

Wonder Doctor

Chapter 225

“How dare you let out a lone ghost, then don’t take it!”

Qi Yin’s face was disdainful as he waved the green divine Dragon Axe in his hand, and a green light flashed, instantly obliterating several of the most powerful ghosts at the front, turning them into pieces.

“Run!”

Wang Yifeng saw this and hurriedly greeted them.

The old woman was at the end of the line, and when she saw that the situation was not right, she took the rest of the evil spirits and hid back inside the Magic Tower without waiting for Wang Yifeng’s greeting.

“The old woman ran really fast!”

Wang Yifeng couldn’t help but curse, but in his heart he was glad that the old woman was smart, if she had been a little later I was afraid that all of his group of evil spirits would have been wiped out.

“Do you have any more tricks up your sleeve? If you don’t, get lost!”

Qi Yin was thinking of Lin Ran and didn’t want to bother with Wang Yifeng, as the words fell, the huge axe in his hand slashed straight over.

“Damn it!”

Wang Yifeng couldn’t help but curse at the sight of this, while he hurriedly waved his peach wood sword to block it.

However, the peach wood sword was only the most basic magic weapon, so how could it compete with the divine dragon axe in Qi Yin’s hand?

With a bang, followed by a click, the peach wood sword in Wang Yiming’s hand broke into two pieces.

Wang Yiming himself was even thrown out of the room and hit the wall with a heavy thud before hitting the ground with a thud.

“How are you?”

Lin Ran hurriedly shouted.

“I’m fine! I can’t die!”

Wang Yifeng said as he endured the pain in his chest.

Qi Yin’s blow had directly broken his Peach Wood Sword, and had even severely injured him, so I was afraid that he wouldn’t be able to help Lin Ran for a short time.

“Scum take a good rest, leave the rest to me!”

Lin Ran said without forgetting to snicker.

“Damn you, I’m at a disadvantage because I don’t have a good magic weapon, I’m not going to take the title of scum from you!”

Wang Yifeng’s mouth was not at a disadvantage, and he did not forget to retort.

“What a lot of nonsense! Then I’ll send you two down together!”

Qi Yin was holding his anger in his heart, the death of his father, Qi Tianhe, had made him hate Lin Ran to the bone, and at this moment, he could not wait to be able to skin the latter and draw his tendons.

“Want to kill me? Then you try!”

Lin Ran’s face sank as he stared at Qi Yin, now he only had 10% of his true qi left, while Qi Yin had the divine Dragon Axe, so he had no idea how this battle would go.

“Humph! Death!”

Qi Yin didn’t say any more nonsense, and came straight at Lin Yin with the Divine Dragon Axe in his hand. On the way, the Divine Dragon Axe clanged loudly, faintly carrying the sound of a dragon chant that shook a thousand miles.

“What an extremely fine magic weapon!”

Lin Ran was astonished as he watched, although he didn’t know how this axe had been refined, the sound alone was enough to show how extraordinary he was.

“Good for you! Are you up to it? If not, let’s pull out! We’ve found the man anyway!”

Wang Yifeng shouted from the side again, he had already lost his fighting ability, and now he could only look at Lin Ran alone.

If he couldn’t stop Qi Yin either, then everything before would be in vain, after all, their goal was to save people, it wouldn’t be worth it if they put their lives on the line again.

“Cut the crap, if you don’t clean him up, how are you going to pull it off!”

Lin Ran said speechlessly.

The hostage was very weak, not to mention leaving the Ten Thousand Ren Rengshan Mountain, and I was afraid that it was questionable whether he would be able to get out of this ancient tomb, so if he wanted to get out today, he could only deal with Qi Yin first.

While they were talking, Qi Yin was already holding the divine Dragon Axe and coming over to kill him.

Lin Ran dared not delay any longer and took out the wooden box with a flip of his palm, the only thing he had with him that could be considered a magic weapon.

Although the wooden box was not considered a weapon, it was at least better than fighting Qi Yin with his bare hands.

“Give me death!”

Qi Yin’s eyes were red as he slashed directly towards Lin Ran with his divine Dragon Axe in his hand.

Lin Ran didn't dare to be the least bit careless and mobilised his true qi to hastily meet it.

"Bang!"

The divine Dragon Axe collided with the wooden box, which still looked very fragile under Lin Ran's true Qi.

With just one collision, cracks instantly appeared in the originally delicate wooden box, and if it wasn't for the True Qi boost, I was afraid that the wooden box would have been completely shattered with just that one blow.

Lin Ran retreated dozens of steps with the wooden box in his arms, while Qi Yin, on the other hand, only retreated two or three steps, and it was clear that Qi Yin had the upper hand in this clash of power.

"Are you fucking rested yet!"

Lin Ran couldn't help but shout.

"What for!"

Wang Yifeng stood at a distance and covered his chest.

"If you're well rested, hurry up and save the others, I'm afraid I can't hold on!"

Lin Ran shouted.

That blow just now had used up nearly half of his true qi, and I was afraid that if Qi Yin dealt another blow like that, he would be completely finished.

"I can't stand it, but I have to, otherwise how can I save these people?"

Wang Yifeng shouted, but at the same time he was already running towards the deep pit, now this situation can save one person, whether they can escape or not depends on their desire to live.

"Cut the fucking crap, hurry up and save them!"

Lin Ran shouted.

On the side, Qi Yin laughed.

"Save people? Better think about saving yourself first!"

With those words, Qi Yin once again wielded a huge axe and slashed towards Lin Ran.

However, it seemed that this huge axe was not easy to control, as Qi Yin was clearly not as relaxed as the first time when he lifted it, and was vaguely trembling.

"It seems that you haven't completely refined it either, I still have a chance!"

Lin Ran's heart moved and he immediately came up with a countermeasure.

However, Qi Yin did not give him much time to prepare, and by now was already holding the Divine Dragon Axe and slashing over a second time.

Lin Ran stood still this time, not even moving, a scene that made Qi Yin laugh.

“What? Giving up resistance? Haha, prepare to die!”

Qi Yin laughed out loud and followed the divine Dragon Axe in his hand as it came straight down towards Lin Ran’s head.

However, just before the divine Dragon Axe was about to land on Lin Ran’s head, this guy finally moved.

His left hand joined into a sword finger and went straight up towards the divine Dragon Axe.

“Fool, just these two fingers of yours are all you have to try and block my divine Dragon Axe, you’re simply looking for death!”

Qi Yin laughed wildly.

But immediately afterwards, he froze.

It was because Lin Ran’s sword fingers were not a response to his divine Dragon Axe at all.

He saw the sword finger brush against the Divine Dragon Axe at a very slight angle, and then nudged Qi Yin’s wrist.

The Divine Dragon Axe was very difficult to control, and Qi Yin’s death had caused Qi’s heart to burn with rage, forcing it out without fully refining the Divine Dragon Axe.

At this moment, when Lin Ran’s finger was pointed, he immediately lost his strength and the divine Dragon Axe actually came out of his hand directly.

It hit the ground heavily with a “bang”.

The divine Dragon Axe was so powerful that the entire body of the axe instantly sank into the ground, leaving only the handle of the axe outside.

“You’re looking for death!”

Qi Yin saw this and fought in anger, raising his hand to take the divine Dragon Axe.

But Lin Ran would not let him get away with it, he was waiting for this opportunity, and at once the five poisonous wooden box in his hand slapped directly towards Qi Yin’s face.

“Give me bloom!”

Lin Ran roared, and the last half percent of his true qi left in his body was poured directly into the wooden box.

With a “bang”, the wooden box slapped directly onto Qi Yin’s face, instantly shattering, killing even the four five poisons inside.

Although the four five poisons were dead, their power had only just exploded out, and with the addition of Lin Ran’s true qi, it immediately wrapped around Qi Yin.

In an instant, the battlefield situation was turned around by Lin Ran.

Chapter 226

“What the hell is this!”

Qi Yin hissed frantically, yet was simply unable to break free.

The toxicity of the five poisons combined with Lin Ran’s True Qi to form a super strong attack was like a possessed body that was firmly attached to Qi Yin’s body.

“Holy shit what is that thing!”

Wang Yifeng was currently jumping out of the pit with a middle-aged man on his back and hurriedly asked when he saw Qi Yin’s miserable state.

“Five poisons! Quickly save the people!”

Lin Ran explained as he threw the Divine Dragon Axe to the side of the bedchamber, keeping it away from Qi Yin.

As long as the latter did not have the divine Dragon Axe, Lin Ran did not fear him in the slightest.

“What five poisons? The Five Poisons are so weak and can still kill people?”

Wang Yifei asked busily.

To ordinary people, the Five Poisons might be very strong, but to professional Feng Shui masters like Lin Ran and Wang Yifeng, they were very weak, and crushing them was similar to crushing an ant.

“What’s all this nonsense, hurry up and save the people!”

Lin Ran urged, while rushing to save the people together.

There were more than a dozen people in the deep pit, which matched the number of missing persons reported in Tanjiang City.

Wang Yifeng placed the first person rescued at the mouth of the canal, then jumped into the pit and brought them up one by one, before Lin Ran put them away.

The two of them were so busy that they couldn’t care less about Qi Yin, who was on the other side.

It was a good thing that Qi Yin was trapped by the five poisons and had no time to care about the two of them.

To be on the safe side, Lin Ran would still check on Qi Yin from time to time.

This guy was firmly trapped by four toxins, and the one that appeared on his body at this moment was the first Black Devil Poison Scorpion’s poison.

All that could be seen was that Qi Yin’s entire body was enveloped in a strange black colour, all of this black colour was the poison of the poisonous scorpion, which was rapidly eroding all parts of Qi Yin’s body, seeping continuously into Qi Yin’s body from his pores.

The entire bedchamber was filled with Qi Yin’s hisses of pain.

“Look! It’s Hu Tian!”

Suddenly Wang Yifeng at the bottom of the pit shouted.

Lin Ran looked and indeed found a young boy of about ten years old who looked very much like Hu Ming, but was already unconscious at the moment.

“Give it to me quickly!”

Lin Ran hurriedly took his pulse and found that there was still a pulse, and his hanging heart could not help but wince a few times.

Carrying Hu Tian on his back, Lin Ran quickly took him to the entrance of the tunnel, just as he turned around and wanted to go back to help save the others.

Suddenly, a voice that sounded as if it was not there rang out in his ears.

“Thank you!”

“This!”

Lin Ran’s heart was startled, this voice made him feel very familiar, as if it was an old man speaking, but this old man’s voice he clearly remembered well where he had heard it before.

But at this moment, he was in a panic and could not remember for a while.

There was only one voice, and Lin Ran did not have time to think about it carefully, so he put it behind him and hurried back to save the others.

At this moment, the poison of the scorpion on Qi Yin’s body had all seeped into his body, and in its place was a mist that took on a brownish-yellow hue.

“Pill-devouring centipede!”

Lin Ran muttered to himself.

The four toxins had only now proceeded to the second one, and just looking at the same one made Lin Ran feel a chill down his spine.

“Self-inflicted abuse, take your time and enjoy!”

The rescue operation continued, and Lin Ran had already informed Song Yujiang outside to hurry in to save the others.

However, the road on Wan Ren Mountain was rugged, and it would take at least half an hour for them to get here.

Lin Ran and Wang Yifeng quickly rescued all the people from the deep pit, and after taking stock, they found that the number of people missing was exactly the same.

“What now?”

The two men were so exhausted that they sat down paralyzed, and Wang Yifeng asked.

“Don’t rush yet, this guy can barely resist anymore!”

Lin Ran said.

At this moment, Qi Yin's entire body was shrouded in blazing fire, his painful voices had all been annihilated, and all that could be seen was his body trembling and twisting uncontrollably, in great pain.

"This fellow is also unlucky to end up with such a move from you!"

Wang Yifeng said with a smile.

"It was just a mistake, if it didn't happen to be enchanted by the five poisons, it would have taken some effort to kill this guy!"

Lin Ran said.

The true qi in his body had already bottomed out, if he hadn't trapped Qi Yin with the Five Poisons just now, I'm afraid that the two of them would be the ones unlucky now.

"Look, the Extreme Ice Effect has appeared!"

Wang Yifeng suddenly shouted.

After the Fire Refining Red Snake, it was followed by the last type of Extreme Ice Demon Spider, and since the Three-Eyed Demon Toad Lin Ran had not captured, this Extreme Ice Demon Spider's toxin was the last one.

Countless cold ice began to coalesce on Qi Yin's body, having just experienced the scorching heat of the flames, and then immediately turning into the purgatory of cold ice, this pain was something only Qi Yin could experience.

"Kill me! Kill me!"

Finally, Qi Yin, who had been silent for a long time, let out an unwilling roar, as if he wanted to break through his bonds.

"Kill you? Why didn't you beg for death when you captured these people!"

Lin Ran said back in a cold voice.

"Exactly! When you wrecked others, you wrecked them so badly, why didn't you think of giving them pain, and now you want pain yourself, but I just won't give it!"

Wang Yifeng also stood up and said.

"Lin Ran! You will regret this! You will regret it!"

Qi Yin's voice was cold with resignation.

"You think you'll be fine if you kill me? I have power behind me, kill me and my father and you'll have to die as well!"

Qi Yin said at a faster pace.

But even though he had a thousand reluctances in his heart, he eventually shut up as the freezing got worse and worse.

The moment his whole body was frozen, his entire body froze in place, unable to move, except for his eyes, which were still open and full of resentment.

Lin Ran got up and came to Qi Yin's side.

"Holy crap, it's still frozen solid!"

Wang Yifeng followed suit, looking at the ice sculpture in front of him and teasing.

"It's time to end this!"

Lin Ran took a deep breath and looked at Qi Yin in the ice sculpture, feeling a little despondent for a moment.

From the time he entered Temperance Hospital, to the time he formed a grudge with Qi Yin, to the present, everything seemed like a dream, but everything was so real.

"Heaven's sins can still be lived, but self-made sins cannot be lived!"

Lin Ran finally said, then followed with a finger point on the ice sculpture.

"Ka-cha."

There was a crunching sound, and a crack spread rapidly, covering the entire ice sculpture in an instant.

Then, with a "boom", the entire ice sculpture turned into countless pieces of ice, shattering to the ground.

"Let's go!"

Lin Ran greeted.

"Where to?"

Wang Yifeng was stunned, Qi Yin was dead, wasn't it time to rest in place and wait for help?

"There's one last thing to take care of!"

Lin Ran said.

"What is it?"

Wang Yifeng was dumbfounded.

"The Divine Dragon Axe must be destroyed!"

Lin Ran said blandly.

"Holy shit are you crazy, how good it is that you don't want to give me such a powerful magic weapon!"

Wang Yifei hurriedly discouraged, he indeed didn't have a suitable magic weapon, if he could get his hands on the divine Dragon Axe, it would naturally be best.

"No way! This kind of magic weapon is forged from grievances, it's too heavy of a killing weapon and will easily confuse the user's mind, it must be destroyed!"

Lin Ran said firmly, then he stopped paying attention to Wang Yifeng and walked directly towards the Divine Dragon Axe.
