

Wonder Doctor

Chapter 1261

“Lin Ran! Lin Ran! Lin Ran!”

A thunderous roar erupted from the entire battlefield.

Numerous generals all looked in the direction where Lin Ran was, with frenzy in their eyes.

If Lin Ran had only amazed them before, then this time it was a complete shock.

Ever since his arrival, every time his figure appeared in battles large and small, the crowd of generals could see the hope of victory.

At this moment, it was as if he was the anchor in the hearts of all the men, and with him there they could bravely kill the enemy without worrying about anything else.

“Bam!”

The longsword in Long Yang’s hand fell to the ground, and his man sat down paralyzed with it.

Tears flowed from his eyes at this moment, he understood that he had lost, completely lost, lost without any possibility of turning around.

“Bastard! How can he be so strong!”

There was resignation in Long Yang’s eyes, but that was all.

Surrounded by the crowd, Lin Ran went back to Heavenly City with the large group.

It was inevitable that if he left to join Long Ya and the others at this time, he would arouse Long Mo’s suspicion, and the morale of the soldiers was high at this time.

If he left at this time, he would inevitably deal a blow to the morale of the generals.

At the same time, Ba Xia and the other men’s group finally started to set up camp and recuperate.

“Bear with it, your wounds will heal completely soon!”

Mimiji reassured Ba Xia as she quickly helped him heal his wounds.

“Bastard, how could that boy hurt me, how could he!”

Ba Xia was still very angry at this point, he was a very confident general under the Wolf King.

He had only experienced this level of injury once in all these years, and this was the second time.

“Do you find it strange that the last time you were hurt this badly must have been a long time ago!”

Miki said.

“You mean that Liu Feng? He’s dead somewhere now!”

There was an icy coldness in Bashful’s eyes.

“Lin Ran! I’ll kill him myself!”

“Weng!”

Suddenly, the anger in Hajime’s eyes froze fiercely, followed by his eyes becoming hollow.

“Lord Ritualist!”

Seeing this, Mimeji was busy kneeling down and submitting, lying down in front of Haji and not daring to move.

In a dimly lit space, there was a tall mountain peak, which was also black in colour.

At this moment a figure was standing on the top of the mountain, he was wearing a dark red robe and was looking down at Bashō from a distance.

“Lord Ritualist!”

Ba Xia was busy kneeling down and bowing respectfully.

“Bashō! You have disappointed me!”

The priest’s voice was icy cold, without the slightest warmth.

“My lord, please give me another chance, this time it was my carelessness, next time! Next time I will kill Lin Ran!”

Bashful said busily.

“Next time? How many times have you said next time? Now this Lin Ran has become a scourge!”

The priest said angrily.

“This Lin Ran doesn’t need you to be dealing with it, I’m giving you one last task now, go to the Ten Mile Slope! Bring the people inside back to me! If you fail in this mission, you don’t have to come back!”

“Yes! My subordinate will definitely complete it!”

Ba Xia was already in a cold sweat by now.

He didn’t dare to doubt the words of the sacrifice, because the sacrifice was the messenger of the wolf lord, even the wolf king had to treat him with respect.

“Go on!”

The sacrificial palm waved, and at once Ba Xia’s figure disappeared from the spot.

Inside the tent, Ba Xia’s hollow eyes snapped open, followed by a shudder as his whole body recovered.

“What does it say?”

Mimi Ji also stood up at this moment and looked at Ba Xia and asked.

“Pass the order down, immediately send out troops to Ten Mile Slope! Bring the people inside back to Wolf City!”

Bashful said angrily, with madness in his eyes.

“Good!”

Mimeji answered and followed, then went out to make arrangements.

.....

Meanwhile within the Heavenly City.

Long Mo was very good at coming up with things and prepared a reception feast for the crowd.

And when the crowd saw this, they all stopped talking about what happened before when Ba Xia saw death.

Originally, everyone was happy to have won the battle, and at this point they did not want to bring up such an obscure matter.

And most importantly, Lin Ran had also followed them back, which was what made them happiest.

“Commander Lin, you’ve really made a splash in today’s battle!”

Long Mo looked at Lin Ran with a smile as he held his wine.

Lin Ran smiled blandly at his words.

“This wind, but anyone out of the limelight I Lin Ran will not return!”

“How can you say that, Commander Lin, you are the Commander of my Heavenly City, how could you not see death and not save it!”

Long Mo laughed.

“Yes! I won’t see death and not save it, unlike some people who only stab in the back!”

Lin Ran said in a cold voice.

Long Mo’s face twitched and he was a little embarrassed, but at this moment, the crowd was looking at him and he was too embarrassed to snap, so he said with an awkward smile.

“Why don’t Commander Lin stay in Heavenly City and I’ll send someone to spy on your friend?”

Long Mo laughed.

Lin Ran smiled but a trace of ice cold flashed in his eyes, let you find out? Do you really think you’re a fool?

“No need, I will take someone out to look for him tomorrow, so I don’t need to distract General Long with this!”

Lin Ran said and then stopped paying attention to Long Mo, drinking wine with a group of generals.

Long Mo had an icy coldness in his eyes, and no longer made a fool of himself, he quickly left the martial arts arena.

.....

The night was without a word, the next morning Lin Ran arranged the troops, then only took the two squads of Fire One Sword and Li Mu Di to rush to the Ten Mile Slope.

The more people he had, the greater the chance of not being targeted by Long Mo, so he had to be as careful as possible.

After some twists and turns, Lin Ran finally got away from Long Mo's eyes and arrived at the Ten Mile Slope.

However, just as he reached the bottom of the Ten Mile Slope, his entire face changed.

Only to see that at this moment, on the road of the Ten Mile Slope? was surprisingly sprinkled with more than a split of blood, and by the looks of it, it should have been spilled all the way from the foot of the mountain to the mountain.

"Lin Ran!"

Fire One Sword and Li Mu Di also saw the situation and couldn't help but look at Lin Ran busily.

"Go up the mountain!"

Lin Ran's voice was icy cold as he immediately ran towards the ten-mile slope.

There were more and more bloodstains on the mountain along the way.

When Lin Ran arrived at the entrance of the cave, he saw two corpses.

These two corpses were both wearing the clothes of the Heavenly City Guards, and one could tell without wanting to use them that they were none other than the two Heavenly City Guards that Liu Feng had left behind to protect Long Ya and the others, but now.

"Fatty, Long Ya!"

Lin Ran immediately rushed into the cave, yet the scene before him made him completely despair.

The entire cave was empty, a host of household items were scattered on the ground, everywhere was a mess.

Lin Ran's fists were clenched and there was anger in his eyes

"Who the hell is it! Who is it!"

At this moment, Lin Ran's fists were clenched tightly, and the tremendous force of his grip had oozed blood from his palms.

"Ranzi, here!"

Suddenly, Li Mu Di in front of him shouted.

Lin Ran rushed over, and at once several large bright red letters appeared in front of him.

The words were written in blood, on the wall at the far end of the cave.

“I’ll take the man, come to Wolf City if you want to be saved! I’ll be waiting for you! Bashful!”

“Bashful! Bashful!”

Rage burned in Lin Ran’s eyes.

But soon the anger dissipated,? was replaced by a ray of golden light.

The two golden lights in his eyes quickly doused the anger in Lin Ran’s heart, while the voice of the pillow book came out.

“You can’t go to this Wolf City! Even Long Mo he doesn’t dare to go and break in, Bajie is clearly luring you to your death!”

Chapter 1262

Lin Ran did not say anything and stood for a long time looking at the blood writing on the wall.

Suddenly he said, “You will go back first!”

“Ranzi!”

This was the Ten Mile Slope, if Lin Ran was left here alone, once Overlord brought his men to attack, Lin Ran would have absolutely no chance of escape.

“Overlord won’t lai attack the city for now, you guys go back first and leave me alone!”

Lin Ran said.

Fire One Sword and Li Mu Di looked at each other before they turned to leave.

It was the two of them who didn’t really leave, but instead took their troops and stationed them under the Ten Mile Slope.

They were also uneasy about leaving Lin Ran alone here.

.....

The news that Fire One Sword and Li Mu Di were stationed at the Ten Mile Slope soon reached back to Long Mo’s ears.

Subsequently in Long Mo then found the Heavenly City Guard.

Liu Feng revealed the news that Li Sheng and the others had been captured by Bajia.

Of course this was also at Lin Ran’s behest, such matters could not be filled and there was no need to keep it hidden any longer.

Otherwise Liu Feng’s situation would be very dangerous.

“Haha! Good! Good! What a heavenly help!”

Long Mo was so excited that he immediately sent out an order that no one was to disturb Lin Ran.

No disturbance? Naturally he was not so kind, he was waiting, waiting for Lin Ran himself to throw himself into the net.

This had nothing halfway to do with him, Long Mo.

It was Ba Xia who had taken your people, and now it was your own decision to go to Wolf City. Long Mo could not wait for Lin Ran to hang up quickly,? At this time how will let people to persuade it.

When Fire Three and others who remained in the South City heard the news, they too sat up and one by one they led their men straight to the Ten Mile Slope.

They then joined up with Fire One Sword who was there, and finally all of them were stationed at the bottom of the Ten Mile Slope.

Lin Ran sat on a large rock at the entrance of the cave, looking at the crowd rushing below him without the slightest ripple in his eyes.

In fact he had been doing so here all night.

“Isn’t there any other way?”

Lin Ran suddenly opened his mouth and asked.

“Ways are all based on strength, you’re only at the middle stage of the Creation Realm, if you can break through to the peak, perhaps there’s a silver lining to things!”

The pillow said.

“Peak?”

Lin Ran was stunned, after fighting for so long, his strength was now in the middle of the middle and peak of the Creation Realm, although he had some sense of the peak, he had never taken any step yet.

“Fine!”

Lin Ran said as he directly closed his eyes and began to meditate on his breakthrough.

After fighting for so long, he simply hadn’t had the time to sit down and cultivate properly, and this time was perhaps an opportunity given to him by the heavens to digest all of his previous battle experience.

Lin Ran just sat there withered and began his cultivation.

Fire One Sword and the others also never left, as if this Ten Mile Slope was their stronghold.

As a matter of fact, Ba Xia did not bring anyone to attack, and Heavenly City returned to its usual calm.

Long Mo sent people to spy on Lin Ran every day.

At first he was very excited, but gradually he found that Lin Ran had not moved at the Ten Mile Slope.

And this sat for three whole days and three nights, which surprised him.

“It’s this time of the year and he’s actually still cultivating, this man’s mind is truly remarkable!”

Long Mo couldn’t help but say.

Although he wanted to kill Lin Ran very much, he still admired Lin Ran's heart when it came to heartiness alone.

"Humph! I'll see how many days you can wait!"

Long Mo smiled blandly and continued to wait.

At this moment, Lin Ran sat withered in front of the cave.

His eyes were tightly closed, but his mind was enveloping the entire ten-mile slope for dozens of miles in all directions.

Every small movement of Fire One Sword and the others below was under his control.

Countless amounts of heaven and earth true qi continued to pour into Lin Ran's body as his dantian rotated, filling up his dantian.

The first of the three realms of creation was the Qi Creation Realm, and what was commonly referred to as the Qi Creation Realm was the Qi Creation Realm.

The Qi Creation Realm uses the true qi of heaven and earth as its foundation, bringing the storage of true qi in one's body to a terrifying bottom.

And the amount of this accumulation is entirely determined by one's strength.

An ordinary cultivator might be able to cross into the peak of the Qi Creation Realm in three to five years, but if they were more powerful, it might take ten or even twenty years.

This is precisely because of the high or low holding limit of the true qi they throw at their dantian.

With the help of the pillow book, the Heaven and Earth True Qi that Lin Ran had gathered in the past three days had reached a very terrifying number.

However, Lin Ran still did not feel that this was his limit.

He was holding on, constantly enriching himself with true qi.

And with the constant influx of true qi, his perception of everything around him had reached a whole new level.

He could even sense the rhythm of those lives beneath the desolate land, the vegetation, the insects and ants, who were patiently waiting, waiting for the war to subside and to leave the underground and return to life on the surface from the new.

At this moment, Lin Ran's heart fell silent.

"Weng!"

Suddenly, in the sky above the Ten Mile Slope, the tumbling thunderclouds suddenly exploded into a crack.

Followed by countless white rays of light descending from the sky, these rays had materialised as if a white pillar of light had descended from the sky and pulled down.

The tumbling thunder clouds were rushed apart, but the lightning inside was attached to the white pillar of light and fell down along with it.

“What’s going on?”

At the bottom of the ten-mile slope, Fire One Sword and the others were all startled, looking at the white pillar of light falling from the sky they were all frozen.

“That’s true qi! Materialised true qi!”

Li Mu Di exclaimed, the crowd was so close at this point that they could already clearly sense the violent energy contained on that pillar of light only, and were afraid that just a little bit would burst their dantian.

“This is the power of the formation!”

Fire One Sword exclaimed.

Only then did the crowd react, that was indeed the power of the formation.

At this moment, Long Mo as well as the Wolf King, who were far away in Heaven City and Wolf City, were stunned, they could clearly sense that a portion of the power of the formation had been intercepted by someone, but it was very little.

“Who the hell is it? Could it be Long Mo?”

“Is it the Wolf King?”

Both of them speculated about each other in their minds, no one would have thought that the one who did this was the Pillow Book.

“Kid, this wisp of formation power can definitely stuff your dantian, are you ready for it?”

“Come on!”

Lin Ran’s face was filled with bemusement.

“Good!”

The Pillow Book was no longer polite and guided the white pillar of light to instantly fall on Lin Ran’s body.

This could thick power of heaven and earth seemed like a river all injected within Lin Ran’s dantian.

In Lin Ran’s dantian, the vortex grew rapidly at a speed visible to the naked eye, and in just a few minutes’ time the vortex, which was originally only the size of a palm, had already risen to the size of a basketball.

And the vortex no longer looked like a tiny dot at this point, instead it looked like a galaxy.

“Weng!”

Suddenly, but within the sky, a wisp of shock spread out in all directions, and strands of electric light spread rapidly, actually covering the entire Dantian vortex.

At this moment, Lin Ran suddenly opened his eyes, and two rays of brilliant light shot straight out of his eyes, at this moment his strength had completed an essential increase.

The light in his eyes quickly dispersed, and Lin Ran's eyes once again regained their calmness as he looked at his desire and murmured softly.

"Is this what it feels like to be at the peak of the Creation Realm?"

Chapter 1263

He had broken through to the peak of the Creation Realm, while Lin Ran was still not up because he remembered the words of the pillow book.

The peak of the Creation Realm was just a glimmer of hope.

"Now tell us about your solution!"

Lin Ran spoke.

"Do you have to go and break into Wolf City?"

The Pillow Book suddenly asked.

"I don't want to either, but I don't have a choice!"

Lin Ran said.

Whether it was Long Ya Ling Sa, or Wang Yi Zheng Li Sheng and the others, Lin Ran couldn't possibly watch them die without saving them, he couldn't do that.

"Let me put it to you this way, how strong do you think Long Mo and the Wolf King are?"

The Pillow Book suddenly asked.

"The peak of the Creation Realm?"

Lin Ran said, this was the two men's strength in plain sight.

"You're wrong, their strength is at least at the Dan Creation Realm!"

The pillow said.

"Dan Creation Realm?"

Lin Ran was stunned, the Dan Creation Realm was precisely a realm above the Qi Creation Realm.

"As the head of the two major powers in the Skywolf Domain, their strength is by no means back to only the peak of the Qi Creation Realm!"

"And if they want to master a large number of these city defending formations, they will never be able to do so without the cooperation of the True Dan in their bodies!"

Lin Ran was silent.

However, the pillow book was laughing.

“You think that’s the end of it?”

“There’s more?”

Lin Ran was stunned.

“Their strength is calculated according to the Dan Creation Realm, and if you add in the city’s defensive formations, their strength is at least equivalent to the middle stage of the Dan Creation Sutra! And since breaking into Wolf City will inevitably involve fighting within the formation, it’s absolutely impossible for you to defeat them and save Long Ya if you don’t have the strength of a peak Dan Creation Realm!”

The pillow said.

“Peak Dan Creation Realm?”

Lin Ran froze.

I’m afraid that this kind of strength would be a very powerful existence in the Mysterious Alliance.

“But I’m now a big realm short!”

Lin Ran was somewhat desperate, he was only at the peak of the Qi Creation Realm and had just broken through, he couldn’t even reach the Dan Creation Realm for the time being, let alone the peak of the Dan Creation Realm.

“That’s what I mean by having a silver lining!”

The Pillow Book suddenly laughed, while a white bottle appeared in Lin Ran’s hand with a flip of his palm.

“What is this?”

Lin Ran was stunned as he picked up the bottle and looked at it.

The bottle was white all over not knowing what material it was made of, or at least it was definitely not a material possessed on Earth.

Moreover, the bottle was carved with flower patterns all over, very exquisite, I’m afraid that just one bottle would be a sky-high price to take out, not to mention the contents inside this bottle.

“What exactly is inside this?”

Lin Ran asked once again.

The Pillow Book smiled blandly and said.

“What’s inside is a pill that the Immortal Emperor once failed to refine, it can raise your strength by a full major realm, and it will last for a year!”

“What?”

Lin Ran immediately froze, his eyes turning red as he looked at the white bottle in front of him.

“Don’t get excited yet!”

The pillow book suddenly said.

“As I said, this is a failed elixir made by the Immortal Emperor, so it has side effects!”

“What side effects?”

Lin Ran asked busily.

“The side effect is that after a year, your strength returns to its original state, which is your current peak Qi Creation realm, and then you will not be able to cultivate for three years!”

The Pillow Book said.

“Weng!”

Lin Ran only felt like his head had exploded.

Three years of not being able to cultivate, that was simply a full three year period of weakness for him!

According to Lin Ran’s natural talent and resources, he could completely enter the Dan-making realm from the Qi-making realm in three years, but if he took this pill now, his strength would only be at the peak of the Qi-making realm for the next four years.

Even if he was at the peak of the Dan-making realm for the year before taking the elixir, he could only have this one year.

“So you have to think about it, whether you want a moment in front of you or a lifetime for your own cultivation all the way!”

The pillow said, while his body flickered and disappeared in place.

“Someone is coming, so think for yourself first!”

The words fell, and sure enough, the sound of compact footsteps came from the side.

“Ranzi, Leng Xie is back!”

Suddenly, Fire One Sword’s voice came to mind next to him.

Lin Ran’s entire body trembled as he recovered from his state of entrancing.

As soon as he opened his eyes whole, Lin Ran saw several people next to Fire One Sword carrying a stretcher, on which Leng Zhan was lying at the moment, his whole body blood red obviously suffering from a serious injury.

“Old”

Leng Xuan opened his mouth to speak, but as soon as he opened his mouth blood flowed out from inside and he couldn’t say a word at all.

“Don’t speak yet!”

Lin Ran said, while quickly pressing on several places on Leng Xuan’s body, and then inputting a strand of Medical Dao True Qi, Leng Xuan’s face then looked a few degrees better.

“Boss, quickly Quickly go and save Li Sheng and the others They are just ten miles away!”

Leng Zhan gasped and said.

Fire One Sword heard this and immediately set off with his men.

Lin Ran, on the other hand, brought Leng Zhan to the cave and treated his wounds.

Half an hour later, Fire One Sword rushed back with Li Sheng and Lin Ran.

“Ranzi, no one else was found!”

Fire One Sword said.

Looking at Li Sheng and Ling Sa, who were currently in a coma, Lin Ran’s eyes were red.

Without speaking, he put all three into the cave while he healed their wounds.

It was not until the evening of the next day that Leng Zhan woke up again, while Ling Sa and Li Sheng still did not wake up.

“Boss!”

As soon as he saw Lin Ran, Leng Xie was about to kneel down, but he was stopped by Lin Ran.

“Tell me, what is going on!”

Lin Ran forced down the anxiety in his heart and opened his mouth to ask.

Leng Zhan nodded and spoke.

It turned out that after Lin Ran and the others had left that day, they had stayed in the cave without going out.

They had all been excited in their hearts when they saw the scene of Bajie leaving in defeat.

But just when the crowd thought that things were about to pass, suddenly Overlord was the one who rushed up with his men and killed the two Heavenly City guards Liu Feng had left behind, then took them all away.

“We were escorted to Wolf City, and just the night before last, when they were resting in camp, I took the opportunity to get the cage open to get everyone out!”

“Unfortunately, as we were leaving, we were still discovered by the men on patrol!”

“So we began our escape, in the middle of which we split up for safety and agreed to meet outside the ten-mile slope!”

“But in the end Long Ya and Wang Yifeng didn’t show up!”

Leng Zhan said here, his eyes moistened.

“Boss! I’m sorry, I couldn’t protect them properly!”

“You’re not to blame for this, you’ve done a good job, leave the rest to me!”

Lin Ran said comfortingly.

“Fatty and Long Ya should have been caught by them, it’s alright I’ll be able to get them out soon!”

Lin Ran smiled at Leng Zhan, followed by turning around and leaving the cave.

Lin Lin and Li Sheng hadn’t woken up yet, their injuries were quite serious, and according to Lin Ran’s judgment, they would be in a coma for at least two days before they could wake up.

At this moment, Lin Ran sat on the stone in front of the cave, his eyes unconsciously looking at his palm again.

In his palm he was holding the white bottle, the elixir inside was enough to make him cross a big level of strength.

“Fatty, Long Ya!”

Lin Ran’s eyes were a little red, one was his life and death brother who had risen from the bottom of the weeds, and the other was a woman who had silently given a lot to him, either one was something he could not part with.

Lin Ran lifted his head to look at the distant sky.

“Figure a moment or figure a life, if the heart is cold, what’s a figure a life? I, Lin Ran, only want the present!”

After saying this, he picked up the bottle and poured the pills inside directly into his mouth.

Chapter 1264

Seeing Lin Ran’s actions, Fire One Sword and the others did not dare to speak anymore, and immediately retreated one by one, leaving only a few people to pinch and take care of the three in the cave.

At this moment, Lin Ran was sitting suspended on the stone wall in front of the cave entrance, his entire body already completely in a state of cultivation.

The golden figure of the Pillow Book appeared in his mind, his face grim and his gaze sharp.

“Are you ready?”

Pillow Book asked.

“Come on!”

Lin Ran replied back, while forming a seal with his hands and placing them in front of him.

“Then I may begin!”

The Pillow Book reminded, followed by a golden light that emerged from above Lin Ran’s head straight into the tumbling thunder clouds in the sky.

Everywhere the golden light went the thunder clouds all tumbled and avoided it, not even the lightning dared to come forward.

“What is that thing!”

At the same time, the faces of Long Mo and the Wolf King within the Heavenly City and Wolf City both changed.

This golden light shot straight up into the sky with such power that they were all a little chilled in their hearts, and if it was coming at them, they asked themselves that it would be impossible to block it even with the help of the city's formation.

“Who the hell is that? Could it be that the Mysterious Alliance has sent another expert?”

The Wolf King was vaguely worried.

And at this moment, Long Mo was no better.

His brows were furrowed as he looked at the sky with the same thought in his mind that another expert had come from the Wolf King's side.

For their worries Lin Ran had no time to care at this moment, because at this moment, above his head, a huge torrent was tumbling over the ten-mile slope, and in some places it had already started to rush towards the bottom.

“Get ready, there's only one chance to be able to condense the Golden Elixir or not it's up to you!”

The pillow's voice suddenly rang out.

Followed by a waterfall like a pillar above the sky, a white light rushed straight down, forming a waterfall torrent in an instant.

Countless thunder clouds were washed away, and more lightning directly attached itself to the waterfall torrent only, pouring down the waterfall torrent.

“Come on!”

Lin Ran snapped his head up, his entire body's light soaring, ? Instantly, the falling waterfall torrent was actually all absorbed into his body.

The majestic Heaven and Earth True Qi continued to pound his dantian along Lin Ran's limbs and bones.

His bones and meridians, and even his flesh and blood were all being tempered at this time.

The Dantian vortex within his body was also spinning a thousand times faster than usual at this time, constantly absorbing the waterfall floods that were pounding in.

These waterfalls of red wine were precisely the power of the Heavenly Wolf Domain's great formation, and it was with this power that Lin Ran was going to use to impact his realm.

The pill provided by the Pillow Book could raise one's strength by a full major level in a year's time.

And to complete such a transformation, he would need not only such an elixir, but also abundant Heaven and Earth True Qi.

In and within the Skywolf Domain, there was no existence that contained more energy than the Domain Boundary Formation.

Previously, Lin Ran had only broken through to the peak of the Qi Creation Realm with the help of the energy of this domain boundary, and this time he was going to mobilise even more power for his own use and hit the peak of the Dan Creation Realm in one fell swoop.

.....

“Rumble!”

Clouds of thunder rolled above the sky, and huge waterfall streams were still pounding on Lin Ran.

And at this time, within his dantian, the speed of the dantian vortex’s rotation had made it a little hard for Lin Ran to see clearly.

But he could faintly feel that at this moment, within his body, a seed was rapidly gathering, that was the beginning of the Dan Creation Realm.

As long as this seed was coalesced, all that was left was to nurture it and let it grow.

And when this seed completely travels to the dan pill only, it will be the day he breaks through.

Time passed by minute by minute, and the huge waterfall lasted for an hour without interruption.

At this moment, the Wolf King and Long Mo stayed within their own city, not daring to go out, their hearts already in their throats.

“Rumble!”

Suddenly, lightning flashed even more violently in the sky.

It seemed to herald that something extraordinary was about to happen.

Lin Ran was still sitting outside the cave, but at this moment his entire body was completely enveloped in white light.

The figure inside was completely invisible.

Inside his body at this time, the Dantian Vortex was still spinning continuously.

But within the Dantian vortex, a seed only the size of a soybean was growing rapidly.

This seed was spinning in the opposite direction, constantly drawing the true qi within the dantian into it.

Time passed by minute by minute, and the night was soon to pass.

At this time, a ray of early morning sunlight had appeared in the distant sky.

And this quiet morning, suddenly the torrent of waterfalls over the Ten Mile Slope suddenly disappeared.

And at the same time, Lin Ran, who had been truly coiled up in front of the cave all night, suddenly opened his eyes.

There was a thunderous, hot lightning that pulsed in his eyes.

His entire body's robe was shaken and bristled at this time.

Fire One Sword and the others were busy rushing over, and the moment they saw Lin Ran, they all unconsciously took two steps back.

This was because the young man sitting in front of them at this moment gave them an incomparably terrifying feeling, and the aura emanating from him alone made them feel suffocated.

They well didn't doubt that if Lin Ran at this moment spread out all of his mighty pressure, they were afraid that they wouldn't be able to even move a bit.

"Lin Ran's strength!"

For the first time, a look of envy appeared in Fire One Sword's eyes.

It was envy for was Lin Ran's strength today, and although he did not know exactly what Lin Ran had gone through, he knew that the current Lin Ran had completely surpassed himself.

I was afraid that he himself would find it difficult to walk up to even one move in the latter's hands.

"Pass down the order! Return to Heavenly City!"

Lin Ran's voice slowly came through.

Fire One Sword and the others were stunned, and were busy respectfully saluting, before going down to make arrangements.

Lin Ran only got up at this moment, his gaze glancing into the distance with a dancing flame in his eyes.

Inside his body at this time, a fist-sized Red Flame Golden Pill was slowly floating in his dantian, the reward for his efforts throughout the night.

"This Red Flame Golden Pill is already at the top level, your boy has good qualifications!"

The pillow said with a smile.

Lin Ran squeezed out a smile and said to the pillow book.

"Thank you!"

"No need for thanks, you're thankful now, but what about a year later? Just don't scold me!"

The pillow side book sighed and said, honestly he didn't want Lin Ran to use this method.

But he also knew how Lin Ran was, otherwise he wouldn't have taken this out and given Lin Ran the choice to make for himself.

Lin Ran looked up at the distant sky, with a vague worry in his eyes.

"Fatty, Long Ya! Wait for me!"

“And Long Mo, our score will be settled sooner or later!”

.....

On the desolate land, the group of sixty people moved forward quickly, none of them speaking.

What they had in their hearts at this moment was more than shock, it was more admiration, complete admiration for Lin Ran.

And at this time, within the Heavenly City, Long Mo sat in the City Lord’s residence with a frown in his eyes, looking at the light screen in front of him, on which a group of people were rushing towards the Heavenly City, if not Lin Ran or who else.

“General, this kid is coming back now, he wouldn’t have broken through, would he?”

Hu Chong said beside him again.

They had all seen the strange image of the sky last night,? Naturally, they also guessed that it was Lin Ran who had made the commotion.

“I don’t know!”

Long Mo’s face was icy cold, with killing intent in his eyes.

“But so what if he breaks through, there really isn’t anyone in this Heavenly City who dares to do anything to me!”

There was absolute confidence in Long Mo’s eyes.

Chapter 1265

Heavenly City.

Lin Ran had already arrived here with his men and rushed straight towards the City Lord’s Mansion, not even returning to South City.

And at this time, on the walls of the City Lord’s Mansion, Long Mo had already arrived to wait, knowing that Lin Ran would inevitably look for himself when he returned this time.

“Commander Lin, why are you back!”

When he saw Lin Ran, Long Mo immediately smiled and said.

With a bland face, Lin Ran looked up at Long Mo on the city wall and then said.

“Long Mo! Li Sheng and the others were taken captive by you at the very beginning with your tricks, right!”

“I wonder why Commander Lin said that? This is wronging me, ah Long Mo!”

Long Mo laughed.

“Whether it was a wish or not, General Long himself should know very well in his heart!”

Lin Ran said indifferently.

“I really don’t know... I wonder if Commander Lin has returned this time, is he prepared to properly answer the battle in Heavenly City, or what?”

Long Mo spoke up.

“This Heavenly City of mine is not a tourist attraction in the Heavenly Wolf Domain, and I didn’t say anything before, mindful of the fact that your friend, Commander Lin, had been taken!”

“But if Commander Lin treats my place like a vegetable market, coming and going whenever he wants, then don’t blame me for not giving face to Commander Lin!”

“What do you want?”

Lin Ran looked at Long Mo, with blandness in his eyes.

“It’s very simple, either stay well in Tiancheng below the enemy army of Wolf City, or Commander Lin will take his people and leave my Tiancheng, the Tianwolf Domain is so big, I think it’s still easy to accommodate a Commander Lin!”

Long Mo said in a cold voice.

And at this moment, the group of generals who heard Long Mo’s words were all anxious, and busily said.

“Commander Lin cannot leave!”

“Right! If Commander Lin leaves, what will we do?”

“Right! No one but Commander Lin can stop the attack of Bashful and the others!”

“Commander Lin absolutely cannot leave!”

The middleman shouted.

This made Long Mo’s face turn very ugly, but he didn’t say anything, it was useless to say much at this point.

He and Lin Ran only saw that one side had to concede.

Otherwise this matter would definitely not end.

Lin Ran had been holding back from the moment he arrived at this Skywolf Domain, no matter how difficult Long Mo made things for himself.

But this time, he had no intention of continuing to hold back.

“General Long, it’s really unfortunate that I’ll actually be leaving later!”

“Moreover, this Heavenly City will really be a vegetable market for me in the future!”

Lin Ran said in a cold voice.

“How dare you! Lin Ran this is my Heavenly City, are you sure you want to provoke me?”

There was a cold aura in Long Mo’s eyes.

“Provoke you? Yes! I just want to provoke you!”

Lin Ran looked at Long Mo and said in a cold voice.

“I’m not just going to provoke you, I’m still coming back this time to warn you!”

“From today onwards, if you ever dare to cross into the Southern City again, or strike out at anyone within the Southern City, whether it’s openly or secretly, I, Lin Ran, will definitely kill you!”

Lin Ran spoke firmly, killing intent lingering in his eyes!

“Good! Good! Lin Ran, you are the first person who dares to talk to me like this in Heavenly City, since that’s the case! Then you can go to hell!”

Long Mo roared in anger, followed by a slap of his palm in the air, and instantly a huge force came straight at Lin Ran.

However, Lin Ran just stood still, as if he hadn’t seen this strike from Long Mo.

“Arrogant, wait until you will see if you can still laugh!”

Long Mo laughed coldly, this palm might seem ordinary, but it was the most powerful palm he could make without using the formation.

He had absolute confidence that he could beat Lin Ran half to death.

“Bang!”

The tremendous might arrived in an instant, passing straight through Lin Ran’s body.

Everyone’s froze at this moment, as they all looked at Lin Ran, not daring to make a sound, fearing that their noise would trigger a chain effect that would shatter Lin Ran’s body.

“Fight with me! You’re still too young, do you really think you’re invincible just because you’ve broken through?”

Long Mo looked at Lin Ran in front of him with disdain in his eyes.

However, the next moment, Lin Ran’s action stunned Long Mo.

He slowly raised his palm, and then the next moment, he also slapped at Long Mo.

But this seemingly uneventful palm, the moment it was slapped out, caused all the people present to be stunned.

A chill rose in their hearts, a chill that made them fall into an ice cave.

It was as if they were on the brink of imminent death at this moment, not even daring to breathe a single breath.

“What? How can he be so strong!”

At this moment, Long Mo's face changed drastically and he did not dare to delay any longer, so with a wave of his palm, the entire Heavenly City lit up in all directions, and at the same time, a thick layer of light shield was formed in front of him.

This was precisely the formation that enveloped the entire Heavenly City, at this moment Long Mo had already borrowed the power of the formation, facing this strike from Lin Ran, he was truly afraid.

"Why is his hand suddenly so strong!"

Long Mo said to himself in his heart, he knew that Lin Ran had made a breakthrough in strength before, but it didn't make sense for him to become so strong, it was only a breakthrough in strength just once!

"Boom!"

As the thought was going through his mind, a loud sound was already coming through.

At the same time, Long Mo clearly saw that the light shield in front of him had actually shattered in an instant.

The terrifying power swept away, instantly toppling Long Mo to the ground, spraying a mouthful of fresh blood in a mess.

"This How is this possible!"

Long Mo covered his chest, with that blow just now, he actually felt the threat of death.

"How can you be so strong!"

Long Mo raised his head and looked at Lin Ran, there was actually shock in his eyes.

And at this moment, Long Yang in the distant crowd couldn't stop his legs from trembling.

How long had it been?

It had only been so long since they had entered the Skywolf Domain, and at the beginning he had been able to fight Lin Ran to a standstill.

But now? Lin Ran had actually been able to beat Long Mo like this.

Moreover, Long Mo had borrowed the power of the formation.

How on earth had he managed to do that?

"This guy is not human, he's just not human!"

Long Yang shouted in his heart, at this moment in his eyes Lin Ran was simply a demon.

A very terrifying existence.

Lin Ran looked at Long Mo and his entire body's mighty pressure instantly spread out, for a moment it pressed Long Mo to the point where he was actually lying on the ground unable to move.

"You This is the peak of the Dan Creation Realm, how can you possibly!"

Long Mo was honestly terrified, at this moment he didn't even dare to look directly at Lin Ran for fear that the other party would slap him to death.

"Now, do you still think I'm provoking you?"

Lin Ran slowly stepped in front of Long Mo and looked at him and said blandly.

"No I don't dare!"

Long Mo's eyes dodged, not daring to look directly at Lin Ran.

"Then you have remembered what I just said!"

Lin Ran looked at Long Mo, his voice bland.

"Remember Remember! I, Long Mo, will not set foot in South City in this life, and I will no longer have half a thought about your people!"

Long Mo was busy saying.

At this moment he was truly afraid, what with the family's secret orders and all the other grudges he couldn't care right now, he could only make sure to keep himself alive first.

Only then could he consider the rest.

"Very well! I hope you do what you say, or you know the consequences!"

Lin Ran said in a cold voice, followed by turning around and leading his men out of here.

He had come back this time, to clean up Long Mo was only one thing, the other was to settle Li Sheng and Fire One Sword and the others.

Finally Long Mo, he really could not kill him now.

He still needed Long Mo to guard Heavenly City, otherwise once he left, when the Wolf King led a sneak attack, Heavenly City would be completely turned into a hell on earth.

Chapter 1266

Sky City, South City.

Lin Ran returned with his team.

Ling Sa and Li Sheng hadn't woken up yet, so Lin Ran arranged for someone to take care of them and recuperate from their injuries at the commander's residence.

"You guys take a good rest, I will personally go on the matter of Long Ya and Wang Yi's life!"

Lin Ran looked at the crowd in front of him and said.

"Boss! I'll go with you!"

Leng Zhan suddenly sat up and said, with determination in his eyes.

"Ranzi, we'll go too!"

Fire One Sword spoke up.

The group of people next to him all spoke up and said they would go.

Lin Ran looked at the determined gazes of the group and shook his head with a smile.

“No need this time, you guys just keep an eye on South City and don’t let Long Mo cause trouble here, and to be honest, you’ll only be holding me back if you follow this time to Wolf City!”

The crowd all lowered their heads at those words, they knew clearly in their hearts that what Lin Ran said was the truth.

What was Wolf City? It was the Wolf King’s lair, and with their strength, they could deal with Bajie, but if they were to face the Wolf King, or even the Wolf King within Wolf City, they would have no room to fight back.

After giving an account of the people, Lin Ran returned to the Commander’s residence, looking at Ling Sa and Li Sheng who were still in a coma lying on the bed, Lin Ran unconsciously clenched his fists.

“Bashful! Wolf King!”

A surging killing intent suddenly erupted in Lin Ran’s eyes, followed by a cold look in his eyes as he turned and left through the southern city gate.

“General, Lin Ran left through the South City!”

No sooner had Lin Ran left than a spy brought back news.

“I know, continue to send people to follow, I want to see what he really wants!”

There was killing intent in Long Mo’s eyes, he didn’t know why Lin Ran’s strength had suddenly become so strong, but he knew that he was now no longer a match for Lin Ran.

And to complete the family’s Nine Dragons Order to eradicate Lin Ran, he could only find a way to outsmart him.

“Dogfighting with the Wolf King is not a bad option!”

Long Mo couldn’t help but laugh out loud at the thought.

.....

A figure sped past on the desolate earth, his speed was staggeringly fast.

Wherever he passed, not a single movement was induced, not even the tiniest sign of dust drifting away.

This kind of speed, this kind of ability, could only be achieved at a very high level of strength, because this kind of speed was achieved by borrowing the effect of the true qi of heaven and earth.

This person, naturally, was Lin Ran.

Nowadays, he was able to face Long Mo, who was in control of the formation in Tiancheng, and he was able to suppress him in one blow, let alone outside this city.

“According to the current speed, you will be able to reach the Wolf City range in five hours at most, counting the time, I am afraid that Bashful and the others have almost reached the Wolf City range as well!”

The pillow’s voice rang out.

Lin Ran nodded, Overlord and the others had taken Wang Yifeng and Long Ya captive, ? Counting the time, they shouldn’t have reached Wolf City yet, and he could pour out the city to save them as long as he caught up with him.

And now the wolf king certainly does not know that his strength has been strong to the bottom of today, think in order to deal with himself, for the time being will not lay hands on deaf and dumb and Wang Yi life.

Time passed by minute by minute as Lin Ran hurried along at full speed.

With this Red Flame Golden Pill, he could not waste a single bit of true qi on his journey, and every second the power he drew from the Red Flame Golden Pill in his body was in the thousands.

Five hours passed quickly, and Lin Ran left at noon, while it was already late afternoon.

The area where Wolf City was located was even dimmer than Sky City, and because the terrain was higher than Sky City, it was also very close to the true hair sky, and one could clearly see the lightning tumbling through the thunder clouds when one lifted their head.

One could even clearly see each arc of lightning pulsating.

“There’s someone up ahead!”

Suddenly, the pillow spoke up.

At the same time, Lin Ran also sensed the scent of people, and it was a very large number of people.

“It’s Bashful’s group!”

Lin Ran’s eyes flinched and he immediately rushed towards the other party quickly.

Lin Ran’s divine sense was very powerful nowadays, and under his envelope, the crowd in front of him was visible to all.

There were over 100,000 people in this group, and they were rushing towards the front in a tense and orderly manner.

And judging from the previous attack by Bajia, I was afraid that this was the number of people they were going to call into battle at Heavenly City this time.

“A hundred thousand people, the Wolf King is really willing!”

There was a cold aura in Lin Ran’s eyes, if so many people were all killed, I’m afraid that the Wolf King’s strength in this Heavenly Wolf Domain would suffer a heavy blow.

Only this time Lin Ran's target was not these ordinary soldiers, moreover, any killing would definitely be tainted with sin, there were 100,000 people, if Lin Ran killed them all, it would also have a great impact on him.

"Get out from under the bully!"

Lin Ran rushed straight into the enemy camp and slapped his palm in the air, instantly a huge palm print descended from the sky, instantly slapping a large group of figures into mush.

With this slap, he had at least decimated a full hundred people.

"What a man!"

"What a powerful force, run!"

"Run! An enemy is coming!"

"That's Lin Ran, how can he be so strong!"

"My god, how can he be so strong!"

The crowd of soldiers panicked, Lin Ran had come up and directly exterminated hundreds of people, leaving them, the side with absolute numerical superiority, in complete disarray.

"What are you panicking about! Stand still, all of you!"

Ba Xia directly activated his Dao soldier armour, his voice booming in everyone's ears.

"He's only one man, we've got a hundred thousand!"

"Right!"

"We have 100,000 people, what are we afraid of!"

"Right!"

It was only soon after further chants from Bashful that the crowd stabilised, and one by one they picked up their weapons and surrounded Lin Ran.

Ba Xia also walked over at this time, his body was still bandaged and his wounds were still a little red, obviously they hadn't healed well yet.

"Lin Ran! You really surprised me, how dare you come after me! Where are your men and horses?"

Bashful looked at Lin Ran and sneered, with even more ecstasy in his eyes.

In his opinion, Lin Ran barging into his army alone was no different from seeking death.

"I came on my own!"

Lin Ran looked at Ba Xia, his voice bland.

"What did you say? Came here on your own?"

Bashful smiled even wider at his words.

“Lin Ran, Lin Ran, thanks to me, Ba Xia, I still regarded you as a respectable opponent, but I didn’t expect you to be so stupid from afar!”

“You alone, dare to barge into my full 100,000-strong army, don’t you think you’re seeking death?”

“I don’t think so!”

Lin Ran had a bland look on his face as he swept his gaze over the crowd around him and finally looked at Bashful and said indifferently.

“Where are Long Ya and Wang Yi Life!”

“O! So her name is Long Ya, that’s quite a name, just like the taste!”

Bajaj laughed, greed in his eyes.

Lin Ran’s face instantly changed at his words.

“What have you done with her!”

Lin Ran looked at Bashful, his eyes instantly going icy cold.

“Nothing, just a man and a woman. You don’t have to say it, your women are so damn good to play with!”

He laughed, his face full of smugness!

On the other hand, Lin Ran’s eyes were red at this point.

He couldn’t tell if Bajaj’s words were true or not, but he was extremely angry at this moment.

“You seek death!”

“Lin Ran’s face only burst with veins as he instantly slapped his palm towards Bashful!”

“You can kill me?”

There was madness in Bajie’s eyes, and while parrying with his giant axe in his hand, he coldly chided.

“Dao soldier armored generals, form up!”

“Yes!”

The surrounding generals shouted in unison.

Chapter 1267

One by one, the soldiers in Dao soldier armour quickly converged, quickly forming a small formation that enveloped Lin Ran.

However, Lin Ran acted as if no one was there, simply ignoring it as his palm continued to slap towards Ba Xia.

“Lunatic, still wanting to exchange wounds with Laozi! Don’t you dare!”

Bajaj laughed coldly, following which the deceleration field opened once more and the giant axe in his hand was flung straight out.

“Hmph! Go play with Laozi’s giant axe!”

There was smugness in Bashful’s eyes.

However, the next moment his entire body froze.

He only saw Lin Ran slap the giant axe.

The giant axe shattered with a bang.

Countless pieces of the giant axe casually shot towards him, and the sharp fragments even brought up a sound of breaking air.

“How can this be! My weapon!”

Bashful’s face instantly changed, others didn’t know the origin of his giant axe, but he was very clear about it.

This giant axe was a weapon personally bestowed by the Wolf King, and the material was extremely special, even Long Mo couldn’t possibly destroy it, but now Lin Ran had actually shattered it with a single slap.

“What the hell is wrong with this kid!”

Ba Xia’s heart was trembling, he had shattered his own weapon with a single slap, if this had been slapped on himself, he would have been instantly killed!

“Impossible, this kid definitely can’t be this strong, he must have used some kind of secret technique to boost his strength!”

Bashful you muttered to yourself in your mind.

He had fought with Lin Ran countless times for so long, and no matter what, he didn’t believe that Lin Ran’s strength could be this strong.

“Yes it must be some secret technique that was used!”

Bashful thought in his mind.

And at that moment, the countless axes had casually reached him close.

He hurriedly waved his hand to form a true qi light shield in front of him to ward off.

However, the moment the axe fragments reached him.

A series of “bang, bang, bang, bang” sounds were heard, like machine guns.

The countless axe heads then casually pierced through the defensive light shield in front of him.

They instantly entered his body.

Some of them even went straight through his body and shot towards further away.

“How is this possible,? How did he”

Bashful froze in place as he clearly saw that a bloody slit began to appear on his body.

In each bloody gash, there was constantly some blood bubbling out, and at this moment, the formation formed by those Dao soldier armors around him was actually having no effect on him at all.

“Roll!”

Lin Ran’s gaze swept around, his full very aura exploded, and instantly those Dao soldier armours that surrounded him, one by one, flew backwards directly towards the back, each one covered in blood.

“Your strength, how can you be so strong!”

Bashful looked at Lin Ran with horror in his eyes, the crazy Lin Ran from before had left him helpless, but the Lin Ran standing in front of him now made him feel completely powerless.

“Where are the people!”

Lin Ran looked at Ba Xia and his voice was icy cold.

For his part, Ba Xia did not say a word, his mind quickly thinking of countermeasures, now he no longer had the luxury of hoping how he could kill Lin Ran, but that he could escape.

“I asked where your people are!”

Lin Ran looked at Ba Xia whose whole body was trembling.

“Haha!”

Suddenly, Bajaj actually laughed.

“Lin Ran, your strength has indeed exceeded my imagination, but I’m still very unbelieving that you can maintain your strength for a single time, this secret technique should only give you a short-lived strength boost by mentioning attacks!”

Bashful said, suddenly actually turning around and running.

“If you have the guts to kill all the 100,000 troops here, or else when you once deficiency into down, that’s when old me will want you dead!”

“Everyone surround him!”

Ba Xia chided.

However, as his words fell, no one dared to step forward at this moment, they had all seen Lin Ran’s strength just now, and even Bajie didn’t dare to do anything to him, let alone them, the little soldiers.

But the crowd in front knew that, but the people at the back did not.

As soon as the people placed behind them squeezed, a large sea of people immediately surged towards Lin Ran.

“Roll!”

Lin Ran swept his palm through the air, instantly sweeping a large swath of people all to mush.

The generals in the back who still wanted to charge forward took one look at this scene and immediately turned around and ran.

Just kidding, this was simply going to send them to their deaths.

“Bastards! A bunch of useless things!”

Bajaj cursed furiously as he ran wildly.

However, in front of Lin Ran, his speed was no different from that of an ant.

Lin Ran reached directly in front of Bajaj with a flash of his body.

Before Bajia could react, ? A kick had directly landed on the former’s body.

“Bang!”

Ba Xia’s figure was like a cannonball as he flew out towards the back.

He arrived to fly so fast that he directly knocked down a large number of people before finally coming to a stop.

But when he stood up from the ground, one of his arms was completely fractured.

“Where are the people!”

Lin Ran’s eyes were bloodshot as he looked at Bashful, if it wasn’t for finding Long Ya and Wang Yifeng’s whereabouts, he would have killed Bashful by now.

“You You!”

Bajia looked at Lin Ran, his eyes full of panic, at this time none of the surrounding generals dared to come over to help him, they were all scattering and running for their lives.

In his heart, Ba Xia knew clearly that he was really doomed this time.

“Haha! You want to know? I won’t tell you!”

“Bang!”

Lin Ran swung out with a straightforward punch, and immediately, Bashou’s other arm directly broke.

“Ah!”

The immense pain caused Ba Xia to let out a heartbreaking shout.

And Lin Ran was still looking at him with a deadly glare.

“Where’s the man!”

“Haha! I said”

“Bang!”

There was another sound, and one of Ba Xia's legs broke after him,? He fell to his entire knees,? only one leg was still intact.

"Where is the man?"

Lin Ran was still looking at him, an icy coldness in his eyes.

"I told you, you don't want to know!"

Ba Xia was drenched in blood all over his body, and there was even more determination in his eyes.

"Is that so?"

Lin Ran also stopped talking nonsense and raised his hand and pressed it directly onto Ba Xia's head.

A huge suction force instantly seemed to be sucking out Bajaj's head.

"Stop it! Stop it now!"

Bajaj panicked at once, knowing that Lin Ran was forcibly sucking his memories.

But his memory had a ban set by the Wolf King, once it was triggered his soul would fly away and he wouldn't even be able to reincarnate.

"You madman, stop it!"

Bashful's face changed dramatically.

However, Lin Ran did not have the slightest intention of stopping.

"Stop it now!"

Finally Ba Xia was completely flustered, and he was busy speaking.

"Stop, I say! Long Ya and Wang Yi Life were taken away by the Phantom Lady! She rushed back to Wolf City with her men overnight and should have arrived by now!"

"Bang!"

As soon as Bashful's voice fell, Lin Ran's palm lashed out, directly sending Bashful's entire body flying out to the ground.

At the same time, a cold mane flashed and instantly sliced through Ba Xia's head.

"You!"

Before he died, Ba Xia looked at Lin Ran, he had already told him what he knew, but the result was still like this.

"You must die!"

Lin Ran gave a final bland glance at Bashful, following which he turned around and loved to look around.

At this moment, all of the 100,000 troops had pretty much run away, and only some of the injured ones were still dawdling and not leaving.

They looked at Lin Ran with horror in their eyes.

The man in front of them wasn't even human, he was simply a demon, a demon that could easily obliterate them.

Lin Ran swept a cold gaze at them and then spat out, "Get lost!"

He then leapt up into the air and continued to chase after them.

Chapter 1269

Suddenly, Mimi turned around and ran.

Lin Ran snapped his head up to look at her, followed by a cold flash of the dagger in his hand, and instantly flung it out towards Mimi.

"Pfft!"

A clear sound came out, and Mimi fell to the ground.

But what made Lin Ran differ was that she didn't even dodge the entire process, she was completely like an ordinary person.

"Haha! Lin Ran, you want to kill me? It's not that easy!"

The chimera fell to the ground and laughed, followed by her figure dissipating into thin air.

At the same time, a familiar shout suddenly came from Lin Ran's ears.

Lin Ran turned his head to look, only to see nothing in the distance.

But soon he noticed that everything in front of him had actually started to become distorted again, and soon several figures appeared in front of him, none other than those of Phantom Lady's men.

"Ranzi! Damn you, what are you doing frozen in place!"

"Lin Ran, are you alright!"

Wang Yifeng and Long Ya looked at Lin Ran and shouted.

Only then did Lin Ran realize that he had been caught in the Phantom Lady's illusion earlier.

And looking at the distance, at this moment, Wang Yifei and the two of them had actually been taken out a long way by those men.

"The Phantom Princess?"

Suddenly, Lin Ran saw the Mimi in the crowd.

There was blood at the corner of her mouth, and she seemed to be injured.

Thinking about what had just happened, Lin Ran then understood the reason in his mind.

This Phantom Lady obviously had a strange charm technique that had trapped herself in place for half a day.

And she had taken the opportunity to lead her people to already run away a long way.

Having thought of this, the killing intent in Lin Ran's eyes also intensified.

At this moment, Phantom Lady and the others were only a few miles away from Wolf City, and at their speed, they would probably be able to rush into Wolf City in another five minutes.

And by then, if they wanted to rescue Wang Yifeng and Long Ya,? Lin Ran would have no choice but to break into Wolf City.

"Give me death!"

Lin Ran's eyes were cold as the dagger in his hand was flung violently, and his body rushed on at almost the same time.

How fast the dagger was, but Lin Ran was able to follow close behind, one man and one dagger almost instantly reaching behind Phantom Lady and the others.

"Bastard! How can he be so fast!"

Mimiji was already panicking at this point, she had cast her forbidden spell to trap Lin Ran for a few moments, but in the blink of an eye Lin Ran had actually caught up again.

"Die!"

Lin Ran roared, his dagger breaking its tip and heading straight for the Phantom Lady's back.

"Lin Ran stop!"

However, just as the dagger was about to enter Mimi's body, a voice rang out of nowhere in the crowd's ears, followed by a light that descended from the sky, actually enveloping Mimi and the others.

"Want to leave?"

Lin Ran's eyes chilled as his speed increased again, almost the moment the light was about to disappear he rushed in after it.

"Give me a break!"

Lin Ran's palm slapped towards the sky from deep within the glow.

At that moment, a palm also came down from the sky, and the two palms instantly collided with each other.

"Boom!"

A loud sound shocked the sky, followed by the white light around Lin Ran all dissipated.

Only then did Lin Ran realise that they had actually reached the entrance of Wolf City.

Less than a hundred meters in front of them was the entrance to Wolf City.

"Move!"

The chimera greeted and led the men to run towards Wolf City.

Lin Ran reacted at this moment and flung his palm, at once the dagger broke its tip and flew out again.

“I told you to stop!”

Suddenly, a thick voice rang out in Lin Ran’s ears again, and when he looked up, he saw a figure standing there on top of the huge Wolf City walls.

Next to him stood a figure dressed in red robes, both of them had robes shrouding their heads, and their true faces could not be seen clearly.

“You tell me to stop and I stop? I also asked you to let them go, did you?”

Lin Ran rushed at the black-robed figure, who was obviously none other than the Wolf King of this Wolf City.

As he spoke, Lin Ran’s hands didn’t stop in the slightest as his dagger once again stabbed towards Mimiji.

“Do it!”

Seeing this, the Wolf King’s face turned cold as he chided in a cold voice.

Lin Ran then felt five auras rushing towards him from five directions.

The five of them were in five different directions, and they attacked and killed Lin Ran in a single world.

Lin Ran’s face was still cold, and his hands did not stop moving at all, as the dagger was already only a dozen meters away from Phantom Lady.

Even if he had been given a few seconds, Lin Ran would have been confident that he could have killed her.

However, it was just a coincidence that just before Lin Ran’s dagger was about to enter Ling Sa’s body, five figures had already arrived in front of him.

All five of them held a long sword in their hands, only in different colours.

At this moment, all five of them thrust their swords together, and Lin Ran couldn’t help but frown at the power of their swords.

But it was only a frown.

Lin Ran’s body turned and directly stepped on the five men’s longswords with his foot, following which he leapt up into the air.

“Go!”

Lin Ran casually threw the dagger out towards Ling Sa.

And this time, the five men were no longer able to stop the dagger.

With Lin Ran’s true qi, the dagger cut through a stream of light and headed straight for Ling Sa’s back.

“Bastard!”

The Wolf King's face was grim as he raised his hand and a black light ran over.

With Ba Xia already dead, he had already lost one of his great generals, and if Mimi Ji died again, then his operation this time would be no different from a stone tablet.

However, just when Mimeji thought he was going to be saved.

The dagger pierced through the Wolf King's black light and changed position, slicing directly through Mimi's neck.

Blood instantly spilled out, staining the gates of Wolf City red.

"Lin Ran!"

Seeing this scene, the Wolf King's face hidden beneath his black robe instantly went icy cold.

In order to save Mimi Ji, he had even sent out the five forbidden guards, yet he still failed to save her, which made very angry.

But with his intervention, there was at least a slight effect, that is, Wang Yifeng and Long Ya were successfully brought into Wolf City by Mimi's men.

Lin Ran was hovering in mid-air, looking at the five forbidden guards not far away, killing intent surging in his eyes.

He was so close, so close to successfully saving Wang Yifeng and Long Ya.

But it was all because of the five people in front of him, causing him to miss this final opportunity.

"Lin Ran!"

The Wolf King stood on the city wall only, his eyes under his black robe carrying a chill.

"Let them go!"

Lin Ran looked at the Wolf King with the same icy coldness in his eyes.

"You have killed two of my generals and slaughtered countless of my soldiers, and you want me to let them go? On what grounds!"

The Wolf King's voice was icy cold.

"On what basis? Did your great generals not kill any of my men?"

Lin Ran laughed.

"Cut the crap, if you don't release the men, then let's fight!"

Killing intent danced in Lin Ran's eyes.

"Battle? Haha, do you really think you're invincible, Lin Ran? This is my Wolf City!"

The Wolf King laughed.

"Not to mention that this is your Wolf City or even your wolf den, I will break into it today!"

Lin Ran said as his entire body's aura steeply rose, followed by a flash of his body and he charged towards one of the forbidden guards.

"Formation of Destruction!"

One of the forbidden guards shouted aloud.

Following this, the five men moved together.

The long swords in their hands pointed distantly towards the sky, and instantly the sky around them darkened.

Chapter 1270

"To die in the hands of my five forbidden guards, you are proud enough to be able to do so!"

The Wolf King stood on top of the city wall, his hands behind his back with confidence in his eyes.

Others were not sure, but he was very clear about the strength of the Five Forbidden Guards.

These five guards were the five most favourable warriors under him, each one of them was a good seedling that he had carefully selected.

They had been carefully selected by him, and after years of careful training and the teaching of many powerful techniques, they had been cultivated.

The most powerful thing about these five guards is that they grew up together, and although they are not brothers, they are like brothers to each other.

The five of them have a very good understanding of each other, and with the Daoist armour that the Wolf King has just given them, I am afraid that the strength of the five of them can be ranked among the top three in Wolf City now.

In contrast, Ba Xia is barely ranked in the top ten in Wolf City.

The five forbidden guards would not even leave the Wolf King's surroundings on a normal day, which was enough to see the former's status in Wolf City.

However, now, in order to deal with Lin Ran, the Wolf King had actually sent them out, which was enough to show how much importance the Wolf King attached to Lin Ran.

"Five Forbidden Guards? The Destruction Formation?"

Lin Ran stood within the formation, looking distantly at the five figures suspended around him, and the formation that had fallen completely.

At this point he was instead in no hurry.

"Lin Ran, why don't you give up your hands?"

The five men put away their long swords and looked at Lin Ran from afar, a cold smile of disdain in their eyes.

Once the Destruction Formation was issued, in their opinion, it was only a matter of time before Lin Ran was killed.

“With just a few of you? I’m afraid that your strength is not enough!”

Lin Ran said indifferently.

“Humph! Arrogance! Since that’s the case, let’s give you a taste of what the five of us can do!”

The leader of the forbidden guards shouted coldly, followed by a long sword in his hand, pointing distantly and cutting through a stream of light in mid-air.

A red sword mark appeared out of nowhere in front of Lin Ran, and the sword mark was extremely fast, running towards Lin Ran and slashing him instantly.

“Hm? The power of a formation?”

Lin Ran frowned slightly as he watched.

This Destruction Formation seemed to be a formation that would not actively attack people, instead, it was the five forbidden guards that were the greatest threat to him at this moment.

“Go!”

The Condensing Frost Sword in Lin Ran’s hand appeared out of thin air, and with a swing in the air, he instantly blocked the red sword marks in front of him.

And at this moment, Lin Ran stood at a distance, looking at the five forbidden guards that surrounded him, and in his heart, he seemed to have understood the function of this broken formation.

The most common formations are defensive and attack formations, in addition to confusion formations, trapping formations and so on.

There are also many types of attack formations.

For example, formations that can attack intruders on their own, or formations that use the power of the formation to attack the enemy.

There is an essential difference between these two types of formations. The formations are, after all, created by cultivators, so its attack mode and hit rate are very average.

But the one that borrows the power of the formation is much more powerful, after all, the controller is a cultivator.

The Destruction Formation in front of us belongs to the latter, but there is an essential difference between it and the latter.

At this moment, the five forbidden guards were standing in a very bizarre position.

The five of them surrounded Lin Ran, but none of them were approaching, as if they were not prepared to fight Lin Ran in close quarters at all.

And according to this situation, there was only one possibility for this kind of formation.

The power of such formations could only be used to attack by invoking it, and could not be borrowed by the five for their own use to increase their own strength.

And this kind of formation usually requires a high level of strength from the user, but again the more manipulators of this formation, the more powerful it becomes.

He was like a huge arsenal that could not be used to the end, and how it was used depended entirely on the will of the manipulator.

“Strike with all your might!”

Seeing that Lin Ran had easily blocked his blow, the leader of the five forbidden guards, no longer trusting in his own strength, opened his mouth in greeting.

Following this, the four men next to him all moved.

They took out their long swords one after another and executed various moves at Lin Ran.

And at the same time, a distorted sword mark began to appear in the space around Lin Ran.

These sword marks were sometimes fast, sometimes slow, sometimes coming straight at them, sometimes attacking in a roundabout way, each different from the other.

What was more crucial was that these attacks were so dense that as long as the five forbidden guards cast one, a sword mark would be created.

With all five of them executing at the same time, the entire formation was covered in a sky of sword marks, leaving Lin Ran with no room to dodge at all.

“That’s a bit interesting!”

A smile appeared at the corner of Lin Ran’s mouth as he looked at the roiling sword marks.

Following this, he actually saw him suddenly close his eyes, following which his powerful divine sense directly enveloped the entire Destruction Grand Formation.

“Hm?”

Very quickly, the five forbidden guards noticed that something was not right.

One of the sword trails they had released was very well thought out, and would never appear to collide with each other, or accidentally injure each other.

But now, the trajectory of their sword marks had actually all started to change.

“Be careful!”

“The trajectory is not right!”

The five of them began to panic a little, and they kept releasing a sword trajectory to correct the previous incorrect trajectory.

Soon, the sound of sword marks colliding with each other rang out within the formation.

It was as if dominoes had started a chain effect, and from the first collision onwards, the collisions never stopped.

And at this moment, Lin Ran opened his eyes again and smiled as he looked at the sword mark collisions that continued to erupt out around him.

“This is the Destruction Formation? Don’t you think it’s hilarious?”

“You! What the hell have you done!”

The leader of the forbidden guards looked at Lin Ran with anger in his eyes.

They had used this Destruction Breaking Formation in a very tacit manner, and this had never happened before, but this time it had actually failed against Lin Ran.

“He failed because he used his divine sense to change the trajectory of some sword marks, making you all tired of dealing with it, don’t dwell on this, kill him quickly!”

The Wolf King’s voice suddenly sounded in the ears of the five.

Hearing that their faces all changed, they immediately nodded their heads respectfully.

“Do it!”

The leader of the forbidden guards opened his mouth, followed by a cold light in the eyes of the five men, and the surrounding broken formation instantly disappeared as the five men came straight towards Lin Tian with long swords in hand.

“Why aren’t you playing?”

Lin Ran smiled at this.

“Suffer death!”

The other five’s faces were icy cold as the longswords in their hands came straight for Lin Ran’s chest.

“Since you’re not playing anymore? Then go to hell!”

Lin Ran’s entire body’s aura fiercely changed, followed by “bang bang bang bang” five slaps in quick succession, and instantly the five forbidden guards flew straight out.

They didn’t even see clearly how Lin Ran had made his move before he had already crashed into the city wall, spitting out blood from his mouth.

“That’s all the strength you have?”

Lin Ran laughed at this.

“I don’t believe it! Come again!”

The leader of the forbidden guards arrived in anger, picked up his longsword and prepared to come again.

Lin Ran, however, smiled blandly as the Condensing Frost Sword floated out of thin air in his hand.

“You don’t stand a chance!”

As the words fell, the Frost Condensation Sword instantly flashed out five sword shadows.

The sword shadows danced around in the sky in a very pretty manner.

The five people stared at the sword shadows for a while and were actually a little mesmerised.

“Be careful!”

The Wolf King had already seen the clues and was busy reminding them, but it was already too late.

The flying sword shadows instantly cut through the necks of the five men, and blood instantly spurted out.

The five forbidden guards were killed instantly.
