

Wonder Doctor

Chapter 1321

On the side, Fireyan smiled but shook his head with a smile.

“It’s fine for you guys to say that, but think about the choice he has?”

“He has to save his friends, he also has to protect us, and at the same time he has to watch out for the Sky Wolf King’s sneak attack, and if he doesn’t do anything about this incident, Xu Yuan will definitely be finished, so in the end he can’t do anything about it!”

“Moreover, if a person comes from outside to the Fey Devil Domain, if he doesn’t have a bit of heart, I’m afraid he would have died hundreds of times already! Ask yourselves, don’t you have any heart?”

Both Zhao Yu fell silent at his words.

It was true that Lin Ran had no choice, and the path was right in front of him, and it was the same path in the Other Demon’s Domain, Lin Ran was not a saint either, whether it was to save Wang Yifeng and Long Ya and take Zhao Yu Yu Wan and the others out safely, or simply to save Xu Yuan, he had to do it.

So what if there was a purpose to begin with, in the end, Lin Ran still saved Xu Yuan, and as for what the latter thought of Lin Ran, that was out of his hands.

.....

With Xu Yuan and the others heading to the Skywolf County, all along the way Xu Yuan had something to do with gossiping with Lin Ran.

“Duke Mu Xi, I don’t know if you’ve come to Skywolf County?”

Xu Yuan looked at Lin Ran and asked with a smile, but there was a light in her eyes that was hard to conceal, it was love and admiration.

“I’m sorry it’s not quite convenient to say!”

Lin Ran said awkwardly, this so, saying that I’m here to trouble the Skywolf King? I’m afraid that the Skywolf King would already know before we even reached Skywolf County.

“It’s alright, I was the one who was abrupt, by the way then it must be your first time in Skywolf County!”

Xu Yuan laughed.

Lin Ran nodded his head.

“Then let me tell you about Skywolf County, I grew up here and am very familiar with it!”

Xu Yuan laughed.

As Harmony watched the two talk and laugh, both Zhao Yu and Yuwan couldn’t help but feel a little sour in their hearts.

They just didn't know why they were sour, they probably just didn't want to see Lin Ran chatting so passionately with another woman.

Huo Yan looked at the two of them, and then at Lin Ran in front of him, and felt a sigh in his heart.

"It's so hard to be a man! Especially a good man, it's even harder!"

"You said that your father and the Huai family head who just stole from you, worked together?"

Lin Ran looked at Xu Yuan with some surprise.

"Yes, that Huai family head is named Huai Mo, a disciple of his Lord Skywolf King, while my father is just a subordinate, and although they undertake the task of martial law in the Skywolf Mountain Range together, their status is higher than my father's! Otherwise they wouldn't dare to bully me so blatantly!"

Xu Yuan said atmospherically.

"Hm!"

Lin Ran nodded at his words, secretly saying in his heart.

"This is a bit difficult, I was thinking that if I could enter the Skywolf Mountain Range from Xu Yuan's father, but now it seems that only Xu Yuan's father is afraid that it won't work, I have to find a way to take care of the Huai family Huai Mo.

"Can you talk to me carefully about this Huai family?"

Lin Ran suddenly asked.

"Yes!"

Xu Yuan begged, and immediately opened the box to talk again.

It turned out that the Huai family's Huai Mo was considered a renounced disciple of the Heavenly Wolf King, this person, although you were a disciple of the Heavenly Wolf King, had mediocre qualifications and average strength, almost the same as the Wolf Hat of the Wolf Tooth Sect were both in the middle stage of the Dan Making Scripture.

This kind of strength, in the sky wolf king's many disciples are considered average, in addition to not hard enough relationship, so it became a person responsible for the guard.

The disciples who were truly favoured by the Heavenly Wolf King, however, were all at least at the late Dan-making realm, just one level away from the Heavenly Wolf King, and this kind of strength was the absolute core of the Heavenly Wolf King's side.

One should know that the further back one's strength is, the more difficult it is to advance, and some are even likely to be stuck in the Dan-making Scripture for the rest of their lives.

Although the Heavenly Wolf King was at the peak of the Dan-making Scripture, just like Lin Ran now? But one should know that he had been stuck at this realm for an unknown number of years.

Even if his later disciples had reached the late Dan-making realm and were only one realm away from the Skywolf King, they would still be a slap in the face to the latter.

This was a matter of accumulation, strength was sometimes one aspect, and accumulation would often make a person stronger too.

Chatting along the way, soon the crowd had seen the entrance to the Skywolf County.

After three or four days of trekking, at this time, Lin Ran and the others had finally arrived at the Skywolf County.

Standing at the entrance of the Skywolf County, Lin Ran and the others could not help but feel a burst of emotion.

Especially Lin Ran, looking at the ordinary people coming and going at the entrance of the city, as well as some cultivators wearing armour or robes, he couldn't believe the emotion.

"Is this still a foreign demon domain? It looks completely indistinguishable from a peaceful world."

Just who would have thought that under this peaceful life, what was hidden was a shocking conspiracy.

"Perhaps the people living here will never know for the rest of their lives that they are actually living in a battlefield!"

Lin Ran said secretly in his heart.

"Life is a battlefield everywhere, it's good that they don't know, it's better than being comfortable knowing!"

The pillow's voice suddenly rang out.

Lin Ran smiled helplessly and said.

"I just find it a bit hard to bear, they are just ordinary people, but they are involved for a good reason!"

"This is war!"

The pillow said.

"When the heart has greed, war will not stop, that's life! Whether it's here, or in the Immortal World, as long as there are people there are rivers and lakes, as long as there are people there is strife!"

Lin Ran sighed and said no more, and immediately followed Xu Yuan and the others into the Skywolf County.

.....

The Skywolf County was a lively scene, with stalls all over the sides, everything from beast skins, bones, weapons, secret books, etc. If Lin Ran hadn't known before that this was a foreign demon domain, I'm afraid he would have really thought of this place as an ordinary marketplace alley.

"Yo! Isn't this the Xu family's eldest miss, Xu Yuan? How come she's back safely?"

As the crowd was walking, suddenly an ear-piercing voice came over.

Turning their heads to look, they saw a youth standing in front of the crowd, blocking the way, and behind him this was followed by five soldiers in wolf skin armour, each with a morbid killing intent on their faces.

The youth was none other than Huaiyin.

“Get lost!”

Huaiyin was holding a teenage child in his hand at the moment, and flew up and kicked the child straight out.

“Damn it! Don’t open your eyes, dare to hit me!”

The child was just an ordinary person, how could he withstand Huai Yin’s kick, he immediately cried and flew towards Xu Yuan.

The speed was so fast that if Xu Yuan had dodged it, the child would have been injured when it hit the ground.

At the critical moment, Lin Ran’s palm poked out and directly caught the child, using his true qi to dissolve the force on him, so that he was not injured.

“Go home!”

Lin Ran patted the child’s head and smiled.

“Thanks!”

The child barely managed to squeeze out a smile, followed by turning around and running into the crowd.

Huaiyin watched the scene, his eyes slightly narrowed with a chill.

He had sent his men to sneak up on Xu Yuan, but now the latter had actually returned, while his men had not, and at this moment there were a few more people around Xu Yuan, this seemed to be something bad!

Huaiyin thought to himself, while speaking.

“I wonder if these few people are?”

“Who they are has nothing to do with you! Get out of the way!”

Xu Yuan’s face was ugly, she already had little interest in Huai Yin, and with the previous incident, she was even more disgusted with the youth in front of her at this moment.

Chapter 1322

Huaiyin’s eyes were icy cold at his words, but he didn’t snap, instead he looked at Lin Ran and smiled.

“Friend, I believe this is your first time in Skywolf County!”

“Yes!”

Lin Ran didn't hide and nodded his head in acknowledgement.

Huaiyin smiled at this.

"Since it's your first time here, you must keep your eyes sharp, you must look carefully at what you can and cannot mess with, otherwise you won't know how you'll die in this place where fish and dragons mix!"

"Thanks for the reminder, but I'm just looking for pain and pleasure, who cares who it is, if it gets in my way, I'll kill it!"

Lin Ran laughed.

Huaiyin's face was instantly cold when he heard this, he looked at Lin Ran with his eyes twitching and didn't say a word.

Based on Lin Ran's words, he could even guess that the Dog Master and the others he had sent there had already met an untimely end!

"Brother Mu Xi, you can be dashing, but you can't be too rampant, otherwise that would be foolish!"

Huaiyin said as he walked towards Lin Ran, while raising his hand and patting the latter on his shoulder.

A surge of true qi instantly invaded Lin Ran's body along his shoulder.

"Alright, I won't take up Brother Mu Xi's time, since this is the first time you've come to the Skywolf County then let's have a good stroll!"

With that, Huaiyin let go to the side.

Lin Ran glanced at him indifferently and raised his arm, and all he heard was a muffled "bang".

The true qi that Huai Yin had just sent into Lin Ran's body was instantly shaken out and then exploded in front of Lin Ran.

As he watched this scene, Huaiyin's eyes narrowed slightly, with an icy chill.

"This kid has some strength!"

Huai Yin said secretly in his heart.

However, he did not try to stop them again, and only gazed as if he was a poisonous snake, watching Lin Ran and the others leave quietly from behind.

However, just twenty minutes after Lin Ran and the others had left, Huai Yin saw that another group of people had rushed in at the entrance of the city, and this time he knew the people who had rushed in, they were the men he had sent before.

"My lord it's not good, something has happened!"

A soldier saw Huaiyin and busily went forward and said.

"Where's Dog?"

Sweeping his eyes over the crowd and not seeing Master Dog, Huaiyin couldn't help but frown slightly and questioned.

"Master Dog Master Dog is dead!"

The soldier said, on the verge of tears at this point.

"Who did this?"

Huaiyin's face was instantly icy cold as he asked in a cold voice.

"A youth, I think his name is Mu Xi, we haven't even seen him before!"

The soldier said busily.

"Mu Xi?"

Huaiyin's face instantly turned even colder at his words.

Mu Xi was not the same youth who had just left with Xu Yuan.

"Bastard! He really made a move!"

Huaiyin's face was icy cold as he turned around and asked.

"Where's Dog's body?"

"It's at In the back! Be right there!"

The soldier said busily, ? At the same time, other soldiers behind them came running back one after another, and two of them were carrying the corpse of Master Dog.

Huaiyin came to Master Dog's corpse and looked at the wounds on the latter's body, his frown tightened a few more points.

"A sword killed him!"

"Yes, yes, that boy killed Master Dog with a single sword!"

The soldier busily said.

Huaiyin's palms clenched into fists, he knew Master Dog's strength very well, an ordinary cultivator would not be able to kill him with one sword.

Combined with Lin Ran shattering his true qi earlier, Huai Yin could already be sure that this Mu Xi's strength, I'm afraid, wouldn't be too weak.

"Young master, what should we do now? Master Dog can't die in vain!"

The soldier said.

Huaiyin nodded, with an icy coldness in his eyes.

"Dog won't die in vain, go! Go to the Xu family now!"

Huaiyin waved his hand and instantly rushed towards the Xu family.

.....

But Lin Ran, at this moment, he was sitting on top of the Huai family's hall with Huai Yan Zhao Yu and Yu Wan.

And in the main seat of the hall, a middle-aged man was listening to Xu Yuan's narration with an icy face.

"Bang!"

Suddenly, the middle-aged man slammed his palm on the table and stood up.

"Bastard! This Huai family is really getting out of my Xu Xiong's sight! How dare they send someone to sneak attack my daughter!"

Xu Xiong's eyes were icy cold, and there was even a murderous intent in his eyes.

Xu Xiong was Xu Yuan's father, the head of the Xu family.

"Father, let's forget about it, I'm fine anyway, and this time, Duke Mu Xi has already offended the Huai family, we still have to try to ensure his safety!"

Xu Yuan was busy speaking up and said.

"The company's main business is to provide a wide range of products and services to the public.

Xu Xiong spoke up.

"As for this Huai family, humph! Relying on the fact that they are the disciples of Lord Skywolf King, they are doing whatever they want in Skywolf County, they really don't put me Xu Xiong in their eyes!"

"I'm relieved to have these words from father!"

Xu Yuan laughed.

She knew very well in her heart that although the Huai family had some connections with the Skywolf King, her own father was also under the Lord Skywolf King, so Huai Mo wouldn't dare to really do anything to the Xu family.

There was just one thing she didn't know, Xu Xiong and Huai Mo had been fighting for so many years and had already built up a deep grudge in their hearts.

There were many more powerful families in the Wolf County than the Xu and Huai families, but Huai Mo didn't dare to mess with anyone, but he had a problem with the Xu family, which had something to do with their strength.

This is also due to his strength. Huai Mo is in the middle Dan-making realm, while Xu Xiong is only in the early Dan-making realm, and it is because of this that Huai Mo feels that he is in the same position as Xu Xiong and is very upset.

What's more, he was still a disciple of the Sky Wolf King, while Xu Xiong? Nothing at all!

"Bang!"

“Mu Xi! Get the hell out of here!”

Suddenly, just as the crowd was talking, a shouting sound suddenly came from outside the door.

“Master, Miss! Huaiyin is here!”

Liu Shan said as he busily ran in.

“Father!”

Xu Yuan was busy looking at Xu Xiong, Huai Yin was obviously aware that Master Dog had been killed and had come to the door.

“Don’t worry, I’ll go out and take a look! I want to see what a hairy boy can do to me!”

Xu Xiong said and got up and walked out of the living room.

“I’ll go and rest first, Mr. Mu Xi!”

Xu Yuan said.

“No, this matter started because of me, how can I let your father deal with it alone, let’s go and see too!”

Lin Ran said.

He was not someone who liked to owe people favours, and at this moment, since Huaiyin was looking for him, he had no reason to hide in the Xu family and not go out.

“Alright then!”

Seeing Lin Ran’s firm tone, Xu Yuan didn’t say anything more,? immediately led Lin Ran out of the living room.

....

“Mu Xi! Get the hell out of here!”

At this moment, outside the Xu family’s mansion, Huai Yin’s face was icy cold as he shouted aloud.

Some of the passing people’s around them cast helpless glances.

They had long seen this kind of scene, as it happened almost every day between the Huai family and the Xu family in the Skywolf County, and had been fighting for an unknown number of years.

It was just that every time in the past, it was Huai Yin who called out the Xu family’s people, how come this time they called out some kind of Mu Xi?

“Who is this Mu Xi?”

“I don’t know! Never heard of it!”

“Maybe it will be someone new from the Xu family!”

The crowd was discussing.

And just then, the Xu family's gate suddenly opened, followed by Xu Xiong rushing out with his men.

"Youngest child of the Huai family, what are you shouting about? Believe it or not, I'll slap you to death!"

Xu Xiong's face was icy cold as he coldly chided.

Chapter 1323

Seeing Xu Xiong, Huai Yin couldn't help but sink his face and said in a cold voice.

"Uncle Xu, you never cared about such things before, what? This time you're going to cover up for that kid!"

Huai Yin questioned with a cold face.

"Protecting? Mu Xi is the saviour of my Xu family, there is no such thing as harbouring! It's you! You're the one who attacked my daughter with your hands? What do you want? To start a war between the two families?"

Xu Xiong's face was icy cold, not giving Huai Yin any face at all.

"Uncle Xu what are you talking about, the war between the two families is not something that a junior like me can decide, if you want to start a war, then you have to find my father to talk to!"

Huaiyin sneered.

Xu Xiong listened with a frown, this kid Huaiyin had actually turned into his father to press himself.

"As for the sneak attack you mentioned, where is this going, I just missed Xu Yuan, so I asked Dog to invite him, but unfortunately Xu Yuan didn't give face!"

Huaiyin said.

"Bullshit, your men are coming up to kill my men, and this is called an invitation?"

Just as Huai Yin's words fell, a voice followed, followed by Xu Yuan walking out with Lin Ran and the others.

"Yo! Giving up and coming out? Not hiding anymore?"

Seeing Xu Yuan and Lin Ran, Huai Yin instantly laughed.

"Uncle Xu, I really did shoot Dog to invite Xu Yuan, but who can say what's going on here, anyway, now that my men are dead, that kid must give me an explanation, you can't manage this matter!"

"If I'm in charge? What about it!"

Xu Xiong's voice was icy cold.

"If you say so, then I'll have to go back to my father!"

Huaiyin sneered, not feeling the slightest bit that he had any problem saying that.

“If you can’t beat him, you can find your father, so what if your father can’t beat him either? Should we call out your grandfather too? Does your grandmother agree?”

Lin Ran laughed.

As soon as those words left his mouth, Xu Yuan and the others couldn’t help but laugh.

“Sharp-tongued! Kid! I’ll even tell you today, either get out yourself! Or wait for me to kill you in, and I’ll see if the Xu family can keep you!”

Huaiyin said in a cold voice.

“Then you come and try!”

Xu Xiong said in a cold voice at this.

“You!”

Huaiyin’s face turned ugly as he looked at Xu Xiong and then at the unmistakable killing intent in Lin Ran’s eyes.

“Fine! Good! Xu Xiong this is what you asked for, then don’t blame me for being ungracious!”

With that, Huaiyin flipped his palm and instantly took out a letter talisman and crushed it immediately.

“Xu Xiong, you wait for me, I want to see if you can protect him today!”

Huaiyin sneered.

At this moment, Xu Xiong and the others’ faces instantly turned gloomy.

“This Huaiyin is so shameless, he actually shouted at his father to come!”

Xu Yuan was so angry that he stomped his feet.

“It’s not very righteous long, the younger one can’t beat the older one to find him!”

Lin Ran laughed to the side.

“Aren’t you afraid at all?”

Xu Yuan wondered, the current situation, their Xu family really may not be able to protect him, but this Mu Xi does not seem to be worried at all.

“Afraid? Why should I be afraid, from the time I struck out to kill Master Dog, I didn’t know how to spell afraid!”

Lin Ran said indifferently.

With his strength, even the Heavenly Wolf King could fight to a standstill, let alone just his disciple, and an abandoned one at that.

“Xu Xiong, I’ll give you one more chance,? Hand over that boy now, and there will still be something to talk about in this matter! Otherwise, when my father arrives, this matter will not be over!”

Huaiyin said in a cold voice.

Xu Xiong's face was icy cold at his words and he didn't say a word.

On the other hand, Xu Yuan on the side was a little worried, she was afraid that her father would finally compromise and hand over Mu Xi.

Just a few minutes after Huaiyin gave the signal, a sound of breaking wind came from the distant sky, followed by a black-robed figure that instantly arrived next to Huaiyin.

"What's going on, Yin'er?"

With his black robe removed, a middle-aged man with an icy cold face asked in a cold voice, he was none other than Huai Yin's father, the disciple of the Heavenly Wolf King, Huai Mo.

Seeing Huai Mo, Lin Ran's eyes couldn't help but narrow slightly, at this moment the two middle-aged men in front of him had arrived, and these two were the two key figures responsible for the martial law in the Skywolf Mountain Range.

"Father"

Huaiyin immediately told the matter aside and finally condescended to say.

"Father, Dog and I were very close, and now that he's been killed by that brat, you must make it for me! That brat must be killed!"

"There is this?"

Huai Mo's face was icy cold as he immediately looked up at Xu Xiong.

"Old friend Xu Xiong, is there really such a thing?"

"Are you not clear in your heart whether there is or not? Moreover, your son attacked my daughter, I haven't even settled the score with you yet. Your Huai family is looking for me first?"

Xu Xiong said in a cold voice.

A hint of ice cold flashed in Huai Mo's eyes when he heard this, but his mouth laughed.

"What kind of words are these, old brother Xu, my son likes your daughter, what a good marriage! How could he sneak up on Xiao Yuan!"

"That's right, I clearly just wanted to invite Xiao Yuan to my home!"

Huaiyin said busily.

"I pooh! Who wants to be a guest at your house! Just die to your heart!"

Xu Yuan was relentless and retorted directly.

"Boss Xu, I don't want to interfere with children's affairs, but it's wrong of you to defend that Mu Xi like that!"

“Besides, what about our Huai family is not good enough for your Xu family? I can propose marriage for the second time today, as long as you agree that in the future Xu Yuan and Huai Yin will be our two marriage partners, we Huai Xu two join hands, isn't it beautiful?”

Huai Mo laughed.

“What a beautiful thought!”

Xu Xiong snorted coldly.

“Little friend Mu Xi saved my daughter, if you ask me to hand her over, how can my Xu family still have a foothold in Tian Wolf County in the future! This matter is non-negotiable, if you have to interfere, then let's go to war!”

“You!”

Huai Mo's eyes were icy cold, but a hint of smugness flashed in the depths of his eyes.

“Xu Xiong, don't force me! Do you really think that my Huai Clan doesn't dare to go to war with you? Think about it, if you put the Xu Family on the brink of life and death for an outsider, then you, Xu Xiong, are a thousand-year-old sinner of your Xu Family!”

“I'd rather die standing up! I don't want to live on my knees, if I want to fight, I will fight!”

There was determination in Xu Xiong's eyes.

“For generations, there have been no cowards in my Xu family, I can't hand over my life-saving benefactor!”

“Good! Good! This is your”

“Wait!”

Before Huai Mo could finish his words, a voice suddenly came over.

The crowd looked and the one who spoke was none other than Lin Ran.

“Master Huai family, if I heard you correctly just now, you said that you didn't want to interfere in the affairs of the juniors, right!”

Lin Ran looked at Huai Mo with a bland voice.

“Right!”

Huai Mo said in a raw cold voice.

“Fine, then I'll kill Master Dog, your son isn't happy, I can fight him, life and death to each his own! How about that?”

Lin Ran said indifferently.

“Say it again!”

Huai Mo's eyes were icy cold.

“To live and die in peace? I’m standing here today, try killing my son if you dare! I’ll lift your heavenly head!”

“What? You have no message for your son like that?”

Lin Ran laughed.

“You!”

Huai Mo’s face turned blue as he found himself unable to verbally take half an advantage of this kid in front of him.

“Sharp teeth, do you believe me”

Huai Mo was just about to speak, but Huai Yin, who was on the side, laughed and said.

“Father, let me fight him! As long as he dares to stand out, I will definitely kill him!”

Chapter 1324

“Are you sure?”

Huai Mo asked in a low voice.

“Yes!”

Huaiyin nodded.

Huai Mo saw this and pondered for a moment before speaking.

“Good! Mu Xi is it! I want to see how much you have today, and how dare you provoke my Huai family!”

“Yin’er! Go ahead and strike, death is on me!”

Huai Mo sneered.

“Yes father!”

Huai Yin had frenzy in his eyes.

At this time, Xu Xiong was looking at Lin Ran, with confusion in his eyes.

“Duke Mu Xi, you’re”

Xu Yuan was also busy saying.

Her father had even gone to war with the Huai family for the sake of Mu Xi, but now

“This matter started because of me, I can’t drag your Xu family into it, and I don’t necessarily lose!”

Lin Ran laughed.

“Don’t you understand?”

Xu Yuan saw this and busily said.

“You don’t care if you win or lose, as long as you walk out, even if you win Huaiyin, Huai Mo will still step in to suppress you!”

“No harm! If Huai Mo makes a move, I’m sure Uncle Xu won’t just ignore it!”

Lin Ran looked at Xu Xiong and smiled.

Xu Xiong was stunned and immediately nodded his head.

“Don’t worry, as long as Huai Mo dares to make a move, I will definitely stop him!”

“Many thanks, Uncle Xu!”

Lin Ran smiled.

By standing up for himself, he had helped the Xu family, at least Huai Mo couldn’t find an excuse to start a war with the Xu family.

But if he didn’t stand up for himself, I was afraid that the Xu family would have to follow suit.

Although Huai Mo could find another excuse to deal with the Xu Clan, at least he wouldn’t do anything to the Xu Clan in the short term.

“Kid! What nonsense! Come out if you have the guts!”

Huai Yin was standing outside at this moment, a cold smile on his face.

He had absolute confidence in himself.

This was because there was always a rule in the Fey Demon Realm that the closer one was to the main city, which was where the king of the realm like the Sky Wolf King was, the stronger one would be.

Whereas in a remote place like the Fire Family, the strength would be a few points weaker.

This is not only because of the tilting of cultivation resources,? It should also be because the closer the place is to the king of the realm, the more dense the cultivation true qi will be.

In the foreign devil realm, east, west, north, south and central, five major regions, each place is like this, not only here in the northern domain Sky Wolf King, other domain realms are also centered on the king of the domain realm.

And in front of him and this Mu Xi, at a glance, he appeared from nowhere that place, although he also had some strength, but in Huai Yin’s opinion, it was impossible to be his opponent.

“You want to play like that?”

Lin Ran walked out slowly and looked at Huai Yin blandly.

“Play? Fine! Then I’ll tell you how to play!”

Huaiyin sneered.

“Take three moves from me, if you can take three moves from me without losing, this matter will be over!”

“But if you lose, then come with me! Be a bull for me for a hundred years! Do you dare to take it?”

“Yes!”

Lin Ran said indifferently.

“But the rules will have to be changed, if I take three of your moves, everyone in your Huai family, not just you, will make a move against someone from the Xu family within a hundred years! Nothing else will change! Can you dare to take it!”

Huai Yin’s face was icy cold at his words, and even Huai Mo, who was on the side, had killing intent permeating his body.

This request from Lin Ran was simply a complete shutdown of the Huai Clan’s excuse to try to strike against the Xu Clan, and it was for a whole century.

Huai Mo looked towards Huai Yin and shook his head slightly, this bet was a bit too big for him, he didn’t want to gamble!

Yet Huai Yin shook his head, with determination in his eyes.

“Fine! I Huai Yin will take it!”

Huaiyin spoke.

Huai Mo saw this and sighed helplessly, now he could only hope that his son would win against this Mu Xi in front of him.

“Good! Then make a blood oath!”

Lin Ran spoke.

“Yes!”

Huaiyin gritted his teeth and instantly made a blood oath with Lin Ran.

It was just that he didn’t know that Lin Ran was using Mu Xi’s name, and the blood oath had nothing to do with himself at all.

Even if he took a step back, even if it did have something to do with it, so what, would Lin Ran’s strength lose?

“Humph! A hairy kid from nowhere, playing with Laozi! I’ll fucking play you to death today!”

Huai Yin had confidence in his heart, he was convinced that he could definitely beat Lin Ran down in an instant!

“Alright! Let’s start now!”

Huaiyin urged with impatience!

“Yes”

Lin Ran said, as soon as the words left his mouth, Huaiyin in front of him had already turned into a stream of light and lunged towards Lin Ran.

He didn't want to wait a minute, he wanted to trample Lin Ran under his feet and ravage him!

"Lin Ran!"

"Gongzi!"

At the back, Zhao Yu and Yu Wan couldn't help but tense up at this point.

On the side, Huo Yan was full of excitement, this was still the first battle between strong people he had encountered since he had left the clan.

"Just how strong are the youths from the Skywolf County?"

Fire Yan had anticipation in his heart.

Xu Xiong turned his head to look at his daughter.

At this moment, there was also a strong worry in Xu Yuan's eyes, and he knew that his daughter's heart, I'm afraid, was already all over this Mu Xi.

"A daughter is too big to stay!"

Xu Xiong sighed helplessly.

Now he also expected Lin Ran to win Huaiyin, after all, this bet was no longer just about personal lives, it was about the safety of their Xu family for the next hundred years.

Once Lin Ran won, then their Xu family would be free from worrying about the Huai family's plots for the next hundred years.

.....

The people had different thoughts in their minds, and at this moment in front of them, Huai Yin had already rushed in front of Lin Ran, and the first fight of their bet had already begun.

"The three move pact, I'll end you in one move!"

Huai Yin had a cold look in his eyes, and with a flip of his palm a blood-coloured scimitar appeared out of thin air, this was his weapon, the very best weapon that the Heavenly Wolf King had given to Huai Mo back then, and now this weapon became his.

"Die!"

Huaiyin flung his palm, and immediately the blood-coloured scimitar went straight for Lin Ran's neck.

This Scarlet Scimitar was powerful not only because it was bestowed by the Heavenly Wolf King, but more importantly, this sick Scarlet Scimitar sealed his throat on sight.

The sharpness was as sharp as iron and could easily break through the defences of even an opponent of the same level.

“Hm! Not bad for a bit of a big picture!”

Seeing that his son had directly taken out the Scarlet Scimitar, a bemused smile appeared on Huai Mo’s face as well.

With this divine weapon in place, I believed that defeating this Mu Xi would not be a difficult task.

One should know that back then, it was with this weapon that he, Huai Mo, had made this base in the Skywolf Domain.

“It’s the Scarlet Scimitar, this Huai Mo is really willing to give up!”

Seeing Huai Mo’s weapon, Xu Xiong’s face couldn’t help but change.

He had fought with Huai Mo for so many years, and had long known the latter’s weapon very well, he just didn’t expect that this weapon, now, had been given to his son by Huai Mo.

“Mu Xi!”

On the side, Xu Yuan looked full of worry, and her hand couldn’t help but grip it a little tighter.

“Is he going to be alright!”

Zhao Yu also began to feel a little uneasy when he saw this, and was busy asking.

“I don’t know, but with his strength there should be no problem!”

Huo Yan said.

Fishwan, on the other hand, did not say anything, but only clutched her clothes tightly with her palms, looking very nervous.

And up ahead, Lin Ran’s expression was bland as he looked at the rapidly flying blood-coloured scimitar, only raising his palm, not even taking out his weapon.

“Seeking death!”

Seeing Lin Ran’s reaction, Huaiyin had a cold smile in his eyes.

The more Lin Ran was like this, the more he liked it instead.

“When I trample you under my feet later, I wonder if you’ll still be able to tug it up!”

Huaiyin sneered in his heart.

Chapter 1325

As he spoke, the Scarlet Scimitar had already reached Lin Ran.

And at this moment, everyone around them held their breath.

Many people were not worried about whether Lin Ran would be able to resist this strike, but rather, whether Lin Ran would be killed directly by this strike.

After all, the Scarlet Scimitar was famous, and Lin Ran was something that the people of the Skywolf County had never really heard of.

“I think this kid is 80% going to die!”

“Yes, what’s the point of messing with the Huai family for nothing, isn’t this an act of seeking death!”

“I remember a while ago there was a young talent who was also defiant and went against Huai Yin, but it’s been almost a month now and I’ve never seen that person again!”

“I’m afraid that person was killed by Huaiyin long ago!”

“Hey! That’s how it is in Wolf County, without power you can only keep your tail between your legs!”

The crowd murmured, none of them were optimistic about Lin Ran.

However, just as the crowd was shaking their heads and sighing one by one as they prepared to leave.

Suddenly, there was a muffled “bang” sound in front of them.

Lin Ran was standing calmly in place, but his palm was already raised.

Facing the blood-coloured scimitar that was stabbing at him violently, his palm gently slapped out, as if he was at ease with his hand.

“Bang!”

The sound rang out, and at once the entire Scarlet Scimitar flew straight backwards.

“This

“How is this possible!”

“How did he do that!”

Seeing this scene in front of them, a crowd of onlookers froze in their tracks.

The Huai family’s Scarlet Scimitar would see blood when it came out, and the wind would roar when it saw blood.

This was something that everyone in the neighbourhood knew, and even the Xu family did not want to face the Huai family’s Scarlet Scimitar.

But now, this young man, who appeared to be no more than twenty years old, had sent the Scarlet Scimitar flying with just one slap.

“This kid!”

Next to him, Huai Mo’s eyes narrowed slightly as he watched, a bad feeling bubbling up in his heart.

The Huai Yin in front of him even looked with a change in his face, looking somewhat cloudy and uncertain.

In order to win in one fell swoop, he had already taken out the Scarlet Scimitar, but the result was that he had been sent flying back with a slap.

This was too

“Great!”

Xu Yuan and the others looked excited, although she knew before that Lin Ran was strong, she never thought he would be this strong, facing Huaiyin’s Scarlet Scimitar and slapping it back with just one slap.

“This son is extraordinary!”

Xu Xiong had awe in his heart, he asked himself that their Xu family definitely didn’t have such an exceptional year strong man.

“If only Xiao Yuan could fight him”

Suddenly, Xu Xiong actually felt that the Lin Ran in front of him was very pleasant to the eyes, and it would be good to stay as a son-in-law.

“Humph! This is just the beginning!”

Huaiyin’s face was iron blue, his paws lashed out the next moment and he lunged directly towards Lin Ran.

In mid-air, he directly grabbed the backwards flying Scarlet Scimitar in his hand, followed by a great glow all over Huai Yin’s body, his entire body’s true qi was quickly poured into the Scarlet Scimitar, and then he flung it in the air.

“Blood Sword Chop!”

Huai Yin let out a cry of anger as the long blade in his hand swung out in the air, immediately a blood-coloured blade smashed towards Lin Ran as if it was a meteor.

“Blood Blade Decapitation, Huai Mo you are really willing, this has been given to your son!”

Xu Xiong saw a slight frown, this Blood Blade Slash was Huai Mo’s famous technique, he didn’t expect it to be passed on to Huai Yin now as well.

“Elder brother Xu, aren’t you talking nonsense, I only have one son in Huai Mo, if I don’t pass it on to him should I pass it on to you?”

Huai Mo laughed coldly.

“Humph! You want to pass on your lousy tricks to me? Even I have to ask for it!”

Xu Xiong’s voice was icy cold.

“Haha! Don’t you want it?”

Huai Mo laughed coldly.

Xu Xiong didn’t bother to pay him any mind with his cold voice and turned his head to continue watching the situation in the field.

At this moment, the blood-coloured blade had already reached Lin Ran.

However, Lin Ran was still motionless, standing in place as if he was a statue.

“What’s he doing?”

Seeing this scene, Xu Yuan and Zhao Yu and the others couldn’t help but sweat for Lin Ran.

The opponent’s attack was so eloquent, but how could it be that at this moment, Lin Ran looked like he didn’t care at all?

“Don’t be nervous, he definitely has a solution!”

At this moment, Fire Yan laughed, after going through so much with Lin Ran, at this moment, he just had a complete trust in Lin Ran for some reason, as if there was no problem that couldn’t be solved only with Lin Ran around.

“Scuff!”

Suddenly, a crunching sound of metal rang out violently.

At the same time, everyone clearly saw a cold flash of light in Lin Ran’s hand, instantly meeting the blood-coloured blade.

“Bang!”

As the crowd watched, there was a crunching sound, and instantly the blood-coloured blade actually shattered away with a bang.

“This!”

“How is this possible!”

“Is he still human!”

The crowd was frozen.

Even Xu Xiong, who was also a little worried in his heart at the side, froze at this moment.

“The Scarlet Blade, it was actually resolved with a wave of his hand?”

Faced with Lin Ran’s light-hearted retort, Xu Xiong’s entire body was subdued.

On the other hand, Huai Mo’s body even jumped at the side, his palms couldn’t help but clench into fists, if it wasn’t for the fact that Huai Yin and Lin Ran still had one move left in their bet, I’m afraid that he would have already struck out at this moment.

“How is this possible!”

Huaiyin was finally panicking at this point.

His own full strength strike was actually this fragile in front of Lin Ran, and he hadn’t even seen his opponent’s weapon clearly before it was blocked.

“Bastard! No way absolutely no way!”

Huaiyin's eyes were icy cold as the blood-coloured scimitar in his hand followed, instantly cutting through his palm, a stream of blood instantly filling the area around the blood-coloured scimitar with killing intent.

"Yin'er cannot!"

Seeing this scene, Huai Mo was also anxious.

"Nothing can't be done, I must kill him today!"

Huai Yin's face was icy cold, and the blood-coloured scimitar in his hand actually flung his hand out of thin air, at once countless drops of blood filled the air at this moment, each drop of blood coalesced into a small blood-coloured sword at this moment, the sword's body was red with cold splashes, even the surrounding space was slightly distorted by the cold splashes.

"This Huaiyin is crazy,? To actually use his own blood to trigger the strongest strike of the Scarlet Scimitar!"

Xu Yuan watched with worry on her face.

"What does that mean?"

Fire Yan and the others beside him were puzzled and asked busily.

"This Scarlet Blade's strongest attack needs to be triggered after it sees blood, Huaiyin can't hurt Duke Mu Xi at all, so he used his own blood to trigger it, which will make the Scarlet Scimitar's attack even more powerful!"

Xu Yuan said.

"Of course, if this strike is still blocked by Duke Mu Xi, then Huai Yin will suffer a backlash and be seriously injured himself!"

"Look!"

Xu Yuan's words had just fallen in front of him and a fight had already been exchanged.

Countless small blood-coloured swords were heading straight for Lin Ran, and the blood-coloured light was like raindrops pouring down towards Lin Ran in an overwhelming manner.

"Little friend Mu Xi!"

Xu Xiong couldn't help but open his mouth and shout when he saw this scene.

He knew very well the power of this strike, and he was afraid that Lin Ran would not be able to deal with it.

However, Lin Ran's next move caused everyone to freeze.

A cold light flashed and the long sword was sheathed.

Lin Ran then waved his palm violently, and a harsh sword qi burst out from the Frost Condensation Sword.

The harsh sword qi went straight for the Scarlet Scimitar, killing Gods and beheading Buddhas when they met them.

The countless small blood-coloured swords instantly collapsed, not even examining Lin Ran's body at all.

"Bang!"

A crunching sound followed as the harsh sword Qi instantly sent the Scarlet Scimitar flying out to the point where the surrounding blood mist even instantly broke.

This move had actually been defused.

There was dead silence all around!

Lin Ran put away the Frost Condensation Sword with a wave of his palm and looked up at Huaiyin who was frozen in place in front of him, his voice bland.

"You've lost!"

Chapter 1326

"Bastard!"

Huaiyin's eyes fiercely chilled as a cold glow fiercely lit up in his hand, and a dagger actually appeared, rushing straight at Lin Ran's neck.

"Duke Mu Xi beware!"

Xu Yuan's pretty face went white at the sight of this.

"Lin Ran!"

To the side, Zhao Yu and Yuwan couldn't help but cry out in alarm as well.

It was only this shout that caused Xu Yuan to cast a puzzled look.

"Lin Ran? Isn't his name Mu Xi?"

Xu Yuan asked.

Zhao Yu and Yuwan's faces changed and they looked a little embarrassed.

"It doesn't matter what you're called, who walks around the world with every hidden name!"

Fire Yan Kai opened his mouth to round up the situation.

At this moment, the situation was critical, Xu Yuan was also too lazy to care, and immediately turned her head to look at Lin Ran again.

At that moment, Lin Ran had already made his move, his eyes fiercely cold, he raised his foot and kicked Huai Yin in the chest.

A "click" was heard as Huaiyin's sternum broke, and his entire body flew backwards directly towards the back, while a mouthful of blood spurted out.

“Bastard!”

On the other side, Huai Mo had already had his heart set on killing Lin Ran, so without saying a word, he lunged towards Lin Ran.

Lin Ran frowned slightly as he looked up at Huai Mo, his palm also resting on the dagger’s bang-breaking tip.

“Father!”

On the side, Xu Yuan was so anxious that she was on the verge of tears, she knew clearly the strength of Huai Mo, in her opinion Lin Ran could not possibly be Huai Mo’s opponent.

Xu Xiong’s eyes stared, followed by his entire body rushing out directly, stopping in front of Huai Mo.

“Get lost!”

Huai Mo’s eyes were icy cold as he slapped a slap towards Xu Xiong.

“Stop it, it was your son who sneaked up on you first!”

Xu Xiong’s face was icy cold as he met it with a slap, stopping Huai Mo’s attack.

“Xu Xiong you must stop me today?”

Huai Mo asked with a cold face.

“As I said, Lin Ran is my Xu family’s benefactor, no one will try to hurt him!”

Xu Xiong said indifferently.

“Good! Good!”

A stern aura flashed in Huai Mo’s eyes, he was clear that if Xu Xiong really wanted to stop him, he indeed had no chance.

Moreover, coupled with the fact that his own son had just lost the bet, he would not be able to make a move against the Xu family within this hundred years.

Today was really a bad day.

“Xu Xiong, don’t be complacent! You can protect him for a while, but not for a lifetime!”

“I’ll go back to the Wolf King and ask him to marry your daughter Xu Yuan to my son, so that your Xu family can have a hundred years of peace, but your daughter-in-law is my daughter-in-law!”

Huai Mo scolded, and with a whirl of his hand, he took the injured Huai Yin and left the place directly.

Only when Huai Mo and the others had completely left the sight of Lin Ran and the others did Xu Xiong open his mouth to greet the crowd and return to the Xu residence.

.....

“Father, isn’t there any other way?”

In one of the courtyards of the Xu Mansion, Xu Yuan had an anxious brow.

Xu Xiong, however, shook his head.

“There is no way, before Huai Mo all came to propose marriage in the name of the Huai family, I can still shrug it off for a moment or two, but if he approaches the Sky Wolf King, I cannot refuse to give the Sky Wolf King’s face!”

Xu Xiong couldn’t help but say.

“You can also go to the Skywolf King!”

Xu Yuan said busily.

“Silly daughter, do you really think that your father and I have a lot of say in front of the Sky Wolf King?”

Xu Xiong sighed helplessly.

Indeed, it was clear to everyone in the Skywolf County that the Skywolf King always valued the strongest disciples the most, followed by those who were slightly weaker, and then his many followers.

The followers can change their minds, but not the disciples, because they all have the imprint of the Wolf King, and if there is a change the Wolf King can kill them in an instant, no matter how strong you are, this is the imprint planted in your soul, no one can escape.

The Wolf Dove of Wolf Tooth Mountain, when only his soul was left, was still killed by the Sky Wolf King in an instant, this is the terrifying thing about the soul imprint.

“I am only a weaker existence among the many followers of the Heavenly Wolf King, while Huai Mo is the disciple of the Heavenly Wolf King, this difference in status cannot be easily erased by external forces!”

Xu Xiong sighed.

“If you really can’t, just go out for the time being to avoid the storm, I believe that if you leave, the Sky Wolf King won’t be able to send someone to look for you with great fanfare!”

“Leave? What will you do if I leave!”

Xu Yuan had worry in her eyes.

“Don’t worry, the woman is too big to stay, the Sky Wolf King is not yet so big as to make a move against me!”

Xu Xiong said.

But there was reluctance in Xu Yuan’s eyes.

But also, she did not want to marry Huaiyin. Instead of marrying Huaiyin, she would rather run headlong into death.

Suddenly, a glint of light counted in Xu Yuan’s eyes, and she suddenly remembered Lin Ran.

“I’ll go find Mu Xi! No it should be Lin Ran!”

“Lin Ran?”

When Xu Xiong heard this name, he felt a burst of familiarity, but he suddenly couldn't remember where he had heard it before.

Instead, at this time, Xu Yuan was already running towards where Lin Ran was resting.

.....

“This is how it is!”

In the room, the three Fire Yan had just finished talking about Lin Ran's name slip.

Lin Ran waved his hand at his words and said.

“No harm done, sooner or later it will all be revealed!”

Seeing that Lin Ran didn't take it to heart, the three people were relieved.

“Is Duke Mu Xi here?”

Suddenly a voice came in from outside.

“Yes!”

Lin Ran spoke back.

The three Flame-Yan looked at each other before swirling around and pushing open the door to walk out.

It was just that when the three of them met up with Xu Yuan, they couldn't help but all be a little embarrassed.

“Bang!”

When they arrived at the room, Xu Yuan directly closed the door.

“Is there something wrong with Miss Xu?”

Lin Jeanne looked at Xu Yuan and asked directly.

“Mu You should now address Lin Ran Gongzi!”

Xu Yuan smiled blandly.

“I'm sorry for lying to you before!”

Lin Ran said indifferently.

Xu Yuan, however, smiled and said.

“I can understand, it's normal for a person to use anonymity when walking outside!”

“Then I wonder if Miss Xu is looking for me?”

Lin Ran asked suspiciously.

Xu Yuan's pretty face flushed at his words and said.

"You should have heard everything Huai Mo said when he left earlier!"

Lin Ran nodded.

"So?"

"So"

Xu Yuan's pretty face turned even redder,? She bit her lips and finally made up her mind and said.

"I like you, gongzi, and so does my father, and if the Sky Wolf King really wants to help Huai Mo, my father has no way to stop it, so I want to leave with gongzi!"

"Ah?"

Lin Ran froze at his words.

"Leave with me?"

Jokingly his destination was the Skywolf Mountain Range, taking Xu Yuan with him was clearly inappropriate.

"Does your son not see me?"

Seeing Lin Ran's reaction so drastically, Xu Yuan was a little worried.

"No!"

Lin Ran busily said.

"Then does Gongzi think I'm not good looking?"

Xu Yuan asked again.

"You are very good looking!"

Lin Ran said busily.

"In that case, then Xu Yuan is willing to dress around you!"

Xu Yuan's face was full of shyness as she clasped her hands.

"That won't do!"

Lin Ran said helplessly and busily.

"Why not?"

Xu Yuan was stunned, she didn't understand.

"It's broken! Xiao Yuan can't be with him!"

At this moment Xu Xiong, who was still frozen in the courtyard, finally rang out.

Wasn't Lin Ran the same young man who had fought with His Majesty the Sky Wolf King some time ago. Even now, the Sky Wolf King had asked them to bring people to blockade the mountain range to prevent this person called Lin Ran from barging in.

"I didn't expect the Skywolf King to be so careful, but he's already arrived in Skywolf County! And he's in my house right now!"

Xu Xiong's face changed drastically and he was busy running towards where Lin Ran was staying.

Chapter 1327

At this time, outside Lin Ran's residence, Zhao Yu, Yuwan and Huo Yan were looking at each other with embarrassment.

Especially Huo Yan, he could feel the envy and jealousy and even ruthlessness in Yu Wan and Zhao Yu's eyes.

"Hey! Aren't you all split up with Lin Ran? How come you are also so"

Fire Yan asked stiffly.

"Shut up!"

Zhao Yu glared at him, with anger in his eyes.

"Hey! A woman's heart is a needle under the sea!"

Huo Yan sighed, turned around and left, while saying to himself.

"You were the one who wanted to separate in the first place."

"Roll!"

Zhao Yu lightly can not, at the same time the heart also some later, this guy is not living in the foreign demon world? From where do you know this song?

.....

In the room, Lin Ran had a difficult face.

"Really can't!"

Lin Ran looked at Xu Yuan in front of him with a difficult face.

"Why?"

Xu Yuan didn't understand why she couldn't follow Lin Ran since she didn't hate her either.

"We've only just met, it's not appropriate to do so!"

Lin Ran couldn't really find an excuse, so she could only say casually.

"It's okay, we can slowly cultivate our relationship, and I already kind of like you!"

Xu Yuan's pretty face flushed red as she shyly said.

"You can't be with him!"

Suddenly, a voice came from outside the door, followed by a bang as the door was slammed open, and immediately Xu Xiong rushed over, pulling Xu Yuan behind him and looking at Lin Ran warily.

"Father? Why are you here?"

Seeing Xu Xiong, Xu Yuan couldn't help but be stunned.

"You can't be with him!"

Xu Xiong said in a cold voice.

"Why?"

Xu Yuan was even more confused now, before her own father clearly liked Lin Ran too, but now

"Lin Ran! What the hell do you want,? As long as you don't hurt my daughter,? I can let you go!"

Xu Xiong blocked in front of Xu Yuan voice icy cold.

And at that moment, Huo Yan and the others had also rushed in, they looked at Xu Xiong somewhat puzzled.

"Father! What the hell is going on here!"

Xu Yuan asked busily.

"He's Lin Ran!"

Xu Xiong said busily.

"I know his name is Lin Ran, not Mu Xi!"

Xu Yuan said.

"You don't understand!"

Xu Xiong said busily.

"His name is indeed Lin Ran, just a few days ago, there was also a young man called Lin Ran who broke into the Fey Demon Realm and escaped after fighting with the Sky Wolf King!"

"Ah?"

Xu Yuan was instantly confused at his words.

Even the three Flame-Yans at the side were also confused.

Especially Huo Yan, he knew very well what the three words Sky Wolf King represented in the Northern Domain.

It was an absolute hegemon, but Xu Xiong actually said that Lin Ran had fought with the Sky Wolf King and then escaped?

What kind of strength did that have to be to escape from the Sky Wolf King's hands.

"Back then, the Sky Wolf King set up a formation to sneak attack, but in the end, he still managed to escape, his strength is no longer something we can fight against, it's at least on the same level as the Sky Wolf King!"

Xu Xiong said warily.

Xu Yuan looked at Lin Ran with disbelief in his eyes.

"Is that you?"

Lin Ran was helpless and stretched his hands.

"That's right it's me!"

"You!"

Xu Yuan's pretty face instantly flushed, only this time it was in shame, she had just confessed her love to a man whose strength was comparable to that of a Heavenly Wolf King, this was simply

"No wonder you can't see me!"

Xu Yuan lowered her head.

"That's not the reason, I have a grudge against the Skywolf King, I came to Skywolf County for him, there's no way I can take you away!"

Lin Ran said.

"Then what exactly do you want? My Xu family hasn't offended you, and I wasn't even involved in the Sky Wolf King's sneak attack on you before!"

Xu Xiong said busily, indeed his position made it impossible for him to participate in a siege of this magnitude.

Lin Ran looked at Xu Xiong, his voice bland.

"It's simple for me to find you, let me enter the Sky Wolf Mountain Range!"

"Impossible!"

Xu Xiong instantly refused at his words.

"If I let you in, the Skywolf King won't spare our Xu Clan either! You're forcing me!"

Xu Xiong's voice was firm.

"I have a way that will not only prevent the Skywolf King from suspecting you, but also eliminate the Huai family in one fell swoop!"

Lin Ran's voice was bland.

“What solution can you have! Huai Mo is a disciple of the Skywolf King, how can you eradicate it!”

Xu Xiong said skeptically.

Lin Ran, however, smiled blandly and said.

“He’s the Sky Wolf King’s disciple, not the Sky Wolf King’s daughter-in-law, can’t the Sky Wolf King still guard him every day!”

“I’ll go and kill him and frame him, all you need to do then is let me enter the Sky Wolf Mountain Range, the rest of the sides have nothing to do with you! Even if the Sky Wolf King really traces it, everything will fall on his head!”

“Furthermore, once Huai Mo dies, your daughter’s marriage will also be free!”

Lin Ran had a bland look on his face.

Xu Xiong pondered for a moment and opened his mouth to ask.

“What do you want me to do?”

“It’s simple, spread the word that the Huai family has found a mysterious expert, and I’ll go kill him tonight! Send me to the Skywolf Mountain Range before dawn!”

Lin Ran said.

Xu Xiong was completely silent at his words.

The solution Lin Ran said would certainly solve a lot of problems, not only would it bring about the end of the Huai family, but it would also solve his daughter’s marriage at the same time.

However, this was after all risking the entire Xu family, so for a moment he was somewhat unable to make a decision.

“You can refuse to agree, but your Xu family will definitely still be in a situation of being oppressed by the Huai family in the future, and even Xu Yuan might become a sacrificial lamb!”

Lin Ran said.

“Aren’t you afraid that I will directly tell the Sky Wolf King about your whereabouts?”

Xu Xiong spoke.

“You can go ahead and try!”

There was blandness in Lin Ran’s eyes.

However, Xu Xiong’s heart sank, a person who could fight and escape from the Sky Wolf King, I was afraid that he wouldn’t be able to go even one round in his hands.

“There are still two hours until dark, you can think about it, I’ll wait for your news!”

Lin Ran said and straightened down on his chair.

When Xu Xiong saw this, he had to turn around and prepare to take Xu Yuan away.

However, Xu Yuan violently broke away from his arm and looked at Lin Ran.

“Can you tell me, were you playing with my father’s attentions right from the start when you saved me?”

Xu Yuan looked at Lin Ran, her eyes a little red.

“Yes!”

Lin Ran nodded his head.

“Why!”

Xu Yuan didn’t understand, she couldn’t afford to meet someone she liked, but why did yo start off with a purpose!

“Forget what I said before!”

Tears flowed from Xu Yuan’s eyes as she turned around and left the place with Xu Xiong.

“Don’t you think this is too much?”

Zhao Yu suddenly got up and said.

“How is it not too much?”

Lin Ran looked at her and said blandly.

“She likes you so much, could it kill you to cheat on her!”

Zhao Yu said.

“You’ve said she likes me, why would I lie to her, I have no possibility with her, why would I lie to her to give her hope?”

Lin Ran’s voice was bland.

Zhao Yu was dumbfounded and after thinking for a moment spoke.

“If you do this, you won’t be able to find a girlfriend in the future!”

“Sorry, I don’t want to find one either, I already have enough girlfriends!”

Lin Ran said, while getting up and making a gesture of invitation.

“Go out first if you’re fine, I want to rest!”

“You!”

Zhao Yu was furious and turned around and left the room with a flip of his hand.

Huo Yan and Yu Wan looked at each other and were also helpless, they just had to follow and walk out.

They couldn’t understand Lin Ran’s feelings, something that only he himself could understand.

He did have too many women around him,? So now he tried not to want to mess with any of them who had thoughts about him.

The debts of those around him hadn't even been paid off, he couldn't go and get into a buttload of debt.

He, Lin Ran, was only one person, he couldn't afford to pay it back and he didn't want to!

Chapter 1328

The afternoon passed in a hurry, and until the evening, Xu Xiong did not come looking for Lin Ran.

Of course he didn't leave the Xu Mansion either, he knew that with Lin Ran here now, he had no chance to go to the Sky Wolf King to inform him of the news.

And just as Lin Ran was waiting for Xu Xiong's reply.

Under the night, however, three figures had already arrived outside the walls of the Xu Mansion.

"Young master, or else I should go!"

One of the men in black spoke up.

"No, damn it, today I must kill him with my own hands!"

The man in black in the middle said angrily.

"But that's too dangerous!"

The man in black next to him said busily.

"What are you afraid of! You've prepared the disorienting scatter, just make the boy faint, and then I'll be the one to decide whether to kill him or not!"

The middle-aged man in black said.

"Young master, don't worry, I can put five times the usual amount of this medicine, even a strong person at the Dan-making realm can't carry it!"

The man in black laughed.

"That's fine, you guys meet me outside!"

The black-shaded man in the middle said.

With a whirl, the three of them tumbled down the wall and entered the Xu Mansion.

At this moment, Xu Xiong was sitting in the living room with Xu Yuan,? discussing matters.

The deal Lin Ran had proposed today had left them both torn as to whether they should agree or not.

At this moment, no one noticed that three figures had already groped towards where Lin Ran was.

Soon the three had arrived at Lin Ran's room, this kind of information was simply too easy for them to get.

“You guys wait for me up here!”

The leader said, and the two of them climbed onto the roof of the room, lurking still.

The man in black, who was in the lead, sent the incense he had prepared earlier into the room through the doorway.

A wisp of the enchanting incense quickly spread and unknowingly blended into the air.

After ten minutes or so, a full five times the regular dose of Vertigo incense had all evaporated.

Only then did the man in black, the leader of the group, fished out a dagger with a cold glow from his pocket.

“Tonight is the night of your death!”

A cold glint flashed in the eyes of the black-shaded man, and then he used the dagger to pick open the door of the room, and entered the room with a flip, while closing the door from the inside.

The room was silent at that moment, only the smell of the residual Vertigo incense was in the air.

The black shadow man soon saw a figure lying on the bed, and with a chill in his gaze, he whirled and touched it.

When he got closer, he saw who was lying on the bed, if not Lin Ran.

At this moment, Lin Ran’s breathing was calm, and he had fallen into a deep sleep.

“Lin Ran, you have your day too!”

A cold aura flashed in the black shadow man’s eyes, and the dagger in his hand was already raised.

“If you dare to provoke Laozi, next year will be your first anniversary!”

A flash of light flashed in the black shadow man’s eyes, and the dagger in his hand was already stabbing towards Lin Ran’s neck.

However, just a moment before he got his hands on it.

Lin Ran, who was lying on the bed, suddenly opened his eyes, followed by a spread of his hands, one hand gripping the other’s wrist and the other directly dragging the other’s elbow.

Then with a fierce force, the dagger was actually in the black shadow man’s hand, directly turned in a direction and stabbed towards his neck.

The whole process was almost instantaneous, and before the dark figure could react, the dagger had already cut through his neck.

In an instant, blood spurted out.

Lin Ran rolled over from the bed and pushed the black shadow man to the ground, then stepped forward and took off his mask.

A familiar face appeared in front of him, if not Huaiyin or someone else.

“Get down here!”

Lin Ran’s eyes were cold, and at once two cold rays of light shot directly towards the roof of the room.

At that moment, the two black shadows lying on the roof did not even have time to react.

They fell off the roof with two “poof” sounds.

“What the hell!”

The movement drew the attention of the guards and they were immediately caught by a group of guards.

Only by now they were already two corpses.

The guards removed the masks of the black shadows and instantly recognised them.

“Quickly go and report to the lord that someone from the Huai family has come to sneak in!”

The leader of the guards said, and soon the news reached Xu Xiong’s ears.

Following this, the entire Xu Mansion was put on alert.

The sound of people moving around woke up Flame-Yan and the others as well.

As soon as they went out this they saw that many people were gathered at Lin Ran’s residence at this time.

As soon as the three of them took a turn, they immediately rushed towards where Lin Ran was.

.....

Ten minutes later, Lin Ran was in his room.

“This is troublesome!”

Looking at Huaiyin who was lying on the ground, Xu Xiong’s face was ugly.

He had been worried about Huai Mo making a move against his Xu family before.

But now, Huai Yin had died directly in their Xu family, which had now given Huai Mo a full handle.

Even if Huai Mo didn’t make a move, as long as this matter reached the ears of the Heavenly Wolf King, their Xu Family would still be doomed.

“Clan Master Xu, you still haven’t thought it through by now!”

Lin Ran’s expression was bland as he looked at Xu Xiong.

Although Huaiyin had been killed by him, this matter was already unrelated to the Xu Family.

If Xu Xiong had been somewhat hesitant before, but at this moment, with this kind of thing happening, Xu Xiong no longer had a choice.

“You’re forcing our Xu family!”

There was helplessness in Xu Xiong's eyes.

"When you break off, you will suffer the chaos, you have no choice!"

Breezily, he said, while standing up.

"Then let's do it!"

A cold glint flashed in Xu Xiong's eyes.

"I was waiting for your words!"

Lin Ran smiled blandly while waving his palm, directly collecting the Huaiyin corpse on the ground.

"In an hour, I'll be waiting for the Xu family to live outside the city, I hope you don't let me down!"

Lin Ran said indifferently, following which he walked out of the room.

When he reached outside the room, he directly put the three Huaiyans into the small world, and with a whirlwind leap his entire body had left the Xu family.

"Father!"

Looking at Lin Ran's leaving figure, Xu Yuan's eyes could not help but redden.

"Don't think about it, you're not from the same way, let alone the same world, it's impossible to have a result after all!"

Xu Xiong sighed, while arranging for Liu Shan to dispose of the bodies of the other two members of the Huai family.

"I should also go and make arrangements, stay at home tonight and don't go anywhere, after tonight the whole Tian Lang County will be completely shaken!"

Xu Xiong said.

"Father!"

Xu Yuan had a tangle in her eyes, but Xu Xiong had already turned around and left the place.

Looking out the window at the night sky, Xu Yuan's heart was a little lost.

She knew that Lin Ran would not come back, and when he finished his business, he would go straight to the outside of the city, and he would not come back to the Xu family.

"Perhaps this is my fate!"

Xu Yuan looked at the night sky in front of her, ? Lin Ran's shadow kept flashing in her mind.

This was the first time she had ever fallen for someone, but unfortunately there was a destiny, and this love affair was destined to be fruitless.

Lin Ran came from the outside world, while Xu Yuan grew up in the otherworldly demon world,? Everything was different between the two people's worldviews and values.

Even if Lin Ran did promise to take her away, so what!

The fates of the two were different after all.

.....

Under the darkness of the night, people flickered!

As Lin Ran walked through the darkness, he could already see the Huai family's mansion.

The Huai family had also apparently noticed that the young master was missing, and the whole family was busy with lights and fires.

Chapter 1329

"Master still hasn't found the young master!"

The Huai family butler said with a nervous look on his face.

"Then keep looking, even if you turn the Skywolf County upside down, you must find the young master for me!"

Huai Mo said in an angry voice.

"Yes!"

The steward saw this and had to take his men down to search again.

"Master, could the young master have gone to the Xu family?"

Suddenly, a tall young man next to him spoke up, he was none other than Huai Mo's right hand man, Mo Le, known as the Tower of Iron!

This man had left a great reputation back then when he wandered into the four corners of the world, only to be defeated by Huai Mo later on, and became a follower of Huai Mo.

He was nicknamed Tie Ta Mo Le because of his tall and sturdy build.

"What you say is not impossible, Yin'er is stubborn, he must be harbouring a grudge after losing to that Mu Xi this afternoon!"

Huai Mo calculated in his mind.

"This way, Moeller! You take some people to go to the Xu family, if the young master is there by all means let them send someone back!"

"Yes, Master!"

Moeller nodded, and then turned around and led the men out of the place.

Everyone went about their own business, and in a moment, only Huai Mo and the two guards standing guard were left in the entire living room.

The afternoon had been a headache for Huai Mo, and he could not help but rub his temples to rest now that it was finally quiet.

“Whoosh!”

Suddenly, the sound of two breaking winds rang out, followed by the two figures guarding the entrance to the living room actually fell to the ground out of thin air.

This movement immediately woke Huai Mo up.

“What people?”

Huai Mo jerked up from his chair, his eyes looking forward warily.

“You said what kind of person! Huai Mo, you’re just going to give up on our agreement? Then don’t blame me for being ruthless, you’re the one who broke your word first!”

An icy voice rang out, while a figure rushed straight through the doorway, if not Lin Ran or someone else.

“Mu Xi! What did you just say?”

Huai Mo’s eyes narrowed slightly, with doubt.

“Mu Xi? Huai Mo! It’s just the two of us, and you’re still calling me Mu Xi?”

Lin Ran said with a frown.

Now Huai Mo was even more confused, not knowing what medicine was being sold in the gourd of this youth in front of him.

“Yin’er is in your hands again?”

Suddenly Huai Mo thought of something and opened his mouth to question.

“That’s right! Huai Yin is in my hands, if you go back on your word, don’t blame me for being ruthless!”

Lin Ran said with a wave of his palm, and a figure appeared directly on the living room floor, it was none other than Huai Yin who had already cooled off.

“Yin’er!”

Seeing that Huai Yin had died a tragic death, Huai Mo’s eye realm instantly turned red,? Huaiyin was his only son, but now

“Mu Xi! I’ll kill you!”

Huai Mo had anger in his eyes as he raised his hand and charged towards Lin Ran.

A pair of palms erupted with a harsh aura, as if they were about to tear the heavens apart.

“Humph! Huai Mo, you broke your word first, and now you want to strike at me, then don’t blame me for being ungracious!”

Lin Ran’s eyes chilled as his palm snapped out and met Huai Mo’s palm right in the face.

“Bang!”

There was a loud sound, and Huai Mo's entire eyes were filled with panic.

At this moment, his arm robes were shattered and his entire body flew backwards.

He had disbelief in his eyes, was this still the same Mu Xi who fought with his son in the afternoon?

This strength, I'm afraid, crushed himself without the slightest problem.

"Who the hell are you!"

Huai Mo wiped off the blood from the corner of his mouth and looked at Lin Ran warily.

"You said who I am, what? And now you're going to pretend you don't know me?"

Lin Ran's eyes were cold, our deal had just begun and you're breaking your word, then don't blame me for not being polite!

Lin Ran said and rushed towards Huai Mo.

The first thing you need to do is to get a good deal. He didn't have any deal with Mu Xi at all.

But this young man in front of him was repeatedly saying something about a deal, what on earth did he mean!

"Family head!"

"Quickly protect the family head!"

"There are assassins!"

Soon, the commotion in the hall drew in countless guards.

One by one, these people rushed in and also heard those words from Lin Ran.

And it was only at this point that Huai Mo felt a whiff of intrigue in the air.

"Who the hell are you!"

Huai Mo didn't dare to fight Lin Ran in a hard way, and turned around to hide, while questioning.

"Who am I? I am Lin Ran! You dare to lie to me, Huai Mo! Then die!"

Lin Ran said angrily.

"What? You are Lin Ran!"

Huai Mo was shocked at his words.

As a disciple of the Sky Wolf King, he knew far more information than Xu Xiong.

Therefore, he knew who Lin Ran was as soon as he heard the name, and at this moment, he didn't even have the courage to fight Lin Ran.

An existence that could go head to head with the Sky Wolf King was nowhere that he, Huai Mo, could resist.

“Lin Ran! You’ve got the wrong person, I haven’t offended you! I won’t pursue the matter of Yin’er, so hurry up and leave!”

Huai Mo said angrily, now he was scared to death, how could he dare to trouble Lin Ran.

“Go? You changed your mind and broke your promise, you think I’ll spare you?”

Lin Ran said once again.

“I don’t understand what you’re talking about!”

Huai Mo’s eyes were icy cold.

Lin Ran, however, smiled.

“Fine! I don’t know! Then you can go down and keep your son company!”

Lin Ran felt that it was almost time, and only then did his palm flip, and a cold aura appeared directly in his hand.

In the next moment, the cold aura shook and a stream of light instantly shot out.

The speed was simply staggering.

Huai Mo reacted and was just about to dodge, but the cold mane was already like a meteor, instantly cutting across his neck.

He almost watched as the stream of light touched his neck.

No matter the speed or the angle, there was no possibility that he would dodge past it.

“You!”

Huai Mo looked at Lin Ran as a flash of despair flashed across his eyes.

“Poof!”

Blood spilled all over the entire wall, and Huai Mo’s entire body instantly went limp on the ground, cut off from life.

“You were the one who broke your word first!”

Lin Ran looked at Huai Mo’s corpse and said one last inning, before turning his side and leaving the Huai family.

Those soldiers around them couldn’t see where Lin Ran was from the beginning to the end, let alone help.

It wasn’t until Lin Ran left that they reacted and one by one, they dropped their weapons in a panic and ran out towards the outside of the Huai family.

“Quickly! Spread the news out!”

“Yes! Hurry!”

Many of the Huai family's guards began to pass on the news.

Skywolf County was like this, it looked like one family, but in reality, there was no telling how many people inside were someone else's eyes and ears.

Even the Xu family had spies from the Huai family, let alone the Huai family.

The news of the murder of Huai Mo's father and son soon spread throughout the entire Skywolf County.

What was also spread was the name Lin Ran.

"What are you saying? Lin Ran killed Huai Mo's family?"

The Skywolf King sat atop the main throne with an icy coldness in his eyes.

"What other news? Where has that Lin Ran gone now? Why is he targeting Huai Mo?"

King Skywolf questioned.

The guards below were trembling with fear and were busy saying.

"Back to King Skywolf, the most rumoured thing right now is that Lin Ran has been saying that it was Huai Mo who broke his word, and that they should have some kind of deal! But Huai Mo broke his word, that's why Lin Ran killed them both, father and son!"

"A deal?"

The Sky Wolf King frowned slightly at his words.

Why would Lin Ran's strength warrant a deal with Huai Mo? The two were simply not on the same level.

"Could it be?"

Suddenly, the Skywolf King thought of something and immediately opened his mouth to shout.

"Quickly, have someone bring Xu Xiong to see me! Also increase the security in the Skywolf Mountain Range to prevent Lin Ran from entering the Skywolf Mountain Range!"

"Yes!"

The guards underneath him heard this and busily got up and went to do it.

Chapter 1330

However, what the Heavenly Wolf King did not know was that when this news reached his ears, Lin Ran had already managed to break through the guard of the Heavenly Wolf Mountain Range and was rushing towards the place where the Weak Water Stream was located.

In the Skywolf County, Huai Mo's death had caused a furor.

Xu Xiong had been summoned by the Skywolf King overnight, and it was no longer Lin Ran's concern as to what to say.

It was only early the next morning that the people of Huai Mo's family had fled and captured, and had become a hot topic of discussion throughout the entire Skywolf County.

One piece of news also came out among them.

That was that someone had bumped into Huaiyin and the mysterious man named Mu Xi fighting, and eventually lost in three moves.

And many people had speculated that it was likely this person who had completely wiped out the Huai family.

As for the name Lin Ran, the inhabitants of Puffing Skywolf County were simply unaware of it.

Because it was the disgrace of the Skywolf King, no one dared to speak of it to the public.

The first time, the Heavenly Wolf King had set up a formation to sneak attack Lin Ran, only to have the latter successfully escape.

The second time, Lin Ran had even infiltrated into the Heavenly Wolf County, but the Heavenly Wolf King actually did not even know about it.

The second time, Lin Ran had even infiltrated into the Skywolf County, but the Skywolf King didn't even know about it, and Lin Ran had even killed one of his disciples.

It would have an impact on the Skywolf King's majesty in the entire Northern Region, so naturally this matter was sealed off.

The Skywolf County Xu Family!

"Father! How is it? Is everything alright!"

Seeing Xu Xiong finally return, Xu Yuan was relieved.

"It's alright! Lin He was right, nothing has gone wrong! The Skywolf King didn't suspect me in the slightest!"

Xu Xiong laughed.

Xu Yuan smiled awkwardly and nodded.

"What about him?"

Xu Xiong was stunned at his words, knowing that his silly daughter was still thinking about Lin Ran, and immediately spoke.

"You, just take it easy, last night the Heavenly Wolf King summoned me and I only found out Lin Ran's exact origins!"

Said Xu Xiong, then told what he knew, and finally sighed.

"To put it in a bigger way, Lin Ran is an enemy of our Fey Demon Realm, and as long as your father goes to battle in the future, he cannot avoid a true-faced battle with him!"

"To put it in a smaller way, the two people trapped in the Weak Water Stream, that female of them is probably Lin Ran's thinker, silly daughter, there is no hope for you!"

"Mm!"

Xu Yuan nodded, with despondency in her eyes.

“I know! Father, you take a good rest!”

Xu Yuan said as she turned and left the place.

Looking at Xu Yuan’s back as she left, Xu Xiong was also somewhat helpless.

Things in this world are unpredictable, the only thing in life that hurts people the most is the word love!

.....

Lin Ran, at this moment, had already crossed the Skywolf Mountain Range and was close to the place where the Weak Water Stream was located.

For safety’s sake, he had not released the three Flame-Yans the entire time.

As it turned out, his fears were correct.

During the night, he had encountered at least three searches by the Sky Wolf King and the others, but fortunately, he had managed to avoid them all without any danger.

By now, he could clearly sense the location of Wang Yifeng and Long Ya.

He could also sense that the other side had sensed him as well.

Wang Yifei and Long Ya, who hadn’t moved their positions for several days, were clearly moving very frequently when he arrived near the Weak Water Stream, as if in response to Lin Ran.

Half an hour later, after going over a mountain range, Lin Ran finally had a sudden opening in front of him, and a long river appeared in front of him.

This river was like a coiled dragon, completely splitting the Skywolf Mountain Range into two.

And at this moment the whole river was frighteningly calm, not to mention the waves, not even a single ripple.

“Go!”

Lin Ran found a place that was the furthest away from the Skywolf King and the others, and the least likely to be discovered, and hurried over.

Soon he arrived at the river side of the Weak Water Stream.

The reason why the Weak Water Stream was called the Weak Water was because it was different.

This water is very sensitive to drops and as long as a living creature falls in, within a few breaths the weak water will squeeze all the water out of its body.

In the end, the dried up corpse would be washed to the shore by the weak water, so it could be said that it really killed people invisibly, and it was absolutely impossible to enter the weak water stream without special means.

Lin Ran was wondering in his heart how on earth Wang Yifeng and Long Ya had gotten in and even survived until now without any problems.

He arrived in front of the Weak Water Stream and probed his palm down, and immediately felt a powerful squeezing force.

Even though he had used his Medical Dao True Qi to protect his arm, the immense pressure was as if it was pervasive, making it extremely difficult for him to cope with it.

“Is there anything that can deal with this weak water?”

There was no way out? Lin Ran could only seek help from the Pillow Book.

However, the pillow book’s reply made him somewhat desperate.

“There is no way,? Weak water is a very good material that is precious even in the Immortal Realm, and it is impossible to collect this weak water without a special magic treasure!”

“Then isn’t there a way to enter?”

Lin Ran asked.

“It’s not that there isn’t!”

The Pillow Book said.

“Using true qi you can temporarily resist the squeeze of the weak water, but you have to make sure you find them before your true qi runs out, or you’ll die too! There’s no True Qi for you to replenish inside Ruo Shui!”

“Shit!”

Lin Ran couldn’t help but curse, wasn’t that bullshit.

If they could find them like this, the Sky Wolf King and the others wouldn’t have gone so long without catching Fatty and the others.

After all, the Sky Wolf King’s strength wasn’t inferior to his own.

“Whatever! Let’s try first!”

Lin Ran said, at this point in time, when he arrived at the Weak Water Stream, it would be most anxious if he did nothing.

With that, Lin Ran mobilised his true qi and wrapped his entire body around himself, following which he directly jumped into the weak water stream.

At once, the weak water around him seemed like a torrent, squeezing towards him.

The immense pressure made Lin Ran immediately feel threatened, and the Medical Dao True Qi around his body worked frantically to resist the pressure around him.

However, the greater his reaction, the greater the pressure around him, and soon the true qi in Lin Ran’s body dropped by a full layer.

He was busy adjusting his breath to try to reduce the fight against the surrounding pressure, but even so, after just ten minutes, the true qi in his body had already dropped to less than a third.

“Kid, if you don’t go up there, you won’t have enough true qi!”

The pillow was busy reminding.

And at this moment, Lin Ran could feel that he was not far away from Wang Yifeng and the others, and if he was given twenty minutes, he would definitely be able to find them.

However, his true qi was no longer allowed, so he had no choice but to grit his teeth and start charging upwards.

Eventually, as his true qi ran out, he returned to the land.

As soon as he returned to land, Lin Ran hurriedly found a cave and burrowed into it. At this moment, his body was unusually weak, so if he was discovered by the Sky Wolf King, there was no way he could survive.

“Hey! Let’s recover our strength first, before thinking of other ways!”

Lin Ran sighed and sealed the mouth of the cave shut, and immediately fell into cultivation.

And just as Lin Ran fell into cultivation, on one of the peaks of the Weak Water Stream.

“Lord Sky Wolf King, the formation is completely set up and ready to be activated!”

Next to him, a disciple of the Heavenly Wolf King arched his hand and said.

“Good! Activate it immediately!”

The Heavenly Wolf King did not hesitate and immediately said.

“Yes!”

The other party nodded respectfully and immediately waved his palm, and at once a ripple centered on the lake and covered in all directions, quickly enveloping the entire Weak Water Stream.

Watching the ripples quickly fade away, the Heavenly Wolf King then nodded in satisfaction.

“Lin Ran! So what if you reach the Weak Water Stream! As long as you dare to show yourself, you’ll be a turtle in my jar!”

There was a morose killing intent in the Sky Wolf King’s eyes.
