

Wonder Doctor

Chapter 1391

Lin Ran came to life at the sight and busily said.

“Brother Chang, you know it right, the triangular electric snake, Master Khong Khong has one, this is just a small snake under Master Khong Khong’s one!”

“Nasty!”

Yu Chang sniffed but spat out two words, hearing Lin Ran burst into a moment of embarrassment.

“Fine I’m nasty, as long as you know it any way, what Master Kongkong said is also true, I’m not lying to you!”

Lin Ran busily explained, doing his best to try and take the puppet.

“I know what Master Khongkong said is true, this triangular electric snake has followed you, you are my new master!”

Yu Chang said blandly.

Lin Ran, however, was thrilled beyond measure at his words.

“Yes, yes! I am your new master!”

Yu Chang sniffed and gave him a bland look before saying disdainfully.

“I’m just wondering if this Triangular Electric Snake is crazy, how could it choose you to be its master? You’re simply rotten, you can’t beat me and you actually call out to my brother! Who’s your brother!”

“Pfft!”

Lin Ran almost didn’t let a mouthful of old blood spurt out.

“Fine! Let’s not talk about the past, tell me what’s going on with this corpse and this staff first?”

Lin Ran asked, pointing at the corpse and the staff on the ground to one side.

Yu Chang smiled and fell into deep thought before he opened his mouth and said.

It turned out that the owner of this corpse was none other than the Void Master of the Void Sect, and that staff was his magic weapon back then, and it was also something that the Void Sect now desperately wanted to get back.

Of course, what the Void Sect wanted most, apart from the staff, was the puppet Yu Chang.

After all, this was a half-step God Creation realm puppet, whoever could obtain it would almost walk across the Fey Demon Domain, without provoking the Fey Demons, absolutely no one would dare to provoke you.

“Back then, the master killed Master Void here, but when he was preparing to leave, he ran into a foreign devil, and in the end, the master was no match for the foreign devil and died here in battle!”

“The master was afraid that the Void’s corpse and magic weapon would be found out by the descendants, so he sent me here to guard the place, not expecting that this guard would last for endless years!”

“It’s alright, I’m not here now, I’ll bring you out soon!”

Lin Ran laughed.

Yu Chang smiled but said disdainfully.

“You’re taking me out? I’m afraid you’re expecting me to take you out, those two people outside at the peak of the Dan Creation Realm are here to hunt you down!”

“I

Lin Ran instantly felt his old face flush with discontent.

“I’m at least your master, can you save some face for me!”

“You still need to save face?”

Yu Chang was instantly unhappy too.

“I’m a half-step God Creation realm puppet, giving you a kid who is only at the peak of the Qi Creation realm and who doesn’t know what the hell he ate to become the peak of the Dan Creation Sutra as a puppet, don’t I, Yu Chang, want to save face?”

“You”

Lin Ran was instantly even more speechless.

“Alright! I won’t tease you anymore! I’ve also been bottled up here for too long, it’s rare for someone to come in and keep me company!”

Yu Chang suddenly laughed.

Lin Ran’s face was turning green when he heard it.

“As compensation, what are you going to do when you say strike, I’ll do whatever you want!”

Yu Chang looked at Lin Ran and laughed.

Seeing Yu Chang’s sincere attitude, Lin Ran felt almost the same, then he nodded and told Yu Chang his plan.

Yu Chang listened in awe, and after listening, he couldn’t help but give Lin Ran a thumbs up and praise him.

“You kid! How ruthless! You can even think of this trick!”

“People aren’t ruthless! Can’t stand still! Learn more!”

Lin Ran wasn’t too polite and laughed as he patted his chest.

In a whirl, the two of them went about their business, preparing to execute their revenge plan!

.....

“Bang!”

A loud bang suddenly came from the altar in the mists, followed by the entire place where the altar was located trembling.

“Bastard! Give me death!”

Following that, Lin Ran’s angry roar came to mind.

The sound of clashing and hissing sounds from the exchange of blows then lingered over the entire altar.

For a while the entire altar was surrounded by the anger of the battle.

The Heavenly Wolf King and the Heavenly Crocodile King were frowning at the same time, and the Five Sons of the Void next to them were not even daring to breathe, each with their own thoughts.

The Heavenly Wolf King and the Heavenly Crocodile King naturally hoped that Lin Ran would die in battle, so that they could save themselves from having to fight, and could simply reap the benefits.

But on the other hand, they also hoped that Lin Ran would be able to suppress the puppet.

After all, if Lin Ran was really killed by the puppet, it would be very difficult for the two of them to bring Lin Ran’s corpse back from the puppet’s hands.

A half-step God Creation realm puppet was already far beyond their strength to fight against.

At this moment, they had mixed emotions in their hearts.

As for the Void Five Sons, they were worried about what they would do on this mission.

For this half-step God Creation realm puppet, their Void Sect had already paid too much, and almost every ten years since they had discovered it, they had sent someone here, but not once had they succeeded in subduing the puppet.

They couldn’t even bring out the Void Elder’s scepter on the altar.

The previous time when the Sky Wolf King had struck was the closest they had come to success, and even the Old Fifth had gotten the scepter, but in the end they had not succeeded, and with the retreat of the Sky Wolf King, the Old Fifth had even been slapped to death by the puppet on the altar.

Until now they, the Seven Sons of the Void, had also become the Five Sons of the Void, but there was still not the slightest hope that the mission could be completed.

The sounds of the fight continued and became more and more intense, and on several occasions, the Heavenly Wolf King and the others even saw a huge arm poking out of the altar mist, followed by a heavy smash on top of the altar.

The scene and movement was simply astounding and staggering.

Time passed by, and the rattling on the altar continued.

“Give me death!”

Suddenly, a shocking roar suddenly rang out, and instantly a powerful sword mane actually burst out of the mist in an instant.

The seven-coloured sword mane even directly cut through the formation on the altar and heavily bombarded the wall on one side, blasting the wall with a crack.

“This attack!”

Looking at this sword mane, both the Heavenly Wolf King and the Heavenly Crocodile King couldn't help but frown slightly, they were confident that if this strike landed on them, they wouldn't dare to meet it.

The Five Sons of the Void on one side were even more frightened as they watched, and they couldn't help but define the name Lin Ran in their hearts in a new light.

After the loud sound, the entire altar fell silent.

The Heavenly Wolf King and the Heavenly Crocodile King also looked nervously at the altar below, and the Five Sons of the Void were no exception.

The mist on the altar slowly dissipated, soon revealing the situation above.

Lin Ran was standing on the altar, but his clothes were torn and bloodied.

At this moment he was even gasping for breath, his whole face was pale to the extreme, and even his strength was less than a tenth of what it was before.

On the other side, the sturdy puppet had fallen to the ground, without the slightest bit of life, as if it had become a statue just like before.

Next to it, the corpses of the Void Master and the Old Fifth of the Void Sect were still lying there, and the sceptre was also there.

When they saw this scene, the Heavenly Wolf King and the Heavenly Crocodile King froze, but then a look of excitement appeared in their eyes at the same time, and they immediately rushed towards the altar below.

Just kidding, Lin Ran had destroyed the puppet, but he himself was also seriously injured, so this was the perfect opportunity for them to capture Lin Ran.

Chapter 1392

“Brother, we”

The five sons of the Void on the side also saw the flip of the situation, each with excitement in their hearts hated to rush up to the altar immediately and take away the corpses of their companions and the remains and relics of the Void Masters.

If they succeeded, not only would they become the legends of the entire Void Sect, they would even gain the esteem of the Void Masters, and their future could be considered bright.

“Don't be in a hurry!”

The boss, however, suddenly spoke up and said.

“Big brother, we can’t wait any longer, in case the Heavenly Wolf King and the Heavenly Crocodile King get greedy, I’m afraid that our sect won’t stand a chance!”

“Yes! Big brother!”

The few people next to him were a little impatient to wait and leapt for action.

“Don’t be impulsive, don’t you guys find anything wrong?”

The boss spoke up.

“Something’s wrong? What’s wrong?”

“Yes! Isn’t this quite normal? Lin Ran has killed the puppet, the Heavenly Wolf King and the Heavenly Crocodile King have gone to kill him, so we’re just the ones to reap the benefits!”

“Stop! Lin Ran killed the puppet! On what grounds?”

The boss suddenly spoke up and asked rhetorically.

“This”

At once, several brothers froze ah.

Yes! On what basis?

“The Heavenly Wolf King and the Heavenly Crocodile King are each on par with Lin Ran in terms of strength, so why was it that the Heavenly Wolf King couldn’t even go ten rounds in front of that puppet before?”

The boss continued to ask.

“Perhaps it’s because the Sky Wolf King was just out of his depth before?”

The oldest said.

“That’s a possibility!”

Several other people echoed.

The Boss, however, shook his head.

“You guys are thinking too simply!”

“If the Sky Wolf King is out of work, then just now the Sky Crocodile King also came, aren’t the two of them together better than Lin Ran? Why didn’t they even make a move? Instead, they waited for Lin Ran and the puppet to fight?”

“They might also be trying to reap the benefits?”

Old Third said once again.

This time, several other people did not speak up.

The oldest shook his head and said.

“Impossible, this puppet is at the half-step God Creation realm, so I’m afraid that even the four generals are weaker, and the Sky Wolf King and Sky Crocodile King are only worse.”

“The two of them didn’t make a move, they must not be sure of themselves either! But now this puppet was killed by Lin Ran!”

“Even if you guys say that the Heavenly Wolf King and the Heavenly Crocodile King were there to reap the rewards, what about Lin Ran? Why didn’t he just kill the Heavenly Wolf King and the Heavenly Crocodile King before?”

“Could it be that the two of them combined are still more powerful than this half-step God Creation realm puppet?”

At once the other four people were silent under the counter-thrust.

Yes, this was clearly illogical.

“You guys just deposited the same as the Heavenly Wolf King and the Heavenly Crocodile King, excited that Lin Ran wouldn’t consider so much after he killed the puppet and was seriously injured himself!”

The boss spoke again.

“But what about now? Can’t you guys see that this is actually a conspiracy!”

“A conspiracy that Lin Ran deliberately put up for the Sky Wolf King and Sky Crocodile King to see?”

“This How is this possible? Even if Lin Ran thought of this trick, but how could that puppet obediently cooperate with him!”

“Yes, big brother, aren’t you being too careful!”

A few other people said.

The boss, however, shook his head.

“I don’t know, but we’re not in a hurry this instant, for the sake of the Void Ancestor, the Sky Wolf King and the Sky Crocodile King wouldn’t dare to hack our Void Sect’s stuff yet! Just wait and see!”

“Hm!”

The crowd nodded at their words, and after hearing the Boss’s analysis they also felt the need to wait a bit.

If anyone else died here and this was really a conspiracy, I’m afraid that it was a small matter that their mission would not be completed this time, but a big matter that their whole team would be lost here.

....

The first thing that happened was that the five sons of the void were patiently watching the battle, but on the altar in front of them, the Heavenly Wolf King and the Heavenly Crocodile King had already landed in front of Lin Ran.

There was ecstasy in their eyes, and the corners of their mouths both involuntarily rose as they looked at Lin Ran, who was heavily wounded at this moment.

“If there is a way in heaven, you won’t leave, but if there is no door in hell, you have to barge in, Lin Ran didn’t think you would have a day!”

The Sky Wolf King looked at Lin Ran and sneered.

“You guys are just picking up the slack, how come I don’t see you in a real solo fight?”

Lin Ran looked at the Sky Wolf King with a face full of disdain.

From the very beginning, the Sky Wolf King had never fought Lin Ran alone, every time he either ambushed or brought many people with him.

This made the Sky Wolf King’s face look very ugly, and he couldn’t find a reason to refute Lin Ran.

“What’s the point of talking to him! Just capture and hand him over to Lord Fey Demon straight away!”

When the Sky Crocodile King saw that the two were still chatting, he became a little impatient and his entire body’s aura surged, and in an instant, his two palms had revealed their original bodies.

“Humph! Heavenly Crocodile things have come to this point then each according to their ability, whoever captures it first is the one who owns it!”

The Heavenly Wolf King said coldly.

“Fine!”

The Heavenly Crocodile King did not retort, at this time Lin Ran had suffered heavy injuries, I am afraid that he would not be able to clap them twice, the two of them naturally should be allocated well, otherwise if they really fought and accidentally killed Lin Ran later, it would not be good for them to deliver!

“You guys are still assigned, I’m afraid you’ll be the ones who die later!”

There was anger and resignation in Lin Ran’s eyes.

“It’s us who will die? With just you now?”

The Heavenly Wolf King smiled blandly, and followed his figure as he moved at once.

Lin Ran saw this instead of being nervous and smiled at the Heavenly Crocodile King.

“Tsk! You’re slow again!”

“Despicable!”

The Heavenly Crocodile King gave the Heavenly Wolf King a big ranting look and followed suit as he lunged towards Lin Ran.

However, Lin Ran was standing in place, not moving, as if this matter didn’t even have anything halfway to do with him.

“Good boy! Honestly, you can still live by tying your hands!”

The Sky Wolf King was overjoyed at the sight, and a pair of large hands were already rushing towards Lin Ran to grab him.

“He’s mine!”

Seeing this, the Heavenly Crocodile King was afraid that he was lagging behind, and with a long stick in his hand, he was already rushing towards Lin Ran.

“Scram!”

Lin Ran’s eyes were cold as he swung his sword out, instantly sending the Sky Crocodile King’s long stick flying backwards, and then he swung his sword in the air towards the Sky Wolf King.

“All wounded like this, how much strength do you still have??”

The Sky Wolf King laughed at this, only to see that a layer of fleece was rapidly growing under his skin, which was his own wolf fur.

This wolf fur was comparable to armour, and the last time they fought, Lin Ran could hardly hurt him with this wolf fur.

This time, when facing a severely injured Lin Ran, the Sky Wolf King didn’t even bother to reveal his original body and only used his wolf fur to defend.

“Bang!”

In an instant, the seven-coloured sword shadow landed directly on the Sky Wolf King, followed by a sharp and heart-shaking aura that instantly filled the latter’s heart.

Almost at the same time, a “tearing” sound was heard, and a huge gaping hole was opened directly on the Sky Wolf King’s back, and blood instantly spurted out.

“How is this possible?”

The Sky Wolf King flew backwards, his eyes filled with shock.

“You’re really useless!”

The Heavenly Crocodile King laughed at this scene but lifted his long stick and ran straight at Lin Ran.

“Be careful there’s a trick!”

The Heavenly Wolf King was busy speaking.

The Heavenly Crocodile King, however, didn’t believe it at all.

“If you’re too stupid yourself, don’t stop me from capturing him!”

The Heavenly Crocodile King laughed wildly.

But the moment he rushed out, Lin Ran smiled and opened his mouth to shout.

“Make a move!”

Chapter 1393

As the voice fell, a large hand instantly poked out of thin air, directly grabbing the Heavenly Crocodile King in mid-air right out of existence.

“What?”

Seeing this scene, the Heavenly Wolf King’s face instantly changed.

The faces of the Five Sons of the Void above also changed at the same time.

They were shocked to see that the puppet had actually flamed over at that moment.

“There really is an ambush!”

The Five Sons of the Void instantly turned ugly one by one, fortunately! Fortunately, they hadn’t rashly gone down, otherwise they were afraid that they would have died through by now.

Facing a half-step God Creation Realm puppet, they simply that didn’t have any power to resist.

.....

“Heavenly Wolf save me!”

The Sky Crocodile King’s voice instantly recalled, and almost simultaneously he immediately manifested his original body.

The huge demonic crocodile figure occupied almost a third of the altar, but in the puppet Yu Chang’s large hand, he was like a small chicken boy, unable to break free.

“Save you? Do you think he’s free?”

Lin Ran sneered, ? With a shake of the long sword in his hand, the Frost Condensation Sword instantly emitted a coloured sword aura with a “weng” sound and headed straight for the Sky Wolf King.

In the Yang Pond in the martial arts arena, although Lin Ran had not fully comprehended the mysteries of the God Creation Realm and had crossed into the half-step God Creation Realm, just this little bit of realm had allowed him to refine his strength by a lot.

At this moment, facing the Heavenly Wolf King alone he did not feel the slightest pressure at all.

Earlier, when he faced the Heavenly Crocodile King’s pursuit, he had no desire to fight, which was why he fought and retreated, giving the Heavenly Crocodile King the wrong impression that Lin Ran did not dare to fight him at all.

But at this moment, the Heavenly Crocodile King had been captured by Yu Chang, and Lin Ran was able to face the Heavenly Wolf King alone, so this strength naturally exploded instantly.

“Bastard! You actually shaded me!”

Thinking about the sword he had just received from Lin Ran for nothing, the Heavenly Wolf King had anger in his eyes and immediately let out a roar, instantly turning all of his clothes into pieces and revealing his true form.

“It’s you that’s the one who’s in the shade!”

There was a cold aura in Lin Ran’s eyes, and countless seven-coloured sword shadows had already reached the Sky Wolf King.

“You think you can still hurt me!”

The Sky Wolf King’s two reddish wolf pupils had an eerie killing intent in them, and his wolf fur instantly stood up all over his body.

“Bang Bang Bang!”

Almost at the same time, countless seven-colored sword maces had already landed on him.

One by one, the sword manes instantly shattered, striking the Heavenly Wolf King repeatedly backing up and eventually toppling the entire Wolf God to the ground.

Although the sword mane did not break through its wolf fur defence, the force was a real greeting on him, causing his entire back to hurt as if it was about to be cut off.

“How can your strength be so strong!”

There was anger and resignation in the Sky Wolf King’s eyes.

How long had it only been? The last time he ambushed Lin Ran himself in the Weak Water Stream, he wasn’t even this strong, but in just a few short days, Lin Ran’s strength had improved again, this speed of cultivation simply made the Sky Wolf King shudder a little.

“This is just the beginning, don’t be in a hurry! Once the Heavenly Crocodile is dead, you’ll be next!”

Excitement danced in Lin Ran’s eyes as he followed his paws and rushed towards the Heavenly Wolf King.

In an instant, the entire altar only became a battlefield for the exchange of blows.

Although the Heavenly Wolf King was not as strong as Lin Ran, he was still at the peak of the Dan Creation Realm, so it was difficult for Lin Ran to kill him in one go.

Last time, Lin Ran had managed to kill the Snake King, Black Jin, but he himself had ended up being badly injured, so it was almost impossible for him to start killing the Sky Wolf King at this point.

Moreover, the Sky Wolf King knew very well in his heart that as long as he was entangled by Lin Ran for a minute, he would be in more danger, because he could resist Lin Ran’s attacks, but the Sky Crocodile King could not resist the puppet Yu Chang’s methods at all.

It had only been a short time before one of the Heavenly Crocodile King’s arms had been ripped off by Yu Chang, spilling blood all over the ground.

I was afraid that he would not survive for more than a moment in Yu Chang’s hands.

A puppet at the half-step God Creation realm was too strong! It was simply not something they could handle.

And just as the engagement below fell into a searing heat for a while, the Five Sons of the Void above finally moved at this moment.

“Move, just the scepter and the ancestor’s corpse! Let’s go immediately when we get them!”

The boss looked at the four people.

“Yes!”

The four nodded heavily, all knowing how dangerous the situation was at this point, so they naturally wouldn’t be reckless.

The fight between Lin Ran and the Heavenly Wolf King and Yu Chang and the Heavenly Crocodile King could end at any moment, and as long as one side couldn’t carry the load first, then it would be two against one and the fight would be over very quickly.

So the time left for them, the Five Sons of the Void, was running out.

The five of them quickly jumped from the sky above to the area around the altar, and then in groups of two, they split into two groups, except for the boss who was in a separate group.

Their goal this time was to take the Void Master and his companions as well as the sceptre all away, which was why they had split into such groups.

However, the five of them thought well, but as soon as they jumped down, they were targeted by Lin Ran and Yu Chang.

Although Lin Ran was tangled up in the Sky Wolf King, the Sky Crocodile King was a toy to Yu Chang and could not possibly stop him.

Yu Chang flung himself violently, and in an instant the huge body of the Heavenly Crocodile King was directly in front of the five of them, scaring them so much that the five of them instantly turned pale, and for a moment they couldn’t even rush up to the altar.

“Trespassers! Die!”

Yu Chang stared at the five, his pupils without the slightest expression, as if he was a killing machine.

“You five!”

Suddenly, the Sky Wolf King also noticed them and opened his mouth to shout.

“Come over and help me, kill Lin Ran! When the time comes, everything here will be yours from the Void Sect!”

The five of them were stunned at the words.

Help you kill Lin Ran? Are you kidding? Even if they did kill Lin Ran, that Yu Chang was still not something they could deal with.

The Sky Wolf King clearly saw through their minds and spoke.

“That Heavenly Crocodile is very strong in life, you guys help me quickly, as long as you suppress Lin Ran, you take the stuff and leave! The Heavenly Crocodile is strong enough to hold that puppet back!”

“Skywolf you bastard!”

The Sky Crocodile King roared in anger at his words, the Sky Wolf King clearly meant that he was prepared to let him stall for time to escape on his own!

“Sky Crocodile you don’t blame me! That puppet is simply not something we can resist! Let’s each save our own lives in the face of great calamity!”

King Skywolf said with a firm face.

“Sky Wolf you think you can live if I, Sky Crocodile, die? I tell you that when I, Sky Crocodile, die, it will be the beginning of your nightmare, Sky Wolf King! Even if you escape Lord Fey Demon will not spare you!”

“Then don’t bother!”

There was determination in the Sky Wolf King’s eyes, at this moment he couldn’t care less about the Sky Crocodile King, people don’t do it for themselves, they will be killed! He only wanted to run for his life at this moment.

“Have you five thought it over?”

The Heavenly Wolf King said angrily.

“If you five dare to help him, my Heavenly Crocodile clan and you Void Sect will not stop until death!”

The Heavenly Crocodile King said angrily.

“Bullshit! If he dies the Heavenly Crocodile clan will sooner or later become extinct, what are you guys afraid of!”

The Heavenly Wolf King urged repeatedly.

Obviously the five men from the Void Sect were somewhat moved!

“Bang!”

Suddenly, a seven-coloured sword aura instantly slashed at the ground in front of the five men, and the ground instantly grinned open with a crack.

Lin Ran followed with a wave of his palm, and immediately the corpse of the old fifth on the altar flew towards the five sons of the void, along with the scepter in his hand.

Lin Ran looked at the five, his voice icy cold.

“Take the stuff with you! Get out! Or die!”

Chapter 1394

“Lin Ran!”

Seeing this scene, anger instantly rose in the eyes of the Heavenly Wolf King.

His situation at this moment could only be broken by the Five Sons of the Void, and it was even a matter of whether or not the five of them joining him could help him subdue Lin Ran.

However, Lin Ran had directly destroyed his chess in one move, not even giving him the slightest bit of hope.

“What? Are you angry? I said that none of you two would be able to leave today!”

There was killing intent in Lin Ran’s eyes before he loved to think of the five sons of the Void.

“Don’t get lost yet!”

The other four of the Void Five all looked at their boss, at this moment the old fifth’s corpse and scepter had been given to them for nothing by Lin Ran, was there still a need to fight for the Void Master’s corpse?

Obviously there was no need!

The five of them had killed all the way here, and to get the scepter was a step forward for their Void Sect, and the five of them would definitely be focused on after they returned, which was the worst outcome they had thought of before.

Moreover, getting the sceptre at this point, and not having to face the wrath of Lin Ran and the puppet, was a sure thing.

Once they joined the fight as well, I was afraid that if they were not careful they would die a horrible death here in an instant.

Thinking of this, the boss immediately nodded.

“You!”

The Sky Wolf King’s heart completely despaired when he saw this scene.

“King Skywolf sorry! But this scepter we must send back to the Void Sect!”

The five men rushed at the Sky Wolf King and followed, turning around and leaving without looking back.

“Void Gate! Wait for me, as long as I, Sky Wolf, live, I will destroy your Void Sect sooner or later!”

The Five Sons of the Void were stunned at the words, and the boss turned back and gave the Sky Wolf King an icy glance as he followed.

“Lord Sky Wolf King, I’ll take note of your words will report them to the Sect Master as they are, I hope you can survive, otherwise with our Sect Master’s character, I’m afraid those disciples of yours and the forces of the Sky Wolf Mountain Range will not survive more than five days!”

“You!”

The Sky Wolf King was instantly furious, without his own Sky Wolf Mountain Range, it was a lamb to the slaughter for the Void Sect.

“Good! Good!”

The Heavenly Wolf King was so angry that a mouthful of blood suddenly spurted out.

And the Void Five merely gave him an ice-cold glance before turning around and walking away without the slightest hint of stopping.

“Ah!”

Suddenly, another miserable scream from the Heavenly Crocodile King came from the side.

The Heavenly Wolf King deflected Lin Ran’s attack once more and followed it by turning his head to look.

Only to see that at this moment, the Heavenly Crocodile King’s entire body was covered in blood, one of his giant claws had been broken, and at this moment, the smell of blood permeated his entire body, and he was not far from death.

“I didn’t expect that I, the Heavenly Crocodile, would end up dying at the hands of a puppet after so many years in the Foreign Devil Domain! I’m not willing I’m so unhappy!”

The Heavenly Crocodile King looked up to the sky and let out a roar, but the human had no effect at all.

From the beginning when he was grabbed by the puppet Yu Chang until now, he had not been able to break free from Yu Chang’s huge hand, let alone resist.

“Damn it! Are you ashamed of dying in my hands?”

Yu Chang was furious, grabbing one of the Heavenly Crocodile King’s legs and smashing it towards the wall around the altar.

The smashing caused the head of a person of the Heavenly Crocodile King’s strength to split open, and there was a deep despair in his eyes.

“Damn it! It’s an honour to die in my hands, you’re a sacrifice for Master Khongkong! That old man’s favourite food in the immortal world is steamed devil crocodiles!”

“But well, you’re not a purebred, at most you’re just a little bit of demon crocodile blood after absorbing demon blood!”

Yu Chang naturally said to himself.

Lin Ran was stunned to hear this, was this guy a puppet after all? How come it felt like there was still spiritual intelligence, and didn’t Master Kongkong create him on Earth? How could he he would know about the Immortal World.

“Yu Chang, you kid are poisonous! Aren’t you a puppet? And how could you know about Master Khongkong’s tastes in the Immortal World?”

Lin Ran asked at once, something about this always felt wrong to him.

“Why shouldn’t I know about Master Khong Khong’s tastes in the Immortal Realm, back when he made me, he was close to telling me the names of the little fairies he had molested, besides I’m a puppet! But don’t you think about how many years I’ve been here! This place is full of true qi, so I would have been born with a spirit long ago!”

The puppet Yu Chang said.

“Holy shit! Even you’ve given birth to a spirit?”

Lin Ran couldn’t help but exclaim.

“Holy shit! What do you mean? Looking down on puppets!”

Yu Chang said in discontent.

“No Absolutely not!”

Lin Ran was busy changing his mouth.

In his opinion, it was normal for top divine and immortal artifacts like the Pillow Book and the Qiankun Purple Qi Vase to give birth to spiritual intelligence, but for a puppet to actually give birth to spiritual intelligence was a little surprising.

However, Lin Ran was soon relieved.

This Lost City ruin was the residence of the Void Master, and there were even two pools of true essence, Yin and Yang, compared to the Yin pool of this bedchamber which was nearby, Yu Chang had absorbed the true essence leaked from this Yin pool, and with so much time, that was why the spirit intelligence was born.

I believe that Lin Jiu within the small world, the Ten Thousand Treasures Spell Formation he was in was not in such good condition, but Lin Jiu was still born with spiritual wisdom.

This was the difference in origin, Lin Jiu was, after all, born from the same demon stone, so naturally the spiritual intelligence she conjured up was easier than conditions like Yu Chang’s.

Thinking about Lin Jiu, Lin Ran couldn’t help but feel a headache, he always seemed to forget to return her to Elder Feng, but Elder Feng didn’t seem to have any intention of asking for her either.

This little chick was on the verge of becoming a king in the little world of pillow books.

“Heavenly Wolf!”

Just as Lin Ran was thinking in his mind, suddenly the Heavenly Crocodile King in the distance was the one who spoke again.

“What else do you want?”

The Sky Wolf King’s face was grim as he looked at the Sky Crocodile.

“I, Sky Crocodile, will go first! I will wait for you down there! Don’t you come too early!”

King Sky Crocodile said angrily.

The Sky Crocodile King was stunned at his words.

At this moment, the Heavenly Crocodile King was obviously still able to hold on, yet he was saying such words.

Sure enough, the next moment, the suspicion in the Sky Wolf King's mind came true.

Only to see the Heavenly Crocodile King's entire body burst into light, and instantly a terrifying aura directly pervaded out.

"Holy shit! Self-detonation? You're out of your mind!"

Yu Chang's eyes narrowed slightly when he saw this, followed by his palm fiercely grabbing the air, and instantly his body was swept in by the terrifying self-explosion.

And at the same time, he actually raised his hand to grab something.

Lin Ran and the Heavenly Wolf King almost simultaneously slumped to the ground, joking about the self-explosion of a Dan Creation Realm powerhouse, if they resisted hard enough they would be seriously injured even if they didn't die, the two simply didn't dare to have the slightest heart to resist.

"Bang Bang Bang!"

A series of explosions rang out, spilling debris all over the place.

A moment later when the smoke cleared, Lin Ran and the two of them could clearly hear the voice of the Heavenly Crocodile King coming from afar.

"Don't! Don't kill me! I don't want to die yet!"

Yu Chang was clutching a crimson golden pellet in his hand, which was none other than the Heavenly Crocodile King's original golden pellet.

Although Yu Chang was only half a step into the God Creation Realm, both the materials and the craftsmanship were forged by Master Kong's own hands. Even if he faced the self-destruction of a real pre-God Creation Realm powerhouse, he would be able to resist, let alone just a Heavenly Crocodile King.

"Aren't you a bully? Still playing with self-explosion? Fine! I'll let you explode today!"

Yu Chang had a cold smile in his eyes, followed by a fierce grab with his big hand.

"Bang!"

In an instant, the Heavenly Crocodile King's golden pellet was crushed into slag by him.

"No!"

The Heavenly Crocodile King completely fell with a miserable scream.

Chapter 1395

"Boy! How's that!"

Yu Chang turned his head to look at Lin Ran, with smugness in his eyes.

Lin Ran had nothing to say in response, so he could only give him a thumbs up.

“Haha! Great!”

Yu Chang laughed wildly.

And at that moment, the Sky Wolf King on the side couldn't help but gag, he knew that with the Sky Crocodile King dead, he was next.

“Lin Ran! Spare me! I won't go against you anymore either, spare me!”

The Heavenly Wolf King looked at Lin Ran and busily begged for mercy.

“Kid! Don't talk nonsense to him, leave it to me and I'll make him explode too!”

Yu Chang laughed.

“Wait!”

Lin Ran opened his mouth all the while looking towards the Sky Wolf King.

He had escaped for so long, just to find a way to leave the Fey Devil Domain,? At this moment, with the Heavenly Crocodile King dead, the only person left to ask was this Heavenly Wolf King.

“What's the point of waiting for this, how much less hassle it would be to just kill it!”

Yu Chang was a little impatient.

Lin Ran, however, ignored him and turned his head to look at the Sky Wolf King and questioned.

“Answer me one question, and I can spare your life! But don't think of lying to me, or you know the consequences!”

“Fine! I will tell you what I know!”

The Skywolf King instantly saw hope for survival, strength to their level had been such that they didn't even care to lie.

Moreover, even if Lin Ran really wanted to kill him, when the time came, he would simply have no half-measures to do so if he directly asked Yu Chang to do it.

“How to leave the Fey Devil Domain!”

Lin Ran looked at the Skywolf King in a bland voice.

The Skywolf King smiled but frowned slightly as he pondered for a moment and spoke.

“The Fey Demon Domain is the place of Lord Fey Demon, the only place in the entire Fey Demon Domain that only goes up for conquest are the four satellite cities around Fey Demon City!”

“I think my foreign devil domain generals are more than ten million, going out to conquer must be deployed by the four generals, and then the four generals transmit out of the foreign devil domain, this is the path to go out!”

“And everyone who wants to come back can build their own teleportation array, but it’s all one-way, like the one I have at Sky Wolf Mountain!”

Skywolf Mountain spoke eloquently, looking very odd.

But Lin Ran was aware that people like them who had pledged their allegiance to the fey demons must all have the imprint of the fey demons in their minds,? He, the Sky Wolf King, was smart enough not to just talk about it, instead he spared a turn to introduce it, and sort of told Lin Ran what he knew about the way to leave.

“The city of foreign devils? The four generals?”

Lin Ran secretly made a note of this important piece of information.

“You can let me go now!”

There was an icy coldness in the Sky Wolf King’s eyes.

Lin Ran smiled blandly at his words and said.

“Of course you can, you can leave whenever you want!”

“Hm?”

On the side, Yu Chang saw this but frowned slightly, clearly he didn’t quite want to let this Sky Wolf King go.

“Lin Ran you are also a cultivator, how can you not be true to your word!”

The Heavenly Wolf King looked at Lin Ran with anger in his eyes.

Lin Ran, however, smiled blandly and waved his hand.

“Let him go!”

“You!”

Yu Chang was a little puzzled, but Lin Ran was now his master, and since Lin Ran had given his word, he couldn’t say anything.

“Fine! Count yourself as a man!”

The Sky Wolf King gritted his teeth and turned around and rushed out of the place without looking back.

“Why did you just let him go?”

Yu Chang was puzzled and asked.

Lin Ran smiled at his words but said.

“With you around, does it matter if you kill him or not?”

Yu Chang was stunned, but then he laughed.

“Then you’re right, I can crush him with a slap anytime I want to kill him!”

“That’s not true! I only said I’d spare his life once, I didn’t say I’d spare his life a second time! When I get out of here, I’ll go and take his life!”

Lin Ran said indifferently.

Yu Chang indeed smiled even wider at his words.

“You kid is quite poisonous, but I like it! Let him bounce around for a few days first!”

Lin Ran smiled blandly, not speaking as he waved his hand and summoned Wolf Ba.

“Boss!”

Seeing Lin Ran, Wolf Ba was stunned and at the same time had a look at Yu Chang next to him, the latter’s aura scared him so much that he almost didn’t fall to his knees.

“What for! Am I scary?”

Yu Chang was instantly displeased.

Wolf Ba was busy gulping and said.

“No I don’t dare! Your Excellency is very extraordinary, I can’t help but want to worship your Excellency!”

Wolf Ba was busy saying.

“You kid is quite good at talking!”

Yu Chang nodded his head in satisfaction.

Lin Ran was somewhat speechless and immediately pulled Wolf Ba over and asked.

“How much do you know about the four generals of the Foreign Devil City?”

“Huh?”

Wolf Ba was stunned at his words and busily said.

“I know some, that Other Demon City is located in the middle of the four domains, it is not a large area, but it is the strongest place in the Other Demon Domain, and the four generals are even the strongest existences sitting in Lord Other Demon! They are in charge of the deployment of the army of the entire Fey Demon Domain!”

“Alright I get it!”

Lin Ran nodded at his words and swirled the Wolf Bastard back in.

As for the details, Lin Ran was not in a hurry right now, what he was most anxious about right now was finding the Yin Pond.

There was only one day left until the end of this Lost City ruins, he had to hurry.

“Yu Chang, you’ve been holding down the fort here for so many years, have you ever heard of the Yin Pond?”

Lin Ran turned his head and asked.

“The Yin Pond? Was anything edible then?”

Yu Chang had a puzzled look on his face.

“It’s the true qi that helps you cultivate your spiritual intelligence, where is the true qi leaking out around here?”

Lin Ran asked with a different thought.

“True Qi? Of course I know this one!”

Yu Chang laughed.

“I’ve wanted to open it for a long time, only that place is too evil and I can’t open it!”

“Where is it?”

Lin Ran asked busily.

“It’s under this altar!”

Yu Chang said, while leading Lin Ran to a corner of the altar, and soon saw that there were many complex patterns on the ground, and in the middle of the patterns was a palm-sized handprint.

“That true qi is seeping out from underneath here!”

Yu Chang said.

Lin Ran nodded at his words, while looking at the corpse of Master Void next to him.

This hand seal had obviously needed to be opened with Master Void before, only now that he was dead and only white bones remained, his palm was no longer usable.

But down here Lin Ran had to go in again!

Thinking of this, Lin Ran suddenly had a bright idea, and then called out the Triangular Electric Snake.

“Take it with you! Go inside here?”

Lin Ran handed the Qiankun Violet Qi Vial to the Triangle Electric Snake, and then patted the altar.

Although the Triangular Electric Snake had hatched, it was obviously still in its infancy, and Lin Ran gestured several times before it understood.

Afterwards, Lin Ran spoke to Yu Chang and with a wave of his hand, he took him into the small world, and then he himself also entered the Qiankun Purple Qi Vase.

The next moment, the triangular electric snake’s entire body emitted an electric aura, and then instantly disappeared from its original place, along with the Vial of Violet Qi.

As Lin Ran hid in the Vial of Qiankun Violet Qi, he only felt a sudden flash before his eyes, and immediately he saw that a huge lake had appeared in front of him, and the entire lake below was white and was emitting wisps of white smoke outwards, all of which was true essence.

“The true essence pool is really here!”

Lin Ran’s heart was overjoyed as he immediately jumped out of the Qiankun Violet Qi Vase, before summoning all of them with a wave of his hand.

“Each of you stay here and cultivate! Wait for me to return!”

After saying this, Lin Ran waved his hand and retrieved the triangular electric snake on his arm, following which he dived headfirst into the Yin pool of the True Origin Pond below.

He couldn’t wait to enter cultivation and find Daoist Empty to ask about the events of that year.

Chapter 1396

The Yin Pond of the True Essence Pond under this altar is an authentic lake, a world away from the kind of pond in the place where the martial arts are performed.

Both the denseness and the expanse of true qi were greater here.

For a moment, even Lin Ran wanted to move the True Faraway Pool here.

But on second thought, he thought better of it, after all, if this kind of thing was removed, it would be like living water that had been cut off from its source, sooner or later it would still dry up.

He had spent a lot of time with the Pillow Book, and he had a certain understanding of this kind of True Faraway Pool.

For example, in the pillow side book’s little world, over time it will breed this kind of strange thing in heaven and earth on its own, so this kind of thing has some appeal to Lin Ran you just now.

When the small world inside the pillow side book breeds itself in the future, he can completely enter it to cultivate.

Arriving at a relatively smooth stone in the lake, Lin Ran immediately settled into his cultivation.

The Empty Daoist’s obsession was left in the true essence mist, and Lin Ran was not in a hurry to achieve enlightenment this time, so he frantically swallowed the surrounding true essence mist right from the start.

After almost half an hour, when Lin Ran felt that the true essence mist in his body had reached a limit, finally that ethereal voice sounded again.

“What are you doing here again? Didn’t I tell you that you can only rely on yourself in the cultivation path?”

Master Empty asked in confusion.

“Senior, there is one more thing that junior wants to ask!”

Lin Ran said sincerely.

“Speak!”

Daoist Empty Sky asked blandly.

“Senior, junior wants to know how to leave this foreign devil realm, junior broke in to save the people in the first place, now that the people have been found junior wants to leave, what should I do?”

Lin Ran asked busily.

Although the method that the Sky Wolf King said had some credibility, at the beginning of the war, there were definitely no such teleportation formations, so Lin Ran also wanted to know how the Empty Daoist and the others had gotten in back then.

One more way out was not too many, and Lin Ran naturally thought of preparing more thoroughly.

After all, it looked like he was alone now, but in reality there were many people behind him who wanted to leave.

Including the Fire Family behind Huo Yan, this was a family that wanted to take all of them out, and something like a teleportation array was obviously a bit unrealistic.

It wasn't that Lin Ran hadn't thought about letting them hide in the pillow's little world.

But this is after all too risky, equivalent to the survival of the entire family on his body, this is really not just talk. This is really not just talk.

Not only did the Fire Family have to face a difficult choice, even Lin Ran had to think hard, after all, once he failed, the entire Fire Family of the Fey Demon Domain would probably be in danger of being wiped out.

“The way out?”

Master Empty Air was visibly stunned at his words, and then fell into silence.

It was only after a full ten minutes that Master Empty Space sighed and spoke.

“I don't really know how to answer you to this question!”

“Because how we came in in the first place is something even I can't remember, as I said this is just a remnant of my mind, I might remember a little more about what happened to me and the Other Demon and Master Void back then, but about how we came in, this is too far back!”

“Senior it's alright, just tell me as much as you can remember!”

Lin Ran said busily.

It was better to know something than nothing at all.

After all, if the four generals were very strict about the teleportation array, he could only find another way out, he couldn't just go up there knowing it was a dead end, that wouldn't be realistic.

“Okay, then I will talk about it roughly!”

The Empty Daoist sighed, and then said.

“If I remember correctly, that should be a bloody path!”

“A blood path?”

Lin Ran was stunned at his words, what did he mean by a blood road? Was it a road that was very red in colour? Or a road stained by blood?

"I can't remember some of this, I just roughly remember that back then when we killed our way in with the Nine Heavenly Mystic Maidens, there was red blood all down the passageway, as if it was an ocean."

"We were rushing all the way in and flying the whole time, so it seemed like a path of blood!"

"A sea of blood?"

Lin Ran frowned slightly as he listened, how much blood would have to be there to form a sea of blood! That was too appalling.

"Apart from that, there seems to be another point, that there are a lot of undead on this path!"

Master Empty said again.

"Those undead are very strong, and most of them are the undead of magical beasts, it's very troublesome to deal with them, at that time, besides the Nine Heavenly Mystic Maidens there were two other people who were very high in divine attainment, so they were the ones who were in the lead the whole time, how exactly they got in I really don't know!"

"This"

Lin Ran heard a little speechless.

The sea of blood, the undead and most crucially the Empty Daoist was actually following behind.

This was very awkward.

Suppose in a sea only on, no one to give you direction, into the eyes see all is a large ocean, you are likely to walk as long as the direction is slightly cheap, plus this sea is wide enough, you will start to circle in this sea.

And you probably won't even realise it yourself, because the sea looks the same everywhere, and it's hard to tell whether you're going in circles in the same place or not without a reference point.

"Elder, is there any more information?"

Lin Ran asked busily, this news that Master Khongkong had mentioned really left Lin Ran a little clueless.

"Nothing! That's all I can think of, you'll have to rely on yourself for the rest."

Master Empty Space said.

"By the way, you asked me earlier about the Nine Heavenly Mystic Maiden, what is your relationship with her?"

Master Empty Sky suddenly asked.

"The junior is her descendant and her disciple!"

Lin Ran said busily.

“Descendant? Disciple? I remember that there seems to be a female disciple of the Nine Heavens, do you know?”

Daoist Empty Sky asked.

“The junior knows, that is precisely the junior’s senior sister, the Nine Profound Maiden, only that she has died in battle at the Ten Thousand Treasures Spell Formation!”

Lin Ran said, with loss in his eyes.

“So!”

Daoist Emptyrean smiled but did not have much of an emotional change, as if he had already seen life and death.

“Such things are inevitable, the great battle back then was so involved that even the Immortal Realm was affected, and the Immortal Emperor he didn’t know what had happened!”

Daoist Empty said with emotion.

“By the way, Yu Chang, you collected and paid for it, I can sense that he is nearby!”

“Right! Does senior want to see him?”

Lin Ran asked.

“Forget it!”

Daoist Emptyrean shook his head.

“Instead of letting him know I’m like this, it’s better not to let him not know, he’s the last puppet I made in my lifetime, I, Daoist Empty, have spent my life studying the puppet path, and I never thought I’d be able to understand the ultimate mystery of puppets until the last Yu Chang!”

“If you have the chance to see the other puppets I have made in the future, please treat them well, and if they are damaged, you should let Yu Chang devour their materials.

“Yes! I will remember!”

Lin Ran nodded, although he did not know the ultimate mysteries of puppets, he knew that Daoist Empty had been kind to him, so he would do his best to complete this matter if he could.

Chapter 1397

“Well, I’ve said everything that needs to be said, and this obsession of mine is very thin, so I don’t know when it will disappear, so you’d better hurry up and cultivate!”

Daoist Empty said, while his voice was already fading away.

This time, Lin Ran did not stop Daoist Empty Sky, he knew that the latter’s obsession was indeed very thin, and he feared that it would disappear at any moment.

And when that time came, there would really be no more Empty Daoist in the world.

“Ai!”

Thinking of this, Lin Ran couldn't help but sigh, and at the same time, having adjusted his emotions he began to fall into closed-door cultivation.

The Battle of Destruction back then involved too much, and after all, Daoist Empty was only a wisp of a remnant, so he was unable to tell Lin Ran any more information.

Therefore, Lin Ran could only rely on himself if he wanted to find out about the Battle of Destruction.

However, Lin Ran felt ridiculous even when he thought about it, he was not even capable of finding the enemy who killed his parents, let alone exploring the Battle of Destruction.

In modern terms, he couldn't even crawl and still wanted to learn how to walk?

“It's a long way to go!”

Lin Ran sighed, and immediately stopped thinking about it and began to cultivate in earnest.

If he wanted to explore the Battle of Destruction step by step, he had to enter the Immortal Realm first, and his first priority after entering the Immortal Realm was to find Wang Kun and ask him what had happened back then and where his parents were now!

With this in mind, Lin Ran had already fallen into cultivation.

Enlightenment was a different experience for the current Lin Ran.

His own strength was only at the peak of the Qi Creation realm, and he had only reached his current realm because of the Immortal Emperor Pill.

Each of the three realms of creation corresponded to a different level of enlightenment.

The Qi Creation realm was the simplest, not only consolidating the Dantian vortex within oneself, while the Dan Creation Sutra was the most complex.

Each level requires caution, as the Dan-making realm is paving the way for the God-making realm that follows.

The stronger the period of the Dan-making realm, the more powerful the golden pellet condensed out, and the more likely it is to break through to the God-making realm.

It even makes the future stronger after entering the God Creation Realm.

Why were there many strong people at the Dan-making Realm in the Fey Demon Realm, but only a few at the God-making Realm.

There is a definite connection.

Every Dan-making realm powerhouse who wanted to break through to the God-making realm had to raise the golden pellet in his or her body to a very powerful level.

This is only a prerequisite for breaking through to the God Creation Realm.

A strong Golden Elixir is only one aspect of the process, but the other is the gift of enlightenment.

The spiral formation is a fixed step and is not difficult, but the Golden Elixir of God Creation requires a real Dao to support it.

Many people are either unable to achieve enlightenment and have powerful golden pellets, but such people are unable to break through to the God-making realm after all, such as the Heavenly Wolf King and the Heavenly Crocodile King.

They are both beast mutants in their own bodies, and their cultivation may be very smooth, but their perception of the Dao is much worse than that of humans.

The other type of person is one whose comprehension of the Dao is very high, but whose cultivation is unable to keep up.

Such people are generally human cultivators.

So where both possess people, once they break through the God Creation Realm, even if it is only a half-step to the God Creation Realm, they can completely crush the existence of the Dan Creation Realm.

This was the difference in levels, and this was why Yu Chang was able to directly tear apart the Heavenly Crocodile King alive.

Although Lin Ran had only broken through to the peak of the Dan Creation realm today after remembering the Immortal Emperor's pills.

But his own enlightenment was very strong, otherwise it would not have been possible for his strength to have been improving by leaps and bounds since he received his ancestor's inheritance.

His comprehension of the Dao had already reached the Dan-making realm when he was at the Qi-making realm.

Otherwise, Pillow Book would not have taken out the Ancestral Emperor's Pill for him to take.

And now his comprehension of the Dao was only one step away from the God-Making realm as well.

Whereas in the Yang pool in the martial arts arena he had felt some of his Dao enlightenment check, in the Yin pool beneath this altar, he was just about to make up for it.

"One yin and one yang, not only is it the opposition of all things in heaven and earth, it is also the qualitative change of realm advancement!"

"No wonder Grandmaster Void had to set up these two pools of yin and yang, if he was taking on disciples, these two pools of yin and yang would simply be a truly precious treasure within the entire Lost City ruins!"

Lin Ran lamented in his heart, the Mysterious City Ruins had only been open for three days, and the time he had spent cultivating within this Yin and Yang Two Ponds was less than two days full.

It was these two days of cultivators that had benefited him greatly.

"The so-called realm of God-making is nothing but a self-centred, self-centred God!"

“The true self within is one’s own master, and stepping out of this step requires not only facing up to one’s own gaps, but knowing better how to make up for them! This time it’s the path to the God-making realm!”

Lin Ran lamented in his heart, and at this moment the layer of window paper that was standing in his way seemed to have been poked through.

“Weng!”

Suddenly, only to see all the true qi around this area where Lin Ran was seated madly coalesce straight into his body.

This swallowing force was so astounding that it even sucked the surrounding True Essence pool water into forming layers of waves that slapped straight towards where Lin Ran was.

“Bang, bang, bang!”

Outside, the lake water slapped against the rock wall, while inside Lin Ran’s body, next to the Red Flame Golden Pill, a wisp of True Qi was rapidly converging, it first formed a small white dot.

And then the small white dot kept expanding,? Finally it formed a vast universe similar to a starry sky.

And then a dazzling bead was born in the universe, and the bead began to swallow and suck, causing the entire universe to revolve around it, eventually forming a whirlpool.

The vortex kept swallowing the surrounding true essence Qi, and eventually it actually formed an inner liner the size of a fist.

The light flowed from the inner liner, and soon it began to deform, forming the shape of a small human.

The little man’s five senses quickly formed, and in the end, it actually formed into a little man emitting golden light.

And seeing this little man, a smile appeared at the corner of Lin Ran’s mouth.

This was the God Creation Realm?

“This really is the God Creation Realm!”

Lin Ran’s heart was completely clear at this moment, and he finally understood the mystery of the God Creation Realm.

“Disperse!”

Lin Ran flicked his palm, and instantly the golden dissipation drifted away into the sky, turning into a diffuse dot of golden light.

That scene just now was the entire process of cultivating enlightenment up to the God Creation Realm that he had used his external true qi to deduce.

And he had truly done it, the deduced inner guts had successfully broken through the God Creation Realm and condensed the True God within his body.

Lin Ran's wooden light looked within, only to see that at this moment, the red-hot golden pellet that was within him had surprisingly begun to emit wisps of golden light as well, the light soaring to envelop the entire golden pellet.

"Kid! You're crazy! Didn't I tell you that you absolutely cannot break through the God Creation Realm if the medicine is not effective!"

Suddenly, the pillow's voice rang out, tinged with anxiety.

He had explained to Lin Ran more than once that he absolutely could not break through the God Creation Realm before the Immortal Emperor's medicine had passed, otherwise it would be devastating to his destruction, but now Lin Ran was actually

"Don't be nervous, it's only a half-step to the God Creation Realm!"

Lin Ran laughed indifferently, at the same time his palm waved, the golden light dispersed, and between them on top of the Red Inferno Golden Pill, a small person actually emerged, only this small person did not completely detach from the Red Inferno Golden Pill, but grew on top of it.

"You kid are going to scare me to death!"

The pillow said without good humour.

Lin Ran, however, smiled blandly and said.

"God Creation Realm you said, I naturally won't break through, but whether or not I can see through the window paper, and whether or not I'm going to poke through it are two different things, at least in terms of the Dao, I've fully reached the God Creation Realm! As for strength, it will be sooner or later!"

Chapter 1398

When he opened his eyes, it was already a full twelve hours later.

When Lin Ran looked for Yu Chang and the others, they were still sleeping.

Lin Ran was a bit speechless, but calculating the time, it must have been morning, so it was normal for them to be asleep and not awake.

At that moment, Lin Ran did not bother to disturb them, and with a wave of his palm, he directly moved them into the small world of the pillow book, and then swam directly along the lake towards the far side.

He found that the lake led to the far side and there should be an exit, so he didn't want to shout at the triangular electric snake, after all, this little fellow had only been born for a short while, if he kept letting it travel through the void, I was afraid that it would make him very weak.

So, Lin Ran swam downstream along the lake.

As expected, just a few moments later, a waterfall suddenly opened up in front of him and appeared in front of him.

Seeing the waterfall, Lin Ran's heart settled, and he fell down the waterfall directly towards the bottom.

“There was a loud thud.

Lin Ran fell directly into the pool of water below.

The place where he had fallen was the Yellow Spring Waterfall.

Who would have thought that inside this Yellow Spring Waterfall was the location that led to the Yin Pond in the true distance?

“So cool!”

Lin Ran climbed up from the lake and looked towards the surroundings, which were surprisingly empty.

But come to think of it, there was only less than a handful of hours left before the Lost City ruins closed at this point.

Without further delay, Lin Ran ran towards the exit of the Lost City ruins.

Along the way, Lin Ran surprisingly did not see a single person.

According to reason, even if everyone had rushed out before the end of the ruins, there would still be people who had fallen behind.

But on this journey, Lin Ran hadn't even found a single person, as if everyone here had already left last night.

This made Lin Ran's heart very puzzled, wondering what had happened.

Soon, he arrived at the entrance of the temple of the Lost City ruins.

And at this time, on both sides of the main road in the distance? The mists were already slowly approaching, and it was clear that in a little while this mists would completely seal the road, and by then the poisonous mists would have re-inundated the entire Misty City as well as giving it away.

Only after ten years would this place be reopened and see the light of day again.

“Let's go!”

Lin Ran wasted no time in greeting him, and immediately rushed towards the exit.

Finally, half an hour later, the moment the mists had just closed in, a figure rushed out from the main road in the distance and re-stepped onto the square that had been there before the departure.

Lin Ran was finally out.

“There's no one here either?”

Looking at the square that was empty at the moment, Lin Ran couldn't help but wonder a little.

Even if there were no more people inside the Lost City ruins, the square shouldn't be this cold, why was there something wrong with the atmosphere?

Lin Ran was suspicious, so he immediately moved Yu Chang out.

“Lin Ran I'm warning you, if you dare to take me into that space again, I won't be done with you!”

As soon as he came out, Yu Chang pointed at Lin Ran and cursed.

“Eh? As for that? Such a big reaction!”

Lin Ran was a little speechless.

“Shit! A big reaction? I’ve been trapped within that lost city for thousands of years, I’ve managed to get out with you, and you’re still locking me up in that space!”

Yu Chang was full of aggravation.

“Besides, I’m so strong you let me out, who dares to provoke you!”

Yu Chang said with dissatisfaction.

“Alright, I know you’re strong, but there are people stronger than you in this Fey Demon Domain, so it’s better to keep a low profile!”

Lin Ran said helplessly.

“Anyway, I don’t care, I’m not going back in!”

Yu Chang said.

“Fine! That’s not just what you need to do out there!”

Lin Ran laughed, and immediately entered the Qiankun Violet Qi Vase himself.

He had killed the Heavenly Crocodile King, and I was afraid that the news had already spread, so in order to prevent being discovered by the Fey Devil or his minions, it was naturally safest to hide at this time.

While Wang Yifeng and Fire Yan were already known to many people, on the contrary, this Yu Chang was considered safer as no one had seen him except the Seven Sons of the Void and the Heavenly Wolf King.

“That’s more like it!”

Yu Chang laughed in satisfaction, while taking a look towards the surroundings suddenly froze.

“This This isn’t inside the ruins! I I’m out!”

“Haha! I, Yu Chang, have finally come out!”

“Alright, stop shouting! Hurry up and set off for Liu Cheng!”

Lin Ran was somewhat speechless, and with an immediate movement of his thoughts, the location of Liu Cheng had appeared in Yu Chang’s mind.

“Leave the little things to me!”

Yu Chang was very excited, and instantly, with the power of his paws he rushed out as if he was a cannonball, heading straight for Liu Cheng.

.....

And at this time, within the ruins of the already closed Lost City, in the yin pool under the altar.

The fog that was suddenly floating in mid-air suddenly began to converge and actually formed a face.

This face had no expression, it didn't even have eyes, only a mouth bar could be seen as a human face.

"Why are you here?"

In the space, an ethereal voice suddenly recalled, it was none other than the voice of Daoist Empty.

"Empty! I didn't expect that you still had a wisp of obsession left!"

The human face condensed from true qi opened its mouth, and a hoarse voice immediately penetrated out.

"Haha, foreign devil! How come you even want to destroy this wisp of my obsession? This wisp of your consciousness coming over doesn't seem to be able to do anything about it!"

Daoist Emptyrean laughed.

That's right, the human face condensed out of the true essence mist was clearly unintentional by the Other Devil himself.

"Empty, you seem to be dead, and you think I am still in this wisp of mist?"

The Other Demon said in a cold voice.

"So you've come for Lin Ran, have you! But unfortunately, you've come too late!"

The Empty Daoist laughed.

"Humph! In my Fey Demon Domain, you think he can escape? I will personally capture him when I come out!"

The Other Demon sneered.

The Empty Daoist smiled at his words but laughed.

"You're really shameless, now you're even starting to spare your juniors!"

"Bullshit!"

As soon as the Empty Daoist's words fell, the Other Demon spoke angrily.

"He killed two of my domain kings even, and he still says he's a junior? I'm afraid that if I stay in seclusion for a few thousand years, I'll dare to kill even me by then!"

"Why wouldn't you dare!"

Empty Dao Ran asked rhetorically.

"Humph! After all, this Fey Devil domain is my Fey Devil's world, and this Earth will also be my Fey Devil's world in the future, no one dares to block my Fey Devil's path!"

The Other Demon said in a cold voice.

Lord Empty smiled at his words, however.

“You said this a long time ago, but have you succeeded?”

“At the earliest time there was the Nine Heavenly Mystic Maidens, and now there is Lin Ran, can’t you still see that?”

“No matter when, as long as you want to conquer this world, someone will stand up and stop you, even if you kill Lin Ran, there will be thousands of Lin Ran standing up in the future!”

“There is no way your plan will succeed, foreign devil!”

“Bullshit!”

The foreign devil spoke angrily, and the human face formed from the mist trembled.

He looked ahead and said angrily.

“What I, the Other Demon, will do, no one can stop it, just wait and see! I will personally capture Dao Lin Ran and then make him one of my foreign devils!”

“I will show you that what with the Nine Heavenly Mystic Maidens and all the others standing in the way, these people are nothing more than ants in front of me, the Other Demon.”

“Bang!”

With a muffled sound, the True Qi human face instantly collapsed, and the entire Yin Pond fell into silence once again, as if no one had ever come before.

Chapter 1399

Lin Ran, however, arrived at Willow City in just ten minutes under Yu Chang’s rush.

It had to be said that with a half-step God Creation Realm puppet leading the way, the speed was really much faster.

However, now that Lin Ran was also at the half-step God Creation realm, if he were to rush with all his might, this speed would be much faster than Yu Chang.

Inside Liu City, it was the same inn as before.

Yu Chang was sitting in his seat drinking wine, having not been out for so long, when he came out, he was like a donkey that had let go of its reins and was spreading out everywhere.

Fortunately, he was not a bad person, and with Lin Ran’s persuasion, he did not continue to eat and drink for nothing.

The inn was a place where news could be spread, where you could get any information you wanted if you were willing to search for it.

And this is what Lin Ran had in mind.

While Yu Chang was just eating and drinking, Lin Ran had already gotten the information he wanted at the inn.

It turned out that yesterday, Lin Ran had let the Heavenly Crocodile King go after he had killed him, and the Heavenly Wolf King had left straight after he had gone out.

Only the news that the Heavenly Crocodile King had been killed also spread instantly.

This news was no joke, the king of the domain had been killed, and this matter would definitely alert Lord Fey Demon, so many cultivators had left along with him, fearing that it would spread to them when Lord Fey Demon arrived.

Moreover, there were now legends of Lin Ran circulating throughout the entire Fey Demon Domain.

First, he had killed the Snake King, Black Jin, and then the Heavenly Crocodile King, a feat that was beyond the reach of ordinary cultivators.

I am afraid that even the foreign devils themselves would have to look at Lin Ran in a different light.

There were also many who speculated that Lin Ran was so strong that he would probably be rewarded by the foreign devil and thus drawn in.

However, Lin Ran didn't care about these rumours, because even if the Other Demon really wanted to rope him in, he would have to be willing to do so.

"Let's go!"

Lin Ran said with a bland smile.

Yu Chang smiled but was somewhat reluctant to leave in quick succession, and only after grabbing a few more bottles of wine and a few roast chickens did he leave satisfied.

"Where are we going now?"

Leaving Willow City, Yu Chang asked directly.

"To the Northern Domain to find the Sky Wolf King!"

Lin Ran laughed.

"Really I say to you, why do you think you let him go in the first place!"

Yu Chang was a little speechless.

"To find a way to leave!"

Lin Ran laughed lightly, if he hadn't exchanged this condition with the Sky Wolf King that day, I'm afraid that he wouldn't have been able to get the news that he could leave from the Four Generals.

So in Lin Ran's opinion, this deal was completely acceptable, and it was absolutely beneficial to himself.

The Sky Wolf King could be killed at any time, but the way to open up here was not always available.

"Alright!"

Seeing that Lin Ran was so insistent, Yu Chang had no choice,? Only to rush towards the Northern Domain with all his might.

In the past, it might have taken ten days to rush back to the Northern Domain from the Southern Border.

But now, with the cooperation of Yu Chang and Lin Ran, the time had been reduced by half.

The two half-step Creation Realm powerhouses rushed with all their might, and it only took them five days to leave the Southern Border and reach the Northern Domain.

However, when Lin Ran arrived at the Northern Domain, what he saw was a scene of a human purgatory.

It was as if the entire Northern Domain had been engulfed in war, and in the end, all of them were on the warpath.

Even when Lin Ran arrived at Skywolf City three days later, even the place was at war.

Lin Ran grabbed a random general and asked him about it, only then did he realise that it was the Void Sect and the Sky Wolf King who were at war.

The Void Sect's Void Ancestor was also considered a red person in front of Lord Fey Demon, so even Fey Demon would not care if he and the Sky Wolf King started a war.

There was never a shortage of strong people in a place like the Fey Devil Domain, all that was missing was who was stronger.

Nor would the Other Demon care if these men lived or died, what he really cared about was who could have the last laugh.

He could easily fight and kill his own men, but he could not tolerate Lin Ran messing up here.

For these were two concepts.

If his men fought and killed each other, strong men would be born for him more quickly.

But Lin Ran's ultimate loss in messing up here was that only he, the Other Demon, would lose.

This was also why the Other Demon was anxious to capture Lin Ran.

"Go! Go to Skywolf City!"

With an icy coldness in his eyes, Lin Ran whirled around and headed straight to Skywolf City with Yu Chang.

Inside Skywolf Cheng, in a glorious hall, the Skywolf King was sitting on the main throne with anger in his eyes.

In reality, he had only just returned less than two days ago.

When he learned of the news that the Void Sect and his own Skywolf Domain were at war, at first he had found it ridiculous that he was the king of the domain and he, the Void Sect, was just a power.

But with the battle in full swing he realised that the Void Sect's strength was not at all inferior to his own.

Even because of his late return, his Skywolf Domain was now in a state of being suppressed everywhere, and it was clearly no longer possible to move back within a ton of time.

“This Void Ancestor has been coveting Laozi’s position as king of the domain for a long time, and this great battle has obviously been planned for a long time!”

The Sky Wolf King was so angry that he slapped the table, and instantly the table on one side was instantly reduced to pieces.

“My Lord what about that!”

On the side, the disciples of the Sky Wolf King were busy asking.

“What should we do? What else can we do? Gather all our forces and fight the Void Sect to the death!”

The Heavenly Wolf King said in a furious voice.

“Yes!”

The disciple at the side didn’t dare to ask more questions and immediately went to make arrangements.

However, not long after he had left, suddenly the space next to the Sky Spirit Wolf King was distorted for a while, followed by two figures that had arrived beside him out of thin air.

“What people!”

The Sky Wolf King was resting on a chair and when he sensed something was wrong, it was already a step too late, a huge palm had already violently strangled his neck, making him unable to move.

“You You!”

The Sky Wolf King’s face turned pale after seeing the visitors.

“Sky Wolf King, we meet again!”

Lin Ran looked at the Skywolf King and smiled.

“Lin Ran! You What do you mean! We had a deal last time!”

The Sky Wolf King said in an angry voice.

Lin Ran smiled at his words but spread his hands out and said.

“Yeah, but I think I said to spare your life, right? I spared you last time, but this time it doesn’t count!”

“You!”

There was an icy coldness in the Sky Wolf King’s eyes, he didn’t expect Lin Ran to actually chase him all the way from the southern border, it was too risky a value for him.

Yet he had actually done it anyway.

“Lin Ran! What do you really want? I can give you anything you want! As long as you let me go!”

The Sky Wolf King looked at Lin Ran with a prayer in his eyes.

With Yu Chang by his side, he didn't even have the heart to resist, he knew that even if he resisted, he would end up becoming a toy in Yu Chang's hands just like the Heavenly Crocodile King.

Lin Ran looked at the Heavenly Wolf King and? There was a smile in his eyes.

"What do I want? It's simple! I want your life!"

Lin Ran said as his palm was already placed on the Sky Wolf King's skull.

The Sky Wolf King felt the threat of death at this moment, and he reflexively tried to resist.

But the next moment he froze, the aura fluctuation coming from Lin Ran's body instantly froze him in place not daring to move.

"You How can you, this is half Half"

Before the Sky Wolf King could finish a sentence, his entire life was completely cut off.

At this moment, the Heavenly Wolf King also fell.

Chapter 1400

In the palace, everything was quiet, as if nothing had changed as before.

The Sky Wolf King was lying in his place, his eyes tightly closed as if he had fallen into a deep sleep.

"My lord! My Lord, it's not good the Void Sect has breached the Xu Clan's defences, the entire defensive formation has been torn apart, the enemy is about to attack in!"

Suddenly, one of the disciples who had just gone down to make arrangements rushed in.

However, in the face of his report, the Heavenly Wolf King did not react, as if he hadn't heard a word.

"My Lord!"

That disciple was also confused in a hurry, not even noticing that at this moment, the Heavenly Wolf King had lost his breath.

He was busy kneeling down in front of the Heavenly Wolf King while speaking about the situation.

Only this time, he froze himself just in the middle of his words.

Between them on the ground beneath the Sky Wolf King's chair, a large puddle of blood had dripped down at some point.

The disciple suddenly woke up with a start and jerked his head up to look at the Sky Wolf King, and at this moment there was despair in his eyes.

He slowly stood up, and then retreated towards the back, shouting aloud just as soon as he had left the palace.

"The Sky Wolf King is dead! The Sky Wolf King is dead!"

"Weng!"

This shout was as if it was the last straw that crushed the Northern Domain.

In an instant, those disciples and generals who were still fighting in blood for the Sky Wolf King lost their fighting spirit for a moment.

The entire defence line was torn apart in an instant.

Skywolf City fell almost completely in an instant.

Lin Ran was currently standing on the Second Wolf Mountain near Skywolf Cheng, looking at the Skywolf City in the distance with complexity in his eyes.

This was where he had appeared when he first came to the Fey Demon Domain.

At that time, he was sneakily attacked by the Sky Wolf King and was severely injured and could only choose to flee.

Later, when he learned of Wang Yifeng and Long Ya's whereabouts, he had to feel his way back.

Then later he entered the Weak Water Stream and was finally forced to fall back to the southern border, not expecting to be back here now.

After a big detour, he was no longer as weak as he was when he first came in.

He had even killed the Snake King of the Southern Border, as well as the current Sky Wolf King.

As far as Lin Ran personally was concerned, his trip to the Otherworldly Demon Realm had not been a loss, even if he had died here,? At least he had already killed two domain kings.

But for the Fire Family of the Other Demon Realm and even Wang Yifeng Long Ya and the others, everything was still far from over.

Because they have not yet left the Other Demon Domain.

"I'm afraid that this time the Other Demons will be completely shaken, boss, when the time comes, maybe the Other Demons will send the four generals to capture you, what are you going to do!"

Wolf Ba asked worriedly as he stood next to Lin Ran at this moment.

Originally he thought that Lin Ran was a genius, but now it seemed that this fellow was not only a genius, but also a madman, in the Fey Demon Realm who dared this to directly kill the king of the domain to provoke Lord Fey Demon, Lin Ran was definitely the first.

It was just that by now, even he was a little worried, fearing that he might really annoy the Other Demon and get himself involved in the end.

But he also knew that he had no choice. Even if he left Lin Ran now, he feared that he would be caught by the four generals in no time at all, and since he had followed Lin Ran, he was already doomed to get off this train.

"Let's take one step and see what happens, let's go and get out of here first!"

Lin Ran said indifferently, and with a whirl, he led Yu Chang and Wolf Ba to prepare to leave.

However, the three of them had just walked out for a short while when suddenly a group of people appeared in front of them.

They were all wearing armour, and in the middle of them was a group of people dressed in ordinary people's clothes, seemingly protecting these family members from leaving.

In fact, Lin Ran had seen quite a few of these situations along the way.

Now that Skywolf City had lost its hand, those ordinary people would forget about it, and the Void Sect wouldn't do anything to them!

But these former Skywolf King's men, however, had no choice but to flee, or else all that awaited them was death.

In this Fey Demon Domain, in a firefight between two great powers, there would never be the word mercy present.

"Who are you!"

Wolf Ba looked at the crowd and asked bellowingly.

"We have no intention to be your enemy, please also let us go!"

One of the generals leading the other side spoke up.

"O! In that case, then you guys go!"

Wolf Ba laughed, in normal times he wouldn't have been polite, he would have had to take advantage of the fire for a while.

But the two times before Lin Ran had simply let people go, at this point he didn't dare to go against Lin Ran's wishes and could only do as he was told.

"Many thanks!"

The opposing general arched his hand in thanks at Wolf Ba, and immediately led his men to leave.

Only when the men passed by Lin Ran, he froze.

"Xu Yuan?"

Lin Ran suddenly spoke.

Xu Yuan, who was surrounded in the middle, was also stunned, and was busy turning her head to look at Lin Ran.

"Mu Lord Lin Ran!"

Xu Yuan looked at Lin Ran and tears slipped down her eyes unconsciously.

Lin Ran, on the other hand, could clearly see that Xu Yuan's face was pale and there was even blood at the corner of her mouth, as if she had suffered a very serious injury.

"What's wrong?"

Lin Ran asked.

Xu Yuan smiled but tears of despair flowed from her eyes.

“The Void Sect launched a great battle against the Sky Wolf King, and my father was killed in battle!”

“Ah?”

Lin Ran was stunned at his words.

Xu Xiong was not a bad person, although he was also a member of the Sky Wolf King, he was at least a good father.

It was just a pity that he and Lin Ran belonged to two different camps, and there was no way to change this.

“I’ve also been seriously injured, I’m afraid I won’t be alive much longer!”

Xu Yuan looked at Lin Ran with a hint of comfort in her eyes, as if she was happy to see Lin Ran just once before she died.

“Let me take a look!”

Lin Ran was busy stepping forward, but the guards at the side suddenly got nervous.

“He’s my friend!”

Xu Yuan said as she looked at them, and only then did these guards move out of the way.

Lin Ran quickly stepped in front of Xu Yuan and began to take her pulse.

But under this pulse even his brow furrowed.

Not only had Xu Yuan’s internal organs been severely injured, but the other party had also poisoned her, and the toxin had already penetrated deep into her bones and marrow.

Even if it was only three months, Xu Yuan would still be in great pain every day, and the other party was clearly not prepared to leave her alive with this tactic.

“Is there anything else you want to do? I can help you!”

Lin Ran looked at Xu Yuan, there was only so much he could do at this moment.

There were tears running down Xu Yuan’s eyes.

She pulled a girl who looked only three years old next to her over and said.

“Lin Ran, for the sake of us knowing each other, please take her away, she is my father’s illegitimate daughter, the last bloodline of our Xu family, count me as begging you!”

Xu Yuan looked at Lin Ran and cried like a tearful man.

“Mmm! I’ll take her away!”

Even Lin Ran's heart was hardened at this point, he took one look at the little girl and smiled, then with a wave of his hand he directly took her into the small world.

"Do you still have any last wishes?"

Lin Ran looked at Xu Yuan, at this moment he had these slight heartaches in his heart.

"No more, I'm happy to see you again before I die!"

Xu Yuan laughed, with joy in her eyes.

Lin Ran gently swept her into his arms and Xu Yuan was stunned, happiness in her eyes.

"If my father wasn't one of the Sky Wolf King's men, would you have taken me away?"

Suddenly Xu Yuan asked.

Lin Ran was stunned at his words, and there was heartache in his eyes.

"Will!"

Lin Ran opened his mouth and said.

At this moment, there was actually satisfaction in Xu Yuan's eyes.

But in the end, she slowly closed her eyes, the obsession in her heart had finally been lifted, and she didn't have any lingering feelings.
