Wonder Doctor Chapter 1811

“Everyone get out of here!”

As soon as these people dared to pour in, a youthful, domineering voice immediately came over.

Lin Ran couldn't help but frown slightly as he heard it, followed by the sound of footsteps ringing out from the side, and the people who were in the queue just now actually turned their heads and ran past without saying a word.

The woman in white in front of him also turned her head at the sound of her words. Lin Ran saw that she hadn't finished buying herbs yet, so he couldn't help but walk over towards the other side of the counter which was already empty.

At this time, all the people in the previous queue had already run out, and when they turned their heads and saw that Lin Ran hadn't actually come out and had run off to buy herbs, they all laughed at once.

“This kid is really new here!”

“This is going to be a good show!”

“Isn't it!”

The crowd blocked the doorway one by one with gloating faces.

It wasn't that they all had evil hearts, it was just that they had almost all been through this before, and when they came across someone new to Xue City, they couldn't help but want to put each other through it.

Lin Ran didn't bother with the commotion behind him and directly told the boss what he wanted to buy.

When that boss saw that Lin Ran was calm and collected, he couldn't help but say more.

“Young man, aren't you going out yet?”

“Why should I go out? I'm here to buy herbs!”

Lin Ran said indifferently, in his opinion the commotion at the back of this was afraid that some rich disciple was flaunting his power here again.

But he didn't care at all, Li Ba needed herbs, and he wouldn't be polite at this time!

“That's fine!”

Seeing that Lin Ran didn't seem afraid, the boss didn't bother to say more as he had business to do anyway, and immediately went to prepare them.

It didn't take long before several packs of herbs were already brought over.

Lin Ran took the herbs and turned around to leave.

But as soon as he turned around, he was startled to see that there were people standing behind him.

Lin Ran's gaze swept over and found that the person standing at the front was a young man wearing a gorgeous robe.

The robe on this youth's body was inlaid with gold threads, and at a glance, it was not something that an ordinary person could afford to wear!

"Why don't you go out?"

The youth looked at Lin Ran, his voice bland, but there was disdain in his eyes.

"To buy herbs!"

Lin Ran looked at the other party and said in a bland voice.

"I told everyone to go out, can't you hear me?"

The youth looked at Lin Ran, his voice was still bland, but his words were a little less patient.

"Is this place run by your family?"

Lin Ran wasn't angry either and looked at the other party and asked blandly.

"What did you say? Say it again!"

The youth's face instantly sank when he heard this.

Lin Ran glanced at him blandly, didn't say anything and walked straight towards the door.

The youth instantly laughed when he saw this.

"Good! Good! Have some guts!"

With that, the youth waved his hand, and instantly a large group of people beside him rushed towards Lin Ran, instantly surrounding him.

"Mai Yang what are you doing!"

At this moment, in front of another counter in the distance, the woman in white surprisingly didn't leave either, she saw this scene and instantly ran over.

"Little Snow, take it easy! Wait for me to clean up this ungrateful thing and we'll talk about it!"

The young man named Mai Yang looked at the woman in white and laughed, with greed in his eyes.

"I have nothing to talk to you about, let him go!"

The woman in white chided in a cold voice.

Mai Yang smiled but shook his head and said blandly.

"In this Xue City apart from you, I will not let go anyone who dares to disobey me, not to mention this kid's arrogant attitude just now!"

"Do it!"

Mai Yang dared to finish his words and directly opened his mouth to order.

Lin Ran stood in place at this moment with a slight frown, he didn't want to find trouble but he wasn't afraid of it either, that youth's strength he had just sensed was the same as his own at the Heavenly Mansion realm!

A person of such strength was not something he would put in his eyes.

Even if the other party had a strong background, it wouldn't matter. Lin Ran was now a loner, if he really offended a certain power, he could just run away.

As he was thinking, the group of people around him were already rushing towards Lin Ran.

Xu Gu was so scared that he hid in the crowd, shouting at the top of his lungs, not knowing what he was shouting.

At this moment, the surrounding area was in chaos, and a large group of people pounced towards Lin Ran.

Lin Ran frowned slightly as he looked at these men and his face sank.

But these men didn't give Lin Ran much time at all, and the moment Mai Yang's voice fell, they were already rushing towards him.

Lin Ran didn't bother to say much when he saw this, and with an arrow step he rushed directly towards one of his men at the front.

At this moment, the eight women in white on one side shouted angrily.

"Mai Yang, what the hell do you want! Quickly tell them to stop!"

"Stop? Why stop?"

Mai Yang laughed at his words, and at the same time looked at the woman in white on one side and laughed.

"Little Xue, don't you understand how I feel about you? As long as you follow me, the whole Xue City is still under the control of our two families!"

"You're dreaming! I will not marry you even if I die!"

The woman in white said in a cold voice.

Mai Yang smiled but did not get angry, instead he looked at Xiao Xue and said.

"Xiao Xue, don't blame me for not reminding you, now you are still safe and sound, that is all because I am dragging it out!"

"If you keep this up, I won't guarantee that you'll still be safe and sound in the future!"

"You're threatening me?"

The woman in white's face also turned gloomy.

“Haha!”

Mai Yang smiled at his words but laughed.

“Threat? Not really, but you can see what happened to that kid, if you don’t become my woman, I don’t guarantee that you will be better than him in the future ....”

Before Mai Yang could finish his smug voice, there was a strong wind rushing over behind him.

“Eh?”

Mai Yang was startled and dodged it with a side-step.

Then he heard a muffled “bang”, and in an instant one of his men smashed directly into the ground beneath him.

He turned his head to look and was stunned to see that all his men had fallen to the ground and were wailing.

On the contrary, Lin Ran was standing in place without any injuries at all.

“This!”

The white-clothed woman beside him couldn’t help but be stunned by this scene, and her gaze towards Lin Ran became a few degrees more shocked.

Lin Ran glanced at Mai Yang indifferently and followed, turning around to leave.

Seeing this, Mai Yang was instantly enraged and rushed towards Lin Ran with an arrow step, while angrily saying.

“Stop right there!”

He, Mai Yang, was unknown to everyone in Xue City, but he was the young son of the Mai family, and nowadays, the Mai family was like the sky in Xue City.

Even people from the Xue family had to give him face, but now he had been hit in the face by a kid who came out of nowhere, how could he bear this anger?

Seeing that Lin Ran was walking straight ahead without turning his head back, the white-clothed woman was busy shouting.

“Be careful!”

However, Lin Ran still didn’t turn around, and when Mai Yang heard the woman in white actually give a warning to the other party, he couldn’t help but feel even more furious in his heart.

The woman he had taken a fancy to actually helped someone else, this made him extremely angry in his heart.

Without saying a word, he raised his hand and punched Lin straight to his heart. This Mai Yang was also a cultivator, so his seemingly ordinary punch contained a violent force, and if he hit him, he would be in a coma if not dead.

The back of the heart is a person's soft spot.

However, just as his punch was about to land on Lin Ran, Lin Ran turned around and met Mai Yang's punch with a fierce punch.

Wonder Doctor Chapter 1812

"Bang!"

The fist winds collided and instantly a figure flew straight backwards.

"It's over now!"

"Isn't that right, compared to Mai Yang, that kid is simply looking for death!"

"Who says otherwise, Mai Yang is the top of the younger generation of the Selling Family, and it is said that this time he can even take a place in Xue City and enter the Grand Sect of East Flag City directly!"

"Hey, who can blame him for being so self-centered!"

The crowd outside the door were all quietly discussing, none of them were optimistic about Lin Ran.

"Bang!"

Soon, as a muffled sound rang out, the crowd was busy looking, and with this look they actually froze.

Only to see that the person flying backwards was not Lin Ran, but Mai Yang instead!

"You!"

Mai Yang's palms trembled and he climbed up from the ground, but then he heard a mouthful of blood spurt out directly.

"Any more questions?"

Lin Ran looked at Mai Yang, his voice bland.

The crowd at the door had all shut their mouths, not daring to speak.

Although Lin Ran's methods were powerful, what they were worried about at this moment was not this, but if they offended Mai Yang in this Xue City, would they still be able to walk out alive?

"What's your name!"

Mai Yang looked at Lin Ran with anger in his eyes.

"Does it have anything to do with you?"

Lin Ran glanced at Mai Yang indifferently, then turned around and walked away.

"Wait for me!"

Mai Yang was furious and wanted to chase after him, but he was frozen in place by the cold gaze that Lin Ran suddenly turned his head to look at.

“Serves you right!”

The white-clothed woman on the side saw this and coldly snorted across the room, directly stepping over Mai Yang and busily following him out.

“What’s your name!”

The woman in white asked as she stopped Lin Ran just as she chased him out.

“What? You all care about my name?”

Lin Ran looked at the woman in white and was a little speechless.

How come both of the people he ran into were asking for his name, was his name very inviting?

“No, I’m trying to remind you that that person is the young grandson of the Mai Yang Xue City Mai Family, you’d better leave Xue City after offending him, or else he’ll definitely find you again!”

The woman in white was busy saying.

Lin Ran frowned slightly at his words, and in his heart he couldn’t help but scream how a random person he had beaten up was the young male son of the Mai family, his own luck in the past two days had been too bad, right?

First he was pitted by Xu Gu, and now he had just arrived in Xue City and had offended the Mai family, what was wrong with himself lately.

“Thank you!”

Lin Ran rushed at the woman in white, and immediately turned around to leave.

“No need to thank you, in the end I have to thank you for what happened today, if it wasn’t for you, I don’t know when I would have been able to get out of this!”

The woman in white said.

Lin Ran smiled but didn’t say anything, he just looked at the other party and nodded, and then he left the place.

The crowd, Xu Gu, also quickly followed.

The woman in white looked at the backs of the two and couldn’t help but fall into contemplation, but she soon realised a problem.

She realised that the man in the alchemist’s robe who followed them later seemed to have seen himself somewhere!

“Forget it, let’s go home first!”

The woman in white said to herself, not bothering to think much about it even if she couldn’t remember, she was busy walking in the direction the two Lin Ran had left as well.

“Kid, why are you so reckless, how are we both going to stay in Xue City after this!”

Xu Gu complained.

However, Lin Ran didn't care at all and said blandly.

"Don't you still have the Xue family? Why is this scary?"

"Who?..... Who's afraid!"

Xu Gu saw Lin Ran belittle himself and was busy arguing.

"I'm afraid that you'll suffer, this is someone else's territory after all!"

"If I'm not afraid, what are you afraid of!"

Lin Ran glanced at Xu Gu indifferently, and then said.

"If the Xue family can go, go, if not, just find a place to stay, if that Mai family doesn't relent big deal I'll leave!"

"Leave?"

Hearing Lin Ran's words, Xu Gu was busy saying.

"Not so much! Once we get to the Xue Family, even if the Mai Family is rampant, they won't dare to go to the Xue Family for trouble! With my relationship with the Xue family, I can guarantee that you will be fine!"

From the bottom of his heart, Xu Gu did not want to let Lin Ran go, this kid's strength was so profound that Xu Gu actually wanted to follow Lin Ran.

But the two had just arrived at Xue Cheng, they hadn't even had time to rest yet, if they left straight away, he was afraid that he would die of exhaustion.

Lin Ran also said no more, and while crushing the herbs with his true qi and putting them on Li Ba, he followed Xu Gu and walked towards the Xue family.

Before, Lin Ran had no problem even if he didn't go to Xue's house, after all, he didn't know anyone when he first arrived, so he could find a hotel and rest, and then go to East Flag City after he and Li Baba had recovered.

But now the situation was different, he had offended the young lord of the Mai family, if Lin Ran did not go to the Xue family to seek refuge, then he would have no choice but to leave Xue City!

The situation in front of him was clear, just could he really get what he wanted when he arrived at the Xue Family? He had doubts about Xu Gu's alchemy

.....

The two of them had quickly arrived at the door of a mansion to the left of the centre of Xue City.

In Xue City, the Mai family and the Xue family look across the main road, one to the right and one to the left occupying the two core sections of Xue City, and from this location alone you can see the rivalry between the two families.

“See, this is the Xue family, how’s that for grandeur?”

Pointing to a stately mansion gate in front of him, Xu Gu’s face was filled with smugness.

Lin Ran followed Xu Gu’s gaze and found that there was a plaque hanging on the gate of the residence, with the words “Xue House” written on it.

At the entrance of the residence, there were eight armour-clad generals standing in a dignified manner.

“Let’s go!”

Xu Gu greeted him and immediately pulled Lin Ran forward, while shouting aloud.

“Quickly inform the head of your Xue family that it is the late Xu Gu who has come to pay a visit!”

Hearing this voice, the eight generals at the entrance couldn’t help but look over, yet not a single one of them moved!

“Hmm? Why are you standing there? Why don’t you go now!”

Xu Gu said, pretending to be angry.

However, those guards did not move, instead they all looked at Xu Gu and Lin Ran and lowered their heads in a very respectful manner!

“Haha! See, these people are ..... seeing me.”

Xu Gu couldn’t help but laugh in triumph at the sight, yet before he could finish his words, he was interrupted by Lin Ran who tapped his shoulder at the side.

The latter was amazed and turned his head to look.

The latter was astonished and turned his head to look, but when he did, he was dumbfounded!

He saw a sturdy middle-aged man standing in front of him and then Lin Ran, looking at them with bland eyes, not saying a word.

But he just stood there, the whole body carries its own majesty but has already pressed Xu Gu some come up not air.

“Xue ..... Xue family master, when did you come out?”

Xu Gu is full of embarrassment busy compensating smile.

The other side of Lin Ran but some helpless sigh, this Xu Gu really have enough unreliable, people just came, but the result is this guy is the pressure level did not see.

The middle-aged man in front of him was the head of the Xue family, Xue Dongyang!

Xue Dongyang looked at Lin Ran and finally looked at Xu Gu and said in a cold voice.

“Master Xu! You’ve really made me look for you! You still dare to come back!”

Lin Ran was startled at his words, always feeling as though Xue Dongyang’s attitude was not right.

Sure enough, as the thought crossed his mind, the next moment Xue Dongyang spoke up.

“Someone! Take these two crooks down for me!”

Wonder Doctor Chapter 1813

“Xu Gu!”

Hearing this voice, Lin Ran instantly looked at Xu Gu speechlessly, practically wanting to slap this bastard to death.

He had been vaguely worried that this guy’s alchemy skills were not up to par before, but he hadn’t expected that he had really guessed it!

“It’s not little friend Lin Ran!”

Xu Gu was also full of doubts and was busy looking at Xue Dongyang.

“Master Xue, what’s this nonsense, I’m Xu Gu! The same Xu Gu who cured your daughter’s stubborn illness!”

Xu Gu said busily.

But it was better if he didn’t say it, but when he did, Xue Dongyang simply became even more furious.

“How dare you mention what happened back then? I’ve been looking for you for so many years, but today the gods have finally opened their eyes and you’ve found yourself back, so don’t blame me for being rude!”

Xue Dongyang said with killing intent already bursting out from his eyes, obviously ready to understand this Xu Gu directly.

“There must be a misunderstanding in this statement, Master Xue, have you made a mistake!”

Xu Gu said busily.

Lin Ran at the side could not help but frown slightly when he saw this, he had only heard Xu Gu say something about what happened back then.

This guy seemed to have cured Miss Xue of a disease back then, but reasonably speaking, if he had really cured her, Xue Dongyang would definitely not have had this kind of attitude.

And at this time the latter’s attitude then means that there is only one situation, that is, this old thing Xu Gu cured the disease was not completely cured.

Now let people find out.

“Bring that brat back to me for strict interrogation!”

Xue Dongyang pointed at Lin Ran, obviously prepared to end Xu Gu’s life right here!

When Xu Gu saw this, he was so frightened that he was scared to death of a bird, and was busy shouting.

“Master Xue Family misunderstanding! A misunderstanding! Little friend Lin Ran, quickly save old me!”

“Save you? I knew you were unreliable!”

Lin Ran said with a black line on his face.

“Master Xue, I don’t know him very well, this has nothing to do with me!”

Lin Ran could only say this at this moment, Xue Dongyang was a person, the master of Xue City, his strength was a hundred thousand sutras, even if he was given two Li Ba’s at this moment, they wouldn’t be enough for him to stuff his teeth!

If he was pitted by Xu Gu this time and was slapped to death directly by Xue Dongyang, then he would have died too unjustly.

“Little friend Lin Ran you can’t see death and not save him!”

Xu Gu was also anxious when he saw Lin Ran say that, and was busy pointing at Lin Ran.

“Xue family master back then I do not know why you are angry, if it is because you Qianjin disease is not completely cured, we can cure again, this boy this boy is a physician!”

“Xu Gu I grass your ancestor!”

Lin Ran smiled and was instantly angry, ? This guy had pitted himself again.

The first time he faced the mysterious man, he had sold himself out, and now he was doing this again, already betraying himself for the second time.

“Little friend Lin Ran, I also have good intentions, you can’t see death and not save him!”

Xu Gu was so anxious that he was on the verge of tears, he was really afraid that Lin Ran would just walk away and then he would be left on his own and there would be no way to get out of it!

“Physician? Do you think I’ll still believe you?”

Xue Dongyang looked at Xu Gu and said in a bland voice.

“No Master Xue, he really is a physician, back in the days of .....”

Xu Gu was busy explaining, but before he could finish his words, he was stopped by Xue Dongyang directly waving his hand.

“All right! Don’t waste time with me here, bring that kid down to me, today the old man will plant this bastard first!”

Xue Dongyang said as his palm was already raised, apparently ready to directly kill Xu Gu with his hands.

But just at that moment, suddenly a woman’s voice came from the distance.

“Father stop!”

Lin Ran turned his head to look and found that the person who spoke was no other than the woman in white whom he had just met!

“Father?”

Lin Ran looked at the white-clothed woman with doubt in his eyes.

“Could it be that this woman is Xue Dongyang’s thousand-year-old daughter? Xue Xue?”

Xu Gu, who was at the side, also noticed the woman and stared at the other party for half a day before finally exclaiming.

“Master of the Xue family, what do you mean by that? Isn’t your daughter fine!”

“You seek death!”

Xue Dongyang’s emotions were still eased when he heard his daughter’s voice, but when he heard Xu Gu’s words, he became furious and raised his hand to kill!

“Father, stop, they are my friends!”

The woman in white was busy saying, while already running over.

“Friends? How do you know them?”

Xue Dongyang looked at Xue Xue, with doubt in his eyes.

“Only just now, that person helped me out!”

Xue Xue pointed at Lin Ran and at the same time told what had happened before, of course this nee-san was smart enough to say it with some changes to make Lin Ran’s helping himself stand out even more!

Xue Dongyang smiled and glanced at Lin Ran, then said blandly.

“Since you helped Xiao Xue, then I can let you go, but he must die today!”

“Farewell!”

Lin Ran saw this and without saying a word he was about to leave with an arch of his hand!

This Xu Gu was simply too much of a pest, Lin Ran didn’t want to stay with him for even a moment, it was a simple matter, but after being with him, he was in trouble everywhere.

This time, he was even almost slapped to death by Xue Dongyang directly, Lin Ran was really a bit scared.

“Hey hey! You can’t leave me behind, little friend Lin Ran!”

Xu Gu was so anxious that he cried when he saw this, he was busy looking at Xue Dongyang and said.

“Master Xue I’m not lying to you, he can really cure your daughter’s illness, you know about Baji City right! The wife of Li Nian, the lord of Baki City, was cured by him!”

Xu Gu spilled the beans on this in a rush.

Lin Ran couldn’t help but speed up his steps a bit at his words, fearing that Xue Dongyang would change his mind.

However, as fast as he walked, he was no match for Xue Dongyang's strength, and the latter merely beckoned.

In an instant, Lin Ran's entire body flew backwards again uncontrollably.

"Master Xue, what do you mean by that!"

Lin Ran saw this and looked at Xue Dongyang with a slight frown.

Xue Dongyang's expression did not change when he heard this, he just looked at Lin Ran and said indifferently.

"What he said is true?"

"What does it matter if it's true or not, you don't believe me anyway, so why not let me go!"

Lin Ran said.

He didn't want to do anything that would make trouble with a tiger, Xue Dongyang was too strong, it would be safest if he could just leave!

Otherwise who knew if he treated his daughter when the time came, if something went wrong he would be directly shot dead by this guy!

Hearing Lin Ran's words, Xue Dongyang didn't reply directly, instead, he turned his head to look at Xue Xue who was at the side and asked.

"You see it this way?"

Xue Xue said after a moment of bewilderment at his words.

"I think we can try! There's no other way anyway!"

"Hey! I just helped you, how did you ...."

Lin Ran was speechless at his words, this Xue Xue was obviously going to leave himself behind.

"You take it easy for now!"

Xue Xue saw this and was busy saying.

"Even if I let you leave, right now you can't go anywhere at all, the Mai family's people were already looking for you when I came back!"

"If you get caught by them, then you'll definitely be dead!"

"Me!"

Lin Ran was stunned at his words! His heart couldn't help but feel helpless.

Xue Xue was also right, although Lin Ran hadn't seen anyone from the Mai family, but so much time had passed, I'm sure that boy Mai Yang was already looking for himself all over Xue City with his rescuers!

"Father!"

Xue Xue looked to Xue Dongyang, who was at the side, and nodded his head in greeting.

The latter understood and nodded, before saying.

“All right! Take them in first!”

“Yes!”

At those words, the guards beside him set up Lin Ran and Xu Gu and walked towards the inside of the Xue Mansion.

Wonder Doctor Chapter 1814

However, Lin Ran and Xu Gu had just been set up inside the Xue Mansion when two passer-by figures disappeared quickly into the alleyway at the entrance.

A few moments later, in one of the alleyways, the two passers-by took out a jade talisman and crushed it.

Then a stream of light shot up into the sky and went straight to a street somewhere in the city.

On the street, Mai Yang was searching around for Lin Ran with an angry face.

When he saw the light coming, he swung his palm and took it into his hand.

A message was then sent into his mind.

“The Xue family! It’s the Xue family again!”

Mai Yang was instantly furious, this message was no other than the scene of Lin Ran being picked up by the Xue family.

“Hmph! You think you’re safe once you’ve entered the Xue family? As long as you’re still in Xue City, I’ll have ways to deal with you!”

Mai Yang’s face was gloomy, with a hint of ice between his eyebrows, and then he turned around and led the group back to the Mai family.

.....

But at this time in a courtyard of the Xue family.

Lin Ran and Xu Gu were tied up in place, and in front of them stood Xue Dongyang and Xue Xue.

“Kid! You answered all the questions just now quite well! I’ve decided to give you a chance!”

Xue Dongyang looked at Lin Ran and said indifferently, just now he had given Lin Ran a whole bunch of questions about seeing a doctor, and only when he saw that Lin Ran answered them correctly did he believe in them a little.

“What are the chances?”

Lin Ran looked at Xue Dongyang and asked, now that he was under the roof he had to bow his head.

Facing Prime or the mysterious man, he could still put up a fight, but facing a powerful being like Xue Dongyang, Lin Ran could not even think of resisting.

Xue Dongyang looked at Lin Ran and smiled blandly.

“As long as you can cure my daughter’s illness, I can let you go!”

“What about me? What about me?”

Xu Gu, who was at the side, sniffed and asked busily.

“You? That would have to be my mood!”

Xue Dongyang said blandly.

“No, this kid is the one I found, if he cures your daughter’s illness, you have to let me go too!”

Xu Gu said busily.

Xue Dongyang did not say anything when he heard this, but Xue Xue, who was on the side, spoke up.

“If he can cure me, you can go too!”

“Many thanks, many thanks! I knew it was still Little Xue who was kind, back then it was ....”

Xu Gu said excitedly, however before he could finish his words, he was interrupted by Xue Dongyang going.

“Shut up!”

Xu Gu could only shut up resentfully and then looked at Lin Ran who was at the side.

“Let’s begin!”

Xue Dongyang looked at Lin Ran and said in a cold voice.

Lin Ran smiled but was speechless and said.

“You have to untie the rope first even if you are seeing a doctor, is there such a way to see a doctor!”

Xue Dongyang’s old face turned red with anger at his words and waved his hand to untie the rope on Lin Ran’s body.

Lin Ran moved his muscles and bones for a while before walking towards Xue Xue.

“Hold out your hands!”

“Huh?”

Xue Xue was stunned at his words, but still stretched out his palm as Lin Ran had intended.

Lin Ran didn’t bother with nonsense and raised his hand to grab Xue Xue’s wrist, following which he landed on her pulse.

This set of movements was done without a single moment's delay, and the Xue Dongyang at the side couldn't help but be stunned.

The fact that Lin Ran had done this so proficiently was evidence that Lin Ran was indeed a physician.

At this moment, Xue Xue was not thinking that much, and as she was grabbed by Lin Ran's wrist, her entire pretty face could not help but blush.

Lin Ran was about the same age as him, and with the previous incident within the Herb Hall, she was already very curious about Lin Ran.

At this moment, Lin Ran was holding her wrist, which couldn't help but make her think some strange thoughts.

"Is this guy still a guy?"

While being shy, Xue Xue was considering this matter in her mind.

Her own looks were known throughout Xue City, and her temperament was not bad otherwise Mai Yang of the Mai family would not have pursued her so much.

But what about Lin Ran? He was actually holding his own wrist and actually his expression remained bland, not even changing a little.

This made her heart very puzzled, how her usual attractiveness seemed to have disappeared on its own when it came to Lin Ran.

She was thinking in her mind, while at this moment, Lin Ran was already eroding a strand of true qi down Xue Xue's meridians.

"You!"

Feeling Lin Ran's true qi invade her body, Xue Xue couldn't help but tremble all over.

The two people's true qi being so close together made her pretty face blush.

This was an instinctive reaction, even if Lin Ran didn't mean anything else, she still felt very uncomfortable!

"Don't move around!"

Lin Ran said, and then he closed his eyes, carefully going to check the situation inside Xue Xue's body.

According to what he had learned during his own chat with Xu Gu earlier.

It seemed that this Xue Xue's meridians had been incompetent since she was a child!

At the beginning, Xu Gu had used pills to open up her meridians, and that was how she had become a guest of the Xue family.

However, later on, not knowing what happened, after Master Xu left, Xue Xue's meridians were actually gradually blocked up again.

In doing so it caused Xue Xue's strength to stagnate as well.

“Kid! You should have seen it all! In all these years, I’ve hired many wonderful pillsmiths, but I’ve never been able to eradicate it!”

“And as long as Xiao Xue’s meridians are unblocked once, they will be even more blocked the next time, and I no longer dare to find someone to unblock his meridians after all these years!”

Xue Dongyang, who was at the side, suddenly spoke up.

Lin Ran nodded at his words, at this moment he kind of understood the situation within Xue Xue’s body.

“As long as you can cure my daughter’s illness and allow her to continue her cultivation, not only can I let you go, you will still be my Xue family’s guest in the future, as long as you are in Xue City, I guarantee that the Mai family will not dare to touch you!”

Xue Dongyang said.

Although the Mai family was arrogant, he, Xue Dongyang, also had the strength to say something, after all, there was still an Eastern Chess King in Dongqi City!

Even if the Mai family was arrogant, they wouldn’t dare to destroy the Xue family, otherwise the East Chess King’s anger would be enough to completely destroy their Mai family!

“Forget about the guest of honour, I just want to stay quietly for a few days!”

Lin Ran said.

“A small matter!”

Xue Dongyang said blandly.

Lin Ran then said no more and carefully examined the meridians in Xue Xue’s body.

It was only after this look that Lin Ran’s brow furrowed a little tighter.

He found that Xue Xue’s meridians had a lot of impurities in them!

These impurities were all over the place, but what puzzled him was that Xue Xue was also a cultivator, so it was only logical that these magazines in her body would be sent out of her body between the flow of true air!

But these impurities were at this moment converging within Xue Xue’s meridians, completely blocking her meridians.

“What’s going on here?”

Lin Ran was puzzled and tried to mobilize a strand of true qi to test those impurities.

However, as soon as Lin Ran’s true qi touched those impurities, he instantly felt an icy cold aura sweep over him.

The icy aura was so cold that it almost wanted to freeze Lin Ran’s true qi in general.

When Lin Ran discovered this, he immediately withdrew his aura and turned to Xue Dongyang and said.

“The meridians in your daughter’s body, haven’t you explored them?”

Xue Dongyang was stunned at his words, and then frowned and said.

“I have probed, but there is nothing I can do about those impurities, meridians are the root of one’s cultivation, and I can’t break them!”

Lin Ran smiled but shook his head and said.

“That’s not what I’m talking about, can’t you feel that cold qi within her meridians?”

“Cold Qi? What cold qi?”

Xue Dongyang was stunned at his words and looked at Lin Ran with great confusion.

Lin Ran’s heart was equally puzzled as he looked at Xue Dongyang and said.

“This isn’t a disease at all for your daughter! Rather, she was born with a cold marrow body!”

Wonder Doctor Chapter 1815

“What did you say? Born with a body of cold marrow?”

Xue Dongyang froze at his words, followed by a face that could not help but turn happy instead of frowning.

“Kid! You want to die, don’t you!”

“What do you mean!”

Lin Ran looked at Xu Dongyang’s face changed slightly, he was sure that this Xue Xue was born with a cold marrow body, he didn’t know why Xu Dongyang was so furious.

“Father don’t get angry first, maybe there is something else that we haven’t asked!”

Xue Xue was busy stopping and at the same time looked at Lin Ran and said.

“Sir Lin, you may not know that our Xue family lineage cultivates techniques that lean towards the fire attribute, neither of my parents have a special physique, so how could I have been born with a cold marrow body!”

“Besides, the gap between the two is too big, they’re even opposites!”

The fire attribute and the innate cold marrow were clearly opposites, and it was because of this that Xue Dongyang was angry when Lin Ran said that Xue Xue was an innate cold marrow.

Lin Ran did not understand at first, but hearing Xue Xue’s words was an instant awakening.

He glanced at Xu Gu in the distance and had vaguely guessed what was going on, but to be sure he still looked at Xue Dongyang and asked.

“The city lord of Dongqi City, King Dongqi, should also be cultivating the fire attribute technique!”

“How do you know that?”

Xue Dongyang looked at Lin Ran at his words and couldn't help but frown.

The Eastern Chess King had indeed cultivated a fire attribute technique at first, but later on, after receiving the chessboard magic artifact that the Immortal Emperor had rewarded him with, he had gradually lightened his cultivation of the fire attribute path and instead turned to a milder direction like the wood attribute!

Xue Xue told Lin Ran about these circumstances, and then asked.

"Could my situation still be related to the Eastern Chess King?"

Lin Ran said, shaking his head at his words.

"There's no relationship, but your father has a great relationship with the Eastern Chess King, so I'm sure he must have sought him out in the first place! But your illness still hasn't been cured, which is why I'm certain that the East Chess King also cultivates a fire attribute technique!"

"What exactly are you trying to say!"

Xue Dongyang looked at Lin Ran with a frown, not understanding what medicine this kid was selling in his gourd!

Lin Ran, however, did not slow down and laughed blandly.

"What I want to say is very simple, the reason why none of you have discovered her natural cold marrow is precisely because you all cultivate fire attribute techniques!"

Said Lin Ran as he looked towards Xue Dongyang and said.

"The one you cultivate is also, so is the one Xu Gu cultivates, even those alchemists you invited here are all of them, even the Parcel East Chess King is also!"

"There's no way you people would have found out about this! If you had come with someone else, you would have been able to see it at a glance, it's just a pity that you never did!"

"Why can't we see it!"

Xue Dongyang questioned with a tight frown.

Xue Xue at the side also looked at Lin Ran with wide eyes, her heart puzzled.

Lin Ran glanced at the two of them indifferently before saying.

"Because you're both fire attribute!"

"This cannot be ....."

Xue Dongyang was just about to refute Lin Ran when he heard his words, but suddenly his entire body was stunned.

A thought occurred to him, that was, no matter who it was, but wouldn't all alchemists that he hired, or even as long as they were alchemists, be fire attributed!

All day long, alchemists had to use fire as a guide to refine pills, so as long as they were alchemists, they were all practising the fire attribute!

Lin Ran, on the other hand, was a doctor and did not practise the fire attribute!

When he understood this, Xue Dongyang could not help but be shocked and looked at Lin Ran and said.

“Even if we are all fire attribute, why can’t we see Xiao Xue’s physique, and she is also practicing fire attribute techniques!”

“If she is a cold marrow body, then she shouldn’t be able to cultivate at all!”

Xue Dongyang said.

A cold marrow body was obviously the most appropriate for cultivating the water or ice route of attack.

Cultivating the Fire Inferno Path would result in the cultivation not being able to continue at all because it didn’t fit with one’s own attributes.

“Right! I cultivate the fire attribute as well!”

Xue Xue also looked at Lin Ran and busily asked.

“And most importantly, all of us in the Xue family are fire attribute, so how could Little Xue be born with cold marrow? You must give me an explanation for this question!”

Xue Dongyang looked at Lin Ran, if this question could not be answered by Lin Ran, it would simply be the same as directly saying Xue Dongyang you are green.

Lin Ran looked at them and said after a moment of contemplation.

“First of all, the first question, why can’t you all see that I have already explained it very clearly, is that you are fire attribute!”

“After your True Qi enters Little Snow’s body, it will allow the cold Qi to be dispersed, thus not feeling where the root of the problem lies!”

Said Lin Ran as he looked towards Xiao Xue and said.

“Then there is the second problem, why is she able to cultivate the fire attribute technique!”

“First of all, she was born with cold marrow without a doubt, but the cold marrow in her body is so icy cold that it is already considered an extremely high grade cold marrow body!”

“This kind of body is unable to cultivate the Way of Flame, but she has temporarily opened her meridians with the help of an alchemist like Xu Gu!”

“So that causes her to be able to cultivate as normal! But the speed is very slow, you can recall if the speed where she cultivates is very slow!”

“This!”

Hearing Lin Ran’s words, Xue Dongyang couldn’t help but frown slightly, indeed Xue Xue’s speed at the early stage of cultivation was indeed very slow.

“It seems that I was right, then let’s continue!”

Lin Ran smiled blandly at this.

“Xue Xue started cultivating fire attribute techniques, causing the temperature of the cold marrow within her body to be suppressed, so those of you with the fire attribute would not be able to detect the presence of the cold marrow if you probed!”

“Secondly, the cold marrow within her meridians was suppressed, and that’s why she would only experience blockages in her meridians!”

Speaking here, Lin Ran looked towards Xue Dongyang and said indifferently.

“You should thank those alchemists who helped you, if they hadn’t opened your daughter’s meridians and allowed her to cultivate the fire attribute technique!”

“Born with a cold marrow body, if she couldn’t find someone to open her meridians and stabilize them before the age of seven, she would have died long ago!”

“It was because these alchemists opened her meridians, allowing her to cultivate fire attribute merit techniques, which suppressed the cold marrow in her body, no fear for her life just the problem of blocked meridians!”

“You!”

Xue Dongyang’s entire body was dumbfounded when he heard this, there was no flaw in Lin Ran’s words at all.

Even if Xue Dongyang didn’t want to believe it anymore, he knew that it was already the truth!

“As for the last question, why has your Xue family been cultivating the fire attribute for generations, while she was born with cold marrow! This question is actually very simple!”

Lin Ran swept his gaze across the crowd before finally saying indifferently.

“Because it’s the opposite of what’s extreme! When I was back home, I had encountered this situation before!”

“Only, your situation is even more complex and ethereal!”

“Your Xue family has been cultivating the fire attribute for generations, and over time there will inevitably be offspring who want to have the opposite attribute physique.

“So there’s nothing strange about it!”

After saying this, Lin Ran stopped talking and quietly went to the side to sit down.

He had said all he needed to say, as for the outcome, whether the two Xue Dongyang believed it or not was up to them!

Lin Ran had already said everything he could think of, if Xue Dongyang still didn’t believe him and insisted on killing him, then he could only admit his own bad luck!

## Wonder Doctor Chapter 1816

A long silence fell in the courtyard.

Not only Xue Dongyang, but also Xue Xue and even Xu Gu were all digesting what Lin Ran had said earlier.

Although this guy had spoken in a logical manner, they needed time to accept it.

Especially for Xue Dongyang, if what Lin Ran said was true, then wouldn't he have been blinded by his own old eyes and almost gotten his daughter killed.

After all these years, he had not even discovered that his daughter had a special physique that was different from normal people.

This was a great opportunity for the Xue family, but also a great disaster, fortunately! Fortunately, his daughter had not had any accidents.

Otherwise, Xue Dongyang would have had to blame himself to death.

Xue Xue also seemed to have seen Xue Dongyang's mind, and was busy going forward to take the latter's hand and comfort him.

"Father is fine, I'm fine here, aren't I! Besides, since Lin Ran can see my condition, he must have a way to heal it!"

"Right, right!"

Xue Dongyang nodded his head as soon as he heard this, the most urgent task was not to blame himself for his previous carelessness, but to find a way to cure his daughter's condition.

His own daughter was still a cold marrow body, once she was cured her future future could be said to be higher than even himself.

The Mai family of Xue City, once Xue Xue grows up, will it be possible for a small Mai family to outlive them?

"Little friend Lin Ran, I wonder if there is any way to cure my daughter's illness?"

Xue Dongyang was busy looking at Lin Ran and asked, his attitude towards Lin Ran had changed.

Although Lin Ran's strength was not as strong as Xue Dongyang's, his attainments in medical arts were not comparable to Xue Dongyang.

At this moment, there was no excuse for Xue Dongyang's attitude.

Both Xue Dongyang and Xue Xue looked at Lin Ran hopefully, as if they wanted to get a positive answer from him.

As long as Lin Ran nodded, then not only would he not have to die, he would even become a guest of the Xue family again because of Lin Ran.

However, the result that everyone wanted was something that Lin Ran really couldn't give, he shook his head and instantly everyone's hopes were dashed!

"Father!"

Xue Xue looked at Xue Dongyang, there was comfort as well as disappointment in her eyes!

"It's alright, father will definitely help you find someone who can cure your illness, and didn't we already know that you were born with cold marrow!"

Xue Dongyang said comfortingly, his eyes a little red at the same time.

Lin Ran looked at this melodramatic scene and helplessly shook his head.

"Although I can't cure it, I know who can!"

"Who?"

Hearing Lin Ran's words, both Xue Dongyang and Xue Xue were busy turning their heads to look over, hope reappearing on their faces.

"The alchemist, Qin Han!"

Lin Ran looked at Xue Dongyang and said.

"Qin Han?"

Xue Dongyang and the others were stunned to hear this name, especially Xue Dongyang, who almost followed in despair.

"I know this person you are talking about, it is said that she is the number one alchemist in Immortal Emperor City, and her strength is even more profound! And she's different from the others!"

"Other alchemists use true fire to refine pills, but the fireflame she uses is ice-cold!"

Speaking here Xue Dongyang couldn't help but sigh helplessly.

"But this Qin Han has a very high status in the Immortal Emperor Domain, there are only a few people who can get her to help out even in the Immortal Emperor Domain, how can I have the virtue and ability to ask someone to do so!"

"You can't! But there is someone who can!"

Lin Ran laughed.

"Who?"

Xue Dongyang was busy asking, this matter was a matter of his daughter's life, so he couldn't help but be nervous.

"The Eastern Chess King!"

Lin Ran didn't say anything and looked at Xue Dongyang and smiled.

"The King of Eastern Chess?"

Xue Dongyang was stunned at his words, followed by a moment of clarity.

Indeed, in terms of who could have some dealings with Qin Han, among the people Xue Dongyang knew, I was afraid that only the East Chess King was there!

The East Chess King was the Lord of the East Flag Domain of the Immortal Emperor Domain, so his status was naturally no worse than Qin Han's. As for his strength, the two of them had never competed against each other, so it was not easy to judge.

However, if the East Chess King was willing to come forward and ask for Qin Han's help, there might be a chance for this matter to turn around.

"Little friend Lin Ran, I wonder if there are other candidates apart from Qin Han?"

Qin Han was definitely the first choice, but the other party was notoriously cold and arrogant, and he was afraid that even if King Dongyang stepped in, he would not be able to invite him!

Lin Ran pondered for a moment at his words, and then said.

"It's best to get Qin Han to do it, it's closely related to your daughter's future achievements!"

"The cold marrow meridian in her body, if she can have someone with high attainments in the cold ice path to help consolidate it, in the future she will naturally have a bright future when she switches to the cold ice path!"

"But if we find someone who is not strong enough to help, even if we can temporarily allow your daughter to cultivate, there will still be many after-effects over time, which will definitely affect her cultivation path in the future!"

Here, Lin Ran pondered for a moment and actually flipped his hand and took out a stone from his pocket.

"Boss, you're crazy!"

Seeing the stone Lin Ran took out, Li Ba was instantly shocked.

Although he didn't have the stone Lin Ran took out, he had seen it before, it was the Nine Fish Spitting Pearl!

When Lin Ran was back home, he had once obtained a strange stone that was none other than the Nine Fish Spitting Pearl!

He divided it into several pieces and gave them to Song Nuan and Wang Yifeng and Leng Zhan, and kept one for himself.

This Nine Fish Spitting Pearl was still usable when he was back home, but when he arrived at the Immortal World it had become ordinary.

Li Ba had seen it in Song Nuan's hands back then, and this Nine Fish Spitting Pearl had become a reminder for them to miss Lin Ran.

But now Lin Ran had actually taken out his own Nine Fish Spitting Pearl.

“Saving a life is better than building a seven-level pagoda! Besides, right now I do need the Xue family’s help!”

Lin Ran said indifferently.

This Nine Fish Spitting Pearl was just an ordinary stone to him, but to the Xue Family it was something that could change Xue Xue’s fate for life!

And most importantly, Xue Dongyang’s character made Lin Ran admire him, although he had some conflicts before, he hadn’t said that he would definitely kill himself at the beginning even though his grudges were clear!

Plus, Xue Xue was not a bad person, and following the thoughts of a healer’s heart, Lin Ran decided to help!

“You bring this stone to the Eastern Chess King, as long as he takes this stone to Qin Han, the latter will definitely help!”

Lin Ran said.

“This .....

Xue Dongyang received the stone and couldn’t help but feel a little drummed in his heart.

This kid in front of him was only at the Heavenly Mansion realm in strength, so could it be that he still knew Qin Han? But if he didn’t know how could he take out such a token-like item?

“I know what you’re thinking, there are some things it’s better not to ask, plus one last reminder! Don’t reveal my existence! Especially not to tell Qin Han!”

Lin Ran concluded.

Qin Han was actually Qin Bing, and once this Nine Fish Spitting Pearl reached her hands, the latter would naturally know that it was Lin Ran’s.

But right now, no matter from strength or other aspects, Lin Ran couldn’t help Qin Bing and the girls, so from the bottom of his heart, Lin Ran didn’t want to meet with a few people right now!

Otherwise, he wouldn’t have left Baji City with Li Ba, it would have been better for Li Ba to send a message to Luo Qiqi directly in Baji City!

“Little friend Lin Ran! I can’t thank you for your kindness! If there’s anything I can do for you in the future, I’ll do it on a mountain of sword and a sea of fire! I will die!”

Xu Dongyang bowed deeply at Lin Ran and said solemnly.

Wonder Doctor Chapter 1817

“Someone! Arrange the best room for little friend Lin Ran to rest in!”

With the fall of Xue Dongyang’s words, Lin Ran’s status in the Xue Family immediately underwent a sea change.

Along with it, Xu Gu's status also rose.

However, this guy also knew that this time, he was all thanks to Lin Ran, so naturally, he didn't dare to be too reckless, and only secretly snickered.

Because he was worried about Xue Xue's health, after Xue Dongyang had arranged for Lin Ran's place to stay, he hurriedly took Xue Xue out of Xue City and rushed directly to Dongqi City.

He wanted to find Qin Han to cure his daughter as soon as possible.

Lin Ran naturally had no problem with Xue Dongyang's departure, what he needed most now was time, and no one to disturb him.

Li Ba's injuries were gradually stabilised after the herbal medicine was applied, but Lin Ran always felt that this Mai family of Xue City would not be willing to give up, so he never let him out.

This was a way to keep a reserve card for himself. If the Mai family found out about Li Ba's existence and sent a large group of experts over directly, he would really have no room to manoeuvre.

When he returned to the room arranged by Xue Dongyang, Lin Ran gave Xu Gu an ultimatum, telling him not to disturb him, he needed a good night's sleep!

When Xu Gu saw that Lin Ran was not joking, he naturally did not dare to say anything more and could only sit by himself in the courtyard and drink a little wine, which was quite relaxing.

When Lin Ran returned to his room, he locked the door behind him and then set up a formation in the room before he sat down on the bed.

He first used herbs to dress the wounds on his body, and only then did he turn over his hand and take out the Thunder Dao Pearl.

That's right, the Thunder Dao Pearl!

Lin Ran had previously killed the man who had captured himself and Xu Gu, and was now the very person that Lei was looking for.

In other words, Lin Ran had actually passed all of Lei's tests, it was just that they were still in the deep mountains outside the city at that time, plus Xu Gu was still with him.

Lin Ran was not at ease with receiving the inheritance outside, and at this time, with a separate time and space, inheriting this Thunder Dao Pearl's inheritance became an imminent matter.

With a movement of his divine mind, Lin Ran's divine sense instantly entered the Thunder Dao Pearl.

It was still the same isolated island on the sea, and when Lin Ran reappeared, Lei had already been standing in place for a long time waiting!

"What's the matter? Ready to come and inherit the legacy?"

Seeing Lin Ran's appearance, Lei asked with a smile.

"Mm!"

Lin Ran nodded, an uncontrollable excitement on his face at this moment.

The Thunder Dignity Inheritance! Something that many people had only dreamed of, as long as they received the Thunder Dignity Inheritance, then their future cultivation path could be said to be on a great path only.

As long as there were no accidents, he would at least become the top group of people in the cultivation world.

“Good! Let’s start then!”

Seeing this, Lei didn’t bother with nonsense, and with a swirl of his palm instantly two light masses emerged.

These two light masses were flooded with black lightning, what was inside Lin Ran couldn’t see clearly, but just this existence wrapped in black divine lightning was not a mundane object at first glance.

“Is this?”

Lin Ran had already guessed something in his heart, but he still opened his mouth to ask one more question.

“This is the inheritance!”

Lei said.

“After passing the test, you can receive the three treasures that Zun Lei has prepared for you! Over here are two of them!”

“Three kinds? Then how come there are only two here?”

Lin Ran asked busily, the treasures prepared by Zun Lei sounded extraordinary, but how come there was one missing at this point.

“Nonsense!”

Lei sniffed and said without good humour.

“Before you got the Secret Art of Stunning Thunder wasn’t it!”

“Er .....

Lin Ran smiled and was a little speechless, daring to say that he had obtained the Lightning Stunning Secret Technique before was one of them!

“All three of these treasures were originally meant to be given to you only after you passed the test! But at that time, you were captured by that person, plus the other party was likely to be an enemy of my Thunder Dignity Pavilion, so that’s why I gave you the Frightening Thunder Secret Art in advance!”

Lei explained.

“Now that you’ve inherited the Thunder Dao Pearl, there are only these two treasures left!”

Said Lei, flicking his finger, and instantly one of the light masses flew towards Lin Ran’s head.

The next thing he heard was a “weng” tremor, and the next moment the light mass directly entered Lin Ran’s mind.

All of a sudden, Lin Ran felt a huge stream of information appearing in his mind.

At the same time, Lei spoke up.

“This treasure is the same secret technique as the Frightening Thunder, called the Thunderfall Technique!”

“This technique is an absolute untransmitted technique for the disciples of the Thunder Zun Pavilion!”

“By practising this technique, one can capture the corresponding thunderbolt according to one’s strength! From landmines, heavenly thunder and even divine thunder to already supreme divine thunder and so on!”

“It can be said that without this technique, many heavenly thunderbolts you would not be able to capture!”

“Awesome! Awesome?!”

As he listened to Lei’s explanation, Lin Ran was already going through this Lightning Subjugation Technique in his mind at the same time!

The secret techniques only recorded on this Lightning Subjugation Technique were nothing compared to the beast thunder approach that he had relied on to constantly be blasted and subdued by the Lightning Eel King before.

Lin Ran found that if he had possessed this Lightning Subjugation Technique back then, he would have been able to use the Lightning Eel King to train his Beast Thunder Body in just three days.

But because he didn’t have this Lightning Subduing Technique at that time, he had been blasted for a full eight months before he was able to train his Beast Thunder Body.

“With this lightning subjugation technique, wouldn’t I be able to easily refine and subdue a suitable lightning source whenever I come across it in the future!”

Lin Ran whispered softly to himself, excitement in his eyes, this lightning subjugation technique was like a blessing in the snow for him, it was too important to him.

“Alright, you’ll experience it yourself later, now for the last treasure!”

Lei said, while waving his palm, and the last ball of light flew towards Lin Ran’s mind.

Instantly, another stream of information drilled directly into Lin Ran’s mind.

“Divine Thunder Transformation!”

Seeing these three big words, Lin Ran couldn’t help but shake his whole body, although he didn’t know the content yet these only three big words were already revealing its extraordinary aura.

“This Divine Thunder Transformation has three layers, corresponding to the Mine Transformation of Landmines, the Heavenly Thunder Transformation of Heavenly Thunder, and the Divine Thunder Transformation of Divine Thunder!”

“Once the Divine Thunder Transformation is released, the whole very aura soars, and every move and stance carries its own thunder and lightning effect, and its power is unparalleled! It is the most important thunder and lightning means of the Thunder Zun Pavilion!”

Lei introduced.

Lin Ran, however, had long since fallen into shock at this point.

Although this Divine Lightning Transformation was not specific in what Lei said, Lin Ran had already cast through these streams of information to fully understand it.

This Divine Thunder Transformation was a technique that could enhance one’s strength, and if one wanted to be strong in the Dao of Thunder and Lightning one had to have the aid of other Dao.

For example, if Lin Ran’s sword dao power was normally one hundred points, then as long as he used the Divine Thunder Transformation, his sword dao power could be increased to one hundred and thirty points!

Moreover, this increase would increase with the higher quality of the divine lightning Lin Ran captured himself!

Therefore, this Divine Lightning Transformation might seem to be only an aid, but as long as he succeeded in cultivating it, the increase in Lin Ran’s strength would be immeasurable!

“I’ve really found a treasure! I can’t, I have to cultivate the first layer of the Divine Lightning Transformation now!”

Lin Ran was so impatient that he immediately sat down on his knees and started practising.

“You’re too eager!”

I’ve never seen anyone in a hurry before, he started practicing directly on his own turf!

Wonder Doctor Chapter 1818

It was the Divine Thunder Transformation set of techniques that Lin Ran first cultivated.

Amongst the three treasures inherited from this Thunder Dignity, the Thunderfall Technique could be said to be the simplest, it was actually a technique to capture lightning, and Lin Ran had mastered it after just one look.

The Lightning Stunning Secret Technique, on the other hand, was similar in that it was entirely based on the strength of one’s divine sense to determine its power.

These two techniques were not difficult for Lin Ran, but the Divine Lightning Transformation was the only one that required Lin Ran to carefully figure out.

The Divine Lightning Transformation corresponded to three levels, the Mine Transformation, the Heavenly Lightning Transformation and the Divine Lightning Transformation.

These three levels were determined by the amount of divine lightning Lin Ran possessed within his body.

For example, Lin Ran's body was now filled with the beast lightning of the Lightning Eel King, so the transformation he performed was the Mine Transformation.

However, if Lin Ran captured the Heavenly Lightning, what he would perform then would be the Heavenly Lightning Transformation, which was only related to the quality of the lightning.

If Lin Ran had the chance to obtain a divine thunderbolt now, then the transformation he would perform would naturally be the divine Thunder Transformation.

Of course, with Lin Ran's current physique, I am afraid that if he were to perform the Heavenly Thunder Transformation once, his body would simply explode and die.

Therefore, even this Divine Lightning Transformation technique would require him to cultivate it slowly, and he would never be able to achieve it overnight.

And in addition to the three main levels of this Divine Lightning Transformation itself, each level also corresponds to three levels of difficulty respectively.

For example, his current Beast Thunder corresponds to the Landmine Transformation, which has three levels.

If he cultivated the Landmine Transformation to the third level, plus the strongest of Lin Ran's current landmines, the Lightning Eel King Beast Thunder.

As long as he performed the Mine Transformation, it could be comparable to the effect of the weakest Heavenly Thunder variant plus the first layer of the Heavenly Thunder Transformation.

The difficulty of finding the Heavenly Thunder was quite average, except that Lin Ran's current strength was simply unable to harness the Heavenly Thunder.

However, as long as he could cultivate this Thunderbolt Transformation to the third layer, the power was able to rival the weakest Heavenly Thunder Transformation.

"With this technique, as long as he could find the right Heavenly Thunder in the future, there was no worry that the road ahead would not be wide!"

Lin Ran was excited in his heart.

This Thunder Exalted Inheritance could be said to be the ultimate opportunity he had been given after arriving in the Immortal Realm.

Even a rare magic weapon like the Divine Wings could not compare to it.

The divine Wings were only precious, but the inheritance within this Thunder Dao Pearl was the cornerstone that could allow a cultivator to rise completely with a cultivator!

“The cornerstone is already there, the next step will depend on my own enlightenment!”

Lin Ran let out a long sigh, and then stopped thinking and began to cultivate.

.....

While he was immersed in the cultivation of the Divine Thunder Transformation, within the residence of the Eastern Chess King in East Flag City.

Xue Dongyang had already brought Xue Xue to see the East Chess King!

“Dongyang! Why have you suddenly come to see me? Little Xue has grown so big!”

Looking at the two people in front of him, there was a smile in King Dongqi’s eyes.

“Uncle, this time it is Little Snow who has something to ask for your help!”

On the way here, she and her father had mulled over this matter, although it seemed simple, but after all, it was necessary to let King Dongqi make a trip, so it was most appropriate for Xue Xue to ask.

After all, an elder would not normally refuse a request from a junior.

“O? What is it? Tell me!”

King Dongqi laughed.

Although he hadn’t seen much of this little Xue, he was still a descendant of his own lineage, so naturally he would help if he could!

“Uncle, you know all about my physical condition .....”

Xue Xue immediately told her situation, as for the matter of Lin Ran naturally did not say, only that a master saw the root of her condition!

“Uncle, Xiao Xue wants to ask you to help find Qin Han and give Xiao Xue a cure!”

Little Snow said seriously.

The Eastern Chess King heard this but frowned slightly and said.

“Little Snow, this matter is not that uncle is not helping you, do you know what status Qin Han is in the Immortal Emperor Domain? Even uncle I don’t want to offend her!”

“And this person is cold and arrogant by nature, I’m afraid it’s difficult to get her help!”

The Eastern Chess King said.

“Uncle I know, that senior who treated me took a token, he seems to know Lord Qin Han, and said that as long as he gave her this token, she would naturally do something!”

Xue Xue busily said.

The Eastern Chess King was not only a little curious at his words, he was busy saying.

“O? Are you sure?”

“Little Xue doesn’t dare to lie!”

Xue Xue was busy saying.

Seeing this, King Dongqi looked at Xue Dongyang, who was also nodding with a serious face, and couldn’t help but feel a bit moved!

“Well! Let me think about this matter for a while!”

With that, King Dongqi said nothing more and closed his eyes in contemplation.

But after just a few moments, he opened his eyes and said.

“Yes! Then I’ll take Little Snow on a journey!”

“Many thanks, Uncle!”

Seeing the East Chess King agree, both Xue Xue and Xue Dongyang could not help but be happy.

However, King Dongqi waved his hand and said.

“No need, it’s an opportunity for me to talk about it at this time! I think that Qin Han’s alchemy is famous, but it’s a pity that I don’t have the chance to get to know her!”

“If I can take the opportunity to get to know that Qin Han this time by treating Xiao Xue, that would be a good result!”

The cultivation world was like that, the greater the ability, the more arrogant the person was!

A powerful alchemist could help a person break through his or her cultivation level!

It was a pity that King Dongqi was in an important position and needed to guard the Eastern Flag Domain, so he rarely had the opportunity to move around during the day.

“Xiao Xue, you go and rest first, your father and I still have something to talk about, when we finish I will take you out!”

King Dongqi said.

Xue Xue nodded at his words and retreated.

Only then did King Dongqi look at Xue Dongyang and said.

“Dongyang! To be honest I’ve really had some fortune wrapped up in me recently, this time I’m taking Little Snow to look for Qin Han, make sure you help me keep an eye out for someone called Lin Ran if you can find him, make sure you tell him to go to the local Luo Ran Trading Firm and say that Miss Luo Yi is looking for him again!”

“Huh?”

Xue Dongyang was stunned at his words, but then he nodded and said.

“I understand!”

“What? What do you know?”

Seeing Xue Dongyang's reaction was not right, the Eastern Chess King could not help but ask.

"No no, I was just surprised that Miss Luo Yi of the Luo Ran Merchant Firm actually had someone she was looking for as well, this person is very important to her compared to others!"

Xue Dongyang was busy saying, before he came Lin Ran had explained that he could not reveal his existence, at this moment Xue Dongyang naturally did not dare to say anything more!

After all, Lin Ran had saved her daughter's life, there were still some things that had to be observed!

"Hmm! This Lin Ran is indeed very important to Miss Luo Yi, but unfortunately I don't know why! Just keep a closer eye on it!"

King Dongqi said.

Afterwards, he chatted with Xue Dongyang for a few more words, then he took Xue Xue and set off, finding someone was not something that could be found overnight after all.

Neither of these two chances King Dongqi wanted to miss, so naturally he was prepared to do both!

Qin Han's clan was located near Immortal Emperor City, and a round trip by teleportation formation would only take ten days at most!

By the time he returned, he thought that Lin Ran, the man, would almost have been found!

Xue Dongyang watched the Eastern Chess King leave with Xiao Xue, and then rushed back to Xue City overnight.

Having come to get the news this time, he decided to go back and tell Lin Ran and let him decide for himself!

The matter was so important that he didn't want to delay, otherwise if something went wrong in the future, whether it was the East Chess King or Roy, they were not people he could offend!

Wonder Doctor Chapter 1819

While Xue Dongyang was returning to Xue City, after a day or two of fermentation, the disappearance of Luo Ran Merchant Firm's search for Lin Ran had finally spread throughout the entire Eastern Flag Domain.

On his way back to Xue City, Xue Dongyang realised that the news had already been circulated yesterday.

It was only that he had been in too much of a hurry and had not even noticed it.

When he returned to Xue City, the entire city had been swept up by the news of Lin Ran's search.

It could be said that in just one day's time, apart from extremely remote places like Beast Hunt City, most of the city had been swept away by the search for Lin Yan.

For a while, countless people were wondering, "Lin Ran? Who is Lin Ran? How come they had never heard of him before?"

There was no such name among the great powers that had risen in recent years or among the younger generation!

While the outside world shook, within the Thunder Dao Pearl, Lin Ran finally opened his eyes at that moment.

His eyes were ancient and simple with a sense of vicissitude, as if he had been closed for a full ten thousand years.

The depths of his eyes were ancient, unable to see any emotional changes at all, but it was at this moment when he opened his eyes that his entire aura had changed.

“Mine Transformation First Layer!”

With Lin Ran’s roar, he immediately stood up, his entire body flickering with lightning light and even a thunder arc pulsating in his bloodline.

“Chop!”

Lin Ran flipped his hand and took out his Frost Condensation Sword and slashed towards the lake in front of him.

The sword maneuver instantly went straight for the lake in front of him, and Lei stood aside and faintly saw that there was a layer of flickering lightning on the sword maneuver!

“The first layer of mine change has been practiced so quickly! A child can be taught!”

Lei murmured softly.

While he was speaking, the sword mane had already struck the surface of the lake with a “boom”.

In an instant, the surface of the lake was torn out into a huge gaping hole, and the water of the lake rose to the sky, splashing up to a height of more than ten meters.

The huge gap in the lake surface was not filled in for a few moments.

Looking at the effect of his sword strike, Lin Ran couldn’t help but be staggered, even though it was cleaved on the surface of the lake, the power was definitely much stronger than his previous attack.

“Kid! You’re fast, it’s only been a mere night and you’ve already completed the first layer!”

Lei said with a smile as he walked over.

Lin Ran smiled awkwardly at his words and said.

“Don’t make fun of me, the first layer of this Mine Transformation isn’t difficult, one night is enough time, it’s just that this second layer is a bit difficult!”

“Kid! You think this Divine Thunder Transformation technique is the kind that sucks on the street? There aren’t many people in the entire Lei Zun Pavilion who can completely cultivate it to completion, this speed of yours is already very good!”

Lei said without good humour.

Lin Ran smiled awkwardly at his words and then said.

“You’re saying that it took me one night?”

“That’s right!”

Lei nodded his head.

Lin Ran nodded at his words, then without saying a word, he directly waved his hand and flung out a silvery lightning bolt!

“What are you doing?”

Seeing Lin Ran suddenly strike again, Lei couldn’t help but be surprised!

“I’m going to try this thunderfall technique again, I’ll have to go out later!”

Lin Ran said.

After spending the entire night, by now Xue Dongyang was probably already back from East Flag City, so he couldn’t stay in the room all the time.

It was just that Lin Ran hadn’t used this lightning subduing technique yet, so he was ready to use it and go out.

He was ready to use it and go out. He wanted to become skilled in this lightning subduing technique and see if there was anything he didn’t know.

The silver mane in his hand was flung out, and in an instant, two long curved snakes were formed.

The long silver snakes twisted and converged, gradually forming a silver cage that shot up into the sky.

Everywhere that silver cage passed, the black lightning arcs that remained in the surrounding space were directly trapped within the cage.

When Lin Ran saw this scene, he couldn’t help but be delighted and said to himself.

“This Lightning Subjugation Technique is really powerful, it can actually bind even divine lightning!”

However, while he was feeling smug in his heart, Lei at the side changed his face instantly.

“What are you up to, kid, hurry up and withdraw the Lightning Subjugation Technique!”

“Huh?”

Lin Ran was bewildered at his words, not knowing why Lei was suddenly so excited.

However, just as he was bewildered, the trend of black divine lightning above the sky trembled violently.

Then, before Lin Ran could react, he heard a “bang”, and the silver cage was instantly blown apart.

Lin Ran was even affected by the blast and his hair stood on end.

“Shit! What the hell!”

Crawling up from the ground, Lin Ran spat out a large black smoke ring, his face full of speechlessness.

“You kid who told you to capture that divine lightning, it’s good that it didn’t blow you up!”

Ray said without good humour.

“I didn’t go and capture it, it captured it on its own!”

Lin Ran said speechlessly.

“Nonsense, this lightning descending technique will directly capture the divine lightning as soon as it gets close, you idiot!”

“I .....

Lin Ran was speechless at his words.

“That’s just it,? I’m going out!”

Lin Ran waved his hand and said, this accident had left him helpless, but no matter what he said he had still gained some understanding of this lightning subjugation technique.

Next time if he came across a divine lightning that he couldn’t possibly refine, he wouldn’t be in a hurry to strike, and he had gained some experience of sorts.

After hastily bidding farewell to Lei, Lin Ran immediately returned to his room.

Opening his eyes, Lin Ran felt his whole body was full of power and he was in quite a good mood.

Practising the first layer of the Mine Transformation in the Divine Thunder Transformation in one night had made his entire body feel doubly relieved.

Only as soon as his divine sense returned to its place, he sensed that there was actually someone standing outside the door, and not just one person!

“Who?”

Lin Ran quickly withdrew the formation while opening his mouth to ask.

“Lin Ran, it’s me and the Xue Clan Master!”

Xu Gu’s voice rang out from outside the door.

Lin Ran heard this and immediately opened the door and walked over to see Xu Gu standing at the door with Xue Dongyang.

Only at this moment, the expression on the two coming faces was a little strange, seemingly with a hint of doubt and expectation.

“What’s wrong?”

Lin Ran couldn’t help but ask when he saw this.

However, when the two heard Lin Ran’s words, they were a little surprised and looked at each other, then looked at Lin Ran at the same time and asked.

“You don’t know?”

“Know what?”

Lin Ran was bewildered.

“What are you guys talking about?”

Xue Dongyang and Xu Gu were both speechless, before Xu Gu busily said.

“Lin Ran, do you really know or do you fake not knowing, everyone outside is looking for you now!”

“Looking for me?”

Lin Ran was stunned at his words, not understanding what it meant!

Xu Gu was busy pulling Lin Ranzi aside and sitting down, before saying.

“I went out for a spin this morning and said that the Eastern Chess King had given an order to search for a person called Lin Ran throughout the Eastern Flag Domain, aren’t you called Lin Ran?”

“Have you offended the East Chess King?”

Xu Gu said with a face full of worry.

Lin Ran, however, was listening to the clouds and shook his head.

“How could I have offended the Eastern Chess King, I’ve never even seen his face!”

“What the hell is going on here, Master Xue?”

Lin Ran asked as he looked at Xue Dongyang, the matter involved the Eastern Chess King thought the latter should know something about the situation.

Rather than listening to Xu Gu’s words here, it would be better to ask Xue Dongyang directly.

Wonder Doctor Chapter 1820

Xue Dongyang pondered for a moment at his words, organized his language and then said.

“It’s like this little friend Lin Ran, I did hear from the East Chess King about this matter, it seems that Miss Luo Yi of the Luo Ran Merchant Firm is looking for you!”

“And it seems to be quite anxious, Miss Luo Yi not only promised to give the East Chess King a big promise, but even said that as long as someone can bring you to the Luo Ran Merchant Firm and finally meet her!”

“Then this person will be given five hundred squares of spirit liquid!”

“What? Five hundred cubes? Spiritual liquid?”

Lin Ran couldn’t help but gulp at the sound of his words, and his entire eyes went straight.

Five hundred cubes of spirit liquid, Lin Ran’s entire body would be lucky to have five drops of spirit liquid combined.

It turned out that Luo Qiqi had actually taken out five hundred cubes just to find himself!

“This loser bitch!”

Lin Ran couldn't help but say in his heart, but at the same time, he could also feel that Luo Qiqi really wanted to find himself.

“Brother Lin Ran, do you know that Miss Luo Yi of the Luo Ran Merchant Firm?”

Xu Gu, who was at the side, asked busily, joking that this was something that almost anyone who wasn't a fool could see.

If Lin Ran really had a relationship with that Luo Yi, wouldn't he himself have the chance to know such a top person in the cultivation world!

“Sort of!”

Lin Ran nodded his head, not denying it.

“Little friend Lin Ran, then do you think you should go to the Luo Ran Merchant Firm?”

Xue Dongyang asked busily.

“Of course, it's not that I care about these five hundred cubes of spirit liquid, but last night, King Dongqi specifically instructed me to make sure to tell him about this if I ran into you!”

“But don't worry, I didn't tell anyone about you being in my house! So no one knows you're in my place now!”

Lin Ran nodded at his words and then said.

“How about this, you send someone to the Luo Ran Trading Firm in Xue City, tell them that I'm here with you, and have them arrange for someone to take me to meet Roy!”

Lin Ran had finally decided to go and meet Roy, also known as Luo Qiqi.

It had been over a thousand years since they had seen each other, so it would be just as well if Luo Qiqi was still unaware of the news that she had been resurrected, like Qin Bing and the others.

At least they wouldn't have had to suffer so much, but now that Luo Qiqi had found out, it would be cruel to her if she still avoided seeing him!

Moreover, Luo Qiqi had asked the East Chess King to send out a message throughout the East Flag Domain looking for her, so she should be in the East Flag Domain herself, so there was nothing wrong with going to see her.

“Good! I'll go and arrange it now!”

Seeing Lin Ran's promise, King Dongqi went to make the arrangements and said at the same time.

“Little friend Lin Ran, please don't worry, when Miss Roy's reward comes down later, I will definitely return it to you in full!”

“No need!”

Lin Ran waved his hand at his words.

Xue Dongyang, however, insisted.

“Little friend Lin Ran, please don’t refuse, if it wasn’t for your help this time, it’s still uncertain what would have happened to my daughter, I really don’t have the face to ask for these spirit fluids!”

“I, Xue Dongyang, still say the same thing, as long as little friend Lin Ran has a use for it in the future, I will not hesitate to go through mountains of swords and seas of fire!”

Seeing how insistent Xue Dongyang was, Lin Ran couldn’t say anything more, and soon the former left the place, apparently to arrange for someone to inform the Luo Ran Merchant Firm!

Xu Gu, on the other hand, was beside Lin Ran with an excited face asking questions, as if he was looking forward to the question of his own future when Lin Ran and Roy met.

Lin Ran didn’t bother to say much to such an opportunistic person like Xu Gu, he just sat there and didn’t say a word, just leaving him hanging.

It was only about ten o’clock in the morning, but after Xue Dongyang left to make the arrangements, suddenly the sky changed at the drop of a hat.

One moment the sun was still high in the sky, but the next moment dark clouds had enveloped the entire Xue City.

Thunder clouds rolled across the sky and soon it was raining, and soon the whole Xue City became dark as if it was late at night.

“Dark clouds during the day, heavy rain on a clear day, I’m afraid that Xue City will not be quiet again today!”

Lin Ran looked up at the sky and felt something bad in his heart!

At this time, outside of Xue City, a dozen figures were gathered together, each one looking at the leading youth in a very bewildered manner.

“Young master, we went to all this trouble just to create such a big formation? If the Xue family finds out, I’m afraid they will make a move to stop it!”

One of the men who seemed to be the leader of these men asked in a very unhurried manner!

Mai Yang heard this but swept his gaze over these people and said in a cold voice.

“What do you guys know! This big formation only serves as rain, even if that old thing Xue Dongyang finds out about it, he won’t care!”

“But as long as this formation counts here, as long as that kid dares to come out Laozi will be the first to find out!”

“As long as I know he’s left Xue City, I’ll have plenty of ways to get him killed when the time comes!”

The person Mai Yang was talking about was naturally Lin Ran.

Lin Ran had entered the Xue family and never came out, which made him angry and furious in his heart.

Although the Mai family was very strong, they didn't dare to break into the Xue family's mansion!

In order to prevent Lin Ran from being secretly sent away by Xue Dongyang, Mai Yang had created such a place, laying a formation outside the city to envelop the entire Xue City.

Because of the good disguise, it was raining inside the city, but no one noticed!

Of course, the main reason was that the formation was not very powerful, and it was only meant to detect Lin Ran's whereabouts.

If the formation was too powerful, I was afraid that Xue Dongyang and some other powerful people would soon find out the problem.

Mai Yang's side had already laid the trap, but no one knew whether Lin Ran would fall for it!

Because at this moment he was also waiting for news from the Xue family.

The man arranged by Xue Dongyang soon arrived at the Luo Ran Trading Firm and informed him of Lin Ran's presence at the Xue family.

However, what this man did not expect was that Li Jiang, the principal of Luo Ran Merchant Firm, did not follow him directly back to the Xue Family.

Instead, he told him to go back first, saying that he needed to prepare.

But right after the man left, Li Jiang quickly took out a jade talisman and crushed it immediately.

Just a few moments after the jade talisman was crushed, an old man's figure appeared in the room out of thin air.

This old man was no other than the mysterious old man who had come for Li Jiang not long ago.

At that time, after Lin Ran had killed that Death Sect disciple numbered 857, the black stream of light within the latter's body had come into this mysterious old man's hands.

"Lord Fang, there's news of Lin Ran!"

Seeing the old man arrive, Li Jiang was busy saying respectfully.

"O? Where is it?"

A cold aura flashed in the old man's eyes as he smiled and asked in a cold voice.

"It's at the Xue family!"

Li Jiang said directly without concealing anything.

.....

But Lin Ran, at last, waited for the news brought by Xue Dongyang at the Xue family.

Only when he heard the head of Luo Ran's merchant house say that he had to prepare for it, he couldn't help but be a little puzzled!

If Roy had ordered him to look for himself, then the entire Luo Ran Merchant Firm should have come over immediately upon hearing news of him.

How could they have to prepare for this? Prepare for what?

Lin Ran's heart was puzzled, and Xue Dongyang's heart was equally puzzled.

But fortunately, the guards of the Xue residence soon came to report.

"Patriarch, Li Jiang from the Luo Ran Merchant Company has arrived and is outside the door. He is accompanied by six senior members of the Xue City branch of the Luo Ran Merchant Company!"
