenty people five miles away, rushing towards Heavenly City!”

“The North City Gate?”

Lin Ran’s face changed greatly at his words, while he couldn’t help but curse.

“What’s Long Yang doing eating!”

The early warning formations, had always been under the control of their own, the South City Gate usually only patrolled the area south of Tiancheng, after all, the North City belonged to Long Yang’s domain, usually the South City would not even cross the border to patrol.

But just now Li Mu Di just swept a glance, and what he found was already too late.

“Assemble everyone immediately, leave Qin Feng and Fire Three’s team behind, the others will follow me to reinforce the North City Gate!”

Lin Ran ordered directly.

“But we’re still grounded!”

Li Mu Di said busily.

“Bang!”

At that very moment, a loud bang resounded through the sky in the quiet northern city of Tiancheng, and at this moment everyone woke up from their sleep.

Lin Ran’s face was stony as he said in a cold voice.

“The North City Gate has broken! Long Yang Ke must not know yet, forget about it, bring the men and set off!”

Chapter 1227

North City Gate, the commander-in-chief’s residence above the city walls.

“What’s going on?”

Long Yang’s whole body shook as the loud rumble made his heart feel like it was trembling.

“What’s wrong, my lord?”

Little Phantom also woke up with a start and asked busily.

“I don’t know! Maybe there is a war!”

Long Yang said, while about to get dressed and get up.

“My lord, don’t go, I’m scared!”

Little Mimi was busy wrapping her arms around Long Yang.

“Don’t be afraid,? I’ll be back later!”

Long Yang said soothingly.

However, Little Mimi never let go of his hand.

“Don’t go, my lord, I’m really scared!”

Long Yang was also anxious, if something happened to the North City Gate, he, the commander, wouldn’t want to do his job, don’t look at Long Mo as the great general guarding the gate here.

But if something really happened at the North City Gate, in the face of a group of generals, he, Long Mo, would have to come up with a reasonable explanation.

“I said I’ll be back in a while, leave me alone!”

Long Yang scolded.

“But my lord!”

Little Charm spoke up, but before the words could play out, they were cut off directly by Long Yang.

“There’s nothing but, if you’re fucking bothering me, believe it or not I’ll get you killed!”

“You!”

Little Mimi froze at once.

To Long Yang, Little Mimi was always a tool, no matter how good a tool was, it was always a tool.

Long Yang put on his clothes and got up to go out.

But at this moment, a slender palm was wrapped around his neck from behind.

“Let go! If you don’t listen, I’ll kill you now!”

Long Yang said angrily.

“Kill me? On what basis? Do you still have the strength?”

Little Mimi’s voice was gentle to.

Long Yang was stunned at his words and hurriedly mobilized his body while his true qi, but this mobilization immediately dumbfounded his whole body.

He only felt that the true qi inside his body was like cotton,? soft and weak, unable to mobilize at all, and even whenever he tried to mobilize, he would feel a tingling pain throughout his body.

“You!”

Long Yang instantly woke up, but it was already too late.

“Does the charm fragrance smell good?”

Little Charm fished out the bag of incense from Long Yang’s waist and put it on the tip of his nose to smell it.

“This is a scented bag with a dozen kinds of poisons mixed, my lord, you are really obedient!”

“Who the hell are you?”

Cold sweat sprang up on Long Yang’s forehead, he had never counted on the fact that Little Phantom, who had accompanied him for so long, would actually make a move against him.

“Who am I? You will soon find out!”

Little Mimi smiled icily, followed by a wave of her hand and directly resisted Long Yang on her shoulder, then directly rushed out of the Commander’s Palace.

“Lord Long, the city gate is broken, all the generals are waiting for you

Outside the commander-in-chief’s residence, Zhenshan and Li Yuan and a host of other people were waiting for Long Yang to come out and arrange for the warriors.

But what they waited for was not Long Yang, but a clinging figure carrying a man.

“Commander Long, it’s Long Yang!”

“Stop!”

“Stop!”

The crowd was stunned when they saw Little Phantom carrying Long Yang straight out, but when they reacted, Little Phantom was already in front of them.

“Get lost!”

With a furious roar, Zhenshan Li Yuan and a host of other General Word Order owners were all shaken to the ground.

“She He is a middle stage Creation Realm powerhouse!”

“My God, middle stage of the Realm of Creation!”

“Quickly report to General Long!”

“Long Yang has been captured, block report to General Long!”

A crowd of people were panicking.

Not to mention those soldiers below Long Yang at this moment.

Originally, they were waiting for Long Yang’s order, but now Long Yang was directly captured.

Even Li Yuan Zhenshan, the owner of the General’s Order, didn’t know what to do, let alone the soldiers and pawns further down the hierarchy.

Long Yang’s entire army could be said to be completely devoid of combat power.

From the very beginning, they were not prepared to deal with the war.

It was also fortunate that Long Mo still had a squad of thirty men left in the northern city.

These combat-experienced veterans defended the city gates to the death, and together with the fact that Ba Xia and the others were not really prepared to break in, this held the war at the city gates.

However, the matter of the northern city gates being breached was ironclad, and it was definitely the most serious thing that had happened to Heavenly City since its establishment.

“What? The North City Gate was broken?”

Long Mo had just finished dressing when he got the news that made him furious.

“What is Long Yang doing eating!”

“In reply to your Excellency, Commander Long he He

“He what! If you have a fart, let it out!”

Long Mo scolded.

“Commander Long has been captured by the enemy!”

“What? Captured?”

Long Mo’s face instantly changed.

Long Yang was in the Commander's residence, if this was all captured, wouldn't it mean that the enemy had entered the city? This was something he would definitely not allow.

"My lord, don't be anxious, Commander Long was taken away by an undercover agent tapped in by the enemy! It seems to be a woman called Xiaomei! These days Long Yangtian and her are quite close!"

"Little Mimi?"

Long Mo's face instantly turned ugly when he heard that.

"What Little Mimic, that's the Wolf King's fucking Sitting Mimic!"

Long Mo was so angry that he slapped the table and immediately chided.

"Take 500 elite soldiers and quickly rush to reinforce the North City Gate!"

"Yes!"

Hu Chong immediately went to make arrangements.

.....

Ten minutes later, on the desolate ground outside the North City Gate.

"Bashful, I didn't think you'd come in person!"

Seeing the burly youth in front of her, Mimiji smiled while throwing Long Yang to the ground with one hand.

"Mimiji has worked hard for you, this time back Lord Wolf King will definitely reward you heavily!"

Ba Xia laughed.

"I'm not in for any heavy rewards, and the new commander is too easy to deal with this time, a little beauty trick and he fell for it!"

Miki said and kicked Long Yang who was on the ground.

At this moment, Long Yang was so scared that his head was covered in cold sweat.

Although he could not mobilize his true qi, he could clearly feel that of the twenty or so people here, half of them were at the Creation Realm, and five of them were even at the middle stage of the Creation Realm.

In particular, the one named Ba Xia's breath was so thick that he was afraid he could kill him with a slap.

It couldn't be helped,? He couldn't use any of his true qi now, he was almost like a wasted person.

"Mimiji! It's really you! Eh? Bashful even you have come!"

Suddenly a thick voice rang out from the city wall not far away, it was none other than Long Mo who had rushed in.

"Long time no see, Long Mo!"

When he saw Long Mo, Ba Xia was smiling.

He and Long Mo had fought many times before, but unfortunately, they were always one move behind, but this time it was him who won.

“You guys are really bold, you dare to barge into my Heavenly City!”

Long Mo’s face was icy cold, and there was even killing intent in his eyes.

“Heavenly City? Is it hard to break in? This new commander is no better than that! When I bring it back to the Wolf King, maybe the Wolf King will let you go once he is happy!”

Bashful laughed coldly.

“Take it back? Do you think this Heavenly City is a vegetable market? You’ve come and still want to leave?”

Long Mo snorted coldly and shouted at Hu Chong who was next to him.

“Go and kill him! Bring Long Yang back!”

“Yes General!”

Hu Chong answered, and immediately rushed down with his three hundred elite soldiers.

Hu Chong was able to become the second-in-command to Long Mo, so he naturally had his own merits.

In all the previous battles, Hu Chong had been the opponent of Ba Xia, and the two could be said to be old rivals.

They had both lost and won against each other.

“Hu Chong? Interesting! But you’re a bit inadequate with just this number of men!”

Ba Xia sneered, followed by the two huge axes behind him flying straight up and following into his hands.

“Leave Hu Chong to me, the others will take care of it as soon as possible!”

“Yes!”

A group of men led the order, and immediately rushed towards Hu Chong’s men.

Chapter 1228

As the saying goes, when enemies meet, they see each other in a different light.

This was the case with Ba Xia and Hu Chong, who were completely tangled up in a fight that lasted for a long time.

Elsewhere, although Hu Chong had three hundred elite soldiers with him, he was unable to take them down against a squad of twenty under the leadership of Mimi Ji.

Even as time went on, the three hundred elite soldiers on Hu Chong’s side were gradually losing ground.

It could not be helped that the strength of Hu Chong's elite soldiers was not on the same level as that of Mimi's men.

Although they were able to resist for a while with their numbers and a simple combined attack formation, as time went on, the signs of defeat soon became evident.

"Send two hundred more men down there and take down the Phantom Lady for me!"

Long Mo stood on the city wall, his face icy cold.

As the General of Heavenly City's town guard, he could not just strike out.

But if he couldn't save Long Yang this time, I was afraid that his prestige as the town guard general would have to be greatly diminished.

After all, this was under the nose of Heavenly City, and if the adopter was still taken away, it would be a disgrace to his family.

"Commander, what do you think!"

At this moment, behind a huge rock not far away, Lin Ran and the others were all hiding here.

They had meandered from outside the city in order to make time, and at this moment they happened to run into Hu Chong leading his men in a fight with Bajie.

They didn't go out for a while, ready to see what was going on.

"With the addition of two hundred people, the Phantom Lady and the others definitely won't be able to carry it, five hundred against twenty, the gap in strength is more than enough to be bridged!"

Lin Ran said.

Although those pawns of Long Mo's were not strong individually, if five hundred people used a combined attack formation, it would still be easy to deal with twenty people.

"This battle, as of now, will have the greatest impact on Mimiji and the others, Ba Xia and Hu Chong are not close in strength, whether they can leave safely or not will mainly depend on Mimiji."

Lin Ran said.

"Then do we still have to make a move?"

Wang Yifeng asked at the side.

"Let's see for now!"

Lin Ran said, if the situation could be stabilised, he naturally didn't want to show his face, after all, he was still grounded.

If he showed his face now, this Long Mo would definitely turn around and play on the issue again.

But if the situation could not be controlled later, then he would have to step in.

Although he had a conflict with Long Yang, we were still comrades in arms after all, and in the face of war, he still had to help if he could.

On Lin Ran's side, he held his ground.

On the other hand, on the city walls, Long Mo was already out of breath.

When he saw that the 200 elite soldiers had gradually started to suppress Phantom Lady and the others, his heart settled down.

But soon, he realised that something was wrong.

He saw that the 500 elite soldiers, who had already gained the upper hand, gradually slowed down their attack and then did not dare to move forward.

"What are you doing?"

Long Mo couldn't help but scold.

And at that moment, even Hu Chong, who was at the side, hurriedly retreated.

"Something is wrong, my lord, their strength is increasing!"

Hu Chong busily said.

"Enhancing?"

Long Mo was stunned, somewhat unsure of what was going on.

"Haha! Long Mo, do you really think that we don't have a little reliance when we dry barge into your Heavenly City alone?"

Ba Xia laughed.

"Just with Hu Chong and five hundred elite soldiers you want to stop us, you are really stupid!"

With that, Ba Xia waved his hand, and a set of armour appeared in his hand at once.

"Mimeji! It's yours!"

Ba Xia directly threw it to Mimiji.

Mimiji put it on directly without any nonsense.

At once the aura of all twenty-one of them changed.

And from afar, Lin Ran watched with a slight frown.

This was because at this moment, he only felt as if the twenty-one people in front of him were a whole, and each of them was twenty-one people.

"This is Dao soldier armour!"

"Dao Soldier Armour!"

Lin Ran and Long Mo reacted almost simultaneously.

“How could you have Dao Soldier Armour!”

Long Mo’s face changed.

This Dao Soldier Armour was so terrifying that it could link all of many people together as if they were one person.

You fought any one of them as if you were fighting against twenty-one people.

This kind of thing usually comes in sets, and as many pieces as there are in a set of Daoist armour, it can make as many people as one.

Of course because such things were so precious, they had never been seen before in this Skywolf Domain.

This was also the reason why the Skywolf Domain could be used as a trial place for new commanders like Lin Ran.

And like other large warring lands, this kind of Dao soldier armour was very much in abundance.

Including the Mystic Alliance had them, it was just that in this Skywolf Domain Dao Soldier Armour hadn’t appeared at all.

“Where did your Wolf King get it from!”

Long Mo’s face was icy cold, the other side had this extra set of Dao Soldier Armour, their overall strength would definitely rise, unless he also transferred Dao Soldier Armour from the Mysterious Alliance, otherwise the situation in this Skywolf Domain would change.

But I’m afraid that asking for the Daoist Armour from the Mysterious Alliance won’t be successful for a while.

The battle line was too long, and it was questionable whether there were any ready-made ones in the Mysterious Alliance.

“This Dao Soldier Armour is a good thing!”

Lin Ran was looking at it with great interest, his own team was already small in number, if he could get a set, then his strength could definitely rise very much.

It was just a pity that trying to snatch it from Bashful was undoubtedly like ascending to heaven.

“Kill them and get ready to go!”

Ba Xia gave a command, and at once everyone moved.

And seeing the Dao soldier armour of Overlord and the others? Not to mention the 500 elite soldiers, even Hu Chong had lost his fighting spirit at this point.

They could still fight with Bashar alone, but now they were facing 21 men, how could they fight?

“General!”

Hu Chong was busy looking at Long Mo, obviously waiting for him to order a retreat.

“Retreat!”

Long Mo’s face was ugly as he opened his mouth and shouted.

He was also clear that this battle could not be fought, unless he made a move himself.

Otherwise, Hu Chong and the others were definitely no match for someone with Dao soldier armour such as Bajie.

Delaying would only cost Hu Chong and the others their lives.

But even if there is no delay at this point, he gave this order to retreat and at once no hundred elite soldiers also panicked, No heart to fight by the people under the bar take advantage of the chaos to kill a lot of people.

At this time Long Mo also did not know what to do for a while.

If you can gather more than a thousand elite soldiers in a short period of time, you can still rely on the strength of numbers to take down Ba Xia and others.

But he simply did not have so many elite soldiers at this northern city gate.

And several other city gates also needed to be defended, although all of them had fewer men, but if once there was no one to defend them, the other side would sneak in that would definitely cause more serious consequences.

“General Long, if you don’t stop it, then we can go!”

Ba Xia looked at Long Mo and laughed.

“Uncle Long! Save me save me!”

Long Yang could not hold back any longer at this moment, if he was brought back to Wolf City by Ba Xia and the others, I was afraid that all that awaited him was death.

And it would be that very painful death.

“Save you! Save with what?”

Long Mo coldly snorted in his heart.

Looking at Long Mo’s pleading look, he could not help but curse.

“Stupid! You are a waste of time! Lusting after women, how come I have such a stupid man like you!”

“Uncle Long! You must save me!”

Long Yang was crying in his anxiety.

But Ba Xia was too lazy to linger, and with a wave of his hand, he immediately shouted.

“Go!”

And at the same time, behind the boulder, Lin Ran's eyes micronized as he spoke.

"Target to save Long Yang! Move!"

Chapter 1229

As Lin Ran's words fell, all of them immediately surged out and rushed towards Ba Xia and the others.

"Answer the battle!"

Ba Xia shouted immediately when he sensed that the situation was not right.

At the same time, Long Mo, who had already given up on saving Long Yang, suddenly had micron eyes, he had seen Lin Ran below.

"Why is he here!"

Long Mo frowned slightly, not saying a word.

At this moment, on the desolate plain below, a group of people from Bajia had been disrupted from their original formation by the sudden appearance of Lin Ran and the others.

And as soon as Lin Ran's side came out, they immediately interposed themselves in a small group and instantly entered Bajia's group.

And then used a combined attack formation to split them up.

"Formation!"

Lin Ran shouted, followed by Fire One Sword Li Mu Di as well as Qin Feng Long Ya all rushing towards him enough.

At once, the five of them directly formed a combined attack formation.

"What's he doing?"

"Yes! The other side is Bajia, do they want to use these mere dozens of people to fight hard?"

"I think 80% of them are crazy!"

Inside the city, some of Long Yang's men all laughed coldly.

They had come to this Skywolf Domain at the same time as Lin Ran's group, and now Long Yang had all been captured alive.

Even Hu Chong, Long Mo's deputy general, was unable to take the other side and had lost quite a few of his elite soldiers.

But now, Lin Ran actually dared to go up by himself with his men, what was he doing if he wasn't looking for death?

However, Lin Ran was unaware of these people's mockery.

Because at this moment, he had already rushed towards Bajia with the five men of Fire One Sword.

The two of them quickly activated their Dao soldier armour and rushed towards Lin Ran and the others.

“Kid! You have a lot of guts, but unfortunately you’re too stupid!”

With a cold laugh, Ba Xia lunged towards Lin Ran with two huge axes in his hands.

“Strike with all your might!”

Lin Ran shouted, and the five of them took turns to attack Bashful.

The Phantom Princess on the side waited for an opportunity to sneak in, but Lin Ran’s five men dealt with both of them, leaving no room for the Phantom Princess to sneak in at all.

“Bang Bang!”

The two attacks collided, and at once, Bajaj’s two huge axes were directly shaken and sent flying, and even his tiger’s mouth was vaguely cracked.

“Everyone open their Dao soldier armour!”

Ba Xia’s face turned cold as he chided.

“Yes!”

All of Bajaj’s men activated their Dao soldier armour.

Following that, with a wave of his palm, the giant axe that had flown backwards followed and flew back, heading straight for Lin Ran and the others.

“Defence!”

Lin Ran spoke.

The five men’s attack immediately shifted to defense.

“Bang bang bang!”

The giant axe kept blasting at the five men’s defensive formation, which trembled and faltered, but in the end, it held up.

“Baji this won’t work, they have a combined attack formation and all of them are not weak, even if we have Dao soldier armour we simply can’t take him for a while, if we delay, when Long Mo transfers his army, we will definitely be caught!”

The chimera was busy advising.

Ba Xia’s eyes narrowed slightly and he said in a cold voice.

“How soon can the others finish each other!”

“General can’t!”

“General, these people are too cunning, they don’t even attack, they just trap us here and defend with all their might, we can’t break through in one page!”

“General our side too!”

Responses from the men came from all around, listening to Bashful’s face harden and his teeth clench.

“Bastards!”

“Overlord, they’ve obviously come prepared, we need to hurry up and leave, Long Mo has already transferred his men over!”

Mimeji shouted.

At this moment at the northern city gate, there was clearly the sound of rumbling footsteps.

It was obvious that Long Mo was already mobilising his men.

“Take the captives and let’s withdraw!”

Ba Xia shouted helplessly.

But the voice that followed made him completely furious.

“General, the captives are gone!”

“General the captives have been taken!”

“Bastard!”

With an ugly face, Ba Xia looked up and saw that in the midst of the chaotic battlefield, there was actually a line of people dragging Long Yang in a fast run.

Long Yang had no way to mobilize his true qi now, so they could only hold him up and run wildly, and by now, they had already run hundreds of meters, and were not much farther away from the northern gate of Heavenly City.

“Damn it! You remember that!”

Bashful looked at Lin Ran viciously, followed by a violent slash of his axe in his hand, a huge force heading straight for Lin Ran’s five men.

“Defence!”

Lin Ran shouted.

All five of them defended at the same time.

“Bang!”

The huge axe smashed heavily against the formation only, and the huge shockwave even shook a large crater out of the surrounding wasteland.

However, the defensive formation of Lin Ran’s five people remained unbroken.

“Good! Good! I’ll remember you, the next time you and I meet, it will be the day you die!”

Bashful said angrily, followed by a retrieval of his axe, turning around and chiding.

“Retreat!”

“Yes!”

A group of men hurriedly responded.

And Lin Ran also gave the order to retreat almost simultaneously.

If they dragged on like this, Ba Xia and the others would inevitably explode with all their might, and Dou Ge would die by fish.

This was something Lin Ran did not want to see.

Although Long Mo had already mobilised a large army, it was not Lin Ran’s style to let his own men go to their deaths for the sake of a single Bajia.

“Who told you to retreat, stop them! As long as we take them those Dao soldier armours are ours, and Bashar is the Wolf King’s right-hand man!”

On the city wall, Long Mo saw this and shouted angrily.

However, none of the people below actually paid him any heed.

Just kidding, they had all followed Lin Ran here, and they were not clear about the situation just now.

If the fight continued, it would inevitably cause the other side to recoil desperately, and then it would be themselves who would die.

“Bastards! Give me a top!”

Long Mo was so angry that he shouted, but no one below him paid any attention to him.

In the end, Long Mo could only grit his teeth and stop talking, watching as Lin Ran and the others retreated back into the city one by one.

“Bang!”

The moment the repaired northern city gate was closed.

Everyone screamed out, and some even shouted out loud.

“Commander Lin is formidable!”

“Commander Lin is bullying!”

Those of Long Yang’s men who had not been optimistic about Lin Ran before were all red in the face at this moment, pretending to be busy whether they were busy or not.

It was as if it wasn’t themselves who had just mocked Lin Ran.

Lin Ran naturally did not know about this, at this moment he was leading Long Yang towards the northern city wall.

As they watched Lin Ran’s back as he went up the stairs, the men who had followed Long Yang each had a very bad feeling in their hearts.

Even those who had defected from Lin Ran's men in the first place now had some regrets in their hearts.

If they had not defected, perhaps they would have been among those who saved the day in this beautiful battle.

But now it was too late to say anything.

"Ai!"

A sigh of regret escaped from many people's hearts.

As for Long Yang, at this moment, when he arrived at the North City Tower together with Lin Ran, there was not the slightest joy of being saved back on his face.

It was more of a panic.

He knew that he had broken into a huge fire this time, and had even come close to causing the North City to be breached.

And what awaited him now was Long Mo's wrath.

"It won't happen! Long Mo is my uncle, he will definitely not kill me! He won't!"

Long Mo thought in his heart, but there was anger in his eyes.

Why, why did the Phantom Lady come to him and not Lin Ran!

If it had been Lin Ran, perhaps this great hero would have been his, not Lin Ran's.

Chapter 1230

Above the northern city, there is silence.

Long Mo's men had taken the place over from the new.

And those of Long Yang's men this were brought to the martial arts arena to await the subsequent orders.

The hall of the commander's residence, normally a place where Long Yang spent his days drinking,? But now it was dead silent.

Long Yang knelt on the ground and looked at Long Mo with a face full of horror.

"Uncle Long, bypass me for once! I really didn't know that woman was an undercover agent! Bypass me once!"

Long Yang begged for mercy.

Long Mo turned and gave him a bland look, the anger in his heart was hard to suppress.

"My Long family, for generations, has been full of outstanding people, how could there be such a waste as you!"

"Yes, yes, I'm a loser! Uncle Long, it's all my fault, please forgive me this time!"

Long Yang begged bitterly.

“Someone!”

Long Mo roared in anger.

“My Lord!”

The guards next to him immediately came over.

Put Long Yang in the North City dungeon for a month before you say anything!”

Long Mo said angrily.

“Yes!”

The men led the order.

And Long Yang was overjoyed at his words, just being locked up in the dungeon, at least his life was still saved.

Moreover, Long Mo did not say anything about his position as commander-in-chief, obviously he wanted to throw Long Yang into the dungeon first, and think of other ways to fish him out later.

Thinking of this, Long Yang’s whole heart settled down.

How to say Long Mo is also his uncle, under this medium relationship, this kind of treatment result, obviously is not painful.

“General Long, with such treatment, how will those men of Long Yang be dealt with?”

Lin Ran asked with a frown, how could he not know that this was Long Mo’s plan to slow things down.

“Those people, they don’t know how to fight at all, a bunch of rice buckets! From today onwards, all of them will be traded to Hu Chong, and will be handed over when Long Yang comes out!”

Long Mo said in a cold voice.

Lin Ran smiled at his words but frowned.

“General Long, this is not a good idea, is it? If you do this, will it change the fact that Long Yang will not be the commander?”

“Are you questioning my decision?”

Long Mo said in a cold voice.

“I’m just questioning the outcome of your decision!”

Lin Ran said indifferently.

“It’s been at least a week or so since we arrived at this Skywolf Domain!”

“For such a long time, Long Yang hasn’t even set up an effective defence system, not even the slightest bit of reaction strength when his men come to lead the war!”

“It’s no longer that he can’t command, but that he doesn’t take war seriously at all, what he needs now is to correct his perceptions, not to go rest in the dungeon for a month and come out to continue leading the troops!”

Lin Ran said in a cold voice.

“Stop it!”

Long Mo looked at Lin Ran, his face cold.

“I’m the guardian general of this Skywolf Domain! How to deal with the commander is also my business, is it your turn to point fingers here?”

“Besides, you’d better worry about your own affairs first!”

“What does General Long mean by this?”

Lin Ran asked, frowning.

“What do you mean by me, if I remember correctly, today is still the last day of your grounding!”

“Was it given to you the audacity to come out without permission?”

Long Mo’s voice was icy cold.

Lin Ran smiled at his words but laughed.

“It’s true that I’m grounded, but Long Yang is also grounded, isn’t he? He didn’t, did he!”

“A person who isn’t grounded can’t even collect the North City Gate, so why shouldn’t I come and take a look when I hear the commotion?”

Lin Ran said looking towards Long Mo and whispered.

“Or does senior Long Mo think I’m too lenient in shutting up, even if then the north city gate was breached, I should still continue to be grounded in the south city!”

“Unrestrained, how can you talk! ”

Long Mo’s face was ugly as he glared at Lin Ran.

“Even if you got credit for this battle, you could have come out during your grounding in the South City after all.”

“And still, the most crucial thing is that at the last moment, you as well as your men did not retreat without the orders of this general, how do you explain these!”

“General Long, do you need an explanation for this?”

Lin Ran looked at Long Mo with a cold intent in his eyes.

“At the last moment, if I had not let my men retreat, but waited for your reinforcements to arrive, would any of my troops have survived?”

“Ridiculous! Just a few people, do you know how many lives we could have saved if we could have taken the two Hegemons and the Phantom Lady alive?” |

Long Mo chided.

“I don’t know! I don’t want to know either, all I know is that I only have about sixty people right now, and heck that’s all that followed me in, I have to make sure I bring and rough them up!”

Lin Ran looked at Long Mo.

“On the contrary, Long Yang, what are so many of his men doing? Not a single contribution, and in the end I have to go and save him! General Long, don’t you think you’re being too obviously biased?”

“Shut up!”

Long Mo’s face was ugly, his face only bursting with veins.

He deliberately lowered his voice and looked at Lin Ran.

“What’s wrong with me just being biased? This Skywolf Domain is Laozi’s Skywolf Domain, not yours, Lin Ran’s! I can do whatever I want!”

After saying that, Long Mo sat up straight and scolded Lin Ran aloud.

“Lin Ran has left the forbidden land without permission and disregarded the military rules, but for the sake of saving Long Yang, his merits and demerits are offset, he is sentenced to three days in the North City dungeon, and no one else will be held responsible!”

“Yes!”

The men in front of him heard this and directly stepped forward to stand Lin Ran.

“Stand down!”

Long Mo scolded, followed by Lin Ran being racked by the men and left the Commander’s residence.

Long Mo’s face was bland as he also got up and followed, as he prepared to return to his City Lord’s residence.

However, he had just stepped out of the Commander’s House when a piercing voice from outside penetrated.

“On what grounds should Commander Lin be imprisoned!”

“Just on what grounds, he saved Long Yang, if it wasn’t for him, Long Yang would have died long ago!”

“We are not convinced! Long Yang is still addicted to women before the Great War, and he is only imprisoned for a month, but Lin Ran saved him, so what if he broke the rule of grounding? We are not convinced by this sentence!”

“Yes! We are also not convinced!”

The crowd shouted, ? Most of them were Lin Ran’s men.

Of course there were some of Long Mo's men in there as well.

Long Mo's face was ice-cold as he swept through the crowd.

Especially when he saw that there were actually some of his own men among them, his face became even colder by a few degrees.

"Whoever disobeys! Imprison them together!"

Long Mo opened his mouth and scolded.

A single word instantly silenced the entire Northern City.

The generals under the city all clenched their fists, daring not to speak out in anger.

When Long Mo saw this scene, he nodded in satisfaction and walked back towards the City Lord's residence with a wave of his hand.

Only on this journey back to the city, his anger did not diminish.

"Lin Ran! Good Lin Ran, if I don't get rid of you, this Heavenly Wolf Domain of mine is really going to turn over!"

Long Mo said coldly in his heart, an icy killing intent in his eyes.

Before Lin Ran's arrival, he was the absolute hegemon of this Skywolf Domain, and no one dared to question his decisions.

But what about now? It had only been just over a week, and his men actually dared to cry foul on Lin Ran's behalf, this was absolutely something he could not tolerate!

"Someone! Inform the Heavenly City Guards to wait for me at the City Lord's residence!"

Long Mo shouted as he rushed outside.

"Yes, my lord!"

Hu Chong's voice came from outside.

Hearing the notification of the Heavenly City Guards, something had already occurred to Hu Chong's mind, and his face twitched with fear in his heart.

Fortunately! Fortunately, he was with Long Mo, otherwise I'm afraid he would have ended up even more miserable than Lin Ran.

"Ai! It's a pity, no one dares to go against Long Mo in this Skywolf Domain, even if you Lin Ran has taken credit for it! The Heavenly City Guard strikes, hey! You'll soon be a thing of the past too!"
