

Wonder Doctor

Wonder Doctor Chapter 1781

“Brother Lin Ran! I am not this .....”

Li Yi saw this and busily said.

Lin Ran, however, waved his hand and said.

“I’m not blaming you, this is something I’ve caused, and I should be the one to take the blame!”

“Brother Lin Ran!”

Li Yi wanted to say something else, but Lin Ran gestured for him not to speak, only to see that the Beast King army in mid-air had already engaged in a battle with a group of elders and guests of the Eight Qi Mountains.

If it wasn’t for the fact that Baki Mountain had already opened its sect protection array, the aftermath of these fights would have affected the buildings above Baki Mountain.

They had never experienced this before and were hiding in the main hall with their faces full of panic.

“Brother, what should we do now?”

Han Seventh Year stood by the side, his heart vaguely worried.

“Let’s wait and see what happens first and see what happens!”

Lin Ran said back indifferently, and at this moment, he couldn’t help but frown a little.

If Baki Mountain could suppress these Beast King armies, then he could say that he was safe.

But if he couldn’t, then I was afraid that things would really go in the direction he least expected.

Han and Li also understand this point. After all, Baki Mountain is a power, and there are many people in it, so it is natural for everyone to respect Baki Mountain.

But if it really comes to a time when everyone is in danger, cohesion is actually very fragile.

The three of them had different feelings in their hearts, but in mid-air, the battle between the Yaki Mountain elders and their guests and the army of Beast Kings had gradually entered a white heat.

The Beast King army brought by Prime was only a dozen beasts, but Baki Mountain had sent out 50 to 60 elders and guests, and almost every beast was surrounded by five or six elders and guests.

But the difference in strength was simply too great.

These beasts were all truly at the Third Dao Realm, while the strongest Elders and Secretaries were only at the peak of the Enlightenment Realm.

At first, they were not familiar with each other’s moves, so they were able to pull their weight.

However, as time passed, those magical beasts obviously got to know the methods of these elders and guest secretaries, and their attacks became more and more violent and fierce.

“Bang!”

Suddenly, an explosion sounded violently from a place above the sky where the battle was taking place.

Everyone was busy looking, only to see that one of the magical beasts that the five elders and the guest secretary were originally involved with had actually broken through a gap, even blasting one of the elders in his elder robes backwards.

The elder’s body was like a kite with a broken string, and he quickly slammed down towards the ground, with blood trailing behind him, obviously suffering from a serious injury.

The pressure on the other four elders and the guest secretaries had increased dramatically. Originally five of them were able to take care of each other, but now only four of them were left to face the three realms of strength of the magical beast, almost without the power to resist.

After a few moments of resisting in front of them, another elder instantly flew out with a roar from the beast.

“No! Run!”

“Retreat!”

When the other three saw this scene, they all turned around and ran back towards Baki Mountain.

At this moment, Li Xuan, who was standing within the Baji Mountain Hu General Grand Formation, could not help but frown at this scene, and some of the other disciples could not help but clench their fists at the sight.

In fact, after the first elder was injured just now, they already had a vague idea of the result in their hearts, but the result came too quickly, almost without giving them time to respond, the battle in the first place of engagement fell.

“What about the Sect Leader?”

One of the elders who had retreated back asked Li Xuan.

This retreat was like a butterfly effect, as one magical beast in the sky was not stopped, it would soon affect the other places of battle, and to use a very apt phrase, one wrong step would cause a total loss.

Li Xuan did not say anything, but only frowned at the mid-air, he was also very clear about the current situation, but if he let everyone retreat, it would undoubtedly put Baki Mountain in a passive position.

Just as he was thinking of a countermeasure, suddenly a roar came from the crowd.

“Master! Master, what’s wrong with you?”

“Sect Leader Li, Wanshou Mountain has even killed the mountain gate, why haven’t you handed Lin Ran over!”

These two voices were unusually piercing, and all of a sudden caused everyone to look over.

No one dared to mention such words as handing over Lin Ran, as this was already considered a move of surrendering in the face of battle, and might even cause a kind of hostility from fellow sect members, especially those guest ministers.

After all, Lin Ran was also a guest of Yaki Mountain, and in the end, Lin Ran's killing of the Dark Origin Musk Eagles and the Nine Winged Bat Dragon would be a good thing for Yaki Mountain.

But if Lin Ran had to be handed over just because Prime came to the door looking for trouble, it would undoubtedly break the hearts of many people, especially those who were guests.

So all of them knew the pros and cons very well in their hearts, and no one dared to say anything! But no one had expected the first person to offer to hand over the man to appear so quickly.

"Wang En! What nonsense are you talking about!"

Seeing that the person who opened his mouth to speak was actually Wang En, Elder Li Yuan immediately scolded in a stern voice.

"I'm not talking nonsense!"

Wang En's face was icy cold as he angrily retorted.

"He, Lin Ran, killed the man, why don't you see him now! Instead, he's asking my master to wipe his ass, my master is now seriously injured who has ever bothered him!"

"You!"

Li Yuan was so angry that his face turned blue and his fists unconsciously clenched up.

The presence of such a voice that made cross people at this moment was undoubtedly very detrimental to harmony.

Li Xuan didn't even turn his head back, his eyes staring deadly at Prime above the mid-air, not knowing what he was thinking.

When Wang En saw that no one but himself was actually speaking up, he could not help but blush and turned his head to look at Qiu Mo, who was in the crowd at the side.

Qiu Mo was stunned at this, and her brows instantly furrowed. She knew clearly that Wang En was threatening herself, but she and Wang En were already grasshoppers on the same rope, so she could only stand out with a stiff upper lip when she saw this.

"Elders and Sect Leaders, as a disciple of Baki Mountain I feel that handing over Lin Ran is the only option left!"

"You!"

The other elders couldn't help but look extremely ugly when they saw that another person had stood up and said so.

"Gentlemen, the current situation is very clear to all of us, those magical beasts are powerful and our five elders plus the guest secretaries are unable to tackle them, do we really have to wait until all the

elders and guest secretaries are injured and wait for Prime to break through the great sect protection formation before we are willing to believe in the situation before us?”

Qiu Mo spoke very pertinently, although she was threatened by Wang En to stand up for herself, she was not stupid, naturally she could not stand in Wang En’s shoes, instead she spoke in terms of the safety of Baki Mountain, so that she would not appear too selfish.

“Qiu Mo! Don’t you forget that Lin Ran saved your life!”

Another voice suddenly came from the crowd, and the crowd looked to see that it was none other than Tian Hu.

Wonder Doctor Chapter 1782

Seeing Tianhu stand up and refute himself at this time, Qiu Mo could not help but frown slightly, and his voice turned a few degrees colder as he said.

“Tian Hu! You don’t have to pretend to be a good person, it’s true that Lin Ran saved my life, but just because he saved my life, do I have to bury the entire Baki Mountain with him in good conscience?”

“Buried with him? Did Yaki Mountain lose? The Dynaeum has not yet broken through the formation, but you are in such a hurry to hand Lin Ran over, what is your intention? Don’t you think you’re too selfish and too afraid of death?”

Tian Hu said angrily.

“Heh! Don’t talk so grandly there, now you are being righteous, but when Prime will really break down the Baki Mountain later, won’t you Tian Hu also be running for your life in a hurry!”

Qiu Mo said in a cold voice with disdain in her words.

He had always known that Qiu Mo was a very snobbish woman who had never really looked at himself, but only treated himself as a spare tire.

But he liked this Qiu Mo so much that even after seeing Wang En defile the latter with his own eyes, he still felt in his heart that it was all Lin Ran’s fault, that it was Lin Ran’s rejection of Qiu Mo that caused her to degrade herself!

But it was only now that he finally understood that the woman in front of him had reached the bottom of insanity, selling out even to the same door in order to achieve her own goals.

He knew what it meant to be a member of the same clan, and he had no shame or disdain for people who lived by betraying their clan in times of danger.

“Bang!”

Just as the Barking Mountain square was in an uproar, an explosion erupted once again in the sky, and this time all the five elders in one battlefield were shaken and sent flying backwards, their bodies bloodied and obviously seriously injured.

“Come back!”

Finally, Li Xuan couldn't sit still any longer, and he shouted.

All of a sudden all the elders and guest ministers fighting above the sky all retreated back.

In the end, Prime didn't rush to attack either, he also noticed the disagreement within Baki Mountain and just quietly watched with a cold smile.

"I'll give you one incense stick of time to think about it and not hand over Lin Ran! Today I will wipe out your Baki Mountain!"

"This!"

"This is troublesome!"

"Yes!"

"Where is Lin Ran? Why can't I see him when he's caused so much trouble!"

"Who knows, he must have gone into hiding!"

"How shameless, making us wipe his ass after getting into trouble himself!"

Prime's words instantly stirred up the discontent of the other disciples of Baki Mountain, everyone had originally maintained restraint, but when they heard Prime say that he wanted to wipe out Baki Mountain.

At once, they all panicked as they murmured, and the entire united atmosphere of Baki Mountain was instantly shattered.

"Sect Leader Li, we don't object to you treating Lin Ran as a guest of the Eight Qi Mountains, but as a guest do you have to get up more when you get into trouble? He doesn't even dare to show his face, is this kind of person worthy of us fighting for him?"

Wang En saw that the crowd was starting to stir and immediately poured fuel on the fire.

"That's right, in my opinion he should be handed over and let him take the blame for the trouble he has caused!"

Qiu Mo also scolded in a stern voice.

"Yes, hand him over!"

"Hand it over!"

"We must hand him over!"

Someone led the way, followed by other disciples who also shouted.

"Sect Leader!"

The other elders saw the situation one by one looked at Li Xuan, at this time the real situation they were completely unexpected.

"The people's hearts are in the right place, do you still not agree, Sect Leader?"

Wang En got up and looked at Li Xuan, looking aggressive!

Li Xuan still didn't turn around, but this time was already speaking.

"Hearts and minds? Your hearts? Are you the Sect Leader or am I the Sect Leader!"

"You!"

Wang En was immediately blocked from answering when he heard this.

Li Xuan still just did not turn around, but it was with a wave of his hand that a vortex instantly appeared above the square of Baki Mountain, and he said in a cold voice.

"Those who want to leave can do so now, after you leave Baki Mountain you will have nothing to do with Baki Mountain!"

"If not for the great enemy now, I would definitely settle accounts with you one by one!"

"We don't need cowards who run away from the battle and only hand over their fellow disciples!"

After saying that, Li Xuan said no more.

He was right, if it wasn't for the fact that Prime was outside, he would have blown Wang En and Qiu Mo, the two leaders, out of Baki Mountain.

This is also a way to make an example of the monkeys, if you want to leave, I will not stop you, but those who leave will not have anything to do with Baki Mountain in the future.

"This ....."

The people who were shouting just now shut up when they saw this scene.

They were not stupid either, how could Baki Mountain not have any cards if they could fight with Wanshou Mountain for so many years, if they really left, they were afraid that they would have to leave Baki City, otherwise where would they have a foothold in Baki City in the future.

"Sect Leader! You are putting everyone in danger by doing this!"

Wang En was upset, he naturally didn't care if he remained at Baki Mountain, but if he couldn't get Lin Ran out, he was very upset in this heart.

Even if he were to leave Baki Mountain, he still had to get rid of this bastard Lin Ran first.

"Are you done with your nonsense?"

Li Xuan's voice was also a few degrees colder, immediately scaring Wang En into clenching his teeth in a daze and not daring to say more, he was also afraid! Afraid that if he said any more Li Xuan would just kill him.

"Time's up!"

Suddenly just at that moment, the sky above Prime was speaking.

His voice was like a bolt of lightning that struck the hearts of the crowd, especially those less powerful disciples of Baki Mountain, at this moment they all couldn't help but gulp, their eyes unconsciously looking towards the whirlpool located in the middle of the square.

As long as they entered the vortex they would be able to leave and get rid of this disaster, but .....

"Sect Leader, Prime is already about to kill over!"

Seeing that Prime was indeed leading his men and preparing to attack Baki Mountain, Wang En spoke up once again.

"Bang!"

As soon as his words fell, an instant strong wind blasted him in the chest out of thin air, sending his entire body flying straight to the ground, although he didn't die but the ribs in his chest were already broken several times.

"If you dare to talk nonsense, I'll kill you!"

Li Xuan's voice was icy cold.

Although he had made a move to shock the crowd in his previous life, but at this moment, Qin Tian above the sky with an army of demonic beasts had already killed, in front of this situation, his move to shock was undoubtedly a drop in the bucket.

In the middle of the formation outside the Eight Qi Mountains, Lin Ran sighed helplessly when he saw this step, and immediately walked towards the outside of the formation.

"Brother!"

"Brother Lin Ran!"

Seeing Lin Ran's move, both Han Seventh Year and Li Yi were busy opening their mouths and trying to stop them.

However, Lin Ran waved his hand, while already leaving the formation, looking at the scene that had appeared before, he was completely chilled, although Elder Li Xuan argued his case, but for the other disciples of Baji Mountain, it was his own life that was most important.

Who would care about the death or survival of a guest minister like him.

"You guys see what you can do!"

With a final word, Lin Ran left the formation with a long stride, while a voice rang out above Baki Mountain.

"Prime! Stop, I'm here!"

Wonder Doctor Chapter 1784

"Wang En!"

Although Li Xuan did not turn around, she had already sensed who had struck.

“Wang En!”

The other elders and guest ministers around them were also furious when they saw this scene.

Lin Ran had originally had a chance to enter, but because of Wang En’s sudden strike, he was now directly blocked from the formation.

Even though Li Xuan was opening a gap at this point, there was no longer enough time, as at this moment, Prime had already rushed close to Lin Ran.

“Get your ass back here!”

There was joy in Prime’s eyes as he yanked his palm, and a huge suction force instantly sent Lin Ran flying backwards, his entire body hitting the ground behind him with a loud bang.

Lin Ran instantly spurted out a mouthful of blood, and his bones all over his body seemed to have fallen apart, causing immense pain.

The strike from the Three Dao Realm powerhouse almost cost Lin Ran half his life, and he managed to get up from the ground, but his whole body could not stop trembling.

“This is the strength of a Third Dao Realm powerhouse? It’s really desperate!”

Lin Ran whispered softly to himself.

At that moment, Optimus Prime had already come towards Lin Ran once again, this time he did not use that invisible and terrifying power.

It seemed that he was afraid that Lin Ran would die if he couldn’t carry it.

Lin Ran shook his head and laughed bitterly at the sight. Clearly, he hated himself to the bone, having killed two of his generals and not giving himself a painful death.

Thinking of this, Lin Ran sighed helplessly, Song Nuan and the others had not been found, but as a result, they were going to be captured by Prime.

But soon he was relieved.

“I’m not at a loss either! The Nine-Winged Bat Dragon is also dead, and the knot in my heart that I was most worried about is now over!”

Lin Ran said to himself in his heart.

And just as he had been relieved of his situation at this moment, Li Xuan’s trending palm within the Bajie Mountain rushed out directly from the formation.

“Arrest him for me!”

As he left the range of the formation, Li Xuan spoke at last.

“Yes!”

The surrounding kind of elders all nodded their heads busily at the words, while someone had already grabbed Wang En.

But at this moment, Wang En didn't care at all, as he looked outside at Prime who had already reached Lin Ran's proximity and couldn't help but laugh.

"Haha! Now I'll see how you can still live! I'll play you to death if you go against me!"

"Shut the fuck up, you!"

As soon as Wang En's shouting voice fell, an elder at the side instantly punched Wang En in the stomach.

This elder was no other than Li Nian, the family head of the Li family.

Just now, his own son Li Yi was almost trapped outside, which made him very annoyed. At this moment, seeing that Wang En was actually in the mood to laugh, he didn't feel polite when he started to fight.

Wang En received a punch and covered his stomach, his face pale for half a day.

But outside, the situation was completely tense.

"Stop it, Prime!"

Li Xuan scolded as soon as he rushed out.

Prime turned his head to look at Li Xuan, with an icy cold angry voice in his eyes.

"Go and stop him for me!"

"Roar!"

As soon as the words left his mouth, all those magical beasts in the mid-air actually went towards Li Xuan and killed him.

Seeing this, Li Xuan's face sank, and a murderous spirit permeated his eyes.

The other elders and secretaries could not resist these Third Path Realm magical beasts, but he, Li Xuan, did not care at all because he himself was at the peak of the Third Path Realm, so how could he possibly care about these Third Path Realm magical beasts.

It was only that Li Xuan was being held back by these beasts, and he was afraid that he would need some time to break free in order to save Lin Ran.

When Lin Ran saw this scene, he was completely heartbroken. This Prime obviously had no intention of letting himself go, and had even gone so far as to use the magical beasts to stop Li Xuan in order to catch himself.

He looked up at Prime Sky, who was already approaching him, with a sharp edge in his eyes.

"Want to kill me! Then let's try, what about the Three Dao Realms!"

Lin Ran roared in anger, and immediately his entire body went towards Prime Sky, while the Frost Condensation Sword in his hand instantly created several sword rays that went straight towards the latter.

"Mantis!"

Seeing this, Prime Sky's eyes were filled with disdain, and with a wave of his hand, a terrifying aura wave instantly swept over towards Lin Ran.

"Hm?"

Lin Ran couldn't help but frown slightly when he saw this.

Only to see that at this moment, those sword maces of his instantly disappeared in place under Lin Ran's self-created sword moves.

But before these sword moves could explode into what they were supposed to do, all that could be heard in an instant was the sound of a "bang bang bang" explosion.

Everywhere the terrifying breath of Prime's strike passed by, it exploded all of his sword strokes, even the sword strokes that had just been hidden exploded in an instant.

"How strong!"

Lin Ran's heart was shocked as he watched, this sword mane contained his own sense of the sword dao, but this strongest strike of his own was so unbearable in front of this feared aura of Prime.

These thoughts only flashed through his mind for an instant, and the next moment Lin Ran's entire body had already quickly retreated towards the rear.

Although his speed was not as fast as Prime's attack, Lin Ran would not really just stand still and wait for death.

If he resisted, he might still be able to wait for Li Xuan to come to his rescue and fight for a chance of survival, but if he gave up resistance, there would be no hope of survival at all.

His body quickly retreated, but those terrifying auras were not slow at all, and they reached Lin Ran in almost an instant.

These terrifying auras could not be seen at all, and Lin Ran could only wield his sword to resist them based on the terrifying sensations coming from around him.

"Bang Bang Bang!"

In almost an instant Lin Ran's entire body was blasted backwards in a single glance.

But all the same he still managed to block several attacks, it was just that Prime was so strong that even though Lin Ran had actually blocked it, his opponent was so strong that he was still instantly thrown off.

"This Prime is too strong, even though I could block some of the attacks but in the end the strength gap is too great!"

Lin Ran thought to himself, at this moment in a life-and-death crisis, his comprehension of the defensive sword dao was even deeper than usual as he resisted.

He even had a vague feeling that if he gave himself a little more time, he might be able to completely comprehend this defensive sword dao.

But Prime was afraid that he would not give him the chance at all, for at this moment, a red blood sword had already appeared in front of him as Prime raised his hand.

These blood swords were as dense as ox feathers, and each one of them emitted terrifying aura fluctuations, obviously of great power!

“Don’t worry, you won’t die, my blood sword will pass through every inch of your body, but it won’t kill you! Everyone who dares to go against me, Mount Ten Thousand Hands, I will make him enjoy it in the end, including you!”

Prime looked at Lin Ran with a cold voice, and in the next moment, he saw his palm wave, and instantly countless blood swords stabbed towards Lin Ran.

Where the blood swords passed by, they caused a sonic boom, an extraordinary power.

Wonder Doctor Chapter 1785

“Prime!”

From afar, Li Xuan saw a scene and immediately became anxious.

Others didn’t understand the power of these blood swords, but as an old rival of Prime, where was Li Xuan who didn’t understand.

These blood swords were exceptionally poisonous, and as Prime said, these blood swords would not kill Lin Ran, but they would turn him into a cripple.

The blood swords would pierce Lin Ran’s skin everywhere and cut off his internal tendons and meridians, but they would not hurt his foundation, let alone kill him.

However, anyone who was seriously injured by these blood swords almost ended up becoming a wasted person, worse than an ordinary person.

“What? In a hurry? Is it working?”

Prime looked at Li Xuan with a cold smile in his voice.

“You have been struggling for many years between your Wanshou Mountain and my Baki Mountain, do you really want to completely tear your face apart?”

Li Xuan looked at Prime and angrily scolded.

“Tear up your face? Hasn’t it already been torn apart? If I didn’t still have the Beast King’s Army as my backing card, wouldn’t your Baki Mountain have already wiped out my Wanshou Mountain!”

Prime said in a cold voice.

“You!”

Li Xuan was furious at his words.

Indeed, in the past, although on the surface it also looked like Mount Wanshou was at a disadvantage, there was still the Beast King Army as a bottom card after all.

But this time, Lin Ran had directly killed two experts, the Nine-Winged Bat Dragon and the Dark Origin Musk Eagles, and there were only three experts in total at Mount Wanshou.

This time, two of them had died, which had undoubtedly angered Prime, which had led Prime to come to Mount Yaki to demand his men.

If this was the case and Prime Heaven was indifferent, then there would be no need for them to hang around in this area.

“Good! Good! Since you want to start a war, let’s fight over there!”

There was an icy coldness in Li Xuan’s eyes, and just then a magical beast next to him rushed to bite at his body.

Li Xuan also no longer stayed his hand, his eyes were cold and instantly his palm had already grabbed the head of this magical beast only.

“Get lost!”

With a roar, the next moment, the head of the beast was instantly crushed by Li Xuan.

The scene was exceptionally bloody as blood sprayed down from the sky, and the scene made Prime’s face sink.

“Good! Good!”

Prime said angrily, and then with a swirl of his palm he chided.

“Go and break down the mountain gate for me! Kill them all!”

“Roar!”

The crowd of magical beasts instantly ignored Li Xuan at his words, and then actually charged towards the mountain gate of Baki Mountain.

“Quickly control the formation!”

Seeing this, a group of elders within the Eight Qi Mountains hurriedly manipulated the formation and began to resist.

Although this sect protection formation was powerful, without Li Xuan’s control, it was impossible to stop so many magical beasts from attacking.

The entire situation on Baki Mountain changed in an instant.

The magical beasts were already furiously attacking the Patriarchal Formation.

At this moment, even though Lin Ran was not looking for trouble, the blood swords were enough for Lin Ran to suffer.

As countless blood swords came straight at him, Lin Ran did not dare to slow down in the slightest, as he retreated and fended them off.

However, there were too many blood swords, from the beginning Lin Ran was able to take the initiative to attack and detonate these blood swords, to the end these blood swords were already pressed to a distance of only tens of meters from Lin Ran.

“Bang Bang Bang!”

The Frost Condensation Sword in Lin Ran’s hand didn’t dare to stop in the slightest, as a sword mane went towards the blood swords to meet them.

Pulling away he could still fend off to buy himself time, but once he let these blood swords get close to him, then he really wouldn’t even have the slightest hope of surviving.

“Master!”

As he watched the blood swords getting closer and closer to Lin Ran, Qing Zi couldn’t help but speak up and shout.

“Don’t make a move! I can still handle it!”

Lin Ran was busy saying, he knew Qing Zi’s condition very well, he had been injured by the Nine Winged Bat Dragon last time, if he struck at this moment he was afraid that he would immediately fall into a deep sleep.

Moreover, Lin Ran wasn’t really just at the bottom of the mountain.

“Although these blood swords are many, they can hone my understanding of the defensive sword dao, as long as I can understand the defensive sword dao there might still be a silver lining!”

Lin Ran said, while no longer paying attention to Qing Zi and concentrating on defending against these blood swords.

The blood swords around him were coming thick and fast towards Lin Ran, and Lin Ran didn’t dare to stop in the slightest, as he slashed out a sword maneuver to meet the blood swords.

Gradually, Lin Ran felt a different feeling, although he was still in a hurry to defend himself against the blood swords, his use of sword moves was becoming more and more skilful.

Especially under such a tense situation, he had to face countless blood swords attacking him.

Suddenly, Lin Ran only felt that something had broken in his mind! At this moment countless techniques for using the sword dao swept through his mind instantly as if they were great waters.

“Fixed stances? Why do I need to use fixed stances? The sword dao is like an ocean, every move has its reason, fixed! There is no such thing as fixed!”

At this moment, Lin Ran’s entire understanding of the sword dao became even more enlightened as he suddenly stopped his retreating arrows, and while countless blood swords surged ahead of him, he smiled blandly and followed it with a fierce slash.

This sword slashed out, and the next moment what appeared in front of Lin Ran was actually not a single sword mane, but a dense number of sword manes.

These sword mangles entangled with each other and actually formed a great net of sword mangles that enveloped towards the front.

“Rumble!”

The huge net of sword mangles instantly detonated a large area of blood swords directly in front of them.

Seeing this scene in front of him Lin Ran couldn't help but let out a smile.

“A defensive sword dao this is a defensive sword dao! It's really powerful!”

As he said this, Lin Ran's Frost Condensation Sword in his hand had already swung out several swords once more, and a large net of sword mane was enveloped in all directions, actually blocking all the surrounding blood swords.

“Hm?”

Seeing this, Prime, who was fighting with Li Xuan in the distance, could not help but frown slightly as he realized that his blood swords were actually unable to kill Lin Ran.

“Haha! Prime Sky, your Blood Sword is no better than that, you can't even kill a guest of my Baki Mountain, and you still dare to come and ask for someone!”

Li Xuan also noticed the situation on Lin Ran's side and immediately laughed, while slapping his palm towards Prime.

“How could that kid!”

Within the Barking Mountain, Wang En and Qiu Mo both froze at the sight even Han Seven Years and Li Yi who had just rushed back next to them.

What kind of existence was Prime that, that was a strong person of the Third Dao Realm, but Lin Ran? Just using the strength of the Heavenly Mansion realm to block Prime's blood sword, this strength and potential was enough to shock them.

“Humph! I want to kill him, you think he's alive!”

Prime Sky let out a cold voice, and in the next moment, he directly resisted Li Xuan's palm hard, and then his entire body actually turned towards Lin Ran and killed him.

“Eh? How despicable!”

Seeing this, Li Xuan whirled around and followed him.

However, Prime Sky was not much slower than him, both of them were at the Third Dao Realm, and if Prime Sky was determined to kill Lin Ran and ignore Li Xuan, even Li Xuan would not be able to do anything about it.

After all, the difference in strength between the two was too close.

“Give me death!”

As he charged towards the latter, a black ring was already taken out of his hand and smashed directly towards Lin Ran.

The black ring looked unimpressive. However, the power contained in it made Lin Ran feel desperate.

Lin Ran knew in his heart that even if he had understood the defensive sword move, it was still impossible to completely block this strike, because the power contained in this strike was too strong, this was no longer a gap that could be bridged by his understanding of the Dao, this was the real power gap between his strength and that of Prime, it was impossible to block it!

Wonder Doctor Chapter 1786

“How dare you, Prime!”

Seeing this scene, Li Xuan also panicked, and he raised his hand and slapped a palm towards the back of Prime.

But at that moment, two roars of anger came from the side, followed by two magical beasts facing Li Xuan.

“Bastards!”

Li Xuan’s heart went cold when he saw this, although the two magical beasts in front of him posed no threat to him at all, it was already too late for him to rush to rescue Lin Ran.

Prime had already rushed in front of Lin Ran, and he turned his head to look at Li Xuan with madness in his eyes.

“No one can save him today, not even the King of Heaven! I, Prime Sky, say so!”

“You!”

Li Xuan’s face turned red with anger, but there was nothing he could do at this moment, even if he was to kill the two beasts by thunderbolt, it would take time!

And that time was enough for Prime to kill Lin Ran.

“Come on!”

Lin Ran saw that there was no one else who could help him at this point, so he simply put his heart into it and relied entirely on himself.

Qing Zi had not yet recovered from her injuries, Li was still sleeping because she had swallowed the inner bile of the Nine Winged Bat Dragon, and Xiao Jiu was only a demon stone.

No one could help him, and if he died, these people might even be implicated by him.

“I can’t die! I can’t die, not even for the sake of Xiao Jiu!”

Lin Ran kept admonishing himself in his mind, while already holding his Condensing Frost Sword and slashing out an uncountable number of great nets of sword mane.

At this moment, he no longer had any means to resist Prime, and his only hope was that these defensive sword moves he had enlightened himself with would delay Prime as long as possible, allowing him to live a little longer.

Even if it was just for one more second, he would do his best.

“Bang!”

However, the truth was merciless, as the countless sword nets instantly popped apart under Prime Sky’s strike.

The black circle in Prime’s hand was like a supreme magic weapon that had opened up the heavens and the earth, and in just one blow, it had shattered those sword nets of Lin Ran into pieces, leaving not even a single remnant behind.

“Give me death!”

Prime roared, and the black ring in his hand instantly came out of his hand and headed straight for Lin Ran.

“Then you try!”

Lin Ran gritted his teeth and instantly spurted out a mouthful of essence blood and landed directly on the Frost Condensation Sword, while the Chaos Qi Spiral within his body spun up rapidly, a strand of Chaos True Qi instantly pouring onto the Frost Condensation Sword.

“Go!”

With a wave of Lin Ran’s palm, Condensing Frost instantly slashed out a huge sword net towards the black circle and met it.

This time, the sword net was stronger than the previous one, and it was already a desperate strike from Lin Ran.

However, the difference in strength between the two was too great after all.

The moment the sword net collided with the black ring, a loud bang was heard, and the sword net shattered in an instant, but only slightly stalled the speed of the black ring.

The next moment, the black ring instantly smashed towards Lin Ran.

“I can’t help it!”

Lin Ran was completely desperate at this moment, and he closed his eyes with a deep sense of self-recrimination in his eyes.

But he had no regrets, although he had never expected to kill the Nine-Winged Bat Dragon and make Prime furious this time, after all, the Nine-Winged Bat Dragon was dead and the biggest knot in Lin Ran’s heart had been broken.

The only thing he could not worry about now was Qing Zi, Xiao Jiu and Li.

“Weng!”

Suddenly, just as Lin Ran had closed his eyes and was waiting to die, a purple light appeared out of nowhere around him, and the purple light quickly converged to form a purple bottle.

This bottle was all too familiar to Lin Ran, it was none other than the Qiankun Purple Qi Bottle.

“Qing Zi don’t!”

Lin Ran instantly reacted, wasn’t this purple bottle that was blocking his body at the moment Qing Zi’s Qiankun Violet Qi Bottle.

“Master you’ll die!”

Qing Zi shouted.

“But you won’t be able to carry it either!”

Lin Ran said busily.

“This Prime is only at the Third Dao Realm after all, my essence is a divine weapon, he won’t be able to kill me at all! But Master, I’m afraid Qing Zi won’t be able to accompany you on the next journey!”

“Qing Zi!”

He knew very well that although Qing Zi was a divine weapon, she had been severely injured when she was back home and had not recovered yet.

This time, she had helped herself to this blow from Prime, and she was afraid that she would have to sleep for a long time afterwards!

“Master, don’t worry, later if there is a chance to find me some miraculous treasures to restore my divine sense!”

Qing Zi said, her voice so calm that at this moment it actually made Lin Ran feel as if she was giving an afterthought.

“No! No ……”

Lin Ran did not finish his sentence, instantly the black circle had blasted on the purple bottle around him only.

The purple bottle was condensed by Qing Zi’s true qi, and the moment it collided with the black ring, only to hear a crisp “click” sound, instantly cracking away.

But at the same time, the speed of the black ring also decreased, but the power it carried was still powerful, and in an instant, it lifted Lin Ran’s entire body out of the air.

Blood instantly spurted out, and Lin Ran even felt that several bones in his entire body had been broken, but he had saved his life after all!

“Eh?”

Seeing this turn of events, Prime couldn't help but frown slightly, he turned to look and noticed that at this moment, Li Xuan had already killed the two magical beasts that were blocking him and was charging towards him.

With a ruthless heart, Prime accelerated towards Lin Ran and killed him again.

"Bastard! I've lost three magical beasts because of you, if I don't kill you today! I won't be called Prime!"

At this moment, he didn't even want to play with Lin Ran anymore, he just wanted to kill this guy, or else he would lose a lot of his Beast King army if he dragged on.

This was an outcome that even Prime himself did not want to see.

"Give me death!"

The black hand ring was flung out once more, heading straight for Lin Ran.

Lin Ran saw this scene and helplessly closed his eyes, who else could resist for him this time? Qing Zi had been seriously injured and fallen into a deep sleep, there was no one who could help him this time.

"It's over!"

Lin Ran closed his eyes in despair, feeling the terrifying aura coming in front of him, he actually had a moment of frankness, suddenly a thought popped up in Lin Ran's mind.

"I wonder if dying in the Immortal Realm will still allow my soul to be reborn on Earth!"

"Haha!"

Lin Ran laughed.

At the same time, the black circle had already reached a place less than a meter in front of him.

The terrifying pressure was already beginning to weigh Lin Ran down, and he knew that Death had already descended.

"Hm?"

Suddenly, just as Lin Ran had given up on resisting and was ready to accept death's descent.

He actually felt that the terrifying pressure outside his surroundings had violently disappeared?

"Could it be that I'm already dead?"

Lin Ran was a little surprised, if death was so simple, without even a little pain, then he really felt like he was dying quite comfortably.

He was busy opening his eyes, wanting to see if he had already started to reincarnate.

But as soon as he opened his eyes he froze, only to see that somehow a figure had appeared in front of him.

The figure appeared to be a young man, wearing a loose robe, his back was turned to him, and in his hand was a black ring, which was the same one that Prime had smashed into him.

## Wonder Doctor Chapter 1787

Not a single person spoke, and even the magical beasts in the sky that were still besieging the sect protection formation of Mount Yaki stopped at this moment.

At this moment, everyone's eyes fell on this person who had just appeared.

"Old Ancestor!"

Suddenly just as Lin Ran was guessing who this person really was, Li Xuan in front of him actually knelt down and submitted directly.

"Old Ancestor!"

Seeing this move from Li Xuan, instantly the entire Li Clan within the Baji Mountain formation actually all knelt down and submitted.

Although they did not know who the person in front of them was, a person who could make Li Xuan kneel down, how could his status and strength be weak?

"You ..... Why aren't you dead yet!"

Seeing this person appear in front of him, Prime's entire face instantly changed, his face filled with shock and disbelief.

"You're not even dead, how can I be when!"

Finally, the man spoke, only his voice was incomparably hoarse, causing Lin Ran to be stunned as he listened.

This person's back was turned to Lin Ran, so Lin Ran could not see this person's appearance clearly at all, but only judged roughly from the other person's body type that he should be a youth.

But at this moment, when the person opened his mouth, this was a living old man!

"You ..... What do you want!"

Prime looked at the old man warily, not even daring to open his mouth to ask for his bracelet.

"What do you think I want!"

The old man blandly looked up at Prime, and then swirled his palm towards his back, pointing at Lin Ran.

"You're the one who injured him like this?"

"It was me! He was the one who killed two of my Wanshou Mountain experts first!"

Prime said busily, only how the words sounded like he was excusing himself.

"Well I see! Then are you going to end it yourself, or are you going to wait for me to do it?"

Yet the old man returned with a bland voice.

"You!"

Upon hearing the old man's words, Prime's face instantly changed as he looked at the old man warily.

"Aren't you too arrogant, you couldn't kill me hundreds of years ago, what makes you think you can now!"

"Is that so?"

The old man smiled blandly at his words and followed with his palm raised straight up.

"Hm?"

Seeing this, Prime was busy taking a few steps back, yet blocking the old man's palm out, the distance between the two only seemed to close out of nowhere.

In an instant the old man's palm was already around the neck of Prime.

He was also a strong person at the middle stage of the Third Dao Realm, but in front of this old man he did not even have the ability to fight back.

"You ..... You have broken through to the Extreme Dao Realm!"

Prime asked as he looked at the old man in front of him with a face full of horror.

"No! But it's enough to kill you!"

The old man did not hide it and said blandly.

Behind him, Lin Ran was shocked to hear this.

He hadn't broken through the Extreme Dao Realm, but killing Prime was so easy, so he had to be at least half a step into the Extreme Dao Realm!

What was the concept of the Extreme Dao Realm? That was when one of the three Dao Realms had reached the ultimate level of Dao enlightenment, Lin Ran's Medical Dao pearl was the ultimate level on Earth, but it was still imperfect in the Immortal Realm!

But this old man in front of him had actually almost enlightened one Dao, this strength was really staggering to Lin Ran.

"If my Dao of Healing was still working at this point, I'm afraid that I wouldn't be a match for this old man!"

Lin Ran calculated in his mind, indeed his Dao of Healing was enlightened on Earth, and when he arrived at the Immortal Realm the Dao of Healing no longer became a Great Perfection Dao, so his strength was indeed inferior in front of this old man.

What's more, at this moment, Lin Ran's Dao of Healing could not be used at all, and this was the worst of all.

"I know you're strong enough now, but for a guest you really want to kill me?"

Prime calmly looked at the old man at this point and couldn't help but say in a cold voice.

“It’s easy for you to kill me, but if I die, these Three Dao Realm magical beasts will also explode themselves! With so many magical beasts blowing themselves up your Yaki Mountain won’t be wanted either!”

“You’re threatening me?”

The old man looked at Prime’s voice blandly.

“Not threatening you, negotiating a deal!”

Prime said in a cold voice.

“Back then it was you who said that you would not drive all the people to death against Wanshou Mountain, so I did not break the net with you, but now this balance has been broken by you sitting down as a guest!”

“Do you think I would care about anything else when the life and death of my Wanshou Mountain is at stake?”

Hearing Prime’s words, Lin Ran couldn’t help but be stunned, not only was he the others were also stunned, it turned out that the fact that Baki Mountain hadn’t driven all the way to the Wanshou Mountain all these years was actually the old man’s intention.

Lin Ran was puzzled, if it was simply because the old man was not strong enough back then and felt unable to exterminate Mount Wanshou, then there was no need to wait so many years, this old man should have been able to exterminate Mount Wanshou a long time ago.

“You’re thinking too much! I don’t exterminate your Wan Shou Mountain because I’m not qualified enough!”

The old man spoke.

“Not qualified enough? What do you mean?”

Prime frowned slightly at his words, not understanding what the old man was trying to convey.

The others were also a little baffled by what they heard, if even this Li family ancestor in front of him wasn’t qualified to destroy the Wanshou Mountain, who else was qualified?

The old man looked at Prime, his voice blandly saying.

“Originally, I was going to wait for myself to break through to the Extreme Dao Realm before I went to exterminate you! But apparently there’s no need to wait now, because the people who are qualified to exterminate you have already arrived!”

“What do you mean!”

Prime’s face turned even uglier as he listened, could it be that there was someone even more powerful hiding in the Yaki Mountain at this time?

“What do you mean! You will soon find out!”

The old man said indifferently, and then with a wave of his palm instantly several red lights shot up into the sky, actually directly trapping those Third Dao Realm Demonic Beasts above the sky.

“Red apes! Eat them!”

The old man’s voice blandly said.

As soon as the words were spoken, instantly the entire Yaki Mountain actually shook, and everyone was shocked to see.

Atop the back mountain of Baki Mountain was actually a huge devil ape standing up, that devil ape’s body was burning with fire flames, its aura was monstrous even stronger than this old man in front of him.

“Star ..... Star realm!”

Feeling the fluctuation of this demonic ape’s aura, Prime’s entire face instantly went white.

Star realm! That was an extremely high level, the Three Dao Realm was only above the Extreme Dao Realm, and the Extreme Dao Realm was only above the Hundred Thousand Eight Hundred Thousand Realm, and only after the Hundred Thousand Eight Hundred Thousand Realm was the Star Realm!

This Red Ape had already crushed Prime by three realms, such a huge difference in strength, not to mention the Beast King’s army, even if there were ten more Beast King’s army, it wouldn’t be enough for him to stuff his teeth!

“Roar!”

The red ape roared up to the sky, and in the next moment, it directly swallowed all the magical beasts with one big hand.

The red ape then gave the old man another look before disappearing back into the mountain.

This scene made the surrounding people gag, especially Wang En and Qiu Mo, whose faces had completely changed.

Qiu Mo was fine, after all, his identity had not been completely exposed yet, but Wang En had completely wilted, there was still such a powerful red ape in Yaki Mountain, how could the Wanshou Mountain he relied on be a match for Yaki Mountain.

“It’s over! It’s over!”

Wang En sat down on his buttocks, his face ashen.

Wonder Doctor Chapter 1788

“Flop!”

Seeing his last reliance on the Beast King’s army being wiped out in an instant, Prime couldn’t hold back any longer, and he knelt down directly in submission, despair in his eyes.

“Forgive me! Spare me, I’ll give you the whole Wanshou Mountain, I just beg you to spare me!”

Prime was busy begging for mercy.

At this moment he was truly afraid, knowing that only now did he understand that it wasn't that Mount Yaki didn't have the strength to exterminate him, but that it didn't want to exterminate him at all.

"I can't make the decision on this!"

The old man looked at Prime, raised his hand and instantly slapped the latter's dantian only, only to hear a "bang" sound, Prime immediately spurted out a mouthful of blood, while the whole body's aura quickly withered.

"It was ..... He's been ruined!"

"My goodness, the old ancestor is really powerful!"

"Yes, a single slap has nullified Prime, this is really the end of Wanshou Mountain!"

The crowd of Baki Mountain elders within the formation looked shocked, this slap from the old man had not just ruined Prime Tian's dantian.

A strong man at the Third Dao Realm had actually been nullified just like that.

Feeling the true qi flowing out of his body, Prime Tian sat down on his butt in despair, his whole face ashen.

"I've become a wastrel now, can you let me go now!"

Prime lifted his head to look at the old man, despair in his eyes.

Things had come to the present point in Lin Ran's mind, this old man should let people go even if he was strong.

But who knew that the old man was not paying attention to Prime, instead, he suddenly turned around and knelt down directly towards Lin Ran.

"This ....."

Seeing this scene, everyone was immediately dumbfounded, even Lin Ran himself.

What was this? An old ancestor of the Li family, someone who even Li Xuan had to perform a grand salute when he saw him, actually knelt down towards himself.

"Brother Li Yi, why is your family's ancestor kneeling down for my brother!"

In the crowd, Han Seventh Year looked confused as his entire body looked on.

"I ..... I don't know all either!"

Li Yi was even more confused, that was the old ancestor! He hadn't seen the old ancestor's face since he was born.

It was hard to see it today, but who knew that his family's ancestor would actually kneel down right to this Lin Ran.

“Elder this cannot be allowed!”

Lin Ran said busily, but his entire body was struggling to stand there at this moment, let alone being said to go forward and help the old man up.

“Make it!”

The old man lowered his head and said with a trembling voice.

“Seniors!”

Lin Ran was a bit baffled, not knowing what medicine this old man’s gourd was selling by acting like this!

However, the next words of the old man caused Lin Ran’s entire body to be confused.

Only to hear the old man’s voice tremble as he said.

“If it wasn’t for you! Not just me, we would have died in that barren land! Boss! Don’t you recognize me! Don’t you recognise me?”

With those words the old man raised his head up, his eyes filled with tears as he looked straight at Lin Ran.

Lin Ran was also looking at him at this moment.

This old man’s hair and beard were all white, but there was not a single wrinkle on his face, Lin Ran just took a look at the whole person and froze.

“You ..... You are ..... You’re Li Ba!”

“It’s me! Boss!”

The old man stood up at once and hugged Lin Ran, his entire body couldn’t stop trembling as he cried.

“Haha! Haha!”

Lin Ran’s eyes were equally red at this moment, he shed two lines of tears, you are tears of joy, how could he not have expected that this Patkisan ancestor was actually Li Bach!

Li Ba! A junior disciple that Lin Ran had taken in Qionghua Mountain at the beginning, who had later followed him, when he was betrayed by Liu Feng to let the foreign devil capture him to the foreign devil domain.

Later, when the Nine-Winged Bat Dragon used the Arrow Tower to open the vortex to the Immortal Realm, Li Ba was trapped with Song Nuan and the others at that time on the Heavenly Stone Pillar only.

By mistake, along with the crowd, he also wandered into the void and later came to the Immortal Realm.

What Lin Ran hadn’t expected was that a thousand years had passed and even Li Ba had achieved what he had today, and even had his own offspring, the entire Li family of Baji City was afraid that they were all his descendants!

“Boss! I would have known you wouldn’t die, I’ve finally waited for you!”

Li Ba said excitedly.

“Yes! I’ve finally found you too, just how come you’ve all aged so much!”

Lin Ran laughed bitterly.

“Boss!”

Li Baba couldn’t help but laugh at his words as well.

“By the way boss,? Should we kill this Prime! When we first found out where Mount Wanshou was, we made a note of this place! Later I even settled here, just to eradicate them!”

“But Sister Nuan said she hoped that in the future you would personally exterminate this Ten Thousand Life Mountain, so I never did it!”

Li Ba said busily.

Lin Ran smiled at that and suddenly drifted off, thinking for a moment and said.

“Forget it, he’s already ruined by you, what’s the impact of killing him or not, just let him go!”

At this moment when he met up with Li Ba, he didn’t care about the Wanshou Mountain, what he cared about most was catching up with Li Ba and asking about Song Nuan and the others at the same time!

“Good!”

Li Ba smiled at his words and nodded, then rushed to Li Xuan and said.

“Arrange for someone to send him down the mountain!”

“Yes! Old Ancestor!”

Li Xuan nodded respectfully, followed by the stern aura that flashed across Li Baba’s eyes, and instantly understood.

Lin Ran was kind-hearted enough to let Prime go, but Li Baba would not.

He had lived in the Immortal World for a thousand years and had already seen through the deceitfulness and cruelty of the Immortal World.

But Li Ba would never let any enemy live that could threaten them, especially Lin Ran, even if Prime had become a wreck, it was still impossible!

For all this, Lin Ran naturally did not know, and at this moment, he was not interested in caring as he looked at Li Bajie.

“Old Ancestor Li, are we going to find a place to have a good chat?”

Hearing Lin Ran’s words, Li Bajie instantly laughed awkwardly.

“Boss! You’re flirting with me too!”

“Haha!”

Lin Ran laughed and patted Li Ba on the shoulder, looking at the old man looking Li Ba in front of him, Lin Ran always felt a little awkward.

“Boss, wait for a moment we’ll go to the back of the mountain to talk later, but there’s one more thing to settle before we leave!”

Li Baba said busily.

“O? What is it?”

Lin Ran smiled a little curious, Prime was all but ruined as well, and it was only a matter of time before they exterminated Wanshou Mountain, could there be something more serious than them catching up on old times!

“Boss! You’ve forgotten! Those people who just threatened to hand you over, I won’t spare any of them!”

Li Ba said seriously, a trace of killing intent clearly flashing in his eyes.

Hearing Li Ba’s words at this moment, many of the disciples of Baki Mountain panicked.

In particular, those who had just followed Wang En and Qiu Mo in agreement were all confused.

As for Wang En and Qiu Mo, there was even less to say, they were all frozen in place, their faces ashen.

How could they have ever imagined that Lin Ran actually knew the old ancestor of the Eight Qi Mountains, and by the looks of it that old ancestor was actually just a junior follower of Lin Ran!

“He ..... How could he be like this!”

Qiu Mo clenched her hands so tightly that her nails were embedded deep into her flesh, at this moment she had that regret in her heart.

If she had known that Lin Ran’s identity was so powerful, even if she had been rejected by Lin Ran in the first place she wouldn’t have broken up with him so completely.

Even if she had been one of Lin Ran’s maids, I am afraid that her status would have been much higher than that of ordinary people.

Unfortunately, it was already too late, from the moment she decided to start making an enemy of Lin Ran!

Wonder Doctor Chapter 1789

Li Ba led Lin Ran and with a wave of his hand, he had already removed the great sect protection formation of Baji Mountain, by now Li Xuan had personally led Prime out of the place, and as for how the latter turned out, naturally no one knew.

“You two come out!”

Li Ba was not polite, and after entering the Baji Mountain with Lin Ran, his palm pointed distantly, and instantly Wang En and Qiu Mo in the crowd were ripped straight back.

Both of them were pulled back from the crowd by an invisible force, and their faces instantly changed.

Wang En in particular was fine, Qiu Mo had only seconded him after all, whereas before he had directly stepped in to close the gap in the formation, causing Lin Ran to almost die directly at the hands of Prime.

“Old ancestor spare your life! Spare my life!”

Wang En was so frightened that he was busy kneeling on the ground, banging his head loudly.

She did not kneel down, nor did she speak as if this matter had nothing to do with her.

The latter was obviously trying to make an example of them, punishing those of them who had threatened to hand over Lin Ran.

They all looked at Li Ba at this moment, wanting to see how the Li family’s ancestor would actually punish Wang En and Qiu Mo, after all, they had also spoken up and agreed earlier, if Li Ba implicated them that would undoubtedly be a disaster of destruction for them.

“Old Ancestor spare my life, I’m also doing this for the good of Baji Mountain!”

Wang En was still kowtowing one after another, if he was facing Li Xuan at this moment he might not have been like this, but at this moment he was facing the Li family ancestor, a person who could easily crush him to death.

Before, he still had Wanshou Mountain as a retreat, but now that even Prime had been dethroned, who could he and count on?

“Clang clang!”

Suddenly, two sounds of metal hitting the ground came through, and the crowd all froze.

They saw that two long swords had appeared on the ground in front of Wang En and Qiu Mo at some point, and were sticking straight into the ground, with the swords continuously emitting the sound of sword chanting.

“You two can finish yourselves off!”

Li Ba looked at the two people with a bland voice, but his words were filled with a tone that could not be argued with, causing the two people to be dumbfounded by what they heard.

“Old ancestor! Old ancestor, you can’t! I’m also doing this for the sake of Yaki Mountain .....”

Wang En was busy speaking.

“You’re doing it for Yaki Mountain?”

Before Wang En could finish his words, he was directly interrupted by Li Ba.

“For the sake of Yaki Mountain what? A little danger and you have to hand over your fellow sect members? Or disobeying the orders of the sect leader and taking private action to close the formation in an attempt to trap fellow sect members to death outside?”

Li Ba's words were not loud, but each sentence seemed like an iron nail, poking Wang En straight to his heart.

"If it wasn't for the fact that you were a disciple of Baji Mountain, I would have fucking slapped you to death! How dare you backstab my brother! You're fucking tired of living too!"

"Weng!"

As soon as Li Ba's words fell, the surrounding crowd was immediately confused, and even those Li family elders were confused.

"Laozi brothers?"

They had heard these words so clearly that their hearts were shocked to the core.

Wasn't Lin Ran also a disciple of the Eight Qi Mountains? Since when did he become a brother of the old ancestor?

And looking at their ages, there must be a difference of over a thousand years between them, so how could they have become brothers!

"Old ancestor, although I was wrong to betray my fellow disciples before, but your reason is too ....."

Wang En said, it is obvious that he also does not believe Li Ba this saying, what your brother, have seen an old man and a kid who is more than a thousand years different to be a brother?

"Do I have to explain my matter to you?"

Li Ba looked at Wang En's voice indifferent, while his palm waved instantly the two long swords stuck on the ground flew directly to Wang En and Qiu Mo's hands.

"You have one minute, more than that I will do it myself!"

Li Ba said blandly.

"Elder ancestor!"

Wang En was dumbfounded at the words, daring to say that this was useless!

"Bam!"

Just as Wang En's words fell, suddenly the Qiu Mo next to him was throwing the long sword in his hand to the ground.

"Eh?"

Li Ba saw this and looked at Qiu Mo, with a morose killing intent in his eyes.

Qiu Mo couldn't help but take two steps back as he looked and gritted his teeth and said.

"On what grounds!"

"What on what basis?"

Li Ba looked at Qiu Mo with a bland face.

“I, Qiu Mo, also did it for the good of Yakiyama, why should we kill ourselves, if it wasn’t for the good of Yakiyama, I would have just not stood up at that time, why should we end up killing ourselves for the good of Yakiyama, just because we thought he did!”

Qiu Mo said and pointed at Lin Ran with anger and resentment in his eyes.

“My Yaki Mountain is a clan, handing over your fellow clan members in the face of great danger, you are doing this for the good of my Yaki Mountain? What kind of bullshit logic is that if your family was in danger, you would be able to hand over your brothers and sisters in order to live!”

Li Ba asked bellowing.

“!?”

Qiu Mo was instantly dumbfounded.

“I admit, it was my way and method that was wrong, but we all started from a good place, all for the sake of Yaki Mountain, why should we be executed, I don’t submit!”

Qiu Mo said angrily.

“You .....”

Li Ba was just about to speak up, but Lin Ran, who was on the side, patted him and said.

“Forget it people have their own choices, let her go, as for that Wang En it’s better to kill her!”

Lin Ran said indifferently.

“Boss! She was just .....”

Li Ba was obviously a bit unhappy, just now that Qiu Mo was also the main person who started the commotion, causing Lin Ran to almost die outside, at this time to let her go, Li Ba was absolutely unhappy in his heart.

Lin Ran, however, smiled blandly and said.

“She just moved her mouth and didn’t make a move, it’s better to let her go, in the end I don’t have any deep hatred with her!”

“But this Wang En really won’t do! It must be killed!”

He could spare Qiu Mo, that was because Qiu Mo didn’t make a move at the end, but Wang En had actually made a move and caused himself to be almost killed by Prime, Lin Ran didn’t like killing people, but it didn’t mean that he would pretend to be a good person when others were bullying him.

“This!”

Li Ba smiled and hesitated, he did not want to let this Qiu Mo go, just like Prime but anyone who targeted Lin Ran, he did not want to let go.

And just as he was pondering, suddenly there was another voice from the crowd.

“Qiu Mo cannot be let go!”

The crowd couldn't help but turn their heads to look over when they heard this voice, and when they saw that the one who spoke was actually Tian Hu, the crowd froze.

Especially Lin Ran, he could see Tian Hu's heart for Qiu Mo, at this moment Tian Hu actually said that he could not release Qiu Mo, which made Lin Ran's heart very surprised.

"Tian Hu what are you doing!"

When he saw Tian Hu stand up, Qiu Mo immediately panicked as well.

"I said I can't let you go! Other people don't know, but I know all about you and Wang En, if people like you have to be let go because of Brother Lin Ran's mercy, then wouldn't all the evil people in the whole world be acquitted!"

"Tian Hu what are you talking about!"

Qiu Mo was instantly furious at his words.

Wonder Doctor Chapter 1790

"I'm bullshitting? Wait until I tell you all about you and Wang En, then you'll know if I'm talking nonsense!"

Tian Hu said blandly.

Qiu Mo's heart went half cold when he smiled.

"Tianhu stop it! Don't you like me, you go back to me Qiu Mo to be your woman!"

If Tianhu really knew the truth, she wouldn't be able to live today no matter what!

"Be my woman?"

Tian Hu laughed at his words.

"Haha! Qiumo ah Qiumo! I like you, but you have a bottom line! You have touched my bottom line with your behaviour! I'm sorry, I have no choice but to tell you all the truth about what happened!"

"Tianhu!"

Qiu Mo's whole body trembled at his words.

And the crowd on the side was listening to the clouds, what is the truth of the matter? Was there something else that even they didn't know?

"What the hell is going on?"

Li Ba looked with furrowed brows and opened his mouth to scold.

On the side, Lin Ran also listened with a slightly ugly face, listening to Tian Hu's words, it seemed that Qiu Mo and Wang En still had something to hide from themselves, could it be that it was while they were still in the mine pit?

“Brother Lin Ran, I’m sorry! At first, I didn’t want to tell this matter out, after all, you know how I feel about Qiu Mo! It’s just that now I don’t want to hide it anymore!”

Tian Hu turned his head to look at Lin Ran and said.

“Was it at the mine pit?”

Lin Ran asked rhetorically.

Tian Hu nodded, and Li Yuan, who was at the side, couldn’t help but frown slightly at the situation, vaguely guessing something!

“At that time in the mine pit, everyone still knows about that farce between Qiu Mo and Brother Lin Ran!”

Tian Hu looked towards the crowd and spoke.

“Tian Hu!”

Qiu Mo said angrily when she heard this.

However, Tian Hu ignored her and turned to continue.

“What I said happened right after this .....

Said Tian Hu and recounted it.

After saying that Qiu Mo had done that kind of nasty thing under Wang En’s coercion, Qiu Mo’s whole person was dumbfounded, she stood in the same place looking at Tian Hu in a daze, her whole head was blank.

The whole person’s head was blank. Tianhu, however, did not stop to tell the whole story in one breath.

When the crowd heard that Qiu Mo and Wang En were actually conspiring against Lin Ran, they were all furious, this was already the act of a traitor.

“Good! I never thought that such traitors would appear in my Baki Mountain, do you two still have something to say about today’s incident!”

Li Ba looked at Wang En and Qiu Mo with icy coldness in his eyes.

Lin Ran’s face also turned very ugly after hearing these things, he stood by the side without saying a word just staring at the two with a deadly gaze.

To be honest, Lin Ran only had disgust for Qiu Mo, but not ruthlessness, after all, what happened at the beginning had already passed, and Lin Ran did not want to dwell too much on such issues.

But how could he have imagined that this woman in front of him was indeed so ruthless that she would go so far as to sell her body against her just because she had rejected her?

This kind of person made him feel terrified, and at the same time his knowledge of the Immortal Realm deepened by a few points. A long time ago he had heard from his pillow book that strength was paramount in the Immortal Realm.

But he really didn't expect that a woman would actually care so little about herself in order to climb up to someone of great strength, and even to have such a dirty deal in order to take revenge.

"I'm tired! Go wait for you at the front first!"

Lin Ran really didn't want to look any further, and he wasn't even willing to look at Qiu Mo more than once at this point.

He patted Li Ba's shoulder and turned towards the square in front of him, he was already too lazy to care about how things would actually go here.

And he believed that Li Ba would take care of that.

Li Ba didn't say much, Lin Ran had only just awakened not long ago after all, he could tell just from this strength alone, and for sure Lin Ran hadn't adapted to the world of people in the Immortal World either.

But when he experienced more of this kind of thing, I think he would gradually get over it.

"Let's do it! It's time too!"

Li Ba looked at Wang En and the two of them, and there was no hint of negotiation in his words.

Wang En and Qiu Mo both had despair in their eyes, the two of them were completely finished as things had developed to the present point.

There was not even the slightest possibility of struggle.

Their faces were filled with despair as they slowly picked up the long sword from the ground.

"Old ancestor! Can't you just give us a chance? Even if it means being a cow or a horse!"

Wang En looked at Li Ba, there was a plea in his eyes, he really did not want to die.

"Do it!"

Li Ba glared at Wang En and chided in a cold voice, at the same time, he had already turned his body sideways and stopped looking at them.

"You!"

Seeing Li Ba's attitude, Wang En's heart completely went cold as he slowly raised his longsword and moved it towards his neck.

But just when everyone thought he would kill himself, suddenly a cold aura flashed under Wang En's eyes, and the longsword in his hand turned towards Li Ba's neck.

"Be careful!"

"Old ancestor!"

The group of elders were all startled at the sight of this scene.

However, Li Ba was standing in place without moving, allowing the long sword to slice directly across his neck.

“Elder ancestor!”

Everyone held their breath at this moment, as they all looked at Li Baba with worry in their eyes.

“Whoosh!”

The longsword crossed Li Ba’s neck in an instant, but then everyone was confused, only to see that the longsword had passed through Li Ba’s neck out of thin air, and not only did it not stop, it accelerated towards Wang En.

The speed of the longsword exploded so fast that even before Wang En could react, his whole body instantly froze, and the longsword had already cut deeply through his neck.

Blood instantly spurted out and spilled all over the ground, and only then did Li Ba slowly turn around, from beginning to end his speed was so fast that no one was even sure how he did it!

“What about you? Do you want me to do it too?”

Li Ba looked at Qiu Mo.

There was despair in Qiu Mo’s eyes as she slowly raised her longsword and instantly slashed towards her neck.

Just a moment after the longsword in her hand slashed across her neck, she angrily said.

“I hate you all!”

In the next moment, the beautiful disciple of Baki Mountain died in fragrance.

Li Ba did not bother to look at Qiu Mo, but only turned to look at the others at the back and said in a deep voice.

“Those disciples who previously seconded the idea of handing over Lin Ran, consciously go to the back of the mountain and face the wall for five years! Anyone who disobeys will be directly expelled from Mount Baqi!”

After saying that, Li Ba no longer stopped and turned towards Lin Ran, then the two of them rushed off into the sky and headed straight for the back mountain of Baki Mountain.

“Clean up the battlefield!”

Li Xuan had already returned by now and shouted when he saw this.

Those disciples who had been punished walked towards the back of the mountain with their heads hanging in despair, obviously going to face the wall to think about their mistakes.

And some of the elders and guest ministers were also ready to set about disposing of Wang En and Qiu Mo’s corpses.

“Sect Leader, let me do it!”

Tian Hu found Li Xuan with red eyes and offered to bury the two with his own hands!

Seeing that he was emotionally unstable, Li Xuan didn't say anything and waved his hand for the bodies to be handed over to him.

Tianhu took the two bodies into his spatial ring, and then walked towards the outside of Baki Mountain, with despair in his eyes.
