

Wonder Doctor

Chapter 213

“Bullshit!”

Jin rebuked, while hurriedly greeting Scar next to him to come and help.

When Scar saw the greeting, he immediately waved the belt in his hand and threw it towards Lin Ran.

Seeing this, Lin Ran shook his head helplessly and let go of his arm, and Jin immediately broke free.

But Scar was out of luck, the moment Lin Ran let go of his grip, a kick had already flung over quickly, landing directly on Scar’s waist, hitting him and he flew backwards straight away like a cannonball.

Another man saw what happened and wanted to come up to help, but after seeing what happened to Scar, he stood in place and shivered, not daring to move a step.

“What a fucking waste!”

Jin’s face turned green with anger and he grabbed the belt that had fallen off and was ready to rush up.

However, before he could charge up this time, Lin Ran had already rushed over.

“Up!”

Lin Ran shouted, followed by his palm grabbing Jin’s waist and directly hauling him up with one hand, holding him high in the air.

The place where the crowd was waiting for the cable car was a platform, only about 20 to 30 square metres in size, surrounded by a gully and blocked by a fence.

Lin Ran lifted Jin up and ran after him towards the fence next to him.

Jin was so dazed that he could not see where he was, and could only feel that Lin Ran seemed to be dragging him along.

When he came back to his senses and fixed his eyes on it, his whole body was stunned.

All he could see was that directly below him was actually a deep, bottomless gully, with his head facing it.

“Put me down! Bear down quickly!”

Jin shouted in a rush, his voice turning shrill with fear and his whole body couldn’t help but tremble.

“Still cutting in line?”

Lin Ran asked as he opened his mouth.

“No more cutting in! No more cutting in!”

Jin was so scared that he was on the verge of tears, so how could he dare to disobey.

“Really?”

Lin Ran continued to ask.

“Really! I promise, if I’m cutting in line, I’ll be a eunuch!”

Jin’s voice was tinged with tears as he hurriedly promised.

With a wave of his hand, Lin Ran threw Brother Jin to the ground and laughed.

“Such a mischievous oath to take, I hope you don’t really turn into a eunuch!”

With that, he turned around and walked towards Wang Yifeng.

Jin slumped on the ground and slowed down for a while before he came back to his senses, by which time Scar had already been supported by another henchman and ran over.

Seeing that Jin was alright, the two men were relieved.

“Brother Jin! It’s alright, I’ve already called my brothers, we’ll get back the scene when the men arrive!”

Scar said.

“Let’s find the fucking scene!”

Jin smiled and gave Scar a slap on the mouth, cursing.

“If it wasn’t for you driving around, I would have been on the fucking Oxheart Mountain.

“Brother Jin, I’m just doing this for your sake!”

Scar said with a face full of aggression and followed.

“And I’ve already called someone, they’re only three men and one woman, we’ll end up with them all!”

Scar said smugly.

Jin smiled and gave Scar a suspicious look and asked.

“How many people have you called?”

“Ten!”

Scar laughed smugly.

Jin thought about it, ten plus three of his own, that’s thirteen people, the other side only has four, and one is a woman, then three against one, absolutely sure win!

“That’s more like it, I’ll give the girl to me later, damn it, my whole body hurts, I’ll have to touch her back later!”

He had seen a lot of beautiful women, but it was the first time he had seen one with a wild look like the one he had just seen, and the feeling of conquest must be very good!

“Haha!”

Thinking of this, Jin couldn’t help but laugh out loud.

“What are you laughing at, Brother Jin? Has your brain been beaten up?”

Scar asked with concern next to him again.

“Fuck you, why don’t you hurry up and get in line, if you lose him later, how can I take revenge!”

Jin cursed angrily, he had just thought of how to play with a beautiful woman when he was interrupted by this guy, which made him very upset.

.....

When Lin Ran went back, he was stunned to find that this kid Wang Yifeng was actually chatting with the beautiful girl from earlier.

This kid had been single for many years, so it seemed that he was really a bit lonely, or else he wouldn’t have been, and he couldn’t resist hitting on her in this scenic spot.

“Hey hey! What about it? Where are those three goons?”

Seeing Lin Ran return, Wang Yifeng hurriedly bid farewell to the pretty girl and came over.

“Should have gone to the queue!”

Lin Ran returned, then glanced at the beautiful women in the distance and laughed.

“You dare to tease a beautiful woman with such a body? Forget the scene where you were beaten up by Chen Shui’er when we first met?”

“Don’t... Don’t talk nonsense, how can I say that I’m a good man, if I really become one, I’ll definitely be a little bird to follow in the future, how can I just use violence!”

Wang Yifeng was busy saying, while not forgetting to glance at the beautiful woman, and then laughed.

“This time the chances are great, just now I went to chat with the beauty to know, that beauty just broke up!”

“I say so, how come you came to travel alone!”

Lin Ran laughed.

On the side, Hu Ming listened for half a day, he couldn’t help himself and went up and said.

“Two masters, the cable car has been waiting for half a day, or else we should hurry up too? Otherwise that beauty will be gone!”

“What? Then why are you still standing there!”

When he heard that the beauty was leaving, Wang Yifeng became anxious and pulled Lin Ran and the two of them towards the cable car.

Oxheart Mountain was not very high, and it took only ten minutes to reach the top of the mountain in the cable car.

The summit of Niu Xin Mountain was divided into two areas, one was the construction area, which was the main part of the Niu Xin Mountain scenic spot, and the other was something like a back garden.

Lin Ran's trio's destination this time was the back garden.

The beautiful woman was supposed to take a break, and although she didn't talk much to Lin Ran's trio, the route was coincidental.

The three of them arrived at the back garden, and then under Lin Ran's guidance, they came to a very remote place, which Lin Ran had once come to climb a mountain with Zhao Yu when he was in university, and had found it by chance.

"Things have changed, but the scenery is still the same!"

Looking at a stone plate that was half a person high in front of him, Lin Ran smiled lightly.

The last time he came was with Zhao Yu, and the two of them had a great time talking about the sky and the land.

However, this time when they came, everything had been completely different.

"What now?"

Hu Ming hurriedly came up and asked.

"Take everything out, one life, go and set up a barricade, don't let anyone Wu break in later!"

Lin Ran said.

"What about... What about her?"

Wang Yifeng said as he looked at the beautiful woman not far away next to him, who was staring at the view down the mountain.

"Don't let her find out either!"

Lin Ran said.

The Thousand Mile Trace was very mysterious, and after all, it was a feng shui thing, this beautiful woman was just an ordinary person, Lin Ran didn't want the other party to know too much, after all, these things and her were not originally from the same world, the more she knew, it would just add to her worries.

Hu Ming quickly set things up, and even thoughtfully laid a white cloth on the stone tray, which looked very solemn.

"The formation is also ready!"

Soon Wang Yifeng also ran back, and at that moment the scenery around him did not change, but the beautiful woman who was outside the formation was surprised to find out.

The three Lin Ran, who were not far from her just now, had all disappeared.

Chapter 214

“Get ready to start!”

As for what was happening outside, Lin Ran didn't want to bother with it right now, his attention was now all focused on the Thousand Mile Search.

“What do I need to do?”

Hu Ming asked hurriedly beside him again.

“Find a place to sit!”

Lin Ran said.

“Sit?”

Wang Yifeng was stunned, what kind of mission was this?

“Later, when the Thousand Mile Quest begins, your life expectancy will plummet by thirty years, and the after-effects it brings will be so terrifying that you may not even be able to resist it!”

Lin Ran said, while gesturing to Wang Yifeng next to him.

“You'll have to take care of him later, in addition to keeping an eye on the surrounding area, and inform me immediately if there's any problem!”

“Yes!”

Wang Yifeng nodded in response.

After arranging for the two, Lin Ran did not delay any longer and immediately went to the stone platform and went about his business.

Hu Ming had only prepared three things, but Lin Ran had prepared many things.

After arranging the things one by one, Lin Ran turned to look at Hu Ming and asked one last question.

“You've really thought about it, haven't you?”

“Mm!”

Hu Ming nodded his head heavily, his eyes carrying a look of determination.

“Good!”

Lin Ran nodded, not persuading, this was the last time he hesitated, seeing Hu Ming's steely eyes, he already knew what he should do.

Coming to the stone platform, Lin Ran quickly prepared the prepared materials one by one, before picking up the bottle containing Hu Ming's blood.

“Bang.”

The stopper opened, and Lin Ran slowly poured three drops of blood into a small porcelain bowl in front of him.

It was as if the three drops of blood had a spiritual nature, isolated from each other and did not fuse, like three drops of water, lying quietly in the porcelain bowl.

Lin Ran placed the player Hu Tian usually loved to play with in front of the porcelain bowl, and placed the clothes in front of the toy, before reciting the spell.

“The sky is bright and cloudless, a line of intent for cause and effect, even though the distance is a thousand miles, a thousand miles of tracing is present!”

As Lin Ran’s blast fell, the three drops of blood that followed in the porcelain bowl actually spun up quickly.

Each drop seemed like a rapidly spinning vortex, and the blood that was originally like a drop of water actually gradually turned into an even tinier blood mist at this moment.

“This is!”

From afar, Wang Yifeng looked dumbfounded, to be able to mobilize blood like this, this strength alone was not something he could do.

“Arise!”

Only Lin Ran heard a fierce shout, followed by countless blood mists, which actually drifted up quickly, and then actually fused into two large clouds of blood mists quickly.

“Thousand Mile Search! Present!”

As Lin Ran shouted again, these two clouds of blood mist actually fused together once more.

“Awesome! Really powerful!”

From afar, Wang Yifeng’s blood boiled as he watched, to be able to make three drops of blood mist fuse into one, this was exactly what was called the realm of Dao in Feng Shui.

The so-called Dao was precisely the creation of something from nothing, followed by the creation of two, two and three, and the creation of all things.

Lin Ran’s fusion of these three into one was precisely the most difficult of all.

As Wang Yifei watched in awe, Lin Ran’s side had already made a new move.

Only to see that under his guidance, the blood mist that had fused into one actually slowly swirled, before flying towards the toys and clothes in front of the porcelain bowl as if it were a red flame.

“Fuse!”

Lin Ran fiercely shouted, following which the entire blood mist directly pounced on the clothes and toys, instantly invading them and disappearing.

“Why is the blood mist gone!”

Hu Ming looked dumbfounded and hurriedly asked.

“Don’t be in a hurry! If I’m right, these blood mists are finding your son’s trail precisely through these toys!”

Wang Yifeng explained with a smile.

“Through toys and clothes?”

Hu Ming was puzzled.

“Think about it, what the Thousand Mile Trace relies on is not only the bloodline, but also your son’s scent, as well as the residue, these toys and clothes were used by your son on a regular basis, combined with your bloodline, they can naturally accomplish the task of the trace!”

Wang Yifeng explained, but Hu Ming was dumbfounded, completely unaware of what the former was saying.

“Forget it! You don’t understand even if I tell you!”

Wang Yifeng waved his hand and said, “He just needs to understand in his own mind, Hu Ming is a layman, it is useless to talk too much.

While the two were talking, Lin Ran had also completed the fusion of the blood toy clothes, only to see him raise his hands violently.

The blood that followed the fusion with the clothes toy actually floated out once more, before quickly fusing together again.

“Transform!”

Lin Ran continued to command, and this time, the mass of blood actually began to transform, gradually appearing to take the form of a person.

This person appeared to be a child, with a look that was somewhat similar to Hu Ming’s, and one didn’t need to think to guess that it was none other than Hu Ming’s son, Hu Tian’s appearance.

The blood man was floating in mid-air and seemed to look anxious, trying to fly in one direction, but with Lin Ran controlling him, he couldn’t leave.

“It’s done, let’s get ready to go!”

Lin Ran said as he turned his head to look at the two Hu Ming.

However, as soon as his words left his mouth, before Hu Ming and the two of them could reply, the little blood-coloured man in mid-air actually split into two with a bang.

The blood-coloured little man that had split into two pieces then quickly repaired itself and turned into two small and large blood-coloured little men.

Lin Ran was shocked by this scene.

“How can there be two!”

Lin Ran exclaimed.

It was the guidance of this little blood-coloured figure that the Thousand Mile Trace relied on, but now there were actually two of them, which meant that these two little blood-coloured figures would be heading to different places, and both of them could be Hu Tian's hiding place.

"Hu Ming, is there only one child that you lost?"

Lin Ran asked, in fact, he already understood in his mind that this question was a bit idiotic, it must be the killer's doing, but he still asked it just to make sure.

"Just one, I only have one child, Xiao Ming!"

Hu Tian said hastily.

"That's a bit of a problem!"

Lin Ran frowned.

"What's going on, Brother Lin Ran?"

Wang Yifeng was busy coming up and asking.

Lin Ran explained the matter of the Blood Man and then said.

"We might have to split up this time!"

"It's alright, it's not with me! One of us will check the whole way!"

Wang Yifeng said, patting his chest with confidence.

"Let me think about it!"

Lin Ran was a bit hesitant, although Wang Yifeng usually blew it, but this time the other side was obviously prepared, so if he was to go by himself, Lin Ran was really uneasy.

"Right, brother Lin Ran, I've discovered something!"

Just as Lin Ran was contemplating how to solve the problem at hand, Wang Yifeng, who was at the side, suddenly said.

"What is it?"

Lin Ran turned around and asked.

"You said that this Thousand Mile Tracing would affect Hu Ming, why do I see that this kid is still alive and well!"

Wang Yifeng said.

Lin Ran smiled and looked, and found that Hu Ming was really rosy, just like a person who was fine, so he couldn't help but be very surprised.

"Come and let me have a look!"

Lin Ran hurriedly greeted.

Hu Ming dared not delay and ran over, allowing Lin Ran to help him take his pulse.

With this pulse Lin Ran's entire body froze.

He looked at Hu Ming and was stunned for a moment before he opened his mouth and asked.

"The blood you provided, is it really yours?"
