

Wonder Doctor

Chapter 1381

“Bastards! After them!”

“Chase!”

The Heavenly Wolf King and the Heavenly Crocodile King rushed towards the Yellow Spring Waterfall almost simultaneously, and the few men beside them followed one by one.

At this moment, the Six Sons of the Void also moved at this moment.

They had come in earlier than the Heavenly Wolf King and the Heavenly Crocodile King, but they had been injured to varying degrees in their previous fights with Lin Ran, and they were also afraid of Lin Ran, so they didn't dare to go up there for a while, and they had been cultivating at the Yellow Spring Waterfall for a while before they saw the Heavenly Wolf King and dared to follow him.

They had an agreement with the Sky Wolf King before, and with the face of their own Void Elder, they thought that the Sky Wolf King would not go back on his word.

Behind them, there were still cultivators rushing in and climbing the Yellow Spring Waterfall, but it seemed that all of them had checked out Willow City's Lost City Ruins strategy, so none of them went towards the left side of the Heavenly Bridge like Lin Ran did, and all of them went towards the right side, even the Sky Wolf King and Sky Crocodile King went towards the right side.

And at that moment, on the left side!

Lin Ran had been running for about half an hour, and the mists around him were already so thick that he couldn't see his fingers.

And Lin Ran gradually began to notice a strange appearance within his body, the kind of thing that was so wonderful that he couldn't catch it, but he could feel something entering his body.

“Master, this fog is poisonous, if you don't get out within an incense stick, you will be poisoned!”

Qing Zi's voice suddenly rang out.

Before Lin Ran could worry, Pillow Book's voice followed suit.

“Kid! She's right, and I can also tell you that there's something weird about this mist, you'll never be able to dispatch the speed poison in your body if you're inside the mist, no matter what you have to quietly find a place to get out of here!”

“Hm!”

Lin Ran nodded, he also wanted to get out as soon as possible, but at this point he had to be able to do the dao as well.

Because the mist was so big, Lin Ran couldn't even see clearly ahead of the road, the good thing was that there was only one road here at the moment, so Lin Ran didn't need to worry about getting lost.

However, Lin Ran's fears soon came true.

After about ten minutes of walking through the mists, a fork in the road actually appeared ahead.

At that moment, almost an hour had passed since he had entered the mists, and it had been an incense stick of time since the toxin in his body had appeared, so Lin Ran's face was clearly starting to look a bit unpleasant.

"Give me the Triangular Electric Snake Egg!"

Lin Ran greeted, and soon the pillow book moved the Triangular Electric Snake's eggs out.

At this point, they had already come this far, so if they turned back, not to mention whether it would be too late, the poison in Lin Ran's body would only get worse.

Lin Ran held the eggs and tested each of the three intersections, and soon found that the triangle of electric snakes' senses were obviously more intense on the road directly in front of him.

"Go!"

Lin Ran didn't delay, and immediately carried the Triangular Electric Snake Egg and continued on his way.

This time, Lin Ran's pace soon came to a halt as he noticed that there were actually a lot of corpse bones on the road ahead.

These bones had long since weathered and would instantly turn into dust at the slightest touch.

And there were quite a few such bones, with a dozen or more found one after another from the first one.

And these people were obviously dressed differently, not a wave of people at all.

"There's something wrong with these people!"

Lin Ran discovered a human problem after rummaging through them, many of them had been scavenged clean of their belongings and had actually ended up all gathered in one of them.

This situation was very much like the later ones had scavenged all of these people's things, but ended up dying here themselves.

Seeing this situation, Lin Ran couldn't help but frown slightly.

This did not bode well for him, so many people had died here, so who was he, Lin Ran, to leave?

"Onward to see!"

Lin Ran looked ahead, ? He had already persevered to this point, it would be a shame to stop, since he had already arrived here, he would continue on to see what was best in the depths of the mists.

Even if it was a desperate path, at least there would be no regrets left in his heart.

Passing through the corpses, Lin Ran continued on, and as expected, this time he soon saw the end of the Bridge to Heaven.

However, when he saw what was at the end, his heart went cold.

Between them, at the end of the Heavenly Bridge, there was a huge jade gate.

The gate was outrageously high, inlaid with round nails carved from jade, and the overall look was simply as shocking as it could be.

Because the gate was so big, Lin Ran could not even see clearly whether there was a building above it, but could only see a gate blocking the way.

Lin Ran went up and tried to push it, but he found that the jade door did not move at all, and there were even many dried blood stains on the door.

But the final result was that almost all of them died here.

“This is really troublesome now!”

Looking at the triangular electric snake at this moment, the small snake inside reacted significantly more violently, but Lin Ran’s heart was screaming in agony.

Originally, he thought that there was something here that was attracting the Triangular Electric Snake eggs, but when he really got here, he found that the huge jade gate had become his biggest problem this time, and if he didn’t think of a way to get in, he was afraid that he would soon die here permanently, just like those corpses outside.

“Little one! I’ve brought you here, so help me!”

Lin Ran was somewhat helpless, the bile changes within his body had already begun, he could even feel the true qi in his body draining away, but he was unable to do anything about this toxin at all.

As he watched the triangular electric snake eggs continue to change in response to himself, Lin Ran was unable to do anything at all.

He ended up sitting on the ground, leaning his back against the huge jade door behind him, the toxin in his body was already eroding his true qi, causing him to lose his true qi a few points faster.

With his true qi running, he could at least slow down the effects of these toxins on him, but if he delayed any longer, he feared that he would soon reach a point where he would not even be able to use his true qi.

The only thing that awaited him then was death.

Lin Ran hugged the Triangular Electric Snake Egg and saw that he was somewhat dazed.

“Could it be that he had really bet wrong this time?”

Lin Ran closed his eyes, with helplessness.

At this moment, even he was a little bewildered as to why he had come here, if he hadn’t entered this Lost City Ruins, he might still have the qualifications to be able to delay, but now it seemed that it was all too late.

Lin Ran opened his eyes again, but then his whole body froze, the triangular electric snake egg that he had been holding in his hand had disappeared.

But he had clearly not even felt it just now.

“Where did it go!”

Lin Ran’s heart was greatly alarmed, and he was busy standing up while holding the jade door, but by now his face was already a little blue, a clear sign of poisoning.

“Rumble!”

Suddenly, just as Lin Ran’s heart was wondering, the huge jade door to his side actually cracked open a gap out of thin air, and at the same time he saw the triangular electric snake’s egg actually poking out a corner from inside, as if greeting him to enter!

“Shit! Survival from the dead!”

Lin Ran was so excited that he didn’t care about anything else and entered the jade door with a flash.

Chapter 1382

As soon as he entered the jade door, there was a loud “rumbling” sound behind him and the huge jade door had closed again.

The cold air choked him as soon as he entered the jade door, making him feel a bit more awake.

He was busy sitting on his knees and didn’t care to look around him,? At this point, he had already discovered that he could sense the toxins in his body, so he closed his eyes and began to force out the toxins in his body.

Time passed by minute by minute, and soon on the ground where Lin Ran was sitting, a large reflective red liquid had appeared, those who knew this was the toxins Lin Ran had sent out, those who didn’t know might have thought this was Lin Ran’s blood.

“Phew!”

Lin Ran finally breathed a long sigh of relief, for two whole hours, Lin Ran had finally dispatched all the toxins from his body.

Only then did he realise that the true qi behind this jade door was surprisingly very dense, originally even more dense than the true qi at the Yellow Spring Waterfall.

Lin Ran opened his eyes to look ahead, ? Only then did he have the time to survey the situation behind this jade door.

He saw a huge martial arts arena in front of him, and at that moment there was a figure sitting on the arena, with his back to Lin Ran, as if he was meditating, but Lin Ran understood that this was a dead man.

He could not feel a trace of his opponent’s breath.

Lin Ran slowly walked up to the martial arts arena and looked around.

He saw that the martial arts arena was very spacious and apart from the middle of the arena, there was a big road at the back that led to nowhere, except that there was a lot of white mist floating in from inside.

And these white mists were clearly condensed true qi.

Lin Ran slowly came to the front of the figure, and only then did he see clearly that the one sitting at the end was actually an old man.

The old man's beard was white and he was sitting motionlessly on the ground, and on the ground in front of him was a long brocade box.

The box had been opened and a white snake was lying inside.

"This"

Lin Ran looked somewhat puzzled, not knowing what was going on.

However, there was suddenly a ripple of space beside him, followed by the pillow book and Qing Zi but at the same time they appeared.

The two of them looked at the old man in front of them with an excited expression, and actually exclaimed at the same time.

"Empty Daoist!"

"What Empty Daoist?"

Lin Ran heard in a cloud of confusion, not knowing what it meant.

Qing Zi, however, was busy saying.

"He's Daoist Empty, a great power from the Immortal World!"

"Huh?"

Lin Ran's eyes were filled with shock at his words.

"That can't be right, a great power of the Immortal Realm, how could he die here, from what I heard from the Sky Wolf King and the Seven Sons of the Void earlier, this place seems to be the territory of a powerful person from the Void Sect!"

It wasn't surprising that Lin Ran had suspicions, which of the great powers from the Immortal Realm weren't incredibly powerful, how could they have been killed by a small sect powerhouse from this foreign demon domain, it was obviously somewhat unlikely.

"What if that Void Master is also from the Immortal Realm!"

The Pillow Book suddenly spoke up.

"No way!"

Lin Ran frowned.

“There’s nothing it wouldn’t!”

Pillow Book said instead.

“This Fey Demon Domain originally made me feel and feel strange, don’t you think that this Fey Demon Domain is actually more like a small world?”

“Weng!”

Lin Ran’s head was suddenly confused at his words.

“A small world?”

Lin Ran’s mind completely changed.

In his mind, this Fey Devil Domain was at most similar to the Skywolf Domain, both belonging to a closed off place on Earth.

However, the concept of this small world had completely changed.

A small world has its own independent living environment, which is a completely different concept compared to a territory. The concept of a small world was completely different from that of a territory.

This was the reason why Lin Ran had never wanted to enter the Small World of the Pillow Book.

In his opinion, entering the small world was like leaving the Earth, whereas entering the territory was like entering a formation, which were two completely different meanings.

“Empty Daoist is a prestigious existence even in the Immortal World, if this Void Master is not very strong it is simply impossible to kill him, when this situation in front of us now has illustrated this!”

“Do you still remember the year before the Breaking War began, it was not long after your ancestor, the Nine Heavenly Mystic Maiden, returned, at that time my memory had not yet fully recovered, at this time in thinking about it I am even more certain that this Void Master must also be from the Immortal Realm!”

“And it looks like there were quite a few enemies coming from the Immortal Realm back then, which is why it gave birth to that battle of destruction!”

Pillow Book said a lot in one breath, and as he listened, Lin Ran also frowned, eager to know what had actually happened back then.

“Since we know he is Master Khongkong, then this little snake in front of him didn’t run away, this is none other than the Triangular Electric Snake, and that’s why the Triangular Electric Snake eggs have a sense of this place!”

The pillow book pointed to the brocade box on the ground.

Lin Ran also had a moment of clarity at this time, and was busy turning his head to look, only to see that the triangular electric snake inside the wooden box was suddenly floating up out of thin air.

And at this moment, in the sky above, the egg of the triangular electric snake was slowly rotating, as if it was summoning this triangular electric snake.

“Weng!”

Suddenly, the speed of the Triangular Electric Snake’s egg suddenly accelerated, and the dark red stone wrapped around the outside also began to rapidly mist up, actually forming a red mist that wrapped the Triangular Electric Snake’s mother snake into it as well.

“This!”

Lin Ran looked dumbfounded, not expecting this scene to occur.

“I’m afraid that this little snake is absorbing the last bit of power from the mother snake, this is a sort of inheritance for it!”

The pillow book sighed.

“Ai! What the hell happened back then!”

Lin Ran sighed with some regret, although he had found this place and learnt a lot of secret secrets, all he had always seen were corpses, so it made him feel a little lost in his heart as well.

The pillow book and Qing Zi were even worse, looking at the old friend they knew back then now dying tragically in the foreign demon realm, I’m afraid their mood would only get worse.

“Help him bury it!”

Lin Ran said, and then walked over towards the side of the martial arts arena, before digging a pit in a relatively flat place to bury Daoist Empty.

Pillow Book and Qing Zi didn’t say anything, as the saying goes, if they were faced with this situation in the Immortal World, they would have chosen to simply burn it down and be done with it.

But here, it was natural to respect the local customs and go into the ground.

Lin Ran placed the remains of the Empty Daoist into the pit, quickly filling in the earth and erecting a monument.

However, just at that moment, Qing Zi, who had remained on the martial arts field, suddenly exclaimed.

“Master, look, what is this!”

Lin Ran was stunned and was busy running over, only then did he realise that there was a wooden box pressed against the place where the Empty Daoist had been sitting before.

The wooden box was very partial and the contents should be something like a very thin paper. Lin Ran opened the wooden box and as expected there was a drawing inside.

Lin Ran looked at it and found that he could not understand what was marked on the drawing, but at the top of the drawing were a few big words that he recognised.

“Puppet Yu Chang Manufacturing Drawing!”

Chapter 1383

“This is a drawing of a kind of puppet making, when Daoist Empty was in the Immortal World, apart from being famous for travelling through the void, and he himself was an expert at making puppets!”

The pillow-side book spoke, while taking the drawing out of Lin Ran’s hands and placing it in front of his own eyes to look at.

After looking at it for a short while, Pillow Book continued.

“This is a puppet created after arriving on Earth, it’s not perfect due to the limited materials on Earth, and its strength is roughly at the half-step God Creation realm, but it’s already considered a very strong existence here in your area!”

“Half-step God Creation Realm?”

Lin Ran’s heart stirred as he listened.

“Then where is this puppet now?”

Just kidding, if he could obtain such a puppet, when the time came, not to mention the Heavenly Wolf King, even if all of their domain kings came, Lin Ran would not be abashed, although his strength was only one step away, this step was like ascending to the heavens.

Although their strength was only one step away, this step was like ascending to the heavens. Those of them who could reach the peak of the Dan-making realm were not gifted, but they still did not show signs of breaking through for decades.

At this level of strength, it is no longer a matter of intelligence, but of comprehension of the Dao and chance.

When the opportunity arrives, coupled with a deep enough comprehension of the Dao, one can sense the true self and shape the true God.

But if one of the two is missing, I am afraid that it is impossible to reach the God-making realm in this lifetime, and the strength of the God-making realm is much stronger than that of the Dan-making realm, even if it is only half a step.

But there was a reason for everything, and the fact that it was difficult to cross into the God Creation Realm with the Dan Creation Sutra also illustrated, from the side, just how terrifying the God Creation Realm really was.

“Kid! Don’t think about it, this puppet is obviously not here, otherwise you think you would still be alive?”

The pillow laughed.

“Fine!”

Lin Ran was a little helpless, such a good thing was actually not here, it was really a pity to think about it.

“What are you sorry about? Ah, I said it wasn’t here, but I didn’t say it wasn’t in this Lost City ruins!”

The pillow said without a good word.

“You know where it is?”

Lin Ran asked with a shock in his heart.

“Nonsense! You didn’t even look at the back of the drawing yourself to blame me!”

The pillow side book said and turned the back of the drawing over, Lin Ran was dumbfounded, only to see that there were actually a lot of small letters on the back seemingly like a letter.

“This back was written by the Empty Daoist before he died, it states that it wasn’t the Void Master who killed him, but a foreign demon! Back then, he killed the Void Master when he came here to kill him, but unfortunately he was killed by the foreign devil that arrived!”

“Before he died, he ordered the puppet to hide in the Void Master’s chambers, seemingly to avoid the foreign devil wearing the puppet down!”

The Pillow Book said.

“It’s not surprising that someone like Master Void, who loves puppets like his life, and each puppet is like his child, would do this!”

“Master Void’s bedchamber?”

Lin Ran was stunned to hear that, that seemed to be on the right side of the Tongtian Bridge, right? No wonder he hadn’t found it here, it turned out that he was walking in two directions that were simply diametrically opposed to the puppets.

“Forget it, let’s talk about it later!”

Lin Ran said helplessly, at this point, he thought there must have been a lot of people on the other side of the Tongtian Bridge who also didn’t know what was going on.

As for the puppet Yu Chang, it was indeed a bit too early to think about it.

Lin Ran then went back to the martial arts arena to see the situation of the electric triangle snake.

At this moment, the Triangular Electric Snake was still wrapped in a layer of red fog, so Genben couldn’t see what was going on inside.

“Hey! Forget it.”

Lin Ran sighed, now the Triangle Electric Snake didn’t know how it was, instead he was here with nothing to do.

Suddenly, Lin Ran noticed the white mist, just now he himself was curious as to how there was such a dense true qi here, thinking of this, Lin Ran immediately walked towards the main road at the back of the martial arts arena, ready to go to the back and see what was there.

After passing through the martial arts arena, Lin Ran soon arrived at the main road, which did not look like it led to the residence either, but rather, it looked like it led to somewhere.

At that moment, Lin Ran stopped thinking and immediately walked along the road.

There was white fog all around the road, yes it was the kind of white fog that was condensed from true qi, and as he got closer to the inside, Lin Ran noticed that the white fog was getting thicker and thicker, as if it didn't need money, it was floating everywhere.

"Hmm?"

Suddenly, Lin Ran stopped in his tracks as he noticed that a huge pool of water had appeared not far ahead of him.

The pool was the size of two basketball courts, and at that moment there was clearly a lot of white liquid slowly flowing within the pool.

"This is?"

Lin Ran looked somewhat expectant, he could clearly sense that every single drop of the white liquid in this pool was clearly filled with true qi, so dense that it simply made his heart tremble, as if the entire water in the pool was condensed out of true qi.

"This is the true essence pool!"

Lin Ran exclaimed, while running directly to the front to check it out.

With this inspection, he was even more certain of his judgement.

So the true essence pool was actually not even close to the true qi pool, but this mere thought of difference was a world of difference.

True qi is something that is naturally nurtured in heaven and earth, while true essence is absolutely different from true qi.

True qi only forms a drop of true essence after it has run through a practitioner's body and then merges into the Dantian vortex.

However, what Lin Ran had in front of him at this moment was a pool of true essence, which was definitely not much less tempting to Lin Ran than a triangular electric snake.

At that moment, Lin Ran didn't want to be afraid, so he jumped into the pool of true essence in one leap.

There was just nothing to do at this time, so Lin Ran prepared to cultivate properly within this True Essence Pool.

The pillow book had said that the pill from the Immortal Emperor would allow him to reach the peak of the Dan Creation Sutra, and that he would not be able to break through to the God Creation Realm in this year, but it did not say that he could not break through to the half-step God Creation Realm.

If he could break through to the half-step God Creation realm himself here, it would definitely do him only good and no harm.

After all, if he was in a foreign devil domain, the stronger he was, the more chances he would have of leaving.

With a “flop”, Lin Ran’s entire body had already jumped into the True Origin Pool.

In an instant, he felt that countless true essence was continuously pouring into his body, nourishing his limbs and bones.

Unlike dragon qi, which was the root of every human cultivator, dragon qi was somehow more like a rare and wondrous treasure of heaven and earth.

After all, in the Dragon Family, this Dragon Qi was extremely rare, which was enough to show that it was something that the Dragon Family could not even artificially get out, which determined its preciousness.

As true essence continued to gush into his body, Lin Ran’s entire body quickly fell into cultivation.

At the same time, Pillow Book and Qing Zi also emerged, such a huge amount of true essence Lin Ran certainly couldn’t absorb completely by himself, so the two of them were ready to help share some of it.

Lin Ran was not stingy, and soon had Pillow Book move Flame-Yan and the others out, so that they could each find a place in the true essence pool to start cultivating.

The most excited of them all would have to be Wolf Ba.

Although he didn’t know what this place was, but looking at such a dense pool of true essence in front of him, his whole body was filled with tears of excitement.

In his heart, he was even more grateful for his decision to follow Lin Ran, that was the importance of choosing the right follower.

If he had relied on himself, I was afraid that he might not have been able to find such a place in his generation.

Chapter 1384

Time passed by minute by minute.

At this time in the martial arts arena, the red mist was still wrapped around the triangular electric snake egg and the female snake.

Only, at this time, within the mist, the triangular electric snake that was originally inside the egg had already played to run out, and the resting dark red substance wrapped around it had all been fogged up, forming part of the surrounding red mist.

The triangular electric snake leaned close to the mother snake and seemed to have a sad taste, but at this time these Lin Ran and others were simply unaware.

A day soon passed.

After a whole day of cultivation within the True Origin Pond, Wang Yi’s life, Fire Yan and the others had long since become somewhat unbearable and had left the True Origin Pond to wander blindly around the martial arts arena.

Their strength was limited, while the energy of the True Origin Pond was exceptionally abundant.

In fact, they were also afraid that if they were to stay inside the True Origin Pool all the time, they would end up causing their bodies to not be able to bear it because the True Qi inside the pool was too dense, so after cultivating for a day, the group of them all left the True Origin Pool, except for Lin Ran and Pillow Book and Qing Zi who still stayed inside.

“Hey! What the hell do you guys think is in there!”

Fire Yan looked at the red mist on the martial arts arena only and was curious, but Lin Ran had explained before that they couldn't just touch it, so at this moment they didn't dare to go up there without permission or anything.

“If I were to say so, there's something odd about this thing, it should have been made by Ran Zi, otherwise it couldn't have appeared here out of nowhere!”

“Aren't you talking nonsense, we just want to know what it is!”

Zhao Yu also stood out at this moment and said in no good mood.

“Then I don't know, but if he comes out later and can eat it, I wouldn't mind helping you guys taste it first!”

Wang Yifeng laughed, in the small world, he hadn't eaten much meat, at this time he had a feeling that he wanted to change his taste.

However, as soon as he said this, the red mist in front of him was clearly stunned, and the speed of turning following it actually increased.

“Hey! Does it understand what I mean!”

Wang Yifeng not only laughed at this.

However, the crowd did not pay any attention to him, because at this moment, the red mist not only spun a few points faster, its colour also started to become more bright red from red, so red that it seemed to be able to drip out water.

“Holy shit! It can't really be that it understands Master Fatty's words!”

Wang Yifeng was also taken aback at the sight.

At that moment, there was an audible “click”, as if something had listed out of thin air.

A flash of lightning followed, and then Wang Yifei felt something fly past his eyes.

He was startled and subconsciously shouted.

“What is it!”

However, as his words rang out, the aura of lightning had already flashed away to who knows where.

Wang Yifeng was also frightened enough that a layer of cold sweat appeared on his head, and he was busy raising his hand to wipe it off.

Suddenly he felt a little cold underneath him, and then Zhao Yu's cry of alarm came from beside him.

“Wang Yifeng, what are you doing? Stinking rascal you!”

“Ah!”

Yu Wan also exclaimed out at the same time.

Wang Yifei was bewildered, and when he looked down his whole body froze.

His trousers had actually known when they had been unzipped.

“Holy shit!”

Wang Yifeng couldn't help but curse and was busy lifting his trousers up again.

“Look! Why is that red mist gone!”

Suddenly, Flame-Yan, who was next to him, exclaimed.

The crowd looked up and saw that the red mist that was still floating in mid-air had disappeared into thin air, and only a section of the snake's shed was scattered on the ground.

“Holy shit! There are snakes here?”

Wang Yifeng was startled and immediately looked around vigilantly.

But how could they possibly find it, because at that moment the snake had already reached Lin Ran in front of him in an electric flash.

The little snake was all snowy white looking at Lin Ran, seemingly in deep thought.

Only after a few moments did it violently fly towards Lin Ran's arm and then wrapped itself around Lin Ran's arm, soon actually turning into a tattoo of a snake that was embedded in Lin Ran's arm.

At this moment, although Lin Ran had some sense of this, he did not have time to care about it.

Because at this moment, his whole body was in a very wonderful realm.

It was as if he was waking up, but he knew that he was not waking up at all, because he could not control his body at all.

The feeling was like a ghost pressing on his bed, but Lin Ran could clearly sense that every drop of blood flowing in his body seemed to be under his control.

It was absolute control, absolute control over his own body, as if he was the master of his own body at this moment, whether it was life, death, or whatever! He was in clear control of it all.

No one could even destroy his own body as long as he did not want to.

At the same time, Lin Ran was surprised to discover that in the Dantian vortex within his body, there was actually a golden light that was taking root and sprouting.

That golden light seemed to be a person, a person who looked exactly like himself, but it was never able to grow, only that little bit of golden light was constantly floating, drifting, as if it was a flat boat on the ocean.

“It’s still not working! There’s still something missing!”

Lin Ran whispered softly to himself in his heart, he knew that he was at enlightenment, and that he was entering this kind of entry into the dao that others didn’t even dare to think about, which was the gateway to the God Creation Realm.

But this enlightenment, he was always still short of something, the golden light was never able to grow, as if a seed was planted in his dantian, but Lin Ran was unable to make it take root and sprout.

“What exactly is the difference?”

Lin Ran had helplessness in his heart.

“If you want to go fast, you can’t achieve anything! It’s already not easy for you to have this progress!”

Suddenly, an ethereal voice rang out in Lin Ran’s ears.

“Who are you?”

Lin Ran’s heart was shocked, this voice was clearly not that of Pillow Book or Qing Zi, yet it was as if it really existed in his mind, and he could hear it with such transparency.

“Don’t be nervous little one, I’m just a wisp of obsessive thoughts, I’m no threat to you!”

The ethereal voice rang out again.

“Then who the hell are you!”

Lin Ran asked once again, you say there’s no threat, but how can one trust you when they don’t even know who you are.

“Haha, you really are, it’s just that I’ll tell you, I’m the Empty Daoist!”

“Huh?”

Lin Ran froze at his words.

“You are Daoist Empty!”

Lin Ran’s heart became even more surprised.

“That’s right, I am, after I fell in the battle back then, my persistent thoughts attached themselves to this true qi cloud, because you absorbed too much of the true qi here, that’s why I was able to communicate with you, otherwise you wouldn’t have been able to hear me!”

Daoist Empty Sky laughed.

“Senior, so what did you mean before?”

Lin Ran asked, he knew very well in his heart that it was a very rare opportunity to have a great power from the Immortal World instruct him on enlightenment, so he naturally didn’t want to miss it!

However, Daoist Emptyrean smiled at his words and said.

“As always, if you want to get there quickly, you won’t get there, this true essence pond was left behind by Master Void, and is divided into a yin and a yang, the one here is the yang pond, if you want a clear enlightenment, you must also make a trip to the yin pond!”

“Yin pond? Where is senior?”

Lin Ran asked busily.

“It’s inside his chambers! O yes, my puppet Yu Chang is also there, if you don’t mind taking it out, he’s been here long enough too!”

Chapter 1385

“Senior, can you talk to me about the things that happened back then? For example, the Nine Heavenly Mystic Maiden’s!”

Lin Ran was busy asking, wanting to learn more about the events back then, but the Empty Daoist was silent for a moment, then said.

“I can’t remember a lot about what happened back then, and I don’t know how long this obsession of mine will be preserved, I only know that the Nine Heavenly Mystical Maiden seemed to have left here in the end!”

“But where she went I don’t know!”

“Left here? Why did she leave? Did she just give up?”

Lin Ran was busy with questions and answers.

The broken battle of the Fey Demon Domain back then was definitely the key, but in the end, why had his ancestor left?

“No! The Nine Heavens she wouldn’t have fled, there should have been some kind of reason for her to leave, but I don’t know why! You are too weak now, back then the broken war earth was just a battlefield, you don’t understand at all, want to know more you have to become stronger little one!”

Empty Daoist said.

“Then”

Lin Ran wanted to ask some other things, but Empty Daoist was the first to speak.

“Little fellow, it’s your destiny to come across me, but don’t expect me to help you much, the path of cultivation relies on yourself in the end!”

“Although this foreign devil domain is dangerous, opportunities also exist, as long as you have a firm enough dao heart, all difficulties can be overcome!”

With that, Daoist Empty’s voice had become more and more illusory, and had obviously left.

“Seniors! Seniors!”

Lin Ran tried to open his mouth to shout, but in the end, he did not receive a response from Daoist Empty.

“Yin Pond! The bedchamber, I have to go to the Yin Pond! Maybe I can even run into Daoist Empty!”

Lin Ran had made up his mind that enlightenment here was no longer effective, so at that moment he left the True Origin Pond.

“We have to leave now,? I’m going over to the chambers, you guys enter the small world for now!”

When he reached the martial arts arena, Lin Ran directly rushed to the few people.

“Good!”

The few people didn’t say anything, and one by one they all entered the little world of the Pillow Book at that moment.

In this Lost City Ruins, I’m afraid that only Wolf Ba’s strength would be able to go and break into it.

But this fellow was too reckless, and there were still the Heavenly Wolf King and Heavenly Crocodile King here watching over him, so Lin Ran was still prepared to act alone.

Putting the crowd away, he followed Lin Ran directly to the jade door.

Just as he was thinking about how to open the jade door, a lightning bolt suddenly lit up on his arm and the jade door in front of him actually opened on its own.

Lin Ran looked down at his arm, and there was a small snake coiled on it.

The trip had been worthwhile, as the triangular electric snake had apparently left its egg state and had hatched completely.

As for how far it could grow in the future, it would be up to him.

As he walked through the mist, Lin Ran couldn’t help but notice that with the help of the Triangular Electric Snake, the mists around him didn’t dare to come near him at all.

Not to mention the poison in the mists, which was of no use to him at all.

Soon, after half an hour, Lin Ran had returned to the middle of the Heavenly Bridge, which was also the very top of the Yellow Spring Waterfall.

He glanced downwards, and below the Yellow Spring Waterfall, there were still many people in retreat and cultivation, and it was obvious that these people were no longer prepared to come up.

And there was no longer anyone climbing on the Yellow Spring Waterfall, apparently after a day’s delay at the martial arts arena itself, most of the cultivators with a bit of strength had already headed to their chambers.

“Let’s go!”

At that moment, without delay, Lin Ran rushed in the direction of the right side of the bedchamber as well.

The passage ahead was similar to the one leading to the left, except that the one on the right was free of mists, and as the rush continued deeper and deeper, Lin Ran soon saw the figures of some cultivators.

And these people were all obviously stunned to see Lin Ran, as he had come in early by rights he shouldn't have arrived here now.

"You come here!"

Lin Ran shouted, pointing at one of the cultivators who was about to leave.

The other person's whole body shivered in fear, but he still walked over honestly.

"I I don't have anything on me, really There's really nothing!"

The pair put looked at Lin Ran very bitterly and said.

"I said I want your stuff?"

Lin Ran felt a little puzzled, he hadn't even opened his mouth yet, why was this guy scared like this?

"Aren't you also here to feel the fish?"

The other party looked at Lin Ran with some confusion.

"Groping for fish? What do you mean?"

Lin Ran didn't understand, and went and asked Wolf Ba at once...? Only then did he understand the meaning of groping fish.

It turned out that groping fish was a general term, talking about situations like Lin Ran's, who had obviously come in early but didn't go looking for something, but instead hid and waited for others to find something and prepare to leave, before looking for some weak ones to rob.

To put it bluntly, these people don't want to take the risk themselves, so they just stand guard outside and wait for others to come out before robbing them, because they can only rob people weaker than themselves, so they are also called gropers.

There are many such people in the Fey Demon Domain, but they are also very disgraceful, basically they are scolded once they come across them, and if they are caught by someone who is stronger, then they will almost be beaten to death.

"Who did you get groped by?"

Lin Ran looked at him and asked indifferently.

"Zhang... Zhang Dong!"

The other party said helplessly.

"Zhang Dong?"

Lin Ran heard but a chill flashed in his eyes, it was this guy who had tried to use Wang Yifeng and Huoyan as a human ladder before, never thought that now he would actually run here to feel the fish again.

“Go! Take me there!”

Lin Ran spoke.

“Huh?”

The other party smiled and shook their heads.

“Forget it, I’ve run out of stuff, he’ll kill me if I go back!”

“Don’t worry, I guarantee that he won’t be able to kill you, and at the same time return your stuff to you!”

Lin Ran laughed lightly.

“What’s your name?”

Lin Ran continued to ask.

“Tian Nong!”

The other party bowed his head and said.

“Good! Let’s go now, and pretend you’ve never seen me before!”

Lin Ran said with a wave of his palm, and instantly his body had disappeared from the spot.

But Tian Nong was the one who had Lin Ran’s voice ringing clearly in his ears.

“Let’s go!”

“Ao”

Tiannong had no choice but to turn his head and walk back towards the original path.

But with Lin Ran on his own at this time, he had a little more confidence, and the thought that he would be able to get back what he had been robbed of filled his heart with anticipation.

Tiannong hurried quickly and soon returned to the place where he had been robbed, and at that moment Zhang Dong was still this just a short distance away, except that there was actually an additional youth beside him, who was looking at him with a nod and a smile on his face.

“Who is this man?”

Lin Ran asked with a frown, Zhang Dong and that guy seemed to be in cahoots.

“That person’s name is Tao Tao, nicknamed Xiyang, he’s also a groping dog, I didn’t expect him to be working with Zhang Dong!”

Tian Nong said with a frown.

Lin Ran nodded at his words, two fish groping dogs were just two fish groping dogs, he really didn’t put them in his eyes.

At this moment, he also saw that there were two people directly in front of Zhang Dong and that Xiyang Taotao, these two people were obviously weaker than Zhang Dong and the two of them.

And at this time they were holding a potted plant in their hands, which seemed to be ready for Zhang Dong.

Chapter 1386

“That’s a Spirit Rhyme Fruit?”

Seeing that plant, Lin Ran couldn’t help but be stunned, this Spiritual Rhyme Fruit could improve one’s cultivation qualifications, it was very effective for some people who had just started, and it was very rare, he didn’t expect that it was actually found here.

Only that it was precious, but it was not attractive to Lin Ran, what he cared about most at this moment was that Zhang Dong, and the other groping dog, Xiyang Taotao.

“Tiannong? Why are you back again? What’s the matter? You’ve come across something good again and you’re rushing to deliver it to me!”

When he saw Tiannong, Zhang Dong immediately smiled.

“Brother Dong, one look at me and I’m afraid this kid is not willing, the one you just robbed is a heavenly gold stone worth a lot of money, I’m afraid this kid is not willing to part with it!”

Xiyang Taotao, who was at the side, laughed.

However, Zhang Dong lifted his hand and slapped him directly on Xiyang Taotao’s face when he heard that.

“Put your mother’s fart, Laozi this is the fucking strength to touch the fish, what do you mean by robbing?”

“Yes Yes! Brother Dong has taught you a lesson!”

Xi Yang Tao Tao was busy making up a smile, but there was a cold aura in his eyes.

“Damn it! What touching fish, not just robbed, encounter powerful you Zhang Dong not also goose!”

“Tiannong, what’s the matter hurry up and get lost, in the way here, believe it or not I even pull your clothes out!”

Zhang Dong turned his head to look at Tiannong, full of disdain said.

“I I’m just here to look!”

Tiannong didn’t know what to say for a moment, and actually opened his mouth to reply.

Lin Ran heard a little speechless, this Tiannong seemed to be an honest person usually, he was all over him at this moment and he actually managed to say something like he was just coming back to take a look.

“Come back to take a look? Haha! Fine! Then you just watch!”

Zhang Dong was also amused, and at that moment, he stopped paying attention to Tian Nong and turned his head to look at the Spirit Rhyme Fruit potted plant in his hand.

On this Spirit Rhyme Fruit potted plant, there were a total of two fruits, and it looked very attractive.

“Damn it! Even though I can’t use it, I can still sell it for a good price!”

Zhang Dong had greed in his eyes and was about to pick one of them right away.

But at that moment, Xiyang Taotao, who was on the side, opened his mouth and laughed.

“Winter Brother Dong, can you give me one too? You see I helped you so much, no credit too”

“Also your mother than! Just you still want it, believe it or not I’ll get you killed now!”

Zhang Dong kicked Xiyang Taotao’s buttocks and said unceremoniously.

He was so scared that he didn’t dare to talk any more nonsense.

Only then did Zhang Dong turn his head and prepare to continue picking the Spirit Rhyme Fruits.

However, at this moment, he suddenly heard a “whoosh” sound, and a stone shot out of nowhere.

However, the stone had already hit his head with a bang, and blood immediately flowed.

“Holy shit!”

Zhang Dong was furious and grabbed Xiyang Taotao’s collar, followed by two slaps, which made Xiyang Taotao cry.

“Brother Dong, why are you hitting me? I don’t even want this fruit!”

“Fuck you! You still want the fucking fruit? Tell me if you just attacked me!”

Zhang Dong said angrily, the direction of this wound was clearly where Xiyang Taotao was standing who else could it be but him.

“Brother Dong, you are mistaken, where I dare to sneak attack you ah!”

Xiyang Taotao’s face was confused, full of aggravation said.

“It really wasn’t you?”

Zhang Dong’s eyes narrowed slightly, looking at Xiyang Taotao but was a little suspicious.

“It really wasn’t me, Brother Dong you just lend me two guts, I wouldn’t dare!”

Xiyang Taotao said.

Zhang Dong frowned and gave him a bland look, seeing that he did not look like he was pretending, before he turned his head and prepared to continue picking Spirit Rhyme Fruits.

“Whoosh!”

But just at that moment, another sound of breaking air suddenly came.

Zhang Dong had been alert at this point, and immediately turned his head to look, and instantly saw clearly that the stone was really thrown by Xiyang Taotao, and that stone had clearly flown over from Tian Nong's location.

"Motherfucker!"

Zhang Dong was instantly furious, holding the potted plant and walking directly towards Tiannong.

At this moment, Tian Nong was standing in place with his whole body tense, naturally he knew exactly who had hit the stone, but at this moment he had no choice if Lin Ran didn't show up.

"You're fucking looking for death!"

Quickly stepping in front of Tiannong, Zhang Dong raised his hand and greeted the former's face.

Only when his palm was about to fall, a figure had already appeared in front of him out of thin air.

Zhang Dong was just about to turn his head to see who it was when? The next moment the palm of his hand had already been pinched around his neck.

"You"

Zhang Dong's face instantly changed.

"Lin Ran?"

The side of Xiyang Taotao was even more shocked to see Lin Ran, he was present when Lin Ran fought with the Sky Wolf King and the Seven Sons of the Void before, so he naturally knew how terrifying this guy was.

At this moment, Lin Ran was directly targeting Zhang Dong, so he obviously had a grudge against him, and he had just been in the same boat as Zhang Dong.

Thinking of this, Xiyang TaoTao even had the heart to die.

"Run!"

Xiyangtaotao made up his mind and turned around to run, he was sure that at this moment Lin Ran was not paying attention to him at all.

As a result, his feet had just taken a step, when he heard a "scuff" sound, a long sword had already pierced the ground in front of him.

"If you want to die, move one step!"

Lin Ran turned his head to look at Xiyang Taotao, there was ice cold in his eyes.

"No Don't dare! I don't dare!"

Xiyang Taotao was so frightened that he didn't dare to breathe, standing in place and not even daring to move.

"You? What do you want!"

Zhang Dong looked at Lin Ran with panic in his eyes.

“What do I want? What are you doing! I’ll do what!”

Lin Ran laughed lightly, following which he directly threw the Spirit Rhyme Fruit potted plant in Zhang Dong’s hand to the two men who had been robbed at the side.

“Bring me everything you robbed, or die now!”

Lin Ran then looked at Zhang Dong and said indifferently.

“You!”

Zhang Dong was so furious at his words that his face turned blue, but at this moment, facing Lin Ran, he had no intention of resisting, so he could only take out all the things he had robbed from his whole body at that moment.

“And you!”

Lin Ran turned his head and looked at Xiyang Taotao.

“Huh?”

Xiyangtaotao froze, but followed and took out the things he had grabbed as well.

There was instantly a large pile of stuff on the ground, with spirit fruits and weapons, magic weapons and scrolls, and so on, so it could be said that there was a variety of everything.

“You really aren’t picky about your food!”

Looking at the floor full of things, Lin Ran laughed helplessly.

But Zhang Dong’s face was ugly, damn this is all his hard work to feel, but now

The more he thought about it, the more he regretted it.

Who touched who in the end!

“Take your stuff back!”

Lin Ran looked up at Tiannong.

Tiannong was delighted at his words and busily went forward to take his things back.

This scene looked angry and helpless in Zhang Dong’s heart, if he had known earlier he should have just slapped Tiannong to death, he wouldn’t have ended up in this situation.

Now, he had lost his stuff, and it was a matter of whether he could even save his life.

Thinking of this, Zhang Dong looked stiffly at Lin Ran and spoke.

“Lin Ran the stuff has been given to you, you can let me go now!”

Chapter 1387

While speaking, Zhang Dong's palm was behind his back as he gently took out a jade talisman and crushed it.

"Let you go? Then you'll have to ask them if they agree!"

Lin Ran said with a wave of his palm, and at once, Flame-Yan and Wang Yifeng appeared beside him.

As soon as the two saw Zhang Dong, they both had anger in their eyes.

Especially Fire Yan, before being treated like a human body by this guy almost caused himself to be in the inner river of the Yellow Spring Waterfall, fortunately Lin Ran arrived in time, otherwise he would have been returned to his place by now.

Spare him Zhang Dong? That was simply refusing to be able to.

"They are simply no match for me!"

Zhang Dong looked at Lin Ran, wondering what kind of medicine he was selling in his gourd.

"Is that so?"

Lin Ran laughed at his words, and instantly slapped out a slap, and instantly a wave of true qi blocked the true qi within Zhang Dong's body, much like Wolf Bastard did before.

"Now what?"

Lin Ran looked at Zhang Dong with a smirk in his eyes.

"You!"

Zhang Dong's eyes were filled with anger, but what could he do at this point, his entire body's true qi had been locked up by Lin Ran, and he was no different from an ordinary person.

"You guys are on your own!"

Lin Ran said at Wang Yifeng and Huo Yan, then he stopped paying attention to Zhang Dong and walked straight towards Xiyang Taotao on one side.

"Don't Don't kill me, I was forced to by Zhang Dong, I don't want to be a groping dog either!"

Xiyang Taotao looked at Lin Ran with panic in his eyes.

"Forced? Oh!"

Lin Ran smiled indifferently, not bothering to say much to him at all, and raised his hand to strike Xiyang Taotao's chest directly, and immediately the latter's strength was locked up.

Following this, Lin Ran kicked him to the side into the crowd of people watching, many of whom were people who had been groped by him and Zhang Dong.

At this moment, when they saw how Xiyang Taotao looked, they all gritted their teeth and wanted to rush up and get him killed.

"His strength has been sealed by me, so you guys can take revenge!"

Lin Ran shouted at the crowd, followed by turning around and leaving.

And the next moment, the back was already in complete chaos.

Countless cultivators pounced towards Xiyang Taotao with fury.

Fang Tang, however, turned around and walked towards Zhang Dong's position again.

It had only been a few minutes, but under the greeting of Wang Yifeng and the flames, Zhang Dong's entire face had completely changed.

His head was swollen like a pig's head, and even his face was covered in blood.

"Haha! Lin Ran you think you've won like this?"

Seeing Lin Ran return, Zhang Dong gritted his teeth and sneered.

"Or what?"

Lin Ran had a bland look on his face.

"Hmph! So what if you sealed my strength, so what if they killed me!"

"You and they will die all the same!"

Zhang Dong laughed.

"Laugh your ass off!"

Seeing this, Wang Yifeng raised his hand and gave Zhang Dong a mouthful, directly on his face.

Firebrand also gave him a good beating without ceremony.

Lin Ran, on the other hand, looked at Zhang Dong indifferently without saying a word, and after a moment he suddenly thought of something and looked to the side with a slight frown.

"Haha! You feel it? But it's already too late! The Heavenly Crocodile King's people will be arriving soon!"

Zhang Dong laughed coldly.

Lin Ran's eyes chilled at his words, and a cold aura flashed as he instantly touched Zhang Dong's neck.

And the next moment, a large amount of blood had flowed directly down Zhang Dong's neck.

"Go!"

Lin Ran's face was ugly as he raised his hand and took the two Wang Yifeng into the small world, then turned around and continued to rush towards the front.

And at this moment, to one side, Lin Ran could clearly feel an aura rushing towards him.

"Stand still!"

Sensing Lin Ran's breath begin to move, the other party directly let out a violent shout.

Lin Ran turned his head to look and found that, as expected, the other party was none other than the Heavenly Crocodile King's people.

Having spotted the throwing party, Lin Ran suddenly stopped.

This action caused the other party to be stunned and follow suit.

Only then did it occur to the other party that he had rushed over by himself, but Lin Ran's strength was simply not something he could deal with.

Putting it down he busily fished out a jade talisman from his hand and was about to crush it at once.

Lin Ran's eyes snapped cold when he saw this, and he charged towards the other party with all his might.

"Eh?"

The Heavenly Crocodile King's men were also startled at the sight of this, and hurriedly turned around and ran.

However, in front of Lin Ran, his speed was simply not enough.

In almost a flash, Lin Ran had already arrived in front of him, and then struck a palm directly towards the other man's arm.

Lin Ran's speed was so fast that? The opponent hadn't even reacted at all, and his entire arm had already shattered with a "click".

"Bastard!"

When the other party saw this scene, there was madness in his eyes, and his entire body glowed brightly, and a white light instantly appeared on him.

"Eh?"

Lin Ran's eyes chilled at the sight, and he turned and ran.

This man was truly a madman, as soon as he saw that he couldn't defeat him he directly chose to blow himself up.

"Bang!"

An explosion sounded from behind, and the huge explosion directly engulfed the jade talisman as well, instantly being churned to pieces.

With this notice, at the front entrance of a palace, the Heavenly Crocodile King was looking at the palace in front of him in a daze.

"My lord, the Heavenly Wolf King has already gone in with the Seven Sons of the Void, shall we not go in yet?"

A henchman next to him asked respectfully.

“There’s no rush! I always feel like that Lin Ran kid didn’t come in! Otherwise, how else could there be not even a single scent left behind all this way over!”

The Heavenly Crocodile King’s eyes narrowed slightly as he looked at the huge palace entrance in front of him, thoughtfulness in his eyes.

“Weng!”

Suddenly, the Heavenly Crocodile King felt a tremor out of thin air, while he turned his head to look behind him.

The tremor was coming from behind him, and he was certain that it was a message from his own men after they had crushed the messenger.

“Go! Lin Ran is really behind us!”

Without hesitation, the Swan King was the first to rush towards behind him with a command.

“Follow!”

A large group of people at the back were also busy following at this time, and a group of people rushed towards the back in a vast manner.

At the same time, Lin Ran also suddenly felt a powerful aura rushing rapidly towards him.

“The Heavenly Crocodile King! It’s still been discovered!”

There was an icy coldness in Lin Ran’s eyes.

At this moment, the Heavenly Crocodile King was charging ahead of him towards himself, and he was preparing to go to Master Void’s chambers, so he would have to meet up with the Heavenly Crocodile King in order to do so.

“The Heavenly Wolf King doesn’t seem to be around, so this is an opportunity!”

Thoughts scurried through Lin Ran’s mind, but he quickly dismissed them to himself.

If the Heavenly Crocodile King was here, then the Heavenly Wolf King wouldn’t be too far away either. If he fought the Heavenly Crocodile King at this moment, I was afraid that he would soon be entangled by the former.

And if the Heavenly Wolf King came over, then he would really be surrounded by enemies and would have no hope of escape.

Thinking of this, a cold aura flashed across Lin Ran’s eyes, and he immediately sped up his speed by a few points.

Since he couldn’t tangle with the Heavenly Crocodile King, he should simply pass quickly. He was bound to go to the Void Master’s chambers, so he couldn’t avoid this collision with the Heavenly Crocodile King.

Sure enough, after rushing for just a few more minutes, a large group of people appeared ahead of him, and the leader of them was none other than the Heavenly Crocodile King.

Chapter 1388

“Lin Ran! Let’s see you run there now!”

Upon seeing Lin Ran, the Heavenly Crocodile King instantly revealed a face of ecstasy.

“Run? Why should I run?”

Lin Ran looked at the Heavenly Crocodile King, his eyes bland, his face without the slightest fluctuation in expression.

“Humph! You’re still pretending with me at the end of your life, I’d like to see what you’re capable of, actually being able to kill Black Jin!”

The Heavenly Crocodile King said as his entire body’s aura surged, the clothes at his arms even burst instantly and his two large hands directly transformed into claws.

Obviously he knew that Lin Ran was powerful, so as soon as he came up, he directly used his true skills.

Lin Ran looked at the Heavenly Crocodile King but smiled blandly.

“My strength isn’t something that anyone can see just because they want to, Snake King Black Jin wanted to see it so he died, now I didn’t expect you to want to see it too!”

“Humph! Sharp teeth, I’d like to see if you have the ability to make me die too!”

The Heavenly Crocodile King coldly snorted without any more nonsense as his entire body’s aura surged up and pounced straight at Lin Yet.

“Then watch out!”

Lin Ran’s eyes went cold almost simultaneously, following which his entire body quickly transformed into a stream of light, heading straight for the Heavenly Crocodile King.

“Die!”

The Heavenly Crocodile King’s double grasp swung violently, and instantly two claw marks seemed to be able to tear through the void as they came straight at Lin Ran.

“What a powerful aura!!!”

Looking at the two claw marks, Lin Ran couldn’t help but frown slightly.

Overall Lin Ran had already fought three of the Kings of the Realm, namely the Sky Wolf King of the Northern Realm, the Black Jin of the Southern Realm, and this Sky Crocodile King in front of him at this moment.

However, he found that this Heavenly Crocodile King’s attacks were surprisingly different from the other two as well.

For example, the Snake King, Black Jin, was proud by nature and did not even bother to play sneak attacks with Lin Ran.

But the Sky Crocodile King was the opposite of him since he would not hesitate to use any means to achieve his goal.

And this Sky Crocodile King was technically somewhat similar to Snake Black Kam, but more than that, this Sky Crocodile King had a feeling of looking out over the world, as if he was the sole centre of focus of the entire place as long as he was there.

“Bang!”

In the blink of an eye, Lin Ran and the Heavenly Crocodile King had already exchanged no less than dozens of rounds, and with each exchange, Lin Ran would find that this fellow’s power was actually gradually strengthening.

It was as if a layer of waves were constantly stacked on top of each other, and the more they fought the stronger they would become instead.

“What kind of gong technique is this?”

Lin Ran frowned as he watched.

“It’s a combat technique!”

Suddenly the pillow’s voice rang out in Lin Ran’s mind.

“A combat technique?”

Lin Ran was stunned at his words, this was really the first time he had heard of it.

“Yes this kind of fighting technique is very suitable for guys like the Sky Crocodile King Sky Wolf King whose original bodies are beasts, but this kind of fighting technique isn’t something that everyone would use, for example the Sky Wolf King certainly doesn’t care to use it! It has something to do with their original bodies as well!”

“The Sky Crocodile King’s essence should be a giant crocodile, good at water, and this kind of fighting skill of stacking waves is, to put it bluntly, a kind of evolution from the waves, so it’s not surprising that the Sky Crocodile King would know this kind of fighting skill!”

“So that’s how it’s going to be cracked?”

Lin Ran asked busily, this was really the first time he had come across it, so he was a little unsure of how to deal with it at this point.

“It’s simple, don’t drag it out with him, the longer you drag it out, the more you won’t be able to carry it! It must be done quickly!”

The pillow said.

Lin Ran smiled but was a little helpless, what was the difference between what was said and what wasn’t said.

“Forget it, let’s do it quickly!”

Lin Ran didn’t bother to think too much and made a decision right then and there.

Originally, his original intention was to not fight the Heavenly Crocodile King hard for the time being, and to enter the Void Master's chambers as his main priority.

Since he had run into it at this moment, he should engage in a fight for the time being and then find an opportunity to bolt.

With the idea of a quick battle, Lin Ran did not delay any longer, and the moment he struck was a killing move. The ice crystals of the Frost Condensation Sword blossomed, instantly forming a wall of ice crystals in front of Lin Ran.

Almost as soon as the ice crystal wall was formed, he heard a "bang" and his huge claws slapped over.

The defence formed by the ice crystals instantly collapsed, and the Heavenly Crocodile King's claw slapped directly towards Lin Ran.

There was a glint in Lin Ran's eyes, but he didn't act, instead, his body flashed and he directly passed over, followed by a backhanded sword slash directly onto the Heavenly Crocodile King's claws.

However, this Heavenly Crocodile King's leathery claws were as hard as the Snake King's black jin's snake scales, and for a while Lin Ran was unable to break through his defences at all.

"What a thick skin and thick flesh!"

Lin Ran couldn't help but curse.

Followed by another rapid convergence of ice crystals, forming a wall.

The Heavenly Crocodile King trended to not care at all and followed with another claw slap.

Lin Ran still dodged and stabbed a sword at the same time.

After several rounds of back and forth like this, the Heavenly Crocodile King's face suddenly sank and there was a fierce aura in his eyes.

Although Lin Ran could not hurt him at all, he himself could not do anything about it.

Thinking of this, the Heavenly Crocodile King's entire body's aura suddenly skyrocketed, following which in the next moment, he actually grabbed all of his two claws towards Lin Ran.

"Good opportunity!"

Lin Ran's heart was delighted at the sight, and immediately the Frost Condensation Sword shook, and the ice crystal layer coalesced once again, only this time it was very thin.

The Heavenly Crocodile King was unaware of this and his two huge hand grasps smashed directly onto the parallel ice crystal layer.

In an instant, the ice crystal layer cracked and shattered with a bang the next second.

At that moment, Lin Ran already had his Frost Condensation Sword in front of his chest.

The moment the Heavenly Crocodile King's hand grab broke through the ice crystal layer, there was only a "bang" sound and the hand grab landed on Lin Ran's chest longsword.

“Weng!”

The Frost Condensation Sword was directly slapped down by the Heavenly Crocodile King’s huge hand grip, and the next moment, a powerful force acted directly on Lin Ran’s body.

A hint of joy flashed in Lin Ran’s eyes, and the Zheng individual accelerated violently, quickly dashing right towards the back.

Almost instantly, he had already escaped the range of the Heavenly Crocodile King, and even those men around him hadn’t even noticed what was going on before Lin Ran’s figure had already rushed several hundred metres away.

“Bastard! Fooled!”

There was anger in the Sky Crocodile King’s eyes as his body surged and his hand grip reverted back to its human form, followed by a flip of his palm and a long black stick appeared in his hand out of thin air.

“Give me down!”

With a shake of the long stick in his hand, the Heavenly Crocodile King struck a stick in the air towards Lin Ran.

“Bang!”

The huge shadow of the stick headed straight for Lin Ran, as if it was a heaven-destroying divine pillar.

Lin Ran was also taken aback by this move and instantly dodged it with a sideways movement.

At this moment, the Heavenly Crocodile King was running towards him, and his body size was as huge as an ancient crocodile, which was very frightening.

But at this time, Lin Ran had already rushed to a safe area, trying to leave himself behind with a stick alone was obviously unlikely.

“Thanks for your help Sky Crocodile King!”

Lin Ran smiled at the Heavenly Crocodile King.

Hearing this, the Heavenly Crocodile King’s face was blue with rage.

The long stick in his hand fell again and again, but it could not help Lin Ran at all.

Soon, a huge palace had appeared in front of Lin Ran, if it wasn’t the Void Master’s chambers, who else could it be.

“Finally, we have arrived!”

There was excitement in Lin Ran’s eyes, and he did not stop to rush in towards the chambers.

Chapter 1389

“Bastard!”

Seeing that Lin Ran had actually rushed into the bedchamber, the Heavenly Crocodile King couldn't help but let out a roar of rage, followed by his entire body size violently changing back to normal size and following suit.

.....

At this time, within the chambers, in a very hidden underground building, the Heavenly Wolf King and the Six Sons of the Void were standing on top of an altar.

They are looking at the altar in the west at this time, their faces strained, not daring to make the slightest move.

Between them, on the altar below only, there were two figures.

One of them was lying flat on the ground, all that was left of him was dead bones, so badly weathered that even his robes were torn in many places, except for a staff next to him, which was still intact.

Next to this corpse, a figure stood straight ahead.

Even though his eyes were closed and he was not moving, he still gave people a heavy sense of oppression.

"Lord Sky Wolf King, how do you see our plan?"

The leader of the group told the Sky Wolf King about his plan this time, but the latter frowned when he heard it.

"Difficult!"

The Sky Wolf King spoke.

"This puppet is so strong that it is even above me only, I am afraid that in the entire Fey Demon Domain, apart from Lord Fey Demon, even the Four Generals are not their opponents!"

"Is it that strong? Old Master said that at most, they are only as strong as the King of the Domain!"

The boss said in surprise, and the other five were also surprised.

"Impossible!"

The Sky Wolf King frowned slightly.

"I can feel his oppression even as I stand here, his strength is definitely above mine only!"

"This"

The Six Sons of the Void were all a little confused at once.

The Sky Wolf King, however, pointed to the side of the altar below and spoke.

"As you can see, next to that altar is written "Trespassers, die!" I'm afraid this thing is really strong!"

“But since I have promised you before, I, the Sky Wolf King, will naturally go back to do it, I will go down later, but if I find that he is even stronger than me, then I will have to give up! The rest is up to you guys!”

“Good!”

The boss nodded at his words, he actually already knew it was the limit if he could get the Sky Wolf King to make it like this, after all, his own master’s face was on him, the ultimate man was not here.

The Sky Wolf King still had to go after and kill Lin Ran, so naturally he couldn’t possibly stay here for too long.

“Then prepare yourselves, I’m going down here!”

The Sky Wolf King’s eyes were cold as he spoke.

“Mhmm!”

The Six Sons of the Void nodded at his words, and in a whirlwind, they saw the Sky Wolf King dash out with an arrow step, already charging down towards the altar below.

.....

But Lin Ran, as soon as he entered Master Void’s chambers, he was somewhat confused.

Because there was no one here to guide the way, he had no idea where the True Origin Pond Yin Pond was within this chambers.

In addition, this chambers was built to be unusually huge, so a person without a map could only navigate through this place with his senses, which was really like a maze.

“No wonder this place is called the Lost City Ruins, damn it, the place where you sleep is built like a maze, really not afraid of running into a ghost at night!”

Lin Ran couldn’t help but curse.

“Master Shu!”

Lin Ran couldn’t help but open his mouth and shout.

“How is it?”

Pillow Book asked with a smile.

“Help me find out where the master bedroom is!”

Lin Ran said directly.

At this moment here, the only way to view the entire terrain of the bedchamber clearly was to rely on his divine sense, but his divine sense had his own aura, and once he checked on his own he would inevitably alert the Heavenly Crocodile King and the Heavenly Wolf King.

So it was safer to let Pillow Book strike at this time.

“Good!”

Without any nonsense Pillow-side Book immediately emitted his divine sense, and he soon found the location of the master bedroom.

“That’s not right! There’s nothing in this master bedroom, instead, there seems to be something underneath the back garden outside!”

The pillow book said.

“Underground in the back garden?”

Lin Ran frowned slightly at his words, but at this time, he didn’t want to think too much about it, since there was nothing in the main bedroom, Lin Ran then followed the pillow side book’s guidance and rushed towards the back garden.

At the back of the bedchamber, there was a huge back garden, which seemed to be built to echo the bedchamber. The back garden was also very complicated and cumbersome, and without the guidance of the pillow book, I was afraid that I would really get lost here.

And since there is nothing of value in the back garden, there is not a single cultivator in sight.

Most of them were still rummaging through the bedchamber looking for something.

“You mean this Rei?”

Lin Ran was standing on a gazebo in the back garden at this moment, somewhat puzzled.

“That’s right this is it!”

The pillow book was incredibly certain.

Lin Ran was a little speechless as he listened, there was nothing around this gazebo, only a small river running through it, nothing else was at all abnormal, there would be something strange underground here?

Just when Lin Ran was having doubts in his heart.

Suddenly, there was a roar from behind, followed by the Heavenly Crocodile King chasing after him.

“Little Lin Ran, take your life!”

At the same time as the words rang out, the long stick in the Sky Crocodile King’s hand was already smashing towards Lin Ran.

“Bang!”

With a loud sound, the pavilion was instantly smashed to pieces, followed by the Sky Crocodile King’s long stick smashing directly onto the ground.

“Rumble!”

The entire earth suddenly trembled, and Lin Ran clearly saw that after the Sky Crocodile King’s stick came down, a whirlpool had actually appeared in the river, as if water was leaking down below.

“Die!”

The Heavenly Crocodile King, however, didn't care about this at all, and raised his hand and took care of another stick directly towards Lin Ran.

“He's going to smash this down!”

Lin Ran only had this one thought in his mind at this moment.

As expected, the next moment, as the long stick in the Sky Crocodile King's hand landed with a bang on the ground.

Instantly cracks suddenly appeared, spreading directly in all directions, while the ground beneath Lin Ran's feet instantly broke apart, along with the water of the gazebo river all sinking in towards the ground.

The Heavenly Crocodile King stood on the sidelines watching in awe.

How could he not have expected that after his two sticks went down, instead of killing Lin Ran, he would have dented the ground.

Lin Ran, like the surrounding buildings, instantly fell down towards the bottom.

But he was very strong after all, so he quickly steadied himself, jumping through the rocks in a flurry and soon landing comfortably on top of the ground.

But when he saw clearly where he was, he was a bit baffled.

He was standing on top of an altar, in front of which a tall, sturdy figure was turning his head to look at him, without the slightest expression.

One of them had been dead for a long time and only a pile of white bones remained, while the one next to him had obviously just died, with blood gushing out from his neck.

Lin Ran froze, he recognised this man, this man was really the oldest of the Seven Sons of the Void!

“How did he die here!”

Lin Ran's heart was shocked and he was busy turning his head to look, only to see the stout figure still standing there staring at him, while on the wall behind his side, there were five large words written.

“Trespassers, die!”

Chapter 1390

“Weng!”

At this moment, Lin Ran felt the altar around him tremble violently, followed by a white light actually appearing out of thin air, and in an instant a large formation directly enveloped the entire altar.

Just before the altar was enveloped by the formation, Lin Ran clearly saw that on the rock wall above the altar, the Sky Wolf King and several people from the Void Gate were looking at him with astonishment and sympathy in their eyes.

Soon Lin Ran saw that the eyes of the tall, sturdy figure standing in place had gradually started to become alive, and the man seemed to have come to life.

.....

“Why is Lin Ran down there!”

The Sky Wolf King looked on with a frown.

Those face puppets he had just gone to see, fortunately his own ran fast, otherwise at this time had died down there like the old fifth of the Void Gate.

But at this moment, how could they have expected that Lin Ran would appear out of thin air?

“Where’s Lin Ran!”

Just as the crowd was puzzled, in the sky, the Heavenly Crocodile King was already rushing down.

Seeing the Heavenly Crocodile King the crowd instantly understood, it was obvious that Lin Ran’s appearance here was an accident.

It was just that this accident was what made the Sky Crocodile King a little angry.

“Stupid bastard!”

The Heavenly Wolf King scolded the Heavenly Crocodile King as he rushed towards him.

“Who are you scolding!”

The Heavenly Crocodile King was not a master to be messed with, and was furious at that moment.

“You’re the one I’m scolding! Do you know what’s down there? You knocked Lin Ran onto that altar, now both of us don’t have to go back and deliver! Let’s just die here!”

“Die on your own, I’m not interested in playing with you here!”

The Heavenly Crocodile King snorted coldly and rushed towards the altar below.

However, before he could reach the altar, a large hand suddenly appeared out of nowhere within the altar enveloped by the formation.

This huge hand was incomparably huge and grabbed directly towards the Heavenly Crocodile King.

“What the heck!”

The Heavenly Crocodile King was startled, and was busy swinging his stick to strike it.

As a result, the hand seemed to have the power to destroy the heavens and the earth, and instantly grabbed the stick, followed by a swing that directly smashed the stick and the Heavenly Crocodile King directly into the nearby wall with a heavy blow.

Even though the Heavenly Crocodile King was very strong, he was still a bit confused by the smash.

“Stupid bastard!”

The Heavenly Wolf King had a cold smile in his eyes as he watched.

The Heavenly Crocodile King, however, had already rushed out of the wall at this time, alert and hurriedly flew next to the Heavenly Wolf King, his face was blue and he did not have the heart to ask the Heavenly Wolf King what was going on.

Instead, he looked to one side of the Void Gate's ask and drank and asked.

"What the hell is going on? Whose big hand is that and how can it be so strong?"

Only five of the Seven Sons of the Void were left at this point, and the oldest was filled with despair as he opened his mouth to tell them what had happened here.

Only after hearing this did the Heavenly Crocodile King suddenly understand, while having some fear in his heart.

Fortunately, he hadn't rushed in without permission at that time, otherwise wouldn't he have been as miserable as Lin Ran at this moment, having to face that terrifying puppet?

"Luckily, luckily!"

Thinking about this, the Heavenly Crocodile King could not help but breathe a long sigh of relief, but when he thought about how he would not be able to return with Lin Ran's corpse to deliver, his face suddenly turned ugly again.

....

But Lin Ran, who was currently trapped within the altar formation, had the stout man in front of him walking towards him.

"You're a puppet?"

Lin Ran looked at him and busily opened his mouth to ask.

"Trespasser! Die!"

The other man would only speak icily, and then he raised his hand and punched towards Lin Ran.

When this punch was swung, Lin Ran instantly felt the space around him freeze, and he was unable to move at all in this instant.

"Bang!"

Suddenly, as if something shattered, Lin Ran then felt like he could move his body and immediately dodged out of the way.

However, the power of the other party's punch was simply too great.

Although it did not touch Lin Ran, the terrifying power brought out by that punch instantly sent Lin Ran flying backwards.

"Poof!"

Lin Ran had already spurted out a mouthful of blood the next moment.

It was at this moment that he felt just how big the difference between himself and this puppet in front of him really was.

“Holy shit! This is too strong, he’s only at the half-step God Creation realm!”

Lin Ran had shock in his heart.

“What the fuck is your time to be shocked, you might as well think about how to survive!”

The pillow was busy urging.

Facing a half-step God Creation Realm powerhouse, Lin Ran found that he simply had no room to fight back.

Yet he was not afraid.

“Don’t worry, Senior Empty said earlier for me to take him out, and as long as I reveal Senior’s forename, he will definitely kneel down for me honestly!”

Lin Ran laughed, and then pointed at the puppet charging ahead and chided.

“Yu Chang! Stop! I am your master!”

“Hm?”

Suddenly, the puppet’s body was visibly stunned and actually did stop.

“What did you call me?”

The puppet actually really looked at Lin Ran and asked back.

“Yu Chang! Your name is Yu Chang, and from now on I, Lin Ran, am your master, as explained by your previous master, Master Kongkong!”

Lin Ran looked at Yu Chang with excitement in his eyes.

Just kidding, if this could take in a half-step God Creation realm puppet, then would he still be afraid of the Sky Wolf King? The entire Fey Demon Domain, apart from the Fey Demons? He didn’t put anyone in his eyes.

But only if he could collect Yu Chang?

“What did you just say? Master Empty Sky? My master’s name is also something you can just call!”

With that, Yu Chang raised his hand and threw another punch straight at Lin Ran.

“Holy shit! Are you crazy, I’m your master!”

Lin Ran was furious, he had even brought out Master Kongkong, how come this Yu Chang didn’t believe him.

“Just by you? You’re not as strong as me in strength, how could the master let you be my master, you’re clearly the remnants of the Void Sect! Die!”

Yu Chang raised his hand and threw another punch.

These successive punches knocked Lin Ran a little dazed, his clothes were torn in several places, and the more he thought about it, the angrier he became.

Damn it! It was clearly Master Khongkong himself who said that he wanted me to come and take you away, so how come now he was getting punched instead.

“Bastard! I really am your master!”

Lin Ran was getting angrier and angrier as he thought about it, and pointed at Yu Chang and cursed.

“You’re worthy of that? I wouldn’t even hesitate to have you as my puppet!”

Yu Chang said as he raised his hand and punched again.

Lin Ran had the heart to die at this moment, his grey head and face were torn in several places.

“Fine, fine! I won’t you master, just let me go! I’ll pretend that Master Kongkong is putting It’s a joke!”

Lin Ran helplessly said?

“Want to leave? Trespassers! Die!”

Yu Chang, however, did not relent and threw another punch, this time Lin Ran’s entire upper body was completely naked and his clothes were shattered into crumbs.

His face was covered in dust and he said in a very breathless manner.

“Brother! I’m wrong alright? I don’t want you to be my puppet anymore, can you let me go? I was really introduced to you by Master Khong Khong! How come no one still believes me!”

“You let go! What?”

Yu Chang had originally raised his fist to continue to punch Lin Ran, but as soon as his arm was raised, he was frozen in his tracks.

He only saw that a small snake was wrapped around Lin Ran’s arm at this moment, and the white head of the small snake was looking at Yu Chang, spitting out its snake’s letter from time to time, as if it was saying something.
