Wonder Doctor Chapter 1761

“Want to leave? I said you’re not going anywhere!”

Lin Ran’s eyes were cold as he saw this and immediately waved his hand, and at once the waves of divine sense in front of him were like a tidal wave, sweeping directly towards the Dark Origin Musk Sculpture.

The divine sense pervaded everywhere, Lin Ran had not known before that divine sense could actually be used in this way, and at this moment, seeing his divine sense wrapped up the Dark Origin Musk Eagle in a matter of moments, he could not help but be pleased.

“Bastard!”

The Dark Origin Musk Eagle’s entire being had exploded at this point.

If he hadn’t put Lin Ran in his eyes before, thinking that he was just a mole in front of him, then now this mole had gradually revealed its strength that could bite him to death.

Even if this mole was still only at the Heavenly Mansion realm, it was this mole’s divine sense that was already able to completely crush him.

“Get the hell out of my way!”

The Dark Origin Musk Eagles were like being deep in the mire at this moment, the divine sense around him enveloped him, making it impossible for him to move a single inch.

The ripples of divine sense were also sweeping towards him, causing his entire divine sense to be pressed to death inside him, making it impossible for him to let it out.

The ripples of divine sense continued to wash over the Dark Origin Musk Eagle, but to Lin Ran’s surprise, he was unable to kill the Dark Origin Musk Eagle with these ripples of divine sense, but he was only able to suppress this fellow so that he could not escape.

“What’s going on here?”

Lin Ran busily asked Qing Zi, according to what Qing Zi had said earlier, his own divine sense was much stronger than that of the Dark Origin Musk Eagle, so he should have been able to directly crush it.

How was it that at this moment, his own divine sense was clearly a little weak in attacking?

“Master, although your divine sense is stronger than his, but you don’t have the means to attack with divine sense!”

Qing Zi said.

“Sound waves and divine sense are two parts, divine sense can be seen as a power, such as the true qi in your body, while sound waves are like swords!”

“Your current divine sense is the only strength that can suppress this Dark Origin Musk Eagles, but you don’t have a sword, so you can’t release the power of your divine sense at all!”

“Then what do I have to do?”

Lin Ran asked busily, he indeed knew very little about divine sense attacks, and there was nothing he could do about this, after all, he had never been exposed to these at all when he was on Earth.

This what divine sense attack was also a method of using divine sense that he had only learned after he had fought with the Dark Origin Musk Eagles.

“There’s no way!”

Qing Zi said.

“Let me put it to you this way, master, the reason why this Dark Origin Musk Eagle can use divine sense to threaten you is precisely because of the sound waves emitted from his cries!”

“And you have no attacks or feats that might explode the might of your divine sense out, unless your divine sense is so powerful that it can directly crush the Dark Origin Musk Eagle to death, limiting his movements is already the limit!”

“Now if you want to kill him, you can only use your sword as well!”

“Alright!”

Lin Ran sighed helplessly at his words, although he was still a little dumbfounded at the wonders of this divine sense attack of his.

But at least he was seeing the chance of being able to kill the Dark Origin Musk Eagles.

Thinking of this, Lin Ran immediately stopped talking and instantly lunged towards the Dark Origin Musk Eagle with a flash of cold light in his hand.

At this moment, the Dark Origin Musk Eagle was deep in the mire of divine sense and could not move at all. When he saw Lin Ran coming with his sword, his face changed.

“Lin Ran stop it! Stop Lin Ran!”

From a distance, the Dark Origin Musk Eagle shouted out.

However, Lin Ran ignored him, and with a shake of the Frost Condensation Sword in his hand, several sword maces were already splitting out, and these sword maces quickly rushed towards the Dark Origin Musk Eagle.

And then suddenly disappeared, and when they reappeared, they had already reached the position of this guy’s arm and chest.

“Bang Bang Bang!”

In an instant the sword mane struck directly at the location of the Dark Origin Musk Eagle’s wound, blood spurted out in pain so much that Dark he immediately screamed out.

“Lin Ran stop, let me go and I promise never to hit your divine wings again!”

Dark Origin Musk Eagles shouted busily.

“Not hitting on my divine wings? Do you take me for a three-year-old child? You can fight if you want to and not if you don’t?”

Lin Ran laughed, but his hands didn’t stop at all as he raised his hand to deliver several more sword maces.

Under Lin Ran’s attacks, the injuries on the Dark Origin Musk Eagles’ bodies were getting heavier and heavier, and the whole person was already almost frantic.

“Lin Ran, I’m warning you, you’re only a guest of Yaki Mountain, if you do anything to me! Lord Prime will never let you go!”

The Dark Origin Musk Eagles threatened.

“Prime? Is he going to let me go if I don’t kill you? Or will your Wanshou Mountain let me go?”

Lin Ran sneered.

“You! What do you mean!”

The Dark Origin Musk Eagles froze at the sound of his words.

“What do you mean? You’d better ask the Nine-Winged Bat Dragon!”

Lin Ran’s eyes chilled, and this time, his entire person directly flipped his hand and took out his dagger-breaking tip, charging towards the entire Dark Origin Musk Eagles.

“Nine-winged Bat Dragon?”

Hearing this name, the Dark Origin Musk Eagle’s entire being was instantly stunned, although he didn’t know exactly what kind of beef the Nine Winged Bat Dragon had with Lin Ran.

However, as a magical beast, it was obvious that the Nine Winged Bat Dragon was also interested in Lin Ran’s divine wings, and even if he himself no longer fought against Lin Ran’s divine wings, the Nine Winged Bat Dragon would obviously do so as well.

In the end, it was just a change of opponent.

Lin Ran was not stupid, so he could not really let the Dark Origin Musk Eagles go, and in the end, there was no way Lin Ran would spare the Nine Winged Bat Dragon.

If he spared him, what about his hometown? After all, this guy’s doppelganger had been to Earth, and if he found his way to Earth in the future, then his hometown would be in danger.

“Lin Ran, we can still discuss this again, whatever you want, I can satisfy you!”

In order to stay alive, the Dark Origin Musk Eagles no longer cared about anything else.

“Is that so? I want your life right now!”

Lin Ran smiled lightly, and the dagger in his hand was already glowing with a cold aura as it slashed straight towards the Dark Origin Musk Eagle’s neck.

“Bastard, don’t you force me!”

The Dark Origin Musk Eagles said angrily, but Lin Ran didn't care about him at all, the dagger in his hand was already slashing across the Dark Origin Musk Eagles' necks with a cold aura in an instant.

"Death! You must die too!"

The Dark Origin Musk Eagle finally went crazy, and his feathers shot out in all directions as if they were sharp swords, while a layer of black light burst out from his body and swept out with it.

"Hm?"

Lin Ran's face changed at the sight of this and he hurriedly withdrew his divine sense.

However, even though his reaction was fast, he was still a step too late in the face of the Dark Origin Musk Eagles' self-destruction.

With a loud bang, a small portion of his divine sense that had not yet been fully retracted was directly shattered by the Dark Origin Musk Eagle's self-detonation, and Lin Ran spurted out a mouthful of blood at the same time.

"Master, watch out, that guy's divine sense is getting away!"

Lin Ran had just stabilised himself when Qing Zi's voice rang out.

When he looked up, he found that a black mass of light was flying towards the distance in front of him, the speed of which was no less than that of the Dark Origin Musk Eagles themselves.

Not enough at this time there are formations around, Lin Ran is not worried, he waved his hand realm is directly moved the scroll within the glaze out, pointing to the front said.

"Eat it! This guy is good at speed, see if you can get it this ability!"

"Good!"

Seeing that there was something for him to eat, without saying a word a black light shot out from his whole body, instantly and directly wrapping up the Dark Origin Musk Eagles' divine sense and swirling towards his mouth and ripping it over.

Wonder Doctor Chapter 1762

"What is this thing! How can this be!"

In the black light, the Dark Origin Musk Eagles' entire being was in extreme panic.

Even at this moment, he was feeling that his divine sense was actually being dissolved by something little by little.

That feeling was as if someone was trying to directly erase his divine sense, but he was also a magical beast, and if that little magical beast that had just appeared was really just a magical beast, why would it possess such a bizarre ability.

"Hm?"

Lin Ran, who was watching from afar, also frowned slightly, he could feel the Dark Origin Musk Eagles' divine sense weakening rapidly, especially the closer he got to Li, the faster his divine sense weakened.

"What exactly is this ability?"

Lin Ran also had some doubts in his heart and couldn't help but frown to himself.

Li was very special, this first point he believed, back then Zhen Yan had told him that Li's appearance was very mysterious, even Zhen Yan didn't know how he was formed, but it was this guy who was carrying the Qi of the entire Beast King Domain, making Zhen Yan suspicious of him in addition to having to protect him.

All the way over here, apart from the terrifying power of his first outburst, Li had been normal at other times and had not attacked himself.

But Lin Ran knew that the secrets in Li's body were definitely not less than his own, and just this wisp of black light alone already made it seem very mysterious.

What was this black light and why did it have such a strange ability, Lin Ran himself could not figure this out, so he could only tell them in the future when Li himself had figured it out.

While he was thinking in his mind, Li had already swallowed the Dark Origin Musk Eagle's entire divine sense.

When Lin Ran saw that the Dark Origin Musk Eagle was already dead, he was ready to leave, but at that moment he saw that after swallowing the Dark Origin Musk Eagle's divine sense, Lizzy was still a little impatient and ran towards the ground below.

"Hey! What are you doing there!"

Seeing this, Lin Ran was busy following him.

Only once he reached the ground did he see that the Dark Origin Musk Eagle's huge body hadn't completely exploded itself, but had only exploded one of its wings.

"This old thing is really cunning!"

Looking at the huge corpse of the Dark Origin Musk Eagle in front of him, Lin Ran couldn't help but curse.

This Dark Origin Musk Eagle was afraid that it was preparing to run away first, while staging a self-explosion to confuse Lin Ran, and then coming back to take it away as a new flesh when Lin Ran had left.

"No wonder the self-explosion just now was of average power, if the whole thing really did blow itself up, I'm afraid I'd have to be blown up into a fool too!"

Lin Ran had some fear in his heart, the divine sense a fundamental of one's consciousness, if the divine sense was seriously injured by the blast, it was implied that it would probably make a person directly be blown into a fool.

While he was thinking in his mind, Li had already started searching for it, and within a few moments he had found an inner lining inside the Dark Origin Musk Eagle.

This inner guts was the essence of the Dark Origin Musk Eagle's years of cultivation, and it was also the key reason why he did not want to explode his body completely.

Without saying a word, Li directly swallowed this inner guts before returning to Lin Ran's side with a satisfied heart.

"Defeatist thing!"

Looking at the truth of the Dark Origin Musk Eagles on the ground, Lin Ran couldn't help but say, while waving his hand to collect even the Dark Origin Musk Eagles' corpses.

Although the inner guts were precious, the corpse of the Dark Origin Musk Eagle was also a very good thing. The whole body of a magical beast was a treasure, and the corpse of the Dark Origin Musk Eagle could probably fetch a good price too!

Although Lin Ran now had quite a lot of extremely high quality spirit stones and celestial yuan crystals, he felt so poor when he remembered what Qing Zi had said, that the auction in Immortal Emperor City was all about the spirit liquid.

So even if it was the corpse of a Dark Origin Musk Eagles, he wouldn't miss it as long as he could sell it for money.

"Time to go!"

After collecting the Dark Origin Musk Eagles' carcasses, Lin Ran was then satisfied and withdrew the formation, turning around and rushing towards the place where the Earth Demon Beast was.

By now, it was almost dawn, and on the back of the Earth Demon Beast, the crowd had waited for a full night.

"Elder Li, I think that brat Lin Ran has probably missed and has no face to come back! Or else let's go first!"

Wang En was impatient when he saw that it would soon be dawn.

"Who are you calling a miss!"

The seventh year of Han's life at the side was displeased at the words.

"What? Did I say it wrong? If he had gotten it why wouldn't he dare to come back until now? Even if there were ten Dark Origin Musk Eagles in one night's time, they could have been killed!"

Wang En said disdainfully.

"Ten? You can kill even one, not to mention ten! You don't have the face to say something here when you're not capable?"

Han said in a cold voice.

"You!"

Wang En was so angry that he immediately retorted!

“Don’t talk nonsense to him, so many of us have been waiting for him all night, why? He hasn’t even shown up yet, what’s he doing if he hasn’t run away!”

“In my opinion, this kid is probably a traitor, maybe he has some kind of collusion with Wanshou Mountain!”

“Oh? Is that so? Then you’re saying that the elders of Yaki Mountain are all fools? Even a spy sent by Wanshou Mountain can be a guest secretary!”

Just as Wang En’s words fell, a young man’s voice came from afar, followed by a flash of light, and the next moment Lin Ran had appeared in front of the crowd.

“You”

Wang En’s voice stuttered a little when he saw this, and he stammered for half a day before speaking.

“Don’t you bleed, I didn’t say that, I just said that you didn’t come back all night”

The first time I said this, I found myself unable to make it up, so I had to change the subject and said.

“Then again, didn’t come back for a night, did you let the dark source musk eagle run away? Have no face to come back?”

“Lin Ran I warn you,? This time is the best opportunity to kill the Dark Origin Musk Eagles, if you let us miss this opportunity because of your arrogance, you will be the sinner of Yaki Mountain!”

Wang En spoke in a righteous manner, as if he was really thinking wholeheartedly about the interests of Yaki Mountain.

At this moment, all the people around couldn’t help but frown slightly when they heard Wan En’s words, this was a bit of a big statement, originally the An Yuan Musk Eagles had come to sneak in.

Even if Lin Ran hadn’t killed him, it wouldn’t have mattered, after all, Lin Ran was only a guest, and according to his status and strength, a master of Mount Wanshou like Dark Origin Musk Eagle would have to be at least on the same level as a Baki Mountain elder.

Even if Lin Ran hadn’t killed him, it wouldn’t have been a fault.

However, Wang En was unforgiving and kept on holding on to this.

Lin Ran wasn’t angry either, and looked at Wang En blandly as he smiled.

“Before, the Dark Origin Musk Eagles were just like you, they also thought that I wasn’t strong enough! But do you know what happened to him afterwards?”

“How? He ran away!”

Wang En said with a face full of disdain.

Lin Ran laughed at this and shook his head and didn’t bother to say more, his palm waved and instantly a huge corpse appeared out of thin air, if it wasn’t the Dark Origin Musk Eagles’ or someone else’s.

“This You!”

Wang En saw this scene at once the whole person was blinded, he tipped off the Dark Origin Musk Eagles to kill Lin Ran, but in the end he was actually killed by the latter in return.

On the side, Qiu Mo looked at it precisely covering his mouth, his entire eyes having shock.

“He How could he be so strong!”

Lin Ran naturally did not know what was in Qiu Mo’s mind as he looked at Wang En and laughed blandly.

“The difference between you and the Dark Origin Musk Eagles is that you’re not a magical beast! Otherwise, you’d be just like him now! It would have been a corpse long ago!”

“Me!”

Hearing Lin Ran’s words, Wang En’s old face instantly turned white, cold sweat sprouted directly from his forehead, and his heart was simply terrified to the core.

Wonder Doctor Chapter 1763

Lin Ran brought out the corpse of the Dark Origin Musk Eagles, and immediately everyone shut up and dared not say another word.

Even Elder Li Yuan, who was on the side, smiled and personally walked over to greet Lin Ran.

To be able to kill the Dark Origin Musk Eagles, regardless of the method for the moment, Lin Ran’s status on this point alone was already beyond what a guest secretary could measure.

“Little friend Lin Ran is truly formidable!”

Elder Li laughed, looking at Lin Ran with a little more praise at this point.

“Elder Li is joking, I’m sorry to have kept you here all night!”

Lin Ran said awkwardly.

Li Yuan smiled but waved his hand.

“Not to mention one night, even a year, old man would be willing to do it!”

“All right, I won’t waste your time, I’m afraid that Wanshou Mountain won’t rest in peace after losing a great general this time, I have to go back to guard the camp, you guys should also hurry back to Baji Mountain to avoid any changes!”

Li Yuan said.

Lin Ran nodded and knew the seriousness of the matter, so he immediately said goodbye to Li Lao and then hurried back towards Baki Mountain with Chen Shan’s escort.

After being away from Baki Mountain for a full year, they were all in different moods as they returned to Baki Mountain on the Earth Demon Beast again.

Lin Ran and Han Qiuxia were naturally the two who had gained the most, while as for Tianhu Qiumo and even Wang En, that could only be said to be a personal choice, as people decide for themselves what path they want to take in life.

Even Lin Ran cannot help everyone, he is just an ordinary person and will be selective according to who is important to him and who has a good relationship with him.

Who can say who is wrong or who is right?

After rushing for a full day, finally the group returned to Yaki Mountain in the evening.

This time, there were obviously many more people at Mount Yaki, so I guess there were many disciples who had stayed at Mount Yaki for a few years.

Moreover, Yaki Mountain does not always recruit disciples every year, if the disciples' resources are not good they will wait two years before recruiting again.

So when they returned to Baki Mountain this year, it was obviously a lot more lively than when Lin Ran first came.

Once the crowd got off the Earth Demon Beast, Chen Shan returned to the camp with a new batch of disciples.

Lin Ran, on the other hand, was ready to go back to his residence with Han Qiqi to rest.

There wasn't much to talk about after the long journey, and when the two of them returned to a room, Lin Ran saw that Han Qiuxian had no intention of packing up his accommodation and couldn't help but ask.

"You still have something to do?"

Han Qiqi smiled as he revealed a hint of expectation.

"Brother, I'm ready to go home tomorrow!"

"Go home?"

Lin Ran couldn't help but be stunned at his words, home? Did one still have a home? Stranded in the Immortal Realm, his parents' souls were still unknown.

There was even no news of Wang Kun, and even now he hadn't even found Song Nuan and the others, and Wang Yifeng didn't even know where he had run off to.

Thinking about all this, Lin Ran felt an empty nagging feeling in his heart, very uncomfortable.

"What's wrong, brother?"

Seeing that Lin Ran had a forlorn look on his face, Han Qiqi asked.

"Nothing! It's just that I remembered some of my friends from the past, right, so what are you going to do next?"

Lin Ran asked, what he was asking about was naturally the matter of the Falling Sword Reality.

"I've thought about it, I've decided not to come back!"

Han Seven Years said.

“Before, I was prepared to stay at Baki Mountain for the rest of my life, but that sword sutra you gave me last time changed my mind!”

“That Sword Sutra was so profound that I was only able to crush Wang En after just cultivating the first layer, which showed me how powerful and graceful the outside world can be!”

“The old me was too weak, I don’t want to become that way again, even if I am not weak now, but I want to go out and see the wonderful world outside after all!”

Said Han seven years pointed to the package on his back and said.

“I’ve accumulated a lot of spirit stones this year, when I go back tomorrow I’ll leave it to my parents and stay with them for ten years back home! When my Sword Scripture cultivation is little accomplished I’ll move to the Sword Pavilion!”

“I must join the Sword Pavilion!”

There was determination in Han Xiaoyuan’s eyes.

“Yes! Go for it!”

Lin Ran laughed, seeing how much Han had changed now, Lin Ran was honestly relieved.

Friends were friends, but the world was going to separate eventually, and now that Han Qiuxia was in the state he was in, Lin Ran could feel relieved to let him go.

“What are your next plans, brother?”

Han Qiuxian suddenly asked Lin Ran.

Lin Ran was stunned to hear this, and then smiled bitterly.

“I haven’t thought about it yet, but I might stay at Baki Mountain for a while!”

He really hadn’t thought about it, the Nine Winged Bat Dragon hadn’t been killed yet, and this piece of heartache in his heart hadn’t been removed, so he naturally didn’t want to leave at this time.

He could still continue to cultivate the Sword Dao at Mount Yaki, but he might not be able to help with the Lightning Dao.

But at the same time, Lin Ran was also worried that if he didn’t have the chance to get rid of the Nine Winged Bat Dragon, he wouldn’t be able to stay at Mount Baki forever, after all, he still had to find Song Nuan and the others.

So for a while Lin Ran didn’t know what he should do!

“Brother, then why don’t you come home with me, go and stay at my house for a while, my house is very close to here anyway, come back when you want to!”

Han Seven Years issued an invitation.

Lin Ran thought about it without answering directly and said.

“I’ll think about it, I’ll get back to you in the morning!”

“Good!”

Seeing this, Han Seventh Year didn't say any more.

Soon Lin Ran left, he went to the next door residence and simply cleaned up before lying down on the bed to rest.

Whether to stay or go, Lin Ran had indeed not thought about it yet, but he always felt that his killing of the Dark Origin Musk Eagles this time would probably be an opportunity.

Perhaps this opportunity would cause a fight to break out between Baki Mountain and Wanshou Mountain, and once the fight broke out that would be his best chance to get rid of the Nine-Winged Bat Dragon.

Last time, he had been discovered by the Blood Bat, and now the Nine Winged Bat Dragon probably also knew that he had arrived in the Immortal World, so if this fellow kept hiding, then Lin Ran really had no choice.

So if he wanted to kill him, I was afraid that he would only be able to use the power of the Barking Mountain.

As he thought about it, Lin Ran fell asleep.

The next morning, Lin Ran got up early and prepared to see Han Seven Years off.

The latter couldn't help but be a little disappointed to learn that Lin Ran wasn't going home with him, but he didn't say anything, he just left his home address and said.

“Brother, you can always come and find me if you want to in the future, I'll be staying at home for the time being!”

“Mmm! Definitely!”

Lin Ran laughed, if he could successfully get rid of the Nine Winged Bat Dragon this time before leaving this Yaki Mountain, he wouldn't mind making a trip to Han Seven Years' home.

After all, if he left Baki Mountain in the future, he was afraid that he wouldn't be back for a long time, and he wouldn't have the chance to see Han Qiqi again then.

The two of them chatted as they walked towards the mountain gate.

However, the two of them had just arrived at the gate when a large group of youths in disciples' robes suddenly came running to the side.

Some of these youths even looked younger than Han's seventh year.

However, these people all had disdain on their faces, and one of the youths with zero head even didn't even give Lin Ran a proper glance as he blocked the path ahead of them and laughed blandly.

“Han Seventh Year is ready to leave here? Did you forget something?”

Han Seventh Year looked at the other party and spoke with a slight frown.

“Wang Tian! What do you want?”

Wonder Doctor Chapter 1764

“Wang Tian?”

Hearing this name, Lin Ran couldn't help but be stunned,? Because he noticed that this Wang Tian in front of him was actually dressed in a style somewhat similar to Wang En's.

Moreover, both of them were also surnamed Wang, so they seemed to be somewhat related.

“What do you think I want?”

Wang Tian smiled as he looked at Han Qiqi, with disdain in his eyes.

“I heard that you made a lot of money in the mine pit! And you've even sat on some squad leader, you're doing well!”

“What does it have to do with you!”

Han Qiaoxian said coldly, but his eyes were fixed on the other party with a deadly stare.

“What?”

Lin Ran's heart couldn't help but sink when he saw this, looking at this reaction from Han Seventh Year, it seemed that he had really been guessed?

Sure enough, following this, Han Seventh Year explained in a low voice.

“This Wang Tian is Wang En's elder brother, the two used to hang out together, this guy is afraid that he's here to give Wang En a hard time!”

Lin Ran heard this and suddenly understood, especially after looking at this Wang Tian's age, he seemed to be about the same as Wang En that is, he understood completely.

As Lin Ran was sizing up the other party, this Wang Tian was also sizing up Lin Ran from time to time.

However, he seemed to be testing, so he didn't directly trouble Lin Ran, but just kept provoking Han Seven Years while observing Lin Ran's reaction.

Seeing that Lin Ran never said anything, Wang Tian could not help but reveal a cold smile before looking at a slim young man beside him, who understood and immediately took a step forward and pointed at Han Seven Years.

“Han Seventh Year, my name is Qin Li and I would like to ask you to spar, you shouldn't be like the rumours, you wouldn't even dare to accept a spar from your senior brother!”

Qin Li looked at Han Seven Years with a disdainful smile on his face, while the people around him all laughed and coaxed one after another when they heard what he said.

“Qin Li you don't make a scene, how can senior brother Han fight you, although you are a senior brother but is the strongest in our class”!

“That’s right Qin Li, I’m quite saying that the first seven years senior brother Han couldn’t even beat a disciple who joined Baji Mountain three years later, don’t tease him!”

“That’s right, if you lose to Senior Brother Han, then you’ll be ashamed of yourself!”

The crowd were all sneering and sarcastic, whether it was explicit words or secret sarcasm, all of them were directed at Han Seventh Year.

Thinking about his past history of humiliation, Han Qiuxian couldn’t help but clench his fists.

But now he definitely would not.

“Senior Brother Han, you wouldn’t really dare, would you?”

“Is it hard to be just like the rumours? Still really a wasteful wimp?”

When Qin Li saw that Han Seventh Year was silent, he immediately laughed and mocked again, causing the group of people around him to help but laugh along, and even Wang Tian, who was watching the show from the side, couldn’t help but snort coldly.

“How could our Barking Mountain take in a waste like this, it’s really no use at all!”

“Senior Brother Han, how about this, to show my sincerity in asking for advice with an open mind, how about I offer a Heavenly Origin Crystal? As long as you win this Heavenly Origin Crystal Stone is yours!”

Qin Li laughed beside him, while flipping his hand and already taking out a Heavenly Origin Crystal Stone.

Lin Ran could not help but frown slightly when he saw this scene, the other party had entered the Eight Qi Mountains seven years later than Han and was considered a senior brother, and now he had taken out a Heavenly Origin Crystal Stone.

This kind of invitation was simply not giving Han seven years a way out, and even if Han seven years refused it, he would become a laughing stock.

After all, when a senior brother sought out a senior brother for a sparring session, as long as one wasn’t too stupid, it was basically the senior brother who would win, after all, he had already trained for a year longer than the other person, and now the other person had even taken out a Heavenly Origin Crystal Stone, if this had to be refused, then even if he didn’t fight, he would already become a laughing stock.

“Senior Brother Han? You wouldn’t even have to refuse this, would you?”

Qin Li looked at Han Qiqi and asked with a smile.

“Qin Li this is really hard to say, I have heard before that our senior brother Han is very thick-skinned, once someone offered five heavenly yuan crystals, if senior brother Han loses only one extremely high quality spirit stone, senior brother Han did not even dare to accept it!”

“Holy shit really? Senior Brother Han is too much of a loser!”

“A loser? I think it’s a waste!”

“How can this kind of person have the face to remain at Mount Baki!”

The crowd spoke with great pleasure, while Lin Ran at the side was frowning closer and closer the more he listened.

He looked at the seventh year of Han's life, and found that the latter was looking at him with a questioning look in his eyes, obviously he didn't know what he should do either.

After all, he had decided to leave Yaki Mountain, was there still a need to prove anything for these people he had pressed to look at with displeasure?

"It's not just the enemy you have to defeat, it's your own demons! Since you've decided to change then be thorough, you can't stand until you break!"

Lin Ran looked at Han Seventh Year and said indifferently.

"Hm!"

Lin Ran's words were like a reassuring pill for Han Seventh Year, he immediately stopped thinking about it and turned his head to look directly at Qin Li and said.

"I'll accompany you with a Heavenly Origin Crystal!"

After saying that, Han Qiuxian didn't bother with nonsense and leapt directly onto the high platform.

"Yo? Senior Brother Han has changed his character? That's interesting!"

Qin Li laughed icily, and then he too leapt onto the high platform.

However, he seemed to think that defeating Han Seven Years like this was a bit cheap for the latter, and actually took out another Heavenly Origin Crystal with his backhand, laughing.

"Senior brother Han, don't be stingy if you can defeat me in one move, see? This one is also yours!"

"Is that so? Then I won't be too polite!"

Han Seventh Year laughed, and with a swirl of his palm a long sword had emerged.

"And!"

The crowd could not help but let out a sigh of relief at the sight, obviously disdainful of Han's direct action without mentioning that he had also added an extra Heavenly Origin Crystal.

However, Han did not think as much as they did, because in his opinion, he wanted these two Heavenly Origin Crystals for sure.

This time, he didn't just want the Heavenly Origin Crystal Stones, he wanted to return all the humiliation he had suffered for so many years at Baji Mountain!

"Interesting! Let's do it then!"

Seeing that Han Qiqi was already prepared, Qin Li did not say a word and instantly took out his long sword and stabbed straight at Han Qiqi.

The space around Qin Li's stabbing sword trembled, so he was obviously a person of great strength, and he also had a lot of experience in the art of killing.

However, in the face of Qin Li's sword, Han Qiqi's expression did not change, and he only moved when his opponent's sword reached only one metre away from him.

Only when his opponent's sword reached him, he moved.

Each stroke seemed light, but it was just right, just enough to partially dislodge Qin Li's sword power.

After only five steps back, Han Qiqi had already removed a large portion of Qin Li's sword might.

"Hm?"

Qin Li couldn't help but frown at this and just wanted to retreat and pull away.

But Han Qiqi had already moved, and the long sword in his hand cut through a strange arc, directly towards Qin Li's neck from the side.

"Not good!"

Qin Li saw this and leaned back, narrowly avoiding the sword.

But what no one expected was that he had avoided the sword, but in the next moment, Han Qiqi kicked him in the chest, sending him flying backwards and smashing him heavily under the high platform.

"This!"

The crowd under the stage was dumbfounded,? Even Wang Tian froze, how could they have ever thought that Han Qiqi had actually defeated Qin Li in just one move?

Was this still the old wimp Han Qiqi who could be kneaded by anyone?

Wonder Doctor Chapter 1765

"Anyone else want a challenge? If not, don't bother me again!"

Han Seventh Year swept his gaze across the crowd, while waving his hand and taking Qin Li's two Heavenly Origin Crystals, following which he was about to leave the stage.

He had achieved what he wanted, and although he was leaving, he believed that the name Han Seventh Year would no longer be a joke to the entire Baji Mountain, as he had proven himself at this moment.

"Stand still!"

Han Seventh Year wanted to leave, but Wang Tian did not agree, as he looked at Han Seventh Year and sneered.

"The former loser Han Seventh Year, I didn't expect that he was already so powerful, no wonder he could be a small captain in the mine!"

With that, he flipped his palm and took out five Heavenly Origin Crystals and threw them directly onto the ring, followed by a fierce power of his whole body.

"Come on! Let me see how much progress you have made now compared to then!"

As soon as the words left his mouth, Wang Tian pounced on his opponent without saying a word and without waiting for Han Qiqi to speak.

He was known for his strength in Baki Mountain, so if Han Qiqi refused him, he really had nothing to say.

So from the start, he was not prepared to let Han Qiuxian say no, so he came up and made his move straight away.

“Hm?”

When Han Qiuxian saw his opponent’s words, he could not help but sink his face and raised his long sword to meet him.

Lin Ran was standing below at this moment looking at the two people who were fighting together on the high platform only and couldn’t help but frown slightly.

“Master are you worried about that little fatty?”

Qing Zi suddenly spoke up and asked.

“Mm!”

Lin Ran nodded.

“Not so much, you’ve given him all of the Sword Scriptures of the Falling Sword Reality, you should be able to defeat this Wang Tian in eight months’ time!”

Qing Zi said.

Lin Ran smiled but shook his head.

“No! Han Seven Years is different from an ordinary person, if it was an ordinary person he would definitely be able to beat it, but not when it’s placed on him!”

“Why?”

Qing Zi asked, puzzled.

“Ai!”

Lin Ran, however, sighed helplessly before saying.

“Didn’t you notice his stances? Little Fatty’s stances are all on the defensive side, it has to do with his experience as well as his personality!”

“It’s absolutely impossible for an ordinary person to receive this kind of sword sutra to focus only on defence, but he is because his experience is too miserable, plus his subconscious personality is inclined towards conservatism, so this sword sutra is almost ignoring the attacking part in his collected hands!”

“Then I shouldn’t be defeated by this Wang Tian either! After all, focusing on defense is also very powerful!”

Qing Zi said as he also observed Han Seven Years and found that he was indeed very fluid in defense as Lin Ran had said, but his offense was obviously greatly lacking.

“He’s been cultivating the Sword Sutra for too short a time, and although his defence is powerful, he will still look somewhat inadequate when facing someone with a very strong offensive attack!”

Lin Ran said.

“It should be coming to an end!”

Lin Ran added.

Qing Zi sniffed and was busy looking into the ring, and indeed, she found that Wang Tian’s attack was so fierce that it was like a raging storm.

Although Han Seventh Year’s defence was also very strong, he soon began to lose his footing in this stormy attack and was eventually kicked out of the ring by Wang Tian.

“Han Seventh Year, you are no better than that! You can only bully your senior brother!”

Wang Tian stood on the high stage with disdain in his eyes, while waving his hand to retrieve his five Heavenly Origin Crystals, as if they were his trophies.

Han Seventh Year looked at him without speaking and turned towards Lin Ran.

“Brother! Let’s go!”

Lin Ran smiled but didn’t move, which made Han Seventh Year somewhat puzzled.

“What? Not convinced? Want to stand up for him? Come on up! I’m not afraid to tell you that you’re the one I’m looking for this time!”

Wang Tian stood in the ring and sneered.

And the others on the side laughed and coaxed at his words.

“Go on! Aren’t you and ox?”

“That’s right! Aren’t you said to be a guest? Why don’t you dare to go up?”

“Rubbish!”

In the face of the crowd’s taunts, Lin Ran was completely unresponsive, as if he hadn’t heard them.

Seeing this, Han Seventh Year at the side clenched his fists in anger and said in a low voice.

“I’m sorry brother, I’ve embarrassed you!”

He turned his head to look at Han Seventh Year and patted the latter’s shoulder and laughed.

“What’s there to be ashamed of, you’ve only been cultivating the Sword Scripture for eight months, and you’re not inferior to him! It’s just that you have some problems with the direction of your cultivation!”

“Problems? What problems?”

Han Seven Years smiled and busily asked.

“No worse than me? What the hell is he, Han Seventh Year? Who the hell are you? Dare you come up for a fight? I’ll give you ten Heavenly Origin Crystals!”

Wang Tian in the ring sniffed disdainfully.

Lin Ran gave him a bland look before turning to Han Seven Years and saying.

“Listen well! I’ll tell you where the problem lies in the direction of your cultivation!”

With that said Lin Ran took an arrow step and directly rushed up to the ring looking at Wang Tiandao.

“Ten Heavenly Origin Crystals, did I hear that right!”

“No! But kid, can you take them? Don’t lose your life here instead of taking it!”

Wang Tian laughed disdainfully.

The crowd around them also laughed out loud, obviously all thinking that Lin Ran had come here to seek death.

Lin Ran didn’t bother to say more and turned his head to look at Han Seven Years and said.

“Listen up and watch too! He’s actually quite a rookie!”

After saying that, Lin Ran’s body fiercely moved, and he charged straight towards Wang Tian, while speaking.

“His attacks are sharp and fierce!”

“Seek death!”

Seeing that Lin Ran was actually using himself as an example to teach Han Seven Years live at this point, Wang Tian was also enraged, and with a shake of his long sword in his hand he slashed directly towards Lin Ran.

“This!”

When he saw Wang Tian’s sword, Han Qiqi was stunned, and it was true what Lin Ran had said, this guy’s attack was very rigid and fierce.

“If you only defend all the time, you’ll always just reveal a flaw!”

Lin Ran said once again.

At the same time, the two were already exchanging blows, Lin Ran not attacking at all but defending.

His defence was even more powerful than Han’s, but after dozens of rounds, he was still caught by Wang Tian and took two steps back.

“What a piece of trash!”

Wang Tian said disdainfully, however Lin Ran was simply ignoring him as he turned his head to look at Han Qiuxian on the stage and said.

“So you can’t just defend, although he attacks stiffly, but equally his defence is a mess, you just need to attack harder than him! It only takes one move to defeat him!”

“Watch this!”

Lin Ran said as he took an arrow step towards Wang Tian the next moment and charged straight ahead!

“What? Defeat me in one move? What the fuck are you”

Wang Tian said angrily as he slashed his sword towards Lin Ran.

However, the next moment, Lin Ran merely used a pair of sword fingers to instantly collapse on Wang Tian’s longsword.

With an audible “Weng” sound, the longsword instantly trembled violently and then flew backwards.

“Roll!”

The next moment Lin Ran let out a low roar, followed by a kick to Wang Tian’s chest, sending his entire body flying backwards.

“Laugh it off!”

Lin Ran waved his hand and collected Wang Tian’s ten Heavenly Origin Crystals, and immediately jumped out of the ring and arrived in front of Han Seven Years.

“See? You have to change, not just your personality, your subconscious mind has to change too, the sword sutra technique is very subtle, you can’t cultivate its defensive part, you can better cultivate its offensive part!”

“One attack and one defence, that’s the complete sword sutra!”

Han Seven Years froze in place as he listened, but he soon understood and was busy nodding.

Wonder Doctor Chapter 1766

“Bastard!”

On the side, Wang Tian, who had fallen to the ground, had just climbed up and prepared to take revenge, when he looked up he realized that Lin Ran had actually walked out of the mountain gate of Baji Mountain with Han Seven Years.

“Damn it!”

Wang Tian’s teeth bared, his reputation in Mount Baqi was unknown to everyone, but this time he had actually suffered defeat at the hands of a kid who had just entered Mount Baqi less than a year ago, this simply made him more disgusted than eating a fly.

However, he was unable to defeat Lin Ran, and there was nothing he could do even though he was angry in his heart.

But at this moment, Lin Ran accompanied Han seven years to leave the gate of Baji Mountain and soon arrived at the place of separation.

“Brother, I remember! I will definitely cultivate the Sword Scripture properly, including the attack part!”

Han Xianxia looked at Lin Ran and nodded solemnly.

Lin Ran smiled at this and patted Han Seventh Year’s shoulder and said.

“Alright set off, I’ll come and find you sometime later!”

“Mhm!”

Han Seventh Year looked at Lin Ran and nodded heavily before he turned around and descended the mountain.

Looking at Han Qiuxian’s distant back, Lin Ran felt very bad in his heart, the former feeling to him was like the same feeling he had when he had returned to Linjiawan.

Back then, at least he had his grandmother waiting for him in the village, but what about now? Where are his family members? Where was the road? Who was waiting for him? Or who remembered him? Just thinking about it made Lin Ran feel that things were different.

“Ai!”

With a sigh, Lin Ran whirled around and walked back towards Baki Mountain, meeting Wang Tian and the others halfway, but Lin Ran didn’t bother to pay them any mind, and walked straight towards the Hidden Scripture Pavilion.

He had already learnt all the basic sword moves, so he was going to choose some good sword techniques to cultivate.

However, Lin Ran had always had his own self-made sword moves in mind, so it would be very difficult to choose these sword techniques.

After all, it was very difficult to find sword techniques that were similar to one’s own, so as to improve one’s own sword sense.

However, Lin Ran was not in a hurry, he knew in his heart that as long as he always stuck to his own self-created sword strokes as the foundation, and other sword techniques as a supplement, he could first slowly build up the amount.

This is like quenching, first learn all the sword moves that you can learn, and slowly quench the sword moves that suit you from among the many sword techniques, so that you can come out with your own sword path.

.....

The first thing you need to do is to get a good idea of what you’re getting into.

The Eight Qi City was already considered the largest city in this vicinity, and there were many cultivators in the area, so this man’s dress did not attract too much attention.

“Master!”

Suddenly, a stout youth with a stern look in his eyes stopped next to the black-robed man and said in a low voice.

“Be careful with the latest, Lin Ran has returned from the mine, and at the same time, news has also come from the clan’s side that the Dark Origin Musk Eagles are dead!”

“What?”

Hearing these two pieces of news, the black-robed man’s body visibly stiffened and the hand holding the wine glass couldn’t stop trembling, not knowing whether it was because of anger or worry.

“How did the Dark Origin Musk Eagles die?”

The black-robed man paused for a moment until his emotions had stabilized a bit, then he asked.

“It is said that it died at Lin Ran’s hands, but I have inquired that the Dark Origin Musk Eagle was seriously injured in a fight with Li Yuan before he died, and I am afraid that Lin Ran picked up the pieces later!”

The Li Mang youth said in a low voice.

The black-robed man sighed in relief at this, and after a moment of contemplation, asked.

“What did the clan side say? What is Lord Prime’s reaction?”

“The sect master is furious and has sent orders for you and the Wind Thunder Red Python to have to find a way to kill that Lin Ran!”

The Knightly Mane youth said.

“At the same time, I heard that that old thing Wind Thunder Red Python has gone to the mine, saying that he is going to find a breakthrough from Li Yuan while stabilising the mine!”

The black-robed man could not help but sink his face at his words and said in a cold voice.

“Windy old Red Python this old thing is quick enough to act, seeing that the situation is not good he ran to the mine pit first, this is a bit troublesome!”

“Master, what do we do next?”

The Li Mang youth asked busily.

Now only he and the Wind Thunder Red Python were left in the Wanshou Mountain, and the latter had gone to the mine in the name of looking for Li Yuan, so the task of killing Lin Ran from the front naturally fell on this black-robed man.

The black-robed man pondered for a moment before saying.

“Keep sending people to keep an eye on that brat, he has been in the mine pit for a year and killed the Dark Origin Musk Eagles, I am afraid that he will come out soon, as soon as he comes out he must inform me!”

“Yes!”

The Leman youth nodded his head busily at his words, and left in a whirl.

The black-robed man sat where he was without moving, but there was a sharpness in his eyes beneath his black robe.

“We can’t delay any longer, this kid’s growth rate is too fast, if I delay any longer I won’t only fail to even get the divine wings, I’m afraid I’ll have to run for my life!”

As he said that, the black-robed man directly got up and left the place, only when he was about to leave the tavern, the sunlight cast across his black robe and reflected half of his face.

That half face was not the Nine Winged Bat Dragon’s or someone else’s!

.....

And just as Mount Wanshou had begun to make moves, Lin Ran was picking out a sword technique at the Hidden Scripture Pavilion on Mount Baqi.

At this moment, on the Chao Beast Mountain outside of Hunters City, a figure descended directly from the sky, instantly penetrating the entire Chao Beast Mountain’s clan defenses, directly trampling a large portion of the Chao Beast Mountain’s clan’s square into a dent.

“What kind of person! How dare you trespass on our Chao Beast Mountain!”

As soon as this person appeared, a large group of disciples within the Chao Beast Mountain directly rushed over and surrounded this person in the middle.

The leader was really Elder Huang Quan, one of the three great elders of the Chao Beast Mountain!

Of the three great elders of the Chao Beast Mountain, Lie Shan had already died, and now there were only two great elders left, namely Huang Quan and Withered Bones.

The dust around that figure gradually dispersed, before revealing the figure of a young man, whose full body robes were embroidered with gold silk looking very luxurious and high-class.

And as he stood there as a whole, an invisible pressure had quietly spread out.

“Kneel down!”

Suddenly, the youth opened his mouth and shouted.

The next moment everyone present wrapped withered bones and Yellow Springs all had their faces changed, they only felt as if a ten thousand catties boulder was being pressed on them at this moment, and they couldn’t help but kneel down directly.

“You’re the Sect Leader here?”

The youth turned his head to look at Withered Bones, and with a wave of his palm instantly ripped him over.

And just as the youth struck, there was actually a vague purple sea of stars floating around him, a scene that confused both Huang Quan and Withered Bones as they watched.

“Purple Sea Realm! Purple Sea Realm! Seniors seniors there must be some kind of misunderstanding here!”

Huang Quan was so frightened that he directly fell to his knees with a thud.

With a star in his hand, the Purple Sea accompanied me, wasn't this the Purple Sea sea of stars that only a Purple Sea realm powerhouse would possess.

Huang Quan and Withered Bones were so frightened that they fell to their knees and did not dare to send a single glance, fearing that they would offend this powerful existence in front of them and slap them straight to death.

“Misunderstanding? I'll know if it's a misunderstanding or not!”

Without a word of redundancy, the youth instantly invaded Huang Quan's mind with a surge of power, instantly flipping through his memories and checking them out.

“Senior!”

Seeing this scene, the withered bones next to him couldn't help but gag, directly checking someone's memories would probably cause the person being checked to become mentally deranged and turn into a fool!

“Eh? You come here too!”

Seeing this, the youth waved his hand and actually grabbed the withered bones over, one hand instantly checking the memories of the two.

Wonder Doctor Chapter 1767

A full ten minutes passed before the youth let go of their heads, and during this process, Yellow Springs and Dead Bones didn't even dare to move a muscle.

When they looked into the memories of others, if the other party resisted a little, or if the youth had the slightest intention of killing them, the person being looked into would be indelibly scarred.

But the two of them also knew that the other party was so strong that simply killing the two of them was just a matter of words, where would they have any more nonsense with them.

“Where did your Sect Master and that boy go?”

The youth asked as he looked at the two hostages.

The memories of Yellow Springs and Withered Bones were also just until Chao San and Lin Ran left, and they were gone further down the line.

“Senior we don't know, it's been a year since the Sect Master returned, not even a word!”

Huang Quan said busily.

“Yes senior, we are innocent!”

Withered Bones was also busy saying.

“Innocent? You were also innocent when you surrounded him?”

The youth looked at the two, and was instantly frightened, causing their faces to turn white instantly.

“All of you stay here, whoever dares to go out dies!”

The youth said in a cold voice, and immediately the whole man flew out directly towards the sky with a stomp of his paws on the ground.

But the moment he flew up, a formation had already enveloped the entire Chao Beast Mountain.

The youth stood in mid-air, his robes floating with the strong wind, as he glanced at the Chao Beast Mountain at his feet and murmured softly.

“Miss still has three more days to go, I have to go to Beast Hunt City!”

After saying that, he stopped stopping towards the beast hunting city on the side at the foot of the mountain and rushed straight over.

.....

It was late at night, and inside the Hidden Scripture Pavilion of Mount Baqi, Lin Ran walked out somewhat helplessly.

He had spent almost all day in the Hidden Scripture Pavilion, but in the end, he hadn't chosen a single sword technique.

It wasn't that he was too discerning, it was because there were too few sword techniques that would suit him.

At present, his sword skills could only be sifted through the third to fifth levels of the Hidden Scripture Pavilion, as the sword techniques above that level were a bit too esoteric for him.

There were only so many sword techniques on the third to fifth floors, and Lin Ran really did not have any that he could look at.

But then he talked to the old man at the entrance who looked after the scripture pavilion and was relieved.

It turned out that there were not the greatest number of practitioners of the Sword Dao in the entire Baki Mountains.

Although everyone basically used swords, many people were actually reluctant to choose their own dao straight away at Mount Yaki.

The Heavenly Mansion realm is to lay the foundation for enlightenment, and only when one reaches the enlightenment realm is one really considered to have chosen one's dao.

However, Mount Baqi is only a sect in this remote place, and many young people do not want to set their own dao so early.

Only a small number of people, such as Han 7 years and Wang En, who are prepared to stay at Mount Baqi for a long time, will choose their dao directly at Mount Baqi.

As for the others, they were all prepared to go out and travel once they had reached the Heavenly Mansion realm, preferably to choose their dao within a large city near the Immortal Emperor Domain. Even the four royal cities of the Immortal Emperor City would do.

So it leads to the fact that many people are not going to set their dao directly at Mount Yaki.

Therefore, there were not too many scriptures in the scripture pavilion of Mount Baqi, and because it was too mixed and Lin Ran's requirements for sword techniques were a bit high, this led to the situation where there were no sword techniques to choose from.

However, Lin Ran was not in a hurry, after all, he would leave the Baji Mountain after he had got rid of the Nine-Winged Bat Dragon, and when he reached a bigger city, or one of the four king cities of the Immortal Emperor City, it would be a good choice.

As he thought about it, he walked towards his residence, but just as Lin Ran had returned to his residence before he had time to rest, suddenly there was a knock at the door.

When he opened the door and saw who was there, Lin Ran couldn't help but freeze.

"Brother Li Yi? Why are you here now?"

The person standing at the door at this moment was clearly none other than Li Yi, and he looked dusty, as if he had just rushed back from outside.

"Hey! It's a long story, let's sit down and talk about it over a drink!"

Li Yi said helplessly, while taking out a lot of wine and delicacies, which were obviously prepared on purpose.

"Brother Li Yi, you bring your own wine and food every time, you really put me to shame!"

Lin Ran laughed.

"Haha! I just happened to be on my way, and I heard that you were back today, so I rushed over here on purpose!"

Li Yi laughed, and immediately the two of them clinked their glasses and drank several glasses.

"Brother Li Yi, what exactly happened? You look so dusty!"

Lin Ran asked with a smile as he put down his glass of wine.

"Hey! It's not a big deal, just some civil disputes!"

Li Yi said helplessly.

It turned out that Li Yi had gone to a village near Yaki City today, where something rather tragic had happened, so he had gone to deal with it.

"As you know, Baki City is the domain of our Li family, but in reality, our generation all belongs to the Eastern Domain of the Immortal Emperor's Domain, which is considered to be under the control of the Eastern Chess King who sits under the Immortal Emperor!"

“The East Chess King is good-natured, good at making friends with aspiring people, and doesn’t like to play with power, so almost all the towns within his East Domain are free-range!”

“Of course, it’s fine to fight, but it mustn’t get too big! Especially something that strains many people to happen!”

Said Li Yi as he took a sip of wine and said.

“So although our Li family may seem to be in charge of Yaki City on the surface, but in reality, many things require people from our Li family to step in to reconcile!”

“Otherwise, think about the fact that there are so many people in the entire Yaki City, if there is a large-scale conflict, when the time comes, I’m afraid that even the Eastern Chess King will be furious!”

“Ao!”

Lin Ran smiled as he suddenly understood.

This Li family’s role in Baki City was somewhat like the neighborhood committee of their own neighborhood on Earth.

“Right, brother Lin Ran, where’s that little fatty you’re close to? I think I remember his name was Han Seven Years! Where is he? Didn’t come back with you?”

Li Yi suddenly spoke up and asked.

“He went home and rushed off today!”

Lin Ran laughed, while taking out the note with the home address left by Han Qiqi and giving it to Li Yi.

“Little Fatty invited me over as a guest, but I didn’t go because I had things to do!”

Lin Ran said casually.

But Li Yi held the note but looked a bit bewildered, his eyes looked deadly at the note for half a day without speaking.

“Brother Li Yi? What’s wrong?”

Lin Ran couldn’t help but be stunned at the sight and asked.

“Han’s seventh year family lives in Qing Shi Village?”

Li Yi raised his head to look at Lin Ran with a hint of worry in his eyes.

“What’s wrong?”

Lin Ran also couldn’t help but feel a little worried when he saw this.

“The place I went to today was Qing Shi Village, a couple surnamed Han in their village was killed, could it be Han Seven Years he”

Li Yi did not in put the words down, Lin Ran but has listened to the moment froze.

“Killed by who?”

He was busy asking, at this time, exactly who killed that couple surnamed Han is the most important.

If it was really Han seven years' parents, then he would definitely go to take revenge, and if the other party was very strong, he was afraid that he would

"A dominant family in the village! Very rich raising two cultivators of the Heavenly Mansion realm are hobbled!"

Li Yi said busily.

"Two? Or hobgoblins?"

Lin Ran's face instantly changed at his words, a whole day had passed since morning, Han Seven Years was afraid that he would have arrived home long ago.

If it was really his parents who had the accident, then now

"No! I have to go to Qing Shi Village and take a walk!"

Lin Ran whirled around and got out of his bed, immediately rushing out of the room.

Wonder Doctor Chapter 1768

"Hey hey! Brother Lin Ran I'm with you!"

When Li Yi saw how nervous Lin Ran was, he immediately followed him.

.....

The two of them went out of the Baji Mountain without stopping, Li Yi immediately waved his hand and took out a magic weapon then directly enlarged it, it was a small boat.

"Lin Ran brother go, do this fast, at most three hours to reach Qing Shi Village!"

Li Yi was busy greeting.

Lin Ran saw this and didn't say anything, followed Li Yi and turned over and got into the boat, and then the boat, under Li Yi's control, directly shot up into the sky and rushed in the direction of Qing Shi Village.

On the way, Lin Ran didn't say a word but looked sharply into the darkness ahead, obviously very worried about the safety of Han Seven Years.

"Brother Lin Ran, you don't have to be so nervous, although the place of the accident is indeed in Qing Shi Village, it may not necessarily be Han Seven Years' parents, after all, there are other people in Qing Shi Village who are also surnamed Han!"

Li Yi reassured as he steered the boat.

"I know, I'm just vaguely a bit uneasy!"

Lin Ran said.

It would naturally be best if something hadn't happened to Han Qiqi's parents, but if it was something that happened to his parents, Lin Ran was truly afraid that Han Qiqi would not be able to carry it.

This guy had been bullied in Baki Mountain, and now that he could easily turn around and go home, if he heard such bad news when he arrived home, Lin Ran was really afraid that he would go astray on impulse and even go off the rails.

For a cultivator, deep hatred is not scary, what is scariest is the demon in the heart, once the demon is planted the future will be endless.

Han had only just regained his confidence, and if this happened again at this time, he would easily lose his mind during his emotional ups and downs.

After the two of them had spoken, Li Yi saw that Lin Ran was not at ease, so he did not say anything more and concentrated on controlling the boat and rushed towards Qing Shi Town as fast as he could.

While the two of them were heading towards Qing Shi Village, a black-robed youth was sitting by the window with his eyes closed, not knowing what he was thinking about, in a loft far away in Baki City.

"Master! Good news master!"

Suddenly, an urgent voice came from the side, followed by a man also dressed in black robes who busily ran over and said respectfully.

"Master, the latest news we have received is that Lin Ran and Li Yi have left the Eight Qi Mountains together!"

"What?"

Hearing his men's words, the black-robed man sitting by the window instantly opened his eyes, and there were two blood-red colours in his eyes that looked very piercing.

"Where is the man?"

The black-robed man asked drily.

"They should be heading in the direction of Qing Shi Village!"

The henchman busily returned.

"Qing Shi Village?"

Hearing this name, the eyes under the black-robed man's robe instantly revealed a flash of joy.

"Qing Shi Village is at least three hours away from Baki Mountain, and it's desolate, so the gods have really opened their eyes!"

The black-robed man said with a fierce grip of his palm, at once the two stone beads in his hand instantly turned into pieces, and coldly shouted.

"Pass on my orders, set out for the Greenstone Village with all your might!"

"Yes Master!"

The black-robed man leapt out of the window and the next moment a black light rushed off into the sky, directly out of Yaki City.

The black robe on the black robed man's body exploded and a huge dragon head and bat body magical beast appeared out of thin air, his huge wings waved instantly like a stream of light directly towards the front.

.....

It was only four or five o'clock in the morning, and it was still very dark around, but in the small village below, it was brightly lit up and full of people.

Before the two of them had even fallen a long way down, they heard a loud shout from below.

"Get out of the village! You're a demon!"

"Right! Get out of the district, you're not welcome in our village!"

"Get lost, if you're capable you'll wipe out our entire village!"

Hearing these shouts, Lin Ran couldn't help but frown slightly, seeing that he wasn't far from the ground, he actually jumped straight down.

"Brother Lin Ran!"

Seeing this, Li Yi also immediately put away his boat and jumped down after Lin Ran.

As soon as the two of them landed, they saw a large group of people holding torches in the village ahead.

In the middle of the crowd, there was a figure standing in the middle of the crowd.

This figure was slightly chubby, holding a long sword in his hand, and his body was drenched in blood as if he had just been dipped in a vat of blood.

His eyes were bloodshot as he swept his gaze across the crowd present, his whole body trembling uncontrollably with rage.

"Little Fatty!"

Seeing this person, Lin Ran's eyes instantly turned red, ? Who else was this person if not Han Seven Years.

With an arrow step, Lin Ran directly reopened the crowd and rushed towards Han Seven Years.

"Get lost!"

Han seven years at this time seems to have lost his mind, see someone rushing towards him, roar out in anger raised his hand hand long sword straight towards Lin Ran and slashed over.

Seeing this, Lin Ran frowned slightly and raised his hand to slap away Han Qixian's sword, followed by a slap on the latter's face.

This slap was so powerful that it sent Han Qiuxian flying backwards, and the long sword in his hand even fell to the ground.

Lin Ran stood there looking at Han Qiuxian, he hadn't even thought that the two of them had been separated for even a day and the latter had become like this.

Just now, Han Qiuxian had directly struck out at himself, his eyes bloodshot, obviously blinded by anger, and fortunately he had rushed over first when he learned the news.

If a little while later in the evening, I'm afraid that Han seven years will really have to go after into the devil reduced to a killing machine.

"You are ..."

Han Seventh Year climbed up from the ground and was just about to speak when he saw that the person coming was actually Lin Ran, his eyes instantly turned even redder and two lines of blood tears flowed down his cheeks.

"Brother!"

Han Seven Years almost cried out as he jumped into Lin Ran's arms, at this moment as if he was a child who had done something wrong.

"It's alright! It's alright!"

At this moment, Li Yi was also busy running over to comfort him.

However, the two of them had only just calmed down Han Seven Years when a group of villagers around them opened their mouths and shouted out.

"Who are you two? Are you friends of this demon?"

"The people of our Qing Shi Village are not afraid of you, get out of our Qing Shi Village immediately!"

"Right! Take this bastard and leave our Qing Shi Village!"

"Get out!"

The crowd shouted one sentence after another.

As the saying goes, those who don't know have no fear, at this moment these people didn't know Lin Ran and Li Yi's identities and didn't care who they really were.

Lin Ran and Li Yi could not help but frown slightly when they saw this, and turned their heads to look at these villagers, but both did not say anything.

These people were all ordinary people at first glance,? For Lin Ran and Li Yi to kill these people was no different from killing a mole.

However, Han Seventh Year was furious to hear this and said angrily.

"On what grounds! This is my home too! Why should I have to get out!"

Wonder Doctor Chapter 1769

“Your home? This is not your home! You killed more than a dozen people from the Qi family, are you still a human being? Get out!”

Someone from the villagers immediately stood out and shouted.

“That’s right! Get out!”

“Get out!”

“How about I don’t roll!”

Han Seventh Year was also furious and took a step forward to look at these people with a burning gaze and a surging killing intent in his eyes.

“What? You want to kill even us?”

“Go ahead and kill! If you have the guts, you can kill the whole village!”

Each of the surrounding villagers were actually completely unafraid of death and looked at Han Seven Years in an angry voice.

“You want to die!”

Han Qiuxian was already in a fury, and when he saw this, he was about to take action.

“If you do it, you will really fall into their trap!”

Li Yi, who was at the side, saw this and shouted.

Lin Ran could not help but look at him when he heard this, and was somewhat puzzled, wondering how he could still be involved in a scheme!

Li Yi swept his gaze over these people before he said in a cold voice.

“I am Li Yi of the Li family, I just left your village this morning, you won’t forget me so soon!”

Hearing Li Yi’s words, those villagers beside him who had shouted before clearly had their faces sunk.

“Someone from the Li family, isn’t that just right! Your Li family has jurisdiction over Baki Mountain and its surrounding villages, this kid killed so many people from the Qi family, why don’t you do something to kill him!”

One of the youthful-looking villagers spoke up.

“That’s right, why don’t you kill him! Do you want to challenge the rules set by the Eastern Chess King?”

“That’s right!”

The other villagers next to him also spoke up when they saw this.

“What is going on?”

Lin Ran was listening to the clouds beside him and was busy asking.

Li Yi saw this and said with a cold snort.

“Does our Li family not care, or does your Qi family go too far? Do you really think that the whole village is stupid?”

“How many years has your Qi family been in this Qing Shi village for wrongdoing do you really think that our Li family doesn’t know?”

Li Yi said and pointed to the huge mansion behind Han Seven Years and said in a cold voice.

“I didn’t want to do anything to you guys before, but this time you’re all bullying people to the point of bullying Laozi’s Baji Mountain disciples, really our Li family is paper thin!”

Li Yi said here, his gaze swept over the crowd before he said in a cold voice.

“Fathers and folks, you should all know what happened, right? This Qi family has brutalised my junior brother’s parents on the strength of their large family, the revenge of killing my father is unforgivable, and the hatred of killing my mother can be seen by the heavens!”

“To put it mildly, what’s wrong with my brother killing a dozen members of your Qi family? How dare you come out and fear revenge?”

“You!”

Hearing Li Yi’s words, all those villagers who shouted before turned blue with anger.

Li Yi saw this but coldly snorted, and then turned his head to look at Han Seventh Year Dao.

“Senior brother, don’t fall for these people’s scheme, those people who are screaming for you to slaughter the village are all the remnants of the Qi family, what they want is for you to slaughter the village!”

“As long as you massacre the village, the Eastern Chess King will definitely not let you go, do you understand? They are deliberately provoking you!”

Hearing this, Lin Ran understood completely that this Qi family of Qing Shi Town should be similar to the land lords of Earth, who had brutalized Han Seventh Year’s parents.

After Han Qi’s return, he learned of the incident and killed more than a dozen members of the Qi family in a rage.

The Qi family is a large family and these remnants of the Qi family saw that they were no match for Han Qiaoxian, so they provoked him here to try to get him to slaughter the village, which would have angered the East Chess King, thus achieving the goal of getting Han Qiaoxian eradicated.

The Qi family is a family after all, and now that they have suffered a serious injury, there is no hope for them to turn over a new leaf, so this is the only way to get rid of Han.

But at the expense of so many people, Lin Ran felt a bit cruel.

But having been in the Immortal World for so long, he had seen some things clearly, in the Immortal World, strength was always paramount.

Families like the Qi family would also always have family interests above all else.

If Lin Ran had guessed correctly, these people were afraid that the younger generation of disciples in the family had been sent away long before they came to provoke Han seven years ago.

They didn't care about their own lives, all they cared about was whether or not their clan could continue while getting rid of their enemies.

"Brother!"

Han Seventh Year looked at Lin Ran, and to be honest after Lin Ran's arrival, he had lost his backbone.

His parents were still his concern, but now that they were gone, he was completely orphaned, and at this moment he didn't even know what to do when he saw Lin Ran himself.

"Brother Lin Ran, what do you say?"

Li Yi also looked at Lin Ran at this time, he could feel that at this time Han Qi Qi was completely unsure of what to do, even he was waiting for Lin Ran's words.

Lin Ran looked at Han Seventh Year, and then looked at those villagers around him, and finally shook his head and said.

"Let's go!"

"Good!"

Li Yi naturally didn't object to this, and Han Xianxia also nodded, his parents had already left and he was completely unattached to Qing Shi Village, so it was better to leave rather than stay in this sad place.

"Do you have anything else to take with you?"

Lin Ran looked at Han Qiqi and reminded him.

"No!"

Han Qiqi shook his head, while pointing to a parcel he was carrying on his back, which was bulging with money.

"Let's go then!"

Lin Ran nodded his head and whirled around, ready to leave.

But just as this was still happening, a group of people rushed out from the crowd, and one by one they surrounded Lin Ran and the others, their faces icy cold as they said.

"You can leave! He can't! He killed so many people from our Qi family and still wants to leave!"

"That's right! He won't be able to leave today!"

"What do you want?"

Li Yi's face couldn't help but sink when he saw this.

These people were not strong, but they really had the guts to find trouble.

"Brother!"

Han Seventh Year looked at Lin Ran, somewhat unsure of what to do!

Lin Ran saw this but smiled as he looked towards these Qi family members and asked indifferently.

“What qualifications do you have to shout at others here? If your Qi family’s people kill, so be it, what? Are you only allowed to allow your Qi family to kill other people’s parents and not allow others to take revenge? Is this immortal realm your Qi family’s immortal realm?”

After saying this, Lin Ran turned away from these people and spoke.

“Brother Li Yi, take out the airship and let’s go!”

“Good!”

Li Yi didn’t say anything, and with a swirl of his hand, the airship was summoned.

Lin Ran was the first to step on it, Li Yi following closely behind.

Once the two of them were on board, Lin Ran then spoke again.

“Little Fatty! Remember! There are some people who are fated to commit crimes, so kill them if you have to! If a man doesn’t have a bit of bloodlust then is he still worthy of the body of a seven-devil man?”

“Although cultivators are not allowed to kill too many mortals, if the Qi family is unforgiving, there is no need to be polite, just kill them!”

“If you have a grudge, don’t be afraid to wait for them to seek it, but remember not to drag innocent villagers into it!”

“That’s all I have to say!”

Lin Ran said and stopped talking.

Han Seven Years looked at Lin Ran with an understanding in his heart of what to do, he turned his head to look at those remaining members of the Qi family and said in a cold voice.

“Do it if you want to die! You will see if I will be soft, if you want to take revenge I, Han Seventh Year, will be waiting for you at any time!”

After saying that, Han Qiaoxian gave these people one last look and turned around and got on the airship as well.

Those from the Qi family looked at Han Seventh Year and Lin Ran with their teeth bared, but they didn’t dare to make a move after all.

Wonder Doctor Chapter 1770

Lin Ran’s words were clear enough, and Han Qi had regained his senses, so it was impossible to massacre the village, and if the Qi family still came up to die under such a premise, then they were really stupid.

As for the change in Han's life, Lin Ran did not want to say anything more, at least Han was saved, as for his parents, there was nothing he could do, after all, people cannot come back from the dead, some things are too late after all.

"Thank you!"

Han Seventh Year stood on the boat and looked at Lin Ran and Li Yi and bowed separately.

Lin Ran didn't say anything, he just looked at Han Qixian with worry, this incident was afraid that it had hit him quite hard, and he didn't know what this kid would do in the future.

"No need to thank me, you'd better thank brother Lin Ran more, if it wasn't for him you would have been in trouble this time!"

Li Yi said.

Lin Ran smiled and quickly waved his hand and said.

"No need for thanks, what are your next plans Little Fatty?"

Han Qiqi shook his head at his words, he really didn't have any plans, he was originally planning to go back to Qing Shi Village to live permanently, but who knew that this kind of change would directly rewrite the trajectory of Han Qiqi's life.

"I want to go back to Baki Mountain first, and I'll make plans after I've calmed down!"

Han Qiqi said.

"Hmm! Let's go back first then!"

Lin Ran said.

Li Yi also nodded at his words and said.

"Then go back, don't worry, I'll find a separate place for you to stay when we get to Baki Mountain, absolutely no one will bother you!"

Han seventh year's status in Baji Mountain was too special, if all the people knew that he was back again, they were afraid that he would also be in constant trouble, this arrangement of Li Yi could solve a lot of trouble for him.

"Thank you, Senior Brother Li Yi!"

Han Seven Years sniffed gratefully, for Li Nian to offer this kind of help at this time of his life was obviously very meaningful enough.

"Alright, go back!"

Lin Ran patted Han seven years of the shoulder did not say anything more, now say more otherwise let him calm himself to calm down, this kind of thing other people can help are limited, in the end can come out in the end still have to look at Han seven years themselves.

The people are not talking, just towards the Baki mountain rushed over.

At this time, the sky was already somewhat dusky, but the light was not yet complete. Just as the three of them were rushing towards Baki Mountain in silence, suddenly a white light suddenly appeared around them.

This white light appeared very suddenly, and before the three of them could react, it had enveloped them almost instantly.

At the same time, the three of them saw a dry, bone-like claw descend from the sky towards the boat they were in.

“Be careful!”

Lin Ran was the first to react and shouted.

However, Li Yi’s reaction was a step too slow, and with a loud bang, the boat the three of them were in was shattered by the claw.

The three of them were like kites that had broken their strings and fell down towards the forested mountains below.

It was only at the last moment that the three of them clung to each other and did not scatter on their way down again.

“Bang, bang, bang!”

The three of them quickly landed in the forest. Lin Ran and Han Qiqi were fine, they only fell down from the high school and were not injured.

However, Li Yi was the one who was in control of the boat before, and was caught by the other party’s claw that shattered the boat, and along with it, he was also very seriously injured.

“Brother Li Yi!”

Lin Ran helped Li Yi up, only to see that at this moment his whole body was covered in blood, and on his palm was even a huge gaping hole, which was shocking to see.

“I’m fine, you guys be careful the other side is very strong!”

Li Yi said as he endured the severe pain, to be able to shatter his boat with one claw, this strength had really exceeded his expectations.

“Who the hell is it!”

Han Seventh Year was also full of killing intent at this time, and the anger that had not been completely suppressed could not help but rise up again at this time.

“I don’t know yet, but it’s better to be careful! Brother Li Yi don’t resist I’ll take you into the space first!”

Lin Ran busily said, and then with a wave of his palm, he directly took Li Yi into the spatial scroll.

At this moment, he was seriously injured and staying outside would only be more dangerous.

“Brother what do we do now?”

In the blink of an eye, only the two of them were left, and Han Qiqi could not help but feel a little nervous.

Lin Ran's gaze glanced towards the surroundings and said in a deep voice.

"The other side will be here soon, they obviously know our whereabouts and have deliberately set up an ambush, at this moment there are formations enveloping the surroundings we can only take one step and see what happens!"

"Hmm!"

Han Seven Years nodded at his words, and immediately followed Lin Ran as he quickly weaved through the forest.

The forested mountain range near this Greenstone Village was not very large, so Lin Ran led Han Qiuxian to run wildly all the way and soon broke out of the forest area onto a plain.

Only when he reached here did Lin Ran breathe a sigh of relief and said.

"Just wait, wait for the other side to show themselves!"

Before being in the deep forest, Lin Ran was really a bit uneasy, after all, the two of them were originally in the other side's formation, the enemy was in the dark they were in the light, if they stayed in the forest once the other side sneak attacked it would only be more difficult to deal with.

If they came to this plain, as long as the other side dared to attack, they would definitely reveal their identities, and there was no cover around them, and Lin Ran had plenty of time to respond!

"Whoosh!"

Just as the two of them were still breathing, a sound of breaking air suddenly appeared in the forest, followed by a change in Lin Ran's face.

They saw a huge claw in the sky like the claws of a divine dragon, and it came straight towards them.

The claw was so huge that it almost filled the entire sky as soon as it appeared, and the claw carried a sharp aura straight towards Lin Ran and the two of them.

"Be careful!"

Lin Ran was the first to react, pushing Han Seven Years over, while he himself was caught in the ripple of the huge claw.

"Brother!"

Han Xianxia's eyes turned red at the sight of this,? The longsword in his hand flipped towards the huge claw and slashed straight over.

"Bang!"

However, the next moment there was a loud bang, but Han Qiuxian's entire body was directly shaken and sent flying backwards, while Lin Ran was also caught by the claw in mid-air almost simultaneously.

“Brother!”

A mouthful of blood spurted out, and before he could finish his sentence, his eyes went black and he passed out.

“Little Fatty!”

When Lin Ran saw that Han Qiuxian had directly fainted, he couldn't help but also become anxious, and with a flip of his palm, he directly took out his dagger and slashed towards the huge claw with a broken tip.

“Bang Bang!”

With two explosions in quick succession, Lin Ran instantly realized that the huge claw grabbing him was not a physical object, but an attack condensed from a formation!

“Bastard!”

Seeing this Lin Ran couldn't help but curse angrily, following which his entire body flashed with lightning and beast thunder was directly mobilized by him, instantly blasting directly towards that huge claw.

“Rumble!”

The huge claw was directly shattered as the beast thunder passed by, and Lin Ran broke free and fell downwards at the same time.

But just as he was falling downwards, he saw it.

The huge claw in mid-air was completely shattered by the lightning, revealing an equally large beast of prey.

This magical beast had a huge dragon's head open, but its body was a bat, seeing this shape Lin Ran's entire body was stunned, and four words had already surfaced in the summary of his mind.

“Nine Winged Bat Dragon!”
