

Wonder Doctor

Chapter 1401

Lin Ran just held Xu Yuan for a few moments, until Xu Yuan's vitality was completely cut off, before he waved his hand and took Xu Yuan into the small world.

"Wait a moment, you guys!"

Lin Ran said as he looked up at the general next to him.

"Yes!"

The other party did not dare to resist and could only agree.

Lin Ran, on the other hand, came to the little world of the Pillow Book.

This was the first time he had ever been in the little world of the Pillow Book.

It was on a high mountain peak, and Pillow-side Book as well as Qing Zi and Wang Yifeng had all come, and they all stood next to Lin Ran without speaking.

The crowd could feel that Lin Ran had anger in his heart at the moment.

At the highest point of the mountain peak, there was a palace that Lin Jiu had built herself, where she was the absolute king, and with the shelter of the Pillow Book no one dared to come and mess with him.

"Brother! What are you doing here!"

Lin Jiu was busy running down and took Lin Ran's hand in an intimate manner.

"Brother came to run some errands!"

Lin Ran said with a bitter smile.

"Brother, it seems like this is the first time you've come to Grandpa Book's little world!"

Lin Jiu asked, blinking his big eyes.

"Mm!"

Lin Ran nodded his head.

"Little Nine!"

"Brother, you say!"

Lin Jiu blinked his eyes.

"Is there a very quiet place here where no one will come and disturb!"

Lin Ran asked.

"There is! No one dares to come next to my palace, and those scary beasts don't dare to come either, plus they're all quite nice to me and never hurt me!"

Lin Jiu laughed.

Lin Ran nodded, Lin Jiu was a fellow demon stone, those beasts couldn't even protect her enough, so naturally they wouldn't hurt her.

"Then can brother borrow a place from you? Brother wants to bury this sister here, is that okay?"

Lin Ran looked at Xiao Jiu.

"Yes, I can, and I will help brother pay respects to her often in the future, she must have been very important to brother!"

Lin Jiu said.

"Mm!"

Lin Ran smiled and nodded, but there was a trace of sorrow in his eyes.

The crowd then helped and found a place on the hillside for Xu Yuan to be buried.

Zhao Yu, who was watching the scene from the side, had a sour heart.

"I'm afraid that the current version of myself is not even comparable to Xu Yuan!"

"Sister, what's wrong with you?"

On the side, the little girl looked at Zhao Yu, she didn't know why after she entered la, she liked to cling to Zhao Yu very much.

And Zhao Yu also doted on her, and Yan Yan treated her like her own sister.

"It's alright, sister is just sad!"

Zhao Yu laughed.

"Sister, can I follow you from now on?"

The little girl suddenly asked.

Zhao Yu, however, was stunned, while looking up at Lin Ran in front of her, and nodded.

"Mm! Sister go beg him!"

After saying that, Zhao Yu walked over towards Lin Ran.

"Let's go first!"

Pillow Book greeted, and promptly led the group away.

Lin Ran and Zhao Yu's affairs were indefinable, so he naturally wouldn't add to the mess at this time.

"Something wrong?"

Lin Ran was not in a good mood and did not turn his head.

"That orphan, can you follow me?"

Zhao Yu spoke through clenched teeth.

“Hm?”

Lin Ran was stunned and turned his head to look at Zhao Yu.

“She seems to like me a lot, and I like her a lot too, I want to raise her!”

Zhao Yu spoke.

Lin Ran, however, looked at her without speaking.

Zhao Yu gritted her teeth and her eyes flushed a little.

“Ever since my mother and I were captured here, after her death, I have been lonely, I don’t mean anything else, I just like her a lot and she likes me, why won’t you let her follow me!”

Zhao Yu looked at Lin Ran with a plea in her eyes.

Lin Ran was silent for a moment and spoke.

“I didn’t disagree, I just don’t know if I can leave the Fey Devil Domain, if I leave one day, you can take her to live an ordinary life!”

Zhao Yu smiled with joy and nodded her head.

“Thank you!”

After saying that, Zhao Yu turned around and walked towards the little girl with a smile.

Lin Ran saw that the little girl had joy on her face and seemed to really like Zhao Yu.

Lin Ran knew that Zhao Yu had lost her mother in the Fey Demon Domain this time, she no longer had any family in this world, and was so much like this little girl.

If in the future he could successfully leave the Fey Demon Domain and let them live together to live an ordinary life, it wouldn’t be a kind of happiness.

Just what about your own happiness? One’s own parents were still nowhere to be found!

“Forget it, now is not the time to be sentimental!”

A sigh escaped Lin Ran’s heart, and he had already left the place in a whirl.

.....

The outer world.

“Who poisoned her?”

Lin Ran asked as he looked at the Xu Clan general in front of him.

“It was a disciple of the Void Sect, a man named Red Pupil Old Devil! He seems to be a personal disciple of the Void Ancestor!”

“Red Pupil Old Devil?”

Lin Ran smiled with an icy coldness in his eyes.

“I know, you guys can go!”

After saying that, Lin Ran walked towards Skywolf City without turning his head back.

“Hey hey! Why are you going back again!”

Yu Chang looked at Lin Ran and asked busily.

“To kill the Red Pupil Old Demon!”

Lin Ran said indifferently.

Yu Chang became excited when he heard that.

“Holy shit! You didn’t call me for this kind of thing, dammit! Let’s see how I’ll turn the Void Sect upside down later!”

Lin Ran nodded at his words and didn’t say anything, at this moment there was only anger in his heart.

Although Xu Yuan was Xu Xiong’s daughter,? But she was only an ordinary person.

Lin Ran didn’t want to get involved in the feud between the Void Sect and the Sky Wolf King, but he couldn’t care less about that now.

This change in the Xu family was somehow also caused by him, Lin Ran, and he could not sit back and do nothing about it, let alone go against his conscience.

.....

Tian Wol Cheng, a place of deep water and fire.

When Lin Ran arrived here, the entire city had completely fallen and countless Void Sect disciples were drinking freely in celebration.

There was a cheering sound everywhere.

“What are you going to do?”

Yu Chang stood by the side, fists pumping and leaping for joy.

Fang Tang didn’t say anything, his feet stomped the ground violently at once and his entire body directly pulled up to the ground, heading straight for the sky.

“Holy shit!”

Yu Chang was so excited at the sight that he actually followed suit and kicked the ground, then also followed suit and rushed up.

“What man? Who is that?”

The two figures rushed out so violently that they immediately drew the attention of the surrounding crowd.

Especially since these people were celebrating the victory of the battle, but at this moment there was actually a direct leap up into the air, which was a great disrespect to them.

Moreover, this place would soon be renamed the Void Sect, and there were actually people who dared to be wild now, this was simply provoking their entire Void Sect.

It was too late, Lin Ran and Yu Chang had just rushed up into the mid-air, followed by several figures.

However, Lin Ran didn't know any of these people, none of the Five Sons of the Void from the Lost City ruins were here.

"Who are you, this is my Void Sect's place, leave quickly!"

A bearded youth on the other side opened his mouth and scolded, with an icy coldness in his eyes.

"Where is Old Devil Red Pupil?"

Lin Ran raised his head and looked at the other party, his voice bland.

"Hm?"

The other party's eyebrows went a few shades colder at his words, and he said in a cold voice.

"You call yourself the Red Pupil Old Devil? Are you really looking for death?"

"I ask, where is the Red Pupil Old Devil!"

Lin Ran's voice was icy cold, and there was even a surge of anger in his eyes.

Chapter 1402

"Hmm? Seeking death!"

Seeing how tough Lin Ran's attitude was, the other party's face also instantly turned ugly, and immediately, with a wave of his palm, the four or five people around him instantly lunged towards Lin Ran.

"Leave it to me!"

On the side, Yu Chang had already been rubbing his fists together, after so many years of holding back in the Lost City ruins, at this time being able to come out, he naturally wanted to do things properly that he hadn't even had the chance to do before.

Even if it was the fight in front of him!

Lin Ran didn't say anything, he just quietly looked at these people, with his current strength these people in front of him he didn't even put them in his eyes, since Yu Chang wanted to fight, he naturally made him whole.

"Little doll, try one of your grandfather's punches!"

Yu Chang laughed out loud, followed by a punch towards his opponent.

He didn't know what it meant to hold back, and as soon as he struck, a terrifying aura instantly swept out, the strength of which simply made everyone turn pale.

"Run!"

Seeing this, the bearded young man greeted him and took the lead, rushing downwards.

The others beside him were a little slower to react, and were instantly blown to pieces by a punch, which was a punch from the half-step God Creation Realm.

"What a man!"

As expected, Yu Chang's punch was so strong that it instantly alerted the Void Elder below.

Following this, Lin Ran's brow furrowed, only to see the space around Yu Chang fluctuate violently, followed by a figure peeking out from within, heading straight for Yu Chang's face.

"Hm?"

Yu Chang frowned slightly as his palm followed and met it.

"Bang!"

The two exchanged blows, and instantly a feared aura immediately filled out, and the figure that had just poked out was actually instantly knocked backwards by Yu Chang, and dug into the spatial rift at the back again.

"What!"

"How is this possible, the old ancestor him!"

"This ....."

The crowd below were all shocked at this point.

This was the Void Ancestor, and he was actually knocked back with one punch to flying by this tall youth!

"This is too strong!"

"Who the hell are these two people, how did our Void Sect come to mess with such an existence!"

There were some chills in the hearts of the crowd, even the Void Ancestor was no match for a single punch, let alone those of them who were even less powerful.

"Weng!"

Soon after, a spatial fluctuation appeared once again out of thin air ahead, followed by a figure walking out of it in some distress, and it was clearly the same old man who had just fought with Yu Chang!

"Who are you?"

The old man looked at Lin Ran and the two of them with a slight frown.

He had really suffered some pain from the slap that Yu Chang had just given him, and at this moment, even his attitude was not only a few degrees better.

When he saw the old man, Yu Chang wanted to go forward but was stopped by Lin Ran.

“Where is Old Devil Red Pupil?”

Lin Ran looked at UI Fang’s voice was bland.

The old man smiled but frowned slightly and spoke.

“What is it that you seek from him? I am his master!”

“So you are the Void Ancestor, right!”

Lin Ran looked at the other party with a bland voice.

“That’s right!”

The old man didn’t argue and immediately nodded his head in acknowledgement.

“Call your disciple out!”

Lin Ran’s voice was bland, his face not showing any fluctuation in expression.

“Who the hell are you!”

The Void Ancestor’s face obviously changed a little, and he looked at Lin Ran’s incoming person with a few moments of caution.

He could not see through the strength of these two people in front of him, leaving aside Lin Ran for the moment, that Yu Chang alone was terrifyingly strong, and he had never suffered such a big loss in all these years even when facing the king of the realm.

He had never suffered such a great defeat in all these years, even when facing the king of the realm. The feeling Yu Chang had given him during that encounter just now was too terrifying.

But at this moment, he could not give in yet, after all, at this moment, all the people under the Void Sect were available, if he gave in directly, it would be a huge blow to the Void Sect.

“We are are who? You didn’t go and ask your disciples?”

Lin Ran looked at the Void Ancestor and said indifferently.

“Hm?”

The Void Elder Ancestor’s face was clearly stunned,? But just then, four or five figures had rushed over, and they were clearly the Sons of the Void that they had met back in the Lost City ruins.

“Old Ancestor!”

The Sons of the Void nodded respectfully one by one, and the leader’s boss was even busy telling the Void Ancestor about Lin Ran’s identity, hearing the Void Ancestor’s face immediately change.

“Old man, now you know who we are!”

Yu Chang looked at the Void Ancestor with a smile on his face.

The Void Ancestor's face turned ugly as he stared at the two for half a day before speaking.

"Little friend Lin Ran doesn't know how this red pupil disciple of mine found you?"

"He killed my friend!"

Lin Ran didn't hide anything and said in a cold voice.

"Your friend?"

The Void Ancestor frowned slightly at his words.

"Xu Yuan of the Xu Clan!"

Lin Ran said.

The Void Ancestor's frown tightened a few more points at his words.

"Little friend Lin Ran, is this a bit unreasonable of you, our Void Sect and the Sky Wolf King are at war, and it is inevitable that there will be some damage when the battle comes together, is this something you want to care about as well? Or do you also Skywolf King ....."

"Is there a difference?"

Before the Void Old Ancestor could finish his words, Fang Tang directly interrupted him.

"I just want the Red Pupil Old Demon, today you have to hand it over or not, I don't want to get involved in the matter between you and the Sky Wolf King, but it doesn't mean that I'm afraid of your Void Sect!"

Lin Ran's voice was bland.

"You!"

The Void Ancestor's face was ugly, but he didn't dare to get angry.

Lin Ran, this name was now an absolutely taboo existence in the Fey Demon Domain.

Having killed Snake King Black Jin, Heavenly Crocodile King and Heavenly Wolf King one after another, he had already completely offended Lord Fey Demon.

But now, Lord Fey Demon has not yet left the gate, and I am afraid that the only people who can stop him in the entire Fey Demon Domain are the Four Generals.

However, the Four Generals had no intention of making a move up to now, so what could he, the Void Sect, do.

"Little friend Lin Ran, how about giving me face, I can replace this disciple of mine with something else?"

The Void Ancestor said, he was absolutely unable to just say yes, otherwise how would he account for so many people in the Void Sect.

However, the Lin Ran in front of him was not something he dared to mess with, he asked himself that his strength was just about the same as the Sky Wolf King, yet the Sky Wolf King had even been killed by Lin Ran, so how could he, the Void Elder Ancestor, dare to really mess with Lin Ran.

“Impossible! Don’t be talking nonsense either, my patience is limited!”

Lin Ran’s voice was bland.

The Void Ancestor’s face was stony as he listened, and for a moment he was actually a little unsure of what to do.

“I say, what are you wasting words with him, old man or whatever is the most troublesome, if he doesn’t hand it over I’ll be big enough to hand it over for him!”

On the side, Yu Chang also impatient to say.

Hearing the void old ancestor’s face instantly changed.

“Little friend Lin Ran, if I hand over the person like this, how can my Void Sect still gain a foothold in the future, this matter ....”

“There is no room for negotiation in this matter, I still say that he must die today, he eats pain old devil! Whether you decide to die for him or hand over the man, think about it yourself!”

“I repeat! There is a limit to my patience!”

Lin Ran’s voice was icy cold as he looked at the Void Elder and said one last thing.

“In one minute, if you don’t hand over the man, Yu Chang will fight me! Fight until you hand over the man!”

“Alright!”

Yu Chang smiled and instantly pumped his fists, he didn’t even bother with nonsense, as long as the minute was up later, he was definitely going to strike immediately.

Chapter 1403

“Little friend Lin Ran, are you being too overbearing!”

The Void Ancestor looked at Lin Ran with anger in his eyes.

“Overbearing? When your disciple killed someone, why didn’t you ask him if he was overbearing, Xu Yuan was just an ordinary person, and he killed him all without being overbearing?”

Lin Ran looked at the Void Ancestor froze and said in a cold voice.

However, the Void Ancestor’s face was icy cold as he said.

“Little friend Lin Ran, in the end the truly powerful one is only this puppet beside you, if the information I got is good, the Heavenly Crocodile King should have been killed by him!”

“If you, Lin Ran, had this strength yourself, I, the old man, would admit to this heel today, but it is not you who is truly formidable!”

The Void Ancestor's voice was icy cold.

Lin Ran also frowned slightly as he listened.

He looked at the Void Ancestor and did not speak, only slowly raising his palm.

"What do you mean?"

The Void Ancestor looked at Lin Ran, somewhat puzzled.

"After all, you still think that I, Lin Ran, am easy to bully, right!"

Lin Ran looked at the Void Ancestor.

"If you can take this slap from me, I can stop pursuing the matter of the Red Pupil Old Demon, but if you can't borrow it! Hand over to me immediately!"

Lin Ran's voice was icy cold.

The Void Ancestor looked at Lin Ran, and a hint of joy couldn't help but flash across his eyes.

This was the effect he was looking for, in his opinion young people were extremely competitive, and as long as he used a little bit of scheming, he would be able to cross this matter over completely.

And it seemed to him that Lin Ran had clearly fallen for it.

"Good! I'll take this bet!"

The Void Elder said indifferently.

"But I hope that later on, little friend Lin Ran, you'll keep your word, so you won't deny your defeat!"

"I naturally won't be the same as your Void Sect!"

Lin Ran said indifferently.

"Good! In that case, little friend, let's strike!"

There was excitement in the Void Elder's eyes, in his opinion, even if Lin Ran was strong enough to kill the Snake King Black Jin and the Sky Wolf King, it would definitely be a miserable victory.

And he was about the same strength as them, it was only a single slap, if he couldn't even lend it to them, then his Void Sect wouldn't be unjust in losing.

"Humph!"

Lin Ran looked at the Void Ancestor and without the slightest hint of stopping, he raised his hand and slapped a palm straight over.

"Hm?"

Looking at Lin Ran and the slap, the Void Ancestor's face however changed a little.

Lin Ran's palm seemed to be plain and uneventful, but the moment it was slapped out was something that eluded him, he couldn't feel how great the power was at all.

“Staging a mystery!”

There was disdain in the Void Ancestor’s eyes as he followed with a wave of his palm, and at once a palm came to meet him.

This palm was so powerful that the strength of its aura was staggering, and most importantly, around this palm of the Void Ancestor, there were even faint spatial fluctuations arising.

“Eh?”

At the side, Yu Chang looked at the Void Ancestor’s slap and could not help but frown slightly.

When the Void Elder Ancestor had attacked him before, there were such faint spatial fluctuations on his palm.

Although it looked like he had sent him flying backwards with a slap, Yu Chang knew very well in his heart that he had been able to do so purely because he was a puppet body and his power was stronger at the same level, not to mention facing the Void Ancestor who was even lower than himself.

Lin Ran, on the other hand, was different, he was a real person, and if his strength was the same as his own before, I’m afraid that at least seven or eight percent of the force of this slap would have been removed by the Void Ancestor.

And by then I’m afraid he would have lost this bet.

“The old ancestor is formidable! This Void Intent can already strike out with his palm!”

“Yes! I’m afraid this Lin Ran is going to fall this time!”

“That’s right, he doesn’t even look at the strength of our old ancestor, is he not comparable to that Wolf King Heavenly Crocodile King!”

The others below couldn’t help but chatter, all full of confidence in the Void Ancestor.

However, Lin Ran acted as if he hadn’t heard these people’s arguments, and pressed on as if he didn’t care.

The two palms collided with each other, and in an instant everyone could clearly see that a white light swept out in all directions with the collision as the centre.

At this moment, they could not even hear the sound, but there was already a figure flying backwards.

“Bang!”

Only then did an earth-shattering sound come out, followed by white light that instantly engulfed everything.

No one could see clearly who had flown backwards.

But they all saw that while that person was flying backwards, a mouthful of fresh blood had spurted out.

The blood had even stained the entire sky.

“Win! The old ancestor has won!”

“No need to think it must be Old Ancestor who has won!”

The crowd chattered.

And the white light gradually dispersed amidst the clamour of the crowd.

However, the moment the white light all dispersed, the crowd was frozen.

They saw that Lin Ran was still standing in the same place, not even changing his position, while on the contrary, the Void Ancestor had actually disappeared by now.

The crowd unconsciously looked towards the back, but they still didn't see the Void Ancestor's figure.

“Look at the Second Wolf Mountain!”

Suddenly, I don't know who shouted out, following which everyone turned their heads to look at the Second Wolf Mountain.

With this glance, all of them drew in a cold breath, and even Yu Chang, who was next to him, frowned.

They saw that the Erlang Mountain in the distance had actually been cut off, and the whole mountain had turned bare, and they could no longer see that the mountain had been cut down to there.

“Boom!”

Just as the crowd was dazed, suddenly behind Erlang Mountain, an explosion appeared out of thin air, followed by a figure already rushing over quickly.

A moment later, when the figure was close, the crowd was stunned, the figure was none other than the Void Elder himself.

At that moment, the Void Ancestor looked as miserable as he could be.

The entire person's hair was scattered on his shoulders, and his robe was even torn in several places, the entire person looked as if he had just returned from begging.

“How could this happen! What's going on old ancestor!”

“This can't be, how can that kid be so strong!”

“Yes, that slap just now clearly looked ordinary!”

The crowd were all puzzled, not understanding why this had happened.

But at this moment, the reality was already in front of the crowd, so they couldn't help but believe it.

“Kid! Your strength .....”

On the side, Yu Chang was also taken aback.

Lin Ran, however, waved his hand without saying anything.

By now, the Void Ancestor had dragged his wretched figure over, his face unusually embarrassed.

“Why didn’t you tell me earlier that you had such strength, junior friend, causing me to make a fool of myself in front of everyone!”

The Void Ancestor spoke up, and the crowd was stunned to hear it.

The Void Ancestor, who was usually high in the morning at the Void Sect, was speaking in this tone as if he was a little aggrieved daughter-in-law.

“Cut the crap! Hand over the man!”

Lin Ran looked at him indifferently, not bothering to talk nonsense.

“Ai!”

The Void Ancestor sighed helplessly at this, before shouting at the bottom.

“Come up yourself!”

The words fell, followed by a figure that actually rushed up from below.

His face was indifferent, as if he didn’t care at all. The hair on his head was scattered and he looked a bit crazy, but his pair of pupils were red and looked very conspicuous.

Chapter 1404

“He is Red Hitomi my disciple!”

Old Void Ancestor said, and then looked at Red Hitomi.

“I usually told you not to kill ordinary people casually, but you just didn’t listen, I can’t protect you from this calamity, so you should take care of yourself!”

Old Void Ancestor said indifferently, and then he walked aside, at this point he had no more recourse, he had even lost the bet, what else could he do!

“You’re the Red Pupil Old Devil?”

Lin Ran looked at the other party, ? The voice was calm.

“Yes!”

The other party didn’t have any intention of resisting, and only looked at Lin Ran with an indescribable sorrow in his eyes.

“Hm!”

Lin Ran nodded and said no more as he immediately raised his palm.

However, just as he was about to end this Red Pupil Old Demon with a single slap, who knew that the latter had spoken.

“Wait!”

“Speak!”

Lin Ran's expression was indifferent as he coldly said.

"Is it possible to bypass me for one, I can give you anything you want!"

The Red Pupil Old Devil spoke.

"Can you bring Xu Yuan back to life?"

Lin Ran's voice was bland as he looked at the Red Pupil Old Devil without any fluctuation on his face.

The Red Pupil Old Devil's fists unconsciously clenched at his words and spoke.

"I can't!"

"Then there's nothing I want!"

Lin Ran said indifferently, swirling his palm already raised.

"She's just an ordinary person!"

Suddenly, the Red Pupil Old Demon spoke again.

"Even if I don't kill her, she'll die of old age sooner or later, can't you just bypass me for once?"

"You're also just a cultivator, even if I don't kill you, other cultivators will kill you in the future, is there a difference between you living and dying?"

Lin Ran looked at the Red Pupil Old Demon and said indifferently.

The Red Pupil Old Demon gritted his teeth, his face trembling for a moment before asking.

"Isn't there any other possibility?"

"No!"

Lin Ran's voice was bland.

"Do it!"

The Red Pupil Old Demon didn't say any more and swirled his eyes shut.

Lin Ran glanced at him blandly and followed with a slap out.

At this moment, a huge palm shadow fell as if it was carrying monstrous might, heading straight for the Red Pupil Old Demon.

"Weng!"

Suddenly, the Red Pupil Old Demon's eyes snapped open, and a madness actually appeared in his eyes.

That's right, it was madness.

"Trying to kill me! Even if you are a god, you have to lose a piece of flesh for me!"

The Red Pupil Old Demon said angrily, following which his entire body actually lunged towards Lin Ran, while the white light of his entire body suddenly skyrocketed, this fellow actually chose to explode himself.

“Kid!”

When Yu Chang saw this scene, he couldn't help but try to block it for Lin Ran, he was a puppet and was not affected by the Sky Crocodile King's self-destruct, let alone a red-pupil old devil.

However, Lin Ran waved his hand, indicating that it was not necessary.

At that moment, the Red Pupil Old Demon had already rushed to Lin Ran's doorstep.

Lin Ran fiercely poked out a hand and directly grabbed the Red Pupil Old Demon's neck, and immediately the latter's entire body was lifted up by him.

“Hahaha! Haha!”

The Red Pupil Old Demon looked at Lin Ran, there was not even a hint of panic in his eyes, instead there was smugness.

“Boom!”

In an instant, the entire Red Pupil Old Demon directly exploded away.

The terrifying shockwave from the instantaneous self-destruction instantly submerged Lin Ran.

Even Yu Chang and the Void Ancestor at the side were rippled in.

At this moment, none of the people around dared to speak, they all knew very well that even the Void Ancestor had given up resisting, what else could they say.

Moreover, this Lin Ran in front of them was indeed too strong, actually daring to catch the Red Pupil Old Demon's self-explosion with his bare hands, something that none of them would have been able to do if they were in their shoes.

“Rumble!”

The Überwave of the Red Pupil Old Demon's self-explosion was still emanating outwards.

Cultivating to his? The power of a self-exploding eldritch at this level was also terrifying, and if it was placed in the past, Lin Ran wouldn't dare to take it hard.

But now he was no longer the least bit afraid.

The terrifying explosion continued, but the people around him had fallen silent.

They all clearly saw that as the explosion gradually dispersed, Lin Ran's figure had appeared.

The crowd could see very clearly that this Red Devil Elder's feared self-explosion had not even injured Lin Ran, not to mention causing damage to his robes.

“What's that?”

Suddenly, I don't know who shouted, following the crowd were surprised while seeing, at this moment Lin Ran's hand, was actually holding a round bead.

The pillar was blood red in colour, the size of a fist, as if it was a blood red crystal ball.

However, the Void Ancestor on the side saw this but his face changed greatly.

"Lin Ran don't!"

The Void Ancestor was busy speaking.

"Master save me!"

At the same time, in that red crystal ball, there came the voice of the Red Pupil Old Devil.

That's right this was none other than the Red Pupil Old Devil's divine sense that had tried to slip away after he had exploded himself.

Only where did he know that Lin Ran had already seen too much of such tactics.

The Heavenly Crocodile King Snake King, almost every strong person was not willing to fall just like that.

So they would all love to take a chance before the temporary, but unfortunately for Lin Ran what they wanted to do was not going to work when it came to him.

"Little friend Lin Ran, he has become like this, even if I beg you, please spare him!"

The Void Ancestor looked at Lin Ran with a plea in his eyes.

However, Lin Ran didn't even look at him, his eyes suddenly glowed with a cold aura, and a "bang" was heard instantly.

Then everyone froze.

In Lin Ran's hand, the Red Pupil Old Devil's divine sense instantly collapsed, and the entire bead was reduced to pieces in an instant.

"You!"

Looking at this scene, the Void Elder's eyes were filled with helplessness and regret.

He should have thought of it long ago, how could someone like Lin Ran really let the Red Pupil Old Demon go.

I'm afraid that he wouldn't have let go of any of the others in today's case.

He was going to take revenge for that Xu Yuan today.

"Go!"

Lin Ran's voice was icy cold as he blandly glanced at the Void Ancestor, before turning around and leading Yu Chang straight out of the place.

The Void Ancestor looked at the distant backs of the two Lin Ran and felt a pang of frustration in his heart.

At this moment he finally believed in a saying from the cultivation world.

“Cultivate a path that is resistant to going against the heavens, never harm ordinary people, free karma in the underworld, today’s fruits are all yesterday’s causes!”

“Hey! You have this end blame no one else, to blame yourself to unlucky not to listen to advice!”

With a wave of his hand, the Void Ancestor did not stay any longer, followed by the appearance of a void crack in front of him, and the Void Ancestor directly stepped into the crack.

And the story soon spread throughout the entire Fey Demon Domain.

The Void Sect had wiped out the Sky Wolf King’s territory, and even the Sky Wolf King had died.

Of course everyone knew very well that the one who had really killed the Sky Wolf King was not the Void Sect’s Void Ancestor, but the youth called Lin Ran.

It was at this moment that the name Lin Ran became completely known throughout the entire Fey Demon Domain.

First, he had killed the Who Snake King Black Jin, then he had beheaded the Heavenly Crocodile King, and now even the Heavenly Wolf King had died at his hands.

There were four kings of the realm, and now only the Ghost King of the Eastern Wilderness was still alive.

No one knew where Lin Ran had gone, but everyone knew that he must have angered the demons.

And a revenge was brewing against him.

Chapter 1405

The entire Fey Demon Domain had become tense.

The Void Sect had already transformed Skywolf City into its own base after it had invaded it.

As for the other forces, they were all in danger, fearing that they would annoy Lin Ran and bring about the destruction of their clans.

All the forces in the entire Fey Demon Domain had gone into hiding.

The actual fact is that no one is looking for Lin Ran’s trouble for a while.

.....

“Weng!”

Above the Other Demon City, a sudden ripple of fluctuations appeared, instantly alerting the city lords of the four surrounding satellite cities.

The four generals simultaneously transformed into a stream of light and headed straight for the sky, all of them knowing very well in their hearts that this was Lord Fey Demon calling.

Sure enough, not long afterwards, a formation enveloped the four out of thin air, enveloping all four of them, while the void appeared out of thin air, this time he was a solid void, not just the upper half of his body.

“My Lord!”

Seeing this figure, the four generals simultaneously knelt down in respectful submission.

On a normal day they were generals from on high, but at this moment they did not dare to treat this man before them with the slightest bit of slackness, thinking that he was the absolute master, the controller of the entire Fey Demon Domain.

“You all know the matter!”

The foreign devil turned his back on the crowd, his voice icy cold.

“We know, my lord!”

The four spoke in unison.

“My lord, we are just waiting for your order, as soon as you give the word we will absolutely go and kill that brat at the first time!”

General Demon Ape, who was a brutal man by nature, was the first to speak.

“Yes, my lord, there was no order from you before, otherwise I would have definitely set off already!”

Next to him, General Tiger Head also spoke up.

The tiger-headed general was impulsive and reckless, while the demonic ape general was heavy-minded and although he was brutal, he was more calculating than the tiger-headed general.

However, both of them were born from demon beasts, so when it came to scheming, they were still closer than the other two.

“Ghost King! San Yuan! What do you say?”

The foreign devil didn't give a direct order, the splitter was asking the other two.

“Back to my lord, in my opinion, this Lin Ran doesn't have to be an enemy!”

General Sanyuan spoke up.

The moment these words were spoken, they immediately caused General Tiger Head and General Demon Ape to be displeased.

“Sanyuan, what do you mean by that, how many of our people did that Lin Ran kill, three of them died directly from the domain death, and with this loss you actually say that Lin Ran doesn't have to be an enemy?”

The tiger head general chided.

The devil ape general also had micron eyes and said icily.

“Sanyuan, Sky Wolf Sky Crocodile and even Black Jin are all from our demon beast clan, you are going to make us very sad!”

Although the Devil Ape General’s words were not too intense, the meaning in his words was very clear.

“Ghost King, what do you say?”

The foreign devil did not answer, instead he looked at General Ghost King who was on the side and asked.

The Ghost King General bowed respectfully at his words, and then spoke.

“I agree with Sanyuan’s meaning, but at the same time, I also understand this matter of the tiger head and the devil ape, I think we can prepare with both hands!”

“Two-handed preparation? What two-handed preparation? I say just go and kill him and be done with it!”

General Tiger Head said impatiently.

“You tell me first!”

The foreign devil, however, opened his mouth and asked.

“Yes!”

The Ghost King swirled with an arching hand and said.

“This Lin Ran has killed many of us, but because of that, we need to draw him in even more, so that we can make up for our losses!”

“Moreover, this man is powerful, if he can be used for us, whether it’s for us in the Fey Demon Domain or for the outside world, it’s all to our benefit, we won’t lose out in the end!”

“There is also the last and most important point, this Lin Ran is said to have already obtained that puppet of Master Kongkong, even if we really can’t come to terms and end up making a move, with their strength, I’m afraid it would be very difficult for us to win alone!”

“So I think we can pull together first, and if that doesn’t work out we can consider a siege!”

“Hm!”

The foreign devil nodded at his words, with thought in his eyes.

Seeing this, all four generals did not dare to speak, and could only wait quietly.

A few moments later, suddenly the Other Demon spoke.

“Let’s follow the Ghost King’s plan, this time the four of you will lead the operation with the Ghost King, Sanyuan you leave your true body to sit in the city of the Other Demon and let the two Yuan bodies go!”

“Yes, my lord!”

Sanyuan respectfully replied.

“Lord Alien Demon!”

Tiger Head and Demon Ape were obviously a little upset, yet the Other Demon waved his hand and directly interrupted them.

“This time it’s decided, I’ll need at most another week to get out of the gate!”

“Remember guys, if you can’t beat them, hide inside the city and don’t go out, our Fey Devil Domain can’t afford to lose anymore!”

“If you can pull them in or kill them, even better, if not wait for me to get out!”

“Yes!”

The four of them saw this and answered with an arch of their hands.

Although the tiger head and the devil ape were a little reluctant, they could not help it, they did not dare to disobey the slightest order in front of the fey devil according to them.

“Alright! I’ll finally tell you all, that Lin Ran should be heading towards the Prison Mountain Desolate Swamp on the east side of the Fey Demon City! You guys prepare yourselves and move!”

The Other Demon finally said.

“Yes!”

The four of them nodded respectfully.

Following this, the Other Demon’s figure gradually faded away.

“Humph!”

Only when the figure of the Other Demon had completely disappeared did Tiger Head give a cold snort of dissatisfaction, and then turned around and left with a flutter of his sleeve robe.

The devil ape which was helplessly sighed, and then also left the place.

“Let’s go!”

The Ghost King and Sanyuan looked at each other, then also left.

.....

However, at this moment, Lin Ran was walking on top of a long stretch of mountains.

He knew very well in his heart that he had killed so many people in the Fey Devil Domain one after another this time, and the Fey Devils were afraid that they could not resist making their move.

At this point, even if he went to the Ghost King of the Eastern Wasteland and killed him, it would not be very meaningful.

Even if the king of the realm was dead, there would still be others who would be promoted by the demons.

Therefore, what Lin Ran wanted to do at this moment was to cause some trouble for this Fey Devil domain.

That was why his eyes were fixed on this Prison Mountain Desolate Swamp.

According to the information provided by Wolf Ba, this Prison Mountain Desolate Swamp was a place that was used as a prison.

Here, a very large number of people and beasts were imprisoned.

One must know that where there is oppression, there is resistance, even in the Other Demon Domain.

And since there are few people in the Fey Devil Domain, it is not very realistic for the Fey Devils to really kill all those who resist.

And this Prison Mountain Desolate Swamp was like a naturally formed prison, as long as the people or beasts exiled here by the Fey Devil were incomparably people who had a grudge against the Fey Devil.

“Before the Fey Devil comes out to deal with me, if I can release all the people and beasts in this Prison Mountain Desolate Swamp, it would be a great gift to the Fey Devil!”

Standing at the foot of the Prison Mountain Desolate Swamp, a cold smile tackled the corners of Lin Ran’s mouth.

“Go!”

Then, with a greeting, Lin Ran swirled and led Yu Chang and Wolf Ba straight to the Prison Mountain Desolate Swamp.

And at the same time, the four generals who were far away in the Foreign Devil City also moved to rush towards the Prison Mountain Desolate Swamp.

A good show was brewing at the Prison Mountain Desolate Swamp!

#### Chapter 1406

The Prison Mountain Deserted Swamp is surrounded by mountains on all sides.

It was also because of this extremely special terrain that caused this place to be used as a natural prison.

“Legend has it that apart from some very powerful demonic beasts, there are also some very powerful people imprisoned in this Prison Mountain Desolate Swamp, all of whom are extremely dissatisfied with the rule of the foreign devils!”

As he hurried along, Wolf Ba introduced them.

“Why didn’t the foreign devils kill them all?”

Lin Ran asked with a frown, according to reason, an existence at the level of the Fey Devils could not possibly care about the lives and deaths of such a small number of people, rather than keeping them to become a scourge, it would be more peaceful to just kill them.

“There are many reasons for this too!”

Wolf Ba said.

“But I feel that the most important point should be that the foreign devils want to keep these people as a whetstone to sharpen their men!”

“Sharpening stones?”

Lin Ran smiled thoughtfully, ? There was indeed this possibility, after all, the entire Fey Demon domain was under the Fey Demon’s domain, so naturally no one dared to provoke his men.

But if his men didn’t get to truly kill each other, it would be difficult for them to grow up, and thus they wouldn’t be able to go outside to fight in the war.

Lin Ran had spent time in the Heavenly Wolf Domain, and in fact all of those soldiers who went out of the Fey Devil Realm were extremely brave and warlike, and I’m afraid that this was also inseparable from the Prison Mountain Desolate Swamp.

“But there’s no need to worry now, every year the Fey Demon’s come here for training are scheduled, now this short time no such arrangement has been heard of from the four generals!”

Wolf Ba said.

Lin Ran nodded at his words, the four generals he was not afraid of, the most important foreign devil.

There was no telling when this foreign devil would come out of seclusion, if he could leave this foreign devil domain before he did, it would naturally be the best outcome!

“This foreign devil controls the entire foreign devil realm, I’m afraid his strength isn’t weak either!”

Lin Ran thought in his mind, nowadays, the one thing that he feared most in the entire Fey Demon Realm was this Fey Demon, and whether or not he could leave before he came out of seclusion had become the most important thing.

As they continued to rush along with their thoughts, Lin Ran and the rest of the group soon crossed the mountain in front of them, and what appeared in front of them was a huge deep valley.

“The Prison Mountain Desolate Zephyr lives down here, let’s go down!”

Wolf Ba said, Lin Ran nodded at his words, and immediately walked down towards the bottom with the three of them.

Just as he went down from above this ridge, at once Lin Ran felt a ripple in the space around him, and then the feeling changed and quickly disappeared.

“Be careful, there are formations in this place!”

Lin Ran opened his mouth and warned.

“A formation? How come I didn’t feel it!”

Yu Chang frowned slightly, after the previous incident he also found that Lin Ran’s strength seemed to be similar to his own, but was there really a formation fluctuation just now? How come he didn’t feel it himself.

“This formation is very obscure, you have no attainment in formations, so it’s normal that you couldn’t feel it!”

Lin Ran said.

“Ao!”

Yu Chang nodded at his words.

“Let’s go!”

Lin Ran greeted, and immediately led the two of them on to the plains below.

And just as the three entered the plains below, two figures were poking their heads out from behind the leaves of a large tree hiding in the dense jungle below.

“Lord Hu Rider, are these outsiders the people of the foreign devils?”

The two youths asked as they looked at the Hu Rider before them.

“It’s hard to say, but it doesn’t look like it!”

Hu Rider said with a frown.

He was the one responsible for scouting here today, while the two youths beside him had just come of age and were following Hu Riding on his first patrol mission here today.

“My lord, so what do we do now?”

One of the youths asked busily.

“Fourth child! You go back immediately and inform the King of Men, Third Child! You and I will continue to follow them and see what they are up to when they enter this Prison Mountain Desolate Swamp!”

“Yes!”

The two of them nodded their heads busily, and immediately a very thin-looking young man, Fourth Child, got up and hurried towards the depths of the deep forest.

Hu Rider, on the other hand, followed quietly towards Lin Ran and the others with the other youth.

.....

The three of them, however, were walking among the jungle at this time, and the quietness around them was simply frowned upon.

The actual fact is that there are a lot of insects, ants, birds and beasts in the depths of these mountains, but at this point in time, walking in the jungle, not to mention birds and beasts, they have not seen even a single insect.

The three of them had been walking through the jungle for almost half an hour, but they still hadn’t reached the end of the forest.

“When will this place come out, or we should just fly over?”

Yu Chang was a little impatient and asked directly.

“No way!”

Fang Tang shook his head.

The situation inside this Prison Mountain Desolate Swamp was still unclear to him, and if he went through the air without permission, he was afraid that he would soon be discovered by the enemy, which was the last result Lin Ran wanted to see.

“Ai!”

Yu Chang was somewhat helpless and pressed his body hand on one of the giant trees only.

However, his strength was too great, and with this press the whole tree fell over to the side, but he was able to withdraw his hand in time as there were still roots buried in the soil, which prevented the whole tree from falling straight down.

But even so, half of the roots were pulled out of the ground.

“Goo dong!”

Wolf Ba on the side was so frightened at the sight that he couldn't help but gag, facing such a terrifying existence like Yu Chang, he felt terrified just thinking about it, let alone seeing such a situation at this moment.

“Er ....”

Yu Chang this was a little embarrassed scratching his head, he didn't want this either.

“Ai!”

Lin Ran sighed and didn't say anything more, but just as the three of them were about to continue on their way, Lin Ran suddenly stopped again.

“What's wrong?”

Wolf Ba and Yu Chang were both stunned at the sight somewhat confused as to what Lin Ran was doing.

Lin Ran did not explain and then walked towards the tree that had just been pushed over by Yu Chang.

“What's wrong?”

Yu Chang wondered, and also followed him over.

Lin Ran was standing in front of the giant tree that had half fallen over, looking at the roots of the tree and froze a little.

“What's wrong?”

Yu Chang and Wolf Ba also walked over, feeling somewhat baffled.

“Look at the roots of this tree, you guys!”

Lin Ran said, pointing at the tree root.

Yu Chang and Wolf Ba looked over at his words and couldn't help but frown slightly as well.

They could only see that at the base of this tree root, the soil that was not brought up was actually dark red, instead of the normal colour of the earth that they normally saw.

"What's going on here?"

Both of them looked stunned.

Yu Chang immediately probed his hand and dug some of the soil out from underneath the roots, but it was still red underneath, and the colour was actually gradually becoming brighter.

"Is this happening anywhere else?"

Lin Ran suddenly turned his head and asked Wolf Ba.

"No! How can this land be red underneath, I'm wondering that too!"

Wolf Ba shook his head.

"I'm pushing down two of them to try!"

Yu Chang was not polite and instantly pushed down two more.

At once, the three of them saw that the soil underneath the trees was actually all red, which was very bizarre.

Lin Ran squatted down, picked up a piece of red dirt, put it between his nose and smelled it, and immediately his entire brow furrowed.

"This is the smell of demon blood that has infested the area!"

Lin Ran said softly, while a terrifying thought sprang up in his heart.

Could it be that the land beneath this Prison Mountain Desolate Swamp had all been infested with devil's blood?

Chapter 1407

"Forget it, if it's red, it's red, maybe the geology here is special!"

Not being able to see the reason, Yu Chang didn't bother to think much about it.

"Hm!"

Lin Ran nodded and thought no more about it, and immediately led the three of them on their way.

And this time, it only took them ten minutes to get out of the jungle.

The three of them suddenly had a clear view in front of them,? What appeared before them was a vast plain.

There were two bumps in front of the plain, as if a rift valley blocked the entire plain from both sides, with only a constantly too wide passage in the middle that led to the front.

“Why isn’t there a single person here, can’t they all be behind that heavenly rift?”

Yu Chang asked, frowning.

“It’s very possible!”

Wolf Ba also nodded his head.

“Let’s go!”

Lin Ran didn’t say much, and immediately prepared to walk towards the heavenly rift.

But at that moment, his face suddenly turned cold, and a cold aura was instantly flung in his hand towards the jungle behind him.

A “whoosh” sound was heard in the air, followed by an “Ah!” There was a scream of misery.

“What a man!”

Yu Chang and Wolf Ba’s faces changed and they were ready to rush back at once.

“No need!”

Lin Ran raised his hand to stop the two, his face icy cold as he shouted at the back.

“Don’t come out yet!”

As the words fell, a moment later two figures did come out from the back, none other than Hu Rider and San’er.

Only at this moment, Hu Rider was holding his arm, and there was blood dripping down from his arm, while San’er was supporting him, his eyes full of vigilance.

“Who are you?”

Seeing the two men, Wolf Ba went straight forward and asked.

“Who cares who they are, damn it, they dare to follow me, looking for death!”

Yu Chang’s face sank and he stepped forward to kill someone.

“Stop!”

Lin Ran was busy speaking up and shouting at Yu Chang, while turning to look at the two.

“I’m warning you, you don’t mess around, this is our place in the Prison Mountain Desolate Swamp!”

Hu Rider looked at the three of Lin Ran with an ugly face.

“You’re from the Prison Mountain Desolate Zephyr?”

Lin Ran looked at the two men and frowned slightly.

“That’s right! We are the people of the Human King!”

The young man beside him, San’er, said busily, as if to scare Lin Ran.

“San’er!”

Hu Rider was busy interrupting San’er, but he was already a step too slow.

“One of the Human King’s people?”

Lin Ran frowned slightly at his words.

“That’s right, we are none other than the Human King’s people, and whose people are you? Which one of the four generals’?”

Hu Rider looked at Lin Ran and inquired.

“No one’s either, my name is Lin Ran, take me to see your Human King!”

Lin Ran said indifferently.

Originally he was worried that the people inside this Prison Mountain Desolate Swamp were scattered, but now it seemed that the people here were also organised.

As long as there was an organisation, it would be easier to do things, and at least it would be easier to carry out his plan.

“Take you to see the King of Men?”

Hu Rider was visibly stunned, taking them to meet the King of Men wouldn’t that be throwing oneself into the net?

“What is the situation with these people?”

There was some hesitation in Hu Rider’s heart.

“You have no choice, if you don’t agree, I will kill him now! You should be clear that I can do it!”

Lin Ran looked at Hu Riding indifferently, without the slightest change of expression on his face.

“You!”

Hu Rider’s face turned blue, but there was nothing he could do at all.

“Fine! I’ll take you there!”

Hu Rider eventually agreed.

It would have been more beneficial for them to go see the Human King, and at this point, Lin Ran even threatened him, so he naturally had no reason to object.

“Very well!”

Lin Ran nodded in satisfaction, and immediately let Hu Rider lead the way in front of him as the group walked towards the depths of the plain.

Sure enough, the route Hu Riding took was really towards that heavenly rift, confirming the crowd’s suspicions.

Half an hour later, they had passed through the rift valley and were greeted by an even wider plain.

The plain could not be seen to the end, but there was a large group of people standing not far from the rift valley, looking at Lin Ran and the others in formation.

“Who are those who come!”

A booming voice suddenly rang out, and Lin Ran’s eyes were drawn to a middle-aged man in armour in front of him.

The other man was tall and looked even more robust in his armour, while the face that was exposed was full of ice and cold, without a hint of expression fluctuating.

Although the other party looked cold, there was an icy killing intent in his eyes, and he was obviously someone who had also experienced the baptism of war.

“Lin Ran!”

Lin Ran looked at the other party, his voice flat.

“Who is Lin Ran?”

The other party frowned slightly having not heard of this name at all.

“It’s not important who I am, what’s important is that I’m here to work with you!”

Lin Ran looked at the other party and said.

“Where is your human king?”

“I am!”

The middle-aged man on the other side was not ambiguous and immediately returned.

“Good!”

Lin Ran smiled lightly at his words,? Whirling around, he opened his mouth and said.

“You guys can think about getting out of here?”

“Weng!”

As soon as those words left their mouths, everyone froze.

One by one, they then actually talked to each other, each with a different expression on their faces.

“Get out?”

The human king laughed.

“All of us here dream of getting out, but this is a prison set up by the foreign devils, it’s easy to get in and hard to get out, I’m afraid you still don’t know you can’t get out!”

“That’s for you, but for me, I can come and go as I please!”

Lin Ran looked at the other party and said blandly.

“You’re lying to the devil!”

The Human King looked at Lin Ran with an icy cold face, such words spoken here were undoubtedly the same as insulting his intelligence.

“You don’t believe me?”

Lin Ran smiled at his words, following which he waved his palm, and in an instant his body had disappeared from the spot .

“Out!”

The Human King saw this and waved his palm similarly, and instantly a curtain of light appeared in front of everyone’s eyes.

Only to see on the light curtain, Lin Ran had actually reached the edge of this Prison Mountain Desolate Swamp.

On the light curtain, Lin Ran turned his head and smiled blandly at the crowd, followed by his palm actually poking out of the Prison Mountain Desolate Swamp, and then actually retracted it.

“How is this possible!”

“You!”

The crowd was all shocked at the sight, even the Human King looked completely stunned.

“Weng!”

The space around him rippled, and in an instant, Lin Ran had appeared at the place where he had disappeared before.

However, just as Lin Ran stood still, the sound of rumbling footsteps actually came from the distance.

Following this, Lin Ran Yu Chang and the others saw that on the other side of the human king, another army had arrived, only this army was not human, but a beast.

Of course, most of the beasts had already taken human form, and only a few others were in their original form.

“Human King! Who is this boy and why did he manage to leave here?”

The voices were already ringing out before the army arrived.

“I don’t know either! Why don’t you drink and come over and ask together!”

The King of Men looked at the other side with a bland voice, seemingly only to see a great deal of counting.

“This is the demon king of our Prison Mountain Desolate Zephyr, the same status as the human king, the entire Prison Mountain Desolate Zephyr, the human race has a human king to command, the demon race has a demon king to command!”

On the side, Hu Rider spoke up and introduced himself.

As Lin Ran listened, he suddenly understood that there was actually a distinction between human kings and demon kings within this Prison Mountain Desolate Swamp.

Chapter 1408

“Kid, what’s your name!”

Soon, the Demon King rushed over with his men as well, looking here at Lin Ran and asking.

“Lin Ran!”

Lin Ran said indifferently, while also sizing up this Demon King for a moment.

This Demon King was very slim in stature, but there was a coldness in his eyes, and the two pupils of his eyes clearly carried patterns, and it looked as if his essence was a snake.

“What the hell is wrong with you? Why can you freely enter and leave this Prison Mountain Desolate Swamp!”

The Demon King asked with a frown.

In fact, the entire Prison Mountain Desolate Swamp, not to mention that people inside could not get out, even if people from outside came in, they could not get out at all, which was why there was not even a single person around this Prison Mountain Desolate Swamp.

However, for the people of the foreign devils, especially the great generals, they could easily enter and leave the Prison Mountain Desolate Swamp, which was why they were so surprised to see that Lin Ran could actually enter and leave the Prison Mountain Desolate Swamp freely.

“You wouldn’t be one of the four generals, would you!”

Someone next to him suddenly spoke up and asked.

Both the Human King and the Demon King frowned slightly when they heard this, their eyes looking deadly at Lin Ran.

In a way, it was indeed possible.

Although the fact that Lin Ran had only come with three people made them dismiss this possibility for a moment, they couldn’t completely rule it out, and at this point, they wanted to see what Lin Ran had to say.

“No!”

Lin Ran was dry enough to deny it straight away.

“Then who are you with!”

The Demon King didn’t dilly-dally either, and directly pursued the question.

“Nobody’s person either, I am who I am!”

Lin Ran's voice was bland.

"Then why are you able to freely enter and leave this Prison Mountain Desolate Swamp!"

The Human King spoke up again and asked.

"It's simple, because I'm not from your world!"

Lin Ran looked at the two of them and said blandly.

"What? Not from our world? You're from outside?"

The Demon King frowned slightly at his words.

The Human King was similar, they had known before when they were outside that the world they were in was nothing more than a bullet point, and that there was an even more vast territory beyond the Fey Demon Domain.

However, even the four generals could not go out for a long time, let alone those of them who were working against the foreign devils, it was almost completely impossible to get out. ," he said.

"How do we know if what you're saying is true!"

The human king looked at Lin Ran, with caution in his eyes.

"Haha, it's up to you guys to believe it or not, you and not listen to what I'm looking for you to cooperate with before deciding whether you want to cooperate or not? Anyway, even if you don't cooperate, you guys have nothing to lose right!"

Lin Ran laughed.

The Human King and the Demon King looked at each other at that, feeling that what Lin Ran said still made some sense, they immediately nodded.

"Tell me, what exactly do you want from us?"

The Human King looked at Lin Ran and said.

"To let you all out!"

Lin Ran laughed.

"Let us out? With just you?"

The Demon King laughed at his words.

"Right! Just by virtue of me!"

Lin Ran laughed.

"Why do you want to let us out?"

The Human King, however, asked smoothly, he didn't care right now whether Lin Ran could actually let them out or not, what he was most concerned about right now was what Lin Ran's motives were.

“It’s simple, I want to make the Fey Demon Domain chaotic!”

Lin Ran laughed.

“Why?”

The Human King frowned slightly at his words.

“Because I want to make it chaotic!”

Lin Ran looked at the Human King and said.

“The foreign devil will soon be out of the gate, and once he is out of the gate he will inevitably come against me, and if I’m right, he has probably already tapped the four generals to deal with me, so I want to make the foreign devil domain chaotic, it’s not hard to understand, right!”

“It’s not hard to understand, but I’m curious about how you got into trouble with the Fey Demon!”

The Demon King on the side laughed.

According to Lin Ran, it was obvious that he had offended the Fey Demon, which guessed that he wanted to create chaos so that he could buy himself some more time.

However, exactly how he had offended the foreign devil was something they didn’t know yet.

“The short answer? I killed three of the kings of his domain!”

Lin Ran said indifferently, since he wanted to work with these people, Lin Ran had no intention of hiding something about himself.

“What? You killed three of the king of the domain realm? Which three were they?”

The Demon King was excited at his words and was busy asking.

The Human King at the side also looked at Lin Ran, with disbelief in his eyes.

Those were the kings of the realm, and apart from the four generals, the four strongest people under the foreign demons were the four of them, but now this youth in front of him, who looked like he was in his early twenties, was actually saying that he had killed three of the kings of the realm!

This was simply too much for them not to be shocked.

“The Heavenly Wolf King, the Heavenly Crocodile King as well as the Snake King Black Jin!”

Lin Ran said, while staring at the Demon King deliberately when he said Snake King Black Jin.

As expected, the Demon King was visibly stunned when he heard that the Snake King Black Kam had been killed by himself, and then laughed.

“Snake King Black Jin ah! Haha! You said you killed Snake King Black Kam and he actually died in your hands!”

“There’s a problem?”

Lin Ran looked at him and asked indifferently.

“No problem! Of course there’s no problem, good kill! Well killed!”

The Demon King instantly smiled even wider.

“Back then he escaped here because of the Snake King Black Jin, I didn’t expect you to kill the Snake King Black Jin!”

The Human King said.

“Then what do you want us to do when you let us out?”

The Human King quickly remembered the question and asked Lin Ran.

“There’s no need for you to do anything, you can avenge your grievances if you have any, I won’t stop you, but before you leave, you must make a blood oath not to harm the ordinary people outside!”

Lin Ran blandly.

“No harm to ordinary people?”

Both the Human King and Demon King were stunned at the words,? This of indeed wasn’t anything important.

Most of them also had enemies with the Fey Demon and those under the Fey Demon’s throne, so they naturally wouldn’t harm ordinary people for no reason.

“Is that all?”

The Demon King also recovered at this point and looked at Lin Ran as he asked.

“That’s it!”

Lin Ran nodded his head.

The Human King and Demon King, however, glanced at each other, with an enquiring look in their eyes.

“Kid!”

Suddenly, the Demon King spoke up.

“I admit that the conditions you mentioned are tempting to us, but back to the original question, do you have the strength?”

“This formation in the Prison Mountain Desolate Swamp is a formation handed down from a foreign demon, and the one who set up this great formation is no other than one of the Four Great Generals, the Sanyuan Daoist.”

“This man is in three forms, and one of his bodies is the best at formations, how can you break through his formation!”

“There’s more!”

The Human King at the side also spoke up at this time and added.

“You said that you killed three of the kings of the realm, but we stay here all year round, who saw it? No one saw them at all! So how can you prove that you are telling the truth!”

“How do you want me to prove it?”

Lin Ran looked at the two men, his face not wavering with any expression.

“It’s simple!”

The Human King opened his mouth and laughed.

“Although the Demon King and I are not as strong as the Domain King, we are still similar to them, so as long as you can take three moves from either of us, we will believe you!”

“Right! You can choose for yourself who’s attack you want to take!”

The Demon King also spoke and laughed.

Lin Ran saw this but laughed and spoke at the same time.

“No need for that? You two go together!”

Chapter 1409

“Eh?”

Hearing Lin Ran’s words, both the Human King and the Demon King were stunned, they didn’t expect that Lin Ran would be so arrogant as to ask them both to come together!

“This kid is crazy!”

“I think it’s 80%!”

“Really looking for death, how dare he provoke both the Human King and the Demon King at the same time!”

“Exactly!”

The other people beside him were also talking, clearly none of them looking up to Lin Ran.

The Demon King and the Human King were the absolute top of this Prison Mountain Desolate Swamp, yet Lin Ran wanted to challenge them both at the same time, this was simply ....

“Boss! Are you playing too big! This is two people!”

Wolf Ba was also busy saying, he still didn’t know that Lin Ran’s strength had broken through.

“It’s no harm!”

Lin Ran waved his hand with a bashful expression.

“Just say whether you guys dare to take it or not!”

Lin Ran asked blandly as he looked at the Human King and Demon King.

“Hehe! I’ve been in this Prison Mountain Desolate Swamp for so long, I never thought I’d run into someone who dared to challenge both of us at the same time today!”

The Demon King looked at the Human King and laughed indifferently.

“Me too!”

The Human King nodded his head.

“But since people have asked for it, wouldn’t it look like we’re afraid if we don’t take it!”

The Human King then laughed.

“I think so!”

The Demon King nodded his head.

“Then let’s do it!”

Lin Ran looked at the two and smiled blandly, not saying anything.

“Good!”

The Demon King and the Human King shouted almost simultaneously, following which the two actually lunged towards Lin Ran at the same time.

“Good timing!”

Lin Ran had a frenzy in his eyes when he saw this.

After experiencing so much, he had come to understand the truth that only by constantly fighting others could he sharpen himself and make himself even stronger.

Although the Human King and Demon King in front of him could not possibly be his own opponent in terms of strength, each one had different attack methods, and as long as he fought someone there would be certain gains.

Lin Ran had a frenzy in his eyes as he followed a step out and instantly met them towards the two as well.

“Hm?”

Seeing Lin Ran actually take the initiative to rush over, both the Human King and the Demon King were also stunned, but then the two of them stopped being polite and took out their own means of protection and greeted Lin Ran.

However, what happened in the next scene made them both dumbfounded.

They saw that Lin Ran’s feet kept changing direction, and he dodged their own attacks in one go.

Not even one of the two men’s attacks had even touched Lin Ran.

“How is this possible, this kid’s speed!”

“Nothing is impossible, he’s too fast!”

The Demon King and the Human King exchanged words, and then the two of them actually followed directly with their second move.

By now, Lin Ran had already brushed past them, and the two men's attacks didn't even land on him.

That is to say, the first time the three of them fought, Lin Ran dodged without being hit by anything at all.

At that moment, the second attack from the Demon King and the Human King was already sweeping over.

The three of them had just brushed past each other, and instantly Lin Ran felt a gust of wind hitting him, clearly the other party had already exploded into a second strike.

"In such a hurry!"

Lin Ran smiled faintly, and then turned around to see that the Human King and Demon King were actually rushing at themselves at the same time with a fist blast.

"Eh?"

Lin Ran saw this with a frenzy in his eyes, and then raised his palms towards the two respectively to actually meet them.

"Bang!"

"Bang!"

In an instant, Lin Ran's palms collided with the two men.

A terrifying aura instantly filled the air.

"Weng!"

A trembling sound followed, and the crowd around them actually froze.

They only saw Lin Ran standing in place without moving a muscle.

However, the Human King and Demon King on the opposite side actually flew out towards the back to at the same time.

Their figures were like cannonballs as they flew straight backwards towards the back.

This scene made the surrounding area silent, everyone's face was shocked.

The Demon King and the Human King were absolute leaders in this Prison Mountain Desolate Swamp, and the lives of many people were in their hands.

But now what?

The two of them had joined forces against Lin Ran, but they had been blown away by a single palm strike.

"He could be so strong!"

“Yes! That’s too strong, that’s two people, the Human King and the Demon King!”

“The sky is falling, this man is too strong!”

The crowd reacted and all of them were talking about it.

And at that moment, the Demon King and Human King in the distance had finally stabilised themselves.

The two of them glanced at each other, with shock clearly in their eyes.

Lin Ran’s slap just now seemed to be ordinary, however, the power contained within it was something only the two of them knew best.

Fortunately, it was only a sparring slap, if it had been a real life and death fight, I was afraid that the two of them would have been seriously injured by now.

“What should we do?”

The Demon King looked at the Human King and asked.

“What else can we do! The third move! Let’s see what his limit is!”

The Human King spoke.

“Good!”

The Demon King nodded at his words, and immediately the two of them saw their entire bodies’ auras surge, before they actually rushed at Lin Ran and pounced once more.

“Scuff!”

“Bang!”

Two distinct sounds rang out, and at once everyone saw that a sharp sword had actually appeared in the Human King’s hand, and it had already been sheathed.

The sharp blade instantly brought up a sword aura, carrying a monstrous might straight towards Lin Ran.

On the other hand, the Demon King’s aura soared, followed by a muffled sound, and at once a huge snake tail several meters thick swept towards Lin Ran, the power of which was no less than that of the Human King’s sword.

“Demon King’s true body, Human King’s sword, interesting!”

Lin Ran looked with a smile in his eyes, then his hand suddenly flashed with coldness, and instantly the Frost Condensation Sword also appeared in his hand.

“Go!”

Then, he saw Lin Ran directly throw the Frost Condensation Sword out, and immediately a strand of ice crystals spread out quickly from the Frost Condensation Sword only, and soon the entire sky was floating with this ice crystal lotus flower.

The ice crystal lotus quickly flew towards the two of them, and in an instant, layers of ice began to appear on their bodies, on their sword arrows, and even on the snake's tail.

The ice layer spread so quickly that in just a few breaths the two men were completely frozen into ice sculptures.

With Lin Ran's current strength, the power of casting this Ice Crystal Lotus had long since been unparalleled.

"Open!"

Then, as Lin Ran flicked his finger, all the ice crystal lotus flowers instantly broke apart with a "click, click, click".

With a wave of his palm, Lin Ran directly put the Frost Condensation Sword away.

At the same time, the ice crystal lotus that had encased the Human King and the Demon King shattered with a loud bang.

And the two people within the ice crystal instantly fell towards the ground at the back.

The long sword in the Human King's hand had fallen to the ground, while the Demon King's huge snake tail had also reassumed its human form.

This strike was just easily defused by Lin Ran.

"We've lost!"

"Loser!"

The Human King and Demon King didn't retort and got up to look at Lin Ran and said with an arch of their hands.

Lin Ran smiled blandly at this and asked.

"Do I have enough capital now?"

"Enough! It's enough!"

"Enough!"

Both the Human King and the Demon King looked embarrassed and nodded their heads busily.

Chapter 1410

Looking at the reactions of the Human King and Demon King, Lin Ran then nodded in satisfaction.

"Right little friend Lin Ran, I wonder how you are going to take us out?"

The Human King asked, this was also his main concern.

Lin Ran could enter and exit this place at will, if he was allowed to take a spatial type magic weapon, he could completely take them all out, this was the first method and the most convenient.

But all the same, this method was somewhat unfriendly to them.

After all, who knows what the other side's intentions are if they want to enter another small world, and once they enter, they are putting their lives in the hands of others, which is not something people can accept.

The second option is to break the formation!

Breaking the formation and taking the people out is naturally the safest way.

But likewise, if one wanted to break the formation, then one could only do so practically, depending entirely on Lin Ran's own attainment in formations.

"Break the formation!"

Lin Ran looked at the two and said indifferently.

Both the Human King and the Demon King were clearly delighted at their words, breaking the formation was indeed the solution they wanted to see the most.

Of course, Lin Ran naturally knew their concerns, but he had chosen to break the formation not because of these concerns, but because he didn't want to expose the existence of the pillow book.

Whether it was Wang Yifeng Long Ya or them, these people were all a minority after all, and it would be fine if Lin Ran waved his hand and put it away.

But if he waved his hand and put away so many people as the Human King and Demon King, it would inevitably arouse the suspicion of others.

One should know that even if an ordinary magic weapon was powerful, it would definitely not be able to hold so many people.

If he had so many, I was afraid that many people would guess that Lin Ran had a small world inside him after all.

And a small world was an absolute temptation for a cultivator, definitely no worse than a step to the heavens.

Because in your own little world, you were the absolute emperor, and no one dared to disobey you.

"Fine! Little friend Lin Ran, so about how long will it take?"

The Human King asked with a smile.

"I don't know, it could be a day or two, or a month or two! If you guys can't wait, I can slowly use my spatial magic weapon to take you out!"

Lin Ran laughed.

"No ..... No ..... We're not in a hurry, there's no rush!"

The Human King and Demon King were busy laughing.

Joking aside, they had all been in this Prison Mountain Desolate Swamp for many years, so how could they possibly care about this amount of time.

“Mm!”

Lin Ran smiled and nodded his head, and immediately walked towards this side.

“I’ll go break the formation, you guys are free to do as you please!”

After saying that, Lin Ran disappeared above the plain and had reached the edge of the formation in the blink of an eye.

“Kid! Is this formation easy to break?”

Yu Chang asked with some boredom, he knew nothing about formations.

“I don’t know, but this formation has been here for I don’t know how many years, even if it is subtle, it will still have its flaws, so I think it should be possible to break it!”

Lin Ran said, and immediately sat down on his knees, sensing it with his heart.

“Feel free to go around, don’t do any damage!”

Lin Ran gave a final admonition before closing his eyes.

“Don’t worry! I’m not a three-year-old child!”

Yu Chang said in a good-natured manner.

Lin Ran listened but shook his head.

It was true that Yu Chang was not a three-year-old child, but after all, he had been trapped in the Lost City ruins for so many years and was curious about many things when he first came out.

There were times when his behaviour was really no different from that of a three-year-old.

“Forget it!”

Lin Ran sighed, then he said no more and began to break the formation with all his might.

There was another reason why he dared to use a broken formation to take the crowd away.

That was the presence of the Pillow Book and Qing Zi.

According to what the Human King and Demon King had said, this formation had been passed on to the Sanyuan Daoist by the foreign devil back then, allowing the latter to set it up.

Then there were two possibilities for the origin of this formation!

One, this formation was an existing formation on Earth.

The second is that this formation was brought by the Other Demon from the Immortal World.

If it was the first one, it would still be a bit troublesome, after all, Lin Ran’s formation attainment did not dare to claim to be the best, and if he really encountered a very top formation, I am afraid he would also have to have a headache.

But if it was the second one, it would be much easier. The Pillow Book was a book beside the Immortal Emperor, and Qing Zi was even more knowledgeable from a divine weapon.

With the two of them around, it would be difficult for Lin Ran to break the formation even if he wanted to.

“First, let’s see what this formation has and how subtle it is!”

Lin Ran laughed, while he had already closed his eyes and started to sense it, in order to speed up the process, he also informed Pillow Book and Qing Zi at the same time, so that they could also sense it together.

This formation was very subtle, and as soon as Lin Ran invaded his mind into it, he instantly felt a feeling as vast as a sea of smoke.

It caused his entire mind to float in mid-air,? There was a feeling that there was no way to begin.

“This formation is truly mysterious and unfathomable!”

Lin Ran couldn’t help but feel a twitch in his heart.

“How about you two? Do you feel anything?”

Lin Ran asked busily.

“Not yet!”

Qing Zi said with a pout.

Pillow Book, on the other hand, spoke with a slight frown.

“I seem to have seen this formation somewhere before, but for a moment I can’t recall some of it!”

“Shit!”

Lin Ran sniffed a little speechlessly.

“Never mind? Take your time thinking about it, I’ll find out if there’s another way!”

Lin Ran said and also fell into contemplation once again.

Breaking the formation was not something that could be done in a moment, this was what Lin Ran had thought from the start.

And he had been sitting in front of this formation for three real days.

Three days was not a long time, not a short time, but sadly, the pillow still had not remembered where he had seen this formation before.

But he gave one conclusion.

“This formation must be one I’ve seen before, but not quite, as if it’s been modified by a foreign demon! I’ll have to think about it!”

The pillow said and fell into deep thought.

Lin Ran had no choice but to think for himself while waiting for news from the Pillow Book.

However, in three days' time, the four generals had arrived from Fey Demon City.

In fact, they had arrived a long time ago, as this Prison Mountain Desolate Swamp was not far from the City of Other Demons.

But in order to be safe and to successfully recruit Lin Ran, they did not rush in, but instead spent a day preparing outside.

After taking all the possibilities into account and feeling well prepared, they decided to enter the Prison Mountain Desolate Swamp.

"This time when you enter the Desolate Swamp, Sanyuan is all up to you!"

The Ghost King looked at Daoist Sanyuan and said.

"Don't worry, it's just a wisp of dao body, I've come with two this time, even if this dao body is destroyed by Lin Ran, I still have another one!"

Daoist Sanyuan laughed.

His greatest reliance was that he had many split bodies, and he had cultivated this split body, and his main body was the town's foreign devil city, as long as the main body did not die, and he spent some time and energy, this split body could still be cultivated again.

On the other hand, the Ghost King Tiger Head as well as the Devil Ape were different, they did not have a split body, so this task of going to make contact with Lin Ran for the first time naturally fell on the Sanyuan Daoist.

"Alright! I'm off!"

The Sanyuan Daoist smiled blandly, and then his body flashed, instantly disappearing from the spot.
