

Wonder Doctor

Chapter 1271

Far away within the Heavenly City, Ling Sa and Li Sheng had not yet awakened.

At this time, Long Mo was sitting in his commanding officer's house, looking at a kneeling subordinate in front of him with surprise in his eyes.

"What did you say? Lin Ran killed the Wolf King's five forbidden guards?"

Long Mo couldn't believe it.

"It's true, the scout who returned with the news saw it with his own eyes!"

The man said respectfully.

However, Long Mo's face turned ugly as he listened, and his eyes soon dimmed.

"The five forbidden guards, actually even the five forbidden guards died at his hands, how did his strength become so strong!"

Long Mo's heart was trembling.

The strength Lin Ran had displayed this time was at least at the peak of the Dan-making realm, but he was clearly only a Qi-making realm before, so how could he suddenly cross a large level.

Regarding this matter, Long Mo had also thought that it was likely that Lin Ran had employed some secret technique to temporarily boost his strength.

But secret techniques were secret techniques after all, even if they could really raise so much temporarily, there was no way they could be maintained for so long.

It had been almost a day since he had returned and then gone to Wolf City, what kind of secret technique would it take to keep it up for so long?

"Pass the order down, continue to spy out news, make sure to notify me at the first sign of something big happening!"

Long Mo's face was ugly as he scolded.

"Yes General!"

.....

And at this time, within the southern city of Heavenly City, Fire One Sword and the others were all gathered together, excited beyond measure.

With Old Cat and Ah Zhan going to snoop around, they naturally knew about Lin Ran's killing of Bajie and Phantom Lady and even the five forbidden guards in Wolf City.

They had previously been a little worried about Lin Ran going to Wolf City alone, but now they finally understood what Lin Ran meant when he said that you would be a drag if you went.

The strength of Lin Ran was now completely beyond their reach, and even Long Mo was afraid that he was no longer a match for Lin Ran.

“How did this kid Lin Ran’s strength soar so fast!”

Li Mu Di said helplessly.

Fire One Sword, on the other hand, shook his head, to kind of have admiration.

“I, Fire One Sword, have rarely admired anyone in my life, and Lin Ran counts as one!”

“Yes!”

Li Mu Di nodded his head while looking at the commander-in-chief’s residence to one side.

“I don’t know when Li Sheng and Ling Sa will wake up, if they knew Lin Ran’s battle record they would definitely be happy too!”

....

Inside the Blood Soul Domain, the great general of the guards, Qibao, raised his palms high and shouted at the soldiers in front of him, “Collect the troops!”

Just now, he had won another battle, and even before he returned to the city, he couldn’t wait to take out his battle ranking order to see if his ranking had risen this time.

However, just as he was pouring his true qi into the Battle Ranking Order, a name in front of him caused him to completely freeze.

“Broken Heaven? How did this kid already rush to the eleventh!”

Looking at this familiar name, there was frenzy in Qibao’s eyes.

And at that moment, he also noticed that Long Mo’s ranking had reverted back to the tenth.

“This Broken Sky should be Long Mo’s person, how come this kid’s name has risen on its own and Long Mo’s has dropped instead?”

Qibao was puzzled in his heart, but the name Broken Sky was already deeply engraved in his heart.

.....

Fire Dragon Domain,? Feng Zhengtian also opened the battle ranking order, just a moment ago he got the news that the kid Broken Sky, the one that his own ancestor had taken a fancy to, had soared to eleventh place.

The meaning that such a name represented was self-evident, second only to the Great General of the Guards, which was definitely something only someone with an outstanding battle record could achieve.

You know, the reason for the high ranking of the guardsmen is not that they have really achieved great feats, but that they have been guarding the border for many years.

They have slowly built up their reputation by battling the enemy time and again, and this accumulation is very strong.

It is absolutely impossible for a new general to reach their height, so the top ten in the list have hardly changed in the past thirty years.

Unless the great general guarding the pass died in battle, it was almost impossible for the top ten to change.

But now the name Broken Sky had risen to the eleventh place.

“If the old ancestor saw that, he would definitely be very happy!”

Feng Zhengtian laughed.

“Ai! The old ancestor’s vision is as accurate as ever, this kid is afraid of rising to the top!”

.....

Martial Refinement of the Poison Refining Domain, at this moment he was in a good mood, Long Mo was back in tenth place and he had finally gotten rid of the last place.

Only when he looked at this Broken Sky on the Battle Ranking Order in front of him, his brows were slightly frowned.

“What on earth is this Broken Sky’s origin, with this soaring speed, I’m afraid Long Mo would have to be afraid!”

Wu Lian was vaguely worried in his heart, worried that this Broken Sky’s ranking would continue to rise.

....

A mountain peak only, the wind elder was sitting on his knees.

Suddenly a fiery red figure rushed over, while shouting.

“Old Man Wind, come out quickly! The sky is about to change in the Sky Wolf Domain!”

The voice came before the person arrived.

Old Man Feng stepped out from within the thatched hut and immediately saw the other party.

“Old man Fire, you’ve run away twice this month, why do you like my old man?”

Feng Lai laughed.

“I pooh! Look at the battle ranking order yourself, that disciple of yours is about to rise!”

Old Man Fire laughed.

“O?”

Elder Feng was stunned at his words, he had indeed not looked at the Battle Ranking Order for some time recently.

Originally, this kind of thing didn’t change very often, and he wasn’t prepared to look at it every day, so he had unknowingly missed it.

At this moment, when he opened the Battle Ranking Order, Elder Feng was immediately stunned by the ranking in front of him.

“How come this Broken Heaven has already impacted the 11th in the Dao!”

Elder Feng was a little puzzled.

“You’re still asking me about this?”

Elder Fire laughed.

“This Battle Ranking Order was instigated by you in the first place, if that’s correct, to enter the top twenty of the Earth Ranking, all of them need to be able to kill at least the opposing general!”

“And for this top ten, one would have to kill at least one rival commander!”

“It seems that your disciple has already killed at least two generals!”

Elder Fire laughed.

Wind Elder smiled but frowned slightly.

“No, apart from the Wolf King and the sacrifice, the most famous generals in the Sky Wolf Domain were five in number, and then the war was so frequent that I remember Long Mo seemingly killed two, so there are three more too, can’t they all have been killed by Lin Ran?”

“But three generals would have been in the top fifteen or so at most, they shouldn’t have gone straight to eleventh place!”

Elder Feng was a little puzzled.

Following this, he closed his eyes and pondered.

“You old fool, you don’t care how many people there are, this disciple of yours will just come up in the rankings!”

Old Fire said in a good-natured manner.

However, Elder Feng shook his head and did not say anything.

A moment later, he suddenly opened his eyes, with a hint of shock in his eyes.

“The five generals of the Heavenly Wolf Domain were killed by Long Mo earlier, and only two remain, but there is actually still one of the Five Great Forbidden Guards!”

“It’s hard for this kid to have killed the Five Great Forbidden Guards as well?”

There was surprise in Elder Feng’s eyes.

“What? The Five Forbidden Guards?”

Elder Fire also froze at his words.

They were all very clear about the strength of the Forbidden Guards, they were the personal guards of the local chiefs and were second only to the chiefs in strength, but now Elder Feng was actually saying that the Forbidden Guards were likely to be killed by Lin Ran as well.

“No, I have to take a trip to the Skywolf Domain!”

Elder Feng snapped to his feet.

“What’s going on?”

Elder Fire was puzzled.

Instead, Elder Feng tensed.

“That kid is only at the peak of the Qi Creation Realm at the top now according to my prediction, how can he be a match for the Forbidden Guards, and the five Forbidden Guards at that.”

“Want to kill them only need the strength of the Dan-making Scripture, I’m afraid that this kid will be reckless and spoil the dao root!”

Feng Lao had tension in his eyes,? At that moment, with a wave of his hand he disappeared in place.

Chapter 1272

Sky Wolf Domain, in front of the gates of Wolf City.

Lin Ran looked at the Wolf King and the sacrifice on the city wall from afar, with bemusement in his eyes.

“Let them go!”

Lin Ran spoke.

“You killed my five forbidden guards!”

There was anger in the Wolf King’s eyes, and his entire body’s robes were shaken and bristled.

“I said let the people go!”

Lin Ran’s voice was cold and stern.

“You killed my forbidden guards!”

The Wolf King’s voice was suddenly cold and harsh as well.

“My forbidden guards that I had trained for decades! You deserve to die! Damn it!”

The Wolf King said as two red rays of light actually shot out from his eyes, heading straight for Lin Ran.

Lin Ran’s eyes narrowed slightly and he dodged them with a side-step.

At the same time, the Wolf King actually swooped down directly from the city wall.

A dark red object appeared out of thin air in his hand, heading straight for Lin Ran’s chest.

When Lin Ran fixed his eyes on it, he couldn't help but be stunned.

The dark red thing looked like a stick, but it was dark red in colour and slightly curved, it actually looked somewhat like an oversized wolf's tooth!

“Weng!”

With a shake of the Condensing Frost Sword in his hand, Lin Ran instantly met it.

“Bang bang bang!”

The two had exchanged several blows in an instant.

At this time, the Wolf King was deep outside of Wolf City, unable to mobilise the power within the city, but his strength seemed to be naturally great.

He was actually not the least bit behind Lin Ran in the contest of strength.

However, he was obviously much slower in terms of speed, and his true qi was not as thick as Lin Ran's.

“This Wolf King should be in the middle stage of the Dan Creation Realm, a little stronger than Long Mo!”

The Pillow Book said.

Lin Ran also nodded, while being somewhat thankful in his heart.

This Wolf King was stronger than Long Mo, but he was still very cautious not to take down Heavenly City himself.

This was a way to give himself and the others the chance to practice and catch their breath.

If the Wolf King had personally attacked the Heavenly City with his army, I was afraid that it would have been very difficult for Long Mo to defend it.

Only Lin Ran did not know that the Wolf King's strength had only just broken through in the last few days, and this was something that even Long Mo did not know.

“Bang!”

The two of them clashed once again, and the Wolf King was directly shaken and sent flying backwards.

Lin Ran was no better, as his tiger mouth was shaken to the point of numbness.

“How dare you come to my Wolf City and shout with such strength!”

There was disdain in the Wolf King's eyes.

Lin Ran, however, laughed.

“Is that so?”

Following this, the true qi in his body exploded violently, and his entire body's aura soared.

For a moment, it actually shook the Wolf King to the point where he froze in place.

“This strength!”

The Wolf King’s eyes micronized and a chill flooded his heart.

The sparring match of strength just now? He didn’t lose to Lin Ran, only his speed was worse.

But at this moment, after Lin Ran showed his full strength, he was a little worried.

Lin Ran’s aura pressure in front of him was clearly stronger than his own.

“If you don’t let go, I will fight until you let go of your position!”

Lin Ran’s eyes fiercely chilled as his true qi was quickly poured into his Condensing Frost Sword.

Following this, his entire body headed straight for the Wolf King.

“Hmph! Let’s try it then!”

The Wolf King also had battle intent in his eyes at this moment.

With a twist of the wolf’s teeth in his hand, he rushed to meet Li Ran.

“Bang Bang Bang!”

The two men’s weapons exchanged dozens of blows in an instant.

And this time, with the infusion of true qi, the situation was almost lopsided.

Lin Ran was deadly pressuring the Wolf King to fight again.

Even every time the Frost Condensation Sword struck his wolf teeth, it caused his entire body to tremble, the feeling as if it was hitting a giant mountain that couldn’t be shaken at all.

“Roll!”

Lin Ran saw the right moment and sent the wolf’s teeth literally flying backwards with his sword, while a cold light flashed and the Condensed Frost Sword had already sunk into the Wolf King’s shoulder.

“Poof!”

Blood instantly spilled out, staining a large area red.

“Bastard!”

The Wolf King was furious and shocked as he hurriedly backed up and pulled the sword out of his shoulder.

Lin Ran was quick with his eyes, and with a horizontal slash of his Frost Condensation Sword, the blade instantly sliced across the front of the Wolf King’s neck.

If he had been a second slower, Lin Ran’s Frost Condensation Sword would have cut his head off.

“Damn it!”

There was this unwillingness in the Wolf King's eyes, but he understood that he was no match for Lin Ran, so he immediately smashed his wolf teeth into the ground with a fling in his hand, and his entire body immediately jumped onto the city gate with the force of the rebound.

"The formation is up!"

The Wolf King did not dare to delay in the slightest, directly activated the Great City Protection Formation.

Lin Ran stood outside the city and watched as a formation enveloped Wolf City with an icy coldness in his eyes.

"Lin Ran! I admit that you are very strong, but don't you forget that this is my Wolf City, and those who have entered my Wolf City, you still want to go back? Dream on!"

The Wolf King looked at Lin Ran with icy coldness in his eyes.

"Of course, if you are willing to follow me, I will not only let them go, but I will also let you be the vice lord of this Wolf City, so that you will be above all others!"

"In the future, when we inform the Sky Wolf Domain, I can also introduce you to the Wolf Lord, and by then your status will definitely not be lower than mine!"

The Wolf King laughed.

"Follow you? You're worthy of that too!"

Lin Ran laughed.

"You think this mere few layers of formations can protect you?"

A cold glint flashed in Lin Ran's eyes, followed by his entire body directly charging into the sky as he waved his Condensing Frost Sword in the air in his hand.

A huge red-golden sword shadow appeared out of nowhere, its size seeming to have become substantial.

The moment it appeared, countless heaven and earth true qi in the surroundings were driven by it, converging towards the sword shadow in a frenzy.

In just a few moments the power contained in the sword shadow had already reached a level that made people tremble.

"Chop!"

Lin Ran waved his Condensing Frost Sword, and instantly the huge sword shadow slashed straight down, instantly landing on the Great City Protection Formation.

"Bang, bang, bang!"

The sounds of the formation shattering rose and fell, as if layers of shields had been shattered.

As far as one could see, the several layers of formations that enveloped Wolf City had shattered by a full half in the blink of an eye.

The Wolf King was also anxious this time.

“Go!”

He busily pointed his wolf teeth at the formation, followed by the rapid surge of true qi in his body, pouring it into the formation along the wolf teeth, trying to stabilize it.

However, he obviously still underestimated Lin Ran’s strength.

He saw the Frost Condensation Sword in his hand being raised high once again.

A second sword mark soon formed once more.

“Chop!”

As the second sword mark chopped down, the remaining few formations began to become shaky.

Inside the formation, the Wolf King, who was holding on for dear life, even spat out a mouthful of blood.

His hands were trembling as he supported the formations, and his whole body was dyed red with blood.

“You can still hold out, take my third chop!”

Lin Ran had a frenzy in his eyes as he once again waved a sword shadow with the Frost Condensation Sword in his hand.

This time, the sword shadow was so powerful that it fell in an instant, not giving the Wolf King any time to think.

“Wolf King, go quickly, it can’t be carried!”

A sacrifice at the side shouted busily.

But it was already too late.

The huge sword shadow instantly impacted on the formation.

“With a loud bang, the formation instantly shattered.

Both Wolf Tooth and the Wolf King were sent flying out of the city at the same time, and blood spurted out of the Wolf King’s mouth as if he didn’t want any money.

And at this time, the entire Wolf City’s side of the city gate? The city wall was directly cracked by the sword shadow, and the city gate was completely reduced to pieces.

Countless Wolf City generals fell down from the city wall along with the Wolf King and the sacrifice.

And through the huge crack at the city gate, Lin Ran actually saw that there were actually many dwellings within Langcheng, just like those in Tiancheng.

And at that moment, behind those soldiers who had rushed out, Lin Ran clearly saw many people in ordinary clothing who did not look like warriors at all.

Chapter 1273

The city walls shattered and countless generals panicked as they looked at Lin Ran outside the city, their faces filled with fear.

“Bang!”

With a loud bang, the sacrificial priest and the wolf king, who were covered under the chaotic rocks, finally rushed out, only at this moment, both of them were drenched in blood and were obviously seriously injured.

“Quick! Stop him!”

The priest suddenly shouted at the group of generals around him.

But at this point they dared to go up there, each one standing motionless in fear.

“What a bunch of fucking rice buckets!”

“Wolf King you go first!”

The priest rushed at the Wolf King, while two red lights immediately appeared in his eyes.

It was as if this red light had magic power.

As soon as they appeared, the surrounding generals actually all froze.

“Go! Kill him!”

The priest spoke again.

At the same time, Lin Ran actually saw the generals pick up their weapons one by one, as if they were walking corpses, and surround themselves.

All around them were densely packed with generals, blocking up the city gates.

“Dementor technique?”

Lin Ran looked stunned, these people were clearly having their souls controlled by the rituals, turning into walking corpses that didn't know life from death.

“How malevolent!”

Lin Ran had killing intent in his eyes.

He leapt into the air and directly jumped onto the nearby city wall.

But at this moment, there were still a large number of soldiers inside the city surging towards the outside, blocking his way.

He swept the large group of soldiers in front of him off the wall with his sword, and saw that the Wolf King and the priest were running towards the city with Wang Yifeng and Long Ya.

And at that moment, the spiritless soldiers around him rushed forward once again.

As if they were lifeless machines, they only knew how to rush towards them, not caring whether they lived or died.

Seeing this scene, Lin Ran couldn't help but frown slightly.

Although these people were not a threat to him, they were able to stop his speed of pursuit.

And now time was everything, if he delayed any longer, he didn't know if the Wolf King would do anything crazy.

He was also afraid that the Wolf King would kill Wang Yifeng and Long Ya.

"Die!"

Lin Ran's eyes turned icy cold as the Condensed Frost Sword in his hand kept swinging towards the front.

Every time the Condensed Frost Sword swung, a large swath of generals would fall, and soon the entire city wall was stained red with blood.

The entire Wolf City was a purgatory on earth at this moment.

"Report! General, Lin Ran has broken through Wolf City, and the Wolf King has taken the sacrifice and hid inside the city, not daring to come out!"

"Report! General, Lin Ran has slaughtered more than five thousand generals!"

"Report! General, Lin Ran has slaughtered more than ten thousand generals!"

With each piece of news coming back.

The entire Heavenly City was shaken by it.

Long Mo sat in his position, as if his entire body's strength had been drained.

"He He actually overran Wolf City!"

There was despair in Long Mo's eyes.

He had been stationed in this Heavenly Wolf Domain for decades, one was all about you and me, and he had never thought that one day he would be able to completely clear out the Wolf King of the Heavenly Wolf Domain.

Yet now, it seemed that this was about to come true.

It was just a pity that the person who would achieve this goal was not him, Long Mo, but Lin Ran, his enemy Lin Ran.

"It's over! It's all over!"

There was despair in Long Mo's eyes, and at this moment he felt a sense of powerlessness.

Lin Ran was now a huge mountain to him, a mountain that he would never be able to surmount.

"It's over!"

Long Mo was frankly in his chair, he knew that once Lin Ran returned from Wolf City, then he would be the one who was finished next.

But what could he do now? Arrest Fire One Sword and the others? Blackmail Lin Ran into not making a move on himself?

“Hehe!”

Long Mo laughed to himself.

The Wolf King’s Wolf City Formation was not inferior to his, and he still had Long Ya and Wang Yijian in his hands, but what was the result?

He knew that even if he arrested everyone now, he would not be enough to be a joke in front of Lin Ran.

“Good! Commander Lin is too handsome!” ”

“Commander Lin is bullying!”

“Worthy of being Commander Lin!”

At this moment, the entire Heavenly City shook as all the generals shouted in unison, and they had all learned about what had happened in Wolf City through their own channels.

Although many didn’t know what had really happened, they knew that Wolf City was finished! The Wolf King was finished! The enemy they had fought for so many years was finished!

And they were the victors.

“Boss!”

In South City, there was excitement in Leng Zhan’s eyes.

No one knew better than him why Lin Ran had gone so crazy.

Moreover, he also knew that even if the person who was captured by the Wolf King at this moment was himself, or even if it was someone else who was somewhat related to Lin Ran, I was afraid that Lin Ran would be this crazy.

At this moment, Leng Xuan was glad that he was sober enough to follow Lin Ran.

This was what allowed him to experience a different life, and a life with brotherhood and brotherhood, with life and death comrades.

Wolf City, a wreck, blood stained the entire city gates red, and the earth outside the gates was red.

Lin Ran’s eyes were red from killing at this point, but he stopped his hand and did not continue killing.

He could feel that with every person he killed, the true qi in his body would become more violent.

His power would also increase by one.

A normal person might have gone crazy and gone on a killing spree because of this situation.

But Lin Ran was the one who knew that this was a sin, and he could not kill any more.

Even though these people were enemies, they were completely untethered in front of him, and if he continued to kill himself, he would only make himself go off the deep end.

Turning into the same existence as the enemy.

“Is there a way to bring these people back to their senses?”

Lin Ran suddenly opened his mouth and asked.

Beside him, a golden light emerged, none other than the Pillow Book.

“These people are planted with a dementor, just use a formation to isolate the connection between them and the sacrifice!”

Pillow Book said, followed by a wave of his palm, and a faint layer of golden light immediately pervaded out.

Followed by those enveloped generals gradually regained their senses.

When they saw the blood around them, and the countless corpses that had fallen, they all froze.

This was followed by screams of misery and the sound of fleeing for their lives.

The entire entrance of Wolf City was in a mess.

“You had a solution, why didn’t you bring it out!”

Lin Ran was a little displeased.

The pillow book clearly had a solution, but he still let himself kill so many people.

“I do have a solution, but I don’t think it’s wrong for you to kill these people!”

Pillow Book said.

“War is war, on the battlefield there are only enemies, there is no mercy, and even if you don’t kill these people, the Mystic Alliance will kill them in the future because they all have that red dark red substance in their bodies, which is the devil’s blood!”

“Demon blood?”

Lin Ran was stunned.

“That’s right, that dark red substance is devil blood, I wasn’t sure before, until you killed the Heavenly City Guards, Bashful and these five forbidden guards, then I was sure that it was devil blood!”

“What is this devil’s blood?”

Lin Ran asked with a slight frown.

“The blood of a powerful demonic beast, in my world, demonic beasts can also cultivate, they will have demonic blood when they are strong, and their blood is the most very valuable material that can be used to allow humans to train their bodies and had a strong physique!”

“This is how the Heavenly City Guards came to be transformed, it’s just a pity that Long Mo’s methods are so inferior, that’s why the Heavenly City Guards are so weak!”

“This method of transformation is not even comparable to the most inferior means in my world!”

“Could it be that the enemy the Mysterious Alliance is fighting against is actually a demonic beast that came from your world?”

Lin Ran suddenly asked.

The Pillow Book, however, shook its head.

“Not necessarily, it could also be a human, after all, with so much demon blood released like that, even a demonic beast would have to die!”

Chapter 1274

Lin Ran did not ask more questions, such matters were too far away from him, and nowadays he did not even know who the Mysterious Alliance was actually at war with, let alone how big the Mysterious Alliance’s sphere of influence really was.

Considering this was just adding to his worries.

“Go!”

Lin Ran’s eyes chilled as he immediately jumped off the city wall and headed straight for Sungai.

At this moment, he could sense that Wang Yifeng and Long Ya were being led to move rapidly towards the back of the mountain, and he didn’t dare to delay as he chased them towards the back of the mountain as fast as he could.

As soon as he entered the city, Lin Ran’s heart became even more nervous.

Although Wolf City was the enemy’s lair, everything here was very different from the Wolf City he had imagined.

The Wolf City he imagined should be full of wolves and everyone was very wild and bloodthirsty.

But the Wolf City in front of him was no different from the Heavenly City.

There were buildings on both sides, and countless generals had run back to find their families to prepare for their escape.

And many women and children had terror in their eyes, especially when Lin Ran passed by, that look of looking at him as if he was looking at a devil made him feel uncomfortable inside.

“Bang!”

Just as Lin Ran was running wildly, a stone suddenly hit him on the top of the head.

He was stunned and turned his head to look.

He only saw that in front of a dilapidated house, a teenager of thirteen or fourteen was looking at him, and there was anger in his eyes as he looked at Lin Ran with his fists clenched.

“I’m not afraid of you! You come and kill me! Demon!”

Lin Ran was stunned, at this moment he actually felt as if he had done something wrong.

“Why are you talking about me like that?”

Lin Ran looked at him, not knowing why, he was tempted to argue with the other party at this moment.

“It’s not like I said anything wrong!”

The young man looked at Lin Ran with determination in his eyes.

Just then, suddenly a middle-aged woman rushed out of the house, holding the child tightly in her arms as she looked at Lin Ran warily.

“Don’t hurt my child, please don’t hurt my child, we are innocent, my man has already died in battle, please spare my child!”

“I have no intention of hurting you!”

Lin Ran looked at the other side, a little helpless.

“You’re nonsense, you’ve killed so many people, and you still say you didn’t think of hurting us!”

The teenager struggled and scolded.

“Shut up! What do you know!”

The middle-aged woman was busy scolding.

“I’m not talking nonsense, he killed Mother, I saw it all!”

The teenager insisted.

“Slap!”

The middle-aged woman slapped him across the face and roared in anger.

“Shut up, if you keep talking nonsense I’m not your mother!”

“Mother!”

The teenager’s eyes burst into tears as he looked at Lin Ran with unbridled anger in his eyes.

“My lord, I’m sorry! The child doesn’t know any better, you mustn’t take it personally with him!”

The middle-aged woman said and actually knelt down towards Lin Ran.

Lin Ran looked at the two men and shook his head helplessly.

He knew that at this moment, he was like the wolf king to them, both entering the intruder.

But Lin Ran didn’t understand why there were so many ordinary people in Wolf City, where did they come from?

If they were captured from the previous war, then they should also hate the wolf king, but why is it himself now?

He didn't understand!

"Forget it!"

Lin Ran sighed and turned around to leave.

But just as he took two steps out, the angry voice of a teenager came from behind him.

"You'll die sooner or later, everyone who invades our homeland will die! When I grow up, I will kill you! To avenge my father!"

"Your homeland?"

Lin Ran was stunned and turned to look at the teenager, he could see anger in the latter's eyes, it was actual anger, not deception.

Lin Ran smiled.

"I don't know where you are talking about your homeland? But I can tell you in all seriousness, your wolf king, it is my homeland that has been invaded!"

"I don't want to kill anyone either, but I'm sorry, I have to defend my homeland too!"

Lin Ran said and turned to leave.

The middle-aged woman looked at Lin Ran with a hint of gratitude in her eyes as she busily carried the teenager back into the room.

The teenager was unconvinced and wanted to go out and argue with Lin Ran.

But the middle-aged woman stopped him.

"Mother why on earth! Why are they invading our home and being so righteous!"

The teenager didn't understand.

The middle-aged woman, however, stopped him? said.

"Son! You are too young for Mother to tell you the truth, but remember, he is right! The real invader, the Wolf King! Not him!"

The youngster froze in his tracks.

At this moment, his mother's words completely peaked his worldview.

The Wolf King was the invader, so was his own homeland, still his own? Whose home was this Sky Wolf Domain that he was in again?

.....

Wolf City, Lin Ran chased towards the back of the mountain at full speed.

At this time, on a very hidden hill at the back of Wolf City, the Wolf King and the sacrificial priest finally stopped their wild run.

“Wolf King, the Wolf Lord has an order for you to leave the Sky Wolf Domain! He will send a new general over!”

The priest said, while his palm fished out a round token from his bosom.

The token had complex patterns on it, which ordinary people could not read at all.

He quickly pressed the token in at one of the altars in front of him.

At once, the altar in front of him glowed brightly and a silver stream of light shot straight up into the sky.

“Damn it!”

Looking at the altar glow in front of him, the Wolf King had resentment in his eyes.

But there was nothing he could do,? Lin Ran had suddenly become so strong, it was simply not something he could deal with.

At this moment, the Wolf King told him to go back, and he had nothing to say.

“Wolf King, what are you going to do with the two of them!”

The sacrificial priest looked at the Wolf King with anxiety in his eyes.

“Kill them!”

The Wolf King’s eyes were cold.

“Good! I’ll go and prepare to activate the altar, you hurry up!”

The sacrificial priest said, while rushing towards the sacrificial heaven himself.

However, just then, a stream of light suddenly came shooting quickly, and the Wolf King instinctively looked and instantly saw Lin Ran’s figure.

He did not dare to delay, and instinctively his body just turned and dodged past.

But once he turned around he realised that the stream of light wasn’t coming towards him at all.

“Be careful!”

The Wolf King was busy speaking.

Unfortunately, it was still a step too late.

The cold light instantly entered the body of the sacrifice, followed by a “poof”, and flew out from the front.

The priest then fell to the side of the altar, apparently dead.

Even as he saw the dagger going towards the sacrifice, the Wolf King pulled Wang Yifeng and Long Ya up to the altar.

He knew that it was impossible for the sacrifice to survive, as every sacrifice was actually just an ordinary person.

It was only thought that their physique was special, which was why they had been chosen as a sacrifice, specifically to deliver messages to the wolf lord.

Facing Lin Ran's attack, there was no way he could have resisted.

"Don't come over!"

The Wolf Lord was standing on the altar at this moment, looking at Lin Ran warily, his face clouded with uncertainty.

"Let them go, and I'll let you go!"

Lin Ran spoke.

He also knew that once this altar formation began, the Wolf King and the others would be transported to who knows where.

And right now, he only wanted to save Wang Yifeng and Long Ya.

As for the Wolf King, he didn't want to tangle with the other party at all.

"Let them go? Do you take me for a three-year-old child?"

"Let them go and I'll still have a chance to live?"

The Wolf King laughed as he hid behind the two men and looked at Lin Ran, laughing coldly.

"If you want to kill me, then kill them both first, or I'll take them away with me!"

The Wolf King sneered, he knew that Lin Ran would definitely not kill the two people in front of him, he just wanted to take this opportunity to escape.

Chapter 1275

"I'm talking aside, let them go and I can leave you alone!"

Lin Ran looked at the Wolf King, his fists clenched.

"Kid, cut the crap, if you're really not going to make things difficult for me, then turn around and I'll exit them myself when the formation starts!"

The Wolf King said in a cold voice.

Lin Ran's eyes chilled at his words, did he think his was a child?

"Well?"

The Wolf King sneered, but his palm was slowly placed towards the stone on one side.

This sacrificial platform couldn't be activated by the sacrifice alone if it wanted to be activated.

It needed the sacrificial token, and the Wolf King's blood to activate it at the same time.

And at this moment, the Wolf King was trying to secretly activate the formation so that he could buy himself time to escape.

“Well?”

Lin Ran looked at the Wolf King and smiled.

“I don’t think it’s good!”

As soon as the words left his mouth, Lin Ran’s palm fiercely waved, and a cold ray of light shot out directly.

The Wolf King was distracted by the start-up stone next to him at this moment, and when he reacted, it was already too late.

With a “click”, the Wolf King’s palm was instantly thrown away.

Lin Ran’s dagger had actually severed the Wolf King’s palm in one swift motion.

“Ah!”

The Wolf King shrieked in pain and a fierce glint of anger flashed across his eyes.

But what he didn’t expect was that his palm was broken and a large amount of blood fell onto the sacrificial platform, including the initiation stone from earlier.

The essence blood fell on it, and instantly the entire formation trembled.

A wisp of white light quickly wrapped the three of them up.

It looked like they were about to be transported away.

“Stay!”

Lin Ran knew that the time left for him was less than that, and instantly rushed towards the sacrificial platform.

“? Get lost!”

The Wolf King slapped Wang Yifeng and Long Ya on the back at a crucial moment, pushing them towards Lin Ran, ready to use to delay the latter.

However, Long Ya and Wang Yifeng’s entire body was blocked at this moment.

The power of the formation had already been turned on, holding them firmly in place on the sacrificial platform, and the Wolf King’s slap had not even knocked them out.

Instead, it jolted himself backwards a few steps.

He raised his hand to grab the stone wall on one side, but only then did he realise that his palm had been severed by Lin Ran, leaving only one palm usable at this point.

“Come out!”

Lin Ran didn't care about the Wolf King at this point, so he raised his hand and grabbed Long Ya and Wang Yifeng and pulled them out.

But the two were trapped firmly in place by the immense power of the formation on the sacrificial platform, and Lin Ran used all his strength to pull the two forward by just one metre.

"Quickly help me untie it!"

Long Ya shouted busily.

Lin Ran nodded and quickly opened the restraints on Long Ya's body, who then glowed white all over.

"Grab me!"

Long Ya rushed towards Wang Yi and said.

The latter complied and directly grabbed Long Ya's arm.

At that moment, Long Ya turned around and formed a seal with her hands. A white light of arm's thickness instantly struck out from her palm.

Lin Ran knew this white light, when Lin Ran and Long Ya were taken underground by the Fire Dragon Shih at Qiong Hua Mountain, it was this white light that saved him.

The pillow book had told him that Long Ya had the Qi of the True Dragon within her, and that the power of this Qi was so powerful that Lin Ran was saved even when he was seriously injured back then.

He just didn't know what exactly Long Ya was invoking it for at this moment.

"Bang!"

With a loud bang, the white light in Long Ya's hand instantly struck towards the Wolf King.

At the same time, Lin Ran side was surprised while seeing.

Long Ya's figure was actually flying backwards towards the back.

It turned out that she was borrowing the reaction force, trying to bring both herself and Wang Yifeng out of the formation's range.

And that white light of hers also hit the Wolf King with unparalleled accuracy, at this moment he was attracted by the formation could not mountain wall at all, he could only raise his hand and catch it hard.

"Bang!"

A loud sound was heard, and the Wolf King was shaken and immediately flew backwards.

The three of them actually flew backwards in two directions at the same time, and at this rate all three of them would fly out of the altar's range.

Not only would Long Ya and Wang Yi's lives be saved, but the Wolf King would not be able to leave the area either.

However, it was not to be.

As the three of them were located closer to the direction of the Wolf King.

So when Long Ya struck out, the Wolf King was knocked out of the altar almost instantly, but on the contrary, Long Ya and Wang Yifeng flew backwards towards the farthest one.

“It must come out! Must!”

Lin Ran’s heart was incredibly tense as he watched the two flying backwards.

But just as the two were about to rush out of the edge of the formation.

Suddenly, the white light that enveloped them trembled violently.

Then the two figures instantly disappeared in front of Lin Ran.

Lin Ran’s palm was raised, and he was already prepared to pull the two out.

But just at that moment, the two disappeared.

Lin Ran could even see that just now Long Ya’s hand was just half a centimetre away from his own.

Even if he had waited another second, a breath of time, he would have been able to pull the other man.

But in the end, he was still a step too late.

“How could this happen!”

Lin Ran looked at the empty sacrificial platform and only felt as if his entire body’s strength had been drained away.

Wang Yifeng and Long Ya had just been teleported away.

Where had they gone?

He didn’t know.

And there was no danger there?

He didn’t know.

Would they ever return?

He didn’t know either.

“Wolf King!”

Lin Ran’s eyes turned bloodshot and his entire body was even more filled with killing intent.

He turned his head to look at the Wolf King, who was leaning against the stone wall to the side, and who was dying at this moment.

He had just been struck solidly by Long Ya’s blow, which was True Dragon Qi, and the Wolf King had already been severely injured by Lin Ran’s strike, only just after Long Ya’s blow had almost nearly obliterated him.

“Haha! Haha!”

The Wolf King leaned against the stone wall, looking at Lin Ran and actually laughed.

“I never thought that it would end up like this, I, the Wolf King, admit it!”

“Haha!”

The Wolf King laughed crazily, at the end of his life he had suddenly looked away.

“Where did they go!”

Lin Ran looked at the Wolf King and asked in a cold voice.

The Wolf King was stunned and laughed.

“Where did they go, don’t you know?”

“Speak!”

Lin Ran looked at the Wolf King, his fists clenched, and then the Condensing Frost Sword appeared next to him out of thin air.

The entire sword trembled, as if responding to the anger in Lin Ran’s heart.

“It seems like you really don’t know, fine! Then I’ll tell you, they’ve gone to the Other Demon Realm! My homeland!”

“Haha! How’s that? Isn’t that desperate!”

“Lin Ran I’m telling you, Lord Wolf is in the Other Demon Realm, and our Lord Wolf is only a moderately strong force in the Other Demon Realm!”

“There are too many strong people in the Other Demon Realm!!!”

“And I’m also telling you that there are strong men who just love beautiful women, they will rape and kill them first and torture them to death!”

“Haha!”

The Wolf King looked at Lin Ran with a wild laugh in his eyes.

“Activate the formation! Send me there!”

Lin Ran said in a furious voice.

“Activate the formation?”

The Wolf King laughed at his words.

“If I could activate it, I’d have fucking left long ago!”

“This kind of formation, even the sacrifice and I only have the right to activate it once, and this formation will automatically break within a day, trying to get to me my Fey Demon Realm? You are dreaming!”

The Wolf King sneered with smugness in his eyes.

Lin Ran didn't say anything as he slowly gripped the Frost Condensation Sword in his palm, followed by a flash of light, the Wolf King's head was instantly thrown out.

Lin Ran pulled a piece of cloth off the Wolf King's body and picked or head onto the sword, took another look at the sacrificial platform and turned to leave.

He was tempted to stay and wait and see if there was another way to activate the formation, but he knew he didn't have that much time.

Although the Wolf King was dead, there was still a Long Mo in Heavenly City.

Fire One Sword and the others were all still in Heaven City, and he had to go back to solve the problem of Long Mo.

Chapter 1276

The wolf city was in a mess, Lin Ran did not continue to slaughter those generals, these people were no different from civilians to him, so he did not bother to do it, as for what would happen in the future, I believe that after this incident, someone from the mysterious alliance would come, and then everything would be left to the right person.

Those generals, some of them escaped from Wolf City, but where could they go when they were in the Sky Wolf Domain.

When Lin Ran went back, he saw many civilians who had not left Wolf City, for them Wolf City was their home, where else could they go?

When they returned to Sky City, it was already close to early morning, there was still no sunlight on the horizon around them, the difference between day and night in the Sky Wolf Domain was simply the ability to see things around them clearly, the sky was never filled with thunder clouds rolling in.

At this moment in the City Lord's Mansion in Heavenly City.

Long Mo was sitting on the main seat, and in front of him sprawled three of his men respectfully.

"General, the news is absolutely true, the Wolf King is dead! Killed by Lin Ran!"

"Yes General, and right now Lin Ran is rushing back towards Heavenly City, I'm afraid he'll be there in another hour!"

Long Mo looked at the two men, his eyes slightly narrowed.

"That's not what I'm asking! I want to know if Long Ya and Wang Yifeng have really been teleported away by the formation!"

"A thousand percent true General!"

One of the named men affirmed to.

"At the time, I was peeking not far away, I saw it with my own eyes! Lin Ran killed the Wolf King in a fit of rage!"

“Good!”

Long Mo suddenly stood up from his position and shouted at Hu Chong who was standing by

“Inform Long Yang and Long Ridge Sky to come and see me quickly!”

“Yes!”

Hu Chong was immediately ready to go down, but was stopped by Long Mo, he then gestured to Hu Chong’s three men below him, before making a decapitation gesture! ”

“My subordinates understand!”

Hu Chong nodded his head and immediately led his three men away.

“Lin Ran! You have your day too, this is my Long Mo’s last chance, you must die!”

Long Mo said already walking towards his secret room.

It didn’t take long for Long Ridge Sky to arrive with Long Yang.

“Uncle Long!”

“Uncle Long!”

The two men saluted respectfully.

“Mmm!”

Long Mo nodded, while turning to look at the two.

“Do you know why I asked you guys to come here?”

The two shook their heads.

“Right now there is a very important task that I need you two to do!”

Long Mo said and took out the letter that was sent by the family.

“This!”

Seeing this letter, both Long Yang and Long Ridge Heaven were stunned, they knew the meaning of this letter.

The Nine Dragons Order was the most serious letter from their family.

“Kill Lin Ran regardless of the cost?”

Both of them were stunned when they saw the contents of the letter.

“Uncle Long, I’m afraid that the two of us are simply not strong enough to”

Long Ridge Sky spoke.

Only before he could finish his words, he was interrupted by Long Mo.

“What I want you to do is not to go and kill Lin Ran, but to go with him!”

With that, Long Mo took out two jade talismans and handed them to the two.

“This is the Great Shift Talisman! No matter how far it is, no matter where you are, you can instantly teleport back, and I have only saved two of them in my entire life!”

“What do you mean, Uncle Long?”

The two men looked at Long Mo in confusion.

“You all know the news that Lin Ran killed the Wolf King up ahead!”

Long Mo said in a cold voice, and the two nodded.

“Do you know the news that Long Ya and Wang Yifeng were teleported away by the altar?”

The two shook their heads.

They really didn’t know this news.

Long Mo nodded his head.

“Do you guys know where they were transported to?”

“The Otherworldly Demon Realm!”

“The Other Demon Realm? What is that place?”

Long Yang asked busily.

“That’s the enemy’s lair!”

There was an icy coldness in Long Mo’s eyes.

Dragon Sample and Dragon Ridge Sky also had chills all over their bodies when they heard this.

The enemy’s lair! How powerful an enemy must that be.

Just one Skywolf Domain had allowed them to see the strength of the other side, if it was the enemy’s lair, how could there be any way to live?

Both of them couldn’t help but sweat in their hearts.

“I want you to go to the Other Demon Realm with Lin Ran!”

Weng, as expected Long Mo’s next words confirmed the two men’s suspicions.

“Uncle Long, we”

Both of them were a little scared.

Going to the Other Demon Realm, then they were not equally without a way to live.

“Don’t be nervous, that’s why I gave you two the Great Shift Talisman!”

“As long as you’re careful and crush the talisman as soon as you enter the Fey Demon Realm, you’ll be able to return to the Skywolf Domain in an instant! And by then, Lin Ran will be completely trapped in the Otherworldly Demon Realm, this is the only chance to kill him now!”

Long Mo said.

The two of them breathed a sigh of relief at these words.

As long as they crushed the Great Shift Talisman the moment they reached the Other Demon Realm, they would be able to return, which couldn’t be easier for them.

“Uncle Long is wise!”

The two men rushed to Long Mo and arched their hands, smiling.

“As long as this mission can be completed, your status within the family needs no further explanation from me!”

Long Mo looked at the two men and smiled, but a trace of ice coldness flashed in his eyes.

“Understood!”

The two nodded respectfully, with anticipation on their faces.

“Alright, go down and get ready! Lin Ran will be back in half an hour at most!”

Long Mo said.

The two men saluted respectfully and turned to leave at once.

“Lin Ran! You must die this time!”

As he looked at the backs of the two men leaving, a stern aura flashed across Long Mo’s eyes.

“To be able to sacrifice for the family’s mission, you can also go in peace!”

.....

Half an hour later, the news of Lin Ran’s return to Tiancheng immediately set off the entire city.

Countless generals took to the streets and spontaneously cheered for Lin Ran.

Residents throughout the city also came out in droves.

Looking at the man in front of them who had finally freed them from the flames of war.

Lin Ran did not stop and went straight back to the southern city.

“The man is still awake!”

Fire One Sword and the others said after exchanging a few pleasantries with Lin Ran.

Lin Ran nodded and swirled upstairs.

In the room, Li Sheng and Ling Sa were still lying on the bed, but the two of them were already looking much better, so I thought it shouldn't be long before they woke up.

Just when Lin Ran was about to settle down for the time being and wait for the two to wake up before settling the matter with Long Mo.

Suddenly outside, however, came the voice of Fire One Sword.

"Ranzi, Long Mo is here!"

Lin Ran smiled and frowned slightly, he didn't go looking for you, but you came looking for yourself.

The tenderness in his eyes instantly faded, and Lin Ran's eyes once again returned to ice cold.

He got up and walked out towards the commander-in-chief's residence.

"Commander Lin! I rushed over when I knew you were back!"

As soon as they met, Long Mo was excited and said.

"Something wrong?"

Lin Ran looked at Long Mo with bland eyes.

"Commander Lin I learned that Wang Yifeng and Long Ya had been teleported away by Wolf City's altar, so I came here specifically to ask if the matter was true or not!"

Long Mo had a nervous look on his face.

"Does it matter to you if it's true or not?"

Lin Ran's eyes were icy cold, he knew best what kind of person Long Mo was, running over to care for himself at this moment was obviously a fraud.

"Commander Lin I know we had some grudges before, but this matter is of great importance, I must come to you!"

Said Long Mo as he actually took out a parchment scroll from his pocket.

"If Wang Yifeng and Long Ya were really transported away by the formation, then they probably entered the Fey Demon Realm, which is the enemy's lair!"

"I really do have an idea! This parchment scroll of mine is just the thing to activate that formation and send people into the Otherworldly Demon Realm!"

"Say that again!"

Lin Ran's eyes instantly changed.

Chapter 1277

"Commander Lin, there is no way I could joke about such things, this parchment scroll of mine can really activate the formation!"

Long Mo said busily.

“This is a priest from the Wolf King’s side that I got after I killed him, it’s just that later on, Wolf City was so heavily guarded that it was completely useless, that’s why it was collected by me.”

“Why should I believe you!”

Lin Ran’s eyes narrowed slightly, eight out of ten of Long Mo’s words were false, he would not believe them easily.

“How would I joke about such things, and you’ll understand if you take the parchment scroll and try it out!”

Long Mo said, while waving his hand, and at his side Long Yang and Long Ridge Sky walked out.

“Of course if Commander Lin doesn’t believe me, I can let the two of them go with you, but you must guarantee their safety!”

Lin Ran looked at this Long Mo with thoughtfulness in his eyes.

If this parchment scroll could really open the teleportation array, it would definitely be good news for him.

After all, he really didn’t feel comfortable leaving Wang Yifeng and Long Ya alone in the Fey Demon Realm.

“Good! Since that’s the case, then I’ll trouble you to come with me!”

Lin Ran, the dragon Mo, said.

“That’s fine! But I’m taking the Heavenly City Guards with me!”

Long Mo said busily, while a hint of joy flashed across his eyes.

In the Skywolf Domain nowadays, the only person who could pose a threat to him, Long Mo, was Lin Ran.

And facing Lin Ran, even if Long Mo hid in Heavenly City, it would be useless.

So naturally, he could go on this trip.

But for safety’s sake, he still asked to bring along the Heavenly City Guards.

“Departure in ten minutes!”

Lin Ran said in a cold voice, while snatching the parchment scroll away from him with one hand.

Back at the Commander’s residence, Lin Ran took one last deep look at Ling Sa, for the sake of Long Ya and Wang Yi’s life he had to go to the Other Demon Realm, but he was really uneasy leaving Ling Sa alone here.

After all, once he had entered the Other Demon Realm, there would really be no one in this Skywolf Domain who could control Long Mo.

Lin Ran took out the Battle List Order and entered a strand of true qi.

Instantly, the information of the Battle Ranking Order surfaced before his eyes.

Lin Ran took a glance at it, and at this moment, he had already rushed to second place.

“With such an achievement, I hope it will attract the attention of the Mysterious Alliance!”

Lin Ran said to himself.

At the same time, he looked towards the Heavenly City Guards standing respectfully outside the door.

This time, taking Long Mo out of the Heavenly City was also Liu Feng and the others’ chance, there was only so much he could do, the rest was up to Liu Feng himself.

Lin Ran then turned around and left the commander’s residence, taking Long Mo and the others towards Wolf City and rushed over again.

Just what you don’t know about Lin Ran is that he had just set off less than an hour ago.

Lin Ran, who was lying on the hospital bed, woke up.

When she learned of these things her eyes instantly turned red.

“No I want to go to Wolf City! Take me with you!”

Ling Sa looked at Fire One Sword and pleaded.

“It’s useless for you to go, Lin Ran will definitely still leave!”

Fire One Sword said.

“I don’t care, I want to go see him! Even if it’s just to look at him from afar!”

There were tears in Lin Ran’s eyes.

Fire One Sword was moved, and he immediately led a small group, carrying Ling Sa in pursuit towards Lin Ran.

But how could his speed compare to Lin Ran’s.

Under Lin Ran’s leadership again, Long Mo and the others’ speed also increased greatly, and they arrived at Wolf City in just five hours.

“This”

After arriving at Wolf City, the crowd froze as they looked at the dilapidated scene in front of them.

“Watch out!”

Suddenly, people from the Heavenly City Guard blocked in front of Long Mo.

Only to see the numerous civilians in front of them standing in front of their homes, looking at these people they did not know.

“Don’t move them! They’re just ordinary people!”

Lin Ran spoke.

Only then did the Heavenly City Guards relax their guard.

Lin Ran pointed at these ordinary people in front of him and said to Long Mo.

“I won’t kill you, but you must also promise not to harm the ordinary people in Wolf City, there is nothing wrong with them!”

“As for those fleeing soldiers, you’re on your own!”

Lin Ran said in a cold voice.

Long Mo nodded at his words, at this point he naturally wouldn’t go against Lin Ran’s wishes for such a trivial matter, as long as he could get the latter to enter the Fey Demon Realm, he wouldn’t have any complaints at this point if he was made to be a cow or a horse.

“I just want you to enter the Otherworldly Demon Realm! As long as I can you get in, you will never want to get out in your life!”

Long Mo sneered in his heart.

The crowd passed through Wolf City and went straight to the back mountain.

Lin Ran then followed Long Mo’s words and placed the parchment scroll on the sacrificial platform.

Sure enough, as the parchment scroll was placed on it, the sacrificial platform soon began to vibrate.

Just a few moments later, a wisp of white light actually appeared on the sacrificial platform.

“Drop your essence blood on that initiation stone and the formation will be activated!”

Long Mo said, with anticipation in his eyes.

“Wait a minute!”

Suddenly, but a woman’s voice came from behind them.

The crowd turned their heads to look, only to see that the person who spoke was a middle-aged woman, who was wearing the clothing of Wolf City, and should be a resident of Wolf City.

“Leave quickly, or don’t blame us for being ungracious!”

Long Mo said in a cold voice.

Lin Ran, however, yanked him behind him, he recognised the person, it was really the teenager’s mother.

“Something wrong?”

Lin Ran asked as he looked at the other party.

“Are you going to the Other Demon Realm!”

The woman spoke up and asked.

“Yes! You’re going too?”

Lin Ran asked.

“No! I’d rather die than go back, but I want you to help my son!”

The woman said, while handing over a piece of paper.

“Up here, it’s one of his cousins, in the Fey Demon Realm! If you can run into her, I hope you can bring her out!”

The woman said, then pointed behind her, where the teenager was probing at Lin Ran.

“I told him that the intruder is actually the Wolf King, but he’s still young, he doesn’t know anything, he told me! If you’re really good, if the Wolf King is really the intruder, he wants you to bring his cousin out!”

Lin Ran sniffed and looked at the two men and sighed.

“So what if you bring it out! You should understand that it’s very awkward for people of your status!”

Lin Ran said.

He could already guess one thing, the inhabitants of Wolf City were most likely captured from the perennial wars and subsequently passed down from generation to generation in Wolf City, but the future generations of them didn’t know the truth of the matter.

Even if there were such ordinary people in the Fey Demon Realm, then they would be completely hostile to the Mystic Alliance.

Although such people are ordinary people, if they were really brought out, would the Mystic Alliance accept them?

“We don’t want war, we just want to be reunited as a family!”

The teenager looked at Lin Ran with firm eyes and said.

“I understand!”

Lin Ran nodded and took the paper over, placing it on his body.

“Long Mo!”

Suddenly, Lin Ran turned his head to look at Long Mo.

“Don’t you dare touch these ordinary people! I, Lin Ran, will definitely kill you when I return!”

“I dare not! I don’t dare!”

Long Mo was busy shaking his head.

Lin Ran, however, felt uneasy and turned his head to shout at the surrounding Heavenly City Guards, Long Yang and the others.

“I, Lin Ran, keep my word, whoever dares to move the ordinary people here, I, Lin Ran, will come back and kill their whole family!”

“If the Mysterious Alliance comes in the future, I hope that you will tell them my words! These are just ordinary people, I hope that the Mysterious Alliance can give them a place to live in!”

Listening to Lin Ran’s words, Long Mo however wanted to laugh, this place was all his people, as long as they waited for Lin Ran to leave, who would still remember this.

Only Long Mo didn’t know that Lin Ran was simply saying this to Liu Feng!

Chapter 1278

The young man then left, accompanied by the middle-aged woman.

Lin Ran also did not delay any longer and immediately went up to the altar, followed by Long Yang and Long Ridge Sky.

However, what surprised Lin Ran was that the two of them could not see a trace of worry on their faces, they were very calm.

It was only logical that they should not want to go to a place like the Fey Demon World, but at this moment, their expressions looked very relaxed.

Lin Ran had thought of the reason for this with just a single thought.

I’m afraid that Long Mo must have given the two of them a backhand if he had asked them to follow him to gain his sympathy.

It was hard to say whether this backhand would work or not, after all, they were going to the Other Demon Realm.

And at this time, far outside the foreign devil realm of Wu Zhen, wind old man only hurried to here.

Each battlefield, want to go in only specific teleportation array can reach.

This is also to prevent the enemy from escaping from inside the teleportation array and then not being able to find out exactly where people are.

After arriving at Wu Zhen, Elder Feng rushed to Xing Wu Mountain without stopping to enter the Heavenly Wolf Domain from the Xing Wu Mountain Teleportation Formation.

However, just as he arrived at Xingwu Mountain, Fire Elder was chasing after him from behind.

“Why are you here?”

Seeing Elder Fire, Elder Wind was clearly a little surprised.

“I came because I have something big to tell you!”

Later, his face was grave.

“What’s the big deal!”

Elder Wind didn't bother to talk nonsense and asked directly.

"News has just come from the Heavenly Fire Domain that the Fire Halberd has killed a priest inside!"

Fire Elder said busily.

"Killed it, you killed it, and that's all you're after?"

Elder Wind was a little speechless.

"I wouldn't even bother looking for you if it was for this!"

Fire Elder said without good humour.

"That priest leaked out before he died, saying that the Skywolf Domain had established a one-way teleportation spell! It can enter the Other Demon Realm!"

"What did you say?"

Elder Feng's face instantly turned pale at his words.

The Fey Demon Realm, no one knew the terrors of the Fey Demon Realm better than him, it was definitely a forbidden place for cultivators.

As an enemy's lair, but anyone who went in there could only have two outcomes.

First! Death in battle!

Second! Defection!

"I have to hurry up and go to the Sky Wolf Domain!"

Elder Feng dropped a sentence, while his person had already disappeared in the same place.

....

And in the Sky Wolf Domain, at the end of the desolate Ping Yuan, a lofty city finally appeared.

Only at this time, the city was very dilapidated, only wolf smoke was still rising, but there was not a single person in sight.

"We've arrived at Wolf City!"

Fire One Sword said excitedly, they had travelled a long way to finally reach Wolf City at this moment.

"Lin Ran! Wait for me!"

Linran shouted ahead.

But at such a distance, how could her voice reach Lin Ran's ears?

Lin Ran was standing on the altar at this moment, and a drop of blood fell from his palm onto the initiation stone.

"Weng!"

The Initiation Stone quickly responded.

A wisp of white light began to rise, firmly anchoring the three of Lin Ran to the altar.

At this point, I was afraid that Lin Ran would be the only one who could force his way out, while Long Yang and Long Ridge Heaven would have problems even raising their hands at all.

“Commander Lin, bon voyage!”

Long Mo stood outside the altar, looking at Lin Ran with anticipation in his eyes.

Just wait a little longer, after a while Lin Ran would enter the Fey Demon Realm, and by then his side would never get out!

This Skywolf Domain would still be his own Skywolf Domain, and he would have a higher treatment and status in the Dragon Family.

And all of this had been earned through his own ingenuity!

“Fighting with me? You’re a bit young after all!”

Long Mo had a cold laugh in his heart.

And at this moment, the speed of the white light on the formation was also getting faster and faster, obviously the time for the formation to open was also very close.

“Lin Ran!”

Suddenly, a familiar voice came from afar.

Lin Ran looked up, but the end in front of him was empty, except that the familiar voice sent a shiver down his spine, and he knew it was Ling Sa who had come.

“Go back! I’ll be back soon!”

Lin Ran shouted at the top of his lungs.

“No! You take me with you! I don’t want to be separated from you!”

Linran shouted busily.

However, it was already too late.

Just a moment before Ling Sa’s figure was about to appear at the end of Lin Ran’s vision.

“Weng!”

The formation suddenly activated, and Lin Ran’s three figures instantly disappeared from the spot.

“It finally worked!”

Long Mo’s entire body trembled with excitement as he saw this scene, he had finally succeeded.

Lin Ran had finally left the Skywolf Domain, and I was afraid that he would not have the chance to return in the future.

And Lin Lan also finally saw the altar, but what she saw was on the altar, the last wisp of white light slowly rising, but the person on the altar had disappeared.

She had travelled a long way, even though she knew in her heart that Lin Ran would not take her to the Fey Demon World.

She had only wanted to give Lin Ran a ride and see him once.

But it was this one side that was hard to see.

She didn't even know that with this separation, the two would not meet again for years.

Ling Ran sat down on the ground, tears streaming down her cheeks.

Although she didn't know much about the Other Demon Realm, she knew that it wasn't a good place, and she was really worried that Lin Ran might have a problem in there.

On her side, Lin Ran was crying with pearly tears, while next to her was already Long Mo's scolding.

"Pass down the order for the army to move out! Three days to reach Wolf City and take over everything in Wolf City completely!"

"Yes!"

On the side, the Heavenly City Guard respectfully responded.

"General, what about the people in this city?"

The leader of the Heavenly City Guards asked.

"The people? What's the need to ask? Kill them all!"

Long Mo had a frenzy in his eyes.

Although the ones within Wolf City were all ordinary people, he was not stupid, he naturally would not do it himself, while just finding some ordinary people as well and killing them.

Then this merit would also be added to his head in a different direction.

"This time, the top three of the Battle Ranking Order is none other than me, Long Mo!"

Long Mo had frenzy in his eyes and immediately opened the Battle Ranking Order.

But when he looked at it, his whole body froze.

He saw that he had fallen out of the top ten on the Battle Ranking Order and was in eleventh place.

And the person who had just rushed up was none other than Broken Heaven.

Moreover, at this moment, he was tapping on the first place of the Earth Ranking, overpowering the ten gatekeeper generals and completely topping the list!

"Humph! So what if you're powerful, it's already in the past after all!"

Long Mo had frenzy in his eyes, and with a wave of his palm, he was ready to leave.

But at that moment, he noticed that none of the Heavenly City Guards standing beside him had moved. Instead, at some point, they had formed an encirclement, surrounding him in the middle.

“Why aren’t you guys going to pass the order!”

Long Mo chided in a cold voice.

This shout startled even Flame One Sword and Ling Sa at the side.

The two of them got up and looked at Long Mo, with caution in their eyes.

Nowadays, Lin Ran had already left for the Fey Demon Realm.

There was really no one in this Skywolf Domain who could do anything to Long Mo.

Especially now, once Long Mo started to kill them.

I was afraid that the result would be very frightening.

“Lin Ran isn’t a reckless person, how could he leave behind a big scourge like Long Mo this time!”

Ling Sa wondered in her heart.

While at the side, Fire One Sword laughed and said.

“You’ve already said that Lin Ran is not a reckless person, so how could he leave behind a scourge!”

Ling Sa was stunned at her words and looked at the Heavenly City Guards in front of her.

Suddenly something occurred to her.

“General Liu Feng!”

“Lin Ran originally meant this!”

Sure enough, just as her words fell.

The Heavenly City Guards surrounding Long Mo suddenly drew the weapons in their hands in unison.

They looked at Long Mo with icy cold faces without speaking.

The Heavenly City Guard at the head of the group slowly took off his helmet.

At the same time a voice came out.

“Long Mo! It’s been a long time!”

Chapter 1279

Looking at the face that appeared in front of him, Long Mo’s face instantly changed.

“Liu Feng! How come it’s you!”

“Why can’t it be me!”

Liu Feng laughed.

Long Mo instantly remembered that previous incident in the dungeon.

“You! You guys! You guys were the ones who replaced the Heavenly City Guards that time, but how could the scent on your bodies be the same as the Heavenly City Guards’!”

Long Mo had disbelief in his eyes.

The aura of the Heavenly City Guards was very special.

Not only did they have the scent that Long Mo had cultivated them with since childhood, but they also had the scent of venom left behind when they were transformed later.

But these ten Heavenly City Guards standing in front of him at this moment also possessed this same aura, and it was a touch the same.

“No!”

Suddenly there was panic in Long Mo’s eyes.

“You guys! Me!”

Long Mo was completely dumbfounded.

Only then did he remember that he had previously sent his Heavenly City Guards to take Li Sheng and the others away, but the latter two Li Sheng and the others had been snatched away by Bashful.

At that time, he had already lost two Heavenly City Guards, and there were only eight people left.

But today, there were ten of them with him.

“I was really too careless, I should have seen it coming!”

Long Mo had remorse in his eyes.

If he hadn’t been so preoccupied with sending Lin Ran to the Fey Demon Realm today.

I’m afraid he would have discovered this a long time ago.

But now it was all over to say anything.

“Humph! Even if you guys come out, so what, I could fix you last time, I can fix you this time as well!”

There was disdain in Long Mo’s eyes.

“Is that so? Then I’d like to see how strong you are without the blessing of the Heavenly City Formation!”

Liu Feng’s eyes flashed, followed instantly by the ten Heavenly City Guards around him all moving.

“I’ll go and help!”

Fire Yijian was about to go over at once.

But instead, he was pulled back by Ling Sa.

“You can’t go!”

“Why?”

Fire Sword was puzzled.

“This is their old grudge, firstly Liu Feng must not want you to get involved either!”

“Secondly, they work very well together, you won’t necessarily fit in if you go, but you’ll help instead!”

“Thirdly, if you make a move, once Long Mo is welcomed there will be a reason to strike at you, and by then all those generals in South City will be in a dangerous place!”

“!!”

Fire One Sword froze in his tracks, at once.

He was not expecting in any way that Ling Sa could consider so many situations in such a short period of time.

“So what now?”

Fire Yijian couldn’t help but ask, he had listened to Lin Ran’s orders before.

Now that Lin Ran was gone, and the thoughtfulness that Ling Sa had shown made him unconsciously want to see what Ling Sa suggested.

“Have someone go back and report that South City is on guard, and at the same time tell the story of General Liu Feng’s battle with Long Mo.

“Those men of Long Mo must have some of General Liu Feng’s old men, and at the same time go to the dungeon to rescue those who are imprisoned.”

“In this way, even if General Liu Feng is defeated in the battle, Long Mo will have no way to take Heavenly City for a while!”

Ling Sa analyzed.

“Good!”

Fire One Sword nodded his head and busily sent his squad back to report the news.

After arranging all this, Ling Sa and Fire Sword then came to the side and quietly watched the great battle ahead.

Liu Feng had ten men after all, while Long Mo only had one, and as he was still in Wolf City, he was unable to mobilise the power of the formation at all.

So at first the situation was firmly under Liu Feng’s control, suppressing Long Mo into a downward spiral.

But as time went on.

Ling Sa and Fire One Sword watched but with a slight frown.

“General Liu Feng’s strength seems to be only half-step Dan-making realm!”

Fire One Sword spoke up.

“Hmm!” Ling Sa nodded her head, her heart seized up!

“If we continue to delay, I’m afraid General Liu Feng won’t be able to suppress the situation!”

“Haha!”

Suddenly Long Mo, who was under siege in front of him, laughed.

“Liu Feng, after all these years, you are still so unbearable!”

“Ten people beat me, you can’t even kill me!”

Long Mo laughed coldly.

“Humph! Stop being rampant!”

Liu Feng’s face was icy cold, and he also knew that his side did not actually hold the power.

Back then, he was even stronger than Long Mo, and only defeated him by relying on the formation against the release.

But after so many years, Long Mo had long since ceased to be the same Long Mo.

Instead, Liu Feng and the others were tortured in the dungeon.

Rather, after so many years had passed, Long Mo’s strength had in turn surpassed Liu Feng’s.

“Humph! Rampant? That’s how rampant I am, Lin Ran has left, who can stop me in the entire Skywolf Domain now?”

Long Mo laughed wildly.

At the same time, his palm flipped, and a fiery red crystal appeared in his hand.

“Essence Stone!”

Upon seeing this stone, Liu Feng and the others’ faces instantly changed.

This Essence Stone was an item that was exchanged through the Battle Ranking Order.

It could allow a person to increase their strength by a very strong amount for a short period of time, and had no side effects at all.

Back then, Liu Feng had redeemed it before.

I didn’t expect that this Long Mo had actually redeemed it as well.

Long Mo swallowed the Essence Stone into his mouth as soon as he could, following which his whole body’s breath was ever stronger.

He looked at Liu Feng and the others in front of him, with madness in his eyes.

“Don’t be in a hurry, none of you will be able to escape later!”

Long Mo laughed wildly.

At this moment, Liu Feng regretted a little, he should have known that he shouldn’t have rushed into action so much.

According to the original plan, they were going to use the messenger robe costume.

First, they would pretend to be the Mysterious Alliance’s emissary to intimidate Long Mo, and if the latter didn’t fall for the trap, then they would strike directly!

But this time, Long Mo had left Heavenly City with Lin Ran, which was a once-in-a-lifetime opportunity, and there was no telling how long it would take for them to come across such an opportunity next time.

So they definitely made their move.

But it turned out that they could not do anything about Long Mo.

Even at this moment, Long Mo had taken out the Essence Stones, which clearly meant that he was not prepared to drag on with them and was prepared to have a quick battle.

“Go!”

Suddenly, Ling Sa who was next to him spoke up.

“Go? We Nan don’t care about them?”

Fire One Sword was busy saying.

At this moment, Liu Feng and the others were still fighting together with Long Mo.

“We can’t turn it off, I’m afraid that in less than five minutes Liu Feng and the others will have to fall, if we don’t leave, the two of us won’t be able to leave either!”

Ling Sa said.

“Hey!”

Fire One Sword gritted his teeth and the two of them were ready to leave at once.

But at that moment, there was a miserable scream from behind them, and one of the guards was sent flying by Long Mo’s palm, and his breath was already cut off while he was still in the air.

“Go!”

Liu Feng had anger in his eyes and opened his mouth to scold!

“General!”

The other eight people looked at Liu Feng, their eyes full of resignation.

“Get out of here! We’ve lost!”

Liu Feng gritted his teeth and persuaded.

Ten men had failed to kill Long Mo and now one was dead, dragging it out would only end up wiping them all out.

“Go? I told you that none of you can leave today!”

There was a fierce light in Long Mo’s eyes, and with a flash of his body he charged towards the nearest Heavenly City Guard.

“Your opponent is me!”

Liu Feng’s eyes were cold, and as he spoke, he had already met him.

He was unable to defeat Long Mo, but if he had to watch his men being killed one by one by Long Mo, he would rather rush in front himself.

“General!”

Everyone’s eyes were red at this point.

“I told you all to go! Do you all want me to die in peace!”

Liu Feng said angrily.

The eight remaining men froze in place, then glanced at Liu Feng, turned around and left.

Lindsay saw that they all had tears in their eyes, apparently all actually did not want to leave at this moment.

Chapter 1280

“Poof!”

Suddenly, a muffled sound pierced from behind the crowd.

Following the crowd, they saw that Liu Feng had actually been directly slapped on the chest by Long Mo in a single glance, and a large mouthful of blood spurted out instantly as if he didn’t want any money.

“General!”

The nine people next to him saw this scene and their eyes instantly turned red.

One by one, they pounced right towards Long Mo, and at this moment, none of them actually escaped.

“No I’ll go too!”

Fire One Sword looked at the scene before him and was somewhat moved.

“I’ll go too!”

Lingsha’s eyes were also red,? Almost everyone in South City had heard of General Liu Feng’s deeds.

Not to mention that Ling Sa had talked to General Liu Feng before.

At this moment, seeing Liu Feng beaten like this by Long Mo, everyone had anger in their hearts.

“No! You can’t go!”

Suddenly Fire One Sword spoke up.

“Now that Lin Ran is not here, South City needs a spokesperson, you can’t go, or else South City will really be wiped out by Long Mo!”

“I’m not good at this, so South City needs you!”

Fire One Sword said and shouted at Long Mo.

“Long Mo, from now on I, Fire One Sword, am not under Lin Ran’s ministry, take your life!”

After saying that, Fire One Sword flung his longsword in his hand and rushed towards Long Mo.

“Fire One Sword!”

Ling Sa was busy shouting, but Fire One Sword had already rushed out.

At this moment, with the addition of Fire Sword, the situation had slightly improved.

But the crowd actually understood in their hearts that there was no way they could win against Long Mo, who was in the early stage of the Dan Creation Sutra.

This was a big realm crossing, not a small level.

When Lin Ran was at the peak of the Qi Creation realm, he would need to fight for his life to fight Bajia, but when he crossed over to the Dan Creation Sutra, he would simply be wiped out with one hand, this was the gap in strength.

The gap between each great level was terrifying.

At this moment, the battle between the Fire One Sword crowd and Long Mo was a very obvious thing.

Time passed by minute by minute.

Finally, ten minutes after Fire Sword had joined the battle, another Heavenly City Guard died a horrible death at the hands of Long Mo.

At this point, Long Mo’s counter-attack began.

The whole time that followed was Long Mo pressing the group of them.

And as the exchanges increased at this point, wounds began to appear on all of them.

Especially Fire One Sword, he was the most skilled at attacking and had a different rhythm to Liu Feng and the others, almost every time Long Mo fought him, he would leave wounds on his body.

Gradually, the clothes on Long Mo’s body were stained red with blood.

“Ling Sa go!”

Fire One Sword understood in his heart that there was no turning back when he started work, the beam between him and Long Mo had already been made, and he could not return to Heavenly City.

“Hurry up and go!”

Seeing that at this moment Ling Sa was frozen in place, Fire One Sword could not stop urging.

He no longer cared about his own comfort now, he only wanted Ling Sa to hurry back, and when she got to Heavenly City, she could at least still get around with Long Mo.

With Lin Ran gone, he could not watch Ling Sa die here as well.

How else could he explain to Lin Ran in the future?

He called out again and again, but Ling Sa was standing frozen, not moving at all, her eyes looking ahead as if she had seen something terrifying, not moving at all.

“Hm?”

Fire One Sword was stunned, and was busy turning his head to look.

Following him, he also froze.

“Weng!”

Suddenly, a buzzing sound resounded through the heavens and the earth, and Long Mo and the others were instantly startled as well, each turning their heads to look.

They only saw that a huge crack had cracked open out of thin air in the distant sky.

On the crack, black clouds parted of their own accord, and not even lightning dared to cross the thunderbolt by half a step.

Suddenly a white-robed figure descended from the sky, his face cold as he looked distantly at the crowd of people who were fighting below.

“Where is Lin Ran!”

Suddenly a roar resounded through the heavens and the earth.

That’s right, he was none other than Old Feng who had rushed here.

He hadn’t felt Lin Ran’s scent since the moment he entered the Skywolf Domain.

In order to cultivate Lin Ran, he had taken one step at a time and had managed to get to where he was today, but Lin Ran had disappeared from the Skywolf Domain.

“Senior, Lin Ran is dead!”

Long Mo laughed.

Seeing how angry the other party was, he thought he had a grudge against Lin Ran and spoke the news in preparation to pull the other party in.

“What did you say?”

Elder Feng was instantly furious and his palm grabbed the air, and immediately Long Mo’s form disappeared into place.

By the time he reappeared, his neck was already choked by the old man's hand.

"You're saying that again!"

Elder Feng looked at Long Mo, his eyes full of killing intent.

"Elder you"

Long Mo was stunned, his heart was a little panicked, had he guessed wrong?

The other party's rage was not because they had a grudge against Lin Ran? Rather, he was worried about him?

It couldn't be, how could Lin Ran know such a powerful old man.

He was a Dan-making realm himself, and he ended up being caught by someone.

"I'm asking you! Where is Lin Ran!"

Elder Feng said angrily, his palm gripping Long Mo and making him feel a little breathless, a chill rising even more from the bottom of his heart.

"Who the hell is this old man?"

Liu Feng and the others were frozen,? They understood that the other party was extremely strong and did not dare to make a move at this moment.

Just guessing in their hearts.

"Lin Ran Lin Ran has gone to the Other Demon Realm! He just left from the formation!"

Long Mo didn't dare to have the slightest bit of concealment busy telling the story.

"Senior, Lin Ran really wanted to go on his own, it has nothing to do with me senior!"

Feng Lao looked at Long Mo in front of him and said in a cold voice.

"So you're this Skywolf Domain's guard general, Long Mo, are you?"

"Yes! It's me is me!"

Long Mo said busily.

"You should really die!"

Feng Lao had killing intent in his eyes, and with a wave of his palm, Long Mo smashed down towards the ground like a cannonball.

"Bang!"

With a loud bang, Long Mo's entire body crashed straight into the altar only, and instantly the altar was torn apart and destroyed.

"Lin Ran!"

Seeing the appearance of the altar, Lin Ran's entire body sat down paralyzed on the ground.

"Why did you destroy it, how will Lin Ran ever come back!"

Ling Sa looked at Wind Elder, her eyes filled with tears.

"Coming back from the Other Demon Realm is not a walk to the altar!"

"Besides, can he still come back?"

Wind Elder looked at Ling Sa and muttered to himself.

"Who are you?"

Elder Feng suddenly looked at Liu Feng.

"Liu Feng!"

Liu Feng bowed respectfully.

"I wonder how senior is addressed!"

"Just call me Elder Feng!"

Elder Feng said.

"What? Elder Feng?"

Hearing this name, Liu Feng and the others instantly knelt in respectful submission, each with fervour in their eyes.

"Elder Feng, Lin Ran has something to say to stay!"

Liu Feng said busily.

"What words? Speak!"

Elder Feng's eyes twitched slightly.

"Lin Ran said that if someone from the Mysterious Alliance comes, he asked me to make sure to pass on the message not to harm the ordinary people of Wolf City and to find them a home to live a normal life!"

Liu Feng said.

Elder Feng heard a sigh of relief.

"Ai, you've gone to the Otherworldly Demon Realm yourself, and you're still so concerned about the safety of others!"

"So be it!"

Elder Feng waved his palm, and a token appeared out of thin air, appearing in front of Liu Feng.

“I’ve heard of you, not a bad person! Qualification or not, from now on, this Sky Wolf Domain will be left to you to guard, those civilians you are responsible for settling, consolidate Sky City as soon as possible, the enemy’s army will still come to this Sky Wolf Domain in half a month at most!”

Elder Feng said.

“Yes, my lord!”

Liu Feng respectfully saluted.

Immediately, he got up with the token and shouted at the people beside him.

“Escort Long Mo back to Heavenly City!”

“Yes!”

.....

Long Mo was completely finished, and the Wolf King was also dead.

But the matter of the Heavenly Wolf Domain was far from over.

Every battlefield that could be called a domain was a place where both sides would fight.

Even though the Wolf King was dead for the time being, a new Wolf King would soon arrive.

The war in the Sky Wolf Domain was far from over.
