

Wonder Doctor

Chapter 281

“What? Is it strange?”

Lin Ran looked at Wang Mang with an indifferent expression.

But it was this bland expression that, when placed in Wang Meng’s eyes, made him feel unusually uncomfortable.

Even if Lin Ran scolded him twice in anger at this moment, saying that he would give him a few slaps, it would still be more real than this kind of blandness that baffled him.

The more such a bland expression he wore, the more he was at a loss for words.

“What bullshit gold card!”

To the side, Zeng Ye Liang frowned and followed, walking over and snatching the card out of Wang Meng’s hand with one hand.

But following that, Zeng Ye Liang’s whole person was also stunned, as the young master of the Zeng Clan, he had seen this card in front of him several times, and each time, all the people who held the card were of illustrious background.

And he also knew what this kind of card represented, it was the supreme gold card issued by the leading company in the entire Temperance City, the Luo’s.

“Have you seen enough?”

Lin Ran looked at Zeng Ye Liang with a faint smile on his face.

“Look Seen enough Enough!”

Zeng Ye Liang’s voice trembled at this point, and he hurriedly returned the card to Lin Ran respectfully.

“Are there any questions now, Manager Wang Meng!”

Lin Ran took the card and turned his head to look at Wang Meng, asking with a smirk.

“No No more questions, that you continue with your meal, I have things to do so I’ll leave now!”

He said Wang Meng turned around and was about to leave, however, just as he took a step, he was yanked back by Lin Ran.

“Did I tell you to leave?”

“..... No no!”

Wang Mang’s voice trembled a little as he tensed up.

Lin Ran looked at him, raised the Supreme Gold Card in his hand and said.

“Is this member of mine as high as his rank?”

“Huh?”

Wang Mang was stunned, followed by a succession of nods as he said.

“Yes This one of yours is the highest!”

“The highest? Fine, then I now demand that you blast him out of my sight!”

Lin Ran said and looked to the side at Zeng Ye Liang, who saw this with a bitter look on his face, but he didn't dare to say anything.

To be able to hold such a card was enough to show how dignified Lin Ran's status was, and this card alone was not something he could offend, after all, there was a Luo family behind this.

And at this moment, he no longer dared to see Lin Ran as a poorly dressed dirtbag at all.

“Good! Good!”

Wang Mang nodded his head hurriedly at his words, followed by turning around and greeting the security guards, ready to drive Zeng Yeliang away.

Seeing this, Zeng Yeliang hurriedly shouted.

“Wang Mang, I am a member of this place, don't you dare!”

“Mr. Zeng, don't talk tough, their cards are much higher than yours, it's more like your father came!”

Wang Mang also had a bitter look on his face, it wouldn't do him any good to offend either of these two masters, but at this moment Lin Ran was standing right behind him, how could he dare to disobey!

“Wang Mang! You wait for me!”

In the end, Zeng Ye Liang was still invited out even by Wang Mang with a group of security guards.

Seeing this scene, Wang Yifeng couldn't help but slap his leg and shout.

“What the hell, how dare you fight with me, I didn't even make a move and got out myself!”

“Alright, stop fooling around!”

Lin Ran said helplessly, following which he prepared to greet the crowd back.

On the other hand, Jiang Yi Yi was looking at Lin Ran with slightly raised eyebrows and asked.

“How did you get the Luo's Supreme Gold Card?”

“Er It's a long story, why don't we talk more about it later?”

Lin Ran said awkwardly.

“Fine! You're still staying home for dinner tonight anyway, so I'll have plenty of time to ask nicely!”

Jiang Yi Yi said smugly, but Lin Ran smiled with a bitter look on his face.

As the saying goes, if you're not afraid of thieves, you're afraid of thieves, but this feeling of being missed by a beautiful woman was just as unpleasant.

.....

"The first thing you need to do is to get a good idea of what you're doing. If I don't take this out, they won't be called Zeng Ye Liang!"

Outside the hotel, Zeng Ye Liang cursed as he walked, as the son of the Zeng family, the future successor of the Zeng family, he was actually bullied by two bastards, how could he swallow this anger.

With anger in his heart, there happened to be a rubbish bin on the side of the road and Zeng Ye Liang kicked it.

But I don't know which of them had put a stone in it, so with this kick, the bin didn't fly, but Zeng Ye Liang's foot swelled up.

"Damn it!"

Zeng Ye Liang cursed angrily in his heart.

"Yo! If it isn't Young Master Zeng Ye Liang, what's the matter, taking it out on a bin, the sun is really coming out of the west!"

Suddenly, a voice came from the side, followed by the figure of a young man who appeared next to Zeng Ye Liang.

"Who the hell is this ungrateful thing that dares to"

Zeng Ye Liang cursed angrily, but this just raised his head, saw the other party's face, immediately the mouth of the angry curses swallowed back alive.

"Jiang Jiang Linshan!"

Zeng Ye Liang voice trembling said.

That's right the one who appeared in front of him was none other than Jiang Yiyi's own brother, Jiang Linshan.

"What's wrong, your skin is itching again!"

Jiang Linshan was big and thick, with a body full of tendon meat, and he was a practitioner.

After all, it was impossible for the family to step in to solve this kind of matter, so if they couldn't beat him, they could only blame themselves for being inferior to others.

"Jiang Linshan, I have no time for you today, get out of my way!"

Zeng Ye Liang said with a cold face.

He had just been taught a lesson by Jiang Yi Yi's men, and then he ran into Jiang Lin Shan, this was simply bad luck.

"Get out of the way? Fine, tell me who you're angry with?"

Jiang Linshan teased, he loved to see Zeng Ye Liang make a fool of himself.

“You!”

Zeng Ye Liang was so angry that his face turned blue, but an idea soon popped into his head, and he immediately sneered.

“Jiang Linshan, I know you look down on me, but don’t be complacent, I can’t marry your sister, and your sister can’t marry into a good family either!”

“What did you say?”

Jiang Linshan’s face turned gloomy when he heard that, he loved his sister very much, before Zeng Ye Liang tried every possible way to marry his sister, he did not even agree.

Unexpectedly, at this moment, Zeng Ye Liang was saying these words.

“Very surprised? I’m not afraid to tell you that your sister has found a bumpkin as her boyfriend, I’m laughing my ass off!”

Zeng Ye Liang laughed.

Jiang Linshan, however, was already on fire, pulling Zeng Yeliang over, looking at him with an icy gaze, and said in a cold voice.

“Tell me what’s going on, if you don’t tell me, I’ll rip your head off and kick it like a ball today!”

Zeng Yeliang was ready to provoke this, so he heard what happened at the hotel, but of course he would not say anything about being hit in the face.

After saying that, Zeng Ye Liang looked at Jiang Lin Shan and sneered.

“I think they are already open at the hotel now, if you are quick you should still be in time!”

“Bastard! You dare to lie to Laozi, I’ll get you killed!”

Jiang Linshan cursed angrily and followed, rushing towards the hotel.

“Dog bites dog, I’ll sit and wait to watch the fun!”

Watching Jiang Linshan’s back as he left, a grim smile appeared on Zeng Ye Liang’s face.

“Ding Ding Ding.”

Suddenly, Zeng Ye Liang’s mobile phone rang, picking it up and seeing that it was his own man, Ah Kui, calling, he immediately picked up the phone.

“Brother Wolf, I’ve been beaten up!”

“Beaten up?”

Zeng Ye Liang frowned slightly at his words and asked drily.

“Who beat you up?”

“A relative of the Jiang family, it seems to be Jiang Sansi’s own nephew!”

On the other end of the phone, Ah Kui cried out in aggravation.

Zeng Ye Liang smiled but frowned slightly, Jiang San Si’s own nephew, wasn’t that Jiang Yi Yi’s cousin?

“It’s really a fucking injustice, just being gone by Jiang Yi Yi’s boyfriend, and then a cousin of Jiang Yi Yi pops up, it’s really a rush!”

Thinking of this, Zeng Ye Liang said in a cold voice.

“I know, call out all the brothers, bring along your weapons, we’ll go and take revenge later!”

Chapter 282

In the evening, the Jiang family compound was bustling with activity as Jiang Sansi, as well as Jiang Yi Yi and Lin Ran Wang Yifeng sat together in the courtyard, while in front of them was an eight immortal table with all kinds of delicious dishes on it.

“Is the scale of this surprising to you?”

Jiang Sansi lifted a fine wine and looked at Lin Ran with a smile.

Lin Ran smiled lightly and similarly lifted his wine and clinked it with Jiang San Si, saying.

“It is indeed quite unexpected, but I like it a lot!”

“O? And why is that?”

Jiang San Si asked with a smile on his face.

“Courtesy to, without being formal. The intention is full, without being too flashy. It makes me feel at home!”

“Haha!”

Jiang Sansi laughed brightly at his words, nodded after him, and together with Lin Ran, they drank the wine in their hands in one go.

“It’s good that you like it, I purposely had it arranged like this to make you feel like this is home, not a hotel!”

Jiang Sansi said with a smile.

Lin Ran nodded at his words, he understood Jiang Sansi’s intentions in his heart.

Although they were uncle and nephew, they hadn’t lived together for more than twenty years after all, and they hadn’t even seen each other, so the kinship between the two needed to be cultivated slowly.

“Where’s your brother? Why isn’t he back yet!”

Jiang Sansi said turning his head to look at Jiang Yi Yi and asked.

“How should I know, he’s not home every day!”

Jiang Yi Yi said helplessly, her brother was good at everything and treated her well, but he was just too playful and was often not at home.

“This child, really is too”

The first thing you need to do is to get a good idea of what you are getting into.

Then came the voice of a young man.

“Jiang Yi Yi, come out! Who the hell is he!”

As he spoke, Jiang Linshan had walked into the courtyard, and when he saw a table of four people, he was first stunned, and then his gaze fell on Lin Ran and Wang Yifeng.

According to what Zeng Ye Liang had said earlier, his sister had found a rustic, and at this moment, weren't these two people in front of him dressed in this exact outfit?

“Lin Shan, what are you yelling at! What decency!”

Jiang Sansi frowned and scolded.

“Father, don't mind, I'm looking for Yi Yi!”

Jiang Linshan said busily, following up by looking at Jiang Yi Yi and questioning him.

“Isn't it him?”

Jiang Linshan pointed at Lin Ran with disappointment in his eyes, he doted on this younger sister of his, and his own sister was also pretty looking.

Originally, he had hoped that his sister would marry someone who was a good match for her family and who was capable, but to think that she had actually found a poor man and had shamelessly run into their family, this was simply riding on his Jiang Linshan's neck to shit and piss.

“What isn't he? Brother, what are you mad about?”

Jiang Yi Yi asked with a bewildered look on her face as she stood up.

“I'm mad? I know all about it!”

Jiang Linshan said angrily.

“What do you know?”

Jiang Yi Yi was even more confused as to what was going on here.

Seeing that Jiang Yi Yi refused to speak straight, Jiang Lin Shan came directly in front of Lin Ran, pointing at the latter's nose and scolding him.

“Kid, if you're a bandit, get up with me and fight me one on one!”

Lin Ran smelled no nonsense and stood up directly, although he didn't know why this guy was looking for trouble as soon as he met him, he wouldn't be afraid if things really came to him.

“Bastard! Do you know who he is!”

Jiang Sansi chided, Jiang Linshan hadn't come back all day today, he hadn't had the chance to introduce Lin Ran even though he wanted to, and now when he came back he was still looking for trouble straight away, it simply didn't piss him off.

"Of course I know who he is!"

Jiang Linshan said back in a cold voice, following which he punched Lin Ran towards his face without saying a word.

He had loved martial arts since he was a child, and had even studied sparring for years after he grew up, and this punch, both in terms of strength and speed, was already perfect.

Moreover, he was stout, if this punch hit, with a body as thin as Lin Ran's, I was afraid that he would be seriously injured even if he didn't die.

"Stop it!"

Jiang Sansi looked frightened and hurriedly chided.

"Brother! You're crazy!"

Jiang Yi Yi was equally surprised, while on the side, Wang Yifeng had already copied the bench and lunged straight over.

But in this lightning flash, Lin Ran slowly raised his hand and slapped his palm on Jiang Linshan's fist.

The palm of his hand met his fist, one soft and one strong, and the situation that should have been one-sided was actually blocked by Lin Ran in an instant.

The palm pushed Jiang Linshan's fist away, and then Lin Ran took a step directly against the bend of his opponent's leg, and then his elbow lashed out.

With a muffled "bang", Jiang Linshan flew backwards and landed heavily on the ground.

Fortunately, Lin Ran had only used 30% of his force, otherwise this fall would have broken at least a few bones.

"You!"

Jiang Linshan climbed up from the ground, feeling that the bones in his whole body were hurting to a critical point, even if Lin Ran used a little more force, he was afraid that he wouldn't be able to carry it.

"Who the hell are you!"

Jiang Linshan looked at Lin Ran, his eyes wary.

"Who is he? He's your big..."

To the side, Wang Yifeng was stopped by Lin Ran before he could utter a single curse.

"Lin Ran!"

Lin Ran said.

“Brother, what the hell are you doing, he’s aunt’s son, our cousin!”

Jiang Yi Yi said hurriedly from the side.

“Auntie’s son? Cousin?”

Jiang Linshan was so dumbfounded that he couldn’t even speak a little at this point.

“Who else do you think it is!”

Jiang Sansi scolded.

“I

Jiang Linshan was at a loss for words.

“Even if you don’t know each other, can you do it as soon as you meet?”

Jiang Sansi chided.

Only then did Jiang Linshan remember to add Ye Liang, and he was busy telling what had just happened, and finally said with some embarrassment.

“I thought he was the boyfriend Yi Yi had made

“His words you also believe!”

Jiang Yi Yi was speechless for a while, and Jiang Sansi also gave him a hateful look before saying.

“Don’t apologize to your cousin yet!”

“I’m sorry, cousin Cousin, I really didn’t mean it!”

Jiang Linshan said with some bad intentions.

Lin Ran smiled and shook his head, indicating that it was fine.

This made Jiang Linshan even more a little embarrassed and busily poured a glass of wine, laughing awkwardly.

“As the saying goes, if you don’t fight, you don’t know each other, I’m really convinced by that move just now, cousin, you’re the first one in so many years who can block my move and fight back!”

“What kind of three-legged kung fu, how dare you show it off, you really don’t mind losing face!”

Jiang Sansi said in a cold voice.

Lin Ran and Jiang Lin Shan were both stunned at their words, but then they looked at each other and both laughed.

After all, they were all family, and the awkward anger melted away with a few glasses of watery wine.

The atmosphere was slowly enlivened as the people ate and chatted.

After a full meal, Jiang Sansi looked at Jiang Linshan and asked in a deep voice.

“How was it today, how much did you hit your eyes on!”

Hearing these words, Lin Ran and the others couldn't help but look at Jiang Linshan, curious about what had hit the eye.

Seeing this, Jiang Linshan scratched his head somewhat embarrassedly, before taking a cloth bag out of his pocket and placing it on the table.

“Seventeen pieces, but it's already a lot better than yesterday!”

Jiang Linshan said, somewhat embarrassed.

Chapter 283

“What is it seventeen pieces?”

Looking at the heavy bag, Wang Yifeng asked curiously.

“Jadeite!”

Jiang Linshan said, embarrassed.

The Jiang family had started off with jadeite, so they had been running the jadeite business for generations, and Jiang Linshan, as the successor of the Jiang family, naturally had to cultivate the ability to firm up jadeite, and these seventeen eye-catching products were the results he had gotten from going round for a day today.

“Take them out and have a look!”

Jiang Sansi said in a deep voice, and Jiang Linshan had no choice but to take the items out.

Seventeen items were already considered a large number, and they took up a large area on the table.

Lin Ran picked one of them up and looked at it, and before he could say anything, Wang Yifeng, who was on the side, was the first to speak up.

“Hey hey, how come this thing seems to be the same as the one we saw this morning!”

“The same as the one we saw this morning?”

Jiang Sansi and Jiang Linshan all looked over at the words, with a puzzled look in their eyes.

“The shop we went to first in the morning to look for you ran into a guy who went to buy a bracelet, and he had almost the same things as these!”

Lin Ran said, while picking up one of the jadeite pendants and following it on the table.

And then he only saw his palm and called his sword finger and pointed at the pendant, and soon the surface of the emerald pendant began to swell and gradually melted.

“This This

Seeing this scene, all three of Jiang Sansi were confused, he and Jiang Yi Yi were surprised because of the huge change in this emerald.

Jiang Linshan, on the other hand, was stunned by the power of Lin Ran's finger.

"Is this a fucking human being that can do that?"

Jiang Linshan couldn't help but gulp.

"This is the breath of the Feng Shui line, don't be too surprised!"

Lin Ran explained with a smile, then he looked at Jiang San Si and said.

"I didn't think it was a big deal when one appeared originally, but now that seventeen have appeared here, I think these people might have some kind of conspiracy behind them."

"Or maybe they actually have a gang that specialises in making these fake things!"

Lin Ran Dao said.

"A professional gang?"

Jiang Sansi frowned at his words, while Jiang Linshan hurriedly asked.

"Which is there any way to catch them!?"

"Unless we can catch them on the spot and follow those who come to sell them down the tengu!"

Lin Ran said, but followed by a sigh as he said.

"But there's still not much hope, these people dare to ship large quantities so blatantly, so they're obviously on guard."

"Let's put this matter aside for the time being, I'll go back and find my connections and ask!"

Jiang Sansi said, although this was the first time he had encountered this kind of thing, but after all, he was an old man, so he was not afraid.

"During this period of time, the amount of goods you buy will be reduced for the time being, meanwhile you can go to the shop and keep an eye on it!"

Jiang Sansi said.

Jiang Linshan smiled and nodded his head.

Lin Ran saw that this was already a family matter and that he could not help much, so he got up and prepared to say goodbye.

Jiang Sansi wanted to stay overnight, but Lin Ran refused.

It was getting late, so Jiang Sansi finally gave in to Lin Ran's insistence, but was kind enough to find a driver to take them back, as both of them had been drinking at night after all.

The driver's name was Uncle Liu, an experienced driver, and he sped off in his car and was soon out of the neighbourhood.

But what they didn't notice was that just as the car was pulling out of the neighbourhood, two vans followed behind them.

The car sped along and soon arrived at a relatively isolated area of an abandoned factory.

At that moment, the two vans behind them accelerated frantically and rushed directly towards the car Lin Ran and his team were in.

“No good, someone is following us!”

Uncle Liu, the driver, noticed that something was wrong and hurriedly said.

Lin Ran came the two were sitting in the back row, and when they heard this, they hurriedly turned their heads to look, and when they saw Ah Kui as well as Zeng Ye Liang in the car behind them through the front windscreen, they couldn't help but both laugh.

“Uncle Liu, pull over.”

Lin Ran said calmly.

“Stop the car? The other side has come with two cars, I'm afraid there are quite a few of them!”

Uncle Liu was busy reminding him that he had experienced a lot of this kind of thing, and that it was never wise to stop at this point.

“It's okay, stop if you want to, just this bunch of grandsons behind me, I can do a few of them!”

Wang Yifeng said disdainfully.

When Uncle Liu saw this, he was not in a position to say much and quickly stopped the car next to him.

As soon as they stopped, the two vans behind them quickly caught up, followed by a large group of people pouring out of the car, each carrying a weapon in their hands, fierce and fierce.

“Get down!”

“Get down!”

A group of people holding guy things kept beating on the car while shouting.

Inside the car, the driver, Uncle Liu, saw the battle and turned blue with fear, and was busy saying.

“We'd better not go down there, I'll call the proprietor right now!”

With that, Uncle Liu took out his mobile phone and prepared to call Jiang Sansi.

Seeing this, Wang Yifeng laughed and said.

“What phone call, this is at least half an hour away from your Jiang's house, what's the saying, you can't quench your thirst with saliva, silly you!”

“It's far water that can't quench your thirst, don't talk nonsense if you don't understand?”

Lin Ran said helplessly, followed by turning around to advise Uncle Liu.

“Uncle Liu, take it easy, I'll just go down with him, don't go out in the car!”

“Hey, hey!”

Uncle Liu was an honest man, he hurriedly nodded, at this time when life and death was at stake, he would not be polite with Lin Ran.

“Let’s go!”

Lin Ran greeted Wang Yifeng and followed the two of them straight out of the car.

Outside, a large group of people surrounded the car in three layers, and at first glance, there were no less than two dozen people.

Only four or five people in bodyguard uniforms were hiding at the end, and in the middle of them were Ah Kui and Zeng Ye Liang.

“You two, what a coincidence, how come you miss us two brothers again so soon?”

Lin Ran looked at the two men and smiled blandly.

“Brother Wolf, that’s him, that’s the kid!”

Seeing Lin Ran, Ah Kui hurriedly said.

“He beat you up? Isn’t he fucking Jiang Yi Yi’s boyfriend? Since when did he become her cousin!”

Zeng Ye Liang asked with a tight frown.

“No, he’s indeed Jiang Yi Yi’s cousin!”

Ah Kui also said with a confused look on his face, he was at the hotel this afternoon and heard this guy say he was her cousin!

“Did I make a mistake?”

Zeng Ye Liang couldn’t help but feel a pang of suspicion in his heart, when he was at the Samsung Hotel, he indeed had no evidence to prove that the two were a couple, and even Jiang Yi Yi hadn’t admitted it herself.

At that time, it was only because this girl was too close to the other party that he was furious so he didn’t question clearly.

Thinking of this, Zeng Ye Liang couldn’t help but have his heart sink, followed quickly by his face returning to calm as he raised his head and said in a cold voice.

“Whatever the relationship between him and Jiang Yi Yi is, after offending me, even if the king of heaven comes today, I have to take this anger!”

“Yes! We must take this out!”

Ah Kui also echoed his words.

What he cared about was how to deal with the other party later, so that he could take his anger out.

Zeng Ye Liang looked at the two Lin Ran with a disdainful smile tackled on his face, then pointed to a water diversion canal next to the factory and sneered.

“Any last words, just say them, I’m afraid that after tonight, you’ll have to be in the canal next to it, feeding the fish!”

Chapter 284

“Kid, the king sees that you have forgotten the pain after getting well, it’s only been a few fucking hours, why is your ass itching again?”

Wang Yifeng looked at Zeng Ye Liang with disdain and sneered.

“Damn fatty, you still dare to talk tough with me, later you can even kneel down in front of me and beg me, I won’t even let you go!”

Zeng Ye Liang gritted his teeth and said.

It wasn’t the former that pissed him off the most about Lin Ran’s two men, but this Wang Yifeng, it was because he had been bumped by this guy at the hotel that he had made a fool of himself in front of so many people.

“Kneel down and beg you? I think it’s more like you begging me in turn!”

Wang Yifeng sneered.

“You fucking”

Zeng Ye Liang still wanted to retort, but he was pulled by A Kui who was on the side.

“What the fuck are you pulling me for!”

Zeng Ye Liang broke away, while cursing.

“Brother Wolf, what’s the point of talking to them? There are so many of us, let’s just go up there and beat them up, and then we’ll torture them!”

Ah Kui said with a wink.

He said, “I think it’s a good idea, so I patted Ah Kui’s shoulder and laughed.

“Not bad, you’ve grown up in your head in a few days! Fine! You take the men over there and beat them up, but don’t kill them, I’ll have to do it myself later!”

“Don’t worry, Brother Wolf, I’ll take care of it!”

Ah Kui promised with a pat on his chest.

“Brothers, come with me and give these two unscrupulous bastards a good beating, then Brother Wolf will treat us to a fun night out at a rich man’s house!”

“Yes!”

“Brother Wolf is awesome!”

“Brother Wolf is powerful!”

When they heard Ah Kui's words, all the gangsters shouted out excitedly, especially when they heard the word "rich family's house", all the various slender figures they hadn't seen for a long time came to their mind.

"Go!"

As Ah Kui's rebuke fell, a group of people rushed towards Lin Ran and the two of them as if they had been hit by chicken blood.

Lin Ran and Wang Yifeng were at this moment as if nothing had happened, not the least bit alarmed by the large number of people on the other side, but instead with a bemused look on their faces.

"Playing around?"

Suddenly, Wang Yifeng came over and looked at Lin Ran and laughed.

"How can I play?"

Lin Ran asked rhetorically, the same cold smile tackled on his face.

"A competition to see who takes down the most!"

Wang Yifeng licked his lips and laughed.

"That's fine!"

Lin Jean nodded his head in agreement.

"Alright then, let's begin!"

Wang Yifeng said his two words with great haste, and as soon as the words fell, he followed his entire body and rushed out, actually playing a little smart at the start.

"This guy!"

Lin Jean laughed helplessly and shook his head, following which he also rushed out with a single arrow step, heading straight for the crowd.

"Good timing! Two brats who don't know the sky is the limit, let's see how I'll deal with you!"

Ah Kui laughed at this and tightened the baseball bat in his hand, then followed the large group and rushed towards the two Lin Ran.

One side had more than a dozen men, while the other side only had a pitiful two, a comparison of strength that even a blind man could see.

But with two against a dozen people, Lin Ran and the two of them did not hesitate in the slightest and rushed into the other side's crowd in the blink of an eye.

"Two trash who don't know the sky is high, they really think they're somebody!"

In the distance, Zeng Ye Liang leisurely lit a cigarette, and a bodyguard dressed in black immediately brought a cushioned chair for the former to sit down.

He sat down leisurely, took a sip of his cigarette, exhaled a puff of smoke and said in a very leisurely manner.

“Let’s get the ball rolling, when we catch this kid, I’ll have to go up there and kick him personally, don’t let him turn against me then!”

“Don’t worry, Brother Wolf, he won’t make any waves with us here!”

One of the sturdy bodyguards laughed.

They were all Zeng Ye Liang’s father’s bodyguards, specially asked for from their old man for tonight’s operation, all of them were practiced.

“Not bad! When the job is done, you will all get a lot of benefits!”

He was so pleased to have such practised bodyguards with him that his mind was completely at ease.

However, when Zeng Yeliang’s mind was overwhelmed with happiness, he was thinking about how he could take it out on Lin Ran later.

Suddenly, two painful screams came from the crowd at the same time, followed by the sight of two shoes rising into the sky, heading straight for Zeng Yeliang.

“Watch out!”

Seeing this, the black-clad bodyguard who was standing by stepped forward to block Zeng Yeliang, but the speed of the shoes was too fast to block them.

The two shoes hit the bodyguard’s face with a heavy blow, and a red shoe mark appeared.

“Goo dong!”

Looking at this scene, Zeng Ye Liang couldn’t help but gulp down his spittle, how much force did this have to be in order to hit a person’s face in an instant, fortunately the bodyguard blocked it, if he didn’t, I’m afraid his head would have been split open at this moment.

“Brother Wolf, look!”

Suddenly, the bodyguard in front of him spoke up.

Zeng Ye Liang hurriedly looked and immediately his heart thumped, only to see a large commotion in the crowd in front of him.

Originally, a dozen or so punks were surrounded like a human wall, but now there was actually a gap or two on top of the human wall.

“What’s going on?”

Zeng Ye Liang hurriedly asked, but as soon as his words fell, he was followed by another “Ah!” in the distance. “Ah!” Two miserable cries rang out, followed by two more people falling to the ground.

“Go and see what’s going on!”

He hastily greeted one of the bodyguards, who nodded his head and ran over.

But before he could take two steps, two more figures disappeared into the wall of people in front of him.

This time, Ye Liang was really a bit unnerved.

There were only a dozen or so gangsters under him, and it was impossible for those around him to leave him in any case.

However, in the blink of an eye, six of his men had already fallen, and only half of the remaining ones were left.

“What’s going on?”

Thinking of this, Zeng Ye Liang then hurriedly shouted at the front.

But as his words fell, at once the few remaining men actually all fell to the ground at once, with only one bodyguard conspicuously standing there.

And in front of this bodyguard, there were two other figures standing, none other than Lin Ran and Wang Yifeng who had just been besieged.

“Eight to six! You’ve lost!”

Lin Ran said with a smile as he looked at Wang Yifeng at the side.

Wang Yifeng was unconvinced and retorted.

“You cheated and robbed me of one, otherwise it would have been a seven to seven tie!”

“So you didn’t cheat at first?”

Lin Ran asked back with a smile.

“This doesn’t count, let’s compete if we can and see who catches that kid first!”

Wang Yifei suddenly looked up and pointed at Zeng Ye Liang in front of him and said.

“Good!”

Lin Ran laughed at his words.

However, their conversation was a sudden jolt in Zeng Ye Liang’s heart when he heard it.

“Nima! Using Laozi as a target for the competition, I’ll be damned”

Before Zeng Yeliang finished his sentence, at once Lin Ran and Wang Yifeng and the others moved and rushed straight towards him.

To the side, the sturdy bodyguard saw Zeng Yeliang scared like this, a trace of contempt swept through his eyes, and then he opened his mouth and sneered.

“Young Master Zeng, don’t worry, they won’t get through with me!”

However, just as he finished his sentence, a shadow followed and attacked him, a casserole-sized fist followed and smashed heavily on his cheek, directly sending him flying out.

Chapter 285

The leader of the bodyguards was knocked to the ground with a punch, while the remaining bodyguards were at a certain distance from Zeng Yeliang.

When he saw this, his face turned white and he fell to his knees with a thud, kowtowing to the ground and begging for mercy.

“Don’t! Don’t kill me, grandpa, I’m wrong! Don’t kill me!”

“You’re still a fucking softy, you’re no fun!”

Wang Yifeng lost his interest at the sight of this, and the interest he had in preparing to snatch Zeng Ye Liang was instantly gone.

“A soft egg is a soft egg, people are looking for you, so you’re just going to let it go?”

Lin Ran said indifferently.

Zeng Ye Liang’s body was as scared as chaff at his words and he hurriedly begged for mercy.

“Don’t! I’m really wrong, don’t kill me! I beg you, I can give you as much money as you want, just please don’t kill me!”

“Kill you? I’m too dirty for my hands!”

Lin Ran said in a cold voice.

At this moment, several of the bodyguards around him rushed over, and seeing this, they were busy shouting.

“Young Master Zeng, don’t be afraid of them, you have the entire Zeng Clan behind you, they won’t dare to do anything to you!”

“Right! Don’t worry, as long as we are here, they won’t be able to hurt you!”

With those words, several bodyguards had already blocked in front of Zeng Yeliang.

Zeng Yeliang was already scared to death, but when he heard the words of the bodyguards, his panic-stricken heart stabilised a little and he sat down on the ground and muttered to himself.

“Right! Right! I’m the young master of the Zeng Clan, they wouldn’t dare to really touch me, they wouldn’t dare!”

Thinking of this, Zeng Ye Liang only then busily stood up from the ground and looked at the two Lin Ran and said.

“Both of you, today’s matter is considered a fall for me, Zeng Ye Liang, if you’re a good man, let’s have a win or lose next time, how about that!”

“Next time? You’re still addicted to playing!”

Wang Yifeng was furious when he saw this.

They had been playing with this guy all day today, they had only come to find Jiang Sansi, but they had ended up delaying the game for a whole day, and now this guy wanted to win or lose next time.

Lin Ran looked at him and calmly said.

“I know your family is rich and usually bored and idle, but we don’t have time to play with you, you like to play, right?”

With that, Lin Ran took one stride and rushed directly towards Zeng Ye Liang.

“How dare you!”

Several bodyguards saw this and hurriedly came over to stop him, but Lin Ran’s speed at this moment was nothing they could compare to.

In almost the blink of an eye, Lin Ran had already passed through the blockage of three or four bodyguards and directly reached Zeng Ye Liang’s side.

“You!”

Zeng Yeliang let out a startled cry, and before his body could react, his shoulder was grabbed by Lin Ran.

“Let’s go, let’s take you for a good time!”

With a smile on the corner of his mouth, Lin Ran followed his palm and directly lifted Zeng Ye Liang up before running towards the nearby Heti.

“Stop! Stop it now! Young Master Zeng!”

The group of bodyguards were all confused at this point, and hurriedly followed them when they saw this.

“Don’t make any presumptuous moves, or I won’t show any mercy!”

Wang Yifeng looked at the few bodyguards warily while also following them over.

Lin Ran dragged Zeng Ye Liang all the way up the riverbank.

Although it was nighttime at this time, the river water that was churning inside the riverbank was unusually raging.

“Goo dong!”

Zeng Ye Liang couldn’t help but gulp, his voice trembling.

“You What do you want?”

“Feed the fish!”

Lin Ran looked at him and laughed.

“Didn’t you just say you wanted to feed the fish? Naturally, I have to fulfill you!”

The first time he said that, Lin Ran lifted Zeng Ye Liang and moved inside the river bank, and below him was a three-meter high river lift, which if he spilled his hand, if he was not rescued in time, I'm afraid he would really have to feed the fish.

"Don't Stop it! Stop it! I won't do it! Never dare again!"

Zeng Ye Liang was really scared and hurriedly shouted.

However, Lin Ran didn't pay any attention to him, his palm just let go and Zeng Ye Liang fell down the river bank, and then all that could be heard was a long, drawn-out scream.

"You! You killed Young Master Zeng!"

"You're finished! You're finished!"

Seeing this scene, the crowd of bodyguards were dumbfounded, and a few of them even pointed at Lin Ran with an indescribable expression on their faces.

"Who killed him?"

Lin Ran sniffed and turned around to look at a few people.

"You! You're the one we saw with our own eyes!"

One of the bodyguards said bravely.

Lin Ran looked at him like he was a fool and shook his head before sneering.

"Are you a fool? Don't you know that there are steps inside the riverbank?"

"You!"

The other party sniffed at his words for a moment, followed by a true dawn, and hurriedly greeted a few companions behind him.

"Quickly go and save the young master!"

A group of people rushed towards the place where Zeng Ye Liang had fallen in a great swarm.

"Let's go."

Looking at the backs of the people leaving, Lin Ran greeted and whirled on this Wang Yifeng preparing to leave.

However, just after walking a few steps, Lin Ran but found that the back of this guy's ass was bulging, so he asked.

"What's behind this butt?"

"Huh?"

Wang Yifeng smiled and reached out to touch it, followed by reaching in, and then actually felt out a book, which was none other than the feng shui booklet that had been passed down from his family's ancestors.

“This, I’m afraid that it’s not safe to leave it at home, so I’ll carry it with me!”

Said Wang Yifeng, and deliberately opened it to look at it, and seeing that the last page that had been patched up by himself was still there, he closed it up with confidence and prepared to stuff it into his arms.

But at that moment, a strong wind suddenly rose up around him, followed by a black shadow like a ghost, quickly rushing out from the darkness aside, heading straight for Wang Yifeng.

“Be careful!”

Lin Ran hurriedly opened his mouth to warn, and at the same time, he met the other party with a punch.

The other party’s target was obviously not him, but Wang Yifeng, and in his haste, he dodged Lin Ran’s punch and then reached out his palm and grabbed the Feng Shui pamphlet in Wang Yifeng’s hand.

“He’s aiming for the pamphlet!”

Lin Ran saw this and hurriedly shouted.

But it was too late at this point, as the opponent’s palm had already grabbed the pamphlet and ripped it up afterwards.

However, he was so fast that although he pulled the pamphlet out of Wang Yifeng’s hand, he didn’t hold it steady himself, and it flew up at once.

“Catch it!”

Seeing this, Wang Yifeng raised his hand and grabbed one of the opponent’s legs with a deadly grip, followed by an upside-down kick that sent the booklet towards Lin Ran.

Lin Ran was quick to see this and dived for it, grabbing the booklet firmly into his arms in the air.

“Damn it!”

Seeing this scene, the black shadow man let out a resigned roar, his voice was extremely hoarse, sounding as if the entire man was hiding in a stuffy can to make the sound.

“Damn you, last time you sneaked up on me, where are you running this time!”

Wang Yifeng held onto the other man’s thighs for dear life, unwilling to let go, when Lin Ran had already put away the booklet and rushed over.

When the black shadow man saw this, his eyes were cold and his other foot lifted up and kicked Wang Yifeng in the stomach.

Although Wang Yifei was very strong, his stomach was always the soft spot of a person, so with one kick, Wang Yifei immediately spurted out a mouthful of blood.

Then, like a bolt of lightning, the dark figure ran wildly towards the darkness, while an extremely hoarse voice came out.

“Kid, wait for me, I’ll come again!”

Chapter 286

“Well?”

Lin Ran asked as he hurried over and helped Wang Yifeng up.

“Nothing... It’s fine, the old injury from last time didn’t heal completely!”

Wang Yifeng said as he worshipped his hand.

When he had taken the jade flute last time, he had suffered an internal injury that was almost healed after recuperation, but just now he had been kicked by the other party, causing the wound to tear again.

“Come on, let’s go back first!”

Lin Ran said as he helped Wang Yifeng up.

“But that guy!”

Wang Yifeng looked into the distance, not wanting to go.

Lin Ran understood what he meant and shook his head.

“Your injury is important now, that guy’s sneak attack is enough to show that he doesn’t know the use of the Jade Flute, there’s no need for us to chase after him, just wait for him to come back!”

“But I’m afraid that this guy will run away with the Jade Flute!”

Wang Yifeng worried, if the other party ran away with the Jade Flute, wouldn’t there be nothing they could do.

“Don’t worry!”

Lin Ran blandly, then said.

“He has this strength, and your ancestral jade flute shouldn’t be a mundane object, since he’s bumped into it, there’s no way he won’t figure it out, unless he feels that we can pose a threat to him!”

“Then what do you mean?”

Wang Yifeng asked with seeming understanding.

“One hit on the enemy!”

Lin Ran’s eyes narrowed slightly as he said in a cold voice.

Indeed, the fact that the other party dared to come over for a sneak attack this time meant that they were confident in their own strength, perhaps because they had gotten a taste of it from Wang Yifeng last time and had seen that he was not as strong as he was, which was why they dared to come looking for him again.

And this time, Lin Ran almost every how fought with him, seeing that the situation was not right, he simply slipped away.

But if more times than not, this guy might choose to bolt when he realised that he couldn't get any advantage from Lin Ran and might even get caught.

After all, I'm afraid that even a fool wouldn't be willing to put himself in danger for something that he didn't know what it did.

And that explained one thing, I was afraid that Lin Ran and the others would only have one or two chances to retrieve the Jade Flute, and once they missed it, the other party would probably just take it and leave.

"Let's go, let's go back first, we still have to plan this matter properly!"

Lin Ran said, Wang Yifeng nodded and understood the situation at hand, he just had to follow Lin Ran back.

As Wang Yifeng was injured and had feng shui pamphlets to protect, Lin Ran let him stay inside the clinic.

He himself, on the other hand, went back home.

The clinic was close to his home, so if something happened Lin Ran could get there first, and the clinic was also specially set up by Lin Ran.

If someone broke in in the middle of the night, it would definitely trigger the alarm device, which would also alert Wang Yifeng and give him plenty of time to respond.

.....

The first thing you need to do is to get back home, it's already past zero in the morning and the lights are much less in the whole neighborhood.

The first thing you need to do is to get back to your home, and you'll be able to wake up the sleeping Song Nuan, who is facing her final exams and is under a lot of pressure.

When he opened the door to his room, it was pitch black inside. Lin Ran had no choice but to touch the light next to him and turn it on.

But as soon as the light came on, a white shadow appeared in front of his eyes.

The white shadow flashed, followed by an alarming cry of "ah", Lin Ran was also startled, and only after he looked back did he realise that the white shadow standing not far from him was Song Nuan.

"You... Why are you standing here in the middle of the night without sleeping?"

Lin Ran couldn't help but let out a long breath, turning on the light in the middle of the night and seeing a person, even he was scared.

"Who's up in the middle of the night, can't you go to the toilet!"

Song Nuan was also startled and said discontentedly.

"On the contrary, it's you, why did you come so late, it's simply scary!"

“Er Something got delayed!”

Lin Ran said helplessly.

With that, he was ready to go back to his room to sleep, but not even two steps later, when he looked at the clothes on Song Nuan, he froze.

It was winter, but the house was heated, and Song Nuan was only wearing a very thin white nightgown, or the kind with lace trim.

He was too nervous just now and Lin Ran didn't notice it, but at that moment his eyes went straight.

Song Nuan herself was very pretty, plus she was from the dance department, her body was simply too good to be true.

With just one glance, Lin Jean's head was empty from looking at her, completely unaware of what he was doing.

“Why aren't you going back!”

Song Nuan took two steps and felt eyes looking at her behind her, so she couldn't help but turn around.

“What's wrong? Is there something on me?”

Seeing Lin Ran staring at himself with unblinking eyes, Song Nuan was surprised and asked.

“No There's nothing!”

Lin Ran casually replied, but his eyes were motionless, as if his entire body was fixed in place.

But this couldn't be blamed on him, he was a man after all, and a bloodthirsty, innocent man at that, I'm afraid that at this time if it were anyone else it would be worse than him.

“Hmm?”

Song Nuan felt very strange and followed Lin Ran's gaze, and with this look she was immediately confused, and the next moment she screamed out with an “ah”.

“Turn off the lights! Close your eyes!”

Song Nuan hurriedly shouted.

This shout also woke Lin Ran up, and he hurriedly said.

“I didn't see anything, I didn't see anything!”

“I told you to turn off the lights and close your eyes!”

Song Nuan was so busy arranging the hem of her pajamas that she didn't even notice that the hem of her pajamas had stuck together at some point, and just now she was wondering why her thighs were chilly when she came out.

When she thought back on it, she was so ashamed that she wanted to find a crack in the ground, and the hem of her dress had turned up and gotten stuck together.

“It’s dark!”

Lin Ran said with some embarrassment.

“I told you to turn off the lights! Close your eyes!”

Song Nuan shouted again.

Lin Ran had no choice but to take two steps back and turn off the light with a snap.

The room was once again plunged into darkness, and neither of them said anything, only the sound of “brushing” and unpacking clothes sounded quickly.

A few moments later, with the sound of the laundry falling away, the room fell into complete silence.

Neither of them moved nor spoke, and the atmosphere became very awkward for a while.

“Gulp!”

Lin Ran couldn’t help but gulp and spoke stiffly.

“That, I really didn’t see anything, I’ll go and rest first!”

Saying that, he took a step and headed towards his room.

But not even two steps had been taken when Song Nuan’s voice rang out.

“Stop right there!”

“What... So?”

Lin Ran’s body trembled and he stopped.

“You’re a liar!”

Song Nuan said in shame and anger.

“How am I a liar?”

Lin Jean that was bewildered for a moment, when had he ever cheated her? How come he didn’t even know himself.

“Humph! You are a liar!”

Song Nuan continued.

“How am I a liar if I’m not? I haven’t lied to you!”

Lin Ran wondered, did this nee-san call out to herself just to say this?

Just as he was thinking about it, he only heard Song Nuan coldly snort.

“If it’s not a liar, what is it, just now you were clearly looking at it with your eyes falling out, and you’re still saying you didn’t see anything! Rascal, liar!”

“I

Lin Ran was speechless for a while and scratched his head in embarrassment and busied himself.

“That, it’s getting late, I’m going to bed first!”

Said, before waiting for Song Nuan to reply, a slip of smoke and smeared into his room.

Chapter 287

“This guy!”

Listening to the sound of the room closing, Song Nuan couldn’t help but pout her little lips.

.....

The next morning, Lin Ran and the two of them got up early, but Song Nuan was going to school while he was going to the clinic.

“Well?”

When they arrived at the clinic and saw Wang Yifeng, Lin Ran asked directly.

“It feels pretty good, that guy didn’t come back last night!”

Wang Yifeng then said as he moved his muscles and bones, he had taken the medicine last night after Lin Ran had brought him in, and in the morning he was alive and well again.

“Well, that’s good, come and I’ll check you out!”

Lin Ran greeted.

Although Wang Yifeng was too much trouble, he nevertheless obediently laid down and let Lin Ran help with the examination.

This guy’s body had to be said to have a very good base, he had been so badly injured before and had been kicked last night, but today he was as good as new, still alive and kicking.

“It’s nothing serious, just take care to rest well!”

Lin Ran said.

“I knew it! Master Wang, my body is tough, even if I find four or five big-boobed beauties, I can carry it off!”

Wang Yifeng smiled smugly.

Lin Ran saw this and said with a raised eyebrow.

“There are no beautiful women, but there is one old woman, why don’t you go and try?”

“Old old woman is better left to the bad people!”

Wang Yifeng said resentfully, he shuddered at the mention of the old woman, this old fellow looked weak, but every time the men she had taken away, none of them were vigorous when they came out again, they were simply like frosted aubergines, I really don’t know what this fellow had done to people.

“Lin Ran, there’s a patient here, come down and take a look!”

Just as the two of them were chatting, suddenly Qin Bing’s voice came from downstairs.

“Coming down here!”

Lin Ran frowned, followed by getting up and walking down the stairs.

“Hey wait for me!”

Wang Yifeng followed behind and ran down as well.

In the lobby on the ground floor, there weren’t many customers at the moment, and only a few people were buying medicine.

As soon as Lin Ran came down, he saw a middle-aged man covering his ears, resting spread out on a seat while moaning continuously.

“Aigoo, it hurts like hell, when is your Director Lin coming!”

“It’s already here!”

To the side, Li Zheng said busily.

When Liu Wenjuan and the others saw Lin Ran, they hurriedly helped the patient up.

Only then did Lin Ran see that the other party was a middle-aged man in his forties, dressed very well and wearing a valuable wristwatch, so he looked like a rich man.

“Mr. Qin, he is our boss here, Director Lin!”

Qin Bing said from the side.

“He’s Director Lin? Xiao Bing you’re not kidding!”

Qin Yufeng frowned slightly at his words and asked rhetorically.

He had previously sought treatment from Qin Bing at Tamkang Hospital and trusted him more, so this time, after his body became unwell, he called Qin Bing directly, but it turned out that the latter’s hand was no longer at Tamkang Hospital.

There was no other way, and finally Qin Yufeng found his way here.

“I’m not joking, your illness is indeed very strange, I can’t cure it, but our Director Lin can definitely cure it!”

Qin Bing said with a smile.

Qin Yufeng, however, listened with suspicion, looked at Lin Ran up and down, and then said.

“Don’t lie to me, this Director Lin of yours is just about the same age as my son, he can cure diseases?”

Qin Yufeng was full of disbelief, and got up and gave Qin Bing a look before he was about to leave.

“Wait!”

Suddenly, Lin Ran spoke up.

“Something’s wrong?”

Qin Yufeng looked at Lin Ran with disdain on his face.

“Mr. Qin, this is a very bad situation for you, your ear should have bled before you came!”

Lin Ran spoke.

“You How do you know!”

Qin Yufeng was startled and asked rhetorically.

He was resting at home earlier, but suddenly his ear tingled and a lot of blood flowed out afterwards.

But he wiped it clean as soon as he was shocked on his way here again, and it didn’t continue to flow after he arrived here, no one here had ever seen his ear bleed, and he didn’t say anything, so how did Lin Ran see it at a glance.

Thinking about it Qin Yufeng looked to Qin Bing who saw this and quickly shook his head and said.

“You didn’t tell me this!”

Hearing Qin Bing say this, Qin Yufeng became even more puzzled and turned his head to look at Lin Ran.

“How did you know that?”

Qin Yufeng asked.

“By experience!”

Lin Ran laughed blandly, following which he pointed around and said.

“The air smells like blood, and the part of your ear is obviously redder than the rest, so it’s obvious that blood has been shed before!”

Qin Yufeng’s brow furrowed as he listened, and he couldn’t help but look at Lin Ran twice more before saying.

“This only shows that you are attentive, it shouldn’t have anything to do with curing the disease!”

“Haha! It does have nothing to do with curing the disease, but if this disease of yours continues to drag on, it will only do you harm and no good!”

Lin Ran laughed, and then said.

“Besides, you’re already here, so why not give it a try?”

“Try it? Can you afford to be responsible for delaying the best treatment time?”

Qin Yufeng frowned tightly, not wanting to waste any more time here.

Wang Yifeng couldn’t stand looking at the side anymore and spoke up.

“Hey I say, you’re looking down on others, aren’t you? Have you heard of the name of the little miracle doctor in Tanjiang? That’s him! How many people would love to be seen by him, but you are still disgusted!”

“The little divine doctor of the Tamkang River?”

Qin Yufeng frowned slightly at his words, he remembered that he had seen this name somewhere.

“Why don’t you know? The little miracle doctor Lin Ran who wisely saved the kidnapped people in Temujiang City, you actually don’t know?”

Wang Yifeng couldn’t help but laugh at this.

“Lin Ran?”

Hearing this name, Qin Yufeng was stunned, he usually liked to watch the news when he had nothing to do, the missing person case that had been a big deal in Temperance City some time ago, the main character who saved everyone in it, he remembered was called Lin Ran.

“It’s really you?”

Qin Yufeng looked at Lin Ran with some disbelief.

Lin Ran, however, smiled and shook his head before saying.

“It’s all in the past, and it has nothing to do with your condition this time, if you really don’t believe me, then go now, this condition of yours can’t be handled well if you delay any longer!”

“Don’t! Don’t, just you see it now!”

Qin Yufeng said hurriedly, following which he came directly in front of Lin Ran and obediently did so, putting his ear to the ground.

This scene looked at the surrounding crowd couldn’t help but cover their mouths and laugh, just now the blank slate didn’t believe it, but now that they knew Lin Ran’s identity, they actually came straight over themselves, this was really speechless.

“Alright, relax, I’ll take a look first!”

Lin Ran did not care that much, brought the torch and turned it on, while checking it out.

Once the torch light hit, following that Lin Ran clearly saw that there was a lot of residual blood in Qin Yufeng’s ear, some of which had dried up and formed a layer of blood scabs.

Lin Ran found tweezers and cleaned the blood crust off, followed by a glimpse of what was inside.

He only saw that inside Qin Yufeng’s ear, there were very many folds, which were very slight, yet very numerous, and at this moment, there was a little bit of blood bubbling out from the top of these folds.

“This is?”

Lin Ran’s heart sank as he looked, and a strand of true qi surged directly into Qin Yufeng’s body, and immediately the situation deep inside his ear appeared in Lin Ran’s mind.

“Inside the ear, why is there a wound?”

Lin Ran’s heart was shocked as he looked at it, there were many dark red blood scabs around this wound, it seemed to be a very old wound that had been torn open again from new.

Chapter 288

“How is it?”

Qin Bing saw Lin Ran release his palm and hurriedly came over, she had seen Qin Yufeng’s condition before, but she couldn’t see what the problem was at all, it was completely different from the ear problems she had seen on a regular basis.

“The situation is not good!”

Lin Ran said with a frown, Qin Yufeng’s condition was a bit impervious even to him for a while, but this had only just begun, so he was in no hurry.

“Director Lin, what exactly is my situation here?”

Qin Yufeng’s heart jumped as he listened, and he hurriedly stood up and asked.

“This is caused by a malignant tear in your eardrum!”

Lin Ran said.

“A malignant tear? Would that be life-threatening!”

Qin Yufeng asked busily, the richer the person, the more they cherished their lives, and he was no exception.

“Not for now!”

Lin Ran said as he gave him a look.

“That’s good! That’s good!”

Hearing Lin Ran’s answer, Qin Yufeng was relieved, but he was still worried about having an illness and was busy asking.

“Then, Director Lin, this is my condition”

“You don’t have to worry, I have a few questions to ask you!”

Lin Ran asked as he gestured for Qin Yufeng to sit down, before sitting opposite him himself.

“Your job should have something to do with the sound category, right!”

“Yes, yes, I run a KTV, I’ve opened several, and I’m usually going back and forth when I have nothing to do!”

Qin Yufeng hurriedly said, and in his heart he couldn’t help but be a little more sure of Lin Ran, although the other party didn’t say what he did for a living, he was at least close enough to be able to have this kind of judgement, which at least meant that Lin Ran had real skills.

“So have you ever had discomfort in your ears before?”

Lin Ran asked, frowning.

“Yes! When I first started in this business, as you know, my ears couldn’t take it after staying in noisy places for a long time, so I had tinnitus, but then I got used to it and it was fine!”

Here, Qin Yufeng paused and pondered for a moment, then continued.

“Then later on there was no obvious discomfort, only that every now and then I would feel uncomfortable in my ears, sometimes it was painful, and sometimes it was itchy!”

“Then that’s right!”

Lin Ran nodded at his words.

“What’s right?”

Qin Yufeng was at a loss, not knowing what Lin Ran meant.

“The fact that your ears will appear like this is actually related to your occupation, the noisy environment has caused some damage to your ears!”

Lin Ran said as he fetched a ball of sponge, while gesturing.

“Your ears are just like this ball of sponge, a lot of folds have appeared due to the damage, and then the damage appeared on top of the folds, just like that, one layer on top of another!”

“The occasional sharp pain means that these wounds were pulled and torn, and I found some blood scabs in your ear, all from old wounds, and that’s enough to confirm this!”

Lin Ran said.

Qin Yufeng nodded with seeming understanding at his words and followed up by asking.

“Then how did so much blood suddenly flow this time!”

He was a little nervous and unconsciously tightened his hand as he asked, as if he was afraid of hearing the serious results.

“This time the bleeding should be stimulated by an external force, or something else!”

Lin Ran said with a frown.

Qin Yufeng frowned similarly at his words and touched his cheek as well as his whole body, surprised.

“That’s not right Director Lin, I haven’t bumped into anything recently, how could it be due to external forces?”

Said Qin Yufeng, rising to his feet.

“And what does this other cause mean? You have to say it clearly!”

At the end of the sentence, Qin Yufeng’s emotions were clearly a little agitated, I don’t know if it was because Lin Ran’s words were too general or what, but his emotions became unstable all of a sudden.

“Don’t get excited yet, we’re just looking at it now and we can’t be sure of the final situation, we have to wait for everything to be examined!”

Lin Ran said as he got up.

Qin Yufeng smiled but his face turned iron blue and said.

“No, Director Lin, I heard before that you could conclude the disease with one look, how come you are now saying that further observation is needed, you are playing with me!”

Qin Yufeng said and suddenly became agitated.

Lin Ran looked at him with a slight frown, and the crowd at the side also felt puzzled. It was a normal step to see a doctor step by step to determine the cause of the disease, how come he suddenly became agitated here.

“Liar!”

Qin Yufeng shouted coldly and turned around to leave, perhaps because of his anger, which made him feel a little hot, and unconsciously tugged at his collar, immediately revealing a black pendant.

“Wait!”

Seeing the black pendant, Lin Ran suddenly opened his eyes slightly narrowed and chided.

“Wait for what? Waiting for you to continue playing with me?”

Qin Yufeng said in a cold voice, his attitude and face completely different from before, not like the attitude of a cultivated person at all.

In fact, Qin Yufeng’s family was very well-off, and he had received a good education since he was young, and his personal qualities were also very high.

This could be seen from his mannerisms in the conversation with Lin Ran at the beginning.

Only at this moment, his attitude and demeanour were completely different from that of a different person.

“Fatty Wang, stop him!”

When he saw Qin Yufeng turn around and was about to leave, Lin Ran directly spoke up and chided.

“Been waiting for a long time!”

Wang Yifeng had long been waiting at the side, and at the sound of his words, he rushed up with a single arrow step.

“How dare you!”

Qin Yufeng turned his head and scolded with a gloomy face, the loudness of his voice simply startled people.

Wang Yifeng was also taken aback, but this guy was thick-skinned and slow to react, and was only slightly stunned before he followed and pounced Qin Yufeng to the ground.

“Bastard! Let go of me!”

Qin Yufeng hissed angrily, but Wang Yifeng didn't bother to pay any attention to him, directly locking his hands and feet from behind, like a human shackle, and fastening them on the former's body.

“Don't hurt him!”

Lin Ran warned, following which he stepped forward and peeled off Qin Yufeng's collar, yanking the black jade pendant off his neck with one hand.

“What are you doing! Not only do you want to see a doctor but you want to rob him explicitly!”

Qin Yufeng said angrily, his eyes now bloodshot, as if he wanted to eat someone.

The customers who were originally buying medicine were all drawn over at this point, they were all regular customers here and were a little confused to see Lin Ran do this, they all came over.

“Shut up!”

Lin Ran turned and scolded at Qin Yufeng, the latter was stunned and became even more annoyed, but was just about to explode when Lin Ran spoke again.

“Don't you think that your anger is a bit inexplicable?”

“Inexplicable? What's so inexplicable about it? Can't I be angry at you for being incompetent in your medical skills and lying here?”

Qin Yufeng questioned, but in his heart he was a bit beaten up, because he himself didn't know exactly why he was angry.

Lin Ran looked at him and when he saw him thinking, he spoke.

“Seeing a doctor is about looking, smelling, asking and cutting, I just asked you a few questions, and before I even started you said I was not skilled in medicine, is this attached to your recuperation?”

“I”

Qin Yufeng was stunned at his words, this indeed did not fit his recuperation ah, as a boss he had always been as calm as water, otherwise he would not have been able to make his business bigger.

But lately, he didn't know what was going on, he was always inexplicably losing his temper, which made him feel a bit scared afterwards.

Lin Ran looked at him and saw that his face was cloudy and uncertain, knowing that he had sensed that something was wrong, he immediately said.

“Your situation is rather complicated, but I suspect that everything has something to do with this jade!”

Chapter 289

“Jade related?”

Qin Bing frowned slightly at her words, how could the condition be related to jade? This made her a little incredulous, but remembering the strange illnesses Lin Ran had encountered in the past, she was relieved.

“What the hell are you trying to say! Give me back the pendant now!”

Qin Yufeng roared in anger as he was pinned to the ground by Wang Yifeng.

Lin Ran turned his head to look at him and noticed that his eyes were a little abnormal with redness, and immediately said to Wang Yifeng.

“Take him to flush his face with water, and remember to use cool water!”

“Cool Cool water? You’re kidding!”

Wang Yifeng said dumbfounded.

It was winter, and it was freezing outside, so I was afraid that even if I took a sip of cold water, I would have to grimace, and if I washed up, I might get sick again.

“Just do it!”

Lin Ran insisted, and when Wang Yifeng saw that Lin Ran was not joking, he had to take Qin Yufeng and run to the cold water.

Taking advantage of this gap, Qin Bing and the others rushed over and asked.

“What the hell is going on? There are so many people watching, don’t you dare mess up!”

The reputation and image they had easily built up would be a big loss for their shop if they were to be buried because of this incident.

“Don’t worry, this guy will come to his senses in a moment!”

Lin Ran casually replied, but his gaze was always fixed on the black pendant in his hand.

“What’s so pretty about this thing, you said it had something to do with the condition, it’s not some evil spirit causing trouble again, is it!”

Qin Bing asked in a low voice.

Lin Ran smiled and shook his head.

“No, it’s something else!”

Now that he had Chen Shui’er, his soul body, in his body, Lin Ran’s ability to sense evil spirits was also greatly enhanced, and it was a double insurance policy.

If it really was an evil charm causing trouble, he would definitely be able to detect it immediately, and now that even Chen Shui’er didn’t have any reaction, that was enough to show that it definitely wasn’t a problem of an evil charm causing trouble.

“Then what is the problem?”

Qin Bing was puzzled, and Lin Ran pointed at the pendant in his hand.

“It’s the problem with it!”

“What’s wrong with it?”

Qin Bing asked after him, and Lin Ran smiled at his words.

“What colour is it?”

“Huh?”

Qin Bing was stunned, amazed at how Lin Ran could ask himself such a simple question.

The pendant was black for the discerning eye to see, so why did he have to ask himself?

“Black... Black!”

With doubt in her heart, Qin Bing still said it on her lips.

However, to her surprise, Lin Ran actually laughed and said with a smile.

“How are you sure it’s black.”

“I ...”

Qin Bing just wanted to say that it was obviously black, and she was not colour blind, but before the words could come out, Wang Yifeng on the side had already run back with Qin Yufeng on his feet.

At this time Qin Yufeng face is full of water, as much as a few beards are even iced, obviously Wang Yifeng did not seldom pour water on his face.

“You What the hell do you... What do you want! I I have no enmity with you grudge ah!”

Qin Yufeng’s whole body only shivered as he froze, and he trembled three times with a single word.

“Boss Qin, how do you feel now?”

Lin Ran asked with a smile tacked onto his face.

“Sh What... How is it, it’s It’s almost freezing to death!”

Qin Yufeng shivered and said, at this point into the air-conditioned room as the surrounding warmed up, his shivering also began to gradually get better.

“That’s not what I asked!”

Lin Ran said with a smile.

“Then That’s what!”

Qin Yufeng asked as he wiped the water stains from his face.

“Temper!”

Lin Ran laughed.

“Temper?”

Qin Yufeng was stunned at his words, followed by the memory of what had just happened, he couldn't help but suck in a breath of cold air and said busily.

“It's strange to say that just now, why did I suddenly lose my temper!”

“You have to ask yourself about that!”

Lin Ran laughed.

“Right! How to ask yourself how you suddenly got angry!”

Qin Bing also said.

Wang Yifeng, who was on the side, however, laughed and said.

“I think, eighty percent of them want to be beaten up!”

“Don't... Don't, I don't know myself!”

Qin Yufeng hurriedly said, remembering how he had just been locked up by this guy, he felt a pang of fear.

“Right, Director Lin, even if I was angry and strange just now, but you didn't have to rob my pendant, it's quite expensive too!”

Qin Yufeng calmed down at this moment, and did not mean to go forward to grab his own pendant, and looked at Lin Ran and said.

Lin Ran smiled at his words but smiled his head and said.

“I grabbed your pendant just to calm you down!”

Said Lin Ran as he picked up the pendant and placed it in front of Qin Yufeng.

“Notice anything different between this pendant of yours and before?”

“Different?”

Qin Yufeng was stunned at his words, followed by a glance at the pendant, and froze at just one glance.

“This... How did this turn black!”

“Wasn't it originally black?”

Qin Bing was busy asking at the side, she and Lin Ran were discussing this earlier, and at this moment, seeing Qin Yufeng's reaction, she couldn't help but tremble in her heart.

“How could it be black, it's jadeite not obsidian!”

Qin Yufeng said busily, following up and about to take the pendant back to check it out, but was stopped by Lin Ran.

“Don't touch this pendant for now! It's a bit odd!”

Lin Ran said.

“Weird? What do you mean?”

Qin Yufeng asked in wonder.

“Yeah, what the hell is going on!”

Qin Bing also asked in disbelief, such an emerald pendant looked like obsidian at this point, completely black and terrifying.

Lin Ran looked at the two of them and slowly said.

“It’s because this pendant absorbed the resentment from his rage just now!”

“Absorbing resentment Qi? How is that possible!”

Qin Yufeng was filled with disbelief, this thing was too mysterious for him to believe.

However, Qin Bing at the side was not speaking, judging from his past experience, what Lin Ran said would be true in all probability.

“Absorbing grievances, then this thing won’t be a magic weapon!”

Wang Yifeng frowned, this had involved his old job.

“It can only be considered a half magic weapon!”

Lin Ran said, but then shook his head and looked at Qin Yufeng and asked.

“Where did you get this thing?”

“I bought it, just two days ago at a nearby jewellery shop, I bought it because I saw the brand was quite big!”

Qin Yufeng said.

Lin Ran frowned at his words and followed, bringing the jade pendant up to his eyes to look at it carefully, that day at Jiang Sansi’s house, he had seen jadeite produced by Jiang’s, all of which had a very small mark on them.

However, this jade pendant, when he looked at it, was not marked with Jiang’s mark, so it was obviously not bought from Jiang.

“So what now?”

Qin Yufeng looked at Lin Ran with some concern, the cause of the illness was found although it was a little hard for him to accept, but in the end the problem had to be solved.

“Li Zheng, prescribe him some calming medication, along with some Chinese herbs to repair his eardrums, and tone it up!”

Lin Ran said, and Li Zheng nodded at his words and immediately ran off to get the medicine.

“Take these medicines for two days first, don’t think about this stuff, you should recover quickly without it!”

Lin Ran said.

Qin Yufeng had by now regained consciousness, and seeing this he could only nod, although he was heartbroken about the money he had spent on the pendant, but what was a pendant compared to his life.

The people around him soon left with Qin Yufeng, they didn’t understand what was going on, so they simply ran to ask Qin Yufeng.

Lin Ran did not care about this, and after Qin Yufeng left, Lin Ran immediately probed his hand and placed it on the jade pendant.

Then a scene that left everyone dumbfounded appeared.

As Lin Ran’s finger approached, the jade pendant quickly melted and cracked, followed by a wisp of black gas coming out of it.

But then it dissipated.

Looking at the scene before him, Wang Yifeng’s mouth grew in surprise and stammered.

“This This This is the same as those guys from the Jiang family the same!”

“That’s right!”

Lin Ran nodded his head and followed with a frown.

“These emeralds come from the same group of people, and this stuff isn’t emerald at all either, it’s a very evil stone that feng shui refers to as soul devouring jade!”

Chapter 290

Soul-devouring jade, as the name implies, is a jade that devours the breath of the soul, something somewhat similar to the Ato jade of the West.

It is in fact a jade-like substance that is not jade but is very similar in appearance and texture to jade.

In ancient times, there were feng shui masters who discovered this kind of jade and later refined it into a magic weapon that could be used to subdue demons and subdue devils.

However, as times changed, this jade became rarer and rarer until it is now almost extinct, and so a substitute like the one Lin Ran is holding has been derived.

It was not pure soul-devouring jade, but a chemical product synthesised using modern technology.

“Could this thing have something to do with him!”

Suddenly, Wang Yifeng, who was standing at the side, spoke up.

Lin Ran was also stunned at his words and followed with a frown.

“It’s hard to say, but it’s a possibility!”

The person who had sneaked up on them last night was, at a glance, someone who had deep attainments in the Feng Shui path, and if the other party had something to do with this jade pendant matter, then things would become even more complicated.

“It’s better to stop thinking so much and get better first!”

Lin Ran smiled and shook his head.

Wang Yifeng, however, patted his chest and said solemnly.

“No, I’m already fine!”

“What’s fine, just stay honestly at the clinic for the next two days until your internal injuries have fully recovered!”

Lin Ran said, his tone irrefutable.

“Fine, there are plenty of beautiful women here anyway, so I just take the opportunity to solve my personal problems!”

Seeing that he couldn’t refute, Wang Yifeng could only shrug his shoulders and make a show of enjoying himself.

However, this leisurely enjoyment completely broke Wang Yifeng after only one morning had passed.

He was lying on the hospital bed in a state of boredom, as wilted as a frosted aubergine.

Lin Ran shook his head as he watched, this guy seemed to have nothing to do and couldn’t get his energy up, wilting.

“Jingle bell!”

After lunch, Lin Ran was lying in bed resting when his mobile phone suddenly rang, picking it up to see that it was actually Liu Chen, whom he had not contacted for a long time.

“Hey! Why did the boss suddenly think of calling me?”

Lin Ran laughed, these few college brothers, they hardly had much contact with each other on a regular basis, but if there was really something wrong then they were all definitely brothers who could hold their own, this was also something he was quite pleased with.

“The company’s main business is to provide a wide range of products and services to the market.

On the phone, Liu Chen said with a smile, seems to have something happy very happy.

“Sure, the boss invited me, I can’t not go!”

Lin Ran laughed, now that he had the clue of the turtle bone in his hand, he was not in a hurry, and he had just recently learned about his uncle Jiang San Si, which also made him a bit depressed, so he just took this opportunity to go out and take a break.

“Alright then, I’ll see you at 7pm!”

Liu Chen laughed, and hung up the phone after that.

“Hey, where are you going at seven o’clock at night? Take me with you!”

On the side, Wang Yifeng had been listening with his ears open for half a day, and Lin Ran had just disconnected the call on his side, so he came over directly.

“Bring you along? I’ll consider taking you with me when I go to help out this afternoon!”

Lin Ran laughed.

“Help? You’re asking me to sell medicine?”

Wang Yifeng looked stunned and said busily.

“I only know how to catch ghosts, I don’t know how to sell medicine!”

“Learn and you’ll know!”

Lin Ran laughed.

“I ...”

Wang Yifei was about to say something else, but Lin Ran’s phone rang again.

“Hm?”

Picking it up, it was a text message from Liu Chen, Lin Ran couldn’t help but be stunned, and followed it by tapping on it to read it.

“Remember to bring Xiao Nuan with you tonight, I’m going to make a big move!”

“Big move? What kind of action?”

Lin Ran shook his head helplessly.

In the afternoon, Lin Ran and Wang Yifeng stayed in the shop to help out, during which time Lin Ran also personally saw a few patients and instructed Li Zheng and the others in the process.

Lin Ran could tell that Li Zheng really admired his medical skills for coming with him, and for this reason he deliberately gave Li Zheng some introductory content from the Xuan Yang Pharmacopoeia.

In ancient times, it was important to pass on the knowledge to men but not to women, and the family was only seen as a family, but Lin Ran did not care about that.

His ancestor had asked him to be benevolent in his medical skills and to carry forward the way of Chinese medicine, in order to promote the way of Chinese medicine.

He wanted to find people who really liked the way of Chinese medicine, and gradually spread the Xuan Yang Pharmacopoeia, so that Chinese medicine could be promoted completely.

Wang Yifeng was as tired as a dead dog in the afternoon, and in the end, he simply sat down on the sofa and wouldn’t get up.

Lin Ran was too lazy to bother with him and called Song Nuan when he was about to leave work to talk about the evening, and then took Wang Yiming straight to school.

The three of them rushed towards the old herdsman together.

The old herdsman's is a famous restaurant in the university town, mainly dealing with farmhouse food, which is popular among university students because of its low and affordable prices.

Lin Ran still remembered that when he was in college, several brothers from their dormitory came here to have dinner.

In the winter evenings, a place like a restaurant was definitely a good place to go. It was a cold winter day to call out a group of friends, order a table of food and chat while eating.

When Lin Ran brought Wang Yifei and Song Nuan here, it was exactly seven o'clock in the evening.

It was a Friday and the restaurant was very crowded.

The three of them managed to squeeze in and finally found Liu Chen in a corner by the side, and opposite him sat Zhang Xu.

"Come come hurry up and sit down, it's just you you!"

Li Chen hurriedly greeted, followed by a smile at Song Nuan, then looked at Wang Yifeng in surprise and asked.

"This is?"

"My friend, Wang Yifeng!"

Lin Ran introduced with a smile.

"This is for the dormitory brothers, the eldest Liu Chen, the second Zhang Xu is known as Brother 9!"

"Fuck you!"

Zhang Xu gave Lin Ran a push.

Lin Ran laughed, and then asked.

"What's up so happy!"

"Guess!"

Liu Chen did over mysteriously.

"Preparing a marriage proposal?"

Lin Ran asked.

"Shit!"

Liu Chen couldn't help but curse, while Zhang Xu on the side laughed at just the right time.

“In the old days, there was a rash head who wasn’t afraid to die, but now there’s Liu Fool playing with his wits! Haha.”

“Go go go! Stop it, it makes sense that Old Six guessed it once, at least you guessed it several times!”

Liu Chen gave himself a step down.

“Are you really going to propose, when is it?”

Song Nuan hurriedly and helplessly said at the side, girls are the most gossipy about such things, not to mention Liu Chen’s girlfriend Xu Lan, who is also her classmate and bestie.

“Tomorrow, Qinghewan Square!”

Liu Chen laughed.

“Qinghewan Square?”

“Tomorrow?”

Hearing Liu Chen’s words, Lin Ran and Song Nuan spoke almost simultaneously.

Song Nuan was surprised because she had heard Xu Lan say in the afternoon that she was going to play with Liu Chen tomorrow, and it was Qinghewan, but she didn’t expect that Liu Chen was going to propose, and now Xu Lan was still in the dark.

The place where he was going to go next was what surprised Lin Ran.

“Old Six, I see this, reliable!”

On the side, Wang Yifeng followed Liu Chen’s tone and gave a thumbs up to be affected, he also knew about the Qinghewan Square.
