Wonder Doctor Chapter 1791

Mount Yaki is surrounded by mountains on three sides, with the front facing Yaki Castle, while on the side, at the foot of the ring of mountains, there is a deep ravine.

Hardly anyone comes here on weekdays, as it is so remote and there is no road to the outside world, so it is off the beaten track all year round.

Tianhu took Wang En and Qiu Mo's corpses and went straight to the gully. He took Wang En's corpse out with his backhand and dropped it into the gully below, paying no attention to it.

But strangely enough he did not drop Qiu Mo down as well, instead he turned and ran towards a small peak close to Baki Mountain.

This peak was also very remote, but Tianhu had brought Qiu Mo here once before, along with some other disciples at the time, so they were the only ones who knew that this peak was only beautiful.

Everyone thought that Tian Hu was too sad because of Qiu Mo's death, so he took her towards making the mountain peak, and all of them didn't think much of it.

However, when Tianhu really brought Qiu Mo to this mountain peak, a strange thing appeared.

Halfway up the mountain peak, Tianhu found a lake of water, and he quickly split a cave in the rock wall beside the lake.

And then he took Qiu Mo's body inside.

There was nothing in the cave, so Tianhu himself used his sword to split a stone bed and put Qiu Mo's corpse on it.

Standing by the bed, Tianhu quietly looked at Qiu Mo, whose face was pale and bloodless, and slowly he took out a pendant from his pocket!

The pendant was black in colour, but Tianhu held it in his hand and watched as Qiu Mo's whole body trembled.

He didn't say a word, but slowly took the pendant off, and then he pointed his finger at it.

The cracks spread rapidly and in a few moments the pendant was completely covered, followed by a "bang", the black layer on the outside of the pendant fell out of thin air.

At the same time, it revealed a piece of turquoise jade inside.

Tianhu couldn't stop trembling as he held the piece, but he soon calmed down.

He carefully took the turquoise piece and quickly went to Qiu Mo, then put it into his mouth!

After doing all this, Tianhu then took a long breath of relief, he took out a pen and paper and left a letter, and finally placed it in Qiu Mo's hand.

Standing by the bed, Tian Hu looked at Qiu Mo quietly, there was no resentment in his eyes at this moment, there was only tenderness.

“That’s all I can do, I hope you won’t let down my last love for you!”

Tianhu said and gently kissed Qiu Mo on the forehead, then turned around and left the place.

The entrance to the cave was not sealed and was left open.

Tianhu also quickly left the place.

However, not long after he left, the Qiu Mo within the cave began to change.

The wound on her neck was healing rapidly, and a wisp of blood appeared on her already pale face.

After an unknown period of time, Qiu Mo’s palm moved violently and her eyes opened.

It took a few moments before she remembered what had happened before she fell unconscious.

She quickly found the envelope in her hand and opened it up.

Inside the envelope were a few lines scribbled in writing!

“I saved you by using the only thing my parents left me, the Green Bishop’s Stone, which is an extremely precious herb that can bring a newly dead person back to life!”

“This is the only thing I can give you, I hope you live well and leave Yaki City! Go outside, maybe outside you can find the happiness you want!”

“I really like you, but the deeper I love you, the more humble I am, I’m really tired!”

“I wish you happiness! Tianhu stay!”

Seeing these words, Qiu Mo couldn’t help but have his eyes redden a little.

After all, there are only a few people who are hard-hearted, and when they see Tianhu’s sincerity towards them, even if they are hard-hearted, they can’t help but feel a little moved.

“Unfortunately, there’s no going back!”

Qiu Mo wiped away his tears, and there was an icy coldness in his eyes.

“Since you saved me, then I have to start all over again! Wang En won’t work! Someone will always be able to, you’re right I’m leaving! I’m going to find someone who can kill Lin Ran!”

“I want the day to come when Lin Ran will fall at my feet and beg for mercy! It’s all because of him he’s the one who ruined everything for me, and even more so for me to be spoiled by Wang En!”

“Everything that happened, I will never forget! I will take my revenge!”

Qiu Mo muttered to herself, the fierce light in her eyes growing stronger and stronger.

Suddenly the letter in her hand burst into smoke out of thin air and followed by burning.

Qiu Mo threw the envelope to the ground, checked her body and saw that there was nothing wrong, then she got up and left the cave.

She washed the blood off her body at the lake, then took off her Yaki Mountain disciple's clothes and changed into something else.

Finally, she turned her head and looked heavily in the direction of Baki Mountain, a cold aura in her eyes.

"Lin Ran! You wait for me! I, Qiu Mo, will make you like an ant in this life!"

After saying that, Qiu Mo turned around and walked towards the mountain range in front of him, not even looking back once.

Some people are like that, they don't know how to cherish the love of others and live in their hatred forever, and Qiu Mo is obviously such a person.

Instead of waking her up, Tianhu's sincere heart gave her another chance to make a comeback!

But can she really get what she wants? Can Lin Ran really be trampled under her feet?

I can only say one word, difficult!

.....

At this time, it was in Yaki Mountain.

In the back of Mount Yaki, there was this huge natural cave.

The cave is located on a cliff and is as big as a natural cave.

The red apes that live in the back of the mountain usually rest here.

Unless Yaki Mountain encountered great danger, the red apes would never make a move!

At this moment, Lin Ran and Li Ba were sitting not far from this huge red ape, with a table in front of them, full of wine, and were having a good conversation.

With a glass of wine down, Lin Ran immediately asked the most pressing question in his mind.

"Li Ba, do you have any news of Song Nuan and the girls!"

Li Ba was stunned at his words, and then looked around, looking wary.

A moment later Li Ba waved his palm and there was actually a formation that enveloped the entire cave, and only then did he say.

"Boss to be honest, right now Sister Song Nuan and the girls are all around Immortal Emperor City, and they are all high ranking people under the Immortal Emperor!"

"I know about this, I want to know how they are doing now!"

Lin Ran asked.

Li Ba smiled but shook his head helplessly and said.

“How can I answer that, it’s good or bad, so many years have passed, so many of us came to the Immortal Realm in the first place, from what I understand I’m afraid I’m the only one who’s living a more comfortable life!”

Wonder Doctor Chapter 1792

“You’re the only one who’s having a more comfortable time?”

Lin Ran couldn’t help but be stunned at his words, not quite understanding Li Ba’s meaning.

Li Ba saw this and said with a sigh.

“Wolf Ba and Yu Chang have not been heard from, they should have gone out on a trip, while the three Leng Zhan followed Ling Sa and Long Ya to the Anti-Alliance, and have not been heard from since!”

“The only ones I keep in touch with now are Sister Song Nuan and the four of them, and as for Wang Yifeng and Xiao Cui, I don’t know where they’ve gone!”

“Ao! Right there’s also Yue Bei Shan, this guy has disappeared too!”

Said Li Ba, who couldn’t help but take a sip of mulled wine, looking helpless.

“Don’t know where he’s gone? Have you guys not been in contact for so many years?”

Lin Ran asked in amazement.

Li Bashi shook his head at his words and then said.

“When the Pillow Book found Sister Song Nuan and the four of them, as well as Ling Sa and Long Ya before they left, the six women and the Pillow Book seemed to have decided some things, things that none of us knew about!”

“But these things seemed to be important, so then the crowd split up into Yang Dart, Ling Sa and Long Ya took the three Cold Rollers to the Anti-Alliance, and Sister Song Nuan and the four of them came to Immortal Emperor City!”

“I didn’t believe you were dead at the time, and then after discussing with Sister Song Nuan and the four of them, I settled in this Baki City!”

“Then we would go to the Beast King Domain every hundred years to see you, but it was only Sister Song Nuan, the four of them, and me! Everyone else I never saw again!”

“But Kiki once said that they should still be in contact with Ling Sa! But I don’t know the details anymore!”

Lin Ran froze as he listened, he had slept for a thousand years, not expecting that everything would be different after he woke up.

Now that he had managed to find Li Ba, it turned out that what he learned wasn’t really much more.

“By the way, what’s going on with the Luo Ran Merchant Firm? Is the boss behind the scenes Kiki or not?”

Lin Ran was busy asking this question, which had really bothered him for a long time.

Zhen Yan said that it was Luo Qiqi, but the people of Luo Ran Merchant Firm were all saying that they had never heard of this name, and now that he had found Li Ba he was finally able to know the truth!

Li Ba sighed at his words, and then said.

“The Luo Ran Merchant Company was naturally started by Qiqi, but she is not called Qiqi now, in other words the four Song Nuan sisters all changed their names after they decided to enter Immortal Emperor City! They all don’t go by their previous names anymore!”

“For example, Kiki, her name to the public now is Luo Yi!”

“Luo Yi?”

Lin Ran was stunned at his words, no wonder when he had talked to Luo Lue about Luo Qiqi earlier the latter had said that he didn’t know her and suspected that he was here to climb the ladder.

It turned out that Qiqi Jing had changed her name to Luo Yi!

“What about Song Nuan and the girls? What are they all called?”

Lin Ran asked busily.

Li Baba thought for a moment and said.

“Sister Song Nuan is now known as Song Yushang to the public, because of her cultivation technique, others used to call her Phoenix Fairy!”

“Phoenix Fairy?”

Lin Ran couldn’t help but be stunned at his words, could it be that Song Nuan’s cultivation technique was related to the Phoenix? How come she was still called Phoenix Fairy!

“What about the others?”

Lin Ran asked again.

“Qin Bing is known externally as Qin Han, she’s also the one who has changed the most, ever since she woke up and saw you like that, she’s completely become the same as her name, cold as ice!”

“Sister Qin Bing is also now the head teacher of a very powerful sect near Immortal Emperor City, she is skilled in medicine and now she has even become an alchemist!”

Li Ba introduced.

“Alchemist?”

Lin Ran was stunned at his words, but then he was relieved, indeed Qin Bing’s medical skills weren’t much worse than his own, so it was only natural that he chose to become an alchemist.

“As for Qiqi you know all about it, her focus is all on this Luo Ran Merchant Firm!”

Li Ba said, while his face clearly became a bit unattractive for a few moments.

“What’s wrong?”

Lin Ran saw this and busily asked.

“Could it be that something has happened to Su Rou?”

Li Ba didn’t say anything when he heard that, but he nodded his head.

“Sister Su Rou’s talent is the strongest, when the four of them entered Immortal Emperor City, the first one to show her head was Sister Su Rou, Sister Su Rou is extremely talented and strong, but

“But how?”

Lin Ran asked, his fists unconsciously clenching a few points.

He knew Su Rou’s situation best, this girl was a person of heavenly destiny, there was a very powerful aura hidden within her body, once it exploded powerful beyond compare.

When he was on Earth, even when he was facing the Fey Demon and the Nine-Winged Bat Dragon, Lin Ran did not want her to fight, but now that he was in the Immortal World, he thought that her Heavenly Fate physique had finally begun to show its edge.

But according to reason, such a Su Rou should be the pride of the heavens that everyone envied, but how could Li Ba still say that something had happened to her? What had happened?

“Because Sister Su Rou’s natural talent is so outstanding, the Immortal Emperor’s side has been desperately trying to pull her in, even going so far as to set up a marriage contract between Sister Su Rou and someone from the Immortal Emperor’s lineage!”

“But Sister Su Rou never agreed!”

Li Ba said.

“Could it be that something happened just because she didn’t agree to the marriage contract set by the Immortal Emperor’s lineage?”

Lin Ran’s face looked ugly at his words.

“No!”

Li Ba shook his head before saying.

“The Immortal Emperor’s lineage is now the actual controller of the Immortal Realm after all, they also want to save face, they wouldn’t dare to act recklessly even if Sister Su Rou didn’t agree, but the fault lies in the fact that Sister Su Rou gave them the opportunity! Let them find an excuse to strike!”

Li Ba said and couldn’t help but sigh, taking another sip of wine before saying.

“That must have been three hundred years ago, at that time, Sister Su Rou’s strength was already as weak as that of an Immortal Emperor, and when the Immortal Emperor’s lineage saw that they couldn’t bring Sister Su Rou in, they decided to suppress Sister Su Rou and her power!”

“But there was never any chance! But then suddenly one day Sister Su Rou was discovered to have broken into the Immortal Emperor’s chambers at night, and was discovered by the then Lord of the chambers, who is now the Immortal Emperor!”

“In a fit of rage, the Immortal Emperor directly suppressed Sister Su Rou in the Thousand Chance Tower, where she has remained until now!”

“The Thousand Opportunities Tower?”

Lin Ran’s face instantly turned ugly when he heard that, three hundred years! A full three hundred years! Su Rou had actually been trapped in this Thousand Machines Tower for three hundred years!

“Sister Su Rou is so powerful and beautiful that outsiders now call her Fairy Su!”

“It’s just a pity that after so many years, there are very few people who still remember her!”

Li Ba said helplessly.

“Didn’t Song Nuan and the girls ever think of a way to save Su Rou?”

Lin Ran frowned and asked, with the current status of Song Nuan and Qin Bing, it was a bit troublesome to save Su Rou, but it should not be a difficult task, which puzzled him.

Li Bashi smiled bitterly but helplessly and said.

“It’s not that they don’t want to save, but they don’t have the means to do so! You remember what I said, the pillow book and the six of them seem to have decided on something!”

“And what they are going to do is very mysterious, so I don’t know, but Kiki once told me that they also want to save Su Rou, but they can’t!”

Saying this, Li Ba looked at Lin Ran and said.

“Boss, although I don’t know exactly what they want, I can vaguely guess that they must be planning something big!”

“Something so big that they don’t dare to use their real names, and even in Immortal Emperor City they can only pretend to be friends they just met, rather than people they already know! Can you understand what I mean?”

Lin Ran nodded at his words, the doubts in his heart sprouting up like rain.

Wonder Doctor Chapter 1793

What exactly did Song Nuan and the others discuss with the Pillow Book?

Why did they split up and go to the Anti-Alliance as well as Immortal Emperor City separately?

And why didn’t they tell Li Ba and the others, even looking at the situation even Yu Chang didn’t know!

And where had Wang Yifeng and Xiao Cui gone?

These thoughts were like a needle in Lin Ran’s heart, making him unable to figure them out.

From what Lin Ran had already grasped, Song Nuan and the others must have been planning something, otherwise they wouldn't have had to change their names to show themselves.

They even had to pretend that they had all just met each other or even didn't know each other!

If there wasn't some huge conspiracy going on, this would definitely not be the case.

It was just that the secrets hidden in these matters were still unknown even to Li Ba, let alone Lin Ran who had just awakened.

"Boss! If Qiqi and the girls knew that you had woken up, they would definitely be very happy!"

Li Ba laughed excitedly from the side.

Lin Ran nodded at his words and then asked.

"Do you have any way to reach her?"

"No!"

Li Bajie said helplessly.

"We also only see each other after the meetings where we go to the Beast King Domain together every hundred years, and most of the other times even if I have something for her, I go to the Luo Ran Trading Firm to pass on the news!"

"Moreover, I can sense that they are all hiding very deeply, as if they are afraid of being detected, so normally I don't look for them either!"

Speaking here, Li Ba continued as he scratched his head somewhat helplessly.

"But if you really want to go looking for them, there's not no way!"

"What solution?"

Lin Ran asked busily.

"It's simple, we'll go directly to the nearby King City and then go directly to Immortal Emperor City through the King City's teleportation array, so we can find them!"

Li Ba laughed and said.

Lin Ran smiled but frowned slightly and shook his head.

"No way! As much as I want to go and find them, after what you've said, if they really have something planned, I'm afraid that if I show up rashly, I'll mess them up!"

"Then boss,? What are you going to do?"

Li Ba asked busily, while not waiting for Lin Ran to speak before taking a stand.

"Boss I can say in advance, I must follow you wherever you go this time, I've been suffocating in this Baji Mountain for almost a thousand years, I've long been going crazy!"

"You?"

Lin Ran smiled a little speechless.

“If you leave with me, what about your family and children?”

“Don’t worry about them, there’s still the Red Ape here! This red ape was given to me by Qiqi, this time I’m going with you, leaving it behind to watch over the family is definitely enough!”

Li Ba laughed.

Lin Ran smiled and looked at the red ape on the side awkwardly, he always felt that this guy was being underused.

But since it was given to Li Ba by Luo Qiqi, he naturally wouldn’t ask too much about it said.

“You just arrange it, I don’t really care!”

“That’s fine!”

Li Ba smiled at his words.

“By the way boss where are you going to go?”

“I don’t know yet, but I’ll probably go find an okay sect to worship and train with first!”

Lin Ran said.

He had indeed been considering this idea for a long time, he used to have a pillow side book to guide him in his cultivation when he was back home.

But now that the Pillow Book had left, and Qing Zi didn’t know how to cultivate, so finding a sect to worship was the best option to improve Lin Ran’s strength as soon as possible.

“Paying homage to a master? That’s fine, among the Immortal Emperor City and those king cities where the previous emperor sat down, there are no shortage of powerful sects, for example, the one that Sister Su Rou worshipped was a power in the East Flag City that our East Chess King was in charge of!”

“It’s just a pity that because of Sister Su Rou, this power has now fallen into decline!”

Li Ba said.

“But honestly, if you find Qiqi and the girls directly, they can definitely find you the best master to cultivate with! The cultivation resources would definitely be better too!”

Lin Ran nodded at his words and said.

“You’re right too, except also you said they might have something important, and my current strength won’t help much at all even if I find them, so I might as well find a sect to improve my strength first! I’ll find them later!”

“That’s fine!”

Li Ba nodded with a smile.

“Then Boss, when are we going to leave, since you’ve decided why don’t we leave for East Flag City tomorrow?”

“Are you in such a hurry?”

Seeing Li Baba suggest that he was going to move tomorrow, Lin Ran couldn’t help but feel a little helpless.

“I’m suffocating to death, after living in one place for a thousand years, you wouldn’t know that feeling!”

Li Ba said.

Lin Ran smiled helplessly at this, he indeed didn’t understand, although he had slept for a thousand years, but that was after all a slumber, Li Baba had literally stayed in this Baji Mountain for a thousand years!

“All right, I don’t mind, you just settle down, we can leave anytime!”

Lin Ran said.

“Tomorrow then!”

Li Ba said at once.

“By the way boss, I see that your current strength should be at the Heavenly Mansion realm, it seems like the Dao of Healing has been abandoned in this Immortal Realm and no one is practicing it, so I think your strength is such that there is no way to use the Dao Seed of Healing!”

Lin Ran didn’t deny it either and nodded.

“Good! Then I’ll go check the information and see if there’s one in East Flag City that’s best for Heavenly Mansion realm cultivators! Right boss, so do you cultivate any other dao?”

Li Ba asked.

“The Sword Dao and the Thunderbolt Dao!”

Lin Ran said.

Li Baba pondered for a moment at his words, and then said.

“There really is another Dao of Sword and Lightning in East Flag City, I’ll tell you more about it when the time comes, I have another place to take you to Boss!”

Li Ba said and got up busily towards the inside of the cave and walked over.

“What place?”

Lin Ran asked, puzzled by the situation.

Li Baba, however, said with a heated smile.

“I found it unintentionally, I forgot about it because you didn’t say you were practicing the Sword Dao, but if you are practicing the Sword Dao you can go and take a look, it might also inspire you! I practice the Flame Dao, and I’ve benefited a lot from that place!”

The Flame Dao could also benefit?

Lin Ran couldn’t help but be curious when he heard that, what exactly was the place?

Following Li Ba, a cliff soon appeared in front of Lin Ran.

It turned out that there was something else inside this cave, just a few dozen metres inwards, and the cliff became a cliff in front of it, while in front of the cliff was a huge mountain wall connected to the mountain overhead.

It was as if a rift had been carved out inside a cave.

And as soon as he arrived, Lin Ran understood what Li Ba meant.

Only to see that on the opposite side of the cliff, there were actually countless sword marks densely distributed, some of these sword marks were harsh, some were fierce, and some were ebullient, almost every type of card!

Just looking at these sword marks, Lin Ran’s heart could not help but feel a tinge of horror, he could even imagine how strong the person who had left these sword marks must be.

Each strand of those sword marks seemed to tell a different story, making it impossible to look away!

“Back when I was cultivating the Flame Way, I used to watch these sword marks, which made my Flame Way today carry an attacking aura!”

Li Ba said with a smile.

“Boss, since you cultivate the Sword Dao, these sword marks must be very useful to you!”

Wonder Doctor Chapter 1794

“Hm!”

Lin Ran nodded, in fact at this moment his gaze had been drawn to the attention of these sword marks in front of him.

Li Ba saw this and could not help but smile, then he did not speak and quietly retreated to the back, soon he saw that Lin Ran had done so on his knees in the direction of these sword marks, seemingly having entered some sort of special state.

“Boss’s talent is truly remarkable!”

Li Ba couldn’t help but sigh in his heart, thinking that he had also sat here to gain enlightenment back then, but it had ended up taking him a full month to gain some insight.

Although he cultivated the Fire Flame Dao, which was somewhat different from the Sword Dao, but it took him a month to gain enlightenment, so his qualifications could only be considered average.

“Keep an eye on him! Anyone else go in and disturb his cultivation!”

Li Ba instructed the red ape before leaving the cave.

The latter nodded in understanding, and then his huge body blocked directly in front of the cave.

Lin Ran was naturally unaware of Li Ba’s arrangement, for at this moment, he had completely fallen into a wondrous state.

His eyes were closed and he was facing the rock wall in front of him, but although his eyes were closed at this moment, there were countless sword marks drifting in his mind.

These sword marks were either slashing, slashing or picking, with a thousand different sword strokes of varying power and aura, as if each sword mark was left by a cultivator.

However, Lin Ran knew clearly that although these sword strokes were endlessly varied, the aura itself came from a single person, which meant that each sword stroke left by this person here was different.

It was as if he was showing others how profound and proficient his understanding of the sword dao was!

“These sword strokes may look patchy, but each sword contains a completely different variation, they are truly mysterious and unpredictable!”

Lin Ran whispered softly to himself, seeing these sword moves in his mind at this moment, he truly understood how ratty his previous understanding of the Dao of the Sword was!

His previous self was like walking on a one-way wooden bridge, but what lay before him now was a huge avenue of prosperity, and the shock from both made Lin Ran’s entire heart tremble.

“Go and try it!”

Lin Ran was so captivated by these sword strokes that his entire being couldn’t help but put himself in their place, thinking about being an opponent of this former great power, and whether he would be able to block it when he faced this sword stance in front of him!

“Whoosh!”

Lin Ran’s mind had merely just started, and instantly the wisp of a sword move in his mind actually slashed right towards Lin Ran.

“How subtle!”

Lin Ran instantly exclaimed in shock as he quickly swung his Frost Condensation Sword with both hands to parry it, but the next moment he realized that the defensive sword dao he had just enlightened himself with was actually full of loopholes in front of this sword of his opponent!

“Bang!”

In just one glance, in an instant, Lin Ran’s defensive sword dao was directly broken!

“What a bizarre sword technique, a complete suppression of skill rather than strength!”

Lin Ran's heart was mixed with surprise, shocked that his opponent's sword moves had broken his defenses in such a terrifying instant, and delighted that these sword moves seemed to be able to be used repeatedly so that he could use them to perfect his sword moves.

"Onward!"

Lin Ran was so surprised that he immediately continued to mobilize his strength to resist these sword moves without any nonsense.

Failure, failure, failure

Amidst the endless failures, Lin Ran gradually began to catch a ray of inspiration as he continued to improve his defensive sword dao, constantly engaging with these sword moves, his entire being immersed in them.

.....

On the other hand, far outside of Yaki City, a huge airship was moving at full speed, and on top of it was hanging a huge flag with the word "Lin" written on it.

"Miss! We'll be within the boundaries of Yaki City by noon tomorrow, and we'll reach Beast Hunt City by afternoon!"

One of the guards came over and said.

Every time they came to Beast Hunt City in the past, their lady would have a short stopover in Yaki City, so naturally they had to come over and remind them at this point!

Roy had a veil on her face and her expression was bland.

"No need to stop, rush to Hunters City at full speed!"

"Yes!"

The guards were busy retreating at the words.

Roy was looking at the direction of Yaki City with a trace of despondency between his brows.

"We haven't seen each other for so many years, and I wonder how Li Ba is doing! We still can't delay Lin Ran's appearance this time!"

Roy thought to herself.

Lin Ran was very important to her, so she didn't want to waste any time at all at this moment, and getting to Beast Hunt City as soon as possible was the most important thing.

.....

At this time, outside of Baki City, a dozen figures had already risen into the sky, they had come down from Baki Mountain and only stayed briefly in Baki City before rushing to Wanshou Mountain outside of Baki City!

These people were naturally the elders and the guests sent by Baki City, as there was no need for Mount Wanshou to exist now that Prime was dead!

Li Ba decided to leave with Lin Ran the next day, there was a lot of things destined to be cleared up and changed tonight!

Although he would leave behind the Red Devil to protect the Li family in Yaki City, the Wanshou Mountain had to be eradicated as soon as possible!

This was very clear in Li Ba's mind.

This Li family of Yaki City was his descendant in any case, and he would naturally not leave behind Wanshou Mountain, his enemy's lair, if he were to leave.

After all, who knew if a second Prime would appear years later! By then there was no guarantee that someone would not appear to threaten his Li family if he wasn't in Yaki City!

Tonight was destined to be an uneventful night, except that it was a very fruitful one for Lin Ran.

When the early morning sunlight poured through the cave entrance, Lin Ran finally opened his eyes slowly.

But when he opened his eyes, there was clearly a wisp of sword aura flickering in the depths of his eyes.

The sword aura in his eyes was secretive and unpredictable, while at the same time it was incomparably sharp and calm.

"Go!"

Lin Ran suddenly raised his hands violently, and in an instant, two sword strokes emerged out of thin air above his two palms.

One of these two sword strokes was incomparably sharp, like a sharp blade from the nine heavens, while the other was secretive and mysterious, constantly emitting a pattern similar to that of a tortoise armour on his hands.

These two sword strokes were clearly one attacking and one defending, two completely opposing sword dao sensations.

"After a full night of enlightenment, I have comprehended all the mysteries of this sword move.

Lin Ran instantly threw the two sword strokes in his hand away with a thought.

The two sword stances instantly clashed in mid-air as soon as they were released.

One attacked and the other defended, a feeling that reminded Lin Ran of the saying "Self-contradiction!"

"I wonder who is stronger, my spear or my shield!"

Lin Ran's heart was filled with anticipation, and soon the two sword strokes in the sky had already separated into a winner and a loser.

Under the constant clash, Lin Ran found that the one left to the end was actually a defensive sword move!

“It seems that nowadays my defensive sword dao is even stronger than my attacking sword dao!”

Lin Ran thought to himself, but was relieved that he had spent almost half of the night perfecting his defensive sword dao!

Compared to that, the time he spent on his attacking sword dao was actually a bit less.

Wonder Doctor Chapter 1795

It was not that Lin Ran was generous to one another, but after this encounter with Prime he had understood a very profound truth.

One could only have hope if one lived, if one couldn't even block a defence how could one talk about attacking?

What attack is the most powerful defence, that is when the two are absolutely balanced in strength.

And along the way, Lin Ran found that the greatest threat to himself was still those who were stronger than himself, and when facing these people, the so-called offense was a joke.

Only if one's defence was strong enough could one buy oneself more time to survive and change the situation of certain death!

So it could be said that Lin Ran's pursuit of defence nowadays was far greater than attack! After all, if you can't even live, how can you talk about attacking!

Standing up from the ground, Lin Ran had a hint of satisfaction in his heart, as he was now completely sure of his defensive sword dao.

He believed that if he were to go through the Thunder Dao pearl again at this point, he would be very sure that he would be able to break through the third level!

But at this point, Lin Ran was in no hurry, for even if he went through the third level immediately, he still wouldn't be able to inherit the Thunder Dao's legacy and would still have to help Lei to complete one more thing.

But today was the day that he and Li Ba had to leave, so he could not delay.

As he thought about it, Lin Ran left the cave at a fast pace, and as soon as he stepped out of the cave, he saw three figures.

The leader of the group was Li Ba, and next to him stood Li Xuan, the head of the sect, and Li Nian, the head of the Baki City family.

“Boss you've finally come out, I thought you still had to cultivate for days!”

Seeing Lin Ran come out, Li Ba looked very excited, obviously knowing that he could move to leave today.

“Your hair!”

Lin Ran was stunned to see Li Ba's appearance at this moment, yesterday when he saw him this guy's hair and beard were all white, how could it be that after only one night this guy's hair and beard had actually turned black!

"Can you dye your hair in this immortal world too?"

Lin Ran asked in amazement.

"Boss don't be ridiculous, my strength is already fully able to control my face, before it was lazy to mess with it, since I'm leaving with you, this dressing up naturally younger!"

Li Ba laughed.

On the side, Li Nian and Li Xuan smiled but they were a bit tearful, was this still their old ancestor? He used to be basically invisible even when he smiled, but now he was living like a little follower in front of Lin Ran!

"Alright, when are we leaving?"

Lin Ran asked, in front of Li Xuan and Li Nian, this look on Li Ba's face really made him a little embarrassed.

"Anytime I can, I've made all the arrangements! But not enough you might still have something to do!"

Li Ba said helplessly.

"Me?"

Lin Ran smiled as if something had occurred to him.

"They're waiting for you in the square, boss I'll go wait for you outside the mountain gate first, we'll leave after you finish chatting!"

Li Ba laughed, and with a wave of his hand, he left the place with Li Nian and Li Xuan.

Lin Ran looked helpless and had to walk towards the square.

A few moments later he arrived at the square and indeed found Han Seven Years and Li Yixuan standing in the square.

"Brother!"

When he saw Lin Ran coming, Han Qiqi was busy walking over, on the contrary, Li Yi who was standing by looked a little embarrassed, opening his mouth not knowing how to address Lin Ran.

According to their family's seniority, Li B addressed Lin Ran as Boss, then he naturally had to address him very heavily.

But before, his relationship with Lin Ran was also that of brothers!

"Alright, we'll each pay our own way!"

Lin Ran also saw Li Yi's thoughts and patted him and laughed.

“Good!”

Li Yi smiled at this and became a little more comfortable.

“Brother! I heard that you are leaving, where are you going?”

Han seventh year asked, now he was also an orphan, hearing that Lin Ran was leaving his heart couldn't help but feel empty nagging!

“I don't know yet, but I should be going to East Flag City!”

Lin Ran said.

According to Li Ba, East Flag City belonged to one of the king cities in the Immortal Emperor Domain, and there was a sect there that suited him, so the possibility of going to East Flag City would be high.

“East Flag City, ah!”

Han Seventh Year couldn't help but feel a little lost at his words.

“What's wrong?”

Lin Ran asked, puzzled at the sight.

“Brother Lin Ran, this guy is also ready to go, it's just that he's going to find some sword pavilion, and it doesn't seem to go the same way as you!”

Li Yi, who was at the side, said with a smile.

“The Sword Pavilion is in Immortal Emperor City, and the closest one to Baki City that has a teleportation array isn't East Flag City, so we might have to part ways!”

Han Seventh Year said with great reluctance.

Lin Ran saw this and patted him on the shoulder and laughed.

“There's no such thing as a banquet under the sun, if it's fate we'll meet again from now on!”

“Hm!”

Han Seven Years nodded heavily at his words.

“Cultivate well, I'm sure you'll be able to join the Sword Pavilion!”

Lin Ran said seriously.

“I will work hard and not let you down!”

Han Xianxia assured.

The two people's actions were a bit unpleasant for Li Yi, who was looking at the side.

“With both of you gone, I'm completely left alone now!”

Li Yi was the heir to the Li family of Yaki City, and was unable to leave Yaki City, and the position of family head would be his in the future, so he was destined to be unable to leave!

“Alright, you are the heir of the family head, what else do you want! If I had such a good deal, I wouldn’t be leaving!”

Han Seven Years said indignantly.

Lin Ran laughed at this while asking.

“When are you moving?”

“When you leave, I’ll leave!”

Han Qiqi said.

Lin Ran nodded at his words, and then after chatting with the two of them for a while longer, he got up and said goodbye.

“Alright! It’s getting late, the jianghu road is far away we’ll meet again later! Little Fatty cultivate well and don’t let me down!”

“I will, brother!”

Han Seventh Year patted his chest and promised.

“Then, Brother Li Yi, I’m off! Take care of yourself!”

Lin Ran looked to Li Yi.

“Hm!”

Li Yi nodded heavily and didn’t say anything more.

Lin Ran saw this and smiled lightly, then turned around and left.

A moment later, until Lin Ran had completely disappeared outside the mountain gate, Han Seven Years could not help but redden his eyes.

“Come on! A grown man is crying and crying!”

Li Yi couldn’t bear to watch and spoke.

“What do you know, I have real feelings for my brother!”

Han Qiqi retorted.

“Okay, okay, you’re not sour! Hurry up and pack your things, it’ll be dark if you don’t leave!”

Li Yi said in a bad mood.

“Ao!”

Han Qiuxian saw that it was indeed late, so he ran back to pack up his things.

.....

However, Lin Ran, after walking out of the mountain gate, saw Li Ba not far away.

The first thing you need to do is to get a good idea of what you are getting into.

This airship was much bigger than Li Yi's. It was not of the same level!

"Boss, this void ship is not the top of the line, but it's fast enough, right? We can reach East Flag City in half a month at most if we hurry at full speed!"

Li Ba laughed, while turning over and jumping on.

"Is that so? Let's go then!"

Lin Ran laughed, while also turning over and getting on the boat, Li Ba greeted and spun the void boat up towards the sky.

Turning his head, Lin Ran took one last look at Yakiyama, with hope in his eyes.

"Go for it little fatty! See you in the future hopefully you've joined the Sword Pavilion!"

Lin Ran said to himself in his heart, and then he turned around and didn't stay any longer!

Wonder Doctor Chapter 1796

East Flag City is considered to be the most prosperous city within the Eastern Domain of the Immortal Emperor Domain.

Apart from the Immortal Emperor City, the most prosperous cities in the Immortal Emperor Domain are the four king cities that sit on top of it.

These four king cities are located in the southeast and northwest and are headed by the four most valued great powers of the Immortal Emperor, and this East Flag City is headed by the East Chess King.

"It is said that this East Chess King has a chessboard in his hand, which is a quasi-immortal weapon bestowed by the Immortal Emperor, with extraordinary power!"

"It was with this chessboard that the East Chess King achieved great success in battle, and was crowned the East Chess King after he became peaceful!"

Li Ba introduced on the void ship.

"A quasi-immortal chessboard?"

Lin Ran listened with curiosity, using a chessboard as a magic weapon, how would it have to be used?

"That's right! It's a chessboard! It is said that this chessboard hides mountains and rivers within it, making it an excellent defensive magic weapon, and if an enemy is drawn into the mountains and rivers during an engagement, it can even be easily killed!"

"This is also why the Eastern Chess King was sent to guard the Eastern Domain!"

Li Ba introduced.

Lin Ran nodded at his words, having understood in his heart.

The Eastern Domain was adjacent to the Beast King Domain, which was in the middle of the Immortal Emperor Domain and the Anti-Alliance, so the Eastern Domain was the only place in the entire Immortal Emperor City that bordered the other two powers, and was considered a gateway place.

The East Chess King's board is good at defence, and that is why it has been sent to guard the East Domain.

"East Flag City is the King's City, there are many cultivators inside, Boss when you wait until the place you will be able to appreciate the beauty of this King's City!"

Li Ba laughed.

Lin Ran nodded at his words, and his heart couldn't help but be a little more curious about this East Flag City.

The two of them had already left Baki City a distance of more than ten kilometres as they spoke, and the speed of the void ship was very fast. Although Li Ba had not deliberately accelerated to the extreme, this speed was already faster than Lin Ran's own rush.

The Immortal Emperor Domain was so vast that only the Immortal Emperor Domain was the largest place in the entire Immortal Realm, with the Beast King Domain being the second largest and the Anti-Union the smallest.

It was said that the Anti-Union was actually only as big as one eastern domain of the Immortal Emperor Domain, which really seemed a bit small by comparison.

As the two of them spoke, the Void Ship had already flown over a mountain range.

In fact, in a place like Baki City, which was relatively close to the Beast King Domain, the number of cities was very small.

Almost every city was only seen to have a large mountain range sprawled across it.

As the void ship travelled quickly overhead, the unobstructed view of the mountains below could not help but give Lin Ran a sense of despondency.

His own hometown mountains were also this beautiful, but it was a pity that he could no longer appreciate them now that he was in exile in the Immortal World.

"Boss, there's someone down there!"

Suddenly, Li Ba, who was at the side, said with a slight frown.

"Hm?"

Lin Ran followed Li Baba's gaze and indeed found that in the mountains below, a figure was quickly weaving through the forest.

That person was wearing a daoist robe and was running very fast as if something was chasing him behind him.

There was a mountain range below, and there might be magical beasts inside, which was fine.

But the most important thing was that Lin Ran only took one look and then froze, because the person running wildly in the daoist robe was no other than the alchemist Xu Gu!

“Why is it him?”

Seeing Xu Gu, Lin Ran couldn't help but blush, this guy was none other than the alchemist that Lin Ran had previously met at the Li family when he had first arrived at Baji City.

The two of them had had some conflicts before because of the matter of treating Li Yi's mother, and they didn't expect to run into each other again here today.

“Boss you know him?”

Seeing Lin Ran's slightly frowning brow, Li Bajie couldn't help but ask.

“Mm!”

Lin Ran nodded his head and whirled around to tell the story.

“There's this?”

Li Bajie smiled and said with interest.

“Let's go down and clean up this guy's mess, how dare he lie to my descendants!”

With that, Li Baba steered the airship and rushed down towards the bottom.

Lin Ran shook his head helplessly at this, originally he didn't want to waste time here, but Li Baba had a point, this guy was cheating the Li family out of food and drink, so it was understandable that Li Baba was upset.

Moreover, Lin Ran was indeed a little curious as to what exactly could make an alchemist be chased like this.

Although Xu Gu wasn't very strong, he was an alchemist after all, so by all rights he shouldn't have come to such a deserted mountain alone!

As the thought was going through his mind, the void ship had already been put away by Li Ba, and the two of them landed directly on the ground, right in front of Xu Gu's direction.

“Stand still!”

In just a moment, Xu Gu had rushed to them, and was startled when he saw the two appear in front of him out of thin air.

But then when he saw that one of them was Lin Ran, he immediately revealed a joyful look, it felt as if he had grabbed the straw that saved his life!

“Little brother Lin Ran, help! Save me!”

Xu Gu was busy saying, and at the same time, he actually jumped towards Lin Ran directly.

“Huh?”

Lin Ran saw this and frowned slightly, dodging out of the way with a sideways movement.

Xu Gu was not angry when he pounced on him, but he climbed over and hugged Lin Ran’s thigh.

“Little brother Lin Ran, you can’t leave me alone if you see something unjust! I don’t want to die yet!”

“What is it, tell me!”

Lin Ran said helplessly, so he had been stuck with this.

Seeing that Lin Ran seemed to want to help himself, Xu Gu was then busy gathering his emotions and said.

“There is someone Someone is is after me!”

“Eh?”

Lin Ran and Li Baba’s faces instantly sank when they heard this, someone was actually chasing him in the middle of nowhere, this was too much of a stretch!

“Surnamed Xu, you’re saying someone is after you in the middle of nowhere? Are you kidding us? Believe it or not, I’ll slap you to death!”

Li Ba said in a cold voice, his current strength was at the half-step Extreme Dao realm, if someone was chasing Xu Gu, there was no way he wouldn’t sense it!

“There’s really someone after me, and he’s very powerful! I don’t have the strength to fight back at all!”

Xu Gu said.

“Then how did you run out?”

Lin Ran heard but frowned slightly as he looked at Xu Gu and asked.

“I only managed to run out by using a Displacement Talisman, I was in Baki City before!”

Xu Gu said with an anxious look on his face.

“Since you even used a movement talisman, I guess you should have already lost the other party!”

Lin Ran said.

Movement talismans were precious, and although it was a little surprising for Xu Gu to have one, it wasn’t unacceptable.

After all, this guy hadn’t raked in a lot of favours in the Li Clan before, and a Shift Talisman was still something he could afford.

“No!”

Xu Gu saw that Lin Ran still didn’t believe him and busily said.

"I can feel it, that guy is coming after me again, you guys have to believe me! There's really someone after me, and he's very strong!"

Looking at Xu Gu's face full of panic, Li Ba was a bit indecisive for a while. He really didn't feel anyone around, and at this moment he had to look at Lin Ran to see what he would do.

Lin Ran looked at Xu Gu frowned and pondered for a moment, and spoke.

"Take him out of here first!"

"Good!"

Li Ba nodded at his words, however he had just lifted Xu Gu up, before the three of them had time to leave.

Suddenly all around them was black light rushing up into the sky, instantly forming a formation that covered the sky and trapped all three of them inside.

Wonder Doctor Chapter 1797

"Boss be careful!"

Seeing the formation, Li Ba reflexively blocked directly in front of Lin Ran, while the aura around him had already radiated away.

Lin Ran didn't say anything, he just looked around vigilantly with his eyes, not noticing anything dangerous happening.

When Xu Gu at the side saw this scene, however, he sat down on his buttocks, his entire face ashen.

"It's over! This is completely finished!"

"What are you crying for! You're crying even before the enemy's face is out! You might as well just run over and die!"

Li Ba said in an unpleasant manner, while keeping a wary eye on the surroundings.

Lin Ran ignored the two, his eyes staring intently at the black formation around him his brow quickly furrowed.

Although Lin Ran was not considered a master, he definitely knew more than the average person.

The black light formation that was enveloping them at this moment was very unusual, and Lin Ran found out with just a little probing that the formation was not the slightest bit broken, and the aura was thick enough that it could not be set up by ordinary people!

"This is a bit of a problem, this formation is very unusual, I'm afraid I won't be able to break it for a while!"

Lin Ran said with a slight frown.

Li Ba heard this and was busy sensing for a while, and couldn't help but also have a sunken face.

“Boss this formation is very much like a formation specifically used to trap people, even if I break it with my strength I’m afraid I’ll have to waste a lot of time!”

“Hmm!”

Lin Ran nodded at his words, but his heart sank completely.

This black light formation in front of him would not be easy whether he was to break it or let Li Ba break it with his strength.

The most crucial thing was that the person who had set up this formation had not appeared until now, and there was no telling what the other party was trying to do!

“You watch him first, I’ll try to see if I can break the formation first!”

Lin Ran greeted, and at the same time, he was ready to sit down on his knees to comprehend this formation.

However, just as his words fell, Xu Gu at the side spoke up.

“Don’t waste time, this formation is afraid that before you can break it, the other side will already kill you!”

“Moreover, this formation, without ten days and half a month, will not be broken at all!”

Hearing Xu Gu’s words, Lin Ran and Li Ba both couldn’t help but look at him with ugly expressions.

“You know about this formation?”

Li Ba asked questioningly.

“I know!”

Xu Gu sat on the ground with a miserable white face, as if his entire person had completely given up resistance.

“You know and still don’t say anything! You want to fucking wait for death, but I don’t want to!”

Li Ba said angrily.

Seeing this, Xu Gu sighed helplessly and said.

“This formation is called the Earth Extinction Formation, it is a formation specifically used to trap people, unless there is a huge difference in strength, this formation cannot be broken for a moment!”

“Earth Extinction Formation?”

Lin Ran heard this and frowned slightly, he had never heard of this formation before, but just the word “Earth Extinction Formation” made him think that this formation was very unusual.

“The Earth Extinction Formation? Isn’t this kind of formation already lost!”

Li Ba at the side couldn’t help but frown slightly with a gloomy look in his eyes.

“You know this formation?”

Lin Ran was busy looking at Li Baba, who nodded his head then said.

“I also found this Earth Extinction Formation in a tome, it is said that after the New Immortal Emperor had just stabilised the general situation, there used to be very many of these Earth Extinction Formations!”

“And whenever these formations appeared, they were bound to be accompanied by the disappearance of alchemists, as if this formation was specifically designed to deal with alchemists!”

“Later on, the Alchemists’ Union protested to the Immortal Emperor, who was forced to only send someone to investigate the matter!”

“But in the end it was left unresolved, only this Earth Extinction Formation has since gradually faded out of sight and is said to have been completely exterminated by the Immortal Emperor, so how come it’s still here!”

Hearing Li Ba’s explanation, Lin Ran couldn’t help but frown slightly, but Xu Gu at the side laughed bitterly to.

“Disappeared? Who told you that it disappeared, this Earth Extinction Formation has never disappeared!”

“What else do you know? Hurry up and tell us, or we’ll all be in trouble today!”

Lin Ran looked at Xu Gu and questioned.

He should have known that he shouldn’t have come down just now, and now he had gotten himself and the two of them involved in this.

Seeing this, Xu Gu shook his head helplessly, and then laughed bitterly.

“This Earth Extinction Formation has never disappeared, it’s just that it’s been much more restrained under the Immortal Emperor’s mighty pressure!”

“Whether those powerful alchemists have come across it or not I don’t know, but the alchemy sect I’m in was persecuted by the people behind this Earth Extinction Formation!”

Said Xu Gu and recounted.

It turned out that Xu Gu used to have a clan, and the clan he belonged to was precisely a clan where alchemists gathered.

Although it was not a large and powerful clan, it was still a force after all.

But a dozen years ago, the elders of his clan disappeared one after another, causing panic among the people!

Xu Gu then followed his master and left the clan to find another place to settle down.

His master used the Great Shift Talisman to send Xu Gu out, but he was captured by the mastermind behind the Earth Extinction Formation.

Seeing that there were forces targeting alchemists, Xu Gu was too frightened to go to the big towns and remained in the small border towns like Baki Mountain in Beast Hunt City.

He was not very good at alchemy, but he was able to make ends meet, so he lived on.

I thought that his alchemy level is not high, those people mysterious people will not focus on him.

But who knew that just this morning he suddenly felt his heart palpitating and understood that what was coming was coming after all, so he escaped from Baji City with the Movement Talisman.

As a result, he ran into the two Lin Ran right here.

“There’s a force targeting alchemists?”

Lin Ran frowned slightly at his words.

Li Ba, who was on the side, was instantly enraged at his words.

“Holy shit, I dare say that the two of us are being dragged into this by you!”

“You!”

Xu Gu couldn’t help but be speechless at his words, thinking, “I didn’t ask you guys to come here!

“I wonder which of you is here to arrest someone? The two of us don’t know this alchemist well, so please let us go!”

Li Ba was not polite and shouted directly at the surroundings.

“Little friend Lin Ran you can’t leave me behind, they’ve captured me and I’ll have no life at all!”

Seeing this Xu Gu was busy hugging Lin Ran’s thighs, with the intention of not letting go of his hand.

Lin Ran looked helpless and was about to say something when two black winds came out of nowhere.

One of them was heading straight for Li Ba, while the other was heading straight for himself.

“Boss, be careful!”

Li Ba shouted, but at that moment one of the strong winds had already reached him, and he himself was too distracted to care about Lin Ran.

Lin Ran saw this and dodged it with a side-step.

But the black wind wrapped around Xu Gu and instantly ripped him out of sight.

“Bang!”

Li Ba resisted the blow of this strong wind so hard that his entire body was shaken back several steps, and his face instantly turned ugly.

“Boss! The opponent is very strong, he must be at least at the middle stage of the Extreme Dao Realm!”

“Mid Extreme Dao Realm?”

Lin Ran couldn't help but frown slightly at his words, Li Ba was only half a step into the Extreme Dao Realm, but the other party's strength was already a head over Li Ba.

As for Lin Ran himself, he only had the strength of the Heavenly Mansion realm, so he was almost like an ant in front of this kind of Extreme Dao realm powerhouse.

Wonder Doctor Chapter 1798

At this moment, Xu Gu was taken captive, and only Lin Ran and Li Ba were left within the entire formation.

Li Ba's face was stony as he looked ahead and said in an angry voice.

"Friend! I've made it very clear, we don't know this Xu Gu very well, so if you want to capture someone, just do it! Why bother dealing with us?"

"You're only at the middle stage of the Extreme Dao Realm, although I'm not as strong as you! But if you're really going to deal with us, then I'll have no choice but to kill you with a fish!"

"For the sake of two people who aren't alchemists, to fight us to the death! Is it worth it?"

Li Ba threatened.

The two were naturally no match for each other in a head-to-head fight.

But if the other party was only out to capture Xu Gu, then there would still be something to talk about in this matter.

After all, the two of them had no friendship with Xu Gu at all, and if this mastermind behind the curtain could let them go, the result would naturally be the best!

"Make an oath! Do not tell anyone about what happened today!"

Finally, a moment after Li Ba's words had fallen, a hoarse voice came through.

The other party was obviously pinching his throat as he spoke, not wanting to reveal his identity.

"Yes!"

Li Ba didn't think much about it and agreed instantly.

Immediately, he took out the Heavenly Dao Stone and threw one to Lin Ran, and was ready to make a vow.

But just as the two were about to make their vows, another voice rang out.

"You can't let them go, that kid called Lin Ran is a physician, an existence that is even more powerful than a pill master!"

Hearing this voice, Lin Ran's and Li Ba's faces both sank, this voice was too familiar to them, it was none other than Xu Gu shouting out.

"Xu Gu, you daddy!"

Li Bajie couldn't help but curse.

But almost at the same time, in an instant, there were three or four black lights coming straight towards Lin Ran one after another within the entire formation.

"Friend! You really want to do it!"

Li Ba said angrily, his whole body's aura exploded in accordance with the price tide tamer these black lights won up.

"Li Bajie be careful!"

Lin Ran's brow furrowed as he watched, these black lights were so powerful that even Li Baba was shaken backwards, there was no way he could possibly block them!

"Bang, bang, bang, bang."

Li Ba quickly blocked all these black lights, but he himself was also shaken to the point where he flew backwards and his entire body was torn in several places on his robes.

The opponent was so strong that it was obvious that Li Ba was no match for him.

"Brother Lin Ran, don't blame me! I don't want to die myself!"

Xu Gu's voice rang out again, and his face sounded blue.

Had he known that this Xu Gu was so soft-boned, he should have slapped him to death just now!

"Friend! I'm asking you again, when you're about to make a move!"

Li Ba wiped away a trace of blood from the corner of his mouth and said in an icy voice.

"I don't want to, but a physician is too important to me, in this era where the medical dao cannot be cultivated, the appearance of a physician is simply a great asset to us!"

The hoarse voice rang out again.

"Of course, if you will make a vow, I can let you go! But that healer I must take away!"

The other party did not seem to want to fight Li Ba too fiercely, the difference in their strength was not too great, if Li Ba vowed to resist to death, although he was confident that he could win.

So if he could just take Lin Ran and Xu Gu and leave, he wouldn't mind letting Li Ba go!

"No! We must let the two of us go! Otherwise there's no deal!"

Li Ba didn't even think about it and refused straight away.

He couldn't possibly agree to let him go and leave Lin Ran on his own!

"In that case, then let's not talk about it!"

A hoarse voice rang out once again, and the next moment, a dense black light swept towards Lin Ran and the two of them.

Seeing this scene, Lin Ran and Li Ba both couldn't help but have their faces sink.

The other party was clearly preparing to consume Li B. alive, using the power of the formation to attack Li B., while he himself would not enter at all.

In this way, although trying to capture the two would waste some time, it would ensure that he would not fight Li Baba head-on and would not get himself injured.

This line was really somehow matching when placed in the middle of this wilderness at this time.

"Bastard!"

Lin Ran's eyes were icy cold when he saw this, and with a flip of his Frost Condensation Sword in his hand, he also faced towards one of the black lights.

However, this black light was so powerful that even though Lin Ran had used his defensive sword stance to the utmost, he was still shaken to the point where he was instantly sent flying out of the room, and a mouthful of blood spurted out at the same time.

"No way! The difference in strength is too great!"

Lin Ran's heart was somewhat helpless, his own defensive sword stance was already close to perfection, but the strength gap was ultimately a hard wound.

"Boss let me do it!"

Seeing this, Li Ba took the initiative to stop those black lights that were attacking Lin Ran.

But then the pressure increased steeply where Li Ba was.

Lin Ran saw that soon there were more and more wounds on Li Baba's body, and blood was continuously flowing out.

Although these were all superficial wounds, if time dragged on, even the superficial wounds could consume him to death.

"No, this is not the way to go on, we have to find a way to break the formation!"

Lin Ran quickly calculated in his mind.

Suddenly, the wind within the formation raged, followed by a figure dressed in black robes rushing in.

Seeing this figure Lin Ran was stunned, and then he seemed to think of something.

"Li Ba be careful, hold on there must be a change outside, as long as we hold on we will have hope!"

Lin Ran shouted busily.

This black robed man was clearly the one behind the attack on them, but at this moment he had rushed straight in instead of choosing to slowly consume Li Ba, which went against his initial intentions.

Then there was only one explanation, there was a change outside that forced him to settle the fight immediately, otherwise delaying it would probably lead to a change!

And as long as Li Ba could hold on and delay until the change occurred outside, then they could would have a chance of survival.

“Good!”

Li Ba quickly understood this point, and immediately his whole body’s aura exploded towards the man in black.

“Seeking death!”

The man in black’s face sank, and a dry palm instantly probed out of his black robe straight towards Li Ba’s chest.

He slapped out with this palm, and instantly countless black qi filled the surroundings heading straight for Li Ba.

Although Li Ba was also very strong, his opponent was even stronger than him, and he also had a formation to add to his strength.

Almost in a single glance, an instant palm blasted Li Ba’s chest.

“Bastard!”

Li Baba spurted out a mouthful of blood and felt that the true qi in his body was being blocked rapidly, instantly his whole body was filled with fire flames and he formed a full three fire flames long sword and stabbed towards the black shadow man.

“Roll!”

The black shadow man’s face changed and with a wave of his hand, he shattered two of the fiery long swords.

But the last one still passed through the Black Shadow’s chest with a “poof”.

“Pfft!”

The man in black couldn’t help but spurt out a mouthful of blood, obviously injured quite badly.

But at this moment, Li Ba was no longer able to fight back, he fell to the ground with a thud, his whole body’s true qi had been blocked by the other party.

“Give me death!”

The black shadow man’s wounded heart was burning with rage as he raised his hand to slap Li Ba to death.

Seeing this, Lin Ran was busy shouting.

“Don’t resist!”

With that, Lin Ran waved his hand and directly put Li Bach into the scroll space, which allowed him to avoid the Black Shadow Man’s sure kill blow.

Li Ba was seriously injured and his true qi was sealed, although the black shadow man was also injured at this time, Lin Ran was unable to take him at all, looking at the other party he could only say aloud.

“Stop! I’ll just go with you!”

Wonder Doctor Chapter 1799

“You’ve got some sense!”

The black shadow man said indifferently, he didn’t even look at Lin Ran, after all, the other party’s strength was there, he could easily crush him with just a move of his fingers, so naturally he wasn’t afraid of any tricks Lin Ran might play.

“Don’t resist!”

The black shadow man’s voice was cold, and with a wave of his palm, a suction force swept towards Lin Ran in an instant.

It was obvious that this fellow was preparing to take Lin Ran into his spatial artifact.

“Ai!”

Lin Ran sighed helplessly and didn’t bother to resist.

He had barely been able to fight when he had faced Prime, and if it wasn’t for Li Xuan pestering Prime at that time, I was afraid that he would have already died.

The mysterious black figure he was facing now was even stronger than Prime, so Lin Ran naturally had no intention of resisting.

It was true that Lin Ran was not the kind of person who was willing to compromise easily, but in the face of absolute strength, if he still pretended to be tough, it would be almost the same as seeking death.

There was a reason for a man to be able to bend and stretch!

The suction force was getting bigger and bigger, and Lin Ran could already feel that he would be dragged into the spatial artefact by the suction force at any moment.

But at that moment, suddenly there was a sound of breaking wind in the sky, a sound that was so loud that it came from a long distance away.

Lin Ran was attracted by the noise and looked up, and at once he saw it.

In the sky above, an immense void ship was travelling through the void, its hull surprisingly large.

If the void ship Li Yi had taken out was a canoe, then the one Li Bashi had taken out was barely a large ship.

But the one Lin Ran saw at this moment was so huge that it could be described as an aircraft carrier!

Not only was this void ship huge, but it also had a huge flag on board, with the word “Lin” written on it.

“Lin! Lin!”

Upon seeing this flag, Lin Ran heard Li Ba's excited and trembling voice.

At the same time, he also understood why the black shadow man had suddenly made his move, obviously because of the huge "Lin" Void Ship that had appeared in the sky.

The appearance of the void ship had alerted the black shadow man, so he did not want to waste time and rushed in directly.

"Boss! That's Lin! Lin!"

At this moment, Li Ba was still excitedly shouting!

Lin Ran was a little puzzled and busy asking.

"What Lin? There's something wrong with this void ship?"

"This is the Void Ship of the Luo Ran Trading Firm, the Lin Void Ship that only Qiqi uses when she goes out!"

Li Ba was busy saying.

Lin Ran froze at his words, did Li Baba mean to say that at this moment, Luo Qiqi was on top of this void ship.

"Weng!"

As the thought was going through his mind, Lin Ran's surroundings were black out of thin air, and he instantly disappeared from his spot.

Sensing the change in his surroundings, Lin Ran's heart immediately went cold.

He didn't expect that at this final moment, he had actually been taken into the spatial magic treasure by the black shadow man.

"Ai!"

Li Ba was so angry that he sighed helplessly, even if they held on for a bit as long as they could contact Luo Qiqi who was wearing it in the void, they would still be saved.

Unfortunately, it was too late to say anything now.

After the black shadow man collected Lin Ran, his body quickly hid, and he did not dare to leave without permission, but hid within the formation and did not move.

In the sky only, the speed of the void ship did not slow down, at this moment Roy was standing on the deck only gazing straight ahead.

"Miss, we're already close to Yaki Mountain, in a few moments we'll be able to reach Beast Hunt City!"

"Not enough there seems to be signs of a fight below, and there is a formation enveloping it, should we send someone down to check?"

The men under his hand were busy coming over, they were powerful people, so naturally they had noticed the formation below.

Roy frowned slightly at his words, his gaze straightened and blandly glanced below, then he whirled and said.

“Keep hurrying! Pay no attention to it!”

“Yes!”

Hearing this, his men did not dare to say more, and immediately retreated.

The Void Vessel was so fast that it soon disappeared at the end of the sky above.

At this moment, Lin Ran and Li Ba, who were trapped within the spatial magic vessel, were considered to be in complete despair.

They could guess how fast the void ship was going by their senses.

And at this point, after so long without waiting for someone to come to their rescue, it was obvious that the other party had not intervened in the matter here.

“Boss!”

Li Ba opened his mouth to say, but the words came to his lips but he could not say anything!

“It’s alright!”

Lin Ran said indifferently, he understood what Li Ba was saying, but what could anyone do about such things.

The accidental meeting was an accident, and now it was a missed opportunity, although it made people helpless, but there was really nothing that could be done.

“Perhaps this is fate, the heavens have taken care not to let us meet now!”

Lin Ran said with a helpless, bitter smile.

But soon he was relieved.

The most important thing right now was not regretting not meeting Luo Qiqi, the most important thing right now was how to stay alive.

If he couldn’t escape from this mysterious man, then he would have to die, not to mention finding Luo Qiqi.

A few moments after the Void Ship left, the Black Shadow Man revealed his new form and quickly put away the Earth Extinction Formation before leaving the mountain range in a flash.

But compared to his previous speed, his speed was now significantly slower, as a long fiery arrow from Li Ba had directly penetrated his body.

Although Li Baba was weaker than him, this sword still injured him quite badly, greatly affecting his speed.

.....

Half an hour later, a huge void ship appeared out of thin air in the sky outside Beast Hunting City, and it was clearly the one from Luo Ran's merchant house.

After the appearance of the void ship, followed by several to the sky in the middle of the beast hunting city, the leader of the group was clearly the star realm powerhouse that Luo Qiqi had sent out earlier.

"Miss, all the people from the Beast Mountain have been brought in, but there is no sign of Lin Ran! It is said that he had already left Beast Hunt City a year ago!"

This person busily stepped forward and told the situation, while pointing to the two people following behind him.

"These two are the head of the Luo Ran Merchant Firm in Beast Hunting City, and the current head of the Wan Family!"

"I have inquired that Lin Ran and the Wan Family had some problems before, and these matters have been verified with the head of the Luo Ran Merchant Firm!"

This henchman said and told the whole story, hearing Roy's frown slightly.

The current head of the Wan family behind him was even trembling all over, his face full of fear, although he was not the one who had offended Lin Ran in the first place, but at that time, after all, the entire Wan family had participated in dealing with Lin Ran, at this time, a great power had come looking for them, where could their Wan family escape being involved.

However, Luo Qi obviously had no interest in this Wan Family, and after hearing that the Wan Family had dealt with Lin Ran in the first place, he glanced at his men next to him and said two words at most.

"Take it away!"

The henchman next to him instantly understood at his words and immediately led the Wan family's head of family away.

"Miss just take away?"

A personal maid next to him saw this and asked busily.

Other people did not know what this meant, but she knew very well that the young lady before her was saying that she would be taken away completely, and although it would not be enough to exterminate the family, it would never be possible to be strong for at least a hundred years.

She was a little surprised that the other party had targeted Lin Ran, but now they had only ended up in this situation, as her lady had hated people so much before that killing them was just a matter of moving her mouth.

Wonder Doctor Chapter 1800

Luo Yi only gave the maid a glance at her words without answering them.

Although this Wan family had targeted Lin Ran in the first place, they hadn't gotten away with it after all, and she didn't care to settle with such a weak family.

When her strength reached the point where she was, she was generally unwilling to slaughter such families at the bottom of the cultivation world.

Because of the cycle of karma, if a cultivator strikes out at ordinary people, it will also be detrimental to future cultivation.

Although the people of the Wan family were generally cultivators, their strength was indeed somewhat insufficient in front of Luo Yi.

“Miss, what about towards the Beast Mountain?”

The henchman from the Star Realm was busy asking.

The one who had dealt with Lin Ran in the beginning was the Chao Beast Mountain besides this Wan family, and although nowadays Chao San was no longer in the Chao Beast Mountain, since they had come here they naturally still had to deal with it.

“Erase!”

Luo Yi said in a bland voice, and then turned around and entered the room behind him.

Seeing this, the Star Realm henchman looked to the side and gestured, before following him in with the head of the Luo Ran Merchant Firm from Beast Hunt City.

The room was very simply furnished, with nothing other than a table and a few chairs.

At this moment, Roy was sitting on the chair, his face ugly and meaningful without saying a word.

And after the Star Realm’s men brought in the head of Luo Ran’s merchant company, they didn’t dare to talk nonsense all stood still.

“How does that one called Lin Ran look like?”

After a full moment, Roy then opened his mouth and asked.

“Your Excellency, I’ve already had the portrait drawn out!”

The person in charge said, and immediately took out a portrait and handed it over.

Roy took the portrait and just took a glance at it, his eyes instantly turned red, while tears flowed down and dripped onto the portrait.

The face on the portrait was either Lin Ran or someone else.

Roy stroked the portrait and for the first time tenderness appeared in his eyes.

“It’s been a thousand years! You still haven’t changed a bit! Where the hell have you been!”

With that Roy had more tears on his face.

It was not known how long more it took until Roy’s emotions settled down again before he spoke and asked.

“Do you know where he has gone?”

“I don’t dare to hide it from you, my lord, I really don’t know!”

The man in charge said busily.

“At first, little friend Lin Ran did indeed fight with the Wan family’s head and the Chao Beast Mountain elder Lie Shan then disappeared!”

“However, based on the information that this lord brought back from the Chao Beast Mountain later, I feel that little friend Lin Ran probably went to Baki City!”

“Baki City? Why?”

Luo Yi was busy asking, they had come from the direction of Yaki City, if Lin Ran had gone to Yaki City then wouldn’t they have missed out again!

“Because when young friend Lin Ran came, I had heard that he might be looking for you, and this was something that senior Luo Gou also knew, and young friend Lin Ran had asked more than once if the owner behind the Luo Ran merchant house was called Luo Qiqi!”

“But Lord Luo Gou said it wasn’t, so”

Hearing this, Luo Qiqi’s eyes instantly turned red, knowing that her real name was Luo Qiqi that was not Lin Ran or who else.

And think differently, if they are Lin Ran resurrected awake, naturally they want to find themselves and others.

And all the way from the Beast King Domain to here, Lin Ran was afraid that only he himself would know how much he had gone through!

“The Beast Hunting City didn’t find you, he most likely went to Yaki City and then to a bigger town, so that’s my speculation!”

The man in charge said.

Roy nodded at his words, pondering.

“Miss, there’s one more thing I have to tell you!”

The Star Realm henchman next to him who hadn’t spoken said.

“What is it?”

Roy asked.

“Just yesterday, I sensed the aura of a red ape! It should be in the direction of Yaki City!”

“A red ape? ‘

Roy frowned slightly at that, the red ape was the very one she had given to Li Baba for protection!

Because the Red Ape was so strong, Li Ba would never have used it in normal times, but yesterday someone actually felt the Red Ape’s scent, so that could only mean one thing: the Red Ape had struck!

And for the red ape to make a move, it was definitely because something had happened to Li Ba's Yaki Mountain!

"Move to Mount Yachi at once!"

Roy got up and scolded.

"Yes!"

The henchman heard the words and went to make arrangements.

A mere half an hour later, the huge void ship of the Luo Ran Merchant Company had already arrived on top of Baki Mountain.

At that moment, Li Xuan had already brought a group of disciples and elders from Baji Mountain to wait in the square for a long time!

The other side had made such a big show, so how could they not feel it?

But when Li Xuan saw the other side's merchant ship, his tense heart calmed down because he had seen this merchant ship before and knew that it belonged to the Luo Ran Merchant Company!

And the Luo Ran merchant firm was still on good terms with them at Barking Mountain, so he thought it wasn't here for trouble!

"Where's Li Ba!"

As soon as the void ship stopped, several figures jumped down from the ship among them was Roy.

"Miss Luo!"

Seeing Luo Yi, Li Xuan bowed respectfully!

"Where's Li Ba!"

Luo Yi asked directly.

"Unfortunately, our old ancestor had already left Yaki City this morning and went out on a trip with one person!"

Li Xuan did not dare to hide and said.

"Away on a trip? Who is that person? Also how did the red ape strike yesterday?"

Roy asked.

"It's a long story!"

Seeing that Luo seemed to be eager to know, Li Xuan did not dare to hide it and then told him all about the Yaki Mountain and the Wanshou Mountain.

Luo Yi's brow furrowed a little tighter at that.

"But Miss Luo, this Wanshou Mountain has already been destroyed by the family residence, you need not worry!"

Li Xuan said busily.

Luo Yi smiled but did not speak, and after a moment of contemplation asked.

“Do you know where they have gone?”

The news she got from Li Xuan’s mouth allowed her to corroborate the news that Lin Ran was indeed resurrected.

But at this moment, hearing that even Li Baba had followed Lin Ran and left, it made her heart feel very bad.

Had she known that she should not have gone to that Beast Hunt City, she would have come straight to Baji City instead.

Moreover, Li Xuan had also said that they had only left in the morning, which meant that if they had come straight to Yaki City in the morning, they might have had a chance to run into Lin Ran and Li Bajie!

But what did Roy know was that even if they came straight to Yaki Castle in the morning, they still wouldn’t be able to run into Lin Ran and the two of them.

It was because they had actually already met each other, but at the time she didn’t care.

At that time, she was so focused on rushing to Beast Hunt City, but she had already lost touch with Lin Ran and Li Ba.

“They should be heading to East Flag City! Earlier, I heard the old ancestor say that little friend Lin Ran seemed to be preparing to join a sect!”

Li Xuan busily said.

“East Flag City?”

Luo Yi was stunned at his words,? Then he understood, Lin Ran had just awakened his strength must not be high either, and having found Li Ba here he thought he already knew something.

From what Roy knew about him, if he couldn’t help Lin Ran would never have gone to her!

“I’m a step too late after all!”

A few tears appeared in Roy’s eyes, but they were quickly suppressed by her.

She looked up to the crowd and commanded.

“Set off immediately for East Flag City, send a team of men to rush from Yaki City to East Flag City if you find Lin Ran you must bring him back to me, if a hair is missing I’ll make you all the questions!”

“Yes!”

The crowd nodded in response to this, and immediately someone began to make arrangements.

Roy nodded at Li Xuan, and then turned around and boarded the void airship, which then left the Baji Mountain directly!
