

Wonder Doctor

Chapter 223

“Just by you?”

Lin Ran’s gaze was tinged with disdain, then he looked at Master Qi and sneered.

“I don’t think you’ve gotten rid of the poison in your body yet!”

“Eh?”

Grandmaster Qi’s face suddenly changed at his words, but it returned to normal in an instant as he looked at Lin Ran and said in a cold voice.

“I don’t know what that means!”

Grandmaster Qi’s reaction could not be described as quick, but Lin Ran had prepared for this, in order to test the truth of Qimu’s words, so he still saw the subtle change in his face.

“There is no need to pretend, you are suffering from a strange poison, and you rely entirely on your Braking Qi to sustain you, as long as I keep fighting you in fire and depleting the Braking Qi in your body, how long will you be able to last?”

Lin Ran continued, he could already be sure that the words of the strange eye language were true, all he had to do now was to wind up as much as possible to mess with Master Qi’s mind.

“Delusions of grandeur, just you!”

Master Qi’s face was blue, at first he didn’t want to admit this, but when he heard Lin’s words, he knew that his situation had definitely been revealed, and there was no point in continuing to hide it.

But even so, he was not afraid, although Lin Ran had a true qi body protection that made him very afraid, but he was not a persimmon that could be easily pinched, having been involved in the feng shui world for most of his life, would he be intimidated by a junior.

“I’m not afraid to tell you that even if I were strangely poisoned, it still wouldn’t be difficult for me to kill you!”

Master Qi sneered.

Luckily, he was also someone who had been involved in the Feng Shui world for so many years, so how could he not have some life-preserving means in his hands?

Now that Lin Ran knew his weakness, he naturally had to fight with all his might, and only if he won would he have a chance of survival.

“The Divine Dragon Axe has only just been practiced, Yin’er will need at least half an hour to refine it, I must delay half an hour upwards!”

Master Qi said to himself in his mind.

“What? Hesitating?”

Seeing Grandmaster Qi scowling, Lin Ran couldn't help but smile.

"Hesitation? With just you? Since you're looking for death, then I'll make it happen for you!"

Grandmaster Qi shouted coldly, followed by a black disc appearing out of thin air on his palm.

This disc looked only palm-sized, but as Grandmaster Qi flung it out, the black disc instantly enlarged rapidly.

In just the blink of an eye, the black disc, which was originally the size of a palm, actually skyrocketed out of thin air to several metres in circumference, directly enveloping Lin Ran.

"On your way! Ahahaha!"

Master Qi acted as if he was crazy, and as he raised his hand, countless amounts of fierce Qi frantically surged into the black disc, and immediately the original spun up.

"This is a trapping formation!"

Lin Ran was at the bottom of the disc and could tell at a glance what the disc was for.

Countless amounts of foul Qi poured into the black disc, which was then transformed by the black disc into the power of the formation, forming a black chain that wrapped around itself in an attempt to trap itself here.

"Just what I wanted!"

Lin Ran smiled when he saw this, what he wanted was to spend time against Master Qi, the other party was still taking the initiative to create an opportunity for himself, so he would not let it go.

"Rise!"

Lin Ran shouted fiercely, followed by his hands in the shape of a brace towards his head.

A pair of white palms just collided with the countless chains and stalemated against each other.

Lin Ran's palms were wrapped in strands of true qi, so the black chains could not hurt him at all.

But likewise, Lin Ran's true qi could not break through the black chains, and for a while the situation in the field was stalemated.

"I'll see how long you can carry this!"

Master Qi's face was gloomy, he had old stains and what he was most uncomfortable with was this kind of protracted battle.

However, Lin Ran had true qi to protect his body, so he could not take Lin Ran at all, so he chose to take the next best thing and just wore out his strength.

As time passed, Lin Ran's forehead gradually began to sweat.

He had a limited amount of true qi in his body after all, and he had consumed a lot from his previous Thousand Mile Search.

On the contrary, Master Qi's situation was no better than Lin Ran's, his face was iron blue and dense with beads of sweat, and he was vaguely showing signs of not being able to carry on.

"We can't delay any longer! Once my true qi is depleted, there's no way for Qi Yin to clean up!"

Lin Ran calculated in his mind, Qi Yin's strength was not to be underestimated, especially since Qi Muyi had also said earlier that Master Qi seemed to be refining something, and if it was once it was some evil magic weapon, it would definitely be hopeless to count on Wang Yi's life by then.

"We must speed things up now!"

Lin Ran's heart chilled as he followed, turning his Zhang into a fist and rushing to blast directly at the black chains in mid-air.

At first, it was just resistance and both sides were consumed, but when Lin Ran completely let go of his hand and directly blasted furiously, Master Qi couldn't carry it anymore.

"Pfft."

A mouthful of blood spurted out, and the toxin in Grandmaster Qi's body had begun to settle down and began to spread.

"Bastard!"

Master Qi's face was hideous, once the toxin began to spread, it would only take half a column of time to spread throughout his body, by then even the Da Luo Golden Immortal coming down to earth would be powerless to return.

"Yin'er!"

Master Qi roared in resignation, at this point Qi Yin still showed no sign of coming out, he had no choice but to do it all by himself.

"Even if you die! I'll drag you along as a cushion!"

Turning his head towards Lin Ran, Grandmaster Qi roared in frenzied rage, followed by a mouthful of blood spurting out, mixed with dense fierce Qi heading straight for the black disc.

"You're really willing, you've used your essence blood, I'll see how many times you can spit it out!"

Lin Ran sneered.

The fact that Master Qi had used his essence blood to fight hard against himself already indicated that he was about to lose his grip.

Although Lin Ran was also very weak at this moment, he could at least carry on.

As long as Lin Ran was given a little more time, he could completely consume Grandmaster Qi alive.

"Break it for me!"

Faced with the sudden surge of black chains, Lin Ran didn't panic in the slightest as his fists once again transformed into two palms, stopping his attack and switching to a defensive stance.

The chains enriched by Master Qi's blood were very powerful, and Lin Ran would not be foolish enough to fight hard against them.

However, adopting a defensive stance did cost Lin Ran quite a bit of time before he was able to survive Master Qi's outburst this time.

"Damn it! Bastard!"

Master Qi was furious, he had struck a blow and Lin Ran had actually defended himself, and when the power of his blow had passed, this guy had come out and blasted the chains again, he simply didn't give him a chance.

"Damn it! Go to hell! Go to hell!"

Master Qi was completely frantic, the fierce Qi in his body was no longer able to suppress the toxin attack, if he couldn't finish Lin Ran off at this point, he was afraid that the only thing waiting for him was a violent death.

Spitting out three mouthfuls of essence blood in quick succession, countless amounts of fierce Qi poured straight at Lin Ran like a torrent of water, and this time it didn't even go through the enchantment of the turntable, it swept straight towards Lin Ran.

"What madness!"

Lin Ran's eyes couldn't help but turn bloodshot at this point, as he quickly formed seals in front of his body with one pair of palms, mobilising the last 20% of True Qi left in his body, a full 10%, to form a defensive boundary to protect his surroundings.

This was Master Qi's final strike, as long as he could carry it off, he would be the one to die, but if he couldn't, I was afraid that not only would he die, but Wang Yifeng and those who had been kidnapped would also have to suffer bad luck along with him.

"Come on!"

Lin Ran put his heart on the line and closed his eyes directly, who would die and who would live would depend on this last clash.

Chapter 224

"Rumble!"

Numerous fierce Qi attacked, trying to break through Lin Ran's defenses.

However, Lin Ran was still, standing still with his eyes tightly closed, letting the fierce winds around him blow, but I was as steady as a mountain.

"Bang!"

"Bang!"

"Bang!"

The fierce Qi hit Lin Ran again and again, but under the full 10% of true Qi defense, it could not break through in the slightest.

“It’s over!”

Finally, Master Qi in the distance revealed a look of despair as he understood that he had still underestimated Lin Ran too much.

He himself had relied on his years of experience and thought that he could play his opponent to death even if he played, but where did he know that Lin Ran was simply hard to beat in the round of experience.

The thousands of years of experience accumulated by his ancestor was not comparable to that of ordinary people?

“Yin’er, I’ve done my best, everything is up to you!”

Grandmaster Qi turned to look at the cave behind him, the entrance of which still emitted an eerie green light, shining on his pale old face, looking extraordinarily bleak.

“I never thought that I, Qi Tianhe, would spend most of my life in the feng shui world and end up dying in the hands of a brat! I’m not willing I’m not willing!”

Grandmaster Qi turned to look at Lin Ran, with madness in his eyes.

“Kid, I admit that you are very strong, but you are just a brat after all, although I am going to die, you are not going to live either!”

With that, Grandmaster Qi raised his hands violently upwards, and at once, in the deep pit in the middle of the bedchamber, countless amounts of fierce Qi converged into a chain and shot towards the green cave.

“My son’s achievements are by no means beyond your imagination, wait to die!”

Master Qi’s face suddenly became calm, followed by a little red light that appeared from his brow, the red light spread rapidly and soon spread from his brow directly to his dantian.

“Bang!”

With a crunching sound, Grandmaster Qi’s entire body split open directly from the middle, and the essence blood of his entire body spurted out directly, converging on the endless fierce Qi and shooting in right towards the green cave.

“No!”

A heartbreaking rage came from within the green cave, and Lin Ran heard it loud and clear, it was none other than Qi Yin’s voice.

“Lin Ran! I want you to die! I want you to die!”

Qi Yin roared madly, his voice full of anger and resentment, although he wasn’t here, he knew that his father, Qi Tianhe, was dead.

“My Cao! Who the hell is shouting, it’s killing me!”

As soon as Qi Tianhe died, the chains inside the deep pit became masterless, and Wang Yifeng took the opportunity to escape from inside the pit.

“What about the people down there!”

Lin Ran hurriedly asked.

“It’s fine, they’re all alive! It’s just that they’re very weak, the chains aren’t binding them, but they don’t have the strength to climb up either!”

Wang Yifeng said hurriedly.

“What now? Save the people first or go in first and clean up this guy!”

“There’s no rush, they can’t afford to toss and turn, let’s get Qi Yin first, we’ll save them later!”

Lin Ran said, these people were very weak, they couldn’t be taken away even if they were rescued now, there was still the Wan Ren Mountain to climb outside and Qi Yin was still here, saving them now was not a wise move.

“Good! I’ll go and get the boy out!”

Wang Yifeng said as he took out his magic torch and walked towards the green cave.

“You take care of yourself!”

Lin Ran hurriedly opened his mouth to warn, he was extremely weak now, and only the last 10% of his entire body’s true qi remained, so while Qi Yin had not come out at this moment, he had to hurry to recover.

However, changes always come at the drop of a hat. Wang Yifeng had only just climbed to the edge of the cave entrance and had barely stood still when the entire bedchamber began to tremble violently.

Following this, all the surrounding fierce Qi seemed to swarm towards the green cave entrance as if it had gone mad.

It was as if there was a super powerful Hoover inside the cave at that moment, sucking all the fierce qi and air from the entire chambers.

Before Wang Yifeng could understand what was going on, the huge suction force directly pulled him off the wall, and his whole body flew in towards the cave, only to hear him shouting there.

“Holy crap! This kid is practicing the star-sucking technique again!”

“No No! It’s the Star Spitting Technique!”

Wang Yifei’s words turned, and following that, Lin Ran saw that a huge black mist was actually spewing out from within the cave again.

And Wang Yifei, who was caught in these black fogs, was like a cannonball, and was spewed right out along with the foul air, hitting the opposite wall heavily.

“My mother! Playing with me! What the fuck do you want!”

Crawling up from the ground, Wang Yifeng couldn't help but curse.

Fortunately, there were no other bumps on the way except the wall, otherwise he would have been paralysed and disabled if he had been cut and rubbed.

“Cut the crap, he's coming out!”

Lin Ran stopped recovering and hurriedly stood up and ran over.

“He's out? Who's out?”

Wang Yifeng didn't react for a moment, until he heard heavy footsteps coming from the location of the cave behind him, then he understood who Lin Ran was talking about.

“Good boy! How dare you come out and see how your grandfather Wang will fix you up!”

Wang Yifeng shouted, jumping straight up from the ground, taking out his Peach Wood Sword and Devouring Spirit Demon Tower and preparing to go and fight Qi Yin in a firefight.

“Can you do it?”

Lin Ran hurriedly stopped him and asked worriedly.

“What are you afraid of, didn't you destroy his Palm Formation! Now that it can't restrain my deva, let's see how I can deal with him!”

Wang Yifeng said with confidence.

However, when he had just taken two steps and saw Qi Yin walking out from within the cave, he was stunned.

He saw that Qi Yin's clothes were torn and tattered, as if he had been cut by scissors.

His body was also covered in blood, some of which was still dripping and some of which was already scarred, so he had obviously not bled much just now.

And in his left hand, he carried a huge axe with a greenish glow, which looked extremely appalling.

“What the hell kind of weapon is this, dare I say you're still in the Axe Gang!”

Wang Yifeng grinned.

“Axe head, you master!”

Qi Yin looked at the two men in anger, his eyes full of killing intent.

“The revenge of killing your father is unbreakable, Lin Ran come and suffer!”

Qi Yin waved his left hand and the huge axe in his hand followed, a green light flashed through the entire bedchamber and the fierce Qi was triggered.

“What furious power!”

Lin Ran frowned as he watched, Qi Yin's strength wasn't great, but this huge axe in his hand was terrifyingly powerful.

In addition, he was now in a period of weakness, and the true qi in his body was barely 10%, whether he could resist or not, Lin Ran himself was not sure in his heart.

"Goo dong!"

At the side, Wang Yifeng couldn't help but gulp down his spit, his heart was a little beaten up, just now he had made grand promises to go and clean up Qi Yin, but at this moment he couldn't help but want to retreat.

"What? You've gone soft now?"

Lin Ran laughed from the side.

"Who! Who's a wimp? When have I ever been a wimp... I've never been a wimp, it's just a broken axe, let me go and collect him!"

Wang Yifeng said stiffly, followed by placing the magic torch in front of him, and carefully walked towards Qi Yin right away.

As long as the situation was not right, he would be the first to summon the old woman and the others out.

Seeing Wang Yifeng coming over, Qi Yin was full of disdain and coldly shouted.

"Get lost! A defeated general under your hand, just you dare to provoke me!"

Wang Yifeng was still a little unsure of himself, but when he heard Qi Yin look down on him so much, he was enraged, and holding the magic torch in his hand, he shot back.

"You still fucking dare to be arrogant with me, let's see how I can get you killed!"

With a twist of the Magic Buddha in his hand, he was followed by Mrs. Lai, who swarmed out with countless evil spirits, and pounced towards Qi Yin under his control.
