

Wonder Doctor

Chapter 1341

The atmosphere around them was tense.

At this moment, many people were gathered around the high platform, looking at the people on top and pointing and talking.

And this was Yue Zhan standing on top of the high platform, his eyes cold as he looked around, waiting for Lin Ran to appear.

“Family head, the man hasn’t appeared yet!”

Next to him, within the Yue family’s looking compound, on top of a pavilion, Yue Xun, the Yue family head, was standing in front of the window, and from his position he could just see the situation on the high platform outside.

“Hmm! Send someone to continue to keep an eye on it!”

Yue Xun said.

“Yes!”

The handlers immediately arched their hands, then turned around and left.

“Who the hell is this Lin Ran? How dare he challenge our Yue Clan!”

Yue Xun had doubts in his heart.

He didn’t know about Lin Ran, apparently the Yue Clan in the outside world hadn’t passed this news in.

Who in Yue City didn’t know the strength of their Yue Family, even if they looked at the entire Southern Frontier Snake King Domain, their Yue Family was ranked number one, but now there was suddenly someone who jumped out to challenge their Yue Family.

“This kid doesn’t know if he’s really stupid, or if he has something!”

Yue Xun always felt a little uneasy in his heart, and there had indeed been a bit too much vocalising recently.

First, Lord Fey Demon was facing an exit, followed by the emergence of Lin Ran, and he had to deal with it carefully.

“Someone! Tell Yue Zhan to hurry up!”

Suddenly Yue Xun spoke up.

“Yes!”

The voices of his men came from outside the pavilion, followed by a figure running towards Yue Zhan outside the mansion.

Yue Zhan nodded at his words, and then his eyes were icy cold, and a long sword had emerged from his hand.

“It’s almost time, has Lin Ran come yet!”

Yue Zhan swept his gaze over the crowd and his voice was icy cold.

As his voice rang out, the surroundings were instantly silent, and the crowd knew that Yue Zhan was afraid that he was preparing to make his move.

“Didn’t come, did you! Good! Then don’t blame me Yue Zhan for not being polite!”

Yue Zhan said, raising his hand and slashing at the man at the bottom of the stake.

“Stop it!”

Suddenly, a voice rang out.

Long Ya and Wang Yifeng were both stunned and looked over, but when they found out that it wasn’t Lin Ran who spoke they couldn’t help but sigh with relief.

“You are Lin Ran?”

Yue Zhan looked at him with icy cold eyes.

“No!”

The other party said with an ugly look on his face.

“I’m a friend of that man, we don’t know any Lin Ran at all, your Yue family is looking for trouble with him, why are you dragging us into it!”

The youth said angrily.

Yue Zhan smiled at his words but laughed.

“You say you’re not Lin Ran, what proof do you have? Besides, even if it was our Yue family who caught him by mistake, then you can only blame Lin Ran for daring to kill anyone from our Yue family, as long as they have anything to do with him today, none of them will be able to leave!”

“Don’t you guys think that’s too much? We don’t know any Lin Ran at all, why do you want to plague us!”

The other party got angry.

“Right! We don’t even know any Lin Ran, so why should we arrest our people too!”

At this moment, there were many people who spoke up and shouted.

Seeing this, Yue Zhan’s face was cold as he raised his hand and landed his sword on the ground of the high platform with a bang.

“Shut up!”

With a roar, all the surroundings suddenly fell silent.

“So much nonsense, you want to save the people up here!”

With this shout, there was instant silence all around.

Who didn't know the Yue family's status in Yue City, this status was not only because of their Yue family's relationship with the Snake King Black Jin, but also because they had this power themselves.

At this moment, when they faced the Yue family, they dared to go up to them, for this Yue Zhan alone was a notoriously ruthless person in Yue City.

Once he was annoyed, he would not recognize his own family.

“Don't you dare to come up? Then be quiet!”

Yue Zhan said angrily, and immediately pulled out his long sword from the ground and slashed towards the people on the stake.

This scene made those people around look furious.

However, they dared not speak out in anger, as they had no strength to resist in front of the Yue family.

However, just as the long sword in Yue Zhan's hand was about to cut down the first hostage.

Suddenly, a cold ray of light flashed in the darkness and stabbed towards Yue Zhan in the midst of everyone's astonished gaze.

“Eh?”

Yue Zhan's eyes chilled as the longsword in his hand fiercely retracted to parry.

“Bang!”

There was a crunching sound, and Yue Zhan only felt a huge strain on his hand, and his entire person, along with his longsword, instantly took several steps backwards towards the back, hitting the wall behind him heavily before stopping.

“Who!”

Yue Zhan picked up his longsword and looked at the crowd below with icy cold eyes.

The power of that cold mane just now made his heart tremble, the strength of the other party was extraordinary.

“Lin Ran!”

Suddenly, a voice rang out in the crowd, followed by a figure walking out unhurriedly and stopping in front of the high platform.

“You are Lin Ran?”

Yue Zhan looked at the youth, only to see that the youth had a clear face and a somewhat thin figure, but his calm face had an icy coldness to it.

Although he had never met Lin Ran, the feeling that this youth gave Yue Zhan at this moment would not be wrong, he must be the person he was looking for.

“Did you kill Yue Qi?”

Yue Zhan’s eyes were icy cold as he questioned.

“Yes!”

Lin Ran didn’t hide and nodded his head to admit it, in fact there was no need to hide when things had come to this point.

“Good! Enough balls!”

A stern look flashed across Yue Zhan’s eyes.

“Daring to kill someone from our Yue Family in Yue City, I want to see if you are too stupid or if you really have some strength!”

As Yue Zhan’s words fell, his entire person had already charged directly towards the other party, and had instantly left the high platform.

“You’re too weak!”

Lin Ran’s eyes were bland as he raised his hand and slapped his palm over.

This seemingly breezy slap contained an immense amount of power, instantly sweeping Yue Zhan and his sword straight backwards.

“How can this be!”

Yue Zhan’s heart was already, and he was busy stabilising his body and landing on the high platform, but when he fixed his eyes on his body, his clothes had already split into countless gaps, and the cold wind blew coldly.

“You!”

Yue Zhan was busy standing up, with anger in his eyes, he had actually been defeated in just one glance, and so completely.

“Release them!”

Lin Ran’s voice was bland as he looked at Yue Zhan who was only on the high platform.

Yue Zhan was silent at this point, ? He was very clear that he was afraid that he was not a match for this Lin Ran in front of him, and immediately looked towards the Yue family mansion.

Only to see Yue Xun, who was on the pavilion of the Yue family at this time, nodded at him with micron eyes.

Yue Zhan’s eyes chilled as he also nodded along.

He then saw his palm slap the ground, and instantly the entire high platform changed.

Four rays of light rose up from the sky around the high platform, instantly enveloping it.

However, the light soon dissipated, as if everything had returned to normal.

But at this moment, everyone knew that this must be the activation of the high platform's formation.

Some people who had lived in Yue City for a long time in particular were clear about what this meant.

"The Yue Family's Thousand Extinction Formation! What does the Yue Family mean by this!"

"I don't know, but it's obviously aimed at that Lin Ran!"

"This is troublesome, that Lin Ran looks quite strong, I was counting on him to save the day, but now, the Yue Family has even brought out the Thousand Extinction Formation!"

"Yes! I'm afraid there's really no hope now!"

The crowd murmured, seemingly fearful of this Thousand Extinction Formation.

Chapter 1342

"Hey! Brother, what is the Thousand Extinction Formation?"

Wang Yifeng, mixed in with the crowd, asked busily.

"You don't even know this? New here, right!"

The other party said smugly.

"No, I've been here for a while, but I've never seen this before!"

Wang Yifeng laughed.

"Alright, I'll tell you then!"

The other party laughed.

"This Thousand Extinction Formation is a formation used by the Yue Family specifically to kill the enemy, back then the Yue Family relied on this Thousand Extinction Formation to conquer the four directions for Lord Fey Demon!"

"It can be said without any hesitation that this Qian Matrix is the representative formation of the Yue Family!"

Said the other party, pointing to the Yue family mansion on the side and laughing.

"See, this Yue family mansion is said to be enveloped by the Thousand Extinction Formation!"

"Then what's with this high platform?"

Wang Yifei asked busily.

"This Thousand Extinction Formation is a simplified version, but it still retains the main components of the killing formation, and is used by the Yue Family to dispose of prisoners and invite enemies of the Yue Family!"

“Of course, whoever can break through this small Thousand Extinction Formation at the entrance can also become a guest of the Yue Family!”

The other party said.

What Wang Yifeng heard was in the clouds, and he was busy asking.

“Then what strength of this formation can people who go in and come out safely?”

The other party smiled at his words and said.

“The stronger the formation is, the stronger it is. For example, Yue Zhan is at the peak of the Creation Realm, so I’m afraid that even the early stage of the Dan Creation Realm can fight with the formation. I don’t know if it’s higher!”

“After all, if he could reach the middle Dan Creation Realm, I’m afraid he wouldn’t need to break through this Thousand Destruction Formation, the Yue Family Head would have to come out to personally greet him, and this Yue Family Head is only at the middle Dan Creation Realm!”

“Ao!”

Wang Yifeng heard this and instantly understood, but at the same time, he was also a little worried.

This formation was, after all, strong when it met, and although the other party said that it might only be able to fight up to the pre-Dan-making realm, what if Lin Ran’s strength triggered a strong reaction from the formation after entering?

However, just as Wang Yifeng was thinking, Yue Zhan on top of the high platform smiled and spoke up.

“Why are you afraid to come up? If you want to save someone, then come up! Ahahaha!”

“What the fuck!”

Looking at Yue Zhan’s arrogant appearance, Wang Yifeng at the side could not help but curse.

“Where did you get the courage to be arrogant here!”

Lin Ran also laughed.

“Who was the one who couldn’t even take a single move just now?”

Yue Zhan’s face was grim as he smiled and said coldly.

“Hmph! What’s the use of showing off your tongue,? It’s you who doesn’t dare to come up now!”

With that said, ? Yue Zhan shook his longsword in his hand and said in a cold voice.

“You can not come up, a minute I killed a person, that male all killed, female all took off their clothes, I do not believe that you dare not come up!”

Lin Ran’s eyes were icy cold at his words, and his hands were even clenched into fists.

“Still not coming up?”

On the stage, Yue Zhan's eyes were icy cold when he saw this and immediately waved his long sword in his hand, and immediately a woman fell off the wooden stake, but it wasn't Zhao Yu.

"Hm? It doesn't seem to be her!"

Seeing no reaction on Lin Ran's face, Yue Zhan immediately laughed and said.

"Then let's replace it with another one!"

With that, Yue Zhan waved his long sword, and immediately another woman fell down.

"Looks like not yet!"

Yue Zhan smiled even wider.

Lin Ran's eyes grew even colder by a few points, Yue Zhan was clearly trying one by one to test out Zhao Yu.

"Come down!"

As Yue Zhan's voice fell, the one who fell down this time was clearly Zhao Yu.

"Lin Ran!"

As soon as Zhao Yu fell down, she panicked and was busy shouting out.

Only as soon as she exited did she realise that she shouldn't have shouted, but it was already too late.

"Haha! There's really something!"

Yue Zhan laughed coldly and instantly yanked Zhao Yu up, his long sword instantly placed on Zhao Yu's neck.

"Up or not!"

Yue Zhan sneered.

At this moment, Lin Ran's fists were clenched, and there was an eerie killing intent in his eyes.

"Lin Ran go! Hurry up and go! Even if I die, you should go!"

Zhao Yu spoke, tears on her face.

Hearing Zhao Yu's voice, Lin Ran couldn't help but be moved at this moment.

The two of them no longer had any relationship, if they had to say that they were just ordinary friends.

And Zhao Yu's person he knew very well, definitely not this kind of person who could sacrifice herself, but now .....

"Maybe she has really changed and knows she is wrong!"

Lin Ran's heart also softened at this moment.

Even though Zhao Yu had hurt him at first, and hurt him very deeply, but at this moment, a sentence of "You go now!" was enough to wipe out all their previous grudges.

"Go? Yes! You go!"

Yue Zhi said with a cold laugh, and at the same time, he waved his sword in his palm, and Zhao Yu's jacket fell to the ground.

"If you take one step, I'll take one off! I'd like to see if you can walk out of Yue City!"

Yue Zhan laughed wildly.

"You seek death!"

Lin Ran's eyes were ice-cold to the extreme, his feet pounded the ground and instantly his entire body charged up towards the high platform, his speed simply staggering Yue Zhan.

"Rise!"

Yue Zhan did not dare to be arrogant either, and the moment Lin Ran had just entered the Thousand Extinction Formation, the formation was completely activated by him and opened up.

However, even though he was not slow, he was still a step behind in front of Lin Ran.

Lin Ran's figure had already reached him, and with a shake of the long sword in his hand, he stabbed towards Yue Zhan's brow.

"Roll!"

Yue Zhan was shocked, his hand longsword was busy blocking it, while at the same time, he pushed Zhao Yu towards Lin Ran to buy himself time.

"Don't resist!"

Lin Ran scolded, and with a wave of his palm, he took Zhao Yu and everyone else around him into the small world.

At the same time, the Frost Condensation Sword landed with a bang on Yue Zhan's longsword.

The tremendous force immediately shook Yue Zhan's arm numb, and he dared not stay, using the force of the counter-thrust to quickly disappear into the fog surrounding the formation, disappearing.

At that moment, the crowd outside the formation also tensed up.

The top of the high platform had been enveloped in a white mist, so those outside could not see what was going on inside at all.

"Lin Ran!"

Long Ya was worried, her eyes fixed on the high platform with a deadly gaze.

Wang Yifeng, on the other hand, ran over at this moment and said in a low voice.

“Don’t worry blindly, I’ve inquired about this formation, it won’t be a threat to Ranzi, the most important thing is that this Yue family mansion, there is a bigger and more powerful Thousand Extinction Formation, if Ranzi wins later, I’m afraid that the Yue family won’t let him go, we have to do something!”

“What do you mean?”

Long Ya asked as she sniffed back.

“It’s simple, let’s go and wreak havoc, if the Yue family is unreasonable and strikes against Ranzi later, we have to be prepared in advance, for this formation to envelop the entire Yue family, there must be a formation base, let’s go and find it!”

Wang Yifeng said.

“Mm!”

Long Ya nodded, and in a whirl the two of them quickly left the crowd and approached towards the Yue family mansion.

At this time, on the high platform, Lin Ran was holding his Condensing Frost Sword and looking around vigilantly, he had just entered and still didn’t understand the power of this Thousand Destruction Formation, so he didn’t make any rash moves.

He was waiting, waiting for Yue Zhan to strike first, so that he could roughly analyse the power of this Thousand Destruction Formation.

Chapter 1343

As expected, Yue Zhan could not help but make his move a few moments later.

The next moment, a white sword shadow came from afar.

The sword shadow was so powerful that even space was distorted where it passed, it was very powerful.

However, when he sensed the power of this sword shadow, Lin Ran frowned slightly, this power was clearly a little weak for him.

“Go!”

Lin Ran’s hand fiercely shook his longsword, and in an instant, the Condensing Frost Sword stabbed directly towards the front.

“Bang!”

The Frost Condensing Sword drank the opponent’s sword shadow instantly collided with each other.

Almost at the same time, Lin Ran clearly saw that the opponent’s sword shadow shattered with a bang, and the power was clearly only at the peak of the Heaven Seizing Realm.

“Is that all the strength you have?”

Lin Ran laughed at this.

He had thought how powerful this formation was, but now that he saw it, it was just like that.

“Bastard, how can this guy be so strong!”

In the mist within the formation, Yue Zhan had anger in his eyes.

The attack he had mobilised with the help of the formation was at least half-step Dan Creation realm strength, but now it was cracked so easily by Lin Ran.

“Could it be that his strength has reached the Dan Creation realm? That’s impossible!”

Yue Zhan had doubts in his heart.

In Yue City, there were only so many Dan Creation Realm powerhouses, and he basically knew all of them, and nine out of ten of them were from the Yue Family, but what was wrong with this Lin Ran, where did he come from and how could he be so strong!

Yue Zhan’s heart was puzzled.

“Why don’t you dare to make a move? Then I can go out!”

Lin Ran’s voice rang out once again, followed by a fierce swing of his longsword in his hand, and a sword shadow instantly shot up into the sky.

“Bang!”

There was a loud sound, and the onlookers who were standing outside the stitching at this moment all froze in their tracks.

They could clearly feel the heavens and earth trembling, and the source was the high platform in front of them.

“Someone is breaking the formation! Could it be that Lin Ran!”

“Most likely, Yue Zhan wouldn’t attack his own formation anyway!”

“That Lin Ran is too strong, he actually has time to break the formation at this point!”

“It would be fun if this could break the Thousand Destruction Formation!”

There was anticipation in the crowd’s eyes.

The Yue Family’s Thousand Extinction Formation had been sitting here for who knew how long, and no one had been able to break it at all.

Of course, it wasn’t that there hadn’t been any strong ones over the years, it was just that the strong ones had almost all ended up becoming the Yue Family’s guests, and the Yue Family wouldn’t use the Thousand Extinction Formation against them at all.

And tonight, Yue Zhan had made such a big move, but the other party actually wanted to break the formation, if this formation really broke, then the Yue family would still be in great disgrace.

“Bastard!”

Yue Zhan saw this with anxiety in his eyes.

He was in control of the great formation at this point and knew the formation best.

This seemingly ordinary sword of Lin Ran's had caused the formation to become somewhat unstable, and if he was left alone, I was afraid that at most three swords would cause the Thousand Destruction Formation to be completely destroyed.

"Give it to me!"

Yue Zhan's eyes were icy cold as his palm fiercely flung, and at once the long sword in his hand lunged towards Lin Ran.

And in the process, the true qi within the formation continued to pour in, and soon another huge sword shadow formed around the longsword, shooting towards Lin Ran in an overwhelming manner.

"Give me another shot!"

Yue Zhan did not dare to delay, then he kept on condensing another sword shadow, heading straight for Lin Ran.

In one breath, he had actually coalesced ten attacks before he felt some weakness within his body and stopped.

"Eh?"

Lin Ran swung his sword out and was just about to condense a second sword when he suddenly heard a sound of breaking air coming from all directions.

At that moment, he shook his longsword in his hand, and a lotus flower instantly opened up out of thin air, countless ice crystal lotus flowers quickly spread out, instantly forming a thick layer of lotus ice crystals around him.

And almost at the same time, ten huge sword shadows from all directions had already rushed over.

This time, the sword shadows were clearly more powerful than before by several points.

"Bang Bang Bang!"

The sword shadows quickly impacted on the ice crystal layer outside Lin Ran's surroundings.

A bursting sound rang out, and the surrounding ice crystal layer was shaken to the point where it began to tremble.

"Out!"

Lin Ran felt that it was almost time? Immediately, he waved his long sword in his palm, and a sword aura shot out, instantly slicing the ice crystal layer apart, following which he swept directly on top of the surrounding sword shadows.

Countless sword shadows were directly swept away by Lin Ran's sword, except for one of them, after it shattered, a long sword flew out from the middle and headed straight for Lin Ran.

“Hm?”

Lin Ran frowned slightly before he noticed the longsword within the shadow of the sword.

The longsword was extremely fast, hiding within the sword shadow, and at this moment, it rushed towards Lin Ran and stabbed straight over.

“Roll!”

Lin Ran’s eyes snapped cold as his entire body’s aura exploded, and a huge force shattered directly onto the longsword.

A loud “click” was heard, and the longsword shattered with a loud bang.

At the same time, Yue Zhan, who was hiding in the fog, spurted out a mouthful of blood.

“How can this be! My weapon!”

There was shock in Yue Zhan’s eyes, this was his lifeblood weapon, which was nurtured by his lifeblood, but it was directly shattered by Lin Ran’s in a single glance.

“Run! Run!”

Yue Zhan no longer had the slightest intention to fight, even his own lifeblood weapon had been destroyed, how else could he fight?

“Open for me!”

After Lin Ran finished resolving the sword shadow, he didn’t stop well, and swung a second sword towards the sky with the Condensing Frost Sword in his hand.

At this moment, the entire day’s high platform began to tremble, and the formation only had a huge white light bubbling up, clearly on the verge of resistance.

“Master, save me! Save me!”

The formation would break at any moment, and when it did, it would be the time of his death.

“What are you panicking about, he doesn’t dare to make a move!”

Yue Xun’s voice was icy cold.

Hearing Yue Xun’s voice, Yue Zhan was then busy letting out a sigh of relief.

However, just at that moment, Lin Ran’s third sword had already swung out.

“Bang!”

There was a crisp sound, followed by the crowd being surprised to see that a mouth had really cracked open over the formation.

As soon as the opening opened, an instantaneous sword mane flew straight out.

As the crowd watched this scene, they all couldn't help but gag, especially Yue Zhan, who was standing at the edge of the high platform at this moment, and could clearly feel how terrifying the power of that sword was.

If it struck him, I was afraid that he would not even have the slightest room to resist, and would instantly be split into pieces of flesh.

"Run! Run!"

Yue Zhan was terrified in his heart and immediately turned around to leave.

However, at this moment, the formation broke and Lin Ran had already noticed him, a cold flash in his hand.

The broken tip of the dagger had already flown out in the air, heading straight for Yue Zhan's neck.

"Clan Master! Save me!"

Yue Zhan shouted busily.

Almost at the same time, a voice rang out from within the Yue family mansion.

"Lin Ran stop!"

The voice rang out and at once a ripple appeared in front of Yue Zhan.

The ripples quickly formed a shield of light to ward off the cold aura.

However, Lin Ran didn't have the slightest intention of stopping, and with a flash of coldness, he heard a "bang" that instantly pierced through the light shield.

In the next moment, it directly pierced through Yue Zhan's dantian.

"Bang!"

Yue Zhan's eyes were filled with disbelief as his body fell straight down towards the back.

Yue Zhan died!

## Chapter 1344

"Lin Ran!"

Seeing Yue Zhan fall, the voice that rang out before was a few shades colder this time, clearly tinged with anger.

"I told you to stop! Didn't you hear me?"

As the voice rang out, a figure had appeared out of nowhere on top of the high wall at the entrance of the Yue family.

He stood with his hands folded, his robe bristling in the cold wind, and although he did not make a move, his whole body seemed to carry a majesty that was overwhelming.

This kind of majesty is the natural result of having been in a high position for a long time.

“I hear you!”

Lin Ran turned his head and looked at the comer indifferently, if he had guessed correctly, this must be Yue Xun, the head of the Yue family.

“Heard it and still don’t stop!”

Yue Xun’s face was as gloomy as water, and there was even a cold aura in his eyes.

“Why should I stop?”

Lin Ran asked rhetorically.

Yue Xun was stunned for a moment,? followed by a smile.

“Fine! Good!”

“Originally, you still had a chance to become a guest of our Yue family, but it seems that I overthought it, since that’s the case! Then prepare to suffer death!”

Yue Xun’s face was ice-cold, while his palm waved, and a jade talisman had already appeared in his hand.

“Becoming a guest of your Yue Clan, you’ll never think about it in your lifetime!”

Lin Ran sneered.

His conflict with the Yue family was no longer here alone, outside the Otherworldly Demon Realm he had formed a grudge with the Yue family long ago, more so when it was said to be inside the Otherworldly Demon Realm at this time.

And such as the family he can still be sure, this foreign devil realm of the Yue family is definitely has defected.

It was even likely that there was still a connection with the Yue family in the outside world, to be the guest of such a traitor, unless Lin Ran was crazy.

“Humph! Seek death!”

Yue Xun’s eyes were icy cold, and with a “bang”, the jade talisman was crushed by him.

Almost at the same time, four streams of light flew up in one of the directions outside Yue City and came straight at him.

The four lights were of different colours, yet the faces of the people who saw the light all changed at once.

“The Four Elders of Hong Dong! It’s actually them!”

“This is the end, the Four Elders of Hong Cave are actually around here, didn’t they leave a long time ago?”

“Who knows about this, it’s not like they’re going to tell us where they’re going!”

“This is the end of this Lin Ran, I was hoping that he could extinguish the Yue family’s arrogance!”

“Hey! Who says otherwise!”

The crowd all had regret on their faces, and looked at Lin Ran with a sympathetic expression.

The Four Elders of Hong Dong, those were the existences that had become the Yue Family’s guest ministers a long time ago.

At that time, the four of them were only at the peak of the Creation Realm, but together they were able to fight Yue Xun, who was at the early stage of the Dan Creation Realm, without losing.

The four of them were brothers, and they practised a set of the Harmonious Heart Sutra, so that together they were as strong as one.

It was for this reason that they had become the Yue family’s guest ministers.

It was just that the four had not been heard from for many years, but they had not expected to pop up again this time.

“The Four Elders of Hongdong?”

Listening to the crowd’s chatter, Lin Ran frowned slightly as he also looked over.

And at this moment, the four streams of light had already quickly rushed to Yue Cheng and soon landed beside Yue Xun.

Only then did Lin Ran feel that the aura of the four was indeed somewhat bizarre.

Although the auras of the four were different from each other, they vaguely seemed to be somewhat connected, as if they were the Dao soldier armour he had used back in the Sky Wolf Domain, such as Bajie.

Standing in front of Lin Ran at this moment, the four were independent, yet they were also a whole.

And most importantly, all four of them were surprisingly strong at the early stage of the Dan Creation Scripture.

“Fourth Elder, long time no see!”

Yue Xun rushed towards the Four Elders of Hong Dong and slightly arched his hand!

“Clan Master Yue, it has indeed been a long time no see, I wonder if there is something I need help with in crushing the jade talisman today?”

A bald-headed old man in the lead asked with a smile, he was none other than the eldest of the four, Hong Guang!

The reason why the Four Elders of Hong Cave were called the Four Elders of Hong Cave was precisely because all four of them were surnamed Hong, and the oldest name was the most famous because he

had a magic weapon in his hand, called the Tower Within the Cave, so the four of them were also called the Four Elders of Hong Cave.

“There is indeed something I need help with!”

Yue Xun laughed while his eyes flinched as he looked towards Lin Ran in the distance.

“This brat, killing two of my Yue family, is an unforgivable crime! If I were to take action myself, I am afraid that I would be said to be bullying the young with the old, so I hope that the Fourth Elder can help out and exterminate him!”

Yue Xun was not polite and directly stated his intention.

“O?”

The Four Elders turned their heads to look at Lin Ran at his words, with a disdainful teasing in their eyes.

“Such a young man can actually kill two of your Yue Clan even, Master Yue it seems that you haven’t been disciplined properly lately!”

Hong Guang laughed.

“Brother, why talk so much! Just kill him, so that we can go back and continue our retreat!”

“Exactly!”

Next to him, Old Two and Old Three spoke up.

“That’s right!”

Hong Guang smiled blandly, then said.

“Since that’s the case, then the four of us will take over for Family Master Yue!”

As the words fell, the four Hong Cave Elders’ eyes chilled almost simultaneously as they surrounded towards Lin Ran.

Each of the four was of average strength individually, but at this moment, when the four joined forces, they were so powerful that even Lin Ran had to face them with all his might.

“Bang Bang Bang!”

Almost in the blink of an eye, Lin Ran had already exchanged dozens of blows with the four Hong Dong Elders.

At this point, the four of them could not help but frown slightly, realizing how difficult Lin Ran was to deal with.

“Kid has some strength!”

The elder, Hong Guang, opened his mouth and laughed.

“Indeed, he has some strength, he actually managed to not even lose in the hands of the four of us, Master Yue your family’s death was not unjust!”

The oldest two also spoke up and said.

“Kill them quickly!”

Yue Xun’s face was icy cold as he scolded.

What do you mean by people from your own family died unjustly, talking as if everyone from your own Yue family deserved to die.

“Haha, old man cut the crap, knot the four-handed Overthrowing Duel!”

Boss Hong Guang laughed.

“Good!”

The other three nodded their heads in response.

At that moment, all four of them actually pulled away from Lin Ran, each of their palms quickly forming a seal at this moment.

“Four-handed Overthrow Duel?”

Lin Ran frowned slightly as he heard this, and his Frost Condensation Sword appeared out of thin air in his hand, an ice crystal lotus flower instantly bloomed and wrapped itself around him, he wanted to see what the power of this so-called Four Hand Overwhelming Duel was.

“Go!”

The Four Elders of Hong Dong chanted in their voices.

Almost simultaneously, a huge palm shadow appeared in front of each of them.

The palm shadow rose against the wind and instantly became a hundred feet in size.

“Go!”

The four of them spoke at the same time, and followed the four palm shadows straight towards Lin Tian in the middle.

“Rumble!”

Before the palm shadows even reached close, Lin Ran felt a huge pressure rushing over.

The outermost layer of ice crystals began to collapse rapidly, unable to resist at all.

“Something interesting!”

A surging battle intent appeared in Lin Ran’s eyes, and with a shake of his longsword in his hand, a circle of sword shadows instantly surfaced, followed by a wave of his palm.

This circle of sword shadows was like ripples of blooming water as it slashed out directly in all directions.

“Bang Bang Bang”

Everywhere they went, ice crystal lotus flowers automatically collapsed to make way.

Soon the sword shadow directly crashed into the palm shadows around it.

“Bang!”

At this moment, everyone held their breath as their gazes fell on top of the sword shadow and the palm void.

Chapter 1345

Almost instantly, the sword shadow collided with the palm shadow.

The crowd was surprised to see that the palm shadows could not advance even a little bit.

Then with a bang, one of the palm shadows exploded out of thin air.

One of the palm shadows exploded, and the remaining three palm shadows exploded almost simultaneously, and the sword shadows instantly slashed towards the four Hong Cave Elders around them.

“Be careful!”

The four men’s faces changed as they hurriedly went to resist.

However, the sword shadows looked plain and unadorned, but the power contained within them caused a shock in the hearts of all four of them.

“Break it for me!”

Old Fourth had disdain in his eyes as he raised his hand and slapped his palm towards the sword shadow.

However, his face changed instantly.

The sword shadow seemed to have an indestructible edge, instantly cutting away the true qi on his palm. If he was a little slower in closing his hand, I was afraid that even his palm would be cut into two pieces.

“Old Fourth don’t play,? Quickly resist!”

Boss Hong Guang was busy speaking.

“Yes!”

Old Fourth did not dare to be reckless anymore, and immediately his whole body exploded with true qi, and he threw a punch.

The sword shadow was completely consumed with a “bang”.

“Brother, what should we do now?”

The crowd was busy looking at Hong Guang, their first combined attack had actually been blocked by Lin Ran, and they had even almost injured four people in return, which made them all hold a grievance in their hearts.

“Old Fourth you strike!”

Hong Guang suddenly spoke.

The crowd all looked towards Old Fourth at his words.

They knew clearly in their hearts that Lin Ran was able to stop this move of the four by himself, so it was clear that it was not something that could be dealt with easily, and the most effective way to get rid of it once and for all? was to take him into the cave within the tower.

“Good!”

Old Fourth nodded, followed by a flip of his palm, and instantly a lingering pagoda appeared in his hand.

“Drive him in!”

Old Fourth said.

The other three nodded, and immediately the four of them pounced towards Lin Ran once more.

At this time, the small pagoda was floating in mid-air and slowly rotating, and as it continued to rotate, the pagoda was actually rapidly enlarging, and in the blink of an eye, it was already more than a person tall.

“What is this thing?”

As he watched a grey glow shoot out from the bottom of the pagoda, Lin Ran couldn't help but frown slightly.

This seemed to be a trapping spell.

“Master! Master!”

Suddenly, just as Lin Ran was quickly being surrounded by the four old men, Qing Zi's voice suddenly rang out.

“Why are you shouting at him now, you vixen?”

Pillow's voice also snapped out.

“You shut up! Master I have a way to be able to deal with the four of them!”

Qing Zi spoke up.

“O? What solution?”

Lin Ran asked as he tangled with the four Hong Dong Elders.

“I have a way to control that little tower, but master must first promise me that when we enter the tower later, the one item inside must be given to me, not to that rogue book!”

Qing Zi laughed.

“Shit! Master Book what have I never seen, and still can't give it to me, inside is the sweat of the Immortal Emperor his old man, I don't even hesitate to ask for it!”

Pillow Book said disdainfully.

“Yes, you can, what you said first naturally goes to you!”

Lin Ran said helplessly.

“Fine! Then master, you’ll enter that tower first!”

Qing Zi laughed.

“That’s not so simple!”

Lin Ran smiled at his words and immediately knocked back the oldest three in front of him with a burst of power, followed by rushing straight towards the small tower and then being illuminated by a black light, his figure was instantly taken in by the small tower.

The four old men of Hong Dong were all stunned at the sight, they were all dumbfounded at this point, originally they were the ones who wanted to drive Lin Ran in, but now Lin Ran actually rushed in himself.

“This ..... This kid has a problem in his head, right!”

Old Four asked in wonder.

“Hell knows, but now we can save ourselves a lot of worry!”

Lao Er laughed.

“Indeed!”

The oldest also nodded.

Inside this small tower, he was cut off from all contact with the outside world, and even Old Four, the owner of the small tower, had no ability to probe into it; he could only control the open entrance and choose to release or take in the people inside.

But anyone he took in would end up as a corpse when they came out, and it was impossible for a living person to come out of it.

“Lin Ran!”

From afar, Long Ya, who was looking for the foundation of the Thousand Extinction Formation with Wang Yifeng, saw this scene and her eyes instantly turned red.

“What’s your hurry!”

Wang Yifeng, however, said without a care in the world.

“You still don’t know what kind of temperament Ranzi has, he dares to go in now, he must have a way to deal with it! You hurry up and grab the formation base!”

“If he doesn’t do anything, I’m not finished with you!”

Long Ya couldn’t help but say.

“Fine I know,? You hurry up!”

Wang Yifeng urged.

At this moment, within the small tower, as soon as Lin Ran was sucked in, he immediately felt a tearing force around him, pulling the true qi in his body outwards in a continuous stream.

At this rate, I was afraid that it would only take a day to completely drain the true qi from his body.

The most important thing was that within this small tower, he could not feel the true qi from outside at all, nor could he replenish himself at all.

“What now?”

Lin Ran asked busily as he looked up at the situation around him.

“Leave it to me!”

Qing Zi smiled blandly and followed a false shadow that instantly flew out, heading straight for the sky above.

Lin Ran looked up and saw that the sky was foggy, but in the depths of the mist, there was a red light appearing and disappearing.

Qing Zi headed straight for the red light, and a moment later, Lin Ran actually felt the sucking force around him fiercely disappear.

Qing Zi then rushed back, and at this moment in her hand was actually holding a red bead.

“Holy shit! Give it to me give it to me!”

Before Lin Ran could react, the pillow book rushed out ahead of him, opening its mouth and biting towards Qing Zi’s hand.

“Get lost! Rascal Book!”

Qing Zi seemed to have anticipated this scene, and with a lift of her paw, she kicked Pillowside Book directly in the face, instantly sending it flying backwards.

“What is this thing?”

Lin Ran asked in wonder, anything that could make even Pillow Book so shameless must be something good.

Qing Zi smiled blandly and said.

“This is a Qi gathering pearl, it was originally white, but now it’s red inside, do you know why, master?”

“I don’t know!”

Lin Ran’s head shook like a rattle.

“It’s because it’s absorbed an unknown amount of true qi inside, that’s why it’s turned red, as long as I swallow it, I’ll be able to recover at least a tenth of my strength!”

Qing Zi laughed.

“So powerful!”

Lin Ran couldn't help but be stunned as well, both Qing Zi and the Pillow Book were ancient divine objects, especially Qing Zi that was a divine weapon, the Pillow Book had swallowed an unknown amount of things back then before it gradually stabilised, not to mention something that could restore a tenth of Qing Zi's strength.

“Kid! Give me this thing, Master Book can recover a fifth of his strength, and I'll let you walk across the entire Fey Demon Domain!”

Pillow Book was busy rushing over, excited, his eyes even glowing.

Lin Ran, however, shook his head and said.

“This really won't work, I just said it was for Qing Zi, and it was also found by someone else, you're so old, so don't have the cheek to grab it!”

“Shit!”

Pillow Book quit at once.

“You kid, really have the opposite sex but no humanity, Master Shu I've been following you for so long, I only came across such a good thing, you actually ..... Ah! Master Book I quit!”

Pillow Book said in anger.

Lin Ran, however, understood his temperament, smiled blandly and turned his head to ask Qing Zi.

“This item belongs to you, so what's next against the Four Elders of Hongdong?”

Chapter 1346

“This is easy!”

Qing Zi smiled blandly, followed by his palm flicking over the red bead, and instantly Lin Ran Na felt a huge suction surge, instantly pulling him onto the bead, his entire body lying on top of Qing Zi.

“Master nasty!”

Qing Zi was busy brushing the bead again, and only then did Lin Ran get off of Qing Zi, whose old face was also flushed red at this point.

“I suspect you did that on purpose!”

Lin Ran rubbed his still burning face and said innocently.

“Come on, don't say that!”

Qing Zi said sheepishly.

“Master, you'll give this little tower a few blows later to attract their attention, and as long as I get them close to this little tower, I can use this bead to instantly suck them in as well!”

“And when the time comes, you hide inside the Qiankun Purple Qi Vase, I will use this bead to drain all of their true qi, and they will become invalids!”

“It can still be like that?”

Lin Ran instantly laughed.

“When the time comes, it’s not just a matter of the master’s word whether to kill them or not!”

Qing Zi laughed.

Lin Ran smiled and thought about it and said.

“Kill even if it’s? I don’t have any enmity with them either, I can’t let the Yue family go cheap!”

“That’s fine, when the time comes, trap them all in here and I’ll just swallow the beads,? They won’t be able to get out!”

Qing Zi laughed.

“Then what’s the difference between you and just killing them!”

Pillow said indignantly, not being able to partake of the Qi gathering pillar made him very unhappy.

“How is there no difference, the material of this little tower is very special, if I didn’t have the true fire to refine it, I would have wanted to take it all together!”

“But now that the master has said he doesn’t want to kill the four of them, then they’ll just be trapped in here!”

Qing Zi said as she looked towards Lin Ran.

“Master, the material of this small tower you’re made of is thousand year old cold ice, and it was only able to stay intact for a thousand years before because of the existence of the Qi gathering beads, so wait until I swallow the beads!”

“By then, after a thousand years, this little tower will melt on its own, and the four of them will still be able to come out by then!”

“That’s good!”

Lin Ran nodded at his words.

“Then it’s a happy decision!”

Qing Zi laughed.

“Good!”

Lin Ran nodded his head.

The pillow beside him was not happy.

“What’s so pleasantly decided, I think we can still discuss the ownership of this bead!”

“Hey hey! Not you guys don’t leave! Where is the promised respect for the old and the young? That’s how you guys respect the old ..... Oi! Little fox you’re hitting me, I won’t be polite!”

.....

A few moments later, Lin Ran was holding the Condensing Frost Sword and looking distantly at the tower walls around him, with excitement in his eyes.

While at this time in the outside world, the crowd was looking at the small tower and shaking their heads one after another.

“Ai! What a pity!”

“Yes, a generation of young talent is going to fall just like that!”

“Who says it’s not? After meeting the Four Elders of Hong Dong, he’s proud enough!”

“I just don’t get it, why did he have to go in by himself? It’s not like he couldn’t beat them!”

The crowd felt both sorry for Lin Ran and somewhat puzzled.

As for the side, Long Ya looked at the little tower and then Wang Yifeng, her face full of worry.

But there was no use worrying, there was nothing she could do to help at this point.

“I hope what you say is true, otherwise I really have to .....”

Long Ya said angrily.

“All right! I say big sister, it’s true that you’re friends with Ran child, but I’ve known him for how many years, I definitely know him better than you, that what’s-his-name Hongdong Four Old Men is not a match for him at all!”

“That kid took the initiative to enter the small tower on his own, maybe he’s premeditating something bad, just put your mind at ease, according to Fat Master’s judgment over the years, this Yue Xun is the biggest threat, so this Thousand Extinction Formation we must find out the formation base!”

“You hurry up!”

“Humph!”

Seeing that Wang Yifeng was speaking with a clear mind, Long Ya did not say more and continued to search for the formation base.

At that moment, there was a sudden “bang” that drew everyone’s attention to the small tower.

“Hey! That kid is attacking inside!”

Old Four laughed at this.

“That’s a good thing, it means he’s starting to panic!”

Older Two laughed.

“Hmm! Let’s go and take a look!”

Oldest brother Hong Guang also laughed, and at that moment, the four of them walked towards the small tower, ready to see if Lin Ran was about to be finished.

The four of them quickly arrived next to the small tower and followed, pressing themselves against it and looking inside.

The small tower was cast strictly according to the real tower, and although they couldn't probe inside, they could roughly see the situation inside through the holes on top of the small tower.

"How is Lao Si?"

The other three, seeing Lao Si staring for half a day, were busy asking.

"Strange, I can't see the boy!"

Lao Si said in confusion.

"The kid shouldn't have been drained already!"

Old Two laughed, while also running over to stick to the small tower to check.

"I'll take a look too, the kid can't be that bad!"

Old Three also said.

In a whirl, three of the four Hong Cave Elders were already lying on top of the small tower.

Only the oldest, Hong Guang, frowned slightly feeling that something was wrong, Lin Ran was also very strong when he fought with them before, it was only logical that he wouldn't be suppressed by the small tower so quickly.

"Still can't really find it, looks like this kid is really finished!"

The three of them could not help but laugh as they searched for half a day without seeing Lin Ran.

"Yue Xun, things seem to have ended early!"

Old Fourth also turned around and laughed.

Even Yue Xun's face was showing joy at this point,? Although he also wondered how Lin Ran had gotten into the tower by himself, but anyone who had entered the small tower had never heard of anyone coming out alive in all these years.

So at this point, he also thought that Lin Ran was finished.

However, just then, suddenly three rays of light suddenly shot out from the holes in the small tower, following which they instantly enveloped the three of the four Hong Cave Elders.

"What's going on?"

Hong Guang saw this and busily asked.

And before the three of them could utter a single word, the black light instantly ripped the three of them towards the inside of the small tower.

“Old Three!”

“Old Fourth!”

Hong Guang panicked at the sight of this and hurriedly stepped forward to grab Old Four, who lived closest to him.

But the suction force inside was so strong that even though he was tugging at Lao Si at this moment, he could not stop anything at all.

Even he himself was pulled by the black light and flew towards the hole in the small tower.

“Old Fourth, stop it!”

Hong Guang was busy shouting.

“If I could stop, would I not!”

Old Fourth said helplessly, from the moment the change had occurred, he had been trying to control the little tower to stop devouring it.

But at this moment, his methods were useless.

It was as if the little tower possessed an autonomous consciousness, frantically swallowing the three of them.

“Old Fourth!”

Hong Guang was instantly anxious at the sight of this.

But at that moment, another black light suddenly shot out and instantly wrapped the oldest red Hongguang into it as well.

At this moment, no matter how Hong Guang struggled, he could not break through this black curtain of light, and was instantly swallowed by the small tower, just like the other three.

“This ....”

“What is this?”

“My god, what the hell is happening?”

The crowd looked at this scene and stared at each other, not knowing what had happened.

And on the high wall of the Yue family at the side, Yue Xun was also watching with a slight frown, not knowing what had happened to the hair province.

Chapter 1347

And at this moment, inside the small tower, the four Hongdong old men looked around in horror.

They were all very confused at this moment, how could the four of them be sucked in by the small tower instead.

“What the hell is going on, Old Fourth!”

The other three all looked at the oldest four, one baffled for a second.

“I don’t know either!”

Old Fourth was on the verge of tears, if he had known I’m afraid he would have gotten out long ago and wouldn’t be trapped here.

“Isn’t this your little tower!”

All three were puzzled.

“Yes, but I can’t control it at all now!”

Old Fourth said helplessly.

“Could it be that kid Lin Ran who’s up to something?”

The oldest, Hong Guang, was the first to react.

“Him? How can that be, this little tower is Old Fourth’s, how can he possibly control it!”

“Right! It’s not .....”

The other three had just opened their mouths when suddenly all four of them froze.

Only to see that at this moment the surrounding black fog slowly surrounded towards the four, while a huge sucking force instantly enveloped the four.

“Old Fourth, quickly do something!”

The crowd panicked at this point, the suction and pulling force was immense and several times stronger than what Lin Ran had felt before.

The enormous suction force quickly sucked all the true qi out of the four people’s bodies, causing the four people to panic.

“No way! This little tower is not under my control at all, hurry up and try to see if you can rush out!”

Old Fourth said busily, while already taking out his own magic weapon and attacking towards the small tower.

“Shit!”

The other three also panicked and one by one they attacked towards the small tower.

And at this moment, outside, the crowd watched as the small tower continued to tremble and shake, all wondering.

These four people had somehow been sucked in, so how come they were still fighting inside at this point.

“Could it be that Lin Ran is not dead inside?”

“What’s the use, now that the Four Elders of Hong Dong have also gone in, even if he didn’t die just now, I’m afraid he won’t survive now!”

“That’s also true!”

Everyone sighed, everyone didn’t know whether Lin Ran was alive or dead just now, they just guessed that it was likely to be over already.

And at this moment, even the Four Elders of Hong Dong had gone in, wouldn’t there be even less chance of Lin Ran surviving the four against one inside.

However, they were sympathetic outside.

At this moment, inside the small tower, in the corner of the mist, there was a purple and gold bottle, none other than the Qiankun Purple Qi Bottle.

Lin Ran was currently sitting at the mouth of the bottle, looking at the four Hong Cave Elders within the mist, with a breathless smile on his face.

“How is it master?”

Qing Zi suddenly popped up and asked with a smile.

“If I had known it was so easy, I would have come in earlier!”

Lin Ran laughed.

He could now feel that the four Hong Dong Elders’ strength was hard less than half of what it was before, and he was afraid that if he waited a few minutes, all four of them would have to have their True Qi washed away.

And by then the four of them would be almost indistinguishable from ordinary people.

Time passed, and soon the small tower stopped trembling, and the four Hong Cave Elders inside the tower finally fell silent.

The four of them sat together paralyzed, their backs against each other, with an indescribable bitterness and aggravation in their hearts.

“Damn it! It’s too suffocating, it’s obviously our magic weapon, how come it’s the four of us who are unlucky in the end instead!”

“Exactly!”

“Ah! Old Fourth you’re really pitiful!”

The crowd said helplessly, Old Fourth was even more helpless, trapped inside by his own magic weapon, I’m afraid no one was more depressed than him.

“No more energy?”

Suddenly, just when the four of them were feeling a little desperate, a voice came from the mists.

And at that moment, the sucking and pulling force around them was clearly gone.

“What man!”

All four of them were startled and immediately stood up.

“Don’t get excited, you don’t have any true qi, so what’s the point of getting blindly excited!”

The voice rang out again, while Lin Ran had already stepped out from the mists.

“Lin Ran it really is you! Say what the hell are you up to!”

Seeing Lin Ran Lao Si immediately questioned.

“Your magic weapon, what the hell can I be up to!”

Lin Ran asked rhetorically.

“You!”

Old Fourth was instantly speechless.

“Lin Ran, we can stop shutting this matter down, but you have to send us out!”

The oldest, Hong Guang, was busy speaking.

“Right, right! The four of us don’t care about this anymore!”

“Don’t care!”

The other three were also busy saying.

Lin Ran smiled at that but laughed.

“Don’t you guys think it’s a bit late to not care now?”

“Then what do you want?”

Boss Hong Guang was busy asking.

“What do I want? It’s simple, just leave you all in here and reflect on yourselves!”

Lin Ran laughed.

“No, no! Don’t ever, there’s not even a bit of true qi in here, we’ll be trapped to death!”

Old Fourth said busily.

“No way!”

Lin Ran smiled at his words but waved his hand, and a ball of true qi flew out at once.

Seeing this, the four of them were busy dividing up their True Qi, but such a small amount of True Qi could only sustain their lives.

“You guys can save this True Qi and use it for a thousand or eight hundred years!”

Lin Ran said and turned to leave.

“Lin Ran what the hell are you doing!”

Boss Hong Guang saw this and quickly asked.

“I don’t want to say it again, strike at me, I’m already being merciful by not killing you all, I will hide you, in a thousand years this little tower will break open on its own, then you will be free!”

Lin Ran’s voice rang out, while his body was already rushing out towards one of the empty holes in the small tower.

“Don’t! Don’t go!”

“Lin Ran you!”

The four watched as Lin Ran left the small tower, but the four of them didn’t even have the courage to go after him.

Since Lin Ran had said that, it was obvious that there was no way he would really let them leave.

“A thousand years! We’re going to be trapped here for a thousand years!”

Old Third sat down on his butt, his eyes filled with despair.

There was no true qi here, and after being trapped for a thousand years, I was afraid that by the time they got out, all those crickets they couldn’t even look at before would have to be far stronger than them.

“What a sin, I should have known that I should have been a guest of the Yue family!”

“Who says otherwise!”

The crowd all had some regrets in their hearts at this point.

However, Lin Ran, by now, had already rushed out from within the small tower.

Outside, the crowd, which was already ready to disperse, was suddenly stunned at this moment, only to see the small tower in the distance suddenly shrink rapidly, and then it actually turned into a tower of the same size as before.

And at that moment a figure suddenly appeared and it was Lin Ran.

“Lin Ran he!”

“He’s actually fine!”

“Oh my god, how did he do that!”

When they saw Lin Ran, everyone was shocked, and Yue Xun, who was standing on the walls of the Yue Clan at this moment, was even more shocked.

He was well aware of the strength of the Four Elders of Hong Dong, but now the Four Elders of Hong Dong were gone, and instead, Lin Ran had run out of the small tower intact.

“Where are the Four Elders of Hong Cave!”

Yue Xun’s face was icy cold as he questioned in a cold voice.

“The four of them? In the tower thinking about life!”

Lin Ran smiled faintly and followed with a kick on top of the small tower.

The small tower instantly turned into a stream of light and was sent flying straight away.

At the same time, a young man was squatting in the latrine in a courtyard in Yue City.

Suddenly, he heard a “bang” and something fell into the pit behind him, making him jump.

“Who’s there in the middle of the night? Throwing something into the pit, showing your balls!”

“Ah-choo!”

Lin Ran couldn’t help but sneeze, if he knew that he had kicked the Four Elders of Hong Dong directly into the thatched pit, along with the little pagoda, he didn’t know what his expression would be.

Chapter 1348

“Lin Ran!”

Yue Xun suddenly spoke up, at this moment he was standing on top of the high walls of the Yue family, his eyes slightly narrowed guessing what was going through his mind.

“If you have something to say, say it!”

Lin Ran looked at Yue Xun, his expression bland.

At this moment, he had already released all those people that the Yue family had kidnapped earlier.

Of course Huo Yan and Zhao Yu he naturally didn’t release, the ones released were those who had nothing to do with himself and were implicated for no reason.

“Lin Ran, you are powerful, I, Yue Xun, am now formally extending an invitation to you, as long as you agree to be our Yue family’s guest secretary, the grudge between us can be settled once and for all!”

“Even, every year our Yue family will give you a large sum of cultivation resources, as long as you help out when our Yue family needs it! How’s that?”

Yue Xun spoke.

“Pulling me in?”

Lin Ran smiled at his words.

The crowd on the side also listened with envy, in this Southern Serpent King Domain, which one of those who became a guest of the Yue Family was not a person of great strength.

The cultivation resources given by the Yue Family every year alone made many people greedy, not to mention the other benefits.

“Ai, I’m afraid this Lin Ran is going to say yes!”

“Yes, even my heart is moved in the face of this kind of resource solicitation!”

“You? What’s the use of your heart being moved, it’s not like the Yue family can see you!”

“Get lost!”

The crowd murmured, the Yue family’s status in the Southern Snake King Domain was very high, I’m afraid that anyone else would have agreed without thinking twice.

But Yue Xun’s mistake was that he didn’t understand Lin Ran, let alone know Lin Ran’s background, so his solicitation this time was doomed to fail.

“If you want to rope me in, this price is far from enough!”

Lin Ran laughed.

“Then what do you want?”

Yue Xun asked with a frown.

“What do I want? It’s simple! I want your life!”

Lin Ran laughed lightly, but his words were filled with ice cold.

“Lin Ran!”

Yue Xun chided, while his face clouded over.

“In this Southern Snake King Domain, there is no one who dares to challenge the position of our Yue Family! Don’t you eat your wine with respect!”

“Then what if I’m inclined to eat it!”

Lin Ran laughed.

Yue Xun’s eyes were icy cold, with a bit of killing intent.

“Fine! You asked for this, don’t say I, Yue Xun, didn’t give you a chance!”

Yue Xun’s face became completely icy cold, while only seeing him wave his palm.

A sharp aura instantly rushed out from within the Yue family mansion.

Lin Ran’s eyes micrometered, and in this instant, he actually felt a full eighteen sharp breaths.

These were eighteen auras that had arrived around himself almost instantly, surrounding him.

“All of them are in the pre-Dan Creation Realm?”

Lin Ran frowned slightly.

All eighteen of these people’s auras were surprisingly not all at the Pre-Dan Creation Realm, with this strength no wonder Yue Xun was emboldened.

Previously, the Four Elders of Hong Dong were only four people, but now the Yue Family had directly deployed eighteen people, and I was afraid that this strength would be considered very strong in the outside world.

“This is the Yue Family’s eighteen guards!”

“My god it’s really the Yue Family’s Eighteen Guards, this rumour is actually true!”

“It’s terrifying, the Yue Family actually has so many early Dan Creation Realm powerhouses! I’m afraid this could sweep through the entire Southern Domain except for the Snake King!”

The crowd let out a cry of shock.

The Yue Family’s eighteen guards were a legendary existence, and many people had only heard of them but had never seen them before, but they had never expected to see them with their own eyes this time.

“This is definitely the end, this is a full eighteen strong people at the early stage of the Dan Creation Scripture, I’m afraid even Yue Xun might not be able to beat them!”

“I mean no, this Yue Xun is too shameless, he actually called out all eighteen Yue Family guards!”

“Not only is it shameless, it’s simply too shameless!”

The crowd was chattering.

And at this moment, Lin Ran also felt a little pressure.

This was a full eighteen Dan Creation Realm powerhouses, after all? Although he had the strength of the peak of the Dan Creation Realm, as the saying goes, many ants can still bite an elephant, let alone this being people.

“Lin Ran! I’ll give you one last chance, to be our Yue Family’s guest secretary or not!”

Yue Xun asked in a cold voice.

“Humph! Making out some eighteen guards and trying to buy me off? You think I’m a paperweight!”

Lin Ran said in a cold voice, followed by a shake of the Condensing Frost Sword in his hand, and he instantly charged towards one of them.

There were eighteen of them on the other side, so naturally, Lin Ran could not just sit back and wait for death this time, so he had made up his mind from the start to make a pre-emptive strike.

“Strike!”

Yue Xun’s eyes were icy cold as he saw this and immediately chided.

The eighteen guards next to him all had icy eyes, and all of them had their spears or swords in their hands, and they were running straight towards Lin Ran.

With a cold look in his eyes, Lin Ran shook his Frost Condensation Sword in his hand, instantly picking apart the lance of one of the guards on the other side, and then stabbed him in the chest.

“Bang!”

A crisp metal clash sounded out, and the guard was directly shaken and sent flying backwards a long way.

Lin Ran also took two steps back at the same time before he was able to stabilise himself.

“That’s not right!”

Lin Ran was surprised in his heart.

He found that although the strength of these eighteen guards was at the early stage of the Dan Creation Realm, they were indeed much less powerful compared to the Four Elders of Hong Dong.

It was as if one had just crossed into the Dan Creation Realm, while the other had been stuck in the Dan Creation Realm for hundreds of years.

The strength between the two could be said to be high and low.

Lin Ran didn’t know that these eighteen Yue Family guards were existences that the Yue Family had found eighteen heaven and earth herbs through various means over the centuries to forcefully raise these eighteen dead guards to this level.

Their strength would always be stuck at the early stage of the Dan Creation Sutra, and similarly each of them individually would be a little weaker than other Dan Creation Realm powerhouses.

However, they were victorious in that there were many of them, eighteen of them, and they definitely had a fighting chance even against Yue Xun of the middle Dan Creation Realm.

“This Yue Clan is also bluffing, even this kind of strength wants to capture me!”

Lin Ran’s eyes were to icy cold as he shook the Condensing Frost Sword in his hand, instantly ice crystal lotus flowers flew across the sky and drifted directly towards the eighteen guards.

“Break!”

“Bang!”

Eighteen people struck out at the same time, slashing towards the ice crystal lotus.

But every time they broke the ice crystal lotus, more lotuses would appear.

Almost the instant Lin Ran struck, at least four of the guards had been covered in ice crystals and turned into ice men.

“Quickly merge to take him down!”

Yue Xun frowned at the sight and opened his mouth to scold.

“Yes!”

Eighteen people answered at the same time, followed by several of them rushing towards their frozen companion.

Quickly helping him to break through the ice.

These eighteen guards then directly gave up on surrounding Lin Ran and instead gathered together.

Lin Ran then saw that.

As the eighteen of them gathered together, a glow erupted from each of them.

The light quickly converged and actually formed a curtain of light very quickly, enveloping all eighteen of them.

“This is a formation?”

Lin Ran frowned at the sight, this was clearly a formation rooted in eighteen people.

As expected, the light grew thicker and soon it actually formed a huge human figure.

The figure was so tall and lanky that Lin Ran could only reach his opponent’s thighs when he stood in place.

In his hand was a blood-coloured sword so powerful that he made the crowd around him feel oppressed just by standing there.

At this moment, this huge figure’s strength had clearly reached the middle stage of the Dan Creation Sutra.

Chapter 1349

“What tactics are these! It’s too scary too!”

“Yes!”

“Go, go, go, be careful of accidental injuries later!”

The surrounding onlookers all panicked at this point.

Such a big giant was standing here, and his strength was still a terrifying middle stage of the Dan-making Sutra, this strength was no longer something they could fight against, even just the Yu wave from the battle later on, I was afraid it could kill them.

“Damn fatty, don’t look for it, Lin Ran is in danger!”

Long Ya shouted busily.

At this moment, the two of them only had a few eyebrows, but it would still take time to really find the base of the Yue Family’s Thousand Extinction Formation.

“What’s in danger, can you not mess yourself up!”

Wang Yifeng said in a good mood.

“What do you mean I messed myself up, look at that huge figure, how strong it is!”

Long Ya said busily.

Wang Yifeng, however, was full of care and said.

“Can you not be concerned, think about when you were in the Sky Wolf Domain, that Wolf King was also at the Dan Making Realm, but did Lin Ran lose?”

“Can’t it be that this Yue family has gotten a random person out who’s strength is comparable to the Wolf King?”

“You!”

Long Ya froze at his words.

Indeed, what Wang Yifeng said was correct.

At the beginning of the Sky Wolf Domain, the Wolf King was stronger than even Long Mo, but in the end, he was still no match for Rinnan.

This Yue family in front of her was clearly not as high as the Wolf King, so how could there be an existence that was even stronger than the Wolf King’s strength.

“Alright hurry up and find the formation base, later on that old bastard Yue Xun will find out that Renzi is so strong and will most definitely activate the Thousand Extinction Formation, if you really care about him, then hurry up and help find the formation base!”

Wang Yifeng urged.

“You!”

Long Ya was furious, but what Wang Yifeng said seemed to make sense.

On balance, Long Ya could only continue to help find the formation base with Wang Yifeng.

However, Lin Ran, at this moment, faced with such a huge thing, could not help but think of the Wolf Dove of Wolf Tooth Mountain.

When he first faced the Wolf Dove, this guy was a reminder of becoming huge, but it was definitely not as big as this eighteen guards in front of him after they merged.

“With such a large size, the speed will definitely be affected!”

Lin Ran judged in his heart, and immediately flung his Condensing Frost Sword in his hand, and immediately attacked towards the opponent’s legs.

When facing an opponent who was hundreds of times taller than oneself, apart from relying on speed, one naturally had to rely on strategy as well.

If you are big, you have more strength, but the defence of your lower body is naturally weaker.

At this moment, Lin Ran was at full speed, his entire body was like a ghostly shadow, and in the blink of an eye, he had already reached his opponent’s body.

“Roll!”

The giant man let out a roar, following which he actually did not dodge, but instead kicked towards Lin Ran.

“Go!”

Lin Ran did not dare to be careless, and hurriedly mountain wall, at the same time a sword slashed towards the opponent's leg.

However, the next moment, the sound of metal clanging was heard.

Lin Ran then felt a tremendous recoil from his arm, which made his tiger's mouth tingle.

On the other hand, the other party's leg was only left with a white mark.

"That defence!"

Lin Ran froze, no wonder this guy didn't care about the lower half of his body, it turned out that his hardest defence was in the lower half of his body, he couldn't break through it at all.

"That's interesting!"

Lin Ran had a crazy battle intent in his eyes, and immediately raised his head to look at the sky.

Only to see in mid-air, the huge figure's two hollow eyes looked straight at himself, as if he was a giant overlooking a mole.

"I'd like to see if you're this hard all over!"

Lin Ran had a cold smile on the corner of his mouth, following which his feet lashed out towards the upper half of the giant's body and attacked.

"Die!"

The giant finally lashed out at this moment, his two huge arms slapping together in mid-air and smashing towards Lin Ran.

"That's the speed?"

Lin Ran laughed at this, granted it was not what he had expected, the giant's speed was indeed average.

Lin Ran easily dodged it with a few dodges, followed by a sword thrust on the opponent's arm.

"Bang!"

There was an explosive sound, and this time Lin Ran finally did not feel that terrifying recoil.

Although this sword hadn't done much damage to his enemy, it had found his opponent's breaking point.

"Give me death!"

Suddenly, just as Lin Ran was about to launch his second attack.

Suddenly, a long fiery red whip actually shot out from behind the giant, which was incredibly nimble and reached Lin Ran in an instant, and before Lin Ran could react, it instantly wrapped around him.

"This is the end!"

"I didn't expect this eighteen guards to have such tactics!"

“How is he going to hide now, I’m afraid he’s going to die!”

The crowd watched in horror, and Long Ya at the side even clenched her pink fist in nervousness.

At this moment, Lin Ran’s face also clearly had surprise on it, he also didn’t expect this giant to actually have this kind of skill.

“Die!”

The giant didn’t stop, his two palms snapped open and slapped directly at Lin Ran.

The two huge palms carried a monstrous power and headed straight for Lin Ran.

If this slap hit, I was afraid that Lin Ran would be seriously injured even if he didn’t die.

“Humph! This is what happens when you go against the Yue Family, Lin Ran I ask you once more! Will you be the guest of our Yue Family!”

Yue Xun asked in a cold voice, his thief’s heart unquenchable.

“Humph! You think you can trap me like this? A merged body? It’s also rubbish!”

Lin Ran’s eyes chilled, followed by a violent outburst of his entire body, and a surging aura instantly filled the air.

At this moment, the crowd below, including Yue Xun, clearly felt the coldness, the coldness of falling into an ice cave, from the bottom of their hearts.

“Peak Dan Creation Realm! How is this possible!”

Yue Xun was instantly shocked.

Almost simultaneously he saw it.

The long whip that bound Lin Ran instantly broke, and Lin Ran directly dodged the giant’s palm with a dodge.

At the same time, the Frost Condensation Sword in his hand shook, and immediately two sword maces slashed directly towards the giant.

“Bang Bang!”

Two violent explosions rang out violently.

The crowd below clearly saw that two wounds surfaced on the giant’s shoulders, and he did not bleed, but two large pieces of flesh and skin were thrown out hard out of thin air.

“Ah!”

Following this, a miserable scream came from within the giant, clearly the eighteen guards that made up the giant had been injured.

“Bastard!”

Yue Xun’s eyes were icy cold as he watched, his fists unconsciously clenching.

“Angry? What’s the use!”

Lin Ran sneered as the Condensing Frost Sword in his hand swung out once more.

And this time the sword shadow flashed, and instantly one of the giant’s arms seemed like tofu, slipping off instantly.

“My arm!”

Within the giant, the pained voice of the eighteen guards was recalled.

Soon the crowd saw that an arm was thrown out of the giant alive.

“Bastard! Force him over!”

Yue Xun was finally not calm when he saw this.

The eighteen guards were an unrepeatable strength of their Yue family, and if they were to perish in Lin Ran’s hands today, then his heart would die of pain.

As he spoke, Yue Xun’s eyes were icy cold, his palm lifted violently, and several rays of light around the Yue Family’s mansion had emerged out of thin air.

It was the Yue family’s clan protection formation, the “Thousand Extinction Formation”.

Seeing this scene, Long Ya froze, she was busy looking at Wang Yifeng, only to see that the latter was still struggling to find the foundation of the formation.

“Now you believe what Master Fatty said, why don’t you hurry up and help find the formation base!”

Wang Yifeng urged.

At that moment, Long Ya was not talking nonsense and continued to help Wang Yifeng look for the formation base.

## Chapter 1350

Feeling the Thousand Jedi Formation activate behind him, Lin Ran couldn’t help but frown slightly.

At this moment, this Thousand Absolute Formation in the Yue family residence was indeed extraordinary, both in terms of its power and the feeling it gave him, it had all skyrocketed.

And at this moment, Yue Xun was standing within the formation, both his aura and his might had clearly enhanced a lot, and he was vaguely reaching the feeling of being at the peak of the Dan Creation Sutra.

“That’s a bit interesting!”

Lin Ran’s heart surged with battle intent as he watched, the strength of the Yue family in this foreign demon domain was truly far stronger than the ones outside.

If the Yue family here was allowed to go out, I was afraid that they could even cross paths with the Mysterious Alliance.

“Get the hell out of here!”

The giant at the back fiercely let out an explosive shout, and slammed his fist towards Lin Ran.

Lin Ran turned his head to look and couldn't help but be stunned.

The giant who had just had an arm cut off by himself had somehow managed to grow another arm.

"Oh, I'll see how many arms you have!"

Lin Ran had icy coldness in his eyes as he raised his hand and swung his Frost Condensing Sword over.

The place where Lin Ran was was already hit by a crater, but at that moment Lin Ran had already leaped high up and swung his sword out at the same time.

The giant's newly grown arm instantly snapped off again.

"Ah!"

A miserable scream rang out, and instantly another arm was thrown out of the giant's body.

"Still coming?"

Lin Ran looked at the giant, a cold smile in his eyes.

At this moment, the giant did not dare to go forward, jokingly, two arms had been cut off by Lin Ran one after another, if he came up here, he was really looking for death himself.

"Spread out! Force him over!"

Yue Xun's eyes were icy cold as he opened his mouth to scold.

Lin Ran's strength terrified him, and he didn't dare to go out at all at this point, only daring to call out to Lin Ran with the power of the formation.

"Yes!"

The eighteen guards answered, and at the same time, the giant's entire body flashed with light, and at once the giant disintegrated and transformed back into the eighteen guards.

But at this moment, the eighteen guards were all in a terrible state, and two of them had lost their arms.

"Go!"

The eighteen guards shouted violently and immediately lunged towards Lin Ran.

"With just you guys?"

Lin Ran laughed.

When they were united, they weren't even a match for themselves, let alone at this moment when they weren't.

Lin Ran stood in place, a cold flash in his hand, and instantly the dagger broke its tip and went straight for the first eighteen guards that charged over.

"Bang bang bang!"

The opponents were busy using their weapons to resist, however, against Lin Ran who had exploded with his full strength, they were no match.

In almost one glance, the dagger-breaking tip pierced through the opponent's chest, and blood instantly sprang out.

"Let me do it!"

Seeing this, someone from the eighteen guards next to them immediately met up and blocked in front of their injured companion.

"Seek death!"

Lin Ran's eyes were cold as the Condensing Frost Sword in his hand slashed straight away, instantly the longsword sliced through the sky and directly cut the large sword in the other's hand into two pieces.

Following this, the Frost Condensation Sword slashed directly across his body, actually cutting off half of the arm directly.

"Ah!"

The excruciating pain caused him to let out a miserable scream.

However, Lin Ran didn't hesitate in the slightest as the Frost Condensation Sword in his hand changed angles and stabbed towards the other party's dantian.

"Bastard!"

There was determination in the other party's eyes, and his entire body glowed with light.

"Not good!"

Lin Ran sensed the danger, but he was already a step too late.

The other party's body exploded, and in an instant a terrifying force directly lifted Lin Ran over and sent him flying backwards.

Even the clothes on his body were rotten in several places.

"Damn it! Why do all the people here like to blow themselves up so much!"

Lin Ran couldn't help but curse.

When he had faced Wolf Dove this guy had gone out of his way to escape by blowing himself up, and now he was facing the eighteen guards and had even used such a move.

Little did he know that his strength was completely sufficient to crush the strength of all parties as long as the king of the domain did not make a move.

Even Yue Xun at this moment was not absolutely sure that he could capture Lin Ran, even though he was using the Thousand Extinction Formation.

Not to mention these 18 guards, who were only under more pressure to face Lin Ran.

And in the situation just now, he would have to at least pose a danger to Lin Ran if he blew himself up, but if he didn't, there would be no chance of forcing Lin Ran into the formation.

In a way, they could be considered the Yue family's deadly servants, and in order to complete the task explained by Yue Xun, blowing themselves up was just a means to an end.

Watching his men blow themselves up, Yue Xun's face was gloomy.

For every one of the eighteen guards that blew themselves up, there was one less in number, and they could not be replenished at all during the ton time, so he was heartbroken.

But idle, there was simply no way out without self-destructing.

"Get lost!"

Looking at another of the eighteen guards lunging towards him, Lin Ran's eyes burst with killing intent, and in an instant the Condensing Frost Sword had been sheathed, and a splash of blood was instantly thrown flying, directly cutting across the other party's neck.

However, Lin Ran was still a step too slow.

Just as he cut the other man, his opponent's dantian had already exploded, and a huge shockwave instantly swept through him.

This time Lin Ran spurted out a mouthful of blood directly, and although he tried his best to dodge at the last moment, he was still injured.

At that moment, he was already less than a hundred metres away from the Yue family's mansion.

I was afraid that if the other party came at him twice, he would be forced into the range of the Thousand Destruction Formation.

As expected, while Lin Ran was thinking in his mind, the eighteen guards in front of him had already rushed over again.

Moreover, at this moment, each of these people had red eyes as if they had lost their minds and were blocking towards Lin Ran, as if they were all ready to blow themselves up.

"Hm?"

Lin Ran's afterimages saw that Yue Xun, who was standing on the city wall not far away, had a red glow in his eyes, and it was actually him who was disturbing the minds of these people and guiding them to blow themselves up this time.

"That's really ruthless!"

Lin Ran's eyes turned with a chill and rushed towards this side, ready to get away from the Yue family first.

But what he didn't expect was that there were already eighteen guards blocking the side at this point.

Just as he was about to go over, a light erupted from the former's body at once, directly choosing to explode themselves.

“Cao! Crazy bastard!”

Lin Ran couldn't help but curse.

However, the huge impact in front of him had already swept over.

He didn't dare to be careless and instantly backed up violently.

But both at that moment, the eighteen guards next to him had already rushed over as well.

Without the slightest hesitation, the eighteen guards directly chose to blow themselves up.

The huge impact directly hit Lin Ran, smashing him in the direction of the Yue family.

At this moment, Lin Ran's robe was already rotten to the core, and his upper body was completely naked, with blood pouring out from many wounds.

Although the injuries did not look serious, there were too many of them.

And he could no longer remember how many of the eighteen guards had chosen to blow themselves up at this point.

All he could feel was that a wave of power continued to crash over him as if it were a tidal wave.

Soon, he felt a force sucking him in, followed by everything around him going dark.

Lin Ran's heart sank as he knew that he had entered the Thousand Extinction Formation!

“This Yue Xun is really ruthless!”

Lin Ran spat out fresh blood and couldn't help but curse.

In order to force himself into the formation, Yue Xun had actually sacrificed so many of the eighteen guards.

It was just that even if he entered the Thousand Jedi Formation now, he would be able to kill himself?

“Since you want to play! Then I'd like to see just how powerful this full version of your Thousand Extremes Formation is!”

Lin Ran wiped the blood off his body, naked on his upper body, holding the Condensing Frost Sword in his hand as he looked away in the distance, he could feel that a terrifying attack was brewing in that direction at the moment!
