

Wonder Doctor

Chapter 1301

“Young master, the people from the Wolf Tooth Sect are almost here!”

On the side of Ping Tau Mountain, Flame was lying on a hidden hillside, to be on the safe side from Lin Ran, he was still this distance away from Ping Tau Mountain at this moment.

“I know, have the men hide, and also inform the scouts to notify the clan leader as soon as the Wolf Tooth Sect’s people show signs of turning back!”

Huo Yan said.

“Yes!”

His men immediately went down to make arrangements.

Huo Yan looked at Lin Ran on the Pingtu Mountain in front of him, with a trace of regret in his eyes.

“Brother Lin Ran, I’m sorry! But you will have to be used this time!”

Huo Yan said to himself.

.....

Lin Ran stood on the Pingtou Mountain, his gaze blandly looking into the distance, as for Yuwan and Zhao Yu, they were naturally taken into the small world of his pillow book.

The person they would be facing later was the Wolf Tooth Sect’s Sect Leader, so Lin Ran naturally wouldn’t let them take such risks outside.

“Hm?”

Suddenly, Lin Ran frowned slightly.

As he spoke, the sky and earth ahead had changed colour, and a sound of horses’ hooves mixed with shouting came over in an overwhelming manner.

At the same time, Lin Ran saw a group of men and horses galloping ahead on the desolate plain, and at the head of the group was none other than Wolf Baldy, whom he had met at Liu’s house that morning.

Behind them were at least a few dozen of his men, who were carrying a huge deckchair on their shoulders, on which a large, brawny man was currently lying.

Although he was a long way away, Lin Ran could see at a glance that this big man was extraordinary.

His entire body was clearly defined with muscles, and his face was even tattooed with a lone wolf, and his entire body was rampant with anger.

“He’s the head of the Wolf Tooth Sect, Wolf Hatchet!”

Fishwan’s voice rang out in his heart!

Lin Ran nodded his head.

According to the information he had received from Fire Pine's mouth, this Wolf Hat was a disciple of the Heavenly Wolf King's who sat down under his name, but also had the strength of an early stage of the Dan Creation Sutra.

The Heavenly Wolf King's very disciples were usually the ones who stayed and worked in the Heavenly Wolf Sect, and the true disciples could even become the top of the Heavenly Wolf Sect.

As they spoke, the crowd had arrived at Pingtuo Mountain and stopped amidst a clamour.

Lin Ran looked at the other party indifferently, not speaking!

"You're Lin Jeanne?"

On the recliner, Wolf Hatchet suddenly sat up and looked at Lin Ran with a fierce gaze.

"So you are Wolf Dove?"

Lin Ran looked at Wolf Dove, his eyes bland.

"Kid! Since you know who I am, how dare you fucking steal my woman!"

Wolf Dove said in a cold voice.

"That's why I robbed her because I knew!"

Lin Ran said indifferently.

Seeing Wolf Dove in this state, Lin Ran was a little more relieved.

What he was most worried about was the Sky Wolf King issuing a wanted notice in order to track him down, in which case he would likely alert the Sky Wolf King once he showed his head.

And apparently, the Sky Wolf King did not do so.

This wolf-dove in front of him should not have recognised who he was.

But come to think of it, the Sky Wolf King was proud of his strength and likely knew the whereabouts of Wang Yiming and Long Ya, as long as he trapped the two of them in his hands, then there was no worry that Lin Ran would not take the bait.

"Kid, killing my disciple and stealing my woman, how do you think I should kill you better?"

Wolf Dove sat on the recliner and looked at Lin Ran, with playfulness in his eyes.

"My lord, if you want me to say so, you should hide his hands and feet, and then flip him over with that so-called first love in front of him!"

Ahead of him, Wolf Baldy laughed.

Lin Ran's face sank at his words as he raised his hand and slapped out of thin air.

"Eh?"

Wolf Hatchet saw this and slapped the recliner violently, the man jumped straight off the recliner.

Following this, his palm poked out, trying to stop Lin Ran's slap.

However, even though his entire movement was already very fluid, he was still a step too late.

With a "pop" sound, Wolf Bald's entire body instantly flew backwards, and the teeth in his mouth immediately scattered all over the ground.

"You!"

Wolf Baldy covered his mouth and looked at Lin Ran, his eyes filled with terror.

In the morning, Lin Ran hadn't struck at him? , so his experience was not deep, and at this moment, when Lin Ran really struck out at him, he realized just how strong the latter was.

"No wonder you were able to kill Chen Xuting, boy! You have some strength!"

Wolf Hatchet raised his head to look at Lin Ran, a cold smile in his eyes.

"Sort of!"

Lin Ran laughed indifferently.

"Hmph! Calling you fat and you're still panting!"

Wolf Dove snorted coldly, and with a wave of his palm a large sword appeared in his hand.

"I don't care who you are, if you dare to shit and piss on my head, you won't be able to escape even if the King of Heaven comes today!"

After saying this, Wolf Hatchet waved his sword in his hand, stomped his paws on the ground with a thud, and his entire body instantly lunged towards Lin Ran.

"Die!"

Wolf Dove roared in anger as he waved a blade in the air in his hand, flying towards Lin Ran.

However, Lin Ran stood still, as if he hadn't seen it at all.

Just as Wolf Dove was wondering, Lin Ran slowly lifted his palm and met the blade with his hand.

"Hm? Catching it with your bare hands?"

Seeing this scene, Wolf Dove? was stunned for a moment, but then smiled.

He knew better than anyone how strong he was, and with this hand of his, the Wild Blade, even when facing an opponent of the same period in the Dan Creation Realm, he would be able to seriously injure him, let alone just a hairy boy.

In his mind, the corners of Wolf Hatchet's mouth already showed joy, in his opinion he didn't even need to move a second time, Lin Ran would probably already be a pile of bones.

"Bang!"

A moment later, an explosion sounded from ahead.

Instantly dust filled the sky, sweeping everyone out of sight.

Wolf Hatchet, however, had grown in confidence,? carried his greatsword and charged in the direction Lin Ran had just taken.

He was so excited that he waved his hand and blew the dust away, ready to ride out his victory and kill Lin Ran in one sentence.

However, the moment the dust blew away, a figure was already standing in front of him.

Lin Ran looked at him indifferently, a smile tacked onto his face as if he had been waiting here for a long time.

“Hm?”

With a sudden jolt in his heart, Wolf Hatchet busily took a few steps back, following which he swung his sword and slashed.

“Bang!”

There was a loud sound, and Wolf Baldy was busy looking forward, only to be even more surprised by the scene in front of him.

His own greatsword had actually been caught by Lin Ran out of thin air.

Moreover, his own blade was aimed at Lin Ran’s palm, while the other party’s hand, however, didn’t even have a single scratch.

“How is this possible!”

Wolf Dove was greatly alarmed in his heart.

With his strength, even someone in the early Dan Creation realm would have to fall into a disadvantage against him.

But this time, it was as if he could not help Lin Ran at all from the very beginning.

When his own attacks hit him, it was as if they were all just tickling the other party

“Kid, who the hell are you?”

Wolf Dove asked as he looked at Lin Ran, at this moment he actually had a trace of unease in his heart.

“Who am I? Don’t you know?”

Lin Ran had an evil smile on the corner of his mouth.

“You!”

The more he looked at this smile, the more uneasy Wolf Dove’s heart became, he always felt that this smile was not meant for good.

“Humph! Even if you’re strong, so what, Laozi is not one to be pinched, since this is the case let me show you Laozi’s true strength!”

“Wolf Transformation!”

Wolf Hatchet chided coldly, while his whole body’s aura surged, and the muscles under his skin began to bulge.

“Bang Bang.”

The instantly expanding muscles directly burst through his clothes.

At the same time, Lin Ran saw that Wolf Dove’s reminder had instantly increased three or four times, and the large sword in his hand was now like a toy in his hand.

His whole body was furious, and he threw the sword aside and lunged towards Lin Ran with his bare hands.

The ground shook wherever he passed, and even the Pingtou Mountain seemed to explode.

Chapter 1302

“What kind of gong method is this?”

Looking at the wolf turtledove that seemed like a small mountain in front of him, Lin Ran couldn’t help but frown as well.

The enhancement methods he had seen were nothing more than stimulating the body’s potential, allowing the strength to instantly rise by one level.

Even the Immortal Emperor Pill given by the pillow book only raised strength by one large level, he had never heard of one that could make one’s body size so huge!

“Kid is ignorant and uneducated isn’t he!”

The pillow suddenly laughed.

“Do you remember what I said about the effects of demon blood?”

“Enhancing physical quality!”

Lin Ran said.

“That’s right, in my world, there are two directions for this devil blood to enhance physical qualities, one of which is pure physical qualities, while the other outer one is this increase in body size!”

The Pillow Book said with a wave of his palm, and instantly a scene appeared in front of Lin Ran, that of a rolling mountain range with countless huge beasts, the largest of which was a rhinoceros with three horns.

“Size doesn’t do much for humans,? So few people walk along, but for magical beasts it is huge!”

“Imagine if there was a triangular rhinoceros like this standing in front of you, I’m afraid that before you could split their skin, they would have already trampled you to death with one foot! That’s how powerful size is!”

The Pillow Book said.

“Then how come this wolf-dove also cultivates this kind of art, he’s a human!”

Lin Ran asked.

The Pillow Book smiled blandly at his words and said.

“That would be something to ask himself, for a human to enhance his size would also increase his strength, both in terms of strength and destructive power, but his speed would inevitably decrease!”

“So the truly strong never bother to enhance enhance, themselves strong enough,? Even if they face a behemoth, they will not be timid!”

“This Wolf Dove cultivates this technique of body size, I think there should be some other reason!”

Lin Ran frowned as he listened, other reasons? What reasons?

Unable to think about it, Lin Ran didn’t bother to think about it, at this moment the wolf-dove had already pounced over.

With his huge body, a dozen parts would be able to sprint from one side of the Pingtuo Mountain to the other.

The movement left for Lin Ran was already drastically compressed, I was afraid.

“Give me death!”

The wolf dove’s eyes were bloodshot as his large hand slapped down directly towards Lin Ran’s position.

Lin Ran didn’t dare to delay, and hurriedly dodged out of the way.

Just as he dodged, there was a “Bang!” There was a loud bang.

Turning his head, he saw that the place where he had just stood had been slapped out of a deep crater, with cracks spreading in all directions as if it was a spider’s web.

“What a strong force!”

There was shock in Lin Ran’s eyes.

I’m afraid that the power of this slap from Wolf Dove must be about an eighth of his own strength.

One should know that Lin Ran was at the peak of the Dan Creation Realm strength was absolutely suppressing Wolf Dove.

But after he had used his secret technique, the power of this slap was already comparable to Lin Ran’s power.

“This transformation technique is really terrifying! But this speed

A smile appeared at the corner of Lin Ran’s mouth, and instantly, his feet lashed out as he ran up the Pingtuo Mountain.

His figure was erratic, sometimes fast and sometimes slow, and sure enough the wolf turtles were actually unable to catch up to his speed at all, and could only roar madly behind him.

“Little scum, is hiding all you can do?”

The wolf turtledove cursed angrily.

Lin Ran smiled blandly at this and said.

“What’s the use of being strong with such slow speed, I’m not playing with you!”

After saying that, Lin Ran’s body snapped to one side and instantly appeared behind Wolf Dove, his paws shot up pulling his clothes and instantly rushing to Wolf Dove’s head.

“Seek death!”

The wolf dove’s two huge arms kept slapping at Lin Ran.

However, Lin Ran was able to nimbly dodge past them each time, the speed of the wolf-dove did not pose the slightest threat to him.

Lin Ran dodged the Wolf Dove’s arms with a dodge, and at the same time, he was already standing on the Wolf Dove’s shoulders.

A hint of laughter flashed in his eyes as he said aloud.

“Let’s give you a taste of what a sonic boom is like!”

Lin Ran laughed loudly and followed with a punch towards Wolf Dove’s ear.

“Bang!”

There was a loud sound as the fist wind instantly exploded in front of the wolf dove’s ear.

The shockwave formed by the explosion instantly blew off one of Wolf Dove’s ears, while a huge wave of sound also reached his ears.

In an instant, Wolf Dove felt as if the sky was dark before his eyes and the whole world had gone silent.

Although he couldn’t hear at this moment, he could clearly see that Lin Ran had jumped straight off his shoulder, and then punched towards himself as his body descended to his chest.

“Dodge! Make sure you dodge!”

Wolf Hatchet muttered to himself in his mind, Lin Ran was far stronger than he had imagined, if he couldn’t dodge this punch, he would probably be seriously injured.

However, thoughts were always good, but reality was all cruel, how could he possibly dodge before Lin Ran’s absolute speed suppression.

Lin Ran swung out with a fist, only to hear a thud as the fist had landed on his chest.

In an instant a terrifying force directly penetrated Wolf Hatchet’s chest, blood flowed everywhere, Wolf Hatchet was finally scared at this moment.

A trace of fear had even grown in his heart, the fear of facing death.

“Run! We must run!”

Wolf Dove muttered to himself in his heart, and his eyes were even filled with a desire to escape, he knew that he was no match for Lin Ran.

“Go!”

Finally, a moment later Wolf Dove’s hearing returned and he shouted at his men ahead of him, while he himself had already taken a step and ran wildly out towards the front.

He was so huge that he could stride out a good distance with each step, and it was really hard for Lin Ran to chase after him at this point.

“No! We can’t let him get away!”

Lin Ran’s eyes chilled as he instantly increased his speed to the extreme and chased after him.

Having easily tricked Wolf Hat out of the Wolf Tooth Gate, Lin Ran did not want to let him go back so easily.

Moreover, the information he wanted most had yet to be pried out.

“Lin Ran! You Xiu are going to bully people too much! I’m a disciple of the Sky Wolf King!”

Wolf Dove roared as he ran wildly.

“The Heavenly Wolf King? You’re even the disciple of the Heavenly King, you won’t be able to leave today!”

Lin Ran sneered.

“You!”

Wolf Dove was so angry that his face turned blue, the blow to his chest had caused him to suffer a considerable injury.

At this moment, he still had to deal with Lin Ran’s pursuit, and he simply did not dare to be his original size.

If he could not stop Lin Ran with such a large body, he would be caught by Lin Ran in an instant.

“Bastard!”

Wolf Dove was so angry that his face turned blue, if he didn’t set Lin Ran up, he would probably perish here today.

“Get the hell out of here!”

Wolf Hatchet roared in anger and punched towards Lin Ran.

“It’s useless!”

Lin Ran laughed, and dodged with a flash of his body.

However, in the next moment, Lin Ran was frozen in his tracks.

The Wolf Dove's entire arm had actually suddenly detached from his body, followed by a blinding light that instantly exploded out.

"Holy shit! Self-detonation!"

Lin Ran cursed as he turned around and dashed towards the mountain range below.

"Bang!"

With a loud bang behind him, Lin Ran's entire body was directly swept away by the tremendous impact, so he fell heavily into the mountain range below like a cannonball.

The Wolf Dove also shrunk his body almost simultaneously, leading a group of people from the Wolf Tooth Sect to turn their heads and run.

Chapter 1303

"Quickly go and inform the family head and have the men retreat back in a hurry!"

Flame-Yan lay on the slope of a hill to the side and hastily commanded.

"Yes Young Master!"

The men were busy going to deliver the message.

Fire Yan was so angry that he slammed his fist on the ground.

Originally, he had thought that this battle would take an hour or two at any rate, after all, that was the Sect Master of the Wolf Tooth Sect.

But who knew that this kid Lin Ran was so strong that he had scared Wolf Hatchet into running away after only a few rounds, and even blew up an arm of his own.

"I just hope those dead guards will return safely!"

Fire Yan had reluctance in his heart and immediately led his men to rush back to the Fire Family as well.

.....

On the other hand, Wolf Hat, with a group of his men, did not dare to delay in the slightest, and directly fled all the way back to Wolf Tooth Mountain in a frenzy, and then closed the entire mountain gate.

"Damn it! Is this the kind of opponent your Chen family has invited? If I hadn't run fast, I would have died this time too!"

As soon as he returned to Wolf Tooth Mountain, Wolf Hatchet pointed at Chen Xuting and cursed.

At this moment, Chen Xuting was also scared to the point of turning blue.

"My lord, I don't know how he could be so strong, and it's as if this kid just appeared out of nowhere!"

"Popped up out of thin air! Go back and tell your father that I don't care about this matter, damn it! Your Chen family can go live and die by themselves!"

Wolf Dove said angrily.

Immediately, someone stepped forward and carried Chen Xuting down.

“My lord! You can’t leave it alone, if you don’t, our Chen family will be finished!”

Chen Xuting shouted, and Wolf Hatchet heard the anger not easily.

“Your Chen family is finished? The old man was almost fucking finished!”

“My lord! There is important news!”

Just as Wolf Hatchet was furious, suddenly two more of his men came running in.

“If you have shit, let it out!”

Wolf Dove said angrily.

The two men turned pale with fright and busied themselves by saying.

“My lord, five unknown people have just come from the back mountain, trying to break into the forbidden place, and they have already been killed by us!”

“What?”

Wolf Hatchet’s face suddenly went white as he got up and ran towards the back mountain.

“This Lin Ran, it turns out that he was sounding out the rest of the Fire Family!”

Wolf Dove said angrily in his heart.

He had stayed in this Wolf Hat Mountain for so many years, and the Fire Family had come to sneak in many times, so how could he have been so careless and almost fallen for their diversionary scheme!

Where did Wolf Dove know that? He had really wronged Lin Ran in this matter, because Lin Ran had no idea that the Fire Family would have this operation.

The actual fact is that he is lying at the bottom of a mountain range and is really personally depressed.

.....

“Damn, what a big loss!”

Lin Ran sat up and said helplessly.

It was so hard to trick Wolf Dove out of Wolf Tooth Mountain, but it turned out that this guy was trying to escape even without washing himself of an arm.

“It won’t be easy to trick him out again!”

Lin Ran sighed.

“What are you going to do then?”

Zhao Yu and Yuwan asked as they stood to the side.

“What else can I do? If he doesn’t come out, then we’ll have to kill him!”

Lin Ran's eyes were icy cold.

"Wouldn't that be too dangerous, or else we should think long and hard about it!"

Zhao Yu suggested.

Lin Ran, however, shook his head outright and refused.

"There isn't that much time left, one more minute of delay will put Fatty and the others in danger, I'm going to Wolf Tooth Mountain now!"

Lin Ran said and got up straight away.

"But"

Zhao Yu still wanted to say something, but Lin Ran directly took them into the small world with a wave of his hand.

Zhao Yu had some unpleasant feelings in her heart, she knew that besides worrying about that Wang Yifeng, Lin Ran was also afraid of that Long Ya.

Although she and Lin Ran no longer have anything to do with each other, but seeing Lin Ran so nervous about other women, it was inevitable that she was also a little uncomfortable in her heart.

.....

In the Fire Family, when Huo Yan returned to the clan, he learned that the Dead Servant had been killed in action.

"Father!"

Huo Yan looked at Huosong, his eyes bloodshot.

For so many years the Fire Family had lost an unknown number of men for that place, and the reason why every Fire Family man was willing to become a Dead Servant was not only because of the family, but more for their offspring as well.

They didn't want to live in this foreign demon realm, but if they wanted to get out they had to find a way.

"We must go and break into the Wolf Tooth Mountain, this is our fate!"

Fire Pine patted Huo Yan's shoulder then said.

"Tell Lin Ran about our last solution, meanwhile you prepare to bring some people to blend in, it would be best to go with Lin Ran to Wolf Tooth Mountain, when the time comes he will definitely break out into a battle with Wolf Hat, you take the opportunity to bring people to go there again!"

"Yes father!"

There was determination in Huo Yan's eyes.

"This is our last chance, if we let Lin Ran find out about the back mountain, we will have no say then, the Chen family has already been destroyed by him, and there is no way our Fire family will be his match!"

Fire Pine said.

“I understand!”

Huo Yan nodded his head.

Their Fire Family was in a very awkward situation, on the one hand they had to deal with the Wolf Hatchet of the Wolf Tooth Sect, and on the other hand they had to worry about Lin Ran discovering their secret.

In this situation, they could only take risks!

If they waited for Lin Ran to discover the secret of the Wolf Doves, their Fire Family would truly be passive by then.

.....

Wolf Tooth Mountain, a mountain with very treacherous terrain.

The name Wolf Tooth Mountain is like the shape of the mountain peak, one peak juts out and the rest is surrounded by crags.

And there was only one road up the entire Wolf Tooth Mountain, the road that was the back of the wolf's backbone on Wolf Tooth Mountain.

“Is this the place?”

Lin Ran was standing at the foot of the hill leading up to the mountain at this moment, with a cold aura in his eyes.

He could feel that the formations on the entire mountain had been fully activated.

It was just that these formations posed little threat to him at all, only one formation posed a threat, and that was the Great Sect Protection Formation located at the top of the mountain, the Wolf Tooth Sect's headquarters!

“There's something about this Great Sect Protection Formation!”

Lin Ran laughed, calculating in his mind how to deal with it.

But just then, suddenly several figures jumped out from the side, and only when the other party pulled off their black masks did Lin Ran recognise that it was none other than Fire Yan and the others.

“Brother Lin Ran, my father sent me over to assist you!”

Huo Yan arched his hand, while his face was a little unnatural.

He was also worried that Lin Ran knew about the matter of their Fire Clan's sneak attack on Wolf Tooth Mountain just now.

“Ao? Your Fire Family has a solution?”

Lin Ran asked with a smile.

Seeing that Lin Ran didn't look any different, Huo Yan was relieved that the former obviously didn't know about their Fire Family's little move yet.

"There is a way, but I need Brother Lin Ran to cooperate!"

Huo Yan said.

"Good idea!"

With a wave of Lin Ran's palm, an array appeared out of thin air, enveloping the two of them, and the sound of their speech could only be heard by the two.

At this moment, on Wolf Tooth Mountain, Wolf Hat was sitting in his seat, his face cold, watching Lin Ran and Huo Yan disappear out of thin air on the light screen in front of him, and he was even more furious that he lined up the table in front of him in two pieces with his palm.

"It really is the Fire Family, this Huo Yan really deserves to die, he is plotting something with Lin Ran again!"

"My lord, we can't hear them even if they use a formation, but we have many formations on the mountain, so we're not afraid of them as long as we don't go out!"

Wolf Bald was busy saying respectfully.

"That's natural!"

Wolf Hatchet snorted coldly, with icy coldness in his eyes.

He was naturally relieved to hide within the mountain gate, but what he feared most was that Lin Ran would be able to mix in!

Because this great formation on his mountain was a complete defensive formation, it was difficult to get in from outside, but as long as he mixed in, that formation would be tantamount to having no effect, and that was what Wolf Hat was most worried about.

Chapter 1304

Time passed by minute by minute, and the entire population of the Heavenly Wolf Mountain was suffering from tension and anxiety.

They did not know what Lin Ran and Huo Yan had conspired to do, and did not dare to act rashly, but could only wait.

Suddenly.

Wolf Hatchet's eyes snapped up, only to see that on the light screen in front of him, Lin Ran had stepped out from within the isolation formation, but Flame-Yan was nowhere to be seen.

"Where is he?"

Wolf Dove asked busily.

"Back to Your Excellency, we didn't see him either, he seemed to have disappeared into thin air!"

Wolf Baldy said busily.

“Rubbish!”

Wolf Dove couldn't help but curse, while immediately passing out orders.

“Put everyone into battle!”

“Yes!”

Wolf Baldy immediately went to give the order.

At this time, Lin Ran was looking at the top of Wolf Tooth Mountain from afar, as if he could see Wolf Dove inside.

This look made Wolf Dove feel his heart tremble and chills rise in his heart.

“No! I have to go and contact Master!”

With unease in his heart, Wolf Dove instantly got up and walked towards the secret room.

But at this moment, it was Wolf Dove's voice that came from behind him.

“My lord, he He has started to attack the mountain!”

With a sinking feeling in his heart, Wolf Hatchet busily turned his head to look, and with this look he froze as well.

Only to see Lin Ran holding the Condensing Frost Sword in his hand, he charged right up towards Wolf Dove Mountain.

He was extremely fast, flying in mid-air as the Frost Condensation Sword in his hand waved, breaking apart the formations activated along the way, one right after the other.

“This strength is too terrifying!”

Wolf Hatchet's heart trembled as he watched, these formations he had set up, even if a strong person in the middle stage of the Dan Creation Sutra came, he would be able to trap them for a moment and a half.

However, when it came to Lin Ran, it was as if it was made of paper, not even half effective.

“No, we must inform Master as soon as possible!”

Wolf Hatchet clenched his teeth and stopped bothering about Lin Ran, immediately turning around and entering the secret room.

Inside the secret room, Wolf Hatchet busily put a drop of blood onto a stone plate in front of him, and immediately the stone plate glowed with a great light, and a complex pattern actually appeared.

The light from the pattern suddenly shot up into the sky, forming a curtain of light in front of him.

And at that moment, within the light curtain, there was a familiar face, which was clearly none other than the Sky Wolf King.

“Master! Help!”

As soon as he saw the Sky Wolf King, Wolf Dove was busy shouting.

“What is the cause of alarm?”

The Sky Wolf King asked with a frown.

“Master, a man called Lin Ran has killed outside my mountain gate, he is powerful, save me Master!” ”

Wolf Dove said busily.

“What did you say? Lin Ran?”

The Sky Wolf King’s brow furrowed slightly at his words, and his face went icy cold.

“You know him, Master?”

Wolf Dove asked busily.

“How could I not know, he just escaped from me a few days ago, his strength is at least on the same level as mine!”

The Sky Wolf King said.

“And you”

Wolf Hatchet was instantly baffled, remembering that he had actually gone to an appointment with Lin Ran earlier, he couldn’t help or be straightened out in a cold sweat.

Fortunately, at that time he fled decisively, otherwise he would probably be a corpse now.

“What about me, Master!”

Wolf Dove asked busily.

The Sky Wolf King thought for a moment and said.

“You tell him that the dead fatty and the woman are on my Heavenly Wolf Mountain, if he wants to save someone he should come to me on Heavenly Wolf, that’s the news he should be after, as for you it shouldn’t be difficult for you!”

“Huh?”

Wolf Dove was stunned, and then nodded his head?

“I understand, I’ll go now!”

With that, Wolf Dove busily turned around and left the secret room.

But speaking of Lin Ran, he split the formation all the way and had broken the entire formation leading to the Wolf Tooth Mountain after just a few minutes.

But at this moment, when he arrived outside the Wolf Tooth Sect’s mountain gate, he stopped dead in his tracks.

“This sect protection formation is really powerful!”

Lin Ran couldn't help but mutter to himself as he looked at such a faint curtain of light enveloping the Wolf Tooth Mountain in front of him.

This great clan protection formation in front of him was the most difficult one he had ever encountered.

He also had little confidence that he would be able to break it.

It was just that Lin Ran did not know that this Great Sect Protection Formation was actually a reward given to Wolf Dove by the Sky Wolf King.

Therefore, it was not surprising that it made even Lin Ran feel that he could not completely break it.

At this moment, standing in front of the formation, Lin Ran was also somewhat helpless.

He did not have the confidence to break through the formation in front of him, but if he did not, he would not be able to catch the wolf doves.

For a while, he was lost in thought.

Suddenly, with a flash of light, he actually took out several formation flags and then did not put down a formation in front of the Wolf Dove's mountain fortress.

When Wolf Dove came out of the secret room, he happened to see Lin Ran finish setting up the formation,? The whole person instantly disappeared within the formation.

“What's that brat doing?”

Wolf Dove asked in a cold voice.

“My lord, that brat should be preparing to trap us with the formation!”

Wolf Baldy said busily.

“He didn't dare to attack in, so he set up a formation outside the mountain gate as well li!”

“Damn it!”

Wolf Hatchet's face was ugly, he was all set to tell him the news, but now this guy had actually set up a this formation in front of the mountain gate.

It made it impossible for his entire mountain to leave if they wanted to.

“My lord, what now!”

Wolf Baldy asked busily.

“What else can we do!”

Wolf Hatchet's face was ugly as he chided.

“Get two men out immediately and go tell Lin Ran that the person he's looking for is on Sky Wolf Mountain, so that he can leave quickly!”

“Huh?”

Wolf Bald thought with a start, sending people out now, wouldn't that be looking for death.

“Ah! What the heck! Don't go yet!”

Wolf Dove said in a cold voice.

“Yes my lord!”

Wolf Bald went down to make the arrangements.

A few minutes later, the three Wolf Dove Sect men carefully walked out of the mountain gate.

The mountain gate instantly closed again.

The three of them carefully walked in towards the formation that Lin Ran had laid down.

However, just after entering for less than a minute, suddenly the connection between Wolf Hatchet and the three men was broken.

“Damn it! They're dead!”

Wolf Hatchet's face was icy cold, he had already sent someone to find Lin Ran to inform him of the news, but how could this guy still lay down a killer.

“My lord, this Lin Ran obviously doesn't want to spare us!”

Wolf Baldy said with a face full of tension.

“Bullshit! I've already told him the information he wants, so why attack our mountain! Go and lead your men yourself this time!”

Wolf Dove said.

“Huh? You're kidding!”

Wolf Bald wanted to die, let himself go, then would he still come out alive!

“You're questioning my orders?”

Wolf Dove looked at Wolf Bald, his eyes cold.

“I dare not my lord!”

Wolf Baldy said busily, and then he could only cry and lead the men out of the mountain gate.

It was still quiet outside the mountain gate, since the formation had been set up, Lin Ran had not been present.

Wolf Baldy led his men carefully into the formation, and then dared not go any further.

He stood at the edge of the formation and shouted inside.

“Lin Ran! Our Sect Leader told me to send you a message that the person you’re looking for is in the Heavenly Wolf Mountain, not with us!”

“Whoosh!”

As soon as Wolf Bald’s voice fell, a black shadow rushed over out of thin air, instantly taking one of his men beside him into the depths of the formation.

A miserable scream soon rang out from the depths of the formation.

Wolf Bald was so frightened that he hurriedly opened his mouth and shouted.

“Lin Ran what the hell are you doing, our Sect Leader has”

This time, before he could finish his words, ? One of the men beside him had already disappeared.

“Ah!”

Wolf Baldy was so frightened that he turned around and ran, but just as his body turned around, a black shadow instantly racked him and flew backwards.

The wolf bald was so frightened that he did not dare to open his eyes, waiting for death to come at any moment.

However, after waiting for a moment, there was no more movement, so he opened his eyes and saw!

Surprisingly, all around him were all the people who had come in from the Skywolf Sect before, all lying on the ground, dead or alive, and Lin Ran wasn’t even here.

“That guy isn’t here! We’ve been fooled!”

A chill ran through Wolf Bald’s heart.

Chapter 1305

Yes, Lin Ran was indeed not here, and this formation itself was a front.

The formation that Lin Ran had set up was simply a trapping formation, and those who entered it would not be able to get out at all.

At this moment, Lin Ran was standing at the fork of a cave with Flame-Yan and the others.

“Brother Lin Ran, here to the left is the Wolf Tooth Sect’s lair, and it is not far from where the Wolf Dove is, while on the other side is the back mountain, this path was discovered by us a long time ago without notice!”

Fireyan stood by and said.

“With this secret path, there really is a lot of energy left!”

Lin Ran laughed.

“Brother Lin Ran, we won’t follow you in, you also know our strength”

Huo Yan said awkwardly.

“Hm! I’ll just go by myself!”

Lin Ran nodded his head.

“Then, I wish Brother Lin Ran a great victory!”

Huo Yan laughed.

Lin Ran smiled lightly, turned around and touched in towards the left.

Only after he had gone far away did Fire Yan’s face suddenly look solemn as he spoke.

“Go! Go to the back mountain!”

“Yes!”

The crowd answered and followed, then rushed towards the back of the mountain together with Huo Yan.

All this was naturally unknown to Lin Ran, who had already walked out of the cave at this moment, and what appeared before him was none other than the huge martial arts arena of the Wolf Hat Sect.

“Wolf Dove! I, Lin Ran, am here!”

Lin Ran laughed out loud, followed by the Condensing Frost Sword appearing out of thin air in his hand, sweeping directly towards the rows of buildings below.

“Bang Bang!”

Everywhere the sword shadow passed, the rows of houses collapsed in a wreck.

“What’s going on?”

Wolf Hatchet’s face suddenly changed drastically as he stood up from his seat, his eyes filled with shock.

“My lord it’s not good, Lin Ran has somehow stormed in!”

Someone immediately came to report from the side.

“What did you say?”

Wolf Hatchet’s face changed dramatically and he immediately rushed out of the hall.

When he arrived outside, he could already see that the nearby rows of buildings had been turned into ruins.

And above the sky, Lin Ran was holding the Condensing Frost Sword, slashing over towards his position.

“Lin Ran!”

Wolf Hatchet was furious beyond measure, and with a dodge he had just dodged, the building behind him had completely collapsed, and none of his men inside had come out.

“Wolf Dove, suffer death!”

Lin Ran looked at Wolf Dove with icy coldness in his eyes.

“Lin Ran stop, don’t you just want to know the whereabouts of that dead fatty and the woman, I can tell you!”

The wolf turtledove suddenly spoke.

“Hm?”

Lin Ran was stunned and looked at Wolf Dove with an icy coldness in his eyes.

“Speak!”

“I can tell, but you have to promise me to leave straight away and not to strike out at my Wolf Hatchet Mountain again!”

Wolf Hatchet spoke.

Lin Ran smiled at his words but laughed.

“Do you think you have room to bargain with me?”

“You!”

Wolf Hatchet’s face turned ugly.

“I’ll take another step back, I’ll tell you where they are, and you shall not kill me!”

Wolf Dove said.

“That depends on whether what you say is valuable or not!”

Lin Ran said indifferently.

“You!”

Wolf Dove was simply furious.

But there was nothing he could do at all now, according to the Sky Wolf King, Lin Ran’s strength was simply not something he could fight against.

Moreover, he had been here for hundreds of years to build his foundation, he didn’t want to destroy it just like that in one fell swoop.

“Good! I’ll tell you, the person you’re looking for is in the Sky Wolf Mountain!”

Wolf Dove said.

“Nonsense!”

Lin Ran was instantly furious.

“This must be what the Sky Wolf King told you, do you really think I’m stupid? At the Sky Wolf Mountain, why didn’t the Wolf King take them out to seduce me over there?”

“I!”

Wolf Dove was dumbfounded.

“But that’s what the Heavenly Wolf King said to me!”

Wolf Dove had a bitter look on his face.

“He only said that to you because he thought I would go, but I can tell you that my friend isn’t in the Skywolf Mountain at all!”

Lin Ran had an icy coldness in his eyes.

“What does this have to do with me!”

Wolf Dove had an impatient face.

He said, “You and the Sky Wolf King’s grudge is looking for me for what,? Am I unjust.

Lin Ran smiled at his words, however.

“It had nothing to do with you! But now it does!”

“First, how many women have you wrecked here? If I hadn’t come, many more would have died because of you, that’s sin one!”

“Secondly, you have a way to communicate with the Sky Wolf King, and now that the Sky Wolf King knows where I am, my identity is exposed, that’s sin number two!”

“You!”

Wolf Dove was so angry that his face turned blue, so Lin Ran wouldn’t let himself go no matter what.

“Do you have to kill me?”

Wolf Dove’s eyes were icy cold.

“That’s right!”

Lin Ran didn’t hide anything and said directly.

“Good! Good!”

There was madness in Wolf Dove’s eyes.

“Lin Ran, I’ve backed down again and again, and you forced me to do so!”

“So what if I forced you! You should have thought of today when you forced others to sacrifice to you!”

Lin Ran said in a cold voice.

“Hmph! In this Fey Demon Domain, strength is everything, if you want to act as a hero, I’m afraid you’re not qualified enough, do you really think I’m afraid of you!”

Wolf Dove said in a cold voice.

“Is that so? Then you’ll see if I’m qualified!”

Lin Ran’s eyes were cold, and the Frost Condensation Sword in his hand chopped towards Wolf Dove.

“Bang!”

With a loud sound, Wolf Dove’s entire body flew backwards, while a mouthful of blood directly spurted out.

However, he seemed to have planned ahead and took advantage of the reaction force of Lin Ran’s strike to run directly towards the back.

“You want to kill me! Then you should try!”

There was resentment in Wolf Dove’s eyes, and his body was already rushing out of the cave on one side.

“Want to leave?”

Lin Ran’s eyes were cold as the Frost Condensation Sword in his hand flew out directly, while at the same time his entire body also chased after him.

One man and one sword killed the wolf doves.

At that moment, the wolf turtledove increased its speed to the extreme, and along the way, it kept activating all the mechanisms it could to block Lin Ran’s footsteps.

Although they were of little use to Lin Ran, they slowed down Lin Ran’s pursuit.

For a moment it really did give him time to catch his breath.

“Can you run?”

Lin Ran shattered the activated formation with his sword, and his figure appeared behind the wolf-dove again.

There was madness in Wolf Hatchet’s eyes, and his eyes were even bloodshot.

At this moment, his entire body was covered in blood, and one of his arms that he had previously exploded himself to save his life was now split open again, causing his entire strength to severely shrink.

“Damn it! I’ve built my foundation for a hundred years! I was about to succeed!”

There was resignation in Wolf Hatchet’s eyes, but he had no choice, and with a twist of his body he rushed towards the back of the mountain.

Now that he wanted to live, he was pulling out his real bottom card.

“Lin Ran you forced me to do this!”

There was madness in Wolf Dove’s eyes.

“The back mountain?”

Seeing the wolf dove running all the way towards the back mountain, Lin Ran couldn't help but frown slightly, according to Fire Yan, the back mountain was considered a desperate path, before it was tens of thousands of meters high cliffs, there was no way to escape.

"What the hell is this Wolf Dove up to?"

Lin Ran had some doubts in his heart.

This whole way over, although the wolf-dove was in a very bad way, the escape route was very clear, it was to go to the back mountain.

"Could there be something hidden in this back mountain?"

Lin Ran thought to himself.

Soon, the two arrived at the back mountain one after the other.

However, when Lin Ran chased after them, he found that the wolf dove in front of him was actually standing in place with his whole body burning with rage.

And further ahead, this was a huge mountain wall with a cave on it, and at the entrance of the cave at this moment, two figures were standing, and they were clearly Fire Yan's men.

"Why are they here?"

Lin Ran was puzzled in his heart.

Chapter 1306

But at that moment, Wolf Hatchet let out a roar and raised his palm towards the two people guarding the mouth of the ton, and in an instant the two were slapped into mush.

"It's your Fire Clan again, you're really colluding with Lin Ran for Laozi's secret! Damn it! Damn you all!"

Lin Ran frowned as he watched, at this moment he could clearly feel the aura of Fire Yan right inside the cave.

"Huo Yan! What are you doing!"

Lin Ran shouted at the cave.

However, no one responded to him inside the cave.

It was obvious that Huo Yan had heard Lin Ran's words, but he didn't respond.

"Huo Yan! You better give me an explanation later!"

Lin Ran's eyes were icy cold, and he instantly grabbed towards the wolf dove with a wave of his palm.

"Get lost!"

The wolf turtledove was in a state of rage and met him with a slap, but with a bang, the last arm of the wolf turtledove broke, spilling blood all over the sky.

In the face of absolute strength, he was no match for Lin Ran.

“Lin Ran! Damn you! Damn you!”

There was anger in Wolf Dove’s eyes.

However, Lin Ran flung his longsword in his hand and immediately plunged it directly into Wolf Dove’s shoulder, the sword piercing straight through and pinning Wolf Dove heavily against the wall.

He had no hands and his whole body struggled violently, but he was unable to break free at all.

“Stay here honestly for me!”

Lin Ran’s eyes were icy cold, it was impossible for such a heavily injured Wolf Dove to break free from his own Frost Condensation Sword.

Lin Ran then took another look at the wolf dove before he turned around and rushed into the cave.

He wanted to see what this Fire Family was up to! Fire Yan he actually had and purpose for going up to Wolf Dove Mountain with himself.

.....

Inside the cave, it was a busy scene at this time.

“Young master, Lin Ran has rushed in!”

Fire Yan’s men were busy running over and said.

“Damn it! Activate the formation! Stop him!”

Fire Yan said, at this moment, on the wall in front of him, there was a mark in the shape of a flame, only at this moment, this mark had not been completely lit up, only when it was completely lit up could the passage be completely opened.

“Young master! The formation has all been opened!”

Soon the sound of his men reporting came from ahead.

“Open the seal with all your might,? Seize the moment!”

Fire Yan urged in a loud voice.

.....

But at this moment, Lin Ran, after entering the cave, burst his divine sense open, but soon his divine sense touched a barrier, unable to go deeper.

“A formation that can even isolate divine sense?”

Lin Ran couldn’t help but frown slightly, he had never seen this kind of formation before, how could the Fire Family possess such a formation.

“Kid, be careful, the aura of this formation is unusual, I’m afraid that it wasn’t created by the Fire Family, but was already present within this cave!”

Pillow Talk spoke.

“It was already there?”

Lin Ran was stunned, and immediately rushed towards the formation barrier.

As expected, a milky white barrier soon appeared in front of Lin Ran.

The barrier looked extremely thick, and the aura flowing through it was laid out by someone with very high attainments in formations.

“This is definitely not something that the Fire Family could have set up! At least it’s definitely not possible for Huo Yan!”

Lin Ran said to himself, he knew very well the strength of Huo Yan, this kind of formation was impossible for even Lin Ran to set up, let alone Huo Yan.

“Break!”

Lin Ran’s eyes were micron, and he immediately sacrificed his Frost Condensation Sword and stabbed it towards the formation barrier.

“Bang!”

There was a muffled sound, and the formation barrier instantly dented a large chunk, but it quickly bounced back up.

However, Lin Ran noticed that where the Frost Condensation Sword had just stabbed, a small crack had appeared.

“This formation!”

Lin Ran frowned slightly as he watched, and immediately raised his hand and gave another sword.

“Bang!”

This sword fell, and instantly the formation barrier actually popped completely to pieces.

“This

Lin Ran was surprised in his heart, this formation looked mysterious and unpredictable, it should be very difficult to break through, but now it was stabbed through by Lin Ran in two swords.

“Kid, this formation should have existed for at least a hundred years, otherwise it wouldn’t be so unbearable, all right, you’d better hurry up and find the fire flame to figure out why there is a formation here!”

Pillow Book reminded.

Lin Ran nodded, no longer thinking about it, and immediately dashed in towards the cave with his sword.

.....

And at this moment, inside the cave, on the wall in front of Flame-flame, the fast flame-shaped symbol had already been lit up by a large portion, and only a very small portion was being slowly activated.

“It’s going to work soon!”

There was a look of excitement in Huo Yan’s eyes.

As long as they could open the entrance, their Fire Family would be able to rise again, and even find a way to leave this place as well.

“Young master, Lin Ran has broken through the third layer of the formation!”

Soon the voices of his men came from outside.

“Broken through the third layer? There are still three layers left, it’s about time!”

Fire Yan calculated in his mind while opening his mouth to shout.

“Everyone come and gather, we are ready to enter the Ancestral Land!”

“Yes!”

A group of men all came to where Fire Yan was at upon hearing this, each with excitement and anticipation in their eyes.

At the same time, Lin Ran had already broken through two more layers of defences with his sword.

When he arrived at another layer of defensive barriers, he finally saw Flame-Yan and the others inside the cave.

“Huo Yan! What the hell are you doing?”

Lin Ran asked in a cold voice.

Flame-Yan turned around at this moment and looked at Lin Ran through the barrier, with a hint of regret in his eyes.

“Brother Lin Ran, I’m sorry for hiding this from you, but there’s nothing I can do about it, it’s my fate!”

“What the hell are you doing?”

There was anger in Lin Ran’s eyes as he raised his hand and stabbed his sword towards the formation barrier.

However, this time, there was no crack in the formation barrier, only a small white dot was left behind.

“Brother Lin Ran, don’t waste your energy, this formation has never been used before, you won’t be able to split it without a few hundred swords!”

Huo Yan said blandly.

“What the hell are you doing?”

Lin Ran’s eyes were icy cold, at this moment he was truly a little angry.

Both Fire Pine and he had made a blood oath, but who would have thought that the Fire Family would still have things behind his back.

Originally, he had thought that everyone in the Fire Family was just like Fire Sword, straightforward and never beating around the bush.

But now it seemed that Lin Ran was truly wrong.

He also finally understood that his greatest weakness was not his strength, but the fact that he trusted people too easily, even now.

He was strong and had the absolute strength to suppress the Fire Family, but the Fire Family had still lied to him.

“Brother Lin Ran, I can’t help it, I don’t want to lie to you, but I am carrying the mission of the Fire Family, so I am sorry!”

With that, Fire Yan ignored Lin Ran and turned around to continue looking at the flame-shaped symbol in front of him.

At this moment, the sign was only missing the topmost cluster of flames that had yet to be lit, the rest of it had been completely lit up going.

“Bastard!”

Lin Ran’s face was icy cold with anger, he could see that la, when the flames were completely lit, I’m afraid that a change was going to happen.

“Bang Bang Bang!”

Lin Ran’s eyes were icy cold as he raised his Frost Condensation Sword and kept blasting towards the formation barrier.

Chapter 1307

At this moment, outside the cave, Wolf Hatchet, who was fixed to the wall by a strand of Lin Ran’s true qi, had cold eyes and his whole body was trembling.

Although he hadn’t entered the cave at this point, he could clearly sense that the entrance inside the cave was about to be opened.

“All of you have to die! You all have to die, my secrets cannot be spied on by you! Absolutely not!”

There was madness in Wolf Dove’s eyes.

Following this, a red light actually appeared out of thin air on Wolf Dove’s calf.

The red light was getting deeper and brighter, and it was appalling.

If Lin Ran was here, he would definitely be able to see that Wolf Dove was cutting off one of his own legs.

.....

“Bang bang bang!”

Within the formation, Lin Ran was still continuously blasting at the formation barriers.

The first of these was the first time that the company had been able to get a new one.

This formation was really as strong as Flame-Yan had said, so I was afraid that it would not be able to shake him without hundreds of swords.

“Weng!”

Suddenly, the cave in front of him trembled violently.

Lin Ran looked up and saw through the formation barriers and Fire Yan and the others that the flame-shaped symbol had been completely lit up on the wall mountain in front of him.

There were countless rays of light flowing on it, magnificent and unusual.

“Damn it!”

Lin Ran’s heart sank, knowing that he was still a step too late to stop Flame-Yan and the others.

“Brother Lin Ran!”

Huo Yan suddenly turned his head to look at Lin Ran, with madness in his eyes.

He arched his hand at Lin Ran and smiled.

“Many thanks, if you hadn’t entangled the Wolf Dove this time, we wouldn’t really have had the chance to complete the formation activation! This kindness will definitely be remembered by our Fire Family!”

“Who wants you to remember, what are you doing here without my knowledge?”

There was anger in Lin Ran’s eyes, he hated being played by others as a monkey.

When Zhao Yu had dumped him, he had been made to feel like a monkey, a monkey that others could kick away when they got tired of playing with him.

It was a feeling he vowed never to experience again, but now the one who gave him that feeling was actually the Fire Family, who allowed him to exist as an ally.

“Brother Lin Ran, I’m sorry too, but this is the Fey Devil Domain!”

Huo Yan’s eyes also fiercely became firm.

“You are alone, coming and going in style to destroy the Chen family and break into the Wolf Tooth Mountain so fast, but what about me? I have a clan behind me! So our positions were originally different!”

“You can hate me, but I, Huo Yan, swear that although I have hidden some things from you, and even lied to you, I have never thought of harming you!”

After saying that, Huo Yan gave Lin Ran one last look.

“See you later!”

After saying this, Huo Yan directly cut his palm, and instantly blood gushed out to stain his entire palm red.

“Haha! Come on!”

There was ecstasy on Flame-Yan’s face, and he immediately pressed his palm directly onto the fire-red symbol only.

Instantly, a blinding light shot up into the sky and instantly sucked in Firebrand and the others.

At the same time, Lin Ran saw that a spinning white vortex had appeared within the formation barrier, and inside the vortex there was no telling where it would lead, but it was obvious that Firebrand and the others had already entered.

“Bastard!”

There was a coldness in Lin Ran’s eyes, and as he watched the formation barrier being sucked in by the vortex, a trace of worry rose in Lin Ran’s heart.

“Go!”

With a brief thought in his mind, Lin Ran turned around and prepared to leave the cave.

What was inside that white vortex, he was curious to know.

But he understood in his heart that he couldn’t have his heart set on it now, if it was a Jedi inside, then he would likely not be able to get out for hundreds of years.

Finding Wang Yiming and Long Ya was the most important thing right now, everything else could be put aside for now.

Rushing towards the entrance of the cave, Lin Ran prepared to directly grab the wolf turtledove and leave, slowly probing the information he wanted to know from the latter.

However, what he didn’t know was that outside the cave at this moment, Wolf Dove had already struggled and jumped down from the mountain wall, covered in blood.

At this moment he only had one leg, while the other was in his grasp.

“If you want to pry into Laozi’s secrets, you all go to hell!”

There was madness in Wolf Dove’s eyes, and he immediately threw his broken leg into the cave.

“Bang!”

A loud bang followed, and instantly the entire cave’s walls cracked.

Countless debris all fell down, and the defenceless Lin Ran was even instantly pushed to the bottom of the cave by this terrifying force.

One should know that setting off fireworks in a confined space and in an open space were simply two different things.

The power of a Dan Creation Realm powerhouse’s limbs exploding themselves was also terrifying.

Lin Ran was almost instantly pressed to death against the last layer of the formation barrier.

This was coupled with the increasing strength of the white vortex of suction that followed the battle avoidance.

Lin Ran almost watched with his eyes wide as the formation barriers broke and he was sucked within the white vortex.

“No! No!”

Lin Ran shouted urgently, he didn’t want to go in, Wang Yifeng and Long Ya were still waiting for him.

But at this moment, the white vortex would not even discuss with him, a ray of white light directly wrapped around him and in an instant he had disappeared into the same place.

And outside, Wolf Dove stood on a ruin with madness in his eyes, his whole body was covered in blood, but not only did he not have the slightest fear, but he had a satisfied smile on his face.

“All inside, right! Then the old man’s hunt will begin!”

Wolf Dove’s eyes were cold as he followed with a mouthful of true qi, instantly shaking all the debris in front of him to reveal the white formation vortex inside.

“Go!”

Wolf Dove then rushed straight in towards the white vortex, following which he also disappeared within it.

Almost a few seconds after he entered the white formation vortex, the white formation vortex suddenly burnt up with a flame, instantly burning the white vortex to nothing.

After the flames faded, there was nothing left around but wreckage.

.....

Twenty minutes later.

In a courtyard of the Fire Family, within the remains of the mansion.

“Clan Chief,? Young master has successfully entered the ancestral land with his men!”

One of his men ran over in a panic and knelt down to the ground and said respectfully.

“Good!”

Fire Pine was thrilled at his words,? slapped the table and shouted.

After so many years, they finally had someone to enter the ancestral land.

For this plan, he didn’t know how many people had been sacrificed.

Now it had finally worked!

“But Patriarch!”

Suddenly, the men spoke up again.

“What’s wrong? If you have something to say, say it!”

Fire Pine scolded.

“It’s the clan chief, the eyes also found that Lin Ran and Wolf Hatchet have also gone in!”

“What?”

Fire Pine’s eyes instantly went icy cold, his face held worry and doubt.

“That Wolf Dove is heavily wounded should not be enough to fear, it’s mainly that Lin Ran!”

“He bumped into the young master and their actions, and seems to be angry that the young master cheated him, so”

The handlers said here, not daring to say more.

Fire Pine was this with his fists clenched tightly, not saying a word.

There was nothing he could do at all at this point in time, and he could only pray that Huo Yan would be more resourceful and not inflame the conflict with Lin Ran.

Otherwise, I was afraid that the outcome this time would be very difficult for their Fire Family.

“We must find a way to leave, we must!”

Fire Pine looked in the direction of Wolf Tooth Mountain and muttered to himself, at this moment he could only pray for his son, but nothing else could be done.

Chapter 1308

All around him, white light flashed, and Lin Ran could not see anything.

However, he could clearly sense that something was madly burrowing into his body at this moment.

The Medical Dao True Qi in his body worked quickly, quickly obliterating everything that was pouring in, and then he actually felt a surge of power pouring into his body.

“What the hell is that?”

Lin Ran felt a hint of familiarity, but at this moment, he was unable to check what exactly it was.

“Weng!”

Suddenly, there was a tremor, followed by the white light around him starting to slowly fade away.

When all the white light faded away, Lin Ran’s eyes snapped open, but in an instant he froze in his tracks.

He found that he was lying in a lake, and the lake was actually all blood red.

The colour was not at all different from demon blood.

Lin Ran was busy jumping out of the lake of devil’s blood and leaping up into the air in a single bound.

As he looked around, he found himself in a valley, surrounded by countless lakes of dark red devil's blood, large and small.

Of course, some of these lakes were of a normal colour.

But these lakes of devil's blood in front of him were unusually shocking.

"How could there be so many lakes of devil blood here, and could it be that it was these devil blood that was drilling into my body just now?"

Thinking of this, Lin Ran hurriedly looked within.

As expected, with this glance, Lin Ran discovered that the devil blood within his body had actually become several more points thicker.

"This thing! It's really pervasive!"

Lin Ran's brow furrowed, fortunately he was in the Fey Demon Domain at this moment, if he was in the outside world, I'm afraid he would have already been captured by Elder Feng and interrogated by the Mysterious Alliance.

But he was also worried that with his current situation, I was afraid that Wang Yifeng and Long Ya would also be in this situation.

Even if he found and saved them, would they still be able to leave the Fey Demon Domain?

And even if they left the Fey Demon Realm and returned to the outside world, would the Mystic Alliance still accept him?

He didn't know.

"Forget it, let's take one step and see what happens!"

Lin Ran shook his head helplessly, this was not the time to think about such things.

At that moment, he quickly flew towards one side, he could sense that there was really this lot of aura scurrying in this direction, it should be that of Fireflame and the others.

It was only when Lin Ran leaned further forward that he felt the pressure around him grow,? In the end, after flying just under five hundred meters, he couldn't fly any further and had to return to the jungle on the ground again.

"No wonder those people are running on the ground, so it's impossible to fly in the air here!"

Lin Ran's heart moved and he touched towards the other side.

But this time, he had just wiped out a short distance when his entire body froze.

At the roots of a giant tree on the side, several skeletons had actually appeared.

The bones of these skeletons were already white, obviously very badly eroded, and when an occasional tree branch touched them, the skeletons would instantly turn into wisps of dust and drift away.

"These people seem to be fighting!"

Lin Ran suddenly muttered to himself as he noticed that the movements of the skeletons' forms were clearly fighting and killing, and there was also a large sword inside one of the skeletons, which was obviously the one that had killed him back then.

"Could this be a battlefield?"

Lin Ran had some suspicions in his heart, and at once he chased after Flame-Yan and the others while keeping an eye on the surroundings.

Sure enough, he soon found several places where there were white bones like this.

There was even armour on the outside of one of them that had not been completely eroded.

And by this point, Lin Ran was even more certain that this was a battlefield, perhaps even a place where the bones of a battlefield were buried.

"I wonder how many years no one has come to this place, the trees have grown so tall!"

With a lament, Lin Ran immediately did not stop and chased after them towards Flame-Yan and the others.

Although Flame-Yan and the others had entered this place a step earlier than Lin Ran, in front of absolute strength, time was not enough.

Lin Ran's speed was at full throttle as he traveled through the forest, and after just a few minutes, he had already caught up with one of Fire Yan's men.

"Don't Don't kill me, we never meant to harm you!"

The other man had a frightened look on his face and was busy begging for mercy.

"Where's Huo Yan?"

Lin Ran chided in a cold voice.

"It's in up ahead!"

The henchman busily pointed ahead and said.

"I'm I'm the weakest, so I was left here, they're all up ahead!"

Lin Ran smiled but frowned slightly.

The other party's eyes clearly flickered and his expression was unnatural as he spoke, this was typical of lying.

If it was before, Lin Ran would probably have believed him, but having been tricked once by Flame and the others, he wouldn't fall for it a second time.

"Get lost!"

Lin Ran snorted coldly and turned his side to chase him in the opposite direction.

The henchman was instantly anxious when he saw this.

“Young master is really there”

“Bang!”

The henchman finished his sentence, and at once a black shadow skimmed past his ear, and the cold wind swished and scared him so much that he didn't dare to say another word.

“In nonsense, I'll kill you!”

Lin Ran said in a cold voice.

Fireyan and the others were not trying to harm themselves, but cheating here would be tantamount to murder, and the murder of five people at once.

Wang Yifeng and Long Ya were waiting for themselves to be rescued, Fishwan and Zhao Yu were still within their own little world, but if anything went wrong with Lin Ran, it would be the four of them who would be implicated.

That was why Lin Ran was so angry at this moment.

He ran in the opposite direction.

During that time, Lin Ran didn't know how many skeletons he had found, but finally, after only twenty minutes, he sensed the scent of Fireflame.

And by then he had also rushed out of the forest, and a large flat area appeared in front of him.

It was hard to imagine that there was a wide flat area hidden at the bottom of this huge valley, and if it wasn't for the cliffs on both sides, one would really think that this was a plain.

“Stand still!”

Lin Ran soon saw Firebrand.

He was running fast and furiously ahead with four or five men, who were obviously his best men, and those who were there before were used to distract Lin Ran's vision.

When they heard Lin Ran's voice, Flame-Yan and the others' faces changed and they instantly increased their speed by a few more points.

However, in front of Lin Ran, all of these were wasted, as the difference in strength between the two was too great.

“I told you to stand still!”

Lin Ran's hand flashed with a cold flash, and immediately a white shadow directly brushed against Fireflame's body and plunged heavily into the ground in front of him.

Fireyan stopped in his tracks in shock, and it was the dagger-breaking tip that was stuck in front of him at that moment.

“If you dare to move one step, be blamed for my Lin Ran disowning you!”

Lin Ran said in a cold voice, while waving his hand and putting back the dagger-breaking tip, before walking over towards Fire Yan and the others.

“What about the young master?”

The men next to him asked busily.

Fire Yan, however, shook his head helplessly while turning around and said.

“What else can we do,? We are simply no match for him!”

“Brother Lin Ran, goodbye!”

Huo Yan said as he smiled at Lin Ran and arched his hand.

Lin Ran did not say a word, his face was terribly cold, he came straight to Fire Yan, raised his hand and slapped him directly on the face.

This slap was so painful that Huo Yan’s face immediately changed. The men around him also drew their weapons and prepared to fight with Lin Ran.

When Lin Ran saw this, he coldly chided.

“If you want to die! You guys just try!”

Chapter 1309

“You!”

The group of men were so angry that their faces turned blue, but they didn’t dare to make a move, they all knew Lin Ran’s strength very well.

Even Wolf Dove could fight like that, let alone those of them who were not even as good as Wolf Dove.

“Brother Lin Ran, can’t we talk properly?”

Huo Yan suppressed the anger in his heart and said in a calm voice.

“Talk nicely? Did you talk to me properly? Did your Fire Family talk to me properly? Are you angry that I slapped you? Fight back!”

Lin Ran looked at Huo Yan with icy cold eyes, and at this moment, his heart was definitely not less angry than Huo Yan’s.

Who was he going to find to vent his anger?

“What exactly do you mean, brother Lin Ran?”

He had suppressed this matter because he did not want to fall out with Lin Ran, but now the latter had to bring it up.

“What do I mean? What do you mean by me?”

Lin Ran said in a cold voice.

“Tell your purpose, or you will all die today!”

“You!”

Huo Yan’s face turned blue and his fists clenched.

“Don’t doubt my words, and don’t even think about letting the people of the Fire Family save you, if I can destroy the Chen Family, I can destroy your Fire Family!”

Lin Ran’s voice was icy cold, at this moment he was truly enraged.

Fire Yan looked at Lin Ran, his eyes also went icy cold for a while, exterminating the family as a threat, this was intolerable to anyone.

But in the end, reason still prevailed, Fire Yan spoke.

“There is an ancestor of my Fire Family who died here, and we came in here this time just to find him! He carries the hope of making our Fire Family rise from the ashes, and a way to leave the Fey Demon Realm!”

“Where is he?”

Lin Ran asked, frowning.

“Inside the bedchamber!”

Huo Yan said.

“Where is the bedchamber!”

Lin Ran continued to ask.

Flame-Yan pointed to the front of the plain, where there was a depression, and right now on the depression, there was a small black dot.

“That is the Bedchamber, but to enter you can only have the key, and that key is the bloodline of the Fire Family!”

Huo Yan said.

Lin Ran smiled but frowned slightly and spoke.

“Don’t be threatening me! I’ll kill you all and bring your corpses over to have the Fire Family bloodline as usual!”

Fire Yan’s face turned white as he listened, very embarrassed, he was afraid that Lin Ran would leave him alone to go, that’s why he said that, who knew that Lin Ran would actually say such things.

“Brother Lin Ran, we are also considered friends, although we lied to you, we never wanted to harm you, isn’t this too much for you!”

Fire Yan said in a cold voice.

“Excessive? You’re telling me it’s excessive?”

Lin Ran laughed.

“Come out!”

Lin Ran waved his hand, and immediately Fishwan and Zhao Yu appeared to the side.

“You?”

Flame-Yan looked at Lin Ran not understanding what he meant.

Lin Ran pointed at Zhao Yu and Yuwan and said.

“You’re saying I’m going too far? Are you overdoing it yourself?”

“You wanted to enter your ancestral land, why didn’t you tell me, and now I’ve been dragged in too, aren’t you overstepping your bounds?”

“Who are they messing with, Yuwan and Zhao Yu? Why should they also enter this place on your own account? If they died here without my protection, whose lives would be on the line? Yours or the Fire Family’s?”

Lin Ran said with a wave of his palm, directly taking Zhao Yu and Yuwan into the small world again.

He looked at Huo Yan and said in a cold voice.

“Apart from them, I told your Fire Family a long time ago that the purpose of my coming to this Fey Demon Realm was to save people!”

“But what about me now? I have also entered the burial place of your ancestors, it is fine if I can get out in a day, but what if I am trapped for ten or eight years? Who is responsible for my friend’s life? You, Huo Yan, or the Huo family?”

Lin Ran’s words were like steel nails, firmly planted in Huo Yan’s chest, hearing him unable to utter a single word.

“Right! This is the Fey Demon Realm, and you, Huo Yan, are carrying the entire Fire Family on your back, but I, Lin Ran, am not alone either, I also have things I care about and people I urgently need to go to!”

“If you weren’t still somewhat useful today, I would have killed you long ago!”

The icy cold in Lin Ran’s eyes seemed like it could freeze Fireflame in place.

He looked at Lin Ran as his mouth moved, but in the end, not a single word came out.

“After this matter here is over, I will inevitably go to your Fire Family again! I would like to see if this is your father Fire Pine’s attention or your Fire Yan’s!”

Lin Ran said, turning around and walking towards the bedchamber ahead.

He wasn’t worried in the slightest that Huo Yan wouldn’t come, as the purpose of their coming here was the bedchamber, and there was absolutely no reason to give up.

“Young master!”

Lin Ran had already walked away, and the men at the side were busy speaking.

Huo Yan's eyes danced, not knowing what he was thinking, and after a moment he turned around with a sigh and said.

"Let's go! The mission must still continue!"

"Yes Young Master!"

The crowd nodded their heads and immediately ran in the direction Lin Ran had left.

.....

But speaking of Lin Ran, at this point he was already very close to the depression and could even faintly see the rough outline of the building on the depression in front of him.

It was a building very much like a castle, but with watchtowers built above it, it was more like a palace than a castle.

The outside walls were carved with very flaming patterns, signalling the owner's connection with the Fire Family.

As he got closer and closer, Lin Ran gradually got a better look at the entire castle, and it was only when he stood in front of the castle gates that he finally knew what it meant to be shocked.

Although the castle was already cracked and collapsed in many places, he could still feel the shock and vicissitudes of the castle when he stood in front of it.

On the gate of the castle, there are ancient floral patterns and many flame patterns that match the patterns.

One of the parts located in the middle of the gate, there was a burning flame pattern here, very similar to the flame pattern of the previous Fireflame Activation Formation.

"The opening formation here is simple! Let me do it!"

Firebrand's voice suddenly recalled from the side.

Lin Ran glanced at him indifferently without saying much and took two steps back to make way.

Without any nonsense, Flame-Yan immediately stepped forward and dropped a drop of his own blood onto it.

At once, a "weng" sound was heard.

The drop of blood spread rapidly, and soon the countless flames and patterns were dyed red by the blood, and a wisp of red light stained the entire door in an instant.

"Creak!"

Following that, the huge city gate remembered a movement.

It was the worn-out creaking sound that appeared as if the door had not been opened for countless years.

And with the sound, amidst the countless dust flying around, the castle's gate began to slowly crack open a gap.

The gap was soon large enough for a man to enter, and almost immediately, the gates stopped continuing to open.

"It will take at least hundreds of drops of essence blood for the castle gates to open fully, there's no need for us to go in!"

Firebrand said, while taking the lead with a sideways turn and entering the castle.

Following that those of his men then followed him in, while Lin Ran was the last to enter it.

But when he entered the castle, he suddenly felt as if someone was watching him from outside the castle.

But when he looked back, he didn't find anyone.

"There's something odd about this place, it's better to be careful!"

Lin Ran muttered to himself in his heart, while entering the castle.

Chapter 1310

The castle was dim, and as long as a ray of light shone in from the broken area above, it still seemed very dim.

"There are lamps on the surrounding beams!"

Firebrand spoke up, and at the same time had already lit a lamp on one of the pillars.

The others also went to light the lamps.

Lin Ran was no exception as he came to a pillar and raised his hand to light a lamp.

But as he watched the bright light of the lamp burning, he frowned slightly.

The reason was that there was a handprint near the lamp.

The handprint seemed to be stained with a lot of dust and slapped on the stone pillar, which was very clear.

However, there had been a great battle here after all, so Lin Ran was soon relieved.

It was most likely left behind many years ago, so it wasn't surprising.

"How do I get out from here?"

Lin Ran asked as he came beside Flame-Yan.

"There must be a formation to leave here, just wait until I find what we want, then I'll take you away!"

Flame-Yan said.

Lin Ran nodded at his words and immediately looked towards the surroundings to see if he could find a formation to leave.

And this was Fire Yan ordering his men to start searching around for any sign of his ancestors.

The entire front hall of the castle was very empty, there was no one there, only many large futons on the floor, as if someone was cultivating here during the week.

One of the two passageways leading to the two sides had collapsed beyond recognition, so it was impossible to get through, so Huo Yan's men had to search for the other one that was still passable.

Soon, as the search began, one thing after another, and a bureau of corpses were carried out.

Lin Ran also walked back at this time, and looking at the corpses and things in front of him, he couldn't help but frown slightly.

All of these people had obviously been dead for many years, with only some white bones left, and some of them were even unstable, and could face the possibility of being eroded into white ash at any moment.

Moreover, the things these people were holding in their hands and wearing on their bodies had also eroded so badly that they were almost worthless at all if they were touched.

Finally those things, too, were basically useless.

Whether they were weapons or pills, almost all of them had been so badly eroded that they would break as soon as they were held, and when they were opened they were just smoke and dust!

"Young master, this side has all been explored, there's nothing!"

Soon the men all came running back.

Fireyan smiled with resignation and turned his head to look at the other side of the passage blocked by the collapse.

"Go and fight your way through here, we must find the remains of our ancestors!"

Fireyan said in a cold voice.

"Yes!"

The crowd didn't dare to delay in the slightest, and immediately went to work.

Lin Ran, on the other hand, came over to Fire Yan at this moment and asked.

"How did you guys know that there was an ancestral relic and a way to boost the strength of your Fire Family here?"

Huo Yan was stunned at his words, and then laughed.

"It's all here, so there's no harm in telling you!"

With that, Huo Yan spoke up.

It turned out that back then, there were dozens of people of great strength from the Fire Family who went to this foreign devil domain, and countless warriors!

The leader of them was the ancestor who was buried here, while the remaining dozens of people were all following him.

They lived here at first, while outside was the battlefield.

But then one day, a very powerful man suddenly came from the enemy camp, who could not resist almost anyone.

Only later did they realise that? The person who came was a foreign devil!

The foreign devil was so strong that those followers of the Fire Family were no match for him.

Almost all of the dozens of people died at the hands of the foreign devil.

In the end, the ancestor had no choice but to take action, but he had a son at the time, and his strength was only just at the early stage of the Dan-making Sutra, so he could not possibly be a match for the foreign devil.

So he sent his son into the formation and left the place. In the end, after the great battle between the ancestor and the foreign devil, the foreign devil left.

It didn't take long for the ancestor to die inside the castle, and eventually the place was closed off by the foreign devil, making it a desolate place where no one could enter.

But he forgot that? The ancestor had a son who escaped, and it was this same man who found a group of people left from the Fire Family and established our current Fire Family in the Fey Demon Realm.

"As for why I know this, it's actually quite simple! Because this is the ancestral motto of our Fire Family in the Other Demon Domain, from the ancestor's son who set this rule and it has been passed down to this day!"

"The ancestral motto says that if the descendants of the Fire Family want to leave the Fey Demon Domain, they must find the entrance to the ancestral land and come in to put the corpses of their ancestors into the earth before they can be guided!"

Lin Ran frowned at his words.

"Your family's ancestor was so powerful that he sent his own son away back then, and still managed to leave behind such a phrase!"

"I don't know, it might just be something the ancestor knew before he left, but who knows now that the ancestor has been gone for so many years!"

Fireyan said.

"I hope your ancestor's motto is right!"

Lin Ran said indifferently, and said no more.

The two said as they got up and prepared to go see the progress of the passage being opened next to them.

However, both of them couldn't help but freeze just as they got up, while their brows furrowed.

They saw that the passage in front of them was empty, and the passage had not been opened.

"Where is everyone?"

Fire Yan's face suddenly looked ugly and was about to go over at once.

"Don't move!"

Lin Ran suddenly spoke and stopped Fire Yan.

Fire Yan looked at him not knowing what Lin Ran meant.

"There's someone here!"

Lin Ran frowned and said.

"Nonsense, we're not people!"

Fireyan said.

"What I'm saying is that there are living people here apart from us!"

Lin Ran said.

Fireyan felt his scalp explode at his words.

"You What do you mean!"

"Didn't you guys notice that before?"

Lin Ran said.

"Noticed what?"

Flame-flame was even more bewildered.

"When you had the lamp lit before, didn't you guys notice that there was no dust on the lamp either inside or outside?"

Lin Ran said.

"No! Who would pay attention to that!"

Flame-Yan was speechless.

Lin Ran added.

"What about the base of the candle? Didn't you guys notice that it was soft?"

"You!"

Flame-Yan froze in his tracks.

Lin Ran, on the other hand, swept his gaze around and said.

“There’s no dust inside the lamp at all, and the candle that melted after burning is also soft, which means that the lamp was lit before here, and now that your men are missing there must be someone alive here!”

Lin Ran said with a sudden awe in his eyes, pointing to one of the corpses that Flame-Yan’s men had previously moved out in front of him.

“This corpse was facing not us before, right!”

“Weng!”

Hearing these words, Fireyan’s scalp exploded.

“You Are you trying to say that there’s a ghost here?”

“Ghosts, my ass! People who cultivate the Dao still care about ghosts and gods?”

Lin Ran said in a cold voice as his eyes swept over the surroundings.

“There are people here, and they’re alive!”

“Wolf Dove! How long are you going to hide the Dao!”

“Wolf Dove?”

Fireflame burst.

“Didn’t he not even come in?”

“Who told you he didn’t come in? He was outside the cave by himself, who can guarantee he didn’t come in after we came in?”

“And don’t you forget that? He’s been ensconced in this Wolf’s Tooth Mountain for hundreds of years, so if there wasn’t a bit of discovery, why would he be ensconced in such a shitty place?”

“What do you mean?”

Fire Yan instantly felt a chill run down his back as a bad thought popped up out of thin air.

Lin Ran looked around blandly and said.

“This secret of your Fire Family, he probably already knows about it and may have arrived here before us!”
