

Wonder Doctor

Wonder Doctor Chapter 1801

In the next few days, the whole East Flag City was shaken by the arrival of Luo Yi from the Luo Ran Merchant Company.

She was received by the Lord of East Flag City, the King of East Chess.

Many people in East Flag City knew that the Luo Ran Merchant Firm was looking for a man called Lin Ran.

And in order to find Lin Ran as soon as possible, Luo Yi even offered a sky-high price, as long as anyone could provide a clue to find Lin Ran, he would directly give 500 cubes of spirit liquid!

What was the concept of five hundred cubes? Even the sons of the great families in Immortal Emperor City would only spend a dozen cubes of spirit liquid each time they went to the auction house.

Five hundred cubes of spirit liquid was almost enough for them to consume for a year, and when placed in East Flag City, it was a reward that could make all cultivators' eyes water.

If he knew that he had not yet arrived at East Flag City, but had already become a celebrity in East Flag City, he would probably be surprised too.

Just as East Flag City was buzzing with the search for a person called Lin Ran, the real owner at this time, Lin Ran, was bitterly staying in a dimly lit space.

"Brother Lin Ran, do something about it! Can't we just wait here to die?"

In the space, with his hands outstretched, Xu Gu opened his mouth and cried out, the two of them were in the very same place as the mysterious black shadow man's spatial artifact.

"Just shut up!"

Lin Ran said in no good humour.

"If it wasn't for you, would I have been caught too? You're really good, you actually ended up dragging me down with you!"

"I I'm just scared, it's always good to have someone to keep you company!"

Xu Gu said awkwardly.

"Companionship? You're trying to get me to accompany you to death!"

Lin Ran glared in Xu Gu's direction, at this moment, although he couldn't see the other party, Lin Ran could also imagine this guy's treacherous and cunning face.

"Alright, don't bother me! I'm going to rest!"

Lin Ran said.

"Rest? Little friend Lin Ran, don't be ridiculous, what time is it that you're still in the mood to rest?"

Xu Gu was speechless, there was no telling when they would have to be killed by this mysterious man, and Lin Ran actually said he was going to take a rest!

“What else can you do if you don’t rest, can you leave?”

Lin Ran said in a cold voice.

“!”

Xu Gu was speechless at this, and followed up with.

“Then it’s fine if we talk for a while! This place is black and out of reach, if”

“Little friend Lin Ran?”

“Lin Ran”

Xu Gu gapped, but Lin Ran was already not taking care of him, and in order to prevent this guy from running over and disturbing himself, Lin Ran simply touched towards this side.

Feeling that the distance was quite large, only then did he sit down on his knees and press his palm to his chest.

“Weng!”

The divine sense followed the palm of his hand and quickly invaded the Thunder Zun Dao Pearl.

Following this, Lin Ran’s divine sense entered it.

At this moment, being in prison and with Li Ba seriously injured, the only thing Lin Ran could think of was the Thunder Dao Pearl.

On the lonely island only, when Lin Ran appeared, Lei had already been waiting for a long time.

“Kid! How long has it been? Is it possible that you’re coming to break the third level so soon? Have you practiced your defensive sword moves yet?”

Lei turned to look at Lin Ran and laughed blandly.

“I haven’t even broken through yet, I’m afraid I won’t be able to save my life now!”

Lin Ran said helplessly, and then whirled around to tell him what had happened.

Lei couldn’t help but frown slightly at his words and asked in a deep voice.

“Are you sure that the other party is using the Earth Extinction Formation?”

“It’s true, how come you know this Earth Extinction Formation?”

Lin Ran saw that Lei seemed to know something about it, so he couldn’t help but busily ask.

“The Earth Extinction Formation flourished in the Immortal Realm Continent for a while back, but it has since disappeared!”

“I don’t know much about it either, but you kid are unlucky enough to be involved in it!”

Seeing that Lei's words didn't hurt, Lin Ran couldn't help but say busily.

"It's not that you want to do something about it, at least I'm a prospective disciple of this Thunder Dao pearl isn't it!"

"Associate disciple? You're thinking too much, at best you're just a candidate with some talent!"

Lei laughed.

"I"

Lin Ran was speechless.

Seeing this, Lei smiled and said.

"It's impossible to get me to help you, it's just the rules set by the Thunder Dignity, if I could just help those of you who have come to break through the barrier at will, then the test would be meaningless!"

"Isn't there any other way?"

Lin Ran asked.

"That's not true!"

Lei said, while saying with a much more solemn face.

"Based on what you said, I suspect that the person who took you captive is probably the one I'm looking for! So I can make an exchange with you!"

"The person you're looking for? An exchange?"

Lin Ran heard the clouds and didn't understand what Lei meant.

"You still remember when I said that after breaking through the third level you still needed to go and complete one more thing to obtain the inheritance of the Thunder Dao Pearl!"

"Remember!"

Lin Ran nodded his head.

"That one thing was for you to find and kill a man! And based on what you said, this mysterious black shadow man is probably the one I want you to find!"

"You're kidding me!"

Lin Ran smiled but was even more confused.

"He's an Extreme Dao Realm powerhouse, I'm only at the Heavenly Mansion Realm, how could I possibly kill him!"

"What about the Extreme Dao Realm? Is the Extreme Dao Realm very strong?"

Lei said disdainfully.

"And you've said that he's also seriously injured, it's not like you don't have a chance!"

“What do you mean?”

Lin Ran couldn't help but feel joy in his heart as he listened, it seemed that Lei really did have a solution!

Lei looked at Lin Ran and said solemnly.

“Seeing as you kid have good talent, there is hope that you can pass my test, plus the situation today the person who was kidnapped is probably the one I'm looking for!”

“I can give you an exchange, as long as you can break through the third level, I can give you a scroll of secret techniques first, you use the sub secret techniques to break out to help me determine if this person is the one I'm looking for!”

“If it is, just kill him! Even if you pass the test, you can inherit the Thunder Dao Pearl!”

“If not, you will need to continue to help me look for him, and when you find the right person and kill him, you can inherit the Thunder Dao Pearl as well! How's that?”

Hearing Lei's meaning, Lin Ran couldn't help but fall into contemplation, and after a moment he said.

“Yes!”

“Good! In that case, then when are you going to break through the third level!”

Lei laughed.

“Barge in now!”

Lin Ran said, while already drawing his Condensing Frost Sword.

He didn't know when this mysterious man would get them out, and the longer he delayed the less safe it would be.

The most urgent task was to pass the third level of the test as soon as possible and get the secret method that Lei had said.

Only then would one have the strength to fight when the mysterious black shadow man appeared.

These thoughts merely flashed through his mind before Lin Ran had already made his decision.

“Rumble!”

Just as Lin Ran's side was getting ready, a burst of frightening thunder had already sounded ahead.

Looking up, he only saw that at this moment, Lei was holding a huge sledgehammer in his hand and was pointing it at the sky from afar.

And at that moment, above the sky, dark clouds had already started to gather, so obviously this third level was already about to begin.

“Come on! Let me see how many flaws I still have in this defensive sword move!”

Lin Ran looked up to the sky and chanted, while the Frost Condensation Sword in his hand had already slashed out.

Wonder Doctor Chapter 1802

“Rumble.”

At this moment, lightning flashed above the sky, and countless black thunderbolts were already tilting down towards the bottom as if it were rain.

After Lin Ran’s sword struck out, a huge net of sword mists instantly enveloped the sky.

At the same time, his entire body instantly rushed towards the front.

“Eh?”

Seeing this scene, Lei in the distance couldn’t help but be stunned.

He wasn’t surprised by Lin Ran’s little cleverness, but by the sword he had just slashed out.

Only to see that at this moment, the sword that Lin Ran had slashed out was actually rapidly enlarging, and the countless sword arrows were like a large net directly meeting the black lightning arc above.

“Bang Bang Bang!”

Explosions were soon heard from above, while Lin Ran had already rushed through fully half of the distance by now.

Lei couldn’t help but nod as he watched, it had only been so long since he’d seen Lin Ran’s defensive sword moves had improved so much.

“It’s just a pity, do you think you can block divine lightning like that?”

Lei laughed and shook his head.

Lin Ran was stunned at his words, and then his entire face changed.

He saw that the wave of explosions in the sky quickly dispersed, but then more black lightning arcs flashed out, sweeping towards Lin Ran below.

“Get out of here!”

Lin Ran shouted angrily and slashed out again with his Frost Condensation Sword in his hand.

Only this time, his sword aura had just unfolded into a net when it collided with the thunder arcs.

These divine thunderbolts were extremely fast, and just two collisions had already suppressed the distance to a very short distance.

Seeing this, Lin Ran didn’t dare to slow down as he slashed his sword out and dashed a great deal further towards the front.

But at that moment he was still about ten metres away from Lei.

However, it was impossible for him to do the same trick again because the space in front of him was completely enveloped by the black divine lightning.

What was even worse was that the divine lightning that Lin Ran had fought to resist before was now sweeping towards him in multiples.

“Kid! Surrender, you won’t be able to break through in your current condition!”

Lei laughed at this.

Lin Ran’s face was ugly as he clenched his teeth and didn’t say a word.

In his heart, he knew very well that the situation was very bad for him and that it was almost impossible to break through!

However, this was the closest he had ever been to Lei, so he was unwilling to give up now.

Lin Ran’s mind moved, and in the next moment, his entire body rushed towards the front, while a sword slashed towards the countless lightning arcs in front of him.

“Bang bang bang!”

The divine lightning in front of him was triggered to strike towards Lin Ran.

Although Lin Ran had already made every effort to dodge and resist,? But in the end, he was still struck backwards by a divine thunderbolt after advancing three steps.

“You still don’t believe me!”

Lei sighed as he saw this and helplessly asked for his head.

“Come again!”

Lin Ran returned to the starting point while speaking.

“Kid, let me advise you, if you want to be quick, you can’t be fast, if you want to break through this third level, your defensive sword moves are already enough, but what you lack is calmness, remember! No matter who is facing what kind of enemy, even if the other party is much stronger than you, you must not panic! Once you panic any attack defence will not be as effective as it should be!”

Lei looked at Lin Ran and reminded him.

Lin Ran nodded at his words and tried hard to calm his emotions down.

He was very clear about the situation at hand, the first time he broke through the barrier could be said to be the least stressful.

Because the arcs of thunder in the sky were not all in place at this time, there were very few divine thunderbolts over the distance from him to Lei!

But at this moment, all these divine thunderbolts had already fallen and were suspended between him and Lei. If he missed the first time, he would have to rely on his true ability to successfully break through the third level.

“Calm down! Calm down!”

Lin Ran kept admonishing himself in his heart.

After standing still for a full ten minutes, Lin Ran lifted the Frost Condensation Sword in his hand once more.

“Ready?”

Lei asked with a smile at this.

“Ready!”

Lin Ran returned.

“Then let’s begin!”

Lei laughed.

Lin Ran nodded, and without saying a word he charged forward towards the front.

At the same time, the Frost Condensation Sword in his hand opened up left and right, and a net of swords swept out in all directions as if it were a lotus flower.

“Bang, bang, bang!”

Numerous explosions rang out one after another wherever Lin Ran passed, but none of those lightning arcs actually hit him.

But just as Lin Ran was advancing in such an orderly manner, suddenly his face changed.

He saw that the divine lightning that should not have been triggered was suddenly rushing towards him.

He looked down and realised that he had actually moved one step faster!

But this was the step that completely disrupted his rhythm.

In a flash, the divine lightning ahead of him swept towards him.

“Bastard!”

Lin Ran saw this and hurriedly raised his hand to ward it off, but before his sword arrows could dash the divine lightning in front of him, the divine lightning behind him was already sweeping over and instantly blasted him in the back.

“End!”

Seeing this, Lei waved his palm, and Lin Ran instantly flew backwards out of the divine lightning area, returning to the starting point.

“Kid! Your heart is still not still enough!”

Lei said as he looked at Lin Ran.

Lin Ran smiled and looked at the countless thunder rays in the distance, and then looked at the Frost Condensation Sword in his hand, and a trace of bitterness flashed across his eyes.

“My heart is still not still enough!”

Lin Ran whispered softly to himself, and then sat down on his knees and closed his eyes to recuperate.

Indeed, he was a little anxious, after all, the situation he was in at the moment was so bad that the mysterious black shadow man outside would get them out at some point.

And he didn't know what was waiting for them, he didn't even know how much time he had left.

How could his heart not be anxious under such circumstances!

"No hurry! The more you rush, the more time you waste... I can't do more than three things this time I must break through!"

As Lin Ran calmed his emotions, he quickly reviewed his two previous experiences of breaking through the barrier.

He soon discovered a problem, a problem that he had just discovered when he had broken through the barrier for the second time.

At that time, he had triggered the divine lightning in front of him, but he had ended up being struck by the divine lightning from the back.

"Obviously I was running towards the front, so how could I have been struck by the divine lightning from the rear!"

Lin Ran mulled it over in his mind, and soon he thought of a possibility.

"Could it be the inertia of the divine lightning?"

Lin Ran suddenly thought of a problem.

These divine thunderbolts were all stationary, and only when one entered a range would they be triggered.

But from being stationary to rushing over this was a process that required a process.

If it was the same distance, the speed of the divine lightning behind them was already up, while the speed of the divine lightning in front of them was one that needed an acceleration.

A problem would arise in the middle of this, that is, the divine lightning behind would reach itself faster than the divine lightning in front.

"If that's the case, then wouldn't I be able to ignore the divine lightning in front of me first!"

Something instantly occurred to Lin Ran's mind.

At this moment it was as if a layer of window paper that was clouding his heart had been pierced.

"Yes it's like that! This must be it!"

Lin Ran instantly stood up from the ground, his eyes filled with excitement.

Wonder Doctor Chapter 1803

"What? Going for a third time?"

Seeing Lin Ran stand up with a glint in his eyes, Lei couldn't help but ask with a smile.

"It won't last but three times, I'll definitely succeed this time!"

Lin Ran said seriously.

Ray couldn't help but be stunned at his words, this was the first time he had ever seen such a serious and confident attitude from Lin Ran.

"Is that so? Then I hope you can succeed!"

Lei laughed.

Lin Ran didn't say anything, his eyes suddenly became sharp, and he followed without the slightest hint of stopping to charge straight ahead towards the thunderous mangles.

"Hm?"

Seeing that Lin Ran seemed no different from before this time, Lei couldn't help but frown slightly.

At this moment, Lin Ran's actions were somewhat at odds with the confidence he had just displayed.

"Could it be that this kid still wants to break in hard this time?"

Lei thought in his mind, ? A hint of disappointment flashed across his eyes.

He wanted Lin Ran to calm down and think about how to break through this third level, but now this kid was still charging in so recklessly.

No one knew the power of these divine thunderbolts better than he did, and it seemed to him that it would be almost impossible to break through the third level so hard!

"This third level is not only a test of a cultivator's defensive ability, it's also a test of resilience, and a sense of the bigger picture!"

"This kid is still a bit reckless!"

Lei whispered softly to himself.

In his opinion, among the three levels of this Thunder Dao Pearl, only this third level was the most difficult, but equally as long as one passed the third level there would be a qualitative leap for those who broke through it.

In a word, this third level was very delicate, and to pass it not only required great strength, but also a careful and decisive mind!

But at this moment, Lin Ran's method of rampage seemed to him to have little hope of passing!

While Lei was thinking in his mind, Lin Ran in front of him had already rushed into the area covered by the divine lightning.

"Hm?"

As soon as he saw Lin Ran rush into the divine lightning area, Lei couldn't help but look pale.

This was because at this moment, he actually saw that Lin Ran had actually rushed straight in, and apart from a sword strike towards the front the moment he entered the divine lightning area, he didn't move at all!

"What the hell is this kid doing!"

Lei saw that he was baffled, only to see that at this moment, Lin Ran had already rushed into the divine lightning area by four or five metres before he swung his second sword.

This was the sword that was still slashing out towards the front, and without the slightest bit of resistance, it was a completely offensive sword move!

"Kid! If you play like this sooner or later you'll have to"

Lei opened his mouth and shouted, but before he could finish his words, he froze.

Only to see that Lin Ran's speed hadn't even slowed down.

He split a channel through the lightning arcs in front of him with his sword, and followed before these lightning arcs could explode into more lightning arcs sweeping in.

He had already safely passed through the passage he had cleaved.

And then he slashed his sword again towards the front.

There was only about four metres or so that he could penetrate with one stroke of his sword, but every time he was close to passing that four-metre distance, he would make up for it with another stroke!

In this way, there was always a path that he could pass through in front of Lin Ran.

It was just that the result of him playing like this was that behind him countless black lightning arcs had multiplied as if they were waterfalls paving the way behind him.

But he simply didn't care! Still charging ahead with unabated speed.

"Bang!"

"Bang!"

Each time with the explosion of the sword mane, Lin Ran was able to advance a full four metres, from the moment he started charging forward to now, only three or four breaths of time had passed, but at this moment, he was already charging through the average distance.

"This kid!"

Seeing this scene, Lei couldn't help but be a little surprised as well.

He hadn't expected Lin Ran to rush over in this manner in any way.

He was busy looking behind him and counting up those thunderbolts that were chasing Lin Ran.

Based on his current speed, and the black divine thunderbolts chasing behind him, those divine thunderbolts chasing behind him were bound to catch up with him before he rushed out of the thunderbolt area!

In other words, while Lin Ran was leaving the divine lightning area, he had to find a way to solve the divine lightning that was chasing him behind him, otherwise all his efforts would be forfeited.

When all was said and done, from the moment Lin Ran started to break into this lightning area for the third time, his speed was extremely fast.

These thoughts were merely a slight twist in Lei's mind, and at this moment, Lin Ran was already no more than three or four metres away from him.

"Bang!"

As another explosion rang out, instantly the last area of lightning was similarly split apart by one piece of Lin Ran.

"Finally, we've reached the exit!"

Looking ahead at the absence of black divine lightning, Lin Ran couldn't help but reveal a joyful expression.

But just before his body was about to rush out of the divine lightning area, countless black divine thunderbolts were already sweeping over behind him.

"Kid! You're not safe yet!"

Seeing that the scene he had expected had indeed happened, Lei couldn't help but laugh.

However, Lin Ran was not the least bit alarmed as he smiled blandly and said.

"I thought of all this a long time ago!"

As the words fell, Lin Ran fiercely turned around, following which he raised his hand and struck his sword!

At this moment, the divine lightning behind him was only a metre away, and to these divine lightning, a metre's distance was just the blink of an eye.

But it was this one metre distance that gave Lin Ran the opportunity to strike.

"Go!"

The Frost Condensation Sword in his hand slashed out, and instantly the sword net formed by the sword's aura immediately spread out, directly facing the countless divine thunderbolts behind him.

"Rumble!"

The sword net was instantly torn apart, but when the divine thunder was about to continue to sweep towards Lin Ran.

At this moment, Lin Ran was already standing quietly outside the divine lightning area, and not far next to him Lei was standing there.

"I've won!"

Looking at those incoming divine thunderbolts suddenly stopping, Lin Ran instantly laughed.

“You brat!”

Seeing this, Lei at the side couldn't help but shake his head helplessly and laugh.

“Alright, forget about you passing! But as I said before, you still need to go and do one more thing if you want to inherit this Thunder Dao Pearl!”

“I'll naturally go for this, now the first order of business, are you going to give me that whatever secret method first?”

Lin Ran looked at Lei and smiled, at this moment this secret technique that could help him escape was the thing he was most concerned about.

“You brat!”

Looking at Lin Ran's expectant look, Lei helplessly shook his head with a bitter smile, and immediately fished out a jade slip from his bosom and threw it to Lin Ran.

“Crush it and you'll know, go and comprehend it yourself!”

After saying that, Lei turned around and did not bother with Lin Ran.

Lin Ran was not polite either, he took the jade slip and crushed it.

Instantly a stream of light quickly rushed into his mind, and a stream of information appeared out of thin air.

“The Secret Art of Stunning Thunder?”

Feeling the secret technique appearing out of thin air in his mind Lin Ran's entire body froze.

Although this Lightning Stunning Secretary appeared as a stream of information, it had actually formed a golden book in Rin Ran's mind.

Looking at the four big words on the book, “The Secret Art of Stunning Thunder”, Rin Ran immediately felt his divine sense tremble.

“What a terrifying secret technique, just looking at the name makes my divine sense feel palpitating!”

Lin Ran muttered to himself in his heart, his gaze burning as he looked at the secret technique in front of him, and then without hesitation instantly tapped his finger on the book only.

Wonder Doctor Chapter 1804

“Thunderstorm Secret Art! It is an introductory secret art of my Thunder Zun Pavilion, although it is introductory but its power is extraordinary, remember that the sub secret art is quite powerful, do not use it on ordinary people or those who are weaker!”

Confidence soon came to an end, and all the cultivation and application methods of this Thunderstorm Secret Art were already clear in Lin Ran's mind.

“This secret art is for the divine sense, it's really a gift in the snow!”

Lin Ran's heart was overjoyed.

When he faced the Dark Origin Musk Eagles last time, he had struggled with them for so long because he didn't have a divine sense attack method.

I didn't expect that what Lei gave himself this time would be a divine sense attack method.

"This Divine Sense Attack Method should only be given if one passes all the tests, Lei is still quite authentic this time!"

Feeling his divine sense evolve rapidly under the guidance of the Frightening Thunder Secret Technique, Lin Ran couldn't help but exclaim in his heart.

As stated above, although this Frightening Thunder Secret Art was the Thunder Zun Pavilion's initiation secret art, the Thunder Zun Pavilion was not an ordinary ordinary sect after all.

If the introductory secret art of such a sect was taken out, it was afraid that it could be considered a top existence among other powers.

Lin Ran was pleasantly surprised, but he was also clear about the situation at hand, so he did not dare to slow down and immediately cultivated.

The cultivation of divine sense secret arts was quick, as long as one followed the prescribed cultivation method.

There was still endless darkness around him, and Lin Ran soon calmed down from the excitement of obtaining the divine lightning secret technique and began to cultivate in earnest.

While outside at this time, the mysterious black shadow man had stopped, and he had come to a cave, seemingly ready to rest.

He set up a bonfire and sealed the entrance of the cave with a formation, before taking out some dry food with his backhand and eating it.

Only when he had almost finished eating did he turn his hand over and take out a ring.

He stroked the ring, with a smile in his eyes.

"That's the last one, as long as I turn this in my mission will be complete, and then the reward from the headquarters!"

The dark shadow man whispered softly to himself, with anticipation in his eyes, as if that so-called headquarters reward was very tempting to him.

"Gotta feed something, in case I die that would be more than worth it!"

There was a smile in the black shadow man's eyes, and with a swirl of his palm, two figures instantly appeared in front of him out of thin air, and it was none other than Xu Gu and Lin Ran.

Lin Ran was practicing the Thunderstorm Mystic Technique before, so he was startled by the sudden teleportation, but fortunately he was practicing the Divine Sense Mystic Technique, so the black shadow man did not notice.

"Elder! I'm just an unworthy alchemist, it's useless for you to arrest me!"

Xu Gu, however, as soon as he came out, he directly knelt down on the ground, busy kowtowing and begging for mercy.

Lin Ran glanced at him, not saying anything but there was contempt in his eyes.

This guy's bones were really soft.

"Cut the crap!"

The black shadow man glanced at Xu Gu indifferently and then threw two portions of dry food to Lin Ran and the two of them.

"Eat up and go back, better not play games with me, or you know the consequences!"

The black shadow man said blandly, the absolute suppression of his strength filling him with confidence, not putting the two people in front of him in his eyes at all.

The only one who could pose a threat to himself, Li Ba, had also been badly injured by himself earlier, and although he was also injured himself, he was still more than capable of dealing with the two Lin Ran.

"Senior, just spare me, I really can't do this level of alchemy!"

Xu Gu was still begging for mercy, but the black shadow man was not even bothering him.

When Xu Gu saw this, he was busy looking at Lin Ran and found that this kid was actually really eating dry food, so he couldn't help but get angry.

"Lin Ran! Can't you just beg the seniors? I don't want to die if you do!"

"Shut up!"

Lin Ran glared at Xu Gu and said in a cold voice.

"If you don't want to fucking die, then trust me into the water!"

"Me!"

Xu Gu was left speechless by the block.

"All right! What's all the bickering! Hurry up and eat, or don't eat at all!"

The black shadow man said in a cold voice.

Seeing that there was no possibility of escaping, Xu Gu sat down on his butt in despair and ate his dry food in silence.

Lin Ran gave him a bland look, before this time looking at the black shadow man and smiling.

"Ex don't, now that we've all fallen into your hands, can you also tell us where we're going here?"

"Even if it's to die, you still have to give us the understanding of each death isn't it!"

The black shadow man smiled at Lin Ran and sneered.

"You're quite frank, so there's no harm in telling you! I'm sending you all to headquarters!"

“As for what the headquarters makes you do, that’s out of my hands!”

“Senior, then why are you arresting me? Even though I’m a physician, I don’t know how to make pills!”

Lin Ran continued to ask, these topics might seem useless, but Lin Ran was learning about the other party from the side.

At the same time, he was also paralysing the other party’s nerves and secretly preparing a fatal blow.

“Physicians don’t need to refine pills, you’ll naturally be of greater value!”

The black shadow man said.

Lin Ran nodded thoughtfully at his words, followed by but pointing to Xu Gu who was on the side and said.

“Senior, then I don’t understand, I am a physician still have some use, but this Xu Gu’s alchemy level I have seen, just the pills he makes is afraid that even dogs don’t want to eat! It’s a waste of your time to arrest him!”

“What are you talking about, kid? Don’t I want to lose face?”

Xu Gu immediately quit when he heard that, he himself could say that he couldn’t come up with a good level of alchemy, but he was a little offended by Lin Ran saying that.

“But then again, senior my level of alchemy is indeed somewhat low, so it’s useless for you to arrest me!”

Xu Gu said and looked at the black shadow man awkwardly.

“Cut the crap, have you finished eating? If you’re late eating, go back to me!”

The black shadow man said impatiently.

Xu Gu’s face was full of despair, he had said all the good things and bad things, but in the end he still couldn’t escape the fate of being taken away.

“Go back!”

The black shadow man looked at the two men and swirled his palm, and instantly a suction and pulling force swept towards them.

“Ai!”

Xu Gu sighed helplessly and no longer resisted.

On the other hand, Lin Ran’s eyes were slightly narrowed and his fists were clenched, as he looked at the black shadow man with a bland gaze and his figure was gradually becoming illusory.

But just as Lin Ran was about to be taken into the spatial artifact, suddenly his eyes chilled and a terrifying divine sense instantly diffused out, sweeping towards the black shadow man.

He knew very well that this was his last chance, the place the black shadow man had mentioned was not far from here, and there was no telling when he would be released next time.

If he didn't seize the opportunity this time, I was afraid that even if he was released next time, it would be impossible for him to deal with the dark figure with his own power.

As the saying goes, if you want to kill him while he's sick, now that he's seriously injured, it's the perfect opportunity to strike!

"Hm?"

Suddenly, the Black Shadow Man's face changed and he suddenly looked up at Lin Ran, but the next moment he felt his entire eyes go black and his head went "weng", he actually lost the ability to think.

Wonder Doctor Chapter 1805

"Scuff!"

The moment the black shadow man suffered a heavy blow to his mind, Lin Ran had already taken out the Condensing Frost Sword with a flip of his palm.

"Holy shit! What are you doing!"

Xu Gu, who was next to him, panicked when he saw that Lin Ran had actually taken out his weapon.

"Senior this has nothing to do with me"

He was busy rushing at the black shadow man, but Lin Ran next to him was already rushing at the black shadow man with an arrow step, and slashed his sword towards the black shadow man's head.

"You!"

Xu Gu was shocked enough by Lin Ran's sudden strike.

But when he saw that the black shadow man actually froze in place without making any movements, he couldn't help but feel a sudden surge in his heart as well.

"Could this guy really have some way to deal with this black shadow man?"

Xu Gu thought in his mind, while he actually followed Lin Ran in a ghostly manner and rushed over.

At that moment, Lin Ran had already reached the black shadow man, and without saying a word, the Frost Condensation Sword in his hand slashed towards the black shadow man's head.

"Ah!"

Suddenly, the black shadow man shouted and dodged with his head to the side.

However, Lin Ran's Frost Condensation Sword was also very fast, and although the Black Shadow Man's head dodged it, the sword still struck his shoulder.

"Roll!"

The Frost Condensation Sword directly penetrated the Black Shadow Man's shoulder, causing his consciousness to instantly clear up, and his entire body's aura exploded instantly, shaking Lin Ran and sending him flying backwards.

Lin Ran smashed heavily against a rock wall, and his whole body was in excruciating pain as he couldn't help but spurt out a mouthful of blood.

"This guy is really hard to kill!"

Lin Ran covered his chest and busily stood up, a gloomy look in his eyes.

Although his own divine sense was powerful and combined with the Frightening Thunder Secret Technique had caught the opponent off guard at first.

However, his opponent's strength was too much higher than his own, and just an aura burst caused Lin Ran to be somewhat overwhelmed.

But this could not be helped, as Lin Ran was able to use the Lightning Stunning Secret Technique to make the black shadow man lose his ability to fight back instantly, which was already the best result.

Lin Ran's side had just stood up when he was immediately dumbfounded.

He saw that the black shadow man had actually grabbed Xu Gu's neck at some point and lifted his entire body up.

Xu Gu's feet were not touching the ground, his face was suffocating red, and he was obviously about to lose his breath.

"Save Save me!"

Xu Gu spat out two words through clenched teeth, but in his heart he regretted to the extreme.

Just now, when he saw that the Black Shadow Man seemed to have received a heavy blow, he rushed after Lin Ran, ready to give the Black Shadow Man a complementary slash.

But who knew that just as he got close Lin Ran was jolted away and the Black Shadow Man instead grabbed him with a slap.

As Lin Ran watched this scene, he didn't dare to slow down, and immediately his divine sense surged over once again, sweeping directly towards the black shadow man's mind.

"Rumble!"

The black shadow man had only just regained some of his consciousness at this point, but then a thunderclap rang out in his head, instantly stirring up his entire sea of consciousness.

"Poof!"

The black shadow man's divine consciousness suffered a heavy blow and a mouthful of blood directly spurted out.

The hand gripping Xu Gu followed suit and loosened.

"Cough!"

Xu Gu landed on the ground and busily coughed dryly twice, then rolled and crawled back towards Lin Ran.

“Go!”

Lin Ran said as he rushed towards Xu Gu, while pointing at the cave entrance, signalling him to go out first!

Xu Gu’s face was red and he couldn’t say a word at this point, so he patted Lin Ran’s shoulder and turned around and ran.

Just as Lin Ran was about to follow him, suddenly a figure in front of him flew backwards, and when Lin Ran caught it, it was Xu Gu!

“How did you come back again!”

Lin Ran said speechlessly.

“There’s a formation at the entrance of the cave! I can’t get out!”

Xu Gu said, his face ashen.

Lin Ran turned his head to look at the cave and saw that there was a formation at the entrance of the cave and the aura fluctuation was not ordinary, so he thought that he would not be able to break through it for a while.

Although this formation was set up by the black shadow man, the other party was after all a strong person of the Extreme Dao Realm, and Lin Ran’s Heavenly Mansion Realm was too different from the other party.

It was only by virtue of his own divine sense and the Thunderbolt Secret Technique that he was able to severely injure the other party, but at this moment, it was indeed difficult to break through the formation and escape!

“Boss let me out, let me go and kill him!”

Suddenly Li Ba’s voice rang out in Lin Ran’s mind.

“Can you do it?”

Lin Ran asked busily, Li Baba had been seriously injured earlier and he was a little worried.

“Don’t worry, with his current state he’s no better than me!”

Li Ba said.

Lin Ran nodded at his words, and immediately released Li Baba.

“Boss! You go on, so he has no way to stay awake!”

Li Ba reminded as soon as he came out, and immediately pounced directly towards the black shadow man with an arrow step.

Lin Ran didn’t slow down when he saw this, and in an instant, the Frightening Thunder Secret Technique swept towards the Black Shadow Man again.

The black shadow man's consciousness was in a daze, but his strength was after all very strong, and when he felt Li Baba's body rushing towards him, he slapped his palm out by reflex.

Li Baba dodged sideways, followed by a slap directly on the back of the black shadow man, the hand fire flames rise, actually instantly on the black shadow man's back on the blue smoke.

"Hold on tight, the divine sense attack he will soon have the chance to adapt!"

Lin Ran reminded from behind, he could feel that the Black Shadow Man's divine sense was rapidly recovering.

The other party was very strong and his divine sense was actually not much weaker than his own, Lin Ran was able to disrupt the other party's divine sense.

It was purely because the Thunderstorm Secret Technique was strong enough, as well as the fact that this Black Shadow Man had never encountered such a powerful divine sense secret technique before.

The effect was not bad at first, but as time receded, the effect of the Frightening Thunder Secret Technique was gradually weakening.

It couldn't be helped that the difference between the two people's divine senses wasn't great, and there was no way for the divine sense attack to directly shatter the other person's divine sense completely.

Otherwise, if Lin Ran was also at the Extreme Dao Realm, I was afraid that once the Divine Lightning Secret Technique was struck, in an instant, the black shadow man would have become an idiot, where there would be any semblance of resistance.

But even so, the fact that Lin Ran, with his strength at the Heavenly Mansion realm, was able to severely injure the Black Shadow Man like this was enough to see the extraordinary nature of this Frightening Thunder Mystic Technique.

It was too late, and at the same time as Lin Ran swept another Lightning Stunning Mystic Technique at the Black Shadow Man.

Li Ba had already blasted towards the Black Shadow once again.

He saw three long arrows of flames stabbing towards the Black Shadow Man's chest, and Li Ba was clearly prepared to strike to the death this time.

The Black Shadow Man's consciousness was chaotic at this moment, but his body instincts were still there after all, so he raised his hand and threw a fist out towards the front.

"Bang!"

In an instant, a long flaming sword was blown to pieces, and Li Ba was implicated, his whole body flew backwards, while a mouthful of blood spurted out.

He was already seriously injured, and at this moment, he was implicated again, and as he landed on the ground, his entire body directly fainted.

"Li Ba!"

Lin Ran saw this and ran over to him. After checking him, he found that Li Ba was only too weak to be in danger of dying, and then he was busy putting him away.

After putting Li Baba away, Lin Ran then turned his head to look at the black shadow man, and after this look Lin Ran was stunned.

At this moment, he saw two flames burning on the black shadow man's chest, and these two flames were the other two flaming long swords that Li Ba had blasted out earlier.

These two long arrows had already penetrated the black shadow man's chest, and at this moment, the black shadow man was directly kneeling on the ground, actually having no breath left.

Wonder Doctor Chapter 1806

When he saw the black shadow man sitting on his knees on the ground, no longer breathing, Lin Ran was relieved and also followed him to sit on his buttocks.

What had happened before had all happened in a flash of lightning and at this moment, when he really calmed down, Lin Ran couldn't help but feel a moment of fear.

After all, he was only at the Heavenly Mansion realm, and although he had obtained the Secret Art of Stunning Thunder, he could fight with the strength of the Heavenly Mansion realm against the strength of this black shadow man at the Extreme Dao realm.

"Fortunately! Fortunately, my divine sense is at the peak of the Dao Realm of Enlightenment, so the gap between me and him isn't too great otherwise I would have really fallen this time!"

Lin Ran lamented.

The Heavenly Mansion realm, the Enlightenment realm, and the Extreme Dao realm only after the three Dao realms, the gap in between was very clear in Lin Ran's mind even without saying so.

Fortunately, the end result was good.

Lin Ran rested for a while, and when he saw that Xu Gu next to him was also not moving, he got up to check.

He saw that Xu Gu had buried his head in the ground, and his whole body was trembling, and there was even a streak of water underneath him, this guy had actually been scared and pissed.

"How has this guy lived for so many years!"

Lin Ran shook his head helplessly and turned away from him, walking towards the corpse of the Black Shadow Man next to him.

The flaming longsword on the Black Shadow Man's chest had already gone out, and two wounds as thick as his arms were pouring blood out.

Lin Ran waved his hand and ripped off the Black Shadow Man's black robe, instantly revealing an indescribably bizarre face.

The man appeared to be a young man, but he was bald and didn't even have eyebrows.

What was most bizarre was that the man's head was covered with black lines that looked like ghostly symbols, and the black lines were coiled in a wrong way as if they were tattoos.

But when Lin Ran took a closer look, he found out that these black lines were not tattoos at all, but veins on the head of this black shadow man.

The blood in these veins was black and looked very bizarre.

When Lin Ran saw that he could not see anything, he backhandedly turned over everything on the black shadow man's body and then laid it out on the ground in front of him.

The black shadow man did not have much on him, only a black wooden card, a card and some dry food and other miscellaneous items.

Lin Ran first picked up the card and found that it was the card of the Luo Ran Trading Firm, so he thought that it should be used by the black shadow man to buy and sell things on a regular basis.

There was nothing very special inside the miscellaneous items, except for the dried food, but there was a pair of maps that caught Lin Ran's attention.

He opened the map and found that it was a detailed map of the East Flag City area, which was drawn with three colours into three parts.

One of these sections was the area of Yaki City and Beast Hunt City, and Lin Ran also found a red stone next to the map.

The stone was exactly the same colour as the one marked on the map.

"Could it be that there are three of these mysterious people in this East Flag City?"

Lin Ran said to himself, the situation before him up was indeed like this.

The map was divided up by three colours, seemingly implying that there were three people in charge of different areas.

And the place where this mysterious black shadow man who had captured Lin Ran was located, and the red stone he was carrying also happened to coincide with the location marked on the map!

"I'm afraid that the power behind this guy is extraordinary, the entire East Flag City is so big that only three people were sent, and no one is in charge of such a large area!"

Lin Ran pondered in his mind before picking up the last item on the ground.

This last item was a black piece that somewhat resembled a wooden plaque, but after it was in his hand Lin Ran discovered that it was not wooden, but jade instead!

It was only the size of the palm of his hand, and its shape was very ordinary, except for the many complex and obscure lines carved on the front of the jade medal, which he did not know what they meant.

However, Lin Ran soon discovered that on the lines only on the front of this jade pendant, there was actually this small line of words engraved.

“Death Gate Number Eight Five Seven!”

“Death Gate? Eight fifty-seven?”

Lin Ran looked at these few words alone and couldn't help but frown slightly, although these words were only a few simple words, they revealed a very large amount of information.

The word Death Gate alone had already revealed the other party's power, only this Death Gate Lin Ran had never even heard of, he had no idea what it was for!

“Death Sect? What is this power for?”

Lin Ran said helplessly to himself, if Qing Zi was still awake he could have asked her, but this girl had fallen into a deep sleep because of the battle between himself and Prime, so now there was no place to ask anyone if he wanted to!

“That's right!”

Suddenly, Lin Ran suddenly remembered someone.

“Go ask Lei!”

Lin Ran suddenly muttered to himself.

Earlier, when he was in the Thunder Dao Pearl, Lei had told himself to go to him if he killed the other party, and just now, being attracted by the name of the Deadly Gate as a power, Lin Ran had almost forgotten about it instead.

When he thought of this, Lin Ran directly put away the mysterious black-robed man's corpse with a wave of his palm, and then glanced at Xu Gu next to him, seeing that he was still lying on the ground with his body shivering, he ignored him and entered the Thunder Dao Pearl directly.

Inside the Thunder Dao Pearl, Lei felt Lin Ran enter and had been waiting for him for a long time.

“Kid! How did it turn out?”

Seeing that Lin Ran had been injured, Lei couldn't help but ask.

“Fortunately, I'm not insulted! See if he's the one you're looking for!”

Lin Ran said as he threw the mysterious black shadow man to the ground.

Lei couldn't help but frown slightly at the sight of the other man, then with an arrow step he rushed closer and without saying a word he directly plucked up the mysterious man's clothes!

“Holy shit! You can't be so heavy-handed, you have such heavy tastes!”

Lin Ran smiled and said, at the same time he turned his head and was a bit speechless, he had known Lei for so long and didn't seem like this guy had such a fetish, so why did he do such a thing at this time.

“Fuck off! I'm not as nasty as you think I am!”

Lei said disdainfully, following which he lost his voice.

Lin Ran turned his head to look, only to see that Ray hadn't removed all the clothes from the mysterious man's body, only revealing the latter's shoulders.

But those shoulders were no different from those of a normal person, Lin Ran really couldn't see anything special about them!

Ray stared at the other man's shoulder for a while, then actually laughed out loud to the sky and said.

"Haha! Kid, you're still an explosion of luck, congratulations on passing the third level of the test! You can come and inherit the Thunder Dao Pearl anytime you want!"

"Huh?"

Lin Ran was a little bewildered at his words, but then he reacted and he busily looked at Lei and said.

"You mean this person is the one you want me to find?"

"That's right!"

Ray nodded and laughed, while slapping the black shadow man onto the ground, pointing at the latter's shoulder and saying.

"See for yourself!"

"See what?"

Lin Ran was stunned, but he still went over, and only after getting closer did Lin Ran realise that there was actually a blood-red scar above this man's shoulder!

The scar was so thin that if one did not look closely, one would not be able to find it.

The scar was also very special, it was blood red on the outside but had a white line on the inside, and there was no scarring.

It looked as if it had been burned, but the wound never scarred, somehow like a wound that appears after being burned constantly.

"Who the hell is this guy? And what about the dead door? You said he's the one you're looking for, do you know something?"

Lin Ran turned his head to look at Lei and asked many questions in a row.

Wonder Doctor Chapter 1807

Instead of answering directly, Lei looked at Lin Ran and after a moment actually took out a Heavenly Dao stone.

"What are you doing?"

Lin Ran asked, puzzled at the sight.

"Make an oath and use it to not betray the Thunder Daoist Pavilion, and I'll tell you! Also this is the last condition for you to be able to obtain the Thunder Dignity Inheritance!"

Lei said, at this moment he had a serious face without the cynicism of his previous jokes.

“Yes!”

Lin Ran looked at Lei and swirled and took the Heavenly Dao Stone.

After coming to the Immortal Realm for so long, he had sort of understood a few things, first at the Eight Qi Mountains and now at the Thunder Zun Pavilion.

It seemed that every power liked to use these Heavenly Dao Stones to make some sort of vow so that everyone could be united.

Lin Ran also looked past this and gradually adapted to it. In itself, this kind of oath was made relatively leniently, only that he could not betray the Thunder Zun Pavilion, and as for the rest it did not impose any restrictions on him, he was relieved.

Quickly making the oath, Lin Ran handed it to Lei, and then said.

“Now you can say it!”

“Of course!”

Ray nodded, before pointing at the black shadow man on the ground and speaking.

“This guy is from the Death Gate, so I guess you already know about the power that is the Death Gate!”

Lin Ran nodded at his words, while handing over the jade talisman he had found.

Lei took a look at the jade talisman and couldn't help but smile and shake his head.

“You kid are really uncommonly lucky, I didn't expect to run into just the trashiest of existences!”

“What do you mean?”

Lin Ran asked with a frown as he heard his confusion.

“The meaning is short, this kind of existence that doesn't even have a name but only a number is the lowest level of the Death Gate!”

Lei said.

“The lowest level of existence?”

Lin Ran was stunned at what he heard.

He had to know that the Black Shadow Man was a genuine Extreme Dao Realm powerhouse, but now Lei was actually saying that he was the lowest level of existence in the Death Gate.

Then how strong must the top level within this Death Gate be!

“One shouldn't feel surprised, for this Death Sect to be the sworn enemy of the Thunder Zun Pavilion, how could it be an ordinary power!”

Lei said.

Then he recounted it carefully.

It turned out that before the wave of great wars that the old Immortal Emperor had experienced back then began, the Lei Zun who was in charge of the Lei Zun Pavilion at that time was still the old Lei Zun.

The old Lei Zun had a daughter who was an alchemist, and because Lei Zun himself loved the art of alchemy, his daughter had inherited almost all of Lei Zun's mantle.

Later on, the old Lei Zun also found the then master of alchemy, Dan Tian Shi, and persuaded his daughter to join his disciples and specialise in the art of alchemy.

His daughter was extremely gifted in the art of alchemy, and it did not take long for her to become famous.

But then, on the eve of the Great War, his daughter suddenly disappeared!

Old Thunder sent many people to look for her, and even the Dan Heavenly Master sent people to look for her.

However, the result was still nothing.

Even some of the disciples who went to look for her died tragically outside.

It was only at that time that the Old Immortal Emperor summoned all the people, so Old Thunderbolt and Dan Tian Shi had to put the matter aside for the greater good.

But then, in the midst of the fight, a force suddenly emerged, and the people of this force were each extremely strong, and just like the death squad, they were not afraid of death at all.

The fighting power was extraordinary.

Later, under the investigation of Dan Tian Shi, it was discovered that these people all had a large amount of residue of pills in their bodies, and they had taken an unknown number of pills before they were born.

"Dan Tian Shi suspected that these people should be cultivators raised with pills, their physique and strength had been transformed by the pills and had long been different from normal people! That's why the combat power is that strong!"

Speaking here, Lei paused for a moment before continuing.

"This force is the future Death Gate!"

Because of the sudden appearance of this force, it made the Old Immortal Emperor extremely furious, and the Old Immortal Emperor sent his great disciples to investigate thoroughly, eventually destroying the lair of this Death Sect straight away!

"At that time, Old Thunder Emperor was also involved, but it was at the same time as destroying this Death Sect's lair that Old Thunder Emperor also found her daughter!"

"It's just a pity that her daughter was already a corpse at that time!"

"Huh?"

Lin Ran's entire body froze when he heard this.

"Could it be that the one who captured Old Thunder Zun's daughter in the first place was that Death Gate?"

Lin Ran asked busily.

"That's right!"

Lei nodded his head and said.

"Most of the people in this Death Gate are cultivators who have reached a bottleneck in their cultivation only and are unable to advance in refinement!"

"The Death Sect gathers them together and gives them pills by virtue of powerful and even damaging pills, thus improving their strength!"

"But these people have long since turned into an existence similar to that of a walking corpse during their long time of taking elixirs!"

"This is also why they are so strong!"

Later, when Old Thunderfather was furious at the tragic death of his daughter, he and the Dan Heavenly Master discovered after some research that these people from the Death Sect needed to cultivate a specific gong method regardless of their strength.

This gong method could help them use pills to break through their bottlenecks of strength.

But this kind of gong method had never been seen by Old Thunder Zun and Dan Tian Shi, and from the information obtained from the Jedi investigation, it appeared that in order to cultivate this kind of gong method, the essence blood of a very mysterious person was needed as a guide.

But at the time of the Great War, Old Thunder and Dan had no time to find out who was behind it!

But after all, Old Thunderbolt had a temper, so he forced his own divine lightning to fight the dark hand once through the path of karma.

It was that time that Old Thunder Venerable branded his own True Divine Lightning into the other party's bloodline.

But whenever anyone joined this Death Sect and practised the Death Sect's techniques, because they had to devour the essence of the black hand behind the curtain, they would be scorched by the Old Thunder Djinn's Original Divine Lightning.

Although he could suppress it by strength during the day, this kind of scars similar to burns would appear on top of his back!

"Although the old Thunder Djinn later followed the old Immortal Emperor to who knows where, but the Thunder Djinn Pavilion always remembered this matter, all but to recruit new people, this last condition is to go and kill an enemy with this kind of burn marks on his back!"

Lei looked to Lin Ran and said.

And after hearing this, Lin Ran had completely understood, how things came about!

“According to what you said, wouldn’t that mean that even now this Death Gate is not extinct? Didn’t the old Immortal Emperor’s great disciple already exterminate the Death Sect in the beginning!”

Lin Ran asked.

Lei smiled but shook his head and said.

“Which is not that simple, which mysterious person behind the Death Sect has not been gotten rid of at all, sooner or later the Death Sect will resurface if this person is not removed!”

“Isn’t that what you’ve come across now!”

Lin Ran was stunned at his words.

Indeed, this black shadow man who had captured them this time was clearly someone from the Death Gate, and the Death Gate nowadays was afraid that it had already resurfaced.

“All right! Take him out, I don’t want the deadly enemy of the Thunder Zun Pavilion to taint this place of mine! Take him out and burn him!”

Lei said with a sigh.

“As for the inheritance of the Thunder Dao Pearl, you can come to me anytime!”

“Hm!”

Lin Ran nodded, and immediately left inside the Thunder Dao Pearl with the corpse of the Black Shadow Man.

Wonder Doctor Chapter 1808

A few moments later, Lin Ran woke up from his meditation and turned his head to look at Xu Gu next to him, unable to help but be speechless.

He had entered the Thunder Dao pearl for so long, but this guy was still lying on the ground with his head facing the ground, only that his body was no longer trembling, and he didn’t know if he had been scared silly.

Lin Ran got up and walked over towards Xu Gu, seeing this guy lying motionless on the ground just like he was dead, he couldn’t help but frown slightly.

“Not so much, is it hard to be scared to death?”

Puzzled, Lin Ran went up and kicked Xu Gu in the buttocks, and the guy fell to the ground with a bang.

“Ouch!”

Seemingly separated by a stone, Xu Gu cried out in pain, and only then did Lin Ran notice that this guy was actually asleep.

“Holy shit! What time is it, you can still fall asleep?”

Lin Ran looked at Xu Gu and was simply speechless to the extreme.

What kind of person had set himself up for this, he was actually able to sleep in at this time.

“No I didn’t fall asleep! Where’s the person? Where is he?”

Xu Gu said awkwardly, while busy standing up and looking around with a bewildered expression.

“Dead!”

Lin Ran gave him a blank look, and then walked towards the black shadow man, ready to dispose of the corpse.

Xu Gu also saw the black shadow man at this moment and busily followed him over, seeing that the latter had actually died, he couldn’t help but be taken aback.

“Little friend Lin Ran, did you kill him?”

Xu Gu asked busily, his eyes filled with surprise!

He had some idea of how strong Lin Ran was, and the strength of that mysterious black shadow man was something that even that companion of Lin Ran’s could not match, but at this moment, that black shadow man was really dead.

“Cut the crap and go break the formation apart if you don’t help!”

Lin Ran gave him a lazy look and proceeded to burn the black shadow man’s corpse.

Seeing this, Xu Gu took one look at the Black Shadow Man and prepared to leave, but when he saw the black lines on the Black Shadow Man’s head, he immediately drew in a breath of cold air.

“Little friend Lin Ran, look at the black lines on his head!”

“What’s wrong?”

Lin Ran looked up at Xu Gu, this black line he had already understood was caused by the large amount of pills he had taken!

Only at this moment this Xu Gu’s reaction was that he seemed to know something too!

“These black lines are all residues of pills, my master used to say that these people are very hateful for catching us in the past, just to keep making pills!”

Xu Gu said.

Lin Ran smiled and gave him a white look without good grace and said.

“Alright I know, can you cut the crap!”

After saying that, Lin Ran stopped paying attention to Xu Gu and raised his hand a ball of flame to directly envelop the black shadow man.

“It’s really no use at all!”

Turning around and seeing that Xu Gu was actually still frozen in place, Lin Ran walked towards the entrance of the cave alone without a trace of anger.

“Hey hey! Brother Lin Ran, wait for me!”

He was joking about a corpse burning inside, and he was too timid to stay alone in the cave.

When they reached the entrance of the cave, Lin Ran studied for half a day and finally broke the formation.

The two of them had been in the cave for half a day, and after breaking the formation they ran straight to a small lake nearby to cleanse themselves of the smell they had picked up.

However, what they didn't know was that not long after they had left the cave.

Suddenly, the black jade talisman next to the corpse in the cave exploded out of thin air.

A black stream of light instantly rushed out of the jade talisman and spiraled out of the cave towards the distant sky.

.....

“Brother Lin Ran, what's your next plan? Or else I'll follow you!”

Sitting by the lake, Xu Gu was busy coming over and said.

He thought it was Lin Ran who had killed the black shadow man, and he couldn't help but have a whole new understanding of Lin Ran's strength in his heart, wanting to follow him, a big tree, so that he could take advantage of it.

Otherwise, if he ran into this kind of mysterious person again in the future, he was afraid that he would have to be completely finished.

“Stop it, stop it! Who are you shouting at, brother Lin Ran? You've grown a beard brother!”

Lin Ran looked at Xu Gu and said without good humour.

This guy didn't look very old, but his beard had already grown out, and according to what Li Ba said, cultivators in the Immortal World generally had a longer lifespan, so Lin Ran couldn't conclude how old this Xu Gu really was!

“Eh! Then, little friend Lin Ran, little friend, what are you going to do next?”

Xu Gu said awkwardly.

Lin Ran fell into silence at his words, he hadn't really thought about this matter, he had originally planned to go directly to East Flag City with Li Bazhi!

But now he didn't know where he was, there were dense forests all around, so I guess this Death Gate disciple who had captured him didn't want to be discovered, so he had taken a remote path along the way.

“Where is this place?”

Lin Ran asked as he looked at Xu Gu, this guy had been hanging around Baki City for years, so he thought he should have some knowledge of the place.

Xu Gu was silent for a moment at his words, and then said.

“From my years of experience as an old man, this place should be close to Xue City!”

“Xue City?”

Lin Ran was stunned at his words, this Xue City was something he had never heard of at all.

“That’s right! It’s Xue City, I spent some time in Xue City back then, and Xue Dongyang, the city lord of Xue City, is still an old acquaintance of mine!”

Xu Gu laughed smugly.

“You’ve heard of Xue Dongyang, right? That’s the cousin of King Dongqi! The strength is even stronger at the Hundred Thousand and Eight Thousand Realm!”

“One hundred thousand eight hundred thousand realms? The East Chess King’s cousin?”

Lin Ran couldn’t help but be stunned at his words.

He had heard Li Ba say before that the Eastern Chess King was a fierce general of the Immortal Emperor, and his strength was so great that he was close to the half-step Immortal realm!

Although the difference in strength between the two was somewhat large, in front of ordinary cultivators, the Hundred Thousand and Eighty Thousand Realm was a very powerful existence, not to mention a Great Perfection Realm powerhouse like the East Chess King.

There were very few people in the entire East Flag City who had actually seen the East Chess King in person!

“Little friend Lin Ran, why don’t you come with me to Xue City? I see that you’ve also been injured, so you should find a place to heal first!”

Xu Gu busily said, his attitude very polite.

Lin Ran pondered for a moment at his words, and then nodded his head.

His own injuries were clear to him, they were not serious, he just needed some herbs to treat his external injuries, without the blessing of the Dao of Healing Dao, relying on his own body to repair them was really a bit slow.

The situation of Li Ba is even worse, although this guy is strong internal injuries do not need to worry, but external injuries than myself, indeed need some herbal medicine to do!

And at this point in time, I don’t even know where I am, so following Xu Gu to this so-called Xue City would be a good choice!

“Let’s go then, little friend Lin Ran, don’t worry, when we get to Xue City I’ll make sure you’ll be a guest of the Xue family!”

Xu Gu got up and said with a smile.

Lin Ran smiled but did not deny it, while asking.

“Is that so? Then tell me, how did you manage to get along in the Xue family back then?”

He knew this Xu Gu’s character, and although he was not considered a great traitor, he was definitely not a decent person either.

Who knows if this guy also cheated the Xue family in the first place, if he went along without asking questions and was caught red-handed, then he would have died in vain.

Wonder Doctor Chapter 1809

In East Flag City, there is a very special pavilion.

This pavilion is right in the middle of East Flag City, and is the most central place in the whole city.

And as long as the people of East Flag City know, this pavilion is exactly the long shuttle where the East Chess King normally greets his friends, but whenever this pavilion is open, there is a big person coming over there and needs to be received personally by the East Chess King.

At this time, on the third floor of the pavilion, a white-veiled Roy is sitting on a chair, and next to her is a handsome middle-aged man.

The middle-aged man had an extraordinary air about him, with a vague aura of a scholar, but those who knew him well knew that.

This scholarly aura was indeed not to be messed with, for the owner of this scholarly aura was none other than the East Chess King.

The East Chess King is famous for the chessboard in his hands, and in order to maximise the power of the chessboard,? He also likes to dance and write most in his spare time.

So he looked a bit out of place with other cultivators, but it was his literary and ink aura that was a symbol of his strength.

“It is a great honour for me, East Chess, to have Miss Roy here!”

King Dongqi said with a smile, while personally pouring a glass of wine for Luo Yi.

The current status of the Luo Ran Merchant Firm was such that no one dared to disrespect it, except for the Immortal Emperors of the Immortal Realm, the Alliance Lords of the Anti-Alliance, and Zhen Yan of the Beast King Domain.

After all, the wealth of the Luo Ran Merchant Firm was too strong, so strong that even the Eastern Chess King did not dare to easily offend it.

As the saying goes, money can make the devil push the mill, and even if you are weak, you can do things that many strong people cannot do.

If we look at the entire Immortal World, the only people who can compete with the financial power of Luo Ran Merchant are the Immortal Emperor, Zhen Yan and the Lord of the Alliance.

“King Dongqi, I have come to find you this time for only one thing!”

Without any nonsense, Luo Yi looked at the Eastern Chess King and said directly.

“Help me find a man called Lin Ran, he is in your territory, as long as you help me find him, I can gift you one thing, you name it and I will not take a penny from the Luo Ran Merchant Guild!”

“This!”

The things that he needed when his strength reached this level were not ordinary.

Any one of them would be worth a fortune, but Roy actually said he would give them away! This was definitely a great thing for him.

“Are you serious!”

The Eastern Chess King looked at Roy and asked seriously.

“When have I, Roy, ever failed to deliver on my words!”

Roy looked at the Eastern Chess King and said blandly.

“Good! Good!”

The East Chess King was overjoyed at his words.

“Also, help me spread the word out! But for anyone who can bring Lin Ran to the local Luo Ran Merchant Branch and end up in East Flag City, I, Luo Yi, will additionally reward five hundred cubes of spirit liquid!”

Luo Yi said.

“Miss Luo Yi is really generous, it seems that my Eastern Flag Domain is going to be lively this time!”

The East Flag King laughed, and immediately arranged for someone to go and spread the news out.

“Right Miss Roy, so you are staying in this East Flag City of mine?”

The East Chess King looked at Roy and asked with a smile.

“No! I’ll have to leave in a bit!”

Luo Yi said.

Originally she had planned to stay in East Flag City, but just before she came to see the East Chess King, she had received a message that she had to get up and return to Immortal Emperor City immediately!

Finding Lin Ran was important, but this time was also extremely important to her.

She had made such a big show, and almost all the major cities had their own Luo Ran merchant houses, as long as Lin Ran got the news he would definitely go to the Luo Ran merchant house, and it would only be a matter of time before she saw herself then!

“That’s fine, then Miss Roy will wait for news from me!”

The Eastern Chess King smiled and said.

Roy nodded at his words, then after sitting for a while longer, he got up and left.

.....

The storm clouds were dark and the world was unpredictable.

Just as Roy left East Flag City, the East Chess King spread the news of the domain-wide search for Lin Ran.

In Xue City, a mountain away from East Flag City, a black light descended from the sky and landed in one of the inconspicuous dwellings.

An old man sitting in a chair was leisurely drinking tea when he saw the black light fall and waved a fan in his hand, and a message instantly entered his mind.

“The one who killed me, Lin Ran Li Ba!”

“Lin Ran Li Ba?”

Hearing these two names, the old man couldn't help but frown slightly, he knew very well what strength this man of his was, but he was actually killed by someone.

“Where did this Lin Ran Li Ba come from again?”

The old man whispered softly to himself, and then his body moved, and the next moment had already disappeared in the same place.

A few moments later, when the old man's figure appeared, it was already in a famous place within this Xue City, the Luo Ran Merchant Firm!

“Master Fang, what brings you here?”

Seeing the old man appear, Li Jiang, who was sitting in the room, could not help but get up and ask respectfully.

“Li Jiang! Help me find out where Lin Ran and Li Ba emerged from!”

Fang Ye didn't say any nonsense and said directly.

“Yes!”

Li Jiang smiled and busily arranged for someone to find out!

“Master Fang, we'll have news in a day at most!”

Li Jiang said.

Fang Ye nodded at his words and opened his mouth to continue asking.

“Has there been any movement in East Flag City recently?”

Fang Ye's men were active in the East Flag Domain, and his concern was naturally the movement of the East Flag King.

“No, but I have received news that Miss Luo Yi, the owner behind the Luo Ran Merchant Firm, has arrived in East Flag City today!”

Li Jiang said.

“Luo Yi?”

Fang Ye nodded at his words, but did not care too much.

In his opinion, Luo Yi only had a few stinking dollars, and in terms of strength, she was not much higher than himself!

“Alright, contact me as soon as you have any news!”

Fang Yang said indifferently, and then turned around and left the place.

Li Jiang looked at the direction Fang Ye left, until the latter completely disappeared from sight, then he let out a long breath.

.....

But at this time, Lin Ran and Xu Gu, after a day and a night of rushing, the two of them finally saw the city gate of Xue City on the next morning.

The first time I saw the gate of Xue City, Lin Ran was really amazed.

This was because the city gates of Xue City were already many times more imposing than those of Baki City.

But it was such a city that Lin Ran had actually never even heard of before.

“How’s that? Isn’t this Xue City extremely imposing?”

Xu Gu smiled triumphantly, a glint in his eyes.

“It’s quite grand, but what does it have to do with you?”

Lin Ran said disdainfully.

“Hey! Little friend Lin Ran, have you forgotten that, as I said before, the City Lord of this Xue City and I are friends!”

Xu Gu busily reminded.

Lin Ran listened but said with a speechless face.

“Come on, you’ve said it eight times this day and night, isn’t it just that you cured someone’s daughter’s illness and they are grateful to you!”

“Yes, yes! That’s it!”

Xu Gu laughed triumphantly.

If he was really that good, he wouldn’t have been torn down by the Li family in the first place.

But at this moment, he had no choice, Li Ba needed herbs to heal, even if he didn't go to the Xue family, he had to go to Xue City to buy some herbs!

"All right, cut the crap and hurry into the city, go find a place to buy some herbs first!"

Lin Ran said impatiently, and immediately took a step towards the city.

"I've told you before, when we get to the Xue family, we'll have to go buy herbs ourselves!"

Xu Gu said helplessly, while busy following.

Wonder Doctor Chapter 1810

Lin Ran smiled but shook his head helplessly without saying anything.

Xu Gu's matter he always felt unreliable, rather than wait until the Xue family in the delay, it would be better to go and buy herbs for Li Ba to put on first!

.....

The two of them have already entered Xue City as they speak. On top of the walls of Xue City, there are very many soldiers standing guard, so I think they are arranged by the Xue family here.

"See? The guards on the city walls are all Xue family soldiers, in Xue City the Xue family is the sky, when I first came here, the entire Xue family of Xue City was the only one who could say anything!"

Xu Gu laughed proudly, as if this Xue family was his own home.

"According to you, wouldn't this Xue City be the Xue Family's back garden!"

Lin Ran laughed lightly.

"That's natural, with the East Chess King as a big backer, how do you think the Xue Family is able to stand in Xue City!"

Xu Gu laughed.

As the two of them spoke, they had already reached the city, and the streets were full of stalls of all sizes, selling anything and everything.

Lin Ran was a little dazzled by what he saw, but soon he heard some very different chatter.

"Hey hey, have you guys paid your protection fee this month?"

"Why haven't you paid it! This Xue Cheng's sky is about to change!"

"Isn't it! I just paid it to the Xue family two days ago, and today the Mai family's people are here to collect it!"

"Oh! It's really hard for us businessmen, the Xue family is getting worse and worse!"

"Yes, if it weren't for the King of the Eastern Chess still covering them, this Xue City would sooner or later be changed into a Mai City!"

Some of the merchants had no desire to run their stalls and were chatting away.

Xu Gu couldn't help but blush with embarrassment as he listened. After bragging about how the Xue family was doing in this Xue City, he had just entered the city and heard this kind of conversation.

"Go, go ask!"

Lin Ran frowned slightly and spoke.

Xu Gu was taking him to the Xue family, if there was any trouble with this Xue family it would be better for him to find out first, otherwise if he got involved in the struggle between the two great clans out of thin air, it would be more than worth it!

Quickly arriving at the stall, Lin Ran pretended to buy something, looked around and casually picked an item that didn't look expensive and asked with a smile.

"Boss, how much is this item?"

"A medium-grade spirit stone!"

The boss didn't have the heart to pay Lin Ran any mind, he had plenty of such small items.

"Here you go!"

Lin Ran didn't get angry when he saw this, and smiled as he took out a very high quality spirit stone and threw it over.

The boss's eyes went straight when he saw the extremely high quality spirit stone.

"Boss, I want to ask you something!"

Lin Ran saw his chance coming and smiled busily.

"No, no, you're the boss you're the boss, so if you have any questions, just tell me! I'll tell you everything I know guaranteed!"

The boss was busy laughing, when he ran into a big money spinner like Lin Ran, he wouldn't dare to offend him, after all, who knew if this guy had any powerful forces behind him.

"Boss, what's with the Mai family you guys were talking about? Isn't this Xue City the domain of the Xue family?"

Lin Ran didn't bother with nonsense and asked directly.

The boss was stunned at his words, and then said.

"Young man, this is your first time coming to our Xue City!"

Lin Ran nodded at his words, and did not deny it.

"Then that's it!"

The boss saw this and continued.

“This Xue City, ah, used to be the domain of the Xue family, but in recent years, the younger section of the Xue family has been failing more and more, and nowadays, the Xue family doesn’t even have a single male, and only has a single female doll!”

“On the other hand, the Mai family has seen a constant influx of strong youngsters in recent years, as the saying goes, if the youngsters are strong, there is hope!”

“Nowadays, the Mai family is getting more and more arrogant in this Xue City, if the Xue family didn’t still have the backing of the Eastern Chess King, I’m afraid that this Xue City would have been renamed Mai City long ago!”

Lin Ran smiled, nodded and got up, and left the place with Xu Gu.

Xu Gu also heard the conversation between the two just now and couldn’t help but swallow his spit, his heart somewhat drummed.

“Are we still going to the Xue family?”

He turned his head to look at Lin Ran and asked.

“You’re the one who brought me here you ask me?”

Lin Ran gave him a white glance without good humour before saying.

“A thin camel is bigger than a horse, and we’re just here to borrow a room, we’ll leave when we’re healed!”

“That’s true!”

Xu Gu nodded at his words.

Lin Ran didn’t bother talking to him, and asked where the nearest herbarium was, and immediately rushed over there.

In the Immortal World, herbal resources were very abundant, but most of these herbs ended up being bought up by alchemists.

Because the way of physicians in the Immortal World was almost cut off, alchemists became the centralised buying power of herbs.

When the two arrived outside the herb hall, they looked around and saw that most of the people who came here to buy were wearing the clothes of alchemists, except that these people’s alchemist robes seemed to be inferior to Xu Gu’s, thinking that they were afraid that their alchemy level was not as good as his!

And apart from these people, the rest were people who appeared to be the underlings of some alchemists, coming to buy herbs!

There were two stalls in the entire herb hall, but what puzzled Lin Ran was that one of them was lined with people, but the other one had only one person in front of it! And it was a woman.

“Let’s go!”

Lin Ran didn't think much about it, and with a greeting, he walked towards the woman's back, Li Ba's condition wasn't too serious though, and he didn't want to stay much longer as he might get the herbs sooner.

However, just as Lin Ran was leading Xu Gu over towards where the woman was.

On the other side of the crowd that was lined up with people, there was a murmur of voices.

"Hey hey! Look at that kid looking for death!"

"I think it's 80%, but this kid is so fresh-faced and ruthless, I'm afraid he's just come to our Xue City!"

"Should we warn him then? If he dares to get in line behind Missy, he's looking for death!"

"I've heard that Mai Yang will be here soon, so we might have a good show later!"

"Mai Yang? That's true!"

The crowd was talking, but none of them really came up to remind Lin Ran.

Lin Ran didn't know anything at the moment, and soon he had reached behind the woman.

The woman was dressed in white, and her back seemed to be about the same age as herself.

Sensing someone coming from behind her, the woman turned her head and looked over.

When Lin Ran saw the woman's face he couldn't help but be struck by the fact that the woman was actually born with a great deal of grace.

If Qiu Mo was the kind of woman who was breathtakingly beautiful, then the woman in white in front of him was definitely an existence with an extraordinary temperament.

One was a mortal beauty, while the other was a fairy who had fallen into the world.

"Aren't you afraid?"

The woman looked at Lin Ran and asked for no reason.

"Afraid of what? If you're not buying medicine please also bother to move aside!"

Lin Ran said.

Although this woman was pretty, he had already gotten used to it and at this moment, his heart just wanted to buy herbs as soon as possible!

"Ao!"

When the woman saw that Lin Ran actually did not have any fear towards himself, and did not even lose his composure at the sight of his own appearance, she could not help but be very curious about him in her heart.

In this Xue City, she really hadn't seen a young man from the younger generation who could remain so calm when he saw himself.

As the woman spoke, she had already turned around and went on to buy herbs.

Lin Ran also felt a little puzzled, but seeing that he would soon be able to buy herbs, he didn't think too much about it.

However, while he was waiting patiently, suddenly there was a noise from outside the herb hall, followed by a large group of people pouring in.
