

Wonder Doctor

Chapter 1361

The most central place in the Fey Demon Domain is Fey Demon City, which is actually a huge military fortress.

It is a place where over a million people are stationed.

It has five sections, including the main city, which is where the Devil Lord is located and where ordinary people and cultivators live.

It is surrounded by the military garrison, which is divided into four satellite cities stationed around the city.

The generals of these four satellite cities were each no less powerful than the King of the Realm, and they had the honour of being stationed around the city because they were trusted by the Lord of the Other Demons.

“Weng!”

Suddenly, a ripple appeared out of thin air above the City of Other Demons, and the ripple was as large as if an air lotus flower was blooming in the sky.

It was invisible and colourless, but it shook everyone.

“Whoosh, whoosh, whoosh!”

Soon, a light rose from each of the four satellite cities surrounding the Other Demon City, and it was the four generals of the Other Demon sitting in the sky.

“What’s going on?”

One of the tiger-headed generals who arrived first spoke up and asked.

“The fluctuation just now seems to be a summons from Lord Iso-Devil!”

A voice rang out, and the Ghost King General who arrived afterwards said in a low voice.

“Tiger Head, Old Ghost you felt it too!”

Soon the other two also rushed over, one of them looked like an old man and the other was a monkey with a sharp beak, but in fact it was still an ape.

These four men were the four generals of the foreign devil.

“The old devil said it was Lord Iso-Devil who was greeting, let’s wait and see!”

General Tiger Head spoke up.

The other three were stunned at the words, Lord Iso-Devil was calling?

“Could it be that Lord Other Demon is coming out of the gate?”

The three of them speculated, and at that moment, they heard a “weng” sound, and instantly the four of them were surrounded by silence.

A light descended from the sky and enveloped the four of them, and soon a black shadow appeared out of thin air.

The shadow had only the upper half of its body, and it was impossible to see its face clearly, only a faint outline suspended in mid-air.

When the four generals saw this scene, their faces changed and they instantly knelt down and submitted.

“Lord Alien Demon!”

“Lord Alien Demon!”

The four of them shouted at the same time.

The black-robed man was not speaking this time, and the pair of pupils hidden under his black robe emitted an eerie red light.

“Tiger Head! Ghost King!”

Suddenly, the black-robed man spoke.

“My subordinates are here!”

The two men saluted respectfully.

“The Southern Border’s Snake King has been killed, you two go and inform the nearest Sky Wolf and Sky Crocodile, tell them both to make a trip and they must bring the murderer back to me!”

The black robe’s voice was icy cold.

The four generals were stunned to hear that the Snake King of the Southern Border had actually been killed.

They had to know that the four of them were the strongest existences apart from Lord Fey Demon, and although the Snake King of the Southern Border and the Sky Wolf King were a bit inferior to themselves in status.

But their strength was not much different from theirs, and now Lord Alien Demon actually said that the Snake King had died.

This was absolutely shocking news to them. A person who could kill the Southern Snake King was already strong enough to threaten their safety.

However, in the face of Lord Iso-Devil’s order, they did not dare to disobey, and immediately the two nodded in response.

“Yes, Lord Iso-Devil!”

“I’ll have the opportunity to come out in the near future, so don’t let me down!”

Lord Other Demon said one last sentence, before his mid-air form disappeared in an instant with a flash.

An hour later, the Heavenly Wolf King, who was far away in the Northern Domain, and the Heavenly Crocodile King in the Western Zephyr received the notification.

The Heavenly Crocodile King was fine, after all, he had never heard of Lin Ran's name before.

As for the Sky Wolf King, when he heard the name, instantly his face went white.

"When did this Lin Ran run to the southern border, wasn't he in the Weak Water Stream!"

There was anger in the Sky Wolf King's eyes, although Lin Ran killing the Snake King could be said to have helped him get rid of a deadly enemy.

But when he thought of Lin Ran's strength today, he felt his heart tremble. Back then, when Lin Ran had just entered the Fey Demon Domain, he was still able to fight with him.

But what about now? It had only been a short while, and this kid had already killed the Snake King.

In fact, he didn't know that if he hadn't sneaked up on Lin Ran both times, I'm afraid he would have died under Lin Ran's sword long ago.

"Then, my lord? Are we still going to the southern border?"

The Heavenly Wolf King's disciple busily asked.

"Nonsense! Who dares to disobey Lord Fey Demon's words! But this time, with the Heavenly Crocodile King along, there is no fear!"

The Sky Wolf King said blandly.

"Go! Tell all those who are guarding the Weak Water Stream to come back, pack up and follow me to the southern border, if they are no longer in the Weak Water Stream, what's the point of guarding it!"

"Yes!"

His men hurriedly went to make arrangements at the word of his men.

.....

But on the other hand, because of the death of the Southern Snake King, the whole Southern Border was in shock.

And the name Lin Ran was also considered to have spread completely in the southern border, and many many people knew about Lin Ran.

But while his name was known, Lin Ran was unaware of it.

Because at this moment, he was lying inside a carriage.

"What are you saying? You're the one who made me appear here?"

Lin Ran had just woken up when he saw Qing Zi and the pillow book in his mind giggling at him.

The previous confrontation with the Snake King had left him severely injured, and until now his divine sense had only just awakened.

“That’s right, you were shaken to death by the Snake King’s explosion, Master Shu I was afraid you would die, it just so happened that this carriage team happened to be passing by, so I got you here!”

“Not bad, the people in this carriage team were quite kind, otherwise they wouldn’t have been able to settle you here and give you medicine on you!”

The pillory said.

“How is my body?”

Lin Ran asked busily he had woken up and appeared here without even having the time to check on his body.

“Take a look for yourself!”

Pillow Book’s palm snapped and at once Lin Ran’s divine sense left his mind and quickly returned to his body.

He roughly took a glance at it, under the effect of the Red Flame Golden Pill, his flesh had basically recovered, there were only some superficial injuries still present, but his internal injuries were still there, the power of the Snake King’s final self-destruction earlier was just too great.

The meridians in his body were still somewhat disordered at this point, and his strength was probably only about seven layers of his usual level.

“Ai! I can’t help it, I can only recover slowly!”

As he was thinking in his mind, suddenly Lin Ran’s ears were filled with a woman’s voice.

“Miss, just leave him alone, you’re in trouble on your own now, what’s the point of taking care of him so much!”

Listening to this voice, Lin Ran only noticed that someone seemed to be wiping his wounds, and his body was cool and very comfortable.

“Xiao Lan, don’t say that, it’s not easy for him either, he doesn’t know how he ended up on this mountain, if we don’t care either, he’ll surely be dead!”

The other woman spoke, her voice was so nice that it made Lin Ran’s ears light up.

“Miss! You yourself are about to be given .... by the Dragon Family! How can you still care about others!”

The woman who spoke before spoke again.

“Xiao Lan, stop it!”

The woman spoke, with helplessness in her words.

And just as the two were speaking, Lin Ran had opened his eyes, and he looked at the two and smiled awkwardly.

“That interruption, the Dragon Family you guys are talking about, is it the Dragon Family in Dragon City?”

Chapter 1362

“Ah!”

Both of them were startled, and the maid named Xiaolan even shouted subconsciously.

“When did you wake up!”

Fang Tang looked at the two with some embarrassment.

“I just woke up!”

“Liar, how did you know we were talking when you just woke up!”

Xiao Lan said angrily.

The small woman at the side was however busy stopping her.

“Gongzi, are you alright? The Dragon Family we are talking about is the Dragon Family of Dragon City!”

The woman laughed.

“Great!”

Lin Ran smiled but was exceptionally excited, originally thinking that the Snake King’s self-explosion hadn’t known where it had collapsed him to, but now it seemed that it had accidentally gotten him to a place not far from Dragon City.

“By the way, are we on our way to Dragon City now?”

Lin Ran busily quizzed.

“Mmm!”

The woman’s face looked a little sad as she nodded her head and nodded.

“You wouldn’t be from the Dragon Family, would you!”

To the side, Xiao Lan was busy asking.

“No, I called Lin Ran to go to Dragon City for some things, what are your names? Why do you seem a little unhappy when the Dragon Family is mentioned?”

Lin Ran asked in wonder.

“No .... It’s alright!”

The woman’s face was a little ugly and she didn’t seem to want to talk about it.

“Miss, what else can’t you say at this point, it’s rare to run into someone who isn’t from the Dragon Family!”

Xiao Lan was furious and said at once.

“This is my lady Wenya! But soon she will be someone else’s maid!”

Xiaolan said with tears in her eyes.

“Miss Wenya, why is this?”

Lin Ran asked, puzzled.

“Because Miss she .....”

Xiao Lan was already sobbing a little at this point.

On the side, Wen Ya, however, smiled lightly, and Lin Ran could clearly feel that there was bitterness in her eyes.

“Because this is my life!”

“Can you be specific?”

Lin Ran suddenly became interested, since he was already on his way to the Dragon Family at this point, and this matter was related to the Dragon Family, he also wanted to learn more about the Dragon Family.

“This matter still has to start a few days ago!”

Wen Ya said and opened up the conversation.

It turned out that Wen Ya was a young lady from a big family in a town near Longcheng.

Wen Ya’s family’s condition was not bad, so she was also pampered and spoiled since she was young, but she was very virtuous and naturally did not cause any trouble for her family.

Later on, Wenya met a local boy when she went out once, and they had a pretty good relationship.

But three days ago, one of the gentry of the Long family went to the town, not knowing what he was looking for, and happened to bump into Wenya and the young man.

When he saw that Wenya was pretty, he became lustful and eventually rewarded the young man and stole her away.

When Long Ya’s father learnt of the situation and brought his men to the scene, he ended up being injured too!

“Their Long family is a big family, we ordinary people simply can’t fight him, so .....”

Wenya said here, and there were tears in her eyes.

“What’s abominable is that the young master of that Long family even threatened our young lady that if she didn’t go to the Long family, she would have to kill both the master and the madam!”

“And what did this maid say?”

Lin Ran asked with a frown.

He had just heard clearly that Xiao Lan had said that Wen Ya had been taken as a maid.

“That young master saw that my young lady was disobedient, so he made her go and work as a maid to serve him every day!”

Xiaolan said.

“Who is that man?”

Lin Ran asked curiously.

“The third young master of the Dragon Family, Long Xuan!”

Xiaolan said.

“Long Xuan?”

Lin Ran smiled and secretly took it to heart, ready to turn around and take this revenge on Wen Ya.

“The heavens are really not open, Miss, you heard it just now, those people outside said that even the Southern Snake King had been killed, how come no one has come to destroy this Long Family!”

Xiaolan complained.

“Xiaolan don’t talk nonsense! If this is heard, it’s going to fall off your head!”

Wen Ya was busy stopping Xiao Lan.

“I’m telling the truth!”

Xiaolan said unconvincingly.

“Besides, if you lose your head, you can lose your head, the lady is like this, and Xiaolan doesn’t want to live!”

Ran said as her eyes reddened again.

“What don’t you want to live, you have to live well, the Long family will inevitably have someone come to collect them for their many acts of injustice!”

Wenya said.

“Miss, don’t comfort me, I should be the one comforting you right now!”

Tears continued to flow in Xiao Lan’s eyes.

Lin Ran saw this and sighed helplessly as he spoke.

“How far is this place from Dragon City?”

“It’s almost there!”

Wen Ya said, with determination in her eyes, as if she had already made up her mind.

Lin Ran lifted the window next to the carriage and glanced out, only to see that less than a kilometre ahead? There was a huge city that was even more majestic than Yue City in its magnificence.

“Looks like we’ve arrived!”

A hint of excitement flashed across Lin Ran’s eyes, Long Ya was saved!

At that moment, he got up and prepared to go out.

“Hey! Where are you going! Wait until you get to the city before you go down!”

Wen Ya saw this and busily said.

“No need!”

Lin Ran smiled lightly and followed.

“You guys shouldn’t go into the city either!”

“Why?”

Wen Ya was puzzled and looked at Lin Ran with a bewildered expression.

Lin Ran, however, gave a smile and said.

“Because the heavens have opened their eyes!”

After saying that, Fang Tang had already jumped off the carriage and had disappeared with a flash of his body.

“Hey!”

Wen Ya still wanted to say something else, but at this moment, Lin Ran had already run away to nowhere.

“Miss, where did he go?”

Xiao Lan was also taken aback and asked.

Wen Ya shook her head.

“I don’t know, what did he mean by the heavens having opened their eyes?”

Just as Wen Ya was pondering in her mind about the words Lin Ran had left behind.

Suddenly Xiao Lan next to her was the one who exclaimed out.

“Ai hey! Miss, look, what’s that!”

“What?”

Wen Ya was unsure and looked over at the position Xiao Lan pointed to.

Only to see that at this moment, a white light had actually appeared in the sky at some point.

This light was like a shooting star and it was extremely fast!

As the two saw it, it was already smashing directly towards the gates of Dragon City from afar.

“There’s an enemy! Quickly ....”

Sending down that the situation was not right, the Dragon Family guards on Dragon City immediately spoke up.

However, before they could finish a sentence, the white light had already arrived with a bang.

“Bang!”

There was a loud sound, and instantly the gates of Dragon City were split to pieces in an instant.

At the same time, a voice rang out loudly.

“Inside Dragon City! Those who are not from the Dragon Family leave quickly, or else they will die with the Dragon Family!”

“Weng!”

The voice rang out loudly in the ears of the crowd.

Following this, many ordinary people began to rush out from within the city, jokingly breaking the gates of Dragon City with a single sword, they did not dare to doubt the truth of Lin Ran’s words in the slightest at this point.

“Miss this voice!”

Inside the carriage, Xiao Lan and Wen Lan were frozen, wasn’t this voice that of the boy who was still in their carriage just now!

They were sure they definitely did not hear it wrong.

“Miss?”

Seeing Wen Ya frozen in place, Xiao Lan was busy nudging her.

Wenya came back to her senses, with excitement in her eyes.

“Xiaolan, he’s right the gods have opened their eyes!”

“Huh?”

Xiaolan was stunned, not understanding what it meant.

Wenya, however, had already seen it.

“Have you forgotten that? Last night the Snake King, Black Kam, died? Today he came to cause trouble within Dragon City, and that Lin Ran is obviously the one who beheaded Black Jin last night!”

“Miss, how do you know that?”

Xiao Lan was puzzled.

Wen Ya, however, laughed and said.

“It was you who said that last night’s death of Black Jin was the God’s eyes opening, and he just said before he left that it was also the God’s eyes opening already, so this is obviously him!”

Chapter 1363

The entire Dragon City was thrown into chaos.

Luckily, this situation was quickly stopped by the people of the Dragon Family.

Lin Ran, who was standing on the city wall, was looking far ahead as several figures were rushing in from afar.

The leader of the group was wearing a magnificent robe with a huge “Dragon” embroidered on it, showing his identity.

On either side of him were a young man and a middle-aged man.

The youth was also wearing the same robe as the leader, and should also be a member of the Dragon family.

The other middle-aged man was wearing armour, and seemed to be a guard of the Long family.

“Where did the little boy come from,? How dare you trespass on my Dragon City!”

The man had not yet arrived, but his voice was already coming out loudly.

“Naturally, it’s your grandfather from the Dragon Family!”

Lin Ran sneered.

“Bastard!”

The three men quickly arrived close, and the middle-aged man leading them looked at Lin Ran with cold eyes.

“Who are you?”

The middle-aged man opened his mouth and questioned.

“Lin Ran!”

Lin Ran said indifferently.

“Hm?”

Hearing that name, all three of them froze, and even the people within Dragon City below were cold.

The name Lin Ran was nothing short of legendary to them.

After all, to be able to kill the Southern Snake King, this strength was no longer something they could comprehend.

But at this moment, this kid in the sky actually said that he was called Lin Ran.

“Father! He’s Lin Ran? The one who killed the Snake King?”

The youth in the robe was busy asking, he was really the young grandson of the Long Family, the heir to the next Long Family head, Long Mingshan!

“Not sure yet, but I don’t think so!”

Long Ling spoke up, he was then none other than the current head of the Long Family.

“Family Head, this kid definitely can’t be the same Lin Ran who killed the Snake King last night!”

Long Gui, who was wearing armour at the side, spoke up.

“O? You’re quite sure?”

Long Ling opened his mouth and asked.

“You’re thinking, Family Head, what kind of strength is the Southern Border Snake King, even the Northern Domain’s Sky Wolf King couldn’t get halfway in his hands, let alone this kid, I think his strength is at most at the early stage of the Dan Making Scripture!”

Long Gui said.

Long Ling nodded his head at his words.

Indeed, the current Lin Ran’s apparently revealed strength was indeed only at the pre-Dan Creation realm.

It wasn’t that he could hide it, but after the battle with the Snake King, the injuries in his body hadn’t even fully healed now, and his strength had naturally declined.

“Uncle Long Gui has a point, Father this kid has destroyed our city gate, if we don’t capture him, how can our Long Family still gain a foothold in this Southern Domain!”

On the side, Long Mingshan stood out directly.

“Father, let me go and capture him in an instant!”

“No, family head! The opponent’s strength has not been fought yet can’t let young master go, it’s better for me to go!”

On the side, Long Gui was busy speaking.

At this moment, Lin Ran in front of him was looking a little impatient.

“You three, have you finished muttering and discussing!”

“Do you want me to go round to your homes first and come back and you guys can tell me the result of the discussion?”

Lin Ran looked at the three, with disdain in his eyes.

“Kid! You dare to trespass into our Dragon City, aren’t you afraid of the wrath of our Dragon Family!”

The Dragon Order looked at Lin Ran with anger in his eyes.

“The Dragon Family’s wrath? What is that, can you eat it?”

Lin Ran had a smile in his eyes.

“Humph! Seek death!”

The dragon order had rising anger in its heart at the sight.

“Long Gui!”

“Family Head!”

Long Gui immediately stepped forward.

“Go and kill him! Let him understand that my Long Family is not something that any cat or dog can mess with!”

Long Ling scolded.

“Yes!”

There was a cold aura in Long Gui’s eyes at his words.

However, just at this moment, Lin Ran on one side suddenly spoke.

“Is there no one left in your Dragon Family? Why did you find a kingpin to fight me?”

“Who are you talking about! My name is Long Gui!”

The armour-clad Long Gui on the side burst out in anger.

“Huh?”

Lin Ran was stunned, and was busy laughing.

“Sorry sorry sorry! I thought Long Gui was talking about Wang Ba, but I didn’t realize that Long Gui was you!”

“You!”

Long Gui was so furious that his face turned blue, and instantly his palm flipped over, and a large, cold, manly sword was already in his hand.

“Sharp teeth, I’d like to see if your hand is just like your mouth!”

Long Gui’s eyes were icy cold as he copied the greatsword and lunged towards Lin Ran to kill him.

And at this moment, below, the crowd once again exploded, some ordinary people quickly left Dragon City for fear of spilling over to themselves.

Some cultivators, on the other hand, chose to run to the side to watch the battle, after all, it was the first time they had seen someone dare to come to Dragon City to provoke the Dragon Family in all these years.

Especially when they heard that this person was also called Lin Ran, they couldn’t help but have a hint of curiosity rise up in their hearts.

This Lin Ran! Was he the same person as the Lin Ran who had killed the Snake King last night or not?

Above, Lin Ran stood still and looked at the incoming Long Gui, his eyes unusually calm.

After the battle with the Snake King, these people from the Dragon Family in front of him at this moment, he really didn't put them in his eyes.

"Humph! Seek death!"

Long Gui's eyes were icy cold, and with a flash of his greatsword in his hand, an aura with a monstrous aura immediately came straight at Lin Tian.

Being able to be the Grand Commander of the Dragon Family, Long Gui's strength was naturally not weak, and had now reached the early stage of the Dan Creation Realm.

At this moment, his slash came with confidence.

However, in the face of his attack, Lin Ran just stood in place without dodging.

"Die!"

There was a cold aura in Long Gui's eyes, and as he spoke, the large, cold blade in his hand had already reached Lin Ran.

At this moment, the people below were also watching nervously.

And just before his greatsword fell, Lin Ran suddenly raised his arm and instantly blocked his palm in front of the greatsword.

"Bang!"

Only a muffled sound was heard, and in an instant Long Gui's greatsword actually came to a steady stop, not being able to refine it by a single cent.

"How is it possible!"

Seeing this scene, not only Long Gui, but even Long Ling and Long Minshan at the back could not help but be shocked in their hearts.

The crowd of onlookers below were even more nervous and all broke out in a cold sweat.

Although he was not the strongest, he was the spokesman of the Long Gui family, but he was the one who took care of all the big and small matters of the Long family, so his reputation was even higher than that of the Long Ling in this area.

Although the crowd knew that the Dragon Order was definitely stronger, hearing the name was still the bigger shock caused by Dragon Over.

But Long Gui, who was usually famous, had his slash caught easily by this youth in front of him at this moment, without even touching the blade with his hand.

"How can you be so strong!"

Long Gui was holding the greatsword at this moment, and the dare in his heart naturally touched him even more. The moment the greatsword stopped just now, the force that was transmitted back to him made him feel as if he had cleaved on a mountain.

At this moment, if he wanted to pull the sword back, he couldn't do it. Although the opponent's palm was spread out, it was as if there was an invisible force that firmly locked his sword.

"I'm strong when I come to Ben!"

Lin Ran smiled faintly, following which he lifted his leg and delivered a kick, landing on Long Gui in an instant.

This kick was extremely heavy, and in an instant, Long Gui's entire body spurted out a mouthful of blood, and he flew backwards.

He didn't even draw back the sword in his hand, and his whole body had already flown several hundred metres.

"Father!"

At this moment, Long Minshan behind him was completely dumbfounded, Long Gui had been his companion since he was a child, and he knew the latter's strength very well.

Even the current him could not have defeated Long Gui so easily, but this youth in front of him who looked about his own age.

He had actually kicked Long Gui away with a single blow!

Chapter 1364

"Who the hell are you? What exactly did you come to our Dragon City for?"

Long Ling's face was cold as he barked out a question.

Seeing that Lin Ran had beaten Long Gui like this with a single move, he couldn't help but feel a sinking feeling in his heart.

"Who did you say I was!"

Lin Ran looked at Long Ling with bemusement in his eyes.

"Good! I'll believe for now that you are Lin Ran, but it seems that our Long Family has not provoked you, so don't you think it's too much for you to come over for no reason and directly destroy our city gate?"

Long Ling's eyes were icy cold as he chided.

"Excessive? That's too much? Then if I told you that I came to your Dragon City for your family's Dragon Qi Pond, would you think I'd score more points?"

Lin Ran said indifferently.

As soon as those words left their mouths, the faces of the three Long Lings changed.

The group of people from the Dragon Family below even changed their faces one by one.

The Dragon Qi Pond was the foundation of their Dragon Family, and it could be said without a doubt that a Dragon Family without the Dragon Qi Pond would be no different from an ordinary family.

Therefore, the Dragon Qi Pond was the foundation of their Long Family, and even people from the clan could rarely enter the Dragon Qi Pond on a normal day, let alone an outsider like Lin Ran, which was absolutely impossible.

“Lin Ran! Don’t seek death! Leave this matter quickly and I can pretend it didn’t happen! Even if you injure Long Gui, I can no longer pursue the matter!”

Long Ling coldly scolded.

“Father! We can’t let him go, if we let him go like this? Where is the face of our Long family!”

Long Mingshan spoke up.

“Live ....”

Long Ling was just about to open his mouth to scold, but suddenly in the distance was the voice of Long Gui.

“Right, family head, we can’t let him go! Just now I was just careless and took a loss from this kid, give me another chance, I can definitely beat him to the point of not knowing his own mother!”

As he spoke, Long Gui had already rushed over, with anger in his eyes.

Being kicked by Lin Ran in front of so many people from the Long family, and the residents of Longcheng, also made him hold a gulp of anger in his heart, wanting to get it back.

Long Ling looked at Long Gui with a slight frown on his face and did not say anything.

His own decision just now was indeed a little too hasty, after all, Long Gui and Lin Ran had only fought for the first time, and although Long Gui had lost, after all, both sides had only fought once.

So it was hard to judge the strength of this too.

“Good!”

Finally after a few moments Long Ling nodded his head.

A hint of joy flashed in Long Gui’s eyes, followed by a cold glint.

“Still want to come? It seems that your Long family really has no one left! A defeated underling has to come out twice!”

There was disdain in Lin Ran’s eyes. At the same time there was this cold aura.

He didn’t want to continue wasting time, who knew if the foreign devils had sent others over, so naturally it was better to have a quick battle!

“Little Lin Ran, your grandfather, I will definitely kill you today!”

Long Gui’s face was icy cold, and with a wave of his palm, the large sword that had fallen to the bottom flew quickly and was grabbed in his hand with a “scuffle”.

“Suffer death!”

Long Gui roared in anger, followed by a fling of the greatsword in his hand as he came towards Lin Ran once more to kill him.

“Die!”

One could only see the greatsword in Long Gui’s hand surge this time, and in an instant, it had grown tens of times larger.

An enormous greatsword charged Lin Ran’s head and slashed straight over with appalling power.

“Something!”

Lin Ran looked on with a bashful smile, with certainty in his eyes.

This slash of Long Gui’s was extremely powerful, and at first glance, it was a stored-up slash that was much more powerful than an instant slash.

However, this move also had a fatal weakness in Lin Ran’s eyes, and that was that it had sufficient force, but was less flexible.

For someone of Lin Ran’s level, trying to dodge it was like a river of water.

“It’s the Force Cut Thousand Junes! I knew Uncle Long Gui wouldn’t be holding back!”

Seeing this move, Long Minshan instantly became excited.

This Power Battle Thousand Junes was Long Gui’s strongest strike, and back then, he had even killed a rhinoceros with this move, and it was also the move that he, Long Minshan, was most afraid of nowadays.

“Hmm! Using this move, I think that Lin Ran should know how to advance and retreat!”

Long Ling carried his hand behind his back, his expression bland.

This Power Battle Thousand Junes was considered a top five technique within their clan, and it was with this move that Long Gui was able to make a great name for himself in this area of Dragon City.

“The battle should be over, Lord Long Gui has even used the Power Battle Thousand Junes, that kid should be finished!”

“Hmph! He’d better be killed by Lord Long Gui’s sword!”

“That’s right, daring to come to our Dragon City to cause trouble is like not having died before!”

The crowd of Dragon Family members below also chattered disdainfully.

However, at this moment, Lin Ran was looking at this move indifferently, a move that could simply be described as stressless to him.

Sure enough, just as Long Gui’s move was about to land on Lin Ran.

He only saw his body leap out of thin air and instantly dodged under Long Yue’s large blade.

“This ....”

The crowd was stunned to see this scene.

What made this move Force Battle Thousand Junes so powerful was that it allowed the weapon to explode tens of times, the huge blade pressing down at this moment was like a heavenly rift, and few people could dodge it.

Yet at this moment, Lin Ran was able to dodge it so easily.

“This kid’s strength really isn’t as simple as it seems!”

Long Ling’s face was unsightly.

On the other hand, Long Minshan at the side was even more shocked to the point where his body was like sieve chaff.

He was also at the early stage of the Dan Creation Sutra, but he wasn’t even confident that he could dodge this move from under Long Gui.

But this youth in front of him, who was about the same age as himself, had actually dodged it so easily.

“This kid can’t be kept, father! It absolutely cannot be kept, or else it will be a huge source of disaster for our Long family in the future!”

Long Minshan said busily.

“Nonsense, don’t I know that!”

Long Ling scolded, and immediately prepared for Long Gui to return, it was clear that he was no longer a match for Lin Ran in the current situation.

However, before he could open his mouth, Lin Ran in mid-air was already in a frenzy.

With a flip of his palm, the Frost Condensation Sword came out of nowhere and slashed directly towards Long Gui.

Lin Ran’s strike was so terrifying that the Frost Condensation Sword carried a tremendous power straight towards Long Gui, scaring him so much that his face suddenly changed and he was busy using his long sword to block it.

“Bang!”

The next moment, there was a loud bang, and the moment the Frost Condensation Sword and the long sword collided, there was a brittle “click” sound, and the long sword in Long Gui’s hand actually broke apart from it.

The huge impact of the Frost Condensation Sword instantly sent Long Gui flying, and a mouthful of fresh blood spurted out again.

“Die!”

Lin Ran did not stop with the Frost Condensation Sword in his hand, and followed it with a second sword.

“Not good!”

Seeing this, Long Gui no longer dared to be reckless and immediately his entire body trembled violently, layers of scales actually grew from his back, instantly forming a large shield that enveloped him.

This was his strongest life-saving tactic, and he had only used it twice so far, so outsiders didn't even know he still had it.

“Bang Bang Bang!”

A sword slashed at Dragon Return's huge shield of scales, and Lin Ran's Frost Condensation Sword was unable to split it apart for a while.

“Bang!”

However, with a loud bang, the Dragon Return with its huge scaled giant shield fell directly from the sky and viciously smashed into the ground, sinking more than halfway into it.

It was not even possible to get out in one world.

“You're still a fucking cocksucker! How dare you still carry such a heavy shell!”

Lin Ran was a little speechless.

But this guy was really worthy of his name, Dragon to Dragon Turtle, when there really was a turtle shell!

Chapter 1365

Looking at this scene, Long Ling and the others had ugly faces, although the Lin Ran in front of them only seemed to be at the early stage of the Dan Creation Realm, but this means of easily beating Long Gui like this already said it all.

“Lin Ran!”

Finally Long Gui spoke up.

“Have you considered it?”

Lin Ran looked at Long Ling and said indifferently.

There was anger in the eyes of the Dragon Order as he said.

“The Dragon Qi Pool is the root of my Dragon Family, if you exchange it for one thing, as long as my Dragon Family has it, Jue Thou won't talk nonsense to you! But this Dragon Qi Pool is absolutely out of the question!”

“I only want the Dragon Qi Pond!”

Lin Ran looked at the Dragon Order, his voice bland.

“Absolutely not!”

The Dragon Order was categorical.

“Then there’s no negotiation?”

Lin Ran stretched his hand, with helplessness in his eyes.

“Don’t you force me!”

Long Ling’s fists were clenched and there was killing intent in his eyes.

“I don’t want to force you, but you’re the one forcing me now! If you don’t hand over the Dragon Qi Pool, I’ll fight until you do!”

A cold aura flashed in Lin Ran’s eyes as he took the lead and ran straight at Long Ling.

“Hurry back!”

Long Ling’s face paled at the sight, and he instantly pushed his own son out to the side.

Almost at the same time, Lin Ran had already arrived in front of the two.

“Come here for me!”

Seeing Lin Ran, targeting none other than his own son, Long Ling fiercely slapped his palm directly at Lin Ran.

Long Mingshan’s entire body was frozen in place at this moment.

Just now, Lin Ran had suddenly appeared in front of him, and he had no defenses at all.

If his father hadn’t been quick to push him, I was afraid that he would have been killed by Lin Ran at this moment.

But what shocked him the most was that this kid was clearly not even close to his own strength and was of a similar age, so how could he be so strong?

“Bang Bang!”

The exchange of blows continued from above.

Lin Ran and Long Ling were tangled up in a fight that went on for a while.

However, the crowd could see clearly that it looked like Long Ling and Lin Ran were fighting and the fight was difficult to separate.

In fact, anyone who was a little stronger could see that the whole time, the Dragon Order was being pinned down, completely pinned down by Lin Ran.

Soon, wounds began to appear on Long Ling’s body, which further confirmed this.

“What should we do? The family head can’t even beat him! Should we also follow the Yue family’s example and just run!”

“Yes, we should have known when the Yue family was destroyed, this kid obviously won’t let us go since he’s here!”

“Shut up!”

Below, Long Mingshan had anger in his eyes as he listened to the chatter of the people around him.

His father was up there fighting for his life, but these clansmen were only thinking of their own comfort at the moment.

“Long Mingshan what are you cross about, normally your father spoils you, we don’t want to say anything, but what time is it now, if your father can’t carry on, then the whole Long family will be finished!”

“Right! If everyone in the Long family dies, you father and son will go and be the bare-bones commander!”

“Stop it! It’s already time to say such things!”

Someone couldn’t bear to look at it and stood out and said.

Long Mingshan swept his gaze over these people and took a silent note, he knew he couldn’t say anything now, only when his own father defeated Lin Ran would he have time to take his revenge with these people slowly!

Just that the Dragon Order could really defeat Lin Ran?

.....

“Will you hand over the Dragon Qi Pool!”

Lin Ran asked in a stern voice as he gave another sword blow, jerking the entire Dragon Order straight away.

“No!”

The Dragon Order had madness in its eyes.

“Good!”

Lin Ran’s eyes chilled at his words as he followed with another sword.

Only this time, the sword aura that was originally only one had now turned into two.

As soon as they were flung out, they instantly separated and headed straight for Long Ling.

There was anger in Long Ling’s eyes, he knew that if he didn’t explode he would never be able to block this blow.

But even if he had exploded and blocked the blow, what would happen?

He had never taken the initiative since he had fought with Lin Ran, and Lin Ran had not exploded either.

If he exploded first, and his opponent knew his strength, he would only be defeated.

But at this point he had no choice, should he resist this sword maneuver hard?

With a grit of his teeth, Long Ling chose the former.

He flipped his palm and two long swords appeared, one in each hand and one in each direction.

“Two swords? A bit interesting!”

A hint of surprise flashed across Lin Ran’s eyes.

A weapon like a double sword was really not a long sword, after all, it was not easy to use one sword to its extreme, let alone using two swords.

“Bang Bang!”

Long Ling waved his hands around and instantly blocked one sword aura.

However, when he blocked the second one, it was due to a bad angle, and the sharp sword mane instantly left a wound on his arm.

Seeing the wound, Long Ling’s entire body became angry.

A man of clay still has three parts of clay, not to mention Long Ling, who has been in a high position for a long time, except for the foreign devil and the snake king? He had never suffered this kind of anger before.

At once the two swords were flung, and instantly two swords were suspended in his chest.

“Lin Ran I am asking you one last time, do you really want to force me?”

Long Ling looked at Lin Ran with madness in his eyes.

“Cut the crap, if you don’t hand over the Dragon Qi Pool, then fight!”

Lin Ran said in a cold voice.

“Fine!”

Long Ling was completely mad this time, only to see him form a seal with his hands, and instantly the two swords in front of him began to tremble rapidly.

“Weng!”

With a tremor, instantly the two swords transformed into four dao.

The four channels transformed into eight, sixteen and thirty-two channels .....

Originally, there were only two swords, but in just a few breaths, countless swords had appeared densely in front of the Dragon Order, each of these swords were so powerful that they seemed like sharp blades about to go on the march, pointing at Lin Ran from afar.

“Since you are forcing me, let’s taste the power of these three thousand swords!”

With a cold look in his eyes, Long Ling waved his palm, and instantly three thousand swords headed straight for Lin Ran.

This scene even made those members of the Dragon Family below who were clamouring to run away first just now quieten down.

If so many swords were aimed at them, they would be shot into sieves in an instant.

Moreover, at this moment, when the Dragon Order used this move, it seemed to them that it might really be Lin Ran who would lose.

“Three thousand swords? That’s interesting!”

Lin Ran had a smile in his eyes when he saw this.

However, he flung it out of thin air and directly put his Frost Condensation Sword away.

“Hm!”

This scene caused Long Ling’s face to look stunned, not understanding what Lin Ran was preparing to do.

Following this, Lin Ran actually closed his eyes in full view of everyone, and instantly his own powerful divine sense directly radiated out.

“Three thousand swords, how could this Dragon Order really control three thousand swords, there must be a sword formation!”

Lin Ran thought quickly in his mind, following which his divine sense directly enveloped the three thousand swords, and under his powerful divine sense, he instantly found the main sword that was located in the middle of the sword formation!”

“That’s you! Get back to me!”

Lin Ran’s eyes snapped open with a joyful look in his eyes, and then he pointed remotely while opening his mouth to laugh.

“Dragon Order, it’s better for you to taste the taste of these three thousand swords yourself, this is your three thousand swords!”

The words fell, only to see that the three thousand swords in the sky that were originally intended for Lin Ran, actually instantly reversed their direction and rushed straight towards where Long Ling was.

“This .....

Seeing this scene, despair surfaced on Long Ling’s face.

Almost subconsciously, he turned his head and shouted.

“Quickly activate the Great Clan Protection Formation!”

Following this, his entire body did not dare to stop in the slightest as he rushed back straight towards Dragon City.

Chapter 1366

Almost at the same time, a full three thousand swords had reversed their direction and charged at Dragon City.

“? Ah! Quickly open the great sect protection formation!”

“Hurry up! We’ll all die if we don’t open it!”

At this moment, chaos had broken out below.

Countless members of the Dragon Clan shouted, but at this moment, the Dragon People had not yet entered the range of the Great Formation.

“Wait a minute before opening! My father hasn’t returned yet!”

Long Mingshan raged to.

“Long Mingshan are you crazy, do you want to kill all of us in the Long family?”

“Yes! Long Mingshan you want to die we don’t want to!”

“Shut up!”

Hearing the complaints of the women around him, Long Mingshan could not hold back any longer, and he turned his head to look at these people with anger in his eyes.

“If you dare to talk one more word, believe it or not, I will kill you!”

“You!”

These women were all stunned and scared, their faces turning blue as they dared not speak.

“My father is the only one who is holding the Long family together today, if not for him, what are you all?”

Long Mingshan’s face was icy cold and unceremonious.

And at that moment, the light around them instantly skyrocketed, the Dragon Order had already entered the range of the formation, while the great clan protection formation around it had already opened.

“Father!”

Seeing the Dragon Order, Long Mingshan was busy running over.

“Go! Quickly go, he’s too strong, the clan protection formation can’t stop him at all! The Snake King last night must have been killed by him!”

Seeing Long Mingshan, Long Ling was busy speaking.

“How can he be so strong, can’t the elders still beat him by having them fight?”

Long Mingshan said reluctantly.

“Impossible!”

Long Ling chided.

“Think about it yourself, is the Yue family weaker than us in terms of strength? What happened in the end? It was still a total loss!”

“Quickly let the clan leave, or we will end up no different from the Yue family!”

“But father ....!”

Long Minshan still wanted to say something, when suddenly someone next to him shouted.

“Clan chief, or else ..... hand over the Dragon Qi Pool!”

“What did you say?”

Long Ling turned his head to look at the other party and found that the one who spoke was a woman.

“Say it again?”

Long Ling looked at her with endless anger in his eyes.

The Dragon Qi Pool was the root of the Dragon Family, but at this moment, this clan member was actually asking herself to hand over the Dragon Qi Pool.

“Clan chief, it’s useless even if you kill me, we can’t defeat him at all, even if we all die in battle, the Dragon Qi Pool is still his, why should we take such a risk, shouldn’t we keep the people first?”

The other party looked at Long Ling in a chiselled voice.

Long Ling’s whole body shook as he listened.

And at that moment some of the other people around also spoke up.

“Patriarch, if you keep the green hills, you are not afraid of having no firewood to burn!”

“Yes Clan Chief, give him the Dragon Qi Pool and we can still take it back later!”

“Clan Chief!”

“That’s enough!”

Long Ling’s eyes were bloodshot with rage.

The Dragon Qi Pool, was still the foundation of the entire Dragon Family, and every Dragon Family member had even been taught from a young age to guard the Dragon Qi Pool with their lives.

But what about now? A great enemy was at hand, and these members of his own clan actually wanted to hand over the Dragon Qi Pool.

At this moment, Long Ling’s heart was cold and even angrier.

He looked at the clansmen around him, and there was endless disappointment in his eyes.

He was a member of the Dragon Clan, but because of a single Lin Ran he had actually caused so many people to retreat and surrender the Dragon Qi Pool even if they wanted to live.

“Sad! Truly it is sad, the Dragon Family’s qi has run out, and even if there is a Dragon Qi Pool, it won’t continue!”

There was a deep despair in Long Ling’s eyes.

It was not terrible that the clan was destroyed, the most terrible thing was that people had already chosen to surrender themselves before they even made a move.

“Bang!”

Just when Long Ling was in deep despair.

The great formation that enveloped the Long Family was a violent tremble.

Only outside the formation, Lin Ran was holding the Condensing Frost Sword as if he was a heavenly god descending to earth, and was pointing at the Dragon Family’s grand formation from afar.

“Old man Long Ling, will you hand over the Dragon Qi Pool!”

Lin Ran’s voice boomed as he looked on from afar.

The Dragon Order looked at Lin Ran in the sky with anger in his eyes.

“I, Dragon Order, will not hand over the Dragon Qi Pool even if I die in battle!”

“Good!”

Lin Ran heard this and immediately stopped talking nonsense, raising his hand and slashing down directly with another sword.

“Humph!”

The Dragon Order snorted coldly at the sight of this, ? Raising his hand two strands of true qi were instantly poured into the formation.

“I’ll do it too!”

On the side, Long Mingshan saw this and also raised his hand to strike out two strands of true qi to infuse into the formation.

The two fathers and sons looked at each other, and at this moment, they actually had a forlorn look.

“Bang!”

The sword mane instantly fell, and the entire clan protection formation was instantly cleaved with a huge crack.

The entire formation appeared to be in jeopardy at this point.

“Men of the Dragon Family, but all those with blood on their hands, follow me to defend against foreign enemies! Those who go first, I, Dragon Order, will not take hold of them, but remember this, if you cross out of the Dragon Family today, then you will never be a Dragon Family member again! Live and die as you will!”

The Dragon Order's voice boomed, ringing in everyone's ears.

"What? Dragon Order, do you want to bring the entire Dragon Family with you to be buried with you?"

Lin Ran couldn't help but laugh at his words.

"Lin Ran! Cultivate to be rampant, man is watching the sky, you will have your retribution after all!"

Long Ling angrily rebuked.

"Retribution! You fornicated with a foreign devil, collaborated with the Yue family to wreck your fellow conquerors back then, and even wiped out nearly the entire Fire family! You think no one knows about it?"

"You colluded with the Dragon Family outside and attempted to help the foreign devils take over the outside world, do you think the people being are all fools?"

"I, Lin Ran, am your Dragon Family's retribution!"

Lin Ran's eyes were icy cold, without a trace of pity.

If he had entered the ancestral land of the Fire Family, he would not have known until now that such foul things had once happened in this Fey Demon Domain.

Even if the current Long Family was pitiful, what did it have to do with him, Lin Ran, the camps were different! And why should he care about anything else.

"You!"

The Dragon Order looked at Lin Ran with shock and icy cold in his eyes.

He didn't understand how this youth in front of him had learned about the hidden secrets of the Long Family.

But just by the tone of the other party's voice he could tell that the other party was clearly not going to let them off the hook!

The frost condensing sword flashed, and at once the third sword aura had already slashed down out of thin air.

"The camps are different, it's useless to talk more!"

There was determination in Long Ling's eyes, and his whole body's true qi was all poured into the formation at this time.

And at this time, other members of the Dragon family also stepped forward and poured their true qi into the formation.

With the efforts of all of them, the gap in the clan protection formation was soon repaired.

However, at the same time as from, Lin Ran's third sword had also come down.

"Bang!"

With a dreamy sound, light shot up into the sky, stinging the crowd and causing them to close their eyes.

At this moment, even the sounds around them disappeared, as if everything had gone silent.

However, the crowd of the Dragon Family could clearly see that the clansmen next to themselves, began to fall to the ground one by one, blood began to burst out of their bodies, and there was panic on everyone's face.

"Boom!"

There was a sudden loud bang that broke the momentary calm.

All of the Dragon Family members below instantly fell to the ground, each spitting blood.

At that moment, the clan protection formation above their heads had been completely shattered.

The Dragon Order was kneeling on the ground, covered in blood, and one of his arms had been blown to pieces in the explosion just now.

"My Dragon Family! It's over!"

Long Ling looked at the wreckage around him, the vast Dragon City had been razed to the ground by now, not to mention the Dragon Family mansions within the city.

With a flash of coldness, a long sword had instantly clamped onto Long Ling's neck, while Lin Ran also appeared next to him out of thin air.

"You've lost! Take me to the Dragon Qi Pool!"

Chapter 1367

"You can kill me with one sword!"

There was despair in Long Ling's eyes, no matter how hard he tried, he had still ended up losing to Lin Ran.

In his heart, he knew clearly that his Dragon Family was truly finished this time.

"You think that if I kill you, I won't be able to find the Dragon Qi Pool?"

Lin Ran said in a cold voice.

"You can try it yourself!"

There was determination in Long Ling's eyes.

"Humph!"

Lin Ran snorted coldly, and with a swirl of his palm, several figures had appeared to the side.

It was none other than Huo Yan, Wang Yifeng, and Yu Wan and Zhao Yu.

At this moment, Yuwan and Zhao Yu were carrying the unconscious Long Ya, and there was anxiety on their faces.

“Take Long Ya to the Dragon Qi Pool, whoever dares to stop, kill them directly!”

Lin Ran said in a cold voice.

“Yes!”

Wang Yifeng replied, and immediately drew his own divine dragon blade to open the way in front of him.

While at the side, Long Ling couldn't help but blush when he heard the name Long Ya.

“What did you just call her? Long Ya? He's from our Dragon Family?”

“Also yes! And no!”

Lin Ran's expression was indifferent.

“What do you mean, also yes and no!”

Long Ling questioned with an icy face.

Lin Ran laughed coldly at his words.

‘She's a member of the Dragon Family, but she's not the same kind of person as you!’

“You!”

There was helplessness in Long Ling's eyes, it was too late to say anything now, if the Dragon Family was around, finding the Dragon Qi Pool would not really be a difficult task.

“Heaven has killed my Dragon Family!”

Long Ling fell to his knees in despair and wailed to the heavens.

Lin Ran, on the other hand, gave him a bemused look before turning around and chasing after Wang Yifeng and the others.

Many people from the Dragon Family had chosen to leave.

Dragon City had been destroyed, the entire town had been razed to the ground, and now Lin Ran was leading people to the Dragon Qi Pond, so they could not stay in the entire Dragon City.

But there were still many cultivators who were unwilling to leave, after all, this was once a town too, and the Dragon Order had not gone, they were all waiting, waiting for Lin Ran to leave.

On the day he left, Dragon City might still be able to return to its former prosperity.

Dragon City flanked the mountain, and at that moment, at the foot of the mountain, Lin Ran and the others stopped here.

“Ranzi, this is the spot, Long Ya has the greatest fluctuation of true qi in her body at this location!”

Seeing Lin Ran coming over, Wang Yifeng hurriedly stepped forward and said.

“All move aside!”

Lin Ran spoke.

At once, everyone moved out of the way, and with a wave of his palm, Lin Ran's Frost Condensation Sword slashed directly towards the front.

The entire mountain peak instantly trembled with a "bang", but it didn't even get split apart for a while.

"Hmm?"

The crowd looked stunned, and then revealed wild joy.

"This is really it!"

Lin Ran was also excited, the fact that a sword hadn't been able to split open just meant that there must be something unusual here.

And the only place in the entire Dragon City that could have such a place was obviously the Dragon Family's Dragon Qi Pond.

"Come again!"

Lin Ran waved his hands and instantly swung his Frost Condensation Sword in his hand once more.

This time, the entire mountain peak opened up with a bang, and a crack spread down the top of the mountain, splitting open in a matter of moments, and at this moment, there was really this white Qi continuously gushing out from the bottom of the mountain peak.

"Go!"

Lin Ran greeted, and immediately opened the way in front of him, leading the crowd straight to the bottom of the mountain peak.

Not long after Lin Ran and the others entered the bottom of the mountain peak, Long Ling arrived here with his men, looking at the back mountain that had cracked open in front of him, there was despair in Long Ling's eyes.

"Ai!"

He sighed deeply before he whirled around and led his men towards the inside to follow as well.

And at this time, at the base of the mountain peak, Lin Ran led his men along a path that kept moving forward.

Although it was a crack that he had split with his sword, there was a natural path at the bottom of this valley.

The cave that should have been a mountain before was now a natural road.

Lin Ran led the people for almost twenty minutes, and suddenly, before their eyes, a huge cave inside the mountain wall appeared.

Above the cave was open air, and in the middle of the huge cave, there was actually this pool of water.

In the middle of this huge cave was this pool of water, which was filled with white mist and a very strong dragon's aura.

And around the water pool were countless treasured herbs that grew exceptionally happily, and these herbs should have absorbed the essence of the Dragon Qi Pond to grow so vigorously.

"Ranzi!"

To the side, Wang Yifeng looked towards Lin Ran, waiting for him to speak.

Lin Ran nodded and said.

"This should be the place, I'll go down and take a look first!"

In order to avoid having trouble, Lin Ran instantly jumped into the pool of water below first.

This seemed to be a hot spring, as the water inside was actually hot.

As soon as Lin Ran jumped in, he instantly felt that there seemed to be a force in the water that was continuously pouring into his body, causing his injured internal organs to be nourished quickly and comfortably.

"It's the Dragon Qi Pool!"

Lin Ran then probed a bit more and saw that there was no danger here, before he greeted Wang Yifeng and the others and put Long Ya down.

As soon as Long Ya was released into the Dragon Qi Pond, instantly the white mist within the entire Dragon Qi Pond gathered towards Long Ya as if it had been summoned.

Soon it actually formed a layer of mist enveloping the white mass, wrapping Long Ya deeply into it.

"Fatty, you guys go back!"

Lin Ran then said as he rushed towards Wang Yifeng and the others.

"Good!"

Without any nonsense, all of them were immediately taken back into the small world by Lin Ran.

"Qing Zi do it!"

Lin Ran then said.

"Yes master!"

Qing Zi answered, following which a cloud of purple light filled out from the Qiankun Violet Qi Vase, instantly swallowing the entire Dragon Qi Pond inside.

The Vial of Qiankun Violet Qi then turned into a flash of light and had disappeared into the same place.

Lin Ran also disappeared into the same place at the same time.

"Where is everyone?"

By the time the Dragon Order arrived here with his men, all he saw was empty space.

The place where the Dragon Qi Pool had originally been placed? There was nothing left, even the pool had disappeared.

“Bandit! You are the bandit!”

Long Ling couldn’t help but roar, yet at this point it was already too late to say anything.

The Dragon Qi Pool had already been taken away by Lin Ran.

“Master, this Dragon Qi Pool can be mine from now on as promised!”

In her mind, Qing Zi was excited, although at this moment Long Ya was healing inside, as long as she waited for everyone’s bodies to recover, most of the dragon qi in this dragon qi pool would still be her own, so this made her very happy.

“And, a little dragon qi to see you excited!”

Pillow Book said disdainfully.

“Rascal Book, less eye-rolling over there, so much dragon qi is enough for me to recover a lot of strength!”

Qing Zi glanced at Pillow Book and laughed blandly.

“And, you just give it to me, I don’t even bother to ask for it!”

Pillow-side Book said disdainfully, only that his eyes were not scooping towards the Dragon Qi pool, although this thing was of little use to him, but in the end it was still useful after all.

“You two stop it,? Shout at me if something happens! I’m going to close up too!”

Lin Ran interrupted the two and said.

“Don’t worry, master!”

Qing Zi laughed.

Only then did Lin Ran directly enter the Dragon Qi Pond in a flash and begin his closed-door cultivation.

The Dragon Qi Pond was very beneficial to his body, and he also wanted to use it to fully recover his strength, otherwise when the foreign devils did send someone, there would be nothing he could do at all.

Chapter 1368

Under the night sky, in a tent on a plain only.

The Sky Wolf King was sitting on the main seat only, while in front of him were two of his men kneeling.

“My lord, I have just received news that the Dragon Family in Dragon City has been destroyed!”

“What?”

There was an icy coldness in the eyes of the Sky Wolf King.

“My lord, that’s absolutely right! I went to the place I had agreed with the Heavenly Crocodile King, but as a result, I didn’t wait for the Heavenly Crocodile King, he had his men bring word that he had already turned to Dragon City instead.”

Another henchman was also busy saying.

“Bang!”

The Heavenly Wolf King stood up directly when he smacked the table at his words.

“This Heavenly Crocodile is still this shameless, actually bypassing my old man to go after Lin Ran directly!”

“My lord, then should we also set off for Dragon City immediately?”

The subordinate busily asked.

“No need! Lin Ran is not a fool, he is bound to have already started running away, going to Dragon City now would be a punt!”

King Skywolf said in a cold voice, while coming to the map and looking at the terrain of the Fey Demon Domain.

Lin Ran had killed Snake King Black Jin, the matter was too influential, and this time it was even Lord Fey Demon himself who had spoken up.

So the importance of this matter was self-evident, no matter who could capture Lin Ran, even if it was just a corpse, it would probably attract the attention of the Fey Demons.

And if he, the Sky Wolf King, could capture Lin Ran first, then his status in front of the Fey Demon Lord would naturally rise.

“This Celestial Crocodile is really dreaming if he wants to get ahead of me!”

The Sky Wolf King said with a smile appearing at the corner of his mouth and greed in his eyes.

He then tapped his finger and landed on a city on the map, and immediately spoke.

“Let’s go! Go to Willow City!”

“Willow City?”

The crowd was stunned at his words, not understanding how the Sky Wolf King had suddenly changed his route to Willow City.

“On the west side of Dragon City the Heavenly Crocodile King is killing away, Lin Ran will definitely not be able to go to the west side, and the north side is my Heavenly Wolf’s territory, he only has the southeast sides!”

And the east side was the Ghost King’s territory, the boy must have gotten the message by now, he could only continue south, only in the barren land on the south side would he have a chance of survival.

“And Willow City is the most marginal city on the south side, if I guess correctly, he will definitely go to Willow City!”

King Skywolf said confidently.

“Your Excellency is wise!”

“Then we will set out for Willow City immediately!”

His men ordered, and immediately the group of people headed towards Willow City.

In fact, Lin Ran really didn't know he was there at this moment, as he had entered the Dragon Qi Pond for a full three days.

It was only when his body had completely recovered that he came out of it.

But Long Ya was unmoved, her body was still encased in dragon qi, it seemed that she was more seriously injured and had not shown any signs of coming out until now.

And when Lin Ran came out of the Qiankun Violet Qi Vase, it was only then that he realised that Qing Zi had actually led him out for an unknown distance.

“What's going on?”

Lin Ran busily came into his mind and asked.

“Master, you've come out!”

When he saw Lin Ran Qing Zi was happy.

“Where are we going now?”

Lin Ran asked busily.

“I don't know, it's a note from that rogue book!”

Qing Zi said busily.

“Don't talk nonsense, what rogue book rogue book, please call me Master Shu!”

Pillow Book also walked out at this moment, a true book said.

“I pooh!”

Qing Zi gave him a lazy white look.

“Kid! You've finally come out!”

Pillow Book looked towards Lin Ran and laughed.

“We're all the way south, we should be at Willow City in a few hours!”

“Willow City? Where are we going?”

Lin Ran was a little confused, he hadn't said to leave when he was in seclusion before!

“I can’t go if I don’t!”

The pillow book explained.

“On the day you went into seclusion, Wang Yifeng went from going out to scout for news, only to learn that the Fey Devil had tapped the Sky Wolf King and Sky Crocodile King to come after you!”

“You made such a big fuss in Dragon City again, the two of them must have been on to you!”

“Then there’s no need to go to Willow City, this place seems to be at the southernmost end as I recall! :”

Lin Ran was a bit speechless, what he was most anxious about at the moment was to find a way to leave the Fey Demon Domain, and the chances were naturally greater where there were more people he, they should be heading towards Fey Demon City, how come they were running to the southernmost part of this shitty southern border.

“You still have to ask him about that!”

Pillow Book waved his palm, and immediately the dark red patch appeared in front of Lin Ran, it was the snake egg of the triangular electric snake.

“It?”

Lin Ran looked stunned, not understanding what Pillowside Book meant.

“This thing started changing just shortly after you entered the Dragon Qi Pond! And the closer you got to the south the more violent its changes became! It seems to be some kind of summoning, so I had no choice but to take you to the south first!” | Pillow Book

Pillow Book explained.

“The south?”

Lin Ran frowned slightly at his words, while picking up the Triangular Electric Snake Egg to look at it.

Upon this glance he really noticed that a slight change had actually occurred inside the Triangular Electric Snake Egg.

The triangular electric snake that was originally hovering together was actually slightly stretched out a little.

“That’s strange, how could it have sensed the south?”

Lin Ran was puzzled in his mind.

“Forget it, it’s coming to Willow City soon,? Go see when we arrive and maybe there’s something of interest to it in this place!”

The pillow book laughed.

“Hmm!”

Lin Ran nodded, although coming all the way to the south had surprised him a little.

But at least it also avoided the Sky Wolf King and Sky Crocodile King, which was still good.

“That kid ..... There’s another piece of news I have to tell you!”

Suddenly the pillow spoke again, only with a slightly embarrassed expression.

“What?”

Lin Ran suddenly had a bad feeling and was busy asking.

“That just got news earlier, the Sky Wolf King and the Sky Crocodile King seem to have learned of our intentions, so they are also rushing towards Liu Cheng, at least one more day will be able to reach Liu Cheng!”

“Huh?”

Lin Ran was a little speechless when he heard that, he had only just gotten this wound, and he didn’t expect that the Heavenly Wolf King and Heavenly Crocodile King would already be chasing him over.

“Hey, forget it! Let’s make plans when we get to Willow City!”

Lin Ran said helplessly.

At that moment, he put the Triangular Electric Snake Egg away again, and then only then did he jump out of the Qiankun Violet Qi Vase, while summoning the crowd from the small world.

He then explained the situation to the crowd, although the situation was not optimistic, but at least the safety of the crowd was still intact.

Soon the crowd was relieved too.

“That Ranzi, you said this Willow City is a city, when we arrive later how can we not destroy the city first!”

Wang Yifeng said with some embarrassment.

“Exterminate the city for what? What? You have something?”

Lin Ran asked rhetorically, he didn’t intend to exterminate the city at all, after all, he couldn’t just exterminate a city when he arrived at a place, right?

Besides, this Liu City didn’t have any major conflicts with himself, so why would he want to exterminate the city.

“It’s fine, it’s fine! I’ve been running for so long, I’ve lost a lot of weight, so let me fill my stomach when we get to the city first!”

Wang Yifeng laughed awkwardly.

Lin Ran just wanted to say that Wang Yifeng had no talent, but when he turned his eyes, he saw that Flame Zhao Yu and Fisherman Wan were gulping at the side.

This made even Lin Ran’s mouth water a little.

“Fine! Let’s go and have a meal first when we get to Liucheng!”

Lin Ran laughed.

Hearing this, Wang Yifeng’s eyes narrowed into slits as he smiled.

Patting Lin Ran, he laughed and said.

“I knew it was you, Ranzi, who knew Master Fatty best!”

Chapter 1369

A very magical place in Willow City, most of the people who came here on a normal day were here to get a glimpse of Willow City and the huge willow tree in the middle of the city.

Lin Ran and the others had naturally seen the willow tree when they came to the city, only they had no idea what the willow tree actually did.

“Little Two, hurry up with the meat! Wine! Hurry up and bring up what you have!”

As soon as they entered the inn, Wang Yifeng said without ceremony.

“Good!”

Xiao Er greeted and quickly ran up with a large pot of meat and several pots of wine.

Seeing these delicacies, the crowd was not calm, and even Lin Ran was a little red-eyed.

At that moment, a group of people swept up the food, making the shopkeeper look a bit speechless as he said in his heart.

“These people aren’t hungry, are they? They’re in such a hurry to eat!”

Seeing that the shopkeeper didn’t leave, Wang Yifeng became interested and asked with a smile.

“Little Two, what’s with that willow tree in the middle of this Willow City of yours?”

The shop boy was stunned at his words and followed with a smile.

“A few masters must have just come to our Willow City, right, well, I will tell you about it today!”

The shopkeeper laughed, and immediately opened up the conversation.

It turned out that in the very early days, Willow City was not actually a city, but a wasteland.

Because it was near the border of the southern border, further south was an endless barren area.

That barren land could not survive even plants, not to mention people, so it led to no one being willing to come to this southernmost point at all.

“But then something happened on this southern border, someone came out of the barren land of the southern border alive, and brought out a supreme divine weapon, and has been making a fortune ever since! So soon this was the place where many Huu Lai people ventured!”

Ever since the first person who made his fortune appeared, this southernmost part of the southern border has become a place where many adventurous cultivators like to gather.

And it was here that this Willow City was established.

It was said that when the city was first built, it was built with this willow tree in the middle of the city as the centre, and after so many years that willow tree had long since grown up, and this Willow City had also developed to its present prosperity.

“So what is this relic all about?”

Wang Yifeng asked with a smile as he chewed on his mouth full of meat.

“This relic is even more mysterious to say the least!”

The shop boy said with a mysterious face.

“After so many long years, several generations of cultivators have summed up the experience, that is this relic every ....”

It turns out that this relic is said to be accessible only once every ten years, and going in at other times is absolutely a dead end.

The reason is that beyond this ruin, there is a very vast barren plain.

On weekdays there is a very dense and concentrated poisonous gas on the barren plain, these poisonous gases come from nowhere, but anyone who comes close will be turned into a puddle of water in an instant, not even a bone scrap left!

Later, as more people went there, they gradually figured out the pattern, that every ten years these poisonous gases would disperse and a gap of only three days would appear.

And it was only at this time that it was safest to enter.

Of course, this was the first barrier, and after passing through the poisonous gas, one would come to a huge temple, and one would have to fight to enter the temple.

It seemed that the situation inside was very bizarre.

“Holy shit! Really, it’s so evil!”

Wang Yifeng was so interested in hearing this that he couldn’t help but order two more pots of wine.

However, just as he was about to continue pulling the shopkeeper to continue talking.

Suddenly, a group of customers in black robes came in through the door.

As soon as they came in, many of the customers around them quieted down and looked at them quietly without saying anything.

“What are these people doing?”

Wang Yifeng was a bit puzzled and asked.

“Don’t say anything, these people are all disciples of the Void Sect, and everyone’s strength is very high!”

The shopkeeper was busy saying .

“Void Sect?”

Lin Ran frowned slightly at his words, he had never heard of this sect before.

The shop boy was busy getting up and preparing to go over, before leaving he gave one last admonition

“This Void People’s people are highly powerful and are the main force to enter the ruins, if you guys also want to try your luck at the ruins, then you better not provoke them, otherwise it’s a small matter if you can’t get into the ruins, don’t end up dying without knowing how!”

After saying that, the shopkeeper was busy running to greet those few people.

Lin Ran frowned as he watched, not knowing what the origin of this Void Gate was.

But it was obvious that the strength of these people made the surrounding crowd scornful, and the voices of each one speaking were noticeably lowered by a few points.

At this point, Wang Yifeng and the others had almost finished eating, so Lin Ran greeted them and immediately led the others to leave the place first.

“Ranzi, why didn’t you stay and listen to what they were saying?”

As soon as they left the tavern, Wang Yifeng asked in wonder.

“These people have tricks, when they were talking just now, there were formations around the tables, they couldn’t hear them at all! It’s better to find a way to get a map and see where the good relics really are!”

Lin Ran said with a frown.

“Shit! Are you really going to go in? That place is only open for three days, once we go in and turn around the Sky Wolf King and the others block the entrance, we’ll have nowhere to go!”

Wang Yifeng was busy saying.

“Yeah, and it’s only open for ten years, once we miss the time we’ll have to stay inside for ten years!”

Fire Yan also said.

“There are other ways for us not to go in?”

Lin Ran looked at the crowd and asked.

The crowd was stunned.

Indeed, it was also true that they had nowhere to go if they didn’t enter within this ruin.

With the Heavenly Wolf King and the Heavenly Crocodile King chasing after them, Lin Ran could still deal with one, but if he dealt with two at the same time, there was no way he could survive unless he had the Pillow Book do something.

And this was a foreign devil domain, since Lin Ran could really escape from the two, but what awaited him was also endless fleeing, as for finding an exit, he simply had no hope and no time to do so.

“Compared to going on the run all the time, I still think this relic can be visited, there might be a way to leave the Fey Demon Domain!”

Lin Ran said.

The crowd didn't say anything more when they heard this, and immediately followed Lin Ran as he began to stroll around the city.

As expected, soon Lin Ran and the others bought a topographical map of the surrounding area at a grocery shop, and it clearly marked where the ruins were.

“The Lost City Ruins?”

Looking at the four large words marked on the map, Lin Ran couldn't help but frown.

A ruin was a ruin, but it was actually called the Lost City Ruins, so it seemed that this place was inextricably linked to the Lost City...? Perhaps what was within that temple was a lost city.

“Let's go, let's rush over there first!”

Lin Ran took stock of the situation and immediately waited for the people to head straight for the Lost City Ruins.

And just a day later, Willow City was completely shaken.

This was because the Heavenly Wolf King and the Heavenly Crocodile King had arrived here at the same time.

And these two were the strongest existences on the Fey Devil Domain apart from the Fey Devil and the Four Generals.

When the people of the entire Willow City heard of the two of them arriving, they were all extremely excited and equally extremely worried.

This was because if the two were also coming for the Lost City Ruins, then when the time came, the harvest of them, the cultivators, was bound to drop.

Chapter 1370

“Why is this king of the realm here, and two of them at once!”

“Who knows, it's probably because of some reason!”

“What reason? In the past, the king of the realm couldn't even look at this relic, so why did two of them suddenly come this time!”

“What? You guys don’t know, huh? The two of them are said to be under orders to hunt down a man called Lin Ran!”

“Lin Ran? Who is he that he can make two Domain Kings come after him!”

“You don’t even know this, you’re really stupid, that Lin Ran is said to have killed the Southern Snake King and pissed off Lord Fey Demon! That’s why they sent the Heavenly Wolf King and the Heavenly Crocodile King to hunt him down!”

“What? Killed the Southern Snake King? How strong must that kid be!”

“I don’t know, but at least he can’t be worse than the King of the Realm, otherwise he wouldn’t have sent two Realm Kings over at the same time!”

Almost overnight, the whole of Willow City was talking about this, and the name Lin Ran was now being bandied about all over the only oasis at the southernmost tip of the Southern Border.

However, unbeknownst to everyone, at this time Lin Ran had already led his people to the entrance of the Lost City ruins.

In fact, the entrance to the ruins was actually the entrance to the wasteland.

There was a square here, large enough to hold 10,000 people, and it was not known who had built it, and there was a stone path leading straight ahead into the wilderness.

But at this moment, there was a clear mist in front of them that covered up the whole road and the wilderness, making it look very mysterious.

“Boss, I’ve just inquired, this is the place to enter the Mystic City and the most forward place, the mist will disperse early tomorrow morning, then everyone will gather here to head to the Mystic City ruins!”

Fire Yan ran over from the side and said softly.

“Hm!”

Lin Ran nodded at his words.

“Also Boss, I have inquired about one more piece of news!”

Fire Yan said with some concern.

“Is it the Heavenly Wolf King and the Heavenly Crocodile King?”

Lin Ran asked with a frown.

“Mmm! They’ve already arrived at Willow City, and I’m afraid that as soon as they know that you’re here, they’ll come very quickly!”

Huo Yan said.

“Hm!”

Lin Ran nodded his head while looking at the mists ahead, as soon as he arrived here he noticed that the Triangular Electric Snake’s eggs were reacting even more.

It seemed that there was something within the misty ruins behind this mist that was attracting it in general.

“Let’s find a place to land first!”

Lin Ran said.

Immediately, the group went to the square and found a random place to sit down and rest.

Because this place was close to the mists, there was only a square here, and no town had been built.

At this moment, many anxious people were sitting on this square to rest.

However, as it got later and later, the square was soon overcrowded.

There was not even a place to rest, not to mention a place to land.

And just at that moment, suddenly another large group of people arrived here.

Lin Ran opened his eyes and saw that it was none other than those people from the Void Sect that he had met at the tavern in the afternoon.

There were seven of them, each wearing black robes, and their faces could not be seen clearly, but their arrival had caused a commotion in the square.

Many people didn’t even dare to speak, and consciously gave way to these people, leading straight to the front of the front square near the maze formation.

“You! Vacate the position!”

The seven men came to the very front of the maze formation, pointed at a group of a dozen people next to them, and spoke indifferently.

A large, brawny man in the opposing crowd stood up, a hungry wolf tattooed on his bald head, looking fierce.

Lin Ran had expected this man to argue with these Void Sect people, or even fight.

As a result, who knew that this big, brawny man would actually heave a smile at the seven men, not even daring to fart, and lead the men to make way.

“Holy shit! This man is very much a wimp!”

Wang Yi couldn’t help but laugh at the sight.

However, this laughter seemed to have been heard by the other party, and the big, brawny man’s eyes chilled as he walked over towards Lin Ran and the three of them.

At this moment, Zhao Yu and Yuwan had already gone back to the Pillow Book Small World, so only Wang Yifei and Huoyan were sitting here with Lin Ran.

“Holy shit! That guy didn’t really hear it, did he!”

Wang Yifei was a bit helpless, he had only said it casually, but who knew that guy had such a good ear.

The big burly man soon reached the three of them, and looked at Wang Yifeng with a fierce light in his eyes.

“Damn fatty, get lost! Vacate the seat!”

“You!”

Wang Yifeng was furious when he heard that, how could he possibly put up with this violent temper, and this man’s strength was only at the peak of the Creation Realm, after so many things, Wang Yifeng’s strength had also reached the middle of the Creation Realm, plus a brute force of his was really not afraid of the other party.

“You’re talking about one side?”

Wang Yifeng stood up, showing his arms and sleeves to fight with someone.

“What? Want to fight?”

The big brawny man laughed at this.

However, at that moment, Lin Ran, who was at the side, raised his hand to stop Wang Yifeng.

“Ranzi!”

Wang Yifeng looked at Lin Ran, only to see the latter shaking his head at him.

Wang Yifeng was stunned, knowing that Lin Ran Nian had some concerns and did not want to reveal his presence here at this time, otherwise it would be a problem if the Wolf King and the others arrived here before dawn.

“Count yourself fucking lucky!”

Wang Yi gritted his teeth and prepared to sit down, however the big brawny man was the one who said.

“Do your fucking job! Don’t you understand what I said? Take your men and get out! I’ll take your place!”

Wang Yifeng was instantly fired up at his words, but at that moment Lin Ran had already stood up and blocked in front of Wang Yifeng.

“Friend, it’s not appropriate for you to come and rob us when your place is being forced by someone else!”

Lin Ran looked at the other party’s voice blandly.

“Inappropriate? This place is all about the strongest, boy! Not convinced, are you! Then let’s have a fight! I, Liu Cheng Wolf Ba, have never really been afraid of anyone!”

Wolf Ba’s eyes were icy cold and he had a fierce look on his face.

“If you haven’t been afraid of anyone, why did you give up your position so readily just now?”

Lin Ran laughed.

As soon as those words left his mouth, instantly Wolf Ba's face was filled with embarrassment.

"Cut the fucking crap! Let it go or not! Fight if you don't let me! Report your name!"

Wolf Ba was annoyed and furious.

Lin Ran, however, waved his hand.

"No fight, no fight! Just give it to you if you want it!"

With that, Lin Ran greeted the two of them and turned to leave.

When Wolf Ba saw this, he revealed a cold smile and said.

"What the fuck! What's the waste of words here if you don't dare to fight, hurry up and get back to wherever you came from!"

"And!"

The people around sent disdainful boos at this time.

Wang Yifeng was furious.

"Ranzi! You can even stand this anger?"

"Why can't I, these people are no different to me than mere ants, I can't afford to expose my whereabouts for these mere ants!"

Lin Ran said indifferently.

"But ...."

Wang Yifeng was a little upset.

Lin Ran, however, waved his hand and said.

"Don't be in a hurry, there will be plenty of opportunities when we get into the ruins, why care about this moment!"

"That's right! Damn it, when we get into the ruins I'll beat this wolf bully into a wolf cub!"

Wang Yifeng said angrily.

Lin Ran laughed and didn't say anything, and the three of them soon found a place to sit down and rest again.

Throughout the night, the wolf bully would occasionally make provocative gestures towards Lin Ran's direction, as if he was showing off his strength.

Wang Yifei was so angry that he gritted his teeth, but Lin Ran didn't pay any attention to him.
