Wonder Doctor Chapter 1771

“It’s you!”

Seeing the nine-winged bat dragon Lin Ran’s eyes instantly turned red, if it wasn’t for this guy in front of him, how would he have been stranded in the Immortal World, and now he didn’t even know where the crowd was.

Apart from Song Nuan and the four women, it was unclear whether the others were still or he was.

“Kid! You’ve made me look so hard!”

The nine-winged bat dragon had a frenzy in its eyes and even more so in its chest.

“You can really hide, for a thousand years! If it weren’t for my long life, I would have been killed by you!”

The nine-winged bat dragon sneered.

“How did you know that I had come to the Immortal World!”

Lin Ran looked up at the Nine-Winged Bat Dragon and asked in a cold voice, at this moment he had already waved his hand and put away seven years of Han’s life as well.

It could not be helped that Han Qi Qi had not yet attained enlightenment after all, and indeed did not have the strength to fight in front of an enlightenment realm powerhouse like the Nine-Winged Bat Dragon.

“How did I know that you had come to the Immortal Realm? You’re still pretending with me even at this point!”

The Nine-Winged Bat Dragon sneered.

“Although I don’t know why you’re still so weak now, but since I’ve found out, you won’t be able to leave alive!”

“My grudge with you will naturally have to be settled, but if you are willing to tell me what has happened in the thousand years since I disappeared, especially news about me, I can consider sparing your life!”

Lin Ran looked at the nine-winged bat dragon and said in a cold voice.

If Song Nuan and the others had really become as famous in the Immortal Emperor Domain as Zhen Yan had said, then the Nine-Winged Bat Dragon was bound to have heard about it as well.

However, he didn’t mention a word about it now, which made Lin Ran’s heart amazed.

“Spare my life? I still want to spare your life! As long as those friends of yours live in the Immortal Emperor Domain, I’ll be on tenterhooks for a day, so I might as well kill you now and leave the Immortal Emperor Domain for comfort!”

The Nine-Winged Bat Dragon snorted coldly, and then without further ado, its body shook violently as it swooped down and lunged at Lin Ran.

“Hm?”

Lin Ran could not help but feel a sense of killing intent when he saw this guy doing just that, a thousand years had passed and the feud between the two of them was still unending!

If this Nine Winged Bat Dragon hadn't brought Song Nuan and the others into the storm space, he wouldn't have entered together.

Fortunately, they had all arrived at the Immortal World safely, or else they would have all died in the void by now.

As the Nine-Winged Bat Dragon took the lead, Lin Ran had nothing to say.

Both of them were very fast, the Nine Winged Bat Dragon was a magical beast and Lin Ran had divine wings, so he didn't dare to hide his clumsiness in the battle against the Nine Winged Bat Dragon.

“Bang, bang, bang!”

The two fought for several rounds almost instantly.

Only after this exchange of blows, Lin Ran's face couldn't help but sink as he realised that this Nine Winged Bat Dragon's essence was actually a few points stronger than even the Dark Origin Musk Eagles.

Just from these few rounds of hard fights alone, it had already shaken his tiger's mouth a little.

“What? Is this all the strength you have? This is not the same level as when you were on Earth!”

The Nine-Winged Bat Dragon laughed, while pondering for a moment pretending to come to a sudden realization.

“O! I forgot, this isn't Earth haha! I don't think your healing dao is useful anymore!”

“You know?”

Lin Ran looked at the nine-winged bat dragon and couldn't help but feel a sinking feeling in his heart, this secret he didn't expect the nine-winged bat dragon to have noticed.

“The Immortal World is Laozi's hometown, so how could Laozi not know? Tsk! Weren't you arrogant on Earth at first? How come you've become a weakling here!”

The nine-winged bat dragon said as its two huge wings flashed and a gust of wind blew towards Lin Ran.

“But you're really quite a surprise to me, to be able to fight me for several rounds when you can't even use your healing dao, and to have divine wings! You've really grown up quite fast!”

Said the Nine-Winged Bat Dragon, but his eyes fiercely flashed with a stern aura as he laughed grimly.

“But all of this is already coming to an end, because there is no tomorrow for you! Today is the day you go to meet the King of Hell!”

With those words the Nine Winged Bat Dragon instantly lunged towards Lin Ran again, and this time he was clearly stronger than before in both speed and power, clearly having set his mind on killing him.

“You want to kill me? Then you should try! I can destroy them on Earth, but I can do the same in this Immortal World!”

Lin Ran also had a cold aura in his eyes as his paws slammed into the ground towards the Nine-Winged Bat Dragon.

“Bang, bang, bang!”

The two of them instantly wrestled together again, at a time when there were no outsiders around.

If Han Qiqi and Li Yi had been present, they would have been able to tell at a glance that Lin Ran was actually on the losing end of this fight.

In terms of strength and speed, Lin Ran was inferior to the Nine Winged Bat Dragon.

If they had fought for a short time, it would not have been obvious, but at this moment, both of them were trying to kill each other, so Lin Ran’s shortcomings were quickly revealed.

“This guy’s strength and speed are overpowering me with the increase in Dao!”

Lin Ran blocked the Nine-Winged Bat Dragon’s grab with his sword, and in his heart he was very much in Qin Chu’s current situation.

In fact, Lin Ran had discovered this problem since the second time the two had fought together.

But there was nothing he could do about it,? His own Dao of Healing could not be used, and the fact that he was able to fight the Nine-Winged Bat Dragon like this at this moment was entirely dependent on his own Beast Thunder Body as well as his Sword Dao cultivation.

Without these, he was afraid that Lin Ran’s result wouldn’t be much different from Han’s seventh year, after all, he was only at the Heavenly Mansion realm nowadays.

“Kid! You’ve really disappointed me, with this kind of strength you were actually able to kill the Dark Origin Musk Eagles, that stupid eagle is really rubbish!”

The Nine-Winged Bat Dragon slapped Lin Ran with another claw to the point where he retreated several steps while sneering.

“Hmph! You’re not much better than him!”

With a fierce look in his eyes, Lin Ran thrust his sword directly at the Nine Winged Bat Dragon’s claw.

However, what awaited him was a muffled “bang”, as the Frost Condensation Sword in his hand was knocked back almost exactly how it went, leaving not even a scratch on his opponent’s claw.

“Bastard!”

Lin Ran’s heart sank when he saw this, he had been pressured by the Nine-Winged Bat Dragon, and he had easily found an opportunity to counterattack, but the result was that he hadn’t even broken through his opponent’s defence.

“I can’t... I have to think of something quickly!”

Lin Ran calculated his countermeasures in his mind.

But at this moment, the Nine Winged Bat Dragon had no intention of giving Lin Ran time to breathe, and with a flash of his body, he pounced again.

“Damn it!”

Lin Ran could only grit his teeth as he met him again, but as soon as he struck, he was directly and passively defended.

But he was also very clear in his heart.

If he kept on defending, even if his defence was watertight, eventually his opponent would still catch a break.

So he had to counter-attack, but how exactly should he do so?

Wonder Doctor Chapter 1772

“I’m not as strong as him, so if I want to counterattack I’ll have to wait for my chance, but this thing with thick skin is almost useless if I counterattack without a purpose!”

Lin Ran calculated as he defended.

“Qing Zi!”

Suddenly Lin Ran seemed to have thought of something and was busy asking.

“What’s wrong master?”

Qing Zi knew that Lin Ran was afraid that he had a question to ask himself and was busy returning.

“Does this Nine Winged Bat Dragon have any weaknesses!”

Lin Ran asked.

“Weaknesses?”

Qing Zi sniffed and fell into contemplation for a moment before saying.

“This one really doesn’t, because this magical beast’s strength would have been too strong even if it was too strong, and there was little hope of winning against a strong person,? But master your strength and his difference is indeed a little too much!”

“I

Lin Ran was speechless at once.

“But master you can try to attack his wings, this guy can be so fast relying solely on the Dao enchanted in the wings, if you can injure its wings maybe there might be a chance!”

Qing Zi said.

“Wings?”

Lin Ran smiled and couldn't help but remember that when he was on Earth before, it seemed that he had injured this guy's wings when he had the Dao of Healing enchantment, and that was what had caused his strength to plummet.

“Good!”

Having thought of this, Lin Ran did not delay in spinning around to the flank of the Nine-Winged Bat Dragon.

At this moment, Lin Ran was being pinned down, and the Nine Winged Bat Dragon didn't even notice that Lin Ran's change of position was premeditated, and thought that this guy couldn't take it anymore.

“Bang Bang Bang!”

Although Lin Ran managed to get around the Nine Winged Bat Dragon's flank, he had little chance to counterattack in the face of the latter's overwhelming attacks, and could only keep defending.

But it was this constant defence that made Lin Ran's comprehension of the defensive sword dao deepen by a few points.

It was said that battles between life and death could only stimulate one's potential, and it was when the Dark Origin Musk Eagles attacked him that Lin Ran was able to understand his own offensive sword moves.

At this moment, in the face of the Nine Winged Bat Dragon's gale force attack, Lin Ran himself could clearly feel himself growing deeper and deeper in his sense of the defensive sword dao.

“Clang!”

Lin Ran slapped the Nine Winged Bat Dragon's sharp claws back, and almost simultaneously stabbed his sword towards the latter's wings.

This time, Lin Ran even directly mobilized the power of the Chaos Qi Spiral within his body, but the stabbing only left a shallow mark on the opponent's wing, not even breaking the skin.

“It's really difficult to deal with!”

Lin Ran's heart sank as he hurriedly defended again.

There were very few opportunities to attack, and most of the time Lin Ran was on the defensive, and gradually he was getting used to this rhythm.

As long as the nine-winged bat dragon accelerated its attack, he concentrated on defending, waiting for his opponent to reveal a flaw before countering with a complementary sword.

What should have been a fierce battle was instead dragged into a battle of attrition by Lin Ran.

Faced with Lin Ran's almost flawless defence, the nine-winged bat dragon couldn't help but become a little impatient.

“Defence defence! Is that all you fucking know how to do? Weren't you so arrogant back on Earth?”

The Nine Winged Bat Dragon pulled away and looked at Lin Ran disdainfully.

Lin Ran smiled blandly at his words but didn't eat his move at all.

"You can't even break my defences, and you still want to kill me? Don't you think you're too stupid?"

"Hmph! Do you really think that I can't kill you? Since you want to play, then I'll play with you!"

The Nine-Winged Bat Dragon said as its mouth snapped open, and instantly a cloud of bright red breath directly spurted out to cover the sharp claws only.

In the next moment, the Nine-Winged Bat Dragon made a fierce charge and grabbed directly towards Lin Ran's chest.

"Hm?"

Feeling the fierceness of the Nine Winged Bat Dragon's attack this time, Lin Ran didn't dare to be slow, holding the Frost Condensation Sword in both hands and directly blocking it.

"Bang!"

In an instant, their attacks directly collided together.

Following this, Lin Ran's entire body actually flew out directly.

Seeing this, the Nine-Winged Bat Dragon's eyes chilled as its claws swung through the air, following which several sharp claw marks actually slashed directly towards Lin Ran.

"Eh?"

Lin Ran's face changed when he saw this, this Nine Winged Bat Dragon was actually no longer fighting with himself physically, apparently it was really going to kill him.

"Come on!"

Lin Ran couldn't help but feel a hint of battle intent in his heart, he had improved very quickly in his defensive sword dao only during the previous physical fight with the Nine Winged Bat Dragon.

Seeing that his opponent had used a more ferocious attack, Lin Ran couldn't help but want to see how much he could actually block.

The next moment, Lin Ran's hand gripped the Frost Condensation Sword tightly and his entire body went straight towards the Nine Winged Bat Dragon's claw marks.

The claw marks came straight at Lin Ran, and Lin Ran did not dare to be slow in meeting them.

With a shake of his longsword, he instantly exploded the first claw mark that came at him.

But almost at the same time, all around Lin Ran, there were claw marks sweeping directly towards Lin Ran.

Lin Ran's eyes narrowed slightly as he swung his Frost Condensation Sword in his hand, leaving only a streak of shadow to slash directly towards those claw marks.

Immediately, a “bang bang bang” explosion sounded around him, while the claw marks were also rapidly decreasing.

Lin Ran felt as if he had entered a certain state, as if he was the controller of a nearby space.

He could see everything that entered his space clearly and could immediately counterattack.

This state was so intoxicating to Lin Ran that he didn’t even notice when his body had been cut several times by the claw marks of the nine-winged bat dragon.

“This is the subtlety of the defensive sword dao!”

Lin Ran’s heart twitched, although he didn’t know exactly what the use of this state was, he knew very well that this could be the subtlety of the defensive sword dao.

It was just that he hadn’t been able to fully comprehend this layer of subtlety, and if he did once he would probably also comprehend a sword move that would suit him on the defensive sword dao.

The attack still continued.

But seeing that the attack was not successful for a long time, the Nine-Winged Bat Dragon could not help but start to get a little impatient.

His own claw marks hadn’t even managed to cut Lin Ran down, which made his heart sink.

“It’s good that we found him now, if it had been a few years later I’m afraid that even I wouldn’t have been a match for him by then!”

The nine-winged bat dragon calculated in his mind, and at that moment, his huge wings swung, not attacking Lin Ran.

He could also see that his own attacks were unable to break through this kid’s defence at all, but instead, they were causing his defence to become closer and closer to perfection.

If he continued to attack, he might even help him make a breakthrough, and then it would be him who would suffer.

“What? Giving up?”

The nine-winged bat dragon suddenly stopped attacking, causing Lin Ran to wake up from that wonderful state as well, and he couldn’t help but feel some regret in his heart.

He could feel that if the Nine-Winged Bat Dragon could hold on for a little while longer, he might be able to enlighten himself on the subtleties of that layer of the defensive sword move.

But this fellow seemed to have sensed that he had even stopped.

“Kid, I admit that you are very strong and talented, but you want to use me to practice your sword! You’re still too naive!”

The Nine-Winged Bat Dragon looked at Lin Ran, his eyes filled with ice cold.

“I’m too lazy to argue with you, wait until I kill you! Even if you have the highest talent, it’s all over!”

With these words, the Nine Winged Bat Dragon's entire body flashed with light, and the next moment there was actually a faint red light flashing on its body.

"Nine Bats Blood Formation!"

Wonder Doctor Chapter 1773

As the nine-winged bat dragon's voice rang out, Lin Ran was shocked to see that eight blood-red clusters of light gradually appeared around the nine-winged bat dragon.

As soon as they appeared, they quickly spread out in all directions, and immediately formed a circle around himself.

The eight clusters of light expanded rapidly, from the size of a fist at first to the size of a nine-winged bat dragon in the blink of an eye.

One must know that the Nine Winged Bat Dragon's body was one size larger than even the Dark Origin Musk Eagles.

At this moment, together with the Nine Winged Bat Dragon's body, there were nine huge things surrounding Lin Ran, and the mere sense of oppression was suffocating.

It was just that Lin Ran had a good enough mindset and was strong enough, otherwise if it was Han Seven Years and the rest of them were afraid that they would have been overwhelmed by the oppression of these auras alone.

"What is this thing?"

Lin Ran's brow furrowed as he looked at these huge blood-red light masses, his heart vaguely uneasy.

Although these blood-red light masses had not yet exploded with any might, the vague feeling of oppression was already causing Lin Ran to start getting nervous.

Although the Nine-Winged Bat Dragon was only one level higher than his current self in the Enlightenment realm, in the end, this guy had lived for thousands of years, and if he didn't have any skills in his hands, he wouldn't have survived until now.

In contrast, the Dark Origin Musk Eagles had only joined the Ten Thousand Life Mountain in the last few hundred years, and their heritage was obviously inferior to that of the Nine Winged Bat Dragon.

"Weng!"

Just as Lin Ran was thinking in his mind, a buzzing sound came violently from around him.

He was busy looking up, and when he did so, he was shocked.

He saw that apart from the Nine Winged Bat Dragon's body, all the other eight blood-red light clusters in the sky had actually changed into the Nine Winged Bat Dragon's form.

It was just that the nine winged bat dragons evolved from these eight blood-coloured light masses were all blood-red, as if they had been skinned by someone and looked very ominous.

“Kid, from the time this Nine Bats Blood Formation was practiced by the old man, you are the first person to taste it, and you are proud enough to be proud of yourself!”

The Nine Winged Bat Dragon looked at Lin Ran with madness in its eyes.

Lin Ran frowned at his words and looked at the Nine Winged Bat Dragon without saying a word, but his whole body was already tense, he knew very well in his heart that the next battle was going to be very tragic.

“Humph! Destroy my doppelganger, you are also ready to die!”

The Nine-Winged Bat Dragon’s eyes flashed with a hint of ice coldness, and the next huge body trembled violently, followed by a blood light actually shooting out from his two wings.

These two blood rays instantly shot towards the blood-red Nine Winged Bat Dragons on both sides, one on the left and one on the right.

One pierced through the other, and in almost the blink of an eye this blood light had penetrated all the Nine Winged Bat Dragons.

Almost at the same time, the other eight blood-red nine-winged bat dragons all opened their bloody mouths and instantly a red light spurted out directly towards Lin Ran.

“Buzz buzz buzz!”

A series of eight blood lights instantly drowned Lin Ran in them.

However, Lin Ran did not feel any power fluctuations from these blood lights, as if they were just mist.

Although his heart was surprised, Lin Ran was still busy slashing his sword to shake back the strange red light.

However, Lin Ran was dumbfounded when the sword flash passed by, because his sword flash passed through the red lights instantly, and did not affect them at all, as if they were all transparent.

“What’s going on!”

Lin Ran was greatly alarmed in his heart.

Qing Zi’s voice, however, suddenly sounded at this moment.

“Master these red lights aren’t attacks, they’re fog, they’re the Nine Winged Bat Dragon’s poisonous fog, ordinary attacks can’t deal with these poisonous fogs at all!”

“Poison mist?”

Lin Ran smiled and suddenly dawned on him, no wonder his sword mane was unable to threaten these poisonous mists at all, how could these things be affected when they were mists.

As the thought was going through his mind, those poisonous fogs in front of him were already surrounding Lin Ran.

Before Lin Ran could make a move, these poisonous fogs instantly filled up the place where he was completely.

“Hm?”

Seeing this, Lin Ran was busy closing his meridians so that these poisonous fogs could not enter his body.

However, what he thought was still too simple after all.

Even though he had closed his meridians, the poisonous fog was as if it had a spirit, and it actually drilled down Lin Ran’s skin, instantly turning Lin Ran’s exposed skin directly red.

“Master!”

Seeing this scene Qing Zi was instantly anxious.

“Don’t panic yet, I don’t really feel anything wrong!”

Lin Ran busily said, he indeed didn’t feel anything wrong with his body, what exactly was the use of these red mists, he really hadn’t figured it out yet.

“Kid! Suffer death!”

Just as Lin Ran was still unaware of these red poisonous mists, the Nine-Winged Bat Dragon itself in the distance had already opened its fangs, and in an instant, countless tiny bats actually erupted from his mouth.

These bats were all blood-red, and the moment they appeared, they surged towards Lin Ran with a bloody smell.

“Hm?”

Lin Ran’s face sank at the sight, and he grabbed his Frost Condensation Sword and was about to strike.

But as soon as he did so, his entire body was dumbfounded, and he found that he couldn’t move at all!

“What’s wrong!”

Lin Ran was greatly alarmed in his heart, but at that moment those blood-red bats were already swooping towards him.

He didn’t have much time to think about it at all, and instantly mobilised the power of the Mixedtonian Cyclone within his body, and finally his arm lifted the Frost Condensation Sword up.

But that was all, for at that moment he no longer had the strength to slash down the Frost Condensation Sword.

Or maybe it wasn’t because he didn’t have the strength, but because he didn’t dare to.

The moment he had raised his arm with the power of his cyclone, there was a sharp pain like a knife twist under his skin.

Lin Ran was someone who had experienced great storms, and even on Earth he had quenched his body several times from birth, and had suffered great pain and suffering, both physically and in his divine sense.

However, the sharp pain that just came from his skin still made his heart palpitate, and that sharp pain seemed to act not only on his body but also on his soul.

Every strand of pain made Lin Ran's heart tremble.

"How's that? Isn't it a great surprise, this poisonous mist of mine is an Origin Poison, even a strong person of the Realm of Enlightenment would have to suffer from it, let alone you being just a mole of the Heavenly Mansion Realm!"

"Haha!"

Looking at Lin Ran's pained expression, the Nine-Winged Bat Dragon couldn't help but laugh loudly up at the sky.

But at this moment, those blood-red bats had already reached Lin Ran, so Lin Ran couldn't even think about anything else and endured the immense pain on his skin and still swung the sword out.

"Bang Bang!"

The bats at the front of the line instantly shattered, turning into streams of light and merging into the poisonous mist.

At this moment, his face was white, and his forehead was covered in beads of sweat!

He could clearly feel the excruciating pain on the surface of his body, as if it was like ants, burrowing madly into his body, and every inch he advanced the pain would penetrate an inch deeper.

This pain struck Lin Ran's soul, making his entire body in pain, and at this moment, there was no point in caring about the blood-red bats that were rushing at him.

Finally, after only a few moments, the blood-red bats that filled the sky directly wrapped Lin Ran's entire body in it, and he could not see any trace of them.

Wonder Doctor Chapter 1774

As far as the eye could see, apart from the blood-red blood mist, there were the blood-red bats that had gathered frantically.

As for Lin Ran, he had already been swamped by these blood-red bats and could not see his figure.

"Haha! Fight me, I'll play you to death!"

The Nine-Winged Bat Dragon had smugness in its eyes, and its eyes were icy cold.

"On Earth, I am no match for you, but in the Immortal World, you are no better than that! When I get my divine wings, I won't be able to take a mere Mount Wanshou into account!"

The Nine-Winged Bat Dragon's heart was wild with anticipation.

He was already a demonic beast and cultivated the Way of Speed, so if he obtained the divine wings, his speed would be no weaker than that of a Third Path realm powerhouse.

If the Nine Winged Bat Dragon could obtain the divine wings, his speed alone would be no weaker than that of Prime, and he would not be subservient to him.

I am afraid that as soon as he breaks through to the Third Dao Realm, he will immediately turn against the whole Wanshou Mountain and take control of it.

“When I get the Ten Thousand Longevity Mountains, sooner or later, the Baki Mountains will be finished by me!”

The more the Nine-Winged Bat Dragon thought about it, the more excited he became, as if he had already taken control of the Ten Thousand Longevity Mountain and stepped on the Yaki Mountain by now.

“Go!”

With his heart filled with anticipation, the Nine Winged Bat Dragon immediately did not delay and his whole body’s aura soared, and in an instant, he saw a thumb-thick, meter-long steel needle emerge from his hand.

The steel needle was so huge that it looked like a mortar and pestle, but the moment it appeared, it stabbed directly towards Lin Ran’s location.

At this moment, Lin Ran was unable to move due to the red mist around him, and he was surrounded by countless blood bats.

If this steel needle had penetrated his body, it would have pierced through him in an instant, and I was afraid that he would be almost dead by then.

“Go!”

The nine-winged bat dragon swung fiercely, and instantly the steel needle headed straight for Lin Ran’s direction.

However, just as the steel needle was about to enter the swarm of blood bats, suddenly a white light flashed across the swarm of blood bats, followed by the steel needle stopping in an instant.

“Hmm?”

The Nine Winged Bat Dragon could not help but frown slightly when he saw this scene.

He saw that the white light on the blood bats only was actually getting thicker and thicker, and it kept flickering out in flashes, just like lightning.

“Bang!”

Suddenly, just as the Nine-Winged Bat Dragon was surprised at what this was in its heart, the white light on that blood bat only actually skyrocketed, instantly popping the group of blood bats apart.

At the same time the hovering steel needle was also blown backwards almost instantly.

Lin Ran's figure reappeared, but at this time his body was drenched in blood, with hundreds of wounds, all from the bites or scratches of the blood bats.

The upper half of his clothes had completely disappeared, not knowing whether they had been eroded by the poisonous mist or scratched by the blood bats.

Lin Ran was still standing motionless in the red mist, obviously his movements were still restricted, but at this moment, his whole body was flashing with electricity without a single expression of pain.

"Hm? Beast Thunder?"

Seeing the lightning arcs permeating Lin Ran's body, the nine-winged bat dragon could not help but frown slightly, calculating in its mind how to deal with it.

This Beast Thunder on Lin Ran's body looked extraordinary, but he just didn't know how much power this kid would be able to exert.

While he was thinking, Lin Ran within the red mist had already moved.

He saw Lin Ran fiercely grit his teeth, and instantly the thunder arcs surged out from his entire body, sweeping along the surrounding blood fog in all directions.

"Hm?"

Seeing this scene, the nine-winged bat dragon couldn't help but have a sunken expression.

But before he could react, he heard two loud "bang-bang" sounds, and in an instant, two of the original eight Nine-Winged Bat Dragons burst apart.

"What?"

Seeing this scene, the Nine-Winged Bat Dragon was instantly furious.

These eight bloody Nine-Winged Bat Dragons were all made of his essence, and the loss of each one of them would have a very heavy implication on him.

However, in the blink of an eye, two of them had already burst open.

"It's really working!"

Lin Ran saw this with great joy in his eyes, only just now had he discovered that his Beast Thunder actually restrained these red mists.

Earlier, when he was surrounded by those blood bats, Lin Ran had clearly felt that the blood mist around him was about to invade his internal bloodline.

But at that very moment, the Beast Thunder inside him reacted.

The red mist flickered and retreated behind him like a tidal wave.

It was only since then that Lin Ran had begun to counterattack, and he hadn't expected to achieve results that would shock even him with just one strike.

Although two bloody Nine-Winged Bat Dragons were nothing in front of eight, once these two bloody Nine-Winged Bat Dragons burst open, Lin Ran instantly felt that the pressure around him was much less.

“Bastards! Seek death!”

The nine-winged bat dragon could no longer hold down the killing intent in his heart at this moment, and the two full streaks of essence made him violently furious at this moment.

He saw his wings shake violently, followed by his huge body actually rising directly into the sky towards Lin Ran and pouncing directly towards him.

“Hm?”

Although the beast lightning on his body could suppress the blood mist around him, it still had a great impact on his speed.

“I’m afraid it’s impossible to dodge it, so I’ll have to do it the hard way!”

Lin Ran had already made up his mind after just a little calculation.

He took out his Frost Condensation Sword with one hand and blocked it towards the Nine Winged Bat Dragon’s claws, while at the same time, he pointed his other hand at a distant distance and directly pointed his finger at the bloody Nine Winged Bat Dragon directly in front of him.

The thunder arcs moved instantly, using the surrounding blood mist to head straight for the bloody nine-winged bat dragon.

“Stop it, bastard!”

When the nine-winged bat dragon saw this scene, his entire body became anxious, and his two steel-like claws grabbed directly towards Lin Ran.

“Bang Bang!”

Lin Ran had two minds in one, and with another one-handed nesting sword, almost in a single glance, the Nine Winged Bat Dragon sent the Frost Condensation Sword in his hand flying to the ground, while a claw slapped directly onto Lin Ran’s chest.

“Poof!”

With pain in his chest, Lin Ran instantly spurted out a mouthful of fresh blood.

“Master!”

Seeing this scene, Qing Zi couldn’t help but be very worried.

“I’m fine!”

Lin Ran gritted his teeth and didn’t bother about his chest injury, and with another distant finger of his palm, lightning arcs surged and swept straight towards the approaching bloody nine-winged bat dragon.

“Bang!”

With an explosion of incense, the fourth Scarlet Nine Winged Bat Dragon instantly exploded into a bloody mist.

“Bastard stop it stop it for me!”

The Nine-Winged Bat Dragon was instantly furious, eight Scarlet Nine-Winged Bat Dragons had been destroyed by Lin Ran in the blink of an eye, which really caused him a lot of heartache.

“Get the hell out of here!”

The Nine-Winged Bat Dragon was furious and slapped a claw towards Lin Ran’s chest, however, Lin Ran simply ignored it and waved his hand and pointed another sword finger towards the nearest Scarlet Nine-Winged Bat Dragon.

“Bang!”

Without any surprise, another Scarlet Nine-Winged Bat Dragon exploded into a blood mist.

But at the same time, a huge force came from Lin Ran’s chest, and as the binding force of the surrounding blood mist was already weak, he was instantly sent flying backwards by the nine-winged bat dragon, instantly leaving the range of the blood mist.

Wonder Doctor Chapter 1775

“Bastard bastard!”

The Nine Winged Bat Dragon didn’t even bother with Lin Ran at this point, as he waved his hand and quickly collected the only three remaining bloody Nine Winged Bat Dragons directly.

However, there were originally eight channels of essence, but at this moment, only three were retrieved, which instantly had an effect on the Nine-Winged Bat Dragon itself, and a mouthful of blood instantly spurted out when his chest blocked, clearly also suffering from a considerable injury.

This result was something that the Nine Winged Bat Dragon had not expected at first. Originally, his Nine Bats Blood Formation had never been used before, and according to his projection, the trapped person would not be able to resist at all.

But who knew that Lin Ran would have such a thing as a beast lightning? He had not counted on this beast lightning in all his calculations, and as a result, he had wounded a thousand enemies and lost eight hundred.

Although they were both defeated, Lin Ran’s condition was obviously much worse than that of the Nine-winged Bat Dragon.

At this moment, he was sitting on the ground, leaning against a large tree behind him, and his whole body was almost at the bottom of the oil.

The Nine Winged Bat Dragon was at the Realm of Enlightenment, and the damage Lin Ran took with each claw was so high that if it wasn’t for the True Qi in his body resisting him at this point, he would have been slapped to death alive.

The beast thunder was only useful against the blood mist, but at this moment, the Nine Winged Bat Dragon had directly retracted its Nine Bat Blood Formation, so Lin Ran's beast thunder could be said to be useless.

"Bastard! You still made old me suffer such a great loss when you arrived in the Immortal Realm, you really deserve to die!"

The Nine-Winged Bat Dragon wiped away the blood from the corner of its mouth, and its entire body instantly turned into a stream of light and lunged towards Lin Ran.

"Hehe! So what? It's either you die or I die between us!"

Lin Ran had fierceness in his eyes as he raised his hands and directly blocked towards the Nine Winged Bat Dragon with his Frost Condensation Sword.

"Bang Bang Bang!"

The moment the two collided, Lin Ran's entire body was directly thrown up by the tremendous force.

But his face was cold and his eyes were calm, the more he reached the end of his rope the more calm he became.

What else could he not give up after his journey?

Song Nuan and the others were still not sure where they were, but Zhen Yan had already said that they were all doing well now.

Although he didn't know where Ling Sa and Long Ya were, he thought they were doing well too.

There were times when Lin Ran felt that he should not have come to life, that he was redundant.

But God forbid he should come back to life, and if he hadn't found the nine-winged bat dragon, that would have been all.

But now that he had found this guy, Lin Ran had no choice but to do so, even if he did die in battle. At least he had done what he had to do for the sake of the Earth.

Even if he died he would have no regrets.

"Die!"

The Nine-Winged Bat Dragon looked like a madman as its huge claws came straight at Lin Ran.

At this moment, Lin Ran had a trace of despair in his eyes as he looked at the nine-winged bat dragon and laughed.

"You want to kill me! Then you should try!"

After saying that, Lin Ran's eyes were steeply cold, and his Frost Condensation Sword blocked directly towards the Nine Winged Bat Dragon's claws, while turning his hand over and actually taking out his dagger to break the tip.

"Bang!"

The Frost Condensation Sword instantly collided with the claw, followed by the entire sword hilt being thrown straight out.

And Lin Ran was also swatted down towards the huge body of the Nine-Winged Bat Dragon.

But at that moment, a layer of white aura emerged from his entire body, and he instantly changed direction, charging directly towards the abdomen of the Nine-Winged Bat Dragon.

With the power of the chaotic cyclone, Lin Ran achieved a rapid change of direction, directly catching the Nine-Winged Bat Dragon off guard.

“Go!”

Lin Ran bit through the tip of his tongue and spurted a mouthful of essence blood directly onto the broken tip of the dagger.

The next moment only saw him hold the broken tip of the dagger with both hands and slash straight down from top to bottom.

“Ka ka ka ka!”

The broken tip of the dagger instantly cut through the Nine Winged Bat Dragon’s chest up to its abdomen.

As the sound of bones breaking rang out, Lin Ran instantly saw a large amount of blood spilling towards him.

His eyes were cold as he pushed the dagger in his hand and stabbed directly at a crimson sphere on the Nine Winged Bat Dragon’s chest.

That sphere was the inner guts of the Nine Winged Bat Dragon, if this dagger could hit it, the Nine Winged Bat Dragon would be almost defenceless even if it didn’t die.

This was Lin Ran’s final counterattack.

However, the Nine Winged Bat Dragon was no trash, and the moment his chest was cut, his entire body was startled, and his wings flapped as he took several steps back, narrowly avoiding Lin Ran’s strike.

“Bastard! You go to hell!”

The nine-winged bat dragon raged, his entire body filled with black light, and the next moment his chest was actually healing rapidly.

At the same time, his big mouth opened up and a ray of crimson blood light instantly rushed out and headed straight for Lin Ran.

The blood light was like an arrow, incredibly sharp and fast, and the space around it vaguely trembled wherever it passed.

“Master!”

Seeing this scene, Qing Zi’s eyes instantly turned red as a wisp of purple light quickly rushed out ready to take Lin Ran into the Qiankun Violet Qi Vase.

However, this blood arrow was made from the Nine Winged Bat Dragon's original essence blood, and Qing Zi's strength had not recovered much at all.

In almost a single glance, the purple aura was instantly shot straight through going.

"Qing Zi!"

Seeing this, Lin Ran was busy waving his hand and putting away the Qiankun Violet Qi Vase, Qing Zi had originally fallen into a deep sleep when she had used the forbidden technique while in the void.

It had taken a thousand years for her to wake up, so if she suffered a serious injury at this moment, she would have to fall into a deep sleep again.

This was not what Lin Ran wanted to see, he only knew the tip of the iceberg about the entire Immortal World, if Qing Zi also fell into a deep sleep it would be a huge blow to him.

"Master, let me go, otherwise you'll die!"

Seeing this, Qing Zi was busy saying.

"No!"

Lin Ran said angrily, how could he watch Qing Zi fall into a deep sleep again for his own sake.

"But master if I don't go you"

Just as Qing Zi was about to say something else, suddenly Lin Ran's entire body was actually suffused with black light, and the next moment countless black lights had already emerged from his body.

"This is?"

Lin Ran looked startled, followed by an understanding.

"Li! You!"

Sure enough, as soon as Lin Ran's words fell, a white shadow instantly flashed out, if it wasn't Lizzy or someone else.

"I want this guy's inner guts, give them to me!"

Lizzy said as she turned her head to look at Lin Ran.

At the same time Lin Ran could already see that the horn on top of Lizzy's head had actually turned black, and at this moment countless black Qi was coming out along this horn.

"No! If you go crazy I can't stop you!"

Lin Ran said, "At this moment, he had almost run out of fuel, if Li lost his mind like last time in the Orc Village, Lin Ran would never be able to suppress him.

"Brother! Let him go, Li will only lose his mind when he is in a rage!"

Little Nine also surfaced at this moment and said busily.

Lin Ran was stunned at his words and asked.

“It’s really alright?”

“It’s really fine!”

Xiao Jiu affirmed.

Lin Ran saw that Little Nine was not joking, so he nodded his head.

Xiao Jiu smiled at this and said.

“Lizzy you hurry up, don’t let him get away! Family guy was very bad back in my brother’s hometown!”

“Don’t worry!”

Lizzy laughed, with a harmless face, if Lin Ran hadn’t seen how terrifying it was, he really wouldn’t have been able to believe that this furry Lizzy in front of him would have the power to fight against a nine-winged bat dragon.

Wonder Doctor Chapter 1776

While the crowd was talking, the Nine-Winged Bat Dragon in the distance had already rushed over once again, but when he saw Li who was in front of Lin Ran, he couldn’t help but be stunned.

“Hm? Where did that little thing come from!”

The nine-winged bat dragon’s face was full of disdain, and he didn’t even give Li a single glance.

The difference between the two was too great. In front of the Nine-Winged Bat Dragon, Li was almost as big as a small rabbit, and he was also harmless-looking, not looking like a powerful magical beast at all, but rather like a pet.

“You’re the one who’s a little thing! My name is Li!”

Hearing the words of the nine-winged bat dragon, Li was very dissatisfied and said.

“Hm?”

The nine-winged bat dragon frowned slightly at his words and chided.

“Get lost if you don’t want to die! Otherwise don’t look like you are also a magical beast, I can kill you with a single claw, believe it or not!”

“I don’t believe it!”

Li shook his head, looking but serious.

“You’re looking for death!”

Seeing this, the nine-winged bat dragon didn’t bother to talk any more, and with a fierce flash of its body, it raised its claws and lunged towards Li.

Having just been cut through the chest by Lin Ran’s desperate strike, the Nine Winged Bat Dragon was in a fury at this moment, and did not hold back once he came up with his claws, carrying a strong wind straight towards Li.

When the latter was about to reach him, the horns on his head trembled violently, followed by a wisp of black light, which instantly swept towards the Nine Winged Bat Dragon.

“Huh? What is this!”

The Nine Winged Bat Dragon was also startled by the sudden appearance of this black light, but in his opinion, this small thing in front of him was not enough to stuff his teeth with, so what could it be capable of, so he did not care at all.

His sharp claws lifted up and grabbed towards Li’s body.

“Give me death!”

Seeing his claws getting closer and closer to Li, a look of triumph even appeared on the Nine-Winged Bat Dragon’s face.

But at that moment, the black light around him had already reached him, and in the next moment, the Nine Winged Bat Dragon only felt a blackness before his eyes, and at once, Li lost sight of him.

Even everything around him disappeared, and in a flash it was as if the Nine Winged Bat Dragon had gone into a dark void.

However, outside, Lin Ran and the others could see extremely clearly.

They saw that the Nine Winged Bat Dragon had stopped in place just as it was about to attack Li.

At that moment, the countless black qi around it had completely enveloped the Nine Winged Bat Dragon under Li’s control.

But the latter didn’t seem to notice it at all, standing still with his eyes dazed as if he had fallen into a daze.

“This ability is really bizarre!”

Lin Ran covered his chest and stood up, looking at Lizzy in mid-air in the distance with a horrified heart.

Lizzy had always been extremely mysterious, and although she usually looked harmless and like a pet, Lin Ran knew clearly in his heart that this fellow was definitely not as docile as he seemed on the surface.

At the beginning in the Orc Village, this guy had killed a team of people sent by the Wan Family in a fit of rage, leaving no one alive.

If Lin Ran hadn’t suppressed it back then, there was no telling if this guy would have done anything even more insane.

And this was technically the second time that Li had struck, but as soon as he did, he had left the nine-winged bat dragon defenceless and muddled.

This made Lin Ran’s heart extremely shocked, although he had also severely injured the Nine-Winged Bat Dragon himself.

Even though he had also severely injured the Nine Winged Bat Dragon, it was obviously a bit brutal compared to Li's tactics.

But this black light was so strange that even the Nine Winged Bat Dragon could lose its mind under its envelope, and Lin Ran really dared not think what would happen if this black light was applied to him.

"Not only is it powerful but it is also mysterious, the identity of Li is really intriguing!"

Lin Ran said to himself in his heart.

Not only Lin Ran, but also Zhen Yan, could not tell exactly who Lizzy was, they could only tentatively tell that she was a fae, but I'm afraid that only when Lizzy grew up completely in the future would outsiders be able to know.

After all, nowadays, even Zhen Yan could not accurately say what the mystery of Li was, so how would Lin Ran know?

As he was thinking, in the middle of the air in front of him, Li had already made his move.

This fellow was very direct, manipulating the black Qi to reach the Nine Winged Bat Dragon's chest, and actually allowed the black Qi to directly flush the Nine Winged Bat Dragon's chest out of the way.

"Bastard!"

In the black space, the Nine Winged Bat Dragon watched as the wound on his chest reopened, but there was nothing he could do about it.

The reason was that there was nothing but endless black void around him at this moment.

In other words, at this time, he simply did not know where his enemy was, and how could he defend against it.

"Roll! Stop!"

The nine-winged bat dragon was frantic and kept waving its claws in front of him, but it was no use at all.

The wound on his chest that Lin Ran had cut before continued to tear open, and the pain was still bearable, but as he watched his inner guts exposed, the Nine Winged Bat Dragon was completely panicked.

"Stop, you bastard! Stop it, I admit defeat! I concede defeat!"

The Nine Winged Bat Dragon shouted, but no one around him was paying any attention to him.

There was despair in the Nine-Winged Bat Dragon's eyes, and suddenly his whole body trembled violently, and the next moment he was busy looking down, and with this look his whole body was instantly confused.

He saw that his inner guts had actually floated out of thin air from his body, the feeling was as if his most important thing was slowly being dug out.

"No! No!"

The Nine-Winged Bat Dragon was completely dumbfounded as he desperately tried to grab his inner guts back, but he found that he could not move at all.

After losing his inner guts, his body quickly began to stiffen, and in the end, he couldn't even move a bit.

"It's over!"

The Nine-Winged Bat Dragon's entire body instantly froze in place, there was despair and resignation in his eyes, but what else could he do now that things had come to this point.

"Lin Ran! You wait for me!"

There was a coldness in the eyes of the nine-winged bat dragon, and the light in his eyes quickly disappeared, replaced by a black ball of light that quickly left his huge body and flew out towards the sky.

At this time, outside, Li had already swallowed the inner guts of the Nine-Winged Bat Dragon. Looking at how easily it had swallowed the inner guts of the Nine-Winged Bat Dragon, Lin Ran couldn't help but gulp.

He had only severely injured the Nine Winged Bat Dragon in his previous fight, but in front of Lizzy's black light, the Nine Winged Bat Dragon did not even have the ability to resist at all.

"Weng!"

Just as Lin Ran's heart was lamenting, a black light instantly rushed out of the sky towards the distance and was about to escape.

"That's divine sense! Don't let him get away!"

Lin Ran saw the black light and immediately spoke up and shouted.

Li was stunned at the words,? After that, he directly raised his little paw and slapped it towards the light mass.

Wonder Doctor Chapter 1777

The little claw lifted up, and instantly the black Qi around it filled the air, actually forming a huge black giant claw, which was shaped just like a smudge of Li's claw.

The instant the huge black claw appeared, it slapped directly towards the mass of light that rose up into the sky.

"No! Don't, Lin Ran spare me! Spare me and I'm in dare!"

Seeing this scene, the Nine-Winged Bat Dragon was busy begging for mercy.

However, how could Lin Ran spare him, Lin Ran looked at the scene indifferently and did not open his mouth to say a word.

"Bang!"

The black claw instantly fell and directly slapped the Nine Winged Bat Dragon's divine sense light mass only.

In the next moment, the light mass shattered and scattered down into the sky, and at the same time, the Nine Winged Bat Dragon's divine sense completely dissipated into the heavens and earth.

The Nine-Winged Bat Dragon perished!

"It's finally dead!"

Lin Ran's status quo sat down on his buttocks and breathed a long sigh of relief, after a full thousand years of entanglement, finally! Finally, in the Immortal Realm the Nine Winged Bat Dragon was completely dead.

This was also an understanding of a piece of heartache in his heart.

With the Nine-Winged Bat Dragon dead, Lin Ran's heart could finally be at ease.

"Brother are you alright!"

Seeing Lin Ran sitting paralyzed on the ground, Little Nine was busy running over and asking.

"It's fine, why isn't it back yet?"

Lin Ran asked as he waved his hand while pointing at Li in mid-air.

"Don't worry about it, it's just swallowed the inner guts of the Nine Winged Bat Dragon and should fall into a deep sleep!"

Xiao Jiu said.

As soon as her words fell, ? There was a reaction from Lizzy who was only up in mid-air.

Only to see Lizzy hovering in mid-air, a familiar aura suddenly permeated outside her whole body, which was none other than that of the Nine-winged Bat Dragon.

But underneath this aura were actually two other very faint auras, none other than that of the Golden Python and the Flash Eel King.

"This"

Lin Ran looked stunned, weren't these three breaths he was the very same three species that Glaze had devoured before.

With shock in his heart, Lin Ran saw at the same time that on the surface of Lizzy's body his white with a golden glow hair also began to change.

The originally white-golden fur began to gradually turn darker, and was actually faintly black, looking very handsome.

But this is not the most important thing, the most important thing is that outside of Li's whole body at this moment, there is even a faint ray of electricity emanating.

“This guy swallowed the Lightning Eel King, it’s hard to believe that beastly lightning has also appeared within his body!”

Lin Ran looked both envious and speechless, he had been struck by the Lightning Eel King for eight months in order to cultivate his Beast Thunder Body, but the result was good.

He had only swallowed the Lightning Eel King and already the Beast Thunder had appeared in his body, in comparison Lin Ran could not wait to be reborn as a magical beast himself.

“Damn it! This is too unfair!”

Lin Ran couldn’t help but say, but that was all. He knew that this was the difference between humans and magical beasts.

A magical beast was certainly powerful, but its natural ability to cultivate was far inferior to that of a human, and the reason why Lizzy was able to have the abilities he had today was because he was a Chaos Fae.

In a way, perhaps it had inherited Li Sheng’s consciousness, and that was why it had the abilities it had today.

It was only when he thought of Li Sheng that Lin Ran felt guilty in his heart.

So many people had come to the Immortal Realm together, Song Nuan and the others were at least still alive, but Li Sheng was already

“Hey forget it!”

Lin Ran shook his head not to think too much about it, life and death have a destiny wealth and prosperity are in the sky, it’s all fate.

The changes in Li’s whole body soon dissipated and at the same time ran over, directly into the arms of Xiaojiu, followed by a whirring sleep.

Apparently this fellow had just devoured the inner bile of the Nine-Winged Bat Dragon and needed a good rest.

Lin Ran looked around and saw that the formation around him was still in place, so he was in no hurry to leave.

Not only himself, but also Li Yi and Han Qi Qi had been injured, so it was not practical to rush at this time. So Lin Ran found a cave nearby, set up a formation and went inside to recover from his injuries.

At that moment, on top of the mountain peak of Wanshou Mountain, which is a city away from Baki Mountain, a man in armour with a tiger’s head and a tiger’s head was on his way.

In front of him were rows and rows of candles, each of which represented the life lamp of a disciple of Mount Wanshou.

But at this moment, in front of him, among the second row of fate lamps, another one had actually gone out, and the name written in front of this bright lamp was none other than the Nine-Winged Bat Dragon!

“Nine-winged bat dragon great man he

This tiger-headed armoured general’s whole body froze, and for a moment he froze before he opened his mouth and shouted.

“It’s not good! The Nine-winged Bat Dragon Grand Master has been killed in battle!”

“It’s not good!

The news quickly spread out.

In the middle of a huge palace on Mount Wanshou, a middle-aged man dressed in a loose green shirt was leaning back in a reclining chair.

The actual fact is that there are two other extremely beautiful women on either side of him that are dressing around.

If you look closely, you will find that these two beautiful women have their tails open, and they are clearly the magical beasts of the Nine-tailed Fox clan, which is famous for its seduction.

“Master, it’s not good!”

Suddenly a general in armour rushed in and fell to his knees with a thump.

“Speak!”

The middle-aged man leaning back in his chair opened his eyes, there was an icy coldness in his eyes, he was obviously in an extremely bad mood!

“Master, news has just come in, Lord Nine Winged Bat Dragon he

“What?”

The middle-aged man was no longer calm when he heard this, he stood up violently and the pair of jade bracelets he was holding in his hands were instantly crushed into powder.

This pair of jade bracelets was his favourite artefact, but now they were directly crushed into pieces, so he was obviously in an absolute rage at this moment.

“Who killed them!”

The middle-aged man had ice coldness in his eyes as he angrily questioned.

“Lord

Man, it

It was Lin Ran!”
That henchman’s whole body trembled as he said, within three days in a row, two experts from Wanshou Mountain had been killed, and all of them were a person named Lin Ran.

At this moment this henchman could not help but say this name with some fear, as if afraid that the middle-aged man in front of him would slap him to death in a fit of rage.

The middle-aged man’s eyes had an icy coldness to them, and his gaze looked off into the distance not knowing what he was thinking, except that his hands were clacking together.

A moment later, the middle-aged man finally withdrew his gaze, and there was anger in his eyes as he said.

“Pass on my order, activate the Mountain Protection Formation and tell all the disciples of Wanshou Mountain to return, no one is allowed to go out without my order!”

“Yes!”

The man breathed a long sigh of relief at his words and got up to convey the order.

The middle-aged man walked straight towards the side of the bedchamber, while flipping his palm and taking out two black bracelets, which were only the size of a palm, but surrounded by black light, looking mysterious.

When he arrived at the chambers, the middle-aged man directly pressed the rings into the two circular grooves on the wall.

The next moment a “rumbling” sound was heard, and the wall in front of the middle-aged man opened up.

The moment the wall opened, dozens of terrifying auras came out from within.

“Yaki Mountain! Do you really think that I, Prime, do not dare to go to war with you! Killing two of my experts from Wanshou Mountain, today I want to see how you Yaki Mountain will give me an explanation!”

There was an icy coldness in the middle-aged man’s eyes, and the next moment he took a step towards the secret room space in front of him and walked in.

Wonder Doctor Chapter 1778

The news of the Nine-Winged Bat Dragon’s murder soon spread throughout Yaki City, followed by the entire Yaki Mountain.

It could not be helped that the death of the Dark Origin Musk Eagles could still be suppressed, after all, Mount Wanshou did not do much, but only secretly sent people after Lin Ran.

But this time, once the Nine-Winged Bat Dragon died, Mount Wanshou was completely enraged. Earlier in the day, the people of Yaki City even witnessed a large group of people in the sky rushing towards the location of Mount Yaki in black pressure.

The aura and killing intent of the opponents were not disguised in the slightest, and anyone with a discerning eye could tell at a glance that this was Mount Wanshou’s Prime leading his men to Mount Yaki.

So the news of the Nine Winged Bat Dragon’s murder began to spread, quickly spreading throughout Yaki City and finally reaching Yaki Mountain.

At this moment, in the mountain gate of Baki Mountain, on top of a large hall, a group of elders and senior members were all gathered here, even Li Nian, the family head of the Li family of Baki City, had come at this time.

“Elder Li Yuan Dao!”

As a voice rang out, a familiar old man figure walked in at the entrance, and it was none other than Elder Li Yuan, who normally guarded the mine pit at Baki Mountain.

“Elder Li, why are you here too?”

Seeing Li Yuan, Li Pan who was next to him asked, he and Li Yuan had a good relationship and were also members of the same generation of the Li family.

“Brother Li Pan, I have just received news that the Wind Thunder Red Python has left the mine pit and I am afraid that it will also follow Prime to our Baki Mountain!”

Li Yuan said

“Wind and Thunder Red Python? Isn’t that all that’s left of their Wanshou Mountain, Prime Sky and this old snake!”

Li Pan said disdainfully at his words.

“No!”

Li Yuan shook his head at his words.

“After all, Wanshou Mountain is an old power near Baji City and has existed for even longer than our Baji Mountain, this time Lin Ran has killed two of their experts in a row, so I’m afraid that he has completely angered Prime!”

“It’s said that this fellow is heading towards Baki Mountain with a full dozen magical beasts, so I’m afraid that things won’t be easy this time!”

“Hmph! It’s Lin Ran again, how come everywhere this kid goes, something happens!”

Li Pan said with an unkind look on his face.

Obviously, because of the incident between Lin Ran and his disciple Wang En last time, this Li Pan was still a bit angry, although it was his disciple’s fault, but after all, it was his disciple, so this heart still had some opinions towards Lin Ran!

“Elder Li Pan, that’s not right! I asked Li Yi to introduce you to me, and he even saved my wife, so you can’t say that you’ve been bullied by your disciple at Mount Baqi?”

Li Nian who was next to him said with displeasure, Lin Ran had saved his wife, so he was naturally upset by Li Pan saying that.

“Li Nian, that’s your business, what I’m talking about now is that this kid killed the Nine Winged Bat Dragon and the Dark Origin Musk Eagles one after another, he killed someone and as a result he wants us at Baki Mountain to bear the result, don’t you think it’s inappropriate? Also where is he at this time?”

Li Pan said in a cold voice.

“Bullshit!”

Li Nian smiled but directly disliked back.

“Do I need to tell you how many years we have been fighting with Mount Baki and Mount Wanshou? The Dark Origin Musk Eagle has been guarding the mine for years, and the Nine Winged Bat Dragon has been targeting the disciples of the Li family in Baki City!”

“You’re an elder who stays at Baki Mountain every day without being exposed to the wind and rain, do you know how the disciples of the Li family in Baki City have been spending their time?”

“Just a year ago if Lin Ran hadn’t saved my son, our Li family in Baki City would have been extinct!”

The more Li Nian spoke, the more excited he became.

“Lin Ran killed the Anyuan Musk Eagles and Nine Winged Bat Dragons in my opinion that’s a credit to you, who asked if you, Elder Li Pan, had that ability?”

“You!”

Li Pan was instantly blocked from speaking.

Unhappy in his heart, Li Pan was ready to dislike him back, but at that moment, a figure walked in the hall.

As soon as he entered, the entire hall fell silent, and no one dared to speak, including the two Li Pan.

All eyes looked at the person who had entered.

This man was an old man, with white beard and beard wearing a white robe that looked like an immortal.

Why do you say that? Because people in the Immortal World are generally older, and even ordinary people in the Immortal World can live for three to five hundred years, which has a lot to do with the abundance of true qi in the Immortal World.

As for cultivators, it is very common for them to live for thousands of years.

However, the existence of magical beasts and strife in the Immortal World has led to constant battles, and those who can really live for such a long time are either reclusive old men or those who are extremely strong.

Although the old man in front of him looked like he was in his eighties or nineties on Earth, no one could guess his true age.

The old man quickly reached the main seat in the hall without saying a word, and he didn’t have the slightest courtesy to sit down directly.

As soon as he sat down, all the elders below bowed and shouted at the same time.

“Greetings, Sect Leader!”

That’s right, the old man in front of him was none other than the Patriarch of Baki Mountain, Li Xuan!

“You all know now!”

Li Xuan's gaze burned as he looked at the crowd, his voice bland.

"Back to the Sect Master, we all know!"

Someone from below immediately shouted.

"What do you think?"

Li Xuan looked at the crowd and said.

"Sect Leader! Lin Ran is a guest of our Eight Qi Mountains, and he is credited with killing the Nine Winged Bat Dragon and the Dark Origin Musk Eagles, so he should definitely be protected!"

"That's right!"

"That's right!"

"We must protect him, otherwise we would not be chilling the hearts of our Hakki Mountain guests!"

The crowd said, "It was not only the prestige of the founding ancestors that made Yaki Mountain so successful, but also the tolerance of Yaki Mountain.

The number of elders like Li Pan who were angry with others because of a disciple was after all still in the minority, and since everyone had spoken up, he naturally would not touch the bad luck and stood still without saying a word.

"Humph!"

Li Nian saw this and coldly snorted in disdain, speaking.

"Sect Leader! I think it's time to make an end to it with Wanshou Mountain, which has constantly targeted our Li family disciples in Baji City over the years, and this revenge has never been avenged!"

He still remembered clearly the incident when the Blood Bat attacked his son Li Yi, and now that he had found the opportunity, he would not let it go!

Li Xuan nodded at his words, and then said.

"The matter with Wanshou Mountain must be settled again, but this is not the opportunity yet!"

"For what?"

Li Nian asked in confusion, the other elders were also puzzled, there were only three great experts in Wanshou Mountain apart from Prime, now that two had died wasn't it the best time?

Looking at the inquiring eyes of the crowd, Li Xuan sighed and spoke.

"You only know that there are three great experts in Wanshou Mountain, but you don't know! The reason why Wanshou Mountain has survived for so many years is not just because of these three great experts!"

"It is an army called the Beast King's Army!"

"The Beast King's Army?"

“What’s that?”

The crowd was puzzled by the words, they had never heard of this Beast King Army.

Li Xuan looked to the crowd and shook his head helplessly.

“Prime only brought a dozen magical beasts with him and dared to barge into our Baki Mountain, don’t you guys still not know why?”

“It’s because he brought an army of beast kings! Back then, even our ancestors didn’t dare to fight hard when they faced the Beast King Army, this Beast King Army is his greatest strength!”

Wonder Doctor Chapter 1779

“The Beast King’s Army?”

The crowd couldn’t help but be stunned as they listened, not quite understanding what exactly this Beast King Army was in existence.

“It’s not strange that you guys don’t know, because this Beast King Army has never been used by Prime in the past, it’s his biggest card, but this time he’s really desperate! That’s why he has used the Beast King Army!”

Li Xuan spoke, and then explained.

It turned out that this Beast King Army was the real killer weapon of the entire Wanshou Mountain, and outsiders didn’t even know about it just thought that Baji Mountain didn’t dare to really wipe out Wanshou Mountain for fear of losing a lot of money themselves.

But just imagine, there are only three experts in Wanshou Mountain, and even with the addition of Prime, there are only four of them, but what about Baki Mountain? There are dozens of elders alone.

Three or four elders would not be unable to fight one, but Yaki Mountain has never really gone to war with Wanshou Mountain.

If it wasn’t for the fact that Mount Wanshou had some powerful cards, how could it be so?

In the Immortal World, the weak are always the strong. If you are strong, even if you unite the whole Immortal World, no one will think anything of it, but will praise you for your greatness.

But if you are weak, no one will ever sympathise with you even if you are exterminated. This situation exists everywhere, but it is just more naked in the Immortal World.

“This Beast King Army is where the fundamental power of Prime created the Wanshou Mountain!”

Li Xuan continued to introduce.

It was said that this Prime had an opportunity back then, when the current Immortal Emperor had just risen to power only a few thousand years ago.

He found a place of inheritance at the border of the Beast King Domain and the Immortal Emperor Domain, and entered it to explore the treasures and eventually managed to come out alive.

It was this strange encounter that gave him the capital to rise to power.

“He used the treasures he obtained in the inheritance land to successively downpay a dozen magical beasts whose realms were at the Three Dao Realm!”

“According to the ancestor, the treasure he obtained should be the Locked God Ring, this Locked God Ring is a treasure left behind after the great battle back then!”

It was with this Locking God Ring that Prime used to subdue a dozen Third Dao Realm magical beasts, making them his personal puppets.

He had to know that he was only at the Heavenly Mansion realm at that time.

But with the help of a dozen Third Path Realm beasts, he rose to prominence and established Mount Wanshou.

The Nine-Winged Bat-Dragon also submitted to him later, but the Locked God Ring was so precious that Prime could not see the strength of the Nine-Winged Bat-Dragon at the Dao Realm, so he did not give it to them!

At that time, the Nine-Winged Bat Dragon had already been in the Immortal Realm for many years, and one must know that the Nine-Winged Bat Dragon’s distant spirit had entered the Earth during the Great War.

So the Nine-Winged Bat Dragon was much older than Prime, but his age didn’t matter, without strength he could only submit in front of Prime.

“Do you know how strong a dozen Third Dao Realm Magical Beasts are in battle?”

Li Xuan looked at the crowd present with an icy gaze.

The crowd shook their heads, they had honestly never seen a strong person of the Third Dao Realm, either? Within the confines of this Baki City of theirs, only Li Xuan in front of them and Mount Wanshou’s Prime Heaven were Third Dao Realm powerhouses.

It was just that the two of them almost never struck out, so almost no one knew just how strong the Third Dao Realm was.

Li Xuan looked towards the crowd and spoke with a sigh.

“Our elders of Barking Mountain plus the guest ministers, it would only take at least five enlightenment realm powerhouses to fight against a Third Dao realm magical beast, and that’s just to be able to hold it back, it’s simply impossible to kill it!”

“What?”

Hearing these words, the crowd was immediately confused.

With five enlightenment realm powerhouses, there were more than a dozen Third Dao realm magical beasts sitting in Prime alone, that meant that it would take more than a hundred of them, the elders of Baki Mountain plus the guest secretaries, to hold these Third Dao realm magical beasts at bay!

And it was only a tight hold, trying to kill them was almost impossible!

“So do you guys know how serious this time is? Although I’m a step above Prime in strength, if the two sides really fight in blood, it’s still unknown who will win in the end!”

Li Xuan finally spoke up.

“Sect Leader, if this is the case, then Lin Ran”

Li Pan saw an opportunity to speak up at once, but the words really came to his lips he did not dare to say them.

After all, if anyone said this, it would not be Lin Ran alone who would be offended, but the entire Hakki Mountain’s guests.

Although Li Pan had a problem with Lin Ran, he would not joke about his situation.

Li Xuan waved his hand and said.

“Little friend Lin Ran is our guest secretary of Baki Mountain, there is no doubt about that, since he has messed with Wanshou Mountain, then we at Baki Mountain should stand up for him, inevitably how will my Baki Mountain still have a foothold in the future!”

Said Li Xuan stood up and swept his gaze over the crowd and said aloud.

“I really don’t believe that he will dare to do anything. Once the battle starts, life and death will be unpredictable, and one dead Beast King’s army will be one less, I really don’t believe that he will dare to do anything!”

With that, Li Xuan waved his palm and shouted.

“Everyone go to the square, open the great clan protection formation, we’ll wait for Prime!”

“Yes!”

The crowd’s faces were gloomy as they all heard the words, and they left the main hall in a whirl.

They knew in their hearts that exactly what would happen next would all depend on the purpose of Prime’s visit to the mountain this time!

“Humph!”

Li Pan glared at Li Nian and turned around before leaving.

Li Nian looked at him without saying anything, but there was something vaguely disturbing in his heart.

If the purpose of Prime’s visit to the mountain this time was for Lin Ran, then I was afraid that it would really become very difficult to do, after all, even the other guest ministers were afraid that they could only choose to protect themselves before life and death.

This is like shooting an arrow with a bow, when the bowstring is still intact, all of them are on the same line, but if the bowstring is broken and Baki Mountain is unable to protect them, then Lin Ran will

definitely become the target of all of them, at that time, even if Baki Mountain does not say anything, those secretaries will choose to hand Lin Ran over.

“Come on, the soldiers will come and go! There will always be a way out!”

Li Yuan seemed to have seen Li Nian’s thoughts and patted him on the shoulder, before the two of them followed the crowd together and left the main hall.

.....

But at this time, Lin Ran and the three of them, after a night’s rest, the three of them had by now arrived at the foot of Baki Mountain.

They did not dare to stay outside because they had killed the nine-winged bat dragon, fearing reprisals from the Wanshou Mountain.

Lin Ran in particular, although he had a grudge against the Nine Winged Bat Dragon, he did not want to provoke an existence like Prime, who was only at the Heavenly Mansion realm, but the latter was a true Three Dao realm.

If the two really met, there was almost no chance of Lin Ran surviving.

Therefore, after Li Yi and Han Qiqi came to their senses, they hurriedly set off to get back to Baji Mountain first.

However, when they arrived at the foot of Baki Mountain, they were a step too late after all.

“Look! It’s Prime!”

Li Yi suddenly pointed overhead and said.

Lin Ran and Han Qiqi looked up and saw a large group of black figures rushing towards the top of Baki Mountain, each of them with a powerful aura, and the leader, a middle-aged man, had murderous intent on his face.

Lin Ran had once bought information about Mount Baki and immediately recognised this middle-aged man when he saw him, if it wasn’t Prime or someone else!

“Brother!”

“Brother Lin Ran!”

Seeing Prime, Li Yi and Han Qiqi looked at Lin Ran at the same time, both of them knowing very well in their hearts what Prime’s presence here at this time was for.

In this situation right now, the Baki Mountain Lin Ran was afraid that it would only be more dangerous if he went there.

“No harm, let’s go up the mountain, Prime Heaven’s target this time is likely to be me, if we don’t go won’t that put Baki Mountain in jeopardy!”

Lin Ran said.

He wasn't the type to run away after getting into trouble, and now that the Nine Winged Bat Dragon had been killed, Lin Ran honestly didn't have anything left to worry about.

It would be best if Song Nuan and the others could find them, but if they couldn't, it would be his fate to die on this Baji Mountain! This was something that Lin Ran had long since come to terms with.

If Song Nuan and the others were really doing well, why did he have to bother them?

In his heart, Lin Ran was actually vaguely worried, he had slept for a thousand years, how many people could really wait for him for a thousand years? Maybe one day when they found them, the ones they would see would probably be their descendants and grandchildren.

Therefore, Lin Ran's heart was actually still vaguely resistant to this kind of emotion, which any person would have.

"But brother Lin Ran, if you go up to the mountain now, that Prime will only intensify!"

Li Yi on the side was busy saying.

"Yes brother, or else you"

Han seven years still wanted to persuade, but Lin Ran waved his hand and said.

"No matter, there's no reason for me to let Yakiyama take the blame for me for something I sat down myself! Let's go!"

Lin Ran said, already taking the lead and walking towards the mountain.

Seeing this, Li Yi and Han Qiqi could only sigh helplessly and followed towards the mountain.

The three of them felt their way towards the mountain, and when they arrived outside the mountain gate, they could already see that the entire mountain gate of Mount Baqi had been enveloped by a large formation.

Inside the mountain gate, Li Xuan was standing by with a large group of Li Clan elders and guests to confront Prime.

Lin Ran and the three of them were unable to enter the Baji Mountain at this time, and fearing that Prime Heaven above them would discover their trail, they could only choose a nearby mountain protection formation to hide in and observe the situation outside.

"Li Xuan!"

Prime Sky was standing high in mid-air at this moment, his gaze burning as he looked at Li Xuan within the formation, his eyes icy cold.

"Prime, what are you doing coming to our Barking Mountain with such fanfare? Do you want to start a war?"

Li Xuan looked at Qin Tian, his voice bland.

“Start a war? You can! Do you really think that I, Prime Heaven, am afraid of you, Barking Mountain!”

Prime Sky said in an angry voice.

As his words fell, the crowd of magical beasts behind him actually all roared, their auras so powerful the roar was even deafening, causing the entire Baki Mountain to tremble.

The elders within the formation had little understanding of Li Xuan’s Beast King Army, but when they saw these beasts roaring at the same time, they couldn’t help but gag.

That was the Beast King’s Army, and each of them had the strength of the Three Dao Realm, so they all felt frightened in the face of these beasts.

They even had some doubts that the five elders that Li Xuan had said before that it would take five elders to entangle a Three Dao Realm magical beast, they even felt afraid that it would take ten people to entangle one.

“How can the auras of these magical beasts be so strong!”

Lin Ran’s heart couldn’t help but be shocked as he watched, the intelligence he had received didn’t say anything about the existence of these Beast King armies, and at this moment he couldn’t help but despair a little at the sight of them.

The difference in strength between the two was too great.

“This should be Prime’s bottom card!”

Li Yi said from the side.

“A bottom card?”

Han Seven Years smiled and wondered, and Li Yi frowned and explained.

“I’ve heard my father say before that the reason why Baki Mountain doesn’t go to war with Wanshou Mountain is because Wanshou Mountain has another undercard that scares us at Baki Mountain, and I really can’t think of any undercard that Prime has that scares even us at Baki Mountain other than these magical beasts in front of us!”

When Lin Ran heard the true story, he couldn’t help but feel a little scared in his heart.

Fortunately, when he had killed the Dark Origin Musk Eagles and Nine Winged Bat Dragons earlier, they were both outside, if they had been within the confines of Mount Wanshou, he was afraid that he would have already been slapped to death by these magical beasts of Prime.

Each of these magical beasts was so powerful that I was afraid that just one of them would be able to beat Lin Ran without the ability to fight back at all.

“Prime, if you really want to start a war then cut the crap, if you want to fight we, Baki Mountain, are still afraid of you!”

Li Xuan was also not giving an inch, pressing harder every step of the way.

In his heart, he knew that Prime had come over with such a fanfare, obviously he did not want to start a war, otherwise he could have brewed a sneak attack in secret to do better.

When he came over with such fanfare, it was obvious that he was here to negotiate!

“Haha! It’s not just Li Xuan, he’s really in a state of crisis!”

Prime laughed coldly at this.

“In that case, I won’t beat around the bush with you, hand over Lin Ran! Let this matter go, or else we will have to fight today!”

Prime said angrily.

“Impossible!”

Li Xuan, however, refused outright without even thinking about it.

“Do you still have fewer backstabbing attacks on our Eight Qi City Li family disciples from your Wanshou Mountain? The backstabbing of our Baki Mountain’s disciples who go out for training is equally less?”

“What? Can’t afford to play anymore? Now the death of two masters has allowed you Prime to kill us directly at our mountain gate?”

“If that’s the case, then shouldn’t we have trampled down your mountain clan long ago after our Yaki Mountain and Yaki City have been schemed by your Wanshou Mountain for so many years!”

Li Xuan spoke in an unassuming and bland manner.

“Even one of our Hakki Mountain’s guest ministers was able to kill two of your great experts, this only means that they are too weak, if you want to go to war because of this, I, Li Xuan, will accompany you to the end!”

“You!”

Prime instantly turned blue with anger at his words and said angrily.

“You don’t hand them over when you do!”

“No handover!”

Li Xuan’s face also gradually turned icy cold.

“Fine! Good! It seems that I, Mount Wanshou, have been too polite too! Since that’s the case then let’s fight!”

Prime said angrily, and as soon as his words fell, instantly the dozen or so magical beasts behind him went straight for the kill towards the Eight Qi Mountain Grand Formation.

“Respond to the enemy!”

Li Xuan roared in anger, and immediately the surrounding guests and elders all rushed up, and in groups of five they went towards the beasts.

The battle in the sky was on the verge of breaking out, but neither Prime nor Li Xuan moved, their eyes staring coldly at each other, seemingly confronting each other, but in fact being on guard for the other to strike.

No matter whether it was Prime or Li Xuan, if they struck, the guests and elders and the magical beasts would not be able to withstand it.

Although those magical beasts were also at the Third Dao Realm, but Li Xuan was at the peak of the Third Dao Realm, slaughtering these magical beasts was just a bit more troublesome for him, but it could definitely be done.

“No? I have to go too!”

In the formation, Li Yi saw that the two sides said they would go to war, and was instantly anxious to go out at once.

“Don’t rush first! They are testing not really going to fight!”

Lin Ran busily pulled Li Yi back and explained.

“And now that the Patriarchal Protection Formation of Mount Baki is open, you can’t even get in, and once you reveal yourself Prime will capture you in an instant!”

“But we can’t just stay here and do nothing all the time!”

Li Yi said anxiously.

Lin Ran sighed and said.

“Don’t worry, if things really evolve to an uncontrollable bottom, I’ll go out and stop everything!”
