

Wonder Doctor

Chapter 1251

In Celestial City, the mood in the martial arts arena at this time was as cloudy and tumbling with lightning as the sky of the Skywolf Domain.

Only after his return did Long Yang realise what had happened.

At the same time that he had fallen into the trap of Bajia and the others, Lin Ran had already brought in a rescue force to reinforce him.

Because Long Yang had brought 10,000 elite soldiers with him in this word, even Long Mo did not dare to take it lightly. If all these 10,000 men died in battle, it would have an impact on him not just in the name of the war list order.

It would also affect his standing in the hearts of the generals.

As the saying goes, those who win the hearts of the people will win the world, and a large part of the reason why he, Long Mo, was able to hold the sky in the Skywolf Domain was because he was able to hold the Domain in check.

For the soldiers, since Long Mo was going overboard, he was always able to suppress the Wolf King, so that he did not dare to come and break into Heavenly City hard, and this was the reason why the soldiers were willing to be oppressed by Long Mo.

But if all the soldiers were to turn against Long Mo, then he would have to be finished too.

So with the support of Long Mo, Lin Ran, with a full 30,000 men and horses, soon beat Ba Xia and the others, and eventually got down Long Yang and the others.

But despite Lin Ran's haste, in the end, the losses on their side were enormous, and could be described as heavy casualties altogether.

"According to the statistics! Commander Long previously led his men plus all the generals, a total of 10,000 men!"

"In this battle, nearly five thousand men were killed in battle! Nearly two thousand were taken captive, and less than 30% of the generals survived!"

The battle statistics floated over the martial arts arena and did not dissipate for a long time.

The soldiers silently removed their peepers and bowed their heads in silence, they were mourning!

They were mourning for their companions who had died bravely in battle.

But each of them clenched their fists, and there was more anger in their eyes than reluctance.

Long Yang stood by the side, as if he was petrified, not moving a muscle.

When he heard the information about the battle statistics, he only felt his whole head was dazed and his spirit was in a bit of a trance.

“Impossible, how could so many people have died! How is it possible!”

“It’s impossible!”

Long Yang’s face turned pale as he sat paralyzed on the ground, his face ashen as his mouth kept chanting.

The group of soldiers mourned in silence for a full ten minutes, before they all put their helmets back on.

At that moment, all eyes fell on Long Yang.

This battle was a heavy loss, and who was most responsible for it? He was the one to blame.

“Severe punishment by military law!”

I don’t know who suddenly shouted out.

Following this, the entire martial arts arena erupted with the angry voices of the entire army’s generals.

“Severe punishment!”

“Severe punishment!”

“Severe punishment!”

On top of the high platform, Long Mo looked at the scene before him and sighed helplessly.

He knew in his heart that he was afraid that he would not be able to protect Long Yang this time.

However, Long Yang was after all a member of his own family, and he was also his cousin’s nephew, so he really couldn’t kill him either.

Long Mo quickly thought of a countermeasure in his mind and spoke a moment later.

“Gentlemen! Our army has suffered heavy losses in this battle, and the culprit is naturally Long Yang!”

“But, the most urgent task now is manpower, with so many people lost at once, we are at a time when we need people!”

“I have decided! Temporarily abolish Long Yang’s position as commander-in-chief and hand over his men to Hu Chong to lead!”

“Meanwhile, Long Yang goes to the logistics office! Make amends!”

“What? To the Logistics Department?”

“That’s a fucking punishment?”

“Shit! You’re playing with us!”

Hearing this sentence, a group of soldiers immediately quit.

“General Long, we don’t accept this sentence!”

“Not to us!”

Finally, someone couldn't help but speak up.

“Who is not convinced? Come out!”

Long Mo's face was ugly.

He had known that this would happen, but in his heart he was clear that as long as he suppressed it strongly, absolutely no one would say anything.

“I am not convinced!”

After a moment of silence, someone finally stood out.

Lin Ran knew him, it was he who had been the first to stand up and feel dissatisfied with his constant failure to order the pursuit of Bajaj.

And this time it was also he who had been the first to stand up.

“This man has a stubborn and upright character, and he has a stubborn temper!”

Lin Ran couldn't help but nod his head and say.

“What do you disagree with!”

Long Mo looked at his opponent, his eyes sharp.

“I have taken Long Yang's rights back and at the same time sent him to serve everyone in the logistics department, what do you disagree with at this time of employing people?”

At the end of his sentence, Long Mo's voice grew a few notches louder, shocking the entire martial arts arena into silence.

“I just don't obey!”

The other party suddenly spoke up.

“Commander Long Yang has made a major mistake, causing 5,000 soldiers to die for nothing, and now more than 1,000 of them have been taken away by the Wolf King, such a crime simply deserves the penalty of being severed and pecked by eagles!”

As the name implies, the eagle's peck is to cut off the brains and hang them on the city wall for the eagles to gnaw on.

However, there were no eagles in the Skywolf Domain, so the soldier was only saying this to vent his anger.

“But! General Long has also said that now is the time to use people, good! I don't object!”

“But what do you mean by letting him Long Yang go to the logistics department?”

“When other people make mistakes, they will either be executed or wear the punishment, but why does this Long Yang get away with it again and again?”

Speaking here, he pointed at Long Yang with emotion.

“The first time, he was so obsessed with women that he almost lost his hand at the North City Gate, and it was Commander Lin who saved him!”

“But the punishment he received was a month’s grounding!”

“This time he committed such a crime and watched his comrades Shao Guang and Li Yuan die in front of him, but the result was to go to the logistics department! Is this military justice or a trip to retirement?”

As his voice fell, the entire martial arts arena fell silent.

Long Mo’s fists were clenched with killing intent in his eyes.

“Who else is not convinced!”

Long Mo’s teeth were bared.

“I am not convinced!”

Lin Ran followed and stood out.

Long Mo turned his head to look at Lin Ran.

“Long Yang’s crime should be repaid by personally going to battle and killing the enemy!”

Lin Ran opened his mouth and said.

Long Mo didn’t answer the words the killing intent in his eyes intensified.

“Who else!”

He scolded again.

“There is also us!”

“No to us as well!”

Behind Lin Ran, Long Ya Ling Sa and a group of generals all stepped forward.

“We’re not convinced either!”

Suddenly, the entire soldiers in the martial arts arena stood out.

One by one, they looked at Long Mo with anger in their eyes.

Seeing this scene, Long Mo was completely frozen.

One soldier plus one Lin Ran, he might still be able to suppress it strongly, but at this moment all the generals stood out, how could he suppress it?

Could he kill them all and be a bare-bones commander himself?

The killing intent in his eyes gradually faded and was replaced by helplessness, deep helplessness.

“Long Yang is transferred to Hu Chong’s ministry and will follow Hu Chong to kill the enemy as a token of gratitude!”

Long Mo said helplessly.

“No!”

Suddenly Lin Ran spoke up.

“What else do you want!”

Long Mo was so angry that he jumped straight up from his chair.

“I want him to follow me to kill the enemy!”

Lin Ran looked at Long Mo with a burning gaze, without the slightest intention of retreating.

“We support Commander Lin, let Long Yang follow Hu Chong, will he still have a chance to kill the enemy? I’m afraid he was protected by Hu Chong the whole time!”

“He committed such a vicious act, it is already a great gift not to execute him on the spot, he must be allowed to follow Commander Lin to kill the enemy!”

“Follow Commander Lin!”

“Follow Commander Lin!”

Looking at the chanting of the crowd of generals, Long Mo finally compromised.

He directly turned around and left the martial arts arena.

Chapter 1252

“Good!”

As soon as Long Mo left, the entire martial arts arena immediately resounded with the cheers of the generals.

What they actually wanted was very simple, they just didn’t want Long Yang to have a good time.

Why should you, a man who made mistakes, not have to be punished as you should every time, while they were the ones who had to go to battle and kill the enemy every day, why?

“What’s your name?”

Lin Ran came to the front of the crowd at this point and looked at the first general who had just stepped forward and asked.

“Commander Lin!”

A trace of guilt flashed in the other party’s eyes when he saw Lin Ran.

“My name is Li Tie!”

“The man is as his name suggests, quite good!”

Lin Ran laughed.

Such a straightforward and uncompromising character like Li Tie's made him very happy.

"Commander Lin, I apologise to you for what happened last time, I was too stupid to see the enemy's premeditation!"

Li Tie bowed and said.

"No more than that, you also just wanted to avenge your comrades!"

Lin Ran laughed, while patting Li Tie's shoulder, and turned around to leave the martial arts arena.

In the evening, the Skywolf Domain was back to its usual lively scene.

That was how it was in the battlefield land, many people were able to adjust quickly to the departure of their comrades.

Because they know that today it is their comrades who have left,? Maybe tomorrow it will be their own departure.

Instead of wallowing in grief, it is better to live in style and wait for the day they leave.

In the City Lord's Mansion, Long Mo sat on a chair with a terrifyingly gloomy face.

"Bang!"

Suddenly, the teacup in his hand was directly crushed into pieces.

"This Lin Ran has become a scourge! We must find a way to get rid of it!"

There was a morose killing intent in Long Mo's eyes.

"My lord!"

Suddenly, Hu Chong from the doorway walked in.

"What is it!"

Long Mo asked in a cold voice.

"Your Excellency, an item has just arrived from the teleportation array over in Tianshan, it seems to be for you!"

Hu Chong said and busily handed up a box.

"For me?"

Long Mo's face sank as he immediately took the wooden box, then after a surge of true qi and not sensing any danger, he carefully opened the box.

Once the wooden box was opened, what appeared in front of him was a letter.

Long Mo could not help but frown slightly, but when he picked up the letter his face changed drastically.

He saw a bright red dragon's head printed in the corner of the envelope.

This dragon head was lifelike and had nine horns, it was the Dragon Family's Nine Dragons Order!

In the Dragon Family, there were nine levels of messaging, with one, two and three being used by the outer clans.

Four, five and six were for the transmission of ordinary events for the inner clan, while seven, eight and nine represented extremely serious matters.

Once a message is sent out, it will never be changed. Those who receive the envelope must do what it says, otherwise they will be considered as betraying the Dragon Family.

And within the Dragon Family Ancestral Hall, there is a partial soul imprint of each Dragon Family member, and for those who dare to betray the Dragon Family, they will have a secretary who can kill from thousands of miles away.

Of course, this kind of soul imprint could not be done by one person at all, unless one let Long Yu and Long Xu and a group of Dragon Family elders join hands to perform it, in order to kill the Dragon Family traitors.

"The family's Nine Dragons Order, what is it about?"

Long Mo's eyes sharpened and he immediately opened the envelope and read it.

But he froze under this glance.

Only to see that there was only one sentence on the envelope paper.

"Kill Lin Ran, regardless of the cost!"

After reading the letter, a smile appeared on the corner of Long Mo's mouth.

This matter had really overlapped with his thoughts.

Now that Lin Ran was becoming more and more influential in the Skywolf Domain, causing Long Mo's own position to be threatened, getting rid of Lin Ran was something he was ready to put on his agenda.

"Get rid of Lin Ran! But how should I get rid of it?"

Long Mo thought in his mind.

Suddenly, ? A thought popped into his mind and a cold smile appeared at the corner of his mouth.

"Meanwhile Lin Ran, tell him to come see me immediately!"

Long Mo suddenly shouted at the guards at the entrance.

"Yes! General!"

The guard left at once.

And at this moment, in the Southern City Commander's Residence.

Lin Ran was staying in the conference room with Long Ya Ling Sa and Li Sheng Leng Zhan, discussing the information that Leng Zhan had brought back.

More than a thousand people had been captured in today's battle, and these people Lin Ran naturally wanted to find a way to save.

"Boss,? Long Mo has sent someone to ask you to come over!"

Li Ba, who was guarding the door, suddenly ran in.

"Now?"

Lin Ran frowned slightly.

It was already eight o'clock in the evening, what on earth was there that required him to go over now.

"Why don't we go with you? I'm afraid that Long Mo here doesn't have good intentions!"

Long Ya said beside him again.

"Indeed, your influence in the Skywolf Domain is getting bigger and bigger? This Long Mo is afraid that this Long Mo is already up to killing!"

On the side, Li Sheng also said.

"It shouldn't, my current one is still of use to him!"

Lin Ran shook his head.

"You guys stay here, I'll go check it out!"

With that, Lin Ran left the tent and headed to the City Master's residence with the other party.

Inside the City Lord's residence, Long Mo was currently standing on the city wall inside the residence, while below, Long Mo and the others were already lined up, each waiting for Long Mo's orders.

"Commander Lin!"

Seeing Lin Ran arrive, Long Mo greeted him directly.

"What is it?"

Lin Ran didn't bother to be polite with Long Mo and asked directly.

"Naturally, there is an important matter to discuss when I seek Commander Lin here!"

Long Mo made a gesture of invitation, and promptly took a step into the tent first.

Lin Yan frowned slightly as he also followed him in.

At this moment, inside the tent, a pair of maps were being placed on a table.

"Commander Lin must be working on a rescue strategy too!"

Long Mo pointed at the map and smiled.

Lin Ran was stunned and looked at the map, only to see that at this moment there were many dots marked on the map, which were truly the garrison places of Bashful and the others.

“What exactly is it?”

Lin Ran asked.

Long Mo smiled blandly, then said.

“I came up with a rescue plan and want Commander Lin to go away overnight to get our captive warriors back!”

“What plan!”

Lin Ran asked as his eyes narrowed slightly.

Long Mo definitely had his own intelligence system, he just hadn't shared it with Lin Ran at all before, and this was the first time he had done so.

“It's simple! My men investigated and found that the captured people are being held in a military camp near the Bajia garrison site, which is very secluded and at least ten minutes away from the other surrounding strongholds!”

“I'll deploy Long Yang's men and the experts from my men, plus the experts from your men, a total of fifty men, you'll move together and form five squads!”

“Three squads will block the passageway between this place and the other three places, while the other two squads will go in to rescue the people!”

“I've confirmed that the place where the prisoners are being held only has a maximum of two hundred enemies, twenty of you just need to rescue the thousand of us, you can easily break out then, and I will send thirty thousand troops to guard and support you at any time, as soon as you succeed you will be met immediately!”

Long Mo spoke out his plan in one breath.

Lin Ran frowned slightly as he listened.

Ba Xia's garrison was at least five hundred kilometres away from Heavenly City.

And even if they rescued the captives, it would still take them an hour to rush back to Tiancheng, and even if Long Mo's reinforcements were to hold at two hundred kilometres, they would still need nearly forty minutes to tangle with the other side's men.

That long was enough time for Bashful and the others to catch up with them.

If they did so, I was afraid that even if they were to rescue the people, not many of them would be left to return to Tiancheng alive in the end.

Chapter 1253

“Commander Lin, I know what you're worried about!”

Long Mo suddenly laughed.

“Don’t you forget that we’re sneaking in and there’s a squad all along the road to act as spotters!”

“By the time Ba Xia and the others send down and rush here, I’m afraid half an hour will have passed, and you only need to break out as quickly as possible to gain ten minutes to lose them and rejoin my reinforcements!”

“And, given your character, I’m afraid you don’t want to see your comrades just taken away by their captors!”

“I know, you are not at ease with me, so this time Long Yang will also participate in the plan, so now you can rest assured!”

Long Mo looked at Lin Ran, a light danced in his eyes.

“Good! I’ll do it!”

Lin Ran pondered for a moment and still agreed.

“Very well! I’ll give you one hour to prepare, and in one hour, the East City Gate will be set off!”

Long Mo said.

Lin Ran didn’t answer and turned to leave the tent.

On the way back to South City Lin Ran had a lot of thoughts in his mind.

He knew that this rescue plan was very dangerous.

There were only fifty of them, and although they were all very strong, fifty of them would undoubtedly be a sheep in a tiger’s mouth when they were faced with tens of thousands of people.

However, Long Mo had read his character very thoroughly and expected that he would not see death and not save him.

“Hey! I’m afraid this Long Mo is really ready to show his hand!”

Lin Ran thought to himself.

Even though he knew in his heart that Long Mo’s rescue plan had the element of risking himself.

After all, it was the lives of over a thousand people, and he could not ignore it.

When he returned to South City, Lin Ran told the crowd about Long Mo’s plan.

“I always feel a bit uneasy!”

Long Ya said with a frown.

Wang Yifeng and the others at the side also tried desperately to dissuade them.

“It’s alright! I have already decided that ? I have to go on this trip, it’s a thousand lives!”

Lin Ran insisted.

“Then I’ll go with you!”

Long Ya said busily.

“And me too!”

Ling Sa also said.

Lin Ran shook his head.

“No, you guys stay in South City, Brother Yijian, Brother Qin Yin, Brother Qin Feng! Please, you three come with me!”

Lin Ran looked at the three.

“Good!”

The three of them didn’t hesitate in the slightest.

The selection of the three men had been carefully considered by Lin Ran.

Li Mu Di was good at defence, and together with Fire Three Li Sheng, they would be enough to stabilise the South City’s army!

The Fire One Sword, Qin Feng and Qin Yin were very good at attacking, and this time they had to race against time to go to the rescue, so naturally it was impossible to defend and they would have to go all out.

“Get ready, we leave in an hour!”

Lin Ran said.

Time flew by, and an hour had passed in the blink of an eye.

At this moment, in a hidden place outside the eastern gate of Heavenly City, the fifty-man team had all finished dressing up.

In order to facilitate movement, everyone had changed into night clothes at this time.

Even in order to show Lin Ran his sincerity, Long Mo had even taken out a set of sensory stones for the fifty people, so that the people could always know each other’s movements.

“This operation, I am the commander, everyone must follow my orders or don’t blame me for being rude!”

Lin Ran said as he looked at the crowd.

“Understood!”

The crowd nodded their heads.

Lin Ran then looked at Long Yang who was at the side and said.

“You follow me the entire time, if you leave me for a hundred metres, you know the consequences!”

Long Yang didn't say anything, he just nodded his head.

He didn't dare to act recklessly in this operation, if there was a mistake, I was afraid that even Long Mo wouldn't be able to protect his life.

This was something he knew better than anyone.

"Set off!"

With that, Lin Ran gave an order, and at once fifty people set off in the darkness of the night.

And at that moment, within the City Lord's residence.

Long Mo also saw the scene of Lin Ran and the others departing through the light screen in front of him.

"My lord! They've set off!"

Hu Chong said next to him.

Long Mo nodded, before sneering.

"Heavenly City Guards, move in one hour! "

"Yes!"

Behind Long Mo,? The ten Heavenly City Guards stood in unison and nodded respectfully.

It was just that in the eyes of the Heavenly City Guard at the head, a trace of ice coldness flashed at this time.

.....

The desolate land is endlessly covered with plains.

In addition to the rocks, only on the sides and underneath the rocks, one or two tiny weeds could occasionally be seen.

"Commander, ten more minutes to reach the local barracks!"

Up ahead, Qin Yin ran up to Hu Lai and reported.

"Hmm!"

Lin Ran nodded and whirled to look at the five men beside him.

"Move according to the plan!"

"Yes!"

Four of them nodded, and followed the three, including Qin Yin, before quickly leading the squad away.

And at that moment, only the twenty-man squad led by the two men, Lin Ran and Fire One Sword, remained.

“Yijian! When we enter the barracks, you will be responsible for assassinating their general, and then just quickly meet up with me!”

Lin Ran instructed.

“Understood!”

Fire One Sword nodded his head.

“Good! Move!”

Lin Ran nodded his head.

With a command, all of them moved at once.

Thunder clouds rolled across the sky, more raging than usual.

And at that moment, in one of the largest tents in the military camp, the general who was guarding the place, Grizzly Bear, was lying on his bed with a look of enjoyment.

The grizzly bear was one of the generals sitting under the bully.

He was nicknamed Grizzly Bear because of his stout appearance and his exuberant and grey hair.

He and Zhumang belonged to two extremes.

The latter had a strong killing heart and was very good with a cold light blade.

Unlike the grizzly bear, he is very resistant and has a powerful iguana claw.

Moreover, he knew how to keep a low profile, so he was also the least favoured of the many generals in the Bashan, which is why he had this beautiful job of guarding the captives.

“Jim Mang that retard, like high profile results what, now is not dead!”

“The old man spoke long ago, one must not be too high profile!”

The grizzly laughed coldly.

And at that moment on top of him, a sultry beauty was twisting her body and smiled at the words.

“Your Excellency is most wise, here too, you don’t have to fight the army of Heavenly City head on, how quick!”

“Haha! Fast? You’re so fucking slow, how can I be quicker?”

The grizzly laughed coldly, while slapping the demonic beauty on the waist.

There was a crunching sound that made Grizzly Bear’s whole body very excited.

“You’re bad, my lord!”

The demonic woman pouted and then asked.

“By the way my lord, why are you free today! I thought you might as well summon someone tonight!”

“Haha! What? Miss old me?”

Grizzly sneered.

“It’s just that I’ve been too busy this afternoon, but now I’m free of things!”

“O? What’s the matter, my lord?”

The sultry woman asked with a smile.

The grizzly bear smiled heatedly at her words and laughed.

“Naturally, it’s something very important!”

“If it’s not convenient for you to say, my lord, forget it!”

The demonic woman laughed, she was also afraid that she had asked too much for Grizzly Bear to get angry.

“What can’t I say, it’s that Bashful has asked Laozi to send those captives inside the army in the rear overnight!”

Grizzly Bear laughed.

“In such a hurry?”

The demonic woman was a little puzzled.

“Who knows! Maybe they were afraid that the people from Heavenly City would come to rescue them, after all, there were more than a thousand of them!”

“But what does it matter to me, no one is here now!”

Grizzly said as he swept the beautiful woman into his arms and laughed.

“Now I don’t want to care where these captives have gone, I just want to see where my little beauty is at the moment!”

“Ouch, you’re bad, my lord! It hurts!”

The sultry woman pouted.

Chapter 1254

Just as Lin Ran and the others had begun to move.

Far away in the Sky City.

Li Sheng with his men had already put the South City under complete martial law, because of Lin Ran’s departure, there were only three squads left within the South City at this time, also for fear of something unexpected happening.

“What people?”

Just when Li Sheng and the others were on alert, suddenly a squad of ten people walked over, none other than the Heavenly City Guards.

“Quickly inform your second-in-command that Commander Lin’s operation has encountered an ambush and needs support!”

The man in the lead was busy saying.

“What?”

Hearing this news, Li Sheng instantly felt his head spin, while the three people beside him, Leng Zhan, had red eyes.

“What did you say!”

Long Ya and Ling Sa were also busy running over, their eyes filled with anxiety.

“You guys just don’t waste time, I just came to let you know that General Long’s support troops have already left, you don’t have to go too many people, look who all are going!”

The man in the lead said.

“We’ll go!”

Li Sheng said at once.

“Ah Zhan and Old Cat go back and inform Li Mu Di! Make sure the South City is protected, and we’ll go find Lin Ran!”

“Good!”

The two men also knew the importance of the matter, so they naturally wouldn’t delay at this point.

At that moment, Li Sheng took Leng Zhan Long Ya Wang Yi Ming and Lin Ran and followed the Heavenly City Guards out of the city.

.....

The thunder clouds rolled in the sky.

The Grizzly Bear compound was quiet, only a few patrol squads were on guard, everyone else had already gone into their dreams.

“Whoosh!”

Suddenly, a black shadow flashed past, followed by the guards standing guard in front of the tent door immediately falling down.

At the same time, a figure had already entered the tent in the dark.

The rest of the men were all guarding the outside of the tent.

“What a man!”

Suddenly, Grizzly Bear, who was lying on his bed, suddenly woke up and raised his hand to touch the weapon hanging over the bed.

But at that moment, a cold light flashed, and at once a long sword pierced directly through the grizzly's arm, splashing blood all over the ground.

"Ah!"

The sultry beauty next to him was immediately awakened and was in the corner with a face full of panic.

"Boom!"

A bright light came on, and the burning lamp inside the tent was lit up.

The grizzly bear's face changed when he saw the youth in front of him.

"Who are you!"

With one palm still pinned to the wall by his long sword, his other hand fumbled for a large blade to fire a sword at.

"Tell me, where are the hostages?"

Fire One Sword asked in a cold voice.

"Hostage? What hostage! I understand what you're talking about!"

Grizzly's eyes flashed.

"No?"

Fire One Sword's eyes snapped cold, followed by a handful of his longsword being drawn out.

His longsword was incomparably sharp, and with this jerk, half of the grizzly bear's palm was instantly thrown away, spilling blood everywhere.

"You have one last chance!"

"You!"

The grizzly bear's face was hideous, and he was busy pointing his acupuncture points to stop the flow of blood.

And with his other hand, he had already copied the large sword and slashed directly towards Fire One Sword.

"Seeking death!"

Fire One Sword's face sank, and he too had a killing heart.

The grizzly bear only had one arm left to use at this moment, so he was not able to resist in front of Fire Sword.

In just a few moments, he died under Fire Sword's sword.

“Let me go! I’m innocent, please let me go!”

The demonic woman looked at Fire One Sword in horror, her eyes full of pleading.

“Say, where are the hostages!”

Fire One Sword looked at the woman and asked in a cold voice.

The woman looked at the grizzly bear’s tragic appearance at this moment and said instantly in fear.

“I know, I say! They’ve all been shipped off and transported to the main camp in the back, they’re not here at all!”

Fire One Sword frowned slightly at his words.

But just when he didn’t know how to tell if what this man said was true or not, a commotion suddenly recurred outside.

“If you dare to lie to me, I will definitely kill you!”

With an icy glance at the woman, Fire One Sword followed and turned around and left the tent.

“The enemy has found out, run!”

As soon as she came out, the man next to her pulled up Fire Sword and ran.

Fire One Sword did not dare to delay either, and immediately went to join Lin Ran under the leadership of the sensory stone.

Meanwhile, Lin Ran had already led his men to the temporary dungeon built within the premises.

However, when Lin Ran arrived, he realised that he did not know any of the people being held within this dungeon.

Moreover, outside the dungeon, there were already enemies rushing towards the dungeon.

Lin Ran and the others only had ten people, while the other side had a garrison of over 200 people.

Although Lin Ran and his men were not afraid of these people, once the other side entangled themselves and the others, they would not be able to escape. By the time Bashful’s team arrived, it would all be over by then.

“Send the signal!”

Lin Ran cut down the enemy guarding the entrance to the dungeon with one swipe of his sword, and greeted Long Yang at the side.

“Good!”

Long Yang didn’t dare to delay, and immediately took out a flare and shot it directly towards the sky.

This kind of flare was different from the kind seen in normal times.

Instead, it was a combination of gunpowder and a special kind of phosphor.

As soon as the flare was shot out, the bright light could only be clearly seen for a hundred miles around.

“Not good! Quickly retreat!”

“Go! Retreat!”

“Retreat!”

Almost simultaneously, Qin Feng Qin Yin and the others who were originally stationed on the three roads ready to intercept the reinforcements from Bajia, immediately led their men and began to retreat.

And as Lin Ran and the others rushed out of the dungeon, they ran head-on into the arriving Fire One Sword.

“Whoosh!”

Suddenly, another bright light shot up into the sky, apparently the garrison here had also started to signal for help.

“Hurry up, the intelligence is wrong there are no hostages here at all!”

Lin Ran greeted, and immediately led Fire Sword and the others to start retreating.

With a twitch in his heart, Fire One Sword was busy telling Lin Ran about the information he had just received inside the tent.

Only then did the two men realise that Long Mo’s intelligence was simply wrong, and that there were no hostages here at all.

“Bastards! How dare you come and stage a sneak attack!”

Ba Xia was also awakened at this point, and led his men straight to the garrison in a single bound.

Only when he arrived with his men, he could only see the backs of Lin Ran and the others from afar.

“Damn it!”

Bashful was so angry that his face turned blue.

When he brought his men to take a headcount this was when he realised! The defending general here, Grizzly Bear, had been tragically dead for a long time.

“Good! Good! You Lin Ran, first you killed my Zhanmang, and then you killed the Grizzly Bear! I will remember this account!”

Ba Xia’s face was blue and his eyes were filled with killing intent.

....

Ten minutes later.

At the previously agreed upon gathering point, Lin Ran and the others all converged here.

“What’s going on?”

Qin Feng and the others asked as soon as they met, they hadn't even waited for the reinforcements to arrive before they saw the signal from Long Yang.

"There are no hostages here at all, the hostages have been taken back to the main camp at the back by Yun Song!"

Lin Ran told the situation.

The crowd almost simultaneously looked at Long Yang, who was on one side.

"Why are you guys looking at me, I don't know either! And I followed along on this adventure too, okay!"

Long Yang was busy explaining, he naturally knew that these people were suspecting that he and Long Mo had colluded a long time ago.

"Let's not talk about that, let's go! Back to Heavenly City!"

Lin Ran commanded, but unease danced vaguely in his eyes.

Long Mo's intelligence obviously wouldn't be this wrong.

But he still let himself bring people out, could it be that his purpose wasn't these hostages at all?

Rather, there was another purpose?

"Forget it, I'm sure we'll find out when we return to Celestial City!"

Lin Ran's brow furrowed.

Chapter 1255

Running through the night.

Finally, an hour later, Lin Ran and the others returned safely to Heavenly City.

But as soon as they entered the city, they ran into Hu Chong head-on.

"Commander Lin, General Long has been waiting for a long time!"

"I've been waiting for him for a long time too!"

Lin Ran's face was icy cold as he followed Hu Chong straight to the City Lord's residence.

Inside the City Lord's residence, Lin Ran met Long Mo.

"Lin Ran, I'm really sorry, my spies have also just sent back word that the hostages have been transported away!"

As soon as they met, Long Mo said guiltily.

"News just came back, your spies are really well informed, didn't they send back anything else?"

Lin Ran sneered.

“Look at you, you know how sincere I am about this operation, no one wants it to be like this, right?”

Long Mo spread his hands with a impatient face.

“Is it useful to say this? I just want to ask you, what are you going to do with this hostage!”

Lin Ran questioned.

“I’ve thought about it, but I’ll have to think about it in the long run. The hostages have already been transported to the local army, so I’m sure they can’t be saved for a while!”

Long Mo sighed.

“What a long term plan, I’m afraid that by the time you think of a good solution, the hostages will have all been killed!”

Lin Ran said in a cold voice, while turning around and walking away.

“Hey! What are you doing, Commander Lin? I thought we were discussing, why are you leaving!”

Long Mo was busy stepping forward to stop Lin Ran.

“Get out of the way!”

Lin Ran’s face was ugly, this Long Mo obviously wasn’t prepared to rescue him properly, and he was afraid that he had sent himself out for another purpose before, at this moment Lin Ran’s heart was vaguely uneasy, he just wanted to hurry back to South City.

“Little friend Lin Ran, what are you doing? Let’s discuss this again!”

Long Mo persuaded.

The more he did this, the more it made Lin Ran suspicious.

In normal days, Long Mo hated to get him killed, so how could he be so interested in discussing with himself today.

“Get out of the way!”

Lin Ran’s face was icy cold, his palm already holding the Condensing Frost Sword.

“Lin ....”

Long Mo was just about to speak, when suddenly Hu Chong next to him was rushing in.

“General no good! The corpses of our eyes have been found outside the city gates!”

“What? Where is the person?”

Long Mo asked busily.

“Outside!”

Hu Chong said respectfully.

“Go out and take a look!”

Long Mo greeted and immediately walked out.

Lin Ran also had a slight frown on his face at this moment and immediately followed him out.

The crowd soon saw three corpses on the ground outside.

All of them had blackened faces and their necks were as black as charcoal.

“This is the Phantom Lady’s poison needle!”

Long Mo’s face instantly changed.

“My lord, there is also a letter here!”

Long Mo smiled and quickly brought the letter over to check it.

At this glance he was instantly furious and his face turned blue.

“This Phantom Lady, she actually came to my Heavenly City to cause trouble again!”

Said Long Mo, looking towards Lin Ran.

“Lin Ran you have seen it all, this Phantom Ji killed my spies, this misinformation about the previous operation must have been deliberately put out by her as well, this is something I really wish for!”

Lin Ran looked at him coldly without speaking, turned around and left.

But he had just walked to the entrance of the city lord’s residence, and before he could go out, there was a noisy sound from outside.

Fixing his eyes on it turned out to be Ah Zhan and Old Cat.

“Let us in!”

The two kept shouting, but the guards at the entrance were not letting them in at all.

“Get out of the way!”

Lin Ran roared angrily and instantly walked out of the City Lord’s residence.

“What’s going on?”

Lin Ran looked at the two men.

“Boss,? Where’s Leng Zhan?”

“Yeah! And where’s Long Ya Ling Sa? We heard you had come back, but how come they didn’t come back with you!”

The two men asked busily.

“Back together? Where did they go?”

Lin Ran's face instantly changed, he had always been a little uneasy in his heart, and he didn't expect that something had actually happened now.

Old Cat immediately explained what had happened, and Lin Ran's face instantly changed as he listened.

"Mobilise the people and go out of the city to find someone!"

Lin Ran said in an angry voice.

"Yes!"

The two Old Cats were about to go back and shout for people at once.

But at that moment, a voice suddenly came over on the strong.

"You can't leave the city now!"

Lin Ran turned his head to look and was seeing Long Mo standing on top of the City Lord's residence with a bemused look on his face.

"Long Mo! Where the hell are they!"

Lin Ran's face was icy cold, and his eyes were filled with killing intent.

"You're asking me? I was going to ask you! When I got word that the hostage thing was a fake, I immediately sent my men to prepare to meet you!"

"In order to protect your people, I even sent the Heavenly City Guards, but now my Heavenly City Guards have disappeared along with them!"

Long Mo said angrily.

"Would you be so kind?"

Lin Ran said in a cold voice.

"It's up to you to believe it or not, the Heavenly City Guard went to the South City to inform your men, which many people saw with their own eyes!"

"And now my Heavenly City Guards have not returned either, are you the only one who has lost men, Lin Ran? Am I, Long Mo, the only one who hasn't?"

Long Mo scolded.

Lin Ran looked at Long Mo without saying a word.

At this moment, Lin Ran already knew that he had definitely fallen for Long Mo's trick.

A ploy to transfer the tiger away from the mountain.

"Lin Ran, I know you're angry, but the more you do this instead, the more you've fallen for Phantom Ji and the others' scheme!"

"My eyes were killed, and the Heavenly City Guards even disappeared with your men without if nothing else, they were obviously kidnapped by the Phantom Lady, you must remain calm now!"

Long Mo said pretending to be bitter.

“Calm? I’m not as cold-blooded as you!”

Lin Ran said as he turned around and was about to leave, and by now those of his men in Nancheng had also rushed over at the news.

“Lin Ran what do you want! I’m the general guarding this place, I don’t care if you want to go and save people, but you can’t bring so many people to their deaths!”

Long Mo said in a cold voice.

Lin Ran smiled and raised his head to look at the sixty people in front of him.

“They are warriors of my Skywolf Domain, although they are under your command Lin Ran, but you want to take real people to risk their lives for the sake of a few people, do you take me, the great general of the Skywolf Domain’s town guard, for a show?”

Long Mo scolded in a stern voice.

Lin Ran turned his head to look at him, his silver teeth clenched, and after a moment he spoke.

“Fine! I’ll go myself!”

Lin Ran said and turned around to leave.

Long Mo was right, he couldn’t risk taking so many people with him, it would be irresponsible for them.

But for Lin Ran to stand by and watch Long Ya and Ling Sa get into trouble and not care, he couldn’t do that either.

“I’m going too! I’ll represent the individuals!”

Suddenly, Old Cat, who was standing at the back, spoke up.

“And me too!”

Battle also spoke up.

“Me!”

“I ...”

“And us!”

Many of them stood out one after another, they looked at Long Mo with determination in their eyes, without a hint of negotiation.

“Nonsense!”

Long Mo’s face was ugly and he was just about to open his mouth to reprimand.

But Li Mu Di, who was at the side, spoke up.

“Who’s fooling around with you? You may not save the hostages, but we won’t let our comrades go without saving them!”

“Right!”

“Right!”

The crowd shouted in unison, which made Long Mo’s face look very ugly.

“Lin Ran you have thought this through!”

Long Mo looked towards Lin Ran, these generals were not listening to him at all, and he still wanted to start from Lin Ran’s side.

However, who knew that Lin Ran was with a smile on his face and turned around and rushed at Long Mo.

“You have your rules, but you can’t control the hearts of the people, they want to follow me, not because of how they can, but because I am their brother, their comrade in arms!”

“When I, Lin Ran, run into problems, I at least have someone to help!”

“But you, Long Mo, are too pathetic!”

After saying that, Lin Ran didn’t bother with Long Mo and turned around and led the group out of Heavenly City.

#### Chapter 1256

“Humph! You run wild first! Sooner or later, I’ll make you beg for your life and die!”

Looking at Lin Ran’s back as he left, Long Mo’s fists were clenched with killing intent in his eyes.

Lin Ran, with his men, left Wolf City, looking for traces of Li Sheng and the others along the way.

However, they chased after them for half an hour, but found no traces.

“Boss! Something is wrong with this situation!”

Old Cat suddenly caught up from behind.

“What?”

Lin Ran asked busily.

“Leng Zhan is a retired soldier king, and we all have a tacit understanding with each other, if they were really taken away in an ambush by the Phantom Lady, they would have inevitably left a signal along the way, but I haven’t found any signal at all this whole way over!”

Old Cat’s brow furrowed.

“Right! Leng Chop is more powerful than both of us, so if even he couldn’t leave a mark, then there are only two possibilities!”

Ah Zhan said as well.

“The first is that the other side is too powerful and they don’t stand a chance! The second is that the other party and probably not the Phantom Lady, but an acquaintance! Leng Xuan and the others weren’t alert ultimately resulting in no chance of leaving a mark!”

Lin Ran nodded at his words.

There was indeed this possibility.

Lin Ran knew Leng Zhan’s character and ability very well, so many times in the war, large and small information had been collected by his organization, if it was possible to subdue Leng Zhan without knowing the situation and still have the latter not leave a mark at all, this was indeed somewhat unrealistic.

“And I always had some doubts about Long Mo’s words!”

Lin Ran suddenly spoke up.

“The premise that Phantom Lady led an ambush on Li Sheng outside the city simply doesn’t hold water!”

The crowd was stunned at his words, not understanding Lin Ran’s meaning.

“Think about it, if Long Mo’s news of getting the hostage was deliberately leaked to him by Phantom Ji, then the people Phantom Ji really wanted to ambush would have been us, the squad that went to the rescue, and not the people who rushed to support them later!”

The crowd was suddenly struck by the words.

“Right! It’s much easier to ambush fifty of you than to ambush a support unit!”

Ah Zhan said busily.

“So, there must be something wrong here, and if I remember correctly, it should have been the Heavenly City Guards who went to inform you guys in the first place, and then Li Sheng and the others disappeared, have you guys ever seen the Heavenly City Guards?”

Lin Ran asked.

Old Cat and Ah Zhan shook their heads one after another.

Lin Ran’s entire heart settled at the thought.

Who the current Heavenly City Guard really was, apart from Liu Feng and the others, no one knew better than Lin Ran.

“Take this place as the centre and search around, within a ten mile radius, don’t range too far to avoid spooking the snakes!”

“Fire Three, you lead the men to cooperate with Old Cat and Ah Zhan to keep a good lookout, if you find any of Long Mo’s eyes and ears directly cut off one of them!”

Lin Ran’s eyes were icy cold.

“Yes!”

All of them took orders.

At the same time, the Heavenly City City Lord's Mansion.

"Congratulations General, congratulations General, this Lin Ran is now throwing himself into the net, bringing sixty men to the Phantom Lady, that's not asking for death!"

On the side, Hu Chong laughed.

Long Mo smiled and nodded, but said.

"We can't be too happy now, this Lin Yan is cautious by nature, and this time the plan was too hasty, it can be described as full of loopholes, that Long Ya and Ling Sa are obviously very important to him, that's why he didn't think carefully!"

"The biggest fear now is that he will suddenly react, then our plan this time will be very difficult to achieve!"

"General, don't worry, ten Heavenly City Guards are there, even if we can't kill this Lin Ran we can still skin him, then we will have a reason to send troops to crush him!"

Hu Chong laughed.

Long Mo also revealed a smile at his words.

"A crusade! The reputation of attacking the Heavenly City Guards is enough to press him to death on Laozi's sword board!"

Long Mo had a good plan, but unfortunately, he did not know that the current Heavenly City Guard was no longer the same as it was back then.

.....

On the desolate plain, a figure quickly rushed in, it was none other than Fire One Sword.

"Commander, there are people from the Heavenly City Guard looking for you up ahead!"

"Go!"

Lin Ran's heart immediately lifted, he had indeed guessed correctly, the Heavenly City Guard had definitely not gone far with Li Sheng and the others.

"Inform this down, tell Qin Yin and Qin Feng to go and help Fire Three as well, we definitely can't let Long Mo's eyes find out that we've met up with the Heavenly City Guards!"

Lin Ran instructed as he rushed off.

The people were all puzzled in their hearts, but they didn't ask too many questions at this point and immediately went to make arrangements.

"Ran Zi, is the Heavenly City Guard ....."

At this time there were no bystanders, fire a sword looked here Lin Ran asked.

Lin Ran nodded and did not speak.

Fire Yijian, however, looked pleased in his heart.

He had long felt that something was wrong, this Heavenly City Guard was clearly Long Mo's deadly servant, but now he had actually taken the initiative to find Lin Ran, which was obviously somewhat not quite in line with the cleanup.

Under the leadership of Fire One Sword, Lin Ran soon met the man from the Heavenly City Guard.

"Commander Lin!"

Upon seeing Lin Ran, the man from the Heavenly City Guard immediately bowed respectfully.

"You are?"

Lin Ran asked.

"I am a subordinate of General Liu and have come to pick you up specifically as instructed by the General!"

The other party said respectfully.

"Where is General Liu?"

Lin Ran asked busily.

"They are all at the Ten Mile Slope!"

"Ten Mile Slope?"

Lin Ran was stunned at his words.

He naturally knew of this Ten Mile Slope, which was a place located two hundred kilometres outside of Tiancheng.

On a normal day, Lin Ran and the others would not go there at all, as this Ten Mile Slope was just on the side of the main road, and no one would take a detour to go there.

"Let's go!"

Lin Ran did not want to delay for a moment and immediately led his men straight to the Ten Mile Slope.

When he was still a dozen kilometres away from the Ten Mile Slope, Lin Ran sent down an order for Fire One Sword, Li Mu Di, Fire Three and other generals to station themselves around the Ten Mile Slope and make sure they were on guard.

The reason was that once Long Mo found out that he had crossed paths with the Heavenly City Guards, then the identity of the Heavenly City Guards would definitely be exposed, and the plans of Liu Feng and the others would be threatened then.

Only after arranging all this did Lin Ran take Li Bayi alone and go up the Ten Mile Slope with the Heavenly City Guard.

Inside a very secluded cave on the Ten Mile Slope, there was something else at the moment.

Inside the cave, which was originally desolate and impossible to live in at all, was now a flash of people.

“How can we trust you!”

Leng Xuan looked at the other party, his face cold.

And beside him, Ling Sa Long Ya Li Sheng Wang Yifeng and the others all looked at each other warily.

“Haha! You will all believe it soon, because I have already picked up Lin Ran!”

Liu Feng laughed, while turning to look at the entrance of the cave behind him.

At this moment a figure had already walked in, if not Lin Ran or someone else.

“Boss?”

“Ranzi!”

“Lin Ran!”

When they saw Lin Ran arrive, everyone was stunned, followed by their eyes getting red.

“Where have you been!”

Long Ya and Ling Sa ran over almost simultaneously, both of them with tears in their eyes.

“It’s alright,? It’s alright! I’m not here now!”

Lin Ran laughed helplessly.

“Ranzi, what the hell is going on here, and how did this Heavenly City Guard get you here too? You didn’t get caught too, did you!”

On the side, Wang Yifeng was still a little unresponsive.

Lin Ran pointed to the leader of the Heavenly City Guard on the side and laughed.

“Do you know who he is?”

“Who is it? Isn’t he one of Long Mo’s minions’ lackeys?”

Wang Yifeng wondered.

Lin Ran smiled helplessly and said.

“He is none other than the legend of our Southern City, General Liu Feng Liu!”

“What? He’s Liu Feng?”

The crowd froze, they had heard legends about Liu Feng even when they first arrived in South City, but no one had expected to see a real person today.

“What the hell is going on here?”

The crowd became even more confused.

Seeing this, Lin Ran greeted the crowd and sat down, before telling them the whole story from beginning to end.

Chapter 1257

The crowd was also very excited to hear this.

Especially when they heard that Lin Ran had managed to get General Liu Feng to escape from the dungeon and now he had even replaced the Heavenly City Guards, they were even more excited.

General Liu Feng was a legend in South City, and now that they could actually see him in person, it was something they were incomparably excited about.

“What are you going to do now?”

After the crowd rested, Lin Ran then left the cave with Liu Feng.

Standing outside the cave, Liu Feng asked.

“I don’t know, I can only take one step and see what happens!”

Lin Ran shook his head.

He really didn’t know what to do either, the situation was getting more and more complicated nowadays, there were still over a thousand captives in the hands of Hegemony in Heavenly City, and he didn’t know what Hegemony and the others would do next.

And within the Heavenly City, Long Mo was also eyeing Lin Ran, and today he was even designing to send Lin Ran to his death.

These things were acceptable to him, but what was most unacceptable was that Long Mo had already set his sights on Lin Ran, Long Ya and the others.

This was his absolute scales of rebellion.

“That Long Ya should also be from the dragon clan, Long Mo shouldn’t be so cruel!”

Liu Feng suddenly said.

Lin Ran smiled but shook his head.

“There’s also a lot of strife within the Dragon Family, and it’s obvious that this Long Mo and Long Ya are different factions!”

Long Mo and Long Yang were very close, and obviously belonged to Long Yu’s side as well, while Long Ya’s father, Long Xu, was on the other side.

It was good that the two sides didn’t fight to the death when they met,? And expecting Long Mo to let Long Ya go, obviously this is something unlikely.

“We don’t have much time left, and if we delay going, I’m afraid Long Mo will be suspicious too!”

Liu Feng said.

Lin Ran naturally understood what Liu Feng was but minded about.

“Now we’ll have to see what happens tomorrow!”

Lin Ran said.

“Tomorrow you can take the people back first, I definitely won’t be able to go back for now!”

“Hmm! That’s good! We’ll also have an inside and outside strategy!”

Liu Feng nodded his head.

If Bajia didn’t bring anyone to call for battle tomorrow, it would be fine, Liu Feng could take some of them back and leave one or two behind, so he could also deal with Long Mo.

And it was definitely impossible for Lin Ran to go back for the time being, especially not with the Heavenly City Guards, otherwise Long Mo would definitely be suspicious of both.

And if tomorrow Bajia brought someone to call for battle, Lin Ran would have some difficulty.

If he didn’t go to war, I’m afraid that no one within Tiancheng could resist,? This would be a huge blow to the morale of the generals within the Heavenly City.

But if he appeared, Long Mo would inevitably wonder why Lin Ran had not gone forward to save Ling Sa and the others.

“I do have an idea for this!”

Suddenly, Liu Feng opened his mouth and laughed.

“After I meet Long Mo tomorrow, I can say that I misled you and gave you the news that Ling Sa and the others have been held hostage by the Phantom Lady in Hegemony’s army, so that you will have a reason to show up as well!”

Lin Ran nodded at his words, that was indeed a solution too.

“But for safety’s sake, if the situation isn’t dire tomorrow, it would be best if you don’t show up!”

Liu Feng said.

Lin Ran nodded, now it would mainly depend on how Bajie was prepared to act tomorrow.

And in order to protect Liu Feng and the others from having their identities exposed, Long Ya and the others could only stay at this Ten Mile Slope for the time being.

But it didn’t matter to any of them, mainly because they saw that Lin Ran was safe and sound, so they were naturally relieved.

Leng Zhan did not go out to collect intelligence again, the task of intelligence and vigilance was given to Old Cat and Ah Zhan, this was also to prevent being discovered by Long Mo’s eyes.

The night passed quickly.

In the morning at dawn, Lin Ran was awakened by a rumbling cacophony.

At the same time, Old Cat had rushed in.

“Boss,? It’s not good! Overlord is heading towards Heavenly City with a full hundred thousand men!”

“How many?”

Lin Ran froze at the sound of his words, a hundred thousand men and horses! This was definitely considered the main force.

“A full hundred thousand, there will only be more not less, and we saw from a great distance that the thousand or so people who were captured earlier were also being carried by them!”

Old Cat said busily.

“Has General Liu been informed?”

Lin Ran asked busily.

“It has been said, General Liu has left with his men, he left two men behind to say that everything is according to the plan from last night!”

Old Cat said.

Lin Ran nodded at his words and immediately passed the order.

“Have the men gather and wait for my orders at all times!”

Ten minutes later, Lin Ran’s group had assembled at the bottom of the Ten Mile Slope, and at that moment on the mountainside.

“You can’t go!”

Lin Ran looked at Li Sheng, Wang Yi ordered Long Ya Lingya and Leng Zhan, his face solemn.

“Once you guys are exposed now, it’s not only General Liu Feng who will be in danger, but also those of us!”

“Mm!”

Li Sheng and the others nodded solemnly, they also knew the severity of the situation at this time naturally they would not say anything more.

“General Liu Feng has left two men here to protect you, as long as we wait for Bajia to retreat, I will come back and rejoin you!”

Lin Ran looked at the crowd and said.

“Mm!”

The crowd nodded their heads.

Lin Ran didn’t say any more, turned around and left.

“Wait!”

Suddenly Long Ya stepped forward and hung an incense bag around Lin Ran’s neck.

“I made this last night, it has my usual spices in it, whether it’s for me or for Ling Sa, you must come back safely!”

Long Ya said with tears in her eyes.

“Why are you suddenly like this?”

Lin Ran gave a smile.

“I don’t know, I’m just scared!”

Long Ya said.

Lin Ran’s grip on Long Ya’s hand tightened and he turned to leave without saying more.

.....

At this time, Bajia had already brought his army of 100,000 soldiers to the city.

Numerous figures stood less than a hundred miles away from the Heavenly City, a black press that could best be described as an army pressing down.

The City Lord’s Mansion.

At this moment, Long Mo was sitting on the main seat, his face gloomy and terrifying, how could he have expected that Bashou, who had just captured over a thousand people yesterday, would actually return today with his men.

And this time it was with the same people he had captured before.

“Report! General, Bajia and the others have set up a formation and placed all our captives at the front of the line, and have threatened to kill one a minute if they don’t go out and surrender!”

“Report! General, Bashful and the others have begun the massacre!”

“Report! General, they have already killed two people!”

“Report ....”

“That’s enough!”

Long Mo slapped the table and his body directly disappeared from the spot, and the next moment his entire body had appeared on the city wall of the northern city.

At this moment, his whole body was filled with killing intent, and he looked at Hegashi’s group outside the city, and said in an angry voice.

“Bashful! You try killing one more!”

“O? Long Mo! You finally gave up and came out!”

The axe in Ba Xia's hand gave a beat and stopped killing, looking at Long Mo on top of the city wall from afar with a smile in his eyes.

"Bashful! If you are a man, let's see the real thing on the battlefield, you are not ashamed to slaughter your prisoners!"

Long Mo said in a cold voice.

Although he was cold-blooded, he understood that if all the 1,000 prisoners were slaughtered by Bashar in the northern city, then he, as the general of the guard, would not have to wait for the Mysterious Alliance's men to arrive, and his men would have to turn against him.

He glanced at the soldiers in the city.

At this moment, the crowd's eyes were red with rage.

Among the thousand or so captives outside were their friends, their comrades in arms, and even their loved ones.

"Long Yang! It's all your doing!"

Long Mo glanced icily at Long Yang in the crowd next to him, his killing intent rising.

Long Yang lowered his head in fear, not daring to speak, afraid that at this moment Long Mo would directly slap himself to death in a rage.

Chapter 1258

"Long Mo, how in the world did you get to sit as this gatekeeper general? Is it because you're so stupid that the Mystic Alliance took pity on you!"

The overlord outside the city laughed.

Long Mo's face was blue and did not speak.

"I have these thousand or so captives, and you want me to meet you in battle? Are you stupid or am I stupid!"

"Besides, do you dare to come out?"

Long Mo laughed.

"You!"

Long Mo suddenly felt a chill throughout his body.

Just now he did have the urge to rush out, he still did not believe that the Wolf King dared to leave his Wolf City to follow the large army and come to Heavenly City.

But at this moment, when he heard Bashful's shout, he suddenly reflected.

What if the Wolf King had really come? Without the protection of the formation within the city, the Wolf King would be enough to hold him back, and when he faced the siege of 100,000 of Overlord's army, it would be impossible for Heavenly City to defend against it.

And Long Mo's greatest fear was far more than that; Bajie and the others had Dao soldier armour.

But who could guarantee that the others did not, and the quantity of this Dao soldier armour was not clear to him even now.

What if the Wolf King also had it? Then it wouldn't be as simple as tangling them, but his life would be in danger at any moment.

"What exactly do you want!"

Long Mo looked at Ba Xia, his eyes cold.

"How? I don't want to do anything, it's simple! Come out and surrender and I'll let them go, otherwise I'll kill one a minute!"

Ba Xia said and raised his hand and slashed his axe, at once the head of one of the captives in front of him fell to the ground and blood spurted.

"Stop it!"

Long Mo's face twitched out, this move by Ba Xia was like riding on his head to shit and piss, and slapping him.

"Stop? Why should I stop! I don't think you've promised me yet!"

Bashful laughed.

"Don't worry, there are over a thousand people here, enough for me to kill for now!"

Bashful said and raised his hand to continue killing.

"Hu Chong! Where's Hu Chong!"

Long Mo said angrily.

"General!"

Hu Chong ran out from the side and asked busily.

"Bring the men! Lead the men out to me, I'll give you 100,000 elite soldiers, lead the men to rescue these prisoners immediately!"

Long Mo chided.

"General, you can't go!"

Hu Chong said busily.

"Our combined attack formation can only be defensive, in the whole of Heavenly City, apart from you only Lin Ran can fight against Bashful!"

"If we send our troops now, we'll be playing right into the enemy's hands!"

"How does Bashful know that Lin Ran is not in the city!"

Long Mohechi said, by now he was a little panicked.

“General, last night Lin Ran led his men out of the city, with such a big battle, how could Hegui’s blindness not know!”

Hu Chong said busily.

Long Mo only felt his head wince and his whole body sat down on a chair.

“Bastard!”

Long Mo couldn’t help but curse, no matter how he calculated, he never thought that his one move would lead to such a result today.

But if the situation at hand was not dealt with, a group of soldiers would definitely be completely disappointed with him.

And when that happened, even he, Long Mo, could not guarantee what would happen.

“Why hasn’t the general sent out his troops yet!”

“But! Why hasn’t the army marched out yet!”

“What on earth is the General doing!”

Sure enough, soon the voices of the discontented generals came from beneath the city walls.

Those who had been killed were their friends, their comrades!

“Where is the General!”

“Damned bastards! Where are the men!”

The crowd’s emotions were becoming increasingly unstable.

At this moment, Long Mo was sitting on a chair, not saying a word, his face so grave that it seemed like water could drip out of it.

“What should we do now, General?”

Cold sweat also broke out on Hu Chong’s forehead, not knowing what to bar.

“Pass the order down!”

Suddenly, Long Mo spoke up.

“Do not answer the battle today! This is an ambush from the other side, no one is to leave the city!”

“This ..... General!”

Hu Chong didn’t know what to say to the generals.

“There is no this or that, this is an order!”

Long Mo said angrily.

“Yes! General!”

Hu Chong had no choice but to go down and pass on the order.

But then the whole city resounded with the hissing of discontent from the generals.

“No troops? Are we just going to watch so many people being killed by Ba Xia?”

“Shit! Those who died weren’t your relatives, were they?”

“Fucking cowards! Hu Chong, you coward!”

“Where’s Long Mo! Is that how he became a general?”

“We want to build General Long and bring him out to see us!”

The crowd hissed, but even Hu Chong was hiding at this point, and no one responded to them.

“We’ll go ourselves!”

Suddenly, a voice from the crowd rang out, it was none other than Li Tie.

“Right! We’ll go by ourselves!”

This shout from him immediately resonated with many people around, and one by one, the generals all surged towards the city gates.

But it was not such a simple matter to open this city gate.

There was a runic formation on the gates, and to open them, one had to receive at least an order from Long Mo.

Or Hu Chong’s token to open it.

And at this moment, it was obvious that Long Mo and Hu Chong would not grant the order.

“Bang!”

Faced with Long Mo and Hu Chong’s inaction, a group of generals chose the most primitive method!  
Bash the door!

And listening to the “bang, bang, bang” sound of the door banging out from below, Long Mo’s face was getting ugly.

.....

Fifty miles away from the ten-mile slope.

“Commander, something big is wrong! Baji has set up a battlefield under the city for Long Mo to surrender, killing one prisoner a minute if he doesn’t surrender, he has now killed almost a hundred people!”

Old Cat brought back the news.

“Bastard! Where’s Long Mo? Why isn’t he sending troops!”

Lin Ran said angrily.

“Long Mo is probably afraid that he won’t be able to withstand the attack from the Throwing Party and has simply chosen not to send out his troops!”

“No troops? This scum of the earth!”

Lin Ran was completely furious.

“Open up! Get back as fast as you can!”

“Yes!”

The crowd immediately began to set off.

Long Mo could watch these people die and do nothing, but he, Lin Ran, could not.

Each and every one of these people was a life.

And many of them had followed Lin Ran on his campaigns, so for him to give up on these people, he couldn’t do it.

“Commander, there are too few of us, if we go in without permission, I’m afraid!”

Fire Three at the side was busy reminding.

“Don’t worry! Long Mo wouldn’t be so stupid, he’ll definitely go out with troops if I bring them back!”

Lin Ran said.

Fire Three didn’t say anything more when he heard that.

And at this moment, Long Mo was indeed eager for Lin Ran to hurry back.

He couldn’t leave the city, leaving the city would endanger his life, and there was no way he would take that risk.

And now if Lin Ran could come back, perhaps the difficulty at hand could still be overcome.

“Report! General! The Heavenly City Guards have returned from the South Gate!”

Suddenly, Hu Chong ran up.

“Tell them to come and see me!”

Long Mo said in a cold voice.

Lin Ran had taken his men out last night, and I’m afraid that only the Heavenly City Guards knew where he was now; his eyes were all wiped out last night, and he was now completely in the dark about Lin Ran’s whereabouts, knowing nothing.

“General!”

Soon after, Liu Feng rushed back with the men from the Heavenly City Guard.

“Where is Lin Ran?”

Long Mo asked directly, at this moment he was more interested in knowing where Lin Ran was, ? rather than Li Sheng and the others.

“General, we just ran into Lin Ran!”

Liu Feng said busily.

“Earlier, when we saw Hegemon with his team, we hurried back, during which we ran into Commander Lin Ran, and told him that Li Sheng and the others had been brought back to Hegemon’s camp by Mimi Ji, at this time, if my subordinate is correct, Lin Ran is already rushing back with his men!”

“Lin Ran didn’t suspect you guys?”

Long Mo asked with an icy expression on his face.

“No! I left two men to guard Li Sheng and the others, telling Lin Ran that we had been ambushed and the men had been snatched away by the Phantom Lady!”

Liu Feng said.

Long Mo did not speak, pondering the truth of Liu Feng’s words.

Just then, suddenly the crowd but a cheer came from the crowd.

“Look! That’s Commander Lin, Commander Lin is back!”

Chapter 1259

“It’s really Commander Lin, Commander Lin didn’t leave us behind he’s back!”

“Where’s Long Mo! Why isn’t the city gate open yet!”

The crowd all got excited.

The icy coldness on Long Mo’s face finally turned into ecstasy as he immediately shouted.

“Open the city gates! Send out the troops!”

After saying that, Long Mo then turned around and smiled at Liu Feng.

“Well done! There will be heavy rewards when the matter ditch this time!”

“Serving for the general, I don’t ask for heavy rewards!”

Liu Feng said respectfully.

.....

“Rumble!”

The city gates opened wide and at once tens of thousands of elite soldiers surged out, rushing straight towards the ranks of Ba Xia and the others.

The sky and the sea collapsed, shouting and killing in the sky.

There were countless sounds of weapons clashing, shouts of killing and screams of misery.

At this moment, Basham also saw Lin Ran and led a pair of men to charge straight ahead.

“Free the hostages! The others will fight separately!”

Lin Ran gave an order, and immediately led the men to meet up with Bashful.

Fire One Sword led a squad that even charged directly at the mass of people being captured, freeing the captives at the first opportunity.

As soon as they were rescued, they rushed into the battlefield and killed the enemy.

The whole area outside the northern city was in chaos.

It was impossible to tell where the enemy was and where they were not.

Only the constant splashes of blood foretold the tragedy below.

“Lin Ran! Take your life!”

With a flip of his giant axe in his hand, Bashashash had reached Lin Ran.

“Bang!”

Lin Ran blocked it directly with the Condensing Frost Sword in his hand.

In an instant, the giant axe flew straight backwards.

And Lin Ran was also shaken backwards a few steps.

“You’re the only one who can make me look high!”

Bashful caught the giant axe with a proud face.

“Is that so?”

Lin Ran’s eyes always held an icy chill.

Ba Xia’s strength was indeed very good, it was just a pity that the two belonged to different camps, if they were comrades perhaps they could have become good friends.

“But today, it’s time for everything to end!”

Ba Xia’s eyes fiercely chilled, his whole body’s power suddenly surged, and a terrifying pressure actually diffused out in all directions as if it were a vortex.

In an instant, the speed of the people around him was obviously weakened.

“Hm?”

Lin Ran frowned slightly as he watched, what kind of move was this that he hadn’t seen before at all.

“This deceleration field move since I finished cultivating it, you are the first person to see it, and likewise you will be the first person to die under it!”

There was a cold smile in Bashful’s eyes.

“If the Wolf King hadn’t given the order, I would have really wanted to play with you for a few more days, but unfortunately it all gives an end today!”

As soon as Bajaj’s words fell, his body was already charging towards Lin Ran.

The giant axe in his hand even cut through a stream of light straight towards Lin Ran’s chest.

“This deceleration field!”

Lin Ran’s heart couldn’t help but lift as he dodged.

This deceleration field was suppressing him so much that he could only use three layers of his current speed!

“Not good!”

When Lin Ran failed to dodge, a huge axe in front of him was already slashing over.

He was busy using his Frost Condensation Sword to parry it.

But the tremendous force of the bash combined with the impact created an instantaneous explosion that directly shook Lin Ran’s entire body and sent him flying.

“Poof!”

Lin Ran smashed heavily into the ground, cracking the ground,? At the same time a mouthful of fresh blood directly spurted out.

“Kid! You can’t get rid of this deceleration field at all, unless you’ve completely surpassed his speed and ignore this deceleration field!”

“Otherwise as long as you get close to him you will only be beaten!”

Pillow’s voice thought up, obviously noticing this as well.

“Then what’s the solution!”

Lin Ran asked busily.

“Two ways, expose my presence and let me just kill him!”

“Or, play with him! ”

“Shit! You call that a solution?”

Lin Ran was somewhat speechless.

“How is this not called a solution, it’s called a strategy!”

The pillow said.

“If I’m right, he’s just like those Heavenly City Guards you decimated before, his body is modified and is very afraid of the Pure Yang True Blood and the True Blood of the Healing Dao inside you!”

“You just play with him and see who can’t carry it first!”

“And what if I can’t carry it off first?”

Lin Ran was a little speechless, he had never really tried this type of fight before.

“If you can’t carry it first, unless Long Mo or I make a move, you’re bound to die today!”

The pillow said.

“What you have inside you is the true Qi of the healing path, whether it’s recovery or resilience it’s far superior to his, if you can’t even fight to death like that, then it can only be said that you’re destined for this calamity!”

Lin Ran was silent.

In today’s situation, it was almost impossible to get Long Mo to do anything.

The pillow book was Lin Ran’s last card, and he would never allow it to be exposed until it was a matter of life and death.

“Good! Then let’s play with our lives!”

Lin Ran’s eyes fiercely became sharp, and the Condensing Frost Sword in his hand even let out a low humming sound, as if it was responding to him.

“I’ve never used the Condensing Frost Sword Technique back then, so let’s take a good look at just how powerful this Condensing Frost Sword Technique is today!”

Battle intent danced in Lin Ran’s eyes as a layer of ice crystals actually slowly condensed on the Condensing Frost Sword in a glorious manner!

“Haha! Angry? That’s funny! That’s funny!”

Looking at Lin Ran’s suddenly ice-cold eyes, Ba Xia laughed, and followed with a flash of his body to pounce towards Lin Ran once again.

“The angrier you get, the more excited I get, I just love it when you look angry, but can’t beat me!”

“Bang!”

As the words fell, the giant axe had already reached Lin Ran.

This time, Lin Ran did not dodge.

The Frost Condensation Sword in his hand pointed distantly and directly met it.

“Bang!”

The two collided and in an instant, the frost on the Condensing Frost Sword only seemed to blossom.

Countless ice crystals spread along the giant axe, quickly enveloping the entire giant axe.

“Bang!”

The impact of the giant axe instantly penetrated the Frost Condensation Sword.

Lin Ran’s palm tightly gripped the Frost Condensation Sword as he flew backwards with his sword.

“The ice crystal that connected the Frost Condensation Sword and the giant axe shattered with a loud click.

At this moment, a layer of frost had already formed on the palm of Ba Xia’s hand, which was holding the giant axe.

“What the hell!”

He smashed his axe into the ground.

With a bang, the ice crystals covering his skin and axe were all shattered into pieces and scattered to the ground.

At this moment, Ba Xia clearly felt that the area on the back of his hand, which was covered by ice crystals before, started to become a bit tingly and uncomfortable.

“What the hell is this attack!”

Bashful was a little angry.

Within his deceleration field, Lin Ran had actually still injured him, although these injuries were not painful to him.

But it was something that made him incredibly angry, as if Lin Ran was insulting him with this strike

“Humph! You’ve really surprised me by not forgetting to fight to the death even at the end of your life!”

Bashful looked at Lin Ran with icy coldness in his eyes.

“But that’s the end of your bouncing around!”

This time, Ba Xia held his axe in both hands and raised it high towards the sky, followed by a violent swing, the sharp blade of the axe heading straight for Lin Ran’s body.

With such a terrifying force, if it landed on Lin Ran, he would be crippled on the spot, if not killed.

“Go!”

Lin Ran pointed distantly, and the Frost Condensation Sword flew straight out towards the giant axe.

Following this, he joined his hands together, and immediately the ice crystals on the Frost Condensation Sword skyrocketed, layer after layer of ice crystals wrapping around the sword as if it was a lotus flower in full bloom.

“Ice Lotus Explosion!”

Suddenly, Lin Ran fiercely let out an explosive shout, followed by the ice crystals on the Frost Condensation Sword instantly exploding, and countless ice crystal lotus flowers flew out in all directions.

“Eh?”

Bashful looked at those roiling ice crystal lotus flowers, and at this moment, a chill actually grew in his heart.

Chapter 1260

“Bang!”

The giant axe and the Condensing Frost Sword instantly collided, and at this moment countless ice crystals and snowflakes flew across the sky.

Many of them were directly attached to the giant axe.

There were even more that all attached to Bashou’s body only.

At this moment, Ba Xia’s whole body was covered with ice crystals, just like an ice man sculpture standing motionless in the same place.

Underneath the ice layer, he only felt a tingling pain in his skin, as if the ice crystals were about to sting his body.

“Bang!”

Above the giant axe, the ice crystals shattered as much as they could.

Lin Ran’s entire body shot up into the sky and directly gripped the Frost Condensation Sword, following which the blade slashed across the palm of his hand only, immediately splashing blood everywhere and staining the entire Frost Condensation Sword red.

“Kill!”

Lin Ran roared, and the long sword in his hand slashed directly at the giant axe.

With a “bang”, the axe trembled and flew backwards.

Lin Ran didn’t stop at all and ran straight at Bajia with his Frost Condensation Sword in his hand.

At this moment, cracks had already appeared in the ice crystal layer of Bajia’s body.

It was obvious that he was desperately trying to break through the ice layer inside.

With the Frost Condensation Sword in hand, Lin Ran slashed at the ice crystal layer on Bajia’s body.

At once, countless ice crystals scattered directly, and a palm appeared to grab the Frost Condensation Sword.

Lin Ran gritted his teeth and the power in his hand surged, pulling the Frost Condensation Sword out of Bajia’s hand with one hand.

At the same time, Ba Xia’s palm instantly broke open into a huge wound, splashing blood all over his body.

“Bastard!”

Ba Xia backed up violently, his entire body drenched in blood, and apart from the gash Lin Ran had made on his palm, wounds were now appearing in multiple places all over his body, one tiny as if he had been pricked by a needle.

Blood was continuously seeping out.

“Give me death!”

Bajaj was incomparably angry, and with a wave of his palm, the huge axe behind him flew backwards directly, facing Lin Ran with a blow.

However, at this moment, Lin Ran’s eyes were glowing red, and the Frost Condensation Sword in his hand slashed straight up towards Bajia.

“Bang!”

There was a loud sound, and Bajia’s body took several steps backwards.

However, Lin Ran’s body snapped to the side at that moment, and he had already reached the side of Ba Xia.

“Eh?”

Ba Xia was startled, but it was already too late to defend.

Lin Ran’s previous ice crystal explosion had weakened his speed by a very large amount.

It was just about the same as Lin Ran’s speed at this moment.

When he saw this scene, a cold glint flashed in his eyes as he picked up his huge axe and slashed towards Lin Ran’s body.

In his opinion, Lin Ran would not dare to exchange with himself, as his axe was very powerful.

But he was wrong after all.

There was madness in Lin Ran’s eyes, and the sword in his hand didn’t stop at all.

The next moment, he heard a “poof!” The next moment, Lin Ran’s longsword had already penetrated the abdomen of Ba Xia, and a huge gash opened up directly, with blood pouring out continuously.

At the wound, there was a series of “bared” sounds, as if something had been corroded.

“Bang!”

At the same time, Lin Ran’s arm was cut open by the huge axe that was also under his belt.

Blood flowed down his arm, only for the wound to soon stop bleeding and gradually heal rapidly.

“Bastard! What the hell is going on here!”

Ba Xia’s entire body was in a frenzy at this point, not noticing in the slightest that the wounds on Lin Ran’s body were rapidly healing.

On the contrary, his own abdominal wound was bleeding profusely, and with his strength trying to stop it was simply a matter of thought, but now no matter how much he mobilised his true qi, the wound was still bleeding outwards.

“It’s really working!”

Lin Ran was overjoyed, according to what the pillow book had said earlier.

His own healing true blood was extremely harmful to people like Bajie who had undergone a transformation, just like the previous Heavenly City Guards.

And it was clear to Lin Ran that this altered in was bound to use this dark red venom.

Although he didn’t know why this will stuff would run through such a long line that had been appearing from the Wanbao spell formation until now.

In Lin Ran’s heart, it was clear that this stuff must have a great effect, otherwise it wouldn’t have been able to make Bajie so strong and the Heavenly City Guards to be upgraded.

And if Lin Ran found the evidence, he might even be able to uncover an even bigger secret.

That was that both the Dragon and Yue families had something to do with these dark red liquids as well.

I’m afraid that only they themselves knew the reason for this.

“Kill!”

Lin Ran didn’t stop in the slightest as he swung his Condensing Frost Sword in his hand and headed straight for Bajie.

“Damn it!”

Bajia cursed angrily and threw his huge axe in his hand directly towards Lin Ran’s chest.

At this moment, he was bleeding profusely from his abdomen and was too slow to dodge, so he only wanted to use his huge axe to repel Lin Ran, so as to win himself a precious chance to catch his breath.

However, Lin Ran, who had tasted the sweetness, was not willing to give up.

His body was side-stepped, directly avoiding the vital point, and his shoulder took the axe hard.

At the same time, the Frost Condensation Sword in his hand had already sunk into Bashful’s thigh only.

“Roll!”

Lin Ran roared, directly pulling out his Condensed Frost Sword, while shaking the huge axe in his body to the ground.

This kind of fight that killed a thousand enemies and damaged eight hundred others made his body a little overwhelmed at this point.

“Crazy man! You’re a fucking lunatic!”

Looking at Lin Ran covered in blood, a hint of fear finally appeared in Ba Xia’s heart.

He was actually a little scared at this moment.

He was afraid that if he continued to fight, it would be himself who would die, because at this moment he was finally realising that the injuries he had inflicted on Lin Ran were actually healing rapidly.

“What kind of gongfu has this kid practiced, anyway? How can an ordinary cultivator recover so quickly!”

With a great shock in his heart, Bashful withdrew his giant axe and turned around to run.

“Want to leave? It’s over!”

A flash flashed in Lin Ran’s eyes, and the Condensing Frost Sword in his hand had already flown out.

“Get lost!”

Ba Xia drew out his giant axe and directly blocked the Condensed Frost Sword away, but the tremendous force also caused his giant axe to fall out of his hand.

However, just at that moment, Lin Ran was already rushing over.

A cold flash of light in his hand turned red and slashed directly across Bashar’s face.

The pain instantly drove Bajia crazy as he slapped out a hand and hit Lin Ran directly on the chest.

The tremendous force caused Lin Ran to spurt out a mouthful of blood and his body flew backwards.

And Bashita was even worse, the dagger had drawn a huge gash in his thigh and the blood flowed like a column making his whole body feel dizzy at that moment!

“Madman! You’re a madman!”

“Get out!”

Ba Xia was finally scared, his whole mind was in a bit of a trance at this point, this was caused by too much blood loss, if he delayed any longer, he was truly afraid that he would die here.

“Retreat! Retreat quickly!”

“The general has ordered to retreat!”

Bashful’s orders were quickly passed on.

And the situation on the battlefield, which was still very stagnant, instantly changed dramatically.

The people on Bajia’s side began to flee, while the people on Tiancheng’s side were fighting to slaughter.

In an instant the entire earth outside the Northern City was stained red.

Lin Ran sat on the ground, leaning against the wall behind him, he was almost exhausted at this point, his body was covered in wounds, but he was the one who had the last laugh.

With the powerful restorative power of the True Blood of the Healing Path, he had finally managed to keep Bajia scared.

At this moment, Ba Xia, who was fleeing wildly on one side, was still not breaking into curses.

“Lunatic! You’re a fucking lunatic!”

“Ah!”

Ba Xia cursed while throwing away the blood-soaked cloth and replacing it with a new one, until now blood was still pouring out of his wound.

Only compared to before, the injury had been significantly more under control.
