

Wonder Doctor

Chapter 1281

In Heavenly City, there was silence, although Liu Feng had returned.

But the crowd knew that Lin Ran had really left.

“That’s a foreign devil domain! I don’t know if Commander Lin will still be able to come back!”

“It’s hard to say, how many of those who have been to the Foreign Demon Domain over the years have come back?”

“Come back? I’ve never even seen one!”

“Ai! It’s true that heroes have many trials and tribulations since ancient times! That was the case with General Liu Feng back then, and it’s the same with Commander Lin now!”

The generals said, their hearts all feeling very bad.

South City.

“Elder Feng explained before he left that you can leave anytime you want!”

Liu Feng looked at Ling Sa and the others in front of him and spoke.

It was time for this grinding journey to come to an end.

“I want to stay!”

Suddenly, Ling Sa opened her mouth and said.

“I want to stay too!”

Next to her, Leng Xie also spoke up.

“And us too!”

Battle and Old Cat also stepped forward.

“We’re all staying!”

All sixty people behind them stood out.

“You guys?”

Liu Feng looked at the crowd in a daze.

“General Liu, Elder Wind said earlier that this Sky Wolf Domain is not peaceful and the Wolf Lord will send a new Wolf King over soon!”

“So the war in this Sky Wolf Domain is far from over, whether it’s because of the war or because of Lin Ran, we all have to stay!”

Fire Yijian said as he stepped forward.

Liu Feng looked at the crowd and saw that they were all very determined, so he didn't say anything more at that moment.

"Good! Since that's the case, then you guys can stay!"

Many of them actually wanted to wait for Lin Ran here, only they didn't know that this wait would be years.

.....

At night, at the top of a treacherous mountain peak, there was a lofty palace.

The palace only had a huge wolf's head carved on it.

Every wolf mane on the wolf's head seemed to be real, and the two wolf eyes were emitting a sharp light at the moment.

"Lord Wolf Master! There has just been a disturbance in the Heavenly Wolf Domain formation!"

Suddenly a voice came out, followed by a soldier in wolf skin armour rushing in.

"There's a disturbance in the formation?"

The Wolf Lord's face was ugly as he snapped out of his position and stood up.

"Once the Wolf King and the sacrifice are dead, who else in the Sky Wolf Domain can open the king's altar?"

"Quickly pass down the order to set up the Blood Wolf Extermination Formation around the sacrificial altar! As soon as the other party comes out, as long as they are not our people, they will be directly exterminated!"

"Yes! Your Excellency!"

His men went down and made the arrangements.

At this time, the Wolf Lord was looking at the endless mountain range in front of him, with frenzy in his eyes.

"Who the hell is coming? How dare you come to my Fey Demon Domain!"

.....

In a dimly lit space, the three figures seemed like a flat boat on the ocean, drifting with the wind.

They had no control at all over where they were going, and equally no control over where they would fall out of this teleportation tunnel.

Lin Ran only felt that everything around him was spinning at this moment, making his head a little dizzy.

This state lasted for who knows how long, and how much longer, as the three of them held on in silence.

Just as the three were floating around not knowing where they were.

Suddenly, a ripple appeared on the barrier next to the tunnel, and the ripple expanded rapidly, eventually forming a vortex.

The vortex was like a black hole, and the three of them were instantly pulled in just as they reached it.

At the same time, the three of them only felt a coldness come over them, instantly stimulating all three of them out of their senses.

“Where is this?”

Long Yang asked, as the three of them were not far away at this point.

They all looked around one after another, trying to figure out where exactly this place was.

“Could this be the Fey Devil Domain?”

Long Ridge Sky opened his mouth, while his palm was already squeezed on the Great Shift Talisman.

The Fey Demon Domain was terrifying and unusual, he did not want to stay here for a moment longer, as long as he could be sure that this was the Fey Demon Domain he would leave immediately.

“This should be the Fey Demon Domain!”

Lin Ran suddenly spoke.

“How do you know?”

Long Yang looked at Lin Ran, his face cold.

“The patterns on the bottom of these feet are very similar to the altar’s, we should be at the station!”

Lin Ran’s face was still bland.

“O?”

Long Yang and Long Ridge Sky sniffed and looked down.

Sure enough, they found that the place they were at had a very intricate pattern of lines underneath their feet.

“Looks like we’ve arrived at the place,? But why is it so dark around here, I can’t see anything!”

Long Yang muttered to himself.

“What the heck! Hurry up and go!”

Long Ridge Sky spoke up.

The two of them looked at each other and followed and took out the Great Movement Talisman.

“Hm?”

Lin Ran looked stunned, not understanding what the two were doing.

Long Yang laughed at the situation.

“Lin Ran, I’ll tell you when it comes down to it! Let you die with understanding!”

“Do you think we’ll really be stupid enough to stay with you in this foreign devil domain? See what I’m holding?”

Long Yang said and raised his hand Zhang.

“It’s called the Great Shift Talisman, if I crush it, in an instant we will return to the Sky Wolf Domain, while you will stay in this Fey Demon Domain forever!”

Lin Ran’s eyes narrowed slightly, but he wasn’t too surprised.

“Really! Then you guys can go!”

Lin Ran said indifferently.

He hadn’t originally expected Long Yang and Long Ridge Sky to help him, he had come here ready to fight on his own, and as long as he could find Long Ya and Wang Yi Life, he would look for a way to leave.

“Haha, you’re quite sensible, in that case? Then I’ll take my leave!”

Long Yang laughed coldly, following which he was about to crush the Great Shift Talisman.

But at this moment, suddenly a red light rapidly flew from the back.

Long Yang’s face sank, and he quickly turned his head to look.

However, the moment he turned around.

The red light had already entered his body.

Only then did he see clearly that what had sneaked up on him was actually a fiery red fang, which was about ten feet long and looked just like a wolf’s tooth.

But a wolf’s tusk this big, how big must the wolf that grew it be!

“This .....

Blood was already flowing from the corner of Long Yang’s mouth as he used his last ounce of strength to crush the Great Shift Talisman.

However,? The white light he had imagined did not appear.

“Bang.”

He fell to the ground, with despair in his eyes.

“Long Mo! You cheated .....

On the side, Lin Ran looked on indifferently, he did not say anything.

While Long Ridge Sky had cold sweat on his face by now, Long Yang had been killed in an instant, it was clear how strong the other party was.

He didn’t dare to delay any longer and busily crushed his Great Shift Talisman.

However, calm! The surroundings were still calm.

“Where’s the teleportation? Where’s the white light? Long Mo!”

Dragon Ridge Heaven also understood completely.

“What Great Shift Talisman! You they are lying to me!”

Long Ridge Heaven cursed.

“To be able to move out of the Fey Devil Domain, if there was such a talisman, would the enemies here still be trapped for so many years? Why didn’t they kill them out earlier!”

Lin Ran looked at Long Ridge Heaven, his voice bland.

“It’s all because of you! It’s all because of you!”

With a fierce look in his eyes, Long Ridge Heaven copied the long sword in his hand and ran straight at Lin Ran.

“Ai!”

Lin Ran shook his head helplessly.

At the same time, another red light came and followed it into Long Ji Tian’s body.

They had only just arrived at the Fey Demon Domain less than ten minutes ago, and Long Yang and Long Mo were already dead!

Lin Ran was still standing in place, and through the endless darkness ahead of him, he could sense that the place he was in was enveloped by a formation.

“Whoosh!”

Suddenly another red light appeared, heading straight for Lin Ran.

However, with a wave of his palm, Lin Ran instantly sent the red light flying backwards, while speaking.

“Use any killing moves you have, such attacks are useless against me!”

Chapter 1282

“What a big mouth!”

An icy voice recalled from the dimly lit space.

“Who are you?”

Lin Ran looked ahead, his voice bland.

“You used my teleportation array, and you’re asking who I am?”

The voice rang out again.

“Wolf Lord?”

A smile appeared at the corner of Lin Ran's mouth.

"I came here not wanting to make an enemy of you, I just want to take my friend away!"

"Leave?"

The wolf lord laughed.

"Do you think that this Fey Demon Domain of mine is a vegetable market? Or do you think that I, Wolf Lord, am easy to bully? You can come and go whenever you want?"

"Where's my friend?"

Lin Ran asked with an icy expression on his face.

"Dead!"

The wolf lord sneered.

"Impossible! You can't fool me!"

Lin Ran said.

He could clearly feel Wang Yifeng and Long Ya's sensory stone, the two of them were still together, only this sensation was vague and sporadic.

"Haha! You're ruthlessly clever, it wasn't a loss for the Wolf King to die in your hands! But today you have entered my Fey Demon Domain and arrived at my Wolf Lord's territory, then you are destined to die!"

The Wolf Lord's eyes snapped cold, and following Lin Ran, he saw.

At this moment, around him, an unknown number of red eyes had densely appeared.

Those eyes were ice-cold and without a trace of temperature, as if demons from hell were gazing at him.

"Blood wolf formation, tsk! I'm sure they will be very satisfied with your blood and flesh!"

The wolf lord laughed, followed by a whistle, and instantly countless red eyes all pounced towards Lin Ran.

Only at this moment did Lin Ran see clearly that those red eyes were clearly the eyes of wolves.

Every two of them were a wolf, and the wolves that were pouncing towards him were so dense that it was impossible to count how many there were.

Moreover, these wolves were tall and fierce-looking, and they were not good at all at first glance.

"Roll!"

Lin Ran sent the front-most one flying backwards with a slap.

Even the tendons and bones of its entire body broke in a flash.

However, to Lin Ran's surprise, the wolf stood still as it landed on the ground and pounced towards him as if nothing had happened.

"Stupid, that wolf is condensed by the power of the formation, you can't even finish the fight, hurry up and find a way to rush out! Otherwise you will be consumed alive!"

The pillow's voice rang out.

Lin Ran's eyes chilled as he flung his palm and the Condensing Frost Sword appeared out of thin air, followed by a sweep that directly swept down a large area.

He didn't dare to stop, and with a burst of energy from his feet he charged up towards the air.

The length and width of the formation was not easy to judge, but the height was usually limited, and Lin Ran was just about to break through the opening in the formation and rush out.

"Open it for me!"

The Frost Condensation Sword in his hand flashed, and a sharp sword aura instantly swung out.

"Bang Bang Bang!"

Following a series of collision sounds, Lin Ran clearly saw that his sword mane had made a huge crack in the sky above.

But then the crack healed up.

It was as if it had been cut on rubber, and in the blink of an eye the formation had healed itself.

"No, the power of this formation is too abundant, there is no way for you to break it, or I will strike?"

The pillow said.

"No way!"

Lin Ran rejected it outright.

"You're my last card, this Fey Demon Domain is dangerous, you absolutely cannot strike until the last moment!"

This Fey Demon Domain was known as the enemy's lair, so there were obviously many experts, and perhaps this Wolf Lord was just a minor power.

If he had to let Pillow Book make a move even when facing the Wolf Lord now, wouldn't it be difficult for him to move an inch in the Fey Demon Domain in the future.

"Is there a way to consume the power of the formation!"

Lin Ran asked.

"There is! Kill those wolves! Those wolves are formed by the formation coalescing, you only need to kill one to weaken the power of the formation by one point, but I'm afraid that by the time you've killed enough to be able to break out, you'll already be exhausted!"

The pillow said.

“Do you have any other options?”

Lin Ran asked rhetorically.

Pillow Book was silent.

Then without any more nonsense, Lin Ran flung the Condensing Frost Sword in his hand and instantly met the wolves towards them.

“Die die die die!”

Lin Ran kept waving the Ning Frost Condensation Sword in his hand, toppling a large swath of them each time.

However, these blood-red wolves would not die or even be injured at all, and in the blink of an eye, they pounced towards Lin Ran again.

“Condense for me!”

As Lin Ran’s mind moved, the Frost Condensation Sword hovered in front of him, and a strand of ice crystals quickly emerged, then condensed into ice flowers and scattered in all directions.

Everywhere the ice crystals went, they froze a large area of blood wolves.

Soon all those blood reds in front of Lin Ran were frozen into ice sculptures, which was beautiful to see.

“Shatter it for me!”

Lin Ran slapped his palm, and a large ice crystal shattered, and the rumbling sound resounded endlessly.

At the same time, Lin Ran distinctly felt the great formation around him shake.

It was clear that his own move had caused great damage to it.

“Bastard! How dare you have such a tactic!”

The Wolf Lord’s eyes chilled as a lance instantly swung out from his hand, running from the darkness and heading straight for Lin Ran.

Lin Ran’s Condensing Frost Sword spun, directly sending the lance flying backwards.

“Hm?”

The wolf lord frowned slightly.

Following this, his figure rushed out of the darkness.

He could only be seen wearing wolf skin armour all over his body, even his head was hidden within the armour, with only his two eyes glowing red, as if a wolf had burrowed into the armour.

“Give me death!”

The wolf lord let out a roar as his palm went straight for Lin Ran’s chest.

The nails on his hand were extremely long, as if they were wolf claws.

Lin Ran had no doubt that if it were anyone else, he would have been stabbed through the chest and had his heart ripped out in an instant.

However, he was different, as he was now at the peak of the Dan Creation Realm.

With a thought, Lin Ran's palm rushed towards the Wolf Lord's claw and met it.

"Bang!"

There was a loud sound, and instantly both of them flew backwards almost simultaneously.

"Peak Dan Creation Realm?"

Sensing Lin Ran's strength, the Wolf Lord's face was icy cold.

He was also at the peak of the Dan Creation Realm, and he didn't expect that the Lin Ran who had come this time was also at the peak of the Dan Creation Realm.

"A bit interesting!"

With a wave of his palm, the Wolf Lord's lance instantly returned to his hand and looked at Lin Ran with a cold smile.

"Looks like there's still some trouble cleaning you up!"

"However, after entering my Blood Wolf Formation, you want to get out! That's impossible!"

The wolf lord's eyes were cold as he pointed his lance in his hand, and in an instant, a blood wolf actually appeared around him once again.

This time, the blood wolves were obviously even taller and more ferocious than the last ones.

"Kill!"

The wolf lord roared, following which he raised his spear and headed straight for Lin Ran.

The Blood Wolves around him also pounced towards Lin Ran almost simultaneously!

"Get lost!"

Lin Ran flung his Frost Condensation Sword in his hand, sending the two blood wolves in front of him flying, and at the same time, he went towards the Wolf Lord.

"Bang, bang, bang!"

The two had already exchanged dozens of rounds in an instant.

Originally, the strength of the two could be said to be on par with each other, and they should have fought in an indistinguishable manner.

However, at this moment, there were countless Blood Wolves around to assist them, making Lin Ran tired of dealing with them and falling into a disadvantage as soon as they exchanged blows.

## Chapter 1283

“Bang!”

Suddenly, a loud bang rang out behind Lin Ran, and instantly the robes on his back were shattered to pieces.

A blood-red wound appeared on the exposed back.

A blood wolf had actually exploded itself behind him.

“Bastard!”

Lin Ran’s eyes instantly went red.

It was only at this point that he realized that the wolf lord had only fought with him to stall himself, and that the ones who really wanted to hurt him were those blood wolves.

But even after knowing his opponent’s intentions, there was nothing he could do.

The Wolf Lord himself was about as strong as himself, and he simply could not repel the Wolf Lord in a moment, not to mention that there were so many Blood Wolves around him watching intently.

“Kid! There is a way out if he plays with you like this!”

Suddenly, the pillow spoke up.

“Shit! Do you want me to wait for those blood wolves to explode a few more times!”

Lin Ran was somewhat speechless.

“What’s wrong with exploding a few times! It’s not like you’re going to get blown up, and this kind of self-explosion puts a lot of pressure on the formation? As long as you cast that ice crystal a few times to reduce the number of blood wolves! He’ll re-summon the blood wolves again, and soon this formation won’t be able to withstand your attack! At that time, it will be your only chance to escape!”

The pillow said.

“That’s all we can do!”

Lin Ran was helpless.

Originally, with his strength he had a fighting chance against the Wolf Lord.

Unfortunately, they had just arrived in the Fey Demon Realm when they were attacked by the Wolf Lord, who had set up a formation waiting for Lin Ran early on.

So right from the start he had been put in a passive position, and now it was almost impossible for him to pull back, knowing that there was still only one Wolf Lord!

What if there were still a bunch of the Wolf Lord’s men outside? As long as Lin Ran was entangled by the Wolf Lord, death was almost a certain outcome.

“Come on!”

Lin Ran's eyes fiercely chilled as the Condensing Frost Sword in his hand flew directly towards the wolves behind him, while a single ice crystal quickly surfaced, instantly freezing a large area.

"You don't even dare not to have your weapon! Seek death!"

The wolf lord laughed at this, the two of them were fighting and Lin Ran actually threw his weapon behind him to fight the wolves, this was no different to him than sending him to his death.

As he spoke, the wolf lord's lance was already running towards Lin Ran.

"Roll!"

Lin Ran waved his palm violently, a cold light in his hand, only to hear a "Bang Bang Bang!" A sound of impact came out.

The Wolf Lord's lance had actually been blocked.

"Hm? A dagger?"

Seeing the cold light in Lin Ran's hand, the Wolf Lord couldn't help but frown slightly.

"Bang!"

Suddenly, another sound exploded at Lin Ran's side, and instantly his top, which didn't have much left, split open again in an instant, and blood flowed down his arm.

"Is that the only tactic you can use?"

Lin Ran looked at the Wolf Lord with anger in his eyes.

"It works as well as it does!"

The wolf lord sneered.

He was also looking for another opportunity to be able to capture Lin Ran alive, or kill him.

And by allowing the Blood Wolf to explode itself, it would undoubtedly speed up the depletion of his opponent's strength.

"Go on!"

The wolf lord laughed heatedly, following which he pounced towards Lin Ran again.

Following this, ice crystals continuously flickered within the entire formation, and the sound of the blood wolf's explosion.

Lin Ran's top ended up being completely blown up to nothing, and he was fighting the Wolf Lord bare-chested.

And by now, multiple wounds had appeared on his body, and in some places the blood had even solidified and formed a blood scab.

However, he didn't dare to stop; all he had to do was stop to face the endless attacks of the Wolf Lord and the Blood Wolf.

Although his Frost Condensation Sword had been able to freeze most of the blood wolves, as long as there were any fish in the net, the blood wolves would be waiting for him to explode themselves.

Time passed, and after Lin Ran and the wolf lord had fought for a full two hours.

Lin Ran's whole body was already red with blood, even the Frost Condensation Sword in his hand was red.

The Wolf Lord was no better at this point, having had several cuts made on his body by Lin Ran, and his wolf skin armour was all red.

Both of them had also almost reached their limits by now.

The killing intent in the wolf lord's eyes was even greater, and he was clearly ready to take Lin Ran down with a single blow.

Lin Ran was also always looking for an opportunity to escape by going straight up into mid-air and splitting the formation.

The two men were facing each other at this point, neither of them making a move first.

This was because the two knew that this next strike would likely be a matter of their lives.

"You've surprised me!"

The Wolf Lord looked at Lin Ran with a surging battle intent in his eyes.

It had been a long time since he had fought so soundly here in the Fey Demon Domain.

"Is that so? There will be even more surprises for you!"

Lin Ran's eyes were slightly narrowed, his eyes so deep that he couldn't see the bottom?

"Haha! Yeah! Then I'm looking forward to it!"

The Wolf Lord laughed.

"To be honest, you don't actually make me feel annoyed, if we weren't on different sides, we might have become brothers!"

"You said it all, it's if! Of course if you can let my two friends go, I, Lin Ran, will also remember your kindness!"

Lin Ran said.

"Haha! Pity pity!"

The wolf lord laughed.

"Yes! Pity!"

Lin Ran also laughed.

Suddenly, the Wolf Lord's eyes fiercely chilled as the lance in his hand instantly burst out, the surging true qi surging instantly actually forming a huge blood wolf around him.

This blood wolf was covered in red light, and looked raging and domineering in all directions.

At the same time, behind this blood wolf, thousands of smaller blood wolves appeared out of thin air.

They followed the huge blood wolf in front of them as it ran wildly, rushing towards Lin Ran without the slightest pause.

“Go!”

Lin Ran’s paws snapped in and followed as his entire body immediately jumped into the air.

“Arise!”

The wolf master let out a rebuke, following which the giant blood-red wolf actually charged up towards mid-air, heading straight for Lin Ran.

“Hold on tight!”

The pillow’s voice rang out in Lin Ran’s mind.

Lin Ran dared not delay any longer and slashed his Frost Condensation Sword in the air.

A crisp, clear sound was heard.

The formation barrier in front of him was then cut open with a huge gash.

“Bastard!”

Seeing this scene, the Wolf Lord’s heart was instantly shocked, and only then did he realise that Lin Ran had been planning his escape all along.

“Wolf Lord, we’ll meet again, I’ll play with you next time!”

Lin Ran said and rushed towards the crack.

“Damn it! Stay here for me!”

The Wolf Lord’s eyes were cold as he clenched his palm, and instantly the countless blood wolves behind him all burst into flames. The huge impact caused the red blood wolves in front of him to speed up once again.

In almost the blink of an eye, they had arrived in front of Lin Ran.

“Move!”

The pillow spoke.

Lin Ran looked at the huge blood wolf that was running wildly, but a wisp of laughter appeared in his eyes.

Following this, he slammed his palm backwards with a fierce slap.

Instantly the huge blood wolf instantly shattered, and the human Lin Ran’s body also flew backwards towards the rear under the tremendous impact, right towards the rift.

“Bastard!”

The wolf lord couldn't help but curse.

Lin Ran, on the other hand, smiled at the wolf lord and said.

“See you later! I won't be so polite the next time I see you!”

After saying that, Lin Ran's figure disappeared into the night sky.

Only no one knew that the final blow Lin Ran had just resisted had left him very badly injured.

The lance hidden within the blood wolf had directly pierced through his shoulder, and the smile that had left since then? It was just forcing himself to endure it.

Escaping from the formation, Lin Ran ran wildly all the way, not knowing how long he flew, knowing that he felt his body's true qi was almost depleted before he fell from the sky and then fell into a coma.

The formation of a peak Dan-making realm powerhouse? It was not that easy to break through.

Chapter 1284

Mystic Alliance, a huge ancestral hall with a single lamp inside.

This was none other than the Mystic Alliance's headquarters shrine, and each of the lights inside represented a person.

As far as the eye could see, the lights here seemed to have gathered into an ocean, an infinite ocean.

“Creak.”

Suddenly, the door of the ancestral hall was opened from the outside.

Followed by three figures walking in one after another.

It was only at close range that one realised that all three were old men, and each with a different aura.

At the head of the group was the breezy Elder Feng, while next to him was Elder Fire, who was dressed in a fiery red robe.

As for the last one, it was the cold-faced Old Man Li.

If anyone was here, they would definitely recognise that these three were the topmost existences of the Mysterious Alliance.

The Mysterious Alliance had what it had today, and it was the result of the joint efforts of the three of them.

“Old man Feng, don't be nervous yet, things might be far from that point!”

Old Man Fire was busy persuading.

“Not to which step? Lin Ran has already entered the Fey Demon Realm, how can I not be nervous!”

Elder Feng said in a cold voice, ? There was anger in his eyes.

“Old man Fire, stop it, it’s not like you don’t know about this!”

Next to him, Old Man Li spoke up.

Old Man Fire didn’t say anything as he smiled.

They could all understand Elder Feng’s feelings, because back then there was also a person he thought very highly of who had entered the Fey Demon Realm.

But then that person turned against him.

This was a permanent pain in Elder Feng’s heart, which was why he was so nervous and even angry this time when Lin Ran entered the Fey Demon Realm.

“Hm?”

Suddenly, the three men’s eyes looked to one side at the same time, and between them, there, two candle lights had actually suddenly broken!

“It’s Long Yang and Long Ji Tian!”

With a wave of Li Lao’s hand, two signs instantly flew over, with the two’s names written right on them.

“The two of them entered the Fey Demon Realm with Lin Ran and are now dead!”

Elder Feng said as his fists unconsciously clenched.

“What about that Long Mo?”

Elder Fire couldn’t help but ask.

“Should be dead already!”

Elder Feng said.

At that time he was incomparably angry, but due to his status he still didn’t do anything.

But Liu Feng could obviously understand his intentions, so naturally, he could not let Long Mo go.

“What did the Long family say?”

Elder Li suddenly asked.

“Old man, whatever he says, their Long Family has repeatedly gone against Lin Ran, and even this time Long Mo dared to do so, the Long Family’s urging is definitely not missing behind it!”

Old Man Feng’s eyes were icy cold.

“Old man Feng, this can’t be done recklessly, the Dragon Family is also a big force at the time, if we retreat at this time, it won’t be good for us!”

Fire Elder said.

“I know!”

Old Man Feng had a chill in his eyes.

“I have already sent someone to investigate, as long as I am allowed to find who is secretly plotting against Lin Ran, I will arrest him first and deal with him when Lin Ran comes out!”

The two Fire Elders were both silent.

Waiting for Lin Ran to come out? After he really came out, would that still be Lin Ran?

They didn't even know.

“What about the Chao Heavenly Pavilion side?”

Elder Li suddenly asked.

Elder Feng was silent for a moment and spoke.

“He's the Chao Heavenly Pavilion's Pavilion Master, he can't be hidden, and at this time we can't let the Chao Heavenly Pavilion get suspicious of us as well!”

Elder Feng said.

The two men nodded at his words.

The Chao Heavenly Pavilion was their biggest back sample, they didn't dare to really offend the Chao Heavenly Pavilion.

Now that the war was tight, ? If the Chao Heavenly Pavilion knew that they were concealing their Lin Ran's matter, I was afraid that the outcome would be very feared.

.....

Meanwhile, far away in Nanyang, the Long family.

“Family head! News has just come from the ancestral hall that all of Long Mo Long Yang Long Ridge Heaven's fate cards have shattered!”

A subordinate knelt on the ground and said.

And at this moment, Long Yu was sitting in his seat, with an icy coldness in his eyes.

“All dead?”

Long Yu murmured softly.

“All dead!”

The subordinate was busy saying.

Long Yu's eyes were fiercely cold and he slapped his hand on the table.

The table shattered with a sound.

“Those were three talents of our Dragon Family, and one of them was also a great general of the guard!”

There was anger in Long Yu's eyes.

"Where is Lin Ran!"

Long Yu suddenly asked.

"Back to Your Excellency, according to the news, Lin Ran should have entered the Fey Demon Realm with Long Yang and Long Ji Tian, but whether he died or not is unknown for now!"

"The place that has his life-light? Only the Mystic Alliance, but right now the Fate Lamp at their headquarters is so tightly managed that no one can even get in! I think they are also on guard carefully for fear of walking away from Lin Ran's news!"

The subordinate said busily.

"Pass the order down to me, tell the people of the Dragon Family to find Lin Ran's Destiny Lamp at all costs, I want to see if he has died in the Fey Demon Domain or not!"

There was this anger in Long Yu's eyes.

"Yes Clan Chief!"

The subordinate said respectfully, turning around and preparing to leave.

"Wait!"

Suddenly Long Yu spoke up.

"Have someone go and see that Third Elder of the Chao Heavenly Pavilion, just how far has his canon been written!"

"Yes!"

The subordinate busily said, before leaving the place.

"For this Lin Ran, my Long Family lost such a crucial move, if you can't get the Chao Heavenly Pavilion's Xuan Yin Pill Canon, I'll definitely pick your skin!"

Looking at a letter on the table, there was anger in Long Yu's eyes.

.....

A day later, far away in Tanjiang City, the Panglong Mountain Manor.

Song Nuan Luo Qiqi Qin Bing as well as Su Rou, their eyes were all red.

Just last night, they had received news that Lin Ran had entered the Fey Demon Realm,? At the same time, news soon came that Long Yang and Long Ridge Sky had died.

The two of them had entered the Otherworldly Demon Realm together with Lin Ran, but now they were the ones who had died.

At this moment, the four women were very worried about Lin Ran's safety.

"There's news!"

Suddenly the Grand Elder walked out from inside with a nervous look on his face and said.

“According to Elder Feng, the Pavilion Master’s Life Lamp is intact and he is still alive!”

Hearing this news, all four women couldn’t help but shed tears of excitement.

“But for Lin Ran’s sake, you must not walk away from the wind!”

The Eldest Elder said.

The four women nodded.

The Grand Elder said as he took out a material and placed it on the table.

“This is a copy of the material provided to us by the Mysterious Alliance, because of the Chao Heavenly Pavilion, plus Qi Qi’s assistance to the Mysterious Alliance, and Qin Bing’s help, they agreed to send us the original story of what happened!”

The Eldest Elder said.

The four women nodded at his words, and then looked at it.

They had expected it until they saw that Wang Yifeng and Long Ya had entered the Fey Demon Realm.

This Long Ya they didn’t know, but Wang Yifeng they knew, that was Lin Ran’s life and death brother.

There was no way Lin Ran would leave him alone.

“What about the Heavenly Wolf Domain? When can we go!”

Song Nuan suddenly asked.

“I’ve communicated with Elder Feng enough on this issue, you guys can then leave for Wu Zhen and wait where you are!”

“About a week later, you guys can enter, but only one day, you must come out before dark, the situation inside is complicated, ? There is no way I can guarantee your safety while you are inside!”

The Grand Elder said.

“Don’t worry, we’ll be out in a day!”

Luo Qiqi said, and the other three women all nodded their heads.

They had to go to the Skywolf Domain this trip, they were truly afraid that Lin Ran would be trapped in the Fey Demon Domain forever and not be able to get out.

At least in the Skywolf Domain, they would still be able to look at the place where Lin Ran used to live and fight.

This also made them feel that they were not that far away from Lin Ran.

Chapter 1285

The surroundings were dim, and Lin Ran had no idea how long he had been going on like this.

It was only when he suddenly felt some wetness on his mouth, followed by a coolness that slowly entered his body along his mouth, that he gradually began to regain his senses.

First the sense of touch, then the sense of hearing and finally the sense of sight.

When he opened his eyes, the first thing he saw was a woman dressed in coarse cloth with a cloth cap on her head looking at him excitedly.

“You’re awake!”

“This .... Where is it?”

Lin Ran struggled to make it to his feet, only to find that he didn’t have any half strength in his entire body.

Lin Ran was busy checking his body, and only then did he realize that the wounds on his body had healed, as long as the wound on his shoulder was still somewhat serious.

And the True Qi in his body that had been depleted before had all been restored.

This was the benefit of the Dan Creation Realm, and as the most powerful existence in the Dan Creation Realm, the Red Flame Golden Dan was able to automatically absorb true qi from the outside world even when Lin Ran was unconscious.

“This is the Greenstone Tribe, I found you in the stream at the foot of the mountain two days ago!”

The woman in front of him said.

She wasn’t very old, she looked like she was only fifteen or sixteen, but she did look very pretty.

“I’ve been unconscious for two days?”

Lin Ran was startled and jumped off the bed, but his feet went weak he nearly fell to the ground.

“Don’t move, you’re still injured!”

The woman was busy holding Lin Ran, but Lin Ran was a man after all, and as she strained unsteadily, her pretty face was actually pressed against Lin Ran’s cheek.

Both of them froze at this moment.

But soon, Lin Ran recovered, and with a smile, he asked.

“What’s your name?”

“Yuwan!”

The woman said, following which she trotted out of the room, and Lin Ran could clearly see that her face was still a little scarlet as she went out.

Lin Ran held the table and sat down, only then did he see that on the table, there was actually a note that the teenager had given to him earlier in the Sky Wolf Domain.

“Qing Shi Tribe, Yu Wan!”

Looking at the few words on it, Lin Ran froze in his tracks.

“Could that woman just now be his cousin?”

Lin Ran was a little surprised, how could it be such a coincidence.

“Let’s eat something first!”

Soon after, Fisherman Wan walked in squatting with many meals, but most of them were meat, and the dishes were almost non-existent.

“Do all of you people’s here only eat meat?”

Lin Ran asked awkwardly.

“They eat vegetables too, but very little! That’s something only the rich can afford!”

Yuwan said.

Lin Ran was stunned, since when were vegetables affordable for rich people?

“By the way, what’s your name? Why do you have this note on you?”

Yuwan asked as she looked at Lin Ran, her eyes blinking quite nicely.

“My name is Lin Ran, and this note was given to me by a teenager! He said for me to come and find his cousin!”

Lin Ran said, while looking at the young girl in front of him to see what she would say.

“I’ll be called Yuwan, is the teenager you’re talking about called Yuge?”

Fishwan asked busily.

“I don’t know!”

Lin Ran shook his head, in fact he didn’t really know what the teenager’s name was.

“It doesn’t matter, I just know anyway, what did my cousin ask you to come and find me for?”

Yuwan asked with a smile.

“To take you away!”

Lin Ran said.

“Leave to where?”

Fishwan was stunned.

“To find them!”

Lin Ran said.

Fishwan smiled and thought about it with some hesitation.

“What, you don’t want to be reunited with them?”

Lin Ran said suspiciously.

“Want to! Of course I want to, but ....”

Fishwan said, a hint of worry showing in her eyes.

And just then, two youths rushed in through the door, they were just in their early twenties, one wearing wolf skin clothing and loved to look savage.

But they were still quite handsome, and if they were placed in the city, I’m afraid they would be the kind of sunny, silly boys that thousands of young girls would love.

“Yuwan, this is the boy you saved?”

“Yes, Yuwan, why didn’t you tell us!”

Both of them said in unison, while looking at Lin Ran with hostility in their eyes.

“Green shirt and green teeth, what do you want! I saved the person, why should I tell you guys!”

Yuwan said with some anger.

“It’s true that you rescued him, but we have to ask questions too!”

The one named Green Shirt spoke up.

“Right! Who doesn’t know in this Qing Shi tribe that we both like you, as long as it’s another man, it’s our enemy!”

Greentooth also spoke up.

“So have you two separated yourselves into winners and losers?”

Yuwan looked at the two men and laughed.

“This ....”

The two of them scratched their heads at once.

“You guys can’t even tell the winner from the loser, so why do you still care about others, you should go ahead and divide it yourselves!”

Yuwan said.

“Just divide it!”

Green Shirt said turning around and leaving.

“Right! You wait, you’re ours anyway!”

Qing Ya also said and left.

Lin Ran watched this scene with some tears and laughter.

Why did these two boys feel bad in the head too!

“That’s right Lin Ran!”

Suddenly Fishwan turned around and asked.

“Where did you meet Fishwings and the others?”

Lin Ran smiled at his words and thought for a moment.

“In a faraway place, I came from there and trekked all the way here!”

Lin Ran always felt that there was something wrong with this Other Demon Realm, so he didn’t tell the truth.

“Ao! Alright, it’s alright you rest first, let’s talk about this when you’ve recovered from your injuries!”

Yuwan laughed, while getting up and about to go out.

But at that moment, suddenly there was a commotion from outside.

There was the sound of many horses’ hooves coming from outside, and at the same time Qing Ya, who had run out earlier, came running back.

“Yuwan it’s bad you have to hide! The bad guys are coming again!”

“Huh?”

Fishwan’s face changed at the words and she turned around and was about to run towards the house.

But at that moment, a black shadow flashed by, followed by a long sword that had already flown in through the air and plunged right into the stone pillar in front of Yuwan, instantly frightening the former to the point where she froze in place, not daring to move.

“Heaven Seizing Realm?”

Sensing the aura fluctuations from this move just now, Lin Ran had instantly judged the strength of his opponent.

“Yuwan! You’ve really made old me look for you! So you’ve been hiding here all along!”

Followed by a voice coming in, followed by a scolding voice.

“Bring all the people inside out to me!”

“Yes!”

Lin Ran then saw that? Dozens of soldiers in wolf skin armour rushed in and escorted Fishwan Qingga and him out together.

When Lin Ran came out, he then noticed that the entire tribe had been surrounded by soldiers.

On one side, a tall, middle-aged hot man in wolf-skin armour was sitting on a high-headed horse, very imposing, and it must have been him who had just spoken.

On the other side, all the villagers were now present, all gathered together in a panic.

“Lord Chen, please spare me!”

Fisherman Wan’s face changed at the sight of the other side, and he begged bitterly.

“Let you go? Let you go who let old me go?”

Lord Chen’s face was icy cold, and he scolded with a big wave of his hand.

“Take away all those who see this reasoning, private fishing wand, bring them all back to hear the family lord’s punishment!”

“Yes!”

Hearing Lord Chen’s words, all the soldiers moved at once.

“Lord Chen, this is my business alone, it has nothing to do with them, I’ll go with you! Please don’t drag them into this!”

Yuwan suddenly said.

Lord Chen smiled and gave her a look before saying in a cold voice.

“A matter for you alone? What do you think you are, but you’re also right, damn it? Bringing so many people back would be exhausting! All right you’re on your own and coming with me!”

“Many thanks to Lord Chen!”

Fishwan breathed a sigh of relief while giving a wink at Lin Ran as if to say sorry I can’t go with you!

“Stop right there! You can’t take him away!”

Suddenly, just at that moment, Qing Shirt and Qing Tooth stood out angrily at the same time.

#### Chapter 1286

Lord Chen frowned slightly at his words and turned his head to look.

After just one look, a disdainful expression appeared on his face at once.

“Where did the little brat come from, in just nonsense directly kill!”

“You!”

“What gives you the right to arrest people and kill them!”

Green Shirt and Green Tooth were furious.

“On what grounds? Just on the basis of this old man!”

Lord Chen said with a shake of his long sword in his hand, and instantly a long sword mark was added to the ground in front of the two Green Teeth, the sword mark was very deep looking at the crowd of villagers with frightened hearts.

“You two melon children still do not come back!”

The village chief at the back of the room was busy reprimanding.

“But the village chief!”

Green Tooth and Green Shirt had anxious faces, they didn’t want Lord Chen to take away Yuwan.

“You guys listen! I’ll be fine!”

Fishwan said busily.

“You’re lying!”

Qing Shirt suddenly cried.

“Who in their Chen family doesn’t know that the third son is acquiring a daughter-in-law to use for sacrifice this time!”

“Yuwan you can’t go with them or you’ll die!”

“What nonsense!”

The village headman’s face turned pale when he heard that.

And aside, Lord Chen’s face was even colder as he slowly walked towards Qing Shou.

“What did you just say?”

“I ..... I ....”

Qing Shirt was scared.

“Say another side!”

Lord Chen’s face was terribly gloomy, and the longsword in his hand was clacking only.

Lin Ran at the side looked with a slight frown, not knowing what was the reason inside, Qing Shirt’s one sentence had caused this Lord Chen to be so furious.

“Speak!”

Lord Chen shouted sternly, followed by the long sword in his hand thrusting into the ground with a “scuffle”, shaking the dust around him.

“I ..... I’ll say it!”

The green shirt clenched his teeth, and there was anger in his eyes.

“Isn’t your Chen family so arrogant in the town because of the Wolf Tooth Sect on Wolf Tooth Mountain? Every year a tribe has to elect a holy maiden, and five years ago the daughter-in-law of your Chen family’s third son disappeared, who knows it was taken by that to be sacrificed!”

“Five years later it’s your Chen family again, and you’re pulling a fishing wan and won’t let go, how can your Chen family be like this, not a single one of them is out!”

Green Shirt said angrily.

“Seeking death!”

Lord Chen’s face turned cold as the long sword in his hand slashed through a stream of light towards Qing Shirt’s head.

“Clang!”

Just as the longsword was about to penetrate the latter’s head, a crisp clash sounded, followed by a small stone actually falling on the ground.

At the same time, the longsword in Lord Chen’s hand also flew backwards in response to the sound.

“What a man!”

Lord Chen’s face was instantly cold, and the group of soldiers around him all drew their weapons.

“Come out!”

Lord Chen swept his gaze over the crowd, with vigilance in his eyes.

All the villagers were also looking around in surprise, wondering who had just saved Qing Shirt.

Qing Shirt was sitting on the ground at this moment with his whole body trembling, obviously scared by the scene just now.

“Not coming out, are you!”

Lord Chen’s face was ugly as he recalled his long sword and directly connected it to Qing Shirt’s neck.

“I’ll count to three, if he doesn’t come out I’ll kill him!”

“No need to count, am I not right here!”

Suddenly a voice rang out.

Following this everyone’s eyes fell on Lin Ran’s body at the side.

Fishwan looked at Lin Ran, and even more shock filled her eyes.

She rushed at Lin Ran and shook her head hurriedly, yet Lin Ran smiled blandly and rushed at Lord Chen for a moment.

At once, a “banging” sound was heard from behind.

When Lord Chen turned around and took a look, he froze in his tracks, only to see that all the soldiers he had brought behind him had fallen to the ground, their lives unknown.

“Who are you!”

Lord Chen looked at Lin Ran, with caution in his eyes.

“You don’t need to know who I am, but I want to know who you are!”

Lin Ran said, and at the same time the crowd was surprised to see that the long sword in Lord Chen's hand actually flew up out of thin air, and then the blade turned around and aimed at Lord Chen.

"From now on, behave and you'll still live, otherwise you know the consequences!"

"I ..... I cooperate I cooperate!"

Lord Chen said busily, he already understood at this time, ? The strength of this youth standing in front of him was definitely not something he could fight against.

"Follow me in!"

Lin Ran said, while waving at Fishwan, signalling for her to come in as well!

"You're the village chief, aren't you!"

Lin Ran then looked at the village chief and smiled.

"You can come in too!"

The village chief didn't dare to talk nonsense and instantly glanced at the villagers before following him in.

In the room, the three stood respectfully, not daring to make the slightest move.

This youth in front of them could instantly subdue Lord Chen, this strength alone was not something they could afford to mess with.

"Yuwan, Village Chief come sit down and talk!"

Lin Ran smiled at the two.

"Great .... My lord, I dare not!"

The village chief said as his old face squeezed out a smile.

Fishwan this was biting her lip and did not speak.

"Come and sit down, you are my saviours!"

Lin Ran laughed helplessly.

Seeing that Lin Ran was sincere in his invitation, the two made their way over.

While on the side, Lord Chen watched the scene, but dared to be angry.

He was now back to wondering how such a strong one could appear in a small tribe.

He himself was at least at the Heaven Seizing Realm, but he had no ability to fight in front of the other party, had he already stepped into the Creation Realm?

Just as he was wondering in his mind, Lin Ran was the one who spoke.

"Tell me, I want to know what the hell is going on here! From the Chen family, Wolf Tooth Mountain, Wolf Tooth Sect, or even where this place is located! I want to know everything!"

Lin Ran looked at the crowd, a faint smile tacked onto his face.

“You speak first!”

Lin Ran looked like Lord Chen.

“Yes .... Yes!”

Lord Chen did not dare to talk nonsense and said at once.

“We are here in the Northern Domain of the Fey Demon Domain, and it is said that the Fey Demon Domain also has four other regions, East, West, South and Central, making a total of five regions!”

“Our ruler of this Northern Domain is named the Heavenly Wolf King, who lives in the Heavenly Wolf Mountain, and is a very powerful existence!”

“And our Chen family, technically speaking, is also considered to be his old man’s disciples and descendants!”

Lord Chen said here with a clear hint of pride in his eyes, while he was also hinting to Lin Ran that he had better not do anything to himself, or else it would be the Heavenly Wolf King who would be offended?

“And then what?”

Lin Ran, however, smiled and said blandly, seemingly not putting the Sky Wolf King in his eyes in the slightest.

“I’ll speak about then!”

The village chief, who was at the side, suddenly spoke up.

“This Chen family, is one of the most powerful families in the nearby town, and there is a mountain nearby named Wolf Tooth Mountain, and there is a force up there called the Wolf Tooth Sect.”

“It is said that the head of this Wolf Tooth Sect is a disciple who came down from the Heavenly Wolf Mountain and is very strong!”

“Mostly because in the town, no one dares to mess with the Chen family!”

“Then what’s this annual ritual about?”

Lin Ran asked with a frown.

The village chief had pain in his eyes as he smiled.

“That’s a rule set by the Wolf Tooth Sect, as long as anyone who has disciples practicing in their sect must sacrifice a young woman every year, only then can they receive the holy blood for their cultivation!”

“Sacred blood!”

Lin Ran frowned slightly at his words.

The Holy Blood of the Fey Demon Domain, was it the same demon blood he had seen?

## Chapter 1287

Only then did Lin Ran learn from the village chief.

It turned out that this Chen family was not very close to the Wolf Tooth Sect, so they only sacrificed a youngster to the Wolf Tooth Sect every five years.

But how shrewd the Chen family was, naturally they couldn't really take their family's women for sacrifice, and the Wolf Tooth Sect never asked for the source.

So the Chen family searched the nearby tribes, and every five years they would select a young and beautiful woman from a nearby tribe to sacrifice to the Wolf Tooth Sect.

Over time, this had become a common default among the people nearby.

"Sacrificing women? How dare you think of that!"

Lin Ran had a cold look on his face.

He turned his head to look at Yuwan.

"Tell me what's going on with you!"

"I ....."

Yuwan bit her lip and said.

"My parents died two years ago when they were met by mountain bandits, then I drifted around, and eventually the Chen family noticed us and let me go to their house as a maid!"

"But a year ago, the third son of their family took a fancy to me and wanted ....., Later I stabbed him with a hairpin and ran away!"

"You were able to stab their third son?"

Lin Ran asked curiously.

Fishwan smiled a little embarrassed and said.

"Their Third Gongzi is an ordinary person and has a disability in both feet!"

Lin Ran smiled as he drifted off.

Things were also clearer here.

The place Lin Ran was currently in was the Northern Domain of the Fey Demon Domain, and the most powerful person in the Northern Domain was the Sky Wolf King.

Thinking about this, Lin Ran couldn't help but sigh, he had fled for so long in the night, but he hadn't even escaped from the Sky Wolf King's territory.

But when he thought about it, he could still accept it, at least he had stumbled upon Yuwan here by mistake.

"Alright I get it!"

Lin Ran slowly got up, then patted Lord Chen's shoulder and laughed.

"Come out with me!"

Lord Chen was stunned, followed by his eyes becoming hollow inside as he dully followed behind.

At this time, the villagers outside had all disappeared, and only Qing Shirt and Qing Tooth were hiding in a side room, poking their heads out seemingly worried about Yuwan.

"Alright, you can take the people and get lost!"

Lin Ran said.

"Yes!"

Lord Chen bowed woodenly and then left, while his soldiers, who were also muddled at this point, stood up and followed him out of the tribe.

"You're just going to let him go?"

Fishwan was busy chasing after him, and aside the village chief's face changed.

"Don't worry, they won't remember this place, but you! When are you coming with me?"

Lin Ran looked at Fishwan and asked with a smile.

"Come with you?"

Fishwan's brow furrowed.

"You know all about it, the Chen family is looking for me, and you still dare to take me away!"

"It's just the Chen family, is it a big problem? Besides, even if you don't come with me, I still have to take a trip to this Chen family!"

Lin Ran laughed.

He had to find Wang Yifeng and Long Ya as soon as possible, and this Wolf Tooth Sect's Sect Leader was of great interest to him.

The other party was a disciple of the Sky Wolf King, so he might know something about Wang Yifeng and Long Ya.

"You're going to the Chen family?"

Fishwan's face changed at his words.

"Naturally I have to go!"

Lin Ran said and looked at the village chief.

"Village Chief, you should know very well how to deal with the following matters!"

"Understood! Understood!"

The village headman nodded busily and followed, leaving.

Lord Chen's people had obviously had their memories about this place erased by Lin Ran.

As long as they villagers didn't say anything out of turn, everything would remain the same as before.

"What about you? Thinking about it yet?"

Lin Ran asked with a smile as he looked at Fishwan.

"Am I really not going to get you into trouble?"

Yuwan asked.

Lin Ran laughed helplessly and said.

"You can't even get involved by yourself!"

There was helplessness in his heart, having come here from the Skywolf Domain, Lin Ran had only truly seen the situation in the Fey Devil Domain.

There were certainly many great devils here, such as the Sky Wolf King, the Chen Clan and so on.

But equally, there were also many ordinary people here, fishermen Wan, green shirts and green teeth, and even village chiefs.

Lin Ran looked at them in disbelief and anxiety.

These people were ordinary people, but why were their fates completely different from those in the city?

For them to have to live in such backward tribes and suffer some kind of sacrifice to survive.

It was all a matter of this foreign demon domain!

If Lin Ran had the power, he would love to take everyone out, but he knew he didn't have that power right now.

"Come out with me, this might change your life!"

Lin Ran said.

Compared to Green Shirt and Green Teeth and the others, Yuwan was considered lucky.

"Mm!"

Finally, Fishwan nodded her head.

The two of them decided to leave two hours later.

The old village chief came out to see them off.

"Lin Ran, thank you for this time, our whole village remembers your kindness!"

The village chief said.

Lin Ran, however, smiled and looked at the village chief meaningfully and said.

“Village Chief, take the villagers and live well, one day, you will find out! This world you live in, the sky can be broken!”

The village chief looked at Lin Ran, not understanding what he meant, but Lin Ran was not saying more, and turned around and left with Fishwan.

.....

The town was just a short distance away, the most prosperous place for hundreds of tribes, large and small, and the only place here that looked like a town.

And all this way over, Lin Ran was completely amazed by the busy figures of the people on the road.

If Lin Ran didn't know that this was a foreign devil domain, he would have thought that this was a relatively backward world.

The people of these small tribes were all busy trying to stay alive, and there was no fighting or battling to be seen at all.

It seemed that this was a civilised society.

Unfortunately, Lin Ran knew that all this was just a calm under the madness.

It was because it was not they who truly controlled this world, but an existence of the rank of the Sky Wolf King.

These villagers were all just a group of captive-like people living under the control of the Sky Wolf King and others.

“Where exactly did the people here come from?”

All along the way, Lin Ran was pondering this question.

If those in the Skywolf Domain were people who had been captured in the war, then how come there were so many ordinary people in the Fey Devil Domain as well.

And what did they need so many ordinary people for!

Lin Ran didn't understand, but perhaps with time, he would be able to figure this out.

By the time the two Lin Ran arrived in the town, it was already evening.

The money here was surprisingly in line with the outside, perhaps because of a little benefit from the warring.

Lin Ran had quite a lot of cash with him, a lot of it being the spoils of war he had gotten from the battle in the Skywolf Domain back then.

There was nowhere to spend it in that kind of place, but he had never expected to find a use for it when he came to the Fey Demon Domain.

Led by Fishwan, the two of them stayed at an inn directly opposite the Chen family's mansion.

“You said tomorrow is the day of the sacrifice?”

As he listened to Fishwan’s introduction about the Chen family, Lin Ran was suddenly stunned.

“Yes! Tomorrow is, otherwise Lord Chen wouldn’t have been so excited to find me in the Greenstone Tribe today!”

“Then what about the sacrifice tomorrow if they didn’t bring you back?”

Lin Ran asked.

There was this hint of apology in Fishwan’s eyes as he smiled.

“The Chen family is vastly powerful and is a top existence within this hundred mile radius, if they don’t find me down, they will definitely find someone to force to replace me!”

Hearing this, a cold busy awning flashed in Lin Ran’s eyes.

If that was true, then the person who would replace Yuwan tomorrow would end up in such a situation entirely because of himself.

“Rest early, tomorrow we’ll go and have some fun with this Chen family!”

Lin Ran said.

## Chapter 1288

The night goes by without a word and soon the time comes to the next morning.

In the morning the sun shone on the earth and it was a lively scene outside.

But when Lin Ran opened the window and looked down, he frowned slightly.

He found that the sunlight here was actually radically different from the outside world.

“What’s going on here?”

Lin Ran frowned slightly.

“What’s wrong?”

Yuwan asked.

“Is the sun always like this here?”

Lin Ran asked with a smile.

“Yeah, what else could the sun be if it wasn’t like this?”

Yuwan wondered.

Lin Ran, however, heard a slight frown.

“Kid, can’t you see that? This this Fishwan is afraid that he was also born in this foreign demon domain, and I’m afraid that people like them don’t even know what’s going on in the outside world!”

The pillow's voice suddenly rang out.

"Then what's the deal with the sun here?"

Lin Ran asked.

"It's not the sun at all! It's the core of the formation, or rather the core of the small world!"

Pillowbook said.

"Because we can't be sure if this Fey Devil Domain is the same as the Skywolf Domain, just a formation that's been isolated, so we can't be sure if it's a formation core or the core of a small world!"

"Let me put it to you this way, the sky of the Skywolf Domain has thunder clouds rolling around all year round, these things can actually be transformed through formations, not to mention if this Other Demon Domain is an independent spatial artifact that holds small worlds inside, that would be even easier!"

"But in the end, it's ultimately just a small world, the internal world space rules are incomplete, so there are many things that won't be born, such as the sun!"

Hearing the pillow book's explanation, Lin Ran then dawned on him.

Why did Fishwan say earlier that here, greens were eaten by the rich.

.....

As they were talking, suddenly there were lively sounds coming from the street outside the inn.

At the same time there was blowing and singing going on.

"What is this?"

Lin Ran asked.

"Marrying a daughter-in-law!"

Yuwan said.

"Although the Wolf Tooth Sect didn't explicitly say that they had to be from the Chen family, the Chen family, in order to make a good face, would hold a wedding every year at the time of the sacrifice, marrying the captive woman into their Chen family before offering the sacrifice! This is a way to give face to the Wolf Tooth Sect!"

Said Fishwan, his fists clenched, with anger in his eyes.

Lin Ran looked at the red palanquin below, and his eyes gradually went icy cold.

"Are you going to save them?"

Yuwan suddenly asked.

Lin Ran nodded his head.

"Thank you!"

Fishwan said.

Lin Ran's willingness to save the other person also made her feel a little less guilty in her heart.

Neither of them were talking, just quietly looking at the bridal party below.

Yuwan was waiting for Lin Ran to make a move, while Lin Ran was biding his time.

A minute passed and soon the bridal party was almost at the Chen family to the gate.

Lin Ran's eyes snapped cold and his palm rose, but just as he was about to strike, a commotion came from below.

As the crowd looked, they saw a group of men in black robes quickly rushing into the bridal party, following which they cut down all the guards on the side to the ground.

They then pulled out the bride inside and turned and ran.

The whole process took less than a minute, but they were in perfect order, as if they had been strictly trained.

Almost at the same time as these people rushed out, a large group of people rushed out from Chen's house behind them, the leader of which was the same Lord Chen that Lin Ran had seen only yesterday.

The young man was in his early twenties and had an imposing appearance, and Lin Ran was sure that he was at least at the peak of the Heaven Seizing Realm after just one look.

"Who are these people?"

Lin Ran asked as he turned his head.

Fishwan frowned slightly and shook her head for a moment before saying.

"I don't know either, but if there's anyone in this town who dares to strike out at the Chen family, there's only one family!"

"Which family?"

Lin Ran asked.

"The Fire Family!"

"The Fire Family?"

Lin Ran's face instantly changed at his words.

"You're saying there's a Fire Family around here?"

"Yeah! What's wrong?"

Seeing Lin Ran react so strongly, Fishwan was also stunned.

"Don't resist!"

Lin Ran said, and at the same time, with a wave of his hand, he collected Yuwan, then directly broke through the door and chased out towards the group of people from before.

There was actually a Fire Family in this Other Demon Domain, and Lin Ran only felt his heart rise to his throat.

I'm afraid that this time when he came to the Foreign Devil Domain, his harvest was far greater than what he had thought.

.....

Lin Ran's speed was so fast that in just a few breaths, he had already caught up with the crowd.

However, he did not appear in a hurry, but hid to the side.

By now the bride snatchers had already brought the bride to a valley outside the town.

And the Chen family's people had also chased after them.

Lin Ran moved Yuwan out of the small world, and the two of them stood on the slope of the hill watching.

"Who are all those below?"

Lin Ran suddenly asked.

Fishwan looked and then said.

"That Lord Chen you already met yesterday, his real name is Chen Wei and he is the most loyal chief steward of the Chen family!"

"Speaking of him there is still a legend!"

Yu Wan said.

It turned out that this Chen Wei used to be an orphan, and was later taken in by the Chen family, and when the Chen family head saw that he was quite talented and loyal, he broke the rules and allowed him to start cultivating as well.

But he cultivated too late, and eventually his strength only hit the middle stage of the Heaven Seizing Realm.

Then the old master found a way to help him rise to the peak,? Then he could never raise it again.

And this Chen Wei later became a butler who specialized in running errands for the Chen family and was exceptionally loyal to the Chen family.

"And the one next to him is the Chen family's second son, Chen Xuguang!"

"The Chen Family's eldest and second grandsons are both cultivating at the Wolf Tooth Sect!"

Yuwan said, while glancing at Lin Ran with worry in his eyes.

"Mm!"

Lin Ran nodded, not speaking as he quietly watched the engagement below.

“Cowards of the Fire Family, if you have the ability to fight us head on, you only do these sneaky things!”

Chen Xuguang looked at the group of black-clothed men in front of him, his face cold with anger.

“Stealing chickens and stirring up dogs? It’s you who are stealing from a group of cowards who have taken on the role of a thief!”

The black-clothed man leading the other side chided.

“I pooh!”

Chen Xuguang’s face showed a cold smile and said.

“Do I acknowledge you! Do we want our Chen Family to go against the Sky Wolf King like you idiots? You don’t even look at what your Fire Family is living like now!”

“Do you dare to reveal the family’s address? Believe it or not, I’ll destroy your Fire Family in a day!”

“Just you? Your old man wouldn’t even be enough!”

The other party said angrily.

“You’re looking for death!”

Chen Xuguang’s eyes were cold as a lance came out of his hand and he killed the other party.

“Kill!”

The leader of the opponent shouted back, and the two sides fought and killed once again.

Lin Ran was standing on the hillside at this moment and could hear clearly.

The group of men in black were indeed from the Fire Family.

But was this Fire Family, and Fire One Sword’s family outside, related or not.

Lin Ran didn’t know, but he felt that this matter had to be clarified, as there was probably a very big secret hidden inside.

Chapter 1289

The struggle below was exceptionally fierce, but the situation was very obvious.

Lin Ran could clearly see that the group of people from the Fire Family were not as strong as Chen Xuguang.

As soon as they exchanged blows, they fell into a disadvantage.

Moreover, the two sides were originally outnumbered by the Chen family.

In addition, this place was not far from the town, so I was afraid that if they dragged on, the reinforcements from the Cheng family would arrive in a few moments.

“Lin Ran, aren’t you going to make a move yet?”

Yuwan looked at Lin Ran, wondering what he was thinking.

“There’s no rush! Wait and see, these people from the Fire Clan should still have a hold back!”

Lin Ran said.

He didn’t believe that these people from the Fire Family hadn’t kept their hands to themselves since they had dared to come to the town to rob the bride.

“My lord can’t hold back much longer!”

A moment later, someone on the Fire Family’s side shouted out.

The black-clothed man in the lead heard this and his face sank as he immediately took out a token, following which he instantly crushed it.

“Weng!”

As soon as the token shattered, wisps of white light rose up around it, and these white lights rose up to the sky with astonishing power.

“Go!”

The leader’s eyes glowed with coldness as he flung his palm at Chen Xuguang and flung it over.

At the same time, the crowd could clearly see that as the token flew out, the white light behind it actually rushed right at Chen Xuguang.

“Run! This is a true essence token, touch it and you will die!”

Chen Wei shouted, immediately pulling Chen Xuguang and turning his head to run.

Lin Ran could see clearly from the side.

These white lights were pure heaven and earth energy, only that they had been refined over, and at this moment, when they were struck out by the black shadow man, it was like a cultivator’s self-destruction, terrifyingly powerful.

“How can there still be such things!”

Lin Ran frowned slightly as he watched.

A normal cultivator’s self-detonation could not be controlled automatically.

Wherever it exploded, it would hurt.

But this True Element Order in front of him could actually actively follow the token, which was simply too advanced compared to the former.

Imagine if a few hundred of these were taken out on the battlefield and thrown into the enemy’s camp, I’m afraid that it would really be over without even fighting.

“Bang! Spray! Bang!”

As expected, just as Lin Ran was thinking in his mind, the situation on the battlefield below had changed drastically.

Some of the Chen Clan's soldiers were a step too slow to escape and were instantly swallowed up by the True Origin Order, their bodies and bones left intact.

And of the dozen or so Chen family members who had originally chased them out, only four or five were left at this point, including Chen Wei and Chen Xuguang.

"Second Young Master, run! I'll break the back!"

Chen Wei roared angrily and instantly turned around and rushed towards the True Element Order.

"Come on!"

"Roll!"

The black shadow man's hand shook with a magic diktat and followed the True Element Order, which actually bypassed Chen Wei and chased towards Chen Xuguang.

Their target this time was originally Chen Xuguang, a Chen Wei they did not put in their eyes.

Compared to Chen Xuguang, Chen Wei was just a piece of trash.

A person whose strength could not be improved would be just like that for the rest of his life.

But Chen Xuguang was different, he was training at the Wolf Tooth Sect, if he was given time to grow, it would be the end of the Fire Family in the future.

His elder brother already had some fire in him, and they didn't want to see a Chen Xuguang rising as well.

"Bastards! If you dare to kill me, my big brother will not spare you!"

Chen Xuguang raged as he ran wildly towards the hillside.

And at this moment, Chen Xu was already surrounded by a group of men in black, and it was only a matter of time before he lived or died.

"Young master the enemy will be here in another ten minutes!"

Suddenly, the voice of a black-shaded man came from the side.

There was anxiety in the eyes of the leading black shadow man.

Before the Chen family's army arrived, they had to leave, or else they would all die here.

"Give me two more minutes!"

The leading black shadow man said.

At the same time, he manipulated the True Element Order to quickly chase towards Chen Xuguang.

Chen Xuguang panicked and rushed towards the mountainside.

It happened to be the direction where Lin Ran and Yuwan were.

“Lin Ran!”

Yuwan looked towards Lin Ran with anxiety in her eyes.

“Don’t be nervous! It’s alright!”

Lin Ran laughed indifferently, there was actually a calmness in his eyes.

“Hmm? Who!”

Chen Xuguang had already rushed up the hill by now, just in time to see Lin Ran and Yuwan.

“Yuwan! Get lost, you bitch!”

Upon seeing Fishwan, killing intent erupted in Chen Xuguang’s eyes.

With a flip of his palm, a harsh aura immediately rushed towards Yuwan.

If it wasn’t for Yuwan’s escape, why would the Chen family have found another woman, and there would not have been this wedding, and the Fire family would not have had the chance to sneak in.

But it was all over, he, Chen Xuguang, might even die here today.

“Lord Lin Ran!”

There was panic in Yuwan’s eyes as he looked at Lin Ran.

Lin Ran smiled indifferently and waved his palm.

“Go back!”

“What the fuck do you think you are .....”

Chen Xuguang cursed, but the disdain on his face followed and froze!

He hadn’t even seen how Lin Ran’s attack had been sent.

But just then, his entire body actually flew back towards the back to.

“Bastards! I’ll kill you!”

Chen Xuguang cursed angrily, but his voice was soon drowned out within the roiling white light as his figure was gradually torn into pieces.

“Bastards!”

Suddenly, there was a roar and Lin Ran turned his head to see that the Chen Clan’s reinforcements had already arrived at that moment, and it was a middle-aged man in his forties who spoke.

With this shout, he was at least as strong as the Creation Realm!

“The Chen family is here?”

Lin Ran smiled indifferently and turned around to leave.

He didn't want to take this pot, and since the people from the Fire Family had already started to flee at this point, he had to chase after them.

"Go!"

Lin Ran greeted, and instantly brought Fishwan into the small world.

Following that, he chased after them towards the Fire Family's people.

But just as he rushed down the hillside, he saw that Chen Wei, covered in blood, was actually running towards the bride dressed in red.

Chen Wei had just been besieged by the Black Shadow Men and one of his arms had been severed.

He probably didn't know that Chen Xuguang was already dead and wanted to capture the bride, otherwise how would he go and explain to the Wolfram and Hart Sect today!

Lin Ran frowned slightly as he watched.

This woman had also become a substitute because of himself, so Lin Ran naturally felt some guilt in his heart, and at that moment, he slapped his palm over, directly smashing Chen Wei into mush.

Then with a wave of his palm, he directly pulled his bride to his side.

"Don't resist!"

Lin Ran said.

Then with a flip of his palm, he directly took the bride into the small world as well.

But what Lin Ran didn't know was that when the bride heard his voice, ? But her whole body trembled and she was busy speaking "Lin ...."

The words did not finish, her whole person has disappeared in place, was Lin Ran moved into the small world.

"Who the hell are you!"

At this moment, the angry voice of the Chen family head came from the back.

Lin Ran turned to look and laughed as the Chen family had already chased him up the hill.

"Who am I! You'll find out soon enough, Chen Family Master, wait for me at home!"

Lin Ran laughed, and when he turned around, he dashed off towards the front.

"Family head! Let's chase ...."

"No need!"

The Chen family head's face was icy cold, where could he not see that the other party was far stronger than himself, his speed alone was not something he could match.

"Who the hell is this person? Go find out for me, make sure you find out!"

A moment later the Chen family head said in a cold voice.

“Yes!”

The men next to him immediately led the order and took their men back to investigate.

Just could they find out? Lin Ran was an outsider who had only arrived in this foreign demon domain for a few days, so it would be a ghost if they could find out.

Chapter 1290

A group of men in black suddenly stopped in their tracks among a vast forest.

“Young master, that boy is still chasing us!”

A man in black behind him worried.

“What exactly is that kid’s origin?”

The man in black at the head of the group asked with a frown.

“I don’t know, but he never caught up with us, he just kept his distance from us, as if he was waiting for us to run out of strength!”

“Don’t rush!”

The man in black at the head of the group said, while turning around to look behind him.

Sure enough, not far behind him Lin Ran was sitting leisurely on a tree branch, looking at him indifferently.

“Friend, what exactly do you mean?”

The man in black in the lead looked at Lin Ran, wary.

“Nothing meaningful, I want to be a guest at your Fire Family!”

Lin Ran laughed.

The man in black’s face sank as he said in a cold voice.

“So you’re from the Chen family?”

“No!”

Lin Ran shook his head?

“Then why do you want to go against our Fire Family!”

The other party said.

“I’ll say it again, I just want to visit your clan as a guest, I don’t want to antagonise you!”

Lin Ran said.

The man in black was silent, he was completely unaware of what the other party meant.

“Besides, isn’t it a bit half-hearted of you to save the bride and lack to leave her alone on the hillside?”

Lin Ran said indifferently.

The man in black spoke after a moment of silence at his words.

“We are sorry too, but the situation was such that we could only retreat in a hurry, and if we took her with us we might even die!”

“So you guys just left her behind?”

Lin Ran laughed.

“So can I assume that your Fire Family’s logic is that if you can save her, you will save her, and if you can’t you won’t risk yourself?”

“You can assume that!”

The other party said firmly.

“We Fire Family men, there are no cowards, we are even prepared to sacrifice at any time in order to fight on with the Chen Family, but sacrificing for a woman is not worth it, I would rather be on the battlefield fighting the Chen Family!”

Lin Ran looked at him, he could feel that the other party wasn’t lying, and his attitude and tone were very firm when he said this.

“Forget it, I’m too lazy to beat around the bush with you, I must see your family head today, even if you let him out!”

Lin Ran jumped off the branch and said seriously.

“You!”

The man in black had an ugly look on his face, not knowing what to do.

“I know that your family should be hidden, so I can go without, but your family head must come to see me today!”

Lin Ran said, his entire body’s aura suddenly skyrocketed, and I’m afraid that the mighty pressure directly pressed the man in black’s face to a huge pale.

“You .....

Feeling the terrifying pressure emanating from Rin Ran’s body, despair was revealed in the middle of the black clothed man’s eyes.

“This kind of intimidating pressure? Even grandfather Ancestor couldn’t do it! Who the hell is he!”

“I’ll give you ten minutes to think about it, if you don’t agree, then I’ll have to kidnap you and have your men return to report the news!”

Lin Ran said, while turning around and no longer paying attention to the other party.

The man in black had an ugly look on his face, Lin Ran was too strong, there was no way for them to escape, they could only make a choice now.

And while they were considering it, Lin Ran was waving his palm, and two women immediately appeared beside him.

One of them was Fishwan, and the other was none other than the bride he had just rescued.

“Alright, take the red cover off your head, you’re free!”

Lin Ran said, ready to send her away first, after all, he hadn’t come on a trip and had to bring a woman around to serve him.

“Whoosh!”

The bride busily lifted the red cover off her head, immediately revealing a face that Lin Ran had never dreamed of.

“Zhao Yu! You!”

Looking at the bride in front of him, Lin Ran was completely dumbfounded.

“Lin Ran!”

Upon seeing Lin Ran, Zhao Yu’s eyes instantly turned red.

She jumped into Lin Ran’s arms as soon as she could, crying like a tearful person.

“She was inside just now and knew it was you, but she didn’t have the chance to say anything!”

On the side, Fishwan said softly, at this point she already knew about Lin Ran and Zhao Yu’s relationship.

First love! What an unforgettable existence.

It was just that she was curious about Lin Ran’s first love and how it could be in the Northern Domain.

Lin Ran had said that he had come from far away, so how did Zhao Yu appear here and be taken away by the Chen family to be their bride?

“No how are you here? You’re not missing ....”

Lin Ran didn’t finish his sentence before he froze himself.

He had also wondered at first after he had found out that Zhao Yu had disappeared.

Because the situation at Zhao Yu’s house at that time was just like when people suddenly went out, it was not at all like they were prepared to leave.

But then there had been no news, and he had even used the Chao Heavenly Pavilion to search for them, all to no avail.

But unexpectedly, he had come across her today in the Fey Demon Domain.

The scene in front of him also caused those from the Fire Family in the distance to freeze, not knowing what was going on.

Zhao Yu cried for a good while before she stopped looking at Lin Ran your chest was dirty and wet by herself, and also smiled a little embarrassed.

“It’s okay?”

Lin Ran looked at Zhao Yu and also smiled.

“How did you come here?”

Zhao Yu asked.

“I should ask you that question!”

Lin Ran was a little helpless.

Zhao Yu was just an ordinary person, and he couldn’t understand how the former could appear in the Fey Demon Domain.

“I was kidnapped here!”

Zhao Yu said.

It turned out that Zhao Yu had been taken captive by a group of mysterious people at first, and there were quite a few people they had taken captive at that time.

Zhao Yu alone had seen at least a thousand people.

It was just that all of these people were later scattered to nowhere, while she woke up in this vicinity later.

“I don’t know where this is, I had to stay in a tribe for the next pull!”

Jo Yu said.

“On weekdays I helped them dry things for some food, and just yesterday a large group of people stormed into the tribe, saying they wanted to capture me to get married, and then I ran into you!”

Lin Ran smiled as it dawned on him, apparently because Fishwan had been saved by himself yesterday, Chen Wei had no choice but to go looking for another one, and it was such a coincidence that he found Zhao Yu.

“Where the hell is this place? Can you take me away, I miss the past so much!”

Zhao Yu said busily.

A person from a modern city living a primitive life, it was good enough that she didn’t break down.

“I’m here to save someone too, but they haven’t been found yet!”

Lin Ran said.

“Then do you know where this is?”

Zhao Yu said.

“Or else you can give me the route and I can go back myself!”

She knew that since she had spoken up last time, she had understood that Lin Ran and her were no longer possible.

But the two were at least considered friends, so this favour should still be something Lin Ran would do.

“As a matter of fact, I don’t know how to get out either!”

Lin Ran said.

Zhao Yu was desperate at the sound of her words.

“Don’t know how to get out? Are you saying that this place needs to go out?”

Zhao Yu asked.

Lin Ran nodded and said softly.

“This place, most likely, is not the world we are in, but a small world, do you understand the bubble principle? A big bubble inside a small bubble!”
