

Wonder Doctor

Chapter 1421

The hillside is overgrown with weeds, yet strangely there is not a single tree, and even the weeds are unusual if you look closely.

The reason is that all these weeds are only knee-high, and there is not a single one of them that can exceed this height, and the ones that are there are only those that do not reach this height.

“There really is something wrong with this hillside!”

Lin Ran frowned slightly.

The height of the weeds on a hillside was surprisingly consistent, perhaps in normal times what anyone would notice, but right now it was very easy to draw attention to.

“Where is the transmission array?”

Lin Ran did not delay, landing on the ground while already lifting Black Tiger up, questioning.

“My lord, I really don’t know!”

Black Tiger said with a bitter look on his face.

“This teleportation array is on top of this hill, but this hill is also a formation, the teleportation array is not fixed on the hill, it will move back and forth, every time it opened in the past it was Lord Tiger Head himself who came over, we don’t know the exact location at all!”

Lin Ran frowned slightly at his words.

The teleportation formation would move back and forth, this was something he hadn’t expected in any way.

However, at this point, he had no choice, so Lin Ran’s eyes snapped shut and his divine sense was instantly enveloped around the mountainside.

Under his divine sense, every blade of grass and every tree on the slope of the mountain was instantly presented in his mind.

Under Lin Ran’s observation, nothing unusual was found on the entire hillside, not even a single strange fluctuation was found, the entire hillside looked like a very ordinary mound.

Lin Ran waited patiently for a few moments, but not even the slightest strange thing happened on top of the entire hill, not to mention the slightest abnormality.

“Rise!”

Lin Ran suddenly let out a roar, followed by the instant diffusion of divine sense fluctuations, which actually formed a circle of ripples.

The ripples quickly swept towards the mountainside only upwards with Lin Ran as the centre, toppling a large portion of the surrounding weeds straight away.

The entire mountain slope was suddenly covered with a spectacular display of weeds flying in the sky.

On the side, Black Tiger sat on the ground, not knowing what Lin Ran was doing, but only vaguely feeling that the other party seemed to be looking for the location of the transmission array.

“Hmm?”

As expected, Lin Ran’s brow soon furrowed slightly, and then he suddenly saw his foot snap up, and immediately Black Tiger felt a huge force lift him up and flung him towards the front.

“Bang!”

Black Tiger’s heart was cold, just a few seconds after he flew backwards, he instantly felt something hit behind him, and his whole body directly spurted out a mouthful of blood, and then fell heavily to the ground.

“Fuck!”

Black Tiger couldn’t help but say angrily, however, he turned around to see where there was anything behind himself, there was nothing at all.

“It really is here!”

Lin Ran had arrived next to Black Tiger by now, his gaze straight ahead,? There was a glint in his eyes.

Afterwards, he only saw Lin Ran slowly stretch out his palm towards the front, yet the next moment his palm was poking through without the slightest hindrance, and nothing even happened.

“Hmm?”

Lin Ran frowned slightly as he watched, not understanding what was going on.

His own palm was unable to touch the formation at all, instead it went straight through, but the black tiger had clearly just crashed into the formation barrier.

“Say! How did the tiger head open this formation before?”

Lin Ran suddenly turned his head to look at the black tiger and asked.

“I I’m not too sure, I only know that every time he came over, he brought his own City Lord’s Order and then the formation opened by itself!”

Black Tiger said with a bitter face.

“The City Lord’s Order?”

Lin Ran frowned slightly at his words.

“Yes, yes! It’s the City Lord’s Order, that only General Tiger Head and their four generals have, but you should also know that General Tiger Head has been killed by that Lin Ran, so we don’t have the City Lord’s Order here in Tiger Head City at all, or else you can go to another satellite city and look for it?”

Black Tiger was busy saying, at this moment, as long as he could get rid of Lin Ran, anything would be fine.

However, the next moment Lin Ran took out something that directly made him look dumbfounded.

“You mean this?”

Lin Ran held a token in his hand and waved it in front of Black Tiger, if it wasn't the City Master's Order or something else.

Moreover, this token only had a huge tiger's head clearly carved on it, it was the City Lord's Order with a tiger's head.

“You How did this token come to be in your possession?”

The black tiger's entire body was dumbfounded.

“Did you forget that? He was killed!”

Lin Ran laughed lightly.

“You You're Lin Ran?”

Hearing this news, Black Tiger only felt his eyes go black and almost didn't faint straight away in fear.

Lin Ran smiled blandly and? Not bothering to pay any attention to him, he turned around and took the City Lord's Order in his hand, rushing forward and poking it.

“Weng!”

Sure enough, this time, as soon as Lin Ran's palm probed over, there was instant resistance ahead of him, followed by a ripple that actually surfaced directly in space.

The spatial ripples quickly filled up, and then a formation with a light blue light shield enveloping it actually appeared.

And within the formation, a huge teleportation array was standing quietly.

“There really is one!”

Seeing this teleportation formation, there was a glint in Lin Ran's eyes.

After spending so much time in the Fey Devil Domain, he had now finally found the teleportation formation and found a way to leave.

“Weng!”

Then, Lin Ran held the City Master's Order high in front of him, and the light blue formation actually slowly dissipated the moment it touched the City Master's Order, except for the teleportation formation within the formation, which remained where it stood.

Lin Ran quickly rushed up to the teleportation formation, a glow and excitement in his eyes.

He quickly swept his gaze across this teleportation formation and soon discovered that the entire formation only had very many complex patterns on it, looking exceptionally mysterious.

“Where's the activation?”

Lin Ran was busy turning his head to look, there was no obvious activation location on top of the entire formation.

However, this did not stop Lin Ran, and he soon found three dents on the edge of the entire altar.

The three dents were not large, each only the size of a palm, and by the look of them, they were shaped like the outline of the City Lord's Order.

"Could it be the City Lord's Decree?"

Lin Ran's heart twitched as he followed and pressed the City Lord's Order with the tiger's head towards one of the indentations.

Sure enough, the next moment the City Lord's Order was perfectly nestled inside.

"Sure enough, this is it!"

Lin Ran's heart was overjoyed and immediately placed the other two City Lord Orders of the Demon King and Demon Ape inside as well.

However, just as he was excitedly thinking that the teleportation array would soon activate and he would soon be able to leave the Fey Demon Domain as well, a strange scene appeared.

The three tokens fit perfectly within the groove, but the entire teleportation array did not move at all.

"What's going on?"

There was confusion in Lin Ran's eyes .

"Great My lord, you Are you missing one!"

To one side, Black Tiger suddenly pointed to the side and said.

Lin Ran turned his head to look and his entire body froze, only to see that next to the three recesses, there was actually another recess.

Only half of this recess was filled with dust, which Lin Ran had just overlooked because it was inconspicuous.

"Shit!"

Lin Ran couldn't help but curse, sure enough! He was really missing a City Lord's Order.

Chapter 1422

"Sanyuan!"

Lin Ran had an angry roar in his eyes.

Of the four great generals, he already possessed three tokens, and the missing one was none other than Sanyuan Daoist's.

"Kid! I'm back!"

Lin Ran had just retrieved the three tokens, and just as he was about to set off to find the Sanyuan Daoist.

Suddenly a voice from the sky had come through, followed by Yu Chang's figure landing in front of him.

"Where's Sanyuan?"

Lin Ran asked directly in a gulp.

"He ran away, he didn't even dare to fight me, he ran straight away when he saw me!"

Yu Chang said triumphantly.

"Where did he run off to?"

Lin Ran, however, was busy asking.

"Over there, just ran not long ago!"

Yu Chang wondered, not knowing what was wrong with Lin Ran.

"You watch him here, if he dares to run kill him directly!"

Lin Ran said in a cold voice, and immediately chased after the Sanyuan Daoist in the direction he had fled.

"Hey!"

Yu Chang still wanted to ask what was wrong, but Lin Ran's entire body had already rushed out.

.....

On the side of the hillside was the mountain peaks that stretched on and on.

Where the entire Other Demon City was located was a large plain amidst countless mountains.

And at this time, the entire Other Demon City had been completely captured, and Lin Ran and Yu Chang had even killed them, so how could the Sanyuan Daoist still dare to stay in the Other Demon City.

This was already his true body, and if even his true body died, then he would be as completely dead as the Ghost King and the others.

"Run! Run!"

Daoist Sanyuan ran wildly while constantly being alert to his surroundings, fearing that Yu Chang might suddenly appear from nowhere.

He ran wildly for almost ten minutes, and was relieved to see that Yu Chang had not even appeared.

However, just as he was about to catch his breath and continue his escape from the city, a cold ray of light suddenly came from behind him.

At the same time, a voice also came from afar.

"Sanyuan, hand over the City Master's token! Or die!"

“Lin Ran?”

Daoist Sanyuan instantly turned his head in shock and looked, only to see that Lin Ran had already come running from afar, while a cold mane was already less than ten metres away from him.

“Run!”

Daoist Sanyuan was greatly alarmed and immediately turned around and continued to run wildly, not bothering to rest.

“Bang!”

He had just run out when there was a loud bang behind him, and the place where he had just stood had been blasted out of a deep crater directly by the Condensing Frost Sword.

“Lunatic! You’re a fucking lunatic!”

Seeing Lin Ran strike so ruthlessly, Daoist Sanyuan couldn’t help but curse.

“Hand over the City Lord’s token or I will kill you today!”

There was anger and anxiety in Lin Ran’s eyes.

Time waited for no one, and at this moment he could even feel a pair of cold eyes looking at him from all around him.

The feeling was so clear that he couldn’t think of anyone else who could do it, apart from the feeling that the Other Demon could bring him such a shock.

“Do you think I’m a fool, that even if I hand over the City Master token, you’ll be annoyed with me? Lin Ran you’re so naive!”

Daoist Sanyuan said angrily as he ran wildly.

“Don’t hand it over! Then go to hell!”

There was a cold aura in Lin Ran’s eyes, ? His speed was much faster than that of the Sanyuan Daoist, and by now the distance between the two had narrowed to a hundred metres.

A cold aura flashed in his hand, and instantly the Condensing Frost Sword immediately cut out a seven-coloured sword aura, heading straight for the Sanyuan Daoist.

“Bastard!”

There was panic in the eyes of the Sanyuan Daoist as he saw this, and he hurriedly turned around in the air, and a jade token instantly appeared in his hand.

“Out!”

The voice rang out, only to see Sanyuan Daoist immediately crush the jade token, and a strong aura immediately filled out, then it actually formed a shield of light in front of Sanyuan Daoist.

The light shield was strong and directly blocked in front of the Sanyuan Daoist.

“Bang!”

In the next moment, the seven-coloured sword mane had already slashed at it.

The two collided, and instantly the entire light shield shattered, and Daoist Sanyuan was directly lifted over and sent flying backwards by the tremendous impact, and blood instantly spurted out.

However, the seven-coloured sword aura also quickly dissipated under the light shield’s resistance.

“Lin Ran you don’t have enough points, you’ve already killed the Ghost King and the three of them, what more do you want, can’t you just let the old man go?”

Daoist Sanyuan shouted angrily as he ran wildly.

“Let you off the hook? Who let me off the hook? If you don’t hand over the token, you’ll die!”

The fierce aura in Lin Ran’s eyes intensified, and in an instant another wisp of seven-coloured sword aura headed straight for Daoist Sanyuan.

“Lin Ran! Don’t force me!”

There was anger in Sanyuan Daoist’s eyes, but there was nothing he could do at this point, and he didn’t even dare to receive this sword from Lin Ran.

“Damn it!”

Daoist Sanyuan’s eyes chilled as his entire body’s aura surged in the next moment, followed by a golden light that actually enveloped him instantly.

“Dying needles!”

Lin Ran snorted coldly as the seven-coloured sword aura had already raced to the Sanyuan Daoist’s body.

“Bang!”

In an instant, the seven-coloured sword mane blasted directly on top of the golden light.

In the next moment, the golden light exploded and blood immediately flew out, yet followed by a full three figures actually flying out in three directions.

“Eh?”

Lin Ran frowned slightly when he saw this.

“Chase! You chase!”

Three figures, all three Sanyuan Daoists had this blood on them, and they looked at Lin Ran with madness in their eyes.

“Humph! Do you really think you can escape just by sacrificing your doppelganger now?”

Lin Ran’s eyes were icy cold as a ray of cold light shot out, followed by the Frost Condensation Sword in his hand, which actually swung out three sword maces in one breath.

The three sword maces went straight for the Sanyuan Daoist in front of him, while the ray of cold aura went straight for the Sanyuan Daoist on the left.

As for Lin Ran himself, he ran straight towards the Sanyuan Daoist on the right and killed him.

“Three minds in one, who do you think you are!”

There was an icy coldness in the eyes of the Sanyuan Daoist, and the three figures turned and ran at the same time.

However, in the next moment, Lin Ran’s true self had already pursued and killed the Sanyuan Daoist on the far right.

Without the slightest hesitation, the Frost Condensation Sword in his hand shook violently, and in an instant, only a “poof” sound was heard as the long sword had already penetrated the opponent’s body.

“You!”

Daoist Sanyuan’s face changed greatly, and there was panic in his eyes.

“A Dharma body is a Dharma body, to create two doppelgangers in such a short period of time, your strength would have to drop even if you were a god, how stupid!”

Lin Ran snorted coldly and followed without the slightest hint of stopping, heading straight for the Sanyuan Daoist in the middle.

“Bastard!”

The Sanyuan Daoist in the middle had anger and resentment in his eyes at this situation.

But at this moment, he was already in a difficult position, in order to escape, he had split into two doppelgangers within a short period of time, and his strength was greatly reduced at this moment, even the three seven-coloured sword manners in front of him were somewhat unable to deal with them, not to mention that Lin Ran’s doppelganger was also coming at this moment.

As expected, Lin Ran’s original daoist had not yet rushed to the middle of this Sanyuan Daoist.

In an instant, three seven-coloured sword mists had already drowned his figure and blasted it directly into pieces.

On the other side, the dagger broke its tip and flew backwards with a bang, while the Sanyuan Daoist’s original body also turned and ran, with fear in his eyes.

“Lin Ran spare me! I beg you, please? Don’t chase me anymore!”

The Sanyuan Daoist said in panic.

“Hand over the City Lord’s Order! Or die!”

Lin Ran looked at him from afar, the Frost Condensation Sword in his hand already raised once more.

“You! Fine I’ll hand it over!”

Daoist Sanyuan finally compromised, and with a wave of his palm directly threw the City Lord's Order out towards the other side, while he himself hurriedly fled in the opposite direction.

"Humph!"

Lin Ran snorted coldly at this, and with a wave of his palm the City Lord's Decree had fallen into his hands.

Chapter 1423

"Go!"

There was a glow in Lin Ran's eyes, his heart was in his throat at this moment.

All four tokens had already arrived in his hands, and as long as he was given some time, he would be able to activate the teleportation array and take all the heat out with him.

And at this final moment, even if he was calm, this heart had already been raised.

Running furiously all the way Lin Ran didn't dare to stop in the slightest, heading straight for the back mountain of Tiger Head City.

"Kid! What the hell is going on?"

A few moments later, Lin Ran could already see the back mountain from a distance, while Yu Chang's voice had already come through.

"It's alright, get ready to go!"

Lin Ran greeted, and immediately rushed towards the mountainside, the token in his hand even having been taken out.

However, just as he was about to land on the hill only, suddenly his entire face suddenly changed.

"Be careful!"

Lin Ran was busy speaking.

"What?"

Yu Chang, however, froze as he listened, not knowing what Lin Ran was worried about.

However, the next moment Yu Chang himself froze.

Only to see that many thunder clouds had suddenly appeared in the sky above the mountainside for no reason at all.

These thunderclouds were as black as ink, and inside them tumbled rolling thunderbolts of lightning, appallingly abnormal.

And almost at the same time as the thunder clouds appeared, a huge palm poked out directly from within and slapped down towards the back of the mountain with a bang.

"Bang!"

With a loud bang, the entire mountain peak was directly razed to the ground, not to mention the transmission array, and even the place where the mountain was originally located? all became deep craters.

The huge palm gradually dispersed, leaving behind only a sky full of lightning and dark clouds.

“Fey devil!”

Lin Ran looked at the sky, his eyes bloodshot.

The person who had struck at this moment could be anyone else if not a foreign devil.

“Kid, what the fuck now?”

Yu Chang rushed up from the very pit below, he was a puppet refined by the Empty Daoist, and under that slap just now, he was not seriously hurt at all.

Only, that black tiger was slapped to death by the foreign devil.

“Go! Go find the other one!”

There was anger in Lin Ran’s eyes, and he immediately led Yu Chang straight to the nearest Ghost King Satellite City.

A few moments later, the two arrived at the satellite city where the Ghost King was located.

At this moment, the satellite city was swarming with people, and the entire town was already occupied by ordinary people. Lin Ran did not stop for a moment, and led Yu Chang straight to the back of the mountain.

The satellite cities around the city had the same pattern, so the teleportation array must also be at the back of the Ghost King’s city.

As expected, when Lin Ran brought Yu Chang here, the weed growth on the back mountain was exactly the same as the back mountain of Tiger Head City.

Without saying a word, Lin Ran immediately closed his eyes and his divine sense quickly enveloped the entire mountain.

“Weng!”

There was a tremor, and instantly the weeds flew across the ground, and Lin Ran quickly locked onto the location of the formation.

He busily took out the Ghost King’s Decree and poked forward instantly the formation emerged, following which it automatically dissipated.

Within the formation, the teleportation array was also revealed to come through.

“Holy shit, how come there’s one here too!”

Yu Chang was a bit stunned to see this.

“Cut the crap and hurry up!”

Lin Ran urged, while already rushing towards the teleportation formation.

However, just then, the thunder clouds in the sky only were actually found once again, followed by a large hand of thunder and lightning that fell down violently, inviting the guest to slap on the mountain peak only.

“Quickly go!”

Yu Chang saw the situation a hug Lin Ran, protect him firmly in front of his chest, the whole back of the person withstand a huge impact, carrying Lin Ran directly to fly out.

“Bastard!”

The two of them landed on the ground, Lin Ran looked at the mountain peak that had been razed to the ground in front of him, his eyes filled with anger.

“Fey devil! Come out if you dare!”

Lin Ran roared at the sky, but his feet did not stop as he led Yu Chang straight to Demon Ape City.

However, this time, Lin Ran had just arrived at the top of the mountain, and hadn't even found out where the formation on the back mountain of Demon Ape City was, when that great hand of lightning had already appeared out of thin air.

“Rumble!”

Without the slightest pause, the huge mountain disintegrated in an instant, and the teleportation formation had ceased to exist.

“Good! Good! If you're capable of destroying all four teleportation formations, I, Lin Ran, will accompany you in this Fey Demon Realm for the rest of your life!”

There was a fierce aura in Lin Ran's eyes as he turned around and charged towards Sanyuan City.

He was sure that the Other Demons wouldn't dare to destroy all the teleportation arrays.

Because there were still many people outside fighting the Mysterious Alliance! If the foreign devil destroyed all four teleportation arrays, then many people outside would not be able to get supplies.

There wouldn't even be a back way to escape.

As expected, when Lin Ran brought Yu Chang to the back mountain of Sanyuan City only, the thunder clouds in the sky did not appear.

Lin Ran dared not delay in the slightest, and immediately closed his eyes and used his divine sense to search for the location of the formation.

Yu Chang, on the other hand, was vigilantly watching the sky above, fearing that the huge hand of thunder and lightning would reappear.

Lin Ran closed his eyes without speaking and was doing his best to find the location of the formation.

But Yu Chang could tend to feel that his whole body was trembling uncontrollably at this moment.

This was already the last chance to get him out of the Fey Demon Realm, if this teleporter was also destroyed by the Fey Demon, then they would be completely trapped in the Fey Demon Realm.

Moreover, the same for Long Ya, Wang Yifeng and the others would have to be trapped to death here as well.

In order to save Wang Yifei and Long Ya, he broke into the Fey Demon Realm from outside.

He had been through countless killings in this foreign devil realm, and he had finally gotten his chance, but this chance was fleeting.

“I’ve found it!”

Suddenly, Lin Ran opened his eyes and hurriedly rushed towards one of the directions.

Seeing this, Yu Chang also hurriedly followed him.

“Weng!”

As the formation dissipated, a teleportation array indeed appeared in front of the two.

“Go!”

As Lin Ran spoke, he had already rushed towards the teleportation formation.

Yu Chang didn’t dare to delay either, and immediately followed.

Ten metres, eight metres, five metres

However, just as the two were about to reach the teleportation formation, they suddenly heard two muffled thuds.

It was as if the two of them had hit a brick wall, and the huge rebound force directly shook them backwards.

“What happened?”

Lin Ran’s heart was greatly alarmed as he hurriedly got up and rushed over to the teleportation formation again.

Only this time, not long after he had rushed out, a layer of pale white ripples emerged before his eyes.

The ripples were straight in front of his eyes, blocking him from approaching the teleportation formation.

Lin Ran could even see the four grooves on the teleportation array, and as long as he put the City Master’s Order in, this teleportation array would be given a chance.

But this layer of ripples in front of him was like a heavenly rift, separating this last step away.

“I’ll do it!”

Yu Chang also rushed over at this moment, and without saying a word raised his hand and punched.

“Bang!”

There was a loud sound, and layers of ripples rose above the pale white ripples, but Yu Chang's entire body had already flown backwards and smashed heavily on the ground.

"Get the hell out of here!"

There was anger in Lin Ran's eyes as he raised his hand and threw a fist, but again, the ripples only rippled up in layers.

The next moment, Lin Ran also flew out.

"Bastard! Bastard!"

There was madness in Lin Ran's eyes as he took out his Frost Condensation Sword and slashed at the ripples, but each sword was like a mud bull entering the sea, not making a single ripple at all.

"One step away! One step away!"

Looking at the ripples in front of him, there was despair in Lin Ran's eyes.

He had worked so hard for so long, but in the end, he still fell short by one step!

Chapter 1424

Lin Ran didn't know how long he had been blasting, all he knew was that he had used all his tricks, and had even let both Pillow Book and Qing Zi try their hands.

However, the ripples in front of him could not be broken, as if it was an unbreakable barrier in front of him.

Lin Ran was desperate,? He sat down on his buttocks and looked at the ripples in front of him, with deep remorse in his eyes.

If he had been able to go and kill the Sanyuan Daoist and get the token in the first place, perhaps they would have left long ago.

But it was because of this missing step that now not only he, but even Wang Yifeng Long Ya Huo Yan and so on and so forth, many people would face the end of remaining in this foreign demon domain forever.

Lin Ran was reluctant, but was it useful? Previously, he felt that he had no enemies in the Fey Devil Domain apart from the Fey Devils, but he realized at this point that even if he completely turned the entire Fey Devil Domain upside down, what would happen?

He was always an ant in front of the Fey Devils, and he couldn't even break through this formation in front of him and leave the Fey Devil Domain.

"I'm sorry! I'm the one who has wronged you all!"

Lin Ran lowered his head, tears flooding his eyes, he hadn't cried for a long time, but this time he did.

He knew that by dying here, he was not only sorry for his loved ones, friends and relatives who were within the small world.

He was also sorry for his four daughters who were still waiting for him to return to Tanjiang City, and even more so for his grandmother who was already too old in Lin Jia Wan.

He was also sorry for the Chao Heavenly Pavilion, and for Ling Sa and the others in the Heavenly Wolf Domain.

But what he was most sorry for was his own parents.

His parents' whereabouts were still unknown today, but he was the one who was already going to die here.

"Snap, snap, snap!"

Suddenly, the sound of several clapping hands recalled in front of him.

Lin Ran and Yu Chang looked up, there was doubt in Yu Chang's eyes, but Lin Ran was frozen in his tracks.

Only to see that at this moment in front of them, ? There was a figure standing within the ripples, and he was not very old, just ten years old.

But he stood there as if he was a nail, firmly planted on the ground, making people feel unshakeable.

His eyes were icy cold, even with an endless coldness, and it was he who had just slapped his hand.

"Lin Ran! I never thought you would have this day, and so soon!"

The teenager looked at Lin Ran with a hint of gloating in his eyes, and more than likely, resentment and coldness.

The teenager was no other than the same Yue Beishan who had confronted him when Lin Ran had overthrown the Yue family.

The Lin Ran who hadn't killed him back then just didn't expect to meet here again so soon.

"Why are you here?"

Lin Ran looked at Yue Bei Shan with a bland voice.

"Why am I here, shouldn't you ask yourself that question?"

Yue Beishan looked at Lin Ran, his voice bland, but the anger contained in his words was clear to hear.

Lin Ran didn't answer, he just looked at him indifferently.

"That too! How powerful you Lin Ran are, killing the Snake King, slaughtering the Heavenly Crocodile King, exterminating the Heavenly Wolf King, and pitting and killing the four generals, who in the entire Fey Demon Domain is more scenic than you Lin Ran!"

Yue Bei Shan looked at Lin Ran and said indifferently.

"To you, the people of the Fey Demon Domain are nothing but ants, while I, Yue Beishan, our Yue family! I'm afraid that they're not even molehills!"

“When you killed them, did you ever hesitate for a single moment? Even if it was just a hint! Did you ever?”

“The camps are different, if it were you, would you have hesitated?”

Lin Ran looked at Yue Beishan and asked indifferently.

“No!”

Yue Beishan laughed.

“But I’m not you! If I were you! Not only would I not have the slightest hesitation, I would have killed me! You heard me right, I would choose to kill me! Instead of sparing me as you have chosen to do!”

“If you don’t get rid of the grass, it will grow again in the spring! Do I still need to teach you this truth?”

Yue Bei Shan laughed coldly.

Lin Ran also laughed at his words.

“So, you’re right! You are not me! I am not you either! Every choice I, Lin Ran, have made, I don’t regret! Even if I do it again? I’ll still let you go! You seek my revenge, I will take it! But I won’t go against my own heart, that’s the difference between me and you!”

“Haha!”

Yue Bei Shan laughed at his words.

“Do you think it’s cool to flaunt yourself as a good person? Look! Who is now like a dog in mourning, his face filled with despair because of a layer of ripples? Is it me, Yue Bei Shan? No! It’s you, Lin Ran!”

Yue Bei Shan said with a shake of his palm, and at once a pair of scrolls opened up.

“You, Lin Ran, have never dreamed, have you, that a ten year old boy who you didn’t put in your sights at all would be the last force to stop you from leaving the Fey Demon Domain!”

“You! Did you make this ripple?”

Lin Ran looked at Yue Bei Shan, his fists clenched.

“I’ll kill you!”

Yu Chang was even more outright enraged at his words, rushing straight up and throwing a punch, yet the ripples were never broken and he once again to flew back.

“Don’t waste your efforts, this layer of ripples is impossible to break, not to mention you, even for Lord Fey Demon!”

Yue Bei Shan laughed coldly.

“And I can tell you that I made this ripple!”

“Its full name is, Ripple Boundary! It is a pair of scrolls left behind by the ancient mighty Bolian Sea God!”

“Back then? I once mistakenly entered a relic that was the burial place of the Sea God Bolian, and I obtained this from him as well!”

“What is written on this scroll is exactly one of the ways to use this Ripple Boundary, but it’s a pity that when you overwhelmed my Yue family again, I had been missing a material! I didn’t expect to find it in the hands of Lord Fey Demon in the end!”

“Stop it!”

Lin Ran said, shaking his head.

“Don’t say it? Why not say it? I just want you, Lin Ran, to remember me, to remember me, Yue Bei Shan! In the years to come, I, Yue Beishan, will be your nightmare! A nightmare that you will never be able to get rid of for the rest of your life!”

Yue Beishan laughed coldly.

“Do you know why you can’t break through this ripple boundary?”

“Because this boundary was made with the soul imprint of a dead great power, and even Lord Fey Demon could not break through it! Let alone you?”

“Of course, the ripples only last for twenty minutes! Counting the time, it looks like it’s almost up!”

“Eh?”

Lin Ran smiled and snapped his head up to look at Yue Bei Shan in front of him.

“Hope has risen in your heart again?”

Yue Bei Shan smiled at this.

“I just want the hope in your heart to rise up and be dashed, don’t you think it’s cool?”

“You’ll go backwards into the devil like that!”

Lin Ran looked at Yue Bei Shan and said blandly.

“Go off into the devil? Haha!”

Yue Beishan laughed.

“From the moment you destroyed the Yue family, you, Lin Ran, are my demon, and I, Yue Beishan, am the fire that will burn you up! Burn until you are chilled, burn until you are afraid! Burn until you regret! Until you regret!”

“Kid! What the fuck are you pretending to be, when this ripple time is up, I’ll slap you to death!”

Yu Chang said angrily.

Yue Bei Shan smiled at his words but laughed.

“A puppet is a puppet, and the spirit born out of it is also a stupid one!”

“You think I’m really just going to be awesome for these twenty minutes? Haha! It’s simply laughable!”

Yue Bei Shan said and pointed to the top of his head, before laughing.

“Look at the top of your heads, twenty minutes? I even think it’s too long, Lord Alien Demon doesn’t even take that long, because he only needs ten minutes!”

“And he’s out of the gate!”

Chapter 1425

Lin Ran and Yu Chang smiled and were busy looking up, and at once both of them froze.

They saw thunder clouds rolling above the sky, countless thunder and lightning piercing through the dark clouds, as if the world was ending.

And in the midst of these dark clouds, a terrifying pressure was descending, a pressure so terrifying that it made people despair, as if the sky was about to fall down.

“This strength!”

Lin Ran frowned at the sight, this strength he hadn’t even seen on Elder Feng.

“What realm is this?”

Lin Ran thought to himself in his heart.

In the cultivation path, there was the Bone Touching Realm, the Face Looking Realm, the Qi Seizing Realm, the Heaven Seizing Realm, and up to the Three Realms of Creation!

The Three Realms of Creation were further divided into the Qi Creation Realm, Dan Creation Scripture, and God Creation Realm.

Lin Ran had once consulted the information in the Mystic Alliance, but it only went up to the God Creation Realm, and there was no record of the realm above the God Creation Realm at all.

He had always thought that the God Creation Realm was the pinnacle.

However, the feeling that Elder Feng gave him was very different from the pressure emanating from the foreign devil in the sky at this moment.

“What realm is this?”

Lin Ran suddenly turned his head to look at Yu Chang.

“You don’t know?”

Yu Chang was stunned and said busily.

“This is the Extreme Realm!”

“The Three Realms of Creation are only on, there is a Pole Realm! Back then, after Daoist Empty and the others came to Earth, their strength was suppressed to the Extreme Realm! This is a natural rule of this planet that no one can resist!”

“I never thought that after so many years, another Extreme Realm would appear in the Other Demon Realm! It’s over! It’s all over!”

There was despair in Yu Chang’s eyes.

“The Extreme Realm?”

Lin Ran’s heart trembled.

This was a realm that he had never even heard of.

It was even questionable whether the Mysterious Alliance’s Wind Elder and the others knew about it.

Perhaps they knew and just hadn’t told themselves, but perhaps even they themselves hadn’t known about this realm.

“Weng!”

Suddenly, a weng sound came from ahead.

Lin Ran turned his head to look, and instantly, he saw that the layer of ripples was rapidly dissipating, and the teleportation array was once again exposed in front of them.

“Go!”

Lin Ran didn’t dare to stop in the slightest, and ran towards the teleportation formation with Yu Chang in tow.

Even if the Fey Demon had reached the Extreme Realm, and even if the Mysterious Alliance outside couldn’t withstand the Fey Demon’s attack, they all had to at least break out of here first before they could say anything.

However, at this moment, Yue Bei Shan was standing in front of the teleportation formation, looking at Lin Ran and Yu Chang indifferently.

“It’s already this time, still not dead in your tracks?”

Yue Bei Shan opened his mouth and laughed.

“Die!”

Yu Chang had ice coldness in his eyes as he raised his hand and slapped his palm towards Yue Beishan.

Lin Ran, on the other hand, didn’t care about him at all, as he was running straight towards the teleportation array with the four tokens in his hand.

Yu Chang’s slap went straight towards Yue Bei Shan, and Lin Ran’s token went straight towards the teleportation formation.

However, it was as if Yue Bei Shan did not see it,? His face did not have a single change in expression as he quietly watched Yu Chang’s slap come.

Even this slap had reached him, and the next moment he could have been slapped directly into mush.

But he still did not move.

“It’s almost there! It’s almost here!”

Lin Ran looked at the alcove that was close at hand, with excitement in his eyes.

However, the next moment!

“Lin Ran!”

A voice rang out violently, and at the same time, both Lin Ran and Yu Chang felt the light around them suddenly dim.

What Mount Yue Bei! What teleportation array! In this moment, it all disappeared.

“No!”

There was despair in Lin Ran’s eyes.

“Clang clang stall clang!”

Four crisp sounds rang out, and all four tokens in his hands fell to the ground.

But at this moment, there was only darkness before him, endless darkness.

Thunder clouds rolled above the sky, and the lightning that appeared from time to time illuminated the entire dark space.

Lin Ran saw four of his tokens falling on the ground in front of him.

But he did not go to pick them up, knowing that it was already too late.

In front of the four tokens, there was a black stone seat, on which a thin old man was sitting.

His entire body was covered in black robes, and only his bare, dry palms spoke of his age.

“Fey Devil!”

At this point, Lin Ran was surprisingly calm instead.

The Other Demon had obviously already left the gate, and he himself could not leave the Other Demon Domain.

He no longer had anything to be nervous about.

“Lin Ran! You’re really young!”

The old man raised his head, and the two red eyes deep within his black robe stared at Lin Ran as if they were two eyes that could see through everything.

“Damn you for pretending to be a god! I’ll slap you to death!”

Yu Chang was unruly and untamed, not caring about any foreign demons at all, and raised his hand as a slap.

However, once the palm was raised, it could no longer fall down.

The eyes of the foreign devil seemed to be able to take in the heart and soul, just by glancing at Yu Chang, the latter instantly stood still and could not move a single muscle.

“A puppet! One person, stirring up chaos in my Fey Demon Domain, and even more so, making me have to leave the gate early, you two are really making a scene!”

The foreign devil said as two bright lights suddenly shot out from his eyes, heading straight for Yu Chang.

“Stop!”

Lin Ran saw this and busily waved his palm, directly taking Yu Chang into the small world.

“Hm?”

The foreign devil’s eyes narrowed slightly at this.

“You have a small world on you!”

“No!”

Lin Ran said directly.

“You can’t hide it from me! This is my Extreme Realm space! I am the master here, to be able to put someone away from me, nothing but a small world can do that!”

The foreign devil looked at Lin Ran and said in a cold voice.

“Good! Yes! And so what!”

Lin Ran looked at the Other Demon, his face icy cold.

“Haha! You’re not too old, but you’re not too short-tempered! And with all the secrets hidden in your body, even I’m a little curious!”

The foreign devil suddenly laughed.

“Lin Ran! Do you know why I didn’t just kill you?”

The Other Demon looked at Lin Ran and laughed.

“You wanted to draw me in!”

Lin Ran laughed blandly, where he didn’t know exactly what the devil was up to.

With two of the ten generals dead, and the Ghost King and Sanyuan having been severely injured by himself, the Other Demon no longer had anyone under him who could be of use, so he couldn’t think of any other reason than to draw himself in.

“That’s right! You are very clever!”

The foreign devil smiled.

“You saw it! This is my Extreme Realm space, and I have fully crossed over into the Extreme Realm! The Mysterious Alliance has no chance against me!”

“I am giving you a chance by pulling you in now, even if I let you go, do you think you will still be able to go back? Even if I let you go, do you think you will still be able to return? Let’s not even mention that the Mysterious Alliance is no match for me, just because you have stayed in this Other Demon Realm for so long, people outside will not believe you!”

The Other Demon said.

Lin Ran frowned slightly at his words and spoke.

“The clearer the clearer, not everyone is like you say! Besides who told you that the Mysterious Alliance is no bigger than you! Now it’s whoever is hiding in this Fey Demon Domain that doesn’t dare to go out!”

“Haha!”

The foreign devil laughed at his words.

“What do you, a little doll, know, I’ve been tangling with the Mysterious Alliance for how many years, and I’m still not clear about their strength?”

“The three great patriarchs of the Mysterious Alliance, Elder Wind, Elder Fire and Elder Li, all three of them are half-step Silent, and so was I before!”

“But that’s how I’ve been fighting with them for long years, do you think they’re still my opponents now that I’ve crossed into the Extreme Realm?”

“Cut the crap! If you want to kill them, kill them, I, Lin Ran, will not defect to you!”

Lin Ran looked at the foreign devil and said in a cold voice.

However, the foreign devil was not angry at all, instead he laughed.

“Don’t jump to conclusions, it’s still early! You will defect to me!”

Chapter 1426

“You dream!”

Lin Ran looked at the foreign devil with determination in his eyes.

The foreign devil smiled at his words, however.

“Haha, it’s good for young people to have bloodlust, but some times it’s not always good!”

The foreign devil said with a wave of his palm, and a picture appeared in front of him, on which only many of them were talking to each other.

Among them were not only the four generals, but also many generals, and in front of them, no doubt not, stood the people of the Mysterious Alliance.

Some of these men were angry, some were frightened, some were nervous, and their expressions varied.

“Many of these people, like you, have sworn allegiance to the Mystic Alliance, but what happens in the end?”

The foreign devil laughed, his palm following with another wave.

A picture of the engagement instantly appeared.

Lin Ran clearly saw that those people who were still wearing the Mysterious Alliance’s clothes had now changed into the clothes of the Other Demon Domain, and they had become part of the Other Demon Domain, killing the enemy in blood.

“In the end, many of these people have become members of my Other Demon, which is why I, the Other Demon, have been able to fight with the Mysterious Alliance for so many years despite living in a remote location!”

The Other Devil said indifferently.

“So what, I’m not them!”

Lin Ran looked at the Other Demon, his voice bland.

“No, no, no, you’re just not them for now, you will be later!”

The Other Demon laughed.

“You’re so determined in your thoughts, it’s just that you still think that you can return to the outside world, I can tell you with certainty that even if you leave the Other Demon Domain, you can’t go back to your old self!”

“You don’t count!”

Lin Ran looked at the Other Demon and said in a cold voice.

“No! It really counts if I say so!”

The Other Demon laughed.

“In the outside world, there’s a lot of devil blood, you should have seen it all, there’s one thing you don’t know!”

“Those in the outside world as long as they praise those with demon blood, the Mystic Alliance won’t be trusting them!”

“And you, Lin Ran, now that you’ve even come to this Other Demon Realm, the ubiquitous Demon Blood Demonic Qi within the Other Demon Realm has long since invaded your body, and the Demon Blood Demonic Qi within you is extremely dense! Even if you leave the Other Demon Realm, do you think the Mystic Alliance will still believe you?”

“In my opinion, there’s no difference between you going out and seeking death!”

Lin Ran was silent as he looked at the Fey Demon without speaking.

This question had been anticipated from the moment he entered the Fey Demon Domain and found the Fire Family.

At that time, Lin Ran didn't even know where Wang Yifeng and the others were, let alone thinking about when he would be able to leave the Other Demon Domain, so he didn't think about this issue.

And at that moment, when he was brought up by the foreign devil, he understood that this was indeed the biggest obstacle to his going out.

The devilish energy in his body was very dense, so if he left the Devil's Domain and returned to the outside world, he would definitely be discovered, and how would he explain himself then?

Because he had spent a long time in the Other Demon Domain? Would people believe it?

Obviously, very few would believe, and no one would risk the entire Mystic Alliance because of himself.

Otherwise, the Other Demons would not have been able to fight with Elder Feng and the others for so many years despite being at such an absolute disadvantage in terms of personnel.

This was the greatest weakness of those cultivators in the outside world.

"What exactly do you want?"

Lin Ran looked at the foreign devil, ? with a slight frown.

With the Alien Demon's current strength, wanting to kill himself was undoubtedly as easy as crushing an ant.

But he just didn't do it, and instead talked to himself about this.

"You know very well that I value you!"

The foreign devil looked at Lin Ran.

"I'll give you two ways, the first, take the initiative to surrender to me, you will be the number one under me, the Four Great Generals are dead, after that you will be the absolute number one! I can even make both the Ghost King and Sanyuan listen to your orders!"

"And second, I will torture you into submission, by then you will be a killing machine without the slightest bit of godliness, of which who to choose, do I need to say more?"

"You kill me!"

Lin Ran looked at the foreign devil, ? voice was firm.

"Humph! Toast the wine and eat the punishment! Since that's the case, then you'll get a good look at the old man's methods!"

The foreign devil gave a cold Heng, and immediately waved his palm, at once a wisp of white light came straight at Lin Ran.

Lin Ran looked at the wisp of white light and tried to resist, but at this moment, it was as if there was an invisible wall around him, locking him firmly in place, and he could not move at all.

“Ah!”

Suddenly, Lin Ran let out a low roar, followed by a sharp pain in his head.

At that moment, Lin Ran felt as if something had been drained from his mind.

He opened his eyes and looked ahead, and at that moment, his entire eyes were filled with blood red.

That was a condition that could only be caused by extreme pain.

At the very front, the foreign devil's palm was facing upwards, and a wisp of something like white mist was hovering above it.

Lin Ran knew very well in his heart that it was not a mist at all, but a wisp of his own spirit soul.

It was this wisp of spirit spirit that the foreign devil had just extracted from his own mind.

“I will plant a seal in this strand of your spirit psionic, and when the time comes, even if you return to the outside world, you will be treated as one of mine by them, Lin Ran! You won't be able to return!”

The foreign devil sneered, following which a strand of black Qi was instantly poured into the spirit soul.

Lin Ran could not only clearly see at this moment that a wisp of black smoke had appeared in his spirit psionic body.

More so, he could feel that there was something more in his mind, something that was of the Other Demon.

“Go!”

The foreign devil sneered, and immediately let go of his palm, and the wisp of spirit spirit shot towards Lin Ran.

“With my soul imprint, can you still explain this now?”

The foreign devil looked at Lin Ran and laughed.

“You're really sinister!”

Lin Ran looked at the Other Demon with anger in his eyes.

This move by the Other Demon was truly a move that made him unable to give in without giving in.

With the foreign devil's mark deep within his soul, as long as it was discovered by the people of the Mysterious Alliance, no matter what Lin Ran said at that time, no one would believe him.

At that point, the camp would not be something Lin Ran could choose, but rather the Mysterious Alliance forcing him to join the side of the foreign devils.

“So be a wise man and serve me well, lest you suffer in vain!”

The Other Demon sneered.

“Humph! You think too highly of yourself!”

There was an icy coldness in Lin Ran’s eyes, and at this moment, he could already move.

With a flip of his palm, the broken tip of the dagger had already surfaced out of thin air.

“Hm?”

The foreign devil laughed at this.

“What? Do you still want to kill yourself? You can’t do that in front of me!”

“I’m not that fragile, and I definitely won’t let you leave your mark on my soul!”

Lin Ran said in a cold voice, while the dagger in his hand flashed coldly, instantly slicing through the wisp of spirit spirit in front of him.

“Bang!”

With a crunching sound, Lin Ran’s strand of soul was directly annihilated.

“Poof!”

Followed by his own mouthful of blood spurting out.

“Cutting off your own soul! You really have the guts to do that!”

The foreign devil looked on with a slight frown, even he hadn’t expected that Lin Ran would resist in such a way.

One had to know that self decapitation of the spirit psionic was extremely harmful to a person.

No one in general would even dare to do so.

Even Sanyuan Daoist, who was skilled in the art of splitting, only had a mere sliver of his spirit soul within his split body.

But it was this mere sliver that would have a significant impact on him every time his doppelganger fell.

The one Lin Ran had cut off was a wisp of his own spirit soul.

Chapter 1427

The Spiritual Soul is the root of one’s divine consciousness.

The strength of one’s divine sense is closely related to one’s spirit physique, and their relationship is like that of a drop of water and a river, interdependent.

Lin Ran chopping off a strand of his soul had a great impact on his divine sense.

For physical injuries, he possessed the True Qi of the Healing Dao and could repair them quickly.

However, injuries to one’s divine sense were extremely difficult to repair. Generally speaking, injuries to one’s divine sense were almost irreversible, and it would take long years and constant honing of the divine sense to repair them.

However, Lin Ran had never been exposed to the method of divine sense cultivation at all, let alone how to repair it.

“Kid! You’ve really surprised me! But do you think this will work?”

The foreign devil’s voice was icy cold.

Lin Ran, however, looked at him, his voice bland.

“I still say the same thing, kill me! If you want me to be your lapdog, it’s impossible in this life!”

“I see that you just won’t die until you reach the Yellow River!”

The foreign devil’s voice was cold, followed by a wave of his palm, and in an instant, a semi-circular grinding wheel appeared in the mid-air before him.

This grinding disc was divided into two, each only half, but rotating in opposite directions to each other, so that anything that mistakenly entered it would instantly be strangled into pieces.

“Since you stand so powerfully,? Then I will help you and see how long you can last!”

The foreign devil said with a wave of his palm, and instantly Lin Ran’s entire spirit soul was instantly drawn out by the foreign devil and thrown directly towards the grindstone.

Lin Ran looked at the foreign devil without saying anything, and then turned his head to look at the huge grinding wheel.

“What is this thing?”

Lin Ran had doubts in his heart.

He had never seen this thing before.

“Kid! There you have it, it’s a magic tool for exercising divine sense, called the Life and Death Grinder!”

The foreign devil’s voice rang out.

“Life and Death Grinder?”

Lin Ran frowned.

“This thing can exercise one’s divine sense, and is considered a magic tool for cultivating divine sense, but this old bastard obviously doesn’t want you to cultivate it, but to make you submit!”

The foreign devil said.

“What exactly is the use of this thing?”

Lin Ran asked busily.

“Life and death grinder, one life and one death, it will completely crush your divine sense and then reunite it with your own perseverance, if you can carry it through your divine sense will be one point stronger, but if you can’t carry it through, your divine sense will be completely annihilated!”

“Usually with this kind of thing, it must be combined with a spiritual elixir that restores the divine sense in order to protect it from damage, but obviously that old bastard won’t provide you with that kind of spiritual elixir!”

The Pillow Book said.

Lin Ran also couldn’t help but frown slightly at his words, as if this mill was extremely terrifying.

“Kid, hold on!”

Pillow Book said at last, and followed without a sound!

And the next thing he knew, before Lin Ran could react, a corner of his divine sense had already been tugged by the Grindstone of Life and Death.

That Grindstone of Life and Death was not spinning very fast, but at this moment it was as if it was a vortex, pulling Lin Ran’s divine Consciousness continuously towards it.

“Ah!”

Suddenly, a sharp pain that dug into his heart caused Lin Ran to let out a miserable scream.

The feeling was as if his entire being was about to be churned to pieces.

Feeling his divine sense being churned to pieces, strand by strand, Lin Ran only felt as if his entire body had been thrown into a meat grinder.

His own entire body was emitting severe pain, making him live and die.

“Ah!”

Screams of misery rang out continuously, and soon Lin Ran’s entire consciousness was extinguished.

His divine sense was even directly strangled into pieces, and in an instant, even his consciousness was gone.

“Weng!”

Suddenly, the space around him trembled, and the next moment those fragments of divine consciousness quickly converged, and Lin Ran’s consciousness returned.

At this moment, his flesh, which was standing on the ground on one side, was already trembling all over, and even cold sweat was breaking out on his forehead.

“How terrifying! It’s simply too terrifying!”

Lin Ran had despair in his eyes.

What he had just felt was something he really did not want to experience a second time.

However, the truth was that the divine sense that had just coalesced was once again swept away by the Life and Death Grinder.

“Ah!”

Lin Ran's miserable scream rang out once more.

And once more it sounded even more miserable.

Even his flesh, standing on the ground in the distance, was trembling violently at this point.

Even though he wasn't even on the Life and Death Grinder, the immense pain of his divine sense was already able to affect the flesh next to him.

"Weng!"

After an unknown amount of time, Lin Ran's divine sense finally awoke for the second time, and at this moment, there was a deep exhaustion in his eyes, as if he was closing his eyes and never opening them at any moment.

In fact, even people in the Immortal Realm could only cultivate at most twice before they had to rest when they experienced this life and death grind for the first time.

But Lin Ran clearly did not have this kind of treatment.

"Lin Ran! How do you feel?"

The foreign devil had a cold smile in his eyes as he looked at Lin Ran's weakened divine sense.

He was confident that two times of feeling the Grind of Life and Death would definitely make this youth submit to him.

However, Lin Ran just looked at him without saying anything.

"Humph! Seek death!"

Seeing this, the foreign devil snorted coldly, not bothering to say another word, and then Lin Ran's divine sense was once again thrown into the Grindstone of Life and Death.

Once!

Twice!

Three times!

Each time, Lin Ran was crushed to pieces in agony, and in despair, his consciousness was re-collected.

This went on and on, and even he did not know how many times he had experienced the grinding of the Grindstone of Life and Death.

All he knew was that his divine sense was getting weaker and weaker.

At first he could still feel the presence of his physical body, but gradually he couldn't even muster the strength to open his eyes.

Every time he gathered his divine sense, his entire consciousness was muddled, and he only knew that soon that despairing pain would strike again.

"Bang!"

Not knowing how long had passed, Lin Ran's divine sense was once again crushed into pieces.

And this time, his divine sense did not appear for a long time.

"Hmm? Dead?"

The foreign devil frowned slightly as he looked at the fragments of divine consciousness that littered the sky.

Up until now Lin Ran had been crushed by the divine sense grinder a full eighteen times.

Even if it was replaced by a person from the Immortal Realm this many times, I was afraid that he would have to be completely crushed to death.

Not to mention that Lin Ran was only an earthling.

"What a no"

"Weng!"

Just as the foreign devil couldn't help but move in anger, suddenly Lin Ran's divine sense actually violently revived again.

However, this time, his divine sense had been so weak that his face consciousness couldn't even be retained.

His entire divine consciousness was completely dull, floating in midair without the slightest fluctuation of consciousness.

"Humph!"

Seeing this scene, the foreign devil had anger in his eyes.

"Damned thing! Even refusing to submit to me like this!"

"You Don't Think!"

A weak voice rang out slowly.

It was as if it was the last three words uttered before death.

Yet it was these three words that heard the foreign devil's fists clench in annoyance.

"Good! Good! You refuse to yield even after being crushed like this, then I'll show you what is the tactics of my foreign devil!"

The foreign devil said angrily, following which he grabbed Lin Ran's divine sense and threw it directly towards his flesh.

The divine sense and the flesh quickly combined, yet at this moment, the foreign devil had already lifted Lin Ran's entire body up.

He grabbed Lin Ran's neck and with a wave of his arm, both of them instantly disappeared into this dark space.

Chapter 1428

Outside, inside the Mystic Alliance headquarters.

“Open the door!”

Elder Fire scolded at the guard in front of him.

“Yes!”

The guard didn't dare to be slow and immediately opened the door to the ancestral hall.

“Let's go!”

Fire Elder shouted behind him, and immediately two figures entered within the ancestral hall.

At that moment, in the ancestral hall, a figure was sitting on a futon, but this figure looked incomparably forlorn.

On the table in front of him, there were two lamps of life.

One of the flames was red and only the size of a grain of rice.

On the other, the flames were orange-red and also the size of a grain of rice.

And these two Fate Lamps were clearly the ones of Feng Chen and Lin Ran.

“Old man Feng, old man Li has brought it!”

Elder Fire suddenly spoke up,? At the same time the coming man also made his way down on the futon next to him.

“This”

As soon as the two men sat down, they immediately saw the life lamp on the bar in front of them and could not help but frown slightly.

This scene was too familiar to them.

This was because back then, the Destiny Lamp of Wind Elder's son, Wind Dust, had gradually evolved from a normal Destiny Lamp to what it was today.

And at this moment, Lin Ran's Fate Lamp was clearly evolving at the same pace as Feng Dan's Fate Lamp.

“He's seen the foreign devil!”

Elder Feng suddenly spoke, his pale cheeks at this moment filled with the marks left by the years.

At this moment, Elder Feng's entire person seemed to have aged hundreds of years.

“It looks like he can't get out either!”

Fire Elder sighed.

Back then, Feng Chen's Destiny Lamp had turned out to be like this, and he had never appeared in it until he entered himself.

All three of them knew that Feng Chen must be in the Fey Demon Domain, but they also knew that Feng Chen was afraid that he would not be able to come out in this lifetime.

"Old man Feng, I'm sorry! It's only because you had to let him go to some foreign devil domain in the first place!"

On the side, Old Man Li also spoke up.

"Blame me!"

Old Man Feng slowly lifted his head to look at Old Man Li.

"It's because I didn't keep an eye on him that I let some villains get away with their treacherous plans!"

Elder Feng said blandly, with anger in his eyes.

"Forget it, what's the point of talking about this after what has already happened!"

Elder Li said.

"Yes! We can hide this matter for half a year, but we can't hide it forever!"

Elder Fire said.

"There have been no less than a hundred spies caught recently alone, some sent by the Chao Heavenly Pavilion and some sent by the Dragon Family!"

"And even more were still sent by those four women!"

Elder Feng frowned slightly at his words.

"Where are they?"

Elder Feng asked.

"Right here in Wu Zhen! They have been living in Wu Zhen since the last time Lin Ran entered the Fey Demon Domain, and after these six months of operation, they have a force of their own within the Mysterious Alliance!"

"It's this force that's helping them spy out information!"

Old Man Fire said.

"Old Man Wind, I think it would be better to announce this matter, as long as news of Lin Ran is not released, these people of theirs will not rest in peace!"

"And don't you forget that we still have to rely on the Chao Heavenly Pavilion, if we don't announce the news about Lin Ran, I'm afraid that the Chao Heavenly Pavilion will They have already investigated the dealings between the Third Elder and the Long Family, and the Third Elder is now hiding in the Long Family and doesn't dare to come out at all!"

Elder Li said.

“That’s an internal matter for their Chao Heavenly Pavilion, even if they attacked the Dragon Family, I wouldn’t care! Who can guarantee that there was no involvement of the Long family in the original plot to frame Lin Ran into the Fey Demon Realm! Don’t forget that the Skywolf Domain is Long Mo’s place!”

Old Man Feng said.

“Old man Feng, you can’t go on like this, the enemy has been closed and not fighting lately, so they’re obviously preplanning something! Once the great war starts, the Dragon Family will also be a force to be reckoned with, and we will only need the Chao Heavenly Pavilion’s help more then!”

Elder Li said.

“So what? If we make Lin Ran’s news public, even though we can get the Dragon Family’s help, what about the Chao Heavenly Pavilion? What about with those four women?”

Elder Feng looked at Elder Li.

“I don’t need to tell you much about the Chao Heavenly Pavilion, those four women only started contacting our Mysterious Alliance half a year ago, but now they’ve already cultivated their own power!”

“Do you think it’s possible without the support of the Chao Heavenly Pavilion behind this?”

“You two just stop arguing!”

Elder Fire spoke helplessly.

“This matter, announcing it is not, not announcing it is not, the Chao Heavenly Pavilion and those four women are definitely standing together, but on the opposite side is the Dragon Family, and the Yue Family’s people are also making an issue out of this matter!”

“Whether we choose Chao Tiange and those four women or the Dragon Family and Yue Family, we have to make a choice!”

“A choice? Oh, the Dragon Family didn’t come out as hermits in the last great war, you think they can be relied on?”

Elder Feng laughed.

“But this time they’ve also shown that they’re determined to join the war!”

Fire Elder said.

“I support Elder Fire’s opinion, the Dragon Family is after all the largest family apart from the three of us, if they participate it will undoubtedly be the most helpful to our Mystic Alliance!”

Elder Li said.

“But then again, if we don’t have the Chao Heavenly Pavilion, I’m afraid we will also lose a lot of our follow up power!”

Elder Li said in a tense manner.

“You guys go back!”

Elder Feng suddenly spoke.

“You!”

Elder Fire and Elder Li looked at Elder Feng, somewhat helpless.

“The great war hasn’t even started yet! Things are also far from that far, and Lin Ran’s news must never be released until the final life-or-death moment!”

“Otherwise the Mysterious Alliance will definitely fall apart!”

Elder Feng said.

“Then how long do you want to hide it?”

Elder Fire asked.

Elder Feng turned his head to look at the two bright lights, and there was loss in his eyes.

“Hidden until I can no longer hide for that matter!”

“Ai!”

Old Man Li also sighed helplessly at his words.

The two men eventually left.

Elder Feng sat alone, looking at the Destiny Lamps in front of him, with despondency in his eyes.

“Lin Ran! What the hell are you going through? Have you seen Feng Chen? Are you two alright?”

Elder Feng whispered to himself.

.....

And at this time in Wu Zhen, inside a room.

Qin Bing, Song Nuan, Luo Qiqi and Su Rou were sitting around a table.

On the table in front of them were all sorts of photos as well as information.

Ever since Lin Ran’s accident, they had lived here and had not left.

Luo Qiqi had even handed over the entire work of Luo Ran Finance to her own father to take care of.

With the help of the Chao Heavenly Pavilion, the four of them had continued to infiltrate their forces into the Mysterious Alliance, but half a year had passed, and they had no more news other than that Lin Ran had entered a place called the Other Demon Realm.

They had met Lin Lin in the Skywolf Domain and learned a lot about Lin Ran’s past in the Skywolf Domain.

Unfortunately, they still did not have the latest news about Lin Ran.

If Lin Ran were here, he would have been able to tell that the four women's auras had all changed at this point.

It was as if the four were four killers played to the hilt, each in their own way, operating everything they could to collect Lin Ran's slight.

It was heartbreaking to look at, but it was also heart warming, for Lin Ran they had given up too much and changed too much.

"Is there any news of the Long family?"

Song Nuan suddenly spoke up and asked.

"No, the Long family hasn't even been sending out any letters to the Long family lately!"

Luo Qiqi spoke up.

Qin Bing and Su Rou both frowned slightly at her words.

"Why does it suddenly feel as if the Dragon Family has broken off contact with each other?"

The two spoke almost at the same time.

Chapter 1429

"I don't know, but I always feel that there seems to be a force in the shadows that is passing messages to each other and the Dragon Family!"

Luo Qiqi said.

"Moreover, the spies we planted have seen the other side, Fei, pass messages to the Dragon family ahead more than once!"

"We can be sure that there is definitely such a force, except that the other side seems to have gone quiet recently and has not responded to the Dragon Family!"

Qin Bing said.

"There's no other news coming from the Sky Wolf Domain side either!"

Su Tau looked at the three and spoke.

"There's still no progress at all!"

Song Nuan had disappointment in her eyes.

"Don't be like that!"

Suddenly Luo Qiqi spoke up and laughed.

"From the beginning when we decided to stay here, wasn't it with the mindset of waiting for him to come back?"

“We should have believed in him! He’ll definitely come back just like before, only this time it’ll take a bit longer!”

“Hm!”

The other three all nodded at their words.

However, all four of them had red eyes at the same time.

They were strong, but they were all women.

Their strength on the surface could not hide the pain they felt inside.

But they knew that they were not qualified to fall.

Even Ling Sa was waiting for Lin Ran in the foreign demon domain, and every day she was constantly fighting with the enemy, walking on the edge of life and death.

Not to mention that the four of them were only living in Wu Zhen, searching for news of Lin Ran.

Soon the four of them gathered their emotions and turned to continue to start studying the boundless information and photos.

.....

Within the foreign devil domain, there was this place where everything around it was fiery red.

Below it were endless red rivers, surrounded by endless red mist, and even everything above the sky was red.

This place was not somewhere else, it was located underneath the Prison Mountain Desolate Swamp.

Not long ago, Lin Ran had opened the Hell Mountain Desolate Swamp’s formation for a moment in order to release the Human King and Demon King from the Hell Mountain Desolate Swamp.

It was at that time that he saw the secrets beneath this Prison Mountain Desolate Swamp, and even more so, he saw the huge figure that was suppressed in this devolution.

And at that moment, above this boundless red river, there was a ripple in space, followed by the foreign devil appearing here with Lin Ran.

“It’s here again!”

Looking at this endless sea of blood in front of him, a bitter smile appeared on Lin Ran’s face.

At this moment, his consciousness was extremely weak and he might pass out at any moment.

Looking at this endless sea of blood in front of him, Lin Ran recoiled with a hint of relief, how nice it would be if he fell down and drowned straight away!

“Lin Ran!”

Suddenly, the foreign devil spoke again.

“Do you know what this place is?”

Lin Ran didn't pay him any mind.

"This is the endless Demon Sea, the demon blood of the entire Fey Demon Domain flows out from here and eventually returns here!"

There was an icy coldness in the foreign devil's eyes.

"Do you know what is hidden within this demon blood?"

Lin Ran still didn't pay any attention to him.

The foreign devil, however, was not angry either, as if he was talking to himself alone.

He suddenly raised his hand, followed by a strand of demon blood that shot up and landed in his hand.

The blood quickly flowed down his fingertips, but at that moment there was actually a red thread in his hand that was retained.

The red thread was like a worm, constantly rolling around in the foreign devil's hand, looking oozy.

"This thing is called the Heart Devouring Compulsion!"

"It was left behind by a powerful fey beast back then, and these demon blood were formed after his death!"

"This heart-devouring compulsion can easily pierce through your body, even if you are monstrously strong you won't be able to carry it!"

"It will burrow into your body, causing you to suffer the pain of ten thousand insect bites, causing your consciousness to collapse and your spirit to dissipate! In the end, it will make you completely irrational and become a machine that only knows how to kill!"

"And these insects they only listen to my orders!"

The foreign devil guarded his palm with a wave, and at once the fiery red heart-devouring parasite had crawled onto Lin Ran's arm.

Following this a blood hole emerged, while the heart-devouring compulsion had already burrowed into Lin Ran's body and disappeared.

"I'm asking you one last time, will you follow me!"

The foreign devil looked at Lin Ran and said in a cold voice.

"Hehe! Hehe!"

Lin Ran opened his eyes and looked at the foreign devil hidden under a black robe on one side, with disdain in his eyes.

"You Don't think!"

"Seek death!"

The foreign devil was suddenly furious, and with a flip of his palm he threw Lin Ran directly down towards the sea of blood below.

“Flop!”

With a loud sound, Lin Ran’s entire body was instantly swallowed up by the sea of blood and disappeared.

The moment he entered the sea of blood, Lin Ran only felt that his entire body was being devoured by countless worms, and those worms were constantly drilling into his body.

There was no way to stop them.

Gradually, Lin Ran’s already weak consciousness completely dissipated.

His entire body was like a stone, sinking and sinking in the sea of blood, eventually falling to the bottom of the sea of blood, and there was actually nothing else around him apart from those gushing heart-devouring parasites.

He drifted back and forth with the sea of blood, as if he was just a corpse.

And at that moment, above the sea of blood.

“Bang!”

Suddenly there was a monstrous sound, followed by an arm and a head poking out directly from within the sea of blood, and within that blood-red head, there were two huge blood-red eyes that were staring firmly at the foreign devil.

If Lin Ran was here, he would have been able to tell that the figure was the same huge figure he had seen under the Prison Mountain Desolate Swamp earlier.

The foreign devil turned his head and looked away, his expression bland, even with some satisfaction.

“It’s only been a few thousand years, it’s not perfect! Continue!”

The foreign devil said in a cold voice.

Following that, the huge figure actually slowly disappeared into the sea of blood.

It was just that deep within those dancing blood-red eyes, there was clearly bewilderment, as if he himself didn’t know why he was listening to the Other Devil’s words.

.....

The foreign devil stood here, looking at the endless demon blood around him, and did not leave for a long time.

A moment later, he suddenly waved his palm.

A figure instantly appeared aside, and it was none other than Yue Bei Shan.

“My Lord!”

Yue Beishan looked at the foreign devil and bowed respectfully.

“Mm!”

The Other Demon nodded and pointed far away.

“A hundred miles ahead, there are many unjust souls and skeletons! I will send you there and come to see you once every month, providing you with food for only fifteen days!”

“And all you have to do is to live here for three years!”

The foreign devil said.

Yue Bei Shan’s eyes narrowed slightly at his words, but he didn’t retort, he just nodded silently.

The foreign devil looked at him and said.

“You are very talented, you will become a great asset in the future! Although I didn’t accept you as a disciple, I am cultivating you like a disciple, don’t let me down!”

“Beishan will definitely remember!”

Yue Beishan bowed respectfully.

“Take this thing!”

The foreign devil waved his palm, and at once a bead flew into Yue Beishan’s hand.

“This bead can provide four hours of absolute defence every day, you can rest for four hours, the rest of the time you must fight and kill those unjust skeletons!”

“One last reminder, the injustice souls must be killed only with divine sense! If you can carry it through three years, you will be completely transformed! And by then it will be time for you, Yue Beishan, to build your career!”

“Beishan understands!”

There was determination in Yue Beishan’s eyes, following which he directly closed his eyes.

Chapter 1430

“Weng!”

The space around him rippled, and the next moment Yue Bei Shan had already disappeared in place.

“Coming out early has caused me to have to consolidate for another three years, so you’ll have a good transformation here for these three years!”

The foreign devil took one last look at Lin Ran in the depths of the sea of blood, before his body disappeared within this sea of blood space.

At this time, a hundred miles or so away from Lin Ran’s location, there was a fiery red continent.

If one looked closely, one would see that it was not land at all, but rather a slab of blood that had condensed.

Because the slab was so large and thick, it looked just like a piece of land.

“Weng!”

Yue Bei Shan suddenly reappeared here.

As soon as he appeared, he looked around vigilantly, afraid of being attacked by something.

And at this moment, in the surroundings, it was quiet but there was nothing.

“Click, click, click!”

Suddenly, a series of nail-scratching sounds came from the ground, which made Yue Bei Shan’s head explode and he turned his head to look.

Only to see that at this moment, on the blood-red ground in the distance, there was actually a skeleton crawling out from under the ground.

They were all skeletons, except for a flame burning in the middle of the skeleton’s head.

The flame was green and lurid looking.

“This is a skeleton?”

There was an icy coldness in Yue Beishan’s eyes, and without any politeness, he waved his hand, and a long sword directly surfaced, and he rushed towards the skeletons without saying a word.

“Bang!”

With a loud sound, Yue Bei Shan slashed his sword at the other party’s head.

However, the skeleton head was not left with any injury at all, instead, it shook Yue Bei Shan to the point of flying back.

“Come on!”

Yue Beishan was not the least bit discouraged, and with a swing of his longsword in his hand, he charged towards the skeleton again.

“Bang Bang Bang!”

“Clang gear!”

Next, in the entire blood-red continent, these two sounds were the only ones that kept ringing out, and they were very regular, ringing out enough for a full twenty hours every day.

And the remaining one was an hour, a time for Yue Bei Shan to rest, and only at that time again would this blood-red continent return to peace.

.....

Three days later.

Outside, the Mysterious Alliance headquarters.

“Old man Feng, now you should die!”

Old Man Li and Old Man Fire sighed at the same time as they looked at the two bright lamps on the bar in front of them.

Old Man Feng did not say anything, he just watched quietly.

Just three days ago, one of the two destiny lamps on the strip went out, and that one was Lin Ran’s destiny lamp.

“Old man Feng, you know the current form, since Lin Ran is dead, we must make a choice!”

Old Man Fire spoke.

“What choice!”

Old Man Feng looked up and asked.

“The choice between Lin Ran and the Dragon Family only, it has been more than half a year since Lin Ran entered the Fey Demon Realm, you are hiding here alone, there are many things outside that you do not understand!”

Fire Elder said.

“Right!”

Old Man Li echoed.

“The Chao Heavenly Pavilion and the Dragon Family and Yue Family have fought secretly for an unknown number of times, it’s only because there’s no definite news about Lin Ran yet that the two sides haven’t torn their faces apart!”

“But if the news that Lin Ran has died this time gets out, I’m afraid that the Dragon Family and the Chao Heavenly Pavilion will also break up in an instant, and our Mysterious Alliance will have to make a choice!”

“How to choose?”

Elder Feng looked at the two men and asked indifferently.

“I choose the Dragon Family! And the Yue Family!”

Fire Elder spoke after thinking about it.

“I have the same opinion as Elder Fire!”

Old Li also spoke up.

“Since you all have already thought about it? Why do you still come to tell me? To inform?”

Old Man Feng looked at the two, his expression bland.

“Old man Feng, this is not the time to be impetuous!”

Elder Fire spoke up.

“Lin Ran was the pavilion master of the Chao Heavenly Pavilion, he had a grudge against the Yue Clan and the Dragon Clan that was formed a long time ago, this time he mistakenly entered the Fey Demon Realm even though the Dragon Clan was secretly messing with him! But he’s dead now after all!”

“The reason we kept it quiet before was to see if he could come out of the Otherworldly Demon Realm!”

“As long as he comes out, the Chao Heavenly Pavilion, under his leadership, will definitely be able to help us fight the Fey Demons with all our might!”

“But he’s dead now!”

Fire had said.

“Old Man Wind, what Old Man Fire said is also correct!”

On the side, Old Man Li spoke up.

“Although it’s a bit unkind to say, it’s true, the three of us have to answer to everyone in the Mystic Alliance, they’re also a living life!”

“With Lin Ran dead, it’s questionable whether the Chao Heavenly Pavilion will still try to help us, if we miss out on the Dragon Family at this point then we’ll have a lot to lose!”

“And speaking of which, the Chao Heavenly Pavilion’s Third Elder is also in the Dragon Family, even if the Chao Heavenly Pavilion completely breaks with us, at least we still have someone who knows the art of medicine, we can train some of our own, and if we can’t, we can still be self-sufficient!”

Elder Li said.

“Cultivate some more? You think the Chao Heavenly Pavilion’s medical skills are that easy to learn?”

Elder Feng laughed.

Both Elder Fire and Elder Li frowned at their words, and after a moment Elder Fire said.

“No matter what, this old thing, the foreign devil, must have big moves ahead of him, and if the showdown comes, talent is the most important thing! If even the people are gone, what’s the use of even having the Chao Heavenly Pavilion?”

“Old man Feng, don’t blame us for being hard-hearted, Old Li and I have been thinking about this many times, we’ve always thought that if we keep dragging on like this, torn between the Dragon Family and the Chao Heavenly Pavilion, it would be better to choose one side quickly, and now Lin Ran’s death just happens to be helping us make our choice!”

“Alright stop it!”

Elder Feng spoke up.

“I don’t care if you guys want to pull in the Dragon Family, I only have one request, if the Chao Heavenly Pavilion and the Dragon Family break up, the Mysterious Alliance will definitely not take sides!”

“Let them work it out on their own!”

“Good!”

Elder Fire nodded his head in agreement.

“Then we’ll go ahead and announce it!”

Elder Li said.

Elder Feng didn’t answer, he just silently put away the two life-lights and walked out towards the outside of the ancestral hall.

Looking at Elder Feng’s despondent figure, both Elder Fire and Elder Li could not help but sigh.

“Ai! Wash it all away so he can pull himself together soon!”

“Yes! We can’t help it, after all, an organisation as big as the Mysterious Alliance, hundreds of thousands of lives we have to take care of!”

.....

Ten minutes later, “Lin Ran is dead!” The words were then spread out.

And it only took half an hour for it to spread throughout the cultivation world.

.....

The Nanyang Dragon Family!

“What? Lin Ran is dead? Really?”

Long Yu stood up from his chair with surprise on his face.

“It’s true, Family Head, the news just came from the Mysterious Alliance itself!”

Down below, one of his men said busily.

“Great! This brat is finally dead, haha!”

Long Yue was excited.

“Right, Family Head, the Mysterious Alliance also sent a message for you and the Third Elder, to go to the headquarters at a later date, to discuss important matters!”

“I know! You go and inform the Third Elder to tell him to come and see me!”

“Yes!”

The handlers quickly retreated.

Long Yue, on the other hand, had a smile in his eyes and a deep depth in his eyes.

“The Mysterious Alliance has finally made a choice!”

Said Long Yue, turning his head to look at the letter on the bar that had not yet been sent out.

“It’s been almost a month, why hasn’t there been any news back! Is it possible that something has happened there?”

Long Yue had worry in his eyes.

.....

And at this time, in Wu Zhen!

Elder Feng’s figure appeared out of thin air.

He looked at the courtyard in front of him, and there was guilt in his eyes.

After thinking for a moment, he still took a step and walked in.

The courtyard was exactly where Song Nuan and the others lived.
