

Wonder Doctor

Chapter 215

“It’s mine! Who else’s could it be if not mine?”

Hu Ming was also confused, there was something wrong with Lin Ran’s words.

“There’s been a change!”

Lin Ran said with a frown, following which he pointed to the Blood Man still floating in the sky and said.

“The blood man has become a man, and the thousand-mile search has begun, but Hu Ming’s body hasn’t changed at all, this blood is definitely not his!”

“So what now!”

Wang Yifeng asked hurriedly.

“We can’t care so much now, the blood man only has the efficacy of half an hour, we must hurry to identify the place!”

Lin Ran said.

Wang Yifeng and Hu Ming nodded at his words, they had Lin Ran as their main focus for all actions now.

“Later, I will determine the location through the binoculars, Wang Yifeng is in charge of the vigilance, otherwise we have to let anyone in”!

Lin Ran said.

“What about me?”

Hu Ming asked hastily.

“You ....”

Lin Ran was a little hesitant, the situation that should have occurred with Hu Ming did not occur, which made him a little confused as well, not knowing which step in between went wrong.

“Don’t do anything for now, find a place to stay and see if something will change gu later!”

Lin Ran said.

“Alright!”

Although Hu Ming was puzzled in his heart, he did not dare to ask any more questions, and immediately turned around and found a place to stay.

Wang Yifeng ran to keep an eye on the outside world, the beautiful woman from before hadn’t left, but there weren’t any other tourists coming over either, so it was quite calm.

Lin Ran quickly set up his binoculars and followed with a wave of his hand, releasing the bloodmen.

The two blood men were unbound and immediately flew out in two directions as if they were carp in the water.

Lin Ran hurriedly used his binoculars to observe, but fortunately the difference in direction between the two Blood Men was not too great, so he was the only one who could observe and still be busy.

Time passed, and soon the smaller one stopped somewhere.

And then it turned into a cloud of blood mist and slowly drifted down.

Lin Ran hurriedly took out his map and marked the corresponding location, before going to observe the other blood person.

The larger blood man flew off all the way without any intention of stopping. Fortunately, the binoculars Lin Ran had prepared were of a high specification, so he did not lose him.

The blood man sped along and soon crossed half of Tamagawa City, and Lin Ran had a vague feeling of bad foreboding in his heart.

The first place was not far from Niu Xin Mountain, Lin Ran marked in haste did not look carefully, but vaguely felt that the distance should be very close.

However, this second place was halfway through Tamagawa City, which was very strange.

“I hope it doesn’t go beyond the city limits of Tamagawa!”

Lin Ran prayed in his heart, once he exceeded the range of Temagami City, then his telescopic awareness might track the path, something Lin Ran had not thought of before.

The Bloods were still flying fast, and after just half an hour, they had already traversed the entire Temagami City.

Just as Lin Ran’s heart was chilling a little, seeing that the binoculars could no longer keep up with the blood man.

Suddenly, the Blood Man actually stopped, and then flew towards the nearby Wan Ren Mountain.

“At the Ten Thousand Rengshan Mountain!”

Lin Ran’s heart was shocked, he didn’t expect that this last place would actually be at the Wan Ren Mountain, a place that happened to echo the Oxheart Mountain.

“Well?”

On Lin Ran’s side, just as he had marked the location, Wang Yifeng came over.

“We’ve already found the place, how’s it going out there?”

Lin Ran put away the map and asked at the same time.

“The situation outside isn’t good, those three kids who cut in line before are here again, and they’ve brought a dozen people with them!”

Wang Yifeng said with a frown.

“Leave these people to you, we must hurry and set off, we can’t delay!”

Lin Ran urged.

Once the Thousand Mile Trace was cast, with a target as large as Bloodman, the other party would definitely have already noticed it as long as they weren’t stupid, so the time left for them was running out.

“Fine! I’ll take care of them, what about Hu Ming?”

Wang Yifeng asked.

“I’ll talk to him!”

Lin Ran said, following which he walked over towards Hu Ming.

“Brother Lin Ran!”

Seeing Lin Ran coming over, Hu Ming hurriedly stood up.

“It’s been so long, and you still haven’t changed half a bit!”

Looking at Hu Ming, Lin Ran frowned.

“I...”

Hu Ming didn’t know what to say, he had followed Lin Ran’s layout step by step, but now his own body was completely unaffected.

“You should go straight home!”

Lin Ran suddenly spoke.

“Go home?”

Hu Ming felt dumbfounded at his words, now that he was asked to go home, his mind was on his own son, how could he possibly be willing to go back.

“You listen to me first!”

Lin Ran pondered for a moment, and then said.

“I always feel that there is no problem with your body, there should be a change somewhere, but now this change I don’t know where it happened, you’d better go home and take a look!”

“Why should I go home if there’s been a change of heart?”

Hu Ming asked, he was really a bit unable to understand.

“Don’t you understand?”

Lin Ran frowned and said.

“The Thousand Mile Trace was cast normally, but there was no change in you, someone must have replaced you, and this person is probably your family, so you’d better go back and take a look!”

“But Xiao Tian he!”

Hu Ming was a little hesitant.

“On your son’s side Wang Yifeng and I will go personally, you don’t need to worry!”

Lin Ran said.

Hu Ming fell into deep thought, he wanted to go along to save his son, but Lin Ran’s comment that his family might be about to have a change of heart also made him very worried, and it was a little difficult to choose for a while.

“Decide as soon as possible, time waits for no one!”

Lin Ran urged.

“Good! I’ll go back!”

Hu Ming looked up at Lin Ran with some tears in his eyes.

Not being able to save his son personally made him feel very remorseful in his heart, but all the same, he trusted Lin Ran and Wang Yifeng, and he could feel a lot more at ease with the two of them going ahead.

When Lin Ran and Hu Ming arrived at the boundary of the formation together, Wang Yifeng had already waved his hand and put the formation away. At this moment, the outside was empty and there was actually only the beautiful woman dazed, and there was not a single other person.

“Where are they people?”

Lin Ran asked.

Just now Wang Yifeng had said that many people had come, seemingly to retaliate, how come they had all disappeared in the blink of an eye.

“They were taken away by the old woman to play, let’s hurry up and set off too!”

Wang Yifeng urged.

“Don’t get anyone killed!”

Lin Ran reminded, Wang Yifeng nodded at his words, then smiled at the beautiful woman on the side.

“Beauty, I have to leave before I have an emergency, I’ll ask you out later!”

With that said, the three of them quickly rushed towards the bottom of the mountain.

The beautiful girl stood alone at the top of the mountain, staring at the three people in a daze, somewhat confused.

Just now she saw many people rushing over with steel pipes, but in the blink of an eye they had all disappeared.

She was sure she hadn’t been dazzled, but what had just happened was very incomprehensible to her.

The final appearance of Lin Ran's three men out of thin air was even more startling to her, and she wondered what was going on with it all.

But it was good that at the end Wang Yifeng spoke at her, which put her mind slightly at ease.

The fact that the other party could speak to her meant that they must be human and not a ghost!

"If I get the chance to see it again, I must ask for clarification!"

The beauty secretly made a decision in her heart.

## Chapter 216

The beautiful woman's thoughts were naturally unknown to Lin Ran and the three of them. After leaving Oxheart Mountain, Lin Ran and Wang Yifeng drove directly to Wan Ren Mountain.

Hu Ming, on the other hand, took a car back to his own home under Lin Ran's arrangement.

Halfway there, Lin Ran took out his mobile phone and went to call Song Yujiang.

"What's wrong Lin Ran?"

When he received Lin Ran's call, Song Yujiang was very nervous, at this moment Lin Ran was calling him, he didn't need to think about it to guess that there must be progress in the matter.

"Uncle Song, I'll tell you a place, you bring your men to surround it, whatever you dig up inside don't make a sound, remember to surround it, the louder you make it the better!"

Lin Ran admonished.

"Make a big noise?"

Song Yujiang was a little hesitant, the media in Tanjiang City were all watching him to see what he would do next.

Sending people on a large scale and making a big noise at this time now would definitely be over-interpreted by those journalists and media, which wouldn't do him any half-good.

"Trust me, I already know where those people are!"

Lin Ran said.

"Good!"

Hearing Lin Ran's words, Song Yujiang immediately nodded his head and agreed, if the missing population could be found, there would be a reasonable explanation for such a massive movement.

"Right Uncle Song, make sure you don't withdraw until I give you a call, stay on alert at all times!"

Lin Ran finally admonished.

"Don't worry!"

Song Yujiang nodded, followed by hanging up the phone and going forward to make arrangements.

“What’s going on? How come Master Song was even alerted?”

Wang Yifeng was a little puzzled, and Lin Ran said.

“You don’t watch TV every day, how do you know what’s happening in Tamagawa City!”

Said Lin Ran and told him about the recent missing persons case in Tamagawa City, Wang Yifeng’s heart was greatly shocked at what he heard.

“Then should we split up and go look for them, didn’t the blood man guide us in two directions?”

Wang Yifeng asked.

“No, we’ll go straight to Wan Ren Mountain!”

Lin Ran said.

“Wan Ren Mountain? What about the other place?”

Wang Yifeng asked in surprise.

“There’s no need to go to that place!”

Lin Ran said, following which he took out the map and placed it in front of Wang Yifeng, who was instantly baffled when he took a look at the marked place.

“This .... Isn’t this place number eighteen on Garden Road!”

Wang Yifeng exclaimed.

The last time one of his clients said there was a situation at home and asked him to look at it, it was this No. 18 Garden Road.

That time he called out to Lin Ran to join him, but ended up running into Master Qi Yin Qi and the others, and in the end, due to the latter’s interference, he didn’t probe further and just had the place sealed off.

“Brother Lin Ran, I .... Did I hear you right just now, you told Master Song to bring someone to dig this place up!”

Thinking about the phone call Lin Ran made to Song Yujiang just now, Wang Yifeng couldn’t help but gulp.

“That’s right!”

Lin Ran nodded his head.

“Are you crazy?”

Wang Yifeng looked at Lin Ran and said hurriedly.

“It’s not like you’ve never been to that ground before, the things inside aren’t even sure we can deal with them, you’re letting him go? Wouldn’t that be asking for death?”

Lin Ran looked at Wang Yifeng and then laughed.

“What are you laughing at?”

Wang Yifeng asked nervously.

Lin Ran looked at him and laughed.

“You’re really naive, even Chen Shui’er isn’t as naive as you are!”

“Naive?”

Wang Yifeng was full of doubts, last time he had gone with Lin Ran, how come this guy was calling himself naive instead?

“Weng!”

Lin Ran’s ring twitched, followed by an illusory shadow floating out, it was none other than Chen Shui’er who hadn’t been seen for a long time.

“Let me explain!”

As soon as she appeared, Chen Shui’er laughed.

“Explain what?”

Wang Yifeng was still unclear, what was this ninny trying to do by appearing now?

“The last time you went to the 18th Garden Road, it was actually a front!”

Chen Shui’er laughed.

“A front? How is that possible? The first time I went there, I was scared to death, I dropped my phone inside, and Lin Ran knew about it!”

Wang Yifeng hurriedly explained.

“That only means you’re timid!”

Chen Shui’er laughed.

“Bullshit, how is my brother Wang cowardly? I saw something inside last time!”

Wang Yifeng said in a hurry.

Lin Ran waved his hand at this and laughed.

“That place is indeed fake, or rather it was fake the second time we went there!”

“Sh.... What do you mean!”

Wang Yifeng did not understand.

Seeing this, Lin Ran helplessly continued.

“When you went the first time, there should have been something inside, but when I went with you later, the stuff inside should have left!”

“That’s not right, didn’t you look at it at the time, there was a very dense fierce Qi in that place!”

Wang Yifeng asked.

“Not bad, but did you notice that when we opened a crack, there was no fierce Qi rushing out from under there at all, that alone is enough to show that what was inside is no longer there!”

Said Lin Ran, who even took out his mobile phone and gestured in front of Wang Yifeng, saying.

“And don’t you think about it, if there was really something dirty inside, would it be in the same place as a mobile phone? I’m afraid your phone would have been smashed a long time ago!”

“This ....”

Wang Yifeng was dumbfounded, the second time they went there they clearly still heard the sound of a mobile phone.

He was a professional ghost hunter and knew that those things that could turn into ghosts had very violent temperaments, there was no way they would tolerate a mobile phone dinging around them.

“Alright, alright, even if that place is a front, but what was the point of having Master Song bring people there?”

Wang Yifeng continued to ask.

Lin Ran smiled blandly at his words and said.

“Since it’s a front set up by the enemy, then we’ll use the plan to draw their attention to it, while we’ll go straight for the yellow dragon!”

“Pound the yellow dragon? You mean Wan Ren Mountain?”

Wang Yifeng asked.

“That’s right!”

Lin Ran nodded his head.

The enemy had set up a front in the city, clearly wanting to delay Lin Ran and the others’ progress, and the other place they had found in the Thousand Mile Quest, Wan Ren Mountain, was clearly their lair.

“How can you be so sure that Wan Ren Mountain is the lair, in case it’s just the opposite?”

Wang Yifeng asked rhetorically.

“If it were you, would you sacrifice the near and far to go to Wan Ren Mountain to investigate first?”

Lin Ran said indifferently.

“I ....”

Wang Yifei was suddenly speechless.

Right, two places with problems, no matter who it was, the first choice would definitely be the point in the city, and the Wan Ren Mountain would definitely be a later choice.

After all, there really aren't many people in the entire Temperance City who don't know about the treacherous nature of Mount Wanren, and there are very many people who have gone missing on trips to Mount Wanren in the past.

If you want to find a dozen people in such a dangerous place, you can't just talk about it.

And the downtown area is only that big in total, with Song Yujiang's power, it wouldn't be difficult at all to investigate clearly.

"The other side must also know the consequences of Song Yujiang's involvement, could it be that they are ready at Wan Ren Shan?"

Wang Yifeng asked with a frown.

Lin Ran shook his head at his words and said a moment later.

"I don't know, we don't even know the enemy's purpose right now, but they're definitely buying time by setting up obstacles in the city, as for what they're going to do, I'm afraid we'll only know when we get to Wan Ren Shan!"
