

Wonder Doctor

Chapter 219

“You don’t know what you’re doing, you actually dare to clap against me, go to hell!”

Qi Yin was oblivious to Lin Ran’s movements and said with a disdainful maniacal laugh on his face.

However, the next moment his entire body was stunned.

He saw that the palm he had slapped out actually trembled violently at this moment, while a sharp pain that was like a tidal wave appeared from within his palm and kept drilling in.

“What’s going on! What have you done to me!”

Qi Yin was not stupid, seeing that the situation was not right he had already guessed that Lin Ran had done it, but by now it was too late.

“You’re still not stupid! But it’s already too late!”

Lin Ran smiled lightly and then tapped his hands together, only to hear a crisp sound, and then Qi Yin was confused.

The black formation on his palm, which was still spinning, actually exploded with a bang, and countless black Qi swarmed out like a wild horse that had lost its restraint, instantly filling Qi Yin’s surroundings with black Qi.

“Holy shit! Cool!”

Wang Yifeng, who was looking for the entrance from afar, couldn’t help but cast an approving glance at this moment, destroying Qi Yin’s palm formation in one move, it was really no thanks to Lin Ran, the strike was just ruthless.

“Handsome my ass, give chase!”

Lin Ran didn’t have such an idle mind as Wang Yifeng, he could feel that Qi Yin, who was wrapped in black mist, was fleeing fast, obviously knowing that he was no match for Lin Ran, and had decided to run away.

“That kid is running?”

Wang Yifeng was startled at the sound of his words, greeting this and rushing towards the black fog, since this kid was running, if he followed him he would definitely be able to find the entrance, it was better than groping around blindly here by himself.

The two of them rushed into the black fog, followed by Qi Yin, who had already rushed out for dozens of meters, and at a corner of a mountain stream in front of them, the silhouette suddenly disappeared.

“Where’s the entrance!”

Wang Yifeng exclaimed, and the two of them dashed over quickly.

Sure enough, they found a cave that sloped downward at the corner of the mountain stream.

The cave was not high enough for an adult to bend down and enter, so the two of them did not hesitate any longer and jumped in with Lin Ran in the lead and Wang Yifeng in the rear.

The cave was dimly lit, but luckily both of them were feng shui masters and their vision was much better than normal people, so even though they were in a cave, it didn't affect them too much.

"Why does this cave look so gloomy!"

As they hurried along, Wang Yifeng couldn't help but spit out.

"This should be a hidden place of worship, or possibly even an ancient tomb!"

Lin Ran said.

There were very obvious signs of manual excavation on the walls of this cave, and they belonged to the ancient kind of blunt tools dug out a little, such marks were very rare in modern times.

"An ancient tomb? I cao, it is against the law to enter an ancient tomb privately!"

Wang Yifeng said in a hurry, he was not a tomb raider, following Lin Ran into the ancient tomb, always felt this heart nervous hard.

"This tomb looks undiscovered, and we are going to find someone, the law will be enlightened!"

Lin Ran said with relief.

As they spoke, they had already passed through the cave, but as they were unfamiliar with the terrain, Qi Yin's aura ahead had become weaker and weaker, and the two were vaguely thrown off.

After passing through the cave, what appeared in front of the two was a cave made of stone slabs, about the same size as a cave, but it appeared more formal.

"This really is an ancient tomb!"

Lin Ran was even more certain of his speculation.

"How do you know?"

Wang Yifeng asked.

"This kind of structure is only found in ancient tombs, and this path is called a canal!"

Lin Ran that explained.

"Whatever the pathway is, let's hurry up and chase after it, if that kid runs away later, there's no hope of catching up!"

Wang Yifeng hurriedly urged.

At that moment, Qi Yin, who was running at the front, had already run out of the tunnel and arrived in front of a huge square.

"What's going on!"

On the square, a figure sat perched on his back, facing Qi Yin, and around him surged countless black qi, like a huge black dragon, constantly wrapping around him.

“Father! That kid Lin Ran is weird, my palm formation was broken by his finger!”

Qi Yin said with an ugly expression on his face.

“The palm-in-armour formation was broken?”

An old voice rang out, followed by the figure standing up, though still with his back turned to Qi Yin.

“You go straight to the Dragon Pit! The Divine Dragon Axe will be ready soon, you go straight there and wait, refine it as soon as it is practiced, the Divine Dragon Axe is enough to suppress the Palm Formation!”

“Yes! But Lin Ran and the others are already coming after us, can you do it yourself.”

Qi Yin was a little worried.

“Don’t worry, a hairy boy, not enough to threaten me yet, the most urgent thing is you! Go and refine the divine Dragon Axe as soon as possible!”

The hoarse voice said

“Yes!”

Qi Yin didn’t dare to hesitate and immediately nodded his head, following which he continued to run towards the tunnel at the back.

“Lin Ran I didn’t expect you to be a stumbling block in the end, since that’s the case, we’ll just have to wipe you out!”

The hoarse voice rang out once again, his entire body hidden under his black robe, with only a pair of icy eyes, looking at the tunnel ahead.

Shortly after Qi Yin entered the tunnel behind them, Lin Ran and Wang Yifeng finally made their way through the tunnel in front of them and arrived in this space.

“What a man!”

As soon as they came out, Wang Yifei noticed the figure in the square ahead of them and opened his mouth to scold them.

“You guys are really slow!”

A hoarse voice rang out, followed by the other party standing up and slowly turning around.

“Who are you!”

Lin Ran looked at him and always felt a sense of familiarity, but the other party’s cheeks were hidden under a black robe, so he couldn’t recognise who exactly it was for a while.

“What? Don’t you recognise me so soon?”

The other party's voice was hoarse as he laughed, while his body hand plucked the black robe off his head, and the moment his cheeks were revealed, Lin Ran froze in his tracks.

"How is it you!"

Looking at the familiar cheek in front of him, Lin Ran vaguely guessed something in his heart.

"Master Qi?"

Wang Yifeng on the side also looked stunned, this Master Qi he had seen twice before, this was an expert in the use of poison, how did he change into the murderer here?

"What is your relationship with Qi Yin!"

Lin Ran asked in a cold voice.

Qi Yin's surname was Qi, and Master Qi's surname was also Qi. The two hadn't crossed paths at all before, and he hadn't thought in that direction, but the last two times the two had appeared together were just too many.

Moreover, this time both of them were murderers, at this point Lin Ran could guess seven or eight points without having to think about it.

"Haha! You're not stupid, that's right! Qi Yin is none other than the old man's son!"

Master Qi laughed out loud.

Lin Ran, however, looked at him with a stony face and opened his mouth to question.

"Then the real murderer behind the curtain should be you!"

"That's right!"

Grandmaster Qi didn't deny it either, smiling as he admitted it straight away.

Lin Ran looked at him with anger in his eyes and said in a cold voice.

"Then, in that case, Qi Muyu should also be one of yours!"

"Haha! You're really clever, yes he's one of mine too, but he's just one of my name-bearing disciples!"

Master Qi laughed smugly.

Lin Ran looked at him with killing intent filling his heart as he spoke one last time.

"Speak! What the hell do you want! Where exactly are the missing people hiding!"

Chapter 220

"A dead man! There is no need to know!"

Master Qi looked at Lin Ran, his voice bland.

"Not a small mouth, you think you can still run away if you run into us two brothers today?"

Wang Yifeng sneered.

“Just by you? A stinky brat, I can kill you with one move!”

Master Qi sneered disdainfully.

“You’re still crazy, Master Wang, today I’ll show you what it means to have a long wave kill the previous one!”

With that, Wang Yifeng shook his peach wood sword in his hand and instantly turned into a stream of light and shot towards Master Qi.

“Humph! How dare you show off such a trivial skill!”

Master Qi waved his arm, which was hidden under his black robe, with disdain, and a fierce aura filled out, directly overturning the peach wood sword to the ground.

“Your opponent is me!”

Lin Ran’s face was ice-cold at this, as his paws slammed into the ground and he lunged at Grandmaster Qi.

Master Qi’s seemingly casual strike just now carried an endless amount of pressure, causing Lin Ran’s heart to sink as he watched, understanding that the strength of this Master Qi in front of him was not low, I’m afraid.

At least it was not something that Wang Yifeng could deal with!

“You? Gnats!”

Master Qi’s face was disdainful as he waved his palm in the same manner, and a dense fierce aura lunged towards Lin Ran.

But obviously he had underestimated Lin Ran.

With a wave of his palm, a stream of clear water mixed with true qi rushed towards the fierce qi.

“Eh?”

From afar, Master Qi watched with a slight frown, he didn’t know what kind of tactic Lin Ran was using, how could anyone have power generated with a wave from thin air.

Like himself, he had to at least make use of his Braking Qi to deliver this powerful strike, but what about Lin Ran? He clearly had nothing at all.

His heart was puzzled, but in his hands he didn’t dare to be the least bit slow, and he struck with all his might, staring dead ahead at the collision.

“Boom!”

The foul qi and the clear stream collided together, and instantly the countless foul qi was like filth meeting detergent, instantly turning into pieces and quickly dissolving.

“How is this possible!”

Seeing this scene, Master Qi's face changed dramatically as he looked at Lin Ran in surprise.

"You! How can you have true qi! This can't be!"

Master Qi said in shock, when he was young he walked the jianghu and was considered a number one figure in the Feng Shui world, but he had never cultivated true qi since the beginning, while this teenager in front of him, who was only in his early twenties, actually possessed true qi that could be outside the party, how could he accept this indifferently?

"Nothing is impossible! Today is the day you will be ambushed!"

Lin Ran's face was icy cold, not giving Grandmaster Qi the slightest time to think about it as he lashed out with his feet and lunged at him.

"Flee! Run away!"

Master Qi only had this one thought in his mind, a Feng Shui master with True Qi was completely beyond his ability to resist, not to mention the fact that he still had an old illness.

"Trying to run!"

Seeing Grandmaster Qi turn his head and run, Lin Ran revealed a cold smile, followed by a distant finger, and instantly his true qi turned into a wisp of sword mane and shot towards Grandmaster Qi.

"How dare you!"

Master Qi's face was chilled, and his heart trembled a little as he felt the sword mane speeding behind him.

"Don't come out yet!"

Suddenly, Grandmaster Qi shouted fiercely, followed by the stone platform beneath his feet actually cracking open directly, followed by countless fierce Qi diffusing out, so thick that it seemed like black smoke, enveloping the entire cave space.

"Someone!"

Wang Yifeng also rushed over at this moment, pointing into the black fog and shouting.

Lin Ran also noticed that in the dense black fog, there seemed to be a person crawling out of the crack in the stone platform, and he was moving slowly as if he had just learned to walk.

"It's time for you to dedicate yourself, go and stop him!"

Master Qi shouted at the black mist, followed by his own turn and dashed into the tunnel directly behind him, disappearing.

"Don't worry! Master!"

A low voice came from the black fog, followed by the sound of footsteps, and the figure in the black fog turned around.

“Holy shit! How much weight does he have to carry? I’m afraid he could crush me to death with one hip!”

Wang Yifeng couldn’t help but spit out, every time the footsteps sounded, the whole cave “buzzed” and trembled, this power could easily crush them both to death.

“Don’t panic, let’s see what it is first!”

Lin Ran said, and with a wave of his palm, a strand of true qi flew out, instantly splitting the fierce Qi around them and revealing the figure within the black fog.

However, when the two Lin Ran saw the figure within the black mist, they both froze in their tracks.

“How could it be him!”

Wang Yifeng exclaimed in shock.

Lin Ran was slightly calm and said after a moment of contemplation.

“This guy has been betrayed by Master Qi!”

The person within the black fog was none other than the Qimu Whisperer whom he had first encountered at the Qi Bao Zhai.

This guy was initially a jianghu gangster, but later on, with the appearance of Grandmaster Qi, he got mixed up with the latter again, and Lin Ran initially didn’t think there was anything wrong with it.

But all the same, as they met again at 18 Garden Road, he had already vaguely guessed what was going on.

“This Qimu Language should be one of Grandmaster Qi’s men, back then I unintentionally discovered that this guy had the mark of the Three-Eyed Devil Toad on his body, it seems that he was used as the last sacrifice by Grandmaster Qi!”

The five poisons at the beginning, the Black Devil Poison Scorpion, the Pill Devouring Centipede, the Fire Refining Red Snake, the Extreme Ice Demon Spider and the Three Eyed Demon Toad, were all seen by Lin Ran one after another.

The first four were on four different people, but this Three-Eyed Devil Toad was on Odd-Mouthed Language, which had already aroused Lin Ran’s suspicion.

At this moment, when he saw the appearance of the odd-eyed language here, Lin Ran was even more certain of the suspicion in his heart.

“Why would he want to harm his own men!”

Wang Yifeng asked in disbelief, he also knew some of the five poisons, anyone who was nailed with the five poisons would not have any luck, it was fine if the caster didn’t mess with the spell, once they did the victim was bound to have bad luck.

It was like Song Nuan, Xiao Nan and Shen Ying in the orphanage.

“We don’t know the reason yet, but it must be because the other four poisons were all broken by me, and in the end Master Qi had no choice, which is why he used the three-eyed magic toad on Qimu’s body!”

Lin Ran said.

The first four of the five poisons had all been dissolved by him one by one by chance and coincidence, but only this one in Qimu Yuyu had not, so I was afraid that it was inevitable for Qimu Yuyu to be in this situation at this time.

“What now?”

As he watched the black mist envelop Qimu once again, the latter forcing his way towards the two of them step by step, Wang Yifeng hurriedly asked.

At this moment, Lin Ran was staring at Odd-Mouthed Language without saying a word, he always felt that there was something wrong somewhere, but he couldn’t see it for a while.

“What’s wrong?”

Wang Yifei saw this and hurriedly asked, but Lin Ran was still ignoring him, so now he was a little panicked.

“What time is it, you’re still fucking dazed, if you keep looking for a while, we’ll both die!”

Wang Yifeng hurriedly urged.

Lin Ran remained unmoved, just when Wang Yifeng was a little pressed and ready to make the first move.

Lin Ran finally made a move, he hurriedly pressed Wang Yifeng and spoke.

“No! This Qimu language is not a sacrificial offering, he’s been made into a one-bite furnace by Master Qi!”

“What one-bite furnace? I’ve only heard of a mouthful of chicken brand of gluttonous duck!”

Wang Yifeng said speechlessly, what a time it was, this guy Lin Ran actually still had time to think about food.

Lin Ran gave him a speechless look and continued.

“Gluttonous duck, you daddy, I’m talking about the melting pot, this guy has been turned into a human melting pot by Master Qi.”
