

Wonder Doctor

Chapter 351

“This ....”

Seeing this scene, everyone froze, especially Daoist Master Luo, his face was tinged with a bit of embarrassment in addition to surprise, just now he was still dead set against admitting it, but now the truth was already in front of him.

“Daoist Master Luo, how could this happen?”

Jiang Sansi was busy looking at Daoist Master Luo, with disbelief in his eyes as well.

“Sh.... What would be like this, it might be that a wind just happened to blow by just by chance!”

Luo Daoist said with an ugly face, he naturally did not want to admit that there was something wrong with his feng shui bureau, this was simply a slap in his own face.

“It just so happened that there was wind?”

Lin Ran laughed at his words, and then everyone heard a “bang” once again, and when they looked, the door that had been opened actually closed up again.

“Bang!”

Then there was another sound, and the door that had just been closed was blown open again.

“Bang, bang, bang!”

This was repeated with increasing speed, while Jiang Linshan at the side was already listening with his brows furrowed together.

“Father, the loud noise coming from our house at night is this sound!”

“I know!”

Jiang Sansi said with an ugly face, thanks to the fact that he had trusted this Taoist Master Luo so much before, but now, seeing the truth of the matter, his intestines were turning blue with regret.

He naturally liked Feng Shui and had some insights of his own on it, but he never thought that he would actually be cheated by an old man this time.

The key was that this old man was very famous in the entire business circle of Tanjiang City.

“Old man, do you have anything to say now?”

On the side, Wang Yifeng looked a little impatient and went forward to drink Wen’s reply.

At this moment, Daoist Luo’s face was blue and white, very embarrassed, but he was at least a member of the rich and powerful circle in Tanjiang City, if he could not resolve the embarrassment in front of him, I am afraid that overnight his name would have to be completely stink.

Thinking in his mind, Luo Daoist said directly with a grit of his teeth.

“What is there to say, feng shui a profound and profound, although I can not see how you made the situation in front of you, but there is wind around, usually people into the wind room door will have to shake twice, let alone the Jiang family this house deep courtyard high!”

Said Luo Daoist directly turned to look at Jiang Sansi, coldly said.

“I feng shui bureau also see, the problem also with the ending, Jiang old brother if you do not believe than to find me again, today this old man I do not bother to explain, we are here to say goodbye, the future like passers-by it!”

Said Luo Daoist turned around and was about to leave, however, a side of Wang Yifeng is directly an arrow step blocked in front of the former, sneered.

“No still can’t leave, you are obviously not convinced by these words, we have knocked you away with a gong in your face, you now leave your words and want to leave, does that mean your heart is weak, or we are mistaken, you don’t want to see us in general?”

“You!”

Taoist Master Luo was so angry at his words that his face turned a few shades darker and he said in a deep voice.

“Kid, don’t push too hard, I don’t want to argue with you about anything, it’s better to stop in time!”

“Stop in time? It’s not impossible, but you have to answer me a question!”

Lin Ran suddenly stood out from the side and asked.

“What kind of question?”

Daoist Master Luo gave him a look with caution in his eyes, the situation he was in now was very unfavourable, if he said the wrong thing the reputation he had managed to cultivate in Temperance City was likely to collapse, so at this moment he was extra vigilant and careful.

Lin Ran looked at his actions, smiled knowing what was on his mind and asked.

“Quite simply, is the Luo family’s recent grave relocation related to you?”

Daoist Master Luo’s face visibly turned aside at his words, but he quickly regained his composure and after a slight moment of contemplation, followed by a flutter of his sleeves, he said.

“I don’t know what you are talking about, farewell!”

He said and turned around and left.

“Hey hey!”

Wang Yifeng saw this and wanted to stop, but he was stopped by Lin Ran who was on the side.

“Why aren’t you chasing after him!”

Looking at Daoist Luo striding away, Wang Yifeng was busy asking.

“There’s no need to chase, his expression already says it all!”

Lin Ran laughed blandly.

“Lin Ran, what the hell is going on!”

To the side, Jiang Sansi looked bewildered and hurried over to ask.

Jiang Linshan and Jiang Yi Yi were also busy coming over, asking with a strange look on their faces, somewhat puzzled by Lin Ran’s last question just now.

“I don’t know much about this, to put it mildly, but I’ve also recently left Temperance City for a few days, so why don’t we find a place to have a closer chat!”

Lin Ran said.

Jiang Sansi sobered up at his words, slapped his forehead and said

“Hey, look at my brain, let’s go, let’s go to the living room and talk slowly!”

With that Jiang San Si hurriedly invited the two Lin Ran into the room, and the two siblings, Jiang Lin Shan, who were on the side, also followed them in.

In the room, the group sat down and opened up their conversation.

Lin Ran first told them some of the things he knew about the Luo family, and finally said.

“I also just learned that the Luo family has recently been relocating their ancestral graves, and this Daoist Master Luo is likely to be related to the former’s ancestral grave relocation!”

Lin Ran said.

Jiang Sanshi nodded at his words, before saying.

“In that case, I’ll have to call old friend Luo Ming and tell him to be more careful, I didn’t know before that this Daoist Master Luo was actually a fraud, and I gave him a benefit fee for nothing!”

When he said “benefit fee”, Jiang Sansi was furious in his heart, and his anger was unbearable, but fortunately he had been in business for half of his life, and he quickly adjusted to it.

Lin Ran then asked Jiang Sansi some more questions about his family and learned that nothing else had happened in the last two days apart from this feng shui business, and only then did he nod reassuringly.

Lang Tian was now being chased around by the police and obviously had no time for Lin Ran and the Jiang family, and as long as Jiang San Si had made things clean in the first place, it was likely that he would not even know that the Jiang family was involved in this matter.

The group talked for almost an hour, and as they watched the sky outside getting worse and worse, it seemed to be about to rain heavily, so Lin Ran stopped staying and got up to say goodbye to Jiang Sansi and the others.

The group arrived outside the hall, and Lin Ran was just about to leave when Jiang Sansi realised that the feng shui bureau of the house had not yet been corrected and hurriedly said.

“Lin Ran, what should we do with this feng shui bureau!”

Lin Ran smiled as he turned his head to look at the curved shadow wall, and then laughed.

“It’s very simple, just get a few craftsmen to polish this curved shadow wall flat and that’s it!”

“Just sand it flat? You don’t need to make any other changes?”

Jiang Sansi was still a bit uneasy and asked.

“No, if it’s not a curved shadow wall, it won’t be able to form a wind hide, so the overall feng shui won’t be affected!”

Lin Ran said with a smile.

Jiang Sansi nodded at his words, and only then did he put his mind at ease.

The group then left the door, followed by Lin Ran and the two of them then got into the car and left.

The incident with the Jiang family was supposed to be a minor hiccup, but I don’t know if the heavens were deliberately holding back or if it was really just such a coincidence.

Not long after Lin Ran and the two of them drove away, a thunderclap was heard in the overcast sky, followed by a downpour of rain.

While the entire city was covered in torrential rain and the sound of thunder resounded through the sky, no one noticed that far away from the edge of Temperance City, on the Wan Ren Mountain, there was a huge rumble.

A sharp-edged rift broke off and fell down the side of the mountain, while the noise, which should have been very loud, was completely overshadowed by the heavy rain and the sound of thunder.

## Chapter 352

The rain was pouring down and it was supposed to be the rush hour after work, but there were few pedestrians on the road and even fewer cars, all because the rain was so violent.

“The sky has suddenly changed, I’m afraid another disaster is about to happen!”

Lin Ran sat in the passenger seat, his heart a little heavy.

He was a medical student and firmly believed in the power of science, but since he had obtained the Xuan Yang Pharmacopoeia, he had discovered that this book, which recorded the accumulated experience of his ancestors for countless years, had a lot of feng shui stuff.

At first, Lin Ran only drew on some of the conventional medical theories and methods of treating illnesses and saving lives, but after gradually delving into the more profound art of Chinese medicine, he discovered a problem.

But some long lost Chinese medical techniques, whether it was massage or acupuncture and fire therapy, were incomparably related to Feng Shui, as if these two originally unrelated disciplines were fused into one in this book, playing a complementary role.

“The healer is benevolent, and this is still the case in feng shui.

Lin Ran couldn't help but sigh with emotion, a feng shui practitioner could seize the creation of heaven and earth and change the feng shui qi, wasn't this precisely the means to heal heaven and earth?

"After all, I know too little about the Xuan Yang Pharmacopoeia, perhaps when I know more about it in the future, I will be able to peek into the connection between the whole way of Chinese medicine and the way of feng shui, then perhaps I will be able to heal the world and be at ease."

All along the way, Lin Ran looked out of the window at the heavy rain and pondered the mysteries of the Xuan Yang Pharmacopoeia in his mind.

The drive, which originally only took an hour or two, took three hours to get back to the clinic because of the heavy rain.

At this time, there were no patients in the clinic, so Li Zheng and the others went back early when they saw that the weather had changed and there were no customers.

However, what surprised Lin Ran was that Qin Bing had not left, and even Song Nuan had come.

"Why aren't you two going home?"

Seeing the two, Lin Ran couldn't help but ask.

"I have some uneasiness in my heart here!"

Qin Bing was the first to speak.

"Restless? What about you?"

Lin Ran frowned, then looked at Song Nuan, with such bad weather, this nee-san should have gone straight home, why did she come to the clinic too?

"I'm also blocked up inside, it's like something's about to happen!"

Song Nuan said with the same worried face.

"You guys!"

Lin Ran saw this and couldn't help but frown slightly, he also noticed that ever since he saw the sky gloomily pulling down at Jiang's house, his entire mood had become a few points lower, just that on the way back he thought it was related to the Xuan Yang Pill Canon, so he didn't pay too much attention to it, at this moment when he saw that both women were in this situation, he couldn't help but be very suspicious in his heart.

"The two of you are just idle, listen to me, let's go to the nearby hot pot city to eat hot pot, I guarantee that all your worries will be gone!"

Wang Yifeng sat down on the sofa and turned on the TV.

As soon as the TV was turned on, everyone's attention was drawn to it.

"According to the latest news from our station, the sudden heavy rainfall in the city may be related to the Ten Thousand Renmin Mountain!"

“Wan Ren Shan?”

Hearing this name, both Lin Ran and Wang Yifeng could not help but be stunned, with the latter following.

“Are the weather forecasts so unreliable nowadays? The ghostly weather is even linked to the Ten Thousand Ren Ren Mountains, could it be that my father’s unjust spirit is taking the piss?”

“Go! Behave yourself!”

Lin Ran couldn’t help but glare at him, and then watched the TV carefully.

The TV screen shifted, followed by the situation on Wan Ren Mountain, but the picture was very blurry and shaky, obviously not taken by the reporter himself, but by a passer-by.

“According to eyewitnesses, the mountain commonly known as Mount Pillar and Pestle in the Ten Thousand Ren Ren Mountains collapsed at around 7pm today, with the ring-shaped wall outside Mount Pillar and Pestle fractured, leaving only the upper part of the mountain less than ten metres high, while the lower part of the mountain has all collapsed, while the middle body is unaffected!”

“Pestle Hill? Is that the mountain that looks like a pestle and mortar?”

Wang Yifeng couldn’t help but ask.

The Pill Pestle Mountain was a very inconspicuous scenic spot on the entire mountain range of the Wan Ren Mountain, and because of its location very close to the middle, almost no one would go there to play.

Only one pestle remained, but the surrounding walls of the ring of mountains resembling garlic mortars had all collapsed.

“It’s been a long time since a collapse has occurred on Mount Wan Ren, and I’m afraid this incident is linked to the torrential rain, so I’m afraid this year is going to be a bad one!”

Lin Ran couldn’t help but lament.

It was only a month before the New Year, and Song Nuan’s school was about to start its final exams, but something had happened to Wan Ren Mountain at this time, and it was not clear if it was a coincidence or if someone had done it on purpose.

“What should we do? Let’s stay here tonight or else!”

Song Nuan said with a sad face, there were at least so many medicine racks inside the clinic, as well as Qin Bing accompanying her, but when she returned home to the empty nagging only her, even if Lin Ran went back with her, a big man which is as comfortable as a best friend.

“Yes, I’ll stay and keep you company!”

Qin Bing smiled at her words.

“Hey hey! I’ll go and buy some food and drink, so we can talk about life while we eat!”

Wang Yifeng hurriedly interjected.

“Who wants you? You’d better go and find Liu Wenjuan!”

Qin Bing laughed at his words.

“Liu Wenjuan? No way, the two of them ....”

Song Nuan couldn’t help but laugh as well when she heard that.

“Hey hey! Don’t talk nonsense, Master Fatty I am a serious man, let you guys talk like that, how can I still get a wife in the future!”

Wang Yifeng said in a hurry.

Lin Ran saw Song Nuan and the two women were laughing at this point, he couldn’t help but sigh, there were times when Wang Yifeng’s mixed skin character was really a bit of a moving target.

“What to ask for a wife, I see people Liu Wenjuan is quite good, why do you still dislike them!”

Lin Ran said.

“It’s not that I don’t like her, the point is that I like the gentle and virtuous type, who likes to have a female tiger in the family?”

Wang Yifeng said.

“You!”

Lin Ran still wanted to dislike him, but at that moment his phone suddenly rang.

“Huh?”

When he picked it up and saw that it was Luo Cheng calling, Lin Ran couldn’t help but be stunned.

This kid hadn’t contacted himself for a while, it seemed that Luo Ming was intentionally grooming him to be his successor, so he had been very busy recently, but he didn’t expect to call himself at this juncture.

“Brother Luo, what’s up?”

Picking up the phone, Lin Ran asked directly without any nonsense, it was still raining heavily outside, it was obvious that calling himself at this time could not be to ask for a good day.

“Ranzi where are you, something has happened to Qiqi!”

On the phone, Luo Cheng said in an anxious voice, even with a few cries, as if he had encountered something very serious.

“What’s going on, don’t be in a hurry and speak slowly!”

Lin Ran face changed busy Q&A, a side Wang Yifeng and other people saw the situation also busy to come over, each one’s heart followed collapse.

On the phone, Luo Cheng was busy slowing down a breath, and then said.

“Kiki, Kiki went to sweep the ancestral graves, encountered a heavy rainstorm trapped in the mountain, and now the Wanren Mountain has sent a landslide, all the people who went with them have come

down, but only she has not come down, I really have no choice before calling you, can you come and save her, I only have this one sister ah!”

Chapter 353

“Don’t rush, tell me the location, I’ll go there now!”

Lin Ran said busily.

“Good! Good, it’s on the north side of Wan Ren Mountain, here at the Watching Heaven Gate scenic spot, we’re all here!”

Luo Cheng said busily.

Lin Ran smiled and already had a rough location in his mind, so he immediately hung up the phone, turned around and prepared to go out.

“I’m going too!”

Song Nuan saw this and hurriedly shouted.

“Yes and me too!”

Qin Bing was also busy saying.

The two of them and Luo Qiqi were very good girlfriends, and they had no desire to stay here after what had happened to the latter at this time.

“Naturally there’s me too!”

On the side, Wang Yifeng had already brought four sets of mackintoshes and some lighting tools, all of which he had put on his body, ready to go at any time.

“Let’s go!”

Lin Ran didn’t care about nonsense, time was everything now, Luo Qiqi was still trapped in the mountain and he didn’t know what the situation was, he had to hurry to get there.

The group of people immediately left the pharmacy, got into the car and headed straight for the Wan Ren Mountain.

On the way, Song Nuan also hurriedly called his father to tell him about Luo Qiqi’s accident on Wan Ren Mountain.

However, Lin Ran naturally did not ask about his side of the arrangement, as an additional rescue force would also provide an additional guarantee, but to be honest, he did not hold much hope.

The whole Wan Ren Mountain was so big, and there had been a collapse and landslide after Luo Qiqi was trapped, and it was also raining heavily at this time, trying to search the mountain with the number of people was as hard as heaven!

“Ranzi, don’t be impulsive later, there’s no telling when Long Tian will strike now that the enemy is at hand, so you must be calm!”

Wang Yifei was vaguely worried, last time, in order to save his family's child, Hu Ming did not hesitate to use the Thousand Mile Search, although in the end, it was Master Hu who stole the beam and reported Hu Ming down, but he himself also sacrificed his own life.

Wang Yifeng was really afraid that Lin Ran would also use the Thousand Mile Trace on impulse, and then I was afraid that the result would be unacceptable to many people.

"Don't worry, I know the score!"

Lin Ran nodded his head, but his heart was vaguely uneasy.

The four of them drove in silence all the way, although it was raining heavily outside, but Wang Yifeng also played hard to drive, originally needed three hours drive, but he was hard to drive in an hour and a half to finish.

.....

Wang Tian Men, is a scenic curve entrance in the middle of the Wan Ren Mountain Range, because here a huge gap appeared in the Wan Ren Mountain Range, and a special platform was built at the entrance of the scenic area to watch, because only then did the expression Wang Tian Men come into being.

At this time in the square of the Lookout Heavenly Gate, Luo Cheng was wrapped in bandages with a pale face, allowing the furious rain to hit his face, still not far into the house to take shelter.

"Young master, go inside, the master has already sent someone up to search and rescue, I believe there will be results soon!"

He was holding an umbrella in his hand, but in this windy and rainy night, it was like a flat boat, of no use at all.

"The result? Father has already shot three groups of people in, and has a single person come back to say they found someone!"

Luo Cheng slammed his fist on the ground in anxiety, he regretted in his heart, if only it had been himself who had gone up the mountain this afternoon, if only it hadn't been his sister, how much better it would have been.

"Young master, Luo Chui has already made the call, and Daoist Master Luo is on his way here now!"

Suddenly, a voice came from the doorway of the room next to him, and Luo Cheng looked hurriedly at his words, but with a hint of anger in his eyes.

"Luo Chui, Daoist Master Luo, if my sister goes out this time, neither of you will have a good time!"

Luo Cheng secretly swore in his heart, while scolding the security guard next to him.

"Go and drag Luo Chui out for me, and tell him to personally guard the Watchtower Gate for me! And no umbrellas allowed, until his master arrives!"

"Yes! Young Master!"

A bodyguard immediately nodded and rushed into the room, and soon a youthful figure was dragged out, wearing a Taoist robe that rarely looked like a Taoist boy, except that his thievish eyes made people's hearts sick at first glance.

"Hey, hey! Young Master Luo what are you doing, I am the disciple of Taoist Master Luo, my master will not be pleased if you treat me like this!"

Luo Chui hastily shrank back under the eaves and looked at Luo Cheng in the heavy rain with a disdainful face.

"If my master is displeased, you know the consequences, so don't mess with me!"

With Daoist Master Luo as his backer, what kind of rich people did he not see on a regular basis, which one of them would not see his master without saluting him respectfully and even gaining a few points of face for himself.

If it was Luo Ming here, he would have to look at him, but Luo Cheng is not enough, after all, he is not yet the head of the Luo family.

"Pressing your master against me, are you?"

Luo Cheng's eyes were tinged with anger, and he gave Luo Chui an icy glance, followed by a cold voice.

"Not to mention you, if anything happens to my sister this time, your master will have to fucking not get away!"

"Drag him out for me, let him stand here and watch the door, if he dares to run directly remove his legs for me!"

Luo Cheng shouted angrily.

Immediately, three or four bodyguards around him stepped forward and dragged Luo Chui out.

"You!"

Luo Chui still wanted to get angry, but without saying a word, Luo Cheng slapped the latter directly on the face, his voice almost twisted with anger, and said.

"Don't fucking talk, or I'll kill you right now!"

"I ....."

This time Luo Chui was really a little bit weak, following the master had seen a lot of rich people, he also understood one thing, normally these rich people are respectful to themselves, but once they are really angry, they never blink when they kill people.

"Good! You've got guts, I'll stand here today, and when my master comes, you'd better keep your arrogant attitude!"

Luo Chui was also getting angry and stood directly in the rain without moving, literally acting as a watchman.

"Go and watch him for me, dare to run away and scrap him straight away!"

Luo Cheng said angrily, followed by then went into the room alone, four or five bodyguards then each chose a position, all standing under the eaves, looking at Luo Chui in the heavy rain, one did not say a word, the atmosphere was very heavy.

.....

Outside the Gate of Hope, Lin Ran's car quickly stopped, followed by four people then got out of the car, slightly a minute change of direction, immediately rushed over to the place where there was a flash of people.

"Stop!"

The four of them had just stepped onto the square of the Heaven Watching Gate when an icy voice rang out, and immediately the four of them saw that in the pouring rain, there was actually a man standing, his whole body was soaked through, and at that moment he was looking at the few people with an angry face, as if the few people had killed his father.

"Brother, you've got water in your head, right? You're still standing here in such heavy rain, do you think you've got enough water in your head?"

Wang Yifeng smiled and flirted, however, the other party did not have any change in expression, just said indifferently.

"Get out, we're not allowed in here!"

"Hey, this kid won't let us in!"

Wang Yifei smiled at the words and immediately rushed to the side and laughed at Lin Ran.

However, Lin Ran didn't pay any attention to him at all, he just gave him a faint glance and followed before turning around and walking towards a house to the side.

Chapter 354

"Don't you understand that I said this place is not allowed!"

Luo Chui saw this and chided coldly, but Lin Ran still ignored him, which caused a wave of irritation to grow in his heart.

It was fine if Luo Cheng dared to treat him like that, after all, the former's family was rich, but this kid in front of him didn't look like a rich person, and he dared to ignore him, which simply made him furious in his heart.

"I said I'm not allowed in here, don't you understand!"

Luo Chui shouted coldly, and then rushed towards Lin Ran, reaching out to grab Lin Ran's arm.

However, just as Luo Chui's palm was about to grab Lin Ran, the latter jerked back and chided at Luo Chui in a cold voice.

"Get lost!"

"You!"

Luo Chui was taken aback, followed by some irritation, raising his hand and preparing to continue pulling Lin Ran.

“Hey hey what for ....”

Wang Yifeng saw this and was about to go up to stop him, but before he could take a step, Lin Ran kicked Luo Chui directly in the stomach.

The only thing I heard was a scream of pain, and Luo Chui’s entire body was thrown out, instantly flying off the platform of the Heavenly Gate and falling towards the open space next to Lin Ran’s car.

However, at the same time, a car drove by and Luo Chui hit the front windscreen with a bang, shattering the entire glass.

For all this happened behind him, Lin Ran did not even look, at this time he was thinking about Luo Qiqi, turned around and went into the room.

“This ....”

Wang Yifei and the two women looked baffled, normally they had never seen such a violent tempered Lin Ran, at this time they all could not help but be very surprised, was the person who just said he would do something just now still the normally modest tempered Lin Ran?

In fact, everyone understood that the reason why Lin Ran was like that was because he was concerned about the safety of Luo Qiqi, and there was nothing they could do when he ran into someone like Luo Chui, who was so inclined towards the gun!

“Aigoo two ladies, hurry up and get in, it’s smashed into the car!”

He hurriedly pushed Song Nuan and the two of them into the house, if they had taken half a step slower, I’m afraid they would have been caught by the unlucky car owner.

“Son of a bitch, don’t fucking hit my car, you just bought it! It’s very expensive!”

An old man with white hair and a mackintosh cursed as he got out of the car.

“Master ..... Master!”

He was lying on the front windshield, his bones were falling apart, and he didn’t dare to move because of the pain, Lin Ran hit him hard, but he didn’t hurt a single bone in Luo Chui’s body, which was easy for him to do.

“Master? Now it’s useless to call grandpa, I just got this car, this time I have to pay for it ....”

Luo Daochang was full of heartache said, this car is very expensive he, he could not easily bear to buy one, used to expand business for himself to pull the row, the result who knows only two days to drive, was smashed.

“Master ..... Master, it’s... It is ....”

Luo Chui a sentence tremble three tremble, the pain of the whole body makes him speak a little rabbit not clear.

“Is what is, less pulling relations, today is the king of heaven came, you damn also have to pay .....”

“Master is .... It’s me, little .... Little droop!”

Luo Chui finally sort of said a complete sentence.

“Xiao Chui?”

Taoist Master Luo’s face changed at his words, and only then did he seriously look at the clothes of the person in the car, and with this look his head was suddenly confused, the person’s clothes were exactly what he had prepared for his own disciple.

“Luo Chui? How come it’s you!”

Daoist Master Luo hurriedly went forward and dragged Luo Chui off, and when he saw his face, he was convinced that the person who had smashed his car in front of him was his own apprentice.

“Even if you wanted to welcome Master, you didn’t have to smash Master’s car, did you? Aigoo it hurts me to death!”

Luo Daoist still couldn’t forget his car even now.

Luo Chui, however, was crying and full of aggravation.

“Master .... I didn’t do it for the welcome, I was beaten out!”

“Beaten out? Who dares to beat you? You didn’t say you were an old man’s disciple?”

Daoist Master Luo asked with a gloomy face and was busy, although he, Daoist Master Luo, could not say that the three words were known throughout Tanjiang City, but at least in the circle of rich people in Tanjiang City, they were still very loud, normally, not to mention that someone dared to beat up his own disciple, even if he dared to shout a loud rebuke.

But now, his own apprentice was actually beaten up, and he was beaten up so badly.

“It’s useless to say, that Luo Ming’s son, Luo Cheng, didn’t put you in his eyes at all, and this is .....

Said Luo Chui on the course of events, adding oil and vinegar to the story, especially the last part where he was kicked away by Lin Ran, but also said in tears, listening to Luo Daoist’s face was so gloomy that it could drip out water.

“Dare to beat up my disciple, no matter who he is today, I’ll make him pay!”

Daoist Master Luo was also really angry, and immediately pulled Luo Chui towards the house.

Luo Chui didn’t know who Lin Ran was, and just now the latter was in a hurry to hurry and didn’t even bother with him, so up to this point Daoist Master Luo didn’t even know that the person his disciple had messed with was Lin Ran, the same Lin Ran who had just disliked him at the Jiang family.

.....

Inside the room, as soon as Lin Ran entered, he saw Luo Ming sitting on the main seat. He had not seen this most successful man in Tanjiang City for a long time, and his face had a lot more sorrow on it, perhaps all because of this incident today.

“Lin Ran? What brings you here?”

Seeing Lin Ran, Luo Ming was obviously a bit surprised, since the initial cure of Master Luo’s condition, his dealings with Lin Ran had decreased a lot, he only knew that his son and daughter had a good relationship with Lin Ran, especially the latter was said to have some interest in Lin Ran.

In fact, this was quite normal, people like Luo Ming, who held the lifeline of a large family by day, were very rare to see each other on a regular basis, and Lin Ran saw this very lightly.

“Brother Lin Ran!”

Luo Cheng turned around and saw Lin Ran, and his eyes couldn’t help but redden.

“It was brother Luo Cheng who told me, how is Kiki now?”

Lin Ran briefly explained, followed by asking directly about Luo Qiqi’s situation, right now Luo Qiqi’s safety was the thing that was on his mind the most.

“No news yet!”

Luo Ming sighed, with a deep sense of self-reproach in his eyes.

“Brother Lin Ran, you definitely have a solution right!”

Luo Cheng didn’t have as many scruples as Luo Ming, the time he had spent in contact with Lin Ran before, the latter had always performed miracles, making him Yanyu had already treated him as a savior, this time his own sister was in distress he was also at his wits end before he thought of Lin Ran again.

“All solutions are thought up by people, you first tell me what the situation is all about!”

Lin Ran’s heart was also anxious, but everything needed to be understood clearly before he could think of a solution, if he rushed into action in the end it was likely that not only would he not be able to save Luo Qiqi, but he would also waste the best time to rescue her.

“Yes! Good I’ll talk!”

Luo Cheng didn’t care about anything else, and immediately pulled Lin Ran to sit down at the side, following which he spoke.

“Half a month ago, there was a small scale landslide on Wan Ren Mountain, and at that time, the place where the landslide occurred happened to be the location of our family’s ancestral tomb, so ....”

The two figures came in, and it was none other than Daoist Master Luo and Luo Chui.

Daoist Master Luo’s face was full of anger and he was about to ask Luo Ming for his punishment, but as soon as he came in, he saw Lin Ran and his face turned from anger to surprise.

“Why are you two here too!”

## Chapter 355

“Master Luo Dao! You’ve come!”

Seeing the two Daoist Masters Luo enter, Luo Cheng stood up at once and went straight forward and grabbed the former’s collar.

“Hey! Brother Luo Cheng, what are you doing! I’m here to help!”

Daoist Master Luo said busily when he saw this.

“Help? If anything happens to her today, I’ll kill you!”

Luo Cheng cursed angrily, and there was even a fierce aura in his eyes, which really scared Daoist Master Luo.

“Master Luo, what the hell is going on!”

Daoist Master Luo hurriedly looked at Luo Ming and asked.

“Cheng’er, let go!”

Luo Ming said in a deep voice.

“Humph!”

Luo Cheng coldly sounded a very reluctantly let go of Daoist Master Luo, before turning around and returning to Lin Ran.

“Daoist Master Luo, it was all according to your previous arrangement that my daughter went up the mountain to sweep the tomb today, only to have this happen! Now do you have a solution!”

Luo Ming said in a deep voice, forcing down the anger in his heart.

“I don’t think I can be blamed for this, natural and man-made disasters are destined by the heavens.

Daoist Master Luo said with a frown, then looked at Luo Cheng for a moment and continued.

“Moreover, when I first said that it was for Duke Luo Cheng to go up the mountain, how come it has now become Miss Luo?”

“How the fuck are you going to get up the mountain with your old man’s arm like this!”

Luo Cheng couldn’t help but get up and curse.

“All right!”

On the side, Lin Ran couldn’t help but open his mouth and scolded, this shout instantly drew everyone’s eyes over.

“What are you shouting for, the other Luo family hasn’t even said anything, can you get your turn to shout here?”

Luo Chui stood to the side covering his stomach and sneering, he had just been kicked off by Lin Ran, a debt he had yet to escape back from!

Lin Ran didn't pay any attention to him and got up to look at Daoist Luo, asking icily.

"I'll just ask you one thing, is there any way to save people!"

"No!"

Daoist Master Luo and Lin Ran were already at odds, plus he really had no way, so he simply told the truth.

"No, then shut up!"

Lin Ran heard this and directly spoke coldly.

"Shut up? Who the fuck are you to tell my master to shut up."

Luo Chui laughed coldly beside him again, at this moment, with his master present, he had a lot more confidence.

"You're saying one more word!"

Lin Ran sniffed and turned his head, his gaze cold as he looked at Luo Chui, without a trace of temperature.

"You!"

Luo Chui's heart was chilled by Lin Ran's gaze, and he was a bit timid, but with his master beside him, and with the fire in his heart just now, he actually gritted his teeth and disliked him back.

"Laozi say one more word what's wrong, you can't still dare to do ..... to Laozi The actual fact is that you will be able to get a lot more than just a few of these.

Luo Chui shouted, however, before the words fell, the entire room saw Lin Ran move.

With an arrow step, he directly rushed over, following which he raised his foot and kicked Luo Chui directly in the stomach.

The moment his feet left the ground, everyone in the room could clearly hear the sound of bones breaking, this kick would have broken several ribs if not killed Luo Chui.

"You! You dare to touch my ...."

When he saw this, Daoist Master Luo was furious, but just as he was halfway through his words, a fist wind had already struck him, and a huge fist came towards his head.

He was too old to be a practitioner, so if he was hit by this punch, his brain would probably have been turned over, and he was so frightened that he immediately wet himself and his legs trembled.

The wind from Lin Ran's fist didn't really hit him, but stopped at a distance of less than half a centimetre from Luo Daoist's eyes, and the strong wind carried by his fist even caused the latter's hair to flutter backwards a few times.

In less than a breath's time, first he kicked his disciple and then shocked his master with a punch.

“Shut up if you can’t help it, or get out if you don’t want to listen! One more word of nonsense and I’ll break your neck!”

Lin Ran said word by word, his voice full of killing intent, obviously at this moment his had been completely angry, as long as this Luo Daoist dared to mess with him, he would definitely kill him with one blow!

“Fatty, keep an eye on him! If he dares to make a sound, kill him straight away!”

Lin Ran chided!

“Good!”

It was the first time that Wang Yifeng had seen Lin Ran so angry, and knowing that he was truly anxious, he reached Daoist Luo in two or three steps, and drew out his divine Dragon Axe with one hand, really meaning to cut someone down at the drop of a hat.

“Goo dong!”

Looking at the scene in front of him, Daoist Master Luo couldn’t help but gulp down his spittle, saying that he was mixed in the tycoon circle, but he was after all a crook, and when he encountered a ruthless character at this moment, he was so scared that he stood still and didn’t dare to move, not even daring to scratch his itchy body for fear of making the slightest noise.

Lin Ran then returned to Luo Cheng’s side, sat down directly cross-legged and spoke.

“Go on, I want to know the whole story!”

“Good!”

When Luo Cheng saw this, he couldn’t help but gulp down his spit, the first time he saw Lin Ran get feisty, he was also really taken aback, even Luo Ming, who was on the main seat, couldn’t help but wipe the sweat from his forehead.

Luo Cheng then went on to talk.

It turned out that a small landslide had occurred on Wan Ren Mountain a month ago, and at that time, the Luo family’s ancestral tomb was on the location of the landslide, and after receiving the news, the Luo family prepared to relocate the ancestral tomb.

The relocation of the ancestral grave of a large family involves a lot of things, especially as the richer the people are, the more they are convinced of feng shui, so they approached Daoist Master Luo, who was very famous in the circle at that time.

Under the arrangement of Daoist Master Luo, it took nearly ten days to find the so-called good feng shui point, and finally the site was chosen near the Wang Tian Men.

After all, the ancestral tomb was already located near Wan Ren Mountain, and the new site was also located at Wan Ren Mountain, so it was only a change of location and the project would not be very big.

After all, their ancestral tomb had been located on Wan Ren Mountain, and the Luo family's business was flourishing, so from the bottom of their hearts they did not want to move their ancestral tomb out of Wan Ren Mountain.

The work was carried out in an orderly manner, with Luo Qiqi and Luo Cheng helping out throughout the process.

However, after the excavation of the ancestral tomb began, there were frequent small-scale landslides on Wan Ren Mountain due to the weather, and Luo Cheng's arm was broken in one of these landslides and is still in a cast.

It was during one of these landslides that Luo Cheng broke his arm and is still in a cast.

Later on, Daoist Master Luo also instructed that he must visit the tomb within three days after the successful relocation to pay respects to the dead.

The Luo family chose today, but Luo Cheng had an arm injury, so Luo Qiqi went up the mountain instead of her brother.

The men who were with her eventually escaped due to their good luck, but Luo Qiqi was the only one who was missing.

#### Chapter 356

"According to the ones who escaped back, they were scattered by the collapse on their way down the mountain, and were already halfway down when they ran into the collapse!"

Luo Cheng was busy telling everything he knew about the situation.

"How did they know it was halfway down the road?"

Lin Ran asked with a frown, even though he had been working here every day for the first few days, when he came back the sky was horribly overcast and it was completely night, so on what basis could they tell that it was halfway down the road that something had happened.

"Because of a cave!"

Luo Cheng was busy talking.

"When we were going up the mountain before, we found a cave halfway up the road, just about halfway up the road, and we even rested in that cave on several occasions, so we remember it rather well!"

"When they came down the mountain, they just happened to pass near the cave and followed it and it collapsed!"

"Good! Is there anything else?"

Lin Ran asked as he pondered.

"No more, that's all the information we know so far, right!"

Luo Cheng said remembering something else and added.

“After the accident we have lined up several groups of people to go in to search and rescue, I feel that Kiki is near that cave, but all the people lined up to go in have disappeared, only one returned halfway because of equipment failure, the others just seem to have evaporated!”

Speaking of this, Luo Cheng also couldn't help but remind.

“Brother Lin Ran, do you have a solution?”

Luo Cheng did not directly say that he wanted Lin Ran to go in and save the people, he knew that was too selfish, the people sent in had not come out so far, which obviously meant that the situation in the mountain was very dangerous, Lin Ran could come here already considered him as a friend, he did not dare to ask for more.

“I will go in myself!”

Lin Ran said, Luo Cheng was obviously stunned at his words, to be honest this was the result he wanted, but Lin Ran himself opened his mouth and said it, it still made him feel a bit guilty in his heart.

“You don't have to think too much, Qiqi is also my friend, I won't care!”

Lin Ran said, while already getting up and preparing his equipment together with Wang Yifeng.

“Brother Lin Ran, no thanks for your great kindness just let me know what you need, I have all the equipment here!”

Luo Cheng said busily.

Lin Ran nodded at his words, and then thought for a moment and said.

“We have mackintoshes, I need professional portable lighting equipment, and a knife, it would be best to prepare two satellite positioning instruments, and a device for talking!”

Lin Ran said.

Luo Cheng nodded at his words and immediately had someone go and prepare, but then he remembered something and said.

“I'm afraid the communication devices won't work, the people we sent in before have all lost contact, and with such a large collapse on Wan Ren Mountain, I'm afraid all signals will be disordered when they reach here!”

“Good, then there's no need!”

Lin Ran said, the disordered signal meant that the satellite positioning was useless, the lone soldier would have to rely on himself for everything.

“Fatty, you!”

Lin Ran turned to look at Wang Yifeng, there was a questioning meaning in his eyes.

“Hey! Since when did you become a mother-in-law, am I a man who is afraid of death? Besides, Kiki is also my friend, Fatty has always treated her like his own sister, if something happens to his sister, how can I not go as a brother?”

The fat man was already carrying his equipment on his back as he spoke.

“Good!”

Lin Ran didn't say any more, having Fatty go with him would undoubtedly have a much higher chance of success, and with such a friend willing to accompany him to his death, what regrets did he have.

“Be careful all the way!”

“Yes! Be careful all the way!”

Song Nuan and Qin Bing stepped forward and admonished, there was nothing the two of them could do, they could only pray here that the two Lin Ran would return safely.

“Don't worry!”

Lin Ran looked at the two of them and squeezed out a smile, followed by no more nonsense and set off together with Wang Yifeng.

Just before setting off, in front of everyone, he rushed to Luo Cheng and Luo Ming and said.

“This Daoist Master Luo can't leave, he's a fraud, we'll clean him up properly when we return!”

“Don't worry! As long as I'm alive, he won't be going anywhere!”

Luo Cheng assured.

.....

The route up the mountain was provided by Luo Cheng, and without a moment's delay, Lin Ran and Wang Yifeng set off with their preparations to brave the heavy rain, carrying torches.

The full route took about an hour, but it was raining heavily, and the road was only concrete at the beginning, but all dirt at the back, so it was expected to take at least two hours to reach the place.

Without a word, Lin Ran and the two of them hurried along in silence and soon passed the concrete stage and stepped onto the dirt road.

The rainstorm was getting heavier and heavier and the dirt road was muddy, but the two of them didn't have much equipment on them, so they brought some extra torches and compressed biscuits, so they didn't have to rush.

The reason why they brought compressed biscuits was to prevent them from getting lost and running out of food, and also because Luo Qiqi, who had been lost for nearly eight hours, was already seriously depleted, so they should bring something to eat in case they found her.

The rain was pouring down and it took a lot of strength to talk even face to face, so the two of them simply didn't say a word, relying on hand gestures to communicate the whole time.

After nearly half an hour of walking, there were signs of collapse and cracks in many places, as if a landslide could form at any moment.

The two of them were careful all the way, but they did not encounter any danger, and the hour passed smoothly.

However, at this moment, Wang Yifeng, who was driving ahead, suddenly stopped and squinted at Lin Ran as if he had found something in front of him.

“What’s wrong?”

Lin Ran asked with a gesture, Wang Yifeng moved away to let him see for himself, Lin Ran poked his head over to look, and with this look he was stunned.

Ahead of him, a path was still winding upwards, but on the side of the road, a huge deep pit had appeared, nearly thirty meters in circumference, and it was upside down, just like a large bowl set on the ground with its mouth facing upwards.

This is not the most crucial thing, the most crucial thing is, the two people’s torch shining inside the deep pit, actually was reflected some light, these light constantly reflected refraction, actually the entire bottom of the deep pit to light up a few points, and the two people also clearly see the situation at the bottom of the deep pit.

“Holy shit! This is a fucking mass grave!”

Wang Yifeng couldn’t help but curse, the entire deep pit was densely piled with very many corpses, but they had all turned into white bones, and some of them had even been carbonised, and were immediately turned into pieces when touched by the dirt and debris.

And around these white bones, either stuck, lying or broken, were placed very many metal artifacts, which seemed to be swords, only somewhat difficult to distinguish from a distance.

“It’s not a mass grave, Wan Ren Mountain was said to have been occupied by bandits a long time ago, these people may or may not be bandits!”

Lin Ran frowned and said, at this time the situation was urgent and there was no time to waste here, he immediately greeted Wang Yifeng and said.

“Keep hurrying, that cave has probably collapsed too, we must hurry!”

Chapter 357

“Good!”

Wang Yifeng also knew what was more important, and with a nod the two continued towards the mountains.

According to the route record, the journey was only one hour, and even if there was a rainstorm delaying things, it would only take two hours at most.

However, as time went on, Lin Ran and his team had travelled for nearly three hours.

But after three hours of walking, they still hadn’t seen the so-called cave, not even a hole that looked like a cave.

They were standing on a hill and could see some light in the distance, but they could not find any reference coordinates at all.

“Ranzi, what now!”

For three whole hours, even someone like Wang Yifeng, who was bursting with physical strength, was a bit overwhelmed at this point, and Lin Ran had even used his true qi, otherwise he wouldn't be much better than Wang Yifeng at this point.

Lin Ran stood by the side, not giving a single glance his eyes couldn't stop looking around, as if he wanted to see through something.

“I say! What are you looking at? We've been walking for three hours, so we're almost home at this point, but it's still dark around us!”

“No!”

Suddenly, Lin Ran said.

“Something's wrong? What's wrong?”

Wang Yifeng asked with a ragged breath.

“We were in too much of a hurry, we had always thought that the cave was still there, so we used it as a reference, but if the cave had collapsed, then we wouldn't have been able to see it even if we had passed by!”

Lin Ran said with a frown, but Wang Yifeng almost didn't spurt out a mouthful of blood at his words.

“Oh my god, you said so earlier, so you mean we could have walked past the collapsed cave and not known about it at all!”

“It's possible!”

Lin Ran nodded, followed by taking some of the equipment on Wang Yifei's body towards himself, before saying

“We have to go back, after walking for so long, if the route is correct we must have already crossed the cave's location, we must go back to find the cave!”

“Let's go!”

Wang Yifeng sighed helplessly and followed, then got up to leave.

But just as he was getting up, the rock he was leaning against behind him fell backwards violently, which scared Wang Yifeng and he immediately shouted.

“Ranzi, it's a landslide! Help me! Quickly save me!”

Lin Ran was startled and hurriedly ran to tug Wang Yifeng.

But just as he reached the front he stopped, Wang Yifeng and the rock he was leaning against went down towards the back together, but then stopped.

“Hey? Why did he stop?”

Wang Yifei was also a bit puzzled in his heart and hurriedly got up to look, only to find that what he was leaning against behind him was not some large stone, but a stone block, like a stone monument, which was previously standing upright, but at this moment was pressed by himself and snapped to the ground.

“What is this thing?”

Wang Yifeng was curious and snapped the stone tablet out again, then stuck it in the ground and used the torch in his hand to shine it, and under this shine he really found that there was writing on it, and immediately read it out.

“Ancestor, the tomb of the spirit of Luo, with ....”

A sentence did not finish reading, at once the whole body as if struck by lightning, the whole person ginger in place.

“It’s the ancestral tomb of the Luo family!”

Lin Ran opened his mouth and said.

“How could the ancestral tomb of the Luo family ....”

Wang Yifeng turned his head and prepared to say, but just as the words were halfway through, the body’s that had turned froze again.

“What’s wrong?”

Lin Ran saw the real thing and was busy opening his mouth to ask.

“Don’t move!”

Wang Yifeng was just busy speaking, his face had changed by now.

“What the hell is going on, you fucking tell me!”

Lin Ran saw this and knew that something must have happened, and immediately urged.

“You .... You have a .... There’s a .... sword stuck in your head A sword!”

Wang Yifeng’s whole body was trembling and his voice stammered.

“Put your mother’s fart, a sword in the head old man can still live!”

Lin Ran couldn’t help but curse, but his body still reacted very instinctively.

He hurriedly used his hand to touch it, yet there was nothing on his head, there was no sharp sword as he said.

“Hey! No, why is the sharp sword still out!”

Wang Yifeng looked surprised and hurriedly got up from the ground, and only then did he see clearly and was busy saying.

“The whole fork splits, it’s not a sharp sword, it’s a mountain!”

Lin Ran smiled and felt even more puzzled, immediately turned his head to look, this a look suddenly also froze.

They saw that in front of the mountain they were on, another mountain had appeared at some point, and after just one look at it, they fully understood that it was a mountain in the Ten Thousand Ren Ren mountains, the Pillar and Mortar Mountain.

Before they arrived, they had just learned of the collapse of Mount Pillar and Mortar on the television at the clinic, and had not thought it would be a problem, but at this moment, standing at such a close distance, and at night, they could only dimly see a huge black shadow, almost like a sharp sword stuck diagonally into the earth.

The ring-shaped mountain of the pestle, which should have been the main body of the sword, was broken off and only the upper part remained, which was then very cleverly turned into a guard on either side of the sword's hilt.

The entire Pill Pestle Mountain was now sweetly transformed into a sword mountain.

"My goodness, this must become another miracle in the world when the public sees it at dawn! I was the first to discover it, so I must enjoy the naming rights!"

Wang Yifeng couldn't help but say.

"Name it! Hurry up and pack your things and leave, there's something weird about this place!"

Lin Ran hurriedly urged.

"Weird? What's weird?"

Wang Yifeng looked puzzled, but he still cooperated and packed his things, and the two of them immediately rushed back the way they had come.

On the way, Wang Yifeng continued to ask.

"What do you mean by odd, what's wrong with this mountain?"

"Don't you think it's strange?"

Lin Ran said with a frown.

"When we went up the mountain, that man clearly said it would only take an hour to travel, and we followed a two-hour journey again, even if we were mistaken, the hour he said was the time to reach the ancestral tomb, not the time to reach the halfway cave!"

"Then it would have taken at most two hours to reach the ancestral tomb, but we were walking for three hours in a muddle, and only appeared next to the ancestral tomb three hours later!"

When he said this, Wang Yifeng couldn't help but have his heart sink, and he was busy saying.

"No, I remember very clearly that the hour he said was the time to reach the cave, it would have taken two hours to reach the ancestral tomb!"

"But!"

Wang Yifeng finished saying that he himself felt something wasn't quite right, and was busy saying.

"But we are not slow, we can reach the ancestral tomb in two and a half hours at most, how come it took three hours!"

"It's hard to explain this time issue right now, but there is one thing that can explain it!"

Lin Ran frowned and said.

"What is it!"

Wang Yifeng asked in a hurry.

Lin Ran pointed at the Pill Pestle Mountain that could still be seen in the distance and spoke.

"This mountain can explain it!"

"The mountain can explain? Are you kidding me, how can he explain the mountain!"

Wang Yifeng was dumbfounded.

Lin Ran, however, laughed coldly and said.

"That's right! It's the one that can explain it, and its appearance here reminds me of a possibility!"

"What possibility?"

Wang Yifeng hurriedly asked.

Lin Ran smiled and took a deep breath before saying.

"This Ten Thousand Refees Mountain is alive! Or rather, there is some sort of formation on top of this Ten Thousand Refees Mountain!"

Chapter 358

"Some kind of formation? Have you made a mistake? Such a big mountain, if you were to set up a feng shui formation, how much manpower and resources would have to be used!"

Wang Yifeng was astonished to hear that the Wan Ren Mountain was an entire mountain range, and to arrange a formation on the mountain range, the cost could be imagined.

"Although it's hard for me to believe it too, the truth is right in front of me."

Lin Ran said, following up by pointing to the Pill Pestle Mountain in the distance.

"I've been to this Pill Pestle Mountain once before and know its approximate location, but it's a certain distance away from this Heaven Watching Gate, and it's only faintly visible in broad daylight on weekdays, let alone now when it's raining in the middle of the night!"

"This!"

If what Lin Ran said was true, then things had indeed become a bit complicated, a mountain that was far away from each other had suddenly appeared here, this matter would have been somewhat evil.

“Ranzi, after hearing you say that, why do I feel as if this mountain is really alive!”

Wang Yifeng couldn't help but say.

“Come on, don't scare yourself, the possibility of the mountain being alive is similar to you winning five million dollars in a lottery ticket!”

Lin Ran waved his hand and said.

“Hey, that's what you said, I've been dreaming about winning five million recently!”

Wang Yifei said busily.

Lin Ran didn't bother to pay attention to him and continued to rush on by himself.

In fact, it was already obvious that the sudden appearance of the Pill Pestle Mountain here was in all probability due to the formation, but Lin Ran and the two of them knew little about the Wan Ren Mountain after all, so the two of them had no clue as to what secrets the mountain was hiding.

“Ranzi, if you say that this mountain has a formation, wouldn't it be dangerous for us to be inside a formation that is completely out of our control!”

Wang Yifeng said as he hurried along.

Lin Ran smiled but shook his head and said.

“Not necessarily, this mountain's formation should not be an attack formation, instead it looks like a defensive formation, or a formation that confuses people would be more apt!”

Said Lin Ran as he took out a silver needle and followed it by piercing his finger a little, and immediately a drop of bright red blood came out.

“The people that the Luo family sent in to search and rescue before were likely to have been caught in the formation's trick, and now they don't know where they've gone, but there's one thing they're definitely not in danger of dying!”

Lin Ran said, dabbing fresh blood directly onto his forehead, followed by a bit on Wang Yifeng's forehead.

“What are you doing?”

Wang Yifeng didn't resist, but asked in confusion.

“See the inner workings of this formation clearly!”

Lin Ran said indifferently, following which he continued on his way.

Wang Yifeng listened in confusion, but at this point he didn't have time to ask carefully, so he had to follow quickly.

The two of them continued on their way, but then they realised a problem: the road they had come up on in the dark before was a completely different scene from the road they were taking down the mountain at this moment.

The rain was pouring down, the road was muddy and there were even landslides from time to time, but when they were going down the mountain, it was as if they were on a completely different road, although the road was also very muddy, but the rain was much less, and the slopes on both sides were very solid, there was no sign of collapse.

“Look at that!”

Suddenly Lin Ran greeted, pointing to the side of the hill.

Wang Yifeng sniffed and looked, and was instantly shocked.

They saw that at the bottom of the hill to their left, another huge deep pit had actually appeared, with corpses piled up and sword shadows flashing inside, just like the chaotic sword corpse pit they had encountered when they had gone up the hill before.

However, they remembered clearly that the pit they had encountered on the mountain was not here at all, and the location was not right at all.

“I’m afraid there are very many of these corpse pits on this mountain!”

Lin Ran frowned and said.

“Why do you say that!”

Wang Yifei asked busily.

Lin Ran sniffed and pointed to the chaotic sword corpse pit in the distance and said.

“This thing appeared strangely, it has never been seen before at all, and this is a scenic spot, if there was such a thing, I’m afraid the mountain would have been closed long ago!”

Said Lin Ran who seemed to have thought of something and spoke.

“I suspect that this chaotic sword corpse pit could very well be the root of the formation on this mountain!”

“Ah!”

Wang Yifeng listened with a confused expression and said busily.

“That can’t be right, who would set up a formation that would expose the roots, isn’t that just a silver bullet here and there!”

“No, I’ve never seen these chaotic sword corpse pits before, so I shouldn’t be able to see them normally, it’s just that today I don’t know what and why they’re revealed, of course, this is just my speculation, maybe they have nothing to do with the formation on the mountain at all!”

Lin Ran sighed, the more complex things he saw, the less he realized he knew about the Wan Ren Mountain, it was like a blind man feeling an elephant, making it impossible to see the whole picture clearly.

“So what now!”

Wang Yifeng asked in disbelief.

This time, they had gone up to the mountain overnight and had actually discovered so many things that they could not see at all on a normal day, and had also spied something different about the Wan Ren Mountain, and they did not know whether this was a good thing or a bad thing for them.

“Let’s ignore all that for now, it’s none of our business what the Wan Ren Mountain is hiding, the priority is to save Qiqi!”

Lin Ran urged as he continued to rush towards the mountain with Wang Yifeng.

However, this time, the two of them hadn’t gone out for long when Wang Yifeng, who was following behind, suddenly shouted out.

“Ranzi help! Something has grabbed my foot!”

Lin Ran heard this and hurriedly turned his head to pull Wang Yifeng, but before his palm could touch Wang Yifeng’s body, the latter fell down with a loud “ah”.

“Fatty!”

Lin Ran couldn’t help but shout, and only then did he notice that the road underneath which they had just passed was empty, and that the road had now been brought to a huge gap by Wang Yifeng, and he had already fallen.

“Fatty! How are you!”

Lin Ran did not dare to go down and shouted from the edge of the hole.

However, no one responded to him at all, and all that could be heard was the muffled sound of a man sticking his head in the water and struggling desperately.

“No! We have to go down and have a look!”

Lin Ran was afraid that Wang Yifeng would be in danger, so he immediately brought a rope and tied it to himself, followed by a torch and jumped in.

The feeling of weightlessness had just appeared, and Lin Ran felt his feet go weak, and his legs had already fallen into something soft, and only when he shone his torch hastily did he realise that the hole was full of mud.

“Fatty!”

Lin Ran mobilised his true qi and slowly pulled his legs out so that he wouldn’t sink deeper and deeper, while not only calling out to Wang Yifeng.

This was a swamp down there, not a real swamp, but a landslide that had been created by a landslide.

With great difficulty, Lin Ran pulled his legs out and lay his whole body on the surface of the mud to prevent himself from sinking further.

But just then, a voice came from behind him.

“Help ..... Help!”

The voice was very faint, as if it was a woman talking in her sleep, and Lin Ran’s scalp exploded at the sound of it.

A thought instantly ran through his mind.

“Holy shit! There’s a female ghost here!”

Chapter 359

This thought rose in his heart, followed by Lin Ran’s entire body lying motionless on the spot, ready to wait for an opportunity to move later.

“Help!”

Very soon, in the quiet surroundings, a very weak voice came again, Lin Ran could hear it clearly this time, it was a woman’s voice, but it was very faint and seemed to be talking in a dream.

“Who!”

Lin Ran suddenly chided, and at the same time hurriedly shone his torch over.

He saw a white corpse facing him not far away, and there was a bright light in his two hollow eyes.

“Seeking death!”

Lin Ran was taken aback and hurriedly pulled out his jade pendant and threw it at the other party.

However, just before the jade pendant was about to come off, a voice came into his ears.

“Lin Ran!”

These two words struck him like a heavy blow, his name was actually known by someone other than Wang Yifeng, and it was a woman who called out his name, who else but Luo Qiqi!

Lin Ran’s heart was shocked, but at this moment he could no longer stop his hand, and in the nick of time he could only stretch out his fingers, and barely deflected the jade pendant that had already come out of his hand.

With a bang, the white bones facing Lin Ran were blown to powder, revealing Luo Qiqi inside.

At this moment, her whole body was soaked in mud, only one head was still leaking out, her face was covered in mud and her hair was hanging down at the back, if you didn’t look closely you wouldn’t be able to tell that this was actually a woman, and a beautiful one at that.

“Kiki don’t move!”

Lin Ran didn’t care about anything else and hurriedly plopped over and reached out to tug on Luo Qiqi so that she wouldn’t continue to sink.

“Don’t worry, I’m stepping on a skeleton!”

Luo Qiqi said in a weak voice, while gesturing for Lin Ran to move underneath her.

Lin Ran looked and realised that Luo Qiqi had cleverly hugged a corpse bone, using its buoyancy to keep herself from sinking further, but after being immobile in the mud for several hours, her strength had been severely depleted and she could not get up.

“Why did you come on your own? What was that thing that fell down just now?”

Luo Qiqi asked weakly.

“Don’t ask so many questions, I’ll pull you out first!”

As for Wang Yifeng, he was lucky enough to be down here and there was mud, so he wouldn’t die, he might come by himself!

It was very difficult to get out of the mud, and Lin Ran had to make sure that he didn’t get stuck, otherwise both of them would be stuck in the mud, not to mention saving others, and I was afraid that I would have to wait to be saved.

Time passed, and with the infusion of true qi, it still took Lin Ran four to five minutes to pull Luo Qiqi out of the mud.

After finding some fallen branches, Lin Ran made a simple support and placed it underneath Luo Qiqi so that she would not sink in.

After all this was done, Lin Ran then remembered that Wang Yifeng hadn’t come over yet, and immediately said.

“Don’t move, I’ll go and find Wang Yifeng!”

“Wang Yifeng? He’s here too?”

Luo Qiqi was surprised at his words and at the same time blamed himself a little, if it wasn’t for saving himself, Lin Ran and the two of them wouldn’t have taken such a big risk.

“Well, don’t think too much and rest well, we’ll go back later!”

Lin Ran said comfortingly, and promptly crawled off with his torch to find Wang Yifeng.

“Fatty! Where the fuck did you go!”

Lin Ran shouted as he groped his way forward.

This guy was clearly holding a light in his hand when he fell, but now there was only himself and Luo Qiqi behind him in the entire space, two sources of light, and Wang Yifeng’s light had actually gone out for some reason.

“Poof!”

Suddenly, just after Lin Ran had advanced a dozen meters, a voice actually came from ahead, followed by Wang Yifeng’s curses.

“Love me, almost didn’t suffocate me!”

“Fatty! How are you!”

Hearing Wang Yifei's voice, Lin Ran's hanging heart dropped, while he hurriedly crawled towards the source of the voice.

"I'm fine, I'm just almost suffocated, this place is full of mud, luckily I have an iron guy next to me, otherwise I would have sunk in and suffocated!"

Wang Yifeng couldn't help but curse.

Then he jumped out of the mud himself.

When Lin Ran arrived, he was shocked too, he didn't remember there was any iron dick in the mud, but when he saw that Wang Yifeng had gotten out of the mud, his heart dropped.

"What iron dick did you say!"

Lin Ran asked curiously.

"Just this!"

With a jerk of his palm, Wang Yifei instantly pulled out from the silt beneath him an often-used object, also covered in silt, but looking at the shape it seemed to be a sword.

"It's a sword!"

Wang Yifeng also saw the clues and immediately wiped it on himself, which indeed revealed the sword inside.

The sword body was still glowing with cold light throughout, and there was not even a trace of rust, which made both of them feel astonished.

"I go this thing should not be a treasure, right, no I have to take it out, in case the event of a treasure that must be worth old money!"

Wang Yifeng couldn't resist the temptation and immediately had to pin the long sword back on his body.

But at this moment let both people unexpected scene happened, originally still shiny long sword, but at this time is "bang" directly shattered.

It instantly turned into a sky of dust and dissipated.

"This!"

When he saw the longsword turn into powder, Wang Yifeng was heartbroken, but Lin Ran patted him and said.

"Don't hit these longswords, it turns out that you can't take this thing away, it's part of the formation, once it's separated from the formation's roots, it will immediately turn into pieces."

"Hey! Fine!"

Wang Yifeng sighed and understood that what Lin Ran said was true, so he shook his head helplessly and gathered his things and plopped down with Lin Ran towards Luo Qiqi.

After the three of them met, they first used the rope to get Wang Yifeng up, this guy was the heaviest but also the strongest, after he went up, Lin Ran then used the rope to let Luo Qiqi drag him up, and then climbed up himself.

By now the rain outside had subsided, so the three of them found a random pit, rinsed it with rainwater, and then hurried towards the bottom of the mountain.

During this time, Lin Ran also paid special attention to the pit of corpses with chaotic swords that they had seen when they first went up the mountain.

However, he had not seen the pit until he walked up the concrete road, and by now Lin Ran was absolutely sure.

It was a coincidence that Lin Ran had come across it.

“I also wonder what secrets this Wan Ren Mountain is hiding!”

With a final deep glance at the Wan Ren Mountain Lin Ran was vaguely a little worried in his heart, the collapse of the Wan Ren Mountain had been a little too frequent recently, and he didn't know if it was because something hidden was about to appear, or if something big was about to happen.

But none of these things were the most important as far as the present was concerned.

The most important thing at the moment was the ancestral tomb of the Luo family, and Lin Ran had understood many things in his mind when he saw the Pill Pestle Mountain before.

At least the ancestral tomb of the Luo family could never continue to be buried here, it had to be moved away in a hurry!

## Chapter 360

The heavy rain was already very light, with only scattered light rain still drizzling down.

In the room at the Wang Tian Men scenic spot, Lin Ran was frowning, one palm on Luo Qiqi's pulse, and on one side stood Luo Cheng, full of anxiety and worry, but not daring to say a word.

After coming down from the mountain, Lin Ran had been guarding this place, while Wang Yifeng was watching Daoist Master Luo in the hall, at this time Lin Ran couldn't care about him, but it was impossible to let him get away.

“Phew!”

Suddenly, Lin Ran's tightly closed eyes slowly opened, while letting out a long breath.

“Brother Lin Ran, my sister she ....”

Luo Cheng hurriedly came over, his face full of worry.

“Don't worry, she's just a little dehydrated from the weakness, she'll be fine after a little rest!”

Lin Ran said indifferently the corners of his mouth squeezed out a smile at the same time.

Luo Qiqi had fallen unconscious on the way back, perhaps she was too tired or too scared, she had several nightmares in between and even woke up a few times, but it didn't take long before she fell asleep again.

"Brother Lin Ran this time thanks to your, this is a small token of my father's appreciation ...."

Luo Cheng took out a card from his pocket and was about to hand it to Lin Jean, but the latter just glanced at it and did not reach out.

"Don't you still understand my character? I don't need this!"

Lin Ran shook his head, followed by a look out of the window, and seeing that it was already getting light, he spoke.

"Besides, your family's business isn't over yet!"

"What does brother Lin Ran mean?"

Luo Cheng listened with a slight frown, his heart vaguely worried.

Lin Ran glanced out of the window at the Wan Ren Mountain and said.

"Your family's ancestral graves must be moved, or else something will go terribly wrong!"

"Move the graves?"

Luo Cheng was stunned to hear this, the ancestral graves here were the ones that had just been moved, so how could they have to be moved again in the blink of an eye.

"This matter, later I will find your father to speak to him personally!"

Lin Ran said, the involvement was too great, he had to meet with Luo Ming and make the pros and cons clear.

"Don't go! Don't go, don't leave me alone!"

Suddenly, Luo Qiqi, who was lying on the hospital bed, had another nightmare.

"I'm not leaving, I'm staying here!"

Lin Ran was busy sitting down and placed Luo Qiqi's hand on his arm so that she would have plenty of security.

But who knew that this girl would fall head first into Lin Ran's arms, and then she cried out in pain.

The crying was so painful that even Luo Cheng, who was standing at the side, could not help but have his eyes red with the crystals of tears shining.

"It's alright, it's alright!"

Lin Ran also did not care about embarrassment, patting Luo Qiqi's back and coaxing in a low voice.

But the more he coaxed, not only did it not put Luo Qiqi to sleep, it woke her up instead.

"Where am I?"

Luo Qiqi asked herself as she looked so black before her eyes.

“It’s safe already, at home!”

Lin Ran said with a smile.

“Lin Ran!”

Seeing Lin Ran Luo Qiqi couldn’t help but have red eyes, followed by throwing herself into the former’s arms again, with a sobbing voice.

“I thought I would never see you again, just now in my dream, I dreamt I was going to die!”

“Don’t talk nonsense, aren’t you fine, and you’re already fine, you’ve been saved!”

Lin Ran smiled and said comfortingly.

“Thank you, I really thought I wasn’t going to see you again!”

Luo Qiqi lying in Lin Ran’s arms, crying with pearly tears, at this time Luo Cheng is still aside, keep hugging like this is not a problem, Lin Ran embarrassingly dry cough two said.

“Cough, that Kiki, your body is very weak now, you need to rest more, lie back first, OK!”

“No! No!”

Luo Qiqi refused straight away, hugging Lin Ran’s arms a little tighter.

“I’m going to hold you!”

Luo Qiqi said so carelessly.

Lin Ran, however, listened with a face full of embarrassment, even Luo Cheng at the side couldn’t help but cover his face, this sister of his was really ..... “Hey the girl is too big to stay ah!”

Luo Cheng heart couldn’t help but emerge with this sentence.

“That Kiki, your brother is also here.”

Lin Ran couldn’t help but whisper.

“My brother?”

Luo Qiqi was first stunned at the words, then she was busy raising her head to look, and when she saw Luo Cheng at the side, her pretty face instantly brushed red.

“Brother, why are you here!”

Luo Qiqi’s kiss almost didn’t kill Luo Cheng.

“Nope! No, just happened to pass by just happened to pass by!”

Luo Cheng’s face was full of embarrassment and he was about to go out.

Luo Qiqi, however, was red-faced and quizzed.

“What did you hear? Don’t say anything to Dad!”

“Huh? What did you say? I can’t hear!”

Luo Cheng said with a serious expression, while making a motion that he couldn’t hear the sound, followed by running out of the room in a huff.

“Ouch shame on you!”

Seeing his brother’s action, Luo Qiqi couldn’t help but blush, and his whole body hid into the blanket.

Seeing this, Lin Ran also shook his head helplessly and laughed.

“Xiao Nuan and Qin Bing are still outside, I’ll let them come in to keep you company!”

“Ah! Sister Nuan and Sister Bing are both here, good!”

Luo Qiqi smiled and nodded her head, with these two girlfriends by her side, she wouldn’t be afraid of falling asleep in a nightmare later.

Lin Ran smiled and nodded, and immediately got up and walked out of the room.

Outside the door of the room, Song Nuan and Qin Bing had been waiting for a long time, and when they saw Luo Cheng and Lin Ran come out one after the other, they hurriedly came up to them.

“How was it!”

Both of them asked in unison.

“She’s awake again, but she’s much more stable, so go in and keep her company!”

Lin Ran laughed, the two women smiled with relief and nodded at once, before entering the room.

.....

“Brother Lin Ran!”

The two women had just entered the room when Luo Cheng walked over, his face showing concern as he asked.

“Earlier you said that the ancestral tomb still needs to be relocated, what exactly is going on!”

“It’s a long story, but the relocation is a must, and the sooner the better!”

Lin Ran said solemnly, while pointing to the living room in the distance.

“Let’s go, Daoist Master Luo is still waiting, everything will be clear when we get there regarding him and the issue of the ancestral tomb!”

“Good!”

Luo Cheng smiled and asked no more questions, and immediately followed Lin Ran and rushed towards the living room.

.....

In the living room, Daoist Luo was looking at Wang Yifeng with a gloomy face, at this moment the latter was sitting next to him, with a baseball bat in his hand, Yan looked like a guarded criminal.

“Old man, I advise you better sort out your language and think hard about how you’ll make it up later, or else you’ll be poked and prodded and this fruit won’t be tasty, I’m afraid!”

Wang Yifeng said and wiped the baseball bat in his hand, which really scared Master Luo Daoist.

“Master Luo, although I, Luo, am not as big as your family, I am at least a guest of several families, aren’t you afraid that others will be displeased if you treat me like this?”

Daoist Master Luo looked at Luo Ming and asked, now he really had no choice, the rich people were unreasonable, what else could he, a bad old man, do not dare to resist is a violent beating.

“Taoist Master Luo, that’s going too far, don’t you have any responsibility for what happened to my family? We’ll talk about everything when Lin Ran arrives!”

Luo Ming’s face was gloomy and unwilling to talk nonsense.

When Wang Yifeng came over earlier, he had already conveyed Lin Ran’s words, saying that there was something wrong with the Luo family’s ancestral tomb and that Daoist Master Luo must stay!

How could he possibly let this Daoist Master Luo leave at this moment.

“Ridiculous! How could the Luo family have such a confused family head like you!”

Daoist Master Luo was so angry that his face turned red.

But as soon as his words left his mouth, a cold laugh came through the door.

“A muddleheaded family head? If the Luo family hadn’t been headed by Luo Ming, I’m afraid that today’s matter would have really been muddled by you!”

“Pointing out acupuncture points indiscriminately, don’t you think you’ve harmed enough people?”
