

Wonder Doctor

Chapter 331

“Yes there’s nothing to talk about, but what if the money involves loan sharks?”

Lin Ran laughed lightly while taking out a bank card and placing it on the table.

“What is this and meaning of little friend Lin Ran?”

Wang Shilong glanced at the bank card and asked with a smile.

“There’s a million in the card, the amount your son personally asked for, with the principal and interest!”

Lin Jean said, then glanced at Wang Yi behind him, turned his head and continued to look at Wang Shilong and said.

“I only have one condition, that is this matter in the end for this, let your son not be disturbing my friend’s life, this one million you take away, I can pretend that nothing has happened!”

Lin Ran said very calmly, but the words carried a hint of irrefutable tone, so that Wang Shilong could not help but frown when he heard it, but then he laughed.

“Haha!”

Laughing, Wang Shilong also clapped his hands at the same time, and then looked at Lin Ran and laughed.

“Does little friend Lin Ran think that I am short of this million? Or is it that you don’t think highly of me, Mr. Wang?”

Lin Ran’s eyes narrowed slightly at his words and did not answer, only raising his head to look at him silently.

Wang Shilong’s heart sank as he sneered.

“Old Eight and your friend’s account, that is something between them, since he said one million, that is one million, my son still has this bit of credibility!”

Said Wang Shilong as he took a fierce drag of his cigarette, before spitting a mouthful of smoke on Lin Ran’s face and sneering.

“But my son is also just my son, after his account is settled, shouldn’t it be time to settle the account of my son too!”

“Damn you!”

Wang Yilong spat the smoke on Lin Ran’s face, if this was done in normal times, Lin Ran would have been furious.

“Bastard!”

On the side, Wang Yi was also gnashing his teeth, unable to resist the urge to rush out and fight Wang Shilong to the death.

“Quiet!”

Just as both Wang Yi and Wang Yifeng were somewhat unable to suppress the fire in their hearts, Lin Ran, however, spoke up and chided, then looked at Wang Shilong and continued.

“That’s fine, tell me about it and I’ll listen!”

“Cool!”

Hearing Lin Ran’s reply, Wang Shilong couldn’t help but smile, following which he dragged the scorpion next to him over and pointed at the injuries on the latter’s body and said.

“My dog, your man gave a beating, this account has to be counted, right?”

“It can be counted!”

Lin Ran said indifferently, his face not wavering with any expression.

Wang Shilong nodded in satisfaction at his words, followed by pointing at Wang Laobai, who was on the side, and said.

“My son was beaten by you in the hospital, this debt must also be counted!”

“It can be settled!”

Lin Ran still said indifferently, as if what the other party was saying had nothing to do with him.

“Ranzi!”

Wang Yi couldn’t help but frown as he listened, this one and that one, I’m afraid it would add up to quite a lot of money again, Lin Jean that took out a million this time, it already made him feel like he couldn’t repay the favor, if he took out more money at this time, he, as a brother, would be too much of a loser.

“It’s alright!”

Lin Ran said with a smile, then looked at Wang Shilong and asked.

“Is there anything else to count?”

“Anything else? I won’t go into all of these, what with the lost wages and mental damage costs, so I’ll just give a total!”

Wang Shilong pretended not to, then tapped his forehead with his finger and said a moment later.

“How about this, 10 million! If you take out ten million, this matter will be settled, and Old Eight will not trouble your friend in the future, what do you think?”

Wang Shilong laughed, even Scorpion and Wang Laobai behind him couldn’t help but laugh, a moment ago it was one million, now it had gone up by nine million, anyone who wasn’t stupid could see that Wang Shilong was making fun of Lin Ran with these words.

“You’ve gone too far!”

Wang Yi was furious when he heard this, two people had taken a beating and dared to ask for 10 million, this was obviously not prepared to reconcile, all the nonsense he said before was simply teasing Lin Ran.

“Ranzi, one word, and I’ll take them in immediately!”

Wang Yifeng also looked gloomy and said in a cold voice, he had been impatient with this Wang Shilong for a long time.

However, to everyone’s surprise, Lin Ran stretched out his hand and waved it, indicating that Wang Yiming and the two of them should not speak, and then he himself also stood up.

“Mr. Wang has done a great job of settling this score!”

“Is that so? Then you all give a word, this account is settled or not?”

Wang Shilong had a teasing look on his face, and his hand took another large cigar and held it in his mouth, with a smug look on his face.

“Ranzi this money cannot be paid! It’s too unfair!”

Wang Yi was busy persuading from the back, he didn’t know how much Lin Ran had, but this 10 million was not something that a common worker could take out.

Wang Yi was aware of Lin Ran’s wealth, but he was also anxious at this moment.

“Ranzi, you’re fucking crazy, if you give this guy 10 million, you might as well use it to build a few hope projects!”

Wang Yifeng said.

Lin Ran waved his hand at his words and looked at Wang Shilong and said.

“It’s natural to settle accounts that have been calculated, but while some have to be settled, others are unnecessary!”

Lin Ran said, reaching out and picking up the one million dollar bank card on the table, before waving it at Wang Shilong and saying.

“This one million, is the grudge between your son and my friend, it’s considered to be settled!”

Said Lin Ran as he slapped the card on the table once again, before continuing.

“As for my score with you, I don’t think there’s any need to settle it!”

With that said Lin Ran turned around and prepared to leave.

Seeing this, Wang Shilong’s eyes snapped cold and he coldly chided.

“Whether there’s a need to settle or not doesn’t count when you say so!”

As soon as his words fell, the two bodyguards in black suits behind him jumped onto the coffee table with a “scuffle”, and the two of them attacked Lin Ran directly with two fists and two kicks, without any hint of reserve at all.

“Ranzi!”

“Old Six!”

Wang Yifeng and Wang Yi exclaimed when they saw this, and they were ready to go up to help.

However, before the two of them could move, Lin Ran had already moved.

He saw his feet fiercely launch himself, and his whole body directly turned 180 degrees in place, and then met the two attacking bodyguards with one hand and one foot.

“Bang! Bang!”

The collision occurred instantly, and two low sounds rang out at once, followed by the cold smile that had just appeared on Wang Shilong’s face, which instantly came to an abrupt halt.

The two bodyguards who were still in front of him actually flew backwards in an instant, one of them brushed past his head, while the other one was about to do the same, but his palm was hanging down, and he immediately hit Wang Shilong’s face with a “pop” sound.

When had Wang Shilong ever been slapped by anyone before? This slap was so loud that he was immediately bewildered and stood in place without reacting.

“Seeking death!”

Seeing this, Wang Shilong’s men immediately surrounded him, three or four of the seven or eight bodyguards surrounded Wang Shilong, while the remaining two or three pounced directly towards Lin Ran.

A fierce battle immediately broke out.

Chapter 332

“Bastards, I’ve put up with you for a long time!”

Wang Yifeng cursed angrily, grabbed a chair and jumped onto the coffee table, rushing at the three bodyguards who pounced on him.

Wang Shilong’s bodyguards were all very skilled, but they could not stand up to Wang Yifeng’s desperate attitude.

“What are you waiting for? Go up and kill him, whoever gets the \$1 million bank card first will be the one who gets it!”

Wang Laobai shouted angrily, and when Scorpion’s men heard this, they all became red-eyed and ran straight to Lin Tian without caring about anything, picking up the chairs on the side.

“Ranzi run!”

Wang Yi saw that the situation was not right, pulled up Lin Ran and tried to run, but was after this a hand to break free.

“Hide!”

Lin Ran’s face was grim as he greeted, followed by snatching the chair from Wang Yi’s hand and rushing to meet the lunging crowd.

The whole bar was in chaos. Wang Yi was not strong enough, so he hurriedly picked up a chair and retreated, but at that moment, the whole bar was filled with Wang Shilong and Scorpion’s men.

He tried to retreat, but there was nowhere to run to. After receiving a few blows, he was so red-eyed that he simply stopped running and smashed people with his chair.

The moment he entered the crowd, he was surrounded by a dozen people, and his figure disappeared into the sea of people.

But these salty fish and prawns were not even as good as Wang Shilong’s bodyguards, let alone against Lin Ran.

With a chair in his hand, a large number of them fell down, each covering their faces and wailing in pain. Lin Ran didn’t have time to bother with them, and with a foot on the shoulder of one of his men, he jumped straight out of the crowd and instantly arrived in front of Wang Laobai.

“Stop him now! Stop him!”

He had seen Lin Ran’s skills before, if he got close to him, I’m afraid he would be completely finished this time!

The remaining seven or eight punks lunged towards Lin Ran, but they couldn’t catch up with him at this moment, and after running for a couple of steps, they all stood still, not daring to move, because at this moment, Lin Ran had already reached Wang Laobai’s close proximity.

“Master Eight, run!”

On the side, the scorpion saw this and, with a fierce fury, rushed at Lin Ran despite his injuries.

However, as quickly as it came, it went just as quickly. Lin Ran kicked the scorpion in the chest, and immediately the latter’s entire body flew backwards.

“He hit a number of tables, chairs and benches before finally coming to a halt.

Lin Ran’s face was expressionless as he looked at Wang Laobai, and with a flip of his hand, the chair in his hand suddenly came out and smashed towards the latter.

The chairs in the bar were all single-seater high chairs with a footrest underneath, and further down the footrest were the long legs of the chair.

The chair made a graceful arc in mid-air, and then with a bang, it hit Wang Laobai directly on the head.

Wang Laobai was so frightened that he backed up, but he had already reached the corner of the wall and the chair was coming at his head.

But before he could cover his face, the chair had already smashed into him.

Just a “bang!” The four legs of the chair smashed straight into the wall, even embedded in the wall.

The steel pipe in front of him was already less than a centimetre away from his nose.

Even if the chair went a little deeper, I’m afraid his nose would have been scrapped by now.

“Goo dong!”

Wang Laobai was so scared that he couldn’t help but gag, followed by a stream of hot water flowing down his thighs to the ground, this guy was actually scared and pissed again.

“Let go of my son!”

At this moment, Wang Shilong came back to his senses and saw that his son was pinned directly to the wall by Lin Ran, and he immediately became anxious.

Although Wang Laobai’s son was really not good, and even a bit rotten, he was his son after all, and as the saying goes, tigers do not eat their sons, not to mention that he, Wang Shilong, was only a human being.

“Go! Waste him, waste him for me!”

Wang Shilong cursed angrily, before he still wanted to play a good game with Lin Ran, but now that he saw how good the latter was, he had no intention to play with him, he only wanted to solve this trouble.

The four bodyguards beside him looked at each other and hesitated, as Wang Yifeng was fighting with three bodyguards.

“What are you still standing there! Quickly go!”

Wang Shilong urged repeatedly, seeing that the four bodyguards were still a bit hesitant, he immediately said angrily.

“There’s only three of them, can’t they still be trapped? I’ll stand right here, I’ll see if any of them can come near me!”

Seeing that Wang Shilong was really angry, the four bodyguards didn’t dare to talk any more nonsense and immediately turned around one by one and rushed towards Lin Ran.

The four bodyguards, two in front and two at the back, stood in extremely tricky positions, blocking the path between the future and Wang Shilong, and at first glance, they were well-trained bodyguards, not giving Lin Ran the slightest chance to rush straight at Wang Shilong.

However, even if the four of them worked together in tacit agreement, they still looked a bit pale and powerless in front of Lin Ran.

After all, Lin Ran, who possessed the Xuan Yang Pharmacopoeia, was by no means something they could deal with.

He saw Lin Ran’s legs fiercely launch himself, followed by his entire body directly charging towards one of the foremost bodyguards.

“Good timing!”

The bodyguard raised his hand and threw a punch, going straight for the soft spot on Lin Ran’s chest.

However, as fast as the punching wind was, it still seemed much slower under Lin Ran’s full outburst.

As soon as the fist hit him, Lin Ran leapt in front of him, followed by a foot on his chest and another foot directly on his fist, and he leapt into mid-air.

This move immediately drew the attention of everyone around, even Wang Yifeng and his opponent who were fighting fiercely at the side stopped the movements in their hands and looked at Lin Ran in unison.

“Quickly stop .....

Wang Shilong looked alarmed at this point and hurriedly shouted.

He had thought that there were only three people on the other side, and there were thirty people on the word side, so it was simply too easy to stop the three of them.

But now the reality hit him hard in the face. Lin Ran was so strong that he simply ignored his men, even a few bodyguards could hardly affect him.

After flipping over and landing firmly on the ground, Lin Ran took an arrow step and arrived at Wang Shilong’s side.

Wang Shilong still wanted to run, but Lin Ran grabbed him by the collar and without saying a word, he gave him a slap.

Wang Shilong was struck by a slap that made stars appear in front of his eyes.

After he had subdued Wang Shilong, Lin Ran then looked at the crowd and scolded them.

“Stop, if you hit me again, I’ll break his neck first!”

Chapter 333

This roar was like a bolt from the blue, immediately silencing the entire bar.

The three bodyguards who had been wrestling with Wang Yilong all rushed back, but they did not dare to approach Lin Ran.

When he saw that Lin Ran had captured Wang Shilong, he was overjoyed and ran towards the three bodyguards he had just been fighting with.

He then kicked each of them in the ass, cursing at the same time.

“Let you guys fucking stab me in the ass just now!”

Lin Ran looked on with laughter and said in a hurry.

“All right, what’s the big deal about the grudge, take the three of them away later, I’m fine with how you tune them out at night!”

“Fuck you, I just stalked three people and you’re still damaging me!”

Wang Yifeng cursed, followed by sitting on his ass next to a little brother who was lying on the ground.

As soon as he sat down, the little brother let out a scream of “ah”, he was still breathing, but now he passed out directly.

“You fucking dislike me too!”

Wang Yifeng couldn’t help but curse.

This time, Lin Ran couldn’t help but laugh out loud.

Seeing Lin Ran laughing, Wang Shilong at the side couldn’t help but show a smile, as they say, you can’t beat a smiling man with a raised hand, and at this moment when he was in Lin Ran’s hands, he was trying not to anger the other party as much as possible, after all, with this body, I’m afraid he wouldn’t be able to carry one move before his frame would fall apart.

“What the fuck are you laughing at!”

When he saw Wang Shilong laughing, Wang Yifeng stood up and rushed straight to him, raising his hand and slapping him.

Lin Ran slapped him, and Wang Yifeng slapped him. These two slaps directly wilted Wang Shilong, and the aura he had dissipated, so he was like an ordinary middle-aged man, honestly being carried in Lin Ran’s hand, not daring to breathe a single breath.

“Quickly release Brother Long!”

Next to them, the seven bodyguards looked ugly, Wang Shilong had paid a high price to hire them, but now they were actually caught by Lin Ran so easily, even if Wang Shilong was fine this time, they would have no good consequences when they went back, and being sacked was not even light.

“Shut up! Still fucking talking, do you have the right to speak here!”

Wang Yifeng shouted in triumph, followed by pulling a pair of chairs from the side and sitting on one of them with one hip, while shouting at the distance.

“Wang Yi kid, hurry up and come over if you’re not dead!”

“Hm!”

On the side, Wang Yi struggled to get out from the crowd, at this moment, his body was covered with bruises, and what was even worse was that one eye was swollen.

“You kid, can’t fight don’t know hide fat also next to ah, this is good, your daughter-in-law still think you were put together by the junior!”

Wang Yifeng laughed and teased.

“Fuck you!”

Wang Yi didn't bother to pay him any mind and sat on his butt next to him, also busy tidying up the wounds on his body.

Lin Ran was relieved to see that both of them were fine, and then threw Wang Shilong onto the sofa next to him with one hand.

"Boss Wang, is this account still to be settled today?"

Lin Ran asked in a cold voice as he stepped on Wang Shilong's head becoming the sofa and grabbed his hair with one hand.

"No. .... No... It doesn't count, it doesn't count!"

Wang Shilong was so frightened that he was busy saying, where was half of his usual bravado at this time.

The seven bodyguards could not get close to him, he was a piece of meat at this time, a piece of meat that was at Lin Ran's mercy.

"You're not counting? Then you were so excited to count!"

Lin Ran said with a fierce look in his eyes and slapped Wang Shilong directly on the cheek.

"No! Don't hit him, it really doesn't count, it really doesn't count!" | Wang Shilong

Wang Shilong wanted to die, he was over forty years old, and he was still high and mighty, but to be slapped three times in quick succession was like killing him.

"Bastard! Sinner, how could you mess with such a perverted guy!"

In his heart Wang Shilong had already cursed Wang Laobai, if he wasn't his own son, I'm afraid Wang Shilong would have already had the heart to kill.

"Where's the bank card?"

Lin Ran turned around and shouted at the person at the far side of the coffee table, and immediately someone turned over the bank card and dutifully brought it over.

Lin Ran took the bank card and found that it was still stained with some alcohol and blood, and immediately wiped it on Wang Shilong's clothes before saying.

"Boss Wang, I'm a man of my word, I won't let you lose a single penny of the one million I said I would, this is the loan shark my friend borrowed, I'll pay it back for him!"

Lin Ran held up his bank card and gave a wink to Wang Yifeng, who understood, picked up a chair and threw it at the wall.

The chair that had been stuck on Wang Laobai's head was smashed down, and Wang Laobai sat on his ass on the ground, his face pale and frightened, panting heavily.

"I'll fucking wait until I don't get you killed, my name is Wang!"

Just now, being blocked by the chair, Wang Laobai didn't even see what was happening in the scene, and then it fell into silence, he was far away and his old man's voice was small, he didn't even hear it, he was still a bit surprised, at this moment he didn't notice at all that his old man had already been taken down.

"Whoosh!"

Another sound, followed by a leather shoe hitting him hard on the head, causing him to immediately hold his head and curse angrily.

"Who the fuck didn't see it coming! Dare to smash the old man who has lived too long ...."

However, this time before he could finish a sentence, his raised head saw the situation in the field, and the rest of the latter half of his sentence was swallowed straight back in shock.

"Say it, why don't you say it?"

Wang Yifei shouted with a smile, hearing Wang Laobai's face green for a while, neither crying nor laughing, very embarrassed said.

"No .... Not to say, not to say!"

"Do not say it? Then give the old man a good listen!"

Wang Yifeng scolded, following which he turned his head to look at Lin Ran.

Lin Ran understood and raised the bank card in his hand at Wang Laobai, saying.

"This is one million, the money Wang Yi borrowed from you, I'm paying it back!"

With that Lin Ran stuffed the bank card into Wang Shilong's chest pocket.

After doing this, Lin Ran raised his hand and wiped it on Wang Shilong's body, before getting up and looking at Wang Laobai and saying.

"The money, has been paid back, in the future, if you find trouble with my friend again, the chair will be nailed not to the wall, but to your head, don't believe me, you can try!"

Lin Ran's voice was not loud, but his words carried an irrefutable tone, which caused Wang Laobai's face to turn white and ashen as he listened.

He believed that if he really bothered Wang Yi and Caiyu again, he was afraid that his head would really be nailed right through.

"No .... I don't dare, I don't dare!"

Boss Wang said resentfully, his face as embarrassed as it could be.

"Very good!"

Lin Ran nodded in satisfaction at this, then turned to look at Wang Shilong once again.

"Boss Wang, do I still have to settle my score with you?"

“No. .... No, no need! The bill can be settled!”

Wang Shilong was so frightened that he hurriedly said, how could he dare to say a word no after all this.

Lin Ran nodded at his words, and then said.

“In that case, I won’t bother Boss Wang, but I have to remind Boss Wang that if you can’t swallow this anger, you can come to me anytime, but you have to hurry!”

After saying that, Lin Ran took Wang Yifeng and Wang Yi with him and left the bar.

#### Chapter 334

Inside the bar, no one dared to speak for a long time, especially Wang Laobai.

This time, even if he had disgraced himself by messing with Lin Ran, he had also caused his old man to take a beating along with him, before this, this kind of result was something he simply dared not even think about.

“Don’t get over here yet!”

When Wang Shilong sat down again in his chair and his face regained its calmness, the first thing he said was these words, and naturally the target was his son.

“Father .... Father!”

No matter how arrogant he was outside, he was still facing outsiders, and in front of his father, he never had any courage to resist.

“You still have the face to call my father!”

Wang Shilong was so angry that his face turned blue and he raised his hand to strike, and Wang Laobai did not dare to dodge, so he could only close his eyes and prepare to be hit.

But Wang Shilong’s hand was raised, but in the end he let it go.

“You!”

Wang Shilong’s teeth were breaking, they say a tiger’s father has no dog’s son, how could he have found such a son who can’t eat enough and can’t do anything!

“Father, I can’t help it!”

Seeing Wang Shilong’s face softened, Wang Laobai hurriedly pretended to be aggrieved and said.

“I really like Caiyu and want to find you a daughter-in-law as soon as possible so that you can report your grandson as soon as possible, but who knew that Wang Yi has such a powerful friend!”

“Come on, you’re still not telling the truth in front of me! You can’t really look at Caiyu with your eyes, I still don’t know your virtue! You’ve been dabbling in flowers everywhere, how many of them do you really want to be responsible for!”

Wang Shilong scolded, if he didn’t understand his own son, he wouldn’t be a father.

“Father! This is not the point, the point now is how to get this back, how to clean up that kid Lin Ran, otherwise if this incident today gets out, your face will be completely disgraced!”

Wang Laobai hurriedly changed the subject and said.

“You still know that I’ve lost face, how could I have given birth to such an indisputable thing as you!”

Wang Shilong was so angry that his teeth itched, but there was no way to really fix Wang Laobai, this was his own son after all.

When Wang Laobai saw this, he didn’t know what to do, he was scolded when he opened his mouth, so he simply didn’t say anything.

The whole hotel immediately fell into silence again.

After a few moments, Wang Shilong’s angry mood finally improved somewhat and he spoke with a sigh.

“Hey! That’s it, that’s the end of it, you behave yourself from now on! Don’t get into any more trouble, okay?”

“No dad, this is the end? You can’t stand this?”

Wang Laobai was very upset at his words.

“You can’t stand it anymore? How many fucking heads do you have for people to nail to the wall! If you had a son, I wouldn’t give a fuck about you!”

Wang Shilong said as his anger burned up again, and even took a few ragged breaths, hating iron.

“Let’s pretend this never happened today, that Lin Ran is not something we can deal with, I’ll find someone to deal with him, if you dare to mess with him or his friends in the future, I’ll break your legs!”

With that, Wang Shilong directly got up and left the bar with a group of bodyguards.

Wang Laobai’s heart was also furious, but he had no choice. His biggest reliance was his old man, but now his old man didn’t care about him, and Scorpion and the others weren’t bigger than Lin Ran, so he really had no other choice.

.....

The three of them were naturally unaware of what was going on inside the bar, and they left the bar and went straight back home.

The three went out together, and when they came back, it was two people who were both hung up, which made Caiyu a little surprised, and also a little suspicious, how Lin Ran was fine.

“Hey! This kid’s hands are almost like superhuman, I wonder if he’s Old Six or not!”

In the room, Wang Yi said with a smile, but his words were true.

When we went to university together in the past, we didn’t find Lin Ran to be so skilled, and the change in Lin Ran when we met this time was so great that if his appearance wasn’t still the same as before, he really wouldn’t dare to recognize him.

“Don’t think too much about it, it’s thanks to him this time, otherwise we don’t know when we’ll be able to solve these messes!”

Caiyu said.

Wang Yi couldn’t help but nod at his words.

Caiyu’s mother woke up once in the evening, and when Lin Ran and the others returned in the evening, she was already able to sit up in bed.

But seeing that their mother was fine, Caiyu and Wang Yi were also happy from the bottom of their hearts.

Late at night, Lin Ran and Wang Yi were crammed into one room, but there was only one bed in the room, so Lin Ran thought about it and eventually ran off to sleep on the floor himself, rather than be crushed by Wang Yi, he would rather sleep on the floor for one night.

“Ranzi! When are we going back?”

Just after the fight, the wounds on his body still hurt a bit, Wang Yifei couldn’t sleep and asked Lin Ran as he lay on the bed, there was still a Long Tian in Tanjiang City, this guy still had his jade flute in his hand, he couldn’t rest assured about this.

“Don’t worry, that boy Long Tian won’t have time to deal with us for now, we’ll wait here for a day and go back the day after tomorrow!”

Lin Ran said.

“The day after tomorrow? Why?”

Wang Yifeng wondered, Wang Shilong’s matter had already been settled, the money Wang Yi owed had also been repaid, and the matter here was by definition finished, so how come they had to wait another day.

Lin Ran turned around, looked at Wang Yifeng and said.

“You eat and sleep all day long, can you think of anything else in your head?”

“Sh.... What do you mean!”

Wang Yifeng was stunned, somewhat not understanding the meaning of Lin Ran’s words.

“Ai! What a pig!”

Lin Ran sighed helplessly, and then took out his mobile phone to check things online while saying.

“First of all, we cleaned up Wang Shilong, but can you guarantee that they’re not outlaws? Will not look for opportunities to retaliate?”

“Secondly, I helped him pay back the million, if it were you, would you pretend this didn’t happen? Wouldn’t you have to find a way to pay it back?”

“Lastly, when you look at their jobs, their families, and their current living situation, how long would it take them to pay back a million dollars?”

“I .....

Wang Yi was dumbfounded to hear this, he hadn't thought about these questions at all, originally Lin Ran also had money, so this money would not be a matter for him, but at this moment when he heard Lin Ran say this he thought about the fact that there were too many things involved.

Wang Yi and Lin Ran are classmates, although Lin Ran is now developed, but as a classmate the former must still have his own insistence, it is impossible to pretend that this million has not happened, naturally he has to try to pay back the money, which in effect becomes his burden again, and this is naturally not what Lin Ran wants.

“So, do you know how heavy the word brotherhood is? A brother isn't called a brother just because you have a meal together, it's only a brother who can think of everything for you at all times!”

Lin Ran said here, and couldn't help but sigh before saying.

“This day tomorrow, I want to solve all the problems before I can leave with confidence!”

“Go to bed early, there's still a good show to watch tomorrow!”

“A good show? Who's good show?”

Wang Yifeng asked in surprise.

Lin Ran smiled at his words, and then said.

“Naturally it's Wang Shilong's good show, such a moral person, do you think I'll really let him go?”

Chapter 335

Wang Shilong has to be said to be a very shrewd person, doing illegal business of loan sharking on one hand, while attending charity events frequently on the other, making people in An County have mixed feelings about him.

And it was precisely because of this that he was able to get away with his arrogance by breaking the law time and again, but when he came across Lin Ran his good days were basically over.

All the conversations in the bar were secretly recorded by Lin Ran and sent to Song Nuan overnight.

As for the things behind, it's not his concern, Song Yujiang will certainly make this matter very beautiful.

.....

The early morning sunlight sprinkled in through the window, Lin Ran several people sitting in front of the coffee table, while Caiyu was full of front and back busy face overflowing with happy smiles.

After a full night of recovery, her mother could already get down to the ground, but she still had some difficulty walking, after all, the learned spirit compulsion had occupied her brain for a long time, and now it would take some time to adapt to the recovery.

She had already told her father about the good news, and he was on his way back.

“Ranzi, thanks to this incident, I won’t say anything else, we are brothers, I’ll take this great kindness into my heart!”

Wang Yi said gratefully as he picked up his cup of tea and used it instead of wine.

“I’m not ready to leave today, I’ll deal with some things today, let’s find a place to have a drink tonight, we haven’t seen each other for so long!”

“It’s nothing, I’ll treat you tonight!”

Wang Yi patted his chest and laughed, but Caiyu on the other side was a little embarrassed to hear that.

In order to pay for her mother’s medical treatment, Wang Yi actually did not have much money left, and there was still a buttload of foreign debts, so I’m afraid he only had the money to treat a meal.

“Haha, let’s talk about it tonight, hurry up and pack up, we’ll go out later!”

Lin Ran said with a smile.

A few moments later, Lin Ran, Wang Yifeng and Wang Yi left the house, Caiyu’s mother had just recovered and still needed to be greeted, so she naturally stayed at home.

They had made a scene at the An County Hospital yesterday, and now Huang He was still at the Health Bureau, so Wang Yi didn’t feel like going to work and simply took a week off.

The three of them left home, got into the car and rushed over to a nearby pedestrian street.

The weather was very cold at this time, but the enthusiasm on the pedestrian street was not affected in the slightest, so the three of them walked and strolled around, which was very leisurely.

“Ranzi, why do you suddenly want to come here? And how did you know there was a pedestrian street here?”

Wang Yi followed behind was amazed, on the way Lin Ran did not question the route at all, and drove straight to this place, as if in just knew this place.

“Hey! What do you care how he knows, there are so many beautiful women here and the food is so delicious, I think 80% of him has been thinking about this place for a long time!”

To the side, Wang Yifeng said with a smile while eating a pig’s trotters in sauce in a big mouthful.

Lin Ran gave him a blank look at his words and said helplessly.

“I’m afraid no one would believe me, but I’m afraid many people would believe you. Just now, you were staring at the owner’s wife who was selling pig’s feet, and you were so happy that she was selling pig’s feet, if she was selling clothes, I’m afraid she would have given you two slaps!”

“Haha!”

Wang Yi was laughing and couldn’t stop laughing. This guy, Wang Yifei, was a true character, he would drool at the sight of a beautiful woman and didn’t even bother to hide it.

The three of them were talking and chatting and soon arrived at the entrance of a pharmacy, and at that moment, at the entrance of the pharmacy, there was also an advertisement board which was advertising the transfer of the shop.

“Ranzi, you want to buy medicine?”

Wang Yi looked surprised, there is a pharmacy near the district, how come he still drove for ten minutes to come here to buy medicine.

“No, to show you the place!”

Lin Ran said with a smile.

“To see the place? What’s so nice about this pharmacy?”

Wang Yi was a little puzzled.

Lin Ran smiled at this and shook his head before pointing to the plaque of the pharmacy shop above him and said.

“From now on, the name of this place will be, Caiyu Pharmacy!”

“Caiyu .... Pharmacy?”

Wang Yi was stunned at the words, somewhat confused as to what Lin Ran meant by this, people’s shops would soon be transferred and what they would do in the future was still unknown, so how would they change the name to Caiyu Pharmacy.

“Ranzi, you to ....”

Wang Yi just wanted to continue to ask, but the words were just halfway through, a piercing voice came from the side.

“What colored jade pharmacy, blind eyes! It clearly says Daily Pharmacy on here!”

Lin Ran and the others frowned at his words and followed, turning around to look over.

They saw that the person who spoke was a young man of about twenty-five years old, with dyed yellow hair and a gold chain around his neck, while a black scorpion tattoo was carved on the side of his ear, looking effete.

“What are you looking at? Get out of the way! Are you deaf?”

When the youth saw that all three were looking at him, he shouted.

And beside him were followed by four or five young brothers, seeing the big brother angry immediately went up and pushed Wang Yi to the side.

“Hey, I ....”

Wang Yifeng saw this and was about to explode, but was stopped by Lin Ran.

“Take it easy for now, there are many people here, wait until we get in first!”

Lin Ran shook his head at him and said in a low voice, at this time in the pedestrian street people come and go, once a conflict will inevitably hurt the passers-by.

However, when the yellow-haired young man saw Lin Ran's action, he laughed at once, smiling brightly.

"Not bad! Kid, you have good eyesight, I'm in a good mood today, so I won't bother with you guys, if you have nothing better to do, get away from me, don't delay me in my work!"

Saying that, the yellow-haired young man had already walked in towards the pharmacy.

And the few young brothers behind him laughed with equal glee as they passed the two Lin Ran.

"Hurry up and get lost, don't interfere with our Brother Huang's business, or else you'll be beaten to death!"

"Hey! Me!"

Wang Yifeng was so angry that he almost didn't throw a punch, if it wasn't for Lin Ran holding his hand in front of him, I'm afraid he would have gone up and taken care of these few hanging hairs.

On the side, Wang Yi didn't ask too many questions, Lin Ran and the two of them were so skilled, as to why they didn't fight, I'm afraid they had their own considerations, and he didn't need to ask too many questions.

"Come on, let's go in and have a look!"

After Huang Mao and the others had entered the pharmacy, Lin Ran greeted them.

"What are we doing in there?"

Wang Yi was a little worried, now that there was a bright light in his life, he honestly didn't want to bother anymore, after all, his living situation couldn't afford to be tossed around anymore.

Lin Ran understood his concerns and turned to laugh.

"Don't worry, in your own shop, you're still afraid of what he'll do to you?"

"Your own shop?"

Wang Yi was even more confused when he heard this, when did this pharmacy become his own shop, he didn't remember this at all.

"Are you stupid! Just go in and find out!"

On the other side, Wang Yifeng couldn't help but urge, he was already so anxious that his hands were itching to rush in and beat up Huang Mao and the others first.

## Chapter 336

Seeing this, Wang Yi also stopped talking nonsense and immediately followed Lin Ran, and the group entered the pharmacy.

The pharmacy was in a depressed state, except for a few female salesmen chatting with each other in front of the counter, the rest of the shop was empty.

As soon as the three of them entered, Lin Ran saw that a thick layer of dust had accumulated on many of the medicine shelves, and even some of the infrequently visited counters were stained with dust in front of them, and only the place where a few sales were talking was still clean.

“Where is your boss! Hurry up and shout out, just say that our Master Huang is here again!”

A scolding voice rang out, and Lin Ran’s three men saw that the one who spoke was none other than the yellow-haired young man’s henchman who had just entered.

At this moment, Yellow Hair was sitting on a sofa to the side, his thighs knocking on his er-leg, with the look of a grandfather.

“Our boss is not here, and we are looking for him too!”

A female salesperson at the counter said impatiently, as if the other party had disturbed her chat and looked a little offended.

“You’re fucking new here, aren’t you? How dare you talk to me like that!”

The punk who opened his mouth was also on fire when he saw this, and took two steps forward to stare viciously at the beautiful saleswoman, scaring the latter into losing her face.

“You .... What do you want!”

The beautiful salesman asked warily, while hastily shrinking back.

“What are you doing? I’m saying it for the last time, call out your boss, or I’ll smash this place up today!”

The gangster chided in a cold voice.

The pretty saleswoman’s face tightened as she heard this and said.

“I’ve told you, our boss is not here, we haven’t seen him for a month, we haven’t been paid yet, and we’re waiting!”

“Haven’t seen anyone for a month? Who the hell are you kidding? You’d still be working here honestly if you hadn’t seen anyone?”

The gangster said in a cold voice.

“If you don’t go to work, you can’t just let the shop run away if you can’t find the boss!”

They had been working here for some years, but recently the boss had not seen anyone, which made them very helpless, after all, the boss had not paid them for two months.

“I’ll support you? You can, only you have to play with me, raising you is called a matter?”

The punk smiled at that, and his eyes unconsciously glanced at the beautiful sales body, swirling to reveal a face of greed.

“Rascal!”

The beautiful saleswoman gave a disgusted look and followed before turning around to receive Lin Ran and the others, not bothering to pay him any mind.

“Boss, what now?”

The punk returned to the yellow-haired young man and asked with a frown.

“What should I do? If you can’t see anyone, then smash it up for me! Smash this shop of his for me!”

The three or four men beside him were ready to take action, each with their own fists.

However, at this moment, a voice came from the side.

“Hold on!”

When the voice rang out, the beautiful saleswoman and the yellow-haired young man both looked over, and of course, when they saw that it was Lin Ran who had spoken, the yellow-haired young man instantly laughed.

“You three don’t want to leave, how dare you fucking follow me in here, your skin is itching!”

“I’m itching for you!”

Wang Yifeng had been waiting for a long time, so when he saw that Lin Ran didn’t stop him, he rushed over with an arrow step, and then kicked the punk who met him and sent him flying backwards, followed by picking up Huang Hao’s collar and dragging him out of the sofa.

“Just now outside, you’re quite crazy, let’s see if you’re crazy again?”

Wang Yifeng came up to the yellow-haired youth and said viciously, his fierce expression frightening him so much that he couldn’t say a word.

“And who are you? If you want to fight, go out and fight, who will be responsible for the damage here!”

If the pharmacy was smashed again, they wouldn’t be able to get paid.

“I’m in charge!”

Lin Ran suddenly spoke up.

“You’re in charge? Who are you?”

The beautiful saleswoman glanced at Lin Ran before saying.

“If you want to buy medicine, buy medicine, don’t pick a fight, it’s already troublesome enough!”

It was hard to find a job, but I didn’t expect to run into a situation where the boss had run away, and now the only mortgaged pharmacy had run into a gangster who was looking for trouble.

“Buying medicine is buying medicine, being responsible is being responsible, you’ll know later!”

Lin Ran laughed and stopped talking nonsense.

On the other hand, Wang Yifeng had already carried the yellow-haired young man over, and at that moment, the yellow-haired young man’s face was blue and purple, so he had obviously been beaten up a lot.

“What should we do with this hairy fish?”

Wang Yifei asked.

“Just throw it out!”

Lin Ran was too lazy to bother with him and said at once, but as soon as his words left his mouth, the yellow-haired youth hurriedly shouted.

“How dare you fucking touch Laozi? Do you know whose man I am! You’re simply impatient to live!”

Lin Ran sniffed with interest as he looked at the yellow-haired man and asked with a smile.

“Whose man are you!”

“I’m Master Scorpion’s man! Do you know who Master Scorpion is? Do you know you!”

Yellow Hair laughed smugly.

Lin Ran and the two of them looked at each other and a bitter smile appeared on their faces, this was really Wang Shilong’s people everywhere they went, it seemed that Wang Shilong’s power was really spread throughout An County, no wonder he couldn’t be able to wield power and blessings in the piece of land.

Seeing the two Lin Ran’s face was not right, Huang Mao immediately smiled smugly.

“Haha, you know my background, right? If you’re smart, hurry up and put me down, or I’ll inform Master Scorpion and kill you later!”

The latter was very impatient and raised his hand to slap him.

This slap did not spare Wang Yifeng’s hand, the huge force hit the yellow-haired young man straight before his eyes, and he could not even speak clearly.

“If you don’t say anything, I’ll cut off your tongue!”

Wang Yifeng scolded, and the yellow-haired young man was so angry that he turned blue, and when he came back to his senses, he wanted to shout at someone, but he found that all three or four of his men were standing at a distance, not daring to move.

“A bunch of rice buckets, there’s only three of them, what are you wimps!”

Yellow Hair couldn’t help but scold.

However, the three or four men were indifferent, each looking at Huang Mao with anxiety and worry on their faces, and one of them was even on the verge of tears.

“Cry what cry, you still fucking come out with Laozi, I really want to ....”

Yellow Hair screamed and cursed angrily, but just as the words were half spoken, a hand landed on his head, followed by Lin Ran’s calm voice.

“I don’t blame them, even if you were ten more people you wouldn’t be a match for me, as for their expressions, you’d better watch the TV yourself!”

As he said that, Lin Ran's palm shot up, and with a "click", Yellow Hair's head twisted around and faced the TV.

He was so angry that he wanted to turn around and scold someone, but as soon as he moved, the pain in his neck was so severe that he almost fainted.

And at that moment the sound of the television followed him into his ears.

"According to the latest caution, Wang Shilong, the former famous philanthropist of An County, was arrested by the police at six o'clock this morning for his long-term loan shark activities, and even personally participated in organising and implementing a number of violent debt collection activities!"

"Also arrested were his son, the loan shark in charge of Wang Laobai, as well as his subordinate big hand scorpions and other people, a total of ....."

Chapter 337

But Wang Shilong was a celebrity in An County, so how come he was suddenly taken away overnight, this .... This is too fast, yesterday he was informed by Scorpion to come here to collect money, how come this morning .....

"No! This can't be, how could Master Scorpion be no!"

Yellow hair anxious face brushed white, at this time Wang Yifeng also lazy in grabbing him, threw him on the sofa, he hurriedly took out the mobile phone, followed and called.

But after calling four or five times in a row, the phone was all in a state of no answer, which made him panic as well.

"Are you going to keep messing up now?"

Lin Ran looked at him and asked in a bland voice.

"You .... Who the hell are you!"

Yellow Hair looked at Lin Ran with alarm in his eyes, even if the TV had broadcast these things, but the other party's actions just now had obviously been known before, or else it couldn't have been so accurate to let himself watch the TV just as it was showing the news of Master Scorpion's arrest.

"Who am I? I'm the one who sent them in!"

Lin Ran laughed blandly, followed by a wink at Wang Yifeng who was next to him, the latter understood and immediately picked up Huang Mao again with one hand, following which he threw him straight outside the pharmacy.

"What are you doing? Even if you got Master Scorpion in, I didn't provoke you, and your friend just now also made a move, so our account is even, what does it have to do with you if I charge the old man!"

The scorpion followed Wang Shilong in, if he didn't collect some money, I'm afraid his stall would have to fall apart, so naturally he didn't want to just leave.

"I don't care if you collect your money, but if you're in my place, then I'll have to take care of it!"

Lin Ran looked at the yellow-haired youth and laughed blandly.

“Your turf? Since when did this pharmacy become your turf!”

Yellow Hair asked in a cold voice, while looking at the beautiful saleswoman at the side and said.

“Didn’t your boss run away! Since when did this place become his territory!”

“What are you shouting about! I’m just a salesperson, how should I know!”

The beautiful saleswoman didn’t bother to pay attention to the yellow hair, and directly disliked back.

“You!”

Huang Mao was furious, usually he was the sky in this area, which merchant must see him respectfully, but all this seemed to have changed overnight, which made him a bit unable to accept it.

Even a small saleswoman dared to shout at him, which made him even more furious than beating him up.

“You what you! Don’t you understand what you’re saying? Is your skin itching again!”

Wang Yifeng scolded at this.

He wasn’t afraid of a small sale, but Wang Yiming, a big, thick guy, was not gentle with his hands, so he was lucky that he could take a beating, otherwise he would be lying on the ground.

Lin Ran glanced at Huang Mao, not bothering to pay attention to him, and then turned to look at the beautiful saleswoman, and said.

“Your boss is not here, you are in charge here now right!”

“Yes, I’m the shop manager here!”

The beautiful saleswoman nodded her head.

“Hmm! Then I’m officially informing you that this shop has changed ownership, I’m now the new owner of this shop, and your previous owner won’t be coming back!”

Lin Ran said calmly.

As soon as he said this, not only the beautiful saleswoman, but even Wang Yifeng and Wang Yi at the side grew their mouths in disbelief as they listened.

Before this, Lin Ran had always stayed with the two of them and had never been here at all, but now he was actually saying that he was the owner of this place, this was simply too ridiculous.

“Ranzi, don’t joke around, this joke is not funny at all, you’ve never been here before!”

Wang Yi said busily beside him again.

“That’s right, Ranzi, don’t make a mess, I know you’re rich, but you can’t talk nonsense, or I’ll have to beat you up!”

Wang Yifeng also said in a hurry.

Lin Ran smiled helplessly, turned his head to look at the two men and said.

“Don’t you guys know that there’s something called the internet?”

“Network?”

Wang Yifei and Wang Yi listened with a confused expression, not understanding what Lin Ran meant.

On the other hand, Huang Mao, who was at the side, laughed at once.

“Network? Do you think this is a parking space robbery? Don’t play tricks with me, I’ll collect my money, if you’re looking for trouble I’ll call the police!”

Yellow Hair shouted.

Lin Ran smiled at his words.

“Call the police? Then you report it! I’ll see who the police actually take back when they come, there might still be a share of you on the scorpion’s merits!”

“You!”

If he dared to say that he was one of Scorpion’s men, I’m afraid that he would have to go in with him next.

But when he thought of the money owed by the owner of this clinic, he was tickled to death and didn’t want to just go back empty-handed.

“Little lady, where the hell is your boss, tell him to come out, if he can’t say who really owns this clinic, in order to collect the loan I’ll have to take this clinic against the debt!”

When he couldn’t get rid of Lin Ran, Huang Mao had no choice but to turn to the beautiful saleswoman.

However, the beautiful saleswoman ignored him and turned to look at Lin Ran, saying suspiciously.

“What do you mean when you say our boss won’t be coming back, and what makes you say that you already own the pharmacy!”

“Because last night, I had already bought the shop over!”

Said Lin Ran, turning his phone on and pulling up the proof of purchase from last night.

“This medicine shop was already put up for auction by the notary a week ago by your previous owner, on the grounds of bankruptcy!”

“I also understand that he owed you two months’ wages before, which I will make up for him in full!”

Lin Ran said with a smile, then turned around and pulled Wang Yi over to the side and said.

“From now on, this clinic will be under his control, so if you guys want to stay or go, you can tell him directly, it doesn’t matter whether you believe it or not!”

“Because tomorrow at the latest, the people from the notary will bring all the formalities over, and you will all understand by then!”

Said Lin Ran as he turned to look at Wang Yi.

“Brother, from now on this place is in your hands, run it well don’t let me lose too much!”

“Ranzi!”

Wang Yi’s head was still a bit dazed, he didn’t react for a while and didn’t know what to say.

On the other hand, Wang Yi’s life at the side was remembering Lin Ran’s words last night, and he immediately understood why Lin Ran would buy the clinic here.

“Is everything you said true?”

The beautiful saleswoman was still a little unconvinced and looked at Lin Ran and asked.

Lin Ran didn’t bother to explain any further and smiled as he said, “You can call the notary yourself!” .

After that, he turned around and took Wang Yifeng and Wang Yi with him to leave the clinic, but when they left, they also took Huang Mao with them.

Outside the door on the road, Lin Ran looked at Huang Mao and said indifferently.

“I don’t care who you like to collect from, don’t come to my clinic and make trouble again, or I don’t mind calling the police about what happened to you!”

“Don’t! Don’t .... Big brother, I have eyes not to know Taishan, must not come again must not come again!”

Yellow hair hurriedly said, and then hurriedly ran into the alleyway as if he had fled with his little brother.

“Ranzi, are you so sure that this kid won’t come back to cause trouble?”

After Huang Mao left, Wang Yifeng asked with some doubts, they were leaving tomorrow after all, if this Huang Mao waited for a few days and came back to cause trouble, then wouldn’t it be suffering Wang Yi.

## Chapter 338

“It won’t happen!”

Lin Ran smiled at his words and shook his head, before saying.

“The whole An County is in a mess, Wang Shilong’s people are all in danger, who dares to come out and touch the bad luck at this time, only this yellow hair has not gotten the news, some important people got the news at this time have long run away!”

Said Lin Ran looking at Wang Yi.

“Also, if anyone else comes looking for trouble in the future, you can just call the police and say they are friends of Song Nuan, if he says he doesn’t know, then you can show him this!”

Said Lin Ran handed the phone to Wang Yi, the latter’s face immediately changed when he took a look.

Only to see a line written on the phone, Song Nuan Temperance City Song Yujiang's daughter.

"I ... Ranzi, isn't this Song Nuan our schoolmate, you ... When did you know her!"

Wang Yi instantly woke up.

"Haha, know? Brother you're mistaken, this kid has picked up someone else!"

To the side, Wang Yifeng said with a laugh.

"Soak ..."

Wang Yi was first stunned at his words, followed by a thumbs up and said.

"Old Six, you are ruthless! From now on, my brother will follow you, with this clinic what else do I need to work!"

Lin Ran smiled at his words, then patted Wang Yi's shoulder and said.

"Whether it's a pharmacy clinic or a hospital, you can't forget your profession, I know how passionate you were about Chinese medicine in school, keep this and study it, it'll be great for your future!"

He said, "Lin Ran took out a booklet and handed it to Wang Yi, this booklet was exactly the one he had recorded down the more superficial prescriptions and experiences from the Xuan Yang Pharmacopoeia, he had given a copy to his own grandmother at first, and later gave a copy to Li Zheng, this was the third copy he took out.

"Ranzi!"

Holding the heavy pharmacopoeia in his hand and looking at the clinic behind him, Wang Yi couldn't help but have his eyes go red.

"I am afraid that the luckiest thing in my life, Wang Yi, is to have known a brother like you!"

Wang Yi said with some excitement.

Lin Ran patted his shoulder and laughed.

"Since we've already said we're brothers, why are we still talking about such pretentious words, let's go buy some Chinese herbs and let's have a good meal tonight!"

"Okay!"

Wang Yi smiled and hurriedly wiped the tears from the corners of his eyes, then the three of them got into the car and went straight to the nearest Chinese medicine shop.

For what Lin Ran had done, Wang Yi looked at it in his eyes and took it to heart.

He was not good at expressing his emotions, but he could see that what Lin Ran had done was all for him.

From borrowing the money to taking down Wang Shilong, there was no need for him to take out this million, but in order to take down Wang Shilong, he would rather take out a million as evidence.

And because he was worried that Wang Yi's self-esteem was too strong and he would struggle to pay back the money, he used the name of opening a pharmacy and in fact gave him a shop to take care of.

These two seemingly completely unrelated things were the solution to all his worries.

There is simply nothing more to be said about being a brother who can do this, and this is something that at least Wang Yifeng also sees in his eyes. In the past, he might have had some disconnect with Lin Ran.

That was because of the previous generation, but after this incident, he had completely seen through Lin Ran and knew that this man was definitely a brother that he could trust with his life and death.

Even though his father was probably the murderer of Lin Ran's father, the latter still didn't mind this, which speaks volumes about his character of being clear in his grudges.

And it was true that Wang Yifeng was somewhat wronged, after all, he was just a child back then, what did he know!

"Some things don't need to be said, being a brother moves all!"

Wang Yifeng silently told himself in his heart that no matter what the outcome of Lin Ran's matter would be in the future, he would have to go along with it, even if the outcome he would have to face in the future would be too much for him to accept.

But even so, he still had to accompany Lin Ran on his journey. He could replace the debt his father owed him, and likewise he had to make Lin Ran a friend.

As for what would happen in the future, he didn't want to think about it, anyway, his own father had disappeared and was probably dead, and if the murderer was really proved to be him in the future.

So what, he believed that this brotherly love between himself and Lin Ran could not be destroyed by anything.

"Ai! I'm really envious, how come I didn't go to university at Tamkang University when I first started, if I had known I should have gone to Tamkang University and met this kid earlier, I wouldn't have always skipped classes at university!"

When I think of my college classmates who only know how to play games and date every day, Wang Yifei feels a pain in his heart, his good college days have been wasted like this.

It is really a feeling of hating each other.

.....

The three of them first went to a nearby Chinese medicine shop to buy some medicine for Caiyu's mother to strengthen her body, and then went to the antique city to buy some materials.

What had happened to Caiyu's mother made Lin Ran wary in case the feng shui master behind it would look for trouble with Wang Yi.

It was already noon when they returned home, and Caiyu's father had also rushed back. Lin Ran and the others had eaten at home at noon, exchanged pleasantries with Caiyu's father, and then went about their business.

The other party was able to refine a learned spirit compulsion, Lin Ran guessed that his strength was not weak, at least at the level of Wang Yi Life, so it was quite troublesome to set up.

In one afternoon, Lin Ran first set up Wang Yi's house, and then took him and Wang Yifeng to the medicine shop.

The medicine shop was still no different from when they had gone up there, so Lin Ran didn't bother with any nonsense and went straight to work.

By the time the medicine shop was also set up, it was already dark.

That night, Lin Ran and his friends found a small restaurant near their home, ordered some random food and chatted while they ate.

During that time, Wang Yi also asked about the elder Liu Chen and the second Zhang Xu, and after learning that Liu Chen had succeeded in proposing, he could not help but sigh with sorrow and blame himself.

When Liu Chen proposed at that time, it happened that Wang Yi's family ran into this matter, and he simply could not find the time to help Liu Chen, so he did not go.

At the beginning, Liu Chen even asked him if he needed any help, and since things were not that serious at that time, he also refused.

But who knew that in just half a month's time, things would have developed to such a state. Luckily, Lin Ran had come, otherwise I was afraid that the matter of Wang Yi's family would have dragged on for a long time before it could be completely resolved.

The three of them drank until both Wang Yifeng and Wang Yi crawled on the wine table, and only then did Lin Ran carry the two of them to find a hotel nearby to stay.

When Wang Yifei and Wang Yi woke up, Lin Ran had already packed up all their things and saw that they were still in good shape, so he said goodbye to Wang Yi right away.

Caiyu was still at home taking care of her mother, so Wang Yi didn't stay any longer, exchanged pleasantries with Lin Ran, and then the group parted ways.

Under the light of the setting sun, Lin Ran and Wang Yi set off on their way home, killing the highway along the way.

It was originally a three-hour drive, and they could definitely reach home by 12am before the highway was closed, but due to Wang Yifei's diarrhoea halfway through the journey, they had to stop at the rest area where they had met the scorpion to rest.

However, when ten minutes had passed and Wang Yilian came out of the toilet, they were just returning to the car and preparing to leave when the accident happened.

## Chapter 339

“Ranzi, look what that is!”

Returning from the toilet, Wang Yifeng wanted to get into the car directly, but the two of them had just walked to the back of the car, and before they could get past it, they saw that there was actually a dark thing lying on the glass of the back window.

It was as big as a small monkey, and it was so black that it seemed to blend in with the darkness around it, so there was no way to tell it apart.

The two men were chilled by the sight of the thing lying motionless on the back window.

“I’ll go and take a look!”

Lin Ran said, and at the same time walked slowly towards the rear window.

Wang Yifeng didn’t try to be brave at this point, he knew himself, he was good at hard knocks but when it came to testing his reflexes like this, he was a bit worse.

However, for safety reasons, he still took out his divine dragon axe and stood vigilantly by the side in case of accidents.

Lin Ran walked slowly towards the car, his eyesight was much better than normal with the miraculous effect of the Xuan Yang Pharmacopoeia, and after two or three steps, he could clearly see what was lying on the car window.

It was a puddle of mud, dark green in colour, with no senses!

It was lying motionless on the car window, as if it was a puddle of mud stuck to the car window.

However, Lin Ran understood that it was not a puddle of mud at all, as he could clearly see that the puddle was clearly squirming slowly.

“Back off!”

A dangerous thought suddenly came to Lin Ran’s mind, an instinctive reminder from the Xuan Yang Pharmacopoeia, and he immediately stopped in his tracks and began to quickly retreat towards the back.

But almost at the same time, the thing that had been lying on the back window suddenly bounced up, as if it was a mass of mud that lunged directly at Lin Ran’s head.

As it spread out in mid-air, eight green dots of light flashed in front of Lin Ran’s eyes like eight pearls under the starry sky, and his head was suddenly dizzy.

But fortunately, he was in a different physical state than normal people, so he closed his eyes fiercely in the nick of time and followed it with a sideways dodge.

He could even feel the whistling sound of the object as it flew past his ears.

And at the same time he remembered what it was, an eight-eyed ghost spider!

“Be careful, this thing is an eight-eyed ghost spider, don’t break it .....”

Remembering the origin of this thing, Lin Ran opened his mouth and shouted out at the first opportunity.

But even though he was already quick, he was still a step behind Wang Yifeng.

The tacit understanding that the two had developed over a long period of time, at the same time that Lin Ran turned to dodge, Wang Yiming came across with his divine dragon axe in his hand.

A crisp sound was heard, as if a large knife had slapped against a brittle bone, and then Wang Yifei saw it.

The original mass exploded with a bang, and a large amount of liquid and debris fell all over him.

Luckily, he was quick enough to turn around and shield his face from the strange liquid, which he didn’t know what it was.

But his hair and clothes inevitably fell all over him.

“Holy crap! What the hell is this! How come it’s still smoking!”

Not long after he had turned around, Wang Yifeng shouted out, realising that green smoke had started to emanate from his body, which smelt very pungent.

“Can’t you fucking move slower!”

Lin Ran also rushed over from the side at this moment, and without saying a word, he pulled Wang Yifeng’s clothes and tore them.

Wang Yifeng jumped at the sight of this and hurriedly opened Lin Ran’s arm while covering his chest, wary.

“Lin Ran, what the fuck are you trying to do, I’m not Brokeback Mountain, don’t take advantage of the fire!”

“Broken back mountain, I’d be more interested in finding a sow than you, hurry up and take off your clothes!”

Lin Ran hurriedly chided.

Wang Yifei became even more wary at his words.

“You’re not fucking Brokeback Mountain, what are you doing with Laozi’s clothes at night, although there’s no one around, but Laozi won’t sell his flesh to satisfy your filthy desires!”

Lin Ran cursed in anger at his words.

“You’re fucking bullshitting, your skin is burning through, hurry up and take off your clothes! That eight-eyed ghost spider’s bodily fluids are even more vicious than sulfuric acid!”

“Sulphur .... Sulphuric acid, why didn’t you fucking say so earlier!”

Wang Yifeng was so scared that his face turned green, he quickly undressed himself without Lin Ran's help, in the blink of an eye his jacket was off, but his T-shirt inside was also stained.

The situation was so desperate that Wang Yifeng didn't care about the winter cold, and he took off his clothes as soon as they were stained with the Eight-Eyed Ghost Spider's body fluids.

In a matter of moments, Wang Yifeng, who was wrapped up like a dumpling, became a naked commander, with only a pair of trousers left.

Standing in the cold wind of the winter night, the cool breeze blew goose bumps all over his body.

"Why is there still smoke coming out of the place!"

When his clothes came off, Wang Yifeng's face was not the least bit relieved, he found that there was still a puff of smoke billowing above his head, but by now his whole body had finished taking off his clothes.

"Your fucking hair! Hurry up and shave it off!"

Lin Ran hurriedly shouted, while without saying a word he copied the divine Dragon Axe to the side and charged at Wang Yifeng's head and chipped it.

"Hey, hey! Lin, I've brought you up well, you can't take advantage of people's danger!"

Wang Yifeng's face turned white with fear at the sight of this. If Lin Ran's hand shook, I was afraid that it would not be his hair but his head.

"If you don't want your fucking brains to be corroded through, then don't fucking talk!"

Lin Ran was also in a hurry and cursed, following which he held the divine Dragon Axe with both hands and slashed towards Wang Yifeng's head.

"Fuck you, come on!"

Either he would die or be corrupted by the body fluid of the eight-eyed ghost spider, Wang Yifei was ready to give up.

"Whoosh, whoosh, whoosh!" In a few moments' time, all the hair on Wang Yifei's head that was stained with the eight-eyed ghost spider was shaved clean by Lin Ran.

But when he took a look at Wang Yifei's hairstyle, it was worse than a dog's nibble.

"Now what? I'm fucking freezing to death!"

Wang Yifeng was so angry that he cursed, his whole body was getting goose bumps, knowing that he was jumping in place.

"Cut the crap, the car is not to be approached, who knows if there are still such damn things, first go to the rest area to find the staff and see if there are clothes, you don't fucking freeze to death!"

Lin Ran hastily greeted, and in a whirl the two ran towards the service area.

Lin Ran climbed him like this will scare people, and deliberately threw his own jacket to him, then the two of them rushed towards the service area but where there is a door.

But at this time, the entire service station was dark, many people had already gone to bed, and there was no accommodation in the service station, which was not very big, so the two had to knock on the doors one by one in the dark.

But I don't know if the gods were deliberately screwing with Wang Yi's life, or if he was really unlucky, after knocking for half a day, he was the one who finally knocked on the door.

"Who is it!"

The door was opened and a middle-aged woman came out sleepily, but when she saw Wang Yifeng's clothes, she was so frightened that she shouted in a hurry.

"Rascal! Pervert!"

Chapter 340

"Hey hey, auntie you can't talk nonsense, even though there's no one here, I'm also a decent person!"

Wang Yifeng said hastily at his words, an old face as embarrassed as it could be.

"A decent man? Are there any decent people who don't wear clothes in the middle of the night!"

The middle-aged woman said and hurriedly tightened her clothes, as if she was afraid that Wang Yifeng might plot against her.

"Auntie, I'm just in a hurry!"

Wang Yifeng said in a hurry, just wanting to borrow a dress and then leave, how embarrassing it was for him to be like this.

"In a hurry? You can't even be in a hurry!"

The middle-aged woman had a difficult look on her face, followed by a look around the room, then turned her head with a puzzled expression.

"Your big brother happens to be in today, you've come at a bad time!"

"Hmm?"

Wang Yifeng froze at the sound of this, followed by a desire to explain, but suddenly there was a man's voice coming from the room.

"Who is it!"

At those words a sound of footsteps came out, and before Wang Yifeng could run in his haste, the middle-aged man's gaze had already landed on him.

"Good for you, you rogue, how dare you come to molest my mother-in-law in the middle of the night! I won't beat you to death!"

As a curse rang out, followed by a middle-aged man who rushed out with a shovel, rushing at Wang Yifeng without saying a word.

“Don’t! Don’t! I’m in a real hurry!”

Wang Yifeng explained as he ran, but not only did his explanation not help, it also made the situation worse.

On the side, Lin Ran heard the commotion and rushed over, seeing the situation, he immediately understood what had happened, and rushed forward with a single step and hurriedly explained.

“Brother, take it easy, take it easy, it’s not what you think!”

“That’s what happened!”

Stopped by Lin Ran, the middle-aged man chided in a cold voice.

“This kid came knocking on my daughter-in-law’s door in the middle of the night with no clothes on, and he said he was in a fucking hurry! Why don’t you go find a sow? I’ll break your legs if I don’t even dare to hit on my aunt-in-law!”

Said the middle-aged man who still wanted to make a move, Lin Ran saw this and hurriedly stopped him, saying.

“Brother take it easy, take it easy, it’s really not what you think, this is my brother, a psychopath with eyes, not here to look for your aunt-in-law!”

“Your brother? Mental illness?”

The middle-aged man frowned slightly at his words and looked at Wang Yifeng and then at Lin Ran.

Seeing that the middle-aged man was still somewhat unconvinced, Lin Ran busily said.

“Big guy, you don’t even think about it, who in their right mind would dress like this in the middle of the night, and in winter!”

“That’s right!”

The middle-aged man smiled and felt that there was a bit of truth to it, so he immediately looked at Lin Ran and said.

“Since you are mentally ill, just watch out, don’t stay up in the middle of the night and run out to scare people, it’s a good thing you met me this time, if you met someone with quick hands, I’m afraid this brother of yours would really have to be without a brother!”

“Er ....”

Lin Ran smiled with an embarrassed face, but still nodded, while rushing to say.

“That big brother, you see this brother of mine ran out naked, and I didn’t bring any clothes, can I lend you a suit, I can pay, how about three hundred!”

“Three hundred?”

As soon as he heard the former, the middle-aged man instantly revealed a smile, he could only be worth a few dollars for a suit of clothes, three hundred was simply a good thing that fell from the sky.

“OK! Wait!”

With that the middle-aged man turned around and went to his room to get his clothes.

And Lin Ran only had to wait up at the door.

Wang Yifeng was afraid that the middle-aged man would still make a move, so he hid to the side, not daring to come over.

“Young man, is he really your brother?”

At the door, the middle-aged woman looked at Lin Ran and asked with a smile.

“Ah .... Yes!”

Lin Ran nodded awkwardly, it was hard to get clothes these days.

“So do you have a mental illness?”

The middle-aged woman asked with a smile, but her eyes were unconsciously looking at Lin Ran a lot back and forth, making him a little uncomfortable.

“I .... I naturally don’t have one!”

Lin Ran busily explained.

However, who knew that the middle-aged woman actually hid her mouth and laughed at her words, then moved closer to Lin Ran and said in a low voice.

“That’s good if you didn’t, next time don’t let your stupid brother come, just come over!”

“I’ll come over?”

Lin Ran was a little confused as to what the middle-aged woman meant and looked at her with a surprised expression.

“Oops, why a log!”

The middle-aged woman slapped her thigh, looked behind her and saw that her man hadn’t come out yet, so she was busy saying.

“Your grandfather comes once a month, you can come over any time except tonight!”

“I ....”

Lin Ran smiled, but his face also followed green, what was this, he was actually invited by a middle-aged woman, did he look like a woman friend?

“That aunty, I ....”

Lin Ran just wanted to explain, who knew that the middle-aged woman but clenched her fist and gave Lin Ran a punch on the chest, petulantly said to.

“Call who auntie, my name is Cuilan, just call me Xiao Cui!”

As she said that, she also forgot to wink at Lin Ran, looking at Lin Ran instantly almost did not throw up.

Just as Lin Ran was suffering in his heart, footsteps had come from within the room, followed by the voice of a middle-aged man.

“Haha, little brother has come to give you clothes!”

As the words fell, the middle-aged man had already walked out from inside with the clothes in his hand, while his other hand was also outstretched, the meaning was already clear handing over the clothes with one hand and giving the money with the other.

“Haha, good!”

Lin Ran laughed awkwardly and hurriedly took out his wallet and took out three hundred yuan, handing it to the middle-aged man, before picking up the clothes and laughing.

“Then I won’t disturb you two’s beautiful dream, I’ll leave first!”

With that Lin Ran turned around and was about to leave, however at that moment, the middle-aged woman behind him gently wiped a hand on Lin Ran’s waist, scaring him so much that his whole body jolted and he almost didn’t fall on his butt on the ground when he stumbled on his feet.

“Holy shit! Middle-aged women are as fierce as tigers, that’s really true!”

Lin Ran couldn’t help but say this in his mind, followed by his feet like oil, spreading his legs and running out.

“Hey, hey! What are you running for, give me the clothes first!”

Wang Yifeng saw this and hurriedly shouted, by now he was almost frozen into a popsicle.

“Give it to you! Give it all to you, if you don’t run, you don’t want your chastity!”

As soon as Lin Ran threw all the clothes to Wang Yifeng, his feet did not stop and he ran towards the car park.

Wang Yifei, remembering what the middle-aged woman had just said, also felt the hair of his heart, turned around and saw that the middle-aged woman had not yet left and was staring straight at him, so he was scared and picked up his clothes without bothering to put them on and hurriedly followed him, shouting as he ran.

“Hey! You wait for me!”

.....

The two of them ran wildly until they saw their car, then they stopped with a sigh of relief.

Wang Yifeng gasped and hurriedly put his clothes on, while asking.

“Then how did big brother lend you his clothes? I see there was quite a heavy misunderstanding just now!”

“Laozi paid three hundred for it, and as for the misunderstanding, it was easily solved!”

Lin said, while looking at the car warily, afraid that an eight-eyed ghost spider might suddenly pop out.

“How did you solve it!”

Wang Yifei had already dressed by now and asked as he came over.

Lin Ran smiled and returned impatiently.

“Said you were a psycho and it dissolved naturally!”

“...”

Wang Yifeng was so angry at his words that he almost didn't spurt out a mouthful of old blood, and was very dissatisfied as he said.

“You bastard, why don't you say you're mentally ill!”

“Does anyone believe me when I say I'm mentally ill? Who just ran around the street with no clothes on and knocked on a middle-aged woman's door!”

“Middle-aged women are as fierce as tigers, you're not afraid to play yourself to death!”

Lin Ran couldn't help but laugh.
