

Wonder Doctor

Chapter 1291

“You!”

Zhao Yu was instantly baffled by her words.

At the same time, she realized why the things she had seen here before were different from what she had seen before.

Why it was impossible to grow live greens here, why the people here could only eat meat.

Why the sun was obviously big here, but it wasn't hot at all!

“This is a small world?”

Zhao Yu just felt like his worldview was about to collapse.

The fisherwan at the side was also staring at Lin Ran in a daze, with shock in her eyes.

Lin Ran's words just now hadn't evaded her!

Because he was taking Yuwan away, there were things that Lin Ran would tell her gradually, but he needed time for her to accept them slowly!

Zhao Yu was cold in place and didn't react for a long time, including Yuwan who was at the side.

Lin Ran had no choice but to leave them alone for now and turned his head to look at the man in black.

“Your time is up too, how are you considering it?”

The man in black snapped out of his shock and busily arched his hand.

“Junior can take senior to see my father, but for safety's sake, I can only trouble senior to wait outside!”

“That's fine!”

Lin Ran nodded, he didn't care about that, he just wanted to see if there was any connection between the Fire Family in this Fey Demon Domain and the Fire Family outside or not.

“Lead the way!”

Then, with the man in black leading the way, Lin Ran followed along with Zhao Yu and Yu Wan.

Having found Zhao Yu here, it was naturally impossible for Lin Ran to leave her here by herself, but of course if she wanted to on her own, Lin Ran naturally wouldn't interfere.

“Lin Ran, why are all the people here so strange, the other day I even saw a man who could fly!”

Zhao Yu followed behind Lin Ran, constantly asking questions.

“I can't explain it clearly to you for a while, but just remember that this world is different from the world you lived in before! It's kind of like a world in a novel!”

Lin Ran said.

Zhao Yu pursed her lips at his words, she could feel it too, just could she still really get out?

“Lin Ran!”

Suddenly, next to her, Fishwan also spoke up.

“Are they in that world you mentioned, Fisherman’s Song!”

“Mmm!”

Lin Ran nodded and said.

“Their mother and son are in a warring battlefield, but the great battle there must have ended, and I’ve already had someone arrange for their accommodation!”

“Thank you!”

Yu Wan said, a hint of excitement in her eyes.

Although she didn’t know what the world Lin Ran was talking about was like, at least Yuge and the others were safe.

.....

The crowd soon passed through the bamboo forest, and then a desolate plain appeared ahead of them.

The plains were dark red in colour and cracked in places, as if a terrifying fire had once burned here.

Without speaking, the man in black led the way straight ahead, and soon a cluster of crumbling architectural ruins appeared in the crowd’s sight.

It was large, like a city, but looking at the level of dilapidation, it must have been at least a hundred years old.

“Senior, please wait here for a moment, I’ll go and inform my father!”

The man in black who was leading the group turned his head and said.

“Go ahead!”

Lin Ran nodded, he wasn’t worried about the man in black escaping on his own, after all, there was still a group of his men here.

The man in black went straight through the ruins and soon disappeared at the end of his sight.

The man in black stood by without saying a word, while Lin Ran chatted with Zhao Yu with each sentence.

I’m afraid that running into Zhao Yu in the Fey Demon Domain was something Lin Ran had never dreamed of.

When he first learned that Zhao Yu had disappeared, he thought that he had gone to another city to start a new life.

But I'm afraid that no one else would have believed that an ordinary person would be taken captive to such a place.

.....

While the people were talking, deep within the ruins, two figures had already flown over.

The two were a middle-aged man and a youth, and Lin Ran could sense that the youth was the man in black who had just left, as the two had very much the same aura.

"Senior, this is my father!"

The youth rushed towards Lin Ran and said respectfully.

Lin Ran looked at the middle-aged man on the side, he had a powerful aura, at least at the peak of the Qi Creation Realm, only what surprised Lin Ran was that his aura was somewhat unstable, at times it seemed to be half-step Dan Creation Sutra, at other times it was the peak of the Qi Creation Realm.

"Friend, my name is Fire Pine, I wonder what your Excellency is looking for me for?"

The middle-aged man looked at Lin Ran and said aloud, he could sense that the aura on Lin Ran was stronger than his own, so he was wary.

"There is no need to be nervous, Master of the Fire Clan, I have no malicious intent, I have only come to see you to seek proof of one thing!"

Lin Ran said with a smile.

"Seeking proof of what matter?"

Fire Pine asked.

"Do you know this thing!"

Lin Ran smiled lightly, and a token appeared in his palm.

The token was flaming red, with the word "Fire" written on it in a strong and powerful script that looked shocking.

That was right, this was the token of the Fire Family.

Lin Ran had obtained this token after he had saved Huo Yin.

With this token, he was the guest of the Fire Family, but since then, Lin Ran had not had much dealings with the Fire Family, except for Fire Sword and Fire Three, so he had never used it.

Unexpectedly, he ran into the Fire Family of the Fey Demon Domain here, so he simply took it out to try it out.

"Is this the Fire Word Order?"

The middle-aged man's face instantly changed.

The youth, on the other hand, had a bewildered look on his face not knowing what the Fire Word Order was.

“Father, what is the Fire Word Order?”

The youth was busy asking.

“The Fire Word Order is a kind of status symbol of the Fire Family, I have only heard the old ancestor talk about it, this kind of thing is not available in our current family, because the wood needed for this kind of token is extremely special, and it is simply not available in the Foreign Devil Domain!”

With that, the middle-aged man flipped his palm and a token and a jade talisman appeared in his hand.

“This is the fire word token, I asked for it from my old ancestor and it is the only one, and now our clan has switched to using this kind of jade talisman!”

“Father, what you mean is!”

The youth’s face was instantly stunned.

The middle-aged man, on the other hand, looked at Lin Ran and frowned.

“Friend, who the hell are you? Why do you have something from our Fire Family?”

Lin Ran smiled at his words but laughed.

“It seems that your Fire Family is really one thing!”

“What do you mean?”

The middle-aged man frowned and asked.

“You should be a branch of the Fire Family, or at least your Fire Family here, if I’m correct, was established later!”

Lin Ran said.

The middle-aged man’s face became even more ugly at his words.

“How does your Excellency know this?”

“Father!”

The youth on the side also changed his face, he had always thought that his Fire Family was the only Fire Family, but now.

“How do I know? Because I came in from outside, the real Fire Family is out there, and I’m now curious as to how you’ve managed to live down here!”

Lin Ran said his eyes suddenly freezing cold.

“You guys are living here, there’s no way those people in the Fey Devil Domain don’t care, so I need you to give me an explanation, have you rebelled against the enemy? Or was your Fire Family originally undercover? Are you here to act as messengers?”

“Or perhaps how?”

Lin Ran said word by word, his voice low.

Chapter 1292

“Unbridled!”

The middle-aged man’s face instantly went icy cold even as he smiled.

“I haven’t even asked you why you are here yet, but you are slandering me first!”

Fire Pine’s face was icy cold as he chided.

“As I said, I came in from outside!”

Lin Ran said indifferently.

“Came in?”

Firesong laughed.

“This Fey Devil Domain is so heavily guarded, and it’s even the lair of these Fey Devils, so you said you came in? On what basis? You’re stronger than me, but I’m afraid you’re still too young to break into the Fey Devil Domain alone!”

“This has nothing to do with you, besides, I am only looking for you to wonder why there is a Fire Family here, if you bear the humiliation I will not do anything to you, but if you join the enemy or become their minions, then don’t blame me for being rude!”

Lin Ran said.

“Bullshit! We Fire Family men have never been anyone’s henchmen!”

Fire Pine said angrily.

“No one will believe you if you say so! Do you dare to make a blood oath?”

Lin Ran said in a cold voice.

When one ran into each other in a place like this, only a blood oath was the most reassuring guarantee.

“I’ve been fighting with the Chen Clan in this Fey Demon Domain for so many years, but I didn’t expect to run into you, a brat, and actually make me make a blood oath!”

“I want to see if your tone is proportional to your strength today!”

Fire Pine roared, and with a wave of his palm, he directly slapped at Lin Ran.

The power contained in that palm was so powerful that it was staggering.

On the other hand, it seemed that Fishwan, who was at the side, had seen it all before and hurriedly pulled Zhao Yu and ran to the side.

Zhao Yu, on the other hand, was in a state of complete astonishment. She had seen people who could fly before, but this was the first time she had seen someone who could make the heart tremble with a slap.

Zhao Yu even had no doubt that if this slap landed on her own body, she was afraid that she would be killed in an instant.

“That’s all the strength you have?”

Lin Ran laughed and followed his palm to directly meet it, the strength of his breath was simply stronger than that of a fire pine.

When Zhao Yu saw this scene, his entire body froze.

“He How is he so strong!”

Zhao Yu witness was dumbfounded.

Was this still the same Lin Ran who could only growl impotently even after being dumped by himself?

When did he become so strong?

Suddenly, an aura surfaced in Zhao Yu’s mind.

She vaguely remembered that ever since she had broken up with Lin Ran, the latter seemed to have changed into a different person.

In the past, he didn’t dare to react too much in the face of Wang Qiang’s provocations, but on the same night of the break-up, he had beaten him up.

Later on, his life even seemed to have turned on, stepping on punks, beating up rich kids, and later on, even climbing into a relationship with Song Yujiang.

Thinking about this scene, Zhao Yu only felt her heart trembling.

She had regretted it before, but this time she regretted it even more. What if she could have stuck it out back then?

Even if it was only for one day, perhaps the woman standing by his side now would be herself.

Unfortunately, it was already too late!

Zhao Yu said to herself in her heart.

In fact, after going through so much, she had already seen the light.

There are some people and some things, missing out is missing out, and God will not give you a second chance.

.....

But ahead, Lin Ran slapped his palm on Fire Pine’s hand.

There was a “bang!” A sound was heard and the entire ruins seemed to fall silent.

The young man on the side of that even held his breath.

In his perception, his own father was very powerful.

But at this moment, even he had some doubts as to whether his father was a match for this Lin Ran in front of him.

“Poof!”

Finally, Fire Pine, who had resisted Lin Ran’s slap hard, sent his entire body flying out in an instant.

At the same time, a mouthful of blood directly spurted out.

Lin Ran was waiting for this moment, and with a flash of cold light in his hand, the broken tip of his dagger had already flown out, heading straight for Fire Pine.

“Senior, stop!”

The youth was busy shouting when he saw this, that was his father.

However, Lin Ran didn’t pay any attention to him, the dagger-breaking tip instantly reached Fire Pine, the sharp dagger instantly sliced through Fire Pine’s arm, following which it actually flew straight back.

“Hm?”

When Fire Pine saw this scene, he couldn’t help but be stunned, he was even ready to explode himself at that moment just now.

However, Lin Ran had only made a gash in his arm.

Retracting the dagger, Lin Ran quietly looked at the blood on the dagger only.

And then Lin Ran flicked his finger, and instantly his own blood landed on the dagger only.

At once a strange scene appeared.

As soon as Lin Ran’s blood landed on Fire Pine’s blood, instantly the latter’s blood seemed to boil and scatter in all directions, as if it was afraid of his blood.

“What else do you have to say now!”

The killing intent in Lin Ran’s eyes intensified.

By this point, he could already conclude that the blood in Fire Pine’s body definitely contained a dark, dark red venom, or demon blood!

And what else could a person with demon blood be if not a lackey of the Fey Demon Realm!

“What do you mean!”

Firesong looked at Lin Ran, his brows furrowed.

Lin Ran flung the dagger around and instantly arrived in front of Firesong.

Firesong took a look at the dagger and couldn’t help but frown slightly.

“My blood and Pure Yang True Blood have a similarity, and when your blood meets mine, it instantly collapses! Do you know what this means?”

Lin Ran said in a cold voice.

Fire Pine sniffed and said busily.

“I know, but things are definitely not what you think they are!”

“Then which is it? You have demon blood inside you, and you still say you haven’t rebelled against your enemy!”

The killing intent in Lin Ran’s eyes increased, and with a flip of his palm, the Condensing Frost Sword had surfaced.

“I’ll kill you today to clean up for the Fire Family!”

Lin Ran said and charged towards Fire Pine with his sword.

“Stop! Things aren’t what you think they are!”

Fire Pine said busily.

However, Lin Ran was not listening at all, in such a foreign demon domain, he only believed in his own blood.

“Make a blood oath!”

Suddenly, a voice rang out in Fire Pine’s mind.

“Old Ancestor!”

Fire Pine was a little reluctant.

“There’s no other way, you should have thought of it long ago, without making a blood oath, not only him, but I’m afraid the clans of the outer folk won’t believe us either!”

The old ancestor’s voice was full of helplessness.

“Ai!”

Fire Pine gritted his teeth and spoke at once.

“Lin Ran stop, I can make a blood oath!”

Lin Ran’s eyes narrowed slightly at his words and he stopped moving his hands.

“Is it still useful to make a blood oath now? The demon blood in your body already says it all!”

“No! You’re wrong, I do have devil blood inside me, but it’s not something I can control!”

Fire Pine said, while he pointed at Lin Ran.

“And it’s not just me, you already have devil blood inside you too, don’t believe me, take an internal look for yourself!”

“You seek death!”

Lin Ran’s eyes were instantly icy cold.

Fire Pine, however, was not the least bit afraid and raised his hand to make a blood oath.

“I, Fire Pine, swear on my life that if I defect to the devil, I will be struck by lightning and die! I will never be reincarnated!”

As he watched Fire Pine make the blood oath, the icy coldness in Lin Ran’s eyes was then lessened.

But how could he not die?

At this moment, Lin Ran was also stunned.

Fire Pine clearly had demon blood in his body, yet he had made a blood oath and didn’t die.

Chapter 1293

“I have made a blood oath, do you dare to make it!”

Fire Pine looked at Lin Ran with an icy cold face.

“Why wouldn’t I dare!”

Lin Ran then made a blood oath as well, and the relationship between the two sides only eased up.

“Did you really come in from outside?”

Fire Pine looked at Lin Ran with excitement in his eyes.

“The blood oath has been made, what do you think?”

Lin Ran said coldly, he was still struggling with why it was okay for Fire Pine to have demon blood in his body and make a blood oath.

“Little friend Lin Ran, go! Follow me back to the clan!”

Firesong opened his mouth and said.

“What? Not afraid anymore?”

Lin Ran laughed?

“Who would dare to break the Heavenly Blood Oath?”

Fire Pine laughed.

“As for the demon blood in my body, I’ll tell you all about it when we get to the clan!”

“Of course, I will tell you everything about this Fey Demon Realm as long as you don’t know it!”

“But in return, you also have to tell us about the outside world!”

“That’s natural!”

Lin Ran nodded his head.

“Please!”

Fire Pine made an inviting gesture, and then whirled around, leading Lin Ran and the others towards the depths of the ruins.

.....

“Senior Fire, what is this relic all about?”

Lin Ran followed behind and opened his mouth to ask.

This whole way over, he had discovered that this relic really seemed to be a city, but the scale was much smaller compared to the cities in the Skywolf Domain, and it was more like a huge mansion.

“Brother Lin has no idea, this relic is the previous mansion of our Fire Family!”

Off to the side, the youth laughed.

“My name is Huo Yan, meet Brother Lin!”

“Lin Ran!”

Lin Ran laughed, only then did he realize that the youth’s name was Huo Yan.

“You said that this was your Fire Family’s former mansion? Why is it in this state now?”

Lin Ran asked with a frown.

“This is a long story, little friend Lin Ran, when we get to the clan, old man will tell you in detail!”

On the side, Fire Pine spoke and laughed.

The crowd chatted with each other and soon arrived outside the ruins.

This mansion ruin itself was huge, and at this moment when they came here, they could not see a single person around except them.

Moreover, this place itself was somewhat appalling, and I was afraid that no one would come back here.

“Arise!”

With a wave of Fire Pine’s palm, a curtain of light appeared in front of the crowd.

“Please!”

Fire Pine made a gesture of invitation and immediately led the way inside the light curtain.

Lin Ran glanced at Zhao Yu and Yuwan, then followed suit and entered the light curtain.

Space shifted and soon the crowd appeared at the entrance of a valley.

Standing at the entrance of the valley, the crowd was stunned by the scene before them.

They saw that the valley was lush and green, with countless vegetation that was bright green and green, and many flowers in bloom, it would not be too much to say that this was a fairyland on earth.

“These vegetation and flowers are all grown by absorbing the essence of heaven and earth, there is no sun at all in this foreign devil domain, and ordinary vegetation would not be able to survive at all!”

Fire Pine said.

He then led the crowd to a pavilion.

Some people from the Fire Family nearby ran over to watch the fun, but they were quickly chased away by Huo Yan.

“Now you can talk!”

Lin Ran sat across from Fire Pine and spoke.

“Mm!”

Fire Pine nodded, and then said.

“This matter to be told has to be told from many years ago! It must have been thousands of years ago, I can’t remember exactly when!”

Fire Pine said and opened up the conversation.

It turned out that within a thousand years after the last Battle of Destruction, the Mysterious Alliance had appeared.

The so-called Battle of Destruction was already known to Lin Ran as well.

The cultivation world had made the biggest battle back then the Battle of Brokenness, and according to Lin Ran’s speculation, it should have been the battle where his ancestor returned and where his senior sister had fallen.

In that great war, not only did the ancestor return from the outside world, but also many invaders returned.

Later on, the ancestor led a bloody fight with them, and in the end the ancestor went to who knows where, but the enemies were almost all wiped out as well.

But after only a thousand years of peace in the cultivation world, the storm clouds rose again.

“Now the one in control of this Fey Devil Domain, Fey Devil is said to be an outsider who remained at the beginning, who was so powerful that he started the Fey Devil Domain here!”

Fire Pine said.

“Alien Demon? An outsider?”

Lin Ran couldn’t help but shudder at his words, the pillow book inside him was also visibly stunned, this was the first time he had encountered an outsider like himself, technically speaking, perhaps this foreign devil was also an old hometown of the pillow book!

“That’s right, this foreign devil is definitely an outsider, and many of his abilities are like nothing we’ve ever seen before!”

Firesong said.

“The Fire Family was one of the forces in the Breaking War back then, when our family head brought people to follow one of the lords and came here, but unfortunately the family head ended up dying in battle!”

“Many of the lords who came along with us also died in this foreign devil domain!”

“Those of us from the Fire Clan who survived were then completely trapped here!”

Fire Pine said here, with despondency in his eyes.

“Moreover, I also know that there are other clans that are also trapped here with us, but after so many years, all these clans have gone to nowhere, as long as we, the Fire Clan, have remained here because of our grudge with the Chen Clan!”

“A grudge with the Chen Family?”

Lin Ran frowned.

“That’s right and the Chen Family’s grudge!”

Firesong nodded his head.

“This Chen family was also one of the conquerors back then, and their family strength wasn’t as strong as our Fire Family back then!”

“So after the war ended, it was always us guys who sheltered them!”

“But it wasn’t until one day that our Fire Family was attacked by those foreign devils that we knew we were exposed!”

“Then our mansion was completely destroyed and we could only live here in seclusion for a hundred years, and only later did we come out to investigate and find out that it was the Chen family that betrayed us!”

As he said this, anger visibly danced in the eyes of the Fire Pines and other Fire Family members.

“Only later did we learn that the Chen family had defected to the enemy, so they could survive in the Fey Devil Domain! Even with the passage of time, the strength has far surpassed our Fire Family!”

“This is also the reason why our Fire Family could only sneak up on the Chen Family and keep weakening their power!”

“Then, after all these years, haven’t the Fey Devils been looking for trouble with you guys?”

Lin Ran asked with a frown.

Fire Pine smiled at his words.

“This place is a spell that our old ancestor fought for his life to refine, so it’s hard for the foreign devil to find his way, and the foreign devil hasn’t come out at all in recent decades, so no one knows where he’s gone!”

“But we can feel that the foreign devil seems to be preparing some big move, just the recent conscription in the nearby villages is very frequent!”

“Big moves?”

Lin Ran frowned as he listened, he had felt it too, although he had only been to the Skywolf Domain, there were rumours amongst the warriors that wars were becoming more frequent and more brutal than before.

“And what’s with all this demon blood?”

Lin Ran asked.

He knew about the feud between the Fire Family and the Chen Family, but this demon blood was something he didn’t understand yet.

“Why, is there devil blood in your body?”

Lin Ran asked as he looked at Fire Pine, this was a point that had always been on his mind.

It was because before he had come across people who possessed demon blood, apart from a few of Long Mo’s men were people like Bashful.

Of course, the short sword of the Yue family also seemed to be somewhat related to demon blood.

Chapter 1294

At the mention of this, Fire Pine and the others couldn’t help but sigh.

“We don’t actually know how this stuff was dyed up, and besides, I don’t know why you guys would call it devil blood!”

Said Fire Pine as he waved his hand at the crowd to the side, and soon four or five bottles with blood in them were brought over.

“Little friend Lin Ran you can try it, these bloods are from my son as well as his men, they should all have this stuff!”

Lin Ran frowned slightly at his words and followed by dripping out a few drops of essence blood, the scene that followed caused the crowd to frown.

Only to see that wherever Lin Ran’s blood went, those of their blood actually made a bared sound, as if they had been corroded by sulfuric acid.

“You guys!”

Lin Ran looked at the crowd and became even more puzzled in his heart as to why this demonic blood existed in all of their bodies.

“These things appeared after the Battle of Destruction, I’ve been in this Fey Demon Domain for so many years, and I’ve inquired about some news!”

Fire Pine said.

“It is said that these things, were gathered from the blood shed by countless demonic beasts after the Great War back then, and there was nothing wrong with them at first!”

“But then, somehow? Then news came back that it was demon blood! Anyone out there who sees one of these will simply be killed! No matter who it is!”

As he said this, there was a hint of worry in Fire Pine’s eyes.

“Little friend Lin Ran, do you understand now why our branch of the clan has not been able to get out after being trapped in the Fey Devil Realm for so many years! Some times it’s not that there’s no way out, but it’s useless to go out!”

Lin Ran nodded his head, he understood this awkward situation.

The Fire Family’s situation was just like Yuwan’s, except that the latter was born in this Fey Demon Realm, so they didn’t even know about the existence of the outside world.

After going out, she would inevitably face a situation where the outside world could not accept her, and the Other Demon Realm was not her home.

Instead, it is the issue of trust that the hoods of the Fire Pines will have to face when they go out.

Within the Mystic Alliance, this kind of thing is called devil blood, and those who are contaminated with it are the lackeys of the Fey Devil Realm, so going out from here will not only require the consideration of the Fey Devil’s blockade, but also the question of whether they can be accepted outside after going out.

“What did you mean before when you said that it was also inside me?”

Lin Ran suddenly remembered this question and busily asked.

Fire Pine sniffed and said.

“It’s like this, we found out that the demon blood seems to have completely infested the Fey Demon Domain, and anyone who comes here will have the presence of this inside them after a long time!”

“I just don’t know if it has already appeared in little friend’s body!”

Lin Ran frowned slightly at his words, and immediately looked within himself.

However, after running his true qi through his body for a week, he did not find a single thing out of place.

To say that it was different from before, it seemed as though his own Red Flame Golden Pill was a few shades more red in colour.

“Break!”

Lin Ran let out a light grunt, followed by a drop of blood inside his body, followed by Lin Ran placing this earth blood on his finger and sensing it carefully.

This time, when he sensed it, he actually detected a faint aura of demon blood.

“What’s going on?”

Lin Ran was shocked this time as well.

“Kid, there’s no need to make a fuss, that Fire Pine was right, this Fey Devil Domain has been completely infested with devil blood, even the air carries this devil blood with it!”

“You’ve been here for three or four days, it’s normal to have this situation!”

The pillow’s voice suddenly rang out.

“Is there a way to locate this kind of thing!”

Lin Ran asked busily.

“? Resist? Why should I resist, it’s demon blood is good stuff!”

The pillow said.

“Had it strengthened the body?”

Lin Ran asked.

“Yes, as I said before, in my world this devil’s blood is the best material for quenching the body, if used properly it can make your body far stronger than others!”

The pillow nodded.

“But this is my world, if I have this kind of thing in my body, I’m afraid that after I leave the Fey Demon Domain, I will also be treated as an enemy by the people outside!”

Lin Ran was a little helpless.

“What do you care about them, strength is your own! Those people don’t understand the benefits of this thing, they just know that it’s used by the Fey Demons, so they use it as a criterion for judging enemies and me, which is definitely not right!”

The pillow said.

“But

“There aren’t that many buts, once this stuff enters your body, it immediately enters all your blood and changes the strength of your body all the time, you can’t force it all out! Unless

Pillow Book Road?

“Unless what?”

Lin Ran asked busily.

“Unless you kill yourself!”

Pillowbook stretched his hand.

“And I’ll tell you, the reason why Fire Pine’s strength clearly seems to be at the peak of the Creation Realm, but it’s very unstable, is because of the demon blood!”

“If I’m right, they’ve also been thinking of ways to send out this devil blood inside their bodies, and the more you do this, the more you’ll instead be a great threat to your own strength!”

“Of course, even if they don’t, the effect of the demon blood is limited for them, because they don’t know how to refine such things at all!”

“Whereas you are different, what you have in your body is the True Qi of the Medical Dao, the devil blood that can remain in your body are the most pure parts after extraction and refining, that is why you also have devil blood in your body, but your strength does not appear unstable, while they do!”

The pillow book explained.

“Which is there a way to boost the extraction of the demon blood as well and help them stabilise their strength?”

Lin Ran asked busily.

The Pillow Book shook its head.

“This kind of thing requires a specific approach from the start, Fire Pine’s use of demon blood is all naturally formed, it simply can’t be changed after so many years, and even if it were, it wouldn’t make much sense!”

“Then they still have offspring!”

Lin Ran said busily.

It was the pillow’s turn to be silent.

“Well, if you have to pick the bones in the eggs, you can have them run their true qi for three weeks every time they cultivate before devouring it, so that you can as much as possible reduce the impurities inside the demon blood!”

The Pillow Book said helplessly.

Lin Ran nodded at his words.

“Well?”

Seeing Lin Ran open his eyes, Firesong busily asked.

Lin Ran didn’t say anything, he just nodded his head.

He then looked around and saw that there were people from the Fire Family clan hiding behind many trees and flowers, before he helplessly spoke and laughed.

“Fire Clan Master, there’s nothing I can do to help, but I’ve noticed that the strength within your bodies is somewhat erratic, so I think it should be caused by trying to ward off these demon bloods!”

“How do you know?”

Fire Pine was stunned, this was a situation he was sure he hadn’t spoken to Lin Ran about, but how did he know about it?

“You don’t need to care how I know, I can tell you a way that will allow future generations to not possess this condition and be stronger than you!”

“What way?”

Fire Pine asked busily.

“It’s very simple, let future cultivators stop resisting the demon blood and absorb it after running their true qi for three weeks at a time, this will achieve fusion with the demon blood and help improve their strength!”

“Huh?”

Fire Pine and the others froze.

“Little friend Lin Ran, you’re joking, these things are devil blood, we’ve been dreaming of draining it out, why are you still”

Chapter 1295

Lin Ran smiled at his words but smiled.

“This matter is actually quite simple!”

“This thing is indeed devil’s blood, but do you know why it’s called devil’s blood?”

Lin Ran looked at Fire Pine, who shook his head.

“The reason why it’s called Devil’s Blood is because this thing is indeed the blood of a devil beast, and there’s no problem with the information you’ve inquired about, this thing is the blood left behind after the death of a devil beast during the Battle of Destruction!”

“Of course, it’s also what people outside call devil’s blood,? Only that when people outside say devil’s blood they mean the blood of an evil demon, not a magical beast!”

Lin Ran said with a sigh and continued.

“It’s a matter of stigma, in fact, this kind of thing is very beneficial to cultivators, fusing demon blood can improve one’s physique!”

“It’s just a pity that because this thing is being used by the foreign devils, it naturally becomes an existence that the Mystic Alliance opposes!”

“Living in this kind of environment, if you don’t provoke the demon blood is still okay, once you do you can only resign yourself to fate, instead of resisting the demon blood to deplete your strength, you should make good use of it to make yourself stronger!”

“After all, only when you are strong can you have the right to speak, I think the Fire Family Master should have a deep understanding of this saying!”

Fire Pine was silent at his words.

Yes, they were living in the Other Demon Realm, let’s not talk about whether they could get out or not, just a Chen family alone now made them somewhat unable to cope, let alone after they were said to have gone out.

“I get it!”

Fire Pine sighed, while nodding his head.

“Alright, now that you’re done, I’ll tell you what’s going on outside next!”

Lin Ran said.

He then told the general story of why he had come to the Fey Demon Domain.

Listening to Zhao Yu on the side, there was envy in his eyes.

Especially when she heard that Lin Ran had only risked his life for the sake of his two friends, her heart felt even harder.

If it were herself, would Lin Ran still come?

Maybe not. Who was she to ask Lin Ran to risk his life for her?

After all, it was she who had dumped him first, and in such a cruel way.

.....

Half an hour later, after listening to Lin Ran’s account of what happened outside, Fire Pine and the others were silent.

But Lin Ran could see the fervor and hope in their eyes.

They all clearly wanted to get out, just now

“Little friend Lin Ran, I wonder what plans you have now? If you need us, the Fire Family can also help contribute!”

Fire Pine said.

If Lin Ran could get in, then it was likely that he had a way to get out, perhaps he didn’t know that right now.

But someone who could break in had a better hope of breaking out in the future, and he was investing in that now.

“I need to find my friend, but I suspect that my friend has probably been captured by the Sky Wolf King, and even if he hasn’t he’s probably trapped somewhere!”

Lin Ran said.

Ever since he had entered the Fey Demon Domain, he had been able to sense Wang Yifeng and Long Ya’s sensory stones, and the two should have sensed themselves as well.

So they were in a moderately unmoving position, just constantly moving around in a small area.

This was one of the more worrying points for Lin Ran, staying in a small area and walking around, there could only be two scenarios, the first being that they had been caught, or the second being that they were trapped somewhere.

“Then what is Little Friend Lin Ran’s plan?”

Fire Pine asked busily.

“I’m going to find the Wolf Tooth Sect’s Sect Leader first, it’s said that he’s a disciple of the Sky Wolf King, so I might be able to get some information from him!”

Lin Ran didn’t hide anything.

“Hmm! This is something that perhaps our Fire Clan can help with!”

Fire Pine said.

“O? Tell me about it!”

Lin Ran was intrigued.

“You robbed the woman that the Chen family was going to sacrifice to the Wolf Tooth Sect today, the Wolf Tooth Sect will definitely not rest in peace, and no surprise the Wolf Tooth Sect’s emissaries will find the Chen family tomorrow!”

“And when that time comes, little friend Lin Ran’s side can first grab one of the Wolf Tooth Sect’s disciples and torture them!”

Lin Ran nodded at his words.

“That’s not right, wouldn’t that be hitting the grass and the snake?”

On the side, Zhao Yu suddenly spoke up.

Lin Ran, however, shook his head.

“It’s not beating the grass to the snake, the other party doesn’t know my background, the messenger being killed will only be angry so I can wait for him to come to me!”

“You’re so sure he’ll take the initiative to find you?”

Zhao Yu asked.

“Definitely!”

Lin Ran laughed.

“Hundreds of miles around are the Wolf Tooth Sect’s sphere of influence, if they could even tolerate such things, they wouldn’t be able to control such a large area!”

“Little friend Lin Ran is right, but if you go after the Wolfram and Hart Sect with such fanfare, we won’t be able to cooperate!”

Fire Pine said.

Lin Ran smiled at his words.

“There’s no need for your cooperation, if you really want to help, you can check the news for me and see if there’s any news about my friend!”

“Of course, if there is a way to leave the Fey Demon Domain in the future, I will also help you guys out!”

“Many thanks, little friend Lin Ran!”

Fire Pine said with a busy smile.

What he wanted was these words from Lin Ran.

“Alright, everything that needs to be said has been said, so I won’t stay any longer! I’ll stay in the town until I’m done with the Wolf Tooth Sect, again, I can send word to me!”

Lin Ran got up and was ready to leave.

“Good! Then I will wait for good news from little friend Lin Ran!”

Fire Pine laughed.

“By the way, do you guys want to stay here first? At least it’s safe here!”

Lin Ran suddenly turned his head to look at Fishwan and Zhao Yu at the side!

“No!”

“Don’t!”

Both of them spoke almost simultaneously.

This made the Fire Pine on the side couldn’t help but feel a little embarrassed, how could this place of theirs not be beautiful?

“Alright!”

Lin Ran didn’t say much, he naturally wouldn’t force the two if they didn’t want to, and he had the little world of the pillow book with him, so he wasn’t worried about the two’s safety.

After bidding farewell to Fire Pine, Lin Ran soon left with his people.

And only after Lin Ran had left did Fire Pine then quickly return to his own dwelling, before his body disappeared in a flash.

In an emerald green space, Fire Pine appeared out of thin air, and in front of him at that moment was an old man sitting on his back.

The old man's whole body breath was very weak, and only the upper half of his body, his lower half had already fused with the stone platform, and he could not see where his legs and feet were.

"Old Ancestor!"

Fire Pine bowed respectfully.

"You've come!"

The old ancestor spoke.

"Old Ancestor, you heard it all, Lin Ran is preparing to go to the Wolf Tooth Sect alone, we"

"Don't rush!"

The old ancestor slowly opened his eyes, there was an endless profundity in his eyes.

"That kid has some strength, he should be in the Dan Creation Realm, that Sect Leader of the Wolf Tooth Sect is also in the Dan Creation Realm, let them fight it out on their own!"

"Then what do you mean, old ancestor?"

Fire Pine asked busily.

There was determination in the old ancestor's eyes as he spoke.

"We have waited for so many years, this is the only chance we have, we must dig and hold it, otherwise we don't know when we will have the chance next time!"

"When he goes up to Wolf Tooth Mountain, you take the ancestral token and follow him secretly, enter the ancestral land while he is unprepared, remember this is the only chance, once we don't succeed, we will probably have to sink countless years again!"

"Fire Pine understands!"

Fire Pine saluted respectfully, with a fierce aura in his eyes.

For the sake of this family plan, he could only use Lin Ran.

"Little friend Lin Ran sorry, Noda a clan wants to go out, relying on yourself we are not comfortable after all!"

Chapter 1296

"Where are we going now?"

Walking within the ruins, the sky was dark by now.

The days were short in the Fey Devil Domain, whether it was night or day.

"To the town!"

Lin Ran said.

“You’re not afraid of the Chen family’s people”

Zhao Yu reminded.

“What’s there to be afraid of, the Chen family must be busy with the bride right now!”

Lin Ran said.

“Do you think they’ll find someone new to replace them!”

Off to the side, Fisherman Wan suddenly spoke up.

Both Zhao Yu and Lin Ran were stunned.

Indeed, there was no way the Chen family would sit around and wait for death, tomorrow the people from the Wolf Tooth Sect would definitely come and they would definitely go and find a replacement again.

“Don’t worry!”

Lin Ran said indifferently, tomorrow he would definitely go to the Chen family, if the Wolf Tooth Sect wanted to take someone away, they would also have to ask him if he would agree.

Coming to the town, Lin Ran casually found another inn to stay, because the bride had been taken away, at this moment the Chen family was in a mess, many people were out looking for a suitable woman from the tribe!

They couldn’t even be bothered with the funeral of Chen Xuguang, the second young master.

After all, if one young master dies, it is clear which is more important than the death of the whole family.

And at this moment in the Chen family, above a hall, a middle-aged man with a cold face sat on a high seat, he was none other than Chen Li, the current family of the Chen family!

“Master, Chen Wei has just sent back word that the replacement has been found!”

The old butler next to him was busy running back with the news.

“It’s good that they’ve been found!”

Chen Li was relieved at the words, and only then did a hint of dismay and anger appear in his colleague’s eyes.

“What about the other side? Have you found the information on the person who killed Xuguang?”

Chen Li asked in a cold voice.

“Back to your Lordship, not yet! It’s as if this person appeared out of nowhere for us, all the surrounding tribes have checked, and there’s not a bit of news at all!”

The old butler said.

“Keep checking! I still don’t believe that he could have popped out of a crack in the stone!”

Chen Li said in a cold voice.

“Yes!”

The old butler answered.

“Right, Master, the news has already spread, and tomorrow the Grand Duke will also return with the Wolf’s Tooth Sect’s emissary!”

“Mm! I know!”

Chen Li nodded, the only thing he relied on now was this eldest son of his.

“I hope that Xuting can mediate between them, otherwise the Chen family will really be in trouble this time!”

There was worry in Chen Li’s eyes.

No one knew better than him that although the Chen family had defected to the Fey Demons, their status in the Fey Demon Domain was only a little better than those in the tribe.

The first thing he would not dare to do is to offend a power like the Sky Wolf Sect, and he would not dare to think or do it.

....

The night was without words.

The next morning, Yuwan came outside Lin Ran’s room early.

“Something wrong?”

Lin Ran’s voice soon came from the room.

“Mm!”

Fishwan nodded.

“Come in and talk!”

Lin Ran said.

Only then did Fishwan enter the room.

“Say it!”

Lin Ran stood by the window looking out at the Chen family, not knowing what he was thinking.

“Sir Lin, I’ve come to remind you that although the second Duke of the Chen Family is dead, he still has a big brother who is very strong! He’s even stronger than the Chen family head!”

“Are you worried about me?”

Lin Ran asked with a smile as he turned around.

Fishwan's pretty face flushed at his words and she nodded gently.

"Do you think I'm not strong enough?"

Lin Ran laughed.

Chen Xuguang was only at the Heaven Seizing Realm, and was clearly on the same level as Fire Pine's son Flame.

Even if his elder brother was strong, he was at most at the early stage of the Creation Realm, and this kind of strength posed no threat to Lin Ran at all.

"I don't feel that Gongzi is not strong enough, I'm just worried about him!"

Yu Wan said, and here she was busy explaining.

"Gongzi don't misunderstand, I am truly worried about your safety, it's not because I'm afraid that something will happen to you and I won't be able to leave here!"

Looking at Yuwan's nervous and worried look, Lin Ran couldn't help but frown slightly.

"I know, you go out!"

"I"

Fishwan was stunned for a moment, bit her lip and still walked out.

"Kid, this change in your attitude is too big, this is going to break someone's little girl's heart!"

The pillow book suddenly laughed.

"What do you know, a stinking book is just that!"

Lin Ran said without good humour.

"Get lost! How dare you mock Master Book, I may be a book but I've already given birth to spiritual intelligence, okay?"

The pillow book retorted.

"So, have you ever been in love?"

Lin Ran suddenly asked.

"I"

The pillow book was stunned for a moment and then said a moment later.

"Originally, there was a chance, but unfortunately, the heavens have since parted, and I wonder how she is doing?"

"Holy shit, you really talked about it? A book and a relationship?"

Lin Ran was speechless.

“Fuck off! Laozi said, I’ve been born with spiritual intelligence, and I’m just one flesh short of you people, understand?”

“Laozi’s relationship is the purest spiritual relationship, unlike you guys who value stinking skin so much!”

The pillow said in no uncertain terms.

“So tell me, who would fall in love with a book like yours?”

Lin Ran came to be interested.

“Phase know? Then tell me first, why do you suddenly have such a bad attitude towards other people’s Little Miss Yuwan?”

The pillow book laughed.

Lin Ran was stunned and said helplessly.

“She seems to have a crush on me, and I’m doing this for his own good! Look at Long Ya!”

“What’s wrong with Long Ya?”

The pillow was puzzled.

“There’s no way Long Ya could have been involved in any of this before, including Ling Sa and the girls in Temperance, they all had their own peaceful lives and they all ended up like this because of me!”

“Besides, don’t you think I have too many women around me? I don’t want to be failing others, not even just one more!”

Lin Ran said.

The Pillow Book smiled but laughed and said.

“Kid, the only thing in this world that is beyond human control is the word love, if you didn’t want to provoke him, you shouldn’t have agreed to that Fisherman’s Song’s request from the beginning, this is karma, you planted the cause and it will inevitably come to fruition, so this is your fate!”

“Alright, cut the crap, hurry up and tell us who will fall in love with this stinking book of yours!”

Lin Ran asked curiously.

“Cao! I’m a soul, what stinky book! I said we’re soul lovers who don’t know anything!”

The Pillow Book said in no good humour.

“Then tell me who!”

Lin Ran was in a hurry.

Pillow Book, however, smiled smugly and said.

“That’s a strange woman with a bow by her side!”

“Back then, when the Immortal Emperor had not yet reached the top, he accidentally intruded within a hidden family when he was out on a training trip!”

“The people of this family had lived in seclusion for generations never intermarrying with outsiders, but the Immortal Emperor fell in love with a woman from the clan!”

“The woman told him that if you really wanted to be with me, then King’s Landing, and only if you were strong enough could you take me away in front of the clan chief!”

“That’s what drove the Immortal Emperor later!”

“Cut the bullshit! After all this talk, where’s that bow of yours!”

Lin Ran said in no good humour.

“Shit! What’s the hurry, Master Book, that bow of mine is the weapon of whichever woman the Immortal Emperor likes!”

Pillow Book said.

“That bow also had a spirit at the time, so we’ll”

“What was that bow called?”

Lin Ran asked curiously.

Pillow Book smiled but had a wary look on his face.

“What do you want! That was Master Shu’s first and only love, so don’t you pry, when Master Shu returns to the Immortal World in the future, he’ll still have to go find her!”

“And! By the time you get back, she might have already been seduced by another bow!”

Lin Ran laughed.

The pillow’s face instantly turned green at his words.

“Lin Ran I fuck you!”

Chapter 1297

The Chen family, the focal point of the entire town.

But today the residents of the town all clearly felt that the anger that took advantage of the opportunity was somewhat tightened.

For today, there was not even a single person to be seen in the Chen family, all hiding in their homes not knowing what they were dealing with.

In the past, no one was seen on the busy streets, and everyone was hiding at home, because according to the past practice, as long as the Chen family was closed, then something big was definitely going to happen in the town.

At this moment, only hiding at home was the safest thing to do.

“Ding Ding Ding!”

Suddenly, the sound of a bell was heard on the quiet street.

Following this, Lin Ran and the three of them saw that at the end of the street, a pair of people had appeared.

They didn't say a word, and each of them had a cold expression on their faces.

The two men at the head of the pair were a group of date red stallions, wearing white armour and looking formidable.

The two of them, one of them with a slim build was none other than the Wolf Tooth Sect's emissary, Wolf Bald of the Wolf Tooth Sect!

“Look, that man is Wolf Tou, and the one next to him is Chen Xuting! The Chen family's eldest son!”

Yu Wan said as she pointed at the two men.

She had been a maid in the Chen family for a while back then, so she knew these people!

“Why are these people dressed like this?”

Zhao Yu frowned as she looked.

The other party was wearing either wolf skin armour or metal armour, as if people here were fond of wearing armour for combat.

“Wars often break out here, so these people like to wear armour and be ready to fight at all times!”

Yu Wan said.

Zhao Yu frowned a little at her words.

She had also seen many bloodbaths since she came here, and the bloody scenes chilled her heart.

She had even witnessed the demise of a tribe, all of which had shocked her.

“This is a world that relies on strength to suppress, and only strength is everything!”

Lin Ran spoke.

“You two will stay here later, I'll go to the Chen family myself!”

“No way!”

Zhao Yu refused outright.

“Gongzi, let's go with you!”

Yuwan also spoke up.

Lin Ran was a little helpless, these two were really sticking to themselves.

“That’s fine, but you can’t leave me within ten metres, otherwise I won’t be able to save you if you run into danger!”

Lin Ran said.

The two nodded their heads.

Zhao Yu wanted to see how strong Lin Ran really was, while Yuwan? It was purely because she was worried about Lin Ran and didn’t want to be left here alone.

As they spoke, outside, Wolf Hatchet and Chen Xuting had already arrived at the entrance of the Chen family.

As soon as the crowd stopped, the Chen family’s gate immediately opened, while the middle-aged man Lin Ran had seen yesterday came out to welcome them with a smile.

With Fishwan’s introduction, Lin Ran also recognised him, he was none other than Chen Li, the Chen family’s family head.

“Family Head Chen, goodbye!”

Seeing Chen Li, Wolf Baldy immediately smiled, but with a hint of coldness in his eyes.

And this was Chen Xuting who looked at his father at the side, not daring to speak, although he had returned with his peers, the real leader was still this Wolf Baldy, who was the emissary of the Wolf Tooth Sect’s head this time.

“Lord Wolf Bald, goodbye,? I have already prepared a little wine for you, I hope Lord Chen will appreciate it!”

Chen Li said with a busy arch of his hand and a smile.

“Well said, well said! Let’s go!”

Wolf Baldy laughed.

At that moment, he led a group of people into the Chen family.

The Chen family’s door then closed again with a bang.

“Let’s go, we’ll give it a go too!”

Lin Ran suddenly said.

Zhao Yu and Yu Wan were both a bit puzzled by this, and the former even asked.

“Why are you going now? The Wolf Tooth Sect’s emissaries have just arrived and they are now at their strength, aren’t we sending ourselves to death by going now?”

Lin Ran sniffed and looked at Zhao Yu.

“I was always prepared to go now, as for whether or not it’s a death sentence, just watch!”

“You

Zhao Yu was stunned and couldn't help but have some doubts in his heart, was Lin Ran's strength really that strong? To think that he wasn't even afraid of this messenger of some wolf tooth sect?

"Lin Ran, I know you are powerful, but at this time? You can't act recklessly, after all, both of our lives are in your hands!"

Zhao Yu said.

Lin Ran smiled at his words.

"It seems like ever since we broke up, you've never believed my words! Is it hard to trust me for once?"

"I ..."

Zhao Yu was silent.

And Lin Ran had already turned around and walked out.

On the side, Yuwan, who was watching, also followed him out, while saying.

"Since you decided to follow him, you should have trusted him!"

Zhao Yu's whole body shook at his words, yes, he was the one who had decided to follow him, yet he still didn't trust his strength.

It was like when she had dumped Lin Ran, she still didn't believe that he could become rich.

"Zhao Yu you are so blind!"

Thinking about this, Zhao Yu couldn't help but laugh at herself.

.....

On the desolate street, three figures walked out, none other than Lin Ran's trio.

"Follow it!" Lin Ran opened his mouth and warned, before walking straight towards the Chen family.

Zhao Yu and Yuwan merely followed behind, the fact that the surrounding area was desolate at this time made them both nervous.

The three of them soon arrived at the entrance to the Chen family home, and Yuwan couldn't help but ask.

"How do we get in?"

"It's simple!"

Lin Ran smiled lightly, following which he gently poked his palm up towards the Chen family's front door.

The next moment, a scene that shocked the two appeared.

A "click" sound was heard, and the Chen family gate in front of the three of them suddenly flew backwards.

Then with a bang, it hit the ground with a heavy thud.

The originally sturdy wooden door was now in tatters, with cracks like spider webs appearing on it.

“Who is it?”

This commotion immediately caught the attention of the Chen family, and immediately a group of people resembling beaters rushed out and surrounded the three Lin Ran who had just walked in.

“Where is Chen Li?”

Lin Ran asked with an indifferent face.

“Trespassing in the Chen family, and calling our family head by his name, looking for death!”

The leader’s beater’s eyes were cold as he lunged towards Lin Ran with a shake of his long stick in his hand.

His strength should be at the early stage of the Heaven Seizing Realm, and he should be a newcomer that the Chen Clan had just trained.

“Lin Ran!”

To the side, Yuwan and Zhao Yu both watched nervously.

Yesterday, although there were also many people, there were people from the Fire Family in the way after all, so the impact on them wasn’t too strong.

But today was different, they were facing these fighters directly, and if Lin Ran missed one of them, they would both be in danger.

Lin Ran glanced at the two indifferently without speaking.

He then turned around and waved his palm, followed by a strong wind sweeping through him, and all of the dozens of beaters in front of him fell to the ground.

“This”

Seeing this scene, Zhao Yu and Yuwan both froze.

Neither of them were cultivators, so they had no idea what Lin Ran’s strength represented today.

If it wasn’t for the Wolf Tooth Sect behind him, Lin Ran could have completely wiped out even the Chen Clan with his own power.

Lin Ran’s face was indifferent, then with a wave of his palm, the lead fighter instantly arrived in front of Lin Ran.

Lin Ran grabbed him by the neck, causing his entire body to tremble.

“Take me to Chen Li!”

Lin Ran said indifferently.

The other man's eyes were filled with panic, his entire body was trembling, and beads of sweat sprouted from his forehead.

He didn't dare to resist, and immediately nodded his head.

Chapter 1298

At this moment in the back garden of the Chen family, Chen Li was sitting with Wolf Bald as well as Chen Xuting in front of a round table, eating good food, while enjoying the dance of the sultry woman in front of him, so happy.

"Clan Master Chen, this wine has been drunk and the food has been eaten, so it's time for us to talk about business!"

Suddenly, Wolf Bald turned his head to look at Chen Li, his voice bland.

"Yes, yes! What Lord Wolf Baldy said is extremely true!"

Chen Li laughed, while turning his head and waving his palm at his men at the side, who instantly brought a woman over.

"Please take a look, Lord Wolf Bald, this is the offering that our Chen Clan prepared to give to Lord Sect Leader, yesterday there was some change, so it was not delivered in time, today we promise to deliver it!"

Chen Li said with a busy smile.

Wolf Baldy turned his head to look at his words, however, when he saw the woman's appearance, a mouthful of wine suddenly spurted out of his mouth.

"Bang!"

He crushed the wine cup in his hand as he said with an icy expression on his face.

"Chen Li! You're fucking playing with me? Would the Sect Leader want such a goods? Are you trying to get old me killed?"

"My lord wouldn't dare! My lord!"

Chen Li was so frightened that he hurriedly got up and bowed at Wolf Bald.

"You wouldn't dare? You don't dare, Chen Li? I see that you take it for granted! Do you think that because the Wolf Tooth Sect has not struck out at your Chen Family in the past few years, you can act recklessly?"

Wolf Bald said in a cold voice.

"Lord Wolf, please calm your anger, there must be something fishy about this matter!"

On the side, Chen Xuting busily got up and said.

Although Wolf Bald was an emissary, but Chen Xuting was also considered a leading member of the new generation within the Wolf's Tooth Sect, This face he still had to give.

“Something fishy? What’s fishy? You tell me!”

Chen Li was relieved to hear this and was busy looking at his eldest son.

Chen Xuting said.

“I came back before, and the woman who was going to be sacrificed to the Sect Leader was definitely not her, but a woman of excellent beauty and age!”

“Although the woman later ran away, our Chen family found another replacement, also of excellent age and appearance, but it was yesterday that our Chen family was attacked by the Fire family, they snatched that woman and even killed my brother!”

Speaking of this, there was anger in Chen Xuting’s eyes.

“Lord Wolf, my brother is also a disciple of the Wolf Tooth Sect, so this matter cannot be entirely blamed on our Chen Family, that Fire Family is the culprit lord!”

“Yes my lord!”

Chen Li said busily, while adding.

“By the way, Your Excellency there is also a murderer named Lin Ran, he is the one who killed my son and snatched the woman our Chen family was going to sacrifice to the Sect Leader!”

“Lin Ran?”

Wolf Bald frowned slightly at his words, he had never heard of this name at all.

“Who is he? How could he actually kill Chen Xuguang?”

Wolf Baldy’s face was icy cold as he questioned.

“My lord we don’t know who he is either, I’ve sent people to investigate, but there are no results yet, it’s as if this Lin Ran just appeared out of nowhere!”

Chen Li said busily.

“Came out of thin air?”

Wolf Bald frowned slightly at his words, as he recalled an incident that the Sect Leader had mentioned to him before.

It was said that the Wolf King was looking for a young man, but he didn’t say much about the details, he just told Wolf Baldy to be careful if he came across a very strong stranger.

“Could it be this Lin Ran? It can’t be, if he’s really strong, he can completely destroy the Chen family, so how could he sneak up on them?”

There was some doubt in Wolf Bald’s mind.

“Chen Li, you know the consequences of cheating the Wolf Tooth Sect, right!”

Wolf Baldy looked at Chen Li with an icy coldness in his eyes.

“Your Excellency wouldn’t dare! How would we dare to deceive Your Excellency!”

Chen Li busily said.

“Really no deception?”

Wolf Baldy’s face was gloomy as he questioned.

“No! Absolutely”

Chen Li was just about to speak, when suddenly, a voice but interrupted him.

“He’s not lying, I can testify!”

The crowd was stunned, busy walking the entrance of the courtyard to look, four figures appeared at some point, the leader of which was none other than their Chen family’s fighter.

Lin Ran waved his hand and threw this beater aside, quietly looking at the crowd in the doing with a smile on his face.

“Who are you?”

When Wolf Baldy saw Lin Ran, he couldn’t help but frown slightly.

“My lord that’s him! He is Lin Ran!”

Chen Li busily said, while already standing up and preparing to rush over to apprehend Lin Ran.

“You are Lin Ran?”

Wolf Baldy looked at Lin Ran with an icy coldness in his eyes.

Lin Ran, however, was unnerved, smiled lightly and said.

“That’s right, I am Lin Ran!”

With that, Lin Ran even moved aside to reveal Fishwan and Zhao Yu behind him.

“You guys!”

Seeing the two, Chen Li was stunned and said busily.

“My lord, it’s the two of them, they were the ones our Chen Clan was preparing to sacrifice to the Sect Leader earlier!”

Wolf Baldy said nothing at this point, he too had seen Fishwan and Zhao Yu.

Indeed the two were the Sect Leader’s favourites, both in purple and in age.

And at this point, he also believed Chen Li’s words, that this was all the work of this kid in front of him and the Fire Family.

“Kid, do you know who you’re up against?”

Wolf Bald’s face was icy cold, and there was killing intent in his eyes.

“Against who? Is it powerful?”

Lin Ran said, pretending not to know, with a worried look on his face.

“Lord Wolf Baldy doesn’t need to talk nonsense with him, let me take him down at your disposal!”

Chen Li said in a cold voice, while his entire body was already lunging towards Lin Ran.

His entire body’s aura soared, actually bringing forth a sound of breaking air, this strength must be at least half-step creation realm.

Seeing this scene, Wolf Baldy couldn’t help but frown slightly, thinking.

“This Chen Li is really old-fashioned, the other party dares to come here alone, he obviously has something to rely on, either someone behind him or has real ability, and you still dare to go up like this, this is really a death-seeking act!”

As expected, as soon as the thought crossed Wolf Baldy’s mind, Lin Ran in front of him moved.

He swung his palm out, and instantly Chen Li’s entire body flew backwards, while a mouthful of fresh blood spurted out directly.

At this moment, the underlings in the entire courtyard fled in fear, and the originally lively banquet was instantly left with only Lin Ran and Chen Li and the others.

“You!”

Chen Li covered his chest and looked at Lin Ran, his face pale.

“How can your strength be so strong!”

There was disbelief in his eyes, yesterday Lin Ran had fled when he saw him, if he was that strong there was no need to fear himself at all.

Even his own Chen family he could easily obliterate, but why would he choose to flee?

Where did he know that Lin Ran’s mind was not on them at all yesterday, but on the Fire Family.

“You’re too weak, it’s better to let your son do it!”

Lin Ran looked at Chen Li and said blandly.

“You!”

Chen Li’s face turned blue with anger and he said angrily.

“Are you bullying our Chen family for having no one! Yesterday you killed my son and today you are looking for the Chen family, you really think that our Chen family is easy to bully!”

Chen Li’s colour was icy cold, and with a slap on the ground his entire body lunged towards Lin Ran again.

“I said let your son come!”

Lin Ran’s eyes were cold as he said in a cold voice.

At the same time a surging aura centred on him and rushed towards the front, instantly shaking Chen Li, who was flying towards him, and sending him flying backwards once again.

“Poof!”

Chen Li once again spurted out a mouthful of blood, and by now his entire vitality had weakened by a large margin.

“Stop!”

Finally, Chen Xuting, who was standing at the side, could not help but stand out.

Chapter 1299

“Why are you going to make a move?”

Lin Ran looked at Chen Xuting, his eyes bland.

“Who the hell are you? Why are you targeting our Chen family? Has our Chen Family ever waited to sin against you!”

Chen Xuting looked at Lin Ran and actually did not make a move, but instead questioned.

And this question really put Lin Ran in the main for a while.

Why did he want to target the Chen family? Was it just to get to the Wolves’ Teeth Sect, then one could just go and trouble the Wolves directly!

Suddenly, Lin Ran remembered that it was because of the two people behind him.

“Because of them!”

Lin Ran pointed at Fishwan and Zhao Yu behind him.

“Just two women, if you want I can send you a hundred on behalf of the Chen family! A thousand!”

Chen Xuting said disdainfully.

Lin Ran smiled but shook his head.

“You’re thinking wrong, doesn’t your Chen Family think it’s excessive to just grab people and sacrifice them for your own benefit? Your Chen family’s lives are lives, but others’ lives aren’t?”

“The two of them, one is my friend and the other is my friend plus first love, tell me I’ve wronged you by finding trouble with your Chen family now?”

Lin Ran said indifferently.

There was another point he hadn’t mentioned, and that was that your Chen family had defected to the Fey Demons!

Even without Zhao Yu and Yu Wan, this alone was enough for Lin Ran to kill.

If they had defected to the enemy, they were Lin Ran’s enemies, and he would not show any mercy to them.

“How on earth will you stop!”

Chen Xuting said coldly, he did not want to fight Lin Ran.

This was because the strength the latter had displayed earlier had made him worry in his heart that it was likely that he, Chen Xuting, was no match for his opponent either.

“Strike? You’re saying stop after you’ve made a deal? That’s fine! Pay back all the lives that your Chen family owed for so many years, and I’ll stop!”

Lin Ran said indifferently.

“You’re forcing me!”

Chen Xuting’s face was icy cold.

“So what if I’m forcing you? You should have thought about today when you forced others in the first place!”

Lin Ran blandly.

“Seek death!”

Chen Xuting’s eyes fiercely chilled as he raised his hands, and instantly several rays of light shot up into the sky, so this guy had actually taken advantage of the fact that he had just spoken to Lin Ran to secretly lay down a formation.

“Fight with me! You’re still too young!”

A cold aura flashed across Chen Xuting’s eyes, and with a swirl of his paws on the ground, he lunged towards Zhao Yu.

He asked himself if he was not confident that he could defeat Lin Ran, but if he could take his people captive, especially his first love, he might still have a chance of survival then.

“Ah!”

Seeing Chen Xuting lunge towards her, Zhao Yu was so frightened that she lost her face, and Yuwan, who was on the side, was busy pulling her along and running.

But the two of them were only ordinary people, so they were no match for Chen Xuting.

In almost the blink of an eye, Chen Xuting was in front of them.

At that moment, Lin Ran was still trapped within the formation and did not come out.

The formation Chen Xuting had set up was a small formation that trapped people,? trapped only Lin Ran alone in it.

Moreover, due to the small scope of the formation, its solidity was also very high.

“Run? You guys can run? You think Lin Ran is very strong? It’s no better than that in front of my formation!”

As he watched the two men flee in haste, Chen Xuting became excited for a moment.

“When I catch you, I will sacrifice all of you to the Sect Leader, and then our Chen Clan’s troubles will be gone!”

The excitement in Chen Xuting’s eyes intensified, while at that moment, Yuwan and Zhao Yu were already cornered, with no way out at all.

Just when the two of them thought they had no way out this time.

Suddenly, there was a bang in front of them.

The formation that had trapped Lin Ran broke into a hole the size of an arm, and a hand was poking out from within the formation, firmly grasping Chen Xuting’s neck.

“Get out!”

With a roar, Chen Xuting’s entire body instantly flew backwards.

At the same time, a “click” sound was heard, and the formation around Lin Ran shattered with a bang.

“Lin Ran!”

When they saw Lin Ran come out, Zhao Yu and Yu Wan breathed a sigh of relief.

After Lin Ran glanced at them and saw that they were fine, he turned to look at Chen Xuting on the side.

“Die!”

By now, Chen Xuting had already stabilised himself and his entire body lunged towards Lin Ran again.

At this moment, he was holding a long stick in his hand, and his full aura erupted around him, shocking the four directions.

On the contrary, Lin Ran was just standing quietly, with no expression on his face.

“Condense!”

Suddenly, Lin Ran let out a cold cry, followed by Chen Xuting who was shocked to find that ? himself was actually fixed in place and unable to move, as if there were countless shackles around him, holding him firmly in place.

Lin Ran waved his palm, and at once the wooden stick in Chen Xuting’s hand came out of his hand and was suspended in front of him.

“What do you want! I’m a member of the Wolf Tooth Sect!”

Chen Xuting was truly scared at this point, he was no match for Lin Ran with such tactics.

“So what?”

Lin Ran’s face was indifferent as he waved his palm and instantly the wooden stick struck towards Chen Xuting’s arm.

“Bang!”

“Ka-ching!”

Two sounds rang out almost simultaneously, and Chen Xuting’s arm instantly drooped down, clearly broken.

“This stick was struck for Yuwan!”

“Bang!”

“Ka-ching!”

Another stick struck Chen Xuting’s other arm.

His other arm broke with it almost simultaneously.

“This stick was struck by Zhao Yu!”

“Bang Bang!”

Followed by two consecutive swings of Lin Ran’s palm, followed by Chen Xuting’s two legs breaking instantly.

“This was struck on behalf of the man your Chen family captured this time!”

Said Lin Ran with a wave of his palm, the wooden stick hovered directly in front of Chen Xuting in the air, right in front of his dantian!

“This stick was struck on behalf of those countless dead and unjust souls that were taken for sacrifice by your Chen Clan, only for you two brothers to cultivate!”

Lin Ran said with a wave of his palm, and in an instant the wooden stick rushed towards Chen Xuting’s dantian and smashed it.

“Lord Wolf Baldy, don’t save me yet!”

There was fear in Chen Xuting’s eyes as he opened his mouth to shout.

At this moment, he clearly knew what death felt like.

However, the wolf bald on the side did not say a word and watched quietly, ? How could he make a move?

His strength was the same as Chen Xuting’s, rashly striking out would definitely end up no different from Chen Xuting.

“Bang!”

With a loud sound, the wooden stick smashed heavily into Chen Xuting’s abdomen,? The dantian within his body instantly shattered, and countless forces scattered in all directions.

“Bang!”

Chen Xuting landed heavily on the ground, there was despair in his eyes at this moment, everything he had cultivated since he was a child was gone in this moment.

“Lin Ran!”

Chen Xuting looked at Lin Ran with a cold killing intent in his eyes, but he couldn't even move.

“Wolf Bald! Emissary of the Wolf Bald Sect!”

Lin Ran turned his head to look at Wolf Bald.

“It's me!”

Wolf Bald looked at Lin Ran with cold eyes, but he didn't dare to make a rash move.

“Don't worry, I won't make a move against you!”

Lin Ran laughed.

“Then what exactly do you want!”

Wolf Bald looked at Lin Ran, his face ugly.

“Go back and tell your sect master! I, Lin Ran, am setting up a ring in this town and waiting for him! If he doesn't come tonight, I, Lin Ran, will pretend that this is over, I can't possibly stay in the town much longer with limited time!”

“So, if you Wolf Tooth Sect want revenge, I'll wait for you in the town tonight and not come! Be honest when you see me in the future, or don't blame me Lin Ran for being ungracious!”

Chapter 1300

“You!”

Wolf Bald's face looked ugly.

“You're provoking our Wolf Tooth Sect!”

“You can interpret it that way!”

Lin Ran said indifferently.

“Lin Ran! I admit that you are very strong, but you should think carefully, offending our Wolf Tooth Sect is no fun!”

Wolf Baldy's face was ugly.

“I seem to have already offended!”

Lin Ran looked at Wolf Baldy and stretched his hands.

Chen Li and Chen Xuting had both been treated like this by him, and Chen Xiguang had even died outright, so this had already been a big feud long ago.

“Good! Good! You have guts!”

Wolf Baldy said in a cold voice.

“I will take your words in their original form High Speed Sect, don’t run away today if you have the guts!”

Wolf Baldy said in a cold voice.

“Run? I’ll be waiting for you in the town!”

Lin Ran sneered, and then turned around and took Zhao Yu and Yuwan and left.

“Someone!”

As soon as Lin Ran left, Wolf Baldy spoke up and chided.

“My lord!”

Two of his men immediately stepped forward next to him.

“Take Chen Xuting with you and depart back to Wolfsbane Mountain immediately!”

Wolf Baldy said in an angry voice.

“Yes!”

The men received the order and went to make arrangements.

.....

Twenty minutes later, in a courtyard of the Fire Family behind the ruins.

Fire Pine was sitting in a chair with his eyes closed, resting.

“Clan Chief, the latest news is that Lin Ran has annihilated Chen Xuting of the Chen Clan and injured Chen Li!”

One of his men ran over busily and said.

“What did you say?”

Fire Pine’s face instantly changed at his words, followed by a look of joy.

“What you said is true?”

“The spy who came to report the news saw it with his own eyes!”

The handlers respectfully all.

“Good! Good!”

There was an excitement on Fire Pine’s face that was hard to hide, they had been fighting with the Chen Clan for so many years, but they had never thought that Lin Ran would almost wipe out the Chen Clan after only being here for a few days.

“Family head has another major message!”

His handlers busily said.

“Speak quickly!”

Fire Pine urged.

“That Lin Ran has set up a ring in the town, saying that he wants the Wolf Tooth Sect’s head to go to him by tonight, or he will leave!”

“Leave?”

Fire Pine frowned slightly at his words, and then laughed.

“There’s no way he’ll leave, it’s his way of provoking him!”

Said Fire Pine with a slight frown and fell into a deep thought, after a moment he spoke.

“Go and inform the Dead Servants! Tell them to come and see me in the council chamber!”

“Yes!”

His men saluted respectfully at his words, and then went down.

Looking ahead, there was thought in Fire Pine’s eyes.

“Tonight, the Wolf Tooth Sect leader will definitely go back for his appointment. This is a risk that must be taken!”

The first time I saw a woman, I was a little bit of a fool.

.....

And just as the storm clouds were surging within the Fey Demon Realm, far outside at the Mysterious Alliance headquarters.

“Where is Elder Wind?”

Fire Elder arrived outside the ancestral hall.

“Inside!”

The guard respectfully said, while opening the door to the ancestral hall.

Nowadays, only the three of them, Old Man Wind, could enter the Mysterious Alliance Ancestral Hall, and no one else had yo right to enter in one strand.

“Old man Feng, do you really want to retreat here?”

Old Man Fire walked over and asked helplessly.

Old Man Feng nodded and didn’t say anything.

“Ai! Why are you suffering, Lin Ran has already entered the Fey Demon Domain for a full five days, and it’s not a good idea for you to continue like this!”

Elder Fire sighed.

“I’m going to wait here for him to come out! I won’t leave as long as his life-light is not extinguished! Until the Fey Demons decide that the Great War has begun!”

Elder Feng’s voice was bland.

“You!”

Fire Elder said as he shook his head helplessly.

“Those friends of Lin Ran’s in the Temperate River have already left from the Skywolf Domain, and they have been asking for news of Lin Ran, as well as the Chao Heavenly Pavilion who are also poking around on all sides!”

Elder Fire said as he looked ahead at Lin Ran’s life-light.

But with this glance, he was instantly frozen in place.

“Old man Feng, look at Lin Ran’s Fate Lamp!”

Old Man Feng opened his eyes at once at his words, as if there was a light shining out of his eyes.

“His Fate Lamp!”

Old Man Feng was instantly frozen in his tracks.

He only saw that at this moment, in front of the two of them, Lin Ran’s Fate Lamp was burning smoothly, but the colour had changed.

What should have been a normal flame colour was now translucent with a little bit of redness, forming a stark contrast to the other people’s Fate Lamps around them.

Elder Feng’s face changed greatly, and he quickly fished out another Fate Lamp from his arms and placed it on the table.

The red light on this one was so intense that it tinted the whole lamp red, with only the wick in the middle being of a normal colour.

As for Lin Ran’s Fate Lamp on the side, it was clearly developing towards the condition of this one Fate Lamp.

“Old man Feng, Lin Ran he! Could he be too?”

There was shock, and disappointment in Old Man Fire’s eyes.

He knew that the one fiery red Destiny Lamp was none other than Elder Feng’s son, Feng Dust, who had been captured into the Fey Demon Realm decades ago and had become a puppet of the Fey Demon.

After all, Feng Chen was Elder Feng’s son, which was why this Destiny Lamp had been preserved.

However, at this moment, Lin Ran’s life-light was actually also

“Old man Feng, save your grief!”

Fire Elder patted Wind Elder’s shoulder and didn’t say much.

Instead, Old Man Feng shook his head and muttered to himself.

“Impossible, there’s absolutely no way Lin Ran could be controlled by a foreign devil!”

“But this Destiny Lamp is no joke!”

Elder Fire said.

“The Fate Lamp is not going to joke, but that being inside Lin Ran won’t joke with us either!”

Elder Feng said.

“The existence within?”

Elder Fire was stunned.

“That’s right, there is a great existence left over from the ancient times within Lin Ran, there is no way he would watch Lin Ran being controlled by a foreign devil!”

Elder Feng said with conviction.

“But his Life Lamp!”

Elder Fire was also puzzled at this point.

“Perhaps we’re not allowed to do this approach? Maybe anyone who enters the Fey Devil Realm will experience their Fate Lamp turning red, and it has nothing to do with whether or not they are being controlled?”

Elder Feng said.

“What are you talking about? This is the accepted method of determination for thousands of years!”

Fire Elder said, as they thought that at this moment, Wind Elder actually questioned the colour of the Fate Lamp.

“You also said it was from a thousand years ago, so maybe it wouldn’t fit in now!”

Elder Feng said.

“Hey! Forget it,? I know you’re concerned, it’s better not to say anything about this situation now, everything is still waiting for the day Lin Ran comes out to find out!”

Elder Fire said.

Elder Feng nodded, then said.

“Don’t tell anyone else about this news, including the Chao Heavenly Pavilion and those friends of Lin Ran!”

“Mhmm!”

Elder Fire nodded, then said some other things and left from the ancestral hall this time.

After Elder Fire left, Elder Wind looked at the two bright lights in front of him and had mixed feelings in his heart.

The two bright lamps in front of him, one was his son's and the other was his favourite disciple's, but now

"The Otherworldly Demon Realm, what exactly did you guys experience in there!"

There was a longing in Elder Feng's eyes, he longed to be able to enter the Otherworldly Demon Realm as well, to take a good look at his son and Lin Ran.

But he knew that he could not go, once he went to the Otherworldly Demon Realm, life and death was a minor matter, what was even more frightening was that the Mysterious Alliance would probably collapse as a result as well.

And at that time, there would be no one to stop the foreign devils, and that was the thing that worried him most in his heart.

.....

All the people in the outside world were worried about Lin Ran.

And at this time in the Fey Demon Realm, the sky had completely darkened.

Less than fifty miles outside of the town, there was a flat-headed mountain, so named because the top of the mountain seemed to be flat and smooth as if it had been cut off by a weapon.

At this moment, Lin Ran was standing on the flat-headed mountain, which was the ring he had chosen, and was waiting for the people from the Heavenly Wolf Sect to arrive.
