

Wonder Doctor

Chapter 1311

“Haha! Lin Ran is no less than Lin Ran, you’ve really impressed me by recognising this!”

A voice rang out, and at the same time, behind the huge statue at the front of the hall, a figure jumped out, and it was none other than the badly injured Wolf Dove.

“It wasn’t hard to spot you, but what I don’t understand is why you came in here to die when you clearly had the chance to escape?”

Lin Ran looked at Wolf Dove and said in a cold voice.

On the side, Fire Yan also couldn’t help but feel a chill in his heart at his words.

Yes! Wolf Dove was able to come in, so he had obviously broken free from Lin Ran’s restraints before, but why didn’t he just leave outside? Instead, he had followed him in as well.

Looking at it this way, then there was only one possibility, that this Wolf Dove dared to come in and must have his own backing.

“Why do I dare to come in? Because you all have to die today!”

Wolf Dove said in a cold voice, and at the same time, with a wave of his palm, he heard “whoosh whoosh” as dozens of weapons headed straight for Lin Ran and the two of them.

The two of them each took out their weapons to defend themselves, but soon Flame-Yan recognised them.

“Lin Ran! These weapons belong to my men! They must have been captured by Wolf Dove!”

Without a glance, Lin Ran? There was only Wolf Dove here apart from the two of them, so if they weren’t captured by him or by a ghost!

“I have the men, want to save them? Then come on!”

Wolf Dove sneered, following which he turned and ran.

“Chase!”

Lin Ran greeted, immediately taking the lead and chasing out in the direction Wolf Dove had left.

The two of them quickly arrived in front of the statue, and only then did they realise that the back of the statue was actually still part of the way from the wall.

There was a hole in the wall behind the statue, which seemed to lead to the back of the castle.

Without saying a word, Lin Ran went straight after him, but Huo Yan was a bit hesitant because he was worried about his safety.

But on second thought, Lin Ran had gone in, so if he didn’t go in, wouldn’t he look inferior to him, and it was his people who were taken after all.

At that moment, he gritted his teeth and followed him.

Beyond the wall, there was a corridor.

The corridor seemed to be built underground and the surrounding area was very dull.

Firebrand could no longer see Lin Ran's figure at this point because he had hesitated for a moment, as long as he heard the sound of hurried footsteps coming from ahead.

He did not dare to delay and chased after him, but he could not catch up with Lin Ran.

The time passed, and it felt like he had been chasing him for almost half an hour, when suddenly the corridor in front of him came to an end, and there were dozens of steps leading upwards.

With a grit of his teeth, Huo Yan immediately stepped on the stairs and walked up.

As soon as he got up there, the space around him opened up and it seemed to be a storage room, but there was nothing left inside.

And at this moment, in the corner of the head of the storage room, this was with a hole, and dust was still falling down, as if someone had just climbed up there.

"Lin Ran?"

Flame-flame was stunned, and instantly followed him.

But of course after climbing out of the hole in the storage room, he was completely frozen.

Only to see that what appeared in front of him at this moment was a grey and dull space, this place was nowhere, there was not a single building around, only complex patterns and patterns under his feet.

"No! This patterned pattern seems to be a formation!"

Flame-Yan's heart was startled and he was busy going to look at the ground, and sure enough, he quickly confirmed that this was a pattern of runes commonly used on formation altars.

He was busy going to look for the exit he had climbed out of, but where was there even half an exit at this point, it was as if he had appeared here out of thin air and had not passed through any passages at all.

"What the hell is going on here?"

Fire Yan was wondering in his heart when he didn't know what to do.

Suddenly, there was a muffled "bang" not far away, followed by Lin Ran's voice.

"Luring me into this formation, you're still no match for me!"

"Haha! Is that so? Then we'll see about that!"

Wolf Dove's voice also sounded out.

"Lin Ran! Where are you!"

Flame-flame was busy speaking.

“Stay where you are, defend with all your might, and watch out for Wolf Baldur’s sneak attack!”

Lin Ran spoke and shouted.

“Yes!”

Huo Yan busily returned, while holding his own weapon, vigilantly looking around and defending with all his might.

Suddenly, Fire Yan saw a figure looming out of the mist in front of him, walking towards him.

“Lin Ran is that you?”

Fire Yan asked softly, at this moment the figure was still some distance away from him and he could not see it clearly, but the other party’s unhurried footsteps were seeing his scalp tingle a little.

He was almost certain that it was definitely not Lin Ran, if it was Lin Ran, he would definitely not be walking so leisurely at this point.

“Whoosh!”

Suddenly, the blurred figure flashed and the whole thing disappeared in place.

This caused Flame-Yan to be stunned at the sight, and on reflex, he directly crossed his weapon in front of his chest.

Following this, in the next moment, a white shadow flashed, and at once a tremendous force directly slapped onto Huo Yan’s chest.

This force was so powerful that it instantly broke the fiery red sword in Huo Yan’s hand with a bang, and his entire body instantly flew backwards, spurting out a mouthful of blood.

“Who! Who!”

Firebrand covered his chest, he was already in a state of panic after a mere slap had severely injured him.

He looked around and soon saw the figure again, who was still walking unhurriedly towards him.

And this time, he could clearly see that it was none other than the wolf-dove!

But at this moment, the wolf-dove in front of him had his arms and legs intact, not at all like he had been injured.

He was not in the same condition as the wolf turtledove that had lured them here before, and could even be said to be different from the same person.

As Huo Yan was thinking, Wolf Dove had already arrived in front of Huo Yan, his face was full of blandness, without a trace of temperature.

“You Who the hell are you?”

Fire Yan looked at Wolf Dove and asked in confusion.

“You said who I am!”

Wolf Dove’s voice was icy cold.

“Aren’t you already seriously injured, how come now”

Huo Yan was puzzled.

Wolf Dove, however, said with an icy smile.

“Want to know? I will tell you when you are dead!”

With that, Wolf Dove raised his hand and grabbed towards Huo Yan.

Flame-Yan’s strength was already much inferior to his, and at this moment, Wolf Dove was carrying a killing heart, so he was afraid that he would only need one palm to completely understand Flame-Yan’s life.

“Lin Ran! Be careful! There is still a wolf here”

Fire Yan shouted aloud with a grit of his teeth.

But just as the words were halfway out of his mouth, Wolf Hatchet’s palm was already in front of him.

“I don’t owe you anything now!”

Fire Yan said in his heart, before he died, he had told Lin Ran the news that there was another Wolf Dove, and he had made up for his previous mistake of deceiving Lin Ran.

However, just as Huo Yan closed his eyes and waited to die, suddenly a cold mane flashed in the distance and instantly stabbed towards the wolf dove.

“That’s pretty fast!”

With a cold look in his eyes, Wolf Dove blocked the cold mane with one sheet, followed by turning around and rushing into the black fog.

“Is everything alright!”

Lin Ran followed and stayed rushing over, helping Huo Yan up from the ground.

“I’m fine, did you just see, that wolf dove he”

Huo Yan said busily.

Lin Ran nodded and said.

“There are two wolf doves here, one is intact and the other is the one that lured us over!”

Chapter 1312

“What the hell is going on here?”

Firebrand looked at Lin Ran with disbelief in his eyes.

Lin Ran shook his head, indicating that he didn't know either.

"What the hell is going on, we can only let him speak for himself!"

There was an icy coldness in Lin Ran's eyes, and the Frost Condensation Sword in his hand even made a sword chanting sound from the force he used.

"What are you doing?"

At the side, Huo Yan covered his chest and asked.

"Breaking this formation!"

Lin Ran said.

"Break the formation?"

Huo Yan was stunned.

"Will it work? This place looks weird as hell and the area is still unknown...? How can we break it!"

Huo Yan frowned.

Lin Ran, however, looked to the sky and said indifferently.

"The formation doesn't matter how big it is, its height is limited!"

With that said Lin Ran, the Frost Condensation Sword in his hand pointed distantly, and in an instant the sword surged upwards towards the sky.

"Frost Rising!"

Lin Ran shouted, followed by countless ice crystals condensing along the Frost Condensation Sword towards the sky.

Layers and layers of ice crystals seemed like lotus flowers as they continued to spread upwards, and soon a white pillar emerged clearly in the darkness.

This white shadow spread upwards, and soon the uppermost part of it was hidden in the darkness.

Lin Ran just watched in silence, not knowing how long had passed, and the wolf doves did not come back to sneak in.

Lin Ran's eyes suddenly turned cold, his palm fiercely gripped the Frost Condensation Sword, his Medical Daoist True Qi instantly poured into the body of the sword, and then he struck the sword in the air.

This sword seemed like a white shadow in the darkness of the night, clearly cutting across half of the sky, trailing a long white tail as it fell towards the front.

At the same time, Huo Yan then heard a muffled sound coming from it.

"Bang! Bang! Bang!"

The muffled sound was very rhythmic, and it was only after the last loud "bang" that the whole space fell silent again.

This time, Huo Yan clearly saw that the black fog in front of him was dispersing rapidly, as if the barrier that had bound them had been split open.

“Clap, clap, clap!”

Suddenly a strange sound recalled from within the entire formation.

The two of them looked towards the source of the sound, and as the fog became less and less, a small mountain of canonical books soon actually appeared in front of them.

The tomes were neatly stacked in a corner of the altar, and at this moment, outside the altar, two figures were looking at Lin Ran icily, and it was none other than the Wolf Doves, two Wolf Doves.

“Two wolf doves, there really are two wolf doves!”

Firebrand exclaimed.

Lin Ran also noticed the two wolf doves at this moment, his face was icy cold as he said indifferently.

“It seems that this place of buried bones is your true lair!”

“Humph! So what if it is, so what if it isn’t, now you all have to die!”

Wolf Dove looked at the two, his eyes icy cold.

“I’m just afraid that you don’t have the strength!”

Lin Ran said indifferently.

“Is that so? You really think I’m not bigger than you?”

Wolf Dove’s eyes were icy cold as he waved his palm, and the two metal hand clasps in his hands instantly stayed in his hands.

Lin Ran looked at the two metal hand clasps in Wolf Dove’s hands and couldn’t help but frown slightly, this kind of weapon was really uncommon.

“Suffer death!”

Wolf Hatchet suddenly had a cold look in his eyes, his entire body’s aura surged, instantly increasing in size by several times, it was the same Wolf Transformation he had performed last time.

“Be careful yourself!”

Lin Ran barked out a warning, followed by his entire body rushing down from the altar to meet the Wolf Dove’s true form.

There were many tomes on the altar, all of which had been carried out from within the castle, and Lin Ran did not want to damage them.

“Lin Ran suffer death!”

There was madness in Wolf Hatchet’s eyes, his true body was much stronger than the one before.

At this moment, after using the Wolf Transformation, his speed had not diminished either, and his strength had instead increased by several times, which filled his heart with confidence.

His huge fist smashed towards Lin Ran, and the terrifying force even caused a series of sonic booms.

Lin Ran frowned slightly as he watched, the real body of the wolf turtledove in front of him had indeed increased in strength after using the Wolf Transformation, but it was still somewhat inadequate in front of him.

With a cold look in his eyes, Lin Ran stood still and? A fist was thrown towards the wolf dove and he met it.

“Seek death!”

There was madness in the Wolf Dove’s eyes, and the wind of his fist was incomparably powerful.

However, Lin Ran was not afraid, and his fist just went straight up to meet it.

One had a huge fist that shook the four directions, while the other was breezy and looked a little thin.

Such a huge contrast, but the moment they clashed, a powerful force erupted.

“Bang!”

With a muffled sound, the ground where Lin Ran was standing instantly cracked, and a crack spread in all directions like a spider’s web.

The earth all trembled at this point.

On the contrary, Wolf Dove was even more miserable at this point! The whole man flew straight backwards.

His fist was drenched in blood, and his whole arm was shaken to the point that he lost consciousness.

If his power was even a little weaker, his entire arm would have been ruined by Lin Ran.

“Bastard!”

Wolf Dove climbed up from the ground, anger in his eyes.

“Anger? It’s no use, if you can’t beat him, you can’t beat him!”

Lin Ran’s expression was bland, and with a move of his palm, the Condensing Frost Sword flew into his hand, followed by a sharp step on the ground, and his entire body immediately charged directly towards the Wolf Dove.

“Condense!”

Lin Ran gave a greeting, and at once, the Condensing Frost Sword only had ice crystal lotus flowers blooming on it, quickly encasing the entire blade.

“Go!”

Afterwards, Lin Ran waved his palm, and the Frost Condensation Sword slashed towards the Wolf Dove.

“What the hell!”

Anger filled Wolf Dove’s eyes as he raised his hand and blocked it with a fist towards the Frost Condensation Sword.

He was wearing a metal clasp on his hand, so he was not afraid of the sword.

But the moment the two collided, countless ice crystals spread down the metal clasp and onto Wolf Dove’s arm in an instant.

It then continued to spread along his arm, looking like it was about to cover his entire body.

With a cold look in his eyes, Wolf Dove’s whole body exploded with true qi, only to hear a series of “bang, bang, bang, bang” sounds as the ice crystals on his body shattered layer by layer.

After the shattering, the exposed skin was horribly scarred with blood.

“Bastard!”

Feeling the tingling sensation coming from his arm body, Wolf Dove was also completely furious.

“I told you, anger is useless!”

Lin Ran’s eyes were icy cold as his Medical Dao True Qi instantly poured into the Condensing Frost Sword, and this time a large swath of ice crystals, as if they had blossomed, wrapped around the wolf dove in a matter of moments.

The huge body of the wolf-dove instantly froze into an ice sculpture.

And this time, Lin Ran didn’t wait, the wolf-dove broke free from the comfort of the ice crystals on its own.

With the blade of the Condensing Frost Sword in his hand to one side, he used the blade to slap it towards the wolf dove’s body.

“Bang!”

With a loud sound, the ice crystals all over the Wolf Dove’s body instantly shattered, and the countless ice crystals seemed like knives, cutting a gaping hole on the Wolf Dove’s body wherever they passed, drenching it with blood in a miserable manner.

The wolf dove fell to the ground with a loud bang, his whole body dripping with blood, unusually tragic.

“I told you, even your real body isn’t enough!”

Lin Ran stood in mid-air, ? looked at Wolf Dove indifferently, with an icy coldness in his eyes.

“You! You! You’re forcing me to do this!”

Wolf Hatchet roared in anger, the killing intent in his eyes undisguised, following which he actually stood up by holding onto the ground.

He looked at Lin Ran, his palms snapping together as he angrily said.

“Fusion!”

Chapter 1313

“Fusion?”

Lin Ran frowned slightly at his words.

“This”

Fire Yan, who was watching from the side, also had a slight frown on his face.

He didn’t know what kind of move Wolf Dove was doing here.

But then they both froze.

Only to see that the wolf dove in the distance, who was severely injured, actually charged towards this side.

Following that, the wolf-dove with a huge body actually pulled the former directly, following which the body of the incoming individual actually burst out in an instant.

At the same time, the two Lin Ran saw it.

The wolf-dove with the serious injury actually began to emit a white light all over its body, and soon its body became transparent.

That white light instantly enveloped the wolf dove’s body at that moment.

At the same time, the two Lin Ran clearly felt that the Wolf Dove’s entire aura was climbing violently and his strength was skyrocketing.

“Middle stage of the Dan Creation Sutra?”

The white light slowly dissipated, and when Wolf Dove appeared in front of Lin Ran once more, his strength had actually risen by an entire level.

It had been raised from the pre-Dan-making Scripture stage to the middle stage.

Moreover, at this time, all the wounds on his entire body had actually disappeared.

“This technique is really terrifying!”

Lin Ran frowned slightly as he looked at Wolf Dove.

Fire Yan on the side couldn’t help but gag, this kind of fusion technique, and strength, if when their Fire Family dealt with it alone.

I’m afraid that they would have already been exterminated from their clan an unknown number of times.

“I just don’t know if he got this technique in the ancestral land or not!”

Fire Yan thought and could not help but turn his head to look at the canonical books on the side.

The tomes were stacked up like mountains, and there was no telling what was written in them.

“It must be obtained! Must get it!”

There was madness in Huo Yan’s heart.

Even if he could not walk out of the ancestral land, he had to go through all the canonical books and get what was on them.

.....

At this moment, the light around Wolf Dove had all dissipated, his entire body emitted a terrifying aura, and his eyes were even bloodshot.

“That’s it?”

Lin Ran watched quietly, looking bemused.

Wolf Dove’s fusion technique was certainly rare, but this enhancement seemed to be limited, and in front of Lin Ran’s current strength, Wolf Dove, who was in the middle stage of the Dan Creation Realm, was still quite short of strength.

“It’s enough to kill you!”

Wolf Hatchet’s eyes were icy cold, and his entire body’s aura exploded in all its terror.

“Is that so?”

Lin Ran smiled lightly, and pointed his Frost Condensation Sword in his hand in the air, instantly countless ice crystals condensed out once again, and with such speed, he had reached the Wolf Dove in front of his eyes in the blink of an eye.

“You think this can still hurt me?”

The wolf dove’s eyes were icy cold as his whole body trembled violently, and his robes instantly shattered.

At the same time, Lin Ran saw that layers of fluffy hair began to rapidly grow on the surface of the wolf dove’s huge mountain-like body.

The fluffy hairs soon covered all of the wolf dove’s body.

After that, fluffy hairs also began to appear on his cheeks, and his two eyes actually turned from blood red to dark red.

On both palms, even sharper claws grew.

“Bang!”

He smashed his hands heavily on the ground, and in an instant, he actually completely transformed into a huge vicious wolf.

“Lin Ran!”

A voice also came out as the wolf's mouth opened and closed.

"You are proud enough to force me to use my true wolf body, it's time for everything to end!"

The wolf king's eyes were icy cold, and his full wolf fur seemed like steel needles, which actually prevented the ice crystals of the Frost Condensation Sword from coming even the slightest bit closer.

"Humph! A beast will always be a beast, you think that by turning into a wolf, you're really invincible?"

Lin Ran's eyes were icy cold, the Condensed Frost Sword in his hand instantly sliced across his palm, the original silver Condensed Frost Sword actually turned blood red in an instant, drops of blood flowing on it with astonishing power.

"Dry tongue, when I tear you apart, I don't know if you still have the courage to be arrogant!"

The wolf turtledove roared in anger, and his two sturdy hind paws lashed out as his entire body lunged towards Lin Ran.

"Humph! I'm afraid you're not that strong!"

Lin Ran snorted coldly as he gripped the Frost Condensation Sword in his hand and also charged towards the wolf-dove.

The blood-red Frost Condensation Sword was incomparably sharp, cutting through the air with a sonic boom.

"Bang Bang Bang!"

In an instant, the two had exchanged no less than dozens of rounds.

And as the number of exchanges increased, Lin Ran also discovered that the Wolf Dove's full very fur was like armour, wrapping him firmly inside.

Even if the Condensing Frost Sword was incredibly sharp, it would not be able to break through his defences for a short time at all.

"That's all you've got? You are no better than that!"

Wolf Dove sneered.

Although he said that, in his heart, Wolf Hatchet understood that Lin Ran's strength was ultimately too much higher than his.

At this moment, Lin Ran was indeed unable to break through his defences.

But likewise, he could not do anything to Lin Ran at all.

If he dragged on like this, it was likely that he would end up losing.

After all, the True Wolf Body would not last long.

As his voice fell, the Wolf King didn't say anything else, and his entire body lashed out towards Lin Ran once more.

And this time, it was clear that he was also on fire, ready to fight a quick battle with Lin Jean that.

“Humph! A beast is a beast after all!”

Lin Ran’s eyes chilled as a sword chant emitted from the Condensing Frost Sword in his hand, following which he also met him again.

“Bang Bang Bang!”

A photo of the two was a fierce battle that turned the heavens upside down.

This time, Lin Ran didn’t hit anywhere, and a sword shadow slashed at the huge wolf claw.

Although he was unable to break through the defence for a while, each sword would leave a white mark on the wolf-dove’s claw.

Just like Lin Ran breaking through the formation barrier before, each of Lin Ran’s swords landed on the same spot.

After just a few minutes of this, the wolf-dove’s paw was already in pain and somewhat unable to fight back.

“What? Can’t do it anymore?”

Lin Ran laughed coldly at this, and the Frost Condensation Sword in his hand slashed towards the wolf’s claw once more.

“Scram!”

The wolf king roared, the pain on his paws was too much for him to handle and he dared not take it anymore.

He could only swing his huge wave head towards Lin Ran’s Frost Condensation Sword and bite it.

“Bang!”

A crisp metallic clash sounded, and in an instant, the Frost Condensation Sword had been bitten into by the Wolf Dove’s wolf teeth.

On the other hand, a smile suddenly appeared at the corner of Lin Ran’s mouth as he followed with a turn of his body and lunged at the wolf paw that had attacked before.

At the same time, he only saw a cold flash in his hand, and the dagger’s broken tip had already appeared out of thin air.

“Break it for me!”

Lin Ran’s eyes were icy cold as the dagger’s broken tip cut through a cold aura, instantly sinking into the wolf’s paw.

“Poof!”

A dull sound rang out, and a stream of blood immediately spurted out along the wolf’s claw.

At that moment, the dagger's broken tip had already succeeded in opening a huge gash in the wolf dove's claw.

"Open it for me!"

Lin Ran's eyes were cold as his paws slammed down, holding the dagger-breaking tip in his hand and using the wolf claw as a starting point, he expanded the wound to the wolf dove's shoulder in an instant.

It was dripping with blood and tragic!

"Bastard!"

The wolf dove let out a roar, and his other paw came down on Lin Ran's body.

However, at this moment, Lin Ran flipped over and directly pulled the Frost Condensation Sword out of the Wolf Dove's mouth, while slashing directly towards the Wolf Dove's injured paw.

"Bang!"

With a crunching sound, the injured leg of the wolf-dove instantly flew out, and without the protection of the wolf fur outside, it was instantly chopped off by Lin Ran.

Chapter 1314

"You!"

Wolf Dove was also stunned by this sudden sword strike.

Especially seeing that one of his legs was directly broken, it caused him to freeze for a moment.

Lin Ran, on the other hand, didn't stop for a moment, as he withdrew his Condensing Frost Sword in his hand, and with a kick of his paw had leapt onto the back of the Wolf Dove.

"Open for me!"

Lin Ran held the broken tip of his dagger in his hand and instantly plunged it into the wolf-dove's wound, following which he plucked away all the fur on the outside of the wolf-dove as if peeling its skin.

The blood-soaked wound was instantly revealed.

"Lin Ran stop! Stop it now!"

The wolf dove finally panicked at this point.

Without the protection of his wolf skin, he was no different from a lamb waiting to be slaughtered in front of Lin Ran.

On the contrary, he could not help Lin Ran at all, and if he let the latter continue to fight like this, I was afraid that he would soon be completely finished.

"Stop? What have you been doing?"

Lin Ran said coldly, but his hands did not stop, already peeling off a large portion of the wolf skin from Wolf Dove's back.

“I’ll say! Whatever you want to know, I’ll tell you!”

The wolf dove said busily.

“Tell me now? It’s already too late!”

There was an icy coldness in Lin Ran’s eyes, while the Condensing Frost Sword had already been taken out once more.

“Instead of waiting for you to say it, and me having to judge the truth or falsity,? It would be better to just kill you! Probing your soul is convenient!”

Lin Ran’s eyes were cold as the Condensed Frost Sword in his hand stabbed straight in towards Wolf Dove’s back.

“Lin Ran you!”

Wolf Dove’s face paled and he hurriedly flung his body around, but Lin Ran’s sword was firmly planted in his back, leaving him with no way to break free.

“Ah!”

Wolf Dove roared, and his huge true wolf body quickly transformed, but he was still back to his human form.

His palm had been broken all along, and he was busy using his hand to pull the long sword straight out from behind him.

At once blood was dripping.

On the side, Firebrand, who was lying on the ground, looked shocked and could not help gagging.

At this moment, he was thankful that he had not completely offended Lin Ran, otherwise with this tactic of the latter, it would have been difficult for their Fire Family to survive.

“It’s terrifying! This guy is simply too terrifying!”

Huo Yan muttered.

At this moment, however, Lin Ran had already put the Frost Condensation Sword back and looked at the Wolf Dove not too far away in front of him, with an icy coldness in his eyes.

In his true wolf body, Wolf Hatchet was still unable to defeat himself, not to mention the fact that he had changed back at this moment, which would be no different from waiting for death.

“Lin Ran, let’s talk, I can tell you everything you want to know!”

Wolf Hatchet said busily, at this time he was heavily injured and could no longer be a match for Lin Ran, this he knew very well.

“I’ve said that? It’s too late to say it now!”

Lin Ran said in a cold voice.

“Lin Ran! Don’t you force me!”

Wolf Dove said busily.

“You may be strong, but don’t forget that I’m at least at the Dan Creation Realm, if you really push me, believe it or not, I’ll just explode myself!”

Wolf Dove said.

The self-detonation of a former Dan Creation Realm person was extremely terrifying.

Earlier, Wolf Dove’s doppelganger had blocked Lin Ran’s pursuit with just one arm self-destructing.

The subsequent self-detonation of one leg had even flattened the mountain peaks that covered the buried bones, which was enough to see how powerful its self-detonation was.

Moreover, this was only a part of the body, if the wolf doves’ dantian exploded, it would be dozens of times more powerful.

Even Lin Ran would have to retreat, and as for Huo Yan, his death would be almost certain.

However, it seemed that Lin Ran could not listen to Wolf Dove’s words.

“Fine, then you can explode yourself! I’d like to see how terrifying the self-detonation of a Dan Creation Realm powerhouse must be!”

Lin Ran sneered.

“You!”

Wolf Hatchet’s eyes were icy cold, and for a moment, he was actually a little unsure of what to do.

“What? Don’t want to die?”

Lin Ran looked at him with playfulness in his eyes.

“If you were so willing to die, you wouldn’t have stuck around until now!”

Lin Ran said as he tapped his palm, and instantly the Condensing Frost Sword appeared in his hand again.

“Come on!”

“Lin Ran don’t you force me!”

There was madness in Wolf Dove’s eyes.

He really didn’t want to blow himself up, and he couldn’t see any hope in falling into Lin Ran’s hands other than death.

As a disciple of the Wolf King, even though he was a named disciple, he also had the seal set by the Wolf King in his soul.

As long as he betrayed the Wolf King, he would have no chance of survival at all, even if Lin Ran explored his soul.

Therefore, he knew that once he fell into Lin Ran's hands, there would really be no way to live.

"Falling into your hands is death, then you will have a good taste of the power of self-destruction!"

There was madness in Wolf Dove's eyes, and with a burst of strength under his feet, he actually lunged towards Lin Ran.

He was gambling again, gambling on a chance of survival.

At this level of cultivation, as long as the golden pellet in his dantian remained intact, he would still have a chance of survival.

But if even the golden pellet was gone, then it would really be gone.

There was an icy coldness in Wolf Dove's eyes as he came straight at Lin Tian.

"Really want to explode yourself?"

Lin Ran watched with a slight frown, his hands already squeezing several jade talismans.

"You die too!"

There was madness in Wolf Hatchet's eyes, and his body was already no more than a hundred metres away from Lin Ran.

At the same time, his entire body glowed brightly, and a white light wrapped all of his torso as he headed straight for Lin Ran.

"Is he really going to blow himself up?"

There was doubt in Lin Ran's eyes.

But the next moment, Wolf Dove's body actually exploded with a terrifying force.

With an audible "bang", his body instantly exploded, and a huge force swept towards Lin Ran.

"Shit!"

Lin Ran cursed, while the jade talisman in his hand was instantly crushed, and in an instant, countless formations rose out of thin air, directly enveloping Wolf Dove's entire body.

"On the rise!"

Lin Ran didn't dare to be careless, ? How terrifying was the power of a Dan Creation Realm powerhouse's self-explosion, he had set up a full ten layers of formations almost instantly, wrapping the Wolf Dove in them.

"Bang Bang Bang!"

Within the formation, the terrifying power was so overwhelming that it had instantly churned up half of the frontal formation.

And just as Lin Ran was about to condense a few more formations to resist the Wolf Dove's self-explosion, suddenly the power inside came to a screeching halt.

“Hmm?”

Lin Ran frowned slightly.

There was absolutely no way that the self-detonation of a Dan Creation Realm powerhouse could be this weak, not to mention ten layers of formations, even twenty layers might not be able to stop it.

But now, Wolf Dove’s self-explosion had only shattered five formations, so it clearly wasn’t a real self-explosion!

“Bang!”

Suddenly, just as Lin Ran was pondering in his mind, the remaining five layers of formations actually broke open out of thin air.

Followed by a fiery red inner elixir instantly rushing out, Lin Ran understood what was going on with just a glance.

“Trying to run! Leave it behind for me!”

Lin Ran’s palm fiercely probed out, and a huge palm shadow appeared out of thin air, grabbing the fiery red inner elixir in an instant

“Lin Ran! Spare me! Forgive me! I don’t know anything, I really don’t know anything!”

Wolf Dove’s voice came out from inside the inner elixir, at this point he was terrified beyond belief.

“Spare you? Do you think that’s possible?”

Lin Ran’s voice was icy as he waved his palm, and the fiery red inner elixir had already appeared in his hand.

“Still using self-destruction to trick me, you think you can escape just because your divine sense is hiding in this inner elixir?”

Lin Ran looked at the fiery red inner pellet in his hand and said in a cold voice.

Chapter 1315

“Lin Ran spare me, I can tell you anything you want to know, please don’t probe my soul, I have the Wolf King’s mark in my soul, once you probe you won’t only get nothing, you’ll also kill me!”

Wolf Dove said busily.

Lin Ran smiled at his words but laughed.

“Probing will kill you, won’t it kill you if you speak up then?”

“Listen to me, the Wolf King told me to tell you, he said it himself, the person you’re looking for is in the Sky Wolf Mountain, it has nothing to do with me!”

Wolf Dove said busily.

“Heavenly Wolf Mountain? Do you really think I’m a fool?”

Lin Ran said in a cold voice, while his palm was already raised, ready to probe Wolf Dove's soul.

"Don't! Don't do it, I have one more piece of information, as long as you promise not to probe my soul, I'll tell you everything I know!"

Wolf Dove said busily.

"Speak!"

Lin Ran said in a cold voice.

"You have to bring a promise to me first!"

Wolf Dove said busily.

"You are in no position to bargain with me and, speak or die now!"

Lin Ran said in a cold voice.

"You!"

Wolf Hatchet was furious, but there was nothing he could do at this point,? Lin Ran was right, he had no qualifications to bargain with Lin Ran at all.

"Fine! I say!"

Wolf Dove gritted his teeth and said.

"I've communicated with the Wolf King before, and based on where he was at the time, I can roughly tell that it should be inside the Sky Wolf Mountain Range!"

"Where in the Sky Wolf Mountain Range?"

Lin Ran asked, frowning.

"It should be in the Weak Water of the Skywolf Mountain Range Uh!"

Before Wolf Dove could finish his words, his voice abruptly stopped following.

At the same time, Lin Ran also saw that a crack had actually appeared on the Wolf Dove's inner elixir in his hand!

The crack spread rapidly and instantly covered the entire inner elixir of the wolf king.

"No! Your Highness the Wolf King spare your life!"

Wolf Dove shouted busily.

But it was all too late.

As Wolf Dove's voice rang out, the entire Wolf Dove's inner bile instantly ruptured, and a surging aura instantly filled out.

"Holy shit!"

Lin Ran couldn't help but curse, while hurriedly throwing the inner lining of the Wolf Dove out.

With an audible "bang", the inner guts of the wolf dove that had just been thrown out exploded instantly.

A crater was blown out of the open space in front of it.

The wolf dove had now completely fallen.

Lin Ran sighed helplessly as he looked at the deep crater blown out by the wolf-dove's inner guts.

In the end, he didn't get any useful clues.

"What was the last place he said about the weak water?"

Lin Ran thought in his mind.

Suddenly behind him was the voice of Flame-Yan.

"That's not weak water, that's a weak water stream!"

Lin Ran was stunned at his words and turned his head to look.

"You know this place?"

"Mm!"

Huo Yan nodded.

"This Weak Water Stream is a desperate place in the Skywolf Mountain Range that even the Skywolf King wouldn't dare to enter!"

"Why?"

Lin Ran asked.

"Because that place is a desperate place! Once you enter it you simply can't get out!"

Huo Yan said.

"Legend has it that the Weak Water Stream was formed when a powerful man's magic artifact was shattered during the Breaking War and the weak water inside flowed out!"

"The weak water there combined with the terrain to form an independent space, outside the space was all weak water, once you entered you couldn't get out at all, even cultivators couldn't stay in the weak water for more than three minutes or they would definitely be squeezed into dried meat by the weak water!"

Lin Ran frowned at his words.

He had also heard of weak water, it was said to be a very magical water.

Once a person got close, it would squeeze out all the water in their body, including their blood.

Ordinary people simply didn't even dare to go near the weak water.

“Could it be that Fatty and the others are hiding in the Weak Water Stream? But how did they get in?”

Lin Ran frowned slightly.

“Forget it, now is not the time to think about that, how do we get out of here?”

Lin Ran asked as he looked at Huo Yan.

Flame-Yan smiled awkwardly and said.

“Actually I don’t know either!”

“Hm?”

Lin Ran’s face instantly went icy cold at his words.

“You’re looking for death too?”

“No No, I’m not lying to you, the ancestral training only says how to get in, as for the way out you need to find it yourself!”

Fire Yan said busily, while pointing to the canon on the side of the altar.

“I’m sure the way out is in these canonical books, you can look for it!”

Lin Ran smiled and looked at the canonical books, there was indeed no other way out now, and with his own strength sitting here, he thought that Flame-Yan would not dare to deceive himself.

Lin Ran then went to the altar and began to look through the books.

The other thing was that after recovering for a while, Huo Yan ran to retrieve all his men who had disappeared before, and then together they started flipping through the tomes.

.....

The codexes were all very old, and Lin Ran only opened one before he found that the things recorded on them were very much like diaries.

There were many places where things were recorded before the war began, as if they had been recorded since they entered the Fey Demon Domain.

“Young Lord, I’ve found the kind of diversion method of the Wolf Dove!”

Suddenly, the voice of one of Flame-flame’s men recalled from the side.

Lin Ran turned his head to look, he also had some affection for this kind of splitting technique going.

After Fire Yan got the codex, he also noticed Lin Ran’s move and immediately sent it over first.

“Brother Lin Ran! Please!”

Lin Ran smiled lightly, and without being polite, he immediately took it over and flipped through it.

Only after a few moments of reading he lost interest, it turned out that this method of splitting a body was actually similar to taking over a body.

According to the textbook, it should be that the wolf turtledove had separated a wisp of divine sense to occupy someone else's body, and then gradually cultivated it into his own.

This kind of split body method was really of little interest to Lin Ran.

"Hurry up and find a way to leave!"

Lin Ran returned the codex to Fire Ancestor, and then continued to check out the other codexes.

Lin Ran was more curious about what had happened to the Fire Ancestor, so he focused on looking for it.

According to reason, the Fire Ancestor and the others were stationed here, so they should have been prepared for the foreign devils, but why they were still attacked by them was what concerned him the most.

Finally, after looking up almost dozens of canonical books, Lin Ran finally found one of the detailed accounts.

"After yesterday's great battle, Yue Liang came with his old friends from Dragon Lake to catch up and drink three large bowls of wine! It was truly a pleasure!"

Looking at the words recorded on it, Lin Ran was instantly shaken.

"Yue Liang? Long Hu? Could it be the Yue family and the Dragon family?"

Lin Ran suddenly felt that he had caught something, he was busy looking backwards, and sure enough there were a few big bright red letters at some of the end, which should have been written in blood.

"After a great battle, I have run out of oil, I am lucky to send my son away, I am worried about how to survive in the foreign demon world!"

"Hate! Hate! Hate! If my descendants are lucky enough to see me, remember that my death today is the result of a conspiracy by the two Dragons and Yue!"

"This!"

Seeing this, Lin Ran's entire expression had tightened up.

"The Dragon Family and Yue Family, they are indeed traitors!"

All of Lin Ran's previous suspicions were confirmed at this moment.

"But unfortunately, this only proves that it's the Dragon and Yue families of the Otherworldly Demon Realm, not the outside world, I just don't know if the Dragon and Yue families of the Otherworldly Demon Realm have a way to contact the Dragon and Yue families outside or not!"

"If there is, then wouldn't the Mysterious Alliance simply not know about these things, and those who are still killing the enemy on the battlefield, and the comrades who might be next to them are the enemies hiding around them!"

Lin Ran shuddered at the thought.

Chapter 1316

Flipping through the ancient books was still going on, and the crowd was at their wits' end in the face of the small mountain of books. Especially Fire Yan and the others, in order to find everything they could to get out of here and to improve the strength of their family, it could be said that they did not want to miss every line.

In this way, the crowd poured over the books for three days, finally finishing them all.

They found a way to leave this place of buried bones.

Fire Yan was even filled with joy as he found many books on gong methods and insights left behind by the ancestors of the Fire Family.

But to his regret, he never found any information about leaving the Otherworldly Demon Realm.

It was as if the Fire Family's ancestors had never intended to go out when they entered this Otherworldly Demon Realm.

"This is something you should have thought of long ago!"

Lin Ran said indifferently.

"How so?"

Huo Yan looked at Lin Ran in confusion.

"Your Fire Family's ancestor knew that he was no match for the Fey Demon, yet he chose to send his son out of the Burying Ground instead of directly out of the Fey Demon Realm, haven't you thought about the reason for that?"

"This"

Huo Yan was stunned.

Yes, faced with certain death, the ancestor should have preferred to send his son out of the Otherworldly Demon Realm, but why did the ancestor not do so?

There was only one possibility, and that was that even the ancestor did not know how to leave the Fey Demon Realm!

When he thought of this possibility, Huo Yan froze, but he was soon relieved.

Their Fire Family had been living in this Fey Demon Realm for hundreds of years, and they had long ago stopped caring whether they went out early or late. At least now that they had found a lot of tomes, they could raise their Fire Family's strength to a higher level.

"Let's go, it's time for us to go out!"

Lin Ran said indifferently.

Huo Yan nodded, he was clear in his mind that once he left from here, it would be almost impossible to come in again, so he had taken all that he could with him.

In addition, he was also clear that once he left here, Lin Ran would inevitably start settling the accounts of the people he had cheated before, he just didn't know how exactly Lin Ran would settle the score after all that he had gone through.

“Weng!”

The altar was only on, and the light suddenly lit up.

According to the canon, Huo Yan activated the altar, and at that moment a ray of light rushed into the sky, quickly enveloping Lin Ran Huo Yan and the others, before disappearing on top of the altar.

.....

Wolf Tooth Mountain, with the demise of Wolf Hat, was completely torn apart, and all the remaining people fled the area.

And the town's Chen family was also emptied of people overnight, everyone did not know what had happened, and no one came out to seize the Chen family's property, everything seemed to have happened out of nowhere.

Perhaps it would be some time before the people of the town realised that this time the Chen family had really gone.

Behind the remains of the mansion, in one of the Fire Family's courtyards, Lin Ran leaned back in his chair, sipping the fine wine in his hand, while opposite him sat Fisherman Wan and Zhao Yu respectively.

The two had a slight understanding of Lin Ran's trip to Wolf Tooth Mountain, most of which they had heard from Huo Yan after coming out.

And at this moment, Huo Yan was standing next to Lin Ran, not daring to say a word.

“Little friend Lin Ran, sorry for keeping you waiting!”

Soon after, Huosong came over with a smile.

The amount of codices that Huo Yan had brought back this time made him very satisfied.

But while he was excited, he was aware that their Fire Family had not yet reached a bottom where they could rest on their laurels.

Although the Chen Family had been destroyed and the Wolf Tooth Mountain was gone, the Lin Ran in front of him was now the biggest threat to their Fire Family.

“Senior Fire Pine, you should be very clear about the purpose of my visit this time!”

Lin Ran looked at Fire Pine with a bland expression, even with a hint of anger.

“Clearly!”

Fire Pine said busily.

“Little friend Lin Ran is strong and powerful, and it is indeed our Fire Family that has wronged you in this incident, so as long as you ask, whether it is money or women, I, Fire Pine, will certainly not refuse as long as I can!”

“What kind of person do you think I am, Lin Ran?”

Lin Ran frowned slightly at his words.

“I dare not! I don’t dare!”

Fire Pine was busy apologising with a respectful hand.

On one side, Fishwan and Zhao Yu looked stunned, especially Zhao Yu, in her opinion Lin Ran might not be that kind of philandering man, but being angry because of this seemed a little too sensitive.

She was unaware, however, that Fire Pine’s words sounded to Lin Ran’s ears as if they were insulting him, could he, Lin Ran, be put right with money and women?

“I’m telling you, you guys cheated me first, but Huo Yan was also right, you guys didn’t sincerely want to harm me, so I can stop pursuing anything, but let me say something ugly in front!”

“If I find a way to leave the Fey Demon Domain in the future? I, Lin Ran, am under no obligation to have to bring you guys along!”

Lin Ran said indifferently.

As soon as those words left his mouth, both Huo Yan and Huo Song froze.

Huo Yan, in particular, was busy speaking.

“Brother Lin Ran, you mustn’t! Our Fire Family has been trying to leave this place for a hundred years,? Now that no way to leave has been found within the land of our ancestors, we can only rely on brother Lin Ran for this matter!”

“Yes, little friend Lin Ran, if you are still angry, I can personally make amends to you, but don’t joke about leaving the Foreign Devil Domain!”

Fire Pine was also busy saying.

“Joking? You guys think I’m joking?”

Lin Ran laughed.

“You guys lied to me and still want me to take you out of the Fey Demon Domain, don’t you think it’s ridiculous?”

“The entire trip to the Wolf Tooth Mountain, it’s true that I had my own news to get from the Wolf Dove’s mouth, but it seems that your Fire Family has gained the most, right, I’ve been played like a gunman by you guys for so long, and you still want me to take you out of the Fey Demon Domain, don’t you think it’s excessive?”

“Little friend Lin Ran!”

Fire Pine still wanted to say something.

Instead, Lin Ran interrupted him with a wave of his hand.

“Of course, I, Lin Ran, am not an unreasonable person, but right now your Fire Family’s trust in my heart is at most twenty percent!”

“If you guys really expect to let me take you out, it’s not impossible! But I have one condition!”

“Little friend Lin Ran, please speak!”

Fire Pine said busily.

Lin Ran smiled lightly and said.

“It’s very simple! Let Huo Yan follow me, and I can consider taking you guys out when I have the chance in the future, otherwise you don’t expect me to come back on purpose to take you guys away!”

“This

Fire Pine was instantly silent.

“Father! I’ll go! This is about the fate of the Dao family, I’m willing to follow Brother Lin Ran!”

Huo Yan said.

In his opinion, if he could trade his life for the entire clan to leave the Fey Demon Domain, this was definitely a deal well worth making.

“I’ll give you an hour to think about it, I’ll leave here in an hour, so make your decision as soon as possible!”

Lin Ran said and stopped talking nonsense, turning his head to continue drinking.

A few moments later, in a strange space of the Fire Family, Fire Pine appeared out of thin air.

“Old Ancestor, what now?”

As soon as Fire Pine appeared, he busily asked.

“Say yes to him, this might still be a good building!”

The old ancestor said as he opened his bark-like eyes.

“Old Ancestor!”

Fire Pine had doubts in his heart.

Chapter 1317

The old ancestor spoke.

“You’re just worried about Yan’er’s safety, but think about it, you’ve also had so many contacts with Lin Ran, does he look like that kind of cold-blooded person?”

“Not like that!”

Fire Pine shook his head.

“Then that’s it, Lin Ran making this request is just preventing us from continuing to use him, as for Yan’er’s comfort he shouldn’t disregard it, besides this son is extraordinary having the strength of the peak of the Dan Making Scripture at a young age, Yan’er following him will only do more good than harm!”

The old ancestor’s eyes narrowed slightly as he said with a smile.

“Alright!”

Seeing that the old ancestor had said this, Fire Pine eventually had no choice but to compromise.

“I hope Lin Ran won’t harm Yan’er!”

Fire Pine muttered to himself.

In this current situation, the fate of the entire Fire Family was in his Fire Yan’s hands, and he had to be cautious in every decision he made.

For most likely, one decision on his part would cause the Fire Family to completely lose the chance of leaving the Fey Demon Domain.

An hour later, Lin Ran left with Huo Yan Yu Wan and Zhao Yu.

The fire family is a very important part of the family.

.....

“Tell me, do you know where the Sky Wolf King is?”

Lin Ran opened his mouth and asked.

There was another reason why he wanted to bring Flame-Yan with him, and that was that this fellow had lived here since he was a child and knew the place far better than he did.

“The Skywolf King is in Skywolf County!”

Huo Yan said.

“According to the information I have poked around for so many years, there are five regions in the Fey Devil Realm, east, west, north, south and central, and the place we are in is the Northern Region among them.”

“The Northern Region is also the territory of the Sky Wolf King, the entire Northern Region is dominated by him, and he is always cooped up in the Sky Wolf Mountain Range, where the Weak Water Stream is located! And the entire Sky Wolf Mountain Range belongs to the sphere of influence of the Sky Wolf County!”

“Tian Wolf County?”

Lin Ran frowned slightly as he listened.

It seemed as though this Celestial Wolf County was a very large area.

“The Skywolf County is the most prosperous place where the Skywolf King sits, and although this is the Fey Demon Realm, more often than not it will also be a society! There are cultivators and ordinary people here too!”

Firebrand said.

“How long will it take to get there if we leave now?”

Lin Ran looked at the fact that it was already nearing noon and opened his mouth to ask.

“Ten days at most! I know a shortcut that will get us there in five days!”

Huo Yan said.

“A shortcut? You’ve been there?”

Fisherman Wan on one side asked.

“No, it’s what the invitation paper said!”

Fireyan said.

“Take the shortcut and get there in five days!”

Lin Ran said directly.

Seeing this, Fire Yan said no more, and immediately led the way in front.

The place where Lin Ran’s group was, and the Skywolf County were only seen straddling a mountain range.

This mountain range was very vast, and Wolf Tooth Mountain was also a mountain on this mountain range.

And this mountain range stretched across the confines of the Skywolf County and was known as the Erlang Mountain!

Because there are two very high peaks within the boundaries of the Celestial Wolf County, whose height happens to be somewhat shorter than that of the Celestial Wolf Mountain Range, as if they were the two front coyotes of the wolf king, they are also called Erlang Mountains.

Just a few hours later, the crowd had reached the middle of this mountain range, and the next thing to do, was to cross this mountain range and enter the boundaries of the Skywolf County.

“The intelligence said that crossing this mountain range would save four or five days of travel, but there are many fierce beasts on this mountain range, so we have to be careful!”

Fire Yan led the way ahead and spoke up to warn.

“Fierce beasts?”

Lin Ran frowned.

“That’s right, the beasts here are extremely fierce, some of them can even tear apart a Heaven Seizing Realm powerhouse in one bite!”

Huo Yan said.

Lin Ran’s frown tightened at his words, according to this Fey Devil Domain, I’m afraid that most of the beasts living here were also infested with demon blood, and I’m afraid that such beasts could no longer be called beasts.

More than likely, they already possessed the bloodline of a devil beast, they just hadn’t reached the perversity of a devil beast yet.

“Hearing you guys talk about it so terribly, is it really true?”

On the side, Zhao Yu didn’t think so.

At this moment, she was still treating this as more of a trip, although she also knew that this foreign demon domain was dangerous, but every time it was crucial she would be put away by Lin Ran, so the moments of truly facing danger head on were still few after all.

“It doesn’t matter if it’s true or not, what matters is that you must be vigilant!”

Lin Ran said.

Zhao Yu nodded and didn’t put too much thought into it.

For the rest of the afternoon, the crowd was in a hurry.

It was only when the sun set and the sky grew dark that the group built a fire under a giant tree and took a short rest.

Lin Ran had the little world of the pillow book inside him, so naturally there was no shortage of food, but it was just that the night in this mountain range was very cold, making both Yuwan and Zhao Yu a little uncomfortable.

It was a good thing that the cold was not so intense after the fire had been burned a little more vigorously.

Time passed by, and when the dawn was about to shine on the earth, suddenly a woman’s cry of alarm sent all the birds in the forest flying.

“What’s going on?”

Lin Ran snapped open his eyes and instantly saw that Zhao Yu on the side had actually been swept up into the sky at some point by an object as thick as his arm.

Rather, the fisherman’s wan on the side had been stunned silly, frozen in place and motionless.

“Don’t resist!”

Lin Ran didn’t have to say much, so he waved his hand and took Yuwan into the small world.

At this moment, Flame-Yan at the side was also awakened, and he recognised what it was after just one look.

“That’s a three-headed snake, only it’s not yet an adult, and this thing is highly poisonous!”

Huo Yan said busily.

Lin Ran also noticed at this moment that there were two snake pupils only on the high altitude that were glowing blood red, and on either side of the snake’s head, there were even bulging things, which should be the other two snake heads that hadn’t grown out yet.

“You stay here, I’ll go and rescue someone!”

Lin Ran said in a cold voice, followed by a cold flash in his hand, the dagger’s broken tip had already appeared in his hand.

At the same time, Lin Ran slammed his paws on the ground and rushed towards Zhao Yu, who was only tied up in mid-air.

When the three-headed snake saw Lin Ran charging towards his prey, it became furious and its huge head swung around and slapped at Lin Ran.

“Roll!”

Lin Ran waved his dagger with a broken tip and slashed towards the snake’s head.

A series of metallic clashes were heard as the dagger failed to cut through the three-headed snake’s scales at first.

It was only after Lin Ran then increased the force that he heard a “poof” as the broken tip of the dagger plunged heavily into the three-headed snake’s body.

“Bang Bang!”

The three-headed snake’s body twisted wildly as it suffered pain.

Lin Ran found his chance and lunged towards Zhao Yu as soon as he stepped on the snake’s body.

“Break!”

Lin Ran’s eyes were icy cold as a dagger in his hand slashed through a cold aura, instantly cutting a slit into the snake’s tail that was wrapped around Zhao Yu.

The three-headed snake twisted its tail, not wanting to let go of Zhao Yu, which was her food.

But Lin Ran followed with another dagger, instantly slicing the snake’s tail in two.

The snake’s tail snapped and Zhao Yu fell towards the bottom at once.

Lin Ran was busy chasing after her, and was just about to take Zhao Yu into the small world.

Who knew that at that moment, the huge snake’s head came poking through and opened its huge mouth to bite Zhao Yu directly in the mouth.

Almost instantly, Zhao Yu's whole body turned purple and he passed out.

The three-headed snake did not dare to stay, twisting its broken tail and scurrying away towards the forest ahead.

Chapter 1318

"Bastard!"

Seeing this, Lin Ran immediately took an arrow step and gave chase, his whole body's aura exploding violently, shattering all the tree branches and trunks along the way.

"Brother Lin Ran, wait for me! These snakes all live in groups!"

Huo Yan said as he chased after them.

And at that moment, the first rays of the morning sun had shone into the forest, and the sky had already dawned.

Lin Ran's eyes were filled with icy coldness as his speed exploded to the extreme, the broken tip of the dagger in his hand continuously blasting at the three-headed snake's tail.

The snake's tail, which had already been severed, was now drenched in blood and was continuously pouring out.

Suddenly, the forest ahead suddenly disappeared, followed by a clearing the size of a football field.

And in front of the empty space was a cliff, on which an even bigger three-headed snake was coiled on the cliff, its head poking out and looking down.

"This is?"

When Lin Ran saw this even bigger three-headed snake, he couldn't help but feel a sinking feeling in his heart.

The smaller one in front of him seemed to be the mate of the one above

"Brother Lin Ran, don't chase after it, that three-headed snake isn't not grown up, that's a female! It must have just laid eggs, that's why the other two heads have been put away!"

Behind them, Fireflame had already caught up.

"That's just a male snake up there, it's hatching its young!"

"So what!"

Lin Ran said in a cold voice.

"The current three-headed snakes are the most brutal in temperament, once you provoke them, it will definitely be unforgiving!"

Huo Yan busily said.

"Then kill it!"

Lin Ran's eyes were icy cold, and the dagger with the broken tip in his hand had been put away, replaced by the Condensing Frost Sword.

There was no way he could watch Zhao Yu being killed by these snakes, and I was afraid that the three-headed snake venom had already entered Zhao Yu's body at this point, whether he could be saved or not was still a different matter.

"Chop!"

Lin Ran waved in the air, and at once the long sword in his hand went straight for the already severely wounded three-headed snake.

The three-headed snake seemed to know that it had no chance of survival, and at the point of death it actually threw Zhao Yu towards the sky, and was wrapped up by the tail of the even bigger three-headed snake above it.

The three-headed snake, with three heads and six eyes, looked firmly at Lin Ran, ready to attack, while the huge snake's tail which was wrapped around Zhao Yu, sent her into the cave behind it.

Lin Ran frowned as he watched.

This three-headed snake was clearly giving was preparing food for the eggs in the cave.

"Seeking death!"

The killing intent in Lin Ran's heart intensified, although Zhao Yu had dumped him, she was his first love after all, he couldn't just stand by and watch her die in the snake nest.

His heart burst with killing intent, Lin Ran jumped straight up into the air with his Frost Condensation Sword in hand, ? With a swing in the air, a huge sword shadow immediately went straight for the three-headed snake.

The three-headed snake was not willing to show weakness either, twisting its three huge snake heads to meet the sword shadow heavily.

"Bang Bang Bang"

The sword shadow and the three-headed snake collided, and a burst of metallic sparks erupted in an instant, the sword shadow did not break through the three-headed snake's defense at all.

"What terrifying scales!"

Lin Ran couldn't help but frown.

He had expected this before, the beasts on this mountain range had absorbed the demon blood and were afraid that they had mutated, he just didn't expect the three-headed snake to be this strong after the mutation over here.

"If hard doesn't work, then let's try soft!"

Lin Ran's eyes were icy cold, and instantly an ice crystal bloomed out on the Condensing Frost Sword only.

Following this, one by one, the ice crystals flew towards the three-headed snake as if they were scattered by a heavenly maiden.

Soon, when the first ice crystal reached the three-headed snake's body, a layer of ice crystals spread rapidly over the snake's body.

In the blink of an eye, the original fierce three-headed snake was frozen into an ice sculpture.

The three snake heads even opened up huge and seemed to be struggling.

"Break it for me!"

Lin Ran flung his Condensing Frost Sword in his hand and instantly stabbed towards the giant mouth of one of the snake heads.

"Bang Bang Bang!"

The Frost Condensation Sword instantly stabbed through the snake's mouth, resounding with a series of cracking sounds as two of the original three snake heads were instantly removed by Lin Ran's battle.

At the same time, the ice crystals all over the three-headed snake's body also dissipated at this time.

The three-headed snake was badly injured, and with a swipe of its tail it fell off the mountain wall and onto the ground, frantically fleeing towards the forest.

Lin Ran glanced at it indifferently and did not give chase as he dashed in towards the cave with a flash.

Flame-flame looked relieved from the ground and sat down on his butt.

"Fortunately! Luckily, Brother Lin Ran wasn't hurt, and I don't know how Zhao Yu is doing!"

There was worry in his eyes, the snake poison of the three-headed snake was very intense, and he didn't know if Zhao Yu would be able to carry through this one.

.....

But Lin Ran, after entering the cave, smelled a pungent fishy odor.

He was busy using his true qi to block his nose, which made him feel better.

Deeper into the cave, he soon saw Zhao Yu's figure, only at this moment, her former skin was black and purple, and the venom seemed to be starting to take hold.

He hurriedly stepped forward and input a stream of Medical Dao True Qi, locking all of Zhao Yu's meridians, while the latter's venom was already all over her body at this time, and if she was not treated in time she feared that she might die at any time.

"This kind of venom isn't difficult to eliminate, but I'm afraid it's too late!"

Lin Ran frowned.

He could cure this poison, but the most important thing now was that there was simply not enough time.

It would take time to detoxify Zhao Yu with his Medical Dao True Qi, and I was afraid that the latter would already be dead before he could completely tap out the venom.

“There will be an antidote within three steps!”

Lin Ran suddenly remembered this unchanging warning quote and immediately started looking around.

But for anything that was highly poisonous, there was definitely an antidote nearby, this was a surprise that mankind had summed up over their long lives.

Sure enough, after searching for a few moments, Lin Ran found a blood-red plant on one of the walls inside the cave.

Lin Ran immediately yanked the plant off, and then used his true qi to extract the essence inside and fed it to Zhao Yu.

Once the herbs were in his mouth, Zhao Yu’s complexion improved significantly, and then Lin Ran sent a stream of medical true qi into Zhao Yu’s body.

It was believed that the true qi combined with the herbs would completely eliminate the toxins in less than a day.

Only then did Lin Ran breathe a sigh of relief and took Zhao Yu into the Small World.

Only at this point did Lin Ran have the time to look around the cave.

The space inside the cave was huge, so the three-headed snake should have been living here before.

In the middle of the cave were five eggs the size of a dragon’s egg, which should have been the three-headed snake’s eggs.

Lin Ran didn’t kill the three-headed snake completely because he was considering that there were still young snakes, as the saying goes, leave a line of sight, and he didn’t want to kill them all!

“Clang, clang, clang!”

Suddenly, just as Lin Ran turned around and was about to leave, a metallic sound suddenly rang out next to him.

Lin Ran turned his head to see that at some point a bottle covered in mud had fallen out of a crack in the mountain wall, seemingly where he had just plucked the herbs himself.

Lin Ran picked the bottle up and shook the mud off of it, and instantly a palm-sized exquisite purple and gold bottle appeared in his hand.

The bottle should have been in the gap behind the herbs before, Lin Ran had plucked off the outside herbs to cure Zhao Yu, and the bottle inside had fallen out.

“A purple gold bottle? What the hell is this thing?”

Lin Ran took the purple gold bottle and looked at it for half a day, but he didn’t find any use for it either, even inputting his true Qi of the healing dao didn’t respond.

Chapter 1319

“What the hell is this thing?”

Lin Ran frowned, how could there be such a thing in the nest of snakes was beyond comprehension.

“Forget it!”

Unable to understand, Lin Ran didn't bother to think about it anymore, he immediately turned around and left the snake nest, as for the snake eggs inside Lin Ran didn't bother to care.

“How was it?”

Seeing Lin Ran come out, Huo Yan was busy shouting at the top of his lungs.

Only when he saw Lin Ran nodding did Huo Yan breathe a sigh of relief.

The two of them then went to a small stream, and only then did they move Yuwan and Zhao Yu out again.

“How is she?”

Yuwan asked, she had been taking care of Zhao Yu inside, but the latter's condition was something she did not understand at all.

“The toxins are already dissipating, she will be fine in a day at most, but the external wounds still need time to heal!”

Lin Ran said, while handing a few herbs to Yu Wan.

“Grind them down and put them on her when you're free!”

With that, Lin Ran fetched some water and wiped the blood from Zhao Yu's face.

Although Zhao Yu didn't have the strength to speak at this moment, she was watching Lin Ran's actions in silence with her eyes open, her heart a little sour.

There was a time when she could have easily received this kind of care from Lin Ran, but at that time she did not know how to cherish it, and now, it had become a luxury to get it.

Soon, Zhao Yu's eyes became moist, and tears flowed down her cheeks indisputably.

“Alright, it's time for you guys to go back!”

Lin Ran said, while putting the two away with a wave of his palm.

Without Zhao Yu and Yuwan, Lin Ran and Huo Yan's rush was much faster.

Two days later, Zhao Yu's injuries had basically healed, but his body was still a little weak.

At this time, the group was already less than a day's journey away from the Skywolf County, and standing on the higher part of the mountain range, they could even faintly see the city of the Skywolf County.

“In one day, we will be able to enter the territory of the Heavenly Wolf County!”

Fire Yan said, this was the first time in his life that he had come to the Skywolf County, and he was still a little excited when he thought about it.

“Let’s go, hurry up and catch up!”

Looking at the time it was only noon, Lin Ran spoke.

“Mhmm!”

The crowd had no objections and immediately continued on their way.

Only this time, they had only just walked for less than an hour when a sound of a fight suddenly came from ahead.

“Go check it out!”

Lin Ran immediately led the four of them to feel their way towards the front, and then discovered the source of the commotion ahead on a hill.

It was two groups of people, one of which was all male and each wearing wolf skin armour, while the other side was clearly a little looser, and there were even female family members inside, much like a hunting party out for a hunt.

“What do you want? We’re from the Xu family of the Heavenly Wolf County, so get lost if you don’t want to die!”

In front of the woman, a middle-aged man said with an icy face.

He was none other than the Chief Steward of the Xu Clan of the Heavenly Wolf County, Liu Shan!

“Liu Shan! What are you pretending to be cross with me? You think I don’t know about you!”

A young man suddenly walked out from the opposing crowd, his voice disdainful.

“Master Dog?”

Seeing the youth, Liu Shan’s face instantly changed.

“What does your Huai family want?”

Liu Shan asked in a cold voice.

“What for? Gang Ran is picking up our Huai family’s daughter-in-law to go back, what? You want to take care of this too?”

The young man named Master Dog said disdainfully.

“Bullshit, our lady didn’t agree to your Huai family’s marriage proposal!”

Liu Shan said in a cold voice.

The young woman at the back also clenched her pink fist at his words, she was none other than the Xu family’s eldest young lady, Xu Yuan.

“Liu Shan, this is a marriage between your young lady and our gongzi, who the hell are you? You are also worthy of your words?”

Master Dog said disdainfully, while turning his head to look at Xu Yuan.

“Miss Xu, you know our young master’s temper, he is always in a hurry in everything he does, this is not because he is thinking about his new daughter-in-law, that’s why he asked us to come and invite Miss over first!”

“How dare you!”

Xu Yuan said with forced composure.

“Let’s not talk about the fact that I haven’t agreed to Huaiyin, even if I did, how could I go to your house before I’ve even gotten there!”

Xu Yuan said angrily, the Huai family’s son was Huai Yin, this Huai Yin was always greedy for women, and he had caused a lot of trouble to women in the Sky Wolf County, but no one could do anything about him, just because his father, the family head of the Huai family, was a disciple of the Sky Wolf King.

Even though Xu Yuan’s father was also a member of the Heavenly Wolf King, he was not a disciple after all, so his status was still inferior.

The other day, Huaiyin found out about her and asked her father to propose a marriage, and even brought out his father.

Xu Yuan was in a bad mood, and this was the only time she came to the Erlang Mountain Range for a trip today, who knew that Huai Yin had actually set his eyes on her long ago.

“Eldest Miss, let’s not talk about such nonsense, we will only listen to our young master, he wants to see you and we naturally have to bring you there!”

Master Dog said and touched the machete in his hand, laughing.

“Think about it yourself, do you want to come with us straight away? Or do you want to wait until I’ve killed all these mongrels around you and then take you there?”

“How dare you!”

Xu Yuan was so angry that her face turned blue.

“My father is also a member of the Sky Wolf King, if you dare to touch me, he won’t spare you!”

“Your father? Xu Xiong ah!”

Master Dog laughed at his words.

“Missy, it’s alright for you to scare me with your father, but if you want to scare our Duke, I’m afraid that’s not enough! You don’t even ask around, our son’s father is a disciple of the Heavenly Wolf King! Your father’s status? Do you believe that even if he died, Lord Sky Wolf King wouldn’t even frown?”

“You!”

Xu Yuan was so angry that her face turned even uglier, although what Master Dog said was hard to hear, it was indeed the truth.

Otherwise, she wouldn't have come to this kind of place for pleasure, just because she was afraid that she would run into Huaiyin in the Skywolf County, and then another encounter would be inevitable.

"Alright, I don't have time to talk nonsense with you here either, one minute to think about it, if you don't take the initiative to come with me, then don't blame me for not being polite!"

Master Dog sneered, with bemusement in his eyes.

And at this moment on the side of the hill, Lin Ran was seeing frowns.

"This Xu Yuan is Xu Xiong's daughter, Xu Xiong is the one who sits down with the Sky Wolf King, the two people who are in charge of the martial law of the Sky Wolf Mountain Range, one of them is his father, and the other is the head of this Huai family!"

Fire Yan said to Lin Ran as he flipped through the information he had brought out from his family.

"You're saying that these two leaders of strength are both leaders of the Martial Law Skywolf Mountain Range?"

Lin Ran asked with a frown.

"Yes!"

Flame-Yan nodded his head.

Lin Ran nodded slightly at this.

He was still worried about how to infiltrate the Skywolf Mountain Range, so it seemed like a perfect opportunity had come right now!

"Later on, you all stay put and wait for me to make my move!"

Lin Ran spoke.

"You're going to save her?"

Huo Yan asked.

Lin Ran didn't hide and nodded his head.

Flame-Yan seemed to understand Lin Ran's intentions, and nodded without further ado.

And a minute of time quickly passed.

The Dog Master at the front, too, had finally lost his patience.

"How's it going with the consideration?"

Master Dog looked at Xu Yuan and the others and asked with a cold smile.

"I said, you don't think about it!"

Xu Yuan looked at Dog Eyes, with worry in her eyes.

“Humph! If you don’t eat your wine, then don’t blame me, Master Dog, for not knowing how to show mercy!”

Master Dog laughed coldly, and then with a swirl of his palm he scolded.

“Do it! Except for Xu Yuan, if anyone else dares to interfere, they will be killed!”

“Yes!”

A group of guards beside him heard the words and immediately surrounded Xu Yuan and the others.

Chapter 1320

“What do you want! Don’t you dare touch me, my father”

Xu Yuan said.

However before the words could be finished, she was interrupted by Master Dog.

“What your father your father, your father can be locked up here with a longer arm? Here the old man is your father!”

“Do it!”

As Master Dog’s words fell, at once the surrounding group of guards rushed towards Xu Yuan and the others.

In an instant, the two sides were once again engaged in a battle.

Obviously, Xu Yuan’s side was not as strong as the other side’s men, and they quickly fell into a disadvantage as soon as they exchanged blows.

Master Dog was watching with a sneer as the men on his side quickly tackled Xu Yuan’s side or tipped them to the ground, and the scene was soon to be controlled by their side.

“Miss, get out of here!”

Liu Shan had anger in his eyes as he swung his sword out, toppling the two enemies in front of Xu Yuan to the ground.

“Uncle Liu!”

Looking at Uncle Liu, there was anxiety in Xu Yuan’s eyes.

Although Uncle Liu was only the housekeeper of their family, he had grown up watching her, and in her eyes, he was no different from her own uncle.

“Miss, hurry up!”

Uncle Liu was busy urging, he knew very well in his heart that if Xu Yuan didn’t leave again, later even he couldn’t guarantee the latter’s safety.

He knew that their side was already somewhat unable to cope before Master Dog had even struck, if Master Dog struck again, I was afraid that their side would have to be defeated in an instant.

“Take care of yourself, Uncle Liu!”

Xu Yuan gritted her teeth and turned around, taking a few of her personal guards with her to run.

On the side, Master Dog laughed at this.

“Go? Where are you going to go while I’m here!”

With that, Master Dog’s hand flashed coldly and a longsword flew out at once.

“Miss, run!”

Seeing this, Uncle Liu was busy facing towards the longsword.

However, the difference in strength between him and Master Dog was really big, and in just one glance, he was instantly knocked to flying out and a mouthful of blood spurted out.

“Uncle Liu!”

Xu Yuan’s eyes instantly turned red at the sight.

“Run ah? If you run one more step I’ll kill him!”

Master Dog took his long sword and placed it on Liu Shan’s neck, even though it could have ended the latter’s life.

“Don’t! You stop!”

Tears flowed from Xu Yuan’s eyes, asking her to watch Uncle Liu die for herself, she couldn’t do it no matter what.

“Miss! You go!”

There was anxiety in Liu Shan’s eyes, but he knew in his heart that Miss was a man of character, and he was afraid that none of them would be able to leave today.

“Haha! That’s right!”

Seeing Xu Yuan finally stop running, Master Dog smiled and nodded, while gesturing at his men, followed by someone going up to bring Xu Yuan back.

“I’ll go with you, let Uncle Liu and the others go!”

Xu Yuan looked at Dog Eyes and said in a cold voice.

“Haha! I said you’re a big lady, but you’re really stupid and cute!”

Dog Master laughed.

“You think Laozi will really let them go today?”

“You!”

Xu Yuan's face suddenly turned white.

Master Dog, however, his face snapped cold and he chided.

"Do it! Leave no one behind!"

"Yes!"

A cold aura erupted in the eyes of the guards, and they all rushed towards those from the Xu family.

The Dog Master even held a long sword in his hand and slashed directly at Liu Shan's head.

"Clang!"

At this moment, a cold aura flew past, and the long sword in Master Dog's hand was thrown away, while a snow-white long sword stuck at Master Dog's feet with a "clang", causing him to retreat several steps, with panic in his eyes.

"Who! Who the hell dares to meddle in the Huai family's affairs!"

"Is the Huai family very powerful?"

A bland voice rang out, followed by Lin Ran walking out from the side, and with a move of his palm the Frost Condensation Sword returned to his hand.

"Kid! Who are you?"

Master Dog looked at Lin Ran with caution in his eyes.

"It doesn't matter who I am, what matters is that you can get lost!"

Lin Ran looked at Dog Eyes blandly, his words held certainty.

"What did you say? We're"

"Rub it in!"

Before Dog-Eye could finish his words, the Condensed Frost Sword in Lin Ran's hand was already raised once more and pointed at him in a cold voice.

"I'm saying it for the last time, get lost!"

"You're looking for death!"

Master Dog was infuriated, and with a wave of his palm the longsword also instantly flew back.

Without saying a word, he copied the longsword and stabbed it straight at Lin Ran's chest.

"I've already given you your chance!"

Lin Ran's expression was indifferent as he followed the longsword in his hand with a stab out of thin air, and instantly Master Dog's entire body froze in place.

"You"

There was disbelief in Master Dog's eyes, as Lin Ran's seemingly empty stab had already passed through his body with the Condensing Frost Sword.

"I gave you a chance!"

Lin Ran said indifferently, following which the Condensed Frost Sword was pulled out of Master Dog's chest, while the latter instantly lay on the ground.

"This"

Those people beside Master Dog saw this and one by one, they all turned around and ran in fear, some even ran in the wrong direction.

Lin Ran put away the Condensing Frost Sword and turned around just as he was about to leave, when Xu Yuan, who was at the side, spoke up.

"Please stay, my lord!"

"Something's wrong?"

Lin Ran turned his head to look at Xu Yuan.

"May I ask your name? I will thank you for saving my life today!"

Xu Yuan said, while her eyes sized up Lin Ran's body, and was instantly drawn to the latter's appearance and temperament.

Lin Ran was dressed in white, with a long sword in his hand and an awe-inspiring aura, he was simply the kind of man Xu Yuan had been dreaming of.

At once, Xu Yuan's pretty face turned red.

"Forget about paying your respects, I don't think I'll see you again in the future since I live in a place where I don't know where I live!"

Lin Ran said and was about to leave.

Xu Yuan was unwilling to do so and was busy opening her mouth to ask.

"Is your Excellency going to Skywolf County?"

"How do you know?"

Lin Ran asked.

"Your Excellency is going to Tian Wolf County, and my family is also in Tian Wolf County, so why don't you come with me? I would also like to do my best as a host and thank you for saving my life!"

Xu Yuan said.

Lin Ran frowned slightly at his words, and after a moment nodded his head.

"Yes, it's a bother!"

"No trouble!"

Xu Yuan laughed, while busily running to help Liu Shan up.

Liu Shan also smiled at Lin Ran and arched his hand as a way to thank him for saving his life.

“By the way, I still have a few friends, can I?”

Lin Ran suddenly asked.

“No harm done!”

Xu Yuan instantly laughed.

“By the way I don’t know the name of your son!”

“Mu Xi!”

Lin Ran said after thinking about it, this place was close to the Skywolf County, using his real name would probably expose him, so he came up with this hidden name.

“Thank you, Sir Mu, let’s set off now!”

Xu Yuan smiled and immediately led the way in front.

Huo Yan and Zhao Yu as well as Yu Wan also quickly followed, greeting the group.

Zhao Yu frowned and didn’t say anything, but instead it was Yuwan who spoke up.

“Isn’t this a bit not very nice of Lin Gongzi, it always feels like he is cheating Xu Yuan!”

“It’s true that it’s not very good, but Lin Ran didn’t deceive her about anything! She originally bumped into her and then saved her, and she invited Lin Ran to her home as a guest in return for her kindness, so what’s wrong with that?”

Huo Yan said.

“It’s so wrong, from the beginning he approached Xu Yuan with the intention of getting closer to the Xu family! Moreover, it’s also called Mu Xi by anonymous name, this is simply cheating!”

Suddenly, Zhao Yu next to her spoke up.

She suddenly felt as if Lin Ran had become very calculating as well.
