

Wonder Doctor

Chapter 321

“Have you seen clearly?”

Lin Ran turned to look at the two Wang Yi and asked.

“Seen clearly!”

Wang Yi nodded, with hate in his eyes, he hated himself for being too stupid and naive, and was also ruthless that this society was too realistic.

“Let’s go!”

Lin Ran smiled at Wang Yi, before greeting Wang Yifeng to go forward and give him a hand.

“Wang Yi!”

Caiyu had tears in her eyes, she didn’t know if it was right for her to do this or not, but seeing Wang Yi look at Lin Ran with such trust, it made her hesitate in her heart as well.

“Don’t worry, I trust Old Six, he’s not that kind of reckless person!”

Wang Yi squeezed out a smile and comforted Caiyu.

“Humph! A bunch of idiots, wait for the corpses to be collected when they leave the hospital!”

To the side, Huang He sneered.

Seeing this, Wang Yifeng immediately took out his mobile phone and threw it towards Huang He, while shouting.

“Old bastard, your mobile phone!”

How old was Huang He? He was already 50 or 60 years old and had been in a high position for a long time, but his body’s reaction speed was no match for Wang Yifei’s.

The mobile phone straight across an arc, followed by a “bang”, directly smashed in Huang He’s head, followed by the person with the phone directly on the ground.

“Bastard!”

Huang He was furious and was about to shout at the security guards, but at this moment Lin Ran was standing at the door and said.

“Director Huang, I remember that the Health Bureau is right next door to our hospital, right? I advise you to hurry up and go back to your office and sit for a while, otherwise you might not have the chance later!”

With that, Lin Ran revealed an evil smile, and then, together with Wang Yifeng and the others, he left the intensive care unit.

“What does that mean?”

Huang He frowned slightly, pondering over Lin Ran's words before leaving the door, but he simply couldn't figure out how he had anything to do with the Health Bureau when he was well?

"No, I have to go out and take a look!"

Huang He thought to himself and hurriedly followed him out with his two assistants.

.....

In the lobby of An County Chinese Hospital, Lin Ran and his group had just arrived and were about to go out, when suddenly a group of people walked in on them.

"Holy crap, is this the Killing Horse back in action?"

Looking at the group of people in front of him with colourful dyed hair, all of which were also very long, Wang Yifeng couldn't help but mutter.

"You still know about Killmongers?"

Lin Jeanne couldn't help but laugh at his words.

"I was at least a university student, though I skipped a lot of classes during that time!"

Wang Yifeng said discontentedly, but Lin Ran just laughed and didn't answer, he knew the former's character too well, if he could attend classes properly, it would be really strange.

"Ranzi, why don't we go out later!"

As the two were talking, suddenly Wang Yi next to him was speaking up, Lin Ran looked over and found that his face didn't look quite right, so he frowned and asked.

"What's wrong?"

"Yo! Isn't this brother Wang Yi? How come you've come to the hospital to take care of my mother-in-law again?"

As soon as Lin Ran's words fell, a very harsh voice came over, and immediately a youth with dyed green hair and a slim figure walked over with a big complement.

Upon seeing this youth, Wang Yi's face instantly changed.

"Eighth Master, why are you suffering!"

Wang Yi said with an ugly look on his face.

"Wang Laobai, watch your words, who is your mother-in-law!"

On the side, Caiyu scolded with an ugly face.

"Yo yo yo yo, what's wrong daughter-in-law, why are you so angry, is it that you miss me because I'm late husband! "

At these words, the eighth master actually reached out to touch Caiyu's face, fortunately Caiyu had doubled up and slapped it away.

But this scene was watching Lin Ran two people could not help but frown, they all knew that Caiyu was Wang Yi's fiancée, but at this moment this eighth master was openly molesting, completely did not put the former in his eyes.

"Wang Laobai, stop it!"

Wang Yi was so angry that he gritted his teeth and pushed the eighth master away, following himself to block Caiyu's body.

"You dare to push me? You're looking for death, aren't you!"

The eighth master stumbled as he was pushed and turned around to look at Wang Yi with cold eyes.

"Kid, want to die, do you?"

A group of men beside the Eighth Master followed him, each with icy faces ready to make a move.

"Master Eight, you are so rich, why bother with poor people like us!"

At the back, Caiyu opened her mouth and said.

Wang Yi's face twitched at his words, and Lin Ran could tell that he had a bout of suppressed anger in his heart at this moment.

"Haha, I said beautiful girl, whether there is money and whether there is interest in you are two different things, who Ran you look so beautiful, the eight master I have my eye on you!"

The eighth master laughed, but his eyes never left Caiyu, his face overflowing with greed.

When Wang Yifeng saw this look, he couldn't help himself, and with a single stride he came directly in front of the two Wang Yi, and locked eyes with the eighth master.

"My Cao! What the hell!"

The eighth master was startled and hurriedly took two steps back, when he got a good look at Wang Yifeng's appearance, he was relieved and couldn't help but curse.

"Where did that silly boy come from, daring to be a jerk in front of your Eighth Master!"

"Eighth Master? What kind of an eighth master? There are eight grandfathers in the family?"

Wang Yifeng sneered disdainfully, he had seen a lot of this kind of silly dick rich kid, always seeing one clean up one, not tired of sitting on good things.

"Who is he?"

Lin Ran came beside Wang Yi at this moment and asked calmly.

"Wang Laobai, nicknamed Master Eight, he also has his eye on Caiyu and keeps chasing after him!"

Wang Yi said with his head bowed.

Lin Ran could not help but frown at this and said.

"Raise your head up, isn't Caiyu still by your side here? Show some manliness!"

“Mm!”

Wang Yi lifted his head at his words, but Lin Ran could still see the lack of confidence, and worry deep in his eyes.

“8th Master, this is my friend, you don’t have to be ordinary with us poor people, we still have to go home, so we won’t bother you!”

On the side, Caiyu saw that Wang Yifeng and the eighth master were about to fight, and hurriedly stepped forward to persuade him.

“Go home? Back home to what? Has your old mother recovered from her illness?”

The Eighth Master asked suspiciously.

“Good Well!”

Caiyu said, but the head at the same time is low nodded looking very unconfident.

The eighth master saw the situation and knew at once that this niece was lying, and could not help but laugh.

“I say Caiyu ah, you and the eighth master I still polite what, what difficulties just say, the old me than no money can be much more, at least than you this poor fiancé can be too rich!”

The Eight Master said, and moved a few points closer, laughing.

“And the words of the Eighth Master still stand, as long as you follow me and become my woman, your old mother’s illness is hugged on Laozi, and if you can’t be cured we’ll go to the capital! I have plenty of money!”

The two words were spoken carefully and incomparably, not caring at all about Wang Yi’s face on the side, in fact, he didn’t care at all, in his eyes, Wang Yi was just a stink bug that he could crush to death at any time!

“No need, thanks for your kindness, 8th Master!”

Caiyu smiled blandly, followed by turning around and preparing to leave, Wang Yi also followed when he saw this.

Lin Ran and Wang Yifeng, on the other hand, walked at the end, wary that the Eighth Master would continue to pester them.

But at that moment, a voice came from the side.

“If it isn’t Master Eight, why are you here to see Caiyu’s mother again? This is the last time, I’m afraid you won’t be able to see her after she leaves the hospital!”

At the same time as the voice rang out, around the corner, Huang He had already walked out with two assistants, and then walked towards Master Bajie with a flattering face.

Chapter 322

“Yo! Isn’t this Director Huang, what’s going on today? None of them are staying in the intensive care unit, is this a collective discharge?”

Seeing Huang He, the eighth master couldn’t help but laugh.

“Let’s go!”

Caiyu didn’t want to be nosy and hurriedly greeted the crowd to hurry up and leave, however, at this moment Huang He suddenly spoke up.

“Group discharge is not, but Caiyu girl biased trust two small punks, must take the old mother out of the hospital home treatment, this after all still have to An County Hospital, I also do not feel at ease, can only follow out to see not!”

“O?”

The eighth master smiled at once turned his head to look at Caiyu and laughed.

“What’s going on ah? You don’t want to see a doctor in the hospital, you have to go home? How come there’s a miracle doctor at home!”

Said the eighth master, who actually walked slowly over, saying as he walked.

“Didn’t I say, just be Laozi’s woman, Laozi has plenty of money, how come you’re still going home!”

“I said no need!”

Caiyu couldn’t hold back any longer and opened her mouth to scold, Wang Yi on the side was afraid that the eighth master would become annoyed and hurriedly blocked in front of Caiyu.

“Get lost!”

When he saw Wang Yi, the eighth master was impatient and raised his hand to slap him.

However, the slap was raised and followed, but in the end, it didn’t hit anyone, and just when his slap was about to land on Wang Yi’s cheek, it was stopped by a white palm.

“Hm?”

Seeing this, the eighth master looked down his arm and realised that the one who had stopped him was actually Lin Ran who had never spoken up before.

“You’re going a bit too far!”

Lin Ran’s face was expressionless as he looked at the eighth master.

“Excessive? What the fuck are you? How dare you even meddle in my affairs?”

The eighth master sneered at this, and then raised his hand to break free from Lin Ran’s restraint, but as soon as he exerted his strength his entire face sank, he found that he couldn’t break free from Lin Ran’s arm at all, his opponent’s arm was like an iron vise, firmly locked around his wrist.

“Let go of me!”

The Eighth Master's face turned completely gloomy, and there was a hint of ice in his eyes.

However, Lin Ran just looked at him calmly, not saying a word, nor did his hands move to loosen.

"Laozi told you to let go, didn't you hear me!"

Seeing this, the eighth master couldn't help but shout angrily, following which he lifted his other hand and greeted Lin Ran's face.

But his speed was not as fast as Lin's. At the moment he raised his palm and just dropped it, Lin Ran's palm snapped loose and then gently pushed him.

In his haste, he raised his palm and hit himself in the face with a "pop".

This scene made everyone present dumbfounded, especially a group of the 8th Master's men, and they all looked pale.

"Bastard! You want to die!"

The eighth master shot up from the ground, his old face was red and he was about to explode, but at this moment, Huang He who was on the side was busy coming over and laughed.

"Aigoo, what's wrong with you, 8th master, how come you still let a hairy boy bully you!"

"Shut the hell up!"

The Eighth Master turned and gave him a vicious glare, scaring Huang He into hastily shrinking his neck before making amends and laughing.

"Don't, 8th Master, I'm here to help you too, just this kid is very bad, Caiyu took her old lady out of the hospital, it was these two kids who did it!"

"Hmm?"

The eighth master was stunned at his words, and then turned to look at Caiyu and asked drily.

"Is that really true?"

"It doesn't matter about them, it's me!"

Caiyu said at once, she also understood this Eighth Master's character and was afraid of dragging the two Lin Ran into it.

However, just as her words fell ah, Wang Yifeng, who was on the side, came over with a smile.

"That's right, because of us, but so what, in the hands of a quack like you, you're just harming her mother, this one beside me has medical skills that are many times better than yours!"

"Ha ha! He? A young boy who is not even a doctor is competing with me? Don't you think"

Huang He instantly laughed, but before he could finish his words, Lin Ran cut him off.

"I don't think so, and you don't have to think so either, you should go!"

"Go? Why should I go, this is my place, it's time to go too"

Huang He was talking enthusiastically, however before the words were finished, a group of people rushed in directly from the doorway, this group of people all wearing the words of the Health Bureau on their arms.

A group of people came in and saw Huang He, they actually all ran over and instantly surrounded him.

“Hey hey old Li, you’re just in time, these two boys compelled the patient to be discharged from the hospital, you have to investigate properly!”

Seeing that the leader was none other than an acquaintance of his, Huang He said with a smile.

However, the leader named Old Li grabbed his arm and said with a gloomy face.

“Huang He, someone has reported you as a corpse, using your position to play favorites, now please come back with me to be investigated!”

“What? I played favorites?”

Huang He’s face changed at that, and he hurriedly went to pull Old Li’s hand, while saying.

“Old Li are you mistaken, I”

“You do not need to say, first come with me!”

Old Li directly reprimanded, at this time in a public place he really does not dare to talk more with this Huang He, this time the matter is Temperance City directly notified over, will An County’s county lord have been alarmed, where he still dare to pull what friendship with this Huang He.

“It’s you!”

Huang He immediately understood when he saw this, no wonder that when that guy Lin Ran left the intensive care unit just now, he left that kind of a sentence, so he was waiting for himself here.

“What the hell did you kid do!”

Huang He looked at Lin Ran and cursed angrily, with hatred in his eyes. He had lived most of his life in An County and was about to retire as an honorable retired medical worker, but now this had happened.

He knows very well in his heart that with all his previous bad deeds, he is afraid that he will not be able to turn over a new leaf this time.

He looked up at Lin Ran, and only then did he suddenly understand what was going on in his mind, and his whole body trembled as he asked.

“You! Who the hell are you? Lin Ran, I’ve never heard of that name before, you’re not from An County!”

“Did I ever say I was from An County?”

Lin Ran looked at Huang He and said with a wry smile.

“You! You Lin Ran You, you are Temperance City”

Suddenly, Huang He remembered something, in the entire medical community of Temperance City, there was indeed a popular figure in recent times, whose name was also Lin Ran.

When Lin Ran initially saved dozens of people who had been kidnapped, this matter caused a sensation in the entire Temperance City, and for this reason the entire medical industry was studying his exemplary deeds.

At the beginning, An County Hospital had also organised such an event, but Huang He didn't go at all, yet now he didn't expect the real person to actually appear in front of him.

"It's not too late to know now, go in and reflect on it, I think someone will take care of the hospital's affairs!"

Lin Ran said with a smile, the meaning of the words was already very clear, that is.

"Go in and be investigated in peace, someone will soon replace you in the position of director!"

"Bastard! Impossible, how could Wang Yi have a friend like you, impossible!"

At this moment, Huang He finally understood that this unattractive looking young man in front of him had the strength to crush himself to death, while he was just playing rough with others like a jumping clown.

Thinking about it at this moment simply made him want to find a crack in the ground in shame.

Chapter 323

"What bad luck!"

Watching Huang He being taken away, the Eighth Master couldn't help but spit, followed by patting the clothes on his body, as if he wanted to get rid of all the bad luck.

"8th Master, what about the few of them!"

Next to him, a junior immediately came up and asked.

"Them?"

The Eighth Master smiled and looked at Lin Ran's few people, his brow couldn't help but frown slightly, then spoke.

"Caiyu! Are you really going to take your mother back with you?"

"What's it to do with you!"

Caiyu said back in a cold voice, and at the same time, she and Lin Ran's few people prepared to leave.

Seeing this, the eighth master's face sank and he opened his mouth to scold.

"It's fine! It does have nothing to do with me, and I'm also free after your old mother dies, and it saves me from wiping your mother's ass for this shitty disease later!"

"But"

Said the eighth master actually looked at the two Lin Ran, a hint of teasing on his face, and said.

“But they’re not allowed to come and go, just now they were stirred up by that old man Huang He, which made me almost forget, damn it just slapped me, this debt has not been settled yet!”

“Right! You dare to hit our 8th master, I think you are tired of living!”

“Yes! Don’t leave!”

Next to him, a group of men also echoed the words.

“Are you being reasonable? You clearly hit yourself just now, what does it have to do with Lin Ran!”

Wang Yi couldn’t help but chastise at his words.

“Shut the hell up!”

The eighth master’s eyes glared and directly chided, and then when he saw that Wang Yi was not speaking, he could not help but sneer in amusement.

“Where is it your turn to speak, you turd, if it wasn’t for Laozi you would still be here pretending to be a fucking hero?”

“What do you mean!”

On the side, Caiyu listened with a slight frown, how did Wang Laobai’s words sound like Wang Yi was still somewhat related to him.

“What do you mean? Won’t you ask the man beside you? He and I have a lot of deals!”

The eighth master sneered.

Caiyu not only frowned at his words, but then turned to Wang Yi, with disbelief in his eyes.

“You... You have deals with him?”

“No, Caiyu, don’t listen to his nonsense!”

Wang Yi hurriedly explained, however Caiyu was already a bit up in the air at this moment, what she hated most was Wang Laobai, this guy had been plotting against her, and even now he was trading money to get himself, but she had never agreed for the sake of Wang Yi, yet now it was hearing the person she hated most, saying that he had a deal with the person she loved the most.

This made her a little unacceptable no matter what.

“That’s enough! I don’t want to know what kind of deal you have with each other, I know our family is a drag, and you don’t have to do this for me!”

Caiyu said, turning around and about to leave.

Seeing this, Wang Yi became anxious and pulled Caiyu by the hand, while turning around and rushing at Wang Laobach.

“What do you want, Wang Laobach, the time is not up yet!”

At these words, Caiyu immediately revealed a shocked look, it seemed that Wang Laobach was right, he and Wang Yi really had a deal.

“Time? You’re fucking talking to me about time? You think you can fucking pay me back before the time is up? I’m afraid you can’t even keep your fucking job right now!”

Wang Laobai said disdainfully.

“What the hell is going on here? What kind of deal do you have with him!”

Caiyu couldn’t listen any longer and asked directly.

“I!”

Wang Yi stammered, somewhat unable to say anything.

“Speak up!”

Caiyu’s eyes were tearing up with anxiety, she thought she was the one who knew Wang Yi best, but now she felt that the man in front of her made her feel strange.

“Caiyu, don’t ask!”

Wang Yi’s eyes were red and he lowered his head, unwilling to say it.

“You don’t say it, do you? Fine! I’ll go!”

Caiyu said as she wiped the tears on her cheeks, turned around and prepared to leave.

Seeing this, Wang Yi couldn’t hold back any longer and grabbed Caiyu’s hand, crying out.

“Can’t I say it! In order to pay for your mother’s medical treatment, I went to borrow a loan shark, he was the one who gave me the loan, and the promised month to pay back, there are less than five days left!”

It’s not that he hadn’t thought about the consequences he would face if he couldn’t pay back the loan in the future, but at that time he really had no other way for Caiyu!

“How could you be so stupid!”

Caiyu also cried out, and the two of them held onto each other’s hands for a long time, as if they were a pair of bitter lovebirds.

“It’s so touching!”

On the side, Wang Yifeng couldn’t help but choke up and his eyes even turned red.

“Damn fatty, what the fuck are you crying for!”

The Eighth Master saw this and said disdainfully, then scolded at the two Wang Yi.

“All right, don’t fucking show your love in front of me, there are still five days to go I’m still a man who wants to save face, if you want to leave then hurry up and get lost, don’t fucking delay me from taking revenge!”

With that, Wang Laobai waved his hand at the group of men beside him and said.

“Go, remove the arms of these two boys, if they dare to fucking hit me while passing, I will make specimens of their arms and slap them on their own every day!”

The thought of the slap just now, Wang Laobach was furious, at this time, he did not bother to take care of Wang Yi two people, just want to hurry to get back the scene just now, as for Wang Yi two people to him, later there is time to slowly clean up.

“Don’t worry brother, leave it to us!”

“Promise to complete the task!”

One by one, his men rushed towards Lin Ran with their fists in the air.

Wang Yi saw this and just wanted to get up and come over to help, but Lin Ran shouted.

“Just hide and watch the show!”

“Right! Just watch the show, I’ve been driving for three hours this morning, my fat master’s bones are suffocating, now I can finally move around properly!”

Wang Yifeng followed, then raised an eyebrow at Lin Ran and said.

“Little Ranzi, last time you beat that kid Ye Liang, you robbed Master Fatty alone and won by cheating, this time do you dare to compete with Master Fatty me?”

“No matter how many times you compete, you won’t win!”

Lin Ran smiled blandly at his words, followed by a burst of strength from his feet, and rushed to meet the oncoming gangster.

“Holy crap! You’re cheating again!”

Wang Yifeng was furious at the sight of this and hurriedly followed suit with his feet.

The scene of two against seven or eight people was not common in reality, and many people stopped to look at them, especially Wang Yi and Caiyu, whose hearts were pounding.

If something happened to him, he wouldn’t have the face to face Lin Ran.

“Be careful, Ranzi!”

Wang Yi kept praying in his heart, only this prayer had not long started before it stopped.

He saw that the moment Lin Ran and Wang Yifeng rushed into the crowd, a group of Wang Laobai’s men fell to the ground like wheat being cut.

A full seven or eight of his men, in less than ten breaths of time, surprisingly six or seven of them had fallen, leaving just one man who was lucky to still be standing because he was slow on his feet and hadn’t yet rushed to the two men.

“This”

This scene directly made Wang Yi look dumbfounded, and even Caiyu, who was at the side, could not help but open her mouth and ask.

“Wang Yi, is your friend really a medical student? How come it looks more like he’s studying martial arts!”

“Er”

Wang Yi was stunned at his words, and was equally a bit baffled.

“Maybe he learned it recently, I don’t know”

Chapter 324

While they were talking, the last man in front of them was also knocked to the ground by Lin Ran’s kick, they didn’t see clearly when the scene was chaotic before, but they could see clearly when this last man fell to the ground.

They saw Lin Ran kick out, followed by only a black shadow, and the next moment Wang Laobai’s men fell straight to the ground, the crowd didn’t even see clearly when Lin Ran’s kick touched the other side, and the other side had already fallen to the ground.

“No fair, you’re cheating again!”

Wang Yifeng was very dissatisfied, there were seven or eight men in total, he only took down three, the rest were all taken out by Lin Ran.

“Come on, don’t be so fierce, it’s easy to scare the kids!”

Lin Ran laughed and patted Wang Yifeng’s shoulder, followed by a wink, telling him to look at Wang Laobai.

At this moment, Wang Laobai stood frozen in place, not daring to move, a face full of panic hanging under his green hair, while on his face was already covered in cold sweat.

“Kid, what are your legs shaking for? Sick?”

Wang Yifeng saw this and could not help but tease.

“You You guys You are not human!”

Wang Laobai’s voice carried a few trembles as he looked at the two men and said.

“I think you have itchy skin, dare to call me not a human being!”

Wang Yifei saw the situation a fierce, made a gesture to go over, and this movement scared Wang Laobai immediately legs, directly sat down on the ground, followed by a large water stain from under his buttocks.

“I don’t want to blackmail you, I didn’t touch you, it’s not my fault if I’m incontinent!”

Wang Yifeng still did not forget to tease at this point.

“Come on, don’t tease him!”

Lin Ran laughed as he stepped forward and pulled Wang Yifei aside, then looked at Wang Laobai and said.

“Still want to break both of our arms?”

“You!”

Wang Laobai was so angry that his face turned blue, but he didn't dare to move, afraid that Lin Ran would make a move on him.

“Today, I admit it, but don't be complacent, this is An County, my territory, I really don't believe you dare to touch me!”

Wang Laobai said in a cold voice, in An County's territory, he still had some confidence that Lin Ran wouldn't dare to touch him.

“Hey I go, you're fucking blind and can't see the situation clearly, what's wrong with Laozi moving you now!”

Wang Yifeng on the side couldn't listen to this anymore, he rushed over with an arrow step and raised his foot to kick.

Wang Laobai's face changed under this move, and hurriedly covered his head with his hands while shouting and screaming.

“You dare to hit me, Laozi will never let you go, Laozi's father is Wang Shilong!”

As soon as these words were spoken, everyone went silent, and even the people watching on the sidelines were all stunned.

Wang Shilong was a well-known philanthropist in An County, while the youth in front of him was an uneducated gangster, they really didn't dare to imagine that these two people were a father and son.

“Wang Shilong?”

Wang Yi, who heard these words at the side, immediately turned pale and hurried over.

“Your father is Wang Shilong?”

“What? Wouldn't I lie to you guys!”

Wang Laobai chided in a cold voice.

Wang Yi's face turned white at that, no one in the whole An County didn't know who Wang Shilong was, but how could he have thought that Wang Laobai would actually be his son?

If he had known that Wang Laobai was his son, Wang Yi would not have gone to him to borrow money.

“Kid, now that you know who I am, try not paying back this money!”

Wang Laobai laughed proudly and stood up from the ground, but water was still dripping down from his trousers.

“How much does he owe you?”

Lin Ran turned his head to look at Wang Laobai and asked.

“Half a million!”

Wang Laobai smiled smugly, then said in a sinister manner.

“What? Want to exchange it for him? I’m talking about the principal, now with the interest it’s a million in total!”

“You! You’re robbing me, I’ve only been borrowing for less than a month, how come it’s gone up to a million!”

Wang Yi immediately became anxious, one million was enough to crush him, and Wang Laobai actually opened his mouth, this was simply not giving him a chance to live.

“Don’t get excited!”

Lin Ran turned around and patted Wang Yi, before looking at Wang Laobai once again.

“One million is it, I’ll pay for this!”

“Huh? Haha, that’s fine! Kid who knows the times is a good man, just because you said that, it’s not like your beef with old me can’t be considered!”

Wang Laobai laughed, he knew that reporting his old man’s name would work best in An County.

His father, Wang Shilong, was somehow the philanthropist of the whole An County, but many people also knew that this person’s character was questionable, but his family was so big that what could ordinary people do, they couldn’t possibly go against the Wang family with their eggs.

“I can’t let you pay for this!”

On the side, Caiyu was scared to hear this, but the education she had received since she was a child did not allow her to make such a decision, she could not let Lin Ran pay for her own hole.

“I didn’t expect you to be so righteous, but you can’t do that. Can you get a million dollars in five days? I think it’s better for you to trade your body!”

Wang Laobai bared his teeth and laughed, his eyes couldn’t stop looking at Caiyu’s body.

“Pop!”

Suddenly, a crisp slap sounded, immediately drawing the eyes of someone to Wang Laobai.

At this glance, everyone could not help but suck in a breath of cold air, only to see that at this moment, Wang Laobai was covering his face, and under his palm, a clear handprint called out, obviously the sound of the slap just now came out from him.

“You! You dare to hit me? My father is Wang Shilong, how dare you fucking”

Wang Laobai’s eyes widened in anger as he stared at Lin Ran in front of him with anger and disbelief in his eyes.

However, before he could finish his foul words, Lin Ran followed and raised his palm, landing heavily on Wang Shilong's face in the next moment amidst everyone's gaze.

"Slap!"

Another crisp slap sounded, this time Wang Laobai's entire body was immediately dumbfounded, he looked at Lin Ran with lax eyes, unable to speak for a long time.

This was the first time he had ever been hit in An County, and this huge contrast made it difficult for him to adapt, his mind going blank for a while.

But this blankness was soon replaced by anger.

"Son of a bitch, you fucking"

Wang Laobai broke into a cursing fit, but just as the words came out, he saw Lin Ran raise his arm once again, a scene that scared him so much that cold sweat sprang up.

Hastily changing his mouth, he said.

"Don't Don't hit! Don't hit! I'm wrong, can't I!"

Wang Laobai was on the verge of tears at this point, those two slaps just now had made his face burn hot, if this slap continued, I was afraid that his face would be smashed.

"No more swearing?"

Lin Ran looked at Wang Laobai and said blandly.

"No No more up!"

Wang Laobai was truly afraid at this point, lowering his head and not daring to look at Lin Ran.

Lin Ran saw this the corner of his mouth showed a hint of disdain and followed and said.

"Wang Yi owes you a million, I will return it to you, tonight at eight o'clock, you decide the place, call your old man to come together, otherwise you will not get this million!"

After saying that, Lin Ran got up and greeted Wang Yifeng and the others to leave.

"The night old man fucking"

Looking at the back of Lin Ran and the others leaving, Wang Laobai could not help but curse in a low voice.

But before he could finish his words, he heard a "whoosh" sound in front of him, followed by a black shadow that passed directly by his ear, and a strand of green hair immediately fell on his face.

Then a voice came out.

"Shut up if you don't want to die, and remember to call your father tonight, don't play tricks on me or your hair will be your downfall!"

Chapter 325

“You”

Wang Laobai was really frightened, his mouth moved for half a day but did not say the following words, even the bottom of his trousers followed by wet again.

The thing that flew past him just now he didn't see clearly what it was, but undoubtedly if that thing hadn't grazed his hair and flown past, but had stuck to his cheek, I'm afraid he would have broken his face at this point, and what if it had been said to stick to his neck? He dared not think further.

“Pops! Old dad, go find old dad later!”

A voice kept ringing out in Wang Laobai's heart, a natural instinct when his life was threatened.

Afterwards, Wang Laobai staggered straight out of the hospital amidst the strange gazes of the crowd, not bothering about his men who were pretending to be dead, and hurriedly got into his car to rush back home.

.....

The hospital entrance, with the help of Lin Ran and others, Caiyu's mother was smoothly put into a car, and the group drove off directly.

In an ordinary small area in An County, in a three-room room, Lin Ran and the others sat in front of the sofa, each with a solemn face.

“Ranzi, what are you going to do next?”

Wang Yi looked at Lin Ran and spoke, while on the coffee table at one side was a mobile phone, which belonged to Wang Yi.

“There's no hurry, it's only noon now, that kid will only hear from his father in the afternoon at least, the appointment is at eight o'clock in the evening, in the meantime I will first cure my aunt's illness!”

Lin Ran said calmly.

“Do you really have a cure for my mother's illness?”

Hearing Lin Ran's words, Caiyu was instantly excited.

“Yes!”

Lin Ran was not pretentious and nodded his head straight away.

Seeing this, Caiyu actually knelt down in a flutter and said excitedly.

“As long as you can save my mother, Caiyu will repay your kindness even if she is the biggest cow or horse!”

Lin Ran hurriedly got up and helped Caiyu up, a bitter smile appeared at the corner of his mouth as he said.

“You don't need to be like this, Wang Yi is my friend and you are his fiancée, these are all things I should do, but”

“But what?”

Seeing that Lin Ran was hesitant, Caiyu immediately became worried again.

“Ranzi, if there’s any problem you say, as long as I can do it, I will do it all!”

Wang Yi also hurriedly said, if Caiyu’s mother’s illness could be cured, then his and Caiyu’s lives could be restored to their previous state, which was vital for both of them and even for both of their families.

Lin Ran saw this and without any nonsense, he frowned and said.

“To treat Auntie’s illness, I need a medicinal primer, the virgin’s pussy blood, this”

“What’s that?”

Caiyu frowned as she listened, she had never heard of such blood at all, and what did it have to do with curing her own mother’s cerebral palsy.

“Old Six, I can get this stuff, but what does it have to do with Caiyu’s mother’s illness?”

On the side, Wang Yi said with a frown, he and Lin Ran were classmates and really didn’t understand why this kind of thing was needed to treat cerebral palsy, it just didn’t make sense.

“To put it plainly, Caiyu’s mother did not have cerebral palsy, but she was persecuted by someone and was struck by a kind of witchcraft!”

Lin Ran said.

“Witchcraft?”

Wang Yi and Caiyu were both stunned at the words, the former frowned while Caiyu was a little excited, it wasn’t cerebral palsy but witchcraft, that meant that as long as Lin Ran could cure her mother, then her mother was intact and wouldn’t have any cerebral palsy.

“Lin Ran, is my mother really not cerebral palsy?”

Caiyu was still in some disbelief and asked in a rush.

“No!”

Lin Ran shook his head, he also understood what Caiyu was worried about and continued.

“As long as it can be cured, Auntie will be just like an ordinary person, without any half-hearted after-effects!”

“Thank you! Thank you!”

Caiyu sniffed and left tears of excitement, she was just an ordinary person and didn’t want to know what witchcraft was, as long as she knew that her mother wasn’t cerebral palsy and that Lin Ran could cure it that was enough.

“Alright, hurry up and get ready!”

Lin Ran said as he rushed to Wang Yi, there was nothing he could do but look at Wang Yi.

“Mmm!”

Wang Yi nodded solemnly, followed by a look at Caiyu who was at the side.

“What are you looking at me for? Hurry up and go!”

Seeing this, Caiyu hurriedly urged, Wang Yi scratched his head somewhat awkwardly and said.

“I need your help with this”

“How can I help? I don’t even know where there is virgin Yin blood!”

Caiyu looked bewildered, she didn’t even know what it was, so how could she possibly know where to get it.

“Yin blood is your great aunt! Does virginity need me to explain?”

Wang Yi said with an embarrassed face, and Caiyu’s pretty face flushed when she heard that.

“Hurry up and go!”

Wang Yi greeted and promptly took Caiyu into the house, Lin Ran laughed awkwardly while shaking his head, while Wang Yifeng, who was on the side, said with a mouthful of words.

“I go, brother she’s really your fiancée, huh? You two have developed to this extent, and you’re actually still”

“Shut up!”

Caiyu was busy chiding, her pretty face turning even redder as she followed in a flash and went into the room with Wang Yi.

The wait was not long, and soon Wang Yi and Caiyu walked out, only at this time the latter’s cheeks were even redder.

“Here you go!”

Caiyu blushed and threw a packet to Lin Ran, then turned around and ran into her parents’ room, she was truly embarrassed not wanting to be watched by three men at the same time.

However, Lin Ran’s next words almost didn’t make her spurt out a mouthful of old blood.

“All come in and lock the door to your room!”

“Okay!”

Wang Yi didn’t think much about it and ran straight to lock the door of the room, before entering the room with Wang Yifeng.

The master bedroom had a dormer window and the whole room was very well lit, plus it was one or two o’clock in the afternoon, the whole room was still very bright even if the door was closed.

“Close the curtains, and don’t turn on the lights inside the whole room!”

Once he entered the room, before Wang Yi could say anything, Lin Ran said directly.

“Okay!”

Wang Yi nodded at his words and followed, and together with Caiyu, they closed all the windows in the room, and immediately the room was plunged into dimness.

However, the sunlight from outside could still shine through the curtains, so although the room was dim, it was not so dark that one could not see any fingers.

“Each of you find a place to sit down and don’t move no matter what happens later, Fatty you stand next to me and do as I order later!”

Lin Ran quickly arranged.

“Good!”

Wang Yifeng came and stood next to Lin Ran, holding a glass bottle in his hand, which Lin Ran had given him earlier.

Seeing that everyone had finished preparing, Lin Ran didn’t bother with any nonsense and directly placed the Yin blood that Caiyu had given him on the ground and followed it.

A faint smell of blood soon filled the entire room, and with the dim light and the patient lying on the hospital bed, the entire atmosphere of the room suddenly became depressing.

“It’s starting!”

As Lin Ran’s soft voice rang out, followed by everyone holding their breath and looking at the hospital bed nervously.

Lin Ran slowly got up and came to the bed, followed by taking off a roll of brand new silver needles from his body, then he pulled one out and dropped it on top of the patient’s forehead.

With the fall of this needle, everyone could clearly see that a faint black Qi floated out from the patient’s forehead, and then gathered in the air above his forehead and slowly drifted, not dispersing.

Chapter 326

“Mmm!”

Seeing this scene, Caiyu couldn’t help but make a sound, and Wang Yi at the side hastily covered her mouth.

Lin Ran looked to see Caiyu’s face full of worry, but after all, she did not make any loud noises, and only then did he continue to drop the second needle.

The ninth-order silver needles from the Tamkang Hospital were not collected by Lin Ran, but the address was sent to the hospital, so they had already been sent to the Tamkang Hospital.

For his own convenience, Lin Ran had deliberately purchased his own set, which was the one he was using at the moment.

A silver needle fell with Lin Ran’s arm and soon covered the entire top of the patient’s head.

Although the room was dimly lit at the moment, Caiyu could still see the silver needles, and looking at her mother's head full of silver needles, she couldn't help but feel some heartache.

The only thing she could do was to wait patiently and pray in her heart.

Dozens of silver needles fell, and by now a thick cloud of black gas had coalesced at the top of the patient's head, which twisted around each other and slowly rotated without the slightest sign of dissipating.

Lin Ran suddenly turned around and made a quiet gesture at the crowd, then turned around and stood beside the bed, facing Wang Yifeng without saying a word.

As he stood there, with a man lying next to him in the bed, and with no one speaking, and no lights on in the room, the atmosphere seemed to freeze for a while.

Caiyu tightened her grip on Wang Yi's hand nervously, and Lin Ran's immobility made them not dare to move either, as everyone was like a statue, not daring to move.

Luckily, this tense and depressing atmosphere did not last long, and after ten minutes, there was finally a noise in the originally calm room.

But the moment this sound appeared, it gave everyone except Lin Ran a creepy feeling, as if a ghost was dreaming around them.

"Ta! Ta! Ta!"

The sound of a crisp sound kept ringing out, and all eyes moved towards the bed, and for a while everyone held their breath.

The first thing that happened was that Caiyu was so scared that her face was pale and bloodless, and Wang Yi and Wang Yifeng were equally numb.

On the bed, Caiyu's mother's whole body was tense and her dark cheeks were twisted together, but her mouth was the only one that opened and closed.

The whole room was filled with "Ta! Ta! Ta!" It was the sound of her teeth clashing against each other that made the noise.

Caiyu's face was getting paler and paler, and Lin Ran couldn't help but glance at her, afraid that she wouldn't be able to hold it together.

The best thing is that Wang Yi, who knows the seriousness of the matter, tightened his grip on Caiyu's arm, signaling that she must hold on.

Time passed by minute by minute, "Ta! Ta! Ta!" The sound became more and more urgent, and her mother's mouth opened and closed faster and faster.

In the end, it was as if a person was shivering because it was too cold.

The company has already reached a critical point in its spirit, and I'm afraid that if it keeps going she will really go crazy.

Wang Yi and Wang Yifeng were not much better, their faces were covered with beads of sweat, the latter was better, he was a feng shui master after all, and although he was nervous, he was not afraid.

The latter was better off, as he was a Feng Shui master after all.

Suddenly!

The angle at which her mother's mouth opened was unbelievable, and if it were a normal person, I am afraid the corners of her mouth would have cracked.

Caiyu hurriedly covered her mouth, two lines of tears flowing down her cheeks, and she didn't even dare to look at it, wondering why such a strange and horrible thing would happen to her mother.

Wang Yi was no better, holding Caiyu's hand to comfort her while still trying to suppress the fear in his heart.

As for Wang Yi's life, he was much better off. He had no idea what was going on just now, but now that he had already made a guess in his mind about Caiyu's mother's condition, he was able to calm down.

The mood of the crowd was different, but Lin Ran was the only one who remained calm, his gaze fixed on the person on the hospital bed.

Her mouth opened wider and wider, and finally Caiyu couldn't hold back any longer and simply lowered her head, not daring to look, she was really afraid that an accident would happen.

Wang Yi held her hand tightly so that she wouldn't lose control because her spirit had broken down.

Wang Yifeng, on the other hand, tightened the glass bottle in his hand, ready to wait for Lin Ran's greeting.

One point Two points... Three points

The opening and closing of his mouth grew slower and slower, and when it had grown almost to its limit, it finally stopped.

However, before anyone could breathe a sigh of relief, an ear-splitting "squeak" sound followed.

Caiyu was so frightened that she raised her head again, while Lin Ran and the three of them were staring at the former's mother's mouth, as they had all heard the sound that had just come from Caiyu's mother's mouth.

The sound of "squeaking" resounded again, and with the crowd barely prepared, something green poked out of Caiyu's mother's mouth.

As it crawled out of her mouth, a shudder ran through the crowd's hearts.

It was just the size of a hand, with all five senses present, and it looked like a small monkey.

However, it was so green and hairless that it looked disgusting. Wang Yi only took one look at it before he hurriedly covered Caiyu's eyes to stop her from looking.

And the moment Lin Ran saw this thing, he could see that it was actually a learned spirit compulsion!

The so-called learned spirit compulsion is actually a kind of compulsion, only because it is very special, that's why it has this unique name.

At this moment, the whole room was still quiet, only the sound of the green monkey constantly moving around.

It sat on Caiyu's mother's chest and didn't move away, only its gaze kept rushing in the direction of Wang Yifeng, but of course it wasn't looking at this guy, but the virgin nether blood on the ground next to this guy.

Lin Ran turned his head and winked at Wang Yifeng, who nodded knowingly, while tightening the glass bottle in his hand, it was all up to him how it would turn out later.

"Squeak!"

The little green monkey could not resist the temptation, and after spinning around twice in place, it jumped in the direction of Wang Yifeng.

And with this jump, the black mist that was originally coiled on Mother Caiyu's forehead immediately drifted towards Wang Yifeng.

Seeing this, Lin Ran gently took out the three pre-prepared jade pendants and gently squeezed them in his hands, ready to crush them at any time.

The little green monkey flew over to the Yin blood, and then looked around very vigilantly, seeing that there was still no movement, before it quickly jumped up, and then very greedily stuck to it.

And just a moment after the little green monkey had lowered its head, Lin Ran looked fiercely at Wang Yifeng and followed it by shouting.

"Snap it!"

Chapter 327

"Good!"

Wang Yifeng had been waiting for a long time, and as his voice rang out, he grabbed the glass bottle with both hands and snapped it directly towards the ground.

"Squeak squeak!"

Seeing that the situation was not right, the little green monkey hurriedly got up and was about to run.

But Wang Yifei was not slow either, and the moment he got up and took a step, the glass bottle snapped up with a muffled "bang".

However!

The glass bottle was so small that when it was snapped down, one of the green monkey's arms got stuck outside and was instantly broken off.

The broken arm, which was stuck outside, seemed to have intelligence and slapped the ground, then bounced towards the bed, aiming at the spot where Caiyu's mother's mouth was on the hospital bed.

Clearly, the broken arm was trying to get back into her mouth.

“Ranzi!”

Wang Yifeng saw this and busily shouted, but his words were obviously redundant, as Lin Ran had already moved at the same time as his words came out.

“Whoosh whoosh whoosh!”

Three jade pendants were instantly flung out, flying directly towards the three directions in front of the hospital bed, directly blocking all the way to half of the arm.

Then, as Wang Yi and Caiyu stared in astonishment, they heard Lin Ran shout “Break!” Then all three jade pearls exploded at the same time.

“Bang! Bang! Bang!”

The sound of the three jade pendants cracking was not loud, but in this quiet room, it was extraordinarily loud.

And as the three jade pendants exploded, everyone was surprised to see that the half-arm in the middle of the air was actually blown backwards.

“Good timing!”

Wang Yifeng was overjoyed at the sight, stepping on the glass bottle on the ground with one foot and holding a new bottle in the other hand, he directly snapped at the half-cut arm.

The half-arm was directly snapped into the bottle, and before it could react, Wang Yifeng’s other hand took the lid and put it on.

“Great work is done!”

After snapping the lid on tightly, Wang Yifeng smiled triumphantly.

Lin Ran didn’t come close to raising a thumb at him at this point, smiling and teasing.

“Don’t say it, you’re still quite useful at certain times!”

“That’s right, fat master me

Wang Yifeng was about to sell himself a little, but he suddenly looked back and said with a disgruntled face.

“When have I not used it, Fat Master?”

“Okay, okay, no nonsense hurry up and take these two bottles to the sun deck and expose them to the sun first!”

Lin Ran greeted impatiently, Wang Yifeng saw this and only had to carry the bottles to the balcony in a very dissatisfied manner.

“Old Six, Caiyu mother is now

As soon as Wang Yi went out, Wang Yi and Caiyu hurriedly came over, because of what had just happened, the first time Caiyu didn't dare to go to her own mother's side either.

"It's gone, you guys can go over and take a look!"

Lin Ran smiled, but there was a hint of exhaustion in his eyes, before it looked like he was just standing there doing nothing, but only he knew how tired he was from using his true qi to maintain those silver needles on Caiyu's mother's head.

Caiyu and the two of them quickly went to the bed, while Lin Ran went to the window and pulled the curtain open, and the sun shone in.

In the light, Caiyu was surprised to find that her mother's face on the bed had returned to normal and was not as gloomy as before.

There was even some more blood on her cheeks, and she looked much more normal.

It was just that she was still unconscious at the moment, making the two of them a little worried.

"Don't worry, it's already fine, she needs to recuperate now!"

Lin Ran said with a smile, while putting back all the silver needles.

After doing this, Lin Ran greeted the two people and said.

"Come on, let's go to the balcony, you guys should have a lot of questions you want to ask!"

"Mm!"

The two nodded at his words, indeed they had a stomach full of questions they wanted to ask.

On the balcony, where the sun was shining, Wang Yifeng put one foot on a bottle and sat himself on a bench, bored.

"You guys can come, what are you doing grinding away!"

Seeing Lin Ran and the others coming over, Wang Yifeng couldn't help but complain.

"Alright, how is it going?"

Lin Ran gestured for Wang Yifeng to move his feet away, and then looked towards the bottle.

He could only see that the little green monkey in the bottle at this time was already rotten into a mess, and it was impossible to tell what it was, only that it was a mass of rotten flesh.

Caiyu almost threw up in disgust after just one look, and hurriedly turned her gaze away.

"This thing was struggling very violently just now, but this wilted after shining the sun for a while!"

Wang Yifei said, and then asked with a puzzled look on his face.

"By the way, what the hell is this thing? Why does it look so disgusting!"

"Right! What the hell is this thing?"

On the side, Wang Yi also hurriedly asked, he had been wanting to ask before, but he didn't have the chance, at this time Wang Yifei mentioned it, so he followed up.

"This thing, the scientific name is Learned Spirit Compulsion, in layman's terms it is a kind of compulsion!"

Lin Ran said.

"Compulsion? How is it a compulsion again?"

Wang Yifeng smiled, before coming to An County, the guy who robbed him of his jade flute was secretly cultivating compulsions, how did he come across compulsions again when he arrived in An County, the probability of these compulsions appearing recently was too high, simply higher than the probability of catching ghosts.

"Let's talk about this matter later!"

Lin Ran didn't answer Wang Yifeng, then looked at the two Wang Yi and said.

"I can probably guess the questions you guys want to know, so I'll just talk about them in unison first, and if there are any omissions you guys can ask again!"

Wang Yi and the two nodded, indicating that they had no objection, and then Lin Ran spoke.

"This kind of compulsion is very rare, it will appear in your place I'm afraid it has nothing to do with Wang Shilong, but why the other party wants to target you, this is still unproven for the time being!"

"Besides, there is no way to know who the real owner of this compulsion is, whether it is Wang Shilong or someone else, so the clues we know are actually still very few!"

Speaking here, Lin Ran looked at the two people with some concern and said.

"If this kind of compulsion just happens to appear here, then it's fine after all I've already solved it, but if the other party is targeting you, then you should be more careful!"

With that, Lin Ran took out a paper bag, which was bulging with some things.

"This is ten pieces of jade pendant, later on you guys put it in the dead corner of your house, once there is still something like this near, it will blow up to remind you guys to run quickly!"

Handing the things to Wang Yi, followed by Lin Ran before he continued.

"Also don't go investigating the source of these compulsions, it's not something you can interfere with, Fatty and I will look into it!"

"Lastly, we must finish with Wang Shilong and his father tonight, otherwise your lives will still not be restored to peace, and they will definitely be looking for your business again when I'm gone, so we need time to set things up!"

After saying that, Lin Ran looked at his watch, and then looked at the two Wang Yi and said.

"What other questions do you guys have?"

Wang Yi and the two shook their heads at his words, since their mother was already fine, they didn't want to pursue anything else, as for the compulsion Lin Ran had already said he would investigate, so they didn't want to be involved.

"Wait, I have a question!"

Wang Yifeng suddenly spoke up, and then pointed at the learned spirit compulsion on the ground and said.

"What the hell is this whatchamacallit compulsion for? What is it doing hiding in someone's mouth? Why do I always feel that there seems to be a connection between this and that kid!"

Chapter 328

"There is definitely a connection, only that we don't even know exactly what it is yet!"

Lin Ran said with a frown, An County was originally under the jurisdiction of Temperance City, and with this compulsion appearing in these two places almost simultaneously, I'm afraid that anyone would feel that there was a connection.

"As for why this parasite burrowed into the population, that's actually why it's called a learned spirit parasite!"

Lin Ran said and looked at the glass bottle on the ground, seeing that the contents had already started to mist up, nodded in satisfaction, and then explained.

"The parasites themselves are all worms, in the end it's just a difference in consciousness form, there's no difference in names at all, and what later emerged as love parasites, obsession parasites, solitary parasites and so on, are all just based on their uses or characteristics!"

"And this learned spirit compulsion is actually a typical name based on characteristics!"

"A name based on characteristics? I should call this thing Monkey Compulsion, it looks like a green-haired monkey all the time, O! No, it's a hairless green monkey!"

Wang Yifeng laughed again, and spoke with complacency.

Lin Ran gave him a helpless blank look before saying.

"I've never heard of the green monkey compulsion, but I have heard of the fat-loving compulsion, which likes fat people like you, and will play hard to get into your body as soon as it takes a fancy to you, so you should keep an eye on the places with holes, and better buy iron pants, so as to be careful of taking advantage of the situation!"

Wang Yifeng felt a cold sensation and couldn't help but cover his hand with it, which caused Lin Ran, Wang Yi and Caiyu to burst out laughing.

"Hey! You Lin Ran, you've got a bad stomach, you're deliberately scaring your fat master, aren't you!"

Wang Yifeng reacted and his old face turned blue.

"Come on, stop it, always interrupting my thoughts!"

Lin Ran saw this and pretended to digress, following which he continued to speak.

“This kind of compulsion is actually the same kind of thing as the kind of hobby eagle we looked at in Tanjiang City, only the uses are different that’s why they have two names: hobby eagle and learned spirit compulsion! And when it comes to the essence, they are actually one kind of thing!”

Said Lin Ran gestured for Wang Yifeng to look at the glass vase at his feet, at this time inside the glass vase was filled with black mist and it was already completely impossible to see clearly what was inside.

“Later when this mist dissipates, you will be able to see its true nature!”

Said Lin Ran, bringing the topic back and continuing.

“And the reason why it is called the Learned Spirit Compulsion is because this compulsion has a very high intelligence, and can even learn to imitate some of the actions and handling styles of humans just like a parrot, hence the name Learned.”

“Imitate human actions? And you say this thing is hiding in the human old mother’s head to learn?”

Wang Yifei asked with a surprised face, and even Caiyu and Wang Yi who were on the side were speechless as they listened.

But what made them even more speechless was that this fellow Lin Ran actually nodded his head with a serious face.

“I say, big brother, are you kidding, just this dead monkey’s move of learning about people? What does it want? Want to become a spirit?”

Wang Yifeng asked with some disbelief, although what Lin Ran had said before had been confirmed without fail, but this thing was hiding inside people’s heads just to imitate people, how could one think of this and feel that it was a bit of bullshit.

“You don’t believe me?”

Lin Ran turned his head to look at Wang Yifeng.

“I don’t believe it!”

Wang Yifeng’s head shook like a rattle.

Lin Ran saw this and shook his head helplessly, then asked rhetorically.

“You don’t believe it’s just because this thing imitates humans, you think it’s useless, and even if it learns to resemble them in the future, he’ll just be a hairless monkey all the time after all, right!”

“Exactly! Since some people have made it out, it must be useful, otherwise it wouldn’t make sense to make such a monster for no reason!”

Wang Yifei analyzed, and what he said wasn’t unreasonable. On the side, Caiyu and Wang Yi also felt equally puzzled, what was the purpose of getting a monster like this?

Looking at the puzzled gazes of the three, Lin Ran’s face was a little hesitant, but after thinking about it, he spoke out.

“This kind of compulsion doesn’t actually exist alone!”

“It doesn’t exist alone? It has a companion?”

Wang Yifeng heard this and hurriedly asked, while Wang Yi and Caiyu at the side turned even whiter, this thing was so afraid that if it didn’t appear alone, that would mean that there were also its companions here, this was no joke.

“Wake up and relax, when I say not alone, I mean that this kind of thing is actually for something else!”

Lin Ran persuaded at this.

“Something else? I said Ranzi, can you finish what you have to say in one go, you’re making me startled, you’re losing your manners!”

Wang Yifeng said unhappily.

Lin Ran was too lazy to talk to him and explained.

“This kind of pedantic spirit compulsion you can think of as a brain, it is prepared for other compulsions, such as the thirsty eagle we saw in Tanjiang City before, that kind of compulsion is incredibly fierce, but its brain is obviously not enough, that’s why it needs this kind of compulsion to match it!”

Speaking here, Lin Ran paused, and then continued.

“For example, what do you think would happen if this pedantic spirit compulsion were to bore into the belly of a hobby eagle and use its spiritual intelligence to manipulate the hobby eagle?”

As soon as Lin Ran’s words fell, Wang Yifeng’s face instantly changed.

“This If that was the case, I’m afraid that chemical expert Li Xian from the Jiang family that day would have died on the spot, where would be the chance for you to strike!”

Wang Yifeng said his forehead has seen sweat, the fierceness of the hobby eagle he had seen, if the hobby eagle and the learned spirit compulsion combined together, I’m afraid even he had to deal with it a little bit more effort, and maybe even injured, not to mention ordinary people, I’m afraid a face to face will be wiped out.

Wang Yi and Caiyu didn’t understand what the two men were talking about when they talked about the Thirsty Eagles, but looking at Wang Yifeng’s face change drastically, they could guess that it must be something extremely powerful.

“Well, it’s just my guess, we don’t know exactly what the other side is thinking, maybe it’s just a Feng Shui master who got bored?”

Lin Ran smiled and said with relief, seeing that the crowd’s emotions were still a bit turned around, but immediately digressed from the topic.

“Alright, it’s getting late, we need to prepare something, we’re going to meet Wang Shilong later in the evening!”

“Wang Shilong?”

Hearing this name, Wang Yi's relaxed mood became heavy again.

Although Caiyu's mother Lin Ran said that she was fine, the loan shark Wang Yi had borrowed was still a big mountain weighing them down, and if they couldn't get rid of this problem, they still wouldn't be able to live peacefully in the future.

"Old Six what do you want to do?"

Wang Yi looked at Lin Ran a trace of ruthlessness swept through his eyes, the way of the world now Wang Shilong's loan shark had become his last obstacle, he had to get rid of this obstacle completely even if he fought to the end.

"Let's do this!"

Lin Ran smiled as he greeted the crowd and then stated his intentions "There is definitely a connection, except that right now we don't even know exactly what it is!"

Lin Ran said with a frown, An County was originally under the jurisdiction of Temperance City, and with this compulsion appearing in these two places almost simultaneously, I'm afraid that anyone would feel that there was a connection.

"As for why this parasite burrowed into the population, that's actually why it's called a learned spirit parasite!"

Lin Ran said and looked at the glass bottle on the ground, seeing that the contents had already started to mist up, nodded in satisfaction, and then explained.

"The parasites themselves are all worms, in the end it's just a difference in consciousness form, there's no difference in names at all, and what later emerged as love parasites, obsession parasites, solitary parasites and so on, are all just named according to their uses or characteristics!"

"And this learned spirit compulsion is actually a typical name based on characteristics!"

"A name based on characteristics? I should call this thing Monkey Compulsion, it looks like a green-haired monkey all the time, O! No, it's a hairless green monkey!"

Wang Yifeng laughed again, and spoke with complacency.

Lin Ran gave him a helpless blank look before saying.

"I've never heard of the green monkey compulsion, but I have heard of the fat-loving compulsion, which likes fat people like you, and will play hard to get into your body as soon as it takes a fancy to you, so you should keep an eye on the places with holes, and better buy iron pants, so as to be careful of taking advantage of the situation!"

Wang Yifeng felt a cold sensation and couldn't help but cover his hand with it, which caused Lin Ran, Wang Yi and Caiyu to burst out laughing.

"Hey! You Lin Ran, you've got a bad stomach, you're deliberately scaring your fat master, aren't you!"

Wang Yifeng reacted and his old face turned blue.

“Come on, stop it, always interrupting my thoughts!”

Lin Ran saw this and pretended to digress, following which he continued to speak.

“This kind of compulsion is actually the same kind of thing as the kind of hobby eagle we looked at in Tanjiang City, only the uses are different that’s why they have two names: hobby eagle and learned spirit compulsion! And when it comes to the essence, they are actually one kind of thing!”

Said Lin Ran gestured for Wang Yifeng to look at the glass vase at his feet, at this time inside the glass vase was filled with black mist and it was already completely impossible to see clearly what was inside.

“Later when this mist dissipates, you will be able to see its true nature!”

Said Lin Ran, bringing the topic back and continuing.

“And the reason why it is called the Learned Spirit Compulsion is because this compulsion has a very high intelligence, and can even learn to imitate some of the actions and handling styles of humans just like a parrot, hence the name Learned.”

“Imitate human actions? And you say this thing is hiding in the human old mother’s head to learn?”

Wang Yifei asked with a surprised face, and even Caiyu and Wang Yi who were on the side were speechless as they listened.

But what made them even more speechless was that this fellow Lin Ran actually nodded his head with a serious face.

“I say, big brother, are you kidding, just this dead monkey’s move of learning about people? What does it want? Want to become a spirit?”

Wang Yifeng asked with some disbelief, although what Lin Ran had said before had been confirmed without fail, but this thing was hiding inside people’s heads just to imitate people, how could one think of this and feel that it was a bit of bullshit.

“You don’t believe me?”

Lin Ran turned his head to look at Wang Yifeng.

“I don’t believe it!”

Wang Yifeng’s head shook like a rattle.

Lin Ran saw this and shook his head helplessly, then asked rhetorically.

“You don’t believe it’s just because this thing imitates humans, you think it’s useless, and even if it learns to resemble them in the future, he’ll just be a hairless monkey all the time after all, right!”

“Exactly! Since some people have made it out, it must be useful, otherwise it wouldn’t make sense to make such a monster for no reason!”

Wang Yifei analyzed, and what he said wasn’t unreasonable. On the side, Caiyu and Wang Yi also felt equally puzzled, what was the purpose of getting a monster like this?

Looking at the puzzled gazes of the three, Lin Ran's face was a little hesitant, but after thinking about it, he spoke out.

"This kind of compulsion doesn't actually exist alone!"

"It doesn't exist alone? It has a companion?"

Wang Yifeng heard this and hurriedly asked, while Wang Yi and Caiyu at the side turned even whiter, this thing was so afraid that if it didn't appear alone, that would mean that there were also its companions here, this was no joke.

"Wake up and relax, when I say not alone, I mean that this kind of thing is actually for something else!"

Lin Ran persuaded at this.

"Something else? I said Ranzi, can you finish what you have to say in one go, you're making me startled, you're losing your manners!"

Wang Yifeng said unhappily.

Lin Ran was too lazy to talk to him and explained.

"This kind of pedantic spirit compulsion you can think of as a brain, it is prepared for other compulsions, such as the thirsty eagle we saw in Tanjiang City before, that kind of compulsion is incredibly fierce, but its brain is obviously not enough, that's why it needs this kind of compulsion to match it!"

Speaking here, Lin Ran paused, and then continued.

"For example, what do you think would happen if this pedantic spirit compulsion were to bore into the belly of a hobby eagle and use its spiritual intelligence to manipulate the hobby eagle?"

As soon as Lin Ran's words fell, Wang Yifeng's face instantly changed.

"This If that was the case, I'm afraid that chemical expert Li Xian from the Jiang family that day would have died on the spot, where would be the chance for you to strike!"

Wang Yifeng said his forehead has seen sweat, the fierceness of the hobby eagle he had seen, if the hobby eagle and the learned spirit compulsion combined together, I'm afraid even he had to deal with it a little bit more effort, and maybe even injured, not to mention ordinary people, I'm afraid a face to face will be wiped out.

Wang Yi and Caiyu didn't understand what the two men were talking about when they talked about the Thirsty Eagles, but looking at Wang Yifeng's face change drastically, they could guess that it must be something extremely powerful.

"Well, it's just my guess, we don't know exactly what the other side is thinking, maybe it's just a Feng Shui master who got bored?"

Lin Ran smiled and said with relief, seeing that the crowd's emotions were still a bit turned around, but immediately digressed from the topic.

“Alright, it’s getting late, we need to prepare something, we’re going to meet Wang Shilong later in the evening!”

“Wang Shilong?”

Hearing this name, Wang Yi’s relaxed mood became heavy again.

Although Caiyu’s mother Lin Ran said that she was fine, the loan shark Wang Yi had borrowed was still a big mountain weighing them down, and if they couldn’t get rid of this problem, they still wouldn’t be able to live peacefully in the future.

“Old Six what do you want to do?”

Wang Yi looked at Lin Ran a trace of ruthlessness swept through his eyes, the way of the world now Wang Shilong’s loan shark had become his last obstacle, he had to get rid of this obstacle completely even if he fought to the end.

“Let’s do this!”

Lin Ran smiled as he greeted the crowd and then stated his intentions

Chapter 329

At 8pm, when the whole An County had already turned on its night mode and many people were already ready to pack up and go to bed.

However, Lin Ran and the three of them appeared on a busy street.

The entire street was filled with a sea of good people, and this was precisely one of the most prosperous places in the entire An County.

“This is the place, Twilight Bar!”

Wang Yi said, pointing to a bar with huge rules in front of him.

Lin Ran looked up and nodded along, this Twilight Bar was the meeting place that Wang Laobai had sent, and the time was just about eight o’clock exactly.

“Let’s go, go in.”

Lin Ran greeted, and immediately a group of people entered the bar.

.....

Outside, there were a lot of people, but after Lin Ran and the others entered the bar, they found that there were not many people inside the bar, and there were even only two bartenders at the front desk.

“There’s something odd about this bar, that kid seems to have something prepared!”

Wang Yi said with a frown when he saw this.

Wang Yi couldn’t help but frown at that, but at the same time, he was also a bit glad that Lin Ran didn’t let Caiyu come with him, otherwise if Wang Laobai really had an ambush today, they wouldn’t be able to deal with it with a female.

“No matter, he can prepare however he wants, you still have the old lady!”

Lin Ran laughed lightly.

Wang Yifeng also laughed when he heard this.

“Yes, with the old woman in hand, I have the world at my fingertips, no matter how many ambushes you have, I’ll invite you to have tea with the old woman!”

“The old woman? Who’s that? Your grandmother?”

Wang Yi asked in confusion as he followed behind.

Wang Yifeng almost didn’t spray a mouthful of old blood on his face when he heard that and said.

“Don’t talk nonsense if you don’t know, I’ll show you later when I have the chance!”

“Eh!”

Wang Yi looked embarrassed and did not ask more questions, the three of them walked straight in.

All the way into the interior of the bar, but the more the three Lin Ran walked along this way, the more his heart sank, the whole bar was dead, even just passing by the front desk, the two bartenders didn’t even bother with them.

“Second floor!”

Suddenly, a voice rang out from all directions, and as soon as the three people heard it, they understood that the voice was ringing through the loudspeaker, and that the right people should all be on the first floor.

“Go!”

Lin Ran didn’t hesitate, and immediately led the two of them, Wang Yifeng, straight up to the first floor.

Sure enough, when the three arrived at the second floor, several figures appeared in front of them, and as far as the eye could see there were actually a dozen of them.

They were all wearing black suits and ties, and at first glance they looked quite imposing.

When they turned around, Lin Ran and Wang Yifeng could not help but be stunned.

They saw that one of the two was none other than Wang Laobai, whom they had just met this morning, while the other was also the same person they had met this morning, only it was the one they had met at the highway service area, the scorpion master who collected loan sharks.

“Why are you guys here!”

Seeing Lin Ran and the two of them, Master Scorpion was also taken aback, he had returned to An County and was about to talk to Wang Shilong about what happened this morning, when he ran into Wang Laobai who came back to complain, so he had no choice but to let go of what he had said halfway, only to unexpectedly run into Lin Ran and the two of them here again in the blink of an eye.

“Little scorpion, what a coincidence, I didn’t expect to run into you here again, how about plastic bags collected enough? Not enough at the door I see there are still bins, you hurry to collect!”

Wang Yifeng laughed and mocked.

Master Scorpion’s face turned blue as he listened and chided in a cold voice.

“Damn fatty, don’t fucking play poor with me, this is Master Long’s territory, still fucking playing tough here, later I’ll make you die without even knowing how!”

“What’s this about collecting plastic bags? Have you seen them?”

On the side, Wang Laobai’s heart sank as he listened, this guy had seen Lin Ran just now, he actually didn’t mention a word about it, which couldn’t help but give him a hint of doubt in his heart.

“Don’t misunderstand, 8th master, I went after an ugly lady to collect a loan this morning and ran into them at the highway service area, if it wasn’t for the two of them causing trouble, I would have recovered that ugly lady’s car!”

Scorpion hastily explained, he might be able to ignore others, but to Wang Laobai, he did not dare, after all, this kid is Wang Shilong’s son, even if he is important to the latter, he is definitely not as important as Wang Laobai, he still has this awareness of being a gangster.

“Delaying your loan collection?”

Wang Laobai could not help but frown more tightly at his words, it was fine to deal with himself, but delaying the scorpion’s loan collection had seriously threatened their family’s business, even his father would not let it go easily.

“We’re in for a treat today!”

Wang Laobai thought in his mind, the corner of his mouth could not help but reveal a cold smile.

“Don’t worry, 8th Master, I’ll bring my men to clean him up first, so that we don’t have to waste our efforts when Master Long comes later!”

Eager to show off, Scorpion immediately waved his hand and led a group of men towards Lin Ran.

Wang Laobai had seen Lin Ran’s skills, but at this moment, he did not speak up, although this matter today was said to be a clash between Lin Ran and Wang Shilong, in the end, it was still him, Wang Laobai, who was himself outmatched, and this was why he was approached by his old man.

If the scorpion can bring someone to clean it up directly, then his Wang Laobai is also considered to have a long face, so that his old man will not have to count himself out when the tiger head comes.

When he thought of his own father’s ruthlessness, he began to hope that the scorpion could directly clean up Lin Ran, and then it would save his father from appearing, and he himself could go back and claim credit, saying that he had already taken care of it, without you having to go or something

The fact is that the truth is not on his side at all, even though his heart is in the right place.

The actual fact is that you can find a lot of people who are not only worried, but also worried for the opposite side of the scorpion and other people.

“Still want to compete?”

While a group of people were raging in front of him, Lin Ran turned his head and smiled at Wang Yifeng.

“Competition? You’re not allowed to make a move, you’ve stolen the limelight the last two times, let’s have a good look at your fat master’s might today!”

Wang Yifeng was busy saying.

He then turned around and shouted at Scorpion and the others, “Boys, your Fat Master is here!” Then he pounced over.

His body weight of over two hundred pounds did not delay his flexibility at all, and as soon as his feet kicked in, his whole body was like a flying pig, rushing straight ahead.

“Holy crap! Human bomb, get out of the way!”

The scorpion was not stupid, and he hurriedly greeted his men to get out of the way.

But at this moment, a group of people were crammed together, and there were barstools and seats on both sides, so where to dodge? Where to dodge?

“Death to me!”

Wang Yifeng shouted, and his two-hundred-pound body smashed into the three people in front of him.

His weight, combined with the impact of his fast running, was like dominoes in an instant, crushing the first three, and bringing down a string of people behind them.

The scorpion was in the middle of the crowd and couldn’t run if he wanted to. He was instantly pinned to the ground by the men in front of him, his feet firmly pinned down and he couldn’t pull himself out at all.

Wang Yifeng got up after him and without saying a word stepped on the crowd and reached the middle, followed by a foot on Scorpion’s chest, and then swept his gaze across the whole room, a domineering aura of a monarch rising up, proudly saying.

“There’s not a single one who can fight, who else?”

Chapter 330

“You!”

The scorpion was so angry that his face was blue, but he wanted to come out but he could not do it at all, and at this moment, his chest was being stepped on by Wang Yifeng, which made him unable to even struggle.

“What for! Let him go!”

At the back, Wang Laobai’s face was blue with anxiety as he saw this, and he stood out and shouted.

“Let him go? On what basis? By virtue of your status as Wang Bajie? Not quite enough!”

Wang Yifei said disdainfully, from the beginning to the end he did not put Wang Laobai in his eyes, if Wang Shilong was not his father, I am afraid that just a person like him would have died on the way to grow up.

“You!”

Wang Laobai’s face turned red with anger, and he was just about to open his mouth to speak, when a Kurui’s bland voice followed him from the first floor stairway, and came over.

“What about me! Is that enough?”

The voice fell, followed by a line of people coming up from the first floor staircase, and the one who spoke was none other than a middle-aged man in the lead.

He was just over forty years old, wearing a Tang suit, and his face was very dignified, perhaps because he had been in a high position for a long time, and his black hair was very bright, but Lin Ran noticed that there were obviously some signs of whitening at his temples, so it was obvious that he had dyed his hair.

“It’s true that bad guys aren’t so easy to be, they have grey hair in their forties and still have to dye it to cover it up, so it seems that they are under a lot of pressure in their daily lives!”

Lin Ran laughed in his heart.

On the side, Wang Yifeng was pretending to be stupid and said.

“You? I said this uncle, who are you? I’m teaching the dog a lesson here, and you want to take charge too? Are you its owner?”

“Yes! I am his owner!”

Who knew that the middle-aged man was not angry, but instead, with a kind smile, he nodded his head.

Seeing this, Wang Yifeng could not help but frown slightly and said in a cold voice.

“Then you’re not doing a good job as a master, the dog has run out and bitten people indiscriminately, and you don’t care about it, aren’t you afraid of being killed one day?”

“Haha!”

The middle-aged man actually laughed at his words, then glanced at Wang Yifeng and said.

“I, Wang Shilong, have never cared about the death of a dog, but do you know why he is still willing to follow me so heartily?”

“Because I, Wang Shilong, want to have revenge, whoever beats and kills my dog, return it is, beat my dog one time, then I will beat him ten times, kill my one dog, then I will kill his whole family!”

At this point, Wang Shilong once again looked at Wang Yifeng, with a hint of cold severity in the corner of his eyes, and laughed.

“You say so, does anyone else dare to touch my dog?”

“You’re threatening me?”

Wang Yifeng was not a good person either, and when he heard this, his face was also gloomy, and his palms were clacking from the tight grip.

At Wang Shilong’s side, two bodyguards in suits immediately stood out, wary that Wang Yifeng would suddenly strike.

“Why are you so nervous?”

Wang Shilong smiled at this and worshipped his hand, making the bodyguards around him back off, then looked at Lin Ran and smiled.

“I guess you must be little brother Lin Ran!”

“It’s me!”

Lin Ran nodded his head with a bland face.

“Well, not bad, look at ease, you have some guts I admire you!”

Wang Shilong nodded, with a kind smile on his face, if he didn’t know what he was like, I’m afraid Lin Ran would really treat him as a boke and look at him differently.

This difference also made Lin Ran’s heart feel even more respectful towards physiognomy.

It is said that the art of physiognomy is in one’s hands, one’s eyes can discern the six directions and one’s ears can hear the eight directions, but who knows that as a branch of feng shui, the depth of its mysteries cannot be exhausted.

The Wang Shilong in front of him is one of those people who typically face outwardly and flock inwardly, and it is impossible to distinguish by face.

Lin Ran’s heart was smelling good, but Wang Shilong was already walking towards the inside, then stopped in front of Wang Yifeng, turned around and said to Lin Ran.

“Won’t you let your friend get up? Do we have to stand and talk?”

“Let him pass.”

Lin Ran greeted calmly. Although Wang Yifei was upset in his heart, he could tell when to play rough, and immediately jumped off the scorpion, but I don’t know if it was intentional or unintentional, but he used too much force under his feet when he jumped down.

The scorpion’s face, which was still a little bloodied, turned white and almost spurted out a mouthful of blood.

“You!”

Just now, he thought he could save the scene, but who knew that he would be hit in the face again and let Scorpion take another beating for nothing.

“Shut up!”

Wang Shilong glared at his son with a cold face, then said in a cold voice.

“Raggedy mud, don’t help the man up yet!”

“Yes!”

Wang Laobai was holding a mouthful of anger in his heart, but he did not dare to disobey his old man’s wishes, and immediately went forward to help the shoes and the others up with the help of his men.

“Brother Long, I’ve embarrassed you!”

Scorpion got up and, not caring about the severe pain in his chest, he was busy apologising to Wang Shilong.

Wang Shilong only nodded indifferently, followed by walking past Scorpion, and then found a sofa and sat down.

“Little friend Lin Ran, why don’t you come over and talk?”

Wang Shilong’s voice then rang out, unsalty and without any emotion.

“Sure.”

Lin Ran smiled and responded, following which he took Wang Yifei and Wang Yi with him and sat down on the opposite side of the sofa.

Wang Yifei and Wang Yi were very good at reading people, and seeing that Wang Shilong was the only one from the other side sitting on the sofa, they then also stood in front of Lin Ran, wary of the people from the other side.

And the situation in the scene, all of a sudden, seemed to have turned into two bosses talking, with a group of junior brothers around them on guard.

As he watched Lin Ran sit down, Wang Shilong also smiled and immediately extended his hand and immediately a junior came over next to him, handing over a cigar and lighting it up at the same time.

“Would you like one, little friend Lin Ran?”

Wang Shilong looked at Lin Ran and said with a smile.

“No need, I’m not used to smoking!”

Lin Ran laughed and shook his head.

“That’s so.”

Wang Shilong smiled at his words and nodded, following which he took a sharp sip and then swallowed some clouds before looking at Lin Ran and speaking.

“I wonder what does little friend Lin Ran want to talk about this time when he seeks me out?”

“Naturally, it’s to talk about the feud between your son and my friend!”

Lin Ran said calmly, without any ripples on his face.

Wang Shilong, however, frowned slightly at his words, and after a moment made a somewhat difficult expression as he said.

“I’m afraid there’s no way to talk about this!”

“Eh?”

As soon as Wang Shilong’s words fell, Wang Yifeng at the back immediately had a gloomy face, while his palm had already touched his waist, the deva was tied around his waist, once the situation was not right he would immediately release the coming taifa out and take the group to have a good time.

“Don’t get excited, listen to what people have to say first!”

Lin Ran smiled and waved his hand, his gaze still looking at Wang Shilong.

Wang Shilong couldn’t help but smile at this, before taking a drag on his cigarette and saying.

“We’re all men, who can tell about male love, I know that my son likes Caiyu, it’s not appropriate for you to talk to me, an old man, about young people’s affairs!”

“You’re thinking too much!”

Lin Ran smiled at his words and said at the same time.

“There’s no need to talk about such matters, Caiyu’s attitude is already obvious, your son doesn’t stand a chance, what I want to talk to you about is your son borrowing from my friend’s loan shark!”

“O? So!”

Wang Shilong smiled at his words the smile on his face gradually disappeared, replaced by an impenetrable profundity, smoke lingered in front of him as he looked at Lin Ran and said.

“Then there’s even less need to talk about this matter, it’s only right to pay back debts, what’s there to talk about!”
