

Wonder Doctor

Chapter 241

Yingzi had left her things at the door early, and only when she saw the three of them return did she run home, saying that she would come back for a chat with Lin Ran after dinner.

Lin Ran's family was not bad, not very good in the village, but also belonged to the middle level.

This is the house that the village applied for a grant to build after the accident of his parents.

"When the accident happened, Wang Kun ran away, plus there were too many people, so in the end, they didn't get the compensation money at all.

Lin Ran said with a bitter smile.

Song Nuan didn't even know about this before, and after hearing Lin Ran's account couldn't help but feel sour in her heart, and at the same time was somewhat thankful that such circumstances hadn't crushed Lin Ran.

"Don't worry, it will get better and better in the future!"

Song Nuan said comfortingly, Lin Ran was sure to tell himself these things, obviously not treating himself as an outsider anymore.

Lin Ran's house had a total of three rooms, one was reserved for him as a wedding room when it was first built, no one lived here on weekdays, now that Song Nuan was here it was natural to receive him at the highest level.

"It's not good for me to live here, is it?"

Song Nuan was a little hesitant after learning that this was the wedding room.

"What's wrong with it, don't you have to stay here once in a while sooner or later?"

Lin Ran said seriously.

"You... Can't you have a proper line!"

Song Nuan pouted, how did she feel that she had made a very wrong decision in going home with this guy this time, all the way to either being treated as a daughter-in-law or a girlfriend, now it was good that she was living directly in the wedding room, it felt like if she stayed on, I was afraid that she would have to be completely won over by this guy.

"Well no more fooling around, I'll go get you some water, there are cockroaches in the village, you better not run around!"

Lin Ran said as he turned and left the room.

"Cockroaches?"

Song Nuan slowed down for a moment and reacted to shout at Lin Ran, but this guy had already run out.

"Cockroaches? Don't ever have cockroaches!"

Song Nuan hurriedly prayed, her biggest fear since she was a child was cockroaches, and just hearing these two words gave her goosebumps.

But fear was a fear, but the bed still had to be made up, otherwise there was no way to sleep at night.

“Lin Ran, is Xiao Nuan still getting used to staying here?”

In the kitchen, Grandma Lin took the opportunity to come over and asked.

When Song Nuan came over this time, the most nervous person in the whole family was not Song Nuan, let alone Lin Ran, but her.

As Lin Ran’s grandmother, she knew very well that this time Lin Ran had brought back Neezi, who would probably be her own grandson-in-law in the future, so she was careful in everything she did, fearing that she might upset someone somewhere.

“Grandma, don’t worry, she’s definitely used to living there, and you don’t need to be so careful, she’s very easy to get along with!”

Lin Ran said with a smile.

“I’m not being cautious, I’m just afraid I’ll drag you down.”

Grandma Lin said with a smile, but joy was unconsciously showing in her eyes.

“Right, Grandma, from now on you don’t have to go to town to sell herbs, I have money now and I can completely support you!”

Lin Ran said as he boiled water.

“And, how much money can you have, you just graduated from university, it’s good that you can take care of yourself!”

Grandma Lin said, and couldn’t help but continue with a sigh.

“I see that Xiao Nuan is wearing very elaborate clothes, I’m afraid that her family is very rich, our family is in this condition, you have to work hard!”

“Don’t worry!”

Lin Ran laughed helplessly, his current savings were in no way inferior to Song Nuan’s family, it was just that he didn’t want to tell his grandmother about these things, some times the less he knew, the more protective it actually was of her.

“Okay, grandma I’ll go over first, you can rest early, it’s been a busy day!”

Lin Ran prepared the water and after saying goodbye, he carried it towards Song Nuan’s room.

But just as he reached the door, before one could enter, suddenly there was a scream from Song Nuan in the room.

“Ah! Lin Ran, Lin Ran!”

“What’s wrong?”

Hearing Song Nuan's shriek, Lin Ran hurriedly put the water basin aside and rushed straight in.

"There's a cockroach! There's a cockroach!"

Seeing Lin Ran come in, Song Nuan hurriedly pointed at one side of the wall and said.

Lin Ran looked along and indeed found a black spot lying on the wall inside the bed, motionless.

"Get out of my way!"

Lin Ran rushed to the side of the bed, Song Nuan was wearing her pyjamas at the moment and was hiding in the corner of the bed, not daring to come over.

Lin Ran rushed to the bed and ran straight to the small black spot, but what left him speechless was that when he got close he realised that it wasn't a cockroach at all, but a small black pit that had appeared when a piece of the painted white of the wall had come off.

"I say, pretty girl, you are at least a school beauty, can you not be so startled next time? Look closely, is that a cockroach?"

"What do you mean?"

Song Nuan was so scared that she didn't react for a moment.

"That's not a cockroach, it's a pit!"

Lin Ran said helplessly, immediately turning around and preparing to get out of bed, a lone man and a woman were in the same room and in the same bed, even if he had good composure, he would inevitably think more.

"Pit?"

Song Nuan came back to his senses, somewhat unconvinced, and carefully took two steps towards the inside, ready to see clearly.

At this time, however, Lin Ran was preparing to get out of the bed, which was covered with a brand new quilt and was very smooth.

The bed was covered with a brand new quilt, which was very smooth. Lin Ran was not paying attention and slipped under his feet, taking the quilt with him.

It didn't matter if the quilt slipped, but the key was that Song Nuan was standing on the quilt at this moment, and when the quilt was tugged under her feet, she was unsteady on her feet and fell down directly towards Lin Ran.

"Ah!"

With a cry of alarm, Lin Ran hurriedly caught her with his arms, but gravity could not stop anyone.

The inertia of Song Nuan's fall directly caused Lin Ran to fail to catch her, and suddenly her whole body fell directly into his arms, and her face was even pressed directly onto Lin Ran's face, and for a time the room was silent, and the two could only feel each other's heartbeats as they looked at each other.

There is a saying that beautiful things are fleeting, Lin Ran did not even have time to carefully relish the softness between his lips, the next moment Song Nuan had already screamed out.

“Ah! Bastard you!”

Song Nuan jumped up and turned around, not daring to look at Lin Ran, her pretty face already red to the base of her neck.

Lin Ran was also a little embarrassed and hurriedly sat up from the bed, saying.

“That, although this is my home, you don’t have to be so active, otherwise I’m afraid I won’t be able to hold back!”

“I’m taking the initiative?”

Song Nuan almost fainted from internal anger at his words, turning around to glare at Lin Ran in shame and anger.

“Do you even want to be ashamed, would I have fallen if you hadn’t ripped the quilt away?”

“Er...”

Lin Ran was stunned and scratched his head, laughing awkwardly.

“The new quilt is too slippery, I blame it!”

Said Lin Ran as he hurriedly got out of bed and darted out to bring in the hot water, saying.

“It’s getting late hurry up and wash up and go to bed!”

Song Nuan sniffed but looked at Lin Ran with a strange gaze, glared for a moment to see this guy a little to go out of the intention, then shame and anger.

“You don’t want to go out but still want to stay! Hurry up and get out!”

“Eh...”

Lin Ran became even more embarrassed at his words and hurriedly turned around and ran out, bringing the door up at the same time.

Only then did Lin Ran’s helpless words come from outside.

“I just wanted to wait for you to finish washing and take the basin out, didn’t didn’t want to stay!”

Song Nuan was furious to hear this and retorted from inside.

“Have you grown a brain, do you want me to wash it in front of you!”

Chapter 242

The following day.

The sun had not yet come out in the morning and the mountain village was peaceful and serene.

Lin Ran had not slept in his own house for a long time and was lazy in bed for the first time.

But as the saying goes, there are no coincidences, and he was sleeping soundly when suddenly there was a commotion outside the door, waking him up from his beautiful dream.

“Ranzi, go and see, Yingzi seems to have been beaten up!”

The voice of Grandma Lin came from the courtyard.

“Yingzi?”

Lin Ran’s face instantly chilled at the sound of his voice, not even bothering to put on his jacket, wearing only a black vest, he rushed straight out of the room.

“What’s going on?”

Song Nuan also ran out of the room, seeing Lin Ran dressed so little and rushing out in a hurry, so she hurriedly grabbed her clothes and followed him out.

Outside the door, Yingzi was standing aside covering her cheek, while next to her stood a sturdy man, none other than her husband, Shi.

“Yingzi! Is he the one who hit you?”

Shi asked as he looked at Yingzi with distress and pointed to a young man with a somewhat pitch-black face in front of him.

“Mmm!”

Yingzi nodded, with anger and worry in her eyes.

“Fuck, beating up Laozi’s daughter-in-law in our Linjiawan, you’re fucking tired of living!”

Shi was also a violent man, and picked up a flat stretcher and lunged at the leading youth.

“You don’t have to take a piss and look at yourself!”

The young man was full of disdain and lit a cigarette with ease, while waving his hand.

Two men stood out around him, holding steel baseball bats, and greeted Shi with them.

He was an honest crop-duster, with no strength at all, and as a stretcher was no match for a steel half-ball bat, and as there were two of them, he was knocked over in a single glance.

“Give me a fight!”

The leading youth smoked a cigarette and said in a voice without the slightest sympathy.

“Okay, Brother Ming!”

The two men rushed towards the baseball bat and punched Stone.

Fortunately, the stone had a good physique, otherwise the steel baseball bat alone would have broken a few bones without killing the stone.

“Stop it!”

When Yingzi saw her man being beaten, she rushed straight over and jumped on top of Stone.

The two men were in a bit of a quandary, they could beat up a man, but if they beat up a woman, they would be the ones unlucky enough to get killed.

“What are you looking at me for? Keep fighting! If I don’t cleanse Lin’s Bay in blood today, I won’t be Li!”

The leader seemed to be holding his anger in his heart, and shouted directly without looking.

Seeing this, the two-handed man had to copy his stick and prepare to strike once again.

“Yingzi, run!”

He said, “I don’t care if I get a few blows, but I don’t think Yingzi can withstand it.

“I’m not leaving!”

Yingzi retorted, tears flowing unconsciously.

When the leading youth saw this, he gave a sneer of disdain.

“Still fucking loving, then give me a fight together!”

The words fell, followed by two more of his men rushing towards the front.

This time four of them struck, and even Stone was a little desperate.

However, just as all four men had their palms up and were ready to strike, a figure rushed out from the man’s house next to them, followed by a voice.

“Stop if you don’t want to die!”

A few of the men looked over at the sound of the voice, and so did the leading youth.

“Heh, I didn’t expect you to come out just after entering the village, you’ve really saved me the trouble!”

Looking at the visitor, the leader youth sneered, while lighting another cigarette.

“Li Yingming?”

Lin Ran looked at the leader of the opponent’s crowd, and his face instantly went icy cold.

“Let them go, come at me if you have something to do!”

“Let them go? Who the fuck are you?”

Li Yingming hated Lin Ran to the bone, yesterday’s incident had completely disgraced him, and even in the morning word spread throughout the town that he had been taught a lesson by a youth yesterday.

This was something that was simply intolerable to Li Yingming, which was why he had brought someone directly to retaliate against Lin Ran early this morning.

“Give me a continuation of the fight!”

Li Yingming waved his hand and shouted at his four men.

“If you want to die, just do it and see!”

Lin Ran followed with a cold scolding.

“Scaring me? I’m scared!”

Li Yingming didn’t pestle at all and shouted at his four men.

“Don’t do anything yet!”

“Yes!”

Seeing this, the four men raised their baseball bats in a stiff voice and were about to greet Yingzi and Shi towards them.

Lin Ran’s face was already gloomy to the extreme, and when he saw this, he didn’t care about nonsense, he grabbed the shovel next to him and threw it directly at the four punks.

The shovel was heavy, but in Lin Ran’s hand it was just like a child’s toy, and with a whoosh, it flew out.

The next moment, before the four men could react, the shovel had already hit them heavily.

The two men standing in front of him were knocked out by the shovel with a heavy thud.

At that moment, Lin Ran had also rushed to the front and without any further ado, he smashed his fist directly into the arms of the two men.

“Ka-chow!”

“Ka-chow!”

Two crisp sounds of bones breaking rang out, followed by two more “bang bang” kicks, sending the two men flying backwards.

When Yingzi and Shi were beaten like this, Lin Ran did not show any mercy at all.

“Boss!”

Four of his companions were crippled in an instant, which caused a hint of panic to rise in the hearts of the others.

“What are you afraid of! He’s just one person, there are so many of us, we’re still afraid of him?”

Li Yingming shouted coldly, steadying everyone’s panicked emotions.

“Kid, don’t think you can ride on my head and shit and piss just because you’re good at it, if I don’t beat you to your knees and beg for mercy today, I won’t be called Li Yingming!”

With that, Li Yingming picked up a steel baseball bat himself and prepared to take action himself.

When the surrounding men saw that Li Yingming was ready to do it himself, their morale rose, and they all followed Li Yingming’s lead and walked towards Lin Ran.

“Ranzi, you should go now, don’t get involved!”

Shi was helped up by Yingzi and stood aside and shouted.

“Yes brother Ranzi, go now!”

Yingzi also shouted in a hurry.

Lin Ran smiled but shook his head with some guilt, that was not dragging him down, it was clearly because he had dragged Yingzi and his family down.

“Lin Ran!”

Song Nuan stood at the side, looking at him with some worry.

“Don’t worry, you still don’t know me?”

Lin Ran turned back and flashed a smile at Song Nuan.

This scene made Li Yingming’s teeth bite out as he looked at him and said in a cold voice.

“By now, you’re still in the mood to fucking flirt, later on I’ll beat you down and flirt with your horse too, I hope you don’t look too good then!”

With that said Li Yingming immediately increased his speed and charged towards Lin Ran.

Lin Ran’s face sank and his eyes took on a bit of icy chill as he looked at Li Yingming and said in a cold voice.

“Your mouth really stinks, I think it’s time to wash it properly!”

Saying this Lin Ran copied the towel that the stone had dropped on the ground aside and rushed to meet Li Yingming.

Chapter 243

Shi took advantage of the fact that there were not many people in the village in the morning and was picking dung, so he had a towel on him to wipe his sweat, however, at this moment it became Lin Ran’s tool.

With a towel in his hand, Lin Ran took three steps and rushed straight to Li Yingming.

This guy was at the front of the line, followed by a group of his buddies, looking aggressive, but in fact he was isolated.

The towel was sweaty and the blow was very painful.

With a “pop” sound, a mark appeared on Li Yingming’s face, causing him to retreat and suck in several breaths of cold air.

“You’re fucking looking for death!”

Li Yingming was furious and raised the steel baseball bat in his hand towards Lin Ran, the group of youngsters behind him saw their boss being beaten and rushed over as if they were desperate, but they were still a step too late.

With an arrow step, Lin Ran rushed to Li Yingming's front, and with his palm in the shape of a knife, he slashed his wrist directly, followed by a "bang", the steel baseball bat fell to the ground.

"You!"

Li Yingming's face was ugly, and the pain on his wrist was so hot that his whole arm trembled.

But in front of so many people under his command, he couldn't lose any points and was about to pick up the baseball bat as he endured the pain.

However, how could Lin Ran give him a chance, his palm flipped and directly grabbed him by the collar, followed by a force that directly lifted his entire body over.

"You want to do"

Li Mingying did not finish a sentence, Lin Ran already shoved the entire towel in his hand into his mouth.

The towel was mixed with the stone's sweat, the taste was not to mention how disgusting it was, just thinking about it made people gag, but at this moment it was stuffed directly into Li Yingming's mouth by Lin Ran.

"Ao... Ao!"

Li Yingming's face instantly turned green, disgusted and wanting to vomit out, but with something stuffed in his mouth and unable to vomit out, that feeling couldn't be mentioned how uncomfortable it was.

"It's alright to have a dirty mouth, remember to wash it regularly!"

Lin Ran said in a cold voice as he stuffed it in.

The surrounding kind of men were all confused, they had just come in with Li Yingming and happened to run into Yingzi and Shi picking at the dung.

The towel, which they had all seen, was on Stone's shoulder from time to time to wipe off sweat, and certain spills.

Seeing the towel being stuffed into Li Yingming's mouth at this point, a group of the men couldn't help but turn their heads and wince.

"Hmmm... Vomit... Nima... Quick... Come help me!"

Li Yingming shouted in a slurred voice, his mouth stuffed with a towel, not to mention the nausea, it was not easy for him to shout at this point.

After the men had vomited, they were all somewhat "immune" to the disgusting scene in front of them, so they all immediately grabbed baseball bats and rushed straight towards Lin Ran.

Lin Ran laughed coldly at this.

"You're not going to die until you reach the Yellow River, so let's play slowly!"

With those words, a group of men had also rushed closer, and Lin Ran raised his foot and kicked one of his men directly in the stomach.

As the saying goes, the stomach is a person's lifeline, because the navel is on the stomach. As long as the angle is well controlled, a kick to the stomach is definitely no less powerful than a blow to the back of the neck.

A single kick knocked over a man, which caused the others who swarmed behind him to be stunned, as Lin Ran's performance made them all a bit scared.

But first he knocked over his four companions, then he captured his boss, and now he knocked over a companion with a single kick, this combat power really made their hearts chill.

"Bai... Idiots... Hurry up!"

Seeing his men hesitating, Li Yingming hurriedly shouted.

But before the group of men could raise their morale, Lin Ran gave them a look and instantly everyone wilted again.

"Old... Boss, why don't we... Let's make peace!"

One of the men stammered.

"Yeah boss This kid is too good at reaching out, I... We can't beat him!"

Another henchman next to him followed and agreed.

"Fuck off Nima I'll get"

Li Yingming almost died of anger, struggling to break free from Lin Ran's hands, but to no avail, Lin Ran's hands were like two iron pincers, locking him completely immobilized.

"You'd better be honest, or I won't be polite with my hands!"

Lin Ran looked at Li Yingming and said in a cold voice.

"Come on... You fucking come"

Li Yingming, however, didn't care at all and continued to shout.

In his opinion, Lin Ran would only dare to capture himself, he definitely wouldn't dare to do anything to himself, he was also a famous rich kid in the town, his father was even more powerful and influential in the town, unless Lin Ran really wasn't prepared to hang out in Linjiawan anymore, he definitely wouldn't dare to really hurt himself.

"You're really a bitch!"

Lin Ran's face suddenly turned cold, followed by a hand grabbing Li Yingming's shoulder, only to hear a "click" sound, immediately Li Yingming's entire arm dropped, unable to use a little strength.

"Ah"

Li Yingming's mouth grew wide with pain and his face turned blue, the pain was so severe that he almost didn't pass out.

"Boss... Boss's hand is broken!"

Someone next to him immediately shouted.

"Don't fart nonsense, the boss's arm is just dislocated!"

Another somewhat experienced henchman hurriedly shouted.

At this moment, Li Yingming was so unconscious from the pain that he didn't have the strength to speak at all, but was able to hear the conversation of his men.

"This friend, this is our fault today, please let our boss go!"

Finally, one of the men couldn't help but speak up.

"Yes, let our boss go and we'll pretend this never happened!"

Then someone else echoed.

"Let your boss go? That's fine!"

A small smile appeared on the corner of Lin Ran's mouth as he pointed to the two buckets of water next to the stone and said.

"Pick the dung for me, and don't allow a drop to spill, and this will be over today, or else you'll be waiting to visit your boss in the hospital!"

"You"

The group of men's faces turned green with anger at his words.

Picking shit? They were all living in style, and this was an insult to them.

"You only have thirty seconds to think about it!"

As he said that, Lin Ran's palm was already on Li Yingming's other arm, as long as the other party hesitated, Li Yingming's other arm would immediately be removed.

A kind of men were at a loss as to what to do at this point, and all fell silent.

"Ten seconds left!"

A moment later, Lin Ran smiled blandly.

Li Yingming had regained some of his composure at this point, and when he saw that none of his men had actually come forward to speak, he was furious.

"Fuck All of you go pick shit for old me!"

Feeling the increasing strength of Lin Ran's palm on his other arm, Li Yingming couldn't hold back any longer and despite the towel still stuffed in his mouth, he shouted out.

“Yes It’s the boss!”

A group of men, despite their reluctance, but Li Yingming had given the word, they did not dare to disobey, and could only run off one by one with their heads hung in defeat to pick the dung.

Chapter 244

Lin Ran smiled lightly and followed, pulling the towel out of Li Yingming’s mouth.

“Let go... Let me go and I promise never to bother you again!”

As soon as the towel was ripped off, Li Yingming begged for mercy, as the saying goes, a good man doesn’t want to lose anything in front of him, it was important to save his life first.

“Is that so?”

Lin Ran looked at Li Yingming, with a smile on the corner of his mouth, and said.

“That’s fine, let’s pick the dung first!”

“Didn’t they already go!”

Li Yingming hurriedly said.

Lin Ran, however, shook his head and laughed.

“They’re them, you’re you.”

“But I”

Li Yingming pointed to the dislocated arm next to him.

Lin Ran saw this and smiled lightly, followed by a fierce force in his palm, only to hear a “click”, the dislocated arm recovered once again.

“This”

Li Yingming was stunned, he didn’t want to pick shit, but now

“Well? Still not going?”

Lin Ran’s face sank while his hand clenched his fist, scaring Li Yingming so much that he almost didn’t fall to the ground when he stumbled and hurriedly said.

“I’ll go I’ll go!”

Following that, he hurriedly ran towards the side.

Lin Ran glanced at them and saw that they were all honestly picking at the dung, before turning around and walking towards the two of them, Yingzi.

“Ranzi, I didn’t expect you to be so good now!”

Shi chuckled and joked.

“Yes brother Ranzi, you were so good just now!”

Yingzi also complimented.

Lin Ran, however, laughed and then asked.

“How’s the injury?”

“Nothing, they’re all minor injuries!”

Yingzi said, and Stone also moved his body, saying that he was fine.

Lin Ran’s heart dropped when he saw this, and then looked at Yingzi and said.

“You go and bring Er Long over here!”

“Erlong? What for? He’s in the backyard watching the pigs!”

Yingzi asked, puzzled.

“Keep an eye on these people for now, there’s a lot of them for fear that some won’t listen!”

Lin Ran laughed.

Yingzi nodded at his words and followed and ran back to the house.

.....

“Boss don’t worry, I’ve already called Master Li, he’ll be here soon!”

On the other side, the manure picking was busy and feverish, Li Yingming hid in the crowd, one of his men was following next to him and said in a low voice.

“What the fuck are you calling my old man for!”

Li Yingming’s face turned blue at his words, if the old man knew about this today, he might have to go back and clean up after himself.

“Boss, I can’t help it, this kid actually dares to make us pick shit, this strange shame must be avenged today!”

The man under his command said angrily.

Li Yingming was also furious at hearing this, and said in a deep voice.

“This revenge must naturally be avenged by the old man, when my father arrives later, I will make sure this brat looks good!”

“Right! I’ll make sure this kid looks good!”

His men echoed.

While the two were talking, Yingzi had also led Erlong out.

When Li Yingming and the others saw Erlong, they all drew in a breath of cold air, and some of them were so scared that they swallowed several mouthfuls of spittle.

At Yingzi's side, a huge wolf dog was standing with its tongue out and behaving itself.

Its size was much bigger than a normal wolf dog, and at that moment, standing next to Yingzi, it was like a small mountain, and if Yingzi rode on it, I was afraid it could be used as a horse.

"Erlong, go and keep an eye on them! Bite them to death if they don't listen!"

Lin Ran found a piece of meat from somewhere and threw it in Li Ying Ming's direction.

Er Long was a dog that grew up with Lin Ran Yingzi, and had been hunting in the back hills since he was young, and was very fond of meat, so he rushed straight over when he saw the piece of meat.

A huge wolf dog came straight at him, and Li Yingming panicked at this point even though he had more men.

"Don't! Don't come over! Don't come over!"

Li Yingming was so scared that he immediately peed his trousers and hurriedly ran towards the back, but at this moment he was surrounded by his men and there was nowhere to run.

The piece of meat fell less than a meter in front of him, and he clearly saw that Erlong pounced directly onto the piece of meat with a fierce tiger pounce.

The sharp tusks followed, piercing right through the piece of meat, and before the piece of meat could even struggle for a moment, it was swallowed by Erron in one gulp.

After eating the piece of meat in one bite, Er Long seemed to be still not satisfied, raising its huge head to look at Li Ying Ming and the others.

"You... What are you doing, we can Not your food!"

Li Yingming was so frightened that he hurriedly said, and only when the words came out did he remember that this guy was a dog and could not understand human language at all.

"Ow..."

However, as soon as Li Yingming's words left his mouth, the two dragons roared at him and jumped on him.

The two dragons were so big that they immediately pounced on Li Yingming, scaring him so much that he almost didn't pass out.

"Get it out of here!"

Li Yingming hurriedly shouted, but none of the men dared to come over, such a big wolf dog, and so fond of eating meat, none of them could carry a bite.

"A bunch of useless things!"

Li Yingming was so angry that his face turned blue, but he didn't dare to move, for fear of being licked by this thing on his body, for fear that with just one bite his little life would have to die here.

Just as the crowd was at a loss for words, Lin Ran walked over from the side, placed his hand on Er Long's head and looked at the crowd and said.

"As you can all see, Erlong is a big fan of meat, from now on he is your overseer, if you don't clean up the dung in half an hour, I don't mind making him talk to you about how meat smells!"

"You"

Li Yingming was so angry that his face turned blue, half an hour full of a large vat of dung, this should not be too difficult.

"Also, some people don't think they can be lazy just because they have two men, Er Long is not familiar with you guys, I won't be responsible for anyone who is lazy later and is targeted by Er Long and is missing an arm or a leg!"

As he said that, Lin Ran let go of his hand, Er Long jumped off Li Ying Ming directly, and then ran to a corner and climbed down, but his eyes were staring straight at Li Ying Ming and the others.

Being stared at by Erlong like this, Li Yingming and the others were instantly goaded, each scrambling towards the dung pit, afraid that they would be judged as lazy guys.

"Still you have a solution!"

Looking at the scene in front of her, Yingzi couldn't help but cover her mouth and laugh.

Lin Ran smiled and waved his hand, somewhat surprised, and asked.

"Where's Song Nuan?"

Just now he had seen Song Nuan looking on, how come there was no one there in the blink of an eye, and even the stone was gone.

"The old village chief is here, they've gone to your house to talk! I stayed here just to wait for you!"

Yingzi said.

"Well! Then we'll go over there too!"

Lin Ran smiled and nodded, having Er Long here to watch was definitely more reassuring than anyone else.

When he returned to his house, Lin Ran realised that his house was actually packed with people, apart from the old village chief, there were some other village cadres, and the captain.

"Lin Ran, have you finished taking care of everything outside?"

Seeing Lin Ran return, the old village chief got up and knocked on his smoking gun and asked.

"Mmm! It's fine for now, Village Chief you guys are?"

Lin Ran asked, somewhat puzzled.

The old village chief sniffed, but sighed deeply.

“Ai! Ranzi, you’ve really caused big trouble for our village this time!”

“Big trouble?”

Lin Ran frowned slightly at his words, followed by remembering something, pointed to the door and asked.

“You’re talking about them?”

Chapter 245

“That’s right, that’s them!”

The old village chief nodded, his face becoming a few shades more ugly as he spoke.

“Do you know who this boy’s old man is?”

“I don’t know.”

Lin Ran shook his head, he had only met Li Yingming yesterday, so how could he know who the other’s old man was.

“His father, is none other than the administrator of the town’s herb market, Li Tian!”

The old village chief said in a heavy tone.

“It’s him?”

Lin Ran was stunned, he didn’t expect that he had actually beaten up both the father and son of the other party yesterday, this was a bite of offense.

Fortunately, the old village chief didn’t know about this yet, if he did, I’m afraid he would have to faint from anger straight away.

“What exactly happened?”

Lin Ran asked, frowning.

Although Li Tian and Li Yingming were father and son, both of them had fought themselves, so it was only logical that they should have no connection to the village.

“Ai! It’s a long story at this point!”

The old village chief sighed, relit his welding smoke, took a sharp puff, and then said.

“About half a year ago, how our village’s ground dragon herbs were at the time of production, when our village cooperated with Li Tian and sent the herbs to them to be purchased by quantity.”

“Isn’t that quite good?”

Lin Ran smiled and wondered.

Lin Jiawan was in the mountains, and the lack of transportation brought about poverty. There were many herbs in the mountains around the village, and villagers often went up to the mountains to collect them to sell.

“My grandmother used to pick herbs all the time, so it would be good for the village if we could cooperate with the herb market!”

Lin Ran said.

The old village chief smiled bitterly at his words and shook his head.

“It would be just as well if we could have a smooth cooperation, but the key is that something happened later that made this cooperation face collapse!”

Said the old village chief as he reached out the welding smoke ash, refilled it once, took a puff and said.

“Only two days into the cooperation, Li Tian came to us, saying that someone had bought the herbs provided by our village, and something went wrong!”

“Something went wrong?”

Lin Ran frowned, there were many herbs in the surrounding hills, he grew up with his grandmother and understood that as long as they were herbs absolutely nothing would go wrong, unless someone guessed the poisonous grass and not the herbs.

“Later, after I convinced him a hundred times, Li Tian still agreed to continue the cooperation, but the purchase fee was directly pressed at a 70% discount, and he also said that in the future, if there were any more problems, he would simply cut off the cooperation!”

When he said this, the old village chief looked at Lin Ran with a complicated look in his eyes.

“Just now you beat up his son, can he not know that as his old man? This time when the Earth Dragon Grass grows next year, I’m afraid the cooperation will be in ruins!”

“Hey, what can we do now? The children are waiting to go to school, and they all depend on the money from next year’s ground dragons.

“Yes, it’s only once a year, and it’s gone like this.

As soon as the old village chief spoke, a group of village cadres and captains all sighed and sighed.

“Old village chief, if I may say so, someone has to be responsible for this!”

Suddenly, a hoarse voice rang out, and the crowd looked at it and could not help but frown slightly.

“Old Seven, what are you trying to come up with again!”

The old village chief snorted coldly.

He was a foreigner who had fled to live in Linjiawan.

At the beginning, there were people who sought him out, but after a few near fatalities, no one dared to seek him out anymore.

“The last incident at the herb market, I heard from others that someone was lazy in picking the herbs and mixed the poisonous grass in, which led to the near accident!”

Old Seven spoke with such confidence that for a while it really made the other villagers hesitate to listen.

“Then who do you think it was!”

The old village headman questioned with a grim face.

“Say it here? That’s not very good, or should we go back and say it?”

Old Seven hesitantly said, while looking up at Lin Ran, which made the others around him very suspicious.

“Why are you looking at me, I was still at school!”

Lin Ran said in a cold voice, although he didn’t want to pay any attention to Old Seven, this guy’s last glance at himself really made him uncomfortable.

Old Seven smiled meaningfully and gave Lin Ran a look, smirking.

“You were at school, but there was someone else at your home!”

As soon as these words were spoken, everyone instantly understood who Old Seven was talking about.

Even Song Nuan, who was at the side, listened with a frown, although she had only spent one day with Grandma Lin, but the latter’s person she could sense, there was no way she would be the kind of person who would be lazy to collect poisonous herbs to serve as herbal medicine.

“Old Seven, rice can be eaten indiscriminately, but if this is said indiscriminately, it will kill you!”

Lin Ran’s face was calm, but his eyes were extremely cold, wronging his own grandmother, this had touched his bottom line.

“Old Seven, what do you mean! Although I am old, I am not so old that my eyes are blind!”

Grandmother Lin said angrily, what people in the village valued most was reputation, we were all villagers, if this reputation was notorious, then how could we meet people in the future.

“Old Seven! Everyone in the village knows that you have prejudice against sister Lin, what is your intention in saying this now!”

He could be the village head of Linjiawan, so he naturally had his own merits. He could not fail to see that Lao Qi was being cautious, and was just waiting for an opportunity to take revenge and put the blame on Lin Ran’s grandmother’s head.

“Village chief! How am I ...”

Old Seven was not convinced and just wanted to argue, but outside the door came Yingzi’s voice.

“Stop arguing for a moment, Li Tian is here with someone! There’s an inspector with him!”

“An inspector?”

Hearing this name, the old village head and the others immediately frowned, the inspector was specifically responsible for the inspection of herbs in the herbal market.

“This is troublesome!”

The old village chief hastily put away the welding smoke, followed by getting up and walking towards the outside, the other villagers hurriedly followed at the sight.

“Lin Ran! Do you need my help?”

Song Nuan got up and came to Lin Ran’s side and asked.

“No need for now.”

Lin Ran shook his head, but his face was very ugly.

“Ranzi!”

Grandma Lin came over, a guilty look on her face, originally Lin Ran was supposed to come back this time to rest properly and spend time with his future grandson-in-law at the same time, but now he ended up being mixed up in this matter.

“It’s alright Grandma, I just happened to want to do something for the Lin Family Bay this time when I came back, and it just so happens that this is an opportunity!”

Lin Ran laughed.

“Ranzi, don’t mess around, safety is most important!”

Grandma Lin said hurriedly, with worry on her face.

“Don’t worry.”

Lin Ran smiled blandly, then said.

“Let’s go, there’s still a good show to watch later!”

“A good show?”

Grandma Lin smiled and wondered, but Song Nuan, who was at the side, sighed helplessly and explained.

“Yesterday at the herb market, the middle-aged man who was looking for your trouble was actually Li Tian!”

“When we came back yesterday, we had a conflict with his son in the car, and Lin Ran taught his son a lesson yesterday!”

“Huh?”

Grandma Lin was taken aback at her words, but then she was relieved, as the saying goes, a lot of debt is never a problem.

Now that this was the case, the conflict had been completely settled, so they could only take one step and see what happened.

Chapter 246

The entrance to the village.

When Lin Ran came out, Li Yingming and the others had already stopped picking dung, not because his old man Li Tian had come, of course, but because he thought the dung had already been picked.

“Old version Li, this is all a misunderstanding today!”

Lin Ran had just come out when he heard the old village chief was explaining to Li Tian.

“Misunderstanding? Beating up the old man’s son! And making my son pick dung here! You’re telling me this is a misunderstanding? Hurry up and hand over the murderer, or I’ll trample down your Lin Jiawan today!”

Li Tian said angrily, being taught a lesson by Lin Ran yesterday had made him hold his anger and he was worried that he had nowhere to vent it.

“Boss Li, this is really”

The old village chief still wanted to explain, but his words were only halfway through when he was interrupted by Lin Ran.

“Boss Li? It’s really fate ah goodbye?”

Lin Ran smiled as he walked over, and when Li Tian saw Lin Ran, he couldn’t help but take a few steps back and subconsciously said.

“You Why are you here!”

As soon as the words were out of his mouth, he felt that something wasn’t quite right, yesterday when he left the old lady Lin was talking to Lin Ran, it seemed that the two knew each other.

“My home is here, so naturally I am here!”

Lin Ran laughed lightly, following which he looked at Li Yingming next to him and laughed.

“I beat up your son and I let him pick the shit, why does Boss Li have a problem with that?”

Lin Ran said and clenched his fist, seemingly moving his muscles.

“You!”

Li Tian was so angry at his words that his face turned blue, but when he thought of Lin Ran’s tactics yesterday, he couldn’t help but feel a little scared in his heart.

“Fuck, I should have known that I would have brought more people here!”

Li Tian cursed in his heart, when he received a call from his son and heard that the place was in Lin Jia Wan, he remembered the herbal medicine matter from last time, so he didn’t bring anyone with him

and only arrived with an inspector to come over, but as a result, who knew that he would run into Lin Ran again.

“Father! He’s the one who did it, you have to take revenge for me for this!”

Li Yingming saw his old dad hesitating, so he jumped out and shouted.

“Shut up!”

Li Tian hurriedly turned his head and scolded, which made Li Yingming very confused and asked back.

“Dad? Are you crazy, he’s the one who beat me and made me pick shit, and you’re telling me to shut up?”

“Don’t you fucking understand human language!”

Li Tian snorted coldly, and at the same time, he slapped Li Yingming directly on the face, instantly knocking him to the ground.

“Boss! Boss, don’t make a scene, the old man was also beaten up by this kid yesterday!”

Some of the men next to him who knew what was going on inside rushed over and said.

“Then you didn’t fucking tell me earlier!”

Li Yingming’s face was green, if he had known he wouldn’t have jumped right out, now he hadn’t gotten his face back, he had lost his face once again.

“Lin Ran.”

At the side, the old village headman looked bewildered, the high and mighty Boss Li in his eyes actually didn’t dare to breathe in front of Lin Ran, and he even hit his own son.

Just now he was worried that there was no way to solve this matter and that it would involve the village, but now it seemed that it was not impossible to solve it at all, but too good to solve.

“Boss Li, take your son back if you’re fine, and mind your own business. If you come out again and make a fool of yourself, next time I won’t guarantee that it will be as simple as picking dung!”

Lin Ran said indifferently, not even bothering to do more nonsense with Li Tian, as for the matter of the herbs in the first place, he didn’t mention it Lin Ran naturally wouldn’t mention it either.

If at that time Li Tian that said this, he did not mind in a trip back.

“This

Li Tian was a little hesitant, not knowing how to answer, but just then, one of the men he had brought with him came up to his ear and whispered something.

Li Tian’s face instantly changed, from his previous hesitation, it directly turned into a faint smile.

“Lin Ran, right, you said you were from Lin Jiawan, how come I’ve never heard of you before!”

“Hm?”

Lin Ran frowned slightly at his words and said in a cold voice.

“Lin Jiawan is so big, it’s normal to have never heard of it, why is this Boss Li’s reluctance to leave?”

“Haha! Originally, I wanted to leave, but now I suddenly don’t want to go, since I’m here, there are some things that I naturally want to say clearly!”

As he said that, Li Tian clapped his hands, followed by dozens of people rushing in directly outside the village, all of them wearing black suits, a glance is specially trained bodyguards.

“I say, Boss Li is really generous, a town is actually worth training so many bodyguards!”

Lin Ran laughed.

Li Tian’s sudden hardening of his words had made him suspicious, and the sudden appearance of these people at this moment had made it clear.

“Haha, it’s not for you to worry about that!”

Li Tian laughed disdainfully, with the people he had, he also had the strength and his whole stance was put up.

“Lin Ran!”

On the side, the old village head, Granny Lin, and Song Nuan and the others, could all see that something was wrong and couldn’t help but all tense up.

Lin Ran looked at them with a small smile, and then turned to look at Li Tian.

“In that case, I wonder what Boss Li wants, huh?”

“Haha! Older brother Lin Ran is really an understanding person, since I’ve opened up, then I won’t cover up!”

Li Tian laughed, followed by a wave of his hand, and his son Li Yingming, who had been waiting for a long time, jumped over next to him.

“Yesterday you smashed my venue, today you beat up my son, earlier in the morning there was also a problem with the medicinal materials in your village, all these things one by one, we have to count them slowly!”

Li Tian looked at Lin Ran with a teasing face and said.

“No, no, no Boss Li you have revealed one thing!”

Lin Ran laughed and shook his head.

“Missed one piece?”

Li Tian smiled and frowned slightly, thinking carefully about not missing it.

“Yesterday, I didn’t just smash your venue, before I smashed your venue, I had to beat up your son!”

Lin Ran laughed lightly.

Just saying this at this point was clearly not a kind reminder to Li Tian, but a deliberate attempt to belittle him.

Li Tian wasn't stupid either, his face instantly turned blue at the words and he looked towards his son Li Yingming.

Li Yingming couldn't lose face, he was beaten yesterday and today he was beaten again, and he was also dragged to pick dung, this was simply a great shame, he gritted his teeth and roared.

"Father! Don't talk nonsense to him, just go up and waste him!"

However, to everyone's surprise, as soon as Li Yingming's words fell, there was a roar from Erlong from the side.

"Woof... Ow"

This roar came so suddenly that Li Yingming's brain had not yet reacted, but his body had already made a conditioned reflex.

He was so scared that he jumped up and jumped into Li Tian's arms.

Li Tian also instinctively caught him, but then both of their faces changed.

Li Yingming's cheeks were holding red because he was so humiliated, while Li Tian's face was turning iron blue because he was also humiliated.

"Get off!"

Li Tian directly chided, scaring Li Yingming into hurriedly jumping down from his old man's arms.

"No-good thing!"

Li Tian gritted his teeth and turned to look at Lin Ran, saying in a cold voice.

"Kid, don't be silly, let's settle this score today!"

Lin Ran couldn't help but laugh at his words.

"Then you should hurry up, I've been waiting for half a day and you father and son still haven't finished getting tired of each other!"

"You!"

Li Wei became so blue in the face that he chided directly with a grit of his teeth.

"Cut the fucking crap!"

"Who's talking nonsense?"

Lin Ran asked rhetorically, followed by a glance at Li Tian and said.

"Come on, don't you want to count one piece at a time? Which piece should we start with first?"

Chapter 247

“Hmph! Got guts!”

Li Tian coldly snorted, followed by a tug on his collar and a staged gesture.

“Since you’re so anxious, then I’ll make it up to you, starting with this account of you beating my son!”

He said as he pulled Li Yingming to his feet and pointed to the injuries on Li Yingming’s body.

“For this slap, fifty thousand!”

“This shit-stained clothes, 10,000!”

“And a hundred thousand for the shock, a total of one hundred and sixty thousand!”

“Hey hey! Father, it’s more than that, this kid even took my arm off just now, only to have it restored later!”

Li Yingming hurriedly said, while thinking for a moment and added.

“And yesterday, this kid pressed my head out of the car and almost got hit by the car, if he did you wouldn’t be able to see me!”

Li Yingming was afraid that things would not go too far and wanted to take the opportunity to get back at Lin Ran properly.

“What?”

Hearing these words from his own son, Li Tian’s face would become even more ugly as he coldly shouted.

“For what my son said, at least one million!”

He said, looking towards Lin Ran and coldly snorted.

“A total of one million one hundred and sixty thousand, I’ll give you a discount of one million one hundred thousand! Are you going to swipe your card or pay cash!”

“You’re openly robbing!”

Grandma Lin was furious at that, one million and one hundred thousand? Her entire savings was just over 10,000, and she had worked hard to save it up since Lin Ran started working part-time.

If she asked for a million and a half, I’m afraid that even her own life would not be worth that much money.

“Boss Li, are you making a mistake, how can you ask for so much money all of a sudden!”

The old village chief could not help but tremble as he listened, he had never seen such a large amount of money before.

“Cut the crap, one million one hundred thousand not a penny less!”

Li Tian turned to look at Lin Ran, only waiting for the latter to answer.

“Lin Ran!”

Song Nuan also couldn't help but look over worriedly, so much money although Lin Ran definitely had it, but the implication of this extortion was too obvious.

"It's alright."

Lin Ran smiled blandly at Song Nuan and his grandmother, then turned around and said.

"What if I don't give it?"

"Don't give? If you fucking dare not give it I'll get you killed!"

Li Yingming immediately jumped out and shouted, at this moment with his old man here to back him up, he really wasn't a wimp.

"Shut up!"

Li Tian glared at him with an expression of hatred, then looked at Lin Ran and said teasingly.

"Don't give it? It's fine if you don't give, I'll pay you back double for what you did to my son, you have to look at the master when you beat a dog, let alone the one you beat is my son!"

"O? Really? Then come over here!"

Lin Ran looked at Li Tian and laughed blandly.

"Hmph! You won't die until you reach the Yellow River, do you really think I have no way to deal with you!"

Li Tian coldly snorted, followed by a wave of his hand, and a kind of bodyguard in a suit beside him surrounded him.

"One last chance for you, either that money or leave a leg behind!"

Li Tian coldly snorted, his face unusually cold.

"Don't touch my grandson!"

Grandmother Lin became anxious at the sight of this and directly blocked Lin Ran, while the old village headman was even more anxious, scratching his ears, but he didn't know what to do.

"Old thing get the hell out of my way!"

Li Tian coldly snorted, seeing that Lin Ran had no intention of taking the money, he lost his patience and shouted with a wave of his hand.

"Go and take his legs off for me!"

"Yes!"

A group of bodyguards responded respectfully at his words and followed a group of people straight to Lin Ran.

"Take the grandmother away!"

Lin Ran said at Song Nuan, following which he greeted her.

Lin Ran saw this clearly today, these bodyguards were Li Tian's biggest reliance, this fight was not going to work without it.

"Ranzi, come back!"

Grandma Lin remembered from behind that her eyes were only flowing with tears, Song Nuan hurriedly pulled her back to the side and comforted her.

"Grandma, don't worry, Lin Ran, he can handle it!"

"He?"

Grandma Lin smiled a little puzzled, how could he handle so many people?

Song Nuan looked at Grandma Lin, revealed a sweet smile and said.

"Lin Ran isn't the same as he was before, he's seen a lot of these scenes! Don't worry."

"Huh?"

Grandma Lin was stunned at hearing this, but her heart was a little shaken, this time Lin Ran had indeed come back with a different temperament, even she felt a little strange.

But if her grandson could really handle this kind of scene, it meant that he had grown up, and she was sincerely happy for Lin Ran.

While the two of them were talking, Lin Ran had already rushed into the crowd and was instantly submerged in the crowd.

"Humph! Go against old me, I won't play you to death!"

Li Tian coldly snorted.

Li Yingming, who was at the side, also laughed in triumph.

"That's right! Let old me pick shit, and later on, I'll fucking make you eat shit!"

Li Yingming's smug maniacal laughter did not last for a second, followed by Er Long's "Ow" The howl of "Ow!"

This time, Li Yingming did not jump up in fright, but still unconsciously took two steps back and looked around.

He was relieved to find no sign of the second dragon.

But at that moment, there was a whoosh, and a black shadow flew out from the crowd.

Before Li Yingming could react, he heard a "bang" and the black shadow smashed directly into his face.

"Bang!"

Li Yingming hit the ground in response to the sound, and at the same time, he grabbed the black shadow on his face and got up, cursing angrily.

"Who! Who the hell sneaked up on me, what the hell!"

Said Li Yingming as he looked towards his palm, and with this look his face turned green with anger. He saw that in his hand, he was holding a leather shoe, and it was the bodyguard of his own father's men.

"Useless thing, a fight even knocked off his shoes!"

Li Yingming cursed angrily.

But then he was confused, only to hear "whoosh, whoosh, whoosh" countless sounds like a fierce wind and rain, one after another smashed towards his side.

Li Yingming was so frightened that he rushed to hide behind his father.

At this moment, countless shoes were like rain, all smashing on Li Tian's body, the leather shoes fell down and smashed his head, but he could not dodge them at all.

"Bastard!"

Li Tian couldn't help but curse.

He was just about to explode when the falling shoes stopped, however, when he looked at the crowd in the field, he couldn't help but be confused.

He saw that the bodyguards who were originally wrestling with Lin Ran in front of him were all lying on the ground in pain, their palms covering their feet and screaming in pain.

And the leather shoes on their feet were all gone.

"This What the fuck is this!"

Li Tian's face was blue, but in his heart there was a hint of unease, his biggest reliance was on these bodyguards, but now this group of people obviously can't be trusted.

"Nothing is going on, it's just a quick battle!"

Lin Ran came out slowly from the crowd, what he was when he went in, what he was when he came out, not even a bead of sweat.

"You Who the hell are you!"

Even if Li Tian was arrogant, he was still a bit baffled at this point.

It had only been a minute or two before and after, but all of his dozen bodyguards had actually been cleaned up by Lin Ran.

At this moment, even if Li Tian was arrogant, he no longer dared to treat Lin Ran as an ordinary person.

"What kind of person are you calling me? Not one of your enemies?"

Lin Ran looked at Li Tian and laughed playfully, while slowly walking towards the latter.

Chapter 248

"You Don't you come over!"

Seeing Lin Ran coming over, Li Tian immediately panicked, and even Li Yingming, who was on the side, was so frightened that he hurriedly greeted his own men and blocked in front of the two.

“Boss Li, is this account still being settled?”

Lin Ran looked at Li Tian in the crowd and asked with a smile.

“You!”

Li Tian’s face turned blue, but he didn’t dare to say more, he had a dozen of his own bodyguards, and in less than a minute they had all been taken care of, how else could this account be settled.

“You have guts!”

Li Tian’s face was gloomy as he looked at Lin Ran for a moment, not knowing what to do.

“Father! He! Didn’t you bring him with you!”

Suddenly, Li Yingming, who was at the side, spoke up and shouted, while pointing at a man next to him.

Li Tian looked over and his face instantly flushed with joy, his heart taking note.

“Lin Ran, don’t think that if you defeat a few bodyguards, I can’t fix you, do you know who he is?”

Said Li Tian, pointing to a young man in his twenties next to him, none other than the inspector he had brought this time, Li Huo.

“Hm?”

Lin Ran smiled and looked, he couldn’t help but frown slightly, he knew the identity of the other party, before when Li Tian had just brought someone here, Ying Zi had said that this guy was a quality inspector of the herb market.

“Lin Ran, so what if you can fight, the whole herb market is under my control, if you piss me off, all the herbs in your village will rot in the ground next year!”

Li Tian said proudly.

I can’t beat you, but I have the power, that’s enough to crush you.

“You’re threatening me?”

Lin Ran looked at Li Tian and his eyes couldn’t help but go icy cold.

No matter how much trouble they made before, it was always their personal grudge, but once Li Tian took the medicinal herbs, the matter was no longer a personal grudge, but had risen to the collective interests of the entire village.

“Haha, how about I just threaten you? Aren’t you a good fighter, come and beat me up if you don’t like it! Haha!”

Li Tian laughed out loud, having been led by Lin Jean’s nose since he arrived here, he finally found a bit of initiative at this point and pulled a game back.

“Are you sure you want me to beat you up?”

Lin Ran looked at Li Tian and asked in surprise.

“Yes! I’ll let you fight, do you dare to come over?”

Li Tian laughed loudly while dragging Li Huo over as he looked at Lin Ran and sneered.

“Old me isn’t afraid to tell you that he is my own nephew, whether the herbs you stock can enter the herbal market or not is all a matter of old me saying a word!”

“Now do you still dare to come and fight?”

Li Tian looked at Lin Ran, his eyes full of disdain and smugness.

“Why don’t you do it anymore? Little brat, aren’t you a fucking bully, why don’t you dare!”

On the side, Li Yingming also hurriedly chided, having lost face in front of his men earlier, he also wanted to take the opportunity to be sarcastic twice at this point so that he could get some face back.

“Are you two sure?”

Lin Ran looked at Li Tian and his father and son and confirmed.

“Sure you’re paralyzed, come over if you have the guts, come over if you don’t want the village to scold you to death!”

Li Yingming shouted.

“Ranzi, don’t dare to be impulsive!”

The old village chief looked on with great concern and hurriedly spoke up to warn.

“If you really fight, our village will really be finished! They won’t let us go!”

“Yes! I wouldn’t dare to fight!”

“Right! I don’t dare to fight!”

There were echoing voices from other villagers on the side.

Lin Ran smiled and heard his heart ache as he turned to look at them and said.

“Could it be that if I don’t fight, he’ll leave our village alone? You guys are too naive!”

Saying this, Lin Ran turned directly towards Li Tian and rushed forward.

The people in the village were afraid of doing something, afraid that Li Tian would not allow the herbs to enter the market, thus cutting off their financial path.

But Lin Ran knew very well that with Li Tian, a hungry wolf, on his head, Lin Jiawan would never be able to get ahead, and the only way to do so was to bring this hungry wolf down.

“Quick! Quickly stop him!”

Li Yingming did not expect Lin Ran to actually dare to make a move, and immediately greeted his men to intercept.

Li Tian even hid directly behind the crowd, trying to take advantage of the opportunity to bolt.

There was a threat, but the fact that Lin Ran wouldn't eat his words made the threat useless.

A dozen of his men were in front of the two men, blocking them like a human wall.

But even if there were more men, there was still room for error, and Lin Ran rushed straight towards one of Li Tian's foremost men.

He then kicked the latter directly in the small of his back.

The kick was so solid that the latter bent over in pain and turned white, then he fell to the ground with a thud, and would not be able to get up for a few hours.

As soon as the man fell, he left Li Tian behind, even revealing Li Yingming next to him.

"Quickly block him!"

"Block him!"

Li Tian and Li Yingming shouted almost simultaneously, but they were still a step too late, as Lin Ran rushed directly in front of the two with a single stride, followed by one hand, and instantly pulled the two out of the crowd.

"Bang Bang!"

With a fling of both hands, Lin Ran directly threw the two aside, following which he coldly shouted.

"Whoever takes one step forward, I'll throw them both down!"

As soon as those words were spoken, the group of men who had come after them all stopped.

Lin Jia Wan was located in the middle of two mountain peaks, but not at the bottom of the valley, but halfway up the mountain, and next to the village there was a cliff that was not too high, probably only five or six metres high, but in this deep forest, even if a person could not die if he fell, he would have to lose half his rice.

"Don't! Don't come over!"

"Get back!"

These two men were no less than father and son, almost speaking at the same time to scold.

"Lin... Lin Ran, how about you let us both go and I'll pretend that this is not happening today!"

Li Tian hurriedly said, what face field, compared to his own little life are worth nothing.

"Yes, yes! I will never trouble you again, I will go around when I see you!"

Li Yingming also hurriedly said.

He hadn't enjoyed enough yet, so how could he afford to lose his life so easily?

“Really?”

Lin Ran looked at the two men and asked with a playful smile on his face.

“Really and truly! I promise!”

“Yes, yes!”

Li Tian and Li Yingming hurriedly said.

Lin Ran, however, was in no hurry at all, squatting down and looking at Li Tian as he said.

“Letting you go is not you can, but you have to tell me one thing!”

“What is it? I will know everything and say everything!”

Li Tian hurriedly said, at this time, no matter what it is, first save your little life is the most important thing.

“Not bad!”

Lin Ran smiled at this and nodded his head, then said.

“What’s going on with the herbs in the first place? You better tell me everything, or else...”

As he said this, Lin Ran kicked a stone down with his foot, seemingly intentionally or unintentionally, followed by a “clanging” sound.

If it were a person, I’m afraid that before he fell to the bottom of the valley, he would have been smashed into mush by the rocks protruding from both sides.

“Goo dong!”

Li Tian couldn’t help but gag, and Li Yingming was so frightened that his legs went weak and he hurriedly said.

“Father! Just say it, I don’t want to be thrown down and fall to my death!”

“Okay... Okay, I’ll say it!”

Li Tian couldn’t help himself and hurriedly spoke.

Chapter 249

At this moment the old village chief and the others all came over, they too were eager to know what was going on with the herbs in the first place.

“It’s actually quite simple, not as complicated as you think!”

Li Tian said, but his eyes were dripping around in their sockets, as if he was calculating something.

“Speak up!”

Lin Ran’s eyes were so cold that Li Tian shivered and dared not speak any more nonsense, saying at once.

“It’s the medicinal herbs that were collected from your village in the first place, and after they were bought by someone else something went wrong and they came looking for them!”

Li Tian hurriedly said, while his eyes were fixed on Lin Ran seemingly observing his expression.

“And then what!”

Lin Ran asked after him.

“Then, I approached your village chief, and seeing how much your village chief had worried about the village, I lowered the price a bit before continuing to work with your village!”

Speaking here, Li Tian hurriedly added.

“I didn’t want to do that, but the herb market has strict rules, so I couldn’t help it!”

Li Tian spoke in a painful manner, as if the matter of suppressing the price of medicinal herbs in Lin Jiawan had made him very sad and even painful too.

Lin Ran raised his head to look at Li Tian and laughed.

“Boss Li, you’re not telling the truth!”

“Sh... What do you mean!”

Li Tian’s face turned unnatural at his words and he played dumb.

“There’s something wrong with the herbs in the herb market, such a big deal, just you bargaining for a price and then you set it right? Is there nothing fishy in this do you think I believe?”

Lin Ran laughed lightly, while taking out his mobile phone and raising it in front of Li Tian.

“I have just checked on purpose, in the last six months there has been no news of any medicinal herbs in trouble in the town, why, is this also something that your boss Li is capable of suppressing?”

“This”

Li Tian was dumbfounded and his face turned iron blue.

“Since you don’t tell the truth, then I won’t be polite!”

Lin Ran’s face suddenly turned cold as he picked up Li Tian’s collar and dragged him right towards the edge of the falling cliff.

“Don’t... Don’t! I’ll say it! Can’t I say it!”

Li Tian was so scared that he peed his trousers and hurriedly said.

“Actually, I can’t be blamed for this, it’s true that your village had problems with this herb first, I just wanted to take advantage of the opportunity to suppress the price and make some profit from the middle”

The first thing I did was to tell the whole story.

It turned out that some of the herbs that had been handed in at the beginning did have problems, but they were detected by the quality inspectors at the time and did not appear on the market at all.

Li Tian then used this as a reason to find the old village chief, saying that there was a problem with the herbs and that he wanted to terminate the cooperation.

Herbs are a major source of income for Linwan Village, so naturally the old village headman panicked and eventually agreed to Li Tian's request to lower the price.

"Actually, I'm really not to blame for this, if there were no problems with your village's herbs, I wouldn't have had the opportunity to take advantage of it right!"

Li Tian hurriedly explained.

Lin Ran couldn't help but laugh at his words.

"You've picked yourself clean, so let me ask you, who sent the herbs in question, there's always a sample left here!"

Lin Ran chided. Earlier, Old Seven had put the shit on his own family, and when it came to this matter, Lin Ran naturally wanted to find out.

Moreover, in the herb market, there were usually some leftover samples, as long as they could be found, they would definitely be able to find out who had sent the herbs that were in trouble at that time.

"There are left samples, I can have someone check it out now!"

Li Tian said busily, while taking out his mobile phone and calling it.

The phone hung up and soon the message came back, Li Tian looked at the feedback and hurriedly said.

"It seems to have been sent by a person called Lao Qi!"

"Lao Qi?"

Lin Ran smiled at that, he had just made a messy hatchet job, but he hadn't thought that it was actually him who had the problem.

"Where's Lao Qi!"

The old village chief at the side heard what he was saying and directly opened his mouth to ask.

"Village Chief, Old Seven has disappeared, he was here just now!"

Someone immediately returned.

The old village chief's face turned blue at this and he shouted directly.

"Go, take someone to Old Seven's house and block it, this scum must be trying to run away!"

"Yes!"

Immediately, there were villagers with their weapons, heading straight for Old Seven's house.

With the villagers' help, Lin Ran was not worried that Old Seven could run away, and turned to look at Li Tian and smiled.

"Now that things are out of the way, let me also interject a word about the price of the herbs"

"Don't worry, the price of the herbs is adjusted back to the original price and I am increasing it by ten percent!"

Before Lin Ran could finish his words, Li Tian added directly.

"Father! You're crazy, a ten percent increase, the herb market won't pay for it!"

Li Yingming instantly became anxious at his words.

Although his father was the manager, he was, frankly speaking, just a part-time worker, and the real owner behind the herb mayor would not pay this extra ten percent!

"Shut up!"

Li Tian coldly shouted, there is anger in his eyes, this son of his own usually do not do anything is just, now also out to find trouble, simply to headache dead.

"Why should we shut up? It's already fine to adjust the original price, why should we pay for the extra ten percent!"

Li Yingming said angrily, although Linwan village is not big, but there are a lot of herbs in the surrounding hills, although the extra 10%, but the whole will have to pay hundreds of thousands of dollars more every year, and all this money has to be paid out of their own pockets, how can he be willing to do it.

"You're still in charge of me, aren't you? I'm not dead yet!"

Li Wei gritted his teeth, he only had one son, and he was spoiled in his daily life, but now he was even fighting with himself.

"I don't mean that!"

Li Yingming hurriedly explained, but Li Tian coldly snorted.

"Then what do you mean? Don't think I don't know, you're not just thinking about the family fortune! I tell you, the old man is willing to give you that is yours, now it is not yours!"

"You!"

Li Yingming's face turned blue with anger at his words, and the hatred in his heart for Lin Ran couldn't help but grow even more.

His only son, who was also the second generation of the rich, was destined to inherit the family fortune in the future, but now that he had to pay hundreds of thousands of dollars more every year, his heart was dripping with blood, so naturally he did not want to agree to this.

"Boss Li, you don't need to be angry, although our Lin Jia Wan is not a big place, it is still a reasonable place, the price can still be restored to the original price, but in the future you will have to personally send someone to pick up the herbs! How about that?"

Lin Ran looked at Li Tian and smiled, an increase of ten percent was hardly painful to the whole village, but if they could come and collect the herbs in person, it would be much more convenient.

It would take at least a day to go out from the mountains and back, and it was also very dangerous to walk at night, so sending someone to pick them up was actually what the villagers wanted the most.

“Yes, yes! No problem at all!”

Li Tian smiled at his words and hurriedly laughed, jokingly hiring a few people still words how much money, this account does not need to be calculated to know how to choose.

“Look at people, then look at you! They are both youths, why are you so useless!”

Li Tian couldn't help but count up Li Yingming who was next to him.

“Me!”

Li Yingming was so angry that his face turned blue and he looked at Lin Ran at the side with hatred in his eyes.

Chapter 250

Lin Ran was laughing and talking with the old village chief at this moment about the follow-up cooperation, and did not notice Li Yingming's face.

The men who had been waiting for a long time saw that Lin Ran was distracted and rushed over, surrounded Li Tian and Li Yingming and prepared to take them away.

However, Li Yingming was so angry that when he saw that Lin Ran was defenceless, he gritted his teeth and ruthlessly rushed towards Lin Ran, then lifted his foot and kicked him in the back.

Lin Ran was next to a falling cliff, if he was hit by this kick, he would have to fall down.

“Lin Ran be careful!”

At the side, Song Nuan saw what was really happening and hurriedly spoke up to warn.

“Ranzi!”

Grandma Lin looked even more anxious and directly fainted.

“Bastard, stop it!”

Li Tian was also shocked at the sight of this, if this caused a human death, not to mention that he was a herb market administrator, even the mayor of the town was afraid that he could not protect his son.

However, at this moment, Li Yingming was burning with anger, so he didn't listen to Li Tian's words and kicked Lin Ran directly in the back.

“I'll kill you today!”

Li Yingming shouted.

However, just as his kick was about to land on Lin Ran's back, Lin Ran violently turned sideways and directly dodged it.

"Ah!"

Li Yingming's foot landed in the air, and his entire body, under the inertia of the impact, rushed straight off the cliff.

"Ying Ming!"

Li Tian was dumbfounded when he saw this scene, his feet went weak and he passed out.

A few punks rushed to the edge of the falling cliff, but the bottom was full of branches and leaves, so there was no way to see what was going on below.

"Grandma!"

Lin Ran didn't have time to pay attention to Li Tian and hurried to his grandmother's side, pinching the latter's human middle, and only sighed in relief when the latter woke up a moment later.

"Ranzi! Are you alright!"

Grandmother Lin woke up and saw Lin Ran, and tears immediately flowed down her eyes.

"I'm fine!"

Lin Ran smiled and wiped away his tears while helping his grandmother up.

"Why aren't you guys going to save the people!"

At this moment, Li Tian was also woken up by his men, and when he saw that Lin Ran, the old village chief and the others hadn't moved, he couldn't help but shout.

He was not from Linwan Village and was not familiar with the place, so he had to count on the help of the people from Linwan Village if he wanted to go down to save them.

"Save what save! This is just a river down here, if you want to save someone just go down the hill and wait!"

Lin Ran glanced at Li Tian and said blandly.

"Huh?"

Li Tian was dumbfounded at his words, he felt that this cliff fall was just a front, the distance of four to five meters was a dark river below, falling down not to mention dying, I'm afraid he wouldn't even be able to get a scratch.

"You!"

Understanding that he had been tricked, Li Wei's face turned green, but at this moment his son was still waiting to be saved, so he had no time for nonsense and greeted his men and rushed out of the village.

Only before he left, he shouted at Lin Ran.

“Kid, you have guts, you wait for me!”

“What’s the matter? Is this a backtracking?”

Lin Ran looked at Li Tian and asked back with a smile.

“Regret? You dare to back out, you wait for me!”

With that, the group of people left the village.

“Ranzi, what should we do, if Li Tian reneges, our village’s medicinal herbs for next year”

The old village chief hurriedly came over and said worriedly.

“Don’t worry, he won’t renege!”

Lin Ran, however, laughed.

“Won’t back out?”

The old village chief was puzzled.

“He, the administrator, will be out of class after today!”

Lin Ran laughed.

“Classes are over?”

The old village headman was even more puzzled, Li Tian had been in the herb market for years, how could he say he was stepping down from his class.

“Ranzi, this is not something to joke about, you can’t mix with the old village chief!”

The old village chief said solemnly.

Lin Ran couldn’t help but laugh at the situation.

“Don’t worry, someone will definitely come to the village tomorrow to look for you!”

“What do you mean?”

The old village chief was getting more and more confused as he listened, and Lin Ran laughed.

“Village Chief, just don’t ask, you’ll find out tomorrow!”

Said Lin Ran, looking at Song Nuan, who smiled faintly at him, followed by taking out his mobile phone and turning around to go back home.

The latter gave him a faint smile and took out his mobile phone, turning back to his home. A person like Li Tian, who was overpowering the people, would not sit idly by, not to mention Lin Ran.

He was not stupid enough to believe in Li Tian’s bullshit. He had been tangling with him for so long before, just to find solid evidence.

As for the rest, it was all left to Song Nuan. As Song's own daughter, she was duty-bound to fight corruption.

Lin Ran took his grandmother back home, while the old village chief took his men to Lao Qi's house. Li Tian was gone, but the matter of the herbs had also been investigated, and the only big thing for the village next was to find Lao Qi and talk about it.

.....

At the foot of the mountain, a river flowed out, the very same river that ran through Lin Jia Wan.

"There it is! Young master is there!"

Li Tian and a group of others had just arrived at the river when they saw Li Yingming lying on a log, shivering from the cold and not daring to move.

"Why don't you go and save him!"

Li Tian hurriedly shouted, although his own son was scum, but after all, he was his own son, at this time, heartache was inevitable.

A group of men rushed directly into the river, fortunately the river was not deep, a group of people moved nimbly and quickly dragged Li Yingming to the shore.

"Father!"

As soon as he reached the shore, Li Yingming couldn't help crying, while hugging Li Tian's thigh, crying and shouting at the same time.

"Kill him! Kill him! I want to kill him!"

"Just give me a break!"

Li Tian was able to slap him directly, instantly dispelling half of the anger in Li Yingming's heart.

"Father! I really thought I was going to die just now, I can't swallow this anger!"

Li Yingming said with a sobbing voice, very resigned.

"You think Laozi can swallow it!"

Li Tian cursed angrily.

After so many years of rampaging through the town, whoever saw him on a regular basis was not respectful and afraid of offending.

But in the past two days, he had been humiliated by Lin Ran, and he had been humiliated to the point of shame, so how could he swallow this anger?

"Father! What shall we do then!"

Li Yingming asked, now his whole mind was on how to take revenge, how to trample Lin Ran under his feet and get out of this bad temper of his.

“Go home first! This kid is not an ordinary person, I have to go back and think about how to deal with him!”

Li Tian said in a cold voice, while greeting the others to set up Li Yingming, and the group of people quickly left Lin Jiawan.

However, when Li Tian and the others had just left Linjiawan and returned to the town, they had not yet reached home.

Li Tian’s mobile phone rang.

When he picked up the phone and took a look at the caller ID, Li Tian’s gloomy face disappeared and was replaced by a flattering smile.

“Mayor, why are you calling me now? What’s wrong?”

Li Tian asked with a smile.

However, an angry middle-aged man’s voice came from the other end of the phone.

“Nonsense, why would I call you if there’s nothing wrong, bring the accountant from your herbal venue and get your ass over to my office now!”

“If you don’t arrive within half an hour, then you won’t have to come and see me in the future!”

“Yes! It’s a bout!”

Li Tian was startled and hurriedly greeted someone to send Li Yingming home, while he himself took a taxi directly towards the mayor’s office and rushed over.
