

Wonder Doctor

Chapter 341

The two of them gossiped as they slowly approached the car.

It was a little too quiet around them at this point, apart from the occasional sound of a car on the highway, the only sounds left were their footsteps and the sound of their breathing and heartbeats.

“Don’t move!”

Lin Ran suddenly said, and Wang Yifeng behind him immediately held his breath, not even daring to take a breath.

The two men stood motionless in place, this time even the sound of footsteps was gone, both of them could only hear their heavy breathing and heartbeats.

“What the hell is going on!”

After waiting for a while, Wang Yifeng asked with some unease.

“Look at the car in front of you!”

Lin Ran frowned and said in a low voice.

Wang Yifeng heard this and hurriedly poked his head over to look at the car in front of him, and when he did so, he was stunned into silence.

There were no cars around the place where they parked, and very few people parked here in the middle of the night, but at this moment, not far from the Porsche car in front of them, there were four more cars that had stopped at some point.

The four cars, one in front of the other, trapped the Porsche in the middle, completely blocking it in, and Wang Yifei also saw with his sharp eyes that there seemed to be people inside the windows of the four cars around them.

“Holy shit, when did four more cars come, how are we going to get out of here?”

Wang Yifeng couldn’t help but curse.

Lin Ran, however, hastily gestured for him to lower his voice, and then said.

“Can’t you see, the other side obviously doesn’t want us to leave!”

Lin Ran frowned and said.

“They don’t want us to leave? Shit, it’s not like Wang Shilong’s men are coming after us, seeing as we’ve toppled Wang Shilong’s money tree, they’re coming for revenge!”

Wang Yifeng said.

Lin Ran smiled and shook his head.

“It doesn’t seem like it, if it’s revenge they can just get out of the car and do it, what’s the point of hiding in the car? Is it a sneak attack?”

“That’s right!”

Wang Yifeng also felt puzzled, when they fought with Wang Shilong before, their skills had been exposed, Wang Shilong was arrested the next morning, there was no way his men didn’t know about this.

The sneak attack on the two of them was a completely unnecessary move, but why did these people hide in the car and not come out?

“Did you find it strange!”

Lin Ran suddenly opened his mouth and asked.

“What do you mean?”

Wang Yifeng did not understand.

“These people are hiding in the car, just now we went to borrow clothes this is at most ten minutes before and after, but just now we didn’t hear the car rattle at all, when did they appear here!”

Said Lin Jean, pointing to the road off to the side.

“If they were trailing over, they must have had their headlights on at this late hour, but we didn’t see any headlights on at all just now!”

As he said this, Lin Ran suddenly turned his head and said with an ugly face.

“Besides, don’t you think these people hiding in the car are a bit too quiet, even if it’s an ambush people which have not moved for half a day, don’t their necks hurt!”

“What the hell are you trying to say!”

Wang Yifeng was infected by this atmosphere also some fidgeting, directly bellowed.

Lin Ran gritted his teeth at his words and followed.

“I feel like they’re not even human, and these four cars are fucking problematic!”

“There’s a problem?”

Wang Yifeng’s hair only tingled as he listened, he was also fearful of what he didn’t know, but it was just that he was a man with a violent temper, and when he heard Lin Ran’s words, he gritted his teeth and said.

“Whatever the fuck is wrong with it, I’ll chop it with an axe, and even if there is a problem, it will become no problem!”

With that Wang Yifeng copied his father and son and rushed towards the nearest car and chopped straight over.

However, all changed at this moment, as Wang Yiming's axe was about to land on the body of one of the cars.

The four cars, which had been quietly parked, squirmed violently, followed by a thick, unknown object that poked out from the four cars and then stabbed down at Wang Yifei.

The thing was black, as thick as an arm, with a very sharp tip, and stabbed Wang Yifei's head directly.

"Get the fuck out of the way!"

Lin Ran hurriedly shouted, but at the same time he could already see that the four cars had already merged into one, and in the mid-air darkness, eight lonely lights had suddenly risen.

These eight lights were like bright lights from hell, hanging in the sky in a ghostly manner, and it was a shocking trance.

However, Lin Ran had already understood by now, and immediately bit the tip of his tongue as a sharp pain rushed straight to his brain, and he immediately came to his senses.

"Get the fuck back, that's an eight-eyed ghost spider, an oversized one!"

"Eight-eyed ghost spider? Don't you fucking lie to me, this thing is so big, how can it be a spider!"

Wang Yifeng shouted as he flipped and dodged on the ground.

"Look at the top of your fucking head!"

Seeing that he didn't believe him, Lin Ran had to shout again.

Wang Yifeng immediately raised his head to look at his words, and was instantly confused at this glance.

"Stupid bastard, you're really fucking looking!"

Lin Ran couldn't help but curse at the sight, following which a mouthful of blood was spat out directly at the eight lone lamps in the sky.

His body was enriched with the Xuan Yang Pill Canon, and his blood even contained a hint of true qi, which was the natural nemesis of evil creatures. With one mouthful of blood spat out, all eight lone lamps instantly went out, and Wang Yifeng took this opportunity to recover his mind and rushed back directly with one arrow step.

"Run!"

Lin Ran didn't bother to say anything, so he greeted the two of them and immediately turned around and ran.

However, they had just run out of the way by a distance of less than ten metres when a figure in front of them blocked their way.

The other person was dressed in a black robe and could not be seen clearly, only a man could be seen vaguely.

"Who is he?"

Wang Yifeng and Lin Ran looked at each other with speculation in their eyes.

“Did you do this?”

Lin Ran forced down the anger in his heart and asked at the other party.

Unexpectedly, the other party actually spoke back.

“Wang Shilong was the one you toppled, wasn’t it?”

“It’s true that you’re one of Wang Shilong’s men!”

Wang Yifeng was so angry at his words that he blew out his beard and gripped his divine Dragon Axe and was about to make a move, but Lin Ran on the side saw this and hurriedly barred him down and said at the black shadow man.

“That’s right, who the hell are you!”

The black shadow man didn’t expect Lin Ran to admit so readily, he laughed “haha”, followed by a wave of his hand, at once four shadows shot up behind Lin Ran, quickly disappearing into the black robe of the black shadow man.

Lin Ran and the two of them looked carefully and saw that the four shadows were none other than four eight-eyed ghost spiders.

“Who am I? There are usually only two kinds of people who know who I am!”

“One kind is my friends, while the other is the one who is about to die!”

The black shadow man said with a disdainful voice, then turned around and looked fiercely at Lin Ran and the two of them, his eyes hidden under his black robe seemed to be able to see through everything as he said indifferently.

“And you are of the latter, so you can know my name, remember! Emissary of the Compulsion Pavilion, Long Yue!”

Chapter 342

“The Companions’ Court?”

“Messenger? Long Yue?”

When Lin Ran and the two of them heard this, their faces instantly sank, the compulsion pavilion in Tanjiang City had not yet been solved, but they did not expect to run into some compulsion pavilion Langyue here, this was really a case of the house leaking out, bad luck had caught up with them.

“You and...”

Wang Yifeng smiled and just wanted to ask, what is the relationship between this guy and the Long Tian of Tanjiang City, but just as the words reached his mouth, he was dragged back by Lin Ran.

“Were you responsible for those compulsions in An County?”

Lin Ran said, digressing from the topic.

“That’s right! It was me, you’re very good to actually be able to kill my compulsions, you seem to have some strength, but your life is going to end because of this!”

Long Yue said in a low voice, his voice was very different from Long Tian’s, the latter’s voice was hoarse and unpleasant, his voice was like a broken bellows, while Long Yue’s was much more normal.

“Why do you want to deal with us!”

Lin Ran continued to ask.

“Haha! Because Wang Shilong, you toppled him, so you’re going to die!”

Long Yue laughed disdainfully.

“You’re one of his people?”

Lin Ran continued, they knew so little about this compulsion pavilion, so Lin Ran was also trying to take every opportunity he could to get to know the other side, not rushing to make a move if he could talk.

“One of his people? He’s worthy too? He’s just a pawn in Laozi’s hands!”

Long Yue laughed disdainfully.

“Since he’s a pawn, he’s also dispensable, if that’s the case why do you have to come after us to kill us, just find another pawn when you’re out!”

Lin Ran said as he observed this Long Yue’s reaction.

“No, no, no, Wang Shilong is still a bit of a pawn, you’ve caused me no small amount of trouble by getting him into it, so you must die!”

Long Yue said as his voice visibly lowered a few notches.

“Trouble? What kind of trouble? If there is I can apologise!”

Lin Ran continued.

“Ran-chan! You’re crazy to apologise to him!”

Wang Yifeng frowned as he listened, since when did Lin Ran fear the people from the Compulsion Pavilion, he hadn’t seen it before in Tanjiang City.

“You shut up!”

I saw that I was about to set up words, but I didn’t expect Wang Yifeng to open his mouth and interrupt him, this time even Longyue got alert and opened her mouth to sneer.

“If you want to set up my words, you seem to have to die!”

With a wave of her palm, two black shadows flashed out of her sleeves, heading straight for Lin Ran and the two of them, and it was the eight-eyed ghost spiders.

“You stupid bastard, can’t you be quiet!”

Lin Ran was so angry that he cursed and pushed Wang Yifeng away, and the two of them narrowly avoided the eight-eyed ghost spiders.

“Cao, who knew you were setting words, I thought you were a wimp!”

Wang Yifei also cursed to cover up his embarrassment at his lack of intelligence, while drawing out his divine Dragon Axe to slash the two Eight-Eyed Ghost Spiders.

“How dare you use the divine Dragon Axe, you’re thinking of that aunt or something!”

Lin Ran saw this and was busy chiding.

“Uh Then how can I mess with it without using the divine Dragon Axe!”

Wang Yifeng was stunned and hurriedly put it away, resounding with the body fluid of that eight-eyed ghost spider just now he was frightened to the core.

“Use blood! That thing is afraid of blood!”

Lin Ran shouted busily, followed by several jade pearls appearing in his hands, these were jade pearls he had bought in bulk at Gu Yu Zhai earlier, refined and used specifically for self-defence, he had no magic weapons so he could only use such things for self-defence.

“Cao, you give me some ah, let Laozi use blood, you use this, you think Laozi’s blood is plain water!”

Wang Yifeng saw this and couldn’t help but curse.

“Cut the crap, I’ll force it over, you just spray blood on it, don’t be silly!”

Lin Ran was busy greeting him, followed by a “whoosh” and flung out several jade pearls.

These jade pendants were infused with Lin Ran’s true qi and flew to the two eight-eyed ghost spiders and exploded themselves with a bang, immediately sending the eight-eyed ghost spiders tumbling back and forth.

“Will these two things suddenly get bigger?”

Wang Yifei asked, just now in the car that this thing is extremely huge, he is also afraid that these two things will suddenly become bigger.

“No, just now we must have entered the formation, that Long Tian arrogance has already withdrawn the formation!”

Lin Ran said busily.

“It’s true that the formation was withdrawn, but arrogance is something you think too highly of yourself!”

Long Yue laughed coldly, followed by a flip of her hand, and four or five wild monkey-like things actually appeared around her once again.

“I don’t even need to do it myself to kill you! Go on boys!”

Long Yue Lang laughed, and as soon as his words fell, those compulsive monkeys seemed to immediately come to life, rushing straight at the two of them and pouncing on them.

“What should we do now!”

Wang Yifeng was really anxious, there were two eight-eyed ghost spiders in front of them, and four or five wild monkeys waiting for an opportunity behind them, the two of them only had four arms, how could they handle so many.

“Cut the crap, hurry up and blow up!”

Lin Ran didn't care about saving, he took out a handful of jade pearls and threw them at Wang Yifeng, and the two of them threw them at the eight-eyed ghost spiders and the wild monkeys in turn.

These jade pearls did not contain much true qi, so they could repel these parasites, but it was very difficult to hurt them.

“Don't hesitate, hurry up and use blood, these things are most afraid of blood especially ours!”

Lin Ran greeted, followed by a mouthful of blood at the tip of his tongue and sprayed it at the two eight-eyed ghost spiders.

As the saying goes, human blood carries three parts of righteousness, and those who practice Feng Shui have even more righteousness in their blood, but of course, people like Long Tian Lang Yue are afraid that their blood contains more evil energy.

The classics preach the unity of heaven, earth and man, and this righteousness in a person's body is also mutually related to the way one conducts oneself.

Some people look righteous, while others look like thieves. This is the outward manifestation of qi, and all things in heaven and earth follow this cycle to the letter.

“Good!”

At this point, Wang Yifeng did not dare to talk any more nonsense, immediately the divine dragon axe in his hand, immediately apparently dyed on the axe body, he was facing a learned spirit compulsion at this time, the divine dragon axe dao can also play a powerful.

“Hmm?”

In the distance, Lang Yue had a relaxed face, but when he saw the divine dragon axe in Wang Yifei's hand, he could not help but frown.

“This axe is really extraordinary!”

A hint of greed had arisen in Long Yue's heart, as disciples of the Compulsion Pavilion, their requirements for magic weapons were not really high, as they raised compulsions by profession, so the compulsions were their most powerful magic weapons.

However, if they could easily get a magic weapon, they would not refuse it, after all, if they took the magic weapon to the Compulsion Pavilion, they would be able to exchange it for the corresponding value of the compulsion insects.

“It’s really an eye opener from the old heavens, these two rustics actually have such a magic weapon in their hands, they’ve really made a big profit this time!”

The two of them have a lot of money in their hands.

“Ranzi, that kid has summoned the parasites again, I can’t carry it anymore!”

Wang Yifeng saw this and cursed, at this moment four or five wild monkeys were, and behind them were four or five eight-eyed ghost spiders, how could he cope with them.

“Leave these eight-eyed ghost spiders to me, you quickly take care of that monkey!”

Lin Ran had already finished off the two eight-eyed ghost spiders in front of him by now, turned around and shouted at Wang Yifeng, following which he went up to meet them.

Chapter 343

Because of the Eight-Eyed Ghost Spider’s body fluid, Wang Yifeng was not fit to fight it, so Lin Ran took the initiative to meet it, leaving the Learned Spirit Compulsion to him.

And this undoubtedly allowed Wang Yifeng to fight very smoothly.

The three or four learned spirit companions were simply powerless against the blood-stained divine Dragon Axe.

“Give me death!”

With his divine Dragon Axe in hand, Wang Yifei directly chopped a wild monkey that flew over to him in half with a horizontal slash.

And under the augmentation of his blood, the learned spirit companions that had been cut in half were simply unable to gather together again, and only tossed on the ground for a while before they stopped moving.

“The second one!”

Wang Yifeng wielded his divine Dragon Axe and was having a great time killing three or four Pedant Spirit Companions, and in just a few rounds, he had already killed only the last one.

On the contrary, Lin Ran’s side, facing three or four Eight-Eyed Ghost Spiders, he was under far too much pressure.

Although there were many jade pearls, they could not hurt these eight-eyed ghost spiders at all, so he could only keep biting the tip of his tongue to kill them with blood.

But how much blood could one person have? After killing just two of them, Lin Ran already felt dizzy, but there were still two more in front of him, so this fight was like killing a thousand enemies and losing eight hundred.

“Hurry the fuck up, I can’t take it anymore!”

Lin Ran couldn’t help but curse, the flow of blood was far stronger than the weakness caused by the flow of true qi, in just a few moments he had already lost some strength all over his body.

“Good!”

The last of these is the one that has a lot of wisdom, and it’s going to turn around and run.

However, Wang Yiming was also red-eyed at this time, so he would not let it go, and when his feet were under power, his divine dragon axe struck down, directly chopping it into mush.

“Bastard!”

Three or four learned spirit parasites died one after another, and Long Yue was also a bit unnerved, knowing that it was very difficult to raise a mature learned spirit parasite and eight-eyed ghost spider.

There were many that died in the process due to various reasons, such as feng shui that Lin Ran happened to encounter, or other conditions that were insufficient, and so on.

And the Compulsion Pavilion had not sent him to An County for pleasure, but had a task of cultivating compulsions on his mind, and there was a time limit, so if he ended up not completing his task because of dealing with the two Lin Ran causing the already cultivated compulsions to die in large numbers, when the time came, the Compulsion Pavilion would not listen to him for these reasons.

“Damn, it’s really troublesome!”

Long Yue’s face sank as he flung his hand and took back the remaining two Eight-Eyed Ghost Spiders, continuing would merely be sending them to their deaths in vain.

“Hey? Why did you stop!”

Seeing Long Yue’s action, Wang Yifeng couldn’t help but be stunned, he was about to come over to help Lin Ran, but he didn’t expect the other party to stop on his own.

“What’s the matter, scared? Is it because you think I’m too powerful for your fat master!”

Wang Yifeng couldn’t help but sneer, while walking over to Lin Ran’s side.

“You can fucking die if you don’t act like a pussy!”

Lin Ran’s mouth was full of blood and blood was still left at the corners of his mouth as he sat on his butt on the ground, dropping several jade pendants in his hands, sweat was visible on his forehead at this moment.

“I told you to hurry up and get a magic weapon, you just didn’t listen, look at the loss now!”

Wang Yifeng said.

Lin Ran didn’t bother to pay attention to him, gesturing for him to be wary of that Long Yue, he himself hurriedly closed his eyes and mobilised his body’s true qi to quickly regain his strength.

It wasn’t that Lin Ran didn’t want to find a magic weapon, but something like a magic weapon was very important to a feng shui master, a good magic weapon needed to be cultivated and honed by the feng shui master over the years, so a feng shui master was very cautious when choosing a magic weapon.

All feng shui masters with higher eyesight would rather not use a magic weapon than choose one at random, because the difference between a good and bad magic weapon can be reflected in the gradual cultivation and use.

“You two are really out of my expectation, but even if you are difficult to deal with, you both have to die today!”

Long Yue’s voice was icy cold, before he had been merely angry at the two Lin Ran, after all, the latter two had toppled Wang Shilong, causing him to suffer a lot in An County.

But after the two of them had killed several parasites one after another, a killing intent had completely risen in Long Yue’s heart.

“Just by you? Come on, you’re getting a few bugs out, I’ll slash them one by one to see if you cultivate them faster or if I’m faster with my sword!”

Wang Yifeng laughed disdainfully, just now a single slash to solve those pedant spirit parasites made him confident in his own hand at this moment.

“Humph! Ignorant little child, some of the lowest level of spirit companions still let you kill out of confidence, since this is the case old me will let you see what is the real combat companions!”

Long Yue sneered, followed by a wave of his palm, and instantly two black auras floated out from his sleeves.

His sleeves were like bottomless pits, with black Qi constantly gushing out and then quickly converging in front of his body.

The black air gathered more and more, and gradually a black shadow slowly emerged from the blackness. The black shadow grew bigger and bigger, and the black air around it also gathered more and more, and finally the whole black shadow and the black air added up to a height of three metres.

“Holy crap! How long has it been since you’ve fucking bathed, you’ve got so much black smoke on you!”

Wang Yifeng couldn’t help but curse, but his body instinctively gulped, with such a huge black smoke, it was obvious that what was inside wasn’t easy to deal with either.

“Ranzi! Ranzi!”

Wang Yifeng called out in a hurry, seeing that Lin Ran’s eyes were still closed next to him, and in his haste he slapped his hand.

Only this palm was struck, but it was a handful of Lin Ran that grabbed the main.

“I they are not dead yet, what are you hitting!”

Lin Ran couldn’t help but curse.

“Look quickly, what the hell is this guy making out!”

Wang Yifeng hurriedly greeted Lin Ran to look.

However who knew that Lin Ran was not even raising his head, with anger in his eyes he scolded.

“Whatever the hell it is, don’t you have an axe, just chop it up for me!”

Lin Ran said and stood up, grasping a handful of jade pendants in each hand, his eyes glowing with a fierce aura, obviously completely furious.

“You’ve made me spit blood, you’re really playing me like a fucking monkey, if I don’t take care of you today, I won’t be called Lin Ran!”

For the first time in a long time, Lin Ran was completely pissed off, just now he vomited blood so much that he almost passed out.

“Good boy, that’s the kind of character I like, fuck him and be done with it!”

Wang Yifeng laughed again.

While the two of them were talking, Long Yue had stopped moving his hands.

At the same time the black fog in front of him, also finally moved.

“Bang! Bang!”

The sound of two heavy objects hitting the ground rang out, and then Lin Ran saw four or five two-metre-long fleshy spikes poking out of the black fog, and with a stirring motion, the two spikes actually stirred up the black fog around them.

Then a huge three-metre tall eight-eyed ghost spider with eight eyes the size of a washbasin appeared in front of them.

“Holy crap! Didn’t you say that it was a formation just now, how come this is really such a big spider!”

Wang Yifeng’s legs were shaking as he watched, how could he fight such a big spider!

Chapter 344

“What the hell, just go chop it up and be done with it!”

Lin Ran gulped, but at this point, his ruthlessness was up and he didn’t care, grabbing a large handful of jade pendants with both hands and heading towards the huge eight-eyed ghost spider.

“Holy crap! Wait for me!”

Wang Yifeng was startled at the sight and hurriedly drew out his divine Dragon Axe and followed.

“Use blood!”

Lin Ran stopped less than ten metres away from the huge spider, followed by biting the tip of his tongue and spitting out a mouth full of blood directly onto the jade pendants in both hands.

Dozens of jade pendants stained with blood were all thrown out by him in one go.

“Bang Bang Bang!”

The sound of jade pearls bursting was like a torrent, a constant stream, and the eight-eyed ghost spider, which had just dispersed the black fog and had not yet had the chance to strike its divine power, was instantly blasted and stayed motionless in its place.

“Watch me!”

Wang Yifeng followed Lin Ran’s move, and with a handful of his divine Dragon Axe, he charged at the huge Eight-Eyed Demonic Spider in front of him, following it as if he was fiercely chopping down the divine Dragon Axe with force.

However, this time, something unexpected happened to him.

The shell of the Eight-Eyed Ghost Spider was so hard that even a steel plate would have been able to bend it, but when it landed on the Eight-Eyed Ghost Spider’s shell, it did not penetrate at all.

“Clang!”

A sound like a metal clash rang out, followed by Wang Yifeng being bounced back together with the divine Dragon Axe, and fell heavily to the ground.

At this moment, the eight-eyed ghost spider was also completely enraged, it ignored the exploding jade pendant around it, and its two thick fleshy spines poked out, stabbing towards Wang Yifeng on the ground.

“Quickly dodge!”

Lin Ran saw this and hurriedly shouted, while several more jade pearls were thrown out of his hand.

However, Wang Yifeng was hit hard by the rebound and could not stand up for a while as he was rolling around on the ground.

Lin Ran saw the situation and cursed, “What the hell are you doing trying to sleep, if you don’t get up, you’ll lose your life!

At the same time, he threw out dozens of jade pearls, and finally this time they were in the right place, and the dozens of jade pearls exploded with a bang, directly blowing one of the meat spikes out of shape by a few centimetres.

But at that moment, the meat thorn had already plunged heavily into the ground, and it was plunged against Wang Yifeng’s thigh.

The thorn was covered with tiny barbs, and this caused a gaping hole in Wang’s trousers, and a deep cut on his thigh, with blood pouring out.

The eight-eyed ghost spider became even more excited at the sight of the blood, raising four or five spines and thrusting them straight at Wang Yifei’s body.

At this moment, Wang Yifeng was already awakened by the severe pain coming from his thighs, so he didn’t care about the wound on his legs and grabbed his divine dragon axe, followed by a donkey roll to escape from the range of the meat spikes.

“What now, I can’t get in!”

Wang Yifeng said as he touched the blood on his thigh.

“I told you to apply blood, where’s the blood?”

Lin Ran asked with hatred as he glanced at the Divine Dragon Axe.

Wang Yifeng took a look at his words and instantly looked embarrassed.

“Just... I think I ran out of it from fighting the monkey just now!”

“Then what are you waiting for, hurry up! If we keep dragging it out old man’s jade pendant won’t be able to suppress it!”

Lin Ran hurriedly urged.

“Okay!”

Wang Yifeng casually replied, while hurriedly placing the divine Dragon Axe on the side of his thigh, letting the blood flow on it, and in just a few moments, the divine Dragon Axe was dyed red with blood, and at that moment, Wang Yifeng was completely red-eyed.

“Fuck, I’ll kill that bastard with this axe!”

As soon as he said that, Wang Yifeng picked up his axe and charged forward again.

“Be careful!”

Lin Ran saw this and hurriedly warned, while quickly throwing dozens of jade pendants towards the eight-eyed ghost spider.

If Wang Yifeng wanted to hit the eight-eyed ghost spider safely, he could only rely on Lin Ran to blindly use the jade pendant to suppress it, otherwise with the eight-eyed ghost spider’s agility, he might not even be able to reach a spider’s leg, let alone hurt him.

So he knew in his heart that once the eight-eyed ghost spider was free from Lin Ran’s suppression, then he was afraid that they would both be completely finished here today.

“Give me death!”

Wang Yifeng cursed, holding his divine Dragon Axe in both hands, he slashed towards the Eight-Eyed Ghost Spider, but this time he learned to be smart, instead of slashing straight up and down, he went straight across to the Eight-Eyed Ghost Spider’s two fleshy spikes, which supported the Eight-Eyed Ghost Spider, if he could cut them off, then the Eight-Eyed Ghost Spider’s head would immediately fall to the ground, and he would then have the chance to kill it with a single blow.

“Bastard!”

To the side, Long Yue watched with a frown on his face, he also knew that the blood of the Feng Shui master was extremely restraining to the parasite, but this was something that could not be helped, the yin and yang cycle of things under the world, one thing overcoming another, was the ethics set by the heavens.

And now he could only pray that the finished eight-eyed ghost spider he had made would be able to resist Wang Yifeng's blow.

"Bang! Bang!"

Soon, two heavy clashing sounds rang out as Wang Yifeng's divine dragon finally slashed heavily at the two fleshy spines of the Eight-Eyed Ghost Spider.

This time, at the same time as the two dull and final clashing sounds rang out, Wang Yifei only felt the force of the Divine Dragon Axe in his hand loosened, and it almost flew out of his hand.

And on fixing his eyes, the two thick fleshy spikes had actually really broken apart from the middle.

"Hurry up and run! Hurry up and run!"

Suddenly Lin Ran's voice came from the side, Wang Yifeng was stunned to hear it and wondered why he had to run? I'll chop this beast's head off with an axe, won't that be the end of it?

But as he was thinking, the wind was howling overhead and he saw the huge body of the eight-eyed ghost spider, along with its head, smashing straight down towards him.

It turned out that the Eight-eyed Ghost Spider was trying to break through Lin Ran's suppression just now, and its entire body was bowed, who knew that Wang Yifeng had cut off two fleshy spines.

The eight-eyed ghost spider's entire body slammed down towards him, and the two broken flesh spikes kept spewing out a green liquid that stank foul and corroded yellow smoke everywhere it went.

"Damn it!"

Wang Yifeng knew that this guy's body fluid was so horrible that it would rot a piece if it stuck, but at this moment when he had a good chance to get close to this guy's head, he was really a bit reluctant to give up.

"Damn it, I'll bet!"

Wang Yifeng gritted his teeth, looked up and saw where the eight-eyed ghost spider's head was, then lifted his divine dragon axe and plunged it directly into the ground with a heavy thud.

Then he turned around and ran out without looking back.

Almost at the same time as he rushed out from underneath the eight-eyed ghost spider's body, he heard a loud "bang" behind him, and the ground trembled with the huge impact.

Wang Yifeng was also swept away by the huge impact.

Even Lin Ran, who was far away, was not spared. The two of them were swept out several metres into the dust before landing heavily on the ground.

As for the distant Long Yue, she was almost as bad as the two of them.

Chapter 345

When the smoke cleared and the dust fell, Lin Ran and Wang Yifeng finally crawled out of the mound, but none of their clothes were intact.

Especially Wang Yifei, the clothes he had just borrowed were rotten again, and there was a big hole in the back of his ass, looking as miserable as possible.

“Damn it, I’ve become a naked man who’s not afraid to wear shoes this time!”

Wang Yifeng couldn’t help but curse, and when he saw that Lin Ran had also climbed out, he was busy saying.

“What’s the matter? Hurry up and run!”

“Run? Why should I run!”

Lin Ran said in a whirl as he beat the dust off his body.

“Go! Go find that Long Yue, he must be captured today!”

“Capture him? Are you crazy? How can we fight him if he gets another eight-eyed ghost spider, the divine Dragon Axe is underneath that big spider!”

Wang Yifeng said.

The spider was dead or not, but the divine Dragon Axe was already underneath it, so how could we fight Long Yue?

“Don’t you still have Mordor! We’ll just collect him later!”

Lin Ran said.

Wang Yifeng smiled but frowned and said.

“That thing isn’t all-powerful, this kid has extraordinary strength, I’m afraid it won’t be able to be collected!”

Not everything can be taken in, ordinary people can’t resist the old woman’s Yin Qi and Fury, so they can easily take it in, but this Long Yue is also a Feng Shui practitioner, and is extremely good at refining compulsions, so his strength naturally isn’t too bad, trying to take him in is not an easy task.

“I don’t believe that the old woman can’t take in a person who is extremely weak, and you mustn’t forget that the inside of the Magic Tower is the old woman’s territory, so as long as you take him in the old woman can slowly weaken him!

Lin Ran said, then turned to look at Wang Yifeng and continued.

“And don’t forget, the Jade Flute is still in Lang Tian’s hands, this guy is probably very close to Lang Tian, if we can capture him, we’ll have the leverage to exchange the Jade Flute with Lang Tian!”

“That’s right!”

Wang Yifeng smiled at that and a fierce aura appeared in his eyes, ringing with the memory of his jade flute, he couldn’t help but feel angry.

“Go! Fuck him!”

As soon as he was ruthless, Wang Yifeng gave up his life and copied the magic torch at his waist and followed Lin Ran to Long Yue’s location.

On the way, they happened to pass by the eight-eyed ghost spider, and the two of them saw that the eight-eyed ghost spider was lying motionless on the ground, and on the surface of its body, a trace of black smoke had gradually started to appear, the body fluid of this thing was so horrible that after death, even its own flesh could corrode through from the inside out.

“Hey hey divine dragon axe!”

Wang Yifeng suddenly said, pointing at the place on the eight-eyed ghost spider’s forehead.

Lin Ran looked and saw that a piece of the eight-eyed ghost spider’s forehead was protruding from the middle of its forehead, and upon closer inspection it was the tip of the divine Dragon Axe.

At this moment, the divine Dragon Axe had all but disappeared into the eight-eyed ghost spider’s head, and there was no need to think that it must have been wrapped in an extremely corrosive and terrifying body fluid.

“I don’t know if the divine Dragon Axe can withstand it!”

Wang Yifeng looked distressed, although this divine dragon axe should have been Lin Ran’s, but apparently the latter did not think much of this magic weapon, he used it more and became attached to it, at this time, seeing the divine dragon axe in this condition, his heart could not help but be very worried.

“Don’t think about it, go and capture that guy first, then when the eight-eyed ghost spider’s corpse has been corrupted, we’ll come back and see if we can take the divine Dragon Axe!”

Lin Ran greeted.

Wang Yifeng nodded at his words and took one last look at the Divine Dragon Axe before following the two of them and heading straight for Long Yue.

Although Long Yue was also a Feng Shui master, his physical strength was much less than Lin Ran’s. He had just been hit by a huge impact and had only managed to struggle out of the mound of earth, and had not even had time to pat the dust off his body before Lin Ran and the two of them had already arrived.

“Old bastard, let’s see where you run today!”

Upon seeing Long Yue, Wang Yifeng was fierce, and without saying a word he directly lifted his magic dao and summoned the old woman out.

“Go and collect him!”

Wang Yifeng scolded.

“Yes master!”

The old woman smiled and immediately beckoned countless evil spirits to rush towards Long Yue.

“A bunch of little evil spirits are trying to collect me? Dream on!”

Although his physique was not as strong as Lin Ran’s, he could easily deal with these evil spirits as feng shui.

Only to see his hands together followed by a fierce opening, immediately from his fingers burst out a wisp of black Qi, towards the old woman and a host of other iniquitous ghosts wrapped over.

“It’s a ring spell!”

Lin Ran frowned as he watched, he didn’t expect this Long Yue to actually have a ring magic weapon, this kind of magic weapon wouldn’t normally be noticed at all, plus Long Yue was a professional at refining compulsions, so he hadn’t even thought that this guy actually had a magic weapon underhand before.

“Now what!”

Wang Yifeng saw the situation and asked.

At this moment, the old woman and a group of other evil spirits were all entangled and could not catch him, but he was also unable to get out of the way, and as soon as he released the restraints on the old woman and the others, then the latter could continue to pounce on him.

“Take advantage of the fact that he has not recovered his strength yet, and just take him down by force!”

Lin Ran greeted, following which he took out all the jade pearls he had on him, which had been very well stocked, but at this point there were just under a hundred left.

“Next time I’ll have to get a few thousand of them!”

Lin Ran had made up his mind that he would buy more jade pearls when he went to use them.

“Do it!”

Following a shout, nearly white jade pearls were thrown towards Long Yue, while Wang Yifeng also hurriedly summoned more evil spirits, so to speak, and pounced towards Long Yue.

The countless unjust spirits, coupled with Lin Ran’s jade pendant, suddenly caused a huge wave to rise again in the night that had not calmed down.

“Bang, bang, bang!”

One after another, the jade pendant exploded around Long Yue, and more evil spirits pounced towards him, finally even he could not bear it any longer.

“Impossible! Impossible! How could I have lost to these two rustics, how is this possible!”

At this point, Long Yue finally felt threatened, he had not taken Lin Ran’s two people into consideration at all before, but now their frenzied bombardment had exhausted him, and the old woman’s side was already somewhat unconcerned.

“Bang!”

Finally, with the sound of one of the jade pearls exploding, the ring on Long Yue’s finger finally reached its limit and exploded into powder with a loud bang.

The ring burst, followed by the old woman and the other unjust spirits, who were immediately freed from their bonds and pounced towards Long Yue in a scramble.

“Run! Run!”

At this moment, this was the only thought in Long Yue’s mind, if she was really caught by Lin Ran and the others, suffocating was all light, whether she could still live or not was the most important thing.

“Get back!”

As soon as Long Yue turned around, a voice came over, followed by a white palm that smashed into his chest with a bang, sending him flying backwards with a direct punch.

“I’ve been waiting for you to run away!”

Lin Ran looked at Long Yue on the ground in front of him and laughed indifferently, he had already expected this guy to run away, so he had been waiting for this moment.

“Collect him!”

Lin Ran’s gaze burned as he looked at Long Yue, and then he coldly shouted.

“Leave it to me!”

Wang Yifeng in the distance returned at the words, followed by a wave of her hand and the old woman had already killed her way to the front, followed by a lift of her hand and collected the extremely weak Long Yue into the Devil’s Dao.

Chapter 346

“Damn it, it finally worked!”

As he watched Long Yue being brought back inside the Magic Tower by the old woman, Wang Yifeng couldn’t help but sit on his butt, his forehead was covered in beads of sweat at this moment, he had already been so nervous that he had already lost his strength, and in the end, he was holding on completely with just one breath.

Lin Ran was also no better than him, having lost too much blood just now, and then being hit by the huge impact, it was not easy to hold on until now.

Both of them lay on the ground without speaking, resting for more than ten minutes before Lin Ran got up and greeted Wang Yifeng.

“Let’s go and see the Divine Dragon Axe!”

As soon as he heard about the Divine Dragon Axe, Wang Yifeng also came to life and hurriedly got up from the place, and together they ran towards the corpse of the Eight-Eyed Ghost Spider.

The original eight-eyed ghost spider was already so rotten that it was impossible to see its size, and I was afraid that in another half an hour at most it would be completely rotten.

Wang Yifeng easily found a few bricks to put on the ground filled with green corrosive liquid, and only then slowly arrived in front of the divine dragon axe.

“Holy crap!”

Only when he came close did Wang Yifei notice that the body of the divine Dragon Axe had been corroded in several pieces, and even pierced through in some places.

“Fuck!”

Wang Yifei was so distressed that he pulled his own sleeve off with a vengeance, and then quickly padded it on the divine dragon axe, pulling it out with a fierce force.

But the axe was covered in a green corrosive liquid and he didn't dare to stay much longer, pulling it out and throwing it straight towards a vacant space to the side.

The two of them then found some water to wash the corrosive liquid away, and only then did Wang Yifeng pick up the Dragon Axe, only to have his heart drop halfway.

The axe, which had been incredibly sharp, was now pitted with corrosion and the blade was broken in several places.

“This is the end!”

Wang Yifeng did a buttock on the ground, the pain in his eyes overflowing.

Lin Ran, helpless, went up and patted him and said.

“Come on, at least it's not completely falling apart already, let's go back and find a better master to see if we can fix it!”

“That's all we can do!”

Wang Yifeng sighed, there was no other way out otherwise.

The two men looked around again and saw that there were no compulsions left behind, so they wrote a message on the ground next to the eight-eyed ghost spider: “Corrosion dangerous, do not approach!”

Only then did they get into the car and leave the area.

But at this point in the night, the two of them had just fought with Long Yue and were both injured, so the two-hour drive was obviously too much to handle.

And at this rest area where the fight took place, as the morning sun shone on the ground, two figures, a man and a woman, were standing in the parking area in surprise.

If the two Lin Ran were here, they would have recognised that these two were none other than the middle-aged woman and middle-aged man who had borrowed the clothes last night.

“Corrosion is dangerous, do not approach!”

The middle-aged man looked at the few words crookedly written on the ground, frowned slightly, and threw half a steamed bun in his hand, which he had not yet eaten and played with, directly onto the ground.

The middle-aged man looked at the crooked words on the ground and frowned slightly.

“Wife, this ground is really corrosive, I dare not touch it!”

The middle-aged man said hurriedly.

The middle-aged woman nodded at his words, followed by but said.

“This place has this corrosive liquid over such a large area, can’t it be that something happened here last night? But why didn’t we even hear any commotion?”

The middle-aged man laughed at his words.

“You’d be damned if you could have heard it, I was afraid the drivers on the road would have heard it last night when there was so much noise screaming!”

“Fuck you, no righteous thing!”

The middle-aged woman blushed at her words and scolded, then added a few more words.

“You can’t do it yourself, and you’re blaming the old lady, it’s been so long since we’ve seen each other, you can’t even last ten minutes, useless thing!”

“Hey! You say that!”

The middle-aged man was displeased at the words and said busily.

“You’re saying that, I’m not too tired, if I ate roasted loin every day, could I be like this?”

“OK, OK!”

The middle-aged woman smiled with impatience and said.

“Hurry up and call the police, this thing is so dangerous, don’t hurt anyone in a while, if it hurts that handsome little brother last night, I must not die of heartache!”

.....

The Porsche was running frantically on the highway, but this time it was Lin Ran who was watching the car, and as for Wang Yifeng, he was busy fixing his hair at the moment.

The hair was corroded by the body fluids of the eight-eyed ghost spider last night, and then part of it was cut off by Lin Ran with his divine dragon axe, which made it uneven.

“How about it, actually I’m quite suitable for a bald head, I look a lot more amiable!”

Looking in the mirror, Wang Yifeng was very satisfied with the result of his hands.

Lin Ran glanced at it, but he couldn’t help but laugh, this guy was so big and thick looking, at this moment shaving his head bald really had a bit of Lu Zhi Shen’s look.

“What are you laughing at, you must be extremely fat master my face!”

Wang Yifeng could not help but say when he saw this.

Lin Ran was too lazy to pay him any attention and simply shook his head without speaking and concentrated on driving.

The last two hours of the drive were spent in rare silence, and by the time Lin Ran and the two of them returned to Tanjiang City, it was only ten o'clock in the morning.

Both of them were injured, and Wang Yifeng didn't even have any decent clothes on him, so they didn't stop the whole way and went straight back to the clinic.

At this moment, the clinic was full of customers, so Lin Ran simply gave his jacket to Wang Yifeng, so that he could cover his buttocks, and then the two of them squeezed into the clinic.

“Lin Ran! Fatty! You're back!”

The first one to see the two was none other than Qin Bing, who was already busy fetching medicine, and when she saw the two returning she greeted the nurse at the side to help, before rushing over herself.

“You guys are How come you're still injured, and how come Fatty's head is still bald!”

Qin Bing couldn't help but ask, his face both worried and unable to resist the urge to laugh.

“Fatty? How is this hair still bald!”

On the side, Liu Wenjuan, who happened to be passing by, also couldn't help but laugh out loud.

Seeing this, Fatty pretended to be deep and said.

“Can't the two masters see that? Fatty I am ready to gradient my bid and never get close to women again!”

“Don't get close to women? That's just right!”

Lin Ran smiled at his words and snapped his fingers, following up.

“Have Li Zheng treat his wounds, and you come upstairs with me to help me treat them!”

Lin Ran said as he rushed towards Qin Bing.

“Okay!”

Qin Bing nodded at his words.

The fatty was not happy when he heard this.

“On the basis of On what grounds! I want a female doctor to treat my wounds too, who wants that Li Dull Head!”

Chapter 347

Li Dull Head was the nickname given to Li Zheng by the fat man.

“Didn’t you say you don’t get close to women? How about you beg Wenjuan? Let her take care of it for you?”

Lin Ran said.

“Liu Wenjuan?”

Wang Yifeng heard but instantly blushed, remembering that last time this nun treated her own wounds and also extorted a pendant along with it, it hurt to think about it, he was busy waving his hand.

“No No need, I think brother Li Zheng is also good!”

Liu Wenjuan smiled but her face sank and frowned.

“Damn fatty, what do you mean! Dare to dislike me, today I still have to treat your wounds not!”

“Don’t! Don’t, help! Lin Ran you bastard, save me!”

The only sound that remained was the fatty’s cries for help.

Lin Ran and Qin Bing laughed and didn’t even bother to pay attention to him, and then they went up to the first floor one after the other.

Lin Ran took off his shirt in front of the floor-to-ceiling window, revealing his back, which was covered with wounds that were shocking to the eyes.

These wounds were not deep, but the number of them was very large. The impact of the huge wave caused by the eight-eyed ghost spider last night was too great, and even with the true qi protecting his body after a night of repair, these wounds still made Qin Bing’s eyes look red.

“You bear it!”

Qin Bing said softly, followed by fetching hot water and using a hot towel to clean all around the wounds.

After cleaning, looking at the entire back wound, Qin Bing could not help but fall into tears of heartache, and her fair palm could not help but place it on Lin Ran’s back.

On this side, Lin Ran was instantly struck by a machine, feeling like his whole body had been hit by electricity, which in turn made Qin Bing come back to her senses, her pretty face flushed as she hurriedly said.

“I’m applying medicine now!”

With that, she took out the ointment and applied it.

There were many wounds, but none of them were deep, and soon the ointment was all applied to one side, and then Qin Bing wrapped it again with gauze, which was all done.

“You can rest first!”

A little embarrassed just now, Qin Bing finished getting it done and immediately got up and prepared to leave.

But just as she stood up from the floor, she slipped and fell towards the counter with a scream.

“Watch out!”

Lin Ran saw this and hurriedly took a step forward to grab Qin Bing’s waist, and the two of them fell directly onto the sofa.

Qin Bing’s entire body was pressed against Lin Ran’s, and the softness of her body was all that mattered, but the key was the fragrant breeze that went straight to her nose, and even the cool touch of Qin Bing’s hands pressing against her own body made Lin Ran’s old face flush.

“Sorry! Sorry!”

Qin Bing hurriedly apologised and tried to stand up, but as soon as her slippery feet hit the ground, a wave of pain burst through her heart, causing her to fall down again.

This time, Lin Ran didn’t react at all, and the next moment the two of them collided directly into each other.

However, I don’t know if it was God’s intention, or if the two people’s destiny really came to a head, Qin Bing fell this time impartially, the two people directly The two of them are directly on each other.

The two people are facing each other with their eyes wide open, Lin Ran can even see Qin Bing’s cheeks gradually turning red, a pair of big watery eyes, also gradually closed up because of shyness.

The two of them didn’t know how long they waited in silence until a pig-like “Ah!” came from downstairs. Only then did Qin Bing react and hurriedly broke away from Lin Ran to sit on the sofa next to her.

“I that go down first!”

The atmosphere was awkward and Qin Bing got up to leave, but the sharp pain that came out of her ankle just as she got up forced her to sit down on the sofa again.

“What’s wrong?”

Lin Ran frowned slightly at this, and did not care about embarrassment as he hurriedly got up and asked.

Qin Bing smiled and said with some embarrassment.

“It’s probably an old injury!”

“An old injury? You’ve been injured before?”

Lin Ran sniffed in surprise, he didn’t remember Qin Bing having an injury to her ankle before.

“It was a few days ago, I enrolled in a fitness class and accidentally twisted my foot, it just so happened that you were out those days, so I didn’t know!”

Qin Bing said.

Lin Ran was stunned at his words and said with some embarrassment.

“I’m sorry, it’s because I’ve been too busy lately, and I’ve been negligent about the clinic as well as you!”

“It’s alright, if you’re busy, I can understand!”

Qin Bing said busily, she didn’t want to put any pressure on Lin Ran, this had been understood from the time she had absolutely come to help him in the first place.

“Come on, let me help you with a massage!”

Lin Ran sighed and got up to place Qin Bing’s feet on his lap, while quickly rubbing his palms together to warm them up.

“How about forgetting it, there are so many people down there in case someone comes up and sees it, it’s not good!”

Qin Bing lowered her head and said with some ill will.

“What’s wrong with that, isn’t it normal to rub your foot when it’s broken?”

Lin Ran said in a serious manner, but his words were full of concern for Qin Bing, which made her heart satisfied.

“Then Then, be gentle, I’m afraid of the pain!”

“Don’t worry, it only hurts a little at the beginning, it won’t hurt anymore later!”

Lin Ran reassured, followed by placing his palm on it.

When it came to massage, Lin Ran’s current attainments were definitely many times more powerful than those so-called massage experts and scholars.

The Xuan Yang Pharmacopoeia had countless records and techniques on massage, not to mention a small broken foot, which he could do with ease.

Placing his hands on his ankle, he followed Lin Ran as he looked up and asked.

“By the way, where has Kiki been lately? How come I haven’t seen her at all!”

“You said she, she’s been lately.”

Qin Bing was just about to answer, but Lin Ran gave a violent push, and immediately heard a “click”, and a sharp pain was transmitted into Qin Bing’s ankle, causing her to scream out with a painful “ah”.

“Be gentle!”

Qin Bing was on the verge of tears from the pain, but Lin Ran ignored him and quickly rubbed his palms together to continue the massage.

“There’s a problem with the ancestral grave of Qiqi’s family, it’s been busy for almost half a month, it should be finished in the next two days!”

Qin Bing said as he endured the pain, just as he finished those words, the pain in his ankle disappeared.

“Hey! It really doesn’t hurt, how did you do that!”

Qin Bing was busy looking towards Lin Ran for a curious question and answer.

Lin Ran smiled and then said.

“I’ve told you, it only hurts for the first bit, and then it won’t hurt afterwards, isn’t it still comfortable now!”

Feeling the warm feeling gradually coming from her ankle, Qin Bing couldn’t help but nod and said.

“It is indeed very comfortable, it looks like I’ll have to ask you to try it more often in the future!”

“Happy to oblige!”

Lin Ran said with a smile.

However, just as his words fell, there was an angry voice of a man from outside.

“Lin Ran you son of a bitch, Laozi is being bullied by that tigress and you’re actually here picking up girls, God is not fair, you return my innocence!”

Wang Yifei shouted outside, from the two just started massage he went to the door, just heard the conversation inside, but was stunned has not dared to come in, at this time heard the last Qin Bing said more to find Lin Ran, he could not hold back any longer.

Just the door on the first floor is unlocked, he this roar, immediately jolted the door open, when he saw inside Lin Ran and Qin Bing’s actions, immediately confused.

“You guys You guys How come you’re having a massage, you’re not supposed to be doing it!”

“It’s not supposed to be doing anything! Can you put some sunshine inside your pig head, you have nasty thoughts every day!”

Lin Ran couldn’t help but chastise.

“Hold Sorry, I’m going to get some sunshine!”

Embarrassed, Wang Yifeng hurriedly closed the door behind him and went downstairs in a huff, running outside to get some sunshine.

Chapter 348

“You’re saying there’s something wrong with Kiki’s family’s ancestral grave? How come I haven’t even heard her say that!”

Thinking that he hadn’t seen Luo Qiqi for a long time, Lin Ran couldn’t help but ask.

Qin Bing said as she sat up and put on her shoes.

“I only found out about it recently, last time you guys went to Qinghewan, it seems that her family had already found out that something was wrong near the ancestral tomb, but this half seems to be all about planning something, last night she called me to ask if you were back, and I only found out that the work was ready to start in the next two days!”

“Why didn’t she just call me!”

Lin Ran asked with a frown.

"It's not because I'm afraid of disturbing you, you've been busy with increasingly dangerous things lately, we're all worried for you!"

Qin Bing said, while her pretty face flushed, this we inadvertently spoke her mind as well.

"Hey, this silly girl, forget it I'll give her a call later to ask!"

Lin Ran said, while getting up and finding a new set of clothes to put on.

"Good!"

Qin Bing nodded at his words and followed the two of them as they prepared to go down.

But just then, downstairs was the sound of Wang Yifeng's voice.

"Hey hey! I say good sister, don't go up there now, your cousin is up there seeing a doctor!"

"Get out of the way, my cousin is a doctor still needs someone else to see him!"

Then a familiar voice rang out, it was Lin Ran's cousin Jiang Yi Yi.

"What's going on?"

Lin Ran saw the situation and walked out, asking while buttoning up, next to Qin Bing was walking down quickly with his head down, this scene looked at Jiang Yi Yi was stunned.

"Cousin Cousin, you... You actually!"

Jiang Yi Yi's pretty face instantly turned red as she watched, while she was so angry that she turned around and was about to leave.

"Hey! Why are you leaving?"

Lin Ran saw this and busily asked.

"You! You're shameless!"

Jiang Yi Yi turned around in anger and cursed, once Lin Ran saw this he knew that this nee-san must have misunderstood, and had no choice but to unbutton the button again.

"You!"

Seeing the bandages on Lin Ran's body, Jiang Yi Yi then understood that she had misunderstood this cousin.

"How did you get so many injuries, who did this?"

Jiang Yi Yi hurriedly asked, Lin Ran was his cousin after all, at this moment, seeing the dense bandages on the latter's body, she was still very worried.

"Don't ask, tell me what you want to see me about!"

Lin Ran smiled and digressed, what he and Wang Yifeng were facing was not something she, a little girl, could know, and once this matter involved the Jiang family, it would be difficult to get out of it in the future.

“Yes there is something, but will you really be able to do this?”

Jiang Yi Yi asked a little worried, she was afraid that Lin Ran’s current condition would aggravate his injuries if he still went out running so she was a little hesitant.

“It’s fine, just tell me!”

Lin Ran laughed, while reverting to the ground and bouncing to show that he was really fine.

“Alright then!”

Jiang Yi Yi saw this and only nodded a nod, then said.

“It’s like this, my father he’s very detailed feng shui you also know, recently the whole Temperance City is strictly investigating the fake jade matter, the impact on our family’s industry is still relatively big!”

“So I asked a very famous feng shui master to change the feng shui at home!”

“It was nothing, but since he finished changing it, I’ve been having trouble at home lately, and every night there are inexplicable sounds of doors opening and closing at home, but my brother took people to keep watch all night, but he didn’t even see a single shadow!”

Speaking of this, Jiang Yi Yi couldn’t help but look at Lin Ran and say.

“I know you know feng shui, so I wanted to get your help to take a look, besides that feng shui master will also go to my house this afternoon, so you”

Lin Ran heard this and already understood, immediately nodded and said.

“Good, I’ll make a trip with you later!”

“And Fat Master me!”

On the side, Wang Yifeng also hurriedly said, he was a person who couldn’t be quiet, if he was left alone at the clinic, he would rather go and bang his head against the wall.

“Can’t we go back tomorrow? The wound on your body just finished applying medicine, you are in need of a good rest!”

On the side, Qin Bing said with some worry.

Lin Ran smiled but waved his hand and said.

“It’s fine, just going to check the feng shui, it’s not like I’m going to do anything, and it’s just enough to allow the medicine to absorb some more effects!”

“Then you take care of your safety!”

Qin Bing knew he couldn’t persuade Lin Ran, so he had to remind him to be safe, and then he went to his own business.

When he came back from An County, he had to go out again before he could meet Song Nuan, and Lin Ran couldn't help but lament that he was afraid that his life would be a life of toil, and he didn't know when he would be able to settle down and have a few days of peace.

After the final exams, it would be time for her to go on holiday.

"It's almost New Year's Eve too, young must settle this Long Tian!"

The more Lin Ran thought about things in his mind, the more he became annoyed, and finally he simply shrugged it off and pulled Jiang Yi Yi aside to do so.

It was still early, so the three of them waited at the clinic for a while, during which Lin Ran learned more about the Jiang family's situation, and waited until after lunchtime before the three of them left the clinic together and headed for the Jiang family.

Through a detailed conversation with Jiang Yi Yi, Lin Ran learnt that a lot of things had happened in Tanjiang City during the two days he was away.

The first was that with the intervention of the police, the fake jadeite matter had been reduced considerably, but there were still signs of activity, apparently because Lang Tian was still struggling to hold on, after all, he was also on a mission.

The second matter was the area of Wan Ren Mountain. It was said that a few days ago, a part of Wan Ren Mountain showed signs of collapse and landslide, and several surrounding villages were forced to move and relocate.

"Relocated and relocated?"

Lin Ran's heart couldn't help but sink when he heard this news, while Wang Yifeng even hurriedly asked about the exact location of the collapse, and was only relieved when he was sure that it didn't involve the place his old man had left behind.

The place where he had gone to get the jade flute had collapsed after he got it in his hand, and the only thing that was still on his mind now was the ancient tomb.

After all, it was the place where his old man was buried, with the tombstones of his old man and his old mother, whether it was real or not was not to be discussed, at least it was a place for his spiritual support.

As for the doubt in Lin Ran's mind, it was related to Luo Qiqi. Was the sudden relocation of the Luo family's ancestral tomb also related to the sudden collapse of Wan Ren Mountain?

He could only wait until he had settled the matter with the Jiang family and give Luo Qiqi a call to ask about it.

The three of them soon arrived at the Jiang family's house by car, still in the same courtyard and with the same layout.

However, on this journey, Lin Ran did not find any signs of a wrong situation, the feng shui trend and aura of the entire courtyard was still the same as before, as if nothing had changed.

“Didn’t you say that the feng shui had been altered? Where is the alteration?”

Lin Ran asked, frowning.

“Just down the hall, I’ll show you! But you have to be careful, that feng shui reader, Daoist Master Luo, should already be here!”

Jiang Yi Yi said busily, following which she led the way ahead, leading Lin Ran’s group towards the hall.

Chapter 349

“This Taoist Master Luo is a very famous Feng Shui master, although I basically don’t care about my family’s business, I have heard of him!”

“And it was through Luo Ming that father found him this time!”

As he rushed to the hall, Jiang Yi Yi explained.

“Luo Ming?”

Lin Ran couldn’t help but frown slightly at his words, Luo Ming was none other than Luo Qiqi’s father, the current helmsman of the Luo family, and he was the one who had given him that Luo’s Supreme Card back then.

“This time when the Luo family relocated their ancestral tomb, he wouldn’t have shown it to them as well!”

Lin Ran had some vague worries in his heart, according to the current situation, this Daoist Master Luo was probably a fraud, otherwise how else would he have finished changing the Jiang family’s feng shui and the Jiang family had the sound of opening and closing doors in the middle of the night.

But if he was a liar, how could Luo Ming have recommended him to Jiang Sansi? And he was probably also the feng shui consultant for the Luo family’s relocation of their ancestral tomb, so it was reasonable that his feng shui attainment should not be bad.

Unable to think clearly for a while, Lin Ran did not bother to think about it and quietly followed Jiang Yiyi as he quietly hurried along.

.....

At this moment in the living room, Jiang Sansi was sitting on the main seat, while at the side stood Jiang Linshan, at this moment both of them were looking at a white haired old man next to them with a smile on their faces.

“Daoist Master Luo, I wonder what the result of your look is this time?”

Jiang Sansi asked with a smile, while Jiang Linshan at the side had a hint of consideration in his eyes, as if he held a sceptical attitude towards this Daoist Master Luo in front of him.

He was an old man of about sixty years of age, and he did not know whether it was because of his age or whether he had deliberately dyed his hair and beard white, and even his eyebrows were white.

If the eyebrows were joined together, it would be the legendary one horizontal eyebrow.

“There’s no problem with feng shui, whether it’s a burglar or a rat in the house, I don’t know. But you suspect that something unclean has entered, this makes no sense!”

Taoist Master Luo leaned back in his chair and said indifferently.

Jiang Sansi frowned slightly at his words and asked rhetorically.

“I wonder if Daoist Master Luo has anything to say about this? Although I am a keen fan of feng shui, I am only a layman after all, so I wonder why Daoist Master would say this when he said that unclean things are not justified?”

“The reason is very simple!”

Taoist Master Luo smiled at his words and got up, before pointing to the door, the feng shui pattern that had just been altered, and laughed.

“The curved shadow wall outside the door is like a curved moon, which can send the breeze into the hall, this is the curved moon and clear breeze pattern, which is a good feng shui pattern.

Look over here!” said Taoist Master Luo, pointing to the offering table beside Jiang Sansi and laughing.

“The table of offerings is set up in the middle, with the God Wu Guan Gong Guan Er Master on top, this is the best choice to shock the demons and drive away the evil spirits, just ask if such a pattern will attract unclean things?”

“Moreover, if it is true, as you say, that it attracts unclean things, why is the divine figure of Guan Er Gong still standing? And did the Jiang family have a bloodbath?”

The words of Daoist Master Luo were so powerful that for a while they really subdued Jiang Sansi, and with the fact that the former was someone introduced by his good friend Luo Ming, for a while he was a bit uncertain.

“Taoist Master Luo, if this feng shui pattern you mentioned is so good, then what is the explanation for the noises in my house in the middle of the night for the last two days?”

Jiang Linshan asked, getting straight to the point.

Hearing this, Daoist Master Luo frowned slightly and spoke.

“I still say that there are suspected thieves or rats and other things, after all, you haven’t found the culprit in the past two days, right, so how can I assume that there is something wrong with my feng shui changes?”

“Alright!”

Taoist Master Luo’s slightly angry words caused Jiang Sansi to frown slightly, afraid that if his son pressed on, he would annoy the famous feng shui master, and he was busy laughing.

“In that case, then our Jiang family will send more people to find out the cause as soon as possible, and I thank Daoist Master Luo for making the trip!”

Jiang Sansi said and wanted to get up to see him off, but Jiang Linshan, who was at the side, wanted to stop him, but he was glared at by the former.

However, at that moment, a voice drifted in from outside, only to hear a young man say in a deep voice.

“Who let this curved screen’s shadow wall be placed here, it’s simply stupid!”

“Yes! It’s stupid!”

Followed by what was actually another youth’s voice echoing the words.

Hearing these two voices, Daoist Master Luo’s face turned completely ugly, but due to his high ranking posture, he naturally could not immediately rush out to argue with them, and had to turn his head to look at Jiang Sansi.

“Don’t go and take a look yet!”

Jiang Sanshi saw this and rushed to Jiang Linsan, who was on the side, and scolded.

“Yes!”

Will Lin Ran sniffed and was about to go out to check, but just then a voice that was very familiar to them all rang out.

“It’s that Taoist Master Luo, this is the feng shui bureau he altered!”

“Yi Yi?”

Hearing this voice, Jiang Sansi exclaimed straight away, a voice he was all too familiar with was none other than his own daughter’s.

“Dad? You’re home, I thought you were in the study!”

Hearing Jiang Sanshi’s voice, Jiang Yi Yi immediately returned, and promptly walked in with the two of them, Lin Ran.

Only just as she entered the hall, she was stunned because at this moment, Daoist Master Luo was looking at the three of them with a gloomy face.

“Luo Daoist Master Luo, you are already here, I I’ll go and pour you some water!”

Jiang Yi Yi said awkwardly and was instantly ready to bolt, only before she could take a step, Daoist Master Luo spoke up.

“Stand still!”

Following this, Daoist Master Luo swept his eyes towards the two Lin Ran and said in a cold voice

“The one who just said that there was something wrong with the placement of my curved shadow wall, do you know if you can come out and have a lesson with me?”

“Daoist Master Luo!”

Jiang Sansi saw this and was busy opening his mouth to try to persuade, however, Daoist Master Luo waved his hand and directly stopped the former, while saying in a cold voice.

“Elder brother Jiang, you should not interfere in this matter, it is a matter of my reputation, this matter must be made clear!”

“But Daoist Master Luo”

Jiang Sansi was about to say something else, but Jiang Linran, who was on the side, spoke up.

“Father, I think Daoist Master Luo has a point, this kind of thing must be investigated clearly, why not take a look first!”

“You!”

The reason he wanted to stop was that he did not want to offend Daoist Master Luo, after all, the latter was extremely famous in the entire Temperance City circle, in case he really had real skills and was thus offended, he was afraid that he would not have the chance to teach him well in the future.

“Mr. Jiang, since this Taoist Master Luo is interested in having a lesson, why do you have to stop it?”

Suddenly, Lin Ran looked at Jiang San Si and spoke, and as soon as he addressed him, all three members of the Jiang family were stunned, especially Jiang San Si, who knew that Lin Ran was his nephew and should have addressed him as uncle.

But the surprise was only momentary. As a veteran of the business world, Jiang San Si quickly reacted to the fact that Lin Ran was calling himself this because he wanted to draw a clear line with himself first, so that if he confronted Daoist Master Luo later, no matter what the outcome would be, at least the relationship between the Jiang family and this Daoist Master Luo would not be damaged.

Jiang Yi Yi and Jiang Lin Shan quickly reacted as well and immediately laughed.

“Since this brother is so bold and dares to argue with Daoist Master Luo for a moment or two, then we are in for a treat today!”

“Yes!”

On the side, Jiang Yi Yi also hurriedly echoed.

“Fine!”

Taoist Master Luo snorted coldly at his words, and he also saw that the person who had just commented on his curved shadow wall was this young man who was facing cleanly, so he immediately waved his hand and pointed to the courtyard outside and said.

“A newborn calf is not afraid of a tiger, so let’s go to the courtyard and have a discussion or two, shall we?”

Lin Ran smiled at his words, followed by the same wave of his hand and pointed outside, laughing.

“Great! Please, Daoist Master Luo!”

Chapter 350

A group of people quickly arrived in the courtyard, Lin Ran and Daoist Master Luo stood opposite each other, and behind them stood Wang Yifeng and Jiang Sansi respectively.

As for Jiang Linshan and Jiang Yiyi, they were standing to one side, and the atmosphere in the room became frosty for a while.

“What did you say just now? That the curved shadow wall is simply stupid to be placed here? Then I would like to ask, how is it stupid?”

Daoist Master Luo was the first to speak up and ask.

Lin Ran smiled blandly at this and said.

“Then dare I ask Daoist Master Luo, what was your original reason for placing the curved shadow wall here?”

“Naturally, it is to attract wind and gather wealth!”

Said Daoist Master Luo, and then said again what he had just said to Jiang Sansi and the others in the room, and then said.

“The shadow wall is like a curved moon, sending wind into the hall, sitting in front of the hall of Guan Gong, evil spirits shall not be frightened, this is the core of the whole feng shui bureau, you say stupid? I would like to ask you, who did you learn Feng Shui from and how many years have you been studying?”

When he said the last three words, Daoist Master Luo’s tone became very heavy, obviously with a sense of anger and a bit of disdain at the same time.

“Amateurs? Old man do you know what the two people in front of you do? Big talk!”

To the side, Wang Yifeng didn’t listen to what he was saying at all, except that hearing the final remark about Lin Ran being an amateur made him a little upset.

He was a professional ghost hunter, and Lin Ran was a professional doctor, but also proficient in the art of feng shui. To dare to call them amateurs in front of both of them was simply questioning their competence.

“Well, at such an old age, you’ll give any more scares! Can you afford to pay for it when the time comes!”

To the side, Lin Ran hurriedly blocked the way.

Wang Yifeng laughed at this and said.

“That’s right, my poor family doesn’t have any money, blackmailing me, I really can’t pay back!”

Wang Yifeng said and walked to the side and quietly did it.

The two of them sang and sang, and heard Daoist Master Luo’s ugly face as he coldly scolded.

“Jumping clown, if you have the real ability to play against the old man, saying such unpleasant words will only make you look ignorant and stupid!”

Lin Ran looked up at Daoist Master Luo before smiling lightly.

“Daoist Master Luo, do you really want to play a game?”

Daoist Master Luo’s face sank at his words and he said directly.

“Cut the crap and speak!”

“Yes!”

Lin Ran replied aloud at his words, then pointed distantly at the curved shadow wall next to him and said at once.

“The saying that a curved surface is like the moon is true, but Daoist Master Luo should also know the saying that a curved surface is like the moon but also like a bow!”

“What are you trying to say!”

Daoist Master Luo’s face was gloomy, and his eyebrows could not help but jump.

“A bow! It’s a bow and arrow, I don’t think anyone is in doubt about that!”

Lin Ran turned his head to look at the crowd, and all three of Jiang San Si nodded their heads, indicating that they had none.

“Good! That Taoist Master Luo’s sending the wind into the hall seems to me to be a wonderful wish, but the reality is cruel!”

Saying this, Lin Ran pointed to the sky and continued.

“It’s afternoon and the sun is high in the sky, what if it were night instead!”

As soon as his words fell, he didn’t know if the heavens were listening too, or if it really was lucky that it happened to be raining, flakes of dark clouds soon blocked the sun, and the whole sky became dark all of a sudden.

“At midnight, when the silver moon is in the sky, the sun and Taiyin are originally two opposing sides, and at night the silver moon is as cold as an arrow, and this curved shadow wall of yours sends not a clear breeze, but a heart-piercing and bone-penetrating wind!”

“You!”

He hadn’t considered this at the time, and to be honest his Feng Shui skills were not very good in the first place, he was just making a living with his years of experience in society.

The only thing that made him stand firm in Tanjiang City until now was luck and the praise of those dignitaries. If we really want to get serious about feng shui, I’m afraid his skills are no match for Wang Yifeng.

“Don’t be anxious, let’s move on!”

Lin Ran looked on with a bland smile, then pointed to the hall and said.

“Master Guan is sitting in the middle of the living room and guarding the door of the hall, there is no problem with that!”

Hearing these words, Daoist Master Luo’s face could not help but relax a few points, at least of the four words he had said, this one Lin Ran did not refute, which still gave him some comfort.

But no sooner had this relaxation risen than Lin Ran spoke again.

“But have you thought about it? If Master Guan hadn’t been holding down the hall door, I’m afraid that this night’s heart-piercing wind would have blown the Jiang family into ruin!”

“Ah!”

“What!”

Hearing Lin Ran’s words, Jiang Sanshi and Jiang Linshan’s father and son both came in shock, and even Jiang Yi Yi who was at the side couldn’t help but cover her mouth.

Lin Ran was a relative of their family, there was no way he was talking nonsense, and the words he was saying at this time were obviously very credible, while in looking at Daoist Master Luo, by now he was already so angry that his face was blue and he could no longer even interject if he wanted to argue.

“Thanks to the fact that the master concerned was here to guard the place, that’s why he didn’t let the Heart Penetrating Bone Wind cause a bigger disaster, otherwise the consequences would only be more serious!”

Lin Ran said in a cold voice.

“You... What evidence do you have to prove one thing, Feng Shui is supposed to be ever-changing, there will be no problem with this Bending Moon and Clear Wind Bureau of the old man!”

Daoist Master Luo retorted, he really couldn’t find any explanation to dislike Lin Ran, so he simply came up with this set of deadly rhetoric.

Anyway, feng shui is a very mysterious art, and if he could not find any conclusive evidence, he could not do anything about it even if he said something about flowers, as long as he refused to admit it.

He has a certain amount of prestige in the wealthy circles of Tanjiang City. Even if this matter will have a certain impact on him, as long as he comes out and refutes it a little by saying that he deliberately planted the evidence to smear himself, it will pass in time.

“Taoist Master Luo wants proof? That’s fine!”

Lin Ran looked at him and laughed blandly, how could he not know what this Daoist Master Luo was up to again, and immediately smiled at Jiang San Si who was on the side.

“Master Jiang, haven’t you guys been checking out the middle of the night rumblings at home again! Then I’ll tell you what’s going on now!”

Lin Ran winked at Wang Yifeng, who understood and got up and closed the living room door with a bang.

Lin Ran then pointed to the sky.

“The only thing missing is the vagueness, but it doesn’t matter much, it’s dark and windy, the demon wind will rise, just watch carefully!”

Said Lin Ran then looked towards the closed door of the hall, Jiang Sansi and others saw this also could not help but turn their heads to look over.

When Daoist Master Luo saw this, he gave a cold snort helplessly and followed suit, also turning his head to look over.

All at once, everyone’s eyes fell on the hall door.

One point, two points, three points As time passed, after more than ten minutes, to everyone’s surprise, the door of the hall did not change a bit.

Jiang Sansi saw this and could not help but open his mouth wide.

“Little friend Lin Ran, this situation”

“Don’t be anxious, just wait!”

Lin Ran laughed indifferently, however, Luo Daoist at the side could not help but open his mouth and sneer.

“Waiting is? How long do we have to wait? I have limited time, I have other things to do later, do I have to wait here with you brat for a day!”

“Bang!”

Suddenly, just as the sound of Daoist Luo’s voice fell, the sound of a door opening actually rang out in the distance.

Everyone hurriedly looked and was instantly shocked, the door of the hall, which was originally closed, actually opened at this moment, but everyone did not move, the door of the hall simply opened by itself.
