

Wonder Doctor

Chapter 301

“Hm?”

Lin Ran saw this and easily dodged away with a side-step, but what he didn't expect was that although he slapped past.

However, the youth stumbled on his feet, and followed by his entire body directly towards the Green Ox statue.

“Be careful!”

Lin Ran hurriedly put his hands in the way, but it was too late.

He watched as the youth's entire face slammed straight into the statue.

The youth was in a drunken state, unlike normal people who would instinctively reach out to protect their heads when in danger, he did not protect his head at all, and his entire face slammed straight into the statue.

Under the effect of gravity, his cheek slid off the statue like a rag.

Lin Ran clearly saw that a large blood stain ran down the statue, the scene was simply not too horrible.

“Hey hey what's going on ah, save someone!”

At this moment, the sanitation master had already picked up his broom and ran back, seeing the situation, he hurriedly shouted.

“Good!”

Lin Ran was sobered by this shout, and hurriedly went forward to help the youth over.

But when he saw the youth's cheek, he immediately felt a wave of vomiting and almost didn't throw up.

He saw that the youth's entire face had been badly scratched, and even his nose had been knocked off and lost, with two red and bloody holes hanging on his face, which was as horrible as it could be.

“Oops, how did you get knocked like that! Let's run, I've heard there's a lot of blackmailing going on!”

The old man saw this and was busy not falling to, he was a sweeping sanitation worker only had how much money a month, if he was blackmailed by this kid, I'm afraid that if he worked for him for the rest of his life, he wouldn't be able to pay it back.

“You can't leave!”

Lin Ran frowned at his words and persuaded.

“He's so badly injured, if we leave, I'm afraid he won't survive!”

“Won't survive? Then it's useless for us to be here, are you still a doctor?”

The old man said anxiously.

“I am exactly a doctor!”

Lin Ran said.

The old man was stunned at his words and followed.

“Alright then, then you stay and save him, I’ll go and call someone over to help!”

“Mhm!”

Lin Ran nodded at his words and followed to touch the silver needles on his body, but it was only after this touch that he remembered that in order to save that old lady in the morning, his silver needles were no longer on his body, and he was afraid that he was still in the hospital now.

“Ai!”

Lin Ran couldn’t help but sigh and hurriedly drove out a trace of true qi from his body and infused it into the youth’s body, the silver needle wasn’t with him, so he could only use his true qi to mitigate the intensification of the latter’s injury.

As long as the youth’s injuries were restrained from worsening, there was still a great hope that the youth could be saved if the Boss found someone to send him to the hospital for treatment later.

But what Lin Ran didn’t expect was that just as he had stabilised the situation, the old man came running back, less than two minutes before and after, and shouted as he ran.

“Young man, there’s no one, there’s no one at this time of night!”

“There’s a hospital right near Qinghewan, at most two kilometres is the downtown area, how come there’s no one there?”

Lin Ran said speechlessly, he was staying in a hotel near here and still had some knowledge of the neighbourhood.

“I know, but old man with my body running two thousand metres, I’m afraid you’ll still have to come and save me!”

The old man said with a ragged breath.

“Alright, you stay here and watch him, I’ll go and find someone!”

Lin Ran said busily, and then got up and ran out.

The distance from here to the nearest street was only two kilometres, and according to Lin Ran’s speed, he could run there in a few minutes at most, a round trip would definitely not take more than ten minutes.

However, just as Lin Ran was calculating in his mind, suddenly a figure appeared in front of him, the figure appeared very quickly and just came out from behind the flower pond, catching him off guard Lin Ran almost didn’t fit in.

“Young man night running it? I’m not sure I’m going to be able to get a good one.”

A chubby old lady gave Lin Ran a white look and complained.

Lin Ran was first stunned and wondered why there was an old lady here now, but then he suppressed this doubt, now was not the time to wonder about this, and said at once.

“Big Mother, can you still contact someone, there is a youth over there who is injured and needs urgent help!”

“Youth injured? Young man, you’re stupid!”

Big Mother looked at Lin Ran as if she was viewing a fool.

“What’s that supposed to mean?”

Lin Ran was astonished, how could he be stupid.

“I just came from over there, you were the only one sitting stupidly under the statue, there was no youth!”

“This”

Lin Ran felt his head explode at his words, and the pores all over his body couldn’t help but follow.

“Young man, go back to rest early at this late hour, you see you are hallucinating!”

The old lady shook her head and said, turning around to leave after her.

“Hey, you have to believe me, someone is really hurt over there!”

Lin Ran was busy stopping Big Mother and persuading her again.

“You young man, why don’t you listen to me, I’ve been guarding this Clear River Bay for more than ten years, can I not know? All the people who went in just now have left except you, otherwise I wouldn’t be ready to go back!”

Big Mother said.

When Lin Ran heard this, he hurriedly said.

“You’ve been here for more than ten years? Then you should know your colleague, the old man who sweeps the floor, he’s there too!”

“The old man?”

The old lady’s head was even more confused at her words, and she probed her hand to feel Lin Ran’s forehead, puzzled.

“You don’t have a fever, why are you talking nonsense? There’s no such thing as a sweeper here, and don’t you think about it, who would come to sweep the floor at night?”

“That Qinghe play hygiene”

Lin Ran was still undeterred, but before he could finish a sentence, he was interrupted by the old lady.

“The hygiene of the Qinghewan scenic area is all taken care of by a special unit, every day at four in the morning they will come to clean up and collect the rubbish together, you don’t think about it, such a big Qinghewan square, relying on an old man to sweep the floor, I’m afraid he won’t be able to finish it even if he is tired!”

This time Lin Ran was completely speechless, but just now he clearly saw

“No Big Mother, you must come with me to the trip, what just happened I really”

Lin Ran is really a bit anxious, the big mother saw this and could not help but reveal a hint of suspicion, looking at Lin Ran said.

“Young man, you don’t mean to plot against big mother! Although Big Mother was a beautiful woman when she was young, but now that her children are as old as you, you can’t do anything!”

“Pfft!”

Lin Ran almost spurted out a mouthful of blood, looked at Big Mother and gritted his teeth and simply ran back on his own.

A few minutes away, almost in the blink of an eye, but a long way away Lin Ran’s heart was already half cold, he clearly remembered the position of the youth and the old man, but this time he did not see them.

“Maybe they have changed positions!”

With a last thought in his mind, Lin Ran still rushed over.

But when he reached the place he was completely dumbfounded, the statue of the green ox was still here, but there was no one there.

Even Lin Ran took a look at the spot where the youth had hit the green bull in order to see if the big woman was lying or not.

But he saw that there was nothing there, no blood stains, let alone any signs of being touched.

“Could it be that just now I really was hallucinating?”

Lin Ran couldn’t believe it in his heart.

“Clang!”

Suddenly, a crisp sound came, and when Lin Ran looked, a piece of turtle bone fell to the ground, spinning around incessantly.

But he clearly remembered that the turtle bone was put away by himself after it was placed on the green ox, yet now it had appeared on the ground, and the location where it had fallen.

It was directly below the neck of the green bull where the turtle bone had been placed before.

Chapter 302

Lin Ran stood in front of the green bull for a long time, and he even corresponded the tortoise armour with the lines on the youth again, but still to no avail, neither the old man nor the youth were appearing, and even the lines on the old bull did not show any more reaction.

Lin Ran could not remember when he left, except that there was the sound of cars around him as he left, and it seemed that the cleaning staff had arrived.

During the two-day holiday weekend, Lin Ran and the others stayed at Qinghe Bay, during which they travelled around and had a great time.

On Sunday, Liu Chen and Xu Lan went back first as Xu Lan had class the next day and Song Nuan had class on Monday afternoon, so the three of them spent another night at Qinghe Bay.

That night, Lin Ran went to the Green Ox again and placed the tortoise nail on it according to the operation of the phantom, but this time there was still nothing.

Eventually on Monday morning, Lin Ran and the three of them left Clear River Bay as well.

Lin Ran did not tell the others about the old man and the youth, as even he was not sure if it had really happened or if it was just his own Nanke's dream.

The clinic was still full of patients, and Lin Ran's life was rare and peaceful. Every day, he looked at the patients at the clinic, and in the evenings, he went around the neighbourhood with Song Nuan, and life became ordinary for a while.

However, Lin Ran understood in his heart that the quiet life was only temporary, the black shadow people hiding behind his back, the investigation of his parents' mysterious case, the youth under the green ox and the old man sweeping the floor, all these were waiting for him.

Wang Yifeng had been staying at the clinic for the past few days, in his words, he was too bored at home alone, here at least there was a pretty little sister to chat with, and by the way, he could solve a personal problem.

Lin Ran did not care about this, after all, the clinic had a lot of space, one more was not too much, so he let him stay.

After a week of peaceful life, this morning, Lin Ran got up early and opened the clinic's door, but as soon as this door opened, a figure appeared at the door, startling Lin Ran.

"Why are you here? It's so early in the morning, it's scary!"

Seeing Jiang Yiyi standing at the door, Lin Ran let out a long breath of relief.

You know, it was winter now, and opening the door in the morning, when it was still not even light outside, to see a figure standing at the door was really a bit like a horror movie.

"You still have the nerve to say that!"

Jiang Yi Yi pouted with a look of aggression and gave Lin Ran a fierce white glance.

"What an age it is to sleep at night and have to turn off your phone, I've been waiting here for you for an hour! I don't care if you have to treat me to breakfast, the kind that warms your body!"

Jiang Yi Yi pouted.

“Fine, buy you breakfast, let’s go!”

Lin Ran walked out of the clinic and took Jiang Yi Yi to a breakfast restaurant next door and ordered two soups.

Jiang Yi Yi was also really freezing, although it wasn’t snowing in the middle of winter, the temperature was still desperately cold, and standing outside for an hour was really hard on her.

“Okay, now you can say what you came to see me about!”

Looking at Jiang Yi Yi eating, Lin Ran helplessly shook his head and asked.

“No, wait until I finish eating!”

Jiang Yi Yi gave him a blank look and followed, eating on her own.

Seeing this, Lin Ran was also helpless and had to eat himself.

The meal went quickly, and in ten minutes the two of them had finished the fight and returned to the clinic together.

At this time, Wang Yifeng was still upstairs whirring and not getting up, while Qin Bing and the others were all still not over, so Lin Ran and Jiang Yiyi sat down directly on the sofa and chatted.

“You’ve had your meal and your anger has subsided, so it’s time to talk about what you came to see me about!”

Lin Ran asked with a smile.

“Why, can’t I come to you if there’s nothing wrong? I’m at least considered a beautiful woman, how come you look like you’re not happy to come to you!”

Jiang Yi Yi said discontentedly.

Lin Ran smiled a little embarrassed, scratching his head and said.

“I’m not unhappy, I’m just surprised!”

“How dare you say that, last time we met you didn’t say you had a clinic here, it was only through my father’s connections that I found out about it!”

Jiang Yi Yi said, taking out a few photos from her pocket and placing them on the table.

“What’s this?”

Lin Ran was puzzled and picked them up straight away.

The photos were of a person’s back, and judging from the angle they were taken from, they should have been taken secretly by the tail, but he didn’t even know the person in the photos.

“Do you still have those fake emeralds that my brother took out at my house a few days ago?”

Jiang Yi Yi’s face suddenly became solemn as she said.

“The person on here is the one who was recently photographed, he recently went to our shop to ship out the goods and was found out, hence these pictures!”

Said Jiang Yi Yi as she took out another photo and placed it in front of Lin Ran.

“We sent someone to follow him and finally found his lair, we were going to call the police, but after my father saw this photo, he didn’t let the police be called, instead he told me to come find you!”

Jiang Yi Yi said, showing a puzzled look herself as she added.

“There are a dozen workers in that lair, and with so many people being held by our people all the time, something will happen over time, so I want you to come with me!”

Lin Ran frowned slightly at his words, this kind of matter of destroying a nest should have the police come out, now the Jiang family themselves brought people to find it and detained them, this was obviously out of order.

With this in mind Lin Ran hurriedly picked up the photo and looked at it carefully.

The photo was taken in a dimly lit room, somewhat similar to a black workshop, while in one corner of the photo was a table on which a vicious statue with six arms was worshipped.

Lin Ran could not help but blush at this statue after just one glance, for he knew this statue, which was none other than the legendary Poor Man’s Demonized Statue, also known as Poor Man’s Demon Statue, a very unlucky thing in Feng Shui.

“I know, we’ll set off when the people come!”

Lin Ran realised the purpose of Jiang San Si asking Jiang Yi Yi to come to him, and immediately did not hesitate.

“Good!”

Seeing Lin Ran agree, Jiang Yi Yi also showed a rare smile, what she was most worried about before she came was that Lin Ran wouldn’t go.

Her father wasn’t even sure he could get Lin Ran to come over. Although they were relatives, they hadn’t been in touch for twenty years after all, and the relationship between these relatives was no better than that of passers-by.

There was still half an hour to go before work, so it was no good for the two of them to wait, so Lin Ran took Jiang Yiyi around the shop.

Jiang Yiyi was from a family that sold jade and had grown up knowing a lot about jade, but apparently she didn’t know much about the ways of Chinese medicine.

At this moment, she had the opportunity to ask a lot of questions that she had wanted to know before but had not had the chance.

“Cousin, do you think there’s really something to be said about human acupuncture points?”

Jiang Yi Yi asked curiously, she had always heard that human acupuncture points were very magical, but she didn't understand them at all.

Lin Ran smiled at his words and said.

"Human body acupuncture points, corresponding to the earth and mountains, the earth and mountains are like the acupuncture points of a piece of terrain are the same!"

"I don't understand, so where do you think I should press if I want to get in better shape?"

Jiang Yi Yi suddenly asked.

"This"

Lin Ran smiled a little embarrassed and scratched his head as he asked.

"There are many kinds of body becoming better, where are you referring to"

Jiang Yi Yi sniffed and looked around, seeing no one else, her pretty face reddened as she straightened her back and puffed out her chest.

"It is here!"

Chapter 305

Jiang Sansi was a businessman, and the experience he had passed down from his ancestors made him very careful in what he did, even if he found the lair of the forgery at this time, he had to go through it personally before he could report it to the police with confidence.

Of course Lin Ran did not care about this, what he really cared about was the one thing inside this ghost space, the poor devil statue he saw in the photo at that time.

"Sansi, who are they?"

Just as the four of them entered, the old man who was a chemistry expert in front of them turned his head and glanced at Lin Ran and Wang Yifeng.

However, what made Lin Ran and the two of them uncomfortable was that the old man regarded the two of them with a hint of disdain in his gaze, and even just swept past them hurriedly before not bothering with the two of them.

"Old man Li, this is my own nephew, Lin Ran, while this is his friend, Wang Yifeng!"

Jiang Sanshi introduced himself with a smile, before rushing towards the two Lin Ran.

"Old man Li's name is Li Xian, he's very paranoid and has big prejudices about feng shui matters, so you guys don't get on his bad side later!"

"Hm!"

"Stigma? What's wrong with feng shui?"

Lin Ran led the way, but Wang Yifeng muttered with some dissatisfaction.

“Ao, there is no relationship with outsiders ah, then let them go out, here I need time to study and assay things, just don’t bring in people who don’t want to do it!”

Li Xian said without turning his head back, Jiang Linshan at the side saw Lin Ran and helplessly stretched his hands, indicating that there was nothing he could do, this old man had this temper.

“Old Li, both of them are experts in Feng Shui, and this nephew of mine even has a high level of attainment in the firmness of jade, I asked them to come over to help, to see if they can find any breakthroughs!”

Jiang Sansi said in a deep voice.

Li Xian smiled but was stunned, followed by turning his head to look at the two, but after only one look, he revealed a disappointed and disdainful gaze and sneered.

“Just the two of them? I’m afraid they’re not even thirty years old, let’s not even talk about knowing feng shui. San Si you’ve been a bit confused lately!”

“My Cao, is your uncle the boss of this Jiang family, or is this old man the boss? Why does it feel like your uncle is not even as good as him in charge!”

Wang Yifeng couldn’t help but whine in a low voice when he saw this.

Jiang Yiyi, who was at the side, hurriedly came over and explained.

“You don’t understand, the reason why our Jiang family’s jade industry has been able to thrive for so long is because of a few experts like Li Lao, who are able to raise the probability of us picking high-end pristine pieces to a high level in order to increase our success rate! So in our Jiang family, even my father has to give them some face.”

Lin Ran nodded at his words, he knew this kind of thing, the jadeite business didn’t just depend on one’s eyesight, there were many times when it also depended on luck and strength.

For example, if a person bought ten pieces of raw stones, and nine of them had material, then it would be a sure profit.

But if you buy ten pieces and all of them are missing, how can you continue to do business?

The reason why Jiang Sansi was able to make the Jiang family bigger was because of the technical support provided by these experts, so that he could select better stones and make a profit.

So it was understandable for Li Xian to have such an attitude. To put it bluntly, these guys were their Jiang family’s gods of wealth.

“What bullshit God of Wealth, just borrowing the light of modern technology, if I had that culture, I would be the God of Wealth too!”

Wang Yifeng said disdainfully, however this guy did not lower his voice when he spoke, and Li Xian in front of him immediately turned his head at the sound of his words and looked at him with a gloomy face.

“Ignorant little boy, what do you know! Get the hell out of here!”

Li Xian showed no mercy and chided him directly, not even caring about Jiang Sanshi's face.

"Old Li!"

Jiang San Si hurriedly spoke up, but just as the words came out, he heard Li Xian say in a cold voice.

"San Si, you don't need to care about this, kid this so disrespectful to seniors, I will take a good look today, what he is capable of!"

With that, Li Xian turned directly to look at the two Lin Ran and said in a cold voice.

"You two are proficient in Feng Shui, aren't you? What I dislike most in my life is the so-called feng shui, which is nothing but feudal superstition and deception!"

"Old man, watch what you say, you are the Jiang family's money tree, not my money tree, you despise feng shui is your own business, what are you looking for in front of me, Master Wang!"

Wang Yifeng was not an oil lamp, he disliked back directly, he was not a member of the Jiang family, just now holding back from exploding was already giving face to Lin Ran, at this time Jiang Sansi did not care about them, so naturally he could only rely on himself.

"You! You're really not afraid of a tiger, good! You are very capable, aren't you? Then you come, I want to see if you are really capable or pretending today!"

With that, Li Xian directly picked up a jade pendant on the table next to him that had not yet been divided and threw it at Wang Yifeng, while scolding him.

"Kid, aren't you very good at feng shui? Come you analyse this quick jade pendant for me, I want to see what you can analyse!"

Saying that, Li Xian actually pulled over a chair directly and sat on it, while pulling out a packet of cigarettes and lighting one up, smoking it.

"Old man, what do you want me to analyze?"

Wang Yifeng looked at Li Xian and asked with a frown.

"Humph! If you don't even know what to analyse, what are you here for?"

Li Xian coldly snorted with disdain.

"You!"

Wang Yifeng still wanted to explode, but he was stopped by Lin Ran and followed by taking the jadeite in his hand.

"What, want to take the lead?"

Li Xian had a cigarette in his mouth, his face full of disdain, Wang Yiming had just opened his mouth to scold him, which in turn made him think that this guy was true to his nature and couldn't hide things in his heart.

He felt that this guy was just pretending to be deep and playing mysterious.

“Senior Li, you want analysis I will give you analysis is, but you also do not rely on old people, know a little knowledge of chemistry, I respect you, but feng shui is not as bad as you say!”

With that, Lin Ran crushed the jadeite in his hand with a bang, and then raised his palm, and the turquoise powder flew up in the sky.

“You!”

Seeing this scene, Li Xian was so angry that he blew out his beard and glared at him, but when he opened his mouth, all the powder floated towards him, which scared him so much that he immediately jumped up from his chair and hurriedly ran backwards.

“Little friend Lin Ran, don’t!”

On the side, Jiang Sansi hurriedly spoke up, not even daring to call Lin Ran his nephew at this point, this conflict between him and Li Xian was clearly not something that could be stopped by the kinship he had just built up.

“No harm done, can’t die!”

Lin Ran casually replied, but at this moment, all the turquoise powder in the sky was already covering Li Xian’s body, no matter how much he struggled, he could not get rid of it.

“You! What the hell have you done to me!”

Li Xian panicked and remembered that Lin Ran was a Feng Shui master, so he hurriedly asked.

Lin Ran looked at him like this and a cold smile appeared on his face as he disdainfully said.

“Didn’t do anything to you, you are to blame, if you don’t understand the feng shui way, don’t make random comments, this is the consequence of your ignorance.”

Chapter 306

“You!”

Li Xian was so angry that his cheeks twisted a little, and if it wasn’t for the large amount of turquoise dust covering his body at this time, I’m afraid his face would have turned blue with anger.

“Cousin Cousin what the hell is this? Wouldn’t there be...”

On the side, Jiang Linshan asked with great concern.

“Don’t worry, these are just dust from the Soul Devouring Jade, it won’t affect him!”

Lin Ran said.

Hearing this, Li Xian sighed in relief and looked at Lin Ran and said angrily.

“Hurry up and get these things down to the old man!”

“Old man, you’ve lived your life to the dogs these past few decades, haven’t you, and this is the attitude of begging?”

On the side, Wang Yifeng raised his eyebrows and laughed.

“You!”

Li Xian was so angry that he gritted his teeth, he hadn't realized that this dead fatty was really seeing eye to eye when he was damaging people, he didn't show any mercy at all.

“Senior Li, I advise you to keep your words to yourself!”

On the side, Lin Ran spoke up.

“What do you mean!”

Li Xian looked at Lin Ran, his brow furrowed and a bad feeling in his heart.

“I'm saying straight away that this dust is fine if it falls on you, but I don't guarantee that it will be fine if it falls in your mouth!”

Said Lin Ran as he touched a handful of dust on Li Xian's body and laughed.

“This stuff is very evil, if too much of it is eaten into your body, I can't guarantee what kind of consequences it will cause!”

“You! Then why don't you hurry up and get rid of it!”

Li Xian was so anxious that he was on the verge of tears, he was so old that he still had to be teased by Lin Ran like this, was it easy for him.

“Ranzi!”

“Cousin!”

Jiang Sansi and Jiang Linshan both looked at Lin Ran anxiously.

“Alright, alright, I'll strike now!”

Lin Ran said helplessly, he had wanted to tease the old man, but when he saw how anxious Jiang San Si and the two of them were, he dismissed the idea.

“Old bastard, if it weren't for the sake of my brother, I would have to tease you for a while!”

On the side, Wang Yifeng was dissatisfied.

Just now, when this old man counted out his two men, he did not show any mercy under his mouth, and now that his two men had just taken a breath, they had to stop, which really made him a bit resentful.

“Come on, we're here for business, don't be too hard on him!”

Lin Ran advised while throwing a bottle of white liquid to Li Xian, and then led Wang Yifeng towards the inside together.

The entire ghost space wasn't really small, but there were a lot of miscellaneous items and some tools for making jadeite jewelry, making the entire space look very small.

“What is this? Why is there a chess board, do they have to play chess in their spare time?”

When he came to a tool that resembled a table, Wang Yifeng couldn't help but laugh.

On a table, there was something that resembled a checkers board, but this thing was so big that it took up the size of a table, so if someone with dense phobia was here, I'm afraid they wouldn't be able to hold it.

"There's something wrong with this thing!"

Lin Ran looked at a small grid-like tabletop, but his brows were furrowed and a bad feeling arose in his heart.

"Hey hey, look! The statue of the Poor Man's Qi!"

Suddenly, Wang Yifeng shouted, pointing at a twenty-odd centimetre tall statue in front of him.

Lin Ran turned to look and indeed found a statue enshrined on a table to one side.

The statue was more than twenty centimetres tall overall, with a black body, but the shape looked a little rough, not like something made by someone proficient in carving, but rather like something a person had just made up.

"This statue is too ugly, who made it? Pull it out and shoot it!"

Wang Yifeng spat out, and was about to move his hand to bring the statue over.

"Don't move!"

Suddenly Lin Ran spoke up and chided.

"What's wrong?"

Wang Yifeng asked in surprise.

"There's something wrong with this statue!"

Lin Ran said with a frown, then pointed to the chessboard on one side and said.

"Look, this chessboard has a thick layer of dust on it, and there are cobwebs in some places, which means that no one has touched this thing for a long time!"

"So what?"

Wang Yifeng still didn't understand.

"You're looking behind the statue!"

Lin Ran said with a frown, and Wang Yifeng went around to the back of the statue at his words, and found that behind the statue, there were actually cobwebs all over it as well.

"Hey, there are cobwebs behind this one too!"

Wang Yifeng exclaimed.

"That's right, these two things haven't been touched for a long time, look at their operating platform, there are no cobwebs at all, which means these workers work here and never bang these two things!"

Lin Ran explained.

“So that’s how it is!”

Wang Yifeng woke up at the sound of his words.

However, Li Xian, who had just cleaned his body with white liquid on one side, opened his mouth and said in a cold voice.

“So what if there are spider webs, just because no one touches them means there is danger? There are so many cobwebs in the deep forest, why don’t we see any danger?”

Li Xian snorted with disdain and walked towards the two of them.

“What do you know! There are more than a dozen people working here at the same time, can you guarantee that none of them will touch these things?”

Lin Ran asked rhetorically.

“Then who knows, what if someone is watching to keep them from touching it?”

Li Xian sneered and asked rhetorically, he really wasn’t afraid of anyone, how to say he was also a professor, he had long been practiced in carrying and discussing academic research on a regular basis.

“Someone is watching?”

Lin Ran smiled at his words not having laughed, and turned to Jiang Sansi who was looking at the side and asked.

“Uncle, dare I ask if any of the people you arrested look like they are managing?”

“No....”

Jiang Sanshi said with some embarrassment, these words were really tearing down Li Xian’s platform, making him embarrassed.

“Inside the people we arrested are all clean workers, they said the person who manages them, never shows up, but has appointed a punk to watch over them! And this punk often doesn’t show up either!”

Jiang Sansi said.

“Humph!”

Li Xian, who was on the side, heard a cold snort, followed by turning around and walking towards the Poor Qi Demon Statue.

“You all don’t believe me, I’m an expert in chemistry, one look and I can see that the statue is carved from a black stone, and it’s still dangerous? What danger can a stone have!”

With that, Li Xian directly picked up the Poor Qi statue, this scene happened so fast that even Lin Ran and Wang Yifeng didn’t react before this guy had already taken the statue into his arms.

“How’s that? I’m just fine! What danger can there be!”

Li Xian said smugly as he turned to look at the crowd as he hugged the Poor Qi Demonic Statue.

“But ...”

Jiang Sansi was just about to open his mouth to say that maybe this was a misunderstanding, but when he only uttered one word, his entire body froze.

Even Jiang Yi Yi, who was standing on the side watching the fun, the whole person was like falling into a freezer, not daring to move.

Jiang Linshan, on the other hand, had even revealed a look of fear, and his feet unconsciously retreated.

“What are you doing!”

Seeing this reaction from the crowd, Li Xian not only frowned, but a bad feeling rose in his heart.

“Old! Old man, don’t move! There’s something on your shoulder!”

Wang Yifeng spoke in a low voice and warned.

“Something? What kind of thing?”

Li Xian frowned at his words and turned around to look over his shoulder, and with this look he almost didn’t faint.

On his shoulder, there was a black thing the size of a wildcat lying on his back.

The thing was smaller than the statue of the Poor Man’s Qi and was so black that it was impossible to tell if it had any hair.

“Senior Li, don’t move, if you move, you’ll die!”

Lin Ran hurriedly spoke up and warned.

Chapter 307

Although Lin Ran reminded in time, but can’t help but at this time Li Xian has been broken by the guts, at the former words fell at the same time, Li Xian has “ah” a cry of alarm out.

The black cat-like thing instantly opened its mouth to reveal two rows of sharp fangs and bit directly towards Li Xian’s neck.

If this bite hit him, not to mention a person, I am afraid that even an iron plate could be bitten through.

“Ranzi!”

In the nick of time, Jiang Sansi was so scared that his face was bloodless. Li Xian was a god of wealth who had paid a lot of money for his life.

The situation was so urgent that Lin Ran didn’t care about nonsense, so he picked up the broken jade pieces on the table and flung them out in Li Xian’s direction.

“Whoosh!”

The shattered jade slice sliced through the air with an ear-splitting sound, and then, just before the black night cat's fangs were about to touch Li Xian's neck, it went straight into the former's head with a "poof".

This time, Lin Ran did not hold back at all, the jadeite piece was extremely fast, and the moment it entered the black night cat's head, only to hear a "bang" sound, the latter's entire head was directly penetrated.

A large stream of green liquid splashed Li Xian's face, even in his mouth.

"Aiya!"

It was impossible to say what kind of taste it had, it directly brought Li Xian awake with difficulty, as he threw the Poor Qi Demonic Statue in his hand onto the ground, followed by lying down and vomiting profusely, feeling that even his intestines were about to vomit out, before he rolled over and lay on the ground, gasping for air.

"Hey! You old thing, I said I wouldn't let you touch it, and now you've almost lost your life, and you've even broken the fucking magic statue!"

Wang Yifeng said as he rushed forward to pick up the pieces of the magic statue.

Li Xian, who was lying on the ground at the side, recovered some strength at this time and said in a cold voice.

"Damn fatty, don't you fucking bullshit there, that thing is just a stone, I just threw it on the ground, how could it be broken!"

"Look for yourself, damn it!"

Wang Yifeng cursed, followed by throwing one of the fragments at Li Xian's face.

At this moment, Lin Ran also walked over, picked up one of the quick fragments and took a look at it, and immediately his brow just furrowed.

"This is not a stone, this is dirt!"

"Right, I told you why this looks so familiar, this statue is made of fucking clay!"

Wang Yifeng said from the side.

He was still a bit reluctant to believe it, thinking that Wang Yifeng was teasing him, but when he picked up a fragment himself to look at it, he immediately understood that it was indeed made of mud.

"What the hell is going on here!"

He was only a chemistry expert, and Jiang Sansi had asked him to come over mainly to analyse the composition of these fake jadeite, but this kind of poor man's statue was already a professional blind spot for him.

It was only because he was uncomfortable with Lin Ran and his misunderstanding of feng shui that he had to force himself to explain the Poor Man's statue.

“Old man, go and do your job properly, other matters are not for you to get involved in!”

Wang Yifeng said in a cold voice with disdain.

“You!”

Li Xian was so angry that his face turned blue, but he couldn't find a reason to retort.

Lin Ran didn't bother to pay attention to the two of them and looked around the room on his own, and he soon found some clues.

“Fatty come here!”

Lin Ran opened his mouth and shouted.

“What's wrong?”

Wang Yifeng sniffed and hurried over.

“Look at the traces on this, doesn't it look similar to the jade flute you mentioned!”

Lin Ran pointed at the spot where the statue had been placed, which was empty at the moment, but there was a clear mark on it.

It was a white mark the size of a palm and the width of a small thumb, with black dust on both sides, except for the empty spot.

“Yes this is it, the size and shape of this is exactly the same as the jade flute I was talking about!”

Wang Yifeng affirmed.

Lin Ran nodded at his words, followed by a slow frown.

“What's wrong?”

Jiang Sansi couldn't help but come up and ask at this moment.

“Uncle!”

Lin Ran turned around and suddenly his tone became a few moments more serious.

“Go ahead!”

Jiang Sanshi was busy nodding his head in gesture.

Lin Ran pondered for a moment and spoke.

“This matter, you should not investigate any further, just call the police directly!”

“Call the police directly? Why?”

Jiang Sansi asked in confusion.

Lin Ran shook his head and said.

“This matter is not as simple as you think, there might be an evil feng shui force hidden behind this!”

“An evil feng shui force?”

Jiang Sansi’s heart sank at his words, and his brows couldn’t help but wrinkle as he fell into deep thought.

He also had a slight understanding of the feng shui path, which feng shui master back then had foretold that Lin Ran would regret seeking him out for many years, and had left behind the tortoise bones.

From this incident, he could also feel how terrifying it was for someone who was truly proficient in the Feng Shui Way, and Lin Ran’s comment that the enemy he was going to face was likely to be an evil Feng Shui force made him worry.

“Bullshit, just a puffing fake workshop is still related to feng shui forces, then the old man even said that a group of old immortals proficient in chemical research were behind this!”

On the side, Li Xian said in disbelief.

“Old man, it seems that the little wildcat just now didn’t bite you to death, giving you a few more points of arrogance, and don’t even think about who saved you just now!”

When Wang Yifeng saw that this old fellow was still talking tough even now, he couldn’t help but open his mouth and scolded.

“Fatty, forget it!”

Lin Ran stopped the fatty and waved his hand, then looked at Li Xian and said.

“Senior Li, you’re not a Feng Shui practitioner, so there are many things you can’t understand, I don’t blame you, but if you still insist on not believing when faced with the facts, that’s a problem with your own mentality!”

“Facts? You say there is a feng shui force behind this, where is the proof? How credible are your words without evidence?”

Li Xian said forcefully, to this day he still had a great prejudice against what Lin Ran said about the Feng Shui path.

“Hey! No tears until you see the coffin!”

At this point, Lin Ran was also a bit helpless, it was said that rivers and mountains were easy to change, and at this point, it could not be more apt to describe this Li Xian.

“Do you know what that thing was that you just stole from? Do you know what the purpose of this fake workshop in making fake jadeite is again?”

Lin Ran’s eyes micronized as he looked at Li Xian and asked one after another.

“Nonsense, you even said making fake jadeite, so what is the purpose if not to make money!”

Li Xian coldly snorted.

However, this time, even Jiang Sansi, who was at the side, couldn’t listen anymore.

“No, if they were just doing it to make money, they could have shipped the jadeite out of town in large quantities for sale, instead of all of them being nestled in Temperance City!”

“Hmm?”

Li Xian was stunned at his words, he was only proficient in chemistry, he was simply clueless about business matters.

Seeing this, Jiang Sansi hurriedly explained.

“According to the number of people they have in this workshop, they can produce at least a few dozen pieces a day, and according to their connection status, I’m sure there are definitely quite a few workshops like this!”

“If they produce them in large quantities and all of them are put out for sale in Tamagawa City, that will soon overshadow the entire jewellery industry’s alertness, and there will soon be police on them, as long as they are not stupid they won’t do that!”

Lin Ran smiled at his words and clapped his hands, before looking at Li Xian.

“Do you understand? Professor Li!”

Chapter 308

“Humph! So what! This at most only shows that their intentions are impure, what does it have to do with feng shui, don’t bring everything to feng shui!”

Li Xian said with a tough mouth, still refusing to give in.

“Oh, by now you refuse to believe it, so be it, then I’ll tell you!”

Lin Ran shook his head helplessly, followed by pointing to the corpse of the black night cat on the ground and said.

“Do you know what this thing is called?”

“I don’t know, just tell me if you have something to say!”

Li Xian said in a deep voice with a cold face.

Lin Ran was not angry either and said with a smile.

“The scientific name of this thing is called the Thirsty Eagle, also known as the Evil Cat, but it’s not a cat at all, it’s a worm!”

“A worm? You’re fucking blind, kid, you call something this big a worm? Why don’t you say that all domestic cats and dogs are worms!”

Li Xian said in a cold voice, with teasing and ridicule on his face.

But Wang Yifeng, who was listening at the side, frowned slightly and was busy asking.

“Eagles? Isn’t that an evil beast from the West in ancient times? I remember it was in the shape of a snake, this thing doesn’t look like a snake!”

The feng shui pamphlet that Wang Yifei's family had passed down from ancestors had a record of all this, but it wasn't very comprehensive, Lin Ran said with a smile.

"Your feng shui pamphlet is too one-sided, the ancient western region's thirsty carving and this thing are basically the same thing just formed differently on the outside!"

Said Lin Ran looking for a stick and fiddled the dead wild cat away, at once everyone looked in amazement, on both sides of this thing's body, there were actually many tiny palms open on each side, the overall look was actually exactly the same as that of the poor devil statue.

"This"

This time, even Jiang Sansi couldn't help but take a breath of cold air backwards.

"What the hell is this thing!"

Jiang Linshan even couldn't help but cover his mouth, wanting to vomit.

"Don't worry, you'll understand later!"

Lin Ran laughed lightly and then continued to fiddle with the wooden stick in his hand.

The crowd was gagging, but he kept fiddling as if nothing was wrong.

Soon, the disgusted crowd was surprised to find that the wildcat carcass, which was originally a whole body, had actually separated into pieces.

These small pieces of flesh were then fiddled with to form a smaller clump, and Lin Ran then recruited a piece of fake emerald and dropped it next to one of the small pieces.

Then something happened that left everyone dumbfounded.

The little lump of flesh actually squirmed and moved towards the fake jadeite, covering it up in almost the blink of an eye.

And it was only at this point that the crowd could see clearly that those wriggling things were actually small worms that were coiled up like leeches and twisted around each other.

"No wonder that wild cat didn't have any hair just now, it's fucking disgusting!"

Jiang Linshan couldn't help but curse.

And Jiang Yi Yi, who was on the side, could not resist running out long ago, it was not easy for a girl to hold on until now.

"Ranzi, these things!"

Jiang Sansi was busy looking at Lin Ran, who understood what he meant and said blandly.

"Don't worry, a fire will burn it later and it will be fine!"

Saying this, Lin Ran turned his head to look at Li Xian who was at the side and asked with a smile.

"Senior Li, do you have any words of rebuttal now?"

“You!”

Li Xian was so angry that his face turned blue, but he still held his head high and was unwilling to bow down.

“Fine, then I’ll talk to you again!”

Lin Ran saw this and smiled blandly, then pointed to the chessboard table at the side and said.

“The reason why each person dares to touch this chessboard table, and this statue, is because both of these things are evil objects in feng shui!”

“Evil objects? How is it evil?”

Wang Yifeng asked, as his family’s ancestral booklet was limited and he had been dealing with lonely souls and ghosts for years, he hadn’t seen many of these feng shui evil objects.

“Do you know what the real purpose of these chessboards is?”

Lin Ran asked with a smile.

“I don’t know!”

Wang Yifeng said straight back.

Lin Ran smiled lightly at this, and then said.

“These chessboards, rather than being chessboards, are more like nests!”

“Nests?”

Wang Yifei and the others were stunned at his words, they were all too familiar with the word “nest” and knew what it meant, and when they heard this word, goosebumps rose on their bodies.

“That’s right, a nest! This board is like a bee’s hive, which keeps a large number of parasites, allowing them to kill each other, thus sifting out the strongest one!”

Said Lin Ran, pointing again to the shattered statue of the Poor Man’s Qi to one side.

“The reason why this statue is very roughly shaped and made of earth is precisely because of these parasites!”

“They selected the strongest compulsion and put it inside this statue, and after that this compulsion began to multiply and give birth to smaller compulsions, countless compulsions clustered together, and when they filled up the entire space inside the statue, that was when they broke open the statue and came out!”

“Wait!”

Suddenly, Li Xian, who was listening with a frown on his face, but spoke up.

“If you have a fart, let it out!”

Wang Yifeng was listening with great interest and could not help but chide him.

Li Xian glared at him and followed.

“You say they are bugs, then I would like to know why these bugs can move so sensitively when they gather together, you all saw it just now, that night cat still has fangs, this is what a gathering of bugs can do, huh?”

“That’s true too!”

On the side, Jiang Linshan also wondered, Jiang Sansi cast a similarly puzzled look, he didn’t understand the problem either.

Lin Ran smiled at his words and smoothly picked up a fake jadeite next to him and placed it in front of the crowd

“All your doubts are on this thing!”

Said Lin Ran as he turned to look at Li Xian who was at the side and said.

“Just now Professor Li’s whole body was covered in these fake jadeite powder you all saw, what kind of emotion did he feel at that time?”

“Fuming!”

Wang Yifei, who was on the side, laughed, and Jiang Sansi, father and son, nodded along, they had all seen it with their own eyes just now.

“And a few days ago, I had visited a patient in my clinic, the cause of his illness was due to wearing a jade pendant made of this material, and his symptoms were largely caused by being angry!”

Said Lin Ran, dropping the jade pendant on the ground, and then continued.

“This jade material is commonly known as soul devouring jade, it is specifically used to absorb the discontent as well as resentment emanating from a person, it can even induce a person to lash out and emit a bad emotional state, this is also the reason why just now for and jade powder would all float towards Professor Li!”

“This ……”

Professor Li could not help but be dumbfounded as he listened at this point, just now he was thinking that Lin Ran had done some kind of trickery and that was why those things only floated towards himself.

Lin Ran then looked at the crowd and said.

“And everything here is actually a made to cultivate this compulsion, from processing the fake jadeite, to selling the jadeite for different people to wear, to these jadeites absorbing the grievances of the crowd to pass the grievances back, and finally being absorbed by this compulsion, thus forming a complete chain!”

Speaking here, Lin Ran turned to look at Li Xian.

“And the problem you had just now was caused by the grievances collected by these emeralds!”

“And you, do you have anything to refute now?”

Chapter 309

“You!”

Li Xian was dumbfounded by the question, completely unable to think of any words to refute Lin Ran.

Lin Ran looked at him and nodded in satisfaction, before saying.

“Very well, I have no objection to you delving into your field of chemistry, but don’t take feng shui lightly either, someone who is proficient in feng shui and wants to make a move on you can easily do so without even appearing in front of you!”

“Hmph!”

Li Xian was rendered speechless by the comment, and simply turned away from Lin Ran.

Lin Ran didn’t care about this either and came over to Jiang Sansi and said.

“Let’s destroy everything here later, leaving only these fake emeralds, and then call the police!”

“Mm!”

Jiang Sanshi didn’t hesitate at his words and nodded straight away, Lin Ran had already analysed the scene thoroughly and he understood that it wasn’t something he could continue to investigate.

“Also I would like to remind you that there are probably many more workshops like this, if you find any other clues make sure to call the police, don’t go in on your own, the other side could be very strong!”

Lin Ran said again.

Jiang Sansi smiled but frowned slightly and lowered his voice as he asked.

“You’ve seen the person behind all this?”

Lin Ran nodded at his words and likewise lowered his voice.

“If I’m right, I should have met him, I have some problems with him, so don’t worry about this, I’ll take care of it myself!”

“Good! If you need me anytime, give me a call!”

Jiang Sansi didn’t ask any more questions and made his attitude clear.

“Mm!”

Lin Ran nodded, and then after checking the scene over with Wang Yiming again, seeing in no other clues, he got up and left.

Lin Ran didn’t bother with the problems after the police were called, everything here had been destroyed, so he thought he wouldn’t be able to find out anything, and if the killer behind the other party was really the Black Shadow Man, it wasn’t something the police could care about.

“What’s going to happen now? This guy seems to be up to something big, no wonder he stole Laozi’s jade flute and still refuses to leave Temperance City!”

Leaving the silo, the two of them walked aimlessly on the road, Wang Yifeng couldn't help but ask.

"I'm afraid this guy's aim isn't your jade flute!"

Lin Ran frowned and said.

"Not my jade flute?"

Wang Yifeng was stunned at his words, somewhat confused as to what Lin Ran meant.

"I mean his purpose for staying in Temperance City all this time is not because of your jade flute, I'm afraid it's because of these workshops!"

Lin Ran explained.

"Are you saying that he came to Temperance City for these workshops? And my jade flute is just for the sake of passing by?"

Wang Yifeng frowned and said.

"That's right! If his purpose for these workshops is achieved, he will most likely leave!"

Lin Ran said.

"Then wouldn't my jade flute"

Wang Yifeng didn't dare to go on, it was something his parents had left behind, and it had been so hard to fight to the death to get it out, only to have that guy snatch it away before he could even warm it up himself.

"It's not like we don't have a chance!"

Lin Ran frowned.

"Still, depending on whether he's greedy or not, if he wants to figure out the use of the jade flute before he leaves, he'll definitely come back for you!"

As he said this, Lin Ran also couldn't help but look at Wang Yifeng.

"Say, what exactly is the use of this jade flute of yours?"

"Er"

Wang Yifeng said with an embarrassed look on his face, scratching his head.

"I don't know either, up to now the two sentences on the last page of that booklet I still haven't understood what they mean!"

Spirit Mountain returns to the south, and ten thousand referees are revealed. Sword formation of eight thousand, the edge of one sheath!

Recalling these words in his mind, Lin Ran was also puzzled, the words were so general that he had no idea what they were trying to convey, and there wasn't even a half-hearted hint of what they meant.

"Forget it, let's forget about it for now, that guy might still find us!"

Lin Ran said as he shook his head.

Wang Yifeng nodded at his words, not bothering to think about it, he had the password in his hand anyway, it was useless even if that guy had the jade flute.

As the two of them spoke, they had already walked down the pavement to a pedestrian street.

The whole area here belonged to the old town, both the buildings and the streets had the imprint of this era, and was the base of the earliest development of Tamagawa City.

Most of the people living here are also mainly old people and children, after all, many young people have now stepped into the construction of the new district with the development of the city.

“Hey hey I go! Look, look, there’s actually this kind of beauty here!”

Lin Ran was thinking about something in his mind when suddenly, Wang Yifeng, who was beside him, was busy pointing to the side and shouting as if he had hit the chicken blood.

Lin Ran frowned and looked, and immediately felt a sweetness in his nose, his nosebleed almost didn’t flow out.

In front of them, on the opposite side of the road, two hot beauties were striding in.

They were wearing thin lace dresses, their white skin shining straight out of their eyes, and had simply become the prettiest beauties on this street throughout the cold winter day.

“Look! What are you looking at, how old are you!”

“You’re an old prude, you’re still looking!”

“I’m not looking, I’ve got sand in my eyes!”

“Ouch stop twisting, it hurts!”

“.....”

All at once, the voice of the old companion reprimanding, and the voice of the old man crying out injustice were incessant.

Lin Ran looked back and rubbed his nose, shouting.

“Alright stop looking, let’s go!”

However, Wang Yifeng was the one who broke away from Lin Ran’s arm and wiped the harrumph flowing from the corner of his mouth and said.

“What’s your hurry, how many years have I been single, I can’t allow myself to see two beautiful women, and I’m not allowed to see two more!”

“.....”

Lin Ran a burst of speechless, watching Wang Yi life harrumphing straight down, also is a moment of helplessness, only to turn around impatiently waiting up.

The beautiful woman was not too far away from the two and was walking towards them, and it didn't take much time to reach the two.

"How beautiful!"

Wang Yifeng looked straight at them without any shade, not even bothering to wipe the harrumphs from the corners of his mouth at this moment!

This made the two beauties look very happy in their hearts, after all, beauties all like to be praised by others, although Wang Yifeng didn't say anything, but this expression and action was already saying everything.

"Hmm?"

Suddenly, when two of the beauties saw Lin Ran, they not only frowned.

At this moment, Lin Ran was turning his back to them, not bothering to look at all, and just now, the two of them had noticed that this guy was also looking at himself, but when the two of them came closer, this guy actually turned around, which made them a little intolerant.

"Mei... Beauty, leave a phone number!"

The two of them were thinking, but suddenly Wang Yifeng could not help himself and took out his mobile phone and said with a harrumph.

When they saw Wang Yifeng's appearance, both of them could not help but "pfft" out a laugh, and one of the beauties spoke.

"You're the only one who wants it, don't your friend want it?"

"No, he doesn't want it!"

Wang Yifeng said without even thinking.

"I didn't ask you!"

The beautiful women were upset and looked at Lin Ran and asked, the two of them were at least beautiful women, this guy actually didn't even look at the two of them now, which made them very upset.

"No thanks, just leave it to him!"

Lin Ran said without looking back, in fact he was afraid that he wouldn't be able to resist leaving a nosebleed once he turned back.

"No need?"

Hearing Lin Ran's reply, the two women instantly felt their heads spin, followed by their faces turning gloomy at the same time.

Chapter 310

One of them couldn't help but open his mouth wide.

“Don’t even want to be offered, what a fool!”

“Forget it, looking at their clothes they’re just dirt bags, what have they seen, let’s go!”

Another person spoke up and persuaded, and then the two turned around and prepared to leave.

Seeing this, Wang Yifeng was busy saying.

“Hey hey don’t, he doesn’t want me to have it!”

“You want it?”

A beautiful woman turned her head to look at Wang Yifeng, with disdain in her eyes.

“You don’t deserve it!”

With that, the two laughed and turned around before walking towards the front once again.

“I’m not worthy?”

Wang Yifeng’s face sank as he heard this, a little angry, but he couldn’t help it if people didn’t give him the call.

“Forget it and go, maybe it’s not destiny yet!”

Lin Ran came over and persuaded.

“Right! Damn actually saying that old man is not worthy, old man is so handsome”

Wang Yifeng cursed with resentment.

However, the two were walking while talking, when suddenly a black shadow came out from the side violently.

The black shadow was extremely fast and instantly ran next to Lin Ran and the two of them.

Seeing this speed, Lin Ran and Wang Yifeng were both stunned, followed by the two exclaiming almost simultaneously.

“It’s him!”

“It’s him!”

“Chase!”

Lin Ran shouted busily and followed in the direction where the black shadow had disappeared, with Wang Yifeng following close behind.

They both just happened to see the black shadow man the moment they turned around, sweeping past the two beautiful women in front of them before rushing into an old alleyway off to the side.

And on one of the beauties, a distinctive handprint had appeared on her shredded lace skirt at some point.

“Who! Who touched me!”

That beautiful woman reacted the next moment and turned around directly to coincidentally see Lin Ran and Wang Yifeng, who had just rushed over, and immediately a humiliated anger appeared in her eyes.

“You two rascals!”

The beautiful woman said in shame and anger, followed by picking up the bag in her hand and greeting the two towards their bodies.

“Run!”

Lin Ran greeted, followed by running towards the side, however, only when he turned around like this did he realize that the fatty Wang beside him had already run out at some point, and was already rushing inside the alleyway.

“Bastard! You fat bastard, have you no humanity!”

Lin Ran couldn't help but curse, and at the same time, he also spread out and rushed into the alleyway with his life intact.

It all happened so quickly, just a few breaths of time, and before anyone around them could react, Lin Ran and Wang Yifeng had already disappeared inside the alleyway.

The hutong was narrow and deep, running like a spider's web through the entire old neighbourhood. The two beauties stood at the entrance of the hutong and looked inside, but did not dare to enter.

If someone unfamiliar with the area went in, it would be very difficult to get out without a guide.

“Bastards! Stinking rogue!”

The pretty girl couldn't help but curse.

“Forget it, let's go, being watched here is just like watching a monkey!”

Another pretty girl said soothingly.

“Don't let me run into you guys again, hit me once you do!”

The former cursed angrily, before reluctantly leaving with his companion.

The farce on the main street soon ended, and the various crowds of foodies dispersed, as if everything had returned to peace.

But in the hutong, a chase was just beginning.

Lin Ran and Wang Yifeng followed the black shadow all the way through the alleyway, and after ten minutes they had already run away without knowing where they were.

But the good thing was that the two did not lose them, which was still a great relief to them.

The two men chased after him and soon cornered him in a wall.

However, the black shadow man did not panic in the slightest, and with a bit of ground under his feet, he jumped straight over the wall and fell behind.

“Chase!”

Lin Ran didn't hesitate, and as he spoke, he had already jumped up after him.

However, Wang Yifeng was struggling a bit, he was a bit fat and not as handy as Lin Ran, but the more anxious he was, the more brilliant he became, and seeing that there was a very fast wooden board next to him, he took one directly and followed it over.

But when he went over, he was in a terrible mess, and when he couldn't stand on his feet, he hit the ground with a thud.

“Hurry up and get up!”

Lin Ran was speechless and hurriedly urged.

Wang Yifeng also looked embarrassed and hurriedly got up from the ground while patting the dust on his body, only then did he realise what kind of place he was in.

In the old streets and hutongs, there were many blocked-off cut-off roads, and this was where they were at the moment.

The so-called “cut-off roads” are places where both sides are blocked off and there is only one road in the middle, which is a product of the constant renovation and modification of the old streets.

And at this moment, the black shadow man was standing opposite the two of Lin Ran, and was not running away.

“Son of a bitch, why aren't you running? Tired?”

Wang Yifei got up and saw his opponent, hating him with a passion that only tickled his teeth!

“Two fools, I was just waiting for you to come over!”

The black shadow man said in an extremely hoarse voice.

“Give me back my stuff, old bastard!”

Wang Yifeng cursed angrily.

“Your stuff? Haha! What a joke! Your life old man is mine as long as I want it to be, give your stuff back!”

The black shadow man laughed disdainfully.

“Put your fucking ass, give me back my stuff, just now you touched the pot of other big girls old me can not bother with you, otherwise this black pot old me will have to settle with you!”

Wang Yifeng said angrily, just now this bastard took advantage of others, but the black pot turned out to be his and Lin Ran's, the more I thought about this matter, the more stifling it really was.

“Cut the crap! Who the hell are you!”

Lin Ran opened his mouth and asked.

The black shadow man looked at Lin Ran at his words, the disdain in his eyes slightly narrowed, he could feel the threat that this youth in front of him brought to him, much higher than Wang Yifeng.

“Friend! I advise you to mind your own business, the power behind me is not something you can influence at all, and going against me for him is not a wise choice!”

The dark shadow man’s voice trailed off.

“Is it any of your business? Who the hell are you?”

Lin Ran asked with an icy cold face.

“Haha, so eager to know my name?”

The black shadow man laughed hoarsely, but there was disdain in his eyes.

“Remember well, I am Compulsion Pavilion Lang Tian!”

“Compulsion Court Langtian? I’m still a little kid!”

Wang Yifeng cursed angrily at his words, it was anger buried deep in his bones, everyone had it.

“Put your fucking ass, my name is Long Tian, Compulsion Pavilion is the name of the force behind me!”

The black shadow man Lang Tian cursed angrily, he had come across stupid ones, but he had never come across such a stupid one, at this moment he even had some doubts whether the one he had come across when he robbed the jade flute was him or not.

If it was really him, with such a stupid IQ, he wouldn’t have gone through all the trouble to get his hands on the Jade Flute.

“I don’t care which power you belong to, the Jade Flute is my friend’s stuff, it’s better for you to return it!”

Lin Ran looked at Lang Tian and said in a deep voice.

“Your friend? What are you, you’re not enough to be a piece of shit in my eyes, give it back and dream!”

Lang Tian laughed coldly.

Lin Ran could not help but be angry at the thought in his heart when he saw this, and said with a cold smile on the corner of his mouth.

“Long Tian is it, the compulsion processing plant inside this nearby silo is your doing, right!”

“Hm?”

As soon as Lin Ran’s words fell, Lang Tian’s body immediately tensed up along with him, and although his cheeks were covered by a black cloth, Lin Jean could still feel that his face had changed colour.
