

Wonder Doctor

Chapter 205

In the evening, Lin Ran received a call from Hu Ming, stating that he still insisted on performing the Thousand Mile Search.

In response, Lin Ran did not say anything more, he had already persuaded what he should, and if Hu Ming still insisted, then he could not say anything more.

The next morning, Lin Ran went to the Antique City early, found the owner of Gu Yu Zhai, Gu Read Ming, bought some materials to be used, and then left for Hu Ming's district.

The first time Wang Yifeng received the news, he rushed to the community and waited for Lin Ran there.

However, when Lin Ran arrived at the plot, he encountered a special situation, the door of the plot was actually blocked.

"What's going on here?"

Getting out of the car and looking at a red car in front of him straddling the entrance to the cell, Lin Ran couldn't help but frown slightly.

"Why are you blocking the cell door, do you have any sense of public decency!"

Lin Ran pushed over and happened to hear an old man talking about the other party.

But there seemed to be no one in the other party's car. Lin Ran came closer to take a look and saw that there was indeed no one there, the old man seemed to have a bad eye and didn't notice.

"Grandpa! There's no one inside."

Lin Ran went up and smiled and reminded.

"No one is there? That's impossible, he was talking just now!"

The grandfather turned around and said, Lin Ran then realised that the grandfather had very serious cataracts, and looking at this, I'm afraid that he could only see a blur of people.

"Grandpa, there is indeed no one there!"

Lin Ran reminded again, at the same time looking around, and found a man with his back to himself, sitting on a stone pier at the entrance of the district, smoking, and looking at the back was somewhat familiar.

"Is the car yours?"

Lin Ran asked as he stepped forward.

The other person's body trembled violently at his words, and then he stood up with a "scuffle".

Only at the moment he turned around did Lin Ran recognise that this guy was actually Zhou Ling.

"Why is it you?"

Lin Ran was a bit confused, how could this guy be here and even block the door of the district.

“Lin Ran, you’ve finally appeared, I’ve been waiting for you!”

Zhou Ling’s face was fierce as he looked at Lin Ran, it was as if he had aged by more than ten years overnight, his beard was scraggly and he looked very unkempt.

“What? Is this your way of getting revenge?”

Looking at Zhou Ling, a hint of helplessness rose up in Lin Ran’s heart.

Without having to guess, Lin Ran knew that this guy must have been fired from his job, and he must have come to him today because of this matter, so he had come to take revenge.

But thinking about it differently, was Lin Ran really to blame for this matter?

“Yes! That’s right, I’m here to take revenge, you’re not so fucking hung up! Knowing Song Yujiang is something! I’m telling you, I really don’t care, I’m here to get back at you today!”

Zhou Ling said with a smug look on his face, and at the same time, he clapped his hands, and six or seven punks rushed out from the surroundings, which looked professional and should have been paid for by Zhou Ling.

“To deal with you, I spent a full month’s salary, but it was worth it!”

Zhou Ling laughed smugly.

Lin Ran, however, shook his head helplessly, then looked behind him, the old man hadn’t left yet, and couldn’t help but say.

“Between us, let the old man leave!”

“What old man, don’t give me a fucking interruption, today you can’t run away with your wings!”

Zhou Ling said in a cold voice, at this moment he only had Lin Ran in his eyes, he didn’t care if there was anyone else behind him.

“I said let the old man leave first!”

Lin Ran was a little angry, he did not want to involve the old man in his own affairs, but the Zhou Ling in front of him was completely mad, obviously not paying attention to the meaning of his words.

“Cut the crap! And give me a fight!”

Zhou Ling was burning with rage, he couldn’t listen to Lin Ran’s words at all, with a wave of his hand, the surrounding punks directly pounced on him, six or seven people were crowded together, which no one would pay attention to the old man’s position.

“Stand still!”

Seeing a few people knocking the Boss over to the ground, Lin Ran’s eyes instantly turned red as well.

“Seek death!”

With a roar, Lin Ran followed and rushed straight over, kicking the man who rushed in front of him to the ground.

He then waved his hand and threw another punch, knocking another punk to the ground as well.

In the blink of an eye, Lin Ran had directly knocked over two people, which made the rest of the punks furious, this kind of skill was not something ordinary people could have.

“Zhou Ling, didn’t you fucking say that this kid was easy to deal with! You call that a good fucking fight?”

The four remaining punks looked at Zhou Ling with some anger in their eyes.

“I don’t know, how can this kid be so good, I knew before that he was stronger!”

Zhou Ling hurriedly retorted, if he knew that this kid was so good at fighting, he wouldn’t have been able to call out only so many people.

Seeing that the remaining punks had no intention of making a move, Zhou Ling became anxious.

“What are you doing standing there! Do something!”

“Do it, you bastard, the other 50,000 start with this body, or else no negotiation!”

The leading gangster directly opened his mouth to ask for a price, when he talked to Zhou Ling before it was only 10,000, but in the blink of an eye it went up to 40,000.

“Fifty thousand? You’re fucking robbing me!”

Zhou Ling was immediately baffled, 50,000 was already a quarter of his entire savings, to take revenge on one person, this is too big a price.

“Cut the crap, just 50,000, one less and I won’t care about this anymore today!”

The leader of the gang said, with an unusually firm attitude.

“Fuck!”

Zhou Ling was furious, but there was nothing he could do, after all, it was also his own mistake, misjudging Lin Ran’s strength.

“Fine! Fifty thousand, just fifty thousand!”

Zhou Ling gritted his teeth and said, he could already say that he had done everything to get out of this bad temper, a few tens of thousands, although it hurt him, he could still afford to pay.

“Very good!”

The other party smiled and pursed their lips at this, and immediately walked towards Lin Ran again.

Lin Ran didn’t care that they were talking about terms, he helped the old man up and then stared at him as he hurried away, by the time he had done this, the gang leader and Zhou Ling were already done talking about terms.

“Kid, you heard it, it’s not that we have to deal with you, it’s just that the price is too tempting!”

The leader of the gang sneered.

“Fifty thousand? I’m worth 50,000?”

Lin Ran laughed coldly, but his eyes were unusually cold, just now these few people had dealt with themselves and almost dragged the boss into trouble, this was something Lin Ran could not tolerate.

“You’re also worth 50,000!”

The leading gangster sneered, following which a spring-loaded knife appeared in his hand with a flip of his palm.

Lin Ran looked at him, shook his head, and then said blandly.

“Whether I’m worth fifty thousand, I don’t know, but I do know that this fifty thousand is definitely not enough to cover the medical expenses of a few of you!”

After saying that, Lin Ran directly rushed towards the remaining four punks with an arrow step.

The leader of the gang had seen the world and did not care at all about Lin Ran’s words, so with a cold voice, he was the first to rush over.

But even though he had seen the world, he was still not enough in front of absolute strength.

The leader of the gang only felt a flash of wind in front of his eyes, followed by a huge force that smashed directly into his face, and blood immediately spurted out of his mouth, along with a few teeth.

“Boss!”

Seeing that their boss had taken a solid punch, the three remaining punks were confused and stood still for a while, not daring to rush over.

“Why don’t you come over? Then I’ll go over!”

Lin Ran looked at the three, smiled blandly, and rushed over after them.

Chapter 206

“Run! Run!”

Seeing that the situation was not right, the leader punk hurriedly scolded, he himself was not even a match for Lin Ran, let alone his own men, going up against Lin Ran was simply a death sentence.

“Run!”

Seeing that their boss had said so, they dared to stay and fled in all directions.

But Lin Ran would not let them off easily, so he picked up the steel pipes and other things scattered around and swung them round towards them.

Although the distance was less powerful, a steel pipe still caused them to bleed and wail.

After finishing the other gangsters, Lin Ran then turned around, looked at the leader and smiled.

“Looks like I’ve been light on my hands, 50,000 should be enough to cover the cost of your treatment!”

“You Who the hell are you and why have I never heard of your kind!”

The leader of the gang asked, in their business, the most taboo is to kick the iron plate, so usually will know the details of some people, so as not to run into nails, but Lin Ran this name, but he had never heard of it.

“You haven’t heard of him and you blame me?”

Lin Ran laughed helplessly, then said.

“Remember! It doesn’t matter what you do, if you abuse the elderly in the future, I’ll beat you up once I see you!”

“Abuse the elderly? I what”

The leading gangster was speechless, when did he abuse the elderly? He didn’t know at all.

But just as he finished those words, he remembered that just now Lin Ran had said something about letting the old man go first, and also seemed to vaguely remember that an old man was in the way just now and had been hit.

“Big brother, you’re not, we’re fighting, can’t we still find time to learn from Lei Feng and do good deeds?”

The gang leader said breathlessly.

“You have to put your principles into practice as well, otherwise you’ll only ever be a gangster!”

Lin Ran said in a cold voice, followed by a hand slash directly on the back of the other party’s neck, and instantly the other party fainted.

“You Don’t you come any closer!”

Seeing Lin Ran turn towards himself, Zhou Ling down hurriedly backed up, but behind him was the car he had bet on the community before, and there was already nowhere to retreat to.

“What? Aren’t you very arrogant? Aren’t you going to take revenge today? How will this goose it?”

Lin Ran said as he walked over towards Zhou Ling.

“I I won’t take revenge, don’t hurt me!”

He hated Lin Ran, but he was not a fool. With Lin Ran’s skills, killing him was like killing a grasshopper, how could he take revenge?

“No more revenge? You can take revenge if you want to, but not if you don’t. Do you think I’m your father? Do you like to play with you when you have nothing to do?”

Lin Ran said in a cold voice.

“Then... Then what do you want!”

Zhou Ling gulped and asked nervously.

“Nothing, to make you open your memory!”

Said Lin Ran as he grabbed the main Zhou Ling’s collar, followed by driving to the limousine.

The car was Zhou Ling’s car, it was one of the older models, once the engine was turned on the sound was like a running train, wailing.

Lin Ran found the keys from Zhou Ling’s body and started the car, and with the sound of the engine, the whole car trembled rapidly.

“You... What the hell do you want! I really don’t want to do it anymore, please, give me a break!”

Zhou Ling was on the verge of tears, Lin Ran was obviously not prepared to let him off easily with this move, a beating was a small matter, but if his bones were hurt and his life threatened, then he would really regret it.

“Spare you? Why don’t you think twice about retaliating, thinking that the price of revenge is always low?”

Lin Ran said in a cold voice.

It wasn’t that he hadn’t come across people who had been hit in the face by themselves and then come to retaliate before.

But at least those people in the past hadn’t rippled through the dao and had all come for themselves.

But this time, it was different!

Because of Zhou Ling’s revenge, he almost got the old man involved, he was so old, if something happened to him because of this, I’m afraid no one, not to mention Lin Ran, could afford this responsibility.

“Then what the hell do you want!”

Zhou Ling asked nervously.

“Nothing, to give you a taste of fear!”

Lin Ran smiled lightly, followed by a flip of his palm, grabbed Zhou Ling’s collar and pressed it towards the bonnet.

After the car was started, the engine cover would become hot because of the engine, especially for this old vintage car, it heated up even faster.

After only a few minutes of starting, the hood was already appallingly hot, not to mention touching it, and the rolling heat could be felt from some distance away.

“No! No!”

Feeling the layers of heat coming from his cheeks, Zhou Ling felt that his whole body was about to be cooked, and the fear in his heart was unbearable.

“Don’t? Why don’t you want to? You couldn’t hear me when I told the old man to go first just now!”

Lin Ran said icily.

“You!”

Zhou Ling was shocked and angry, he really did not expect that Lin Ran’s anger towards himself would actually be because of an old man.

“Lin Ran, there’s something to talk about, big deal, I’ll give you 50,000 too, you spare me! I wouldn’t dare!”

Zhou Ling was busy saying, he was very life conscious, he didn’t want to put his life on the line for no reason.

“Fifty thousand? Is the old man’s life worth 50,000?”

Lin Ran’s face was cold as he raised his hand and pressed Zhou Ling’s head closer towards the bonnet.

The heat wave that he exhaled at this point had already scalded the sweat hairs on Zhou Ling’s face, and the burning pain invaded every inch of his cheeks, causing him to scream in agony.

“Lin Ran I really don’t dare, I’m really convinced, you just”

Zhou Ling almost shouted out with all his strength.

But Lin Ran remained indifferent and blandly replied.

“It’s already too late!”

With that, his palm lashed out, pressing Zhou Ling’s head towards the bonnet and slapping it straight up.

Only the moment before it touched the bonnet, Zhou Ling was directly stunned out of extreme fear.

“Wimp!”

Lin Ran spat and directly threw Zhou Ling next to the car before he got up and walked in towards the district.

He wasn’t really hurting Zhou Ling, he just wanted to teach him a lesson, a lesson that would be enough to make him completely understand the dangers of his actions.

Food safety is no matter how big or small, and mob fights are even more harmful to people and themselves. If Lin Ran hadn’t saved the old man, I’m afraid today’s incident wouldn’t have ended so easily.

When he entered the neighbourhood, Lin Ran was ready to go straight to Hu Ming.

However, not even two steps into the neighbourhood, a familiar voice of the old man came from the side.

“Young man, are you alright!”

“I’m fine!”

Lin Ran looked at the old man and smiled.

The grandfather hadn't left, so he was obviously worried about himself, which was why he was waiting here.

"It's good that you're alright, thank you so much just now, an old man with bones, I didn't think I'd cause you any trouble when I got old!"

The old man said with a bitter smile.

"Grandpa, where is your home? Let me take you back!"

Lin Ran laughed.

Although the old man was old and his eyes were a bit hard to see, this sincere nature was still very much in Lin Ran's temper.

"Just up ahead, young man, old man, I think you're a nice person, my name is Hu Sanqi, what's your name?"

"Hu Sanqi?"

Lin Ran was stunned at his words, the surname of this name was the same as Hu Ming, I wonder if it was a coincidence.

"My name is Lin Ran!"

Lin Ran laughed, while taking a closer look at the old man's eyes and asked.

"Grandpa, this eye of yours must be a recent disease!"
