

Wonder Doctor

Chapter 291

“No, why didn’t you call the others for such a big event?”

Lin Ran asked busily, the six brothers in their dormitory were all very close, and now that Liu Chen as the oldest had asked for a wedding, how could they do without the other few.

“It’s not that I don’t want to call, it’s just that I can’t help it!”

Brother 9 sighed at the side.

“Yes!”

Liu Chen likewise sighed, and then said.

“Once you graduate from university, it’s too hard to get together as you go everywhere in the north and the south!”

Said Liu Chen, rubbing his head and continued.

“Old four old five went abroad, still don’t know when to come back, old three”

“What’s wrong with the third brother?”

Lin Ran saw a worried look, Liu Chen this reaction is obviously not something good.

“Lao San specifically I’m not too sure, but I heard that the family has run into trouble, before me and the ninth brother was going to see if there was anything we could do to help, but he refused!”

Liu Chen said.

“Good, I know!”

Lin Ran nodded at his words, when he was at university, he was the one who had the best relationship with Lao San, now the latter’s family had run into trouble, and looking at that it seemed to be very serious, he had no reason to sit back and do nothing.

Liu Chen knew Lin Ran and saw this and reminded him.

“Ranzi, if you want to go, just go directly, don’t call him, otherwise you know Lao San’s temper!”

“Mm!”

Lin Ran nodded at his words.

Now among the several brothers, Old Fourth and Old Fifth didn’t know how the situation was, apart from the two of them, I’m afraid that he was the best mixed up, and he had a responsibility to help out when he encountered such a thing.

“Don’t worry!”

Lin Ran smiled at Liu Chen, who also smiled gratefully.

“Alright, alright, let’s not talk about that, today is the boss’s big day, once the proposal is successful after tomorrow, then we can wait for the wedding wine!”

Brother Jiuzhi had just the right moment to change the subject, while bringing the atmosphere back.

“Yeah, yeah, but you’ll have to bribe me well, or I’ll tell Xu Lan about it when I get back tonight!”

Song Nuan laughed and “threatened”.

“Good, you have to bribe me, order whatever you want, don’t be polite to me!”

Liu Chen laughed.

A kind of people gradually became active again.

The food was served quickly, and under Song Nuan’s “blackmail”, the table was so rich that it made Liu Chen’s heart ache.

However, when everyone was eating and chatting, suddenly several figures came over from the side and stopped next to Liu Chen.

“A few brothers are eating quite well!”

A voice came out, and Lin Ran looked up to find that the person speaking was a youth with short hair.

The youth had a very obvious scar on his face and looked fierce and fierce, his mouth was holding a cigarette looking at the crowd with a disdainful expression.

“Something wrong?”

Surprisingly, he opened his mouth and asked.

“Looking for you is fine, looking for him again!”

The other party gave Lin Ran a disdainful glance, followed by looking at Liu Chen and Zhang Xu at the side.

Liu Chen and Zhang Xu both looked over, but with confused faces.

“Friend, I don’t think we know each other!”

Liu Chen opened his mouth, the other party came and was not nice, but he had never seen this person at all.

“Yes, do we know each other, but you should know each other!”

He said the youth turned sideways and gave way to a youth with dyed yellow hair behind him, the youth was only in his early twenties and looked very young, at this moment he was covering his face and looking at the two Liu Chen.

“It’s you!”

Seeing the yellow-haired young man, Liu Chen and Zhang Xu both frowned unhurriedly.

This yellow-haired young man they knew, before on the way to the hotel again, they came across this guy beating a woman, so they stepped in to stop him, and as a result, in the process the yellow-haired young man pushed and shoved, and finally Liu Chen slapped him.

“Brother Fire, that’s them!”

The yellow-haired youth pointed at Liu Chen and the two of them, and said to the scarred man on the side.

The scarred man nodded at his words and followed, blocking the yellow-haired youth behind him again.

“The two brothers have a grudge against my brothers?”

The scarred man named Fire asked with his hands pressed on the table and a bashful face.

“No!”

Liu Chen frowned.

“No, why did you hit my brothers?”

Brother Fire continued to ask, although his voice was not loud, his aura was seemingly aggressive.

“Your brother beat up a woman, doesn’t he change his control?”

On the side, Zhang Xu couldn’t help but say.

If they hadn’t bumped into Huang Mao beating a woman there, the two of them wouldn’t have bothered with this shit.

“What does it have to do with you if Laozi hits his own woman!”

Huang Mao couldn’t help but shout.

“Shut up!”

Brother Fire opened his mouth to scold, followed by a glare at him and a curse.

“How dare you speak up after being beaten for being less skilled than others? Call Xiao Lan over to me!”

“Yes! Brother Fire!”

Immediately behind them, a punk ran to bring a woman.

This woman was not too old, looked similar to Huang Mao, dressed in a very non-mainstream way, and her outfit was as sultry as it could be.

When they saw this woman, Liu Chen and Zhang Xu could not help but frown, at that time they remembered that they had let this woman go, how come they were standing with them again at this time.

“Xiaolan, you speak!”

Brother Fire said as he looked at Xiao Lan.

“Fire Brother Fire, just It was them who beat up Huang, Huang and I were just arguing, I... I don't know them either!”

“You!”

Liu Chen smiled and was instantly fired up, slapping the table and standing up directly, pointing at Xiao Lan.

“Do you still have a conscience, we're doing this to help you!”

“What are you shouting for! I'm not deaf!”

Brother Fire's face sank as he chided in a cold voice.

This shout frightened Xiaolan's eyes, but she dared not back down and said fearfully.

“I ... I don't know you guys at all, no... Don't need your help!”

“You!”

Liu Chen was so angry that his face turned blue, originally he and Zhang Xu were quite happy to see the righteousness today, but who knew that turning around and being bitten back, there is nothing more chilling under the sky.

“You heard me!”

Brother Fire turned to look at Liu Chen and said blandly.

“People don't need your help!”

“Then what do you want!”

Liu Chen looked up at Brother Fire, his eyebrows locked.

“Nothing, I'm a man of clear grudges, you slapped my brother, just let him pay you back!”

Said Brother Fire, pulling the yellow-haired youth close to him and pointing at Liu Chen.

“Come on, let's go eat after the fight!”

With that, Brother Fire lit a cigarette for himself.

The yellow hair looked at Liu Chen, there was resentment in his eyes, without saying a word he lifted up and slapped Liu Chen in the face.

“Boss!”

Zhang Xu saw the situation and immediately became anxious, they also saw the righteousness, did not expect to be bitten back, at this time also want to be beaten, this simply makes people nauseous.

But at this moment, Zhang Xu was sitting opposite Liu Chen and could not reach the yellow-haired young man, so it was useless to be anxious.

Liu Chen seemed to have closed his eyes in order to settle the matter, and had no intention to fight back.

“Pop!”

A crisp sound rang out, while Brother Fire’s cigarette was lit, and he slowly raised his head while saying.

“Finished fighting? Then

However, before he could finish a sentence, he was stunned, only to see that the yellow-haired young man’s arm, was firmly grasped by another hand, and that crisp sound just now, was exactly what the other party made when he grabbed the yellow-haired young man’s arm.

Seeing this scene, Brother Fire took a sharp puff of his cigarette and followed towards Lin Ran, before saying blandly.

“Trying to mind your own business, are you?”

As he spoke, the cigarette in his hand directly turned around, and the hot tip of the cigarette pressed towards Lin Ran’s arm.

Chapter 292

“Lin Ran be careful!”

Song Nuan saw this and hurriedly opened her mouth to warn, but before she could finish these words, she saw.

Lin Ran got up and directly blocked the yellow-haired youth’s arm in front of him, while in the nick of time, Brother Fire was simply too late to react, and the hot butt of the cigarette, directly pressed on the yellow-haired youth’s arm.

“Ah!”

The yellow-haired young man let out a miserable cry of pain and hurriedly covered his arm with his hand, so much so that he almost didn’t pass out from the pain.

“Useless thing!”

Brother Fire cursed angrily and directly grabbed the yellow-haired youth and threw him behind him, before turning around to look at Lin Ran.

“Kid, what’s your name?”

“Lin Ran!”

Lin Ran’s expression was bland, unable to see any good mood swings in the person.

“Are you going to stand up for him?”

Brother Fire asked as he looked at Lin Ran.

“You can interpret it that way.”

Lin Ran said indifferently.

Brother Fire nodded at his words, a cold smile appearing at the corners of his mouth.

“You can! Forcing yourself in front of my Brother Fire, you’re the third, do you know what happened to the first two?”

“Don’t want to know!”

Lin Ran said indifferently.

“Haha! Good boy, you have guts!”

Brother Fire couldn’t help but laugh, following his gaze as he swept Lin Ran’s crowd around, finally landing his gaze on Song Nuan.

“I for one have always been clear in my grudges, but if someone is unreasonable with me, then I will be unreasonable with them too!”

With that, Brother Fire once again looked at Lin Ran.

“Let me ask you one last time, are you sure you want to force your way out?”

Lin Ran looked up at Brother Fire and said impatiently.

“You’re annoying, just do it if you want to, where’s all the nonsense!”

Hearing Lin Ran’s words, Brother Fire was stunned at first, and then burst out laughing.

“Haha, you have guts! Do you know what Laozi likes most in life?”

Brother Fire looked at Lin Ran and laughed.

Lin Ran just looked at him and didn’t answer, and seeing this, Brother Fire laughed to himself.

“I like pole dancing the most in my life, every time I finish cleaning up my opponent, I will make him dance a bit, although there is no pole here today, but there is a pole, I hope you won’t be stingy later!”

“Get out!”

Lin Ran said as he looked at Brother Fire.

“Get out?”

Brother Fire was stunned at his words, followed by understanding, and looked at this at Lin Ran and laughed.

“Not bad, preachy! Let’s go!”

Said Brother Fire and led the way out of the restaurant.

“Lin Ran!”

Song Nuan hurriedly came up, her face full of worry.

“Ranzi!”

Liu Chen was also worried, and at the same time, he felt a bit guilty, because he and Zhang Xu had caused this incident, and now he had to ask Lin Ran to help with the aftermath.

“Come on, don’t be so useless!”

Lin Ran looked at Liu Chen and laughed, then he looked at Zhang Xu and said.

“Brother 9, you have to keep an eye on him for me, you have to save some of the food for us!”

Said Lin Ran, with a wave of his hand, rushed to Wang Yifeng behind him and said.

“Let’s go, the injury is almost healed, go out and move around!”

“Hey, hey, it’s you kid who understands me!”

Wang Yifeng smiled heatedly at his words and poured a mouthful of wine from the table into his mouth before running over.

“You take care of yourself!”

Song Nuan knew that he couldn’t stop Lin Ran, so he only had to remind a round.

“It’s alright!”

Lin Ran looked at her and smiled, before rushing over to Liu Chen and the three of them.

“Save some of the food and keep the wine ready, we’ll see the pole dance later!”

After saying that, Lin Ran directly turned around and walked out towards the door with Wang Yifeng in tow.

The other guests around, didn’t even notice what was happening, Lin Ran and Wang Yifeng had already left the restaurant, one after the other.

.....

Outside the hotel, the cold wind was howling and the winter night made the streets look extra cold.

“Not bad, you have guts, old me likes someone as quick as you!”

Seeing Lin Ran and Wang Yifeng come out, Brother Fire couldn’t help but laugh.

“Cut the crap, let’s get started!”

Lin Ran said indifferently, it was so hard to get together with Liu Chen and the others, he didn’t want to waste time here.

“That’s fine, say how you want to play? I’ll accompany you in all of it!”

Brother Fire laughed with a disdainful face, not putting the two Lin Ran in his eyes at all.

“No, you guys can all go together, it’s too much trouble one by one!”

Lin Ran said.

When Brother Fire heard this, his face sank, and even his eyes became a few degrees colder.

“No respect, looking down on me, right, two people still want to fight against a group of me? Don’t I, Brother Fire, want to lose face?”

“You’ve got it wrong!”

Lin Ran raised his eyebrows, then looked at Wang Yifeng who was at the side.

“There’s only one of him!”

“Do you hear me clearly? Laozi beats a group of you by himself!”

Wang Yifeng took the opportunity to stand out and said with a fierce look on his face.

“Fuck you! Fuck him to death for me!”

Brother Fire couldn’t hold back any longer, two people challenging so many of his brothers had already made him angry in his heart, but Lin Jean actually didn’t even join the fight, letting that fat bastard beat a group of himself by himself, this was simply a fucking insult to him.

At a word of command, seven or eight punks pounced towards Wang Yifeng, all of them fierce and fierce, looking very capable of fighting.

“Pretend with me, I want to see how long you can fucking pretend!”

Fire cursed angrily, and then lit a cigarette for himself, not knowing if it was a habit or if he was really a very heavy smoker.

“A bunch of miscellaneous fish, come on!”

Wang Yifeng took a step forward as if he was a god from heaven, his burly body directly in front of Lin Ran, shouting at his opponent.

“Damn fatty, looking for death!”

“Finish him off!”

The two men who had rushed in first said in a cold voice, followed by a left and a right, a punch and a leg directly towards Wang Yifeng’s body.

“Little fishes!”

Wang Yifei sneered, followed by two palms like giant pillars in the sky, directly grabbing towards the two men’s necks.

His speed was so fast that before the two men could react, the two palms were already grabbing each other’s collars with one hand and one with the other.

“Arise!”

With a roar, Wang Yifeng actually lifted both of them up directly, and then spun in place with himself as the centre.

As he spun, the two men in his hands suffered and spun around like two gyroscopes.

The other men in the front row stopped, but those in the back row couldn't see them, so they all pushed their way through.

One by one, all of them were kicked over to the ground by the spinning two men, one by one as if they were cutting leeks in a row.

"Fuck this!"

On the side, Brother Fire was furious at the sight of this, and threw the cigarette he had just lit on the ground, and was ready to go up himself.

However, just as he got up, a palm was placed on his shoulder.

"Not good!"

A thought rose in his mind and he immediately turned around, but it was too late at that moment.

The huge force of the blow caused him to spin around several times and he almost didn't pass out.

"You"

Brother Fire dizzily saw Lin Ran's shadow, but just as he opened his mouth, he was followed by another "pop".

Brother Fire, who had just stood up, fell to the ground on his back, and his eyes went straight to gold.

Lin Ran crouched down next to Brother Fire and without saying a word, he raised his hand and slapped Brother Fire on the face, scolding him at the same time.

"Brother Fire, right?"

"You're very sophisticated, aren't you?"

"You're a real drag, aren't you?"

Chapter 293

"No... No!"

"Don't... Don't fight it!"

"I I was wrong!"

Brother Fire said hurriedly, where was any semblance of his previous authority at this point.

"Should I hit your brother?"

Lin Ran stopped his hand and looked at Brother Fire as he asked.

"Huh?"

Brother Fire was stunned at his words, not expecting Lin Ran to ask this question.

"Ah!"

Lin Ran lifted his palm and slapped Brother Fire's face, the half of his face that had been hit was already swollen like half a pig's head.

"No! Don't hit him, he deserves it, he deserves it!"

Brother Fire said in a hurry, he was used to flaunting his power in his daily life, at this moment, saying these low words made his face feel hot and very uncomfortable.

"Your brother is a bully, you can't even touch what you've done wrong can you!"

Lin Ran sneered.

"No... No, good fight, good fight!"

Brother Fire said busily, Lin Ran's raised arm was like a sharp blade hanging over his head, making him not dare to make the slightest move.

"It's all settled, what to do with it!"

As the two men were talking, Wang Yifeng's voice came from afar.

Brother Fire hurriedly looked up to see who had finished dealing with who, but when he did, he couldn't help but gag.

He saw that the dozen brothers he had brought with him were all lying on the ground like dead dogs, not knowing whether they had really fainted or were pretending, and each one was motionless.

"Bring that woman in, and get rid of the others!"

Lin Ran opened his mouth and said.

"Alright!"

Wang Yifeng replied with a smile, following which he grabbed Xiao Lan who was hiding, before shouting at the group of people lying on the ground.

"From now on, disappear from my sight within ten seconds, or else I'll beat them one by one!"

"Run! Run!"

"Brother Fire, sorry!"

"Brother Fire, take care!"

As Wang Yifeng's voice fell, a group of punks who were lying on the ground sprang up one by one, spreading out and running in all directions.

"You guys!"

Brother Fire was on the verge of tears, he usually called him Brother Fire, but now they were all running away so simply, just as if they didn't know him.

Even those with a little conscience shouted, "Take care of yourself!" Brother Fire had the heart to curse his mother.

“Brother Fire, save me!”

Xiao Lan was escorted over by Wang Yifeng and was busy shouting.

“Save your grandfather!”

Brother Fire cursed angrily, and when his afterglow glanced at Lin Ran raising his arm again, the anger on his face hurriedly changed into a compensatory smile and said.

“Me, I’ll get lost too, and disappear from your sight immediately!”

With that, Brother Fire hurriedly got up and was about to run, but not even two steps outside, he heard a “whoosh” in his ears and something flew past his cheek.

The pain was so intense that Fire screamed out in pain and covered his cheek with his hand.

But this guy was also a monkey, his face hurt but his feet didn’t stop at all.

“Stop!”

Lin Ran suddenly reprimanded, but Brother Fire pretended not to hear him and continued to run on his own.

“One more step and it will be your head that gets hit!”

Lin Ran said again, and as he spoke, another “whoosh” sounded, and a black shadow flew along Brother Fire’s cheek again.

This time, Brother Fire was so scared that he immediately stood still, not daring to move!

“No! Don’t fight, can’t I stand still!”

Brother Fire turned around with a resigned look on his face and said.

“You’ve let them go, why did you leave me behind!”

“Did you forget? You know how to pole dance!”

Lin Ran looked at Brother Fire and laughed.

“I

Brother Fire cried at that, it was winter or night, this guy wouldn’t want to make himself pole dance, would he?

“Da... Big brother, this cold day, there is no a pole is not, you

You just don’t play with me!”

Brother Fire cried.

“The first thing you need to do is to get a steel pipe. There are pillars in the hotel!”

Lin Ran laughed.

Brother Fire’s face looked bitter at that, and he wished he had just run away with his scalp.

There were so many people in the restaurant, asking himself to go there and pole dance against a pillar was worse than killing him.

“Stand still, if you dare to move, your head will explode!”

Lin Ran deliberately “admonished”, then turned to look at Xiao Lan.

“You... Don’t hit me, you can make me do anything you want, even if it means selling my flesh I I can do anything!”

Ran was so scared she was busy saying, at this point she didn’t care about anything else as long as she could be spared.

“I’m not interested in your body!”

Lin Ran gave her a faint look before saying.

“Girl, it’s better not to be older, your parents didn’t give birth to you so you could fool around with such people!”

“You don’t even love yourself, who do you expect to love you, leaving you behind is to advise you to learn more, you don’t always meet people like me!”

After saying that, Lin Ran no longer bothered to give her a second glance, turned around and greeted Wang Yifeng, followed the two of them and walked towards Brother Fire.

“Let’s go, what are you still standing there for, it’s time for your watch press!”

As he passed by Brother Fire, Lin Ran said with a smile.

“I”

Brother Fire had a difficult face, he couldn’t really afford to lose this person.

“What? You want to get beaten up, don’t you!”

Seeing that Brother Fire was standing still, Wang Yifeng immediately rolled up his sleeves and made a gesture to beat someone up.

“No No, I’m coming in!”

The first thing you can do is to follow him in.

.....

The hotel, Liu Chen and other people have long been waiting for some anxiety want to come out to see, good Song Nuan has been persuaded this did not come out.

“Hey hey! Come back!”

Suddenly, Liu Chen got up and pointed to the door and said.

Song Nuan and Zhang Xu stood up after them and were relieved when they saw that both Lin Ran and Wang Yifeng were unharmed.

“Hey, why did he follow them in too!”

Seeing Brother Fire behind Lin Ran, Liu Chen and the others couldn't help but be stunned, and then the three of them thought of something.

“Holy shit, Old Six isn't really going to let him pole dance here, is he!”

Zhang Xu said as his mouth grew.

“From what I know about your Old Six, he's definitely capable of such a thing!”

On the side, Song Nuan said with a smile, but her expression looked very expectant.

“Are you alright, Old Six!”

Liu Chen hurriedly asked as Lin Ran approached.

“It's fine!”

Lin Ran smiled and nodded, then turned to look at the surrounding crowd and laughed aloud.

“Friends, you're all in for a treat, today Brother Fire said he would perform a pole dance for us, so let's give a round of applause!”

“Pole dancing? I'm going to do it!”

“Hurry up, I can't wait!”

“Where is it? Hurry up!”

All the customers around the room cheered and turned to look at Brother Fire next to the pillar.

Brother Fire's face was red, and he wanted to find a crack in the ground, but he also regretted to the core that he should have left Huang Mao's shit alone.

Now that Huang Mao had run away, he was putting on a show for others.

“Hurry up, what are you dawdling about?”

Lin Ran opened his mouth and scolded.

Brother Fire looked aggrieved, then looked at Lin Ran and saw him staring at him with a deadly stare, so he had to grit his teeth and walk towards the concrete pillar.

Chapter 294

The pole dancing was brilliant and the crowd laughed out loud as they watched. No one remembered when Brother Fire left, just how ugly the guy looked when he left.

The meal lasted until midnight, when Lin Ran parted from the crowd.

The next morning.

Lin Ran set off early with Song Nuan, taking Wang Yifeng and the others with him.

Temperance City was some distance away from Qinghewan, which was a small county city belonging to Temperance City below, but the fame of this county city was in no way inferior to the former, as there was a very famous square in Qinghewan, which was Qinghewan Square.

“Holy shit! This is Qinghewan Square, it doesn’t look special to me!”

A few hours later, Wang Yifeng stood on Qinghewan Square and couldn’t help but let out a disappointed exclamation.

“What do you know, it is said that Qinghewan is a place where Laozi came and even left precious remarks here, this is all historical value, to a stupid cow like you you wouldn’t understand even if you said so!”

Song Nuan then flirted beside.

“What? What historical value, the king I just know the value of food, no grilled fish poor comment!”

Wang Yifeng said full of concern.

Lin Ran didn’t bother to pay attention to him, turned to look at Liu Chen and asked.

“Where is the proposal location set?”

“In front of the big statue!”

Liu Chen said excitedly, following which he led the crowd to run towards the big statue.

The most famous part of Qinghewan Square was the Great Statue, only to see a beautifully shaped and carved bronze coloured giant bull standing in the middle of the huge square.

The giant head sits with its head held high in the east and west, a domineering aura coming out.

On top of the bull sits an old man, stroking his beard with a calm demeanour and a wise man’s penetration between his brows.

“Laozi Qingniu, it really does feel different in person than in pictures!”

Song Nuan couldn’t help but exclaim.

Zhang Xu, who was at the side, was baffled.

“No, I say school girl student, you’re at least a local of Temperance City, but you’ve actually never even been here?”

“Moreover, you are a school beauty hey, this kind of love mecca, the home of culture you have actually never been here?”

Zhang Xu’s face was full of surprise, knowing that there were only a few famous tourist attractions in Tanjiang City, and this Qinghewan was one of the very famous ones.

The first time Liu Chen caught up with Xu Lan here, that’s why he wanted to set the proposal place here.

“What’s wrong with school girls? I’m a law-abiding student who doesn’t fall in love early!”

Song Nuan said with a serious face.

Next to him, Liu Chen added with a smile.

“That’s natural, but that was before I met Old Six, now I’m not coming over in person!”

“You!”

Song Nuan was so angry that her pretty face turned red, but she couldn’t retort, people were right when they said that.

“Okay, okay, your siblings are thin-skinned, so don’t tease her!”

Lin Ran opened his mouth to change the subject, and then asked Liu Chen.

“Have you got everything ready for the proposal? Talk to us about it, don’t mess it up later!”

“That’s a must!”

Liu Chen smiled, followed by taking out his mobile phone and making a call, hanging up and then rushing to the crowd.

“What we have to do is simple, I found a company that specializes in planning marriage proposals, they have already arranged it, when Xu Lan arrives later, all you guys need to do is change into the same costume and stand by to cheer for me, I’ll take care of the rest!”

“Don’t worry!”

“This matter, I told you that you must treat me to dinner when it’s done, or the same one last night!”

Wang Yifeng said with a smile, although he was not Liu Chen’s classmate, he was also sincerely happy for him, there were only a few events in life, and what Liu Chen was going to do at this moment was one of the most important ones.

“Let’s go, everyone get ready!”

Liu Chen greeted him with a smile, and then a group of people started to get busy.

According to the time given by Liu Chen, it would take at least another hour for Xu Lan to arrive here, so there was definitely still plenty of time.

However, man’s plans were not as good as heaven’s, as the saying goes, no coincidence makes a book.

Just when Lin Ran and the others had all changed into their costumes and were ready to rehearse once more, a group of people suddenly came from afar carrying a large bag of stuff.

The statue of Lao Tzu riding a bull was located in the middle of the entire square, while on the side of the square near the inside was a large river adjacent to it, the very famous Qinghe River in Qinghe Bay.

The position Liu Chen set was on the inside of the statue of Laozi riding a bull, so that when the proposal was successful, the group photo could be taken in a better position to capture the Qinghe River on both sides behind.

The group of people carrying the bags came to the outside of the statue of Laozi riding the bull, right in the middle of the river and the statue.

This position was just blocked by the statue, and it had no effect on them, to put it bluntly.

But the trouble was, as Lin Ran was preparing to rehearse, there was a loud clamour from behind the statue, followed by the angry voice of a middle-aged woman.

“Why are you people so unqualified? Why are you hitting people? You’ve done something wrong and you’re still justified!”

“What’s going on?”

Wang Yifei liked to get together and heard the commotion and went straight to Lin Ran’s side, just waiting for his word before running to see.

But today’s matter was Liu Chen’s most important after all, so Lin Ran did not open his mouth and turned to look at the former.

Liu Chen’s brow was furrowed and he didn’t say anything against his head.

If it was in normal times, he would have been the one to rush over, but after what happened last night, and something as important as himself today, he was a little hesitant.

Lin Ran could also understand his feelings, after all, at the most important moment of his life, anyone who came across such a thing would hesitate.

“You guys go on, I’ll go and settle it, it’s a nuisance to keep it!”

Lin Ran spoke up.

“I’ll go with you!”

Wang Yifeng was also busy saying, how could he be missing out on the fun.

“Old Six, that’s not what I meant!”

Liu Chen said, a little embarrassed.

Lin Ran just smiled and patted him without answering, being a brother how could he not understand Liu Chen.

“Don’t worry, I’ll be back soon it won’t be a delay!”

Lin Ran laughed, following which he turned and ran with Wang Yifeng.

“Are we still going to continue rehearsing?”

Song Nuan asked in a low voice, at this moment Liu Chen Zhang Xu and the others were also in a bad mood, she didn’t know what to do instead.

“There’s still forty minutes left, boss you’re too nervous, I’ll go check it out too!”

Zhang Xu said, followed by also followed.

Liu Chen saw this and sighed helplessly, greeting Song Nuan.

“Let’s go, go and take a look together, come across things regardless, it’s hard for me here in my heart, if I let Xu Lan know, I’m afraid I will also have a problem with me!”

“Good! It’s okay later I’ll put in a good word for you, and it’s not necessarily too late!”

Song Nuan smiled and comforted, following the two of them as they also ran past.

Song Nuan was still quite pleased with Liu Chen’s actions, Xu Lan was a very upright person, and it was impossible to ignore such things when he came across them, which indirectly led to Liu Chen also developing such a character.

Chapter 295

The two of them were the first to arrive at the place where the accident had occurred. Just after bypassing the statue of the big bull, the two of them smelled a smell of smoke, followed by the sight of it.

Under the statue, a folding table had been set up at some point, and at that moment, there were quite a few ingredients on the table, surprisingly, they were ingredients to be used for hotpot.

At this moment, beside the table, a group of tourists were gathered around, and one of them, an older woman, was so angry that her old face was red, pointing at a young man who was fiddling with the ingredients, saying.

“Young people have no quality, this place is for tourism, not for you to eat hot pot! Can’t you think of other people’s feelings!”

“Eating hot pot?”

Wang Yifeng smiled and immediately looked at the ingredients on the table and couldn’t help but gulp.

“Can you be a bit out of your depth?”

Lin Ran Lin Ran gave him a helpless blank look and followed, leading him over.

“I say auntie, you stroll your, want to travel, you can travel, we a few brothers eat a meal, but also delay your travel is what looking? Are you hungry? Do you want to come over and eat something together?”

The young man put down a plate of food, tightened the string of literary toys he was carrying in his hand, and said in a sinister manner.

“You! Do you have any sense of public decency, how did your parents teach you since you were a child!”

The older woman was so angry that she couldn’t even catch her breath, she was very well dressed, obviously a very educated person usually, and having her talk to such a person was a torture in itself.

“Parents? It’s none of your business what my parents teach me, go and report it if you don’t like it, do you see anyone paying attention to you?”

The youth didn’t bother to hit her and turned around to continue fiddling with his ingredients.

Seeing that the table was about to fill up, and when the party had already set up all the pots, the older woman couldn't hold back any longer and went up and grabbed the youth's arm, huffing and puffing.

"I don't care about others, I can't let people like you ruin the reputation of Qinghewan, come with me to the police station!"

Said the elder woman, tugging the youth and dragging him outside.

The youth almost dropped the dish in his hand as he was tugged, and he became enraged, breaking free of Big Mother's hand and almost dropping her to the ground.

"You old thing, I don't give a fuck about you, but you're still angry, if you don't want to be beaten up, get lost!"

The youth pointed at Big Mother and shouted.

"Why are you acting like this? People are just trying to persuade you, why are you still fighting!"

"That's right, you're not alone in Qinghe Bay!"

"Qinghewan is a tourist destination, eating hot pot here, do you have any upbringing!"

At this moment, there were people around who couldn't stand it anymore and stood up to accuse the youth, but the latter didn't listen to the advice at all, his gaze swept the crowd and said in a cold voice.

"You have an opinion? If you have an opinion, go and report it, no one cares about this place, you just travel, and you don't care where I eat! Come and fight if you don't like it!"

As soon as the youth's words fell, four or five companions immediately came up behind him, they were wearing light casual long, all with big gold chains around their necks, some with tattoos on their necks, at a glance they were not easy to mess with, the onlookers who were originally planning to help, all of them shrank back at once.

"You've gone too far, today I just won't leave and I have to stop you!"

The old woman's temper also rose and she raised her head towards the youth and the others.

"You damned bitch!"

Seeing this, the youth's eyes turned cold, and with a fierce hand, he struck towards Big Mother.

He was a big, strong young man, and the opposite side was an old lady who was over 50 years old, if this slap hit him, I was afraid that he would lose a few teeth without dying.

The onlookers around him backed away and closed their eyes, afraid to see the bloody scene.

The woman was stunned and stood still, watching the young man's slap fall on her face.

However, at the very moment when the young man's slap was falling on his face, there was a sudden "whoosh" that drew everyone's attention and they were all surprised to see it.

A cotton slipper flew in mid-air and struck the young man's arm straight on.

The young man did not react at all, and the next moment the cotton slipper hit the former's arm with a "pop".

How powerful can a cotton slipper be? At this point, all the onlookers thought so, and some of them even closed their eyes again, fearing that the scene they had feared would occur.

But then the young man's actions left the crowd stunned.

The moment the sound was heard, the young man's arm was cut as if by a knife, and his face turned pale with pain.

"Who! Who the fuck did this, come out here if you have the guts!"

The young man cursed angrily as he endured the sharp pain in his arm.

"Laozi did it!"

Beside the statue, Wang Yifeng tackled a disdainful smile and walked out, while beside him was a very dumbfounded onlooker, who was standing on one foot at the moment, the cotton slipper on his other foot having disappeared.

"You're fucking looking for death!"

The sharp pain coming from his arm made the youth lose his mind and copied the kitchen knife placed on the table aside and charged straight at Wang Yifeng.

His movements were so savage that he pushed Big Mother in the process as he rushed over.

The people around her were all frightened and hurriedly retreated towards the back, and none of them came forward to help.

"Take care of those people!"

Lin Ran greeted him and hurriedly ran towards the big woman.

Halfway down the street, when he was about to collide with the young man, Lin Ran slammed his side and slapped the other man directly on the cheek.

He didn't hold back with this slap, and with a sudden "pop", the young man was directly hit in place and did a backflip, losing half of his teeth and bleeding out.

This slap directly blinded all the people around him, and they all stood in place, not even daring to utter a sound.

Lin Ran, not caring about anything else, rushed straight to the older woman's side and hurriedly reached out to check her condition.

At that moment, behind him, Wang Yifeng was also wrestling with the young man's companions, who were thick-skinned and extremely strong.

One person chased after four or five people and beat them up, causing them to scream in agony.

The young man fell to the ground and wailed for a while, then gritted his teeth and got up again, looking at Lin Ran in the distance with resentment in his eyes.

“Bastard! I’ll kill you today!”

With that, the young man was about to come charging at a distance.

Lin Ran heard the commotion behind him, but he couldn’t spare his hands to take care of him, because Big Mother was in a very bad condition at this moment, as if there were still maladies being scared out of her body.

Unable to get away himself, Lin Ran turned his head directly and shouted at Wang Yifeng who was fighting after several people in the distance.

“Stop him and tell him to shut up!”

“Leave it to me!”

Seeing Lin Ran’s frown, Wang Yifeng knew that he was not joking, so he immediately pounced on the young man and pinned him down with a bang.

Chapter 296

Wang Yilian did this, and it had a great effect, the young man did not move for a long time after just one “ah” scream.

Lin Ran didn’t bother about Wang Yifeng’s side of the story, he saw Zhang Xu and the three of them had already arrived, so he focused all his attention on Big Mother.

Big Mother’s condition was not optimistic, and after a careful examination, Lin Ran found out that Big Mother had a congenital heart disease, and should one have been taking medicine to regulate it before, that’s why she had such a good mind and vegetation.

And this time a big anger, but triggered a heart attack, although only touched but the heart is after all the root of man, just this is also very serious.

“Is there a family member! Are the family members here!”

Lin Ran looked up and asked, the old lady was so old and sick, she should not be alone, she must have a family member with her.

“His family seems to have just left without noticing her, some enthusiastic people have already gone to look for her!”

A response came from the crowd.

There was a hospital nearby, so it would be best if she could be sent there in time, but now she couldn’t contact her family.

Lin Ran had no choice but to take out the ninth-grade silver needle he carried with him and then administered it to the old woman.

Heart disease is a very serious disease, and the art of acupuncture is about overcoming gambling with sparing, so the one-time effect of treatment is not good, and only long-term treatment can gradually improve.

Lin Ran could only use acupuncture to hang on to her life, and then wait for her family to arrive and send her to hospital for treatment.

A silver needle fell quickly, the surrounding crowd looked stunned, and soon someone questioned in confusion.

“You’re a doctor?”

“Yes!”

Lin Ran replied in a hundred different ways.

Yet the other party was the one who didn’t seem too convinced and asked back.

“Why don’t I look like that? When you hit that young man just now, you didn’t look like a doctor, you looked like you were learning sparring!”

Lin Ran frowned slightly at his words, the most taboo thing when administering needles was to be disturbed, he had just replied back just to let the crowd know that he was a doctor and not to disturb himself.

But this guy asked two questions in a row, which made him a bit annoyed.

When he looked up, he found that the speaker was a middle-aged man in his thirties with eyes who looked well-mannered, and Lin Ran couldn’t help but frown slightly.

“Can’t a doctor learn sparring! Why didn’t you stand up and question them just now, shut up if you have nothing better to do, I need quiet!”

Lin Ran scolded.

“You! You and them are the same kind of people, you know how to see a doctor? If you know how to see, I’ll write my name as a professor upside down!”

The middle-aged man scolded, his eyes filled with disdain for Lin Ran.

“Is that so? Come on then!”

Lin Ran looked up at the other man and sneered.

“You!”

The middle-aged man gritted his teeth in anger and directly took out his phone, turning on the camera and pointing it at Lin Ran.

“Now that the internet is so advanced, I’m going to reveal your true colors today, so how else can you argue!”

The middle-aged man said angrily, with the look of someone who had long seen through everything from on high.

“I hope you don’t leave later!”

Lin Ran didn’t bother to pay him any mind, dropping a casual remark and following it, he continued to give the older woman acupuncture.

There were many treatments for heart disease in the Xuan Yang Pharmacopoeia, and there was no shortage of those that could cure it completely.

However, Lin Ran was given very little time, and with no family around and the patient still in a coma, there was no way to understand many of the conditions.

So he could only choose a conservative treatment to buy more time for the patient to be taken to hospital.

At this point, the people around him were quiet and no one was talking.

Lin Ran quickly dropped a silver needle, and as he did so, the elder woman’s complexion gradually improved, but she never woke up.

At this moment, the middle-aged man who had confronted Lin Ran stood in place without saying a word, the mobile phone in his hand still pointed at him, but at this moment, his face was clearly not looking too good.

“Humph! It’s just a crooked shot, what do you know about medicine at such a young age, not to mention acupuncture!”

The middle-aged man thought in his heart, as a professor he was also quite learned and knew that most of those who knew the art of acupuncture were old men who were over half a hundred years old, while a young brat like Lin Ran could only be considered an apprentice, I’m afraid.

However, despite his good intentions, the reality disappointed him after all.

Less than a few minutes after Lin Ran had dropped all the silver needles, the old lady woke up with a violent cough.

At that moment, the enthusiastic citizens also brought back Big Mother’s family.

When she saw her condition, her daughter burst into tears.

Lin Ran did not care to explain and hurriedly admonished.

“Hurry up and take your mother to the hospital, and remember not to let the silver needle fall down in the middle!”

“Then how do I return the silver needle to you!”

Big Mother’s daughter asked busily.

“What time is it, it’s important to save people!”

Lin Ran was busy urging.

“Yes, yes, take it to the hospital first, then we’ll go back and wait for the door to say thank you!”

The woman’s husband said, and with the help of the kind-hearted citizens, the two of them carried the woman away to a nearby hospital.

When Lin Ran finished this and went to see the middle-aged man again, he found that this guy had disappeared.

An eager crowd on the side laughed and said.

“That professor has run away!”

“Yes I saw that too, running in as much of a mess as he could, and almost falling into the river!”

“Ha ha!”

A crowd of people joked and laughed, for this guy who had nothing to find his existence, no one had any sympathy for him at all at this point.

Lin Ran laughed and shook his head, not bothering to bother with such people, and immediately turned around and walked towards Wang Yifeng.

At this moment, Zhang Xu and the others were all here, a group of them blocking the male youth’s companion outside, while Wang Yiming was still sitting on top of the other.

“Hurry up and get up, you’re not afraid of crushing him to death!”

Lin Ran said hurriedly when he saw this.

“Hey! You say that, am I very fat, King? Only a small two hundred pounds okay!”

Wang Yifeng said discontentedly.

“Look at how many pounds he is?”

Lin Ran said, pointing at the young man who was pinned down.

When Wang Yifeng took a look, he was also a little embarrassed, smiled awkwardly and hurriedly stood up.

Although the male youth was also a strong man, he was as small as a chicken cub compared to Wang Yifeng, completely inadequate.

“Ahem You You You guys give the old man wait!”

Just as Wang Yifeng got up, the young man couldn’t help but cough.

“What’s the matter, Wang Yifei am I getting down clear, your kid’s skin is itching again!”

Wang Yifeng saw this and suddenly his face sank, making a move to do another human bomb.

“You You dare!”

The male youth jumped up immediately in fright, followed by rushing behind his companion, looking at the two Lin Ran and cursing angrily.

“You wait for me, my big brother is already on his way, damn it I’ll have you all to look at later, if I don’t scrap a few of you today, my name won’t be Nan Ge!”

“Male song? Isn’t that a bullshit name for you, anyone who isn’t blind wouldn’t call you female brother!”

Wang Yifeng laughed at his words.

“You! You get fucking cocky first, I’ll make you look good later!”

Nan Ge was so angry that he gritted his teeth and cursed, causing his wounds to ache vaguely.

Chapter 297

“Old Six!”

Liu Chen was waiting a little anxiously at the side, this had taken up nearly half an hour before and after, seeing that Xu Lan was about to come, but at this moment this matter was not yet finished.

“I know!”

Lin Ran nodded, and then said after a moment of contemplation.

“You guys go ahead and get ready, if it’s too late, don’t wait for the two of us!”

“This”

Liu Chen was stunned and hesitated a little.

Although his own business was important, but leaving the two Lin Ran here, this was indeed a bit less than ethical.

“It’s fine go ahead, you’re still not sure about me?”

Lin Ran smiled this and said.

Liu Chen smiled and gritted his teeth, but eventually nodded his head.

Song Nuan and Zhang Xu both didn’t want to leave, but thinking that today was also an important time for Liu Chen, they still left with a ruthless heart.

After the three of them left, Lin Ran and Wang Yifeng felt a little more relaxed, at least the two of them were the only ones who could let go.

And even if they were delayed by something on their side, they could still carry on normally on their side, without delaying Liu Chen’s business.

“What’s the matter? Scared? And ran away three?”

When Nan Ge saw Liu Chen and the three of them leave, he couldn’t help but sneer.

“Run? To deal with you, the king and I alone will be enough!”

Wang Yifeng said disdainfully.

Lin Ran, on the other hand, didn't bother to pay any attention to him and looked at his watch by himself.

Originally, he didn't even bother with Nan Ge's group of people, and was waiting here for the big brother he was talking about out of consideration for Liu Chen.

After all, it was always a time bomb if things were not settled here, and if they came out to make trouble when Liu Chen proposed, it would only make things more troublesome.

Luckily, this big brother of his didn't keep Lin Ran and the others waiting for long, after just a few minutes, a black Mercedes-Benz car stopped at the edge of the square, followed by three figures walking down from the car.

Lin Ran saw that the leader was also a young man, about the same age as himself, and next to him were two bodyguards dressed in suits.

However, these two bodyguards did not look professional, their figures were just like those of ordinary people, and instead of a solemn air, they stood there with an air of treachery, as if they were two punks wearing the clothes of bodyguards.

"Brother Qin, you're here! Brother I'm about to be killed!"

Seeing the youth approaching, Nan Ge pounced over as soon as he could, hugging the other man's thigh with a look of resignation, crying with a cry of misery.

"I go, still an actor, I didn't notice!"

Wang Yifeng couldn't help but laugh.

The youth named Qin frowned and said in a cold voice.

"It's a damn shame to cry and cry! Stand up for me, and point out who hit you!"

"Yes!"

Nan Ge sniffed and hurriedly got up from the ground before pointing at the two Lin Ran.

"It's those two, Brother Qin, you have to do it for me, if I hadn't run fast, I would have been killed by them!"

As he said this, Nan Ge did not forget to lean towards Brother Qin, with a face of aggression that looked as genuine as it could be.

"You two don't know that he's one of mine?"

Qin frowned slightly as he looked at Lin Ran and asked drily.

"Your man? And who are you?"

Wang Yifeng said disdainfully.

Brother Qin raised an eyebrow at his words and revealed a cold smile as he disdained.

“You don’t even know who Laozi is, and you dare to spill your guts in Laozi’s turf, tell him!”

Nan Ge jumped out hastily at his words, pointing at Qin behind him and said.

“Listen carefully, Brother Qin, whose real name is Qin Shou, is the deputy manager of the famous Orange KTV in Qinghe Bay, so hurry up and give me if he doesn’t want to die!”

Nan Ge was talking enthusiastically, however, before the words were finished, a slap came directly behind him.

“Can you fucking talk, I’m the vice president!”

Qin Shou cursed angrily, and then looked up at Lin Ran.

“Kid, do you know who I am now? Get your ass over here if you don’t want to die!”

“Got it! The famous beast of Qinghe Bay, that’s one word for a name!”

Lin Ran said and gave a thumbs up, turning to look at Wang Yifeng, who understood and gave the same thumbs up, adding.

“Awesome!”

“Nonsense, can the old man’s name not be”

Qin Shou did not react for a while, the words came halfway through this, and just as he wanted to explode, Nan Ge in front of him jumped up and exclaimed.

“Brother Qin they called you a beast, this”

“Give the old man to get out!”

Qin Shou was so angry that he gritted his teeth and kicked Nan Ge in the stomach, instantly kicking him out a long way.

Nan Ge screamed in agony and crawled up from the ground with a face of aggression as he endured the pain.

“Brother Qin, they were the ones who called you a beast, not me!”

“You still fucking say that!”

Qin Shou was so angry that he gritted his teeth.

At this time, the crowd that was watching around had already laughed their heads off, they had come across people who shouted in fights, but they had never come across people who shouted in fights to beat themselves up.

The main thing is that the name is too casual, just like a joke.

“Cut the fucking crap, if you don’t want to die, get your ass over here, or I won’t be polite!”

Qin Shou cursed angrily, while giving a wink to the two bodyguards beside him, who immediately walked over towards Lin Ran.

“If you don’t want to die, get your ass over here and apologise and kowtow a few times or I’ll spare you, otherwise you’ll be fed to the fish in the river today!”

Qin Shou said with a smug smile on his face.

Lin Ran smiled and looked at the two men, then said blandly.

“Make it quick, we’re still waiting for us over there!”

“Understood!”

Wang Yifeng nodded with a smile and followed the two of them towards each other as well.

“Yoo-hoo is quite a good boy, not bad! It’s good that you know to admit your weakness!”

Qin Shou laughed smugly at this, and Nan Ge, who was on the other side, was also busy coming up and patting him on the back.

“That, also do not look at who you are, brother Qin you stomp a foot in this Qinghe Bay, that is all shaking”

The first thing you need to do is to get a good idea of what you’re doing.

And the cigarette that was being lit for Qin Shou was also directly broken into several sections.

Qin Shou remained motionless in his cigarette-lighting position, as if he was petrified.

In front of his eyes, one of his two bodyguards had disappeared and the other was lying motionless on the ground, not knowing whether he was dead or alive.

Qin Shou was originally a bully who was afraid of softness and hardness, and usually relied on his status to flaunt his authority in Qinghe Bay. At this time, when he saw that his two powerful men had been put down in one move, his whole person immediately panicked.

“You Don’t come any closer, don’t come any closer! My uncle is the general manager, if you guys dare to touch me, he won’t bypass you!”

Looking at the two Lin Ran’s steps, Qin Shou was so scared that he hurriedly said.

“General manager? Whose general manager is it?”

Lin Ran asked with a smile.

Qin Shou suddenly woke up, he was the vice president of the KTV, but Lin Ran and the two of them were not from their company at all, so his uncle couldn’t control him even if he was the king of the heavens.

“I’m my uncle’s only nephew, you If you guys dare to touch me, you’ll be dead!”

Qin Shou said, while taking out his mobile phone to shout at someone, but the phone just took out before he could call, but himself rang first.

Once he saw the caller ID, Qin Shou immediately smiled, and without saying a word, he directly picked up the phone, and when he hung up again, his originally crying face had completely changed into a smile.

He pointed at the two Lin Ran and laughed loudly.

“Haha, there’s a way to heaven but you don’t want to go to hell, my uncle is already on his way, you two can wait to die!”

“I Cao is not finished yet!”

Hearing this, Wang Yifeng was furious, after beating the younger one, he wanted to beat the older one.

He said that Wang Yiming directly stepped forward and grabbed Qin Shou’s collar, then without saying a word, he threw it out towards the side.

When everyone looked over, Qin Shou was already several meters away and crawling on the ground screaming in pain.

Chapter 298

“What do we do now? Is it hard for us to just wait here?”

Wang Yifeng gave Qin Shou a disdainful glance, then asked Lin Ran.

“We can only keep watch, we can’t let him influence Boss’s proposal!”

Lin Ran said with a frown.

He couldn’t get away until this guy left, after all, Liu Chen’s proposal wasn’t over yet.

“That son of a bitch!”

Wang Yifeng disliked the feeling of being led by the nose, his face sank as he walked towards Qin Shou, and then picked him up with one hand, saying angrily.

“You’d better pray that your grandfather comes early, my patience has a limit, if you don’t believe me, I’ll throw you into the river and feed you to the turtles!”

“It’s uncle, not grandpa!”

Qin Shou looked at Wang Yifeng with a cold look in his eyes, but he couldn’t beat the latter, so even though he was resentful, there was nothing he could do.

Luckily, his uncle came quickly, and after waiting for nearly ten minutes, a black nanny car drove over, and soon a man, yes a man, stepped down from it.

This man was only thirty years old and looked very competent, but when he approached, Lin Ran and Wang Yifeng could not help but be stunned when they got a good look at his appearance.

“Qin Yufeng, how come it’s this old guy!”

Wang Yifeng couldn’t help but mutter.

Lin Ran, however, shook his head helplessly and sighed.

“This world is really small!”

Previously, when he was seeing Qin Yufeng again, this guy was himself was opening a KTV, but he didn't expect that this business had made it to Qinghe Bay.

"Lin"

Seeing the two Lin Ran, Qin Yufeng was also stunned, however before he could speak, Qin Shou, who was lying on the ground at the side, hurriedly ran over and cried with an aggrieved face.

"Uncle, you have to do something for me, these two boys almost didn't kill me!"

Looking at the scene in front of them, Lin Ran and Wang Yifeng were both speechless for a while, how this guy was just like Nan Ge just now, it was really not bad to be together, it was simply like things were united.

"What the hell is going on?"

Qin Yufeng face gloomy drink asked, he knew his nephew's temper, every day delicious and lazy nothing can pick out three points of reason.

It was because of the trouble he caused every day in Tanjiang City that he sent this guy down to Qinghewan, but he didn't expect him to change his ways here and still cause him trouble, and this time he even caused trouble with Lin Ran.

"Uncle, isn't it obvious? They both beat me up, you're my uncle, you have to do something for me! You must send them to jail for eight or ten years, otherwise it will be hard to dispel my hatred!"

Qin Shou pretended to be aggrieved, he had grown up without parents and had always followed Qin Yufeng.

Perhaps because he had only one nephew, Qin Yufeng had always treated him as his own son, so he had been spoiled since he was young, resulting in this guy now being lawless and always causing trouble.

"I still don't know what kind of nature you have! It must have been you who caused the trouble first again!"

Qin Yufeng said in a cold voice.

"This time it's really"

Qin Shou still wanted to explain, but Qin Yufeng pointed at the two Lin Ran in front of him and scolded him.

"He's Laozi's savior, and he's actively bullying you? Do you think Lao Zi believes that!"

"Save A life-saving benefactor?"

Hearing these words, Qin Shou was immediately confused, he turned his head to look at Lin Ran, how could he look like a life-saving benefactor should look like ah.

"Uncle Uncle are you mistaken, just what could he save you like that!"

Qin Shou asked apprehensively, he really didn't believe that Lin Ran could be his uncle's life-saver, it was too unbelievable.

“You don’t believe in my words either do you!”

Qin Yufeng was so angry that he gritted his teeth, not bothering to pay attention to Qin Shou, the latter had really let him down too much over the years.

“Director Lin, Brother Wang, I’ve made you laugh, this child has been spoiled by me since he was young, I’ve caused you trouble this time!”

Qin Yufeng said awkwardly.

Wang Yifeng saw the situation and laughed again.

“I say old man, you are doing a big business, but you are really an amateur in educating people, just this nephew of yours, he doesn’t fight for three days, he needs to be educated properly, this time he met me, Master Wang, next time if he meets a desperate person, he would have given an account!”

“Yes, yes!”

Qin Yufeng nodded awkwardly, although Wang Yifeng’s words were hard to hear, they were all reasonable, and were indeed such a thing.

“All right, for your sake, take him away, next time you have to watch out, Master Wang I have a bad temper, if I come across him causing trouble, I won’t spare him so easily!”

Wang Yifeng said.

Qin Yufeng smiled but shook his head, Qin Shou who was at the side laughed at this.

“Damn fatty, see, my uncle is shaking his head, you’re fucking waiting to die!”

“Haha, I knew my uncle”

Before Qin Shou finished his sentence, Qin Yufeng behind him directly slapped him on the face, only to hear a “pop” sound, and immediately Qin Shou’s whole body fell to the ground.

He then heard his uncle say.

“Director Lin, Brother Wang, I can’t control this nephew of mine, since you have come across him today, let’s give him a good education, and let him understand what it means to have people outside of him!”

After saying that, Qin Yufeng turned and left directly.

Hearing the sound of footsteps, Qin Shou hurriedly jumped up from the ground.

“Uncle! You can’t leave, you can’t leave me behind!”

Seeing Qin Yufeng leave, Qin Shou immediately panicked, yet Wang Yifeng grabbed the main him and laughed.

“I don’t care about you anymore, let’s see what kind of waves you can still make today!”

With that, Wang Yifeng was ready to give this guy a good beating.

However, at this moment, a voice that none of the people wanted to hear came violently from the side.

“Lin Ran? Why are you here? What are you doing?”

Lin Ran’s heart thudded at the words, and before he could reply, Wang Yifeng in front of him turned around curiously.

“Huh, what a pretty girl, how come you’re also a friend of this kid?”

Wang Yifei asked Xu Lan, pointing at Lin Ran.

Xu Lan, however, just gave Wang Yifei a glance, followed by a burning gaze at Lin Ran and asked.

“Why are you here? Did Liu Chen call you here? Where is he? And is this a fight you’re in?”

Faced with a series of questions from Xu Lan, Lin Ran didn’t know how to answer, and Wang Yifeng, who was beside him, also understood when he heard the words and scratched his head somewhat awkwardly.

Lin Ran laughed and said awkwardly.

“Dealing with something, the boss is asking me out, but shouldn’t you still have a while to go before you arrive? How come arrived ten minutes early!”

“I always feel that something is wrong today, so I came a little early, say what the hell are you guys doing?”

Xu Lan’s eyes slightly narrowed questioned, Liu Chen asked himself over, Lin Ran was actually here, and also fighting, even when he went out in the morning Xiao Nuan’s mobile phone could not be reached, it was all too unbelievable.

“We”

Lin Ran’s head was whirling fast, thinking of how to explain.

But at that moment, Liu Chen was the one who ran over from the side, shouting as he did so.

“Lao Liu well, Xu Lan will soon stay to come, we have to hurry, the proposal is ready, just you guys”

The last sentence did not come out, Liu Chen had frozen in place.

He looked at Xu Lan, suddenly felt a pain in his heart, and then the whole person fell to the ground, his eyes unconsciously red.

“Ai!”

Liu Chen’s fist clenched fiercely on the ground, at this moment he had mixed feelings in his heart, there were complaints, chagrin, and even more reluctance.

Chapter 299

The one who finally came forward to explain was Song Nuan.

It was a good proposal, but for various reasons it ended up being messed up, and no one in the room felt good about it, but I’m afraid it was Liu Chen who felt the worst.

“Come on, it’s not your fault. Besides, we’re just being brave, we can’t pretend we didn’t see it and let this guy wreak havoc on people here, right?”

Wang Yifeng persuaded again.

Lin Ran was sitting on the fence by the river, with mixed feelings in his heart.

“What the fuck are you looking at, stand still!”

Wang Yifei shouted angrily, while glaring at the two people in the distance, Nan Ge and Qin Shou, who at that moment were strangely standing by the river, facing towards the Qing River and not daring to move.

“Big Big brother did not move, we did not move!”

Nan Ge hurriedly explained, and Qin Shou even nodded with an aggrieved face, his uncle did not care, he had no choice but to accept Lin Ran’s “conditioning” here.

However, Lin Ran was not interested in dealing with them at all, so Wang Yifeng left them standing here, staring at the Qing River.

“It’s all right now, Xu Lan has already agreed to Liu Chen’s proposal!”

A moment later, Song Nuan walked over from one side and patted Lin Ran’s shoulder, comforting him.

Lin Ran nodded, but did not say anything.

The events of today had left him at a loss in his mind, and he remembered a saying from his childhood, that the greater the ability the greater the responsibility on him.

However, there were times when the powerful abilities one possessed would often hurt some of the people around them, just like in this case.

“Ranzi, Song Nuan has said that it’s fine, so don’t blame yourself!”

Wang Yifeng persuaded beside him again.

Lin Ran, however, never said anything, what he was heartbroken about was not the mess up this time, what he was heartbroken about was the loss in Liu Chen’s heart.

“Ranzi, it’s really alright!”

Suddenly, Liu Chen’s voice rang out, followed by him walking over with Xu Lan and Zhang Xu.

Lin Ran lifted his head to look, only to see that all three came to the can with smiles on their faces, but Liu Chen’s smile had a clear trace of bitterness in it.

“Old Six, Xu Lan has already agreed to the boss’s proposal, so you shouldn’t blame yourself!”

Zhang Xu said beside him again.

“Yes Ranzi, just don’t blame yourself, I heard Liu Chen say this, you did the right thing, if I were here, I’d rather not have this surprise, I’d also support you guys doing this!”

Said here, Xu Lan couldn't help but laugh.

"Moreover, the planning company has just said that the proposal can be carried out as usual, although it is a surprise that is already known, but as long as Liu Chen has this heart, I am already content!"

Hearing Xu Lan's words, Liu Chen also couldn't help but reveal his relief, it was rare and valuable that his own woman could understand him.

"Well, let's hurry up and get ready, the proposal ceremony still has to take place!"

Song Nuan laughed, following which she pulled Lin Ran up and prepared to go on with the proposal.

Lin Ran saw that everyone had said this, so if he went on like this, he would really be a bit pretentious, so he simply stood up straight away too.

Before he set off, however, he did say.

"You guys go over first, Wang Yifeng and I will take care of the two of them and go over right away!"

"Good!"

Song Nuan and the others smiled and nodded, following which they went ahead and got busy.

"What are you going to do with the two of them?"

Wang Yifeng came over and asked, he had been waiting impatiently for a long time, as long as Lin Ran gave the order at this moment, even if he had to throw these two into the river, he wouldn't have the slightest hesitation.

"The two of them messed up the boss's marriage proposal ceremony, they can't be let off easily!"

Lin Ran mused, then said with a twinkle in his eye.

"Let the two of them stand right here and shout their proposal at the sea!"

"Good idea!"

Hearing Lin Ran's words, Wang Yifeng instantly followed suit and hurriedly took out two compulsions from his pocket.

This kind of thing was something he had gotten from the wife-bearer and could control a person's body for a short period of time.

"This thing can last a full three hours, let them stand guard here for three hours later!"

Wang Yifeng said and ran over, while then placing the compulsion on the two men.

Soon the voices of the two men came from over there and they shouted in a loud voice.

"Xu Lan Liu Chen loves you, please marry him!"

"Xu Lan Liu Chen loves you, please marry him!"

"....."

“How about that, is that slogan loud enough.”

A few moments later, Wang Yifeng trotted back and said with a smile.

Lin Ran was helpless for a moment, but shook his head with the same smile, and then the two of them rushed back to the rehearsal together.

The rehearsal went smoothly and the whole proposal ceremony came to a perfect end amidst a lot of joy, as to when the wedding would be agreed upon after both parents met.

Xu Lan has not yet graduated, so it will be at least a year.

Xu Lan and the others did not know that Qin Shou and Nan Ge had been shouting at the river for three hours.

They only found out about it when they were watching TV after checking into the hotel that night.

“According to the latest reports, yesterday at Qinghewan Square, there was a vicious incident in which several men ate in the square and clashed with other tourists in public!”

“One of them caused a tourist to have a heart attack and was admitted to hospital!”

“Later on, for some reason, two disruptive men were standing by the river for three hours shouting the words “Xu Lan Liu Chen loves you, please marry him!”

“According to this we interviewed the eyewitnesses involved and it is said that these two men disrupted an otherwise elaborate proposal ceremony and finally did so in order to repent!”

“Here, we would also like to send our sincerest wishes to the couple who saw justice done!”

“I didn’t expect you to know how to be romantic!”

In front of the TV, Xu Lan was lying in Liu Chen’s arms, full of happiness, although there was no surprise in the proposal, but the latter had this heart, he was content.

“Hey hey you look quickly, that’s her yesterday is her sudden heart attack!”

Liu Chen suddenly pointed at the TV and said.

Xu Lan looked, only to see an older woman on the TV saying words of thanks with a grateful face, while next to him stood a professor-like old man in a white coat who seemed to be some kind of expert scholar in the hospital.

“Professor, what can you tell us about this patient’s condition yesterday?”

The reporter asked.

“Yes!”

The professor looked very excited and tightened his hand and said.

“She was not in a good condition when she was brought in yesterday. We asked the patient’s family and found out that the patient has a congenital heart condition and it is very serious!”

“But when the patient was brought here yesterday, she was laced with silver needles, which is the art of acupuncture among our national Chinese medicine, and later several experts proficient in Chinese medicine and I have studied it over and over again and found out something very significant!”

“And what is that matter?”

The reporter asked with a smile.

The professor said with an excited look on his face.

“This one who administered the needles to the patient must be a highly skilled person with very high attainments in the ways of Chinese medicine, and the formation he landed on the patient yesterday is known in Chinese medicine as the Taiyihua Needle, which is a very ancient and lost needle technique!”

“And now someone can actually perform it, this is definitely a treasure-level discovery for our Chinese medicine community!”

“.....”

In front of the television, Wang Yifei couldn't help but laugh as he watched, and turned to Lin Ran and said.

“And Taiyi Needle Technique, is it that mysterious? They just said that you should hurry up and contact them, they want to return the silver needles to you personally!”

Lin Ran smiled at his words and said.

“No need, this set of silver needles originally belonged to Temperance Hospital, I'll ask Dean Yang to take over!”

Chapter 300

After all, Qinghewan is also a tourist town, and since they had already come here, they could not just go back hastily.

In the evening, after everyone went back to their rooms to rest, Lin Ran left the hotel alone and went to Qinghewan Square once again.

During the daytime, there were many people and inconveniences, while at night it was much colder, with only a few people walking along the river.

“Hold the tortoise armour and go to Qinghewan Square to find him!”

Lin Ran kept recalling these words in his mind, he was sure that this was what Jiang Sansi had said to himself the other day.

“Qinghewan Square is so big, where do I go to find him?”

As he walked on Qinghewan Square, Lin Ran kept muttering in his mind.

He had never met that Feng Shui master at all, and he had no way of knowing whether the other party was fat, thin, male or what kind of appearance he had.

He could only deduce from his age that the other party should already be in his fifties or sixties, after all, it had been twenty years since the incident back then.

“It should be an old man!”

Lin Ran thought in his mind, while continuously skulking around Qinghewan Square.

But after an hour of wandering around, he hadn't found any old man in particular, and he had even seen one old man this hour, still drunk and sleeping on the river.

“Where to find this!”

Lin Ran was so helpless that he sat down on his butt in front of the statue and looked at the tortoise bone in his hand and launched into a daze.

The turtle bone was only the size of a palm, and its entire body was already black, but it was being held by Lin Ran every day for the past few days, so it was somewhat about to dish out a bright light.

And on the black turtle nail, there was a stripe, the very same stripe that naturally formed between the seams of the turtle nail.

“Hmm? Why does this stripe look a little familiar?”

Lin Ran's heart suddenly moved, as if he had seen the lines on the tortoise nail somewhere before, but for a while he couldn't remember.

“Let's get up and turn around!”

Lin Ran's heart moved and he hurriedly stood up, when he came across such things that he suddenly couldn't remember, the best way was to divert his attention away from them and wait for himself to calm down before continuing to think about them.

So Lin Ran went to the statue and looked at the words inscribed on the statue of Laozi riding a bull.

There was nothing substantial in the opening text, just some description of the unit department that built it, and why it was built, and so on.

Lin Ran simply ignored it and skipped to the bottom to start reading from the official content.

“Laozi's surname is Li Er, his name is Dan, and his name is Boyang, his name is Laozi, a native of Lixiang Qurenli in the Bitter County of the State of Chu (nowadays east of Henan title Yi), a famous thinker of the late Spring and Autumn Period”

The connection between Laozi and Qinghewan goes back to his time before he came out of the Hakka Pass in the west.

It is said that when Laozi was travelling west out of the Hangu Pass, he once visited Qinghewan, which was not yet called by that name and was only a very small village.

At that time, Laozi saw that the Qinghe River was winding and twisting, but the water was unusually calm, like a jade belt around a small village, which was a feng shui treasure, so he mentioned the name Qinghewan.

The name has since stuck and is still called Qinghewan today, and with the rise of the tourism boom, Qinghewan has gradually become a calling card for the area.

And to commemorate this nomination of Laozi, there is the statue of Laozi riding a bull here

“So that’s how it is, I didn’t expect Qinghewan to have quite a history!”

Lin Ran exclaimed, while getting up and preparing to go look for it again.

However just as he raised his head, suddenly a curved tentacle above his head appeared in front of his eyes, none other than the bull’s horn of Laozi Qingniu.

The moment he saw the horn, Lin Ran’s whole body felt as if he had been struck by electricity, and he suddenly remembered that the pattern on top of the tortoise armour was not exactly the same as the pattern on the horn of the green bull.

“There must be a connection between the two!”

Remembering what Jiang Sansi had said to him, combined with the connection between the bull’s horn and the tortoise nail’s patterns at this moment, Lin Ran immediately felt that he had found a breakthrough.

He hurriedly looked towards the bull’s horn, starting from the horn and looking down little by little, and indeed, at the place of the bull’s neck, he found the end.

The lines on the horns of the bull became more and more shallow the further down the bull’s body they started from the horns, until finally they disappeared completely.

In the neck area, however, the lines are still very clear, and this is where the problem lies.

The original clear lines were suddenly missing in one of the parts, and its size was similar to that of the tortoise bone in Lin Ran’s hand.

Lin Ran placed the tortoise bone on it, and the lines on it actually corresponded to each other.

“Hm?”

Suddenly, the moment the lines on the turtle bone and the lines on the bull got along and corresponded, Lin Ran clearly saw that the lines all over the green bull’s body lit up along with it.

But only for a moment, the bright light dimmed in the blink of an eye, and the entire statue once again returned to its normal state, as if nothing had changed before.

“Young man, why don’t you go back to bed at this late hour?”

Suddenly a somewhat mellow voice came over, startling Lin Ran, who hurriedly turned his head to look, but when he saw the person who spoke, the expectation in his heart was immediately dashed.

“Grandpa, why are you out sweeping the floor so late!”

He looked almost sixty years old, but his whole energy was not bad.

“If you don’t sweep at night, when do you sweep?”

The old man asked rhetorically, but with a cheerful smile at the corners of his mouth.

“Since this place has become a scenic spot, I can only sweep at night, otherwise there are so many tourists during the day, it’s not convenient to sweep!”

The old man explained with a smile.

“That’s true.”

Lin Ran nodded his head and then laughed.

“Boss I’ll sweep it for you, I have nothing to do anyway!”

With that Lin Ran went to take the broom from the old man’s hand, however the latter flicked it up and directly dodged Lin Ran, laughing.

“That won’t do, the leader will have to deduct your salary if he sees you!”

“Er

Lin Ran was speechless, but in his heart, he was a bit puzzled, his current stature, not to mention the old man, even a young lad, would not be able to dodge his palm.

However, just now, the old man in front of him was able to dodge it very easily, which made his heart very puzzled, was it because he did not use his full strength? Or was the other party really unfathomable?

“Old man, what are you doing! Are you annoyed!”

Just as Lin Ran was wondering in his mind, a voice suddenly came from not far away.

When he looked up, he saw a drunken youth stumbling over, while cursing.

“What are you sweeping at night? Let’s not let me sleep!”

With that, the youth had already walked up to the old man, followed by grabbing the broom in the latter’s hand and throwing it towards the distance.

“Hey, hey! Don’t throw it!”

The old man said in a hurry, while rushing towards the broom.

Lin Ran took this opportunity to look at the other party’s pace, which was indeed unique to the elderly and did not look like a deep hide.

“Could it be that he was overthinking things? Is he just a pure sweeper?”

Lin Ran thought to himself.

However, the drunken youth, seeing Lin Ran standing still, felt provoked and immediately walked towards Lin Ran, cursing as he did so.

“Kid? Are you fucking looking down on me? I have to beat you up today!”

With that, the youth swung out his fist and greeted Lin Ran’s head.
