

Wonder Doctor

Chapter 1331

It was the evening of the following day before the entrance to the cave was pushed open from the inside.

After a full day's rest, Lin Ran's strength had been restored to its peak state.

But although his strength had been restored, he was still not able to do anything about the Weak Water Stream.

"Let's go! Let's try again!"

Lin Ran sighed, and immediately arrived next to the Weak Water Stream again.

With the experience from last time, this time, from the moment he fell into the water, he tried to compress his resistance as much as possible, keeping the weak water close to his body and trying not to fight the weak water hard.

In this way, the consumption of true qi in his body was also reduced to a very low level.

And just as Lin Ran was making his way towards the bottom of the Weak Water Stream with all his might.

A high mountain located on the far side of the Weak Water Stream.

"Lord Skywolf King, there were fluctuations in the formation in the northwest just now, it should be Lin Ran entering the water!"

Suddenly a disciple ran over and said excitedly.

"Go!"

A hint of joy flashed in the Sky Wolf King's eyes, and immediately led his men towards the place where Lin Ran had fallen into the water before.

A few moments later, the crowd arrived at the place and, looking at the ripples that occasionally rose up on the lake, they were even more certain that Lin Ran had entered the water here.

"My lord, should we send someone down to look for him!"

The disciple said.

The Sky Wolf King heard this but shook his head.

"No need! The Weak Water Stream only has a tidal change once every ten years, those two scum took the opportunity to jump in last time, it's only been a short time, no one will be able to get in until the tide changes!"

The Sky Wolf King had confidence in his eyes.

"Set up a formation and wait for him to come out on his own!"

The Sky Wolf King sneered.

“Yes!”

The crowd next to him received their orders and immediately began to work.

As for Lin Ran, ever since he had entered the Weak Water Stream, he had cut off all contact with the outside world.

The Weak Water Stream was like an independent space, once he entered it, all contact with the outside world would be lost, even his divine sense could not sense out.

Only the innate sense of the Sensory Stone could roughly determine the location of Wang Yifeng and the two of them.

“Well?”

The pillow asked in his mind.

“It’s not too bad, the true qi has been consumed almost normally, at this speed we should be able to successfully reach where they are!”

Lin Ran had excitement in his heart.

“Don’t be complacent yet, I’m afraid there are still problems on the back side!”

The pillow said.

Lin Ran nodded, he was also clear that if things were really going so well, I’m afraid that Wang Yifeng and the two of them would have been captured a long time ago, and they wouldn’t have been stuck in this Weak Water Stream.

The Sky Wolf King was about the same strength as himself, but the fact that he had always surrounded the two Wang Yifeng without attacking them was enough to see that there was something wrong inside.

Although Lin Ran could think of this, but as to what exactly the problem was, he could not guess it yet.

As he went deeper and deeper, Lin Ran’s sense of Wang Yifei’s two men became clearer and clearer.

But just when he felt that he couldn’t be more than fifteen minutes away from the two men.

Suddenly, the pressure of the weak water around him surged.

It was as if the pressure of the weak water had grown several times in an instant.

This change took Lin Ran by surprise.

He was busy mobilising his entire body’s true qi to resist, but the pressure of the weak water still overwhelmed him.

The true qi in his body was rapidly depleting, and Lin Ran’s face changed a little.

“Could this be the reason why the Sky Wolf King doesn’t dare to come down?”

Lin Ran's heart couldn't help but sink as he looked around him in pitch blackness, with only the weak water constantly squeezing him.

He knew that he was afraid that he would fail again this time.

Although there was some reluctance in his heart, he understood that if he didn't get out, he was afraid that he would soon die here.

"What the hell is this weak water!"

With some anger in his heart, Lin Ran immediately stretched his finger out, following which he quickly withdrew the True Qi from his finger.

And the very moment his finger was exposed to the weak water.

The weak water seemed to build up towards his finger as if it was a wave.

At once, Lin Ran felt as if his finger was about to be squeezed, and instantly a layer of red surfaced on the surface of his finger, the feeling of blood being almost squeezed out under his skin.

"Go!"

Lin Ran gritted his teeth, his true qi quickly wrapped around his finger, followed by his entire body rushing up towards the surface of the water with the help of the huge pressure.

Going down the mountain was easy and going up was difficult, so at this point, going out of the weak water stream was naturally much easier than entering the water.

With less than a third of his true qi left, Lin Ran finally peeked out of the water before it was about to run out.

But as soon as he emerged from the water, his brow furrowed.

The surface of the water was dark, and when he had entered the water before, he could even see the moonlight, but now there was nothing.

Moreover, Lin Ran also noticed that a burst of fog had actually risen around him.

If it wasn't for the true qi in his body rapidly recovering, he would have thought he was still in the weak water.

"Be careful! There's an ambush!"

Suddenly, a voice rang out in his head, none other than Pillow Book's.

Lin Ran's face changed almost simultaneously.

A green light instantly lit up in front of his eyes, heading straight for his neck with such power that it simply sent a chill down Lin Ran's spine.

"Sky Wolf King!"

Lin Ran said angrily, followed by an explosion of true qi from his entire body as he narrowly dodged it with a side-step.

But almost at the same time, four more streams of light rushed over from the front and back.

Lin Ran didn't have much true qi left in his body, so he was a bit frazzled in the face of the four attacks and only managed to dodge three of them.

The last one went straight through his abdomen with a "poof".

A thumb-thin gash bled out.

"Bastard!"

There was a cold look in Lin Ran's eyes as the broken tip of the dagger in his hand flung itself in the direction of one of the shots.

Only a moment later a miserable scream was heard, clearly the other party had failed to dodge Lin Ran's move.

"How worthy of Lin Ran! This was even able to kill one of my disciples!"

The Sky Wolf King's voice suddenly rang out.

Following this, Lin Ran saw a large hand poking out of thin air, the strength of its breath actually crushed the surface of the weak water below, denting it into a large crater.

"Is that all you can do, sneak attack?"

There was an icy coldness in Lin Ran's eyes as he raised his hand and met it with a palm.

"Bang!"

In an instant, the two palms collided, and a huge force directly lifted Lin Ran backwards.

He didn't have much true qi left, and he had just been injured in his abdomen by a sneak attack.

At this moment, facing the full force of the Sky Wolf King's strike, it was already the limit for him to be able to barely resist it.

"Run! If we don't leave, it will really be over!"

Pillow Book hurriedly urged.

Lin Ran was already at the end of his rope, and the depletion of his true qi if he continued to fight would only hasten his death.

"There are formations all around, I'm afraid we can't leave!"

There was an icy coldness in Lin Ran's eyes, the Sky Wolf King had obviously known he was in the water before. That's why he had laid a net of heaven and earth here, and at this time, I'm afraid it was already impossible for him to escape.

As expected, Lin Ran's mind is calculating, at this time around in all directions already have countless human figures rushed over.

Not to mention the surroundings, there were even people above the sky, and the only way out left for Lin Ran was the desperate path below, the Weak Water Stream.

“Will you surrender yourself, or will you let me kill you!”

The Sky Wolf King looked at Lin Ran with smugness in his eyes.

“Want to kill me! Then you’ll try!”

Lin Ran said with a cold look in his eyes, followed by a grit of his teeth, and jumped straight down towards the weak water stream below.

Staying up there was death, he would rather fight again in this desperate situation, even if he died in the Weak Water Stream, it would still be a hundred times better than falling into the hands of the Sky Wolf King.

Chapter 1332

“Lord Skywolf King!”

Some of the other disciples saw this and were busy looking at the Sky Wolf King, waiting for his orders.

“Wait! It’s better if he’s dead, and saves us the trouble!”

The Sky Wolf King said in a cold voice.

It would certainly be best to capture Lin Ran alive, but if the other party really didn’t give it a chance, then he could only prefer to break the jade rather than the tile.

While the Heavenly Wolf King was guarding the Weak Water Stream.

Lin Ran, who had fallen into the water, was on the verge of reaching his limit.

The true qi in his body had not recovered much at all before he was once again forced into the water.

Now he could be said to have reached a moment of strangeness in his future.

“Kid, you will die if you continue like this!”

The pillow said helplessly.

“I know!”

Lin Ran had anxiety in his eyes.

However, he knew that he absolutely could not mess up.

As long as his heart was messed up, then there would really be no chance of survival at all.

He tried to reduce his true qi consumption as much as possible, but it was fine for a short period of time, but there would always be a moment when his true qi would run out after a long period of time.

And with the Sky Wolf King watching him from outside, he had no choice at all.

“Go find Fatty!”

Lin Ran suddenly gritted his teeth and rushed in the direction where the induction stone was.

“You’re crazy!”

Seeing this, Pillow Book was busy shouting.

“You couldn’t even get through the Weak Water Stream when you were in your prime, let alone now!”

“I don’t have a choice!”

Lin Ran said.

“Sooner or later, I’ll be caught by the Sky Wolf King if I go out, so I might as well put up a fight instead of that!”

“Fatty and the others aren’t as strong as me yet, yet they all entered! That means there must be a way to get in the Weak Water Stream, I just haven’t found it yet!”

Lin Ran reassured himself.

“And what if it’s tidal in nature?”

The pillow said.

“When things come to this, we can only try it to the death!”

Lin Ran gritted his teeth without speaking and swam with all his might towards the place where the induction stone was.

However, the consumption of true qi was not going to be kind to Lin Ran.

This time, after only staying in the Weak Water Stream for less than ten minutes, the true qi in Lin Ran’s body had already reached the point of running out of oil.

And at this point, he hadn’t even made it to the place where the pressure had surged last time.

He felt the last trace of true qi in his body slowly flowing out of his body.

Lin Ran was finally a little desperate at this moment.

“Bang!”

The true qi barrier that enveloped his entire body shattered with a bang after losing its support.

The pressure of the weak water around him was like a raging storm that instantly swept over him.

Lin Ran felt as if his body, his bones, were being frantically compressed at this moment, as if he had been put into a meat grinder.

It was as if his entire body had been crushed into a sheet of paper.

He didn’t dare to move around,? afraid that if he exerted just a little bit of force, his skin would be pressed and burst.

That feeling was as if Lin Ran was a balloon filled with air, and if he moved slightly, the enormous pressure around him would instantly crush and burst him.

“Pffff!”

Finally, under the immense pressure of the weak water around him, Lin Ran’s arm was the first to crack open.

Countless amounts of fresh blood instantly filled out, staining the area around the weak water red.

“Pffff!”

Following that, the two gaps on his thighs also broke open straight away.

At this moment, Lin Ran only felt the coolness around him follow his arms and thighs and frantically enter his body.

At this moment he could not feel the slightest pain, only an endless icy coldness that seemed to want to freeze him.

Gradually, more openings began to open on Lin Ran’s body, and countless blood dyed the weak water around him a few shades redder.

At this point, Lin Ran’s consciousness had begun to gradually become blurred.

The icy coldness of the weak water around him was like an anesthetic, causing Lin Ran’s consciousness to gradually become muddled.

He could not feel pain, let alone everything around him, as if everything around him had nothing to do with him anymore.

“Lin Ran! You can’t sleep! If you go to sleep, it’s really the end!”

The voice of the pillow book kept ringing out.

But at this moment, for Lin Ran, everything was said to be over.

His mind was gradually lost and his eyes were closed, his whole body was like a leaf, drifting back and forth along the weak water.

And the blood around him did not disperse, the odd pressure of the weak water holding them firmly in place around Lin Ran.

As Lin Ran’s torso swayed back and forth.

The voice of the pillow book also stopped ringing out, not knowing whether it was desperation or what.

The entire weak space gradually quieted down.

The surroundings were still black, only with an additional splash of blood red decorating the darkness of the Weak Water Stream.

And by this point, a full ten minutes had passed since Lin Ran had fallen into the water.

“Lord Skywolf King!”

At this moment, on the lake surface of the Weak Water Stream, a group of people looked at the Sky Wolf King.

Based on the projection of the time Lin Ran entered the Weak Water Stream, he should have been squeezed into a sentence of dried meat by now.

“Leave two people to guard, the others will follow me back!”

The Sky Wolf King spoke, he also knew that after such a long time and Lin Ran being seriously injured, there was definitely no chance of him surviving.

And at this point, there was no point in continuing to stay here any longer.

.....

Outside, the Mysterious Alliance headquarters, inside the ancestral hall.

Elder Feng’s tightly closed eyes snapped open, and at that moment, in front of him, on a life lamp, the red fire light burning suddenly became dim.

The dimness was simply staggering.

The firelight was only the size of a grain of rice, as if it would go out at any moment.

Elder Feng stared intently at the Destiny Lamp, his fists clenched tightly as his heart rose to his throat at this moment.

“Lin Ran! What exactly are you going through?”

There was unease in Elder Feng’s heart.

“Bang!”

Suddenly, just at that moment, Lin Ran’s life-light actually suddenly went out!

Seeing this scene, Elder Feng froze in his tracks.

He looked at Lin Ran’s already extinguished Fate Lamp in a daze, as if the last bit of light in the dark night was gone.

“You!”

Elder Feng opened his mouth, but in the end, he didn’t utter a single word.

He silently got up and took Lin Ran’s Fate Lamp in his hand, gently wiping it.

He knew in his heart that an extinguished Destiny Lamp would not burn up again.

However, just as he had wiped Lin Ran’s lamp clean, he was about to get up and leave.

Suddenly, he heard a “whoosh!” There was a sound and a hot sensation appeared in his hand.

Feng Lao hurriedly picked up the Destiny Lamp to look at it, and immediately froze when he did so.

A flame the size of a grain of rice had suddenly lit up on Lin Ran's previously extinguished Destiny Lamp. The flame was wavering, but it never went out.

Elder Feng was busy placing the Destiny Lamp on the table and looking at it nervously, as if this Destiny Lamp was the only thing in his entire world at this moment.

.....

And at this time, in the distant Weak Water Stream of the Sky Wolf Mountain Range in the Foreign Devil Domain.

In the endless darkness of the weak water stream, there was a mass of red floating with the waves, it was Lin Ran's blood.

And at that moment, within this mass of blood, a bright light suddenly flickered.

This bright light was red, appearing and disappearing, flickering on and off.

I don't know when the red light appeared.

But all that was known was that as the red light flickered, the surrounding red blood was slowly drifting towards the place where the red light was.

It then went into the red light.

And once again the red light flickered up, the pillow book to see the real.

The red light was clearly a bottle.

A bottle with a purple-gold body.

And this bottle was the very same one that Lin Ran had inadvertently found in the three-headed snake's lair that day after saving Zhao Yu, the purple-gold bottle!

Chapter 1333

It was not clear how long had passed, and Lin Ran had not been conscious of anything.

The whole world seemed to be grey.

Suddenly, until some point, Lin Ran felt a coolness that made him very comfortable, and then he woke up from his dream with a jolt.

But when he opened his eyes, all he saw was endless darkness, as if he was still in the darkness.

"You boy are finally awake!"

A voice rang out.

Lin Ran was busy turning his head to look and found that it was actually the Pillow Book.

Only at this moment, the pillow side book was actually as tall as himself.

"What's wrong with you?"

Lin Ran had difficulty placing it in his heart.

In the past, when he looked at the pillow side book, it was always a small golden man, but at this moment he was actually looking at him level.

“What’s wrong with me? It’s you yourself, you’re a soul body now too!”

The pillow book laughed.

“Huh?”

Lin Ran was stunned and was busy looking at himself.

“Holy shit!”

He couldn’t help but curse, only to see that at this moment, he was actually really a soul body, emitting a red-golden glow all over, and was actually the same as the pillow side book.

“I’m dead too?”

Lin Ran said busily.

“Die your sister! You made it, Wang Yimei and Long Ya are right outside.”

Pillow Book didn’t have the heart to say.

“Really?”

Lin Ran was so excited that he was just about to go out and take a look, but he found that he couldn’t actually sense the presence of his physical body at all.

“Don’t think about it, you’re also a soul body now, your physical body has been severely injured, fortunately, that Long Ya has used her own dragon qi to embrace you, after waiting for some time under the effect of the Red Flame Golden Pill, I think it will be completely healed!”

The pillow said.

“That’s good, that’s good!”

“That’s enough, you should go and rest now!”

The Pillow Book said.

“Rest?”

Sure enough the next moment, Lin Ran felt a wave of drowsiness hit him, making him want to fall into a deep sleep.

“How did I survive?”

Lin Ran asked busily.

The pillow book smiled at his words and said.

“Because of that purple gold vase, your blood stood and fell on it, and by mistake became its master.”

“It was the one that brought your blood and flesh out of the Weak Water Stream! But right now it’s in Wang Yifeng’s hands, so you’d better wait until you wake up and study it properly!”

“Good!”

Lin Ran said, and at that moment, his sleepiness surged and he quickly fell into a deep slumber.

And this time, there was no telling how long had passed.

When Lin Ran felt consciousness once more, he heard a familiar sound coming from his ears.

“Out of the way out of the way, you’re being too gentle! I’m telling you, just this kid won’t wake up until you give him some excitement!”

Wang Yifei’s voice rang out, followed by Lin Ran feeling, ? A huge pressure instantly landed on his chest, and the pain caused his entire body to directly muddle before his eyes, followed by a brightening.

“Poof!”

Lin Ran couldn’t hold back and a mouthful of something unknown spurted out straight away.

The next moment he saw that a red human face was facing him, very ugly and downright scary.

“I cao what the hell!”

Sure enough, Lin Ran was startled and lifted his foot and kicked the strange face, and immediately the latter was kicked backwards.

“Lin Ran, you master, I’m giving you a chance to move your muscles and you’re actually fucking kicking me in the face!”

Wang Yifeng roared in anger.

Lin Ran heard but was stunned and was busy looking.

Sure enough, he saw Wang Yifei’s fat body, but of course, he could no longer be described as fat now.

Because at this moment, he had simply lost a large amount of weight, and his entire face had lost a lot of weight.

“Fatty!”

Seeing Wang Yifeng, Lin Ran was excited.

“Damn you, you just woke up and kicked me, it’s a good thing that my handsome face is not plastic surgery, otherwise what if I go back and see Xiao Cui later and think I stink!”

Wang Yifeng said unhappily.

“Fuck you!”

Lin Ran cursed in a bad mood.

At that moment, a figure suddenly swooped over from the side and burrowed into Lin Ran’s arms.

Looking at the person in his arms, Lin Ran's eyes also moistened, who else could it be if it wasn't Long Ya in his arms.

After entering the Fey Demon Realm for so long, he had finally found the two of them.

"At last, we are reunited!"

Lin Ran lamented.

"How could you be so stupid to even venture into the Weak Water Stream, you don't want to die!"

Long Ya patted Lin Ran's chest and complained, there were even tears in her eyes.

"Come on, I'm still here, you guys can't avoid people!"

Wang Yifeng laughed.

"Damn fatty shut up!"

Long Ya said in no good humour.

Lin Ran gently helped Long Ya up and looked at the two of them with smooth moist eyes.

After a long journey through the mountains, they were finally reunited at this moment.

"Take a quick look at how the body is doing!"

Long Ya was also stabilised by now and was busy urging.

Only then did Lin Ran remember that his body seemed to have suffered a serious injury, and he was busy checking it out.

He couldn't help but frown slightly after this look.

At least 80% of the meridians in his body had been broken, and now he had all the power he needed, but he couldn't mobilise it at all.

"Where the hell is this place? How did you all get here?"

Lin Ran slowly stood up from the ground and moved around a bit while asking.

At this moment, he had already seen the appearance of this place clearly.

This was the bottom of a valley, surrounded by a lot of trees and weeds, while overhead was actually water flowing.

This place was like an empty space in the middle of the water flow, with water up and down, but these weak waters just couldn't get in here.

"We don't know, this place is like a cage, the people outside can't get in, but we can't get out either!"

Wang Yifeng said.

"Then how did you guys get in?"

Lin Ran asked curiously.

He had almost died in the Weak Water Stream when he came in, so how did Wang Yifei and Long Ya get in?

“I don’t know, I’d better let sister Long Ya tell you!”

Wang Yifei said.

“That day, after we were teleported in, we were attacked secretly, fortunately we reflected quickly at that time and fled all the way, plus the Sky Wolf King was not on guard at that time, so we escaped to the Sky Wolf Mountain Range!”

Long Ya said.

“Then the Sky Wolf King arrived and we found out that he was too strong and jumped straight in when we saw a pool of water here.”

“It was only later that we found out that the water here was actually weak water, and the Sky Wolf King and the others didn’t dare to go any further!”

“And we were all going to die in the weak water when we came across the underwater whirlpool, and then we were swept here by the whirlpool!”

“On the contrary, you, what exactly is this bottle!”

Long Ya said as she brought the purple gold bottle over and asked Lin Ran.

Lin Ran shook his head awkwardly and said.

“I don’t know, I was actually ready to give up my resistance when it saved me!”

Lin Ran said.

“That’s strange, then? What the hell is this thing?”

Long Ya frowned in confusion as well.

But the group soon left it alone, it was a perfect ending for everyone to meet in this weak water stream, as for how to get out, instead there was no hurry.

The pillow book on the body this small world food and drink is not naturally not lacking.

This is not the case, an hour later, a roast chicken suckling pig and daughter red were carried out.

When Wang Yifeng saw these, his eyes turned red, and without saying a word, he picked up a roast suckling pig and gnawed on it.

As he gnawed, he yelled.

“Damn it! In the past few days, I’ve lost two big circles of weight, and there’s not even a single fruit in this shitless place, so I’ve been starving!”

“I told you, this pig is all mine, whoever steals it from me is not giving me face!”

“It’s all yours! You’re just as much a pig as it is!”

Lin Ran laughed, while handing a fish to Long Ya.

Chapter 1334

This small space in the Weak Water Stream was not a large place, but it had become much more joyful because of the reunion of the three.

Especially when Lin Ran moved the three Flame-Yan out as well, it made the place even more lively.

“Holy shit! There’s actually a Fire Family in the Other Demon Domain, bro! Your Fire Family can do it, they’ve all come to develop a battlefield behind enemy lines!”

Wang Yifeng didn’t have a proper line.

“Master Fatty, you’re joking, if we could leave here, who would want to live in this hellhole for generations.”

Huo Yan said helplessly.

As for Zhao Yu and Long Ya, they were a little embarrassed, especially after learning that Zhao Yu was Lin Ran’s first love, the two always avoided speaking directly.

In this regard, Lin Ran didn’t care much, at this moment he was holding a purple gold vial in his hand, sitting in front of the water flow on one side and cultivating intensely.

His body had been badly injured, and although he had recovered for a few days, half of his injuries had still not recovered.

What worried him most was not the problem of his body, but how he was going to get out of here, where his true qi was constantly replenished.

This place was surrounded by weak water, even if he took everyone into the small world, but what about himself?

According to his previous experience, his strength would not be able to support him at all to leave the Weak Water Stream.

In this way, it was as if they were trapped in a desperate place, with no way to enter or retreat.

“What exactly is this purple gold bottle?”

While Lin Ran was cultivating, he brought the Violet Gold Vase to his eyes to view it.

This thing had a purple-golden pattern all over its body looked very showy.

But it was this inconspicuous object in front of him that had actually saved himself, which was something that made Lin Ran very puzzled.

Lin Ran stared at the purple and gold bottle for half a day, and then injected a stream of true qi into it.

Suddenly, there was a loud “Weng” sound, and the vase trembled all over.

The true qi Lin Ran had injected was instantly swallowed by something in the vase!

“Holy shit!”

Lin Ran was so shocked that he even sprang out of his pillow book.

“Let me do it!”

The pillow side book said, while a surge of true qi was injected into the violet gold vial, and instantly its golden light full was also swallowed by the vial in an instant.

“Holy shit! This isn’t the Ten Thousand Things Vial, right!”

Pillow Book exclaimed.

“What Ten Thousand Things Vial?”

Lin Ran asked busily in confusion.

“The Vial of Ten Thousand Things is the magic weapon of the Immortal Emperor’s seated Daoist Monarch of Ten Thousand Things back then, that thing was found by the Daoist Monarch of Ten Thousand Things in some extinct land, its mystery is no less than the Immortal Emperor’s Dragon Cutting Sword!”

The Pillow Book said.

“This thing is said to be able to devour all things, anything and everything, weird and vicious!”

“Then can it devour weak water!”

Lin Ran asked busily.

“It should be able to!”

The pillow said.

“Or else try it? If you can swallow it, then wouldn’t you be able to run!”

The Pillow Book laughed.

However, at that moment, suddenly the purple gold bottle in Lin Ran’s hand trembled violently, and then it actually lunged towards the pillow side book directly out of his hand.

At the same time, Lin Ran was surprised to see that a white light shot out from the bottle, instantly wrapping up the pillow side book.

The golden light on the pillow side book’s body was quickly pulled out and drilled towards the bottle.

“Holy shit! You have to stop it, this dog thing is absorbing my true essence!”

Pillow Book was terrified, and hurriedly urged.

Lin Ran was also startled at this point, and was busy yanking out the purple gold bottle with his hand, while waving his hand to take the pillow side book into his mind.

“Damn it! This thing is crazy, it’s actually trying to devour Master Book, damn it I’m an Immortal Emperor’s magic weapon!”

The Pillow Book cursed.

“Buzz!”

The purple gold bottle trembled for a while, as if it was refuting Pillow Book and expressing its displeasure.

“Hey! You dog is still not convinced! Believe it or not, Master Shu will throw you to the pigs!”

Pillow Book scolded.

“Weng!”

The purple gold bottle shook again, followed by a woman’s voice that actually emerged.

“You’re the one who’s going to feed the pigs! You old rascal!”

“Holy shit!”

The pillow book was also startled this time.

Even Lin Ran jumped in shock, and was busy dropping the purple gold bottle to the ground.

“What’s going on?”

At this moment, the people around had also heard the sound and were busy running over.

They had heard the woman’s voice clearly just now.

“There can’t be a ghost in here!”

Lin Ran was a little scared.

The purple gold bottle, however, flicked distantly and landed directly on Lin Ran’s shoulder.

“Master, why are you talking about me like that! I’m an existence like the artifact spirit and that book, how can I be a ghost!” ”

Lin Ran was stunned and was a little embarrassed.

“That we’ll go somewhere else to talk!”

Lin Ran was filled with embarrassment and with a wave of his hand he directly took his bottle into his mind as well.

The existence of the pillow book was something he was bound not to reveal, and at this point in time, this situation could only choose to bolt.

“Forget it, let’s not disturb him!”

Long Ya naturally understood Lin Ran’s worries, and immediately spoke up, leading the group to turn around and leave.

In his mind, Lin Ran was somewhat staggered as he looked at a white woman's silhouette in front of him.

In front of him at this moment was a woman whose appearance was definitely considered to be heavenly, except that her figure was transparent and appeared somewhat illusory.

"Master, I am the artifact spirit of this Violet Gold Vase, you can call me Xiao Zi!"

The artifact spirit rushed at Lin Ran and saluted respectfully, while glaring viciously at the pillow book.

"You guys know each other?"

Lin Ran was a little embarrassed and busily asked.

"Know each other!"

"Don't know each other!"

Little Zi and Pillowside Book spoke almost simultaneously.

"Humph! You don't know me then, but I know you! You old rascal!"

Little Violet said angrily.

"Hey! Who are you calling a rascal? I'm an honest man, Master Shu!"

Pillow Book said in a bad mood.

"You're still decent, who was the one who first met me back then and said that he would wait for me to be conceived and then marry me home? And what happened? It's only been a short time and you've hooked up with a bow and arrow, who are you if not a rogue!"

Little Violet said in exasperation.

"I!"

The pillow was suddenly speechless.

"You really are the Vial of All Things!"

The Pillow Book exclaimed.

"What Ten Thousand Things Vial, my name is the Qiankun Violet Qi Vial! It is a divine weapon that was bred in heaven and earth, and is on the same level as the Immortal Emperor's Dragon Cutting Sword!"

Little Violet said unconvincingly.

"What? You're a divine weapon? That's absolutely impossible, Master Shu I'm the immortal weapon, how can you, a little girl, be a divine weapon!"

Pillow Book said unconvinced.

"Hmph! You're just an immortal emperor who came out a long time ago, you're already lucky to reach an immortal weapon, and you still want to compare with me!"

Little Purple had a disdainful face.

“I was just badly injured back then, then I happened to be discovered by the Daoist Monarch of All Creatures, which is why I left the mysterious land with him, I was thinking of quickly recovering my spiritual wisdom, but who knew that it coincided with a big battle, and the Daoist Monarch of All Creatures died directly here, which is why I fell into a deep sleep!”

“Holy shit! It’s not fair, Master Book I’ve worked so hard, why should I be one level below you!”

Pillow Book said angrily.

Xiao Zi smiled at his words but laughed.

“Working hard? Some things are inherently predestined, just like you being a rogue, fortunately, my lady’s spiritual wisdom had not awakened back then, otherwise she would have become your victim!”

“Me!”

The pillow was so angry that he couldn’t answer the question.

Lin Ran, however, saw the opportunity and busily interrupted the two, saying awkwardly.

“Two big guys, may I ask, what is an immortal weapon? What is a divine weapon?”

Chapter 1335

“Master, let me tell me about you!”

Little Zi was very enthusiastic and directly took Lin Ran’s arm.

This made Lin Ran a little apprehensive and he was busy saying.

“It’s better not to be so intimate, you are a divine weapon, don’t get upset later and directly shoot me to death in!”

“What are you talking about master, although I am a divine weapon, my current strength is not even one hundredth of what it was at its peak!”

Little Violet was despondent.

Lin Ran smiled at this and sighed in relief.

“The so-called divine and immortal weapons are a division of the immortal realm for magic weapons, and the highest man-made weapon is an immortal weapon, like this rogue book!”

“And one that was bred out of heaven and earth like me is a divine weapon! It is also the strongest weapon in the entire Immortal Realm!”

Little Purple arrived proudly.

“And! It’s only as strong as its origin, isn’t it still not as strong as me now!”

Pillow said disdainfully from the side.

“Then go and compare yourself with the Dragon Chopper Sword!”

Little Purple laughed.

“You Stop it, the Dragon Chopper Sword is the number one supreme magic weapon in the Immortal World!”

The pillow said awkwardly.

“You know that too!”

Little Purple said without good humour.

“Master, he doesn’t know as much about this as I do, let me tell you!”

“The Dragon Chopper Sword used to be a divine weapon like me, we divine weapons need to evolve and improve, so following a powerful master is the most important!”

“For example, back then, the Dragon Chopper Sword was able to grow together to become the number one divine weapon in the Immortal World because it followed the Immortal Emperor!”

“And I believe that you, Master, can also become an existence like the Immortal Emperor in the future!”

Little Violet said, with a careful glint in her eyes.

“Why?”

Lin Ran was puzzled and was busy asking.

“The feeling!”

Little Violet said.

“Often true dragons rise to power with great qi, and with this rogue book by your master’s side, although it’s not much use, it’s at least a symbol of qi, and at the same time you’ve gone through so many trials and tribulations, and your heart is still good, so I feel like you’re a master to follow!”

“And what if I die?”

Lin Ran asked.

“Then I’m sorry, I’ll just have to find the next one!”

Little Purple also said in a serious manner.

“You’re really straightforward!”

Lin Ran was somewhat speechless.

“Forget it, I’m not interested in knowing about your Immortal Realm right now, I just want to know, how did you bring me here before?”

Lin Ran was busy getting to the point.

“This is simple, weak water is also a substance in heaven and earth, it can’t hurt me, just like it can’t hurt a rogue book, but its body was destroyed without substance, and the book is naturally restrained by water, so it’s not as capable as me!”

Little Purple said.

“Then you can take me out?”

Lin Ran asked busily.

“Of course you can, when the time comes, all you need to do is hide in the bottle, and the Weak Water Stream will go with you!”

Little Purple proudly arrived.

“Of course, I’m very weak right now, and I can’t even gather my spiritual wisdom for a long time, so it’s best not to use it if you can!”

“Mhmm!”

Lin Ran nodded his head.

“When we get out in the future, I will help you gather the things you need to help you recover as soon as possible!”

“Many thanks, Master!”

Little Violet smiled, her beauty simply breathtaking.

“Kid! You must abide by your heart, don’t let this vixen hook your soul!”

The pillow beside him was busy saying.

“Who are you calling a vixen!”

Little Zi was instantly angry.

Lin Ran was busy pulling the two away and said.

“Stop it, what time is it, no more fooling around in the future either!”

“Also change your name, Little Violet is a bit awkward to call!”

“All at master’s command!”

Little Violet said.

Lin Ran thought about it and said.

“Then how about Qing Zi!”

“Qing Zi.”

Little Violet was stunned.

“You are a Qiankun Violet Vase, there is righteousness in heaven and earth, and the clear water system flows forever, how about taking Clear with Violet?”

Lin Ran laughed.

“Sounds good!”

Qing Zi laughed.

“And! Look at the beauty for you!”

The pillow said disdainfully.

“Don’t bother with you!”

Qing Zi smiled blandly, followed by a turn of her body, and instantly left Lin Ran’s mind.

“Alright, stop it, I’m going out first!”

Lin Ran was helpless and sighed, ? whirled and also left the sea of brains.

“Master, I’ll go cultivate in the weak water first, call me when you’re ready to leave!”

Qing Zi said.

Lin Ran nodded and followed Qing Zi before instantly entering the Weak Water Stream.

Lin Ran looked at Qing Zi and couldn’t help but feel a pang of emotion in his heart.

“Could this be a blessing due to a disaster?”

As he thought, Lin Ran shook his head and crossed his legs and continued his cultivation.

Time passed day by day.

Lin Ran’s body was also recovering day by day.

However, external injuries were easy to treat, but internal injuries were difficult to heal, and it only took a month for Lin Ran’s body to fully recover.

However, the meridians in his body were still a little broken.

Subsequently, Lin Ran spent another two months to repair his meridians.

In the fourth month after entering the Fey Demon Realm, he finally fully recovered to his peak at the Weak Water Stream.

It even vaguely seemed that he had touched a higher level.

“Kid, I can warn you, your current strength is given by the Immortal Emperor Pill, so you absolutely cannot break through to the God Creation Realm during this period, or else when the one-year period comes, your realm will be in chaos and you will go off the rails then!”

Seeing this, the pillow book was busy saying.

“What about the half-step God Creation realm?”

Lin Ran asked.

“This is no no problem!”

The pillow-side book said.

“The God Creation Realm requires you to train your inner dan to develop spiritual wisdom, so this process is not irreversible, once you train your spiritual wisdom, then your inner dan will be gone, and once the effects of the medicine have passed! Your inner elixir will simply collapse, and by then the vortex of your Qi Creation Realm will also collapse! That’s why you absolutely cannot break through to the God Creation Realm!”

“Mhmm!”

Lin Ran nodded.

Although he couldn’t break through to the God Creation Realm, he was able to keep building a foundation in the Dan Creation Scripture, so that even if his medicine wore off after a year and he returned to the peak of the Qi Creation Realm, then his Dantian vortex could still become stronger towards Zeng.

It might even be possible to break through to the Dan-making Scripture in one fell swoop.

.....

After everything had been arranged, Lin Ran then called everyone over.

“We’ll leave here this afternoon, when we do, I’ll put you all into a space and let you out when I leave the Weak Water Stream!”

Lin Ran said.

Naturally, the crowd had no objections and immediately nodded their heads in agreement.

After staying here for a full three months, the crowd had long wanted to.

Afterwards, the crowd packed up, and once the afternoon arrived, Lin Ran collected the crowd, and then jumped into the Qiankun Violet Qi Vase himself, before entering the Weak Water Stream directly under Qing Zi’s leadership.

.....

And at this time outside, the Sky Wolf King was full of joy, it had been three months since Lin Ran had entered the Weak Water Stream, and it was obvious to him that there was no more way to live.

He had told Lord Fey Demon about it and had even been rewarded, which made his heart very excited.

“My Lord! The gifts for Lord Fey Demon have all been arranged!”

Suddenly, a disciple ran in and said respectfully.

“Good! Prepare to leave immediately! Nothing more than to be delivered before Lord Fey Demon leaves the gate!”

King Skywolf said respectfully.

“Yes!”

The other party immediately retreated and went ahead to make arrangements.

The Heavenly Wolf King looked ahead with fervour in his eyes.

“When Lord Iso-Devil comes out of seclusion, his strength will definitely rise to a higher level, and the showdown between our Iso-Devil Realm and the Mysterious Alliance is almost in!”

“This is a great opportunity for me, the Sky Wolf King, to build my career! I absolutely cannot lose to the other four rice buckets!”

There was a frenzy in the Sky Wolf King’s eyes, and he was furious when he thought of the three domain lords in the east, west and south who were of the same status as himself, especially the Snake King Black Jin of the southern domain.

Just thinking about him made the Sky Wolf King itch with hatred and pressure.

Chapter 1336

In the daytime, the Weak Water Stream had good light transmission.

Under Qing Zi’s leadership, Lin Ran hid in his Qiankun Violet Qi Vase and kept rushing in one direction along the Weak Water Stream.

“Master, according to the direction of the water flow in this Weak Water Stream, further on we will be able to connect to an underground dark river, and at that time we will be able to follow the dark merge and leave the Skywolf Mountain Range!”

Qing Zi laughed.

“Where does that lead to?”

Lin Ran asked.

The Skywolf Mountain Range was the territory of the Skywolf King, and Lin Ran did not want to fight the former at this time.

For one, this was his lair, and two, it was also because the current him was carrying too many lives, so he did not want to be easily suspected.

As for the Sky Wolf King, let him be, as long as he could find a way out, Lin Ran would prefer to leave the Fey Demon Domain now.

There were so many dangers here that one had to take it one step at a time, and being able to get Wang Yifeng and the others out safely was the outcome he wanted the most.

“Where it leads I don’t really know!”

Qing Zi said awkwardly.

Lin Ran was somewhat helpless and turned to ask Flame-Yan and the others who were in the small world.

“Boss, I don’t know either! Although I grew up in the Northern Domain, I’ve never left it at all!”

Huo Yan said awkwardly.

Lin Ran was completely helpless.

“Forget it, let’s leave the Skywolf Mountain Range first!”

Lin Ran said.

The current situation, it was safest to leave the Skywolf Mountain Range first and then find a way to get out.

Following the current, the Qiankun Violet Qi Vase soon reached the edge of the Weak Water Stream.

The weak water was truly magical, and where the weak water stream and the underground dark river met, there was a clear barrier formed.

This barrier clearly distinguished the Weak Water Stream from the underground river.

“Master then we will go in!”

Qing Zi said.

“Mhm!”

Lin Ran nodded his head.

Immediately, the Qiankun Violet Qi Bottle directly detached itself from the weak water and was followed by the underground dark river directly swept into it.

The entire bottle rushed out towards the distance along with the current.

Lin Ran did not know how long he had been in the Qiankun Violet Qi Bottle until the bottle listened on a bank, and only then did he jump out of the bottle.

As he didn’t know where he was at this point, Lin Ran didn’t move the group out of the small world, but instead poked around the area himself first.

This place should be the edge of a mountain range, as the river had reached a plain further on.

And there was a city on the plain, and there was a little light inside the city, and it was night time.

“Let’s go to the city first!”

Lin Ran made up his mind and immediately felt his way in the direction of the city.

However, he was still some distance away from the city, and it would take him an hour or two to get there.

However, just after he had been walking through the forest for ten minutes, a noisy sound suddenly caught his attention.

“Someone?”

Lin Ran was stunned and quietly felt his way over, only to find that in a clearing in the forest, since there were a full dozen people sitting around a fire.

They were laughing and talking, sometimes chatting, sometimes singing, looking so happy.

Lin Ran, on the other hand, noticed that these people were all carrying cages behind them with a lot of herbs inside, as if they were a team that had come to the mountain to collect herbs.

After thinking about it, Lin Ran instantly showed himself and walked towards the group.

“What people!”

The other party noticed that someone had arrived and were all on guard at once.

“My name is Lin Ran, sorry! I’m lost, can I ask for directions?”

Lin Ran said awkwardly, holding up his hand.

“Lost?”

A young man on the other side stood out, looking sharp-tongued and with a thin body, he really thought he was a monkey if he didn’t look closely.

“Who are you?”

The other side asked.

“I’m from the Northern Domain, I was washed up here after accidentally falling into the water when I went up the mountain to collect medicine earlier!”

Lin Ran said, while spreading his palm out, and there was really a wet herb.

“The Northern Domain? That’s not close, you’re actually not dead!”

The youth said.

“What do you want to inquire about?”

“I want to know where this place is. How far is the nearest town!”

Lin Ran said.

The youth smiled and was just about to speak.

Instead, a middle-aged man stepped out to the side, his expression serious, and he looked like an old man.

“Young man, this is a place that borders the Northern Domain, and is under the jurisdiction of the Southern Domain, and because of the terrain, it bypasses the boundaries of the Central Domain!”

“This is the land of the Snake King Black Jin, also known as the Southern Domain of the Snake King!”

“And the nearest town is called Yue City, we are the pill-picking team from Yue City, I think it’s not safe for you to be out there alone, why don’t you stay and rest for the night, and come back to Yue City with us tomorrow?”

When the middle-aged man spoke, his expression and eyes were sincere, not a hint of cunning could be seen.

This caused Lin Ran to be suspicious in his heart.

“Uncle Tie, we don’t know him at all, isn’t it unsafe to let him stay!”

The skinny youth on the side was busy saying.

“My name is Tie Qiang, I’m the leader of this herb gathering group, you’re called Lin Ran right, we know each other now!”

The middle-aged man said.

“Uncle Tie you!”

The youth was a little confused.

“Alright monkey, now that this soldier is in turmoil, since we have run into each other naturally we should help out if we can, I support Uncle Tie!”

Suddenly a woman’s voice came over.

Then a dashing looking woman with a ponytail came out.

“My name is Feng Ling, I’m Uncle Tie’s niece, don’t worry, my Uncle Tie is good at making friends by nature, that’s why he invited you to stay!”

“Besides, it’s chaotic out there, you’ll easily run into danger walking alone at night! Stay for the night, we can still protect you!”

Wind Bell said.

“Mmkay!”

Lin Ran was not pretentious and nodded at once.

Also he was curious, soldiers and horses? Could it be that there was war in this Southern Snake King Domain?

As he was thinking about it, Feng Ling suddenly spoke.

“Da Zhuang, you take Lin Ran to rest!”

“Yes!”

On the side, a sturdy, somewhat wooden-looking youth said, and immediately led Lin Ran to a resting tent.

“This is my tent, you can sleep here tonight, I’ll keep watch!”

Da Zhuang said.

“Thank you!”

Lin Ran thanked him.

But Da Zhuang waved his hand with an honest face and said.

“No need, Uncle Tie is very nice, you’re lucky to have met him!”

“Yeah!”

Lin Ran laughed and didn’t say much.

Soon afterwards, Da Zhuang left.

Sitting alone inside the tent, Lin Ran’s divine sense was already radiating out, just one photo he had basically mapped out the strength of the people in it.

That Tie Qiang, also known as Uncle Tie, should be the strongest in the entire herb gathering group, probably in the middle stage of the Qi Creation Realm.

The others, however, were much weaker, the strongest being Feng Ling, who was only at the peak of the Heaven Seizing Realm, while the others were not even at the peak of the Heaven Seizing Realm.

This kind of strength was not a threat to Lin Ran at all,? That was why he had agreed to stay here for the night.

Outside the tent, Feng Ling sat around the fire with Tie Qiang and the monkey Da Zhuang.

“Uncle Tie, could there be something wrong with that kid, how could anyone come from the Northern Domain now that the soldiers are in turmoil!”

Monkey spoke up.

“Monkey, how many times have I told you that you should not only look at the surface of a person, but also look at a person’s heart!”

Uncle Tie said.

“Just now I noticed that his eyes had been calm when he talked to you, and I could already guess that this man has seen the world, I’m afraid!”

“But he has a good face, he hasn’t taken the initiative to make things difficult for us, and he doesn’t look like he wants to make trouble, so he should be a good person, so we’ll keep him! Otherwise it won’t do us any good to make trouble!”

Chapter 1337

“But Uncle Tie, in this situation now, what if that kid is really coming from a bad place?”

The monkey was still uneasy.

“Don’t worry, Uncle Tie, I’ve been traveling in the world for so many years, and I’ve survived until now with this pair of eyes, I really haven’t lost my eyes!”

Uncle Tie laughed.

The monkey saw this and could not help, sighed and said no more.

Time passed by minute by minute.

In the middle of the night, suddenly Lin Ran was awakened by a loud noise and got up to see that it was Da Zhuang who had come running back.

“Hey hey sorry, the fire outside went out, I was lighting it!”

Seeing Lin Ran walk out of the tent, Da Zhuang laughed awkwardly.

“It’s alright!”

Lin Ran laughed and immediately went forward to help.

He found that this Big Zhuang was very honest, and even when facing himself, he had a long, simple smile on his face at times.

However, while Lin Ran was helping to light the fire, he noticed that the dry firewood in the fire had not finished burning, but the fire had somehow gone out in seconds.

“Hey! There is dry firewood in here, how come the activity has gone out!”

Da Zhuang followed and also noticed the situation, and could not help but frown slightly.

At this moment, suddenly a “whoosh” sounded next to him, Lin Ran was startled and raised his hand to press Big Zhuang’s head down.

Almost instantly, a black arrow stabbed along the side of Da Zhuang’s head.

“There’s an assassin!”

Lin Ran whispered.

Da Zhuang was also startled by that arrow just now and was busy giving Lin Ran a grateful look before he blew the whistle in his hand.

Instantly, the whole camp was buzzing with activity, and many people rushed out when they heard the whistle, especially Uncle Tie who even came next to Da Zhuang and the two men on one horse.

“Uncle Tie, there is this moment!”

Da Zhuang said, pointing to the black arrows on the tree trunk in front of him.

“Be on guard!”

Uncle Tie shouted busily, almost at the same time as his voice rang out.

Countless voices came quickly from all directions.

They saw more than twenty people surrounding the camp, wearing armour and holding weapons in their hands.

At this moment, Lin Ran noticed that the armour these people were wearing had a word embroidered on it, clearly “Yue”.

“Are they from the Yue family?”

Tie Qiang saw this and spoke up.

“Who are you?”

The leader of the opposing group asked.

“My name is Tie Qiang, I am also from Yue City, these people are from my herb collecting team, I wonder when the reason for disturbing you all from the Yue family?”

Tie Qiang asked busily.

“Tie Qiang? Never heard of him! Take them away first!”

The opposing general said in a cold voice.

“Your Excellency, this is not proper! I, Tie Qiang, am at least somewhat famous in Yue City, and many people use the herbs I pick!”

Tie Qiang said.

“I don’t care who your mother is, take it away!”

“Yes!”

The surrounding generals rushed towards the crowd at the word.

“I’ll see which one of you dares!”

Tie Qiang’s face sank as the aura around him instantly exploded out.

Having the middle stage of the Creation Realm, his strength was considered good in Yue City.

“Seeking death!”

The leader’s general’s eyes chilled, followed by a flash of black shadows in his hands, and a black lance instantly ran straight at Tie Qiang.

“Bang!”

A large sword in Tie Qiang’s hand directly blocked it, yet he was instantly shaken by the lance, causing a mouthful of blood to spurt out, while to fly out.

“Uncle Tie Qiang!”

“Uncle Tie Qiang!”

“I’ll fight with you!”

Fengling’s eyes instantly turned red, while Da Zhuang and Monkey, who had just helped Tie Qiang up, panicked at the sight of this scene.

“Fengling don’t!”

“Where did that ninny come from that still has some purple in her looks!”

The general sitting on the tall horse, with a wave of his palm, instantly ripped Wind Bell onto his horse and plopped his whole body down on the back.

“Take everyone back! Not one of them will be left behind!”

“Yes!”

The surrounding generals immediately surrounded the crowd, all of them fierce and vicious.

Lin Ran watched the scene quietly, his brows slightly frowning.

He could tell that this general’s strength should be at the peak of the Creation Realm, not something Tie Qiang could deal with.

It was just that at this time he and still did not know where the other party came from, so he did not rush to make a move, and at that moment, like the others, he was escorted out of the camp by the generals.

At this point it was not enough that it was only midnight, and after the crowd had been escorted for about half an hour, a larger camp appeared ahead.

And in this camp, ? Many people in armour were patrolling around, and Lin Ran probably calculated that there must be at least nearly a hundred people just here.

Moreover, at this moment, in the middle of the camp, there were a lot of wagons set up, it seemed to be a procession that was transporting something, they just didn’t know where they were going.

“Lord Yue Qi! A team of medicine pickers was just spotted up ahead, and I’ve brought the men back!”

The general in the lead dismounted and said respectfully.

“Hmm! Who is that woman?”

In one of the largest tents, a youth came out and looked at Wind Bell on his horse with greed in his eyes.

“It seems to be called Feng Zhong, they said it was from Yue Cheng!”

“Yue City’s? Is the leader called Tie Qiang!”

Yue Qi spoke up.

“Yes! It’s me! Sir Yue Qi, we’ve met before, have you forgotten?”

Tie Qiang was busy speaking, his heart was relieved to hear that it was Yue Qi.

“Naturally I won’t forget, your niece has been on my mind for a long time, and today you have come to my door!”

There was a cold smile in Yue Qi’s eyes.

“Duke Yue Qi!”

Tie Qiang’s face instantly changed at his words.

This Yue Qi was notoriously lustful in Yue City, and he usually told the women in his regiment to stay away from this man, but he hadn’t realized that his niece was still being targeted by him first.

“You should know what to do!”

Yue Qi turned his head to look at the general.

“My subordinate understands!”

The latter nodded, while gesturing at the general next to him, who immediately carried Feng Zhong off his horse and walked towards the tent.

And this was the general who turned his head to look at Lin Ran and the others, with killing intent in his eyes.

“Kill them all, leave no one behind!”

“Yes!”

The generals heard this and walked towards Lin Ran and the others, each with killing intent in their eyes.

And at that moment, inside the tent, Feng Ling cursed angrily.

“Yue Qi, you dare to touch me! I’ll fight you!”

“Fengling!”

“Fengling!”

Da Zhuang and Monkey and Tie Qiang also had killing intent in their eyes, but they knew that they were no match for these people.

“Uncle Tie is fighting with them!”

“Yes, Uncle Tie!”

Monkey and Da Zhuang looked at Tie Qiang.

“Kill!”

Tie Qiang’s heart was also furious to the extreme at this moment, and immediately raised his large sword and cut the neck of one of the soldiers who rushed over with one blow.

“I, Tie Qiang, have fought everyone in Yue City for so many years, but I never thought that I would end up not realising that you Yue family are the ones who are really ruthless!”

With that, Tie Qiang had already rushed into the crowd.

The general’s eyes snapped cold when he saw this, and with a shake of his lance in his hand, he charged towards Tie Qiang.

“Bang!”

The two collided and in an instant Tie Qiang fell to the ground.

The general did not hesitate, and with a cold flash of the lance in his hand, he already stabbed towards Tie Qiang’s neck.

“Uncle Tie!”

“Uncle Tie don’t!”

Monkey and Da Zhuang’s eyes were red as they watched.

On the other hand, Lin Ran even looked with icy cold eyes as his palm slowly lifted up.

Chapter 1338

“Die!”

The general’s eyes fiercely chilled, and the lance in his hand had already rushed towards Tie Qiang’s neck and stabbed him.

And just as the lance was about to pass through Tie Qiang’s neck, a cold aura suddenly lit up fiercely, instantly passing through the general’s neck one step ahead.

“This

He didn’t even utter a word as he fell backwards with a thud.

Tie Qiang turned his head to look, just in time to see Lin Ran looking at himself.

“Hurry up and take the people away!”

Lin Ran said, the aura between his eyebrows causing Tie Qiang to be stunned.

“Yes!”

Quickly Tie Qiang reacted and busily greeted Da Zhuang and Monkey to save the others.

“Where’s Fengling!”

Monkey asked busily.

“I’ll go and just her!”

Lin Ran said indifferently, while a cold flash of light flashed in his hand and the dagger’s broken tip had already appeared in his hand.

Looking at this scene, the monkey couldn’t help but gag, the aura emanating from Lin Ran’s body at this moment was simply terrifying to them, a feeling that had never occurred even when facing Yue Qi.

“Why are you still standing there! Go!”

Tie Qiang greeted, while already leading the men to start rushing out, without the general to stop them, and with Lin Ran rushing towards Yue Qi’s tent, the pressure on them was much less at this moment.

“Uncle Tie, you’re so relieved about that kid!”

Monkey asked busily.

“What can I do if I’m not at ease!”

Uncle Tie said.

“Wind Bell’s life is a life, but others’ lives are not? Without him, I would have chosen the same way, as the chief has to prioritise not the individual, but the collective!”

“Me!”

The monkey was stunned, and at that moment, he said no more and started to go save the others.

And at that moment, Lin Ran waved his palm, Wang Yifeng and Long Ya and Huoyan were directly moved out by him.

“No one here will be left behind!”

Lin Ran said.

All three of them were stunned, followed by a busy nod, and immediately began to rush towards the surroundings.

Lin Ran, on the other hand, took down the guard guarding the tent with a dagger, and followed it by rushing straight into the tent.

As soon as he entered the tent, Lin Ran saw that Yue Qi was holding Feng Ling in front of him, with a dagger in his hand resting on the latter’s neck.

“Don’t come any closer! Otherwise, I’ll kill her now!”

Yue Qi looked at Lin Ran, his eyes full of caution, he could feel the aura of strength on the latter’s body, it was simply not something he could resist.

“Lin Ran, kill him! Don’t mind me!”

Feng Ling said angrily, at this moment she was unclothed, although Yue Qi had not won, but she was fierce in character and by now she had already hated him to the bone.

“Let her go! We can still sit down and talk!”

Lin Ran looked at Yue Qi and said blandly.

“Sit down and talk? Do you think I’m a fool?”

Yue Qi said in a cold voice.

“Let me go, I won’t hurt her!”

“No way!”

Lin Ran shook his head.

“Then you’ll collect her corpse!”

Yue Qi said and the dagger in his hand stabbed directly towards Feng Zhong’s neck.

And almost at the same time, a cold blade emerged from Feng Ling’s hand and actually stabbed at Yue Qi’s abdomen as well.

“Stop!”

Lin Ran panicked at the sight of this, he did not expect this Feng Ling to be so fierce,? was actually going to die with Yue Qi.

“Go!”

Lin Ran fiercely flung out the dagger-breaking tip, followed by a palm slap, directly slapping the dagger out of Feng Ling’s hand.

At the same time, the dagger-breaking tip had sliced through Yue Qi’s arm, instantly slashing his dagger to the ground.

“Go!”

Lin Ran greeted, while he himself had already kicked Yue Qi to the ground.

“You’re not leaving?”

Feng Ling looked at Lin Ran and saw that he had no intention of leaving, before turning around and leaving the tent.

“Who the hell are you?”

Yue Qi was pinned to the ground by Lin Ran, unable to move.

“It doesn’t matter who I am, who are you?”

Lin Ran asked, frowning.

The name Yue Qi forced him to associate a lot with it.

“Humph! I’m a client of the Yue Family of Yue City, you better let me go or the Yue Family won’t let you off the hook!”

Yue Qi said in a cold voice.

Lin Ran smiled at his words but laughed.

“What? Your Yue family is from the Black Jin?”

“Haha! That’s right, it seems you’ve also heard of Lord Black Jin, since you know about me”

Yue Qi hadn’t finished his sentence when he felt a sharp pain in his arm, following which half of his arm had been thrown up.

“You!”

Yue Qi’s face instantly turned pale with pain.

“Looks like there’s no escape, your Yue family really are traitors! To have actually defected to the Fey Demons!”

Lin Ran said indifferently.

Hearing Lin Ran’s words, Yue Qi was instantly frozen.

He looked at Lin Ran with horror in his eyes.

“You What are you saying? You’re not from the Other Demon Realm!”

This secret was only known to those who had survived the Great War back then, but Lin Ran he had clearly never seen before, and among those clans that had survived, there was no Lin family at all!

“That’s right, I’m not from the Other Demon Realm, that’s why I know that your Yue Family are traitors!”

Lin Ran said in a cold voice.

“Say, where are you going after preparing so many things?”

Lin Ran pursued.

“You don’t want to know!”

Yue Qi had determination in his eyes.

“Is that so? Then I’d like to see how tough your mouth is!”

Lin Ran said with a wave of his palm, and immediately Yue Qi’s other arm flew straight up as well.

“Stop it!”

Yue Qi’s entire body was in pain and he simply wanted to die immediately.

However, Lin Ran was firmly suppressing him, making it impossible for him to even kill himself.

“Say it! If you don’t say anything, you won’t want your leg anymore!”

Lin Ran’s face was icy cold.

“You!”

There was despair in Yue Qi’s eyes, and finally a moment later he compromised.

“I’ll say it!”

“We’re a gift-giving team!”

“A gift for whom?”

Lin Ran asked, frowning.

“To the Snake King Black Jin!”

“The prospective go-getter says it’s Lord Fey Demon!”

Yue Qi said.

“A foreign devil?”

Lin Ran frowned.

“Yes! It’s Lord Iso-Devil, and Lord Iso-Devil will be leaving the gate soon, so all these gifts are to be transported to Snake King City and then given to Lord Iso-Devil by the Snake King!”

Yue Qi said.

“I’ve said everything and been nullified by you, now you can let me go!”

“Release you? Did I promise?”

There was a cold aura in Lin Ran’s eyes, and with a swirl of his palm, the dagger instantly missed Yue Qi’s neck.

After killing Yue Qi, Lin Ran then left the tent, and by now Uncle Tie and the others had already left with their men.

The monkey was the only one who stayed behind, seemingly waiting specifically for Lin Ran.

“Why didn’t you leave?”

Lin Ran asked.

“Uncle Tie asked me to leave a message for you, Uncle Tie said that when he was young he used to make his way in Dragon City, and after what happened this time, he could only go to Dragon City, so if you don’t have anywhere to go, you can go to Dragon City to find him!”

Monkey said.

“Dragon City?”

Lin Ran was stunned at his words, but then he laughed.

“I know!”

“Mm!”

The monkey nodded, and then he too left.

After the group had left, Lin Ran then looked over the entire camp, Wang Yifeng and the others had been very efficient, and not a single person in the camp had escaped.

“Ranzi, who the hell are these people?”

Wang Yifeng asked as he ran over at this point, covered in blood.

“The Yue family’s people!”

Lin Ran said.

“What? There’s actually a Yue family in this place! That doesn’t make them traitors!”

Wang Yifeng exclaimed in shock.

“Indeed it’s a traitor, so we’ll have to take a trip to Yue City later!”

There was an icy coldness in Lin Ran’s eyes.

“When do we leave?”

Wang Yifeng asked.

“In an hour!”

With that, Lin Ran walked towards the wagons with the stuff, since they were things that were offered to the foreign devils, they must not be ordinary things, Lin Ran wanted to see what all was there.

Chapter 1339

The three of them gathered all the supplies together and began to look at them one by one.

Because there were a lot of supplies, some things that were not important were simply omitted by Lin Ran.

Only some of the more precious ones that were packed in brocade boxes or something like that were taken out for personal inspection.

“This is an Earth Spirit Fruit!”

“Holy shit, there’s wood essence here!”

“Heavenly Luck Stones!”

Looking at the wooden boxes that were opened one by one, Lin Ran was a little baffled.

Most of these items were heaven and earth treasures, and there were even things that Lin Ran had only heard of and never seen before.

I was afraid that if any of these items were placed in the Mysterious Alliance, it would cause a sensation.

But here, there were actually so many of them.

“I’m afraid that this Fey Devil Realm has a lot of minions that are always out there capturing!”

Lin Ran muttered to himself in his mind.

With Zhao Yu being captured in for no reason, plus these wondrous treasures of heaven and earth that wouldn’t even survive in the Other Demon Realm, there was only one reason that could explain it.

That was that someone from the Other Demon Realm had been collecting them outside all year round and sending them back here.

“You guys take them and split them up!”

Lin Ran said in his mind.

Although these wondrous treasures of the heavens and earth were precious, deep in the Otherworldly Demon Realm, Lin Ran couldn’t possibly do anything for these things.

For Pillow Book and Qing Zi, on the other hand, these things could help them, so Lin Ran naturally came tight to them first.

“Many thanks master!”

“Kid, count on you having a conscience!”

Pillowside Book and Qing Zi were not polite either, each taking what they needed.

Lin Ran only then continued to look through it.

A wooden brocade box soon caught his attention.

This brocade box was plain and unadorned, in stark contrast to the other luxuriously wrapped brocade boxes, which seemed quite extraordinary.

However, after allowing Lin Ran to open the wooden box, what appeared in front of him was a pair of vellum!

“What is this thing?”

Lin Ran frowned and immediately took the vellum out.

However, upon taking a look, Lin Ran was instantly frozen.

He only saw that on the parchment was actually a pair of maps, with many places clearly marked on the map, and beside these places since there were also clear annotated small letters.

“What is this?”

To the side, Long Ya also noticed the parchment and was busy walking over to take a look at it.

Following that she also froze.

“This Isn't this the battle map of the Mysterious Alliance!”

Long Ya exclaimed.

She only saw that on the map, there were many places clearly marked, and one of them was where the Skywolf Domain was located, the very same Skywolf Domain that Lin Ran and the others were in before.

“How did this map end up here?”

Long Ya was puzzled.

“This should be information gathered by the Yue family and sent in here, and the Yue family of the Fey Demon Domain is preparing to present it to the Fey Demons!”

Lin Ran said.

“This Yue family

Long Ya was very surprised at his words.

“This Yue family is really some kind of good bird, it seems that the Yue family outside is also a traitor, I'm afraid!”

Wang Yifeng also walked over at this time.

“Nine out of ten!”

Lin Ran nodded his head.

“But this is most likely not something that Yue’s family alone can sort out, and there may be more.”

Lin Ran said and looked at Long Ya next to him, who frowned knowing what Lin Ran meant.

“I don’t know, but I guarantee that my father definitely didn’t do anything wrong to the Mysterious Alliance!”

Long Ya solemnly said.

“Forget it, let’s ignore that for now and destroy this topographical map first!”

Lin Ran said, before tossing it to Wang Yifeng.

The latter understood, picked up the topographical area and tore it directly into pieces, before burning it with a handful of fire.

Lin Ran then picked up the other wooden boxes and began to look through them.

Most of the rest were all intelligence information, ranging from various information on the entire Mysterious Alliance to information on each member in great detail.

Of course, this information was only the tip of the Mysterious Alliance, even if the Yue Family and the Dragon Family were really involved, it would be impossible for them to get their hands on all the information of the Mysterious Alliance.

Lin Ran threw all this information to Wang Yifeng and told him to destroy it, so that it would not fall into the hands of the foreign devils.

At that moment, Lin Ran opened another wooden box.

Once the wooden box was opened, a bottle of white stuff emerged from inside.

It was contained in a transparent glass bottle, milky white somewhat like a gas, but also somewhat like a liquid, and it was not clear what it was.

Just when Lin Ran hesitated to open it, suddenly Long Ya who was next to him was excited to take the bottle over.

“This Inside this is!”

“What is it?”

Lin Ran asked, frowning.

“I want to make sure!”

Long Ya said, and actually popped the cork off the bottle, and immediately a wisp of white smoke wafted out along the mouth of the bottle.

Lin Ran and the others could instantly smell a strange smell.

The smell was very faint, as if it had no taste, but as long as one felt it with one's heart, one could find that it had a faint smell that one did not know how to describe.

Suddenly, however, there was a loud "weng" sound, and a loud dragon roar rang out in Lin Ran and the others' ears, the sound of which was simply staggering.

"What the hell is this?"

Lin Ran and Wang Yifeng both asked.

Fire Yan at the side was also filled with confusion.

"It's dragon Qi!"

Long Ya said.

"Dragon Qi?"

Lin Ran was stunned at his words, remembering the kind of dragon qi that was inside Long Ya.

"Could it be the same as yours"

"That's right, it's the same as the one inside me, it's dragon qi!"

Long Ya affirmed.

"There should be a dragon family in this place too!"

"How do you know?"

Wang Yifeng asked in wonder.

"Because this dragon qi simply cannot be preserved for a long time, if it was sent in from outside, I'm afraid that it would have completely lost its effect before it reached the foreign devils!"

Long Ya said.

Lin Ran also nodded at his words.

"Tie Qiang also said earlier that there was a Dragon City in this place, so if the other side is like the Yue family, then it's not surprising that there's a Dragon Family here!"

"Then what do we do? Should we go and clean them up?"

Wang Yifeng asked busily.

"There's no rush!"

Lin Ran shook his head.

"As long as we can establish that they are traitors, we then naturally have to liquidate them one by one, only now since we're in the Yue family's territory, let's start with the Yue family!"

"Mm!"

The crowd nodded their heads.

“Do you need this Dragon Qi?”

Lin Ran asked Long Ya, because at this moment in her mind, Qing Zi was already excited, this dragon qi was something she needed very much.

Long Ya shook her head.

“It’s useless to me!”

“Hm!”

Lin Ran nodded, and immediately, without being polite, he gave the Dragon Qi to Qing Zi, while secretly saying in his heart.

“This Dragon Family must make a trip by itself, whether it’s to determine if the Dragon Family is a traitor or not, or for Qing Zi’s sake, one must make the trip!”

He then checked all the other things and took away all that he could, and burned all that he could not on the spot.

Only after that did Lin Ran and the others rush towards Yue City overnight.

Only they didn’t notice that not long after they left the camp.

Inside the tent, Yue Qi’s corpse suddenly trembled, and a light instantly flew out from his corpse, heading straight for Yue Cheng.

Just a few moments later, in the Yue family of Yue City, a red stone was lying quietly on a bar table.

At that moment, Yue Xun, the head of the Yue family in the Other Demon World, was looking at the stone with a cold face.

Only to see a few small words carved on the stone.

“Murderer! Lin Ran!”

Chapter 1340

“Lin Ran! Who is Lin Ran?”

Yue Xun’s eyes were icy cold with an eerie killing intent.

“House Master, never heard of it! Could it be an outsider?”

A young man who looked like a guard next to him said, he was none other than Yue Zhan, the first commander of the Yue Clan and the man Yue Xun valued the most, Yue Zhan!

“It’s very possible!”

Yue Xun’s eyes were icy cold as his fingers tapped on the tabletop for a moment before saying.

“Go! Send people to search the city, this Lin Ran dares to move our Yue Clan’s people so close to Yue City, perhaps he has already infiltrated Yue City, even if he hasn’t infiltrated in, he must dig up the ground for me!”

“Yes!” ”

Yue Zhan led the order and immediately went down to make arrangements.

.....

And at this time, in a small inn in Yue City.

“Gongzi, wash your face!”

Yuwan walked in carrying a basin of hot water.

In fact, all the way over, almost all of Lin Ran’s living and living was being taken care of by Yuwan.

It was obviously inappropriate for Zhao Yu to do this at this time, and Long Ya was not good at it, but it was Yuyuan who had been diligently taking care of Lin Ran’s upkeep.

“Where are they?”

Lin Ran asked.

After being suffocated in the small world for so long, along the inn Lin Ran let them out for some air.

After all, it wasn’t good to be recognised in a place like this with so many people.

“They’ve all gone to bed!”

Yuwan said.

“Then you should also go back and rest!”

Lin Ran said.

“I’m not tired, I’ll go to bed when the Duke goes to sleep!”

Yu Wan said.

Lin Ran smiled helplessly and immediately began to wash his face.

A few moments later, after Lin Ran had finished washing up, Fishwan was then somewhat reluctantly ready to leave.

“Wait!”

Suddenly, Lin Ran’s face changed and he fiercely reached out to stop Fishwan’s waist, following which he leaned her against the wall.

The two were so close at this point that Fishwan could even feel the hot breath exhaling from Lin Ran’s mouth.

The entire person looked at Lin Ran and her pretty face instantly turned red.

“Gong”

Fishery Wan just wanted to speak, but Lin Ran was busy reaching out to press her lips and made a no-sound gesture.

Following this, Fishery Wan heard, from outside, the sound of higgledy-piggledy footsteps.

At this moment, she couldn't help but hold her breath, not even daring to breathe a single breath.

The sound of footsteps outside soon faded away, and the people seemed to have gone far away.

However, just as she was breathing a sigh of relief.

Suddenly, there was a “bang” and a cold ray of light stabbed directly through her ear.

This scene frightened Yu Wan, and she immediately screamed out with an “ah”.

“Get down!”

Lin Ran spoke almost simultaneously.

With a slap of his palm, he sent the long sword flying out of the room, and then lifted his foot and kicked the door of the inn straight through.

The palm of his foot had by now landed heavily on a figure outside, and the latter was directly kicked out with a mouthful of fresh blood, before flying backwards.

“Don't resist!”

Lin Ran didn't dare to delay, and immediately waved his hand to bring Fishwan into the small world.

With the goods, he rushed out of the inn, having understood by now that the whereabouts of himself and the others must have been discovered, and that the enemy would not have found them so quickly.

But what exactly had gone wrong? How could he and the others have been found so quickly?

Lin Ran's mind was puzzled.

By the time he rushed out of the room, the outside was already in a mess.

The sounds of fighting were rising and falling, and even many people Lin Ran didn't know were involved.

“Looks like the other party doesn't know the exact location either! They deliberately beat the grass to let the snake out!”

With a shock in his heart, Lin Ran immediately felt his way towards the room where Wang Yimei, Long Ya and the others were.

He took the lead and arrived at the room Wang Yimei gave in, at this moment Wang Yimei had just finished off the two sneak attackers and when he saw Lin Ran he couldn't help but be busy saying.

“There's an ambush, go!”

“There are also on this side, go get Huo Yan and Zhao Yu!”

Suddenly Long Ya's voice also came over, it turned out that Long Ya had also been attacked by a sneak attack and had just gotten out of it.

"Go!"

Lin Ran greeted and immediately rushed towards the place where Huo Yan and Zhao Yu were.

However, when they arrived, the two people's room was already empty, not even a single person was there.

"Bastard!"

There was anger in Lin Ran's eyes, he really did not expect that he had just been careless and the other party had seized the opportunity.

"What should we do now? Or should we just kill the Yue family?"

Wang Yifeng asked from the side.

"No! That's too dangerous!"

Long Ya said.

"We have to go even if it's dangerous, nothing can happen to them!"

Lin Ran said.

Long Ya frowned slightly at his words and said a moment later.

"Then we'll go together!"

She knew Lin Ran's character, since he had chosen to take Zhao Yu and Huo Yan with him, he would never leave either of them behind, back in the Sky Wolf Domain, he was the same way.

"No, you guys can't go!"

Lin Ran said.

"Why?"

"Yes, Ranzi, one more person is more powerful!"

Long Ya was puzzled, and Wang Yifeng was also busy saying.

"We can't all go, or if we get ambushed, we'll be completely hopeless! You guys hide and spell me out!"

Lin Ran said.

"That's fine!"

Wang Yifeng nodded.

Long Ya, however, was a little uneasy.

"Don't worry, you still can't trust me!"

Lin Ran said.

Only then did Long Ya nod.

However, just then, a sound suddenly rumbled out, enveloping the entirety of Yue City.

At this moment, almost everyone in Yue City had heard the words.

“Where is Lin Ran! I know you’re in Yue City, so come to my Yue Clan if you want to save someone! Otherwise, in an hour’s time, all your companions will have to die!”

The voice boomed through every part of Yue City.

Lin Ran was even more furious, his fists clenched tightly, he didn’t expect the Yue Clan here to be so arrogant, before he could even find them, they were the first to take offense.

“Ranzi! This is too fucking arrogant!”

Wang Yifeng was irritated.

“You can’t, they’re clearly trying to set you up!”

Long Ya was busy saying.

Lin Ran, however, shook his head.

“Is there any other option for not going?”

Long Ya was instantly silent.

“Still following the previous arrangement, you guys are in charge of the ploy, I’ll go and save the others!”

Lin Ran’s eyes were cold as he instantly walked out towards the entrance of the inn.

.....

And at this moment, the entire Yue City was alarmed.

In particular, some cultivators had spontaneously rushed towards where the Yue family was, they wanted to see who it was that had actually provoked the Yue family into such a rage.

“Hey hey what are those people?”

“I don’t know, they’re probably captives captured by the Yue Family, didn’t you just hear that if that Lin Ran doesn’t show up, these people will have to die in an hour!”

“Hey! Who the hell is this Lin Ran, how dare he challenge the Yue Family in Yue City, isn’t this a death wish?”

“Who says otherwise, it would be a shame if he really died, that girl looks quite nice!”

The surrounding onlookers were chattering.

At this moment, Wang Yifeng and Long Ya had also mingled with the crowd, and they immediately saw Huo Yan and Zhao Yu hanging from a wooden stake on the high platform in front of them.

And at this moment, there were far more than just the two hanging on it, there were also many people that even they didn't know, apparently this time the Yue family had arrested people and taken some innocent people with them.

"I hope the operation later on Lin Ran will be successful!"

Looking at the side of the high platform, which was the huge mansion of the Yue family, Long Ya's heart couldn't help but lift up.

Coming here to rescue someone was practically no different from breaking into the entire Yue family, and its level of danger was literally nine deaths.
