

Wonder Doctor

Chapter 1351

“Rumble!”

Suddenly, the winds and clouds in heaven and earth changed colour.

Through the grey mist, Lin Ran saw thunder clouds rolling across the sky in an apocalyptic scene.

“This is?”

Lin Ran looked stunned as countless dark clouds in the sky at that moment pressed towards him as if they were an army, while waves of thunder and lightning tumbled in the thunder clouds with an incomparably powerful aura.

“This is the thunder cloud for the transmigration?”

The pillow suddenly exclaimed.

“A thunder cloud for transiting the tribulation?”

Lin Ran’s heart was shocked, how could there be such a thing in his own world, it wasn’t like this was the Immortal World.

Moreover, in these years of cultivation, he had never heard of such a thing as a thunder cloud for transmigration at all.

“It’s not from your world, only in the immortal world do cultivators need to cross the tribulation when they break through!”

The pillow said.

“Master, don’t be afraid, this isn’t a real tribulation thunder cloud!”

Suddenly Qing Zi also spoke up.

“Not a real thunder cloud?”

Lin Ran was even more confused this time.

“I’ve seen real tribulation thunderclouds a hundred times stronger than this back then, if I’m not wrong, this is just condensed from ordinary thunderclouds in your world, it’s just about the same as the state of a tribulation thundercloud, and its power is definitely a weak one!”

Qing Zi said disdainfully.

“Like this?”

Lin Ran smiled in relief, if it was just ordinary thunder and lightning, he wasn’t really afraid to.

“That’s also true how can there be real thunder clouds in this world!”

Pillow Book also nodded, this time he was rare to be on the same page as Qing Zi.

“Rumble!”

Above the sky, thunder clouds rolled over and a thunderbolt as thick as a bucket of water had poured down out of thin air, heading straight for Lin Ran.

“Come on!”

There was a sharpness in Lin Ran’s eyes as he pointed his Frost Condensation Sword in his hand and charged towards the thunderbolt.

“Bang, bang, bang!”

The thunderbolt surged and instantly engulfed Lin Ran.

However, within the lightning, Lin Ran was calm and collected, and wherever the Frost Condensation Sword in his hand reached, the lightning was dispersed, and the power was indeed not as great as one would expect.

“That’s true!”

Lin Ran couldn’t help but laugh.

However, he soon froze.

This was because he discovered that no matter how much true qi he used at this moment, as long as every point he used, the true qi in his body would be reduced by a few points.

And his own Red Flame Golden Pill was actually unable to be replenished from the outside world at all.

“Something’s wrong! There’s something wrong with this formation!”

Lin Ran busily said, while splitting the lightning apart with his sword and rushing straight out from inside.

“Want to leave?”

Deep within the formation, Yue Xun, who saw this scene, instantly laughed.

“Lin Ran! It seems you’ve already discovered the problem, but do you think you can still leave alive after entering my Thousand Extinction Formation?”

“Vile old dog, you think you can kill me!”

Lin Ran said angrily.

“Yes! I can’t kill you, but how long can you last? When your true qi is depleted in your body, I will kill you like a chicken or a dog!”

Yue Xun laughed coldly.

“This old dog wasn’t prepared to kill you directly from the beginning, he just wanted to make you enter the formation and then consume you alive!”

Pillow Book said.

“If he wants to consume me alive, then he’ll have to pay a price too!”

There was a cold aura in Lin Ran's eyes, and then the Frost Condensation Sword in his hand shook violently, and an ice crystal lotus instantly spread out in all directions.

He himself ran straight up into the sky with the Frost Condensation Sword in his hand, and with a tremor of the long sword in his palm, he instantly drew the lightning that was pouring down directly towards one side.

"Bang!"

The lightning quickly crashed towards one side, followed by a series of clashing sounds.

Lin Ran felt that the entire formation was trembling at this point.

Lightning was not a human, it had no spiritual intelligence to be affected by the formation at all, and it soon crashed so hard that this began to shake.

"Bastard!"

Yue Xun saw this and was busy waving his hand, slapping the thundercloud apart, he was afraid that if this went on, before Lin Ran's strength was exhausted, it would be the formation that would be the first to carry the thunderbolt's own attack.

"Hmm?"

Suddenly, just as Yue Xun was about to launch a second attack, a lotus flower was floating over out of thin air, he had seen the terror of this ice crystal lotus flower before.

Not daring to stay longer, he immediately fled towards the side.

But at that moment, the whole formation was already covered with a large area of ice crystal lotus.

When Yue Xun saw this, he secretly said that it was not good, he had forgotten about Lin Ran's move and could only mobilise the power of the formation to instantly smooth out the ice crystal lotus.

But with such a move, Lin Ran had already locked onto his position, and with a fling of his Frost Condensation Sword in his hand, he lunged towards Yue Xun with his sword.

"Bastard!"

Yue Xun saw this and ran towards the mist, he didn't dare to face Lin Ran at all.

Once he came face to face, he was afraid that the latter's strength would kill him in two moves at most.

So he kept dodging, looking for an opportunity to prepare a sneak attack on Lin Ran.

At this moment, however, Lin Ran's killing heart was aroused, he had managed to lock onto Yue Xun's position, if he were to let him hide deeper into the formation, I was afraid that he would only be more passive then.

"Kid! If you keep playing like this, I'm afraid that in less than half an hour, all of your true qi will have to be depleted!"

The pillow book was busy reminding.

“I have other ways?”

Lin Ran, however, asked rhetorically.

“If you can’t kill him before your true qi runs out, I’m afraid there’s no way to live either, this formation can constantly replenish its power from the outside world, I can’t break it at all!”

“Then you can’t play like that!”

The pillow was a little worried.

At this moment, Lin Ran’s situation was indeed somewhat unpleasant.

Because he couldn’t obtain true qi from the outside world, and because this Thousand Destruction Formation was the Yue Clan’s great clan protection formation, he definitely wouldn’t be able to break it for a while.

If he didn’t take the initiative to kill Yue Xun, I was afraid that he would really be consumed alive.

“Come on! Come after me!”

Yue Xun sneered as he fled wildly.

Although at this moment, Lin Ran was closing in on him step by step, putting him in a bit of danger.

But looking at how quickly the true qi in Lin Ran’s body was depleting, he was also energized, as long as he could deplete all the true qi in Lin Ran’s body, the winner would definitely be himself by then.

“Give me death!”

There was anger in Lin Ran’s eyes as he flung his Frost Condensation Sword, and in an instant a sword shadow cut out of thin air.

However, Yue Xun did not fight him hard at all, and Yue Xun’s body violently changed direction and fled towards the other side.

“Bang!”

The sword shadow crashed heavily into the formation barrier only, and instantly the entire formation trembled.

“This bastard is really strong, if I wasn’t holding him back, I’m afraid I could really hope to break the formation open!”

Yue Xun thought in his mind, while his palm clenched, and instantly a ball of flame appeared out of thin air, heading straight for Lin Ran.

The attack under the augmentation of the Thousand Destruction Formation was extremely powerful.

Even Lin Ran had to deal with it carefully.

The pursuit of Yue Xun was halted for a while.

“Ignorant little boy, I want to see how long you can hold out!”

There was a cold smile in Yue Xun's eyes, while he had already hid in the mist and started to brew up a new deference.

"This is really some trouble now!"

Lin Ran frowned slightly, he had lost Yue Xun as a target and instantly became a living target within the formation again.

He couldn't find Yue Xun, but the latter was able to easily mobilise the power of the formation to attack him tiredly.

In an instant and over time, the one who would end up losing would definitely be him, Wuyou.

"Humph! I'd like to see how long you can hold out!"

Yue Xun looked at Lin Ran in the mist in front of him, a cold smile in his eyes.

Chapter 1352

"Go!"

Yue Xun's eyes were icy cold, his hands waved out violently, and at once several rays of light coalesced and rose, and soon five white lights were actually formed in front of him.

This white light was extremely thin, as if it was only the thickness of a formation, and as soon as it appeared, it was under Yue Xun's control, hooking up the might of the surrounding formations and continuously pouring into it.

However, under such a huge power infusion, the size of the white light did not change at all, it was still extremely thin.

If there was an outsider present at this moment, even if it was just a resident of Yue City, he would be able to recognise that this was Yue Xun's famous move, the Silver Mane Piercing Stab!

This Silver Mane Piercing Stab was recorded by an ancient secret technique that Yue Xun had obtained by chance when he was wandering around in his youth.

It was thought that the Ancient Demon Realm was the main battlefield of the Ancient War of Destruction, and many great powers from both the righteous and the evil dao had fallen here, so it was a very important thing to go out and train in the Ancient Demon Realm.

And the Silver Mane Piercing Stab recorded in this ancient secret method is an extremely powerful attack.

However, it was very difficult to learn it, not only did it require strength to reach the Dan-making realm, but it also required the preparation of many heaven and earth treasures, and extremely strong formations to assist.

Therefore, Yue Xun had performed it less than five times in his life, including this time against Lin Ran.

And the first four times, he had managed to kill his opponent, except for this time when he had yet to face Lin Ran without results.

“To die under my Silver Mane Piercing, you are proud enough to be able to do so!”

Yue Xun had madness in his eyes.

In order to dream long into the night, he couldn't care less at this point and directly used his killer technique.

“Go!”

With a cold cry from Yue Xun, five rays of light instantly turned into a stream of light and stabbed at Lin Ran within the formation.

“Hm?”

Lin Ran suddenly felt a throbbing in his heart, a feeling when danger was approaching.

When one's strength reached his level, one's perception of danger was very sensitive.

Lin Ran didn't dare to be careless and immediately backed away quickly while keeping his eyes fixed on the front, wanting to see what attack Yue Xun was brewing again.

“Watch out!”

Suddenly, Pillow's voice snapped out.

Following this, Lin Ran felt a flash of white light in front of him, yet when he saw the true nature of that white light clearly, it had already reached him.

“What a bizarre thing!”

Lin Ran instantly dodged.

But just as he dodged the first one, the second white light had already followed and rushed over, heading straight for Lin Ran's chest.

Seeing that he couldn't dodge this time, Lin Ran was busy pressing his body down, and instantly the white light flew past against his shoulder.

It was also almost an instant before Lin Ran felt a pain in his shoulder, and when he turned his head to look, there was only a bloody wound on his shoulder that was bubbling out with blood.

“It's so sharp!”

Lin Ran's heart had.

He was now at the peak of the Dan-making realm, and he had to know that the increase in strength brought about a huge increase in his flesh.

Nowadays, with his flesh, it was already very difficult to injure him unless his strength was as large as the Dan Creation Realm.

But now, Yue Xun's blow had easily left a wound on his body, and the wound was very deep.

“This secret technique is odd, you have to be careful!”

Pillow Book reminded.

“Mhmm!”

Lin Ran was busy nodding his head, yet at this point the time left for him was running out.

Four or five white lights rushed in one after another, and although Lin Ran was trying his best to dodge them, the speed of these white lights was also very fast.

After a few exchanges, Lin Ran’s body had already received several wounds, but fortunately none of them were serious.

But if things continued like this, it was only a matter of time before he was consumed alive.

And at this moment, outside the needlework, Wang Yifeng and Long Ya were also busy.

“Have you found it or not! He’s been in there for almost half an hour!”

Long Ya was busy urging.

“Don’t you worry, the position has been locked, now it’s still a chance away!”

Wang Yifeng was lying on the ground, his forehead covered in sweat.

“What chance?”

Long Ya asked.

“This formation will not reveal its base unless it is attacked, I need to pull out the base the moment it is revealed!”

Wang Yifeng said.

“Lin Ran is inside, we don’t know when to attack!”

Long Ya said busily.

Suddenly she seemed to have thought of something and was busy asking.

“Is it okay if I attack from the outside?”

“Yes! But how will you get there?”

Wang Yifeng pointed to the eighteen guards guarding the outside of the great formation next to him, they had suffered heavy losses, but at this moment the rest of them were still guarding the outside of the needle, their faces cold.

“Couldn’t care less!”

Long Ya gritted her teeth and instantly charged towards the formation.

At this time, within the formation, Lin Ran had already tangled with the five rays of light for no less than hundreds of rounds.

These rays of light were so fast that he simply couldn’t find a chance.

He could only dodge to deal with them, and by now he already had as many as a hundred wounds on his body, and not much true qi left in his body.

“Master let me strike!”

Qing Zi shouted busily, looking at Lin Ran’s miserable appearance, she couldn’t bear it in her heart.

“No!”

Lin Ran decisively refused.

“If I die here, you two must take them out!”

Lin Ran said firmly.

“But you, Master!”

Qing Zi was worried.

“I’m not important, if even the two of you are exposed, there will be no one to take them out then!”

Lin Ran said.

He knew very well that nowadays, apart from himself, only Pillow Book and Qing Zi were capable of taking the crowd out, provided that they weren’t discovered by the foreign devils.

Both of them were weapon spirits, and neither of them had peak battle power, so once they were discovered by the foreign devils, all that awaited them was to be suppressed.

So no matter what, Lin Ran didn’t want to reveal the existence of the two.

“Master beware of that white light coming again!”

Qing Zi suddenly spoke up.

Lin Ran gritted his teeth and busily turned around to deal with it.

However, the moment the white light appeared, there was a sudden “bang” from outside, and the speed of the white light suddenly stalled.

“Chance!”

A flash of joy flashed in Lin Ran’s eyes as he saw this and immediately slashed the Frost Condensing Sword in his hand without saying a word.

“Bang!”

There was a muffled sound, and instantly one of the white lights exploded out of thin air.

The huge shockwave instantly detonated all the other four white lights that came running towards it.

In an instant, a terrifying explosion of power swept through the entire formation, shaking the entire formation violently.

He understood that his chance had come, and if he didn’t seize it, he wouldn’t have another chance.

Turning his head to look, he saw that Long Ya had already been surrounded by all eighteen guards, and he feared that he would not last long.

“Come out!”

Wang Yifeng roared, and instantly both palms poked into the formation, and with a fierce grasp he actually caught something!

However, the huge suction of the formation also instantly lifted him to the ground, followed by his entire body being sucked directly into the formation.

“It’s over!”

Wang Yifeng’s heart sank at this moment, knowing that he had failed, he was now sucked in by the formation as well, so the Long Ya outside

Thinking of this, Wang Yifeng’s eyes instantly turned red and he fell to the ground and busily shouted.

“Ranzi, your daughter-in-law is being bullied by the eighteen guards! If you don’t get the fuck out, your daughter-in-law will be finished!”

Chapter 1353

“What the fuck are you talking about!”

As soon as Wang Yifei’s words fell, a strong wind rushed over, while his whole body was picked up.

“Where’s Long Ya!”

Lin Ran was covered in blood as he looked at Wang Yifeng.

“She was besieged by the eighteen guards!”

Wang Yifeng said helplessly.

“Then why did you come in here!”

Lin Ran was simply furious.

“Nonsense! Didn’t I help you break the formation again, Fat Master! I’ve pulled out the formation base!”

Wang Yifeng said as he spread his palm out, and there was indeed a red flag on it.

“You damn well didn’t say so earlier!”

Lin Ran was so angry that he really wanted to slap Wang Yifeng, but this wasn’t the time to say that.

In one swift motion, Lin Ran snatched the flag from Wang Yifeng’s hand.

The only true qi left in his body exploded and he heard a “bang” instantly.

In an instant, the formation flag in his hand shattered with a bang.

Lin Ran then felt a gust of wind blowing over from the vicinity, bringing with it the true qi from the outside world.

“Bastard!”

Yue Xun at this moment also decided the formation was broken open called, his face changed greatly, busy flipping his hands a wave of true qi swept straight to Lin Ran two people!

“Dodge!”

Lin Ran raised his hand and pulled Wang Yifeng behind him, his body’s true qi running, instantly a sword light slashed out.

“Bang!”

With a loud sound, the tide formed by the waves of true qi was instantly split into two by Lin Ran, before exploding with a loud bang.

At this moment, as true qi continued to pour in from outside, Lin Ran did not hold back in the slightest as he fought, swinging his Frost Condensation Sword in his hand several times in quick succession, slashing towards the gap in the formation.

“Bang Bang Bang!”

The formation that had already been uncovered by a corner was now attacked furiously by him, and the gap was instantly widened by a few more points.

Lin Ran’s strength was frantically recovering under the sweep of the Red Flame Golden Pill, and his attacks were becoming increasingly fierce.

At this moment, the face of Yue Xun within the formation was a little white from the beating.

“It’s over! This is really the end!”

There was despair in Yue Xun’s eyes.

The Thousand Extinction Formation was his last means of dealing with Lin Ran, but now once the Thousand Extinction Formation was broken, his last reliance was no longer there.

“You want to kill me! Then you’ll have to pay the price too!”

Yue Xun’s eyes suddenly chilled as he followed and actually charged straight out of the heavy formation, heading straight for Long Ya outside.

“Ranzi, do something!”

Wang Yifeng urged from the side.

“I’m fucking thinking!”

Lin Ran shouted, but the Condensing Frost Sword in his hand didn’t stop, slashing towards the gap in the formation again.

“Bang bang bang!”

Sword after sword landed on the formation, causing the entire formation to tremble wildly.

At this moment, without Yue Xun's control, this absolute formation was no longer a threat to Lin Ran, but if he wanted to break through it, it would still take a little time.

"Give me death!"

Outside, Long Ya was in a terrible state, her strength was already average, and she was already going to lose at any moment in the face of the eighteen guards' siege.

Not to mention that Yue Xun had also rushed out from within the formation.

Almost immediately, Long Ya received a slap from Yue Xun, and her whole body spurted out a mouthful of blood and flew backwards directly.

"Humph! Let's start with you first!"

There was killing intent in Yue Xun's eyes, and with a flash of cold light in his hand, a white light had appeared out of thin air, following which it went straight to Long Ya's chest.

This white light was none other than the Silver Mane Piercing Stab.

"Bang!"

Almost at the same time as Yue Xun's Silver Manifest Piercing was thrown out, there was an explosive sound within the Thousand Extinction Formation, and instantly two figures rushed out, and it was clearly Lin Ran and Wang Yifeng.

The two of them also saw the white light in the sky at this time, and their faces immediately changed.

Especially Lin Ran, who had seen the strength of this silver mane piercing, and at this moment, seeing that the white light had reached Long Ya, his entire heart seized up.

"No!"

Lin Ran shouted busily.

However, Yue Xun was not stopping at all.

In an instant, the silver mane piercing pierced directly through Long Ya's body, bringing out a splash of blood.

"Ah!"

Lin Ran's eyes instantly filled with blood and his entire body went mad.

"I'll fight you all!"

Wang Yifeng's eyes also instantly turned red, he and Long Ya had been on the run for so long and were like brother and sister, but now the latter was being killed right in front of their eyes by Yoyue Xun

"Long Ya!"

Lin Ran was busy rushing over and hugged Long Ya, who had fallen from mid-air, in his arms.

At this moment, Long Ya's chest was still bubbling with blood and her face was as pale as if she was out of breath.

"Lin Lin Ran, you're alright Just fine!"

The corners of Long Ya's eyes showed tears, the words fell the whole person has fallen down towards the side.

"No!"

Lin Ran tightly stopped Long Ya in his arms, his heart was dripping blood at this moment.

"Master quickly give her to me!"

Suddenly, Qing Zi said from the side.

"You have a solution?"

Lin Ran looked at Qing Zi with an icy coldness in his eyes.

This look made Qing Zi couldn't help but feel a chill throughout her body.

"I'm not sure, but she's from the Dragon Family, if the Dragon Family in Dragon City has a Dragon Pond, maybe she can still be saved!"

Qing Zi said.

"The Dragon Family! The Dragon Pool! Where is Dragon City! I'm going now!"

Lin Ran acted like a madman and was about to leave at once?

"You're crazy! The King's One Life is still there!"

The Pillow Book was busy speaking.

Lin Ran was stunned at his words, and only then did he remember Wang Yifeng's life.

"Master, I can guarantee that Long Ya won't be cut off within Liang Tian, so don't rush yet, there's still hope if you get to the Long family within two days!"

Qing Zi busily said.

"Two days! Two days!"

Lin Ran muttered.

And at this moment, it was Wang Yifeng's voice that came from the side.

"Ranzi if you don't fucking come over, Master Fatty will return to his place!"

Lin Ran heard this and was busy turning his head to look, only to see that at this moment, Wang Yifei was being kicked like a ball again by Eighteen Guards and Yue Xun.

Seeing the eighteen guards and Yue Xun, Lin Ran's entire body trembled, and the veins on his neck only burst.

“Yue Xun! I will kill you today!”

There was anger in Lin Ran’s eyes, his palm fiercely gripped, and the Frost Condensation Sword appeared out of thin air and let out a sword chant, as if in response to Lin Ran’s anger.

“Die!”

Lin Ran’s other hand fiercely flung, and the dagger’s broken tip already ran straight out.

The speed was simply frightening.

“Poof!”

With a flash of cold light, the dagger-breaking tip instantly went straight through the dantian of one of the eighteen guards, not even giving him the chance to explode himself and decapitating one of them in an instant.

“Die!”

Following this, Lin Ran waved his Condensing Frost Sword in the air in his hand.

A seven-coloured sword shadow swept away, the sword intent was bitingly cold, and before the sword aura reached them, the three eighteen guards close to Wang Yifeng had all exploded into a bloody mist.

“Run! Quickly escape!”

Yue Xun saw this and was busy speaking.

Lin Ran, who was in a rage at the moment, was too strong, and they were no match for him.

“Run? No one is going to leave today!”

Lin Ran’s eyes glowed red as he shook his Frost Condensation Sword in the air in his hand, instantly countless ice crystals scattered across the sky, instantly freezing the remaining eighteen guards into ice sculptures.

“Die!”

Lin Ran roared, only to hear “bang bang bang”

A series of ice sculptures broke, and the remaining eighteen guards instantly shattered into ice dregs.

“He’s too strong! He’s too strong!”

Yue Xun’s heart chilled as he watched, and immediately rushed towards the Yue family mansion.

“I told you, you have to die too!”

The fierce aura in Lin Ran’s eyes remained the same as he swung another sword out in the air, instantly running towards Yue Xun.

“Bastard!”

Yue Xun’s face was ashen as he saw this, and he instantly dodged sideways.

However, Lin Ran's sword was too fast, and the next moment, there was a "click" as Yue Xun's arm flew out, spilling blood onto the Yue family compound below.

Chapter 1354

"Die!"

Lin Ran bellowed again, and instantly the sword flashed, this time heading straight for Yue Xun.

Yue Xun's face was pale with fear at this point, and there was even more despair in his eyes.

He regretted, had he known that Lin Ran was so strong, why had he taken revenge for that bastard Yue Qi!

Now, not only would Yue Zhan die, but he, Yue Xun, would also have to die today, and once he died, then their Yue family would truly be finished!

"Elder! Don't do anything yet!"

There was a struggle in Yue Xun's eyes and he was busy opening his mouth to shout.

Almost at the same time, three rays of light shot up into the sky and instantly rushed up from within the Yue family mansion.

"Get lost!"

Lin Ran saw this and waved his hand, and a huge palm void appeared out of thin air, slapping it directly towards the three streams of light.

"Lin Ran stop!"

One of the elders spoke up.

However, Lin Ran was already mad at this point, so he didn't care about that. The palm shadow pressed straight down, instantly sending all three of them flying backwards as they spat blood.

"I told you, he has to die today!"

Lin Ran's voice was icy cold, as if he was a demon descending from the world.

The sword mane in mid-air fell in response, instantly cutting through Yue Xun's body.

Yue Xun's entire body trembled violently, followed by the instant extinction of his breath.

Like a leaf, he fell down towards the Yue family compound below.

At the same time, the sword mane that had beheaded Yue Xun fell directly towards the devolved Yue family.

"No! Lin Ran live"

The Grand Elder was busy speaking.

However, how could Lin Ran listen to him.

The sword mane fell as if it was a giant axe, instantly splitting the large Yue family mansion, into two halves.

At this moment, countless Yue family clansmen swarmed out from inside and fled for their lives in all directions, knowing that the Yue family was truly finished today.

“Quick! Go summon the Snake King!”

The Eldest Elder suddenly spoke.

“Yes!”

In the distance, the heavily injured Third Elder got up and ran towards the Yue Family’s backyard.

“What? Summoning the Snake King?”

“My god, hurry up and run!”

“Damn the Yue family is crazy, the Snake King is a madman no one will survive if he comes!”

The people who had been watching before also ran towards the outside along with the Yue family.

Lin Ran’s eyes were icy cold as he watched, if the Yue Family really summoned the Snake King over, he was afraid that he wouldn’t have time to take Long Ya to the Yue Family when the time came.

So there was absolutely no way he would stand by and watch the Yue Family summon the Snake King over!

“You guys are looking for death! I’ll make it happen for you all!”

The icy coldness in Lin Ran’s eyes remained, and his longsword was flung violently, slashing directly towards the Third Elder below.

“Old Third Elder, run!”

Seeing this, the Second Elder was busy blocking the way, giving the Third Elder time to escape.

However,? How powerful was this strike from Lin Ran? instantly sent the Second Elder flying backwards, and his entire body was directly seriously injured.

“Big brother!”

The Second Elder looked towards the Eldest Elder with despair in his eyes.

“We absolutely cannot let him kill Old Third, or else our Yue Clan will really be finished!”

The Eldest Elder said, with madness in his eyes.

“Yes!”

The second elder also answered.

Following this, the robes on both of them actually burst into flames out of thin air.

At the same time, the two men's auras also surged at this moment, actually reaching the peak of the Half-step Dan-making realm in a vague manner.

"Burning origin?"

Lin Ran frowned slightly as he watched, the so-called burning of one's origin was to burn the True Qi vortex or Golden Elixir within one's body.

Since this was the root of one's cultivation, once one burned these things, not to mention the person's strength, even the person's life would be finished very quickly.

But all the same, the benefit that comes from burning the golden pellet is that the strength will briefly and substantially increase.

The First Elder and the Second Elder were also anxiously only at the pre-dan-making realm, but at this point in time, when they burned their original source, their strength was already vaguely forced to the peak of the dan-making realm.

"You think you can stop me just by burning your Origin!"

Lin Ran's eyes were bloodshot as the longsword in his hand shook and slashed towards the Third Elder once more.

"Stop him!"

The Eldest Elder chided, both of their bodies burning with flames at this point.

"Bang!"

With a clash, Lin Ran's sword shadow actually came to a halt.

However, when they looked at the Eldest Elder and Third Elder, they went straight to flying out, and both of them spurted out a mouthful of blood almost simultaneously.

"Big brother! No way! He's too strong!"

There was despair in the Second Elder's eyes.

"You have to fight even if you are too strong, do you want to see the entire Yue family destroyed?"

There was determination in the eyes of the First Elder, and his entire body leapt violently, directly lunging towards Lin Ran.

"Roll!"

Lin Ran saw this and slapped his palm towards the Great Elder.

However, at this moment, the Grand Elder's whole body trembled violently, followed by a hot light appearing out of thin air, followed by a "bang" explosion.

The Grand Elder had exploded himself!

The power of a Dan Maker's self-detonation was so great that Lin Ran's palm was blown to a bloody pulp almost instantly, and his entire body was even sent flying hundreds of metres away.

However, the Grand Elder's miscalculation was that Lin Ran cultivated the True Qi of the Healing Dao, and under the latter's effect, his palm was healing rapidly.

"Big brother!"

At this moment, the Second Elder looked at the Grand Elder without even leaving his corpse behind, and his entire body went completely insane.

"Big brother! I'll accompany you! Old Third must summon the Snake King!"

As the words fell, the Second Elder's entire person also came straight towards Lin Ran.

Lin Ran's eyes narrowed slightly when he saw this, and his hands snapped together, and at once two curtains of light directly enveloped towards the Second Elder.

At this time, the light in the eyes of the second elder rose greatly,? actually also chose to self-destruct.

Only would have been prepared for Lin Ran where will let him also get away with it.

In an instant, two rays of light directly wrapped around the second elder, followed by a "bang" sound, the second elder's body exploded out of thin air.

The tremendous force directly shattered the two layers of light curtains, but it did not hurt Lin Ran.

"The Yue family is really finished now!"

"Yes!"

"How unpredictable the world is, who would have thought that a mole in the eyes of the Yue Family would end up like this!"

The crowd that was fleeing at this moment couldn't help but feel a pang of emotion as they looked behind them.

If the Yue family hadn't provoked Lin Ran, perhaps today's outcome wouldn't have been like this.

Unfortunately, it was too late to say anything now.

Lin Ran slowly landed within the Luo family mansion, his gaze icy cold as he looked at the Third Elder in the backyard in front of him.

At this moment, he had an ugly face and was preparing something for the summoning.

There were many Yue family members on either side fleeing for their lives.

When they saw Lin Ran land, they were all clearly stunned, each looking at him warily and fearfully

"Stand Stop!"

Suddenly, a group of people dressed in the appearance of guards stood in front of Lin Ran, they should all be the Yue Family's guards.

"Get lost!"

Lin Ran glanced at the other party indifferently and said in a cold voice.

“You Don’t you dare try to get past!”

The leader of the group said in a cold voice, only his body was trembling quite consciously.

“Then you go to hell!”

Lin Ran’s voice was indifferent as he pointed his finger in the air and instantly, a cold ray of light slashed across the other party’s neck.

With a “bang”, the other party fell to the ground.

“You!”

The guards at the back looked at Lin Ran, their eyes filled with terror.

“Get lost if you don’t want to die!”

Lin Ran once again spoke up and scolded.

Chapter 1355

Yet these guards were still not leaving.

“We can’t retreat any further,? If everyone goes only knows to flee and no one buys time for the Third Elder, all that awaits us is the extermination of our clan!”

Suddenly, a teenager stood out from the crowd, he stood at the front, his gaze was cold as he looked at Lin Ran, there was not even a trace of fear.

“Young master!”

The guards all looked towards the teenager, with despair in their eyes.

“We can’t retreat any further, we will only perish!”

The teenager looked at Lin Ran with anger and resentment in his eyes.

“If you want to kill your way through, step over my corpse, Yue Beishan.

The young man looked at Lin Ran and said in a cold voice.

“You’re threatening me?”

Lin Ran looked at the teenager, a stern aura flashing in his eyes.

“Yes! I am threatening you! You are nothing in my Yue Beishan’s eyes! You were only born a few years earlier than me, if I were as old as you, you would definitely not be my opponent!”

Yue Beishan said disdainfully.

Lin Ran’s eyes narrowed slightly as he realized that this Yue Beishan was only about ten years old, but his strength had already reached the middle stage of the Heaven Seizing Realm, so he thought that he should be a genius.

“What? Are you afraid? Want to kill me now? Then do it!”

Yue Bei Shan scolded.

“Young master!”

At this moment, the guards at the side each moved and all ran over to surround Yue Beishan.

“Young master you are the hope of our Yue family,? You can’t die!”

Followed by many more Creation Realm people running over, they should all have been the backbone of the Yue Family before.

“And us!”

Followed by another group of people, only these people’s were come were obviously a few points weaker, they were all at the Heaven Seizing Realm.

“There’s us too! We’re also from the Yue family!”

This was followed by another group of even weaker people, who surrounded Yue Bei Shan layer by layer in an extremely spectacular scene.

“Other ordinary people! Go!”

Yue Bei Shan opened his mouth and scolded.

“Yes Young Master!”

Only then did those who were even weaker or had no cultivation continue to run for their lives one by one.

Yue Bei Shan looked at Lin Ran with an icy coldness in his eyes.

“Make a move! Just do it, if you don’t kill me today! One day sooner or later I will kill you!”

“You’re very confident!”

Lin Ran’s voice was bland as he took a step forward at the same time.

An invisible aura immediately spread out, sweeping out in all directions.

Those who were in the way at the front instantly exploded one by one, splashing blood all over Yue Bei Shan’s face.

“I am very confident!”

Yue Bei Shan was not the least bit afraid, and there was an endless icy coldness in his eyes as he looked at Lin Ran.

“Is that so? Are you so sure I won’t kill you?”

Lin Ran said, while taking another step forward.

This step was taken, and instantly those strong people who were in the way of the Heaven Seizing Realm also instantly exploded and died.

Fresh blood spilled all over Yue Bei Shan's chest this time.

Yue Bei Shan still didn't move in the slightest as he looked at Lin Ran with only anger and killing intent in his eyes.

"You can kill me, but you can't kill all of our Yue family, sooner or later our Yue family's descendants will find you and kill you!"

Yue Beishan said in a cold voice.

Lin Ran smiled at his words but laughed.

"Haha!"

"Is that so! Then it seems that I can't let you go!"

Lin Ran laughed as he took another step forward, and this time the strongest An Xie Qi Creation Realm powerhouses that were in front of Yue Bei Shan were also not surprised.

All of them died with a "bang, bang, bang".

Blood should have stained the ground of the entire Yue family.

Wang Yifeng, who was watching this scene from afar, couldn't help but feel a little moved.

Lin Ran had killed far too many people this time!

"Young master!"

At this moment, the only people left standing in front of Yue Bei Shan were the guards.

They each had tears on their faces, but as they watched Yue Bei Shan's entire body being stained red with blood without crying, they could only hold it back.

"Come on!"

Yue Bei Shan looked at Lin Ran with anger in his eyes.

"Come and kill me!"

Yue Beishan chided.

Lin Ran's eyes fiercely chilled as he took a step out and directly lifted Yue Beishan up with one hand.

"Young master!"

The guards beside him all panicked, and one by one they lunged towards Lin Ran.

"Get lost!"

Lin Ran chided in a cold voice, and almost simultaneously an aura filled out, instantly shaking all of these people into a bloody mist.

And at that moment, only Yue Bei Shan was left in front of Lin Ran.

Lin Ran lifted him high above his head, and there was an icy coldness in his eyes.

He could feel Yue Bei Shan's anger towards himself, and knew that if he let him go, he might really become a big problem for him in the future.

At this moment, he had killing intent rushing through his heart.

"Not good! Master has gone a little off the rails!"

In his mind, Qing Zi looked at Lin Ran's state with some worry.

"This is going off the rails? Back then, when the Immortal Emperor attained the Immortal position, he once exterminated three clans that had a deep blood feud with him, and later on, he even had a karmic fire descend and burn for eighteen days before he finally carried it through!"

"It has been proven time and again that if you want to go further, you must always be ruthless! As long as you're so ruthless that even the karmic fire can't do anything to you, you can only be powerful in all directions!"

The Pillow Book disagreed.

"You shut up! The immortal world has never been short of great powers with good hearts, and achieving immortal status does not necessarily mean that you have to kill the world in blood!"

Qing Zi retorted.

The Pillow Book however shook its head.

"You're wrong, anyone can do the immortal throne, but those who can make it to the final step must all be firm enough at heart, if they waver easily, that kind of person won't make it to the end!"

"You!"

Qing Zi was also dumbfounded this time.

The pillow book was right, the reason why only one Immortal Emperor had appeared in the Immortal World for ten thousand years was because he had greater determination and stronger perseverance than others!

"But Master he!"

Qing Zi was a little worried.

"Don't bother him at this time, to kill or not to kill, it's just a thought of his, but it's also a training of his own heart!"

Pillow Talk spoke.

And at that moment outside, Lin Ran's palm had slowly raised and approached Yue Bei Shan's face.

"Ranzi! You can't kill any more people!"

Suddenly, a voice came from the side, none other than Wang Yifeng.

“What are you talking about?”

Lin Ran’s eyes were icy cold as he looked at Wang Yifeng.

“I’m saying that you can’t kill any more people, you’ve already killed so many people, if you keep killing you’ll go off the rails!”

Wang Yifeng said.

Lin Ran’s heart trembled at his words and he turned his head to look around.

Only then did he notice that even the ground where he was currently standing had turned red, and the blood around him was staying like a small river.

“The one who hurt Long Ya was Yue Xun, he’s already dead, a bunch of powerful ones from the Yue family were also destroyed by you, even for the Mysterious Alliance, you’ve done enough, you really can’t kill anymore!”

Wang Yifeng persuaded.

Only then did Lin Ran feel as if he had sobered up a bit, and the obsession that had been keeping him from killing in his heart seemed to have just receded.

Yes, why did he want to kill Yue Bei Shan?

He was just a ten-year-old child, so what if he was a genius? Was he afraid because he was a genius.

Then why should one be cultivating, there would always be someone stronger anyway!

Suddenly Lin Ran felt that the string taut in his heart snapped.

He placed Yue Bei Shan on the ground again and looked at him indifferently.

“You said that the disadvantage is in your youth, you have talent, fine! I, Lin Ran, wait for you to grow up! Wait for you to kill me!”

After saying that, Lin Ran directly knocked Yue Beishan unconscious with a hand slash, and then walked towards the backyard where the Third Elder was without looking back.

Chapter 1356

Seeing this scene, Wang Yifeng could not help but sigh.

In his mind, Qing Zi and the pillow book also sighed in relief at the same time.

“I knew it, my Qing Zi’s vision would never pass!”

Qing Zi laughed.

“And! You do know that Master Shu’s vision will not be wrong, after all, Master Shu is trained by the Immortal Emperor!”

The Pillow Book said blandly.

“I bah! Shameless!”

Qing Zi glared at Pillowside Book and didn't bother to pay him any mind, following which she returned to her Qiankun Violet Qi Vase.

....

But outside, at this time Lin Ran had already reached the backyard, and from afar he saw a huge statue of a man with a snake's head and body, if it wasn't the Snake King Black Jin or who else.

And at this moment, underneath the statue, the third elder was holding a dagger in his hand, looking at Lin Ran with a crazy face.

"Haha! Haha! Lin Ran you destroy my Yue family, you don't want to leave either, the Snake King will be here soon! You enjoy yourself!"

The Third Elder laughed coldly.

Lin Ran's eyes chilled as he heard this, and immediately raised his hand and struck the Third Elder in the chest.

"Poof!"

The Third Elder flew backwards in response to the sound, while a mouthful of blood spurted out, but he also cut his dagger through his wrist at the same time.

Blood immediately flowed out along his wrist, staining the entire altar below red.

"Weng!"

Given the rapid tremor, the blood instantly dyed all the patterns of the altar red.

And at that moment, the altar also began to tremble rapidly.

On the altar only, the huge statue of the Snake King actually began to have a wisp of red light spreading out towards the top.

The red light, as if it was blood, spread towards the top of the statue, and Lin Ran could clearly feel it at this moment.

A terrifying aura was rapidly climbing, and in the blink of an eye it had reached the Dan-making Scripture.

"Why are you still standing there! Hurry up and go! The Snake King is coming!"

Wang Yifeng was busy urging.

However, Lin Ran waved his hand and said.

"It's already too late, he's here!"

With that, Lin Ran waved his palm and directly took Wang Yifeng into the small world.

At this moment, on the statue of the Snake King on top of the altar, the two eyes of the Snake King had turned blood red.

Deep underneath the eyes, the two pitch-black pupils contracted for a moment, and the entire statue actually came directly to life.

“This is the Serpent King’s Black Jin?”

Looking at the statue in front of him, Lin Ran felt that the temperature around him had chilled.

But in Lin Ran’s eyes, there was a fiery battle intent.

“Who are you! How dare you spill your guts in my Black Jin’s territory!”

The sky rumbled and a thick voice had sounded.

This Snake King Black Kam’s voice had already sounded before he arrived, and his words were filled with pride, clearly not putting Lin Ran in his eyes.

“Lin Ran!”

Lin Ran’s eyes burned as he looked at the giant snake statue in front of him.

Just from the fact that Black Jin had just opened his mouth, he could tell that this person had a very different personality from the Sky Wolf King.

The Heavenly Wolf King was the kind of person who would do anything to achieve his goal, and he had even gone so far as to set up a formation to attack Lin Ran, which was enough to show how ruthless this person was.

On the other hand, this Snake King Black Jin in front of him had a natural sense of being a monarch, seemingly not bothering to sneak up on him at all.

“Lin Ran? You are one of the Heavenly Wolf King?”

Black Jin’s voice rang out once more, his voice carrying a hint of anger.

“No!”

Lin Ran shook his head straight away.

“Humph! The Sky Wolf King has been working against me for many years, so if you weren’t one of his people how could you possibly have the strength to destroy the Yue Clan!”

Black Jin’s voice was icy cold.

“I said no!”

Lin Ran looked at the statue, his voice firm.

“Humph! I’ll see how long you can keep your mouth shut, no matter if you’re not one of the Heavenly Wolf King’s people, if you cause trouble in my Southern Snake King’s domain, today will be the end of you!”

The Snake King’s voice rang out again.

At that moment, a crack had already started to appear on that huge statue.

These cracks were like spider webs that soon covered the entire statue.

At the same time, Lin Ran could see it.

Countless debris began to fall off from the statue, but wherever the statue fell off, a partial scale would emerge, and it was none other than snake scales.

“Bang!”

Suddenly, with a loud explosion, at once Lin Ran saw that the giant snake statue had actually exploded from the middle, and at once a man with a shed hand had appeared in front of him.

The other man was eight feet tall and had a black cloak hanging behind him, which was exceptionally rakish.

In the pair of red snake eyes, however, there was a grim and angry fire dancing.

“Take a life!”

As soon as the Snake King appeared, his entire body’s aura immediately surged, crushing countless debris around him, while this aura crushed directly towards Lin Ran.

“You can’t really deal with me with your breath alone!”

There was madness in Lin Ran’s eyes, and the aura around his own body fiercely spread out.

In an instant, the two’s auras had collided.

“Hm?”

Feeling that his aura had actually been resisted by Lin Ran, the Snake King Black Jin couldn’t help but frown.

There were only a few people left in the entire Fey Demon Domain who could resist their aura like this, but at this moment, this kid in front of him was actually able to do the same.

“It seems that the strength of the men that the Sky Wolf King has recently cultivated is quite good!”

Snake King Black Mirror had icy coldness in his eyes.

“I’ll say it again, I’m not one of the Skywolf King’s men!”

Lin Ran looked at Black Mirror, his gaze flashing with battle intent dancing within.

“Humph! There is no point in saying more, I will kill you today!”

A cold glint flashed in the Snake King’s eyes as he waved his arm and a black spear appeared out of thin air.

This spear was huge, and the tip of the spear had barbs on it. If one was hooked by it, I was afraid that one’s body would be torn apart in an instant.

“Go!”

Black Jin's voice was icy cold as he flung his palm, and immediately the spear headed straight for Lin Ran, streaking through mid-air and even bringing up a sound of breaking wind.

"Ning!"

Lin Ran didn't dare to be reckless, although Black Jin wasn't like the Sky Wolf King who still engaged in sneak attacks.

However, the other party was, after all, one of the Kings of the Realm and was strong enough to rival the Sky Wolf King.

Naturally, Lin Ran would not be careless at this point.

With a shake of the Frost Condensation Sword in his hand, countless ice crystals instantly bloomed in front of him, condensing into several thick layers of ice crystals in the blink of an eye.

"A mere move, you still want to block me!"

The Snake King's eyes narrowed slightly, and the speed of his spear once again surged, reaching the ice crystal layer almost instantly.

"Shatter it for me!"

With a roar from the Snake King, a "bang" was heard.

In an instant, the spear had already penetrated the ice crystal layer, shattering countless Bijou into ice flowers flying in the sky.

But the spear did not stop, it came straight at Lin Ran's chest and stabbed him violently.

Lin Ran waved his Frost Condensation Sword and blocked it towards the spear.

At the same time, Lin Ran took several steps backwards.

Suddenly, he heard a "bang", and Lin Ran stomped his foot on the ground, and his body instantly came to a halt.

At the same time, the force of the spear had been largely defused.

"Go back!"

With Lin Ran's roar, the Condensed Frost Sword instantly smacked directly on top of the spear, and in an instant the spear actually flew backwards.

Seeing this, Snake King Black Jin waved his arm and directly took the spear into his hand once again.

Chapter 1357

"Hmph! A bit of strength, no wonder he was able to destroy the Yue family!"

Looking at Lin Ran, a cold intent danced in the eyes of the Snake King Black Jin.

"You're not bad either!"

Lin Ran looked at the Snake King with a bland expression.

Although he had just exchanged blows once, he could already feel it.

This Snake King Black Jin's moves belonged to the overbearing and rigid kind, much like his character.

This Zhong's opponent's attack was certainly strong, but as long as you found a good borrowing point and a point to defuse the force, it was actually very easy to defuse, but only if you could see the opponent's attack.

If not, you will be swept to death by the opponent's move. Then there is no way to talk about defusing it.

"You're fat and you're still panting, if that's the case then I'll send you on your way!"

The snake king said as his huge snake tail swung violently, followed by his entire body like a spring, heading straight for Lin Ran.

"Eh?"

Seeing how severe the Snake King's attack was this time, Lin Ran couldn't help but turn pale.

He hurriedly swung the Frost Condensation Sword in his hand and met it right towards the spear.

The Snake King's speed was extremely fast, even faster than the Sky Wolf King.

Lin Ran didn't dare to be the least bit careless, and his entire body's strength exploded out as the Frost Condensing Sword continuously clashed with the spear.

"Bang, bang, bang!"

The entire world around them was long gone, even Yue Bei Shan had been sneaked back and taken away by someone from the Yue family.

And at this moment to say where there were people, a few miles away, there were many people from Yue City from before, and they were all looking ahead excitedly at this moment.

There, it was Lin Ran and the Snake King who were fighting furiously.

"This Lin Ran is too strong, isn't he, he can actually fight with the Snake King!"

"Yes, I said that he didn't even bother to face Yue Xun's solicitation so long ago, so he has this strength!"

"Who says it's not? The Yue family was not wrongly destroyed!"

"You can't say that, after all, Yue Bei Shan of the Yue family survived, that kid is a total genius, give him some time, maybe he can really become a big problem in the future!"

"Then let's manage not to look for it, even if it's a scourge it's still looking for this Lin Ran, what does it have to do with us!"

The crowd gossiped about one thing or another, at this time a huge portion of their attention was still focused on the fight between Lin Ran and the Snake King Black Jin.

“This Yue family is really scheming, if Lin Ran hadn’t made too much of a fuss this time, I’m afraid we wouldn’t have known until we died that the Yue family actually had this kind of altar that could summon the Snake King directly!”

“Who says it isn’t!”

The crowd chattered.

At this moment, the fight between Lin Ran and the Snake King had reached a white-hot stage.

Although the Snake King’s attacks were fierce and powerful, Lin Ran was able to easily defuse them every time, and could easily dodge the occasional mistake.

For a while, he did not let the Snake King take advantage of him.

This result made Hei Jin’s face look a little ugly. He was the Snake King of the Southern Region, but he was actually beaten to a draw by a kid who appeared from nowhere.

If word of this got out, his own men would laugh at him, but I was afraid that his nemesis, the Sky Wolf King, would laugh at him to death.

Most importantly, if this made Lord Fey Demon doubt his strength, that was not what he wanted to see.

Lord Iso-Devil was coming out of the gate, and as the king of the domain where Lord Iso-Devil sat, it was a good time for them to step into the battlefield and build their career. If they let Lord Iso-Devil down at this time, then he, the Southern Snake King, would not have to do it.

“Humph! It’s time to end this!”

Snake King Black Jin’s eyes snapped cold as he followed his spear and instantly picked at Lin Ran.

Lin Ran saw the momentum and obediently blocked it, his entire body flying straight into the air.

“Now is the time!”

The Snake King’s eyes narrowed fiercely, followed by his huge snake tail, which fiercely swung towards Lin Ran in mid-air.

The spear could not attack Lin Ran, so at this moment, the Snake King also directly used his snake tail.

“Huh?”

In mid-air, Lin Ran was startled at the sight of this, so he lifted his Frost Condensation Sword and blocked it.

However, the huge snake tail was extremely fast, and almost the moment Lin Ran had placed the Frost Condensation Sword in position, it had already come running over with a sympathetic wind.

“Bang!”

With a loud bang, one could see that the Frost Condensation Sword in Lin Ran’s hand was instantly smashed into a ninety degree bow, but the tough sword body still did not break.

However, at this angle, the huge snake tail had already smashed into Lin Ran’s chest.

A mouthful of blood spurted out, and Lin Ran's entire body instantly flew out.

"Bang!"

With a muffled sound, Lin Ran's entire body smashed into the ground like a cannonball, smashing the ground into a deep crater and setting off a puff of smoke.

"Die!"

At the same time, Serpent King Black Jin had no intention of stopping, and with a shake of the spear in his hand, he instantly flung it towards the place where Lin Ran had fallen.

The spear passed through, causing a bursting sound, and in an instant, there was only a "bang", and it was already heavily stuck in the place where Lin Ran had fallen before.

"Collect!"

The Snake King retracted the spear with a wave of his palm, and when he turned his head to look at it, he saw that the spear was not even stained with blood.

"Hmm?"

Seeing this the Snake King Black Jin could not help but frown slightly.

"Snap! Snap! Snap!"

Suddenly a clapping sound rang out from the smoke and dust below.

"Scatter!"

With a wave of the Snake King's arm, the smoke and dust instantly dispersed, only to see Lin Ran actually climbing out of the deep pit below, clapping his hands to slap the dust off his body.

"You really have a hard life!"

Looking at Lin Ran, who was surprisingly fine, Snake King Black Jin couldn't help but blush.

"My life is indeed very hard, I don't know if your tail is hard or not!"

Lin Ran had madness in his eyes, just now the Snake King's tail had caught him off guard, fortunately he was strong enough, otherwise I'm afraid he would have really suffered at the hands of this guy just now.

"Tough or not, you'll know later!"

The Snake King's eyes were icy cold as he followed his entire body's breath, and in an instant, his huge snake tail actually slapped over towards Lin Ran again.

The sound was simply as loud as the tail's exit, shocking a hundred miles.

"Good timing!"

Lin Ran's eyes were frenzied as he saw this, and with an immediate flip of his palm, the dagger's broken tip had appeared out of thin air.

The broken tip glittered with a cold aura, and Lin Ran leapt out at the same time, facing the huge snake tail of the Snake King.

“Bang!”

The snake’s tail was so huge that a sweeping motion swept the entire Yue family’s mansion below into ashes.

Lin Ran also took advantage of this moment to leap straight across and onto the Snake King’s gigantic snake tail.

“Get me in!”

Lin Ran roared, and the dagger in his hand broke its tip and stabbed straight towards the snake’s tail.

However, the next moment, there was the sound of metal clanging in his ears, and when he looked at the broken tip of the dagger, it had failed to pierce the snake scales at all.

“What hard snake scales!”

Lin Ran saw this not only frowned, his own dagger broken tip is so sharp, but now is not able to break the snake king’s snake scales, how can this still fight! ”

“Humph! Ignorant little child, the old man’s snake scales each piece of hardness is comparable to Xuan Iron, you think you can hurt me!”

There was disdain in the eyes of the Snake King Black Kam.

“Let’s see if you can try!”

There was madness in Lin Ran’s eyes, following which he actually stuck the dagger directly into one of the snake scales, then he leapt with his body, grabbing the dagger with both hands, his whole body was carried through the air by the huge snake tail.

Chapter 1358

“Seeking death!”

When he saw Lin Ran’s move, the Snake King’s black brocade laughed, and his huge snake tail kept sweeping across a piece, wanting to slap Lin Ran to death alive.

However, Lin Ran was firmly gripping the dagger and not letting go, allowing his body to keep floating with the Snake King’s tail, using his own body weight to pluck the scales.

“Bang, bang, bang!”

The Snake King’s huge tail kept sweeping across one place after another, and several times in the process Lin Ran was almost hit by the Snake King’s huge tail.

But luckily, he was quick enough to dodge it all.

Seeing the anger in his eyes, the Snake King turned his body around and took Lin Ran straight to the sky.

Then he saw the Snake King's tail flicking violently, and actually brought Lin Ran straight towards the ground.

"Bang!"

As expected, as the Snake King's tail hit the ground heavily, the huge inertia threw Lin Ran off the tail instantly.

The dagger in his hand also fell off the Snake King's tail.

"Bastard!"

Just as Lin Ran was a little angry that he hadn't been able to break through the Snake King's defenses, suddenly he was the one who saw that the dagger had managed to bring down a scale on the broken tip only.

"It broke open?"

Seeing the scale, Lin Ran couldn't help but be pleased.

"Looks like your snake scales aren't indestructible!"

Lin Ran lifted the snake scale up and sneered at the Snake King.

"Hm?"

When the Snake King saw the scales, his face instantly changed, and his darkness burned with raging anger.

"Bastard!"

The Snake King roared in anger, followed by his huge snake tail smashing towards Lin Ran once more.

"Hmph, try it again!"

There was madness in Lin Ran's eyes, and immediately the dagger broke its tip and was directly put away, followed by a flip of his palm, but the Frost Condensing Sword was taken out again.

"Hmph! I thought you had some kind of treasure!"

The Snake King laughed disdainfully at this.

"Two of them will be enough to deal with you!"

Lin Ran laughed coldly as he leapt towards the Snake King's huge snake tail.

The snake's tail slapped violently, its tremendous force causing a sound of breaking wind.

Lin Ran, however, was not afraid at all. He dodged the snake's tail with his body and slashed at it with the Frost Sword in his hand.

Just as the sword was about to land on the snake's tail, Lin Ran's palm flipped over and the sword became a flat slash, slamming across the snake's tail.

The snake's tail was already fast, plus Lin Ran was slashing in the opposite direction.

Almost instantly, the Frost Condensation Sword got stuck in the snake's scales.

Then a series of "stabbing sounds" were heard.

A large portion of the scales were directly cut off by Lin Ran's Frost Condensing Sword.

"Bastard!"

Seeing this, the Snake King's face turned pale and he turned his body around and retracted his snake tail.

But at this moment, a large area on top of his snake tail was already devoid of scales and was bright red.

"Seeking death!"

The Snake King was completely furious, if he had some intention of playing slowly with Lin Ran before, but now he was completely furious.

"Give me death!"

The Snake King Black Jin roared, while three black lights burst out of his mouth, instantly running towards Lin Ran.

"What is it?"

Lin Ran's face was shocked as he hurriedly dodged.

However, the speed of those three black lights was so fast that they had reached Lin Ran in almost the blink of an eye.

And it was only at this point that Lin Ran could see clearly that the three black auras were actually three scales.

Only three pitch-black scales.

"Bang!"

One of them had already reached Lin Ran and instantly exploded violently.

The huge shockwave directly lifted Lin Ran right onto the ground, while a mouthful of blood directly spurted out.

The explosive power of this black scale was no less powerful than the self-detonation of a Dan Creation Realm powerhouse.

The most crucial thing was that the black scale was so fast that Lin Ran could not dodge in time.

"Go!"

Lin Ran's face changed greatly and he turned around and ran.

However, at this moment, the second black scale had already arrived in front of him.

Almost subconsciously, Lin Ran mobilised his True Qi to form a defence in front of him.

However, as the black scales exploded, the defensive layer was blown through almost instantly, and Lin Ran's entire body was even thrown towards the Snake King Black Jin class.

"Kid, dodge!"

Suddenly, the pillow's voice rang out.

However, by the time Lin Ran noticed the danger, it was too late, as the last black scale instantly exploded against his body.

The clothes on Lin Ran's body instantly turned to pieces, and the exposed skin was split open in countless gaps, blood already staining his entire body blood-red.

The heavy damage from these three scales made him suffer badly even at this moment.

But just at this moment, the Snake King Black Jin had moved.

Seeing Lin Ran flying backwards towards him, the Snake King Black Kam's huge snake tail swept straight towards Lin Ran.

"Give me death!"

"Bang!"

The Snake King's voice fell, and almost simultaneously the huge snake tail smashed directly onto Lin Ran, carrying him to the ground with it with a heavy slap.

"I'll see how much more you can resist!"

The snake king was undeterred, and his tail kept slapping down with a "thump, thump, thump" as if he wanted to smash Lin Ran into mush.

"Hm?"

But suddenly the Snake King was stunned as he noticed that Lin Ran below him had disappeared.

Soon, just as the Snake King was gathering Lin Ran to go there, suddenly a sharp pain came from his snake's tail.

Turning his head to look, the Snake King froze, Lin Ran was actually lying on his snake's tail again at some point, and by now a long sword had already pierced deep into the snake's tail.

And Lin Ran's hands were each holding a scale, he was actually plucking the snake king's scales with his bare hands.

"Bastard!"

The snake king instantly jumped out like a thunderstorm and whipped his tail in an attempt to throw Lin Ran out.

But at this moment, Lin Ran had already firmly grasped the Frost Condensation Sword, and as soon as he flung it, without the protection of the snake scales, the Frost Condensation Sword would continue to slice the wound under the effect of inertia.

It was so painful that the Snake King didn't even dare to make a move for a while.

"Is that all the strength you have? Haha! It's no more than that!"

Lin Ran was so covered in blood at this point that he could no longer tell whether it was his own or the Snake King's.

His hands violently pierced through the snake's tail and instantly grabbed an object in the snake king's tail.

The Snake King's face suddenly changed drastically, it was his snake tendon, if even the tendon was pulled out by Lin Ran, then he really wouldn't have any semblance of life left!

"Lin Ran!"

The Snake King was completely frantic, having fought Lin Ran to such an extent, he had long since understood that Lin Ran's strength was enough to rival his own, if he let it go, he would even fall into Lin Ran's hands.

"Bastard!"

The Snake King roared in anger and his entire body was filled with black light, instantly transforming into a giant black-scaled snake that was a hundred feet long.

This was none other than his original body, the Black Scaled Python!

"Holy shit!"

Lin Ran was also taken aback by this sudden change of events.

But before he could react, the huge snake's mouth had already swallowed towards him.

The sky around him instantly darkened, and Lin Ran was actually swallowed by the snake king himself.

Seeing this scene, the onlookers three or four miles away were instantly frozen.

In particular, some of those who were watching in awe couldn't help but slap their thighs straight.

"It's over now! That kid was actually swallowed by the snake king!"

"Isn't that so? That's the Snake King, I'm afraid this kid won't live past three minutes past noon!"

"Oh no! What a pity! A genius has fallen like that!"

The crowd was chattering.

Chapter 1359

"Scuff."

In the darkness, a beam of light suddenly lit up, and it was Lin Ran who made it out.

He looked around, and only then did he see everything around him clearly.

"This snake king is really fucking dirty!"

Lin Ran couldn't help but curse.

At this moment, the entire body of the snake was filled with slime, and there were even many indescribable things wrapped in some of the slime.

It was so disgusting for Lin Ran that he almost didn't kill himself.

"Master come in!"

Suddenly, Qing Zi spoke up.

"What's wrong?"

Lin Ran asked busily, although this place was disgusting, it wasn't like he couldn't stand it.

"The snake king swallowed you, there will definitely be venom coming over later, and I'm afraid this snake king's venom won't be too weak, so you might as well hide in!"

Qing Zi explained.

"Good!"

Lin Ran heard this without any nonsense and immediately dived into the Qiankun Violet Qi Bottle.

"You're not afraid of poison in this bottle?"

Lin Ran asked curiously as he stood at the mouth of the bottle.

"Not afraid, not to mention venom, even poison is not afraid!"

Qing Zi laughed.

"How could she be afraid, she is a divine weapon, something that was naturally bred in heaven and earth, there are very few things that can hurt her!"

Pillow Talk spoke up.

"Don't be so shady where you are, rogue book!"

Qing Zi retorted.

The Pillow Book was too angry to bother continuing to talk to her, and turned to Lin Ran.

"Kid, are you not going to make a home in the belly of this snake king?"

"I'm not just thinking of a way to get out!"

Lin Ran said helplessly.

The flesh wall inside this Snake King was simply harder than the outside, he had just tried slashing with his Frost Condensation Sword and one or two swords could not even reach it.

"Or else, I'll go to the snake's tail? His snake tail is injured, so there must be a way out!"

Lin Ran said.

“Good!”

Qing Zi immediately nodded and followed before controlling the Qiankun Violet Qi Vial and heading straight for the snake’s tail.

And at that moment, the snake king revealed its true form, its huge snake body coiled together as it continuously licked the wound on its own tail.

“This kid didn’t move once I swallowed him, is it hard to say that he’s dead?”

The Snake King had some doubts in his heart, but there were no less than dozens of enemies swallowed by him over the ages, and he didn’t just live on, who let his original body be the Black Scaled Python.

This kind of cultivator whose original body was a beast, revealing his original body to devour everything, this kind of ability was incomparable to any human cultivator.

The snake king was uneasy, when Xi still mobilized his venom to flow through his body, but he still found no sign of Lin Ran.

Where did he know that Lin Ran was at this moment scrambling in the Qiankun Purple Qi Vase, floating freely along the venom towards where the snake’s tail was.

“If this snake king knew that he had given us a ride with this venom as if it was water, I’m afraid he would die of anger!”

Qing Zi laughed.

The pillow book smiled but said disdainfully.

“Only this kid can do such a stupid thing, if it was placed on the Immortal Emperor surely he would have just killed it out.”

“You don’t need to talk about the previous emperor, the immortal emperor is so powerful now is not still”

Qing Zi did not say any further.

The pillow book also could not help but sigh at his words.

“Stop arguing for a moment guys, what is that thing?”

Suddenly, Lin Ran asked, pointing at a clump of things on the snake wall.

Qing Zi and Pillow Book were busy looking over, and they couldn’t help but be stunned.

They saw that on the fleshy wall of the snake king’s abdomen, there was actually a red patch the size of a human head.

This patch was embedded in the flesh wall and did not move, just like a red stone.

However, the three of them could clearly see that there was a thin, fiery red line inside the red stone.

“What is that thing?”

Qing Zi also wondered, and immediately manipulated the Qiankun Purple Qi Vial to come closer.

Only when they got close did the three of them see clearly that it was clearly a red patch, but inside the patch was a very small snake coiled up here.

This little snake was so small that it didn't even have a snake skin, and its whole body was red, so it was in the form of a snake egg.

"Could this snake be the child of the snake king?"

Even Lin Ran didn't believe himself when he said that, if it was true, wouldn't that mean that the Snake King was a female snake?

But just now Lin Ran clearly saw that the snake king was a male!

"No, this snake should not be the snake king's egg!"

Suddenly the pillow book spoke up.

"How so?"

Lin Ran asked busily.

"Look, the plaque wrapped around this snake is separate from the flesh wall, it's just stuck here, which means it wasn't connected to the flesh of the snake king, it should have been swallowed in by the snake king later!"

Lin Ran smiled at this and was busy dropping his head to look at it, indeed hair down you have the plaque and the snake king itself not linked to anything.

"That's strange, what the hell is this thing?"

Lin Ran asked with a frown.

"Rascal Book, do you remember a snake that has no origin!"

Suddenly, Qing Zi spoke up and asked.

"A snake with no origin? You mean the triangular snake?"

Pillow Book was stunned.

"Right! It's the three-cornered snake!"

Qing Zi said.

"What triangular snake?"

Lin Ran was stunned to hear this, not understanding what kind of snake the Triangular Snake was, was it related to the Three-Headed Snake?

"Master? You don't know, this triangular snake is also known as the Triangular Electric Snake, this snake can only be found in the Immortal Realm!"

Qing Zi was busy explaining.

It turned out that the Triangular Electric Snake was a more uniform name, this Triangular Electric Snake was very mysterious, very few people had seen it, let alone wanting to possess it, there were no more than five great powers in the entire Immortal Realm who possessed the Triangular Electric Snake.

The Immortal Emperor would not have a Triangular Electric Snake, and this alone would show how precious it was.

“This Triangular Electric Snake is born with the ability to travel through the void, there is no place it cannot go in the Immortal World, and of course it cannot run from one world to another!”

“But in this one place, the Immortal World, it can enter many places that others cannot go!”

“Even because it controls the ability to travel through the void, the snake eggs of this triangular snake are almost never found by anyone!”

Qing Zi said.

The Pillow Book nodded at his words.

“That’s right, of the five great powers in the Immortal Realm who possess the Triangular Electric Snake, four of them all accidentally found this snake’s eggs when they were young and adventurous, and later nurtured and hatched them with care, and have been rocketing ever since!”

“Only the other one saved the life of that triangular electric snake, and the latter has followed him ever since!”

“There’s still this!”

Lin Ran was startled in his heart.

“That’s right, this triangular electric snake is very powerful, with its help, those great powers back then were often able to obtain more heaven and earth treasures and exotic treasures, because where others couldn’t go, the triangular electric snake could go, so that’s how powerful they were!”

The pillow nodded.

“So what you guys are saying is that this snake is most likely the egg of the Triangular Electric Snake?”

Lin Ran asked busily.

“Most likely!”

The Pillow Book nodded.

“If a great power with a Triangular Electric Snake had arrived during the Breaking War back then, it wasn’t impossible that the Triangular Electric Snake would have found a hidden place to leave its eggs behind, knowing that it was bound to die, and this Black Scaled Python would have been a good choice back then!”

Qing Zi also analysed.

Lin Ran, however, was so excited to hear this that he immediately said.

“Since it’s such a good thing, let’s take it first, maybe we’ll have to rely on it to leave this Fey Demon Domain in the future!”

“Mm!”

The two of them also nodded, if they could hatch the Triangular Electric Snake in the Fey Demon Domain, it would indeed be the safest to let it find its way out when the time came.

Chapter 1360

As soon as he said he would, Lin Ran snapped off the triangular snake egg and tossed it to Pillow Book, telling him to put it into the small world to nurture it.

However, just as Lin Ran was about to leave with the triangular snake egg, he suddenly saw that a bright red piece of something had been revealed at the spot where the snake egg had been set before.

The object looked surprisingly like a stone as well.

“Holy shit! There can’t be two triangular snake eggs here!”

Lin Ran was shocked and immediately took out his dagger and picked away the fleshy wall around the stone, but just then, the originally calm snake king’s body trembled violently, followed by the snake king’s voice.

“Lin Ran! You are indeed still alive!”

“Old Snake King, you’re all right! How could your grandfather die!”

Lin Ran laughed aloud.

“You! Come out if you dare, we’re fighting!”

The Snake King said angrily, but there was some scorn in his voice.

“Get out? You’re the one who let me in, but you’re the one who let me out, you think I’m a horse and cart! You think I’m a carriage? You can come and go as you please! I really won’t go out!”

Lin Ran sneered, but in his heart, he was quickly analyzing what the Snake King was afraid of.

Suddenly, Lin Ran’s gaze stared and landed on the bright red stone.

The stone was set inside the fleshy wall of the snake’s body, and the whole picture could not be seen, but it seemed that just now it was because he had moved it? that the snake king reacted so dramatically!

“Could this thing be the inner guts of the snake king?”

Lin Ran’s heart was shocked, and he immediately copied his dagger and cleared out the fleshy wall around the stone in three strokes.

A round stone the size of a man’s head appeared in front of him, what else could it be if it wasn’t the Snake King’s inner urchin.

“Holy shit! If you give him this Snake King’s lining, he won’t survive even if he has ten lives!”

The pillow book laughed.

“Master, don’t listen to him, this Snake King’s inner elixir is his entire strength, if he explodes himself, you will also be killed!”

Qing Zi, on the other hand, was busy speaking up.

“Mhmm!”

Lin Ran nodded his head!

Indeed, if a peak Dan Creation Realm Snake King with the same strength as himself were to explode himself, his power would be enough to grind down all living creatures in a few hundred miles.

Not to mention the fact that he was inside the Snake King’s body, face to face with the inner guts.

If the inner bile blew itself up, I’m afraid Lin Ran would not be able to survive even if he had nine lives.

“That would be difficult!”

Lin Ran pressed in his mind how he could take care of the big trouble that was the Snake King.

If he went straight out regardless of his inner guts, he would inevitably have a big battle with the Snake King.

He didn’t know who would win or lose, but he didn’t even know when the war would end, and since Long Ya’s time was not waiting for anyone, he had to get to Dragon City as soon as possible.

But if he didn’t go out, if he pushed the Snake King too far, he would have to be finished with the jade and stone.

As he was thinking about it, Lin Ran suddenly had a flash of light and remembered the triangular electric snake he had just seen!

“Can that triangular electric snake take us through the void and leave now?”

“Huh?”

The two of them were stunned at the words of the pillow book.

“What are you thinking, it hasn’t even been born yet!”

Pillow Book said without good grace.

“Then there’s nothing we can do about it!”

Lin Ran was a little helpless.

“But I have a way, as long as you can break through an opening, I can instantly get you out of this snake king’s body, but only for a few hundred metres!”

The pillow said.

“A few hundred metres?”

Lin Ran frowned slightly at his words, but he soon made up his mind.

“Then let’s do him, if we can get rid of the Snake King, it will be a good thing for the Mysterious Alliance in the future!”

Lin Ran said.

“But master, it’s only a hundred metres away once the inner guts explode themselves, you’ll still get hurt!”

Qing Zi said.

Lin Ran, however, smiled blandly.

“You also said it was only an injury, as long as you don’t die! It’s a profit compared to even killing the Snake King!”

There was madness in Lin Ran’s eyes.

When Qing Zi saw this and tried to persuade him, Lin Ran had already taken out his dagger and stabbed it directly towards the Snake King’s inner guts with a “bang”.

“Clang!”

The Snake King’s inner lining was extremely strong, so the dagger only left a small white spot, but the Snake King was completely unimpressed.

“Lin Ran, stop! Let’s talk properly, don’t touch my inner guts!”

“Talk nicely? Just now when you hit me with your tail, you didn’t mean to say anything properly!”

Lin Ran laughed, he certainly wasn’t going to get himself into trouble now, but he was going to make the Snake King compromise himself.

“What do you really want? I can let you out and let you go! Will you stop looking for death! Once my inner guts explode themselves, you won’t have a chance to live either!”

The Snake King threatened.

“You’re scaring me? I came to your Snake King domain alone and I have no intention of going back, and I’m not afraid to tell you when you’re here that I’m the Sky Wolf King’s man!”

Lin Ran laughed.

“You What the hell do you want!”

The Snake King was so angry that his face turned blue as he questioned.

“It’s simple! Swear on your life that you are not prepared to make a move against me in a hundred years, and I will not move your inner guts!”

Lin Ran laughed.

“Fine! I promise you, I promise you!”

The Snake King was truly scared, his inner guts were all he had, if they were all gone, then he would only have a way to die.

At that moment, the Snake King made a blood oath.

“You can come out now!”

The Serpent King said in a cold voice.

“Yes, you can, make an opening yourself where I’m standing!”

Lin Ran laughed.

“You!”

The Snake King was instantly furious, his face turning blue.

“Isn’t there a wound on my tail, I’ve already made a blood oath, what more do you want!”

The Snake King said angrily.

“It’s called double insurance!”

Lin Ran laughed.

“You!”

The Snake King was simply furious, but at this moment, Lin Ran was standing right next to his inner guts, so he had to agree to it even if he didn’t.

At that moment, he could only grit his teeth and make another slit in his abdomen.

Seeing the bright light of the night shining in, Lin Ran was relieved to know that his chance had come!

“Prepare to strike!”

Lin Ran rushed to the pillow book, and at the same time condensed half of his true qi within himself, forming a milky white ball of light and placing it next to the Snake King’s inner guts.

Once this ball of light, which was half of his true qi, exploded, it would definitely detonate the inner lining of the Snake King.

“You still don’t come out!”

The Snake King was furious.

“It’ll come out!”

Lin Ran laughed.

At the same time, a wisp of golden light instantly wrapped him up, followed by a stream of light that rushed out towards the outside.

“Bastard! Go to hell!”

When he saw Lin Ran come out, the Snake King really didn't make a move, but a large formation had already risen out of thin air and enveloped Lin Ran.

"Humph! I knew you would come up with this move! You too, go to hell!"

A cold glint flashed in Lin Ran's eyes as he followed with a snap of his fingers.

All that could be heard was a "click", and the Snake King's entire body froze.

At this moment, he felt something explode inside him, followed by an even louder "bang".

The Snake King's entire body was swallowed up by a red light.

The red light quickly rose and swept Lin Ran into it, followed by the formation set up by the Snake King.

This formation had just enveloped Lin Ran, and before it could explode with power, it was instantly swept into slag by the red light.

"Boom!"

The red light erupted, sweeping around for hundreds of miles, and everywhere it passed, the trees and grass all turned to ashes, devoid of life.

At this moment, three or four miles away, those people who were still watching the action were all scared to death and immediately fell to the ground, each using their own means to save their lives.

At this moment, everything around them was destroyed and there was dead silence.
