

Wonder Doctor

Chapter 261

When we got home, it was already noon.

The group had a casual meal and then rushed straight to the clinic in the afternoon to work on the opening of the clinic tomorrow.

They were busy until late afternoon, and only then did they go home to rest.

On the way home, Lin Ran, who rarely had to drive, sat on the passenger side and made a phone call.

“Why is there no answer?”

After calling for a long time, but no one ever answered, Song Nuan couldn't help but ask.

“Hmm! I don't know what this guy has run off to do again!”

Lin Ran nodded his head and said.

“It's alright, maybe he's got business again or maybe not, the fact that you can take the initiative to call him is enough to show that you've put it down!”

Song Nuan laughed.

The person Lin Ran called was none other than Wang Yifeng, but this guy didn't know what he was up to, he had called several times in a row and no one answered.

“This kid always drops the ball when it matters, looks like we won't be able to see this guy at tomorrow's opening ceremony!”

Lin Ran shook his head with a bitter smile.

Seeing this, Song Nuan changed the subject and said.

“I have to go to class tomorrow, I'll go straight to the clinic after class at noon.

“Hmm! I'll drop you off in the morning then, I'll rub a breakfast at school on the way!”

Lin Ran laughed, it had been so long since he had eaten in the school canteen, he really did miss it.

.....

The next morning, Lin Ran drove Song Nuan to school, as he had to use a new car for the opening ceremony, so he drove Song Nuan's car.

There was still a month to go before the winter holidays, and it was close to the New Year, so the number of people inside the school was now gradually increasing.

Lin Ran drove straight into the school and then came to the parking area ready to park his car.

However, just as he found a parking space and was about to park his car in, Song Nuan was the one who said in a hurry.

“Park across the street, don’t park here!”

“What’s wrong?”

Lin Ran was a little surprised at his words, there were parking spaces on both sides, the one he was going to park in was a little closer, while Song Nuan was pointing to a distance that was relatively far away.

“This side is a teacher’s parking space, didn’t you notice that they are all luxury cars!”

Song Nuan reminded.

Lin Ran smiled for a moment and said as he drove the car towards a slightly farther parking space.

“I was a poor loser back in college, how would I know this!”

Song Nuan gave him a blank look and didn’t answer, as they didn’t know each other very well when they were in college.

However, just as the two of them were about to get out of the car, there was a “bang, bang, bang” sound coming from the back glass.

“Who is it?”

Song Nuan frowned at the sound, smashing the glass was too rude.

Turning their heads to look, the two found that another car had stopped behind their own car at some point, or a red Mercedes, the colour was quite stylish, but the style was a bit old, it was only 400,000 to 500,000.

And at that moment, four or five youths were circling back and forth around the butt of their car, seemingly waiting for the two to get down.

“Don’t move, I’ll go down and have a look!”

Lin Ran said, and followed, getting out of the car.

“Kid, don’t have any eyes!”

As soon as he got out of the car, a piercing voice came over, Lin Ran looked up and found that the person who spoke was a bald, bald-headed youth.

He was wearing a loose sports outfit and had a string of somewhat aged strings on his wrist, his whole person looked quite like a classical master, but his words and temperament were very much at odds with each other.

“You’re talking to me?”

Lin Ran looked at the other party and said blandly.

“Nonsense! You’re the only one here, so if I don’t talk to you, I’ll talk to the devil!”

The bald youth said with a disdainful look on his face.

Lin Ran smiled at his words but looked at the few men behind the bald youth and said.

“They’re not people?”

“Hm?”

The bald youth’s face instantly sank, and several of the men behind him took a step forward at the same time, each with an unkind look on their faces.

“Kid, are you fucking itching to get out of your skin? Hurry up and move your car to me.

The bald young man chided in a cold voice.

“Your parking space? Got any proof?”

Lin Ran asked indifferently.

“Evidence? Haha”

The bald-headed youth laughed at his words, and the group of henchmen he was holding laughed along with him.

One of the henchmen, who had long hair and dangling toothpicks, walked straight over, pulled Lin Ran and pointed towards the back, saying.

“See? This is the proof!”

Lin Ran looked and saw that at the far end of the parking space, on an inconspicuous piece of road tooth, there was a line of writing carved into it.

“Rhubarb Parking Space Only!”

Lin Ran read it out and couldn’t help but laugh.

“Rhubarb? Do dogs have exclusive parking spaces now?”

As soon as those words left his mouth, the group of men at the bald young man’s side all couldn’t help but laugh, and only he himself had a grim face and an angry voice.

“What are you laughing at? You want to die, don’t you!”

The group of men immediately suppressed their smiles, and the long-haired youth who had just spoken glared at Lin Ran and angrily explained.

“What rhubarb, that’s a premature yellow, the top one was washed away by the rain the other day!”

“Young yellow? For managing demons?”

Lin Ran asked with a serious face.

“What do you care about demons, I think you’ve got itchy skin!”

On the side, bald Brother Huang couldn’t listen to this anymore and ripped off his belt from his waist and lunged towards Lin Ran.

Seeing this, a group of other men couldn't help but follow suit, and a group of people were raging and ready to make a move.

"Stop! Who are you people!"

Suddenly, a voice came from in front of Lin Ran, and when Huang looked at it, his eyes went straight.

"What's going on?"

Song Nuan asked as she got out of the car and walked next to Lin Ran with a frown.

She had waited left and right in the car, but hadn't seen Lin Ran return, and when she saw Huang draw his belt just now, she hurriedly got out of the car knowing that something was wrong.

"Yo! I go, so there's such a pretty beauty in the car, no wonder she dares to be tough with Laozi!"

Brother Huang licked his lips and looked at Song Nuan with a lecherous expression.

"Brother Huang, if I were to say that such a beautiful beauty should be matched with you, this kid is dirt poor to find a village girl, I guess people are too dirt for him!"

The long-haired man blew touch.

Brother Huang's looked at Song Nuan smugly, licked his lips and laughed.

"Pretty girl, get to know each other? Brother Huang I'm very gentle!"

"Not interested!"

Song Nuan's face was icy cold as she refused outright, then said.

"This is a school, and you don't look like students, so you'd better hurry up and leave, or I'll call out to the security guards!"

"Shout for security? Haha"

Huang smiled and laughed, while looking around, and said.

"Parking lot, this kind of shitty place, you shout security? I'm afraid by the time the security guards arrive, I'll be fucking done too!"

"Haha!"

"Brother Huang is so dominant!"

A group of young brothers behind him laughed and agreed, molesting a beautiful woman at the university was probably the best thing they had ever done in their lives.

"A bunch of stinking rascals!"

Song Nuan's face had turned ugly as she turned around and rushed at Lin Ran.

"In a minute, I don't want to be seeing them!"

With that, she turned around and went straight back to the car.

Lin Ran looked at Song Nuan in amazement, after knowing the latter for so long, I'm afraid this was the first time she had lost such a big temper.

However, since Missy had said so, Lin Ran naturally had no problem with it, turning around with a bland expression and looking at Huang's crowd, he spoke.

"Are you guys going to roll yourselves, or do you want me to do it?"

Chapter 262

"Huh? Haha"

Huang and the others smiled even wider at that.

"Kid, you're fucking alone, are you looking at how many of us there are? If you want to make a name for yourself in front of a beautiful woman, don't be a killjoy either!"

The long-haired henchman laughed smugly.

"If you don't know what you're doing, then don't blame me for being ruthless!"

The young Huang stepped forward and sneered.

"Get lost!"

"Hurry up and be numb!"

A kind of men behind him echoed.

Lin Ran shook his head helplessly at the sight and sighed.

"Looks like we'll just have to do it ourselves."

"Do it? Haha You're fucking killing me with laughter!"

Huang laughed out loud, the beautiful woman herself waited for a minute and hour, and this kid really took it seriously.

"With you, also want to make us disappear? Don't say a minute, I'll give you a day, try and see if you can do it!"

Brother Huang sneered disdainfully.

Lin Ran, however, was already too lazy to bother with him and gently pulled his sleeves up while walking towards Brother Huang.

"Really looking for death!"

Brother Huang sneered and took a few steps back, and immediately seven or eight of his men surged around him, blocking him in front of him while facing towards Lin Ran.

He really didn't care to take action himself against a turd, and if Lin Ran's words hadn't been so infuriating just now, he wouldn't have even ripped off his own belt.

"Kid, take your time! I'm going to go and have a chat with a pretty girl first! Haha"

Brother Huang let out a strange laugh, followed by turning around and walking towards where Song Nuan was.

But just before he took a step, a scream of “ah” came from the crowd in front of him, followed by a figure leaping directly over the many figures behind him and smashing over towards himself.

“What the hell!”

With a muffled “bang”, the black figure landed on the ground and only then did he see clearly that the one flying backwards was actually one of his own men.

“Useless thing!”

With a curse, he continued to walk towards Song Nuan’s place.

But again, he had just taken a step when another scream rang out.

This time, Huang had experience and immediately jumped back, but this time there were enough figures flying out of the way.

He dodged the first one, but not the second one, and was hit square in the face, and the two of them rolled in a ball towards the back.

“You’re all fucking shit-eaters!”

Huang cursed as he pushed his men away from him, pulling out his belt, which he had already put back on, and prepared to do it himself.

However, when he rushed over in anger, his whole body was directly confused.

All seven or eight of his own men were nowhere to be found, as long as the three men who had just smashed into him were still lying on the ground, screaming and shouting.

“Where the fuck is everyone!”

Huang couldn’t help but curse, but no one responded to him at all, only the three men behind him struggled to stand up and hurriedly ran back again.

“Are you looking for them?”

Lin Ran looked at Yao Huang and pointed aside to the opposite side, the latter looked and his whole body went limp.

Only to see that in the place where the other teacher’s special parking space was, in an empty space between two luxury cars, there were seven or eight people lying all over the place, all of them his men.

And all seven or eight of them were still at the very bottom, stacked one on top of the other like a giant giant, neatly and simply excessively.

“You... What have you done to them!”

Yao Huang couldn’t help but gag, saying in fear.

Lin Ran, however, didn't pay any attention to her at all, raising his hand to look at his watch and muttering to himself.

"One minute to go, fifteen seconds to go, that's enough!"

"Enough That's enough"

The premature yellow heard the words in his heart, without saying a word he turned around and ran, while greeting the three men who came behind him.

"Go and stop him!"

The three men had no idea what was happening, and when they saw their boss running back in a hurry, they thought they were outmatched and needed help, so they immediately rushed towards Lin Ran one by one.

But what awaited them was the same fate as the previous few companions, only to see Lin Ran grabbing the collar of the opponent with one hand, and then, with a force of his foot, he directly threw the two men into mid-air, followed by two kicks with a "bang", and they flew towards the distance.

With a thud, they landed at the top of the pile of people.

"Shit, he's not human, this guy is definitely not human!"

Huang stood at a distance and watched the scene, his legs were weak with fear, his legs were shivering without listening to him.

"It's your turn!"

Lin Ran clapped his hands and knocked the dust off, following which he walked towards Brother Huang.

"You... Don't you come over!"

Brother Huang's face was ashen with fear at the sight, and with trembling legs he hurried back to his car, opened the door and got in, before hurriedly locking it.

The panic in his heart dissipated as he hid in his car, and only then did Huang regain his composure.

"Fuck, big but you, I still dislike you to death?"

A thought rose up in his mind, followed by Huang directly firing up the car and ramming it towards Lin Ran with a kick of the accelerator.

"Hm?"

Lin Ran saw this and frowned slightly, following which he turned around and took a few steps back towards his back.

"Trying to run?"

Seeing this, Brother Huang's heart was overjoyed, and his foot slammed on the accelerator and immediately rushed forward.

At least this young man in front of him was not really invincible and fearless, as long as he was afraid then he would have a way to deal with him.

“Let’s see how I play you to death!”

With a cold smile at the corner of his mouth, Huang drove straight to Lin Yet.

Even if a person’s feet were fast, how could they compare to machinery? Besides, he was in a car park, with cars on both sides, and Lin Ran had no room to run.

However, Lin Ran was so skilled that he was not afraid. Just as Huang was about to catch up with him in his car, Lin Ran jerked to a halt and jumped onto the roof of a van or two nearby.

“Stab!”

Huang slammed his brakes to a stop, ready to turn around and continue to look for Lin Ran’s trouble.

But at that moment, an unexpected scene appeared.

Lin Ran, who was on top of the van, jumped down and lifted his foot and kicked Huang’s car directly.

There was a loud “bang” and Brother Huang was dumbfounded.

He was sitting in his car, and he hadn’t stepped on the accelerator, but his car was sliding straight across the road towards the back.

Behind him was the very teachers-only parking area, flanked by luxury cars, with an empty space in the middle, and his car was sliding towards this middle space.

“Boss don’t ah”

When they saw the car sliding over, a group of men inside were confused, if this was hit by Huang’s car, I’m afraid they would have to crash into a pile of mush.

However, what they didn’t expect was that Huang’s car spun around and came to a steady stop between the two luxury cars, but not vertically, but horizontally.

When the car stopped, a group of men looked at it and were all confused, their hair standing on end.

If it wasn’t for the fact that Huang’s car still had two doors to go through, I’m afraid that the group of men inside would really be trapped inside.

Lin Ran looked at the time, it was almost time, smiled at Huang inside the car and said.

“Do a good job and don’t come out, or I wouldn’t mind giving you a ride and getting in there and stacking up too!”

With that, he turned around and walked towards his car.

Chapter 263

“You’re ten seconds too slow this time!”

On the way to the canteen, Song Nuan said with a pout.

Lin Ran smiled helplessly and talked about his hands and said.

“It’s not that I was ten seconds slow, it’s the delay in getting you out of the car!”

The time was just right to settle the group of people in the early yellow, but going to call Song Nuan was delayed by ten seconds.

“You did a good job today, I’ll forgive you!”

Song Nuan laughed, and followed, running into the canteen.

Lin Ran was also helpless, smiling and shaking his head as he followed and also entered the canteen.

The breakfast in the canteen was as delicious as ever, possessing a special taste that could never be eaten outside.

Lin Ran stayed at the school and accompanied Song Nuan to a class, as he was worried that Huang and the others would not give up and come back for revenge.

This action immediately attracted a lot of students to look around, to know that nowadays Lin Ran has long been a celebrity in Tanjiang University, many people may not recognize all the teachers, but almost everyone has heard of Lin Ran’s name.

The class was destined to be apprehensive, and the two of them managed to get out of class and immediately got into the car and rushed to the clinic as if they were thieves.

When they returned, they only saw that his car was still there, but all the people had disappeared.

“Why didn’t his car drive away?”

Song Nuan asked with a difference.

“He this car, unless wait for both sides of the car first to go one, otherwise want to drive away, afraid of the car will pay for the car is not enough to give people repair costs!”

Li Ran said.

“That’s true too!”

Song Nuan couldn’t help but laugh, there were luxury cars in front and behind, trying to get out was as difficult as it was.

....

Driving to the clinic, it was just about noon.

At this time in front of the clinic, a lively stage was set up, a fiery atmosphere detonated, and a beautiful host was saying something on the stage.

The effect of an opening ceremony like this is definitely considered high profile among peers, after all, who would purposely build a stage to perform at the opening of a small clinic.

According to what Luo Qiqi said, the whole opening ceremony, almost nothing Lin Ran, only in the final link there is a speech on the stage, then as long as a symbolic speech, basically even if the work is complete.

When the two of them arrived at the clinic, they couldn't help but feel helpless.

The clinic was full of people at the moment, and since it was officially opened today, the prices and fees were cheaper than usual.

The clinic was not too busy as Li Zheng and Liu Wenjuan were looking after it.

Lin Ran smiled and greeted the two, followed by Song Nuan and went up to the first floor.

.....

By the side of the street, two figures suddenly appeared, both with cold smiles on their faces. If Lin Ran were here, he would have been able to instantly recognise that these two people were none other than Li Long and Liu Shi.

"I say, is your cousin alright or not, why is he still missing!"

Li Long covered the wound on his face and said discontentedly, since yesterday this guy said that his cousin would come, but so far he hadn't even seen a single person.

"What's the hurry, if he said he would come, he will definitely come, there must be something delayed now!"

Liu Shi casually replied, carefully checking the ceremony site, and then said.

"While my cousin hasn't come yet, let's go find some trouble with that kid first, I've thought of a way!"

"What solution?"

Li Long looked at him suspiciously, the incident of being very abused on the court yesterday made him still have a shadow in his heart, if he didn't have a tenth assurance, he would rather wait for Liu Shi's cousin to arrive before acting.

"Look at your wimpy face, how can I be compared to a stupid pig like you, my way is definitely good!"

Said Liu Shi, and moved to Li Long's ear, muttering half a day, not knowing what he said.

The performance of the ceremony continued, but it was also nearing the end when finally the host called out Lin Ran's name and asked him to come up to the stage to speak.

"Go on!"

Song Nuan stood to the side and laughed, Luo Qiqi and Qin Bing both followed at this point and made a cheering gesture at Lin Ran.

Lin Ran looked at the three women and smiled awkwardly before he quickly stepped onto the stage.

"Thank you!"

After receiving the microphone from the hostess, Lin Ran swept his gaze across the entire audience, and under this sweep, he couldn't help but feel a pang of emotion in his heart.

He saw that there was Liu Wenlong, who was also Liu Wenjuan's brother, and Luo Cheng, as well as Li Wansan and Hu Ming, and even colleagues who used to work at the hospital.

Looking at these people, Lin Ran couldn't help but think of his own life in the past six months, it was like filming a TV, in just six months he had already completed a magnificent transformation.

"Many thanks to all my friends!"

Lin Ran rushed to the stage and bowed before continuing was saying.

"My name is Lin Ran, I am actually a student at Tamkang University, I have always had a wish to promote Chinese medicine, after all it is our national treasure, so I opened this clinic, I"

Lin Ran was saying, but suddenly two figures scurried onto the stage, followed by a smaller, very lewd-looking youth, and shouted.

"My friend came to see a doctor yesterday, and look what you have done to him!"

With that, the lewd young man pulled his companion aside and ripped off his shirt, immediately revealing the dense scars on his back, which looked very oozy.

"This How can this be!"

"This can't really be a black shop, right!"

"I don't know, let's take a look first!"

The sudden appearance of these two people caused the surrounding crowd, who were still watching, to have a hint of doubt and couldn't help but doubt the reliability of Lin Ran's shop.

"Seeking death!"

In the crowd, Liu Wenlong's face chilled as he watched, and was about to rush up at once, while Luo Cheng and the others at the side only followed suit and stood up.

But following that, they saw that Lin Ran on the stage was looking towards them and made a gesture of slightly shaking his head, signalling them not to come up.

Seeing this, they only had to suppress the fire in their hearts and do it again.

They all knew clearly in their hearts that the opening ceremony had run into something like this, and unless Lin Ran could sort it out on his own, this would be almost devastating to the clinic.

"What's going to happen now! Why are these two bastards running over here to cause trouble!"

Song Nuan looked at the dramatic change on the field and couldn't help but worry in her heart.

"Bastards!"

Qin Bing's face looked icy cold, if it wasn't for himself, Lin Ran wouldn't have gotten into trouble with Li Long, and it wouldn't have led to this guy running over to the opening ceremony and causing trouble now.

"I'll go with you!"

Luo Qiqi huffed and was about to follow.

Seeing this, Song Nuan hurriedly stopped them both before saying.

"You guys going up now will only make the onlookers think we're weak-minded, so it's better not to go up there and watch Lin Ran himself!"

"Will he be able to do it?"

The two Qin Bing were equally a little worried.

Song Nuan smiled and likewise had no bottom to say.

"Let's see first, he's not an ordinary person after all, he might be able to defuse it on his own!"

.....

On the stage, Lin Ran saw no one rushing up around him and couldn't help but sigh in relief, before turning his head to look at the two people in front of him, Li Long and Liu Shi, and opened his mouth to laugh.

"These two friends, what kind of cure have they become? Could you come over and let me have a look?"

Chapter 264

Hearing Lin Ran's words, Liu Shi immediately laughed loudly.

"That's fine, since we brothers dare to come over here just to expose your true colours, I'd like to see what tricks you can play!"

With that, he pulled Li Long towards Lin Ran, and as he walked in, he immediately lowered his voice and said in as loud a voice as the three could hear.

"Kid, aren't you very wild? Let's see how I'll play you to death today!"

"Yes! Let's see how I play you to death!"

Li Long chimed in again, remembering his embarrassing incident at the school basketball hall yesterday made his face feel hot and humid, so he came here today to get his revenge!

"You want to play, right? Don't be in a hurry, let's take our time!"

The corner of Lin Ran's mouth revealed an evil smile, followed by a hand pulling Li Long down close to him, taking a look at his body injury, and then asked with a smile.

"I don't know you two, which of the wounds on this friend of yours is our clinic looking at?"

The words through the microphone instantly drew everyone's attention.

They were far away, but after all, there were people with good eyes, and immediately someone said suspiciously.

“That’s not right, the wounds on that kid’s body seem to have been scratched, it doesn’t look like the after-effects of the treatment either!”

“I think so!”

“I think so too!”

The crowd kind of chattered.

Liu Shi’s face sank when he heard the chatter from the stage, and followed by opening his mouth to sneer.

“Hold on, it’s true that the wound on my friend’s body was scratched, but it wasn’t because of the medicine you guys prescribed!”

Said Liu Shi as he turned around and looked at the crowd under the stage with an aggrieved face, saying.

“My friend originally had no wound on his body, he went to see the doctor yesterday because his shoulder hurt, but who knew that after the medicine they prescribed was applied, my friend’s entire upper body became itchy and unbearable, and he couldn’t help but scratch this wound himself!”

Liu Shi’s voice was so passionate that for a while he really spoke to quite a few people, all of whom could not help but nod their heads.

“My friend and I came here today to expose this fraudulent clinic, so that more friends won’t fall for the same scam as us!”

Liu Shi continued to fan the flames, while Li Long, who was at the side, saw this and cried out in a very cooperative manner.

“Ouch, my back, it’s itching me to death!”

“Yuanlai is really a fraudulent clinic, ah, I didn’t expect it to be so scary, I even bought medicine from their pharmacy yesterday!”

“That’s right, I would never have gone to their clinic if I had known to kill myself!”

This rendition of the two men, one after the other, really flashed a lot of people for a while, and some even stood up straight away, seemingly ready to go and return the medicine.

Lin Ran saw this and frowned slightly, followed by taking a step forward and spoke.

“Everyone, since they have said so, then I wouldn’t mind seeing them on the spot at that time, but before I do so, I need to make one thing clear to everyone, and that is, the wound on this friend’s body was not caused by too much itching, but was scratched by someone else!”

“You’re nonsense!”

Liu Shi was not prepared to give Lin Ran a chance at all and interjected immediately.

“How could it be that someone else scratched it, if it were you, would you let someone else mess up your own back like this?”

“Exactly! Would you?”

Li Long re-fatted himself and hastily chimed in.

“That makes sense!”

“It does make sense!”

The onlookers under the stage couldn't help but nod their heads one after another at their words, Liu Shi's words were indeed reasonable.

However, Lin Ran looked at them, but smiled, and then said.

“Let's not jump to conclusions yet, just scratch your own backsides to find out who is lying!”

Saying this Lin Ran ripped Li Long around and used his back to face everyone, before pointing at the wound on Li Long's back and saying.

“Everyone please look carefully, the scratches on his back are obviously all from the top down, so you can try it, if you were to scratch yourselves, could you do it on your backs, from the top down?”

“From the top to the bottom?”

“I'll try!”

“I'll try too!”

All the people in the crowd were busy trying it out at the sound of their mouths, and when they tried it, it was just as Lin Ran had said, it was impossible to achieve.

“I... Does it have to be my friend who scratched it himself just because I said he did it? It was so itchy at the time, so there must have been someone else helping too!”

Liu Shi saw this and hurriedly defended himself.

“Right! At that time, it was so itchy that I got some friends to help me scratch it!”

Li Long also hurriedly explained.

“O? Then you just said that only a fool would let someone scratch himself like that!”

Lin Ran looked at the two of them and laughed.

Liu Shi found that he actually had no reason to argue, so he couldn't help but say in annoyance.

“Cut the crap, what we're talking about now is that there's something wrong with your medicine, don't you talk to me about anything else!”

Lin Ran couldn't help but laugh at his words, then but he ignored Liu Shi and looked at the crowd below and said.

“Everyone, just now is just the first proof that they are lying, next, please take out your phones and search the Tamkang University forum!”

“Just yesterday, this Mr. Li Long, because of his ugly performance at the basketball game, was mobbed by many students, which led to the bruises on his body, I believe everyone will completely understand when they see this!”

Lin Ran said with a smile, a group of people all took out their mobile phones and went online to search for him, and under this search someone really exclaimed.

“It really is him, I said why does he look so familiar!”

“It’s true, this guy is really a fraud!”

“I told you he was here to cause trouble, he can open a clinic here and there are so many people supporting him, how can he be a fake?”

Immediately, there were people in the crowd who retorted, while those who said the clinic was a scam before were all afraid to speak at this moment, afraid of being recognized by others.

“You!”

Liu Shi was so angry that his face turned blue, looking at Lin Ran with anger and resentment in his eyes, but he could not find a way to retaliate.

Li Long, on the other hand, was even more ashamed at this point and directly covered his face, being surrounded by so many people at the same time, and people were still checking out the things he had embarrassed himself about yesterday, it was like standing on the street with no clothes on, it made him ashamed.

“Fuck, didn’t you say your solution was seamless, now what!”

Li Long couldn’t hold back any longer and came up next to Liu Shi and drank.

“How the fuck was I supposed to know this kid was such a chicken shit, let’s slip away first!”

Liu Shi said in a low voice, he was really out of tricks, he could only wait for his cousin to arrive and do it the hard way.

However, just as the two men were discussing and preparing to bolt, suddenly Lin Ran was pulling Liu Shi back and said aloud.

“Alright everyone, that friend’s illness has been resolved, so next, I’m going to take a look at this friend!”

“Give me a look?”

Liu Shi was stunned at first when he heard that, and then he cursed out loud.

“You’re the one who’s fucking sick, I’m not sick, so what’s the point of seeing a doctor!”

Lin Ran smiled instead of being angry at his words and asked the crowd on the stage.

“Everyone, take a look, does he want to look sick!”

“Like!”

The crowd below the stage returned in almost unison, which left Liu Shi baffled.

Just how did he know that from the time he got on stage until now, he was indeed acting like he was sick, only mentally ill.

Lin Ran smiled, then looked at Liu Shi and solemnly said.

“Friend, I’m a doctor, I’m not going to lie to you, you’re really sick!”

Chapter 265

“You’re the one who’s fucking sick!”

Liu Shi was so angry that his face turned blue, he had come to look for trouble, and in the end he actually said he was sick, this was simply an insult to him.

“Doctor Lin, you said he’s sick, what kind of sickness is it, how come we can’t see it!”

“Yes! You do tell us!”

“Let’s learn too!”

The crowd gathered on the stage said in succession, the previous analysis of Li Long’s injuries by Lin Ran was so exciting that they all couldn’t help but be a little curious about Lin Ran at this point, wanting to see how he had judged that Liu Shi was sick.

“Since everyone is so interested, then I’ll tell you!”

Lin Ran laughed, following which he pulled Liu Shi over with one hand and squeezed his arm with his body.

“You fucking let go of me, I’m not sick!”

Liu Shi was anxious and jumped to his feet, but he couldn’t break free of Lin Ran’s arm at all.

“Whether or not you’re sick, don’t be anxious yet, I’ll just take a look and find out.”

Lin Ran said calmly.

“You’re the one who’s fucking sick, let go of me!”

Liu Shi cursed, while turning his head to greet Li Long and come over to help.

At that moment, a huge force came, and a painful pain struck his arm, causing Liu Shi to scream “ah” and his face to become slightly distorted.

“Screaming so loudly, and you still say you’re not sick?”

Lin Ran looked at Liu Shi and laughed.

“You’re using so much fucking force, can I not scream!”

Liu Shi said angrily, this was like treating himself like a monkey.

“Is that so? What about now?”

Lin Ran suddenly let go of his hand, Liu Shi stumbled with too much force and fell to the ground with a bang, making stars appear in front of his eyes.

“You”

Liu Shi got up from the ground and pointed at Lin Ran in anger.

However, Lin Ran always had a faint smile on his face and said with a smile.

“Did you feel any difference in your body after this fall?”

“Different, my ass, I’m not sick!”

Liu Shi was so angry that he gritted his teeth and turned around to leave, but just as he took a step, his feet fell into the air and he fell to the ground with a thud.

“What’s going on? My leg! What did you do to my leg!”

Liu Shi hurriedly sat up, covering his left leg, his face full of panic, he actually could not feel the existence of his left leg at this moment.

“Admit now that you’re sick?”

Lin Ran looked at him, his expression bland.

“You It must be you, what the hell did you do to me!”

Liu Shi looked at Lin Ran in anger, trying to stand up but simply unable to sit.

His leg was fine just now, but suddenly it became like this. If he said that Lin Ran didn’t do it, he wouldn’t believe it.

“What can I do to you? Everyone was watching just now, I only touched your shoulder, I didn’t touch your leg at all!”

Lin Ran said with a smile.

“Right! We were all watching!”

“That’s right!”

The crowd on the stage responded, Liu Shi was furious at the situation, but he couldn’t find a reason to refute it, so his heart sank and he said in a cold voice.

“Good! Then you should tell me what is wrong with me, if you can’t tell me today, I definitely won’t let you go!”

Looked at the table, his own cousin should also be arriving soon, Liu Shi also with oh a few points of the bottom.

“Good, then I will talk about it!”

Said Lin Ran, squatting down next to Liu Shi, while looking at him afterwards and asked.

“You always like to sleep on your side right!”

“Hm?”

Liu Shi frowned slightly at his words, looking at Lin Ran and muttering in his heart, he did like to sleep on his side, but how did he know such a small detail?

“Count... Count on you being right, but that doesn't mean I'm sick at all!”

Liu Shi said with a stiff mouth.

“Ao, is that so?”

Lin Ran raised his eyebrows slightly, then laughed.

“Then let me ask you, have you felt weakness in your legs and feet in recent times? Especially after sitting for a long time, this feeling is more obvious!”

“You You”

Liu Shi was really dumbfounded this time, he and Li Long both worked in the job market and apart from certain days when there were job fairs, they mostly sat in the office and were bored.

There were several times when he found himself doing it for a long time, and when he got up, he would feel like he couldn't use his legs, as if they were going to break with the slightest effort.

Thinking of this, Liu Shi could not help but feel his heart tremble and shake a little, could he really be sick?

“You should already have an idea in your own mind, then I won't say any more, you can go now!”

Lin Ran got up and made a gesture of invitation.

Liu Shi at this time but his heart is not bottomed out, plus his legs are still senseless now, he would like to leave, but where can he go at this time?

“No, how can you only say half of what you want to say, you have to tell me what is wrong with me!”

Liu Shi said, believe it or not, he could go back and consider it, but what is this disease, he must find out.

“What? Believe me now?”

Lin Ran laughed.

“Huh!”

There was also a sigh of relief from the stage at this time, just now he was saying that he didn't believe it, but at this time he was taking the initiative to ask people to say it, this face was really quick to change.

“Cut the crap, just hurry up if you want to say it!”

Liu Shi's face was ironic and he said directly.

Lin Ran did not get angry at his words, smiled and said.

“It’s actually nothing serious, it’s just a very common cancer!”

“Cancer Cancer? It’s also common

Liu Shi’s entire person was directly dumbfounded, and his face changed all of a sudden.

“Goo dong!”

Liu Shi couldn’t help but swallow his spit, and his voice trembled a little as he asked.

“That What kind of cancer is that!”

“Bone cancer!”

Lin Ran said.

“Bone cancer?”

Hearing this, Liu Shi’s eyes rolled over and he almost didn’t faint as he busily asked.

“Still... Is there still help?”

“In theory there is, but it’s very difficult to operate! The worst case scenario might require amputation

Lin Ran had just said half of his words when Liu Shi couldn’t carry on anymore, his head tilted and he passed out with a loud “ow”.

“It seems that our patient has a poor mental capacity!”

Lin Ran got up and laughed, while greeting Li Zheng and the others who had been waiting for a long time to carry Liu Shi down for reanimation.

Seeing this, Li Long was busy following him.

Lin Ran smiled helplessly and then had a few words to say, followed by also stepping down from the stage.

Inside the clinic, just after Lin Ran returned, Li Zheng and the others came over, as they didn’t know Liu Shi’s specific condition, they didn’t dare to do anything without permission.

“How is this cancer of his? Does he need to be transferred to a hospital?”

Li Zheng was busy coming up to ask.

“Yes, cancer can’t be cured by our small clinic!”

On the side, Qin Bing also said in a hurry.

Song Nuan, Luo Qiqi and the others also looked anxious, cancer was no joke, if it was not done properly, it could kill people.

Lin Ran looked at them and shook his head and laughed.

“What are you laughing at?”

Song Nuan asked, puzzled.

“Yes, what are you laughing at!”

The crowd at the side couldn't help but ask as well.

Lin Ran looked at them and then said.

“What cancer, there's nothing wrong with him, just now up there was purely to bluff him, just pour a pot of cold water to wake him up!”

“Huh?”

The crowd was stunned at his words and looked at Lin Ran a little speechless.

Qin Bing then even let out a “pfft” and looked at Lin Ran and said.

“I didn't expect you to be so bad, I'm afraid that guy lost half of his life just now because of you!”

“He deserved it, who told him to come here and mess up, that's a good one!”

On the other side, Luo Qiqi pouted and laughed, Lin Ran's approach was quite to her liking.

Chapter 266

“Well, things are all done too, so we'll wake him up later and just kick him out of the line!”

Lin Ran said, following which he was ready to go to the clinic to help.

But at that moment, Liu Wenlong ran in from outside, came to Lin Ran's side, and lowered his voice and said.

“There's a group of people outside, and they seem to be coming from a bad place!”

“Hm?”

Lin Ran frowned slightly at his words, but at this time, there were many people here, so he was not in a position to say much, he smiled at the crowd and followed.

“I'm going out for something, you guys get busy first!”

Saying that, he followed Liu Wenlong and walked out.

Song Nuan and the three women saw the difference, but they didn't say anything more, and hurriedly greeted Li Zheng and the others to start receiving the customers who came to see the doctor and buy medicine, before taking the time to follow them out.

Outside on the street, by now there were far fewer people, and Lin Ran, led by Liu Wenlong, soon reached the opposite side of the clinic.

At this moment, there were two groups of people facing each other here, one of which was brought by Liu Wenlong.

Now that his own sister was working at the clinic, as an older brother he was naturally very concerned.

“That’s them!”

Liu Wenlong said, pointing to a bald youth at the front of the crowd.

Lin Ran followed and looked, and when he saw the other man’s face, he couldn’t help but smile.

“Why is that him?”

“You know him?”

Liu Wenlong asked in surprise.

“I know him, I met him once at school this morning!”

Lin Ran said, while walking towards the crowd, following through the crowd to the front.

“Da Huang!”

Walking out of the crowd, Lin Ran shouted with a smile.

The bald youth was smoking with his head down, and when he heard this greeting, his face immediately sank, and as he looked up, he cursed angrily.

“Which unenlightened thing dares to fucking follow you Master Huang”

A sentence did not finish, when the bald youth raised his head for a moment, the remaining half of the sentence was directly held back into his mouth.

Even his body instinctively took a few steps back until he bumped into the men behind him, which stopped him.

“How How is it you, my cousin... Where’s cousin!”

The young Huang looked at Lin Ran, his voice all felt a bit trembling somehow, the morning’s events were still fresh in his mind, and he was unconsciously a bit scared when he saw Lin Ran.

“Your cousin?”

Lin Ran looked at Yao Huang and said in confusion.

“That’s right, it’s my cousin, Liu Shi!”

Yao Huang said, although he was afraid of Lin Ran, but his cousin had to be saved, when he came just now, he had heard others say that his cousin was inside the clinic.

Originally, he wanted to take his men and kill them straight in to avenge his cousin, but at this moment, seeing Lin Ran, he couldn’t help but have half of this sharpness scattered.

“He, you say, is inside”

Lin Ran returned, but before he could finish these words, there was a shout from behind him.

“Cousin Here, I’m here!”

Following this, Lin Ran saw that Liu Shi and Li Long both rushed out from inside the clinic and came straight to his side.

Li Zheng and the others had just chased them out when they were stopped by the three Song Nuan women, who hadn't come over, knowing that this side was afraid of a fight later.

"Cousin!"

As they spoke, Liu Shi and Li Long had already passed through the crowd and arrived beside Yao Huang.

"Cousin, you're here, you have to do it for me!"

As soon as he ran over, Liu Shi hugged Yao Huang's thigh and cried out.

On the other hand, Li Long even looked at Lin Ran and laughed.

"Kid, you've had your fucking day too, when cousin arrives, I'll fucking see what else you can do!"

"Cousin? Is that your cousin?"

Looking at Li Long, Lin Ran asked with a smile.

"I don't care who the cousin is, it's someone from our side anyway!"

Li Long said smugly.

Seeing this, Liu Shi at the side immediately jumped up and pointed at Lin Ran.

"That's right, this is my cousin, fucking Laozi's cousin is already here, you won't even be able to run away today, even if you kneel down and kowtow to Laozi, Laozi won't even let you go!"

Lin Ran smiled at his words but laughed.

"Why should I run? And even if I run, can you catch up with me? Forget about your cancer?"

"Cancer Cancer"

Hearing these words, Liu Shi's whole body wilted, and as soon as he hugged Liu Shi's thigh again, he cried out.

"Cousin, you have to save me, I've got cancer!"

"Cancer?"

Cousin Huang was shocked at his words and lifted his foot and kicked Liu Shi in the chest, instantly sending the latter flying out with a dog's paw.

"You have fucking cancer, stay away from me!"

said the young yellow with a disgusted face.

Liu Shi did not dare to get angry and hurriedly got up again, and then rushed to the side of Yao Huang, crying.

"Cousin, save me, you must save me!"

“You fucking tell me first, what kind of cancer are you!”

Mao Huang covered his nose and said, jokingly, cancer was not something he wanted to touch easily, in case it infected him, it was no joke.

“It seems to be bone cancer, just sitting is for a long time, when you stand up your legs will go numb!”

Liu Shi hurriedly explained.

The young Huang smiled but frowned slightly, followed by seemingly thinking about something, a moment later slapped his head, followed by a kick on Liu Shi.

“Cousin, why are you hitting me again, he’s the one who said that!”

Liu Shi hurriedly climbed up and pointed at Lin Ran who was on the side.

However, Yao Huang was looking at him and cursed angrily.

“You stupid bastard, these decades have been a fucking waste of time, is it cancer to have numb legs after sitting for a long time, I also have numb fucking legs after sitting for a long time!”

“Huh?”

Liu Shi’s face turned red at his words, and when he turned to look at Lin Ran, he saw that the latter was laughing and immediately understood that he had been tricked.

“Cousin, he fucking tricked me, you have to take out this anger for me!”

Liu Shi said hurriedly.

However, Huang gave him another slap and cursed.

“Take it out on you, you can’t offend Brother Ran!”

“Ran Brother Ran?”

This time not only Liu Shi, even Li Long who was at the side was confused, since when did Lin Ran become Brother Ran?

“Cousin... Cousin, are you kidding, you call him Ran Brother Ran?”

Liu Shi was still a bit in disbelief, his cousin was also considered a number one, he would actually call Lin Ran as brother, this was too much of a stretch.

“Shut up! What the fuck do you know!”

Yao Huang was busy scolding, while still being a little thankful in his heart.

He was glad that he had run into Lin Ran in the morning, if he hadn’t run into him in the morning and foolishly rushed up against him at this moment, I’m afraid that he would have lost even more people at this point.

After all, there were only a few people around at school, but this was on the main road.

“Why don’t you hurry up and apologize to brother Ran!”

Yao Huang scolded.

Liu Shi was still a bit reluctant, but Yao Huang's icy face had no intention of joking at all, so he had no choice but to turn around and rush at Lin Ran.

"I'm sorry!"

"Haha!"

On the side, Liu Wenlong couldn't help but laugh as he watched, he had thought that he would have his own use today, but he didn't expect the other party to be dumbfounded just by seeing Lin Ran himself.

"Brother Lin Ran, admirable!"

Liu Wenlong rushed towards Lin Ran and hugged his fist.

Lin Ran smiled and shook his head, then looked at Yao Huang and said.

"Alright, take your cousin and get lost, from now on come to the university city less often, and don't be unable to move your legs at the sight of a woman, next time you come across a ruthless one, I'm afraid you won't even know how to die!"

"Yes, yes!"

The young Huang nodded his head repeatedly, followed by dragging Liu Shi and turning around to leave.

"Aren't you leaving yet?"

Lin Ran turned to look at Li Long, who was stunned, gulped, followed by turning around and running out in a huff.

However, he had not taken two steps out when he heard a "bang" and slipped and fell on his heels.

Chapter 267

Liu Wenlong left soon afterwards.

Lin Ran looked around and saw that nothing was wrong, so he was also ready to return to the clinic to help.

However, just as he reached the entrance of the clinic, his mobile phone rang. When he picked it up and saw that it was Song Yujiang calling, Lin Ran could not help but frown slightly.

As the saying goes, if there was nothing to do, Song Yujiang must have something to do, otherwise with his busy schedule, he would rarely take the initiative to call himself.

"Uncle Song, are you looking for me?"

When the call was answered, Lin Ran asked directly.

"Lin Ran, it seems that something has happened to Wang Yifeng!"

On the other end of the phone, Song Yujiang said in a low voice.

"Something's happened?"

Lin Ran frowned at his words, how could something happen to this guy for no good reason?

“It’s a long story, it’s like this”

Song Yujiang immediately told Lin Ran the situation, and only then did he understand what had actually happened.

It turned out that after Song Yujiang had told Wang Yifeng all about Lin Ran back then, the former wasn’t too sure about Wang Yifeng’s safety.

After all, what happened back then was too involved, and Wang Yifeng was still just a child similar to Lin Ran, and not even as mentally capable as Lin Ran.

Therefore, Song Yujiang had someone watch Wang Yifeng secretly, so that he would not do anything stupid.

Originally everything was quite normal, apart from the fact that this guy had been going to Wan Ren Shan a bit more often recently, there was nothing unusual about him at other times.

But on the very day Lin Ran and Song Nuan returned from their hometown, which was yesterday, at noon, Wang Yifeng went out and had not returned until now.

When Song Yujiang got this news, he called Lin Ran directly and asked him what there was to do to find Wang Yifeng.

“No wonder this guy doesn’t solve the problem by calling days, and he hasn’t returned even now!”

Lin Ran’s heart suddenly dawned on him and he hurriedly said.

“Uncle Song don’t worry, I’ll go find him personally!”

“Good! I’ll be relieved if you go!”

Song Yujiang nodded his head and hung up the phone after that.

Lin Ran returned to the clinic, said hello to everyone, and then went straight to the neighborhood where Wang Yifeng’s house was located.

Originally, Luo Qiqi wanted to come along, but Lin Ran stopped her, as Wang Yifeng still didn’t know where he was, so if there was any danger, bringing her along would only be bad for her, not good at all.

The car soon arrived at Wang Yifeng’s neighbourhood, and Lin Ran, under the arrangement of Song Yujiang, met the person who had been squatting on Wang Yifeng.

It was a young man younger than himself, dressed in civilian clothes and looking no different from ordinary people.

“Brother Ran!”

The other party was enthusiastic and took the initiative to greet Lin Ran when he saw him.

“Well, what’s your name?”

Lin Ran asked.

“Ah Pao!”

The youth said, while telling Lin Ran the situation, which was roughly the same as what Song Yujiang had said.

“Good, I know, go and guard the hallway, don’t let anyone come near here no matter who comes!”

Lin Ran said.

“Good!”

Ah Bao nodded at his words and followed, going to the hallway to keep watch.

Wang Yifei was not at home, and the door of his house was locked, so Lin Ran had no choice but to cock his lock.

When he arrived at Wang Yiming’s house, Lin Ran couldn’t help but frown slightly. The originally spacious living room was piled with rubbish, many of which were beer bottles.

It was obvious that he had not had a good time in those few days when he first found out what had happened.

Lin Ran rummaged around and found nothing, and finally entered Wang Yifeng’s bedroom.

The whole room was still empty, with only a bed and a cupboard.

With a little inspection, Lin Ran found an envelope on the bed that seemed to have been left for himself on purpose.

Picking up the envelope, Lin Ran took a glance at it and instantly understood that the letter had really been left for himself.

“Brother Lin Ran, if you see this letter, it means that you still consider me a friend, and I’m very happy!”

“Stupid bastard!”

Lin Ran couldn’t help but curse, following which he pulled out the contents of the envelope.

Inside was a neatly folded piece of A4 paper, and when it was opened, there were a few lines scribbled on it.

“When I was sorting through my clothes, I found the remnants of the original family feng shui book!”

“It recorded a place that said there was great opportunity, but equally great danger!”

“In the end, I decided to give it a try, and if I don’t return in twenty-four hours, you don’t have to go looking for me!”

Signed, Wang Yifeng.

“Stupid bastard.”

Lin Ran couldn’t help but curse angrily after reading it, following which he directly grabbed the door and rushed out.

“Brother Ran?”

Seeing Lin Ran come out, Ah Bao hurriedly greeted him.

“The last time you saw Wang Yifei, which direction did he go in?”

Lin Ran asked directly.

“The direction of Wan Ren Mountain!”

Ah Pao said.

Lin Ran nodded and followed, rushing towards the lift while saying.

“Find someone to change the locks on his house, the key is hidden at the door, and find a cleaning lady to clear out the rubbish inside his house!”

After saying that, Lin Ran went straight to the lift.

“Good!”

Ah Bao didn't dare to ask too many questions, after all, he had Song Yujiang's explanation before, and immediately contacted the lock picking company and the cleaning lady as Lin Ran had said.

Lin Ran, on the other hand, rushed all the way towards Wan Ren Shan.

It was 3pm, and when Lin Ran arrived at Wan Ren Mountain, it was already 5pm.

At five o'clock, the tourists on Wan Ren Mountain had already started to descend and very few people went up there.

Lin Ran bypassed the caretaker and prepared to go up the mountain to find Wang Yifeng. This guy's father's grave was on the mountain, and if there were treasures passed down from his ancestors, they must be on the back of the mountain, no surprise.

Lin Ran took advantage of the night to walk up the mountain, but just halfway up, he found a figure stumbling down the mountain.

When he fixed his eyes, he saw that it was Wang Yifeng.

“Ran... Ranzi?”

Seeing Lin Ran, Wang Yifeng was also taken aback, but then the surprise on his face turned into anger as he cursed angrily.

“Bastard! Damn you, you robbed me and still dare to turn into my brother, I'll fucking kill you today even if I have to fight for my life!”

With that, said one drew out his divine Dragon Axe and slashed towards Lin Ran.

Lin Ran noticed that although his axe was very powerful, it did not mobilise a bit of fierce Qi, which surprised him greatly.

According to reason, if he could wield such a heavy axe, he should have at least refined it, but it was a little strange that he hadn't mobilised a single bit of fierce Qi.

After all, he had seen with his own eyes the fierce qi contained in this divine dragon axe in the first place.

As he was thinking, the divine Dragon Axe in Wang Yifei's hand had already struck close to him, and Lin Ran didn't dare to be careless, so he dodged directly with a side-step, while cursing angrily.

"You're fucking crazy, you're even hitting old me!"

"Eh?"

Wang Yifeng was stunned at his words and followed with an angry curse.

"Good you son of a bitch, even my brother's voice is so similar, I have to kill you today!"

With that, Wang Yifeng flipped his palm and came across with his divine Dragon Axe.

Seeing this, Lin Ran knew that this guy must have misunderstood something, and immediately kicked out, landing on Wang Yifei's chest first, and immediately the latter flew backwards.

Wang Yifeng fell to the ground and spat out a mouthful of fresh blood.

"Calm the fuck down, I'm really Lin Ran, I'm back from my hometown!"

Chapter 268

"Rang Ran-chan? You're really Ranzi?"

Wang Yifeng looked at Lin Ran with some complicated eyes, but then the complicated eyes turned into excitement, and then two lines of hot tears flowed down from the corners of his eyes.

"I knew it, you still recognize me as a brother!"

Wang Yifeng excitedly got up from the ground and hugged Lin Ran, just short of a passionate and hot kiss.

"You fucking let go, I don't do fags!"

Lin Ran asked as he pushed Wang Yifei away and followed.

"Why are you getting like this?"

"Ahem!"

Wang Yifeng was pushed by Lin Ran and couldn't help but cough twice, before waving his hand and saying.

"It's a long story, let's talk about it while we go down the mountain, by the way did you bring any water, I'm dying of thirst, Master Wang!"

"Mmm! There's some in the car!"

Lin Ran nodded, then he helped Wang Yifeng and the two of them quickly descended the mountain.

In the process of descending the mountain, Lin Ran then realised that Wang Yifeng's body had multiple broken ribs and even more superficial injuries, there was hardly a piece of good skin on his entire body.

"Let's go to the clinic first!"

Lin Ran drove his car with Wang Yifeng and went straight to the clinic, and only on the way did he learn what this guy had actually gone through in the past few days.

It turned out that two days before Lin Ran left, he was also very stifled in his heart, so he spent the whole day at home drinking sullen wine.

But he was a man of one mind, sometimes he couldn't turn his mind around, but sometimes his mind changed very quickly.

After two days of drinking, he suddenly realised that he couldn't go on like this, and since his father had wronged Lin Ran, he had to do something to pay his debt.

So he began to search for the things his parents had left behind, he went through everything he could find and eventually found the cat in a worn swaddling cloth.

It was his clothes from when he was a child and had been left in a cupboard after his parents were gone, and had never been turned out until then.

Inside the swaddling clothes he found a compartment which, when opened, revealed a very special piece of paper.

After comparing it he found that this piece of paper was actually made of the same material as the secret feng shui booklet he held in his ancestral hands.

He glued the paper to the booklet and sure enough found it was the last page of the contents.

"What's written on it?"

Lin Ran asked.

Wang Yifeng thought carefully for a moment, and then said.

"There are only two sentences on it!"

"The Spirit Mountain returns to the south, and ten thousand reefs are revealed. The sword formation is eight thousand, the edge of one sheath!"

"What does that mean?"

Lin Ran was stunned to hear this, not understanding the meaning of the words.

"I don't know either, but I'm guessing that this might be the address to guide something!"

Wang Yifeng said, then he looked around and saw that he was indeed the only two people in the car, and only then did he lower his voice and say.

"Because in that place, I found a jade flute, and that flute looks just like the sheath of something!"

"What about something?"

Lin Ran asked curiously.

“Ai, it’s a long story, I fought to get that thing and refined all of the divine Dragon Axe, and in the end, I still fought to consume all of the Fury Qi inside, and only then did I bring it out after nine deaths!”

Speaking of this, Wang Yifeng’s face revealed an angry expression as he cursed angrily.

“But just when I had just come out and my body was extremely weak, someone actually fucking sneaked up on me!”

“As a result That thing was snatched away!”

“What?”

Lin Ran was stunned to hear that, but then he was relieved, and somewhat understood why this guy had rushed at himself as soon as we met just now, he was emotionally pissed off.

“It’s alright, although that guy stole my stuff, but he doesn’t know how to use it at all, and he should have come to Temperance City on a mission, so he won’t leave for a while, and I have a feeling he will still come looking for me, when the time comes, I will snatch the stuff back!”

Wang Yifeng said.

“Well, you can call out to me if you need to by then!”

Lin Ran said, this was somehow related to Wang Yifeng’s life and his parents, so naturally he couldn’t miss it.

When they returned to the clinic, it was already close to ten o’clock in the evening, but it was the first day of business today and there were too many customers, causing Li Zheng and the others to remain off duty until now.

Lin Ran brought Wang Yifeng in, greeted the crowd, had Liu Wenjuan dispense some medicine, and then went up to the first floor.

The bone setting was done by Lin Ran himself, during which Wang Yifeng cried out in pain and almost annoyed Liu Wenjuan.

Once the bones were connected, Liu Wenjuan was left to help with the external injuries, while Lin Ran himself took out Wang Yifeng’s booklet on feng shui and studied it.

“Hey, I say what’s so good about that shitty book, if you ask me you might as well”

Wang Yifeng was lying on the bed, and before he could finish his sentence, he screamed out with a painful “ah”.

His face was green with pain and he was too busy saying.

“I say, big sister, be gentle!”

“Who are you calling big sister?”

Liu Wenjuan's face sank at her words, and the force of her hand applying the medicine couldn't help but home a few points.

"Ah! Stop stop stop! I was wrong big Beauty! I'm wrong still can't !!"

Wang Yifeng hurriedly apologized, his heart screaming bitterness.

Liu Wenjuan, on the other hand, did not relent and said.

"If you talk nonsense again, when I stick the needle later, I will stick it twice more!"

"Huh?"

Wang Yifeng was almost fainted from hearing this and said in a hurry.

"Don't don't pretty girl, you're the best, the prettiest, just stick it once later, your fat brother I'm the most afraid of pain!"

"Afraid of pain? Afraid of pain and still got yourself into this state!"

Liu Wenjuan said, very curious in her heart, what had this guy done that he could actually make himself look like this.

Wang Yifeng was already a person who loved to show off, plus Liu Wenjuan was indeed pretty, and seeing that the latter was very interested, he couldn't help but brag about it.

"Hey, it can't be helped, do you think it's easy to be a hero? Is it easy to be someone like me who always appears in the dark and saves thousands of people from dire straits?"

"Then you should tell us how you save us old people!"

Liu Wenjuan laughed.

"I can't tell you this, my profession is too special, I'm afraid I'll scare you!"

Wang Yifeng said, pretending to be mysterious.

Lin Ran, who was looking at the side, couldn't stand it anymore and opened his mouth to laugh.

"Don't listen to his nonsense, he's just a fortune teller, I even saw him say that to another young girl last time!"

"Hey hey! Brat you have to speak"

Wang Yifeng didn't finish his sentence, Liu Wenjuan's hand force was heavy again, anxiously he hurriedly defended.

"Mei... Beauty, really no, I Wang Yifeng is an upright man, how can I talk to another woman, don't... Don't be gentle!"

Wang Yifeng's forehead saw sweat from the pain, but Liu Wenjuan asked with a serious face.

"What? Don't be gentle? Then I'll make it harder!"

He said he was about to make it harder, scaring Wang Yifeng almost did not cry out, hurriedly shouted.

“Don’t, pretty girl, don’t I beg you, I’ll give you a gift!”

Wang Yifeng was really scared, he had never been so scared even if he wanted to catch a ghost.

“Gift what gift?”

Liu Wenjuan smiled and immediately stopped her hand, curiously asked.

“It’s this!”

Wang Yifeng cried and took out a piece of jadeite pendant from his neck and handed it to Liu Wenjuan.

“You’ve already brought it, I don’t want it.”

Liu Wenjuan rejected it outright, and Wang Yifeng saw this and hurriedly shouted.

“Don’t! If you don’t like it, I’ll go and buy you another one tomorrow. I know Jiang Sansi, the owner of that shop, and I’m sure he’ll choose the best one for you!”

“That’s more like it!”

Liu Wenjuan laughed.

On the side, Lin Ran’s face suddenly turned to one side, turned to look at Wang Yifeng and asked.

“Who did you just say? Jiang Sansi? You’ve met him?”

Chapter 269

“What... What’s wrong?”

Seeing that Lin Ran’s face didn’t look right, Wang Yifei’s heart thumped, there was something wrong with knowing a jewellery shop owner?

“Cut the crap, do you know him!”

Lin Ran hurriedly asked.

“Yes... Yeah, before we left again, I deliberately found a jewellery shop to buy a protective jade, I knew him then, his name was Jiang San Si!”

Wang Yifeng said seriously.

“Where is the place?”

Lin Ran asked.

“It’s not far from here, it’s only a twenty minute drive!”

Wang Yifeng said, seeing that Lin Ran’s face didn’t look right, he was busy asking.

“What’s wrong? Is there a problem?”

“Nothing!”

Lin Ran shook his head, followed by doing so again, and then fell silent.

Liu Wenjuan was smart enough to see this and quickly tidied up the wounds on Wang Yifeng's body, following which she got up and went downstairs.

Afterwards, Lin Ran then spoke.

"Jiang Sansi is my uncle!"

"Uncle... Uncle? What the hell?"

Wang Yifeng was dumbfounded, completely unaware of what was going on.

Lin Ran was helpless and told the story of what happened to him back home, and then said.

"There are now two clues to what happened back then, one is the feng shui pamphlet in your hand and that jade flute you found, while the other is my uncle!"

"Then what are we waiting for, let's go straight to your uncle!"

Wang Yifeng said as he sat up busily.

"Where are we going to find it now in the middle of the night?"

Lin Ran gave him a blank look, and then said.

"The main thing for you is to retrieve the jade flute, and at the same time it would be best to catch the one who stole it, he might know something, while on my uncle's side, it can only be used as an aid, after all, only your father knows what the truth of what happened back then really is!"

"That's right!"

Wang Yifeng nodded his head.

Lin Ran looked at him, his eyes a little complicated.

There was actually one thing he hadn't told Wang Yifeng, and that was the matter of the Mermaid Soul Lamp.

The mermaid soul lamp showed that his parents' souls hadn't died, and were perhaps still somewhere, which and might also imply that Wang Yifei's father, perhaps, hadn't died either.

It was just that there was no basis for this matter at all, so Lin Ran did not want to tell him for the time being, so that he would not be unable to accept it for a while and add to his worries.

The next morning, Wang Yifeng's wounds were almost scarred, but he still had to recuperate from his fractures.

However, this guy was so thick-skinned that he dragged Lin Ran to have a bowl of tonic mutton soup and continued to live as if he was fine.

Seeing this, Lin Ran was not polite and let him lead the way, and the two of them rushed towards the jewellery shop.

The jewellery shop that Wang Yifei had mentioned was located on the luxury street not far from the university town, and the people who went in and out of this place were usually the rich and the famous.

When the two of them arrived here, they were just in time for the jewellery shop to open, so they walked straight in.

The shop was small, with only two beautiful waitresses and a young man in managerial attire.

The young man was currently chatting with a customer about something and didn't notice the two of them enter, instead, the beautiful waitress on the side welcomed them.

"The two of you can take a look at whatever you like!"

The beautiful waitress smiled.

"Yes! Good! It's beautiful!"

When Wang Yifeng saw the beautiful woman, he forgot what he was here for, and his eyes stared straight at people, making her pretty face a few shades of red.

"Don't look, business is important!"

Lin Ran slapped him, sobering him up, and said busily.

"Right, right, why didn't Jiang Sansi, who you guys had here yesterday, come today?"

Wang Yifeng asked directly.

The beautiful waitress was stunned at his words and followed with a laugh.

"Sir are you kidding, you are talking about our General Manager Jiang, he usually rarely comes to the shop, I was off yesterday, did General Manager Jiang come?"

"Mr. Jiang? A small shop is still called the General Manager?"

Wang Yifei said with a smile.

The beautiful waitress smiled even more when she heard this.

"Sir, I'm afraid you're mistaken, this shop is only the smallest shop under our General Manager Jiang, you know about the Temperance City Jiang Culture Communication Company, that is our General Manager Jiang's enterprise!"

"Jiang Culture Communication Company?"

Wang Yifeng was instantly baffled at his words, even Lin Ran at the side couldn't help but frown slightly.

He had heard of this company before, it was exactly the back of the first echelon of big enterprises in Tamagawa City, but even so, it was considered a super big company in the whole of Tamagawa City, and few people dared to mess with him.

"Beauty, this friend of mine is friends with your boss Jiang, I wonder if I can inform him?"

Lin Ran interjected, he didn't care about Jiang Sansi's identity, he just wanted to find him.

At first his grandmother had only informed him that his uncle's name was Jiang San Si, as well as his address from many years ago, he hadn't bothered to check, but now that he knew straight away that Jiang San Si had a shop here, he naturally had to try to get it.

"I can't do this, Mr Jiang's contact information, as long as our manager Liu has it, you go and ask him!"

The pretty girl said as she pointed to Manager Liu who was next to her.

"Good!"

Lin Ran smiled and nodded, following which he and Wang Yifeng walked over towards that so-called Manager Liu.

Manager Liu, whose real name was Liu Li, was a total sissy, born like this, but he didn't mind it, instead he liked his different kind of voice.

Lin Ran and Wang Yifeng walked over, took a look at the sign on Liu Li's chest and was just about to speak when they heard Liu Li say in a very girly voice.

"I say fat brother, although this goods of yours is not bad, but it is not worth a hundred thousand, at most, it is only like seventy to eighty thousand, you offer this price, I can not give!"

Next to him, a fat man who spoke throughout Liu Li, smiled at his words and said.

"Manager Liu, you say that, this bracelet of mine, but the top quality seed, the colour is even violet, a few days ago other people offer 100,000 I did not sell, just think you shop big guarantee, so I came to you!"

The fat man had short hair and wore a pair of gold-rimmed glasses, looking civilized and polite, but his demeanor was a bit cunning.

"Fuck me, what kind of bracelet? You want to sell it for 100,000? I bought a pendant for 1,800 yesterday, and I was so distressed!"

Wang Yifeng said, at the same time couldn't help but move over to see what kind of bracelet it was.

"Hey, hey! Don't squeeze, can you afford to pay for it if it breaks!"

The fat man saw this and quickly scolded.

Wang Yifeng gave him a blank look and followed to look at the bracelet, but the more he looked at it, the more he felt something was wrong and turned to Lin Ran and said.

"Ranzi, why does this bracelet look like a fake?"

"O?"

Lin Ran also became interested at his words and went over, and upon this look, he found that the bracelet was really a fake.

Previously, when he and Wang Yifeng went to find Chen Shui'er's father, they had seen some fake things in his shop, and at that time, Lin Ran and Wang Yifeng had talked about it, but he didn't expect this guy to grow up so fast, and this time, he actually recognized it himself.

“That’s right, this is indeed a fake!”

Lin Ran spoke.

Liu Li couldn’t help but look at the two, especially when he saw Lin Ran, he couldn’t help but frown slightly, not knowing what he was thinking.

On the other hand, the fat seller, who was not happy, pushed the two away and chided.

“Hey hey! What the hell! Don’t talk nonsense if you don’t know what you’re talking about, but this is a genuine product, not a fake.

“You’re just a couple of bumpkins, have you ever seen anything so expensive? You’re full of shit, don’t you pay tax for bragging?”

Chapter 270

“Who are you calling a bumpkin!”

Wang Yifei’s face sank, and his gaze glared back with an icy glare.

“Saying you, what’s the matter? Did I say it wrong?”

The fatty wasn’t the least bit intimidated and looked at Wang Yifei and then at Lin Ran, disdainfully saying.

“I’m afraid your entire body is not more than a hundred pieces of clothing, talking to Laozi about jade, are you worthy of it? And to say that Laozi’s things are fake, I really don’t know who gave you guys the confidence!”

Fatty, said turning to look at Liu Li and said in a hard tone.

“Manager Liu, a word, things if you do not want, do not want I will leave here, there are several below want to buy waiting for it!”

“Don’t! Don’t, fat brother, what are you doing, I didn’t say I don’t want it!”

Liu Li hurriedly persuaded, this thing he was a little unsure, just now returned the price is completely to see the other party’s look, but the result is interrupted by Lin Ran two people.

“I say beauty, this kid is obviously a liar, just this thing you also want? I’ve warned you, Master Wang, it’s a fake!”

Wang Yifeng coldly snorted.

Liu Li’s face sank at his words and he said in a cold voice.

“Who are you shouting at, beautiful woman? He is a man, a pure man, pure! Blind, you!”

“Manly man?”

Wang Yifeng was taken aback at his words, his eyes looked Liu Li up and down, and then he slapped his head.

“Oops, sorry sorry sorry, I still thought it was a girl!”

In fact, it was not Wang Yiming’s fault, Liu Li already had a thin voice, plus his skin was very white and his hair was long, at first glance he really looked like a female.

It was only after careful observation that Wang Yiming noticed that the other party had a throat knot, and that the convexity was not convex, that he could see that it was a man.

“I say, Manager Liu, why are there all kinds of idiots in this shop? Hurry up and find someone to blow them out, don’t delay our talk!”

The fat man said impatiently.

“Sorry this is a customer, we can’t kick them out, I’d better find another sales to receive you!”

Liu Li said, and at the same time was ready to go and shout at someone.

“Wait!”

Lin Ran saw this and spoke.

“Manager Liu, we’re looking for you for something, but before we get down to business, I still feel the need to remind you that this friend’s jade bracelet is indeed a fake!”

“You want to fucking die, don’t you!”

The fatty was instantly enraged at his words, standing up directly from his chair and staring at Lin Ran with an unkind gaze, as if he wanted to eat someone.

“What for? Saying your stuff is fake and getting annoyed?”

Wang Yifeng saw this and came over, standing next to Lin Ran with the look of someone who had the guts to try his hand.

Don’t say this guy’s move really worked, he was already stout, and at this moment with a fierce look on his face, he really looked like a total fighter.

“What’s the matter? Two guys bullying me alone, huh?”

The fat guy said indignantly, following up by pointing at the two men.

“Fine! You two have guts, so I’m going to fight with you today, didn’t you say my stuff is fake? Come on, show me the proof, if you can’t, I’ll send you to eat shit today!”

“Proof, right? I’ll give it to you!”

Wang Yifeng also said in a fierce voice, while pulling Lin Ran aside, indicating that Lin Ran should go.

He could act ruthlessly and coolly, but as for evidence, he could only rely on Lin Ran, whose eyesight was not up to it.

Lin Ran understood, stepped forward and said.

“This jadeite is a high quality imitation, it’s hard for the average person to tell!”

“Highly imitated fine art? Then how did you see it?”

On the side, Liu Li asked rhetorically, as Lin Ran was obviously saying that he did not see it.

He had been in this business for six or seven years and asked himself if he had some eyesight, and Lin Ran’s words just now had undoubtedly hit a sore spot with him, making him somewhat unable to accept it.

“Right, then how did you tell? And to say that this is a high quality imitation of mine, do you have any proof!”

“Want proof, huh?”

Lin Ran looked at the fatty with a faint smile tacked onto his face.

“Yes, evidence, if you can fucking find evidence today, I’ll eat shit live to show you!”

Fatty sneered.

“That’s fine!”

Lin Ran smiled at his words and nodded his head, why not agree to such a good thing?

“Kid, don’t get cocky yet, if you can’t find any evidence, then what?”

The fatty tacked on a cold smile and looked at Lin Ran, as if he already had his mind made up and knew that Lin Ran wouldn’t be able to find any evidence at all.

“If you can’t find evidence, then how about having this friend of mine, eating shit live?”

Lin Ran laughed.

“What? I”

Seeing Lin Ran pointing at himself, Wang Yifeng was stunned and was just about to retort, but Lin Ran gagged him with a wave of his hand.

“Yes!”

Next to him, Fatty didn’t even notice this, and when he saw that Wang Yifeng didn’t say anything, he agreed to it by default.

“Then let’s get started! I’m looking forward to your friend running straight to eat shit!”

The fatty sat his ass down on the chair next to him, lit a cigarette for himself and smoked it very leisurely.

Lin Ran shook his head and laughed at this, not bothering to pay him any mind, and turned to Liu Li and said.

“I need some one hand points, and a few genuine bracelets from your place! To do a comparison!”

Lin Ran said.

“Yes!”

Liu Li didn't hesitate and agreed straight away, he also wanted to see what Lin Ran was really capable of. Moreover, whether this bracelet was genuine or not was also directly related to his previous judgement of whether it was right or wrong, so he was naturally very interested in it.

The things he wanted were quickly brought to him, followed by Liu Li who also sat aside, waiting quietly for Lin Ran to produce the evidence.

Lin Ran saw this and smiled slightly, following which he handed the torch to Wang Yifeng, followed by himself picking up the two genuine bracelets and placing them in front of the torch.

"Turn on the lights!"

With a greeting from Lin Ran, Wang Yifeng instantly turned on the flashlight.

The torch was one of those special emerald torches, and as soon as the light was switched on, a to beam of light shone on it.

Following the illuminated area, two very obvious bright lights appeared, and the situation inside was clear to see.

"Is this it? I've just looked at it for no less than ten minutes!"

Liu Li said disdainfully when he saw this, he had been looking at the bracelet from the time he got it from Fatty, there was no way to tell if it was real or fake with such a method.

"I'm just letting you see what it really looks like!"

Lin Ran laughed, saying that he put the two bracelets back, and then picked up the one given by Fatty.

"Now this is the one!"

Said Lin Ran, turning around and taking the torch from Wang Yifei's hand, while adjusting it before turning on the light and shining it up.

Again, once the light hit, an area was instantly illuminated, but the situation inside was no different from the two before.

"Where's the evidence, kid?"

The fat man asked with a smug look on his face as he held his cigarette.

"If you can't get the evidence, your friend will have to eat shit live!"

"Don't worry, the evidence will come later!"

Lin Ran laughed confidently.

"Later? How long is later? I have a business to run!"

Liu Li also said with some impatience, not being able to produce evidence for a while had already made him somewhat distrustful of Lin Ran, thinking that he was just clamouring to be a fraud.

However, Lin Ran was unconcerned, looking at the two of them with a faint smile and following up with.

“The evidence is already here!”

As the words fell, I saw that the bracelet in Lin Ran’s hand actually did change, and the area that was illuminated by the light actually began to slowly squirm.

Following the delicate jade bracelet, it actually became soft and floppy, and even from the place where it was illuminated by the light, it directly tore open towards the two sides, and soon a tiny slit appeared on it.
