

Wonder Doctor

Chapter 217

It was destined to be an extraordinary day in Tamagawa City.

As Song Yujiang led his men to surround 18th Avenue on Garden Road, numerous media rushed over, and even Song Nuan, who was at school, ran over.

The entire Garden Road was put under direct martial law, and no one could get close.

On the other hand, a few dozen miles away from Garden Road, Wan Ren Shan was a different scene.

Countless tourists were oblivious to what was happening in the city, still enjoying the magnificent view of Wan Ren Mountain.

Deep in the back of the mountain, at the bottom of a razor-sharp mountain stream, stood a huge square, on which stood a huge wordless stone monument.

At this moment, there was still a person standing in front of the stone monument, and if Lin Ran was here again, he would definitely be surprised that the person standing here at this moment was none other than his old rival at the hospital, the head of the internal medicine department of Temperance City, Qi Yin.

“Master! The indoor bait has taken the bait!”

Not far away, a man walked quickly, it was none other than Qi Yin’s former subordinate, the deputy director of the internal medicine department, Jian Hao.

“Very well! Go and inform my father!”

Qi Yin’s voice was cold and bland.

“Yes! Master!”

Jianhao nodded respectfully and then left, but the entire time his eyes did not have a single ripple in them, as if he had gone off the deep end, dull as a walking corpse.

“Is it finally time to begin? Haha! Lin Ran, I’ll finally be able to crush you with real strength!”

Qi Yin looked out of the mountain and laughed loudly, his face holding madness, as well as resentment.

.....

While in a small area of Tanjiang City, Hu Ming was sitting paralyzed on the floor of his home, and in front of him, his father Hu Sanqi’s entire body was sitting paralyzed on the couch, his eyes tightly closed, his chest not rising and falling.

On the coffee table next to the sofa, there was a letter written by the old man. As to what the content was, Hu Ming did not read it and did not even dare to look at it.

.....

Wan Ren Shan, when Lin Ran and Wang Yifeng arrived here, it was already half an hour later.

They didn't dare to have the slightest delay, and while they pursued the last traces of the blood man, they asked Chen Shui'er to help them search.

The entire Ten Thousand Rengshan Mountain was very large, and it was a good thing that they had the guidance of the Blood Man, as well as the help of Chen Shui'er, who was originally a spirit being.

Soon the two of them, Lin Ran, locked onto the back mountain.

"How could it be in such a hellish place!"

Back Mountain, looking at the mountain range with very huge undulations and fluctuations in front of him, Wang Yifeng couldn't help but exclaim.

"It's places like this that are good for hiding people!"

Lin Ran said.

Temperance City had lost more than a dozen people at once, if we didn't find a place that was remote and off the beaten track, I'm afraid it wouldn't take more than two days for people to report us.

"Let's go, we're already very close to our destination!"

Lin Ran urged, ever since he arrived at the back of the mountain he had a vague feeling that the aura of resentment around him was very heavy, even Chen Shui'er, who had helped with the search, had been frightened by this aura of resentment and had hidden back in her ring.

The two of them trudged along and soon found the huge stone platform located at the bottom of the mountain stream.

"Holy shit! Why are there still such relics in this place!"

Seeing the stone platform that was the size of a basketball court, even Wang Yifeng couldn't help but exclaim out in shock.

"This should have been a place of worship before!"

Lin Ran said with a frown.

"A place of sacrifice."

Wang Yifeng looked puzzled as to how this had become a place of sacrifice.

"You'll understand if you look at the arrangement around it!"

Lin Ran said.

Only to see that around the stone platform, there were very many designs carved, with insects, fish, birds and beasts, flying birds and evil dragons, and even some carvings of people who seemed to be capturing these things.

"What the hell is this carving!"

Wang Yifeng couldn't help but say.

Lin Ran, however, frowned at the sight and said.

“In our legends, there are many mythological stories, among them Nuwa mending the sky and KuaFu chasing the sun, these are more common, but there are others that are not so common!”

“For example, the Shan Hai Jing!”

Lin Ran said.

“Mountain and Sea Sutra?”

Wang Yifeng was dumbfounded, he had only heard of this book, but had no idea what this Shanhaijing was about.

“The Mountain and Sea Sutra records a very large number of ferocious beasts, such as the Nine Sons of the Dragon, the Paddy Viper, the Mocking Wind, the Jairus, the Bi Xi, the Jiao Tu, the chi dragons, the Pu Luo, the Mythical Beast, and the Prisoner Bull.”

“But there are many legends in history that there are many sons of the dragon, such as Jail, Pixie, Taotie and so on!”

“Does this have anything to do with whether the stone platform beneath our feet is an altar?”

Wang Yifeng asked.

“These carved designs are exactly a kind of ritual of the ancient ancestors, they worshipped these sons of the dragon as gods, and seemed to be praying for something!”

Lin Ran said, while pointing to the carvings on the ground.

After the ancestors had sacrificed their tributes, these sons of dragons ascended to heaven with something, but what happened afterwards was not recorded in the patterns that followed.

“What?! What’s the use of not recording the results!”

Wang Yifeng shook his head.

Lin Ran was helpless, these things left behind were already exceptionally precious, to be able to look at spying so little was already an eye opener from the gods.

“So what do we do now?”

Wang Yifeng looked around and found no trace of anyone, so he couldn’t help but feel embarrassed!

“Don’t be anxious, take your time and find it, you’ll definitely find it!”

Lin Ran said, the place was definitely here, as for where exactly the person was hiding, as long as one was careful one could definitely find a clue.

However, the two of them searched here for ten minutes, but they still couldn’t find any clues.

At this point, Lin Ran couldn’t help but frown as well.

“What now?”

Wang Yifeng was completely out of ideas, and could only look at Lin Ran, waiting for him to make a decision.

“Hm?”

Just as Lin Ran was about to get up and answer Wang Yifeng, suddenly, he felt a very tiny fluctuation.

It was a fluctuation that was exceptionally subtle, and if Lin Ran hadn't been contemplating his countermeasures just now, I'm afraid he wouldn't have been able to discover it.

“There are formations around!”

Lin Ran opened his mouth and said.

“A formation?”

Wang Yifeng's face sank at his words, no wonder the two of them had searched for half a day and hadn't found anything halfway, it turned out that they had broken into someone else's pre-arranged formation.

“Open it for me!”

Lin Ran clenched his hands and followed with a distant finger, and at once a jade pendant flew out, flying out towards the left side of the stone platform.

“Bang!”

An explosion sounded, followed by Lin Ran and the two of them seeing that the space around them rippled, as if a layer of ripples had been blown away.

“The formation has broken!”

Wang Yifeng couldn't help but exclaim.

However, Lin Ran's face changed, the moment the formation was broken, he clearly felt that the grievance Qi around them became extremely dense, like a tidal wave, and surged towards the two of them.

“What a dense grievance Qi!”

This time, even Wang Yifeng couldn't help but exclaim out in shock, he usually specialized in ghost hunting and had really seen a lot of foul qi, but it was the first time he had seen such a dense foul qi like this one.

“Haha! As expected of Lin Ran, I didn't expect that this confusion formation would only trap you for ten minutes, I'm really impressed!”

As the two were surprised, a voice suddenly came from in front of them, and the two hurriedly looked, and immediately Lin Ran's entire body froze.

“How could it be you!”

Lin Ran gritted his teeth, having some difficulty believing that the murderer he was chasing was actually his former colleague.

Qi Yin.

Chapter 218

“Ha ha! Surprised, aren’t you!”

Qi Yin looked at Lin Ran and laughed.

“You’re really a Feng Shui master!”

Seeing the clothes on Qi Yin’s body, Lin Ran’s face instantly sank.

Last time when he saw the other party at No. 18 on Garden Road, he was also dressed like this, but at that time, Lin Ran didn’t think much of it, thinking that this guy was just purely there to cause trouble with Master Qi and the others.

Unexpectedly, when he saw him this time, he was still dressed like this, and his whole aura had changed.

“I was originally a Feng Shui master, I just don’t want to expose it usually, you stupid bastard and you’re still showing off in front of me, what a class act!”

Qi Yin laughed coldly.

Lin Ran, however, felt a chill run down his back and questioned.

“Then all those strange illnesses in the hospital are all your doing?”

“What do you take Laozi for?”

Qi Yin’s face chilled as he sneered.

“Old me is not yet in a position to do those underhanded things, but since you are asking, then I will tell you that it was done by my men!”

“Underlings?”

Lin Ran’s face sank at his words before he asked.

“The five poisons were also planted by your men, right, what exactly do you want!”

“Haha! Looks like you’re not stupid! As for what I want, you don’t need to know!”

Qi Yin laughed coldly, followed by a wave of his palm, and a black mist actually coalesced on his palm, while a very powerful resentment followed.

“Later, I will capture both you and your friend alive, and then you two will also be part of this!”

“Ahahaha!”

Qi Yin leaned back and laughed.

Lin Ran and Wang Yifeng were chilled to the bone as they watched. The thing that Qi Yin was holding in his hand was a mass that had gathered the grievances of countless people, and it could be said that it had been piled up with the grievances of countless people.

“How many people have you fucking wrecked!”

Wang Yifeng couldn't help but curse.

Usually one or two female ghosts were enough to give him a headache, but not today he actually ran into a nest of ghosts. I'm afraid that the mass of grievances in Qi Yin's hand alone would be no less than ten dead people, not to mention those who hadn't died and were in a constant state of torture, supplying him with a constant stream of fury, I'm afraid there would only be more!

“Haha, why is your sympathy overflowing?”

Qi Yin looked at Wang Yifeng and laughed coldly, then shook his finger and laughed.

“Don't worry, soon you'll be just like them!”

“Bollocks to you, let's see how I'll take you in today!”

Wang Yifei's face sank, he immediately threw his hand and threw the devouring spirit demon dweller out, followed by a gust of wind that swept by, the old woman rushed out with countless evil spirits in a loud and powerful manner!

“Good! What a lot of delicacies!”

Seeing this scene in front of her, Qi Yin was as if she had gone mad, her eyes glowing like a lustful wolf who had seen a beautiful woman and could not wait to pounce on her!

“Come over here, all of you!”

Qi Yin flipped his palm, and a palm-sized formation actually emerged from his palm, which slowly rotated as if it was a black hole that could swallow everything.

“No good! Quickly put your magic dao away!”

Lin Ran saw this and hurriedly chided.

Wang Yifeng also sent down that the situation was not second, and hurriedly greeted the old woman to bring people back quickly.

However, even though the reaction had been quick, there were still some harsh spirits that were directly sucked in by Qi Yin, without even having the chance to let out a scream, and were directly swallowed up by the black hole in the latter's hand.

“What is that thing!”

Putting away the Demon Duo, Wang Yifeng was in a cold sweat, his own Demon Duo's stern ghost actually couldn't pose half a threat to Qi Yin, and was even directly swallowed by him, this was too much of a bullshit.

“That's a spirit swallowing formation, not even close to the effect of your Devil's Dao, but much more vicious!”

Lin Ran said hurriedly, there wasn't much time to explain at this point, as the words fell Lin Ran had already rushed towards Qi Yin.

“Hey hey! Let me do it!”

Wang Yifeng saw this and hurriedly shouted, but Lin Ran didn't even turn his head back and shouted.

“You go and find someone! Leave this guy to me!”

“Find someone? Yes!”

As soon as he heard that he was looking for someone, which was also a heavy task, Wang Yifeng no longer pushed back and replied, following which he quickly looked around.

“Lin Ran! Do you think you're still my opponent!”

Seeing Lin Ran rushing towards him, Qi Yin shouted with a loud laugh, his face filled with disdain.

“You're confident?”

Lin Ran sneered back, but his footsteps did not stop.

“Confident? One ago, if it weren't for hiding my identity as a Feng Shui master, do you think you'd be a match for me?”

Qi Yin laughed coldly, then waved his hand in disdain.

“Now Laozi doesn't need to be hiding anymore, and you're just an ant in Laozi's eyes, a stink bug that I can knead at my own will!”

“Is that so? Then give me a squeeze and see!”

Lin Ran laughed coldly, following which he smashed his fist out directly.

By now, he had already rushed to Qi Yin's side, and with the increase of the Xuan Yang Pill Canon, his entire speed had reached an unimaginable bottom.

“Humph! Not measuring up to your own strength!”

Qi Yin wore a cold smile on his face as he followed with the same swing, actually choosing to clash hard with Lin Ran.

“With Fury Qi at my side, I'm still afraid of your punch?”

Qi Yin sneered.

However, the next scene was destined to disappoint him.

The very moment his fist clashed with Lin Ran, a huge force, like a raging wave, blasted directly at his fist.

In an instant, Qi Yin felt like his hand was about to be burst.

“Bastard!”

Cursing angrily in his heart, Qi Yin hurriedly withdrew his fist, and at that moment, the intense pain coming from his fist caused his face to become distorted for a few moments, and his entire body could not help but take several steps back.

“How can your strength be so strong!”

Easily standing on his feet, Qi Yin looked towards Lin Ran with shock on his face.

“What? Surprised? Aren’t you very confident!”

Lin Ran said indifferently.

The Xuan Yang Pill Canon was a pill code passed down from his ancestor, the Nine Heavens Xuan Maiden, and was originally the most yang thing that most restrained such yin and evil things... the same punch, but it was restrained by the latter, so its power naturally increased greatly!

“Humph! Don’t be smug, I didn’t use the power of Feng Shui just now, if I did, do you think you would be able to carry it?”

Qi Yin coldly shouted, just now Wang Yifeng took out some kind of magic dao and it was directly restrained by him, which gave him a huge confidence boost, so he naturally didn’t put Lin Ran in his eyes at this moment.

“Is that so? Then why don’t you move me and see?”

Lin Ran laughed lightly, what he was afraid of was Qi Yin not using it, once he did, Lin Ran had plenty of ways to deal with him.

“Since you’re looking for death, then don’t blame me for not being polite!”

Qi Yin’s face turned cold as he followed, extending his palm with an engraved formation and slowly opening it towards Lin Ran.

“Hmph! Go to hell!”

Qi Yin came with disdain on his face as his palm slapped directly towards Lin Ran.

The formation was instantly activated, and a terrifying cloud of suction swept right at Lin Ran.

“Good timing!”

A smile appeared at the corner of Lin Ran’s mouth as he saw this, followed by his hands forming sword fingers and pointing directly towards Qi Yin’s palm.

No one noticed that in this flash of lightning, a tiny piece of true qi shot out directly along Lin Ran’s fingertips and instantly entered Qi Yin’s palm.
